(By The Associated Press)  
Families in 25 states sat down today at the "first table" of the nation's dual Thanksgiving, joining in President Roosevelt's expressed hope that the world soon will be at peace.  
The "second table" will not be served until next Thursday, in states whose governors declined to follow the president's decision to advance the holiday a week.  
Despite the confusion over the date, there was unanimity in pulpits and in quiet households in echoing Mr. Roosevelt's proclamation:  
"Let us give thanks to the ruler of the universe x x x for the hope that lives within us of the coming of the day when peace and the productive activities of peace shall reign on every continent."  
The president and Mrs. Roosevelt led today's celebrants. As usual, Mr. Roosevelt will carve a big turkey tonight at the Warm Springs, Ga., Infantile Paralysis Foundation.

## Postal Event Here Saturday May Draw 200

Prospects of an attendance of 200 persons at the third annual banquet Saturday for postmasters and postal employees of the 19th congressional district and honoring Rep. George Mahon appeared bright here Thursday.

Postmaster Nat Shick, in charge of arrangements for the affair, said that he already had received 148 reservations and that several larger offices, Lubbock and Plainview among them, were yet to be reported.

Mahon will make the principal address of the evening before the postal representatives assembled in the Settles ballroom and there also will be a message from some unannounced official of the regional postal office.

Other program details include entertainment by the Melody Males—composed of Beatrice Peck, Juanita Cook and Marie Baird—a vocal solo by Mrs. Maud Leonard, and the West Texans trio, of which Mrs. Alma Blount, Ruby Bell and Clarissa Mary Sanders are members.

Greetings will be brought from the clerks, city carriers, rural carriers and star route carriers. Judge Ocell C. Collins will welcome the visitors and W. E. (Happy) Smith, Tahoka postmaster, will respond. Owen C. Taylor, Lamesa postmaster, will pronounce the invocation. Shick will preside and J. H. Greene will be master of ceremonies.

## Band Benefit Shows Friday

Two outstanding programs of free in magic are on schedule here Friday, with receipts going to the fund for uniforms for members of the Big Spring high school municipal band.

Mondro, master magician, will be the entertainer, presenting an array of dazzling tricks and illusions in modern and Oriental magic. His act features "The Artist's Dream," called one of the most beautiful and mystifying illusions being presented on the stage. Mondro also specializes in doing acts of magic while blindfolded. Widely hailed for his skill, he has been termed "the man with the X-ray eyes."

Mondro will appear at the high school auditorium at 8:30, in a show especially for students. The night performance will be at the municipal auditorium, beginning at 7:45. Local talent will be employed to present special numbers between the magic acts. The magician comes highly endorsed by colleges, schools, theatres and service clubs.  
The Band Booster club is sponsoring the engagements here, and tickets are being sold in advance.

## TOLL AT SEA GROWS LARGER

### Six Ships Are Added Today To Casualties

British, French And Neutral Vessels Suffer From Mine, Sub Warfare

LONDON, Nov. 23 (AP)—Six more British, French and neutral vessels today were added to heavy maritime losses of the past week from mine and submarine warfare.

Latest Losses  
Losses disclosed today were:  
The British steamer Darino, 1,851 tons, sunk by a submarine Nov. 16. Sixteen of the crew were believed missing. Eleven survivors landed on the east coast after spending three days in a submarine before being transferred to an Italian ship.  
The 470-ton Greek freighter Elena R., sunk by a mine; twenty-four persons saved.  
The British steamer Geraldus, 2,494 tons, formerly named the Candeston Castle; 26 saved.  
British trawler Sulby, 287 tons, sunk by a submarine off the Scottish coast; seven saved and five missing.  
French fishing trawler Saint-Clair B-922 sunk by mine; eleven of 12 crew members feared lost.  
French fishing trawler Bayles 11 sunk by submarine; 16 saved.  
Geoffrey Shakespeare, parliamentary under-secretary to the admiralty, told the house of commons that 15 mines, all German, had come ashore on the eastern English coast within the last fortnight.

In addition the Exchange Telegraph Agency reported that German planes flying low over the Thames Estuary last night had thrown miniature, high-explosive mines by parachute.

The admiralty related that the destroyed Gipsy was beached on the east coast Tuesday after striking a mine. Forty of her crew were missing and 21 injured. Built in 1936, she carries a normal complement of 145.  
As partial consolation, Britain had the spectacular destruction of a German air raider off the east coast which witnessed aerial combat for the third successive night and the third time in one day.

Villagers over a wide area heard the bark of anti-aircraft batteries and saw searchlights grope the skies while fighting planes went up to give chase.  
It was officially announced that a German plane was shot down at sea and another driven off.  
The British and French forces on the western front also reported success in the air, with destruction of eight German planes yesterday.

British naval writers have suggested that the sudden increase in ship losses is due to "magnetic mines," planted by the Germans at depths too great for mine-sweepers to detect but so devised that they rise when a sizable vessel passes overhead.

## Gestapo Claims Radio Contact With British Intelligence To Trap Munich Blast 'Spies'

BERLIN, Nov. 23 (AP)—"... hearty greetings from your affectionate German opposition, German gestapo..."  
With those words, according to a DNB (official news agency) account published today, were ended 21 days of wireless contacts between the German secret police and British intelligence—21 days in which the German operatives wormed espionage secrets from their foe by posing as anti-Hitler revolutionists.  
The whiplash disclosure of the real identity of the "revolution-

ists" was said by DNB to have been given only yesterday.  
That was one day after the gestapo had announced obtaining a confession from George Elser of Munich that he planted the Buergerbrau time bomb intended for Adolf Hitler. The announcement said Elser had British financial backing.  
In the same connection, the gestapo also had announced the arrest of two British secret service men, identified as Captain Richard Henry Stevens, 42, chief of the European intelligence di-

vision, and Sigismund Payne Best, 54, an aide.  
Yesterday the two men were accused of direct connection with the Munich bomb plot from which Hitler escaped by only 11 minutes on November 8. Last night DNB distributed for publication an account of 21 days of coded wireless contacts between the gestapo and the British intelligence.  
Quoting "competent quarters," the news agency said that the contacts were ended at 10:10 a. m. yesterday with the following message:

"In the long run, conversation with self-important foolish persons is boring. You will understand if we break off. Hearty greetings from your affectionate German opposition, German gestapo."  
This grimly humorous finale to the gestapo's cat-and-mouse game was said to have been taken by a matter of routine by the British radio operators who got in the last word by acknowledging the message.

## 26 Judgments In Tax Suits Are Entered

Twenty-six judgments in tax suits filed by the county and the Big Spring Independent School district, and in which the county intervened as a party to suit, were entered in the 70th district court Thursday morning.

With nothing but tax matters in prospect for the remainder of the day, there appeared the possibility that upwards of 75 or 100 judgments might thus be entered.

The suits were among the 112 filed by city and school (in which the county joined) in an effort to collect delinquent taxes.

Tax judgments were entered against the following: S. J. Schafer, Dan Stewart, Annie Spence, S. H. Spence, S. J. Simmons, L. M. Paterson, W. R. Cole, T. P. Davenport, B. F. Payne, J. W. Porter, C. Wright.

Mrs. C. A. Robinson, A. C. Robinson, J. O. Pratt, J. H. Parker, A. Penn, D. J. Reynolds, W. F. Schrimm, J. O. Setace, A. R. Otterman, E. L. McNabb, Ethel McBride, F. W. McGuire, M. E. Martin, R. D. Morris, E. W. Mitchell, and C. W. Mitchell.

## Paris Raider Is Driven Off

PARIS, Nov. 23 (AP)—Thundering anti-aircraft guns shortly after midnight today turned back an invading plane which Parisians huddled in air raid shelters. Alarms gave the city a five-minute margin of warning.

The plane wheeled over the capital and then flew out of range of anti-aircraft guns. There were no reports of bombs dropped.  
One minute before the Paris alarm northwestern France was put on a state of alert. Several hours earlier two air raid warnings were sounded in northern France.

The French high command reported today that six German fighting planes were shot down yesterday, five on French soil and the sixth on Belgian territory.  
This morning's communique said: "A fairly quiet night on the front. Artillery fire at various points."  
The French also reported successful naval warfare—destruction of two submarines within three days by the same torpedo boat.

## WAR PARLEY

BERLIN, Nov. 23 (AP)—Adolf Hitler discussed the progress of the war today with the leaders of Germany's armed forces in a meeting at the chancellery.  
It was the chancellery's annual fall reception of the heads of the three branches of the armed forces with their staffs at which he gets a rounded report of the past year's military activity.  
It was assumed the Polish campaign and the future campaign on the western front were the main topics.

## SOLONS INSPECT THE CANAL ZONE DEFENSE

GUATEMALA CITY, Nov. 23 (AP)—Twelve United States senators and representatives, returning from an inspection of the Panama Canal, said today they had been assured of Central American cooperation for strengthening defense of this hemisphere.  
The group, which has visited a number of countries, planned to fly to Mexico City today and possibly arrange an interview with President Lázaro Chárvez of Guatemala.

## WOMAN MAKES A TORCH OF SELF

SIoux FALLS, S. D., Nov. 23 (AP)—Mrs. Charles Carter, 28, of Sioux Falls died after making, firemen said, a "human torch" of herself.  
She died in a hospital from burns over her entire body. Carl E. Swanson, assistant fire chief, said investigation showed Mrs. Carter disrobed at the home of her father, smeared her body with turpentine and ignited it with a match.  
A sister, Pearl Neuberger, was burned on the arms in attempting to put out the blaze.

## SUSPECTS HELD IN MUNICH BLAST

## 'Golden Angel' Will Testify

NEW YORK, Nov. 23 (AP)—The proceedings in Fritz Kuhn's larceny trial were pointed sharply today toward the witness stand appearance of Mrs. Florence Camp, one time "golden angel" of the bundfuhrer's transcontinental correspondence but now considerably fallen from his grace.

"I thought Mrs. Camp was a very fine lady, but I found out she isn't," Kuhn remorsefully admitted yesterday, after the prosecution had read into the records three of Kuhn's letters to her studded with protestations of undying love.

That renunciation of the blonde divorcee capped a double recantation by the red-faced bundfuhrer: an admission that he had lied to Mrs. Camp in 1935 by telling her he had divorced his wife in 1934 (he's still married), and an admission that he lied when he testified, yesterday morning, that he never had told Mrs. Camp he was divorced.

The state has announced Mrs. Camp will be called, as a rebuttal witness against Kuhn, who is accused of stealing money from his German-American band.

The appearance of the letters obviously was the cause of Kuhn's turn against the woman he said he loved "with my whole soul and body." When Assistant District Attorney Herman McCarthy asked when Kuhn found out Mrs. Camp isn't "a very fine lady," the bund leader replied:

"I found out, right now."  
"He had lied," he said, to shield Mrs. Camp, as well as himself.  
The state claimed that among Kuhn's alleged embezzlements from the band was some \$700 paid to move Mrs. Camp's furniture across the country.  
The trial, in recess today, will be resumed tomorrow.

## LUBBOCK WOMAN PLUNGES TO DEATH

LUBBOCK, Nov. 23 (AP)—Funeral services will be held in Fort Worth for Mrs. W. J. McAfee, 30, who plunged five floors to her death from an office building here yesterday.

The woman's body, the skull crushed, was found in a paved alley. Identification was established by her husband, a telephone company employe.

The tragedy occurred shortly after Mrs. McAfee had taken her small son, Donald, 6, and a neighbor's daughter to town. She had left them in her automobile.  
Besides her husband and son, Mrs. McAfee is survived by her parents, Mr. and Mrs. William Sheets, Fort Worth.

## Suspected As Kidnaper, Man Shoots Self

TOPEKA, Kas., Nov. 23 (AP)—Trapped in a tear gas-filled hotel room, an accused kidnaper shot himself in the head and died early today after a gun and word battle with a detective.

Floyd C. Wadden, 30, Davenport, Ia., auto salesman, told Police Chief Charles D. McKeough the man, still unidentified, abducted him in Davenport Tuesday morning.

Papers in the dead man's pockets indicated he was registered with the Iowa employment service at Marshalltown, Ia., as A. L. Morford, a butcher.

Wadden said he slipped away after the kidnaper took a sixth floor room at the hotel late yesterday and called police. Detective F. L. Thompson and other officers rushed the corridor outside the room.

Thompson called the man to the door. The man fired, striking the detective's pistol. Thompson fired back, hitting him in the hand. All the time he kept talking to the kidnaper, trying to get him to surrender.

"We got too much hanging over me," the man said. "I'll never drop this gun."  
Thompson kept up his arguments, but after 40 minutes the man slammed the door and dared the officers to come after him.

Thompson ordered tear gas spurred into the room. A minute later the officers heard a shot. They found the man lying on the floor critically wounded. He died in a hospital soon after midnight. His fingerprints were sent to the Federal Bureau of Investigation.

McKeough ordered Wadden held on a vagrancy charge "to check some discrepancies in his story."  
Wadden said he was kidnapped while delivering a car.  
"He just stuck a gun in my side and told me to keep driving."  
The man forced him to drive 640 miles through Iowa, Missouri and Kansas, he said, holding up filling stations at Monroe and Des Moines, Ia., Tuesday.

## New Cabinet For Rumania

BUCHAREST, Nov. 23 (AP)—King Carol today asked former Premier George Tatarescu to form a new government to replace the cabinet which resigned after a breakdown of trade negotiations with Germany. The main sought to obtain more oil and foodstuffs from Rumania at a reduced cost.

Premier Constantine Argetoianu gave the cabinet's resignation to the king and it was reported at first he would be asked to form another government.

Carol was expected to call a meeting of the crown council to see RUMANIA, Page 9, Col. 4

## EARTHQUAKE FELT IN MIDWEST; ONLY MINOR DAMAGE REPORTED

ST. LOUIS, Nov. 23 (AP)—An earth shock which lasted an average of 30 seconds, but apparently did no major damage, was felt in many Missouri and Illinois cities between 9:15 and 9:20 a. m. (Central Standard Time) today.

The Rev. James B. Macelwane, St. Louis University seismologist, said the center apparently was 25 to 30 miles from St. Louis, either west or east.  
One of the needles on the university seismograph was knocked off its hinges, so sharp was the shock.

Shocks were reported at Kansas City, Jefferson City, St. Genevieve, Hannibal, Festus and Hannibal, Mo., and at Belleville, Alton, Springfield and Chester, Ill.  
Mrs. Nora Colligan at Clayton, Mo., near St. Louis, said she was knocked out of her bed by the tremor.  
J. J. Auer, Walsh railroad passenger agent shaving at his Kansas City home, said the shocks lasted a minute and a half and described them as "terrifying."  
Dishes rattled, furniture was shaken and some buildings shook.  
Dr. R. J. Rinehart, dean of the Kansas City Western Dental College, said his "whole house shook."

## WANTED: ANOTHER FOOD COLLECTION LIKE THIS

Pictured above are the many items of food collected last year when the Biltmore staged its annual Thanksgiving "food matinee." All the fruit, canned goods and various staples went to the Salvation Army for distribution to needy families in Big Spring. The Biltmore presents its 1939 food matinee Saturday morning of this week—at 10 o'clock—and everyone is invited to attend. Admission, as usual, an item of food that can be used to supplement scant supplies of destitute families. The Salvation Army will again distribute the items, so that more Big Spring people will enjoy a Thanksgiving meal. Saturday's picture is "The Man Who Dared," featuring Charles Grayson, Lane Bryan and Henry O'Neal. It's the theatre's annual Thanksgiving gesture for less fortunate folk, and the public is asked to join in the program.

### Miss Willis Leads Music Study Club Program

#### Vocal Counter Point Is Topic Discussed

Miss Elsie Willis was leader for the Music Study club program held Wednesday at the Settles hotel on the subject "Epoch of Vocal Counterpoint."

Miss Willis discussed the Contrapuntal School in the twelfth century and a trio composed of Miss Roberta Gay, Mrs. J. H. Parrott and Mrs. G. C. Schurman sang French songs illustrating her talk. She then discussed the Gallo-Belgic period which was illustrated by the high school choral club under direction of William R. Dawes. They sang "Summer in Icarium In," an old English canon and "O, Lovely Night" by Praetorius.

Miss Willis then discussed music in Protestant churches and a double quartet from the choral section of the club sang "O Sacred Head Now Wounded" from "Passion Chorale." Doxology, "Old Hundred" by Hans L. Hassler and "Rock of Ages" from "Toplady." Mrs. Schurman conducted and the double quartet was composed of Mrs. V. H. Fellewell, Mrs. H. G. Kenton, Miss Gay, Mrs. Parrott, George Crosswalle, Dawes, Leal Schurman and D. W. Conley.

A quiz was held following the program and Mrs. Bernard Lamun presided at the business meeting when Howard Carmack was elected to the choral section.

Others present were Mrs. E. E. Blount, Mrs. H. F. Gibson, Mrs. Annie Gibson House, Mrs. J. P. Kersey, Mrs. J. H. Kirkpatrick, Mrs. R. F. Kountis, Mrs. E. D. McDowell, Mrs. L. S. McDowell, Mrs. King Sides, Mrs. Raymond Winn, Mrs. G. H. Wood, Mrs. D. W. Conley and Mrs. Harry Hurt.

### Who's Who In The News

### Start Your Christmas Cookies Early As They Need Special Care

By MRS. ALEXANDER GEORGE, AP Feature Service Writer

To lots of folks the Christmas season starts when it's time to make up holiday cookies. Treasured recipes are taken from their hidng places, youngsters pick out nuts and the whole family takes a hand in the annual cookie-making rite.

No Yule season is complete without a generous supply of these fruity, spicy, nutty delicacies. They make enticing gifts for those far and near. And never let the cookie jar become empty during the Christmas season.

Holiday cookies require the very best ingredients and plenty of time. Nuts and spices so that they will retain full flavor and freshness while they age.

As soon as the cookies have cooled, store them in tightly covered jars in a cool place. Then they will keep for some time. Here is a selection of fine Christmas cookies:

**BUTTERSCOTCH DROPS**—Subtly flavored, make grand gifts. Cream 2-3 cup of fat (part butter); until soft. Add 2 cups dark brown sugar; and mix until very soft. Then add 3 beaten eggs, 2 teaspoon cinnamon, 1 teaspoon cloves, 1-2 teaspoon salt, 1 teaspoon vanilla and 1-2 cup buttermilk. Beat well. Blend in 4-2 cups flour, 1 teaspoon soda and 1 teaspoon of baking powder. Chill the dough overnight (longer if convenient). Drop portions dough onto greased baking sheets. Flatten each cookie and spread dates and nuts; bake 10 minutes in moderate oven.

**COCONUT SLICES**—It's the toasted coconuts in these that make a hit. Cream 2-3 cup butter; add 1-2 cups sugar and beat until creamy. Mix in 1 teaspoon vanilla, 1-2 teaspoon each of lemon and almond extracts, 1-2 teaspoon salt, 1-3 cup sweet cream, 3 eggs.

**SUGAR SQUARES**—dainty, crisp cookies, new and delightful for serving with hot or cold beverages. Cream 1-2 cup butter with 1 cup granulated sugar. Add 3 eggs, 2 tablespoons orange juice, 1 tablespoon lemon juice, 1-2 cup shredded almonds, 1-2 teaspoon each of grated lemon and orange rinds, 1-4 teaspoon salt, 3 cups flour and 2 teaspoons baking powder.

**PEANUT BUTTER**. Mix in 1 cup dark brown sugar and a cup of granulated. Add 3 eggs, 1-4 cup cream, 1-2 teaspoon vanilla, 1-2 teaspoon salt, 4 cups flour and a teaspoon each of baking powder and soda. Drop portions of the dough onto greased baking sheet. Sprinkle the cookies with chopped roasted peanuts and bake 10 minutes in a moderate oven.

### H. D. Tour Held At Vincent And Luther

The Bedrooms And Kitchens Are Demonstrated

Luther and Vincent were visited by home demonstration clubs Tuesday and made the first stop in the home of Mrs. Lawrence Anderson of Luther for a bedroom demonstration.

Here a program and recreational hour was directed by the Luther club members. Mrs. Anderson told of rehabilitating her kitchen at the cost of \$80. Walls and ceiling were removed, new curtains added, the floor painted and varnished and book rugs made. Old woolen clothing had been sent to the factory and rugs had been made for the floors.

Dresser scarfs were made and the bed equipped with protectors and light weight wool covers. The colors were blue, yellow and brown. The cooperators of the club had set up an exhibit of handwork showing bed linen, bed covers and their cushions. A kitchen exhibit included window curtains, towels, hot pads and luncheon sets.

The second stop was at Vincent where Mrs. Chester Jones served inner buffet style. Mrs. Wiley, in a bedroom demonstrator showed the wall paper and new clothes closet added. The beds had new mattresses, pillows and protectors. A candlewick bedspread and curtains had been added.

Mrs. Jones showed an exhibit of antique glass and chinaware. A report on a poultry demonstration was made and it was pointed out that 900 chicks had been raised and their uses had more than compensated the cost of keeping them.

Present were Mrs. Minnie Smith, Mrs. J. E. Anderson, Mrs. N. M. Smith, Myrtle Spruell, Mrs. E. W. Love, Mrs. Charles Lawrence, Mary Brown, Mrs. N. Brown, Mrs. Willis Winters, Mrs. Harry A. Logsdon, Mrs. Carl Hodnett, Sis Hart, Mrs. C. H. Gordon.

### Couple Honored At Forty-Two Party In Stanton

STANTON, Nov. 22 (Sp1)—Another in a series of parties honoring Miss Eula Wright and Paul Peter was given Tuesday evening by Mr. and Mrs. Wayne Moffett in their home. Forty-two was the division of the evening.

After each game, winners at the tables were allowed to choose their prizes from a large gift-filled box. Guests presented the honored couple with a linen shower. These present were Mr. and Mrs. A. W. Phillips, Mr. and Mrs. John Hambleton, Mr. and Mrs. Clark Hamilton, Mr. and Mrs. Floyd Smith, Mr. and Mrs. Earl Burns, Mr. and Mrs. Jeff Davis, the honorees and the host and hostess.

### Mothers Club Makes Plans For Party On December 21

STANTON, Nov. 23 (Sp1)—The Stanton Mothers club held its monthly meeting Tuesday afternoon in the home of Mrs. R. G. DeBerry. Mrs. O. E. Bryan was leader of the program for the afternoon and gave a talk on "Being the Mother You Want to Be." Mrs. Edmund Tom also discussed an article on diphtheria.

In the business meeting, a welfare committee composed of Mrs. Bryan, Mrs. Raymond Blackford and Mrs. Charlie Cravens was appointed to the president to send a Christmas basket of fruit and other foods to some needy family in the community.

Plans were made for a Christmas party in the home of Mrs. John Hambleton, with Mrs. Clark Hamilton and Mrs. W. A. Phillips joining Mrs. Hambleton as hostess. The party will be held on the date of the next regular meeting, Dec. 21, and Mrs. L. E. Johnson will have charge of the program. Names of both members and their children have been drawn and gifts will be exchanged that afternoon.

Present were Mrs. Raymond Blackford, Mrs. L. J. Johnson, Mrs. Morgan Hall, Mrs. W. A. Phillips, Mrs. Arlo Forrest, Mrs. O. C. Southall, Mrs. Edmund Tom, Mrs. Raymond Van Zandt, Mrs. Morris Zimmerman, Mrs. Frank McPherson and Mrs. O. B. Bryan.

### Mrs. Wood Presented With Hostess Gifts From Sewing Club

Mrs. J. L. Wood was presented with gifts from the club when she entertained the Chit and Chat Ladies club in her home Wednesday.

Sewing was the afternoon's entertainment and refreshments of turkey-shaped sandwiches, data nut cake and coons were served. Miniature turkeys were favors.

Others present were Mrs. Jess Hush, Mrs. Lee Floyd, Mrs. Bill O'Neal, Mrs. Neel Barnaby, Mrs. J. W. Blackwood and Mrs. H. W. Dunn. Mrs. Harwood is to be next hostess in her home, 100 East 16th street, on Tuesday.

### Mrs. Swarts And Mrs. Tuckery On Program For Delphians

Mrs. A. Swarts and Mrs. Jimmy Tucker were on the program when the Midland chapter of Delphian society invited Odessa and Big Spring chapters to a quarterly meeting in Midland Tuesday.

Attending from the Big Spring chapter were Mrs. Obie Bristol, Mrs. M. A. Cook, Mrs. Monroe Johnson, Mrs. Robert Schermerhorn, Mrs. J. L. Miller, Mrs. W. E. Hardy, Mrs. G. W. Norman, Mrs. E. A. Farr, Mrs. Tucker and Mrs. Swarts.

Annual County-Wide HD Exhibit Attended By 250 Persons

The annual county-wide home demonstration exhibit held Saturday in Stanton which was attended by 250 persons during the day, was a climax of a series of achievement days held over the county.

Mrs. J. B. McKee, who lives two and one-half miles south of Stanton was the winner of the pantry. The pantry consisted of 49 jars of canned fruits and vegetables that had been donated by club women over the county. The proceeds will finance year books for women and girls clubs for 1940.

One educational exhibit set up by the club women was a basket of vegetables showing some of the vegetables that were grown in Mrs. John Ory's frame garden. Other such exhibits were a desk and wall shelf made by Cleontris Standifer and Marshall Yates for their mothers, to serve as the writing and reading center of a room; another exhibit for the bedroom displayed a dressing table made of orange boxes. The wool exhibit illustrated the different stages of scoured wool from grease wool to carded batta, and the finished products of woolen blankets, coverlets, and woolen comforts.

The last educational display was the 50-pound cotton mattress made recently by Martin county home demonstration women, and by the side of it were all of the implements necessary for making a mattress, such as mattress needles, cord, scales, file, bees wax and broom sticks. Mrs. Elsie Gilkerson is home demonstration agent for Martin county.

Among the out-of-county visitors were Miss Ruth Thompson, district agent, College Station; Miss Lora Farnsworth, home demonstration agent, Howard county; Mrs. Hart Phillips, Big Spring; Miss Alpha Lynn, home demonstration agent, Midland county; Mrs. Dick Midkiff, Hazelle, Loyce, and Elsie Midkiff, Mrs. J. S. King, Mrs. W. B. Franklin, and Mrs. B. L. Mason of Midland.

Mrs. Farnsworth, home demonstration agent of Howard county, and Miss Rennie Hamilton, home economics teacher of Stanton, were assisted by Mrs. Hart Phillips in judging the articles on exhibit.

Review By Allen To Be Here At 8 o'Clock Tonight

A good sale of tickets has been reported by members of the 1939 Hyperion club for the book review to be held tonight at 8 o'clock at the Settles hotel by James G. Allen on "Grapes of Wrath" by John Steinbeck. Admission is 50 cents.

Allen, who is dean of men at Texas Tech and associate professor of English there, has reviewed books at Muleshoe, Plainview, Anson and Colorado City.

The novel which concerns the families who go to California in search of the proverbial pot of gold after having lost their farms in Texas, Oklahoma, Kansas and other states, has been widely talked about since its publication.

Some State Workers Get A Holiday; To Others It's Just Thursday

AUSTIN, Nov. 23 (AP)—It was turkey day for some state workers while for others it was just Thursday.

The first of two Thanksgivings—proclaimed by Governor W. Lee O'Daniel because of the state's bounteous blessings—found the capital about evenly divided on observance of the initial holiday.

His office remained open with about half the staff on duty.

"I'm thankful for Texas' many blessings and I'm thankful for my job," the governor said.

His family planned an observance but "nothing special" was scheduled.

Asked if turkey would grace the mansion table, the governor quipped:

"I don't know what they're going to have to eat around here."

He explained that half of his employes would not have to work until next Monday. The other half will be excused from next Thursday until the following Monday.

The plan brought criticism from Railroad Commissioner Jerry Sadler who opined it did not seem economical in view of the governor's advocacy of businesslike government. Incidentally, the railroad commission was one department running full blast.

The governor said the extended holiday for his employes was customary. Because only part of the executive employes would be free for each Thanksgiving the department would be manned continuously and ready for business, he added.

The highway department, the state's biggest, hummed with activity. The secretary of state's offices were closed. The division of observance was evidenced throughout the many branches of state government.

AFL Ired By Govt. Prosecution Under Anti-Trust Laws

WASHINGTON, Nov. 23 (AP)—The American Federation of Labor, angered by government prosecution of labor unions under the anti-trust laws, has asked Attorney General Murphy for a "frank statement" of policy.

President William Green of the AFL made the demand on Murphy yesterday in a letter replying to the announcement of Thurman Arnold, assistant attorney general, that anti-trust prosecutions would be instituted against any labor union engaging in "unreasonable restraints."

Green said that if Arnold's statement was the policy of the justice department, it was "a grave perversion of the law." He argued that the Sherman anti-trust act was amended by the Clayton act to "completely exempt" labor unions from anti-trust prosecutions.

# BRECKENRIDGE CAN WIN 9-AA TITLE BY BEATING M'WELLS

## CHAMPIONSHIPS IN FOUR OTHER LOOPS ON LINE

By the Associated Press

The stretch drive of Texas' schoolboy football leagues is due to produce five more district champions this week, one of them being Breckenridge, the first-round opponent of Waco's favored Tigers.

Breckenridge, ranked No. 2 in the state, meets Mineral Wells tomorrow and can sew up the District 9 flag with a victory or wait until next week and beat Cisco to accomplish the objective. The Buckaroos are prohibitive favorites to win both games.

McComie Home plays Poly tonight with the Fort Worth district championship hanging on the result. It's the Masons' final district game and victory would clinch the title regardless of how North Side fared the remainder of the way.

Nacogdoches meets Henderson needing only a tie to win the District 12 crown. South Park (Beaumont) engages Livingston and can win the title with a victory or tie.

Robstown, champion of the upper bracket of District 16, eyes the Harlingen-Brownsville game tomorrow. Brownsville can clinch the lower bracket laurels with a victory, thus going into the finals against Robstown.

Four of the state's undefeated teams face strong opposition, El Paso High's game with Las Cruces, N. M., being ranked as the toughest. Las Cruces also is unbeaten and untied and is claiming the New Mexico state title.

**Sunset Losses**

South Park's tilt with Livingston, McComie Home's struggle with Poly and Brownsville's battle with Harlingen are other hard games faced by outfits with unbeaten records. Masonic Home and Brownsville, however, have been tied.

Woodrow Wilson, the Dallas power, clinched at least a tie for the District 8 championship last night by smashing Sunset 34-6. The Wilcoxes now have only Dallas Tech in the way and are highly favored to roll over the Wolves next week.

There are 32 games on the weekend schedule, 25 of them counting in the conference standings.

**Tas schedule by districts:**

1-Saturday: Borger at Pampa (conference).  
 2-Friday: Quannah at Vernon (conference), Graham at Electric (conference), Olney at Wichita Falls (conference).  
 3-Friday: San Angelo at Lamesa (conference).  
 4-Thursday: Bowie (El Paso)

BY HANK HART

Olie Cordill, the Big Spring senior at Rice Institute, may yet make the all-Southwest Conference team.

According to the weekly statistics compiled by H. B. McElroy, Texas A&M statistician, Olie has regained the lead among regular punters with an average of 39.9 yards in 47 kicks, has a running average of about 3 1/2 yards and has caught 14 passes for a total pickup of 118 yards.

Too, he hasn't done so badly as the Rice safety man, having galloped an average of 14 1/2 yards on each down field boot, has, in addition, taken four kickoffs for an average of 30 yards, intercepted two enemy passes, has scored three touchdowns.

Jack Crain still leads the conference ground gainers, having carried the mail 86 times for a total advancement of 667 yards, an average gain of 6.94 yards.

John Kimbrough, the Texas Aggies' gigantic slasher, may be the Cadets' most feared ball carrier but he lacks plenty in competing for the leadership in ground gains. His average gain is but 3.58 yards.

Alton Underwood, who was privileged to sit in on the ACC-Howard Payne football game in Abilene last weekend, related to us recently that Good Graves, the former Bovine lineman, played a whale of a game for the Jackets.

Graves, a guard, figured in almost every play, according to Underwood, was recognized as just about the best forward on the field.

Speaking of Howard Payne, the Jackets will be seeking their 15th victory since 1907 over the Hardin-Simmons Cowboys when the two teams tangle in Abilene Dec. 1. The Cowhands have decimated the Brownwood team on 11 occasions while three of the engagements have resulted in ties.

Tommy Chadwick, the star passer for Colorado City last season, is among the freshman hopefuls at Hardin-Simmons this fall.

## Kay Eakin Again Ranks As Nation's No. One Back

By GAIL FOWLER

SEATTLE, Nov. 23 (AP) — For the second straight week Kay Eakin, the Arkansas workhorse, and Tom Harmon, Michigan's one-man offense, rank one-two as the nation's leading ground-gainers.

The American football statistical bureau offered figures today showing that Eakin, through his passing prowess, ranks first in total yards gained, while Harmon's ground sorties brought him a scant 15 yards behind the Arkansas Traveler.

Eakin, in nine games, carried the ball 105 times for 318 yards and threw it 167 times for 832 yards for a total offensive gain of 1,150 yards.

Harmon, playing only seven games, carried the ball 107 times for 796 yards and threw it 77 times for 337 yards for a 1,133 total.

Eakin is the leading passer with 69 completions for 832 yards while Harmon is the leading gainer by rushing, his 796 yards giving him a 162.1-yard average per game and a 7.66-yard average per play.

Forging ahead among the top-runners statistically is Iowa's iron man, Nile Kinnick. He ranks fifth in total offense, 12th in individual passing, third in the number of yards gained by passing, hurling 29 for 618 yards, and fifth among the punters.

Others in the first ten in order in total offense—gains from both passes and rushing—are Johnny Knibla, Creighton, 1,012 yards; Paul Christman, Missouri, 987; Kinnick Iowa, 966; Kenny Washington, U.C.L.A., 940; Banks McFadden, Clemson, 930; Jim Lattane, North Carolina, 857; Granny Lansdell, U. S. C., 846 last week, 853; and Harold Van Every, Minnesota, who moved up from 12th, 834.

Those ranking behind Harmon in individual rushing only, in order, are:

John Polanski and Red Mayberry, Wake Forest; Knolls, Creighton, Washington, U.C.L.A.; Jack Crain, Texas; Van Every, Minnesota; Tony Gallovich, Wake Forest; Norm Standlee, Stanford, whose 143 rushes lead in that respect, and Lansdell, U. S. C.

After Eakin as individual passer come Christman of Missouri, with 60 completions; Ernie Lain, Rice, 50; Rusty Cowart, Texas Christian, 49; and Hal Hursh, Indiana, 47.

## NOV. 30TH TILT TO BE DECIDED BY PASSES?

Satisfied that the sweetwater Mustangs will produce a mighty offensive weapon in their over-head game in their Turkey Day tilt here Nov. 30, the Big Spring Steers went through an extended aerial drill of their own Wednesday afternoon at Highland Park stadium.

The Big Spring squad set in on the Sweetwater-Lamesa game at Sweetwater last Friday evening and gained quite an eyeful as the Cayuses exploded with their trickiest offensive show of the year but, too, they discovered that the Mustang defense is not impregnable, especially their anti-aircraft set-up.

The battle here may be one for the books if the elements give the two teams a break.

Eddie Freeze is the Ponties' ace tosser. He completed 10 of 11 passes against the Tornados and looked good in doing it. But he seems to be the Hoses' only tosser and the Bovine defenses will be set for him.

On the other hand the Herd has three capable passers in Johnny Miller, Bobby Martin and Lefty Bethell and what with a pass-making end like Bobby Savage in the game bids fair to match the Ponties' offense.

The Longhorns should be in great shape for the test. Bethell was missing from yesterday's drill but is expected to report again today. All the other players are in good shape.

## Vols Best Bet To Go West New Year's

LOS ANGELES, Nov. 23 (AP) — Undefeated Tennessee stands out as the best bet for the Rose Bowl invitation, but don't make any bets on it just yet.

Rolled down to more words than it's probably worth—predictions of this kind having a way of coming back to haunt you—here is what three authoritative sources say in behalf of the three leading teams eligible for the lucrative bid—Tennessee, Texas A. and M., and Cornell.

Tennessee will accept an invitation if it is tendered; Texas A. and M. would like one, but will not be broken-hearted if it misses out; they'll be bidding again in 1941;

Cornell honestly and sincerely will not accept a post season engagement because of its iron clad agreement with its Ivy league brethren.

The Rose Bowl picture will not be completed until December 9. By that time the host Pacific Coast conference will have played out its schedule. The University of Southern California and the University of California at Los Angeles now are tied in the chase with one tie apiece marked against them.

Kentucky, incidentally, could eliminate Tennessee from the running, and the Texas A. and M.-Texas Longhorn battle is seldom decided until the final gun.

In other words, many things can happen between now and December 9.

## Creighton U. Won Game For Sick Man

OMAHA, Neb., Nov. 23 (AP)—The story of how Creighton university won its homecoming football game for a sick man was told today.

It was late in the fourth quarter and Loyola of New Orleans was leading, 7 to 13, when Game Captain: George Lynch, whose father was seriously ill, led his team into a huddle.

Guard Tony Cmore looked at George, then spoke: "Let's get going! Let's get this game for George's father!"

The final was Creighton 21, Loyola 12, and that night Attorney W. P. Lynch got the game ball from his son. Attorney Lynch died last Wednesday.

## Thompson To Lead Cagers To Coahoma

Squeaky Thompson, who managed the Vaughn's Sweet Shop team in the many basketball leagues last season, has banded together a group of local cagers and will lead an invasion on the Coahoma high school courts tonight.

Their opposition will be formed by a strong Coahoma independent team, composed of many of the players that played for the Coahoma Mury league team last year.

## Clemson, Duke Seek Crown

CHARLOTTE, N. C., Nov. 23 (AP) — Two foxy Tennesseans who teamed a decade ago to produce good football teams at Alabama will send out their current eleven Saturday on separate fields in quest of the 1939 Southern conference championship.

Wallace Wade, coach of Duke university, will match his Blue Devils against N. C. State at Raleigh, N. C. Jess Neely, coach at Clemson college, will pit his Tigers against Furman university at Greenville, S. C.

Both are unbeaten and untied in the conference, Duke holding four triumphs and Clemson three.

Wade, born in 1892 at Trenton, Tenn., and Neely, born in Smyrna, Tenn., in 1895, each has lost one game this year—each by one point. Pitt beat Duke 14-13 and Tulane beat Clemson 14-6.

Their paths converged first at Vanderbilt university, in 1921-22 where Wade was assistant to Coach Dan McGugin and Neely was a halfback. Wade moved to Alabama as head coach in 1923, but Neely lingered to become one of the Commodores' all-time football greats.

After a coaching hitch at Southwestern from 1924-27, Neely joined Wade at Tuscaloosa in 1928 as backfield coach when 724 votes for Underwood and lots of touchdowns were making Alabama famous.

They both moved into the Carolinas in 1931 and have fared very well.

**By FELIX R. MCKNIGHT**

DALLAS, Nov. 23 (AP)—Towering in the ruins of Rice Institute's wrecked team is a football player.

Olie Cordill—tall, solid son of West Texas.

Only two more college games are left for Olie. Both are just football games that mean little—except that Olie will be carrying that large heart on the field a couple of more Saturday afternoons.

Olie won't make all-America. He's with a loser, and, somehow, losers are forgotten. But for three years Olie has given Rice Institute a lot of football.

The faithful who braved rain to see Rice duel Arkansas to a 12-12 tie a couple of weeks back saw Olie at his football best. He was everywhere, running, kicking, hugging back punt returns and even passing while his once great partner, Ernie Lain, sat on the sidelines. Olie was great that day.

But what they didn't know was that Olie pulled out of a sick bed, still feverish, to come out in the mud and play football. He knows no lost cause; hasn't heard yet that Rice isn't a winner. He's still playing at top speed.

Olie isn't a headliner because Rice isn't a headliner, but official statistics tell you the story of Olie Cordill.

**Still Kicking**

Against powerful Texas A. and M. last week Cordill gave the same old try. Rice was hobbled but Cordill was kicking. He's still kicking at top speed.

In and out of the lineup because of injuries, Ernie Lain, the other half of the Cordill-Lain act that was supposed to catapult Rice to glory, isn't doing so badly either. The big fellow has lumbered for an average of 3.15 yards on 60 running efforts and still ranks as a good passer with his 50 completions of 112 efforts for 383 yards.

Rather deep in the running averages is Jarrin John Kimbrough, the Aggies' all-America fullback nominee. But John does his traveling the hard way. His 125 carries far outdoes anything in the league and his average of 3.38

yards is respectable, indeed, when one stops to consider he has lost only 14 yards on all those 129 efforts!

Next hardest working back in Arkansas' Kay Eakin, a swell player or who has tried 108 times, picked up 351 yards for a 3.21 average. Of course, he also kicks for a 38.4 yard average and has passed for 877 yards, in addition to other handiwork.

**Alaska Grid Classic Is Scheduled Today**

JUNEAU, Alaska, Nov. 23 (AP)—Most of Juneau's populace had tickets for today's football game between the Alaska Sourdoughs and the Baranof Bears, billed as the biggest sports event in this section since the marathon run to the gold fields in '08.

Former college and high school players from the United States make up the two amateur teams. It's the first football game here since 1914, when two miners' teams played on a frozen cinder surface.

# Maryland Tilt With Syracuse Is Headliner

NEW YORK, Nov. 23 (AP)—Thanksgiving day, which used to be a football feast, won't be anything more than a turkey sandwich today for that portion of the population celebrating the national holiday.

Instead of a long list of traditional and important gridiron classics today's menu calls for little more than a score of games from coast to coast.

In the leading eastern engagement Maryland and Syracuse were ready to tangle at College Park, Md.

The Southern conference had a couple of nice baubles on view with Virginia Military battling Virginia Tech and the University of Richmond playing William and Mary.

The biggest noise in the Midwest will come from Cleveland where Case and Western Reserve collide.

Out in the Rockies Denver and Idaho have a date to keep along with Utah and Utah State.

The Pacific Coast conference's contribution to the program will be Washington against Oregon at Seattle while those two mighty mid-gets, San Jose State and Fresno State, both undefeated, will clash in a night game.

rolled at Howard Payne and got in last week's game against A. C. C.

The local high mentor, Pat Murphy, has an opportunity to match a game either with Polytechnic High (Fort Worth) or Fort Worth Tech for next fall.

Luther Scarborough, tutor of the Poly team, corresponded with Murphy recently and related that he could bring his Parrots here.

Weldon Lucas, Tech coach, talked over possibilities of a game with Murphy while in this sector in September.

The Tech team defeated Lamson in a practice game early in the season, 7-0.

Other teams seeking games with the Bovines are Austin High (El Paso) and Yaleta, also of District 4-A.

L. W. McCouch, athletic director of the El Paso public schools, informed Murphy recently by letter that either Austin or El Paso High could be contacted for games next fall.

Lubbock must be met in Lubbock in 1940. The first game of a two year series was played here this season. The Westerners will probably be met around Sept. 25th.

The Herd will probably open its 1940 schedule around Sept. 18th.

The Big Spring warm up schedule must be cut next fall since Colorado City is to be admitted in-

# Daniel Plans To Start Basketball Drills Here After The Holidays

John Daniel will start accumulating his equipment next week for another basketball season at Big Spring school.

The football season will not end locally until Thanksgiving day (November 30) but Daniel will have everything in readiness for his hopefuls to begin workouts after they return from the holidays.

Daniel will build his team this year around three returning lettermen—Bobby Savage, Pepper Martin and C. E. South—a pair of transfers from Moore school and a bunch of promising squadmen.

One of the newcomers from Moore is Rawleigh McCullough, a flashy guard who rated all-star honors in the Howard county meet last fall. Rawleigh is several inches shy of six feet but he may develop as one of the best guards ever to represent Big Spring high.

The other Moore hopeful is Billy Ward, forward.

Savage Outstanding  
Daniel is again expected to construct his offense around Savage, the Steers' top scorer last year. Savage ranges 6.01 in height. South should top 6.03 and will probably shoulder the duties of a center on the Steer squad this season.

South is not the tallest member of the troop, however. Peppy Blount, a freshman, is somewhere in the neighborhood of 6.04 and still growing. He may play a prominent part in Daniel's plans.

Others who are expected to report are Tabor Rowe, Owen Brummett, Blake Talbot and Jack Graves.

Contrary to their policy of last season, the Bovines are expected to enter several tournaments this season.

George Johnson's House of David crew, the same bunch that has been giving exhibitions in this vicinity the past several seasons, has again been booked to play the local team. The Bearded Beauties will unravel their show here Thursday, December 21.

The Y.M.C.A. has 1,154 local associations in the United States.

Arkansas produces the bulk of the country's aluminum ore.

# Cowboys Dig In For Clash With Jackets

ABILENE, Nov. 23—To face their longtime rivals, the Howard Payne Yellow Jackets, perennial powerhouse in the Texas conference, the Hardin-Simmons Cowboys dug in for workouts today. The game is docketed for a 2 o'clock kickoff, on Friday afternoon, Dec. 1, before a homecoming throng in Cowboy stadium here.

The game will be the twenty-ninth renewal of hostilities in one of West Texas' annual gridiron classics, and the Jackets from Brownwood hold the edge in a series going back to 1907. Howard Payne has won 13 games, H-SU 11, with four ties.

Buildup Turner, H-SU's center candidate for mythical recognition will lead seven seniors into the Jacket fray. Others are Kirk McKinon, elusive climax sprinter; Larry Cunningham and Drate Cathey, guards; Joe Pee and Travis Green, tackles, and Neal Dean, right end. All are letter men except Cathey.

The game is the fifth in the coaching regimes of Frank Kimbrough of H-SU and McAdoo Keaton of HPC. The Ranchers under Coach Kimbrough—big brother of Texas A. and M.'s Farrin' John—have copped 3 wins and a tie since

# Yearlings' Game With Colorado City Changed To Friday Night

The scheduled scrimmage in the Yearling football camp was called off by Coach Howard Schwarzenbach Wednesday afternoon when several of the regulars failed to report for practice.

The junior high gridder, training for their final game of the season with the Colorado City juniors, were dispatched through an extended pass and punt drill.

The Yearling-Colorado City game has been changed from Friday afternoon to Friday night. Saturday has been advised.

The locals will be seeking their second victory of the campaign. It is a previous game with the Wolves they emerged with a 13-10 tie, mainly to the brilliant running of Junior Moore.

Last week the Yearlings showed much improvement in defeating the San Angelo Kittens, 7-0.

1935. In 1937, the Jackets tied the undefeated Cowboy team at Abilene, 7 to 7, and last year, at Brownwood, H-SU won, 7 to 6, though outplayed.

The Ranchers, with six wins, a tie, and one defeat in eight games, do not play this week. Howard Payne meets Southwestern university at Georgetown Friday.

PARLIAMENT ENDS SESSION, TO MEET AGAIN ON 28TH  
LONDON, Nov. 23 (AP)—King George VI prorogued parliament today.

A new session is scheduled to open November 28 with a full dress debate on all aspects of the war.

The King's statement ending the present session declared the war with Germany was being fought to preserve the birthright of liberty.

He called the invasion of Poland "a challenge which we could not have declined without dishonor to ourselves and without peril to the cause of freedom and the progress of mankind."

The king's statement, read to 11 members, said that despite efforts of Britain to preserve peace, "Germany, in violation of her solemn undertakings, wantonly invaded Poland."

Of Britain's aims he said, "we seek no material gain. Liberty and free institutions are our birthright which we, like our forefathers, are resolved to preserve."

VISITOR HERE  
A. W. Ashworth, who was located here briefly in 1935 with the PWA in construction of the municipal swimming pool, visited here briefly Thursday. He is supervising a WPA paving project in Midland at the present time.

**Austex Company Is Observing Its 25th Anniversary**

AUSTIN, Nov. 23—W. F. Gohlke, vice president and general manager of Walker's Austex Chill company, Austin, is celebrating, with his co-workers, the 25th anniversary of the operation of the company under his management.

The beginning of this company launched the then new American industry of commercial chill and tamale manufacture, and Gohlke commemorated the growth of this Austin industry to its rank as one of the two largest of its kind in the world, one whose output of its typical food products leads all others.

Fred W. Catterall, Sr., Galveston banker, has been president of the company throughout the 25 years. Fred W. Catterall, Jr., is secretary-treasurer of the firm and assistant general manager.

Gohlke recalled several other "twenty-fivers." George E. Shelley has been attorney for the company throughout the period; the American National bank, Austin, has been its bank; and the Robbins company has handled its insurance throughout the period.

Walker's Austex Chill company does business in 42 American states, and in the 25 years, Gohlke, who visits each distributor in each state twice a year, has become widely known as "Austin's ambassador" to the nation. Chill and tamales, as known here, are strictly American "concoctions," and although termed Mexican dishes, there is strictly no market for them in Mexico.

Families in Big Spring pay an estimated \$61,230 in hidden taxes annually through their purchases of food, a National Consumers Tax Commission survey showed today.

"Nearly eight per cent of the total food bill represents shifted taxes buried in the price of every purchase," the report stated. "These unseen levies, for example, take 11 per cent of butter costs, 6 1-2 per cent of bread costs, 10 1-2 per cent of sliced bacon and 14 1-2 per cent of the cost of coffee."

The report was made public through Mrs. Kenneth C. Frazier, of Dallas, chairman of the board, who leads NCTC study groups in about 810 Texas communities in the educational crusade against "unnecessary consumer-penalizing taxes." The report added:

"Chief offenders, and those that fall most heavily on lower income families, are hidden taxes. These are levied originally against the producer, manufacturer, shipper and distributor. Unable to absorb the load, each must pass on a share of its taxes and the consumer ultimately pays them, usually without knowing it."

The commission, in whose non-partisan crusade groups in approximately 5,100 communities have launched tax study programs, said the hidden tax figure does not include the many other hidden and direct taxes families here have to pay.

The food tax estimate was computed from NCTC averages based on last available U. S. Bureau of the Census figures which placed 1935 food sales in Big Spring at \$785,000. Government estimates of total sales in the country last year approximate the total in the 1935 study, the NCTC said.

**Garner Boosters Told That FD May Not Run Again**

ADA, Okla., Nov. 23 (AP)—Garner-for-president boosters told 500 Oklahomans at an old fashioned beef barbecue last night that it was unlikely President Roosevelt would seek a third term.

Roy Miller, Corpus Christi newspaper editor and an original Garner supporter, declared, "There is no greater patriot than John Nance Garner. In the campaign next year, party lines and party issues will have less to do with the election than heretofore. The issue is Americanism. x x x"

"It is only a question of a third term on one hand or John Nance Garner on the other. Every poll indicates that I have a profound conviction that Mr. Roosevelt's democracy is such that he wouldn't want to overthrow tradition. x x x"

E. B. Germany, Dallas, Texas democratic state chairman and co-chairman of the Garner-for-president movement, said the campaign was proceeding upon the conviction that President Roosevelt would follow tradition and take himself out of the race.

He called upon those present to instruct the state delegation for Garner or at least elect delegates friendly to the vice president.

**COPS TAKE THINGS IN OWN HANDS AND MAKE A FEW RAIDS**

HUNTINGTON, W. Va., Nov. 23 (AP)—Eight city policemen deplored their department's "lack of leadership" and set out to enforce the law on their own time.

After completing their full tours of duty walking beats, the officers raided six alleged liquor selling places last night and announced that was only the beginning of their campaign.

"We have decided to end the humiliation and embarrassment which has come to our department because of lack of leadership," declared Patrolman Cecil Kosteck, spokesman for the group. "We will continue to make raids on our time in the future and continue to enforce the law."

Their action followed more than a half dozen raids on reputed vice establishments here during the past 25 days by state police and deputy sheriffs.

No comment was forthcoming from Mayor George Semmons or Police Chief Lon M. Whitten.

**CANCER SUFFERER DIES WHILE SEEKING 'ICE' TREATMENT**

LOS ANGELES, Nov. 22 (AP)—Death in a "refrigeration chamber" at a hospital ended the efforts of Mrs. Rufus Nugent, 30, of Ventura, Calif., to escape suffering from cancer.

One of the first patients on the Pacific coast to undergo the ice pack technique through which the body temperature of the sufferer is reduced more than eight degrees below normal, Mrs. Nugent died yesterday after 17 1-2 hours in the chamber.

Everybody's Problem

Louis J. Taber, master of the National Grange, said at the organization's 73rd annual convention in Peoria, Ill., last week that "we have not yet solved our farm problem, and it remains with us as one of the great unanswered steps toward recovery."

Just how far the problem is from solution is emphasized by two points brought out by Mr. Taber, either one of which packs plenty of wallop.

1. In the last 10 years farmers received barely 10 per cent of the national income, including all government benefit payments.

2. During that same period the farmers have "educated, housed, clothed and fed 31 per cent of the youth of our land."

Obviously, an industry that sustains 31 per cent of the population on only 10 per cent of the national income is a sick industry indeed. And a sick country.

The farmer's dollar during the last 10 years has been worth only 78 cents when used to pay for goods, commodities and services used in rural life. That is another way of saying that the farmer's products have been selling at a heavy loss in a market that leaves him no protection, but compels him to buy in a market that is protected, artificially, up to the hilt.

It isn't a new problem, at all. It is as old as the tariff system—a system devised to give the manufacturers all the breaks at the expense of the producing and consuming population.

Only in recent years has the problem been attacked from the front. Not all of the New Deal devices have been happy or successful, but at least they have shaken the country, and particularly congress, out of its lethargy with respect to the farmer and his problem. It is a real, crying problem, and it affects everybody in the land. Until agriculture is restored to a profitable basis there can be no worthwhile or enduring recovery.

Man About Manhattan

NEW YORK—The election of young Al Smith, Jr., to the city council added a sentimental interest to the aftermath of the recent elections. The son of the Happy Warrior, as the Old Man has been known for 20 years or more, steps into his pappy's shoes, and if he ever fills them he will be doing a good job.

The thing about the Old Man himself is this—friends and foes alike concede him one thing: nobody ever accused Al Smith of anything that wasn't strictly on the level—and this in a day when Tammany rose and fell with the regularity of the tide, and when political corruption was everywhere apparent—is the best testimony that any man in public life can have.

As for Young Al—he never had to work in a Fulton street fish factory. He never had to get out and scrap for his ham and eggs, as his Old Man did. But he's been brought up in a good school. He's got two eyes and two hands. And, for all of us who know, this election that barely gave him a seat in the council may be the first step on a really significant career. Things like that do happen. The Old Warrior said before the election that here was one campaign he wanted the name of Smith to dominate more than any he could remember—and Al can remember them by the dozens. Maybe it's he, instead of the Kid, who is deserving of congratulations.

One of the really live wires around New York is Walter O'Keefe, who used to room with Knute Rockne when he went to Notre Dame and who now is some stucks in the radio field.

Old Rock always used to drop by Barney Gallant's, the Stork Club of its day, to chat with O'Keefe when he was in town.

One night on one of his football trips Rock came around for a chat with O'Keefe, and found him sitting with Heywood Brown.

"I'd like to meet him," Brown said when the waiter told O'Keefe that the famous Bald Eagle of South Bend was in the club.

"Why, sure," said O'Keefe, and the introduction was made.

But when Brown's name was mentioned, Rockne seized the writer's hand and said: "Why, Mr. Brown, I'm proud to know you. I read your column every day. I haven't missed it in years."

Brown blinked, for his column hadn't appeared in three months. That was after the old New York World had folded.

"Thank you, Mr. Rockne," Brown said, "I sure like the way you coach that Yale basketball team, too."

That was when O'Keefe blinked. He hasn't figured out yet just who was kidding who.

Chapter 39 MURDER WILL OUT "I cannot throw any light on Miss Lissey's mental state," Devoe testified. "I would suggest that you inquire from Mr. Murchison. She held rather a long conversation with him, in a very agitated manner. The subject of that conversation would probably lie at the bottom of her mental disturbance."

"I do not understand any such report." "Strange indeed. You were seen coming from the golf course, late in the afternoon, with your golf bag."

Washington Daybook

WASHINGTON—Such a queer turn has the cotton market taken that in spite of a record world surplus of American cotton, the price may be jacked up a half cent or a cent a pound in the domestic market in the next few months because of a technical shortage.

Under the cotton loan program, which was originally designed to put a floor under prices but now can be used to push them up, the department of agriculture has 11,000,000 bales of surplus tied up by loans or outright ownership. This coming year there will be a world demand for 13,500,000 bales of cotton, the department estimates, 7,500,000 bales for this country and 6,000,000 bales abroad.

However, the crop just harvested brought only 11,885,000 bales. That means that more than 1,500,000 bales of American cotton must be found some other place.

GOVERNMENT WILL HOLD ON Where will this extra cotton come from? Of course, the government could release some of its own cotton to prevent an upward price squeeze—but the government has been trying to get the market to climb and is not likely to push it down, not in 1940.

The cotton will have to come from supplies held by the growers. Of course, they don't actually hold it. They turned it over to the government as security for loans. Last year these loans amounted to 8.3 cents a pound. To get their cotton back out the growers will have to pay the 8.3 cents a pound plus a carrying-storage charge, which makes the total 8.9 cents.

Market specialists have already estimated that few farmers will take their cotton out of loan unless the price reaches 9 1/2 to 10 cents a pound.

WALLACE PROTESTS The bureau of the budget got wind of this situation and told Secretary of Agriculture Wallace that of course he wouldn't need any money this year to lend on the current cotton crop since the growers were assured of a price above the probable amount of the government loan.

Wallace had to put up a stout argument against that. He insisted that if the farmer was not assured of at least the "loan price" of his cotton there would be a lot of panicky selling of this year's crop. Moreover, he said, the growers had been promised a loan when they signed up for crop control last year and it was no time to be fooling with such promises. He got the money for the loan and it is fixed at nine cents for standard grades.

The funny part of it is that in spite of the technical squeeze, the department will find it necessary to continue the export subsidy and possibly even to increase it. Without the subsidy it is likely the expected export of 6,000,000 bales would fall short, which would throw extra cotton on the American market.

Hollywood Sights And Sounds

HOLLYWOOD—Brightest eyes in town are not Baby Sandy's or Shirley Temple's—but Mme. Maria Ouspenskaya's... She's a little lady who can act rings around the best of the locals...

The tree-house for "Swiss Family Robinson," built on a sound-stage, couldn't be cozier—but the steep steps, practically straight up, were built for a Joan Davis tumble and she isn't in the cast... What was that about players not thinking of their feet when negotiating stairways? It would be suicide here...

Slight of the week: Joan Bennett doing a hot rhumba, with bumps, for "House Across the Bay..." Unhappy thought: If Greer Garson is miscast as badly again it will be "Greer Garson remember?" Instead of Greer Garson in "Remember?" Or, as I may have mentioned, Goodbye, Mrs. Chips...

Very unhappy thought: Why don't the blurbes about Goldwyn as a "star-maker" ever mention Anna Sten? Food for thought: Julie Heron, who years ago in the early Gloria Swanson era was trying to be a movie glamor girl, decided it wasn't for her... She became a set-dresser instead—the only woman in town who does that job... The other day I saw her going happily about her work on a set which boasted the presence of several extras, going not so happily if bravely about their work as background for today's stars... Julie must sing silent paens of thanksgiving every night that she never became a star—or an ex-star...

Steffi Duna, tired of "repeating herself" in pictures, is going to New York to retrieve her nationality. She's Hungarian-born, but plays only Mexican or Spanish girls in films... She has a date for dancing on the St. Regis roof, hopes to get a break of the stage, and then come back to films as Steffi Duna, actress...

Hollywood's recent preview trek—into the wilds of South Los Angeles—indicates a tendency to consolidate the neighborhood front instead of devoting all the ballyhoo to far-away sectors... Occasion this time was solemn, gala, whooped dedication of a new movie house, built on a site which a few months ago was alfalfa acreage... One of the points vaunted by the house is its marquee, largest in Southern California—and narrowest built in anticipation of title like "Not Too Narrow, Not Too Deep," "Heaven With a Barbwire Fence," and "Mr. Smith Goes to Washington..."

But what really will floor the unfortunated visitor is the men's room, where certain intimate plumbing fixtures are (for sanitation's sake, they say) adorned with garlands of blue neon light... "Once in a Lifetime" didn't think of that!

From the program notes of "Another Thin Man": There was an odd variation of the usual Hollywood reunion on the sets when the mother of Baby Poulson met William Powell. Eight years ago the mother, then Sonia Turney, a U.S.C. student, tripped on the stairs at the Coconut Grove and was saved from a fall by the star, who happened to be nearby. They did not meet again until her infant son won the (present) role... "Now isn't the world a small place, after all?"

Illinois May Take Action On Oil Control

TULSA, Okla., Nov. 23 (AP)—Illinois appeared today to be pointing toward state control of crude oil production.

Governor Horner disclosed an oil conservation bill was being drafted and he may sponsor it in the special session of the Illinois legislature. While he didn't discuss details of the bill, he added he was convinced production should be controlled to prevent waste.

Production in Illinois, which rocketed in a few months over the 300,000 barrels-a-day mark, has been unable to hold its own in most recent weeks.

Discovery of production in two new production zones, the Devonian lime and the St. Louis lime, in the prolific Salem field, may result in deepening some wells which have declined from top production in the three other plays in the district.

Some production men, however, state present tests had given no indication over how widespread an area the new play zones may be found productive.

A call for "better cooperation between the industry and the states and better cooperation between the regulatory bodies of the states" was issued by Alf M. Landon, 1938 republican presidential nominee and independent oil man. Such cooperation is needed, he said, if federal control is to be avoided.

"State control of the oil industry is closer to being on the way out and federal control is closer to being on the way than at any period since the NRA," he asserted.

Marketing: Some 30 Mid-Continent refiners completed presentation of testimony before the Interstate Commerce Commission seeking a reduction of gasoline freight rates to the Great Lakes area to the 1916 rate, which is about one cent a gallon under the present tariff.

The gasoline market was reported steady, with spotted areas marked by retail price wars. Crude prices were firm and strong.

the exchequer, said in a radio broadcast last night:

"You have been reading in your newspaper of this latest abomination of German savagery—the magnetic mine—secretly deposited in channels of the sea in order to blow up without warning neutral and British shipping alike, xxx All that skill and science can devise is devoted to meeting the new danger. We are confident our efforts will be successful."

MINES SET ADRIFT?

WASHINGTON, Nov. 23 (AP)—A navy announcement that 29 drifting mines have been sighted in the North sea in the last two days deepened the convictions of some maritime experts today that they had been set adrift to make British waters a no-man's area for all shipping.

Stormy weather often has wrested mines from their moorings, but seldom in such clusters as indicated by the incomplete reports broadcast by the navy's hydrographic office. Most of the reports came from the U.S.S. Trenton.

Trenton prescribe automatic devices to assure that mines accidentally set adrift will be rendered harmless within an hour, but those afloat in the North sea have accounted for most of the 16 ships sunk or damaged in the last five days.

The latest development in the European sea warfare suggested these tentative conclusions to qualified experts:

- 1. The recent heavy shipping losses are due to the numbers of the mines and their free drift rather than to the perfection of revolutionary new underwater weapons.
2. Virtually all the mines have been laid by submarines built for the purpose.
3. Setting them adrift has raised difficulties calculated to tax British and French means of keeping open vital commerce lanes.
4. The allied blockade and the German fight to create a counter blockade has not differed basically from the 1914-1918 pattern.

Red Cross Is Still Adding A Few Members

Annual roll call of the Howard-Giamarco county chapter of the American Red Cross moved along slowly Thursday and, chapter officials hoped, merrily.

While the drive was substantially under objective, possibly due to major finance drives staged here in advance of the Red Cross roll call, it was plugging away with a small but steady quota of memberships daily.

Among the firms which have reported to the headquarters as 100 per cent are Deane Grocery, Masters Electric Shop, Texas Machine and Tool Co. Collins, Mrs. Dorothy Lawrence, executive secretary for the roll call, urged workers in the residential sections to turn in their reports. Some three or four districts are yet to be heard from, she said.

FIREMEN WITHDRAW SUIT FOR BACK PAY

DALLAS, Nov. 23 (AP)—The city of Dallas, victorious in its efforts to force dissolution of a firemen's union, had something else to be thankful for today: about 70 firefighters withdrew their support from a \$145,000 suit against the municipality for back pay.

Fire Chief L. M. Funk predicted that most of the remaining 70-odd firemen would similarly withdraw their claims.

Yesterday the bitter dispute over the firemen's union ended, temporarily at least, when the International Association of Fire Fighters withdrew its charter to the local union. It did so, it announced, rather than jeopardize the jobs of firemen who planned to fight a city ultimatum to quit the union or face dismissal.

The city, meanwhile, will restore its contribution to the pension fund which it cut 66 per cent to create a fund to meet back pay claims.

Metal Culverts Are Being Installed On Lake Road

Howard county road crews were "laying tin cans" Thursday on the lateral road from old highway No. 1 east to the Moss Creek lake site. The "cans," or metal culverts, were being installed in the dump being thrown across Beals creek for a crossing. They are large affairs and will be capable of carrying up to 100,000 gallons of water per minute.

Plans are to build the dump on a perfect level across the creek channel, so that if the volume of water is heavy enough to go over it, it will be spread over the entire surface of the dump. Since it will be sodded, engineers believe that a large amount of water could pass over it without producing a wash out.

The creek channel is being straightened on the approach to the crossing to lessen drainage problems.

Alfred Mathews Is Claimed By Death; Funeral Friday

Funeral services have been scheduled at the Eberley chapel at 2 p. m. Friday for Alfred Mathews, young Howard county farmer who succumbed at 6 p. m. Wednesday in a local hospital after an illness of two weeks. Burial will be made in the Salem cemetery following rites conducted by Rev. Homer Sheets of the Assembly of God church.

Mathews, 33, resided with his parents, Mr. and Mrs. G. M. Mathews, nine miles north of Cosham. The family has been in the county for some 20 years.

Besides the parents, survivors are three brothers, Frank, George and Joe Mathews, all at home; and four sisters, Bertha and Lovie Mathews, at home; Mrs. Early Pettis of Fort Worth and Mrs. Marshall Davis of Snyder.

A German economic mission, having failed to get the rate raised, left for Berlin by air last night.

YOUTHS IN DEMAND FOR NYA PROJECT

Only about 15 youths—or rather the lack of them—Thursday stood in the way of the city considering plans for a recreation building as a NYA project.

Plans have been drafted for such a building, but City Manager E. V. Spence said that he did not wish to submit them to the city commission for study until some 50 youths, eligible for NYA, had been sighted here.

BASE WORK BEING COMPLETED ON GOLIAD STREET

Last of the base material on the four-block Goliad street paving project was being laid in Thursday, B. J. McDaniel, city superintendent of operations, said.

Two half block sections off Third on Austin will be undertaken next, and then workmen will be shifted to Johnson street for a three-block section from 11th street.

With a larger number of WPA workers due to be available for duty soon, the city appeared anxious to have more streets signed up for paving.

TO ATTEND AIRLINE PARLEY AT AMARILLO

J. H. Greene, chamber of commerce manager, and possibly others planned to go to Amarillo Friday for a conference with CAA and Braniff Airways representatives concerning a projected north-south airway through West Texas.

Greene is chairman of an inter-city committee seeking a line from San Antonio to Denver via San Angelo, Big Spring, Lubbock, Amarillo and Pueblo, Colo.

Tom Braniff, president of the airline company which has applied to CAA for authority to establish such a line, will be in Amarillo as will an official of the Civil Aeronautics Authority.

While in Amarillo, Greene and those who accompany him will participate in the annual chamber of commerce banquet of that city.

DIES IS CENSURED BY LABOR GROUP

HOUSTON, Nov. 23 (AP)—For the second time within the month, Rep. Martin Dies (D-Tex) was under censure today from a Houston labor organization.

The Harris County Industrial Union Council yesterday telegraphed the chairman of the house committee investigating un-American activities, suggesting that Dies himself be investigated for un-American activities.

The message said Dies' committee had "misrepresented the true facts to the public by accepting testimony x x x without an opportunity for rebuttal," and suggested he "see that civil liberties are restored" in his home district.

The Houston branch of the National Maritime Union also recently scored Dies.

GALLOGLY HEARING SET FOR DEC. 13

AUSTIN, Nov. 23 (AP)—The court of criminal appeals today set a hearing December 13 for arguments in the appeal of Richard Gray Gallogly, youthful Georgia fugitive seeking release on bail pending adjudication of his legal right to escape extradition.

Presiding Judge F. L. Hawkins announced the setting after a telephone conversation with State Senator Jesse Martin of Fort Worth, chief of Gallogly's counsel who was unable to appear yesterday when the case was called due to an illness in his family.

24-OUNCE BABY CLINGING TO LIFE

(Continued from page 1)

LUBBOCK, Nov. 23 (AP)—Weighing only 24 ounces, a baby daughter born to Mrs. E. L. Garland of Lubbock upset medical calculations today as she clung to life without the aid of an incubator.

The infant was one of twins born to Mrs. Garland yesterday. Her sister weighed four pounds and eight ounces. A physician had said the 24-ounce baby probably would live only two hours.

and a 100-year old clock, which hadn't run for years, was started by the shock.

MILWAUKEE, Nov. 23 (AP)—The Marquette University seismograph recorded a light earth shock shortly before 9:30 a. m. today.

Father Joseph Carroll, head of the university physics department, said it was a "mere tremor" and expressed the opinion it was caused by the fall of huge rocks in caverns deep in the earth. It occurred southwest of Wisconsin, he added.

CHILD IS TREATED AFTER SWALLOWING A DISINFECTANT

(Continued from page 1)

Charles Weldon Motley, 2-year-old son of Mr. and Mrs. C. C. Motley of Knott, was admitted to the Big Spring Hospital Wednesday evening and underwent an emergency tracheotomy. The little fellow swallowed a quantity of a household disinfectant at the family home Saturday afternoon about 3 o'clock, sustaining burns in the mouth and throat.

Treatment was administered late Saturday, but the child grew worse Wednesday and was rushed to the hospital when breathing became difficult. A tube was inserted in the windpipe to facilitate breathing. The child was getting along as well as could be expected late Thursday afternoon, according to reports from the hospital.

dict of the Estwell message. DNB said:

"Since the exposure of the English espionage action, despite the German announcement at this time, apparently it still was unknown to the English secret service wireless station. Both English operators, Inman and Walsh, even acknowledged the final message."

"The Gestapo had asserted that the British agents operated from a headquarters at The Hague, Netherlands capital, but the location of the wireless station was not specified in the new disclosure.

According to the Gestapo the two British agents were arrested November 9 when they attempted to enter Germany from the Netherlands at Venloo.

(The British foreign office has denied that any British agent knew of any German "described as having placed a bomb in the Munich cellar" and called the arrest of two British subjects at Venloo a kidnapping.)

Stabbed 15 Times, Woman Drives Off Her Assailant

SAN ANTONIO, Nov. 23 (AP)—Mrs. Ramona Rodriguez, 30, was stabbed 15 times in her chest and back early today by a man who finally beat off by the wounded woman and her five small children.

Mrs. Rodriguez told police she was awakened at 2 a. m. by a noise in her bedroom. She said a man attacked her with a knife. Her screams brought her 12-year-old daughter, Adela Pulido, to her aid.

The two struggled with the knife-wielder, the fight going into the back yard. Mrs. Rodriguez's other children, two boys and two girls, joined in the fight.

They screamed for help and the attacker fled, leaving a sharp leather cutting knife imbedded in Mrs. Rodriguez's chest. It was removed by Adela.

Police took the injured woman to the county hospital where attendants said she will recover.

She furnished officers the name of the suspect. Police believed the man fled toward Mexico and borders officers were notified.

The knife had three notches on the handle.

## Oklahoma Suit Against Dam Challenged

WASHINGTON, Nov. 23 (AP)—The government has challenged the right of Oklahoma to proceed with litigation before the supreme court to block construction of a \$54,000,000 federal dam and reservoir at Denison, Tex., on the Red river, between Texas and Oklahoma.

In a brief filed yesterday with the court, Solicitor General Robert H. Jackson attacked the Oklahoma suit on jurisdictional grounds. He opposed the granting of leave to Oklahoma to file a bill of complaint on the ground the state had no right to come into court.

Oklahoma officials petitioned the court two months ago for permission to file injunction proceedings. They contended Oklahoma had not given its consent to the construction and that state rights would be violated if the federal government proceeded with the hydro-electric and flood control development.

An initial allotment of \$5,000,000 has been made by army engineers for the project.

Oklahoma contends the development would flood 100,000 acres of its land.

## Uses Chain-Letter Fad To Help In Safety Program

CLEVELAND, Nov. 23 (AP)—The Cleveland police department dug up the chain-letter fad today in an effort to reduce traffic accidents.

Police sent safety letters to 100 persons, selected at random from the telephone book. The letters carried the following message:

"Save a life for Christmas. Protect yourself and others from accidents. Assure a happy Christmas for yourself and loved ones. Drive and walk safely.

"Will you help make the traffic safety campaign a success by sending a copy of this appeal to five of your friends. Don't be the one to break the chain in this worthy cause."

## WICHITA WOMAN NAMED TO DIRECT PARK PROJECT

FORT WORTH, Nov. 23 (AP)—Appointment of Mrs. E. McCutchen of Wichita Falls as chairman of the Big Bend park project of the Texas Federation of Garden clubs, was announced here today by Mrs. Will F. Lake of Fort Worth, state president.

Mrs. McCutchen has for a number of years taken an interest in women's club work and has been a leader in beautification work in her city.

## BILLY ROSE WANTS TO STAGE A FAIR ALL BY HIMSELF

NEW YORK, Nov. 23 (AP)—Billy Rose, the little man who does big things, had a taste of a world's fair last summer, so now he wants to run one all by himself.

He telegraphed Mayor Angelo Rossi of San Francisco he is willing to put \$1,000,000 in the San Francisco Golden Gate exposition for 1940 if he could run it "without interference along certain constructive lines."

The destiny of the Pacific coast fair is undecided. Just yesterday promoters said they had failed to raise enough money to assure a second season.

Rose's Aquacade grossed \$2,400,000 at the New York world's fair last summer.

## WHITE DEER AMONG SEASON'S KILL

Even whiter than it shows up in the photograph (note contrast with deer on the floor, is the albino deer—an extreme rarity—which was bagged last week by Gerald Liberty of Big Spring. Liberty brought down the all-white animal in the Delaware mountains north of Kent, when he spied the deer in a herd of ten other bucks. It weighed 175 pounds, had nine points. The above photo was snapped after the animal had been put in the vault of the Southern Ice company. (Photo by Kelsey).

"Bunny's in dad's office," Michael told her. "If you'll call her, Tuck, we'll be ready to go when you come down." His eyes were fixed.

Bunny was sitting with her head on her arms when Tuck entered. She looked up quickly.

"It's been a horrible day, hasn't it, Tuckie?" she murmured absently, as if she knew she should say something but had no words.

"It will come out all right, Bunny."

"It doesn't seem possible. After you were gone—"

"Yes?"

"After you were gone they turned on him, and almost accused him to his face of murdering... my brother. I couldn't stand it. I came away."

"Michael too, Bunny?"

## New Pact With Japan Urged

WASHINGTON, Nov. 23 (AP)—Two prominent republican senators—Borah of Idaho and Vandenberg of Michigan—urged today that the United States work for a new commercial treaty with Japan without regard to controversies growing out of the Sino-Japanese war.

"I shall contribute everything I can toward bringing about a fair and reasonable treaty between the United States and Japan to take the place of the old treaty which expires Jan. 26," said Borah, senior republican member of the senate foreign relations committee.

Borah made it plain to reporters that he would approach the question of a new treaty from a commercial standpoint only. He added that if any political considerations were to be involved, it should be up to Japan to suggest them.

Vandenberg, who advocated abrogation of the old treaty, said that the United States should be exploring "realistically" the possibility of settling its Far Eastern problems by agreement. He said that he favored doing away with the old treaty only to "untie our hands" to negotiate a new one.

"If no agreement is possible it will then be time enough to talk belligerently," he said in a statement. "But to permit our treaty relations with Japan to lapse next January without an earnest effort to solve our differences peacefully is to invite major trouble without an attempt to avoid it."

stand Michael at all. He doesn't seem quite rational."

"I think he knows who's guilty," Tuck whispered under her breath. "I think he's walking on glass—and knows it, Bunny. Don't be cross with him."

Bunny looked at her.

"You think he knows who's guilty?"

"Yes. He doesn't tell me anything any more, and I don't dare ask"
