ABOUT
Eastland
By VIRGIL E. MOORE

Both officers and members of the Chamber of Commerce deserve a pat on the back. One of the oft heard gripes around town has been that "they" don't have any meetings. Officers called the meeting to see just how many would take advantage of it, and most members (to our amazement) were present to see just what it was all about.

We, of course, are talking about the membership breakfast held Thursday morning at 7 a.m.

One of the things that we learn going to the meeting is that it is still dark at 7 in the morning. We have been up at that hour a couple of times before but never have dared go outside the house.

We didn't learn who this "they" is you always hear folks talk about. How many times have you heard someone — or yourself — say, "If they would only . . . ?" Eastland is not going to do much progressing until a lot of "us" find out that there just "ain't" no such thing as "they." "They" do a lot of bad things, but never any good things. When something good is done, "We" always do it.

Wells Dalton has stepped into the shoes vacated by Henry Pullman and will serve as Quarterback Club president this year. After attending a meeting of the club's board of directors, we have little doubt that great things will be done this year by the organization. Dalton has done a lot of planning and has set his goals high.

Pullman vacated the post because he felt he couldn't possibly do a good job this year because of business reasons. Pullman will be forced to be out of town a great bit in the coming year. Henry was asked to accept the post and let others carry on the duties. He refused in typical Henry fashion, saying, "No sir, the fellow who does the work should get the credit." The Q-Backers can wait their time. Henry may yet someday head the club.

Understand a few fire works have been going off in unusual places up at high school. Seems the boys have decided its about time to try to outsmart the faculty and administrators once again. We don't envy the students of their task, because Charlie Marshall and Wendell Siebert are just pretty good at getting the facts.

We recall the time we tried to outsmart one of our college professors who was a good egg. At North Texas State they had a rule that if a prof wasn't in the classroom 15 minutes after a class was to begin students were privileged to leave. Our journalism class had sweated out 10 minutes one day when someone saw the prof coming up the walk in front of the J-building. It was a sure cinch that we were gonna get stuck with classwork, so it was quickly agreed to lock the door to the classroom. Our prof came up, tried to get in, didn't. Then he knocked on the door. No one even looked up. He pounded on the door. Still no response. Finally our 15 minutes was up and we all marched out together, leaving a puzzled college professor standing at the door.

We were still laughing about our fine trick when we came to class the next time. About half the class members were standing out in front of the room when we arrived. We couldn't figure it out until we got to the door. It was locked. We all stood there looking dumb until class time rolled around. Then our prof got up, walked slowly to the blackboard and wrote "prepare for quiz." Then, as 30 stunned students all tried to get an eye to the glass in the door, the prof proceeded to pass out papers to each desk in the room. It was our time to pound the door. The prof waited 15 minutes, glanced at his watch and picked up the test papers off each desk. Then he unlocked the door and walked out without saying a word. The next time we went to class he passed out the quiz papers. Each of us got a flat zero.

We haven't mentioned the need of a new city charter in a couple of days. Just wanted you to know we haven't forgotten about it!

Wells Dalton Calls Key Q-Backers Meet

Wells Dalton took over his new duties as president of the Eastland Quarterback Club Thursday night at a meeting of the board of directors. Dalton steps up from the vice-presidency to take the top job, which was left vacant by the resignation of Henry Pullman.

Sen. Bradshaw To Head Financial Sub-Committee

A freshman senator from Weatherford, Sen. Floyd Bradshaw, has been appointed by Lieutenant Governor Ben Ramsey to head the Senate Finance Sub-Committee. The appointment marks the first time in legislative history that the task of determining the needs of the State government will be the responsibility of a first-term.

The sub-committee holds all hearings involving the State's financial needs for the next two years, which will amount to some \$1 1/2 to 2 billion dollars. Sen. Bradshaw succeeds the late Sen. Wayne Wagonseller and represents Eastland, Clay, Denton, Stephens, Palo Pinto, Parker, Jack, Wise, Callahan, and Montague counties.

Lakeside Country Club Games Night Set for Monday

Monday will be game night at the Lakeside Country Club. Members of the Entertainment Committee urged all members to plan to attend and bring guests if they desire.

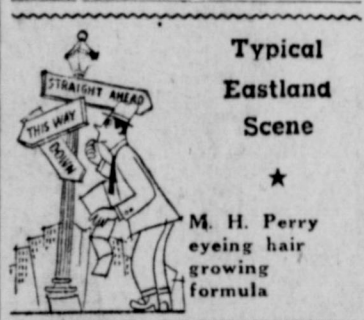

ASC Taking New Allotments Now

The Agricultural Stabilization and Conservation office in Eastland is now accepting applications for new grower peanut and cotton allotments. Emmett Powell, office manager, said Feb. 8 has been set as the final date for accepting new grower peanut applications and Feb. 21 is the final date for accepting new grower cotton applications.

Dalton and his board worked out a blueprint for the year which they will present for approval of the membership at a special meeting Thursday.

The new president will name "action committees" at the Thursday meeting for all phases of work during 1957. The Board will also submit their recommendation to the club on the selection of a vice president for the club. If necessary, Dalton will also name a new director at the meeting.

Directors approved a plan to have a catering service serve at this year's Quarterback Club athletic banquet. James Reid, Jack Chamberlain, Jr., Frank Hightower and Earl Lebrado were named on a committee to arrange for the service. The banquet will be held the last part of February or the first part of March. Joe Stephens agreed to print tickets at no cost, to the club.

Christian Workshop Plans Are Revealed

Plans for a workshop on "Christian World Relations" have been announced by the Eastland Ministerial Association. Rev. Richard R. Smith III, pastor of the First Methodist Church will serve as chairman of the workshop. Dr. and Mrs. Harry C. Munroe, Rev. James Fleming, Rev. Roy M. Turner and Rev. Eugene Surface will act as resource leaders.

Date for the workshop will be Monday, Feb. 4. It will be held in the First Methodist Church. From four to eight persons from each participating church have been asked to attend the workshop.

"Christ is the answer to the hate, the conflict and the fear of nuclear annihilation which afflict our generation," Smith said in announcing plans for the workshop. "But that answer works out only through dedicated men and women who potentially embody Christ's peace making power. This workshop is the first step in a program to enable the concerned Christians of the Eastland area to work together toward Christian world relations."

Plans call for having the banquet in the high school gymnasium. If arrangements can be made Sam Boyd of Baylor will make the principle address. "We look for at least 400 at the banquet," Dalton said.

The membership meeting Thursday will be held in the school cafeteria beginning at 7:30 p.m. Two projects for the club will be announced at the meeting and the minstrel will be discussed. A membership drive will also be planned. "One other highly important piece of business will also be submitted," Dalton declared.

Olden's Mothers March on Polio Monday Night

OLDENN — Olden's mothers will march on polio Monday night. Mrs. Randall Covington heads this year's Mothers March on Polio in Olden. She said the march would begin at 6:30 and last until every home in Olden had been contacted. Volunteers will meet at 6:30 p.m. in the home economics building. They will be served coffee and cookies and be given definite assignments. Mrs. Covington said it was hoped that the drive could be completed in about an hour and a half. She urged Olden citizens to leave their front lights burning.

Mavs Drop Crucial Game To Albany; Olay Tonite

Eastland dropped a pair of crucial District 10-A basketball games Friday night to Albany's Lions. For all practical purposes it threw Coach Jon Tate's Mavericks out of the race.

Eastland's boys lost another heartbreaker, going down 36-34 on the strength of two free throws. The girls were never in the game as they lost a 51-24 decision to Albany.

The Lions held Dale Slatten, the Mavericks ace, to a mere 14 points in taking the win. Only once before has Slatten been held to less than 20 points this season. His 14 was still good for high point honors. As is customary, Eastland got off to a slow start and built up steam. They trailed 10-5 at the end of the first quarter, 20-13 at halftime and 32-30 at the end of three periods of play.

County Suit Due Hearing Monday

A jury panel of 36 persons has been ordered to report in Eastland County Court Monday. The condemnation suit titled the Commissioners Court of Eastland County vs. W. H. Hailey is due to go to trial.

County commissioners appealed an award made by a special three man commission named by County Judge John Hart to decide the value of property condemned by the county. Hailey, through the law firm representing him, Turner and Seaberry, has filed a cross bill.

Frank Sparks has been secured by commissioners to represent the county in the case. The case will be heard by a six man jury.

The award of the special commission was made Oct. 15. Oct. 25 the county filed an objection to the award. The defendant's answer and cross bill were recorded Jan. 19.

Involved is property owned by Hailey which was condemned for use to build State Highway 6.

The special commission's award would have meant that the county pay \$1000 in money and do certain other work on Hailey's property. The county's objection to the award declares that it was too high. In Hailey's cross action he seeks \$1000 for the condemned land and \$2000 for depreciation of his other property.

Selection of the jury is due to begin Monday morning. The panel has been ordered to report at 9 a.m.

School Census Must Be Complete Soon

Only five days remain for parents to place children on the 1957-58 school census. Supt. Wendell Siebert said Saturday.

Parents who presently have children in school have already or will be contacted by one of the local teachers in order to place their children on the census.

"Since it is impossible for school officials to know the names of children who will become six years of age by Sept. 1, it is extremely important that parents of such children make certain that they have been placed on the census roll by some teacher in the system," Siebert said.

"If you have a child who will begin school for the first time next September, and who has not already been enumerated you will assist local school officials a great deal by making the necessary arrangements in the next five days. You may contact the principal of any of the schools or any teacher in the Eastland system. The census must be completed during the month of January.

"If your child has already been enumerated by one of the teachers it will not be necessary for you to take further action of any kind."

Eastland Yields To Rising Star's Bid for Songfest

The Eastland County Singing Convention's Spring songfest will be held in Rising Star this year instead of in Eastland.

The meeting is set for Sunday, April 14. Henry Carter, president of the Convention, revealed today. The decision to have the quarterly meeting in Rising Star was made at the latest meeting of the Convention. Eastland yielded to an invitation from Rising Star.

Carter said plans are being made to have one of the best programs ever held by the more than 40-year-old organization.

Caravan May Come From California To Eastland for Homecoming In June

Interest being shown in the Eastland High School Homecoming, which is scheduled for June 8-9, is expressed more by letters being received than any other thing, Terrell Coleman, general chairman, said Saturday.

Coleman said letters are being received from all over the state and nation. He listed one from Bert Elkins of Vallejo, Calif., as a typical one. Elkins' letter follows:

"They say if you water a plant long enough it will bloom in time. Well, that is what you have done with me, so now you have me blooming. First the letter of the 'Homecoming' and then the good old Eastland newspaper came to me yesterday and that did it. Looking at the picture would make anyone homesick. (Boy are we getting old.) It looks as if you all have a well rounded organization.

"I will be there come June. I will fly back instead of driving—plenty of rest before the 'Long Weekend.'"

"I am hoping that my sister, Mrs. Margie Langston, will be able to come back with me also. She now lives in San Mateo, Calif. Her husband is General Sales Manager for a heavy equipment company in the Southwest Pacific. You never know where she will be—in India as anywhere, by that time.

Thursday Last Day To Purchase State Poll Tax

Thursday is the deadline for paying your poll tax, J. C. Allison, tax assessor-collector, reminded Eastland County citizens Allison pointed out that although this is a so-called "off" year politically, a number of important decisions must be made by eligible voters. Tops among those decisions is the selection of a new senator.

Many citizens do not feel that their vote is important, Allison said, but more than a century ago, one vote sent a certain man to the Indiana State Legislature. A vote cast by this legislator sent Edward A. Hannegan to the United States Senate. And the vote cast by Sen. Hannegan was the margin by which Texas was admitted to the Union.

One vote was the margin by which an Indiana Congressman was elected . . . and a single vote, cast by that same Congressman in 1876 made Rutherford B. Hayes President of the United States.

Texas has had many close elections—some so close that a mere handful of votes determined the outcome. So Allison asks citizens to remember.

(1) All citizens, 21 to 60 years of age, must obtain a poll tax receipt (the tax is only \$1.75) in order to vote. This includes citizens in the regular military services (to be paid or secured in the country of their residence at the time they entered service).

(2) Persons 60 years of age or older before Jan. 1, 1956, are exempt but must secure an exemption certificate before Jan. 31, 1957, if they reside in cities of 10,000 population or more. (If they live outside the city limits of a city that size they do not need a certificate to vote).

(3) A husband can apply for his wife's poll tax receipt and vice versa.

(4) Any person becoming 21 years of age after Jan. 1, 1956, and before Dec. 31, 1957, is exempt from the payment of tax but must secure an exemption certificate.

(5) New residents of the State of Texas, after Jan. 1, 1956, are entitled to exemption certificates, but must have lived in Texas for at least one year and in the country where they offer to vote for six months prior to the election in which they wish to vote.

As a citizen of a free country, it is your solemn duty to vote in every election. You can help defend your freedom, but only if you are armed with a poll tax receipt or exemption certificate.

Moore About-

(Continued from Page 1)
Messenger. Well, Dunn had a hard time figuring out a puzzle not too long ago. Seemed as how some fellow came in and wanted to know why he was selling his paper. Dunn said he wasn't, and the fellow replied, "Well, how come you advertising it for sale in the Gorman paper then?"
"I'm not," Merritt replied. The visitor pulled a Gorman Progress out of his back pocket, turned to an inside page and pointed an angry finger at an ad inside. "You better go tell Baker to take out this ad then."
Dunn looked at the ad, smiled and assured the fellow he would fix it up. The ad: "For Sale: Carbon Paper and Typewriter Ribbons. See at Gorman Progress."

That's it for now. See you Tuesday.

POLIO-

(Continued from Page 1)
Mrs. Horn said that Beta Sigma Phi, sponsors of the polio drive here, would have to know in advance how many people desired their shots. Inoculations will be given Saturday, Feb. 2. All local medical doctors have agreed to donate their time free, and trained nurses will also assist.

Mrs. Horn said the following rules would have to be followed: (1) To get a shot a person must phone Mrs. Norman Guess at 1020 by Wednesday to reserve the vaccine, and (2) Minors must get written permission from their parents.

More information on the polio shots will be made available in the near future. Mrs. Horn said. Donations for the MOD will be taken when the shots are given.

Oil Industry To Break All Records In '57

MIDLAND — The domestic oil industry will be called on to break all drilling and production records in 1957, yet must accomplish this in the face of serious economic disadvantages, the president of the Independent Petroleum Association of America said.

Robert L. Wood, Midland oil man and president of IPAA, told directors of the association in a year-end statement that U. S. oil producers probably will be required to produce about 3 billion barrels of oil in 1957. This means, he pointed out, "that we should find and develop at least 4 1-2 billion barrels of petroleum liquids this year. At least one and a half barrels of new domestic reserves must be discovered and developed for each barrel produced, if we are to maintain proved reserves in keeping with our growing needs and in preparedness for any emergency."

Developments in 1956, Wood

said, showed clearly that to have adequate oil supplies for a government emergency we must have a conservation policy "which will limit petroleum imports below the excessive levels which exists prior to the Suez dispute."

Proudest title in the world!

housewife

A tribute to the American housewife

"Just a housewife" is a term we hear too often. That's about like saying "just a doctor" or "just a company president." The job you're doing as a housewife is one of the most important anybody is doing in America today.

Who is mainly responsible for your family's health?
It's you — the housewife. And our fine national health record testifies to the good job you're doing on this score.

Who sets your family's standing in your community?
You do. You not only create an attractive home for your family and plan the entertaining, but also make most of the outside social contacts in church, club and community. How far would the charitable operations of these groups get without your help?

And your family's financial standing depends as much upon your ability to manage money as it does your husband's ability to earn it. Your family savings program is as much your responsibility as it is your husband's.

That's why so many women today are urging their husbands to invest in U. S. Series E Savings Bonds. They know that the principal invested in Bonds is safe — not subject to market fluctuations. And the returns are sure — an average 3% interest, compounded semi-annually when held to maturity (9 years and 8 months). With the automatic extension privilege, Bonds will continue to pay that same high interest for 10 years more. That means \$1.80 in returns for every \$1.00 invested.

Remember, you can help your family win financial security tomorrow — by encouraging your husband to invest regularly in Savings Bonds today.

And the next time you hear someone say "just a housewife," stick up your chin and speak up for the job you're doing. Where would your family or your country be without you?

For the big things in your life, be ready with U. S. Savings Bonds

Alpha Delphians Hear HD Program Here Thursday

"Home Demonstration Club Work" and "Food and Family Economics" were the subjects Mrs. Don Hart, county home demonstration agent, spoke on Thursday afternoon at the Alpha Delphian Club meeting in the Woman's Club.

Mrs. Hart stated "There are 10 home demonstration clubs in Eastland County and 130 members and to us homemaking is the most important profession a woman can have." She went on to say, "There are four stages a family goes through (1) beginning, when the man and woman first get married; (2) expanding, when children are born; (3) launching, when the children all grow up and leave home; and (4) contracting, when the man and woman are again alone. In all of these stages, good home planning and budgeting are important."

Mrs. B. O. Herrell, president, presided and read several national correspondences. Roll call was answered with each present giving a household hint. Mrs. J. LeRoy

Arnold led the group in singing "Home Sweet Home."

Those present were Mmes. J. LeRoy Arnold, R. L. Carpenter, J. C. Day, D. J. Fiensy, B. O. Harrell, Don Hart, O. L. Hooper, Virgil Moore, E. S. Perdue, N. N. Rosenquest, Taylor Smith, Roy Turner, J. W. Wallace, Marguerite Welch, Clyde Young and W. E. White.

Those present were Mmes. Margaret East, Mattie Miller, C. A. Peterson, J. W. Watson, H. B. Meek, W. H. Bagley, B. H. Clifton, T. A. Bendy, Cyrus Miller, Lon Horn and the hostess. Guests present were Mmes. Bob Blair and Eddie of Odessa, Carl Johnson, Clyde Walker, E. K. Henderson and Roy Turner.

Group Three Studies The Life of David

"The Kingdom of David" was the topic of the lesson studied by Group three January 14 when they met in the home of Mrs. Henry Ferrell. Mrs. L. E. Muekabay gave the lesson and stressed the human life of David and the moving of the ark.

Monday the group met in the home of Mrs. Neil Day at which time Mrs. Carl Garrett gave the devotional on the most important things in life. Mrs. Curtis Young gave the lesson on "A Profit Calls a King to a Count." The lesson consisted of the marriage of David and Bathsheba and revealed much of that day and the character of David.

The meeting closed with the CWF benediction and refreshments of home made pie and coffee were served to Mmes. Curtis Young, Carl Garrett, Henry Ferrell, R. L. Carpenter and the hostess, Mrs. Day.

'Healing Through Prayer' Featured In TV Program

A television series recording "actual documentary cases of how prayer heals sickness and solves other problems" is now being shown in the Abilene-Sweetwater area on Sundays at 12:45 over Station KPART-TV, Channel 12.

Two guests tell of their own religious experiences on each 15-minute program. A moderator will give brief comments of inspirational nature, designed to show how everyone can rely on God's help effectively in problems of daily life.

Included are permanent healings through prayer of cancer, alcoholism, asthma, migraine headaches, brain tumor, broken bones, and spinal meningitis, a church spokesman said.

The series is produced by The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. Will B. Davis, manager of committees on publication, is in charge of the project.

"Growing interest in spiritual healing is evident among people of many faiths," Davis commented. "The series provides actual evidence of how effective prayer can be in healing disease and coping with other problems. The programs are designed to inspire and help everyone who sees them—whatever his religious background."

The programs carry the series title "How Christian Science Heals." The Pathscope Company of America supplied studio facilities for the initial group of 13 films. Robert G. Walker, TV film specialist from Hollywood, directed the production. Lee Garmes, Academy Award winner and chief of photography on many of Hollywood's best-known movies, was the head cameraman.

Radio programs of The Mother Church—which also carry the series title "How Christian Science Heals"—will continue to be broadcast over 800 stations throughout the United States and overseas.

Looking Back on 1956—

... the inventory shows that the scales weighed out a good portion of the better things for us to enjoy. While the mistakes we made stick out like a sore thumb and our failures almost overwhelm us, yet these discouragements are small indeed when compared to the unhappiness and tragic experiences of some who happen to live in other countries. We are glad we live right here in Eastland County where we have had the opportunity to serve a host of loyal customers for more than 30 years.
