

County Alarmed Over 'Non-Fish' Bill

Moore... ABOUT Eastland

By VIRGIL E. MOORE

The call has gone out for any old pictures that Eastland High School ex-students might have filed back. Mrs. Bruce Butler is heading the committee in charge of old pictures, and she has ask for assistance from all exes.

Mrs. Butler said all pictures will be displayed in store windows here during the homecoming. She urged senders to enclose stamped, self addressed envelope so that their picture can be returned after the reunion. Identification, when possible was also asked.

The Telegram is also interested in old pictures for our special edition to be put out during the homecoming. So pictures can be sent to Mrs. Butler or the Telegram. After engravings of pictures have been made the papers will turn them over to Mrs. Butler so that they can also be displayed.

We hope that a number of pictures of entire classes can be secured for the special edition. The older the better, of course, but we will welcome all. As you know, nothing is more fun than looking at a picture taken so many years before.

In fact, Ray Laney brought us his 1925 copy of "Gushing Gold," the school annual. In it was written this forward, which to us shows that back in 1925 they were already making plans for this year's home coming: "In this, the first volume of Gushing Gold, we the students of Eastland High School, wish to have reflected the many-sided life of our school during the current year, and to present a permanent record of the year's achievements. We purpose here to give due prominence to the social, athletic and literary activities of our school. In these pages may our patrons and friends find reflected the loftiest and best spirit of our High School, and may we ourselves find here in future years a happy reminder of the friendship and pleasures experienced during 1924-25."

Coach Carrol Shelton, talking about the district track meet, paid a lot of praise to "his boys" the other day. Shelton was talking about track in general, and reflected, "To be good in track (Continued on Page 2)

City Workmen Begin Special Trash Pick-Ups

Eastland city workers began Monday picking up trash following an extensive two week cleanup campaign here. The campaign was sponsored by the Civic League and Garden Club.

City workers began work at Hillcrest and will work east, according to Jimmy Young, City manager.

Mrs. A. L. Murrell, Civic League president, said the drive had been successful despite bad weather during most of the two weeks. She said recent rains had given local citizens new hope for their yards and she pointed to the large amount of activity by home owners.

Mrs. Murrell said there were still a number of places in town which are eye sores, however. She urged everyone to do their part in making Eastland the state's cleanest city.

The Civic League president reminded local citizens that the cleanup drive was only to serve as a starter. "I know that we couldn't possibly get the town in perfect shape in just two weeks," she said, "so let's not quit now."

ADD ANOTHER STRIPE—You can add another stripe to the arm of smiling Master Sgt. James W. Reid now. Reid is shown being presented with his promotion papers by Capt. Wayne Hudson, company executive officer. Looking on in the background is Capt. R. P. Haun, commander of the Marine Reserve 3rd Platoon here. Reid joined the Marines Dec. 31, 1941. He served overseas three years in World War II and then was discharged in 1945. During the Korean War he returned to active duty and served another year. He joined the 87th Special Infantry in January, 1955. He participated in the battle of Midway and the Marshall Island invasion. (Telegram Staff Photo).

Auction Scheduled For This Afternoon

Grand Champion Calf Is Shown By Humphrey

Some 1000 people with a personal interest in Eastland County's livestock industry turned out Saturday to see Clinton Ray (Button) Humphrey of Eastland show the grand champion calf of the County Livestock Show.

Manhattan Cafe Re-Opening Is Set Wednesday

The Manhattan Cafe will reopen under new management Wednesday featuring "clean and wholesome" meals.

Safety Award Won By Plant

A certificate of Merit Industrial Award has been presented to employees of the Texas Light-weight Aggregate Co. of Eastland, a division of Texas Industries, Inc.

The award was given for "outstanding safety achievement in the building aggregate division in the state."

With an average of 25 employees and a total of 61,200 employee hours worked, the Light-weight Aggregate plant here had a perfect record of no disabling injuries involving lost time.

Pamper your car with quality service from our experienced mechanics. All cars—fast, efficient, economical. Call 802 today.

Sharing honors with Humphrey was Jack Shults of Rising Star, who exhibited the best fat lamb at the show. A total of 347 animals were placed in eight divisions. Future Farmers of America and 4-H Club boys shared some \$1200 in prize money.

Humphrey showed both the grand and reserve champion calves at the show last year. Robert Fetter, Cisco FFA, showed the reserve champion calf this year, however, and then topped a strong fat barrow show with the grand champion.

Humphrey's calf was a 1050-pound drylot Hereford bred by Sim Diller of Moran. The Eastland 4-H club members of the county will present a "Talent Show" or "Share-the-Fun Festival" as it is called in 4-H.

It is an opportunity for 4-H members to show off their talent by singing, playing, skits or any other form of entertainment. First, second, and third place ribbons will be scored for talent, showmanship, audience reception and costumes. Mrs. Mary Jo Blackwell and Ray Hastings, Comanche County agents, will be judges.

It was announced by Curtis Boone and Charlene Eckert, Eastland County agents, that there will be approximately 20 acts or skits. The show will be free and the public is invited to attend.

Wendell P. Logan of the Fort Worth Texas Industries' concrete division told Martin, "We are quite proud of the record that you and the employees at the Eastland plant have established. The winning of this certificate of merit certainly is another reason for being proud of your group."

Some of the speakers for the general industrial section, which Martin attended, included Earl R. Wallace, senior safety engineer with Eastman Kodak Co. who spoke on "Photography in Accident Prevention;" David L. Arm of the National Safety Council, who spoke on "You Can't Let George Do It;" and J. E. Nichols, director of safety with Reynolds Metal Co., who spoke on "Safety Is A State of Mind."

County FFA and 4-H boys and girls will have an opportunity to auction their prize animals this afternoon at 6 p.m. at the Eastland Livestock Auction barn.

4-H Talent Show Scheduled for Saturday Here

Saturday at 2 p.m. in the high school auditorium in Eastland 4-H club members of the county will present a "Talent Show" or "Share-the-Fun Festival" as it is called in 4-H.

Two more candidates filed in the Eastland Independent School Board election before deadline. New candidates are Dr. J. O. Jolly and J. T. Gregory.

Curtis Koen and Vernon Humphrey filed for re-election earlier. Eastland citizens will vote Saturday at the courthouse. Two posts will be filled in the regular election.

FOR SAFETY RECORD—A. W. Breeland, past president of the Texas Safety Association, is pictured presenting Charles Martin (right), representing employees of Texas Lightweight Aggregate Co. of Eastland, with a safety award for a perfect record. The presentation took place in Houston last week.

Amendments To Bill Pledged By Sponsor

Eastland County citizens—especially those in Eastland and Ranger—were practically foaming at the mouth in anger this week after news of a bill introduced in the state legislature which could put a ban on all hunting and fishing in the county.

The bill, introduced by Rep. Paul Brashear of Cisco, would make it unlawful to "hunt, take, kill or possess any game bird or game animal in said county at any time; to take, kill, trap any furbearing animal in said county; to take or attempt to take any fresh water fish or other aquatic life in said county by any means or method..." if passed without amendments.

Contacted by this newspaper by telephone in Austin, Brashear said the bill was introduced after a "suggestion" by the Sabanna Valley Game Preserve Association. He quickly denied that he was trying to kill fishing in the county, saying that he would not even support his own bill "as it is now written, period."

Brashear said the bill was introduced by him "to be amended in committee." He said no date had been set for a committee hearing and he had no plans to ask for a hearing in the immediate future. He said the bill wouldn't even get out of the Committee on Game and Fisheries unless he could amend it so that all the people of the county could have a hearing and the county commissioners court could have veto rights.

Alarm in Eastland and Ranger was natural in that the bill could kill the two cities' new found money-maker, Lake Leon. Lake Leon, built by citizens of the two towns at a cost of a million and a half dollars, has attracted anglers from all over the state and is fast becoming the hottest fishing spot in this entire area.

From all indications the bill meets with little if any favor in the county. In fact, in Ranger and Eastland at least, open hostility was about all that could be found.

Citizens of the two towns, who didn't get any help from the State or Federal government when they built the huge lake with their own money, resent any effort by the state to tell them when they can fish in it.

Fishermen of the area, after returning from the lake in recent weeks with record catches, were prone to laugh at the part of the bill which referred to possible depletion of the county's wildlife resources.

Brashear introduced the measure March 11 as House Bill No. 732. Here, in full, is the text of the bill as printed in the House Journal:

"An Act limiting the provisions of this Act to Eastland County; making it unlawful, except under the provisions of this Act; for any person to hunt, take, kill or possess any game bird or game animal in said county at any time; to take, kill or trap any furbearing animal in said county; to take or attempt to take any fresh water fish or other aquatic life in said county by any means or method; prescribing the legislative policy with respect to the wildlife resources in said county; conferring upon the Game and Fish Commission authority to regulate by proclamation, order, rule or regulation, the taking of the wildlife resources of said county; requiring the Game and Fish Commission to make in (Continued on Page Two)

Final Rites for Miss Hart Held Mon. Afternoon

Miss Margaret Mable Hart, 62, was buried in Eastland Monday afternoon following services at Immanuel Funeral Home, conducted by Rev. Eugene Surface.

Miss Hart died Saturday night after a lengthy illness. She was born Feb. 12, 1895 and had made her home for 32 years. Survivors include a brother, Emory Hart; and two nephews, including Don Hart of Eastland. Burial was in Eastland Cemetery.

PAGE ONE MUST

Eastland schools resumed classwork Monday after a week off due to near flu epidemic. In high school things were almost back to normal, but in the other schools chicken pox was adding to the school officials' woes. A spokesman said things were better, "but they still are not as good as we would like them."

Eastland citizens began turning out in fairly good numbers this morning to elect three city commissioners and help select a new U. S. Senator.

Eastland High School golfers will enter the district meet this Thursday, according to Coach Jon Tate.

One thousand and sixty took advantage of the Free X-Ray unit brought to Eastland by the State Health Department. Mrs. Tom Wilson, county chairman, reported that number had x-rays made here Friday and Monday.

Installation Loans Custom Made For Each Customer EASTLAND NATIONAL BANK Member F.D.I.C.

County Rights, Too

(An Editorial) After reading the full text of House Bill 732, the Telegram feels it must voice open opposition to the measure. We do so after a careful study and with no antagonism.

We do not, as of now, know for certain just what the bill was introduced for. We do know (despite the fact that the full powers which the State would be given would in all probability never be used) the bill could be most dangerous.

We think that the State Game and Fish Commission would be the first to tell you that closed seasons on fishing hurts rather than helps a lake. Therefore, we would have little fear that a lake with the abundant fish population that Lake Leon has would be in danger of being closed, even for one day.

But, never-the-less, we are opposed to granting such power to the state. If a certain group of landowners want to join together and declare their property to be a game preserve we are pleased to work with them, give them unlimited publicity and wish them success. But Lake Leon belongs to you, and to you and to you. Citizens of Eastland and Ranger own the lake and they are the ones who have been and are at this moment, paying for it. The State didn't spend a red cent in building the lake and they should not have any authority over running it.

We hear many words of wisdom concerning state rights. We appeal to the State then to remember county rights as well.

All-Day Turkey Clinic Set for Ranger, Thur.

There is little left to be said about the big all-day Turkey Production and Marketing Clinic scheduled to be held in Ranger all day Thursday, beginning at 9:00 a.m., in the auditorium of Ranger Junior College.

The Poultry and Dairy Committee of the Ranger Chamber of Commerce, under chairmanship of James Ratliff, has done everything under the sun to provide for the needs of the clinic, all the way to installing a blackboard for the instructors to arranging a program for entertainment of the wives of the turkey growers.

Mrs. James Ratliff, Mrs. Morris Newnam, Mrs. B. S. Dudley, Jr., and Mrs. Keith McDonald all of Ranger, have been appointed to a committee to entertain the visiting ladies, and it is understood that Dr. Price Ashton, Ranger Junior College president, has even arranged to have some movies shown them in case they get tired attending the turkey lectures.

The last details have been arranged for the free turkey barbecue dinner to be served at noon at which the business men of Ranger are to be the hosts. Mrs. Newnam is looking after preparation of the food, and it is understood that enough is being prepared for 300 people. Financing of the dinners was done by Ranger merchants.

Mrs. Weathersbee Rites Set Today

Mrs. Ida Weathersbee, 82, passed away Sunday night in Eastland and burial will be this afternoon in Rotan.

Mrs. Weathersbee had made her home with her daughter, Mrs. C. E. McFatter in Eastland for the past two years.

Services this afternoon will be held at 2:30 in the First Baptist Church with L. L. Trott and Rev. Hayes officiating. Survivors include a son, O. D. of Rotan and three daughters, Mrs. McFatter, Mrs. Ethel Adams of Grants, N. M. and Mrs. Thelma Byerly of Rotan.

T P Speaker Urges 'Right To Compete'

"No other transportation system in the world comes close to that of the United States," William C. Schultz public relations representative for The Texas and Pacific Railways, told Eastland Rotarians Monday.

Schultz showed a film, "The Right to Compete," to the club after a brief talk. The film traced the history of the United States from its beginning to present day times, showing the importance that transportation has played.

American railways now have 225,000 miles of main line in the United States and connections with railroads in Canada and Mexico, the speaker pointed out. The film pointed out that despite the greatness of the American transportation system, the United States still does not have all the advantages that it would have. The film showed what part federal laws with "regulate competition" play today. The laws put a clamp on competition in the transportation business in the U.S., it charged.

Under bills to change regulations shippers, consumers, carriers and the nation as a whole would benefit, the film declared. The new laws would allow "each form of transportation to do its best for the public."

Schultz as introduced by Taylor Smith, program chairman.

rows were all classified according to packer grades of prime, choice and goods, with the champions coming from those animals in the prime classification. Sixteen of the 115 lambs in the show were classed as prime, 42 as choice and 57 as good.

Three of the 13 fat steers made the prime classification, five graded choice and five were classed as good. The prime calves were owned by Harold Hilley of Gorman, Humphrey and Potter.

Charles Caraway, Carbon FFA, carried off four championship awards in the breeding sheep show with his Southdowns. He owned the grand champion ram and reserve champion ewe of the entire show and had the champion ewe and ram of a class for all other breeds except Rambouillet.

Louise Woods and Bob Levedee, Cisco, topped the breeding cattle show with the grand champion bull and female, respectively. The bull was an Angus and the female a Hereford. Both animals were champions of their breed.

How To Drive Safely At Night

Three out of five fatal auto accidents occur at night; but, nighttime travel can be easier, safer, and more fun when you follow the advice of professional truck drivers, highway patrolmen, and other safety experts.
They advise reflectorized tape on the rear bumper and clean headlights as important safety factors. Other motorists can tell both the speed and direction of your car more quickly if it's marked with reflectors. Dirty headlights can cut your vision as much as 10 to 25 percent, say the experts in an article in the April issue of Better Homes & Gardens magazine.

Look lovelier, prettier for Easter

An EASTER BOUQUET from US to YOU!

ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

industrial fumes, dust, and "fried" oil from the cars ahead coat both sides of the windshield. This foreign matter causes "flashes" in the windshield as headlights come toward you, when tires the eyes.
Several other "owl driver" tips reported by the magazine are: turn on the dome light when it's safe to do so to relieve tired eyes, change the brightness of the dashboard lights from time to time, and shift stations on the radio to avoid sleepiness.

State Troopers warn, in the article, that new rain makes roads slick after it mixes with the "traffic film" of the highway, so a light drizzle can be more dangerous than a heavy downpour. The reason is that heavy rain will wash the oily film off the pavement in 30 minutes, but it may take two hours for a light drizzle to wash away the film, so cut your speed sharply until the slick coating has disappeared.

Keep newspapers in your car. Newsprint contains tannic acid, which makes it an excellent windshield cleaner when used with plain water. Also clean the inside of your windshield often, especially on a long trip. Cigarette smoke,

'American Music' Is Topic of DAR Meeting Here Wednesday

"American Music" was the topic of the program presented at the Wednesday meeting of the Charles Crawford chapter of the Daughters of the American Revolution in the home of Mrs. Frank Castleberry, 209 South Oak. Mrs. A. F. Taylor was co-hostess.

Mrs. Yantey McCrea, regent, presided over the assembly as they gave the Lord's Prayer, the flag salute and sang the Star Spangled Banner.

Mrs. Taylor, chairman of American music for the chapters, presented the program, giving a brief history of Klemerich. She also presented Susan Johnson in piano solo, "The Spinning Song,"

by the composer. The story of Macdowell was briefly related by Mrs. Taylor with Jan Robertson playing "To A Water Lily" by McDowell, and Micheal Aaron's arrangement of "April Showers." Aaron is a living composer of American music.

A brief history of music in Texas was given by Mrs. Taylor, the narrator. She also told of W. J. Marsh, of Fort Worth, noted Texas composer and composer of the state song "Texas Our Texas." She and Mrs. Joseph Perkins were accompanied by Linda Huckabay as they sang "Blue Bonnet Time of Texas" by Marsh.

Mrs. Perkins gave some most interesting facts about Oscar Fox, who was presented a life membership in the Texas Federation of Music Clubs at their recent State Convention in San Antonio. She played "The Rain and The River" by Fox and gave a brief review of "So Green The Pastures" by Leonard Barrett. Both Eastland and Anson were mentioned in the review.

Mrs. Sam Kimmell and Mrs.

F. E. Harrell gave reports of the recent State Conference of the D.A.R. held in Mineral Wells. They reported five honors were won by the Charles Crawford chapter.

The guests were greeted at the door by Mrs. Perkins and Mrs. Castleberry. The nineteen women from Eastland, Ranger and Cisco were served at a table laid with a linen cut work cloth and centered with an arrangement of pink geraniums. Tiny biscuits, sausage, pineapple chunks, coconut cookies and coffee were served to the women and the three girls from the Taylor Studio. Mrs. McCrea poured from the silver service assisted by the hostess.

Mrs. McCrea was hostess to a luncheon at the club house to the members present. Jan Robertson and Linda Huckabay were guests of Mrs. J. S. Poe at the luncheon and they played background music from 12 to 1 p.m.

The Castleberry home, with its many antiques, was beautifully decorated throughout with garden flowers. A beautiful white caladium dressed in gold was presented Mrs. McCrea by the hostess.

Book Review Is Given At Thur. Afternoon Club

"Faith Builds a Chapel" by Winifred C. Baynton was reviewed by Mrs. D. L. Houle at a recent meeting of the Thursday Afternoon Club.

The book is the story of how the author and her family built a medieval style Norwegian chapel near their home in Sturgeon Bay, Wisconsin. The edifice with its precisely planned and exquisitely executed hand carvings was built over a period of nine years and since its completion has become a place of interest to both the permanent and summer residents of that area. Mr. and Mrs. Houle maintain a summer home near the location of the chapel and it was with interesting first-hand information that Mrs. Houle reviewed the book.

Mrs. R. E. Sikes was program leader for the afternoon. During the business session, Mrs. Frank Sparks gave a brief report of the Sixth District Convention which she attended in Abilene.

At the conclusion of the program Mrs. Houle served Swedish cookies to the members of the club. Those present were Mmes. Castleberry, Cecil Collins, Frank Crowell, H. H. Durhan, Cyrus Frost, Sr., James Horton, Ben Hamner, D. L. Houle, L. C. Inzer, Hubert Jones, W. P. Leslie, Milburn Long, Frank Lovett, A. L. Murrell, B. W. Patterson, Grady Pipkin, Frank Sayre, R. E. Sikes, Frank Sparks, E. R. Townsend, M. A. Treadwell, Tom Wilson and W. S. Poe.

Margaret Jesse Celebrates Her Ninth Birthday

A party Monday, March 25 honored Margaret Ellen Jesse on her ninth birthday in the home of her mother, Mrs. Bertha Jesse.

The honoree's cake shaped like a big white cat was baked by her aunt, Mrs. Clyde Turner.

Attending the celebration were Danny Larry and Bobby Thomas, Connie, Jackie and Linda Graham, Wanda Sue Turner, Wanda Ernie Mae, Larry and Bonnie Lane, Mrs. George Barker, Mrs. R. D. Gurthrie, Mrs. Glen Graham, Mrs. Gail Graham, Mrs. Ray Lane and Mrs. Maggie Fox.

Captain Brock And Family To Return To U. S.

Mr. and Mrs. Howard Brock have received a letter from their son, Captain Francis J. Brock, saying he and his family would arrive in New York April 29, after three years in England with the U. S. Air Force. He has been located at the Seuthrope Air Base.

He and his family have greatly enjoyed their stay in beautiful England. While there, he and his wife recently made a tour of France and Germany and at Garinish, near the Bavarian where they did some skiing. They had the honor of eating at the famous Ratskeller, where Hitler often visited. They traveled by plane and train. Capt. Brock has flown to all the principal capitals of Europe during his stay in England.

Upon his return, Brock will be connected with the military department as an R.O.T.C. instructor in Southern Methodist University in Dallas.

Brock has a B. S. degree from Texas A&M College and a M. S. degree from Texas Tech at Lubbock. The couple has two sons, Kyle and David. Mrs. Brock is the former Betty Murphy, daughter of Mr. and Mrs. Pat Murphy.

Make plans to welcome back Eastland's ex-students now. June 8-9—date for the first annual all school homecoming—is just around the corner. Do your part to make this Texas' Biggest Homecoming.

SOCIAL CALENDAR

Tuesday, April 2
7:30 p. m. — A memorial service will be held at the stated meeting of the Eastland Chapter No. 280, Order of Eastern Star. All members are urged to attend and visitors are welcome.

Wednesday, April 3
3 p. m. — With Mrs. B. F. Probst as leader, members of the Mutual Study Club will be entertained by the South Ward Chorus, V Ward Chorus and Eastland School Band with Howard director.

Thursday, April 4
3 p. m. — "Women in V Affairs" will be the Thursday Afternoon Club program for the Women's Club with Mrs. I. Lovett as leader.

3:15 p. m. — Dr. M. A. Treadwell will speak on "Mental Health Everyday Living" at the 10:00 meeting in the school cafeteria.

Thursday, April 4
11 a. m. to 1 p. m. — The Alpha Zeta chapter of Beta Sigma Phi will have their 4 a Chicken Spaghetti Dinner at the First Christian Church. Tickets are one dollar a plate and may be bought from any club member.

Monday, April 8
7:30 p. m. — The Xi Alpha chapter of Beta Sigma Phi will meet in the home of Mrs. Walters.

7:30 p. m. — Mrs. Jack Has will be hostess to the Stitcliet Chapter Club in her home.

7:30 p. m. — The Pythian Club will meet in the Knight for their regular meeting.

Tuesday, April 9
7:30 p. m. — Mrs. Charles Has will be hostess to members of Zeta Pi chapter of Beta Sigma Phi in her home on South Street with Mrs. Ronald Burts co-hostess. The Ritual of Initiation and Pledge Ritual will be recited that time.

West Ward P-TA Will Hear Health Program Wed.

Dr. M. A. Treadwell will be the guest speaker at a meeting of the West Ward P-TA at the stated meeting Wednesday at 3:15 p. m. in the school cafeteria. His subject for the afternoon will be "Mental Health and Everyday Living."

Mothers of the fifth grade pupils, Miss Gladys Green and J. W. Turner will be hostesses for the meeting.

ON a fur coat. He put it on a hanger beside his own.

The two of them drifted casually down the corridor into the dining salon and were assigned to a table by the hostess. The lunch was exceptionally good and both were hungry. The minutes flew by. John glanced at his watch, "Golly, it's almost 1 o'clock. Better get going."

But when they got back to the coat rack, Jean's fur coat was gone.

"I'm sorry, sir," said the manager, "but we are not responsible for lost articles. We put up the coat rack for the convenience of our patrons, but that sign you see makes you responsible for your own hat and coat. I'm awfully sorry, but we just can't watch everybody's possessions."

Sign Not Factor
The fact is that in the case of Jean's fur coat the restaurant would not have been responsible for its loss even if there had been no sign. One who takes off a garment and places it on a coat rack, as one would do in a restaurant, retains the power of surveillance and control over it himself.

Ordinarily, under such circumstances, the operators of the restaurant have no responsibility toward the customer's belongings because they have not knowingly received the exclusive possession and dominion over them.

The case would be different, however, where the coat had been delivered to an employee in a checkroom. In such event, the management probably would be responsible. So, also, in the cases where a customer checks valuables with a bathing house proprietor, or with a hotel desk clerk, or leaves his automobile with the parking lot attendant to be parked and stored for him, those receiving possession of the customer's property have the duty to use proper care to see that the customer's property is returned.

Old Friends in a New Light!

Let's assume you've known them for some time. And now—in the moment of a glance—you first behold them in the company of a Cadillac car.

There's just no question about it... something wonderful happens!

For the presence of a Cadillac car underscores—and most dramatically so—many of the things that enable you to think well of them.

It goes almost without saying that their Cadillac lends form and substance to whatever measure of achievement life may have brought them.

Certainly, it reveals their interest in the safety and well-being of their fellow passengers.

And, most assuredly, it evidences the wisdom with which they select their personal possessions. Incidentally, you may have noticed, of late,

that the Cadillac car has cast its revealing light on an ever-growing number of your own friends.

There is every reason why this should be so. Its original cost is remarkably modest—and several models are, in fact, priced competitively with those of lesser makes.

Its operating economy is extraordinary—with a record of dependability and longevity that is without equal in the industry.

And its resale value stands at the very summit in used-car markets all across the land.

Certainly, this triumvirate of Cadillac economies deserves your personal investigation—and your dealer will be delighted to tell you the whole wonderful story at any time.

Stop in soon—for a ride and a revelation!

What can we do...

as Individuals and as Business Men

to preserve our God-given rights and personal liberties?

... here are some of the things we can do to help preserve the rights and liberties which are so dear and vital to our economic well being.

- 1. We can start matching our words and deeds if we are sincere about preserving our free, competitive enterprise system. 2. We can resist the temptation to demand and accept federal funds for local and regional projects. 3. We can stop demanding more government services and benefits. 4. We can oppose socialistic schemes disguised as government aids, no matter how attractive they may be. 5. We can depend upon our own resources to provide local and community needs rather than upon the federal government. 6. We should recognize that the bounties and benefits received from the federal government come out of our personal incomes... and that the government is simply being generous with our money. 7. We can remind our associates and employees that the greatest volume of goods and services for the greatest number has come from our own free, competitive enterprise system. 8. We can help our friends, neighbors and fellow-workers understand that a planned economy is a socialistic economy, which destroys freedom of action and opportunity. 9. We can support economy in government, even if it affects pet projects in our own community. 10. We must recognize that there is no primrose path to easy money or to a more abundant life.

From The Primrose Path by W. G. Vollmer, President

TEXAS AND PACIFIC RAILWAY

Effects of Liquor Depends More On Drinker Than Drink

"The drinking problem isn't only alcohol—it's people," says Dr. Leon A. Greenberg, who heads research in Yale University's famous Center of Alcohol Studies. "Pre-

sent scientific knowledge provides no physiological explanation of why some people—4.7 million out of the 70 million drinkers in the United States—become alcoholics. It appears, mainly, to be a personality problem."

Dr. Greenberg's findings are revealed by Herbert Yahraes in an article, "What Happens When You Drink" condensed from Popular

Science, in April Reader's Digest. The Yale studies show, for instance, that if you add water to your whiskey the alcohol gets into your blood stream just as fast. If you add soda water it will get there even faster, because carbonation speeds the passage through the stomach. If you are a large person you will feel less effect than a smaller person does. That's because you have more blood and other body fluids to dilute the alcohol.

Experiments at the Center of Alcohol Studies indicate that a little alcohol—the amount found in two or three cans of beer—calms the nerves and eases tensions. A can of beer contains about the same amount of alcohol as an ounce of whisky, but beer and wine contain solid materials such as protein and carbohydrate which slow up the rate at which alcohol gets into the blood.

Other facts brought out by the Yahraes report on the Yale studies: If you drink slowly enough—say half a highball or three quarters of a can of beer over 60 minutes—the alcohol will be oxidized by the liver as rapidly as it is absorbed, and you will not feel it. The chief danger in drinking after a few drinks probably lies in the fact that your confidence zooms—and you take chances.

Dr. Greenberg's answer to the question, "What about the permanent effects of drinking?"

"In the moderate drinker we haven't found any. Alcoholics—people who can't stop after a few drinks—are another matter. They often suffer severely from nutritional deficiencies. Most of them have a disturbed liver, too, and one in ten has delirium tremens or some alcoholic mental disease."

COLD SUFFERERS

Get STANBACK, tablets or powders, for relief of COLD DISCOMFORTS. The STANBACK prescription type formula is a combination of pain relieving ingredients that work together for FASTER RELIEF OF HEADACHE, NEURALGIA and ACHING MUSCLES due to colds. STANBACK also REDUCES FEVER. SNAP BACK with STANBACK.

GOING STEADY

They go together! Swim suits by Gantner for men and women feature matching tropical prints on fine cotton poplin. White pique lines the skirt panels of the girl's two-piece suit. Strap interest is introduced in the wide halter, also trimmed with white pique edging. The man's suit has an elastic waistband and is vented at the sides.

Vaccination of All Dogs Urged By State Vet

COLLEGE STATION — The rabid dog is a constant threat to all children, asserts Dr. C. M. Patterson, extension veterinarian, and should be a subject of real concern to pet owners everywhere. Rabies is currently a serious problem in several sections of the state, he adds, and should be a subject of real concern to pet owners everywhere. Dr. Patterson says any warm-blooded animal is susceptible to rabies, but that it is most likely to be spread by the predator-type. Symptoms are hard to define, explains the veterinarian, but it's a good practice to suspect any animal if it loses the fear of man.

Keep under observation a suspicious animal should it bite a human, advises Dr. Patterson. If the animal is not available, the person should be placed under competent medical supervision at once.

Texas law now empowers commissioners courts to declare the county a rabies control area, Dr. Patterson says. This should extend more efficient control programs into the state's rural areas. Vaccination of all pets and strict impoundment of every stray dog are essential features of a good control program, he adds.

Wild animals sometimes carry the danger of rabies to farms and ranches, endangering livestock as well as farmers. Dr. Patterson warns rural people to be on the lookout for strange-acting animals, particularly foxes, coyotes, skunks and civet cats. Pets coming in contact with any suspicious domestic or wild animals should be given a booster shot, he warns, even if already protected by a standard rabies shot.

INGROWN NAIL HURTING YOU?
Immediate Relief!
A few drops of OUTGROW bring blessed relief from tormenting path of ingrown nail. OUTGROW tugs the skin underneath the nail, allows the nail to be cut and thus prevents further pain and discomfort. OUTGROW is available at all drug counters.

IT'S THE LAW in Texas
WATCH YOUR HAT, COAT

The sign over the coat rack read: "Not responsible for lost or stolen articles." John glanced at it as he hung up his coat and hat and then turned to assist Jean, his wife, in taking off her fur coat. He put it on a hanger beside his own.

The two of them drifted casually down the corridor into the dining salon and were assigned to a table by the hostess. The lunch was exceptionally good and both were hungry. The minutes flew by. John glanced at his watch, "Golly, it's almost 1 o'clock. Better get going."

But when they got back to the coat rack, Jean's fur coat was gone. "I'm sorry, sir," said the manager, "but we are not responsible for lost articles. We put up the coat rack for the convenience of our patrons, but that sign you see makes you responsible for your own hat and coat. I'm awfully sorry, but we just can't watch everybody's possessions."

Sign Not Factor
The fact is that in the case of Jean's fur coat the restaurant would not have been responsible for its loss even if there had been no sign. One who takes off a garment and places it on a coat rack, as one would do in a restaurant, retains the power of surveillance and control over it himself.

Ordinarily, under such circumstances, the operators of the restaurant have no responsibility toward the customer's belongings because they have not knowingly received the exclusive possession and dominion over them.

The case would be different, however, where the coat had been delivered to an employee in a checkroom. In such event, the management probably would be responsible. So, also, in the cases where a customer checks valuables with a bathing house proprietor, or with a hotel desk clerk, or leaves his automobile with the parking lot attendant to be parked and stored for him, those receiving possession of the customer's property have the duty to use proper care to see that the customer's property is returned.

Step into a new world of Pure Luxury
ROADMASTER 75
Custom Built by Buick NOW ON DISPLAY
A NEW CONCEPT in motorcar excellence awaits your inspection in the ROADMASTER 75 just introduced. You will see what we mean the first time you glimpse the interior. The impeccable tailoring and taste of the rich appointments are as obvious as the comfort is opulent. The seats, for example, they are meticulously fashioned in glove-finished fabrics of broadcloth or Nylon, with backs topped in supple, hand-buffed leather. They are thickly layered with contoured foam rubber. They are wide, deep, superbly soft. The doors present a new standard of luxury and restfulness—fully upholstered and softly cushioned from floor line to window. The instrument panel, below the safety cushion, is chromed from end to end. The deep-pile carpeting is backed by foam. The integral armrests are fully in keeping with the spacious grace of the car. The complete interior is matched by the mechanical excellence that is ROADMASTER tradition. Indeed, nowhere else among the world's fine cars can you enjoy superb performance quite like that of a ROADMASTER 75—from the instant response of its brilliant new Dynaflo, to the smooth obedience of its all-new air-cooled aluminum front brakes — *newest and the finest in the fine-car field.* Your Buick dealer is ready to show you this magnificent new automobile. See him this week.

NEWS FROM STAFF

By Mrs. M. O. Hazard

Mr. and Mrs. J. C. Foreman, Kenneth and Allen, of Olden, were guests recently of Mrs. Foreman's parents, Mr. and Mrs. Allen Crosby.

Mr. and Mrs. T. E. Pope were in Eastland Tuesday on business.

Mrs. M. A. Abel was in Ran-

ger General Hospital a few days last week suffering with influenza. We are glad to report her able to be up and out again. Mrs. Allen Crosby was also on the sick list last week but is much improved at this writing.

The recent rains have been wonderful and the farmers and ranchers are all smiles and seem to have a new lease on life.

Mr. and Mrs. M. O. Hazard were in Cisco Thursday on business.

Mr. and Mrs. L. G. Powell were business visitors in Eastland Saturday.

Bro. Jimmie Cole, from Hardin-Simmons University, Abilene, preached at both the morning and evening services at the Baptist Church here Sunday. He and Mrs. Cole and their young daughter, Sandra, were the guests of Mr. and Mrs. O. T. Hazard.

Bro. Cole was called as pastor of the church here at the morning service and has accepted the call. He will have Sunday school here in his pastorate of the church here.

Mr. and Mrs. Henry Stevenson and family, Mr. and Mrs. Pace, all of Odessa, Edd Duncan of Dallas and Mrs. Carl Butler of Olden were visitors in the home of Mr. and Mrs. Walter Duncan during the week end.

Mr. and Mrs. M. O. Hazard were calling on Mrs. Pearl Bourland in Eastland Saturday afternoon.

Mr. and Mrs. Walter Duncan were dinner guests Sunday in the home of his nephew, Mr. and Mrs. Carl Butler in Olden.

Mr. and Mrs. Dwayne Dennis, Pamela and Joe Wayne, from Ranger were guests Friday evening of Mrs. Dennis' parents, Mr. and Mrs. Wayne White.

Mr. and Mrs. Wayne White spent the day in Graham Sunday visiting with White's uncle, Newt Cain. Cain had his 97th birthday

one day last week. Mr. and Mrs. Jesse Parker of Gorman, accompanied by their son, Mickie Parker and family from Odessa were guests Wednesday afternoon in the home of Mrs. Parker's brother-in-law and sister Mr. and Mrs. C. L. Henderson.

Mr. and Mrs. A. Abel and Mrs. Floyd Crawford went to Eastland and Breckenridge Tuesday afternoon to do some shopping.

Mr. and Mrs. M. O. Hazard were also in Breckenridge and Eastland Tuesday to do some shopping and attend to business.

Lacasa Lines

Mrs. D. B. Raney

A group of people from the Second Baptist Church at Ranger visited Mr. and Mrs. Jack Pockrus Sunday, bringing a covered dish for lunch. After lunch they sang, read Romans 8, and had prayer. Those coming were the pastor and wife, Rev. and Mrs. Ed Scarborough, Mr. and Mrs. Marcus Matthews and son, Billy, Mr. and Mrs. Charlie Beck, and Mr. and Mrs. Truman Dempsey and Bobby Dale.

Other visitors in the Pockrus home during the past week were Hubert Pockrus and family, Carson McNabb and family, Jimmie Caraway, George Beck, A. W. Sechrist, Frank Smith, and Mr. Funderburg and Mr. and Mrs. George Bennett of Gorman.

Mrs. Rose Taylor has been very ill in Ranger.

Mr. and Mrs. Van Templeton and children of Abilene spent Friday night and Saturday with his mother, Mrs. Myrtle Templeton.

In the absence of the pastor, Rev. Jackie Taylor, who is at a revival, the morning and evening sermons at the New Hope Baptist Church was brought by Rev. Jim Semple of Ft. Worth. He had with him his wife and four children.

Mrs. George Brockman of Wichita Falls, who was visiting her father, Lewis Mitchell, attended church services at New Hope Baptist Church Sunday morning.

The Community Club of Lacasa will sponsor a cake walk and "42" party at the Community Center Friday night.

RE-OPENING

New Management!

The Manhattan Cafe

will be re-opened WEDNESDAY under management of Mr. and Mrs. J. C. CARAWAY. The cafe has been completely re-modeled and much new equipment has been added. A new name has also been added. The cafe will soon be known as NIG'S CAFE. We will feature wholesome meals in a clean establishment.

Help Wanted! We need several waitresses. Apply in person at cafe.

Nig's Cafe

ELECTRIC COOKING

Kitchen utensils, walls, curtains, woodwork and venetian blinds stay bright and new-looking with clean electric cooking. Electric heat is as clean as electric light and is transferred to utensils by direct contact for greatest efficiency and cleanliness.

Electric cooking is not only clean—it's fast, accurate, cool, modern—and yours to enjoy for an average of about 3c a meal for electricity. See your favorite electric range dealer soon! Cook electrically... live better electrically!
