Definition Of A Cow

Editor's Note: This small article can be found in the September issue of the 1966 American Red Angus.

A big city school boy describes a cow something like this:
A cow is a completely automatic milk manufacturing machine. It is encased in untanned leather and mounted on four vertical, movable supports, one on each corner.

The front end contains the cutting and grinding mechanism, as well as the headlights, air inlet and exhaust, a bumper and foghorn.

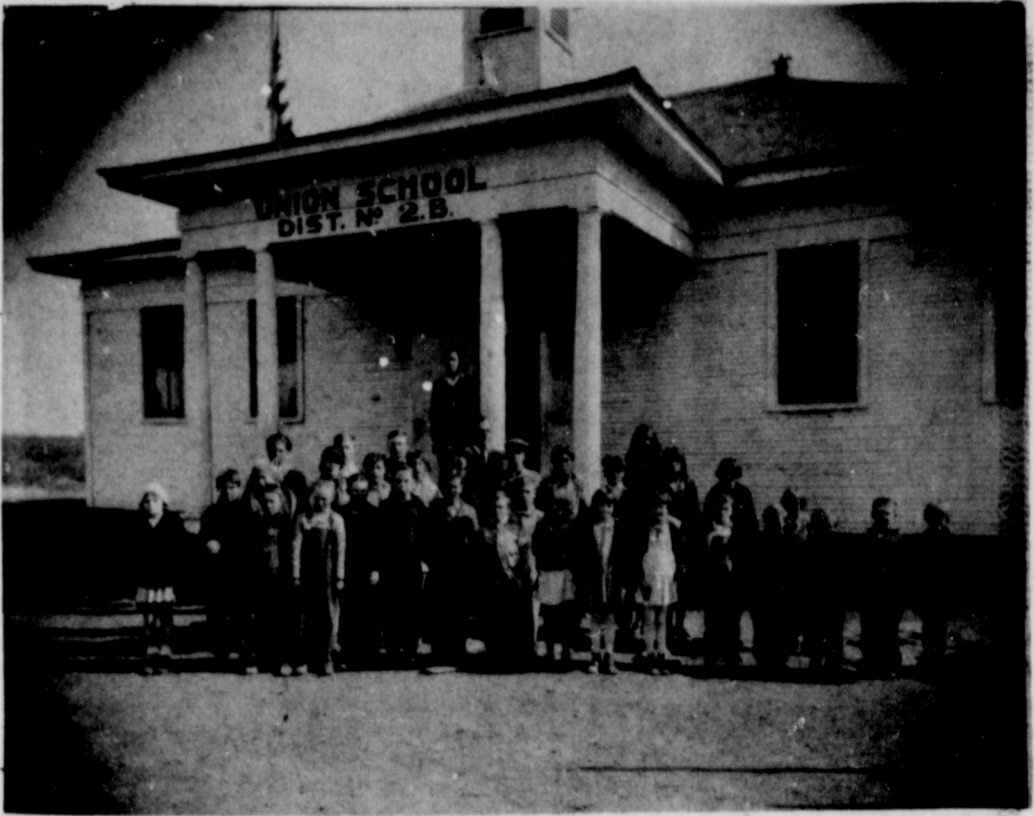

At the rear is the dispensing apparatus and an automatic fly swatter.

The central portion houses a hydrochemical conversion plant. This consists of four fermentation and storage tanks connected in series by an intricate network of flexible plumbing. This section also contains the heating plant complete with automatic temperature controls, pumping station and main ventilating system. The waste disposal apparatus is located at the rear of this central section.

In brief, the externally visible features are: two lookers, two hookers, four stand-uppers, four hanger-downers and a swishy-wishy.

There is a similar machine known as a bull, which should not be confused with a cow. It produces no milk, but has other interesting uses.

INTRODUCING THE "MAXI-BOARD"

For years this newspaper has featured the ultra-popular Mini-Billboard, a little one col. by one inch advertising space, that hundreds of individuals & firms use regularly to tell their merchandising and service story.

THE MINI-BOARD

NOW WE'RE introducing the MAXI-BOARD, a larger display space for those who have more to tell, and want bigger type sizes, for emphasis and more impact.

Many, knowing the effectiveness of newspaper advertising, have the mistaken idea that it must be terribly expensive.

NOT SO, as the Maxi-Board proves...Take for example, this two column wide, by five-inch deep Maxi-Board. It's total volume is ten column inches.

THE MAXI-BOARD

Your Message

Your Name

(And you may put as much or as little inside it as you like - - we only charge for the space.)

The 10- inches, by the month (which means it will appear in eight issues) total cost, is only \$35.00, based on the low \$3.50 per inch monthly rate.

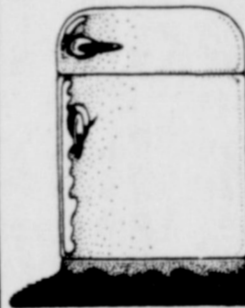

The monthly rate is substantially lower than the "per issue" rate or un-consecutive insertions rates. Think of how many ways you could use such regular message-delivering power. The successful merchandiser are the constant newspaper advertisers. Technically, this is supposed to be a "no-copy change" deal, but we're not going to quarrel if you need to change the copy during the month. WE WANT TO MAKE IT WORK HARD FOR YOU! Take a pencil and do some jotting...Write your own copy, or we'll be glad to help. Free art and illustrations available too.

PICK YOUR own sizes. The one shown is a standard size, but you could up in size, or down... Make it do the thing you need to do. That's what newspaper advertising is all about - - to help you do your job better. Your merchandise and your services can be successfully promoted in newspaper.

OF COURSE, the Mini- Boards are still available at the low \$3.50 each rate per month.

Our Advertising Dept. is ready to help you. Call 629- 1707

HICKMAN FISHING
Would you believe that even the fish bite better after you reach 65? Well residents of Hickman Nursing Home think so, even the sunshine feels better, a picnic with fried chicken and the works is much better out at the lake. Wednesday was a full day for residents as Pete Chapman, activities director, Mr. and Mrs. Milton Nash and

Linda Lisenbee, volunteer, made arrangements for fishing equipment, picnic lunch, residents got just a big impatient with the all the waiting but once they were at the lake not a pain or complain was heard, just fishing with a cane pole and lots of good eating and fun for everyone. And lots of big fish stories told.

have everlasting life. Today, God seeks to manifest Himself through christians. The word christian means "Christ-like;" so if we are going to be christians we must be Christ-like.

We must love one another. St. John 13:35 says:

"By this shall all men know that ye are my disciples, if ye have love one to another."

Just think of the beauty Christ had planned for His Church. Let's notice what Jesus prayed for in the 17th chapter of St. John. First notice verses 11-12:

"And now I am no more in the world, but these are in the world, and I come to thee. Holy Father, keep through thine own name those whom thou hast given me, that they may be one, as we are,

While I was with them in the world, I kept them in thy name: those that thou gavest me I have kept, and none of them is lost, but the son of perdition, that the scripture might be fulfilled."

Now let us notice verses 20-21:

"Neither pray I for these alone, but for them also which shall believe on me through thy word;

That they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us: that the world may believe that thou hast sent me."

The world today needs to see the beauty of the church. In Acts 2:47 we read:

"Praising God, and having favour with all the people. And the Lord added to the church daily such as should be saved."

We must love one another. This is Christ's command. Let us also pray for a United Church For A Divided World. Real love is beautiful and it brings forth unity.

You will also see the various members of the circus family doing their various parts in getting the circus ready to entertain you. Some of the actors will be getting their props and equipment inside the tent, others will be washing or cleaning costumes. The property men will be hanging rapeze riggings, setting up the ring curbs, etc. Canvas men will be getting the tent up and the seats in place. The animal men will be seeing that their charges are fed and watered and readied for the performance, and most important to everyone connected the cook will be preparing tasty meals for all employees.

Most people who come to the circus never stop to think of all the efforts that have been made to make their visit an enjoyable one, others wonder how all this is accomplished in so short a time. If you are one of these persons, you and anyone else who wish are invited down to the show grounds to see Dixie and all the other circus employees get things done in so short a time. Dixie and most of these people will also take the tent down again as soon as the show is over. Everyone has a job to do, everything has a special place to be loaded and seldom is anything ever left on the lot after the circus has left town.

Houses Burn In County

Two Eastland County homes were hit by fire Tuesday afternoon.

The first occurred at 12:30 p.m. in Olden as the three-bedroom home of Mr. and Mrs. Connie Simmons was completely destroyed.

Eastland Fire Chief Guy Peel said his department was summoned to aid the Olden fire Dept. and that when the Eastland unit arrived the home was totally engulfed in flames.

Olden Fire Chief Bill Griffin said the fire apparently began from a faulty hot water heater and that the total loss was estimated at \$7,000.

There were no injuries and the loss was covered by insurance.

At 3:45 p.m., the Ranger Fire Department answered an alarm at a house fire at 514 Terrell occupied by Mrs. Sue Lee.

Mrs. Lee, suffered third degree burns on her back, said she had been asleep and awoke to find the entire back portion of the house on fire. Mrs. Lee is in satisfactory condition at Ranger General Hospital.

Ranger fireman Tom Fox said the house was partially destroyed and sustained extensive damage by smoke and water. No estimate of damage has been made as yet.

LOVE IS BEAUTIFUL
By Brother Charles L. Whitton
As spring approaches, we behold the beautiful flowers, the green grass, and the trees in blossom. This reminds us of the scripture. In Luke 12:27-28, we read:

"Consider the lilies how they grow: they toil not, they spin not; and yet I say unto you, that Solomon in all his glory was not arrayed like one of these.

If then God so clothe the

grass, which is today in the field, and tomorrow is cast into the oven; how much more will he clothe you, O ye of little faith?"

In the beauty of nature, we see how God manifests himself. God sent Jesus to manifest His love to us. In St. John 3:16-17, we read:

"For God so love the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but

Thursday Club Hears Mrs. Patterson, Mrs. Bourdeau

The Thursday Afternoon Study Club met Thursday, March 15 with 22 members present.

Mrs. Guy Patterson and Mrs. Inez Bourdeau presented a very interesting program on "Responsibility" entitled "Keeping Our Balance."

Mrs. Patterson spoke on "The Abacus." She had made charts of the Japanese abacus that she used for illustration on how the instrument works. The Japanese, Chinese and Russian abacus was on display and Mrs. Patterson explained how each is used. These instruments are still used very effectively in Oriental countries. They have been replaced by calculating machines in our own country but a skillful person using the abacus has been known to beat the calculating machine by eight seconds. These instruments and charts will be on display at the First National Bank at a later date.

Mrs. Bourdeau spoke on "Making Money Is Fun" and she gave some helpful hints on money matters, also some literature that will be of value.

She gave some clever and amusing quotations on money from a book that she has had since a child.

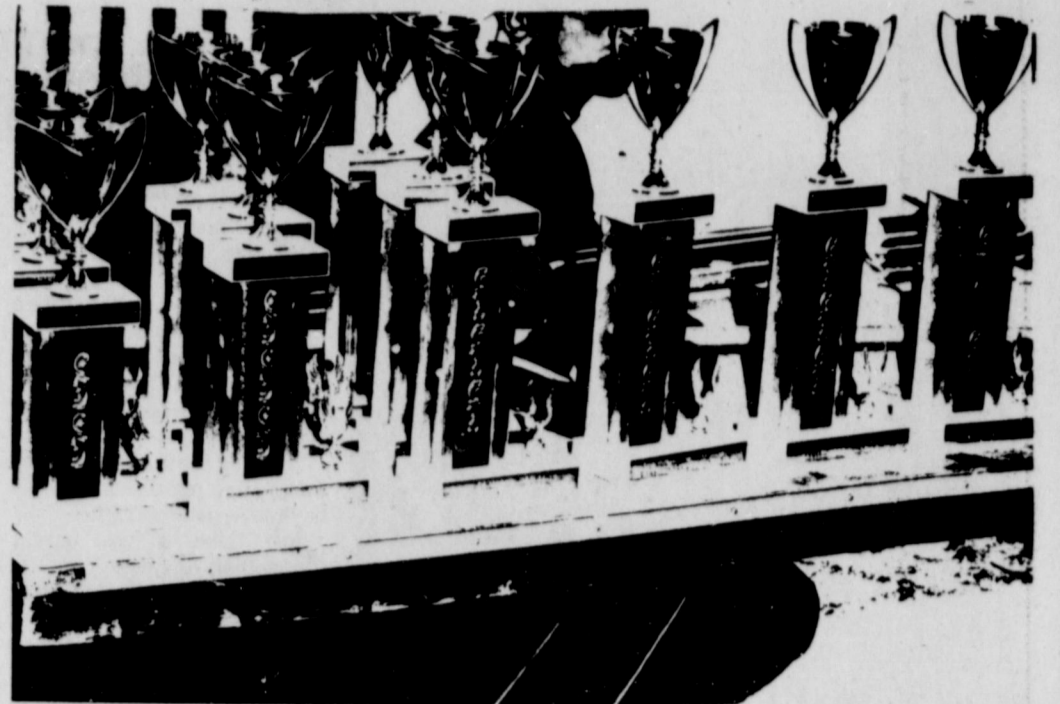

After the interesting and informative program a business session was held with Mrs. Nancy Childress presiding. It was reported that the fund for the new Centennial Library has reached the \$11,000.00 mark.

The auction for raising funds for the library is to be held March 31st. Many useful items are to be auctioned.

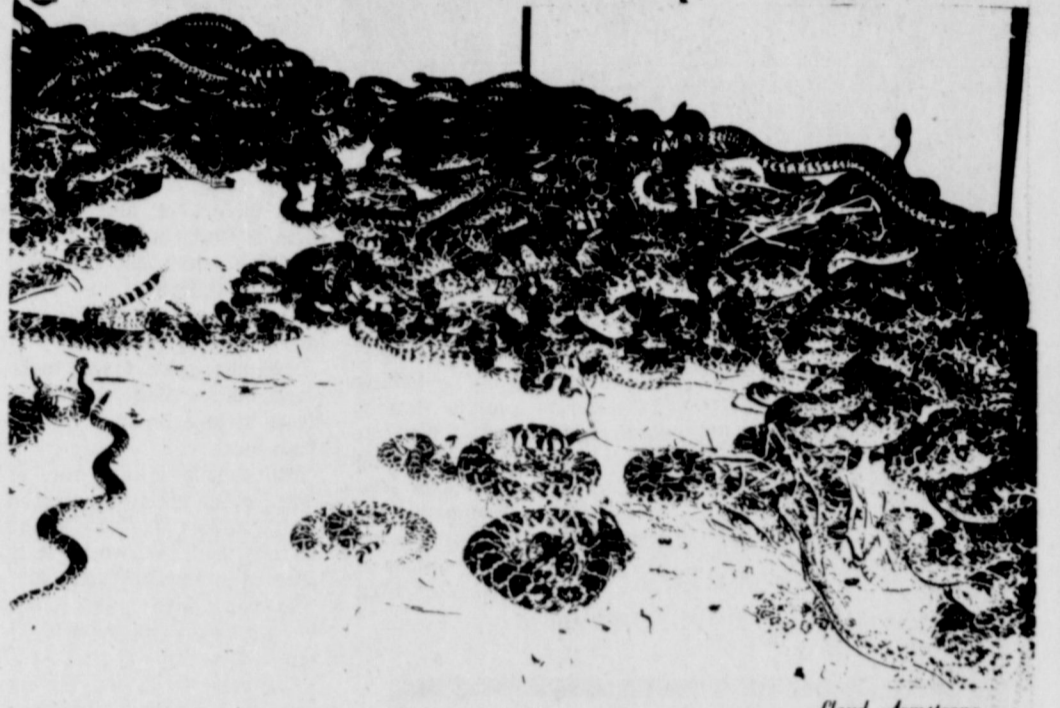

Refreshments of delicious cake squares nuts mints and coffee were served by the hostesses Mrs. Roy L. Young and Mrs. Pat Crawford.

Dear friends,

We wish we could convey the horror of highway deaths as we too often witness the gruesome results. Death is so final. The tragic effects on the family are often so appalling.

May we join our law enforcement officials in again urging less speed and more courtesy in driving.

Sincerely,

Dale O. Bakker
