

Report Japan Plans Coup In Shanghai Area

Troops Concentrated; Assassination Adds To Tension

SHANGHAI, Oct. 11 (AP)—Despite Japanese denials, usually well-informed sources insisted tonight that 14,000 Chinese soldiers of the Japanese-dominated Nanking government were concentrated outside Shanghai while rumors had it that Japan plans to take over the International Settlement or the French concession Oct. 18.

The puppet regime's troops were said to have been moved yesterday to new positions between Shanghai and the Wusong forts, at the mouth of the Whangpoo river, about 12 miles below the city.

Rumors of impending forceful action against the foreign areas in this otherwise Japanese-controlled city was linked with the impending reopening Oct. 17 by Britain of the Burma road to supplies for the central Chinese government.

Japanese authorities sought to stem the excited rumors circulating since the United States state department suggested Tuesday that Americans leave the Orient.

The excitement was accentuated by the assassination early this morning of the Chinese puppet mayor of Japanese-occupied Shanghai, Fu Siao-en, and energetic Japanese attempts to find the clever-wielding assassin.

Also denied were rumors that "the Japanese are building concentration camps in which we intend to intern foreigners."

NEW TACTICS
TOKYO, Oct. 11 (AP)—Washington's advice to Americans to leave the troubled Orient appears to have induced a softer attitude among Japanese toward the United States, an informed source said today.

A new tack in public utterances may be taken, it was said, as a result of the failure of a "trial balloon" by Premier Prince Fumimaro Koyama to produce the desired reaction in the United States.

Foreign Minister Yosuke Matsuoka's repetition of the declaration that the Japanese-German-Italian pact was not directed against the United States was interpreted as evidence of such a change.

FD Inspects Steel Area

PITTSBURGH, Oct. 11 (AP)—With the top democratic leaders of Pennsylvania in town, President Roosevelt toured America's first steel city and its suburbs today to see smoke-belching industrial plants turning out armor and forging guns for a \$15,000,000,000 effort to rearm the nation.

But, in line with the non-political tap placed on defense inspections by the White House, elected officials of Allegheny county—both democratic and republican—were invited to join a motor caravan on a 12-mile circuit of the Pittsburgh area.

Mr. Roosevelt left a special train, which had brought him from Washington, at the East Liberty station and headed for the Carnegie-Illinois armor plate mill at Munhall, the Mesta Machine company's gun forging factory at West Homestead, and Terrace Village housing project.

At the housing development, he was to make an extemporaneous talk and give the keys of the United States Housing Authority's 100,000th dwelling unit to the new tenant, Lester Churchfield, a steel mill worker.

ACTION ON LEGISLATION MAY HINGE ON ELECTION RESULTS

WASHINGTON, Oct. 11 (AP)—The senate's disposition of two highly controversial pieces of legislation—Wagner act amendments and the Logan-Walter bill—appeared today to depend largely on the November election results.

Any action on these or other pending measures was excluded as Senator Barkley (D-Ky.), the majority leader, called the chamber into session with the announced intention of recessing it until Monday.

The senate then will begin a series of perfunctory, no-quorum meetings every third day until November 15.

The house having failed to muster a quorum at a short-lived session yesterday, stood adjourned until Monday.

WASHINGTON, Oct. 11 (AP)—American diplomatic moves in Thailand (Siam) to discourage any Japanese-inspired aggression were disclosed today as new Far Eastern tension arose in the wake of the assassination of Shanghai's puppet mayor.

Hugh Grant, American minister at Bangkok, conferred with Thai officials yesterday and Secretary Hull said at his press conference that it was to be supposed that Grant restated the principles of American foreign policy, embracing the status quo in that area.

This coincided with the stopping of a shipment of ten American-made warplanes which had been sold to Thailand, small Oriental country which has been advancing territorial claims against French Indo-China at the same time that Japan was sending military forces into that colony.

Hull would not discuss the possibility of a dangerous situation developing at Shanghai or insistent rumors there that Japanese forces were preparing to attempt to seize control of the whole International Settlement.

Asked whether the American marine garrison at Shanghai might be reinforced, Hull said only that all phases of the situation in the Far East were receiving attention.

Officials refrained from comment on the assassination of the Mayor Fu Siao-en occurred within the heavily guarded Japanese stronghold of Hongkew and the killing of the officer just outside.

However, it was noted the municipal police of the International Settlement had been asked by Japanese authorities to help search for Fu's personal servant, who was missing from the mayor's residence after the killing.

The servant's home had been in the settlement, at least until three weeks ago. Several times in the past Japanese have charged that lawless characters have taken refuge in parts of the settlement not under Japanese control.

The possibility that a serious situation might arise in Shanghai over some such incident as Fu's assassination long has been regarded here as one of the dangers in the Far East.

The United States has some 1,200 marines stationed in Shanghai and has failed so far to reach an agreement with Japan on division of the former British international settlement sector for patrol purposes.

Japan, dissatisfied with the division made by the Shanghai municipal council, sought to take over the entire area. The United States, however, has insisted on patrolling an area in which the more important American interests are located.

Kenny indicated that after all reports are in over the weekend, there will be a certain amount of rechecking and clean-up work to be done next week. However, generally speaking, the scout drive was in the best shape it has ever been in here in years.

Two Youths Hurt In Highway Crash

STANTON, Oct. 11 (Sp1)—Two youths, brothers from Wink, were injured in a crash involving two cars and a truck today at 6:30 a. m. four and one-half miles west of Stanton on Highway U. S. 80.

One of the boys, Dee Ezell, received scalp wounds and the other, Don, had minor cuts and bruises. Both were taken to a Stanton hospital for treatment.

The wreck occurred while the boys were returning to Fort Worth, where they are students at T.C.U. and on the freshmen football team. One car attempted to pass a truck and met another automobile. No other persons were reported hurt.

DAWSON RAINFALL TOTALS 3-4 INCH

LAMESA, Oct. 11 (Sp1)—Slow rain falling here Thursday brought close to three-quarters of an inch of moisture to most of Dawson county.

Reports from eastern areas showed the average to be about .75 while in the southern part it was only slightly lighter with .70 of an inch. It was enough to be considered of little benefit to ranges.

FINED \$100
A fine of \$100 and costs was assessed by County Judge Charles Sullivan against John Albert Smith on the latter's plea of guilty to a charge of selling liquor on Sunday.

Nazi Planes Patrolling Rumania

Press Charges Turkey Was Due To Attack Balkan Nation

BUCHAREST, Oct. 11 (AP)—Tightly packed formations totaling about 150 planes, some bearing German markings and others Rumanian insignia, flew back and forth over Bucharest and the oil towns of Ploesti and Giurgiu today.

They swooped low over the British legation in Bucharest where the staff was speeding its packing up. They patrolled east and west and north and south methodically. At one time 68 planes were over the capital.

The display of the German Luftwaffe was made as German official circles charged through their mouthpiece in Rumania, the Tageblatt, that Turkey had been assigned by Great Britain the task of attacking Rumanian oil wells from the air and that the British ambassador, Sir Reginald Hoare, was an accomplice in the plan.

The newspaper declared the new Rumanian regime under Premier General Ion Antonescu, "knows what enemies are, and backed by the axis, will be powerful enough to reply."

The charge was made while a campaign to make Rumania an outpost of German military strength appeared well under way. More and more troops, guns and other war equipment were reported entering the country by rail and on Danube river barges through Yugoslavia.

A breaking-off of Rumanian-British diplomatic relations appeared closer hourly. Officials of the British legation were saying good-bye to Rumanian friends and interviewing Britons who still remain regarding transportation.

The Bucharest press, announcing for the first time the arrival of German troops "to act as instructors," said "the war is not yet finished. By next spring we will have axis military technique and new enthusiasm."

LONDON, Oct. 11 (AP)—The British government has blocked all Rumanian credits in this country, it was learned today.

This was parallel with the action taken yesterday by the United States in freezing Rumanian credits in that country.

It was not known whether Rumanian ships in British ports were included in the seizure order which, presumably, was made because of German troops entering Rumania and because of the arrests and alleged mistreatment of Britons there.

Millions Ready To Aid On 'R-Day'

WASHINGTON, Oct. 11 (AP)—A volunteer army of millions of men and women is ready, selective service officials said today, to assist in making a success of next Wednesday's registration of 16,500,000 men for possible military training.

Asserting that "all is in readiness for the registration of America's man power," Captain Gareth N. Brainerd, acting chief of the Selective Training and Service Administration, said today that approximately 1,000,000 registrars already have been appointed and instructed in their duties. They will serve in approximately 125,000 registration places.

Awards In Most Divisions Announced At Dawson Fair

LAMESA, Oct. 11 (Sp1)—Bulk of the judging for Dawson county's fourth annual fair was completed Thursday evening and other places were due to be announced Friday with opening of the second day.

Expected that crowds would grow steadily Friday and Saturday, when the bumper day is anticipated. All space has been taken by exhibitors and the fair appeared to be one of the most representative in its four year history.

Placings by judges were: Educational—Central home demonstration club of Lamesa and Spangenburg PFA tied for first; Shumake HD club second; Key HD club third; Woody school fourth; Spangenburg HD club fifth; Klondike HD club sixth; O. K. HD club seventh; Klondike school eighth; and Union PFA ninth.

Arts and crafts—Oil painting still life Lois Rister first and Dorothy Ross Gibson second and third; Landscape, Mrs. Oscar McLendon, Lamesa, first and second; Mrs. Myrtle Hardin, Lamesa, third; Water colors still life Dorothy Ross Gibson, Lamesa, first and Mrs. R. Drawing still life Mrs. Betty Freedy, Lamesa, first, Jack Tucker Phenix, Lamesa, second, and Mrs. Ed Guyne, Lamesa, third, and landscape, Mrs. Betty Freedy, first, R. C. Hewitt, Lamesa, second, and Mrs. Betty Freedy, third. Wood carving Mrs. E. F. Bradley, Lamesa, first, Lorraine Wilkowsky second and third; basketry, Mrs. E. F. Bradley, Lamesa, first.

Big Spring students, however, were counting on a repetition of an upset victory over Odessa and held three pep rallies—the first Thursday morning, a second around a bonfire Friday evening, and a third Friday morning. In event of a victory, the band will lead a parade through the downtown section after the game.

Nazis Hurlled Back; Cherbourg Attacked

Warships Join RAF In Raids On Coast

British Bombers Carry Attack Far Into Germany

LONDON, Oct. 11 (AP)—British heavy and light forces of warships bombarded Cherbourg, on the German-occupied "invasion coast" of France, during the night, the admiralty announced.

Cherbourg, almost directly across the English channel from Portsmouth and about 85 miles away, was one of France's great pre-war commercial ports.

The bombardment started first which were visible 40 miles away, the admiralty communique said, and the RAF assisted the warships in their shelling.

The British ships were said to have met no opposition except for the firing of German shore batteries on the way home.

(A Berlin report said that Cherbourg had been hit by the shore batteries.)

No damage or casualties were sustained and there was no naval opposition from the enemy although it was known that enemy light forces were at Cherbourg," the admiralty said.

Continuing their daily smashing of the "invasion ports" along the channel coast, the RAF's bombers thrust far into Germany to bomb several airfields in Bavaria, the communique reported.

The seaplane base at Norddeyne, on Germany's North sea coast, shipping in the channel ports of Cauxis, Boulogne, Le Havre and Brest and coastal batteries at Cherbourg also were reported attacked.

Other strong units of British bombers attacked oil targets in Germany, the ministry announced, and reported storage tanks blown up and fires started at half a dozen places including Cologne and Hanover.

During the night there were indications that the RAF had struck deep into the German reich when radio stations at Berlin, Hamburg, Cologne and other points went off the air.

Much of the British offensive was directed against German shipping and dock facilities, the air ministry reported.

At Kiel the Krupp shipyards were bombed heavily and docks set ablaze. "Attacked in force," said the air ministry, was shipping in the ports of Boulogne, Calais, Le Havre and Brest in France and Flushing and Amsterdam in the Netherlands.

Humble Seeks Larger Quota

AUSTIN, Oct. 11 (AP)—Interpreting it as an indication of stability in the oil industry and proof of firm demand for crude, Ernest O. Thompson, member of the railroad commission, today studied a request for increased allowable production from the Humble Oil and Refining company.

The commissioner, accounting for the fact the application came from one of the largest buyers of crude in the industry, said he favored giving it an early hearing.

Signed by Vice President James Anderson, the letter requested raising the allowable of Anahuac field to 14,900 barrels daily, Easting to 21,000, Thompson to 12,500 and Webster to 20,000 and pointed out the company's purchasing nominations, together with those of other refineries, necessitated boosting the permissible output.

A number of companies recently asked that over-all Texas production be curtailed in view of heavy gasoline stocks.

IN ARMY NOW—Elliott Roosevelt, second son of the president, reported at Wright Field for a year's service in the procurement branch of the army air corps. Roosevelt, who recently was commissioned a captain, is shown arriving at his hotel in Dayton, Ohio.

LONDON, Oct. 11 (AP)—This capital's defenders aground and aloft were reported to have hurled back four separate German air thrusts today and to have turned the fifth into a great twisting sky battle over the southeast coast.

The fifth alarm of the day came at tea time when German planes swept in over Kent, dodging in and out of cloudbanks of escape the withering fire of coastal anti-aircraft batteries.

Suddenly a large force of RAF fighters appeared and the drum and scream of planes in combat in the fleecy clouds could be heard. One of the raiders was reported shot down in the vicinity of Kingston Hill.

A swift succession of air raid alarms and all-clear signals, the rumble of anti-aircraft fire and the drone of protecting planes told Londoners the story of attack and defense.

The Nazi raiders roared over anew after breaking off their regular night attack earlier than usual. They were believed to have dropped many time bombs during the widespread dusk to dawn assault.

Liverpool dispatches said 40 high explosive bombs dropped on its port and shipyards in the longest raid of the war in that area, resulting in several casualties.

Several narrow escapes were reported in the London night raids.

One hundred employees of a London club escaped injury when a bomb fell near their basement shelter. Barricaded windows were blown in.

Scores of persons sleeping in a shelter under a seven-story office building were unharmed although buildings on three sides were wrecked.

The air ministry said five German bombers were shot down yesterday and five British planes were reported safe, however.

Observers said the night attack was much less severe than previous raids, attributing the change to the accuracy of their anti-aircraft guns.

Food Situation In France 'Critical'

VICHY, France, Oct. 11 (AP)—The food situation in France is approaching a "critical point" unless supplementary shipments can be received from abroad, Agriculture Minister Pierre Caillet told the nation in a radio broadcast today.

Greatly reduced grain and sugar crops and a lack of fats, oils and meat foreshadow a severe winter for the French unless new shipments can pass the British blockade, he declared.

First Americans Are Leaving Tokyo

TOKYO, Oct. 12 (Saturday) (AP)—The Canadian Pacific liner Empress of Russia, sailing today for Vancouver, B. C., will carry the first Americans to depart since the United States state department's withdrawal advice of Tuesday.

A number of wives and children of businessmen were booked to sail together with several Britons. There were continued inquiries at the United States consulate by Americans seeking transportation while officials attempted to break the shipping jam hampering the withdrawal.

BANKS TO REMAIN OPEN SATURDAY

Big Spring banks will remain open Saturday, according to announcements from both institutions.

Waterfront Tieup Feared

TACOMA, Wash., Oct. 11 (AP)—Threats of a nation-wide waterfront paralysis echoed today from a recent strike of AFL longshoremen at three Puget Sound ports.

The International Longshoremen's association closed the Washington ports of Tacoma, Port Angeles and Anacortes six weeks ago in a protest strike against a national labor board ruling in 1938 that the rival CIO longshoremen's union should be the bargaining agent in all Pacific coast ports.

The AFL group has controlling majorities in the three ports. The strike was terminated upon agreement of the labor board in reopen consideration of the case, but E. J. Eagan, labor board director at Seattle, announced that because labor board members were "in disagreement" on the case, "no action can be taken at the present time."

T. A. Thompson, international vice president and Pacific coast secretary of the I.L.A., promptly warned that "only an immediate decision can avoid a national tie-up."

AFL spokesmen declared the ways were geared for cooperative union support that would spread the waterfront paralysis to the Atlantic, Gulf and Pacific coasts.

Miss 'Laneous' Notes

There are two kinds of hand-shakers to beware of from our point of view, the bone crushers and the limp fish variety. It is a choice as to which to prefer.
The bone crusher is the sort of man who grabs your hand like a life preserver and with a mighty clench of his fingers, raises you inches off the ground. He sometimes accompanies this with a back-breaking slap with his free hand. The victim feels as wretched as yesterday's lettuce leaf when he finally makes his escape.
Then there is the limp fish who holds out a moistly warm palm with as much expression as a wet dish cloth and makes you want to drop his hand quick. He usually grins feebly with a "pleasantry" that is mumbled in with the hand shaking.
His is just as odious a hand clasp as the bonecrusher because you have the feeling that he's like the man who wasn't there. This type is usually pale and anemic-looking and probably collects cigar bands in his spare time.
With the bone crusher there is only one thing to do. If you can't get your grip in first and wring his fingers until they crunch, then kick him sharply on the shins just before he breaks a bone.
With the wishy-washy one, extend a hand just as limply as he does and it may surprise him into grasping at your hand.
Of course, once you have the two types spotted, it is really much better to keep your hands behind you and refuse to give them up of else tell him you are an Eskimo and would rather rub noses with him.

West Ward Hears Talk By Pastor Of East 4th

Guest speaker was the Rev. R. Elmer Dunham, pastor of East 4th St. Baptist church, when the West Ward Parent-Teacher association met Thursday afternoon at the school for a talk on "Well Founded Attitudes."
The Rev. Dunham pointed out that the parent's attitude influences the children and the responsibility is on the parents for developing a good attitude.

Texas Crops Ahead Of '39

AUSTIN, Oct. 11 (AP)—The U. S. agricultural marketing service reported today that prospects for Texas crops as of Oct. 1 remained well above last year's yield with few exceptions.
Cotton production was estimated at 3,390,000 bales, far above last year's but a drop from last month's estimate due to insufficient rains. Grain sorghum production, estimated at 53,844,000 bushels was in similar condition.
Unchanged from a month ago were corn with 94,107,000 bushels, rice with 15,132,000, peanuts with 169,950,000 pounds, sweet potatoes with 4,428,000 bushels and broom-corn with 3,800 tons.
The Irish potato crop was estimated at 3,055,000 bushels, far higher than last year's, tame hay was expected to yield 1,371,000 tons or 200,000 more than in 1939 and pecans were expected to total 28,860,000 pounds, more than double that of last season.
All fruit crops were well above last year's, peaches estimated at 2,086,000 bushels, pears at 645,000 grapes at 3,000 tons, grapefruit at 14,800,000 boxes and oranges at 2,730,000.

Mitchell Ginnings Over 10,000 Bales

COLORADO CITY, Oct. 11—Ginnings in Mitchell county went past the 10,000 bale mark this week, a total of 10,883 bales being reported by gins at Colorado City, Buford, Westbrook, and Lorraine on Thursday.
Buford reported 1,404 bales, Lorraine 2,894, Westbrook 1,685, and Colorado City 4,900.

Affair Held In Cunningham Home Thursday Night

Gold marigolds centered the dinner table and white mums and queen's wreath were used in profusion in the C. W. Cunningham home Thursday night as Mrs. C. W. Cunningham and Mrs. Jim Waddle entertained for Winifred Piner with a dinner-bridge show-er.
Miss Piner, whose approaching marriage was announced last week, is the bride-elect of Morris Patterson.
At the individual tables there was a bit of queen's wreath and lacey vine and white and pink score and place cards carried out the color scheme. Reflected in a large mirror in the dining room was a bowl of orange carnations surrounded by gifts.
After dinner the honoree opened her gifts that were for the kitchen and bridge games were played. High score went to Mrs. Ellen Wood and low to Mrs. Sam Petty. Both presented their prizes to the honoree.
The guests were Mrs. Homer McNew, Mrs. Pete Kling, Mrs. Jim Bob Pool, Roberta Lee Hanson, Mrs. James Edwards, Mrs. George Lynn Brown, Mary Louise Inkman, Judith Pickle, Mrs. Sam Petty, Mrs. Robert Satterwhite, Fern Smith, Emily Stalcup, Mrs. George Thomas, Mary Bell Menger, Mrs. Sonny Edwards, Mrs. Fritz Wehner, Marguerite Reed, Mary Nell Edwards, Mrs. Ellen Wood, Marjorie Hudson, and Mrs. Robert Piner.

Progress, Knudsen Defense

WASHINGTON, Oct. 11 (AP)—Sam H. Knudsen, the defense mission production chief who is in charge of his superlatives, reports to the nation that "some progress" has been made in its rearmament program.

Knudsen, in his report, dwelt on the production problems which had to be met before mass manufacture of defense equipment was possible. He paid tribute to the "marvelous response from the people in all walks and stations of life," and said that "with this spirit we cannot fail to get the results which we in times past have always found possible."

Plans for placing an additional \$4,000,000,000 in orders by the end of November.

Aircraft production of 900 planes and 1,600 engines monthly, with double that output expected next year "perhaps."

Texan Forgets His Boots And Rattlesnake Strikes

FORT WORTH. (UP)—Cowboy boots whose odd shape somewhat mystify some people were not built up by accident.

Their uses are many. Every odd bulge, every layer of leather has its purpose.

None should know better than J. H. Wilson, a furniture dealer here. Recently he went to his ranch a few miles from here. Usually Wilson wears boots to the ranch. On this occasion he didn't.

He stepped out to unlatch the gate and a coiled rattlesnake struck. Leather boots would have deflected the rattler's fang.

IN RITZ FILM—Comedy intermingled with romantic intrigue is the highlight of Universal's "Hired Wife" which co-stars Rosalind Russell, Brian Aherne and Virginia Bruce. Especially designed for the three stars, this picture, now playing at the Ritz Theatre, is crammed with unusual and unconventional situations. The story deals with a girl who marries her boss, with whom she is in love, merely to get him out of a business jam. And the comedy rises out of the situations she creates by trying to keep him from the girl he loves.

'Jawn' Ailing As Aggies Meet Uclans

DALLAS, Oct. 11 (AP)—Misfortune has reared up to dull the biggest weekend of the season for Southwest conference teams, but they still go out favored to knock off some of football's giants.

The Texas Aggies, settling down in Los Angeles tomorrow to convince the Pacific slope folk they made a sizeable error when they didn't ask them out for last New Year's Day Rose Bowl game, plow into U.C.L.A. with John Kimbrough, the carburetor of the club, ailing.

Big John, the all-America fullback, left by plane from Dallas for the coast after a hospital visit of three days with a sore throat and a bruised leg. He wasn't expected to play too much against the club that has dropped two 6-9 decisions—to S. M. U. and Santa Clara.

But the Aggies are well equipped with a passing game, one that has netted 366 yards in two games, and will try that against the Uclans—also well equipped with a dusky boy named Jackie Robinson who can run the legs off most football players. The vote still goes to the Aggies.

Up in Pittsburgh a gloomy Southern Methodist team goes against the Pitt Panther. Starting Quarterback Foster Eder lies in a Dallas hospital, seriously injured and his collegiate career ended. He had carefully built up to a starting spot with the Methodists, only to have his efforts tumble around his shout-

Baylor Bears Bump Into Porkers Sat.

WACO, Oct. 11.—Baylor's injury-ridden Bears open their Southwest conference grid chase in Fayetteville Saturday when they bump into the pass-aling Arkansas Razorbacks.

Injuries have held the Bears' back since their opening game but Coach Morley Jennings has put in a busy week revamping the Baylor offensive play and the Baptist gridgers are more than likely to start chinking the ball more than ever.

Jack Wilson, Baylor's big hope in the title drive is in a Denver hospital with a kidney injury, Jimmy Witt, the Bears' best ground gainer was still favoring a twisted knee and Weldon Big-ony came up with a broken nose in Tuesday's scrimmage.

Both Witt and Bigony are expected to be ready to go by Saturday but Bill Coleman, Travis Nelson, Milton Crain, and Homer Pittman, all sophomores who played good ball against Denver U. last week, will carry most of the offensive power.

Coleman, a fast traveling scat back who weighs only 137, is the Bears' leading passer and Jennings is expected to keep the Kerrville gridder in at Wilson's tailback spot. He's hit eight passes in 17 tries and is probably the Bruins' best bet in a broken field.

Baylor found the going a little tough against Denver university, but managed to pull through with a 14 to 7 win helped along with some great play from the injured Witt. Arkansas fell before T. C. U. 20 to 0 in the opening league tilt and will have to come back against the Bears if they stay in the title chase.

Saturday's game will be dedicated to Wilson and this will mean a lot to the Baylor gridgers who are expecting to see plenty of forward passes chucked at them after North Texas and Denver managed to come through with 60 overhead heaves in the two games.

Lamesa In Fray With Plainview

LAMESA, Oct. 11 (Sp) — Lamesa's Golden Tornado will be in better shape for their game with the Plainview Bulldogs than they were for the Odessa tilt. They were not so badly hurt last week as they were in the Roswell and Tahoma battles.

The Tornadoes have an uphill fight in their engagement tonight. The lads from up North Plains way have a record of three wins downing Bowie of El Paso, Quanah and Electra.

Particularly pleasing to Coach McCollum has been the return to good physical condition of White, Roberts, Harnard, Morgan and Oswald. Prospects are that more substitutes will be used in tonight's game than heretofore.

Next home game is October 18 against the Big Spring Longhorns.

Baseball Profs In Waco For Camp

WACO, Oct. 11.—Instructors and scouts for tryout camp of the farm clubs affiliated with the Brooklyn Dodgers will arrive today. The camp opens tomorrow.

Mickey McConnell, in charge of arrangements, said all prospective players between the ages of 17 and 21, inclusive, will be allowed to attend the camp at no cost.

BARKER PICKS SW TEAMS TO LEAD

By HERB BARKER
NEW YORK, Oct. 11. (AP)—Playing the weekly game of football blind man's bluff: Notre Dame-Georgia Tech: The Engineers take a fast, tricky squad to South Bend. There's real danger for the Irish here but the vote goes to Notre Dame.

Looking 'em Over

With Jack Douglas

Tonight Big Spring will be given a chance to show what they have been talking about when a District SAA crown is batted about. Odessa has a strong outfit and may, by getting the jump on the local gridgers, carry on the work started last week against Lamesa, although we are now saying we don't think so. Big Spring does not have the best looking team in the precinct, maybe, but we believe they are capable of putting on an offensive drive—which is, ladies and gentlemen, the item that makes a club to shout about and allows coaches to sleep easily at night without having nightmares about taxpayers.

Head Coach Pat Murphy is not taking any chances on letting a jinx whip his club. A few days ago the mentor was driving down the street, rushing to get to town when a black cat traipsed across in front of him. That made the Irishman's blood revert to type, causing him to whip his car around and go by another street. He may have something there. But jinx or no, the Longhorns, despite the poor showing they have made in practice this week, will be out to blast championship hopes out of the minds of Odessans.

There'll be some added ceremony in the between-halves program at the game tonight. The crowd will stand in a brief, silent tribute to the memory of Knute Rockne, football immortal. Outstanding coach of all time, the great Notre Dame leader probably did more than any one man to make the grid game the attraction it is today. His career has been made the subject of a new motion picture.

Lefty Bethell and Bobby Savage are here for the Steer-Bronco tilt this evening. Lefty has been out of football practice at John Tarleton because of a broken arm he received earlier in training. Bobby is devoting his time to getting in shape for the Plowboy quintet. Both boys are slated to make stand-out hands on the Tarleton athletic roster before they close out their careers there.

Tonight's game should play to a capacity crowd, providing the weather man doesn't call for a rain. And, it looks now if that may be the case. Nevertheless, customers will get their money's worth at Steer stadium. The boys are making this game something of a tribute to McWade. McDaniel, Longhorn star who died during the season last year.

So turn out tonight, rain, sleet or snow, to see a game that may decide the district crown. Who knows, Big Spring may wallop the daylight out of Odessa.

We think so.

Odessa Hit Hard With 3 Injuries

McKelvy, Bewley, Christean May Not Be In Game

ODESSA, Oct. 11.—With three regulars riding the bench, Odessa's hopeful Bronchos hit the conference trail in earnest tonight against Coach Pat Murphy's belligerent Big Spring Steers.

As the Bronchos stepped through a final light workout last night under the lights in Odessa, Coach Joe Coleman's lip was dragging. Three first-stringers, an end and two halfbacks, were nursing injuries that will keep them out of tonight's game.

Otis McKelvy, a fine pass-catching wingman, went out of the Lamesa game with two cracked ribs and is definitely on the shelf. Fred Christean, the Bronchos' No. 2 running threat at halfback, and Lewis Bewley, blocking back, are nursing badly sprained ankles. Christean received his injury in the Lamesa tilt, while Bewley was hurt in practice Tuesday.

The doleful situation was balanced somewhat with the appearance of Raymond (Pee Wee) Evans, boisterous 190-pound tackle, in practice. Evans will play some of the Big Spring game, coaches said, but not all of it. He received a peculiar neck injury in the opening game with Lubbock.

Otherwise things here looked about the same. Odessa still looked dubious distinction of being the underdog favorites. Riding at the top of the conference list with an opening win over Lamesa, the boys know tonight's game will determine one of the two conference SAA favorites.

The second favorite will come out of the Sweetwater-Midland tussle in Sweetwater, Midland slipped by San Angelo, the preseason favorite, last week 7 to 6, but Sweetwater at the same time showed an unerring amount of power in blasting Mineral Wells 19-0.

Keplers Begin Nat'l Carnival

Bowlers in all parts of the United States will begin pin spilling Saturday in the \$50,000 Red Crown Open Play Carnival, a brand new bowling event, open to men, women and teen-age keplers, which offers all classes of bowlers stars and beginners alike—equal opportunity at the 17,526 prize awards.

Six grand prizes of \$1,000 each will be at stake in the nationwide carnival, while the remaining 17,526 prizes will include cash, bowler's merchandise, trophies and certificates for free open bowling play.

The carnival is divided into eight weekly contests and six classes of participation. The remaining seven contests will run through consecutive weeks until December 7. Thousands of bowling establishments throughout the country have made the carnival available to their bowlers.

All one has to do to enter the carnival, according to the rules, is to bowl three or more games out of side of league play (that is, open play) and in the same bowling session. The total score of consecutive 3-game series must fall within one of the following six classifications: "Beginners", who score between 240 and 345; "Rookies", 360 to 405; "Juniors", 420 to 465; "Regulars", 480 to 525; "Experts", 540 to 585, and "Stars", 600 to 900.

Christmas Trees Used To End Tunnel Caveins

MOBILE, Ala. (UP)—Engineers on the Bankhead tunnel under the Mobile river here believe they have at last solved the problem of caveins.

They tried sandbags, then bales of hay, and finally brought in several carloads of Christmas trees—fir and cedar—in an effort to stop the caveins.

The trees seem to do the work and engineers hope to have the only vehicular tunnel in the south open for traffic this fall.

Belligerents Due To Be Even-Stephen

With the prospect of playing in the rain, Big Spring's Steer gridgers open their district race here tonight around 8 o'clock against the Odessa Bronchos. Finishing up an intensive two-weeks preparation with a skull practice yesterday afternoon, Pat Murphy's Longhorns, although weakened by injuries, will make what might be their strongest bid for SAA honors in this evening's duel.

Facing the Bovines will be a crew that has been riddled by losses because of wallops received last week in a game with Lamesa. Taking into consideration the loss of fulltime services by Hal Battiguard, and Horace Bestick, and Owen Brummett, halfbacks, the Murphymen will not have a great advantage over the visitors in the matter of first-stringers on the field.

Tonight's battle may be slowed because of a wet field, but because of an extremely thick turf, runners will not necessarily bog down. Aerial tactics will probably be hardest hit if the evening is rainy, but, since neither team has shown a strong inclination thus far in the season to indulge in a heavy airbit, the contest should be a good indication of what the belligerents will offer during the rest of this season.

Coach Murphy announced all regular starters will very likely be on the field for the initial kickoff. In last year's duel with Odessa, Big Spring was rated the underdog, but tonight will match two teams that have been listed about even. Odessa's win over Lamesa last week puts them somewhat in the lead as far as standing is concerned, but dopsters seem to be of the opinion that actual physical matters put the two on even ground.

Lefty Bethell's punting will be missed by the Steer aggregation this season, but stocky Iron Man Pete Presley, fullback, will probably make up for it with his powerful and shifty running attack. Presley will very likely bear the brunt of line-cracking and scoring-zone maneuvers. Two weeks ago at Lubbock he turned on steam that was able to wilt a strong Westerner forward wall.

Coach Murphy gives the opinion that, disregarding all injuries and past showings made by the Odessans, his Steers are due for a hard-fought battle, with the outcome very much in doubt. He has stressed that there are a great many rough spots on his outfit that might make it possible for Odessa to push across a winning score. There seems to be a minimum of underdog feeling among the players, although they are anything but over-confident.

With Frank 'Fat Boy' Barton at top condition in one guard job, Clifton Patton in full strength at tackle and Paul Kasch in stand-out form at the pivot, Big Spring is slated to have center-line rushes pretty well bottled. End-around maneuvers may offer some difficulty, although practice session performances do not make this very probable.

Due to get its initial tryout at Big Spring, the recently installed blocking recorder will be in operation. Red Womack, former Steer, is in charge of the showing.

Mr. and Mrs. Archie L. Whitlock have returned to Big Spring from Iraan where they visited their son, Bobbie Lee, and her parents, Mr. and Mrs. C. J. Aishman.

Scout Jack Gray this week warned the Longhorns, however, to discount the logical implications of that 29-27 score about 100 per cent. Oklahoma was ahead 29-69 he reminded them, in the last period, and there was never any doubt as to the outcome. Oklahoma A & M's rally started against second and third stringers and its last touchdown barely beat the gun.

The Longhorns worked early this week on their pass defense, which leaked badly at Indiana. D. X. Bible said the line played its best game for him—by far the best defensive line play since I came to Texas in 1937. He handed verbal bouquets to Guard Chal Daniel and Tackle Don Williams for leading the charge that stopped Indiana's game cold.

No Longhorn was hurt in the Indiana game and Crain came home in much better condition than when he left, having shaken a bad cold and worked off Colorado bruises. The only absentee Saturday will be Nelson Puetz, Jr., veteran halfback hurt in scrimmage last week.

The probable Texas lineup: Mike Sweeney and Malcolm Kutner, ends; Williams and Julian Garrett, tackles; V. D. Boney and Daniel, guards; Red Goodwin, center; John Gill, quarter; Crain and Noble Doss, halves; Pete Layden, fullback.

DIBRELLMEN SLATED FOR CRUCIAL TILT IN MERKEL

COLORADO CITY, Oct. 11 (Sp1).—Coach John Dibrell's Colorado City Wolves face one of their crucial games of the season when they meet the Merkel Badgers at Merkel tonight.

Both crews are rated as potential champions in District 6-A. Colorado City has top standing by reason of holding a victory over Loraine and Roby. Merkel is sharing second place with Loraine and Roscos, having tied the latter with the score of 6-4 two weeks ago.

Merkel's Badgers have used an airbit and power plays to a good advantage this year. The Colorado City Dibrellmen are due to make use of their tricky end-around maneuver tonight, having chalked up an impressive record throughout the season with the Halbacks Grubbs and Smith-End Wade combination.

Mentor Works Out 'Manhour' Plan

ATLANTA, Oct. 11 (UP)—Coach William A. Alexander of Georgia Tech has distributed a "man-hour" rating system under which he figures the Yellowjackets shade Notre Dame by one percentage point in advance hope for their game at South Bend Saturday.

Explaining his system, Alexander said: "Time missed from practice by injured players, 490 man-hours, total man hours for squad, 2,672. per cent: 18. "Since the cripples watched practice, can still see and learn, the coefficient in this case is 1-2 and therefore the true per cent of loss is nine. Notre Dame lost 10 per cent from a perfect rating when Pacific scored. "Pick Tech. Easy money. One per cent is a factor that can not be ignored."

Ill. U. Hopes To Give Shock In USC Fray

CHAMPAIGN, Ill., Oct. 11 (UP) Robert Carl Zupke, who works in football and oila, may unveil one of his famed surprise masterpieces Saturday afternoon.

The "Rembrandt of old Champaign," whose works of art on canvas are almost as widely known as his works of art on the gridiron, will send his Illinois football team against Southern California's Trojans. Illinois will be the underdog. And Illinois has been routed in its last two games with the west coast eleven.

All of which may set the stage for another of the upsets for which the wily "Zup" long has been famed.

Zupke wants to win this one. The puckish little mentor growled pessimistically today: "We hope to make a better showing than we did last year." (The score then was U. S. C. 26; Illinois 6.) On the other hand, Zupke's players feel confident they can take the measure of a team which has played ties with Washington State and Oregon State in its first starts.

Illinois chances for victory, aside from the psychological keying up, may ride largely on the shoulders of little Jimmy Easterbrook, who can run and pass. Against Bradley, Illinois completed 15 of 28 aerials last Saturday and won 31 to 0.

Valley View Quintet Downs Lenorah, 39-8

STANTON, Oct. 11 (Sp1)—Valley View Indians edged the Lenorah Longhorns with a score of 39 to 8 in the first basketball game this year for Martin county, played in the Stanton high school gym in Stanton Wednesday night.

Long Valley View shots piled up the score in the first half of the game so that the Lenorah quintet was never able to catch up. C. G. Keele, Valley View center, led the scoring for his club with a dozen baskets and one free toss. Keele scored 11 of his team's 23 in the first half of the game, came back in the second frame to score fourteen more for a total of 25 of Valley View's 39 points. Odell led the scoring for the Lenorah Longhorns with one basket and one free toss for a total of three points.

Starting line-ups: Lenorah—Wood and Saunders, forwards; Haggard and Odell, guards; Edwards, center. Valley View—Hopper and Baker, forwards; Clements and Standefer, guards; and Keele, center.

COACH ADVISES COLLEGES ON SIX-MAN FOOTBALL

AP Feature Service JACKSON, Tenn., Oct. 11.—Six-man football, Coach Frank Cheney of Lambuth college believes, is the salvation of colleges that find themselves unable to meet the high-pressure upkeep of the eleven-man game.

"Besides," he adds, "it's faster, there are fewer dangers of injuries, it's more of an open game and every position offers a chance for a boy to star."

Six-man football, Cheney contends, gives Mr. John Q. Fan a much-needed break. With so few players on the field, the spectator doesn't get lost in the confusion and pile-ups of intricate 11-man plays.

But there's no place for stunts on these abbreviated squads. Coach Cheney teaches his boys to block hard and make their tackles stick.

More Individual Responsibility "A man knows that if he misses there's usually no one to back him up," he adds. "With so few men there's no such thing as double blocking or decoys."

"The six-man game places much more individual responsibility on all positions than 11-man football. There's seldom any doubt about who should get the thanks or the blame on any play."

Testifying to Cheney's success with six-man football is Lambuth's 1939 record of winning all six of its games and scoring 192 points to opponents' 6.

Cheney estimates six-man football costs only half as much as 11-man football. The big savings are in equipment and travel expenses.

For schools where material is scarce, the six-man game answers the problem.

Disputing the general belief that it is purely a passing game, Cheney says most of Lambuth's points were scored on running plays.

Game Is Wide Open Six-man football is different from the parent game in a few essentials. The field is 20 yards shorter, 15 yards instead of 10 must be made in four downs and kicking for points pays double dividends. Both a touchdown and field goal count six points. On the point after touchdown, a kick counts two points and scoring on a run or pass but one.

One rule makes six-man football essentially a passing game. Before a player is allowed to run with the ball it must be passed, either laterally or forward. The ball must be thrown anywhere behind the line of scrimmage. All players are eligible to receive passes.

On the team are two ends, a center and three backs.

Radio followers of Southwest conference football will have their choice of six broadcasts to listen to on Saturday, five to be sponsored by the Humble Oil and Refining company and one on a sustaining basis.

First in point of time is the Humble company's broadcast account of the invasion by S. M. U. Mustangs of the fair of Pittsburgh's Panthers. The Humble company is sending announcers Dan Riss and Dave Young to Pittsburgh to broadcast the game to Texas listeners. Tune in on Station KRLD, Dallas, and KTRH, Houston. The broadcast begins at 12:30 p. m.

Two more Humble broadcasts take to the air at 2:20 p. m. From the Cotton Bowl in Dallas, the company will broadcast a description of the annual State Fair game between the University of Texas undefeated Longhorns and the Sooners of the University of Oklahoma. Cy Leland will handle play-by-play on this broadcast. Tex Casper by the color. It can be heard over radio stations KGKO, Ft. Worth; KXYZ, Houston; KTSB, San Antonio; KRIS, Corpus Christi; KRGV, Weslaco; KFDM, Beaumont; and KNOW, Austin.

The other 2:20 p. m. broadcast is the conference game between Baylor and Arkansas. Vex Box is making the trip to Fayetteville to broadcast the play-by-play description of this game to Texas listeners, with Tom Jacobs spelling him at the microphone. Tune in on stations WRR, Dallas; WACO, Waco; KTEM, Temple; and KABC, San Antonio.

At 4:20 p. m., Texas A. & M. partisans can tune in on WFAA-WBAP, Dallas-Ft. Worth; KPRC, Houston; or WOAI, San Antonio, for the Humble company's broadcast of the important intercollegiate game between the Aggies and the University of California at Los Angeles which will be played in Los Angeles' huge Memorial Coliseum. Kern Tipton has been sent to California by the Humble company to relay this game back to Texas listeners.

Saturday night, immediately following the president's address scheduled for 8:30 p. m., the Humble company will broadcast a description of the game between the Rice Institute and the University of Louisiana. Play-by-play on this game will be handled by Hal Thompson, assisted by Pat Flaherty on color. Tune in on KPRC, Houston; WOAI, San Antonio; WFAA-WBAP, Dallas-Ft. Worth.

Uncle Sam's Selective Service

The National Drawing

1. Q.—In what order will the registrants be considered for classification and induction into service?

A.—One of the basic principles of a selective service system is that all registrants shall be treated on an equal basis. The order in which individuals will be considered for classification and possible service will be determined by lottery—a national drawing.

2. Q.—Will each local registrant receive a definite number?

A.—Yes. After the registration is complete in each local area, the registration cards will be shuffled and a mixed before numbering. Each person will then be assigned a serial number, and a list of these numbers in each local area will be posted for public inspection. It is contemplated that there will not be more than 3,500 registrants in any single area, so the serial numbers will run from 1 to 3500 or less.

3. Q.—Will Number 1 in each area be the first called for classification?

A.—No. Numbers corresponding to the numbers in each local area—probably from 1 to 3500 will be placed in a container in Washington, D. C., and a drawing for service will take place. For example, Number 2875 may be drawn first, then Number 147, then Number 3033, and so on, until all numbers have been drawn. The order in which they were drawn will then be made into a code list.

4. Q.—Will the first number on the code list—say Number 2875—be the number of the first man in each local area to be called?

A.—No. To insure the most complete impartiality in the administration of the selective service act, another drawing will be held. This time only one number will be drawn—possibly by the president of the United States. This number might conceivably be Number 3033, and will be known as the key number. This will be the number of the first man called in each local area for classification.

5. Q.—After numbers have been drawn in the national lottery, what will happen then?

A.—A list of numbers, in the order in which the men will be called for consideration, will then be posted in each area so that all may know how soon he may expect to be called. Each man will then be assigned what is known as an "order number."

Odds 20 To 1 That The Young Man Won't Be Among First Group Called For Military Training

WASHINGTON, Oct. 11 (UP)—This bet-a-million land of bingo, poker slot machines, sweepstakes tickets, horse players, crap shooters and stock market gamblers is offering 16,404,000 young men a new sporting proposition:

Odds of better than 20 to 1 that they won't be among the 800,000 called by the army in the first year of the draft.

The books will be opened to take orders next Wednesday (October 16). Five to ten days later, a lottery will be drawn in Washington. There will be no tricks, no gadgets, nothing up the sleeve.

The drawing will be held in the capital itself.

Nearly every man in the country between the ages of 21 and 25 will hold a ticket good for a year's service in the army if his number comes up early.

Here's the way the lottery works:

All men of draft age will register at polling places or schools. Their registration cards will be sent to the county clerk, who will distribute them to local selective boards, located one to a county or one to each 30,000 of population.

The local boards, each of which will have not more than 5,000 cards, will shuffle them thoroughly and number them serially. Those serial numbers will be forwarded to Washington.

A copy of the numbers will be posted outside the board's office. Anybody may see them.

In Washington, a list of serial numbers will be made up long enough to cover the maximum length of any local board's list. Each number will be enclosed in a non-transparent, blue-lined capsule.

All the capsules will be placed in a big bowl stirred with a ladle. Some high official will be blindfolded to draw the first number. Other numbers will be drawn until all have been picked. The process is expected to take about eight hours.

As they are drawn, the numbers will be rushed to newspapers and radio audiences. From the drawing a master list will be made up to read as the following example:

Serial Number 135 is order Number 1. Serial Number 2056 is order Number 2. Serial Number 3359 is order Number 3.

And so on down the list. Serial and order numbers will be the same for every one of the 6,500 local board areas.

Any man who has taken the trouble to learn his serial number can learn almost immediately his order number. Those who receive low order numbers will be the first to be called to service, unless deferred for family, employment or other reasons. Men will be called to service strictly in the order of the lottery numbers.

Those who miss their numbers

in the newspapers or on the radio will find the master list posted outside the board's office within five to seven days after the lottery.

Those who receive low order numbers—within the first 250—should begin planning to leave home in 20 to 30 days in case of an army call, unless they have a reasonable belief they will be deferred.

No one will be informed of his order by mail. The first letter every man receives from his local board will contain a questionnaire to be used in determining his availability for service.

Failure to receive the questionnaire is no excuse for not answering it. Mailing dates will be posted outside the board offices, and it is every man's obligation to see that he receives his form.

Questionnaires will be mailed in the order of the lottery numbers at the rate of about 50 a day in the beginning. If you don't receive yours, telephone or visit your local board.

HAVEN—A tale of how an American helped in his escape from a French concentration camp, ahead of arrival of the Nazis, was told in N. Y. by Lion Feuchtwanger (above), German novelist. He finally reached U. S. on the Liner Excalibur.

ENGLISH TONIC—Plans of that war-time producer, Hitler, haven't interfered with Miss Joan Barnard, who has what she says is England's smallest tea shop, at Shakespeare's Stratford-on-Avon. She's still producing tea, for patrons.

VISITORS DAY IN U.S.A.—Included in first group of Central and South American officers being given a taste of Yankee hospitality are several men shown in capital. Left to right: Lt. Col. Enrique Peralta of Guatemala; Gen. Luis Castaneda of Colombia; Dr. L. S. Rowe, director general Pan American Union; Lt. Col. Eduardo Gomez of Colombian embassy; Col. John A. Crane, U. S. army.

HIS SECOND 50 YEARS—With a half century of coaching to his credit, Amos Alonzo Stagg, football's "grand old man," has begun his 51st year on gridirons. Here's the one-time Chicago mentor who's now coach at the College of the Pacific, talking to Halfback Dale Halbert in a game at South Bend, Ind., where Pacific lost to an overpowering Notre Dame, 25-7.

HAS HOUSEWARMING—To some 1,000 guests, invited by his "Come one, come all," newspaper advertisement, Harry H. Thaw (above) played host in Philadelphia house. Thaw, now 69, was defendant in the Stanford White murder case of 1906.

REVENGE WILL BE SWEET—"Just wait until Thanksgiving," warns Frank Miller, 4, as these turkeys on the Leon Miller farm near Liberty, Mo., chase him round and round the lot. The gobblers always stop chasing when the boy turns and faces them sternly.

Knute Rockne Film At Ritz

Football interest, which reaches a peak this weekend, what with the Ottawa-Big Spring game and major college tilts, is carried home in high fashion by the city's Ritz theatre, which is playing this weekend a saga of the great man of football, "Knute Rockne—All American." The picture plays Saturday night, Sunday and Monday.

Notre Dame sage and his performance is one that will never be forgotten. Lovely Gale Page plays the role of Bonnie, his wife. One of the many great All American football players developed by Rockne—the immortal George Glipp is played by Ronald Reagan. The wise priestly president of Notre Dame is played by Donald Christy.

Henderson; Owners of property abutting on East Third Street between the East City Limits and the East Line of Austin Street and owners of property abutting on West Third Street between the West City Limits and West line of Lancaster Street (on route of State Highway No. 1, through the City of Big Spring, Texas); and to all other persons owning property abutting on said portions of said Streets, or in any manner interested in such abutting property;

LEGAL NOTICE

WHEREAS, the City Commission of the City of Big Spring, Texas, by ordinance passed and approved on the 22nd day of June, 1937, ordered and directed that the following portions of East and West Third Streets, (same being the route of State Highway No. 1, through the City of Big Spring, Texas) within the City of Big Spring, Texas: From the East City Limits to the East line of Austin Street, and from the West City Limits to the West line of Lancaster Street, the lines of said Third Street be surveyed, established and adopted by the Highway Department of the State of Texas, as the route of said Highway No. 1 through the City of Big Spring;

LOOKS LIKE A BOMB SCARE—Five Washington State gridders hover about the football as anxiously as if it were a bomb about to burst in this shot from the Washington State-Southern California game that ended 14-14. The U.S. man (left) seems worried, too.

LEGAL NOTICE

And, whereas, the City Commission did in said ordinance provide that a portion of the costs of said improvements should be paid by assessments against abutting property and the owners thereof; and, whereas, said improvements have been completed and the total cost of such improvements was the sum of \$25,513.38 and the cost per front foot of said improvements on the portions of said streets was the sum of \$2.01, and said improvements have been made for in the amount just above recited by the City of Big Spring; and the City of Big Spring has heretofore found and now finds that a fair and reasonable amount per front foot to assess against said owners of property abutting said streets and the owners thereof, for the sum of \$1.77 per front foot of such property; and, whereas, by ordinance dated the 27th day of July, 1937, the City Commission of the City of Big Spring did provide for notice of hearing to the owners of property abutting on said streets with reference to the matter of assessment of a portion of the costs of said improvements against the owners thereof and after due and legal notice given of such hearing, did thereafter by ordinance passed and approved on the 12th day of April, 1938, assess against the owners of abutting property and against the owners of property abutting on said streets, the sum of \$1.77 per front foot of such property, and pursuant to such ordinance just above recited, assessment certificates to be issued as against such abutting property and the owners thereof, said assessment certificates being dated May 10, 1938.

And, whereas, it is found by the City Commission that a portion of said assessments are invalid or unenforceable, and the City Commission did by ordinance passed and approved on the 8th day of October, 1940, provide for the re-assessment of a portion of the costs of said improvements against such abutting property and the owners thereof, and the said prior assessments have not been paid, and by said ordinance ordered that a hearing be had on the owners of such abutting property and other interested persons on the 22nd day of October, 1940, and that notice be given to the owners of such property abutting on such portion of said streets and the owners thereof, and advertisement inserted at least three times in the Big Spring Daily Herald, such notice to be given by the Mayor and attested by the City Secretary. Said ordinance sets out and describes the property abutting on said streets and the assessments are proposed to be made and the owners thereof, and provides that the hearing should be had on the said 22nd day of October, 1940, at 8:00 o'clock P. M., in the City Commission room in the City Hall in the City of Big Spring, Texas.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE The projected axis offensive against Britain in the Mediterranean theater may be expected to develop quickly into a titanic struggle for control of this strategic area—a control for one of the foundation stones of the British empire.

Numerous small nations which now are non-belligerent are likely to be drawn in. Into this vast operation Hitler and Mussolini are bound to throw every ounce of power which they can muster.

This battle of the Mediterranean, as I see it, will break fresh military ground in that it will in its essence be a conflict between airships and warships—between the combined axis airfleets and the British navy.

Why? Because England rules the waves. Her domination of the waters of the Mediterranean is so complete at this moment that Italy can't even move troops or supplies to any great extent to her African possessions.

The axis must depend on its airpower, which is much greater than that of Britain, to counter this great naval strength.

LEGAL NOTICE

been purchasing the oil from A. W. Barron and John A. Parker and from the oil run reports to Plaintiff, delivered by the Big Spring Refining Company, there is listed on the report G. T. Hall as receiving part of the royalty check. On the report of runs received from the Col-Tex Refining Company by the plaintiff there is not listed any royalty being paid to the defendant, R. F. Scheig, and plaintiff believes that G. T. Hall has misappropriated the interest of said R. F. Scheig, but if same be a fact, no instrument appears in the abstract of title showing such conveyance.

That the defendants, Big Spring Refining Company, and Col-Tex Refining Company are made parties defendants for the purpose of effecting all parties effected by and interested in the oil and gas lease covering SE-4 of Section 44, Block 30, Township 1-North, T&P RR. Co. Survey, Howard County, Texas, as, before the Court, that they might assert their rights and that said rights might be fully established.

That the defendants, The Chase National Bank of the City of New York, Trustee, and The Equitable Trust Company of New York, predecessor trustee, are claiming some interest as set out in a certain deed of trust executed July 31, 1937 and filed for record July 28, 1938 and recorded in Volume 37, Page 481 of the Deed of Trust Records of Howard County, Texas, as said deed of trust being executed by the Cities Service Oil Company, a corporation, which said company owns in Howard County, Texas.

Plaintiff further alleges to the Court that under the oil and gas lease executed January 10, 1934 one oil well has been drilled and was a commercial well at the time of its completion, but that said well has not been produced for many months, and is not now being produced, and plaintiff alleges to the Court that said well has been abandoned and that no oil is being produced from said well. That the primary term of said lease has expired and no production being obtained from said lease for many months, plaintiff alleges that said oil and gas lease has terminated and is no longer in force and effect and is cancelled by its own terms and conditions.

Plaintiff further alleges to the Court that whatever interest any of the aforementioned defendants might have had on account of the oil and gas lease executed January 10, 1934 and recorded in Volume 89, Page 130 of the Deed Records of Howard County, Texas, has ceased to exist and that whatever claims the aforementioned defendants might now assert on account of the aforementioned instruments of record in the County Clerk's office of Howard County, Texas, regarding and relating to the said oil and gas lease executed January 10, 1934 and recorded in Volume 89, Page 130 of the Deed Records of Howard County, Texas, have ceased to exist and that whatever claims the aforementioned defendants might now assert on account of the aforementioned instruments of record in the County Clerk's office of Howard County, Texas, regarding and relating to the said oil and gas lease executed January 10, 1934 and recorded in Volume 89, Page 130 of the Deed Records of Howard County, Texas, have ceased to exist and that the cloud be removed and cancelled and plaintiff's title to her undivided 1-4 interest in all of the minerals covering the SE-4 of Section 44, Block 30, Township 1-North, T&P RR. Co. Survey, Howard County, Texas, as and plaintiff prays that all of the aforementioned instruments effecting the oil and gas lease covering the SE-4 of Section 44, Block 30, Township 1-North, T&P RR. Co. Survey, Howard County, Texas, be cancelled and declared of no force and effect; and that the cloud cast upon the plaintiff's title to the mineral interest in the SE-4 of Section 44, Block 30, Township 1-North, T&P RR. Co. Survey, Howard County, Texas, be removed and cancelled and plaintiff further prays for costs of suit and for such other and further relief, both special and general, in law and in equity, to which she may be justly entitled, and in duty bound will ever pray.

Herein Plaintiff has before said Court at its next regular term, this writ with your return thereon, showing how you have executed the same.

Issued and given under my hand and seal of said Court, at Big Spring, Texas, on this 28th day of September, A. D. 1940.

W. S. MORRISON, Clerk, District Court Howard County, Texas.

The Road To Shani Lun

(Continued from Page 8)

tains—solemn sentences of mystic import meant to raise the mind above captivating illusions. The chanting faded away; a rapid gesture symbolizing the void fluttered among the assemblage.

Lynn had unconsciously raised her face until the light shone full upon it. She heard a swift intake of breath at her side. Dick was staring at the native officer.

"Temu Darin!" he gasped.

But the soldier was not looking at Dick; his piercing amber eyes had struck fire from Lynn, his calm incredulity changing to the shock of intimate recognition as if she were known to him. Then swiftly, his expression took on a flare of angry comprehension, for he had seen Dick.

A ragged pilgrim screamed, pointing a bony finger in Lynn's direction. It was the evil-looking Mongol of the missing car. He shouted a native phrase that was thrown back and forth among the crowd. Excitement caught like panic in a herd of milling cattle. Demonic tumult broke loose.

Dick struggled frantically to open the door behind them and succeeded just as the tall officer, knocking men right and left, reached their side. Strange words passed between him and Dick.

The door slammed and Lynn and her brother were on the outside and running. At the gate the lama guard recognized them, accepted more silver from Dick and rushed them up the narrow stairs into the gate-house above.

"Safer than crossing the field to the village just now," Dick panted. But the monks searching for them did not follow. Lynn watched from the upper window. The noisy crowd was spilling from the temple and hanging close together before the portico. The saffron-robed Shercock Fuyeh stepped forth in the moonlight, lifted his hands, and spoke a few words, at which the lamas scattered to their dormitories at the rear of the park.

Ranges Remain In Fairly Good Shape

AUSTIN, Oct. 11 (AP)—Texas ranges were in fairly good shape in September, cattle were in good condition and sheep were in unusually good flesh, the U. S. agricultural marketing service reported today.

The service said range conditions declined more than average last month but most districts had a good supply of range feeds.

In fine shape in all districts, cattle were expected to go into the winter in better than average flesh. Sales and shipments of feeder cattle were heavy last month and the demand was still good but the supply was limited.

Feeder lambs were moving out at heavier weights than last year.

Here 'n' There

F. P. Woodson, who operated a filling station and ice business at Coahoma, writes poetry for a hobby. Currently his output is of a political nature, slightly partisan on the democratic side. One of his pieces is dedicated to the president, recalling his accomplishments since 1932 and raising the question of "what are you yelling for G. O. P.—There's going to be four more years of FDR, you see." Another, hardly complimentary to Bro. Wendell Willkie, refers to him as—"a republican democrat. Who wants to be pres, you can bet on that."

Joe Robert Myers, who will be remembered as the young man who beat the snare drum in the high school band with a great deal of spirit for several seasons, is doing right well at John Tarleton college. At band functions in football games these year, he has had drum solo parts. Joe Robert is son of Mr. and Mrs. J. A. Myers.

Wags around town are quoting Mr. Cohen in a conversation with King George of England to this effect: "King, if I was you, I'd put Canada in my wife's name." Which calls to mind that another of the same extraction said he was neutral on the Hitler question—he didn't care who killed him.

Forrest McDuffey of Fort Worth spent Wednesday and Thursday here on business for American Airlines. He is a former resident of Big Spring and was en route to Abilene.

Something new in the way of uniforms are the blue monk cloth dresses that the Settles hotel elevator girls are dressed up in these days. The dresses are smart-looking and harmonize with the blue uniforms of the bell boys.

Coahoma folks are beginning to wonder if there's anything to the rumor that work on the WPA road job from Coahoma toward Vincent will be shut down until next year. There isn't, but it may be that long and longer before topping out and the dust menace, chief cause of the wonderment, is permanently cured.

Tells Of Memorial Trip To Alaska

Speaking on the Wiley Post-Will Rogers Memorial Expedition, Wilmer Sims of Abilene was guest of the American Business Club Friday noon at the Crawford hotel. Sims told of the expedition that in 1938 went to Point Barrow, Alaska, and set up a memorial stone to Wiley Post and Will Rogers on the spot where their fatal airplane crash occurred in August, 1935.

Securing the aid of the interior department, the memorial stone from the city of Claremore, Okla., Rogers home town, and selling envelopes postmarked from Point Barrow on the memorial day, August 10th, to stamp collectors and making up the rest of the deficit themselves, Sims, Roy Curtis, Clarence Lee, Homer Killens and John Kayser made the trip in their boat.

He told of the life and custom of the Eskimos and of the experience they had in their four month trip.

L. L. Spears, also a guest, made a short talk. Dr. J. M. Woodall and Dick Hitt were in charge of the program.

A board of governors meeting from Monday night at 7:30 o'clock at the Crawford hotel was announced.

Victoria Station Hit By Raiders

BERLIN, Oct. 11 (AP)—London's Victoria railway station was hard hit in last night's raids, and numerous big fires were set in central London, north of the Thames, DNB, official news agency, reported today.

The bombardment of London and other centers of south and middle England continued today, the agency said, and at Ramsgate, off the Thames estuary, a coastal patrol ship was bombed.

Collection Shortage, Not Excess Spending, Puts City Fund Down

Commenting on a news story of the city's September statement which attributed low ebb of the general fund to poor collections on paving in the face of under-running budget estimates substantially for the street department, city officials Friday explained that it was under-collecting and not over-spending which was responsible for the general fund's comparatively small balance.

Where the street department expenditures not under budget estimates, the balance picture might be worse, it was pointed out.

Had collections been up to expectations on paving, the balance would have been at least \$8,000 higher at the end of the month, according to municipal figures.

At the outset of the fiscal year it was estimated that collections would total \$8,000 on delinquent paving accounts and \$30,687 on accounts under construction and to be built. Actually, only \$1,945 in delinquent accounts have been paid and \$12,421 in current accounts. This shows \$14,371 collected against an expectation of nearly \$20,000 for the first half of the year.

In all, the city has more than \$28,000 out in paving funds, money frozen for use in further paving or other city work.

CRASH KILLS THREE

BATON ROUGE, La., Oct. 11 (AP)—Three men were killed today when a station wagon and truck were in collision near Livonia.

They were identified by state police as James Minehart, 21, Mason, Ohio, who died of a fractured skull enroute to a hospital here; Ben Eisenberg, 30, of Oklahoma City, and Bert Cole, 32.

NEW NAZI-SOVIET PARLEYS SLATED

BERLIN, Oct. 11 (AP)—The authoritative commentary Dienst aus Deutschland asserted today that new German-Russian conversations would be held soon at Moscow and took occasion to deny that there was any conflict between soviet interests and the recent pact of Germany, Italy and Japan.

"So far as territorial problems are concerned it is pointed out in Berlin that the soviet union would be able to procure solid political and commercial advantages through new relations to the reich," the service said.

The new Moscow conversations concern the semi-annual trade balances of Germany and Russia and their relation to new Russian territories in the Baltic—Lithuania, Latvia and Estonia—and to Bessarabia, ceded by Rumania.
