EASTLAND, TEXAS, TUESDAY, NOVEMBER 16, 1954

Judge Names Woman On Jury Commission

ced that the jury commission for the selection of Grand and Petit jurors for the December term of lieve it will prove effective in the at least one woman on it. thereby trials." recognizing and putting into effect the recent Constitutional amendment providing for women to sit on Grand and Petit juries in

The Jury Commission will be appointed by Judge Collie in the near future and will meet the latter part of November. He has not determined yet who the woman will be to sit on the commission, he said Tuesday.

in making the announcement, dge Collie stated:

"The Constitutional Amendment providing for service of wo- teria. men on juries will become effective on November 19. The amendment will be put into effect in this court at the December term, which convenes on December 6th. Juries for the October and November term were selected in September so it will not be possible for women to serve before the December term.

"Under the provisions of the amendment, women are to serve

Sunday Rain Measurement Here 1.73

A slow falling rain that lasted from early morning to late at night left all sections of Eastland County with more than an inch of rain Sunday, and many areas reported up to two inches.

In Eastland, the official gauge read 1.73 inches. Cisco reported 1.52 and Ranger 1.90. Olden,

Added to the 1.28 inch rainfall gave Eastland a reading of 3.01 showed was the C.H.S. spirit. inches during the past two weeks.

by the thirsty crop and ranch land.

Carbon Grid **Team Honored** At Banquet

CARPON (TNS) High School Pep Squad honored the football boys with a banquet Saturday night in the school cafe-

The cafeteria was decorated with pennants, replicas of footballs and the school colors of white and blue for the annual affair. The banquet was highlighted by a talk by Dr. Albert Lunday of Hardin-Simmons University and movie of a H-SU game.

Dr. Lunday urged the students to continue their education after finishing high school.

Henry Mullins, school superintendent, gave the invocation and Thelda Phelps, head cheer leader, served as toastmaster. She expressed "the pleasure" she had serving as cheer leader and the regret she felt in knowing she would not be back next year. Sue Byrd welcomed the team, the coach and other guests present.

Jerry Payne, one of the senior football boys, responded for the team by telling how the boys and their coach had looked forward to the occasion.

Leta Norris, sophomore cheer leader, and Nancy Norris, fresh-man cheer leader, assisted by their sister, Mrs. Pat Collins, sang "Goodnight Sweetheart."

Gorman Carbon and Desdemona the team, gave a toast to the per squad and thanked the girls for the support they gave to the team of last Tuesday, the measurement this year. He said the spirit they

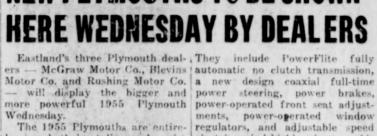

Madeline Justice, junior cheer The rain was reported to be leader, responded by saying if the very beneficial since it came as girls had that spirit, it was bea steady fall and was soaked up cause they got it from the boys.

PLYMOUTH

For 1955

Plymouth is powering its all-new 1955 cars with the most modern engines yet developed for passenger cars.

The 1955 engines are a 117-horsepower PowerFlow six, a 157-horsepower Hy-Fire V-8 and 167-horsepower Hy-Fire V-8. The latter engine also is available with a special power package. It consists of four-barrel carburetor and special intake manifold which increases its horsepower to 177.

All engines are available on all three of Plymouth's 1955 lines-Belvedere, Savoy, and Plaza. All are available with PowerFlite fully automatic transmissions or with Plymouth's Synchro-Silent three- speed, manual shift transmissions. Overdrive is available with three-speed transmissions.

It's a pleasure for your three Eastland Plymouth dealers to be able to show you such a beautiful car. For the 1955 Plymouths are entirely new, both in styling and engineering detail. They are lower, longer and wider than previous Plymouth cars.

The 1955 line is made up of 12 models, including for the first time four-door versions of the Plymouth Suburban, the all steel body "station wagon" type car which Plymouth pioneered in 1949. Believe us Eastlanders . . . This year you will want a Plymouth.

It's Entirely New!

Expected To Rise Sharply In 1960

College Increase

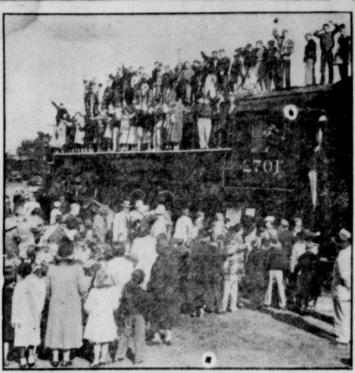

COLLEGE STATION, Texas (Spl.)-College enrollment will remain relatively stable in Texas until 1960, when it will begin to rise rapidly, the Southern Regional Education Board, in its latest printed report, received at Texas A. and M. College, reveals. The report is titled "Future School and College Enrollments in the Southern Region."

"We expect Texas to have about 215,000 to 225,000 college students by 1970, or 90,000 more than the 1952 enrollment. For every four college students on Texas campuses today," the report shows, "there will be seven

"The cumulative effect of hese successive increments in the educational load will be reflected most dramatically in the graduate schools. We believe that good will and reputation of the protection in the courts, such reg- there may very well be as many company. To choose a distinctive istration does afford substantial as 250 per cent more graduate students in the South in 1970 than we had in 1970."

Enrollment at all educational evels will rise impressively in selected, it may then be properly -not to advise. No person should Texas during the next 20 years, used in connection with the goods ever apply or interpret any law it is pointed out. At the college

Factors which will tend to increase college enrollment in the change the application of the law.) state between now and 1970 include the projected growth of about 100 percent in the number J. W. Ashley went to Sanger of high school graduates and of

LOCOMOTIVE VALHALLA—Most steam locomotives considered obsolete go to the scrap foundry, but this Class K4 Kanawha high-speed freight hog has found a final resting place in La Salle Park, Buffalo, N. Y. Donated by the Chesapeake and Ohio as a monu-ment to the age of steam which helped make Buffalo the nation's second largest rail center, it will be on permanent display for the enjoyment of oldsters and the amazement of a generation which is more familiar with the diesel locomotive. Built in 1943, the quarter-million-dollar locomotive is 105 feet long, weighs 425 tons with loaded tender and has pulled as many as 160 loaded coal gondolas at one time during its years of service.

ANNOUNCING CHRYSLER FOR 1955 WITH THE 100-MILLION-DOLLAR LOOK

It's HAPPENED! Here's a wholly new direction in automotive styling for all cars to follow. And it took Chrysler for 1955 to do it: America's top performer and the first in the coming generation of motorcars! Come see it! Everything about it is completely new, and dramatically different. Here's the car with the 100-Million-Dollar Look . . . and when you own it and drive it, you'll feel like every million of it!

Chrysler for 1955 is long and sinewy and low. It's a sleek, clean length of steel that looks as if it might have been born in a wind tunnel. Washed free of clutter. Purposeful as an arrow shot from a bow! New front-end . . . you can spot/it a mile away! New Super-Scenic sweptback wind shield . . . with corner posts that slant back to allow safest possible vision. New tapered rear deck. New sweeping silhouette that's inches lower than other big cars. New Twin-Tower tail-lights that say "Stop!" with great authority. New PowerFlite Range-Selector on the dash that completely outmodes conventional levers on the steering column. And new fashionforecast luxury interiors that surpass in color and richness anything you've ever

Come drive it! Every Chrysler is now a V-8

-with engines up to 250 HP, the most powerful type in the world. Famous Chrysler engineering brings you Power-Flite, most automatic of all no-clutch transmissions, Full-Time Coaxial Power Steering and new double-width pedal Power Brakes. Plus new tubeless tires! Everything is here you need . . . to drive, as well as look, ahead of all others. Come see America's most smartly different cars today. See for yourself why now, more than ever, the power of leadership is yours in a Chrysler.

Nimrods Warned On Shooting Of Spike Bucks

AUSTIN - The Director of Wildlife Restoration for the Game and Fish Commission relayed a field report warning deer hunters against mistakenly shooting spike bucks, which are illegal.

Bob Ramsey, Wildlife Biologist, found in surveying herds for the antierless deer season in overpopulated areas of Gillespie, Maon and Llano counties that spike bucks comprised 41.2 per cent of all bucks counted.

"Deer hunters should stand cautioned that on the opening day almost every other buck seen will be an illegal spike," wrote Ramsey o his Austin headquarters. "As the season progresses, the percentage of spikes will skyrocket because of the shooting of the adult bucks, and that will call for ncreased vigilance on the part the hunter

A legal buck deer is officially lescribed as one with a pronged or forked horn.

Ramsey said biologists working n the area believe there are several reasons for the high percentage of spike bucks in the woods this fall. He wrote: "Last year's fawn crop was exceptionlly large, with a high rate of surival. Also the kill of legal bucks furing the 1953 season was unisually high, cutting down the carry over of bucks this year. Another factor contributing to the large number of spikes is the drought which has prevailed over most of the Hill Country for the past year or years, as is the case Bucks adorned with eight and en-inch spikes would normally have from three to eight point when the proper foods are available. Poor food conditions produce poor antler growth, just as an abundance of high quality deer food will produce larger antler
