The good old fashioned black, long handled kind of skillet which is still in use around some kitchens, especially by those who clamor for a would be smart rural address and have found a few in grandma's smoke house-and better food than Grandma cooked in those old skillets is hard to come by but-as things go nowwhat with a plug for every cooking contrivance, Ready Kilowat just can't abide some of the old time receipe's-and it looks like the, Zeta Pi's of Beta Sigma Phi have thought up a whilpool of an idea on the new and improved methods of getting our vituals, simmering hot and appetizing in half the time and no effort at all compared with Gramma's.

Eastland has been on the "buzz" for a week or two and it is amazing what a dozen young women can whip up for public interest in so short a time. Just blink your eyes at the register list on their Frogram for the Culinary Art School-It's been many a day since we have had so many distinguished guests in our city for one function-and lets sweep up the square for the visitors that will be coming our way.

FATHER OF BETA SIGMA PHI-Art Johnson says that his one big heart throb in Eastland has been the success of Beta Sigma Phi. The first chapter, Zeta Pi, was organized at his house in (1946) under the direction of Mrs. Conard Reeves, then a member at large. With the support of Pat Hodges Pittman, Mrs. Reeves called a group of young women together who might feel the interest of such an organization. Mrs. Johnson was named sponsor-director and has served as such through the years. Sorority members and their families have endeared themselves to Art Johnson and he in turn gives it his most loyal support in

Your Dollars Bring Truth and Hope Behind the Iron Curtain

FREEDOM IS NOT FREE!

Your dollars are needed to keep RADIO FREE EUROPE on the air!

.............................

In a scant few years, the spirit of these Czech children may be broken . . . crushed by the never-ending avalanche of Red lies, restrictions and distortions. A great hope remains for them and for the free world: the 29 powerful truth transmitters of Radio Free Europe. They broadcast the news as it really happens, destroy Red distortions, renew

hope that freedom will one day return. But freedom is not free. Your dollars are needed to help operate Radio Free Europe, pay for its supplies, announcers, political analysts... keep its transf mitters on the air. Freedom is not free! Send your truth dollars today to Crusade for Freedom, care of your local Postmaster,
