MOORE about... EASTLAND by Virgil E. Moore

Americans are great believers in holidays. Once a year they celebrate the last Thursday in November, but for reasons which are hard to determine, few give any thanks at all.

It seems reasonable to believe that folks lucky enough to live in Eastland County should be thankful. Too often, however, offer nothing but unconstructive criticism.

We laughed as hard as the next guy when we first heard the old saying that if a man can make a living in Eastland County he can get rich anywhere else in 30 days. We hear a lot of talk like this, but most of it comes from natives, not from citizens who have moved into the county in recent years.

As an outsider who moved into Eastland, we think sometimes we can appreciate this city better than some of you oldtimers can. Eastland has many things of which its citizens should be proud. It has a wonderful call-

Kincaids Are Guest Speakers At Rotary Club

The aim of Eastland County turkey growers is to get turkey "on your table the year 'round," Don Kincaid, turkey grower, told Eastland Rotarians Monday.

Kincaid, and his wife, were guest speakers at the noon luncheon of the club, held in the White Elephant restaurant.

Mrs. Kincaid, Texas turkey queen, sang a self-composed song about turkeys for Rotarians, and Kincaid gave a brief history of the turkey. He pointed out in his talk that turkey growers do not depend on the government. And he said that last year Eastland County was the largest turkey producing county in the state.

Harelik's To Open Friday

Harelik's, Inc., Eastland's new, modern department store, will open for business here Friday at 9 a.m., Louis Harelik, manager, announced today.

In announcing plans for the opening of the large store, which is located at 212 West Main in the store formerly occupied by J. C. Penney, Harelik revealed a long list of prizes to be given away Friday and Saturday.

This year he headed Comanche's United Fund drive and is immediate past president of the Comanche Chamber of Commerce.

Harelik, a World War II Army veteran, was active in Little League and Cub Scout work in Comanche and in the past has been a member of the Jaycees, V.F.W. and the American Legion.

The new department store will be completely departmentalized and will feature top brand names. The store has been remodeled throughout.

Cost of Setup Is Given by Official

In answer to demands of citizens and civic leaders in the tri-city area, a plan has been presented to permit calling between Eastland and Ranger and between Eastland and Cisco without long distance telephone charges.

The Extended Area Service plan was submitted to city councils in Eastland, Ranger and Cisco by W. H. McAnally, manager, and Bill Bass, district manager for Southwestern Bell Telephone Company.

Long distance rates for calls between Ranger and Cisco would not be changed.

"In making our Extended Area Service studies, we found the heavy calling was between Eastland and Ranger and between Eastland and Cisco," McAnally said.

"We feel the plan we have submitted is the only economical method of providing the service people of this area have requested," he added.

The plan would almost triple the number of telephones in Eastland's local calling area.

At present, long distance rates between Eastland and Ranger and Eastland and Cisco are 35c for a three-minute person-to-person call and 15c for a three-minute station-to-station call.

The cost of providing Extended Area Service for Eastland, which would eliminate these long distance charges, would be \$4.50 for two-party lines; \$5.75 for a residence one-party telephone; \$12.25 for business service; \$4.25 for rural residence and \$9.25 for rural business service. These rates would be subject to the 10 per cent Federal tax which the telephone company is required by law to collect.

Dial telephone rates to become effective at the time Eastland is converted from manual operation were approved some time ago. These rates are \$9 for business service; \$5 for private line residence and \$4 for two-party service.

This means Eastland two-party residence service would only increase 50c monthly; one-party residence would increase 75c a month.

business service would go up \$4.25 per month.

"This is a small increase in relation to the value of Extended Area Service, which would almost triple the number of telephones (Continued on Page Two)

Yule Lights... Go On Tonight

Eastland's Christmas lights will go on for the first time this year Thursday night.

The traditional Christmas decorations, featured by a 10-foot high star on top of the Courthouse, are always turned on Thanksgiving night here.

Texas Electric workmen completed the job of installing the lights last week and all it will take is a flick of the switch.

Gray Matter

By JOE GRAY

It looks now as if one of the greatest bulwarks of our American way of life will soon be changed. It won't happen next year, or the next, but it will probably happen within the next few years. That is this: The University of Texas and Texas A&M football game, the traditional Thanksgiving Day game for the Southwest, will probably move to the Saturday after Thanksgiving.

Although this game has been played on Thanksgiving for as long as most of us can remember, if not longer than we can remember, A&M and Texas have played an Thanksgiving.

Actually, it is because of this game that the Southwest conference schedule has its present appearance. The conference schedule was built around this Thanksgiving day game. No other school in the conference schedules a game on this day.

The A&M-Texas football series is the oldest in this section. They started playing one another in 1891 and have played 64 times since, although they haven't played every year, but some years they played two games. Since the Southwest conference was formed they have only played once a year though.

During the years when the Federal Government tried to change "Thanksgiving," which was one of the errors of the Roosevelt administration, the A&M and Texas game was still played on the actual or real Thanksgiving; the original Thanksgiving according to the calendar when it was established.

In fact this game has been used

The Boy Scouts will receive \$1800, the Red Cross \$1750, the YMCA \$1500, the Salvation Army \$900 and the USO \$350. In addition to these five agencies, the Girl Scouts, a newly formed local group, will receive a gift from the fund apparently. The Board of Directors voted earlier to contribute to the Girl Scouts if the goal was exceeded, and Potts said Wednesday the goal had been topped.

Potts paid special "Thanks" to volunteer workers. He singled out members of the Advance Gifts Committee, Billy C. Frost, Virgil Seaberry Jr., Tom Wilson and Frank Sayre, and team captains, W. L. Pilgrims Would Be Shocked If They Knew Thanksgiving Day Is Honored

The Pilgrims would have been shocked to their shoe buckles on Dec. 13, 1621, if they had known that their day of thanks was to become a yearly national holiday celebrated by millions of people in the United States and Canada.

For the Pilgrims were dead-set against "annual" holidays, and refused to celebrate Christmas and Easter.

According to research experts with The World Book Encyclopedia, the Pilgrims referred to the religious holidays of the Church of England as "Roman corrupt-

ions." They believed in celebrating only when Providence granted them a particular blessing.

As if to prove their disdain for yearly calendar-fixed celebrations, the Pilgrims did not have a thanksgiving celebration the next year. However, other New England colonists picked up the idea and held "thanks days," usually around the end of November.

The Pilgrim-inspired holiday is today a joyous family day celebrated with big dinners and happy reunions, but the history of the holidays in the United States has been fraught with argument.

In 1789 a resolution was presented by a member of the Congress proposing that a day be set aside to give thanks for the Constitution. The resolution was finally adopted, but there was much opposition by those who believed

the Federal Government was meddling in a matter that should be the concern of the individual states. Thomas Jefferson called such Government proclamations a "Monarchical practice" and ignored thanksgiving during his eight years in office.

Mrs. Sarah Hale, editor of Goddard's Lady's Book, worked for 30 years to promote the idea of a national thanksgiving day. Mrs. Hale had a double-barreled attack—she printed editorials promoting the idea and also included tempting recipes for Thanksgiving delicacies.

In 1863 Lincoln proclaimed that the last Thursday in November would be Thanksgiving Day. Each year afterward, the President of the United States formally proclaimed that Thanksgiving should be celebrated on the last Thursday of November.

However, some descendants of the original New England Puritans refused to observe the holiday, claiming that Thanksgiving should be inspired by the Deity, not by

politicians.

The most recent Thanksgiving controversy arose when Franklin D. Roosevelt switched the date of the holiday from the fourth to the third Thursday in November. He hoped to help business by making the shopping period longer between Christmas and Thanksgiving.

Newspapers and magazines carried editorials advising readers to ignore the President and some Governors flatly advised their states to celebrate Thanksgiving on the traditional day. Three years after the change was made, Congress officially restored Thanksgiving to the fourth Thursday.

In view of this stormy history, it might be well to have a thanksgiving to give thanks for Thanksgiving.

Homemade Chocolate Candy Is Tempting Gift

BY DOROTHY MADDOX

Nearly everybody likes to receive homemade chocolate candies—particularly when they are brightly and cleverly packaged.

Here are recipes using semisweet chocolate morsels, ideal for delicious and attractive-looking candies.

EASY HOLIDAY FUDGE (Basic recipe. About 1 1/2 pounds)

Two 6-ounce or one 12-ounce jumbo package (2 cups) semisweet chocolate morsels, 3/4 cup sweetened condensed milk, 1 tablespoon water, 1 teaspoon vanilla.

Melt semisweet chocolate morsels over hot—not boiling—water. Remove from heat. Combine condensed milk, water and vanilla. Add to chocolate; stir until smooth and satiny. Do not beat.

Spread in greased, 10x5x3-inch pan, or drop by teaspoonfuls on waxed paper-lined cookie sheet. Chill until firm.

VARIATIONS

Fudge Rounds: Chill until firm enough to handle. Form in balls. Roll in sugar, either plain or flavored with cinnamon or quick chocolate flavored mix.

Sugar Plums: Chill until firm enough to handle. Form in balls. Insert a blanched almond in each "plum," wide-end up.

NUT-MALLOW FUDGE (About 1 1/2 pounds)

Three-quarters pound (48) marshmallows, 1/4 cup butter or margarine, 1/2 cup water, 1/4 teaspoon salt, one 6-ounce package (1 cup) semisweet chocolate morsels, 1 teaspoon vanilla, 1 cup chopped nuts (optional). Combine marshmallows, but-

Christmas gifts of mouth-watering, homemade chocolate candies take on added attractiveness with clever packaging.

ter or margarine, water and salt. Bring to boil over medium heat, stirring constantly. Boil one minute, stirring constantly. Remove from heat. Add semisweet chocolate morsels, vanilla and nuts; stir until smooth. Pour into greased pan, 10x5x3 inches. Chill until firm.

Suggestions for packaging: Use a decorative skillet that will make a wall plaque later; a "dustpan" that is really a wall plant holder; fill a divided dish, and a handsome basket with your confections, swathed in cellophane.

Special Appeals For Funds Are Made During Thanksgiving Season

During the Thanksgiving Season each of America's three great religious faiths—Catholic, Protestant and Jewish—is making special appeals for funds and materials with which to carry on world-wide programs of assistance to hungry, homeless and destitute people abroad.

Protestant churches, in individual and community services and other efforts, are emphasizing the Share Our Surplus program of Church World Service to finance free distribution of U. S. surplus food commodities to the undernourished.

Coincidentally, Catholic churches are stressing The Bishops' Thanksgiving Clothing Collection of Catholic Relief Services with a goal of ten million pounds of good used clothing for distribution to refugees and other victims of need in scores of distress areas.

And the United Jewish Appeal, as the instrument of American Jews, currently is asking aid for reconstruction and rehabilitation programs for recent refugees and other needy people abroad.

In fighting poverty, disease, hunger and homelessness at the individual level, these programs of our religious faiths make a vital and unique contribution to peace, strengthening the bonds of spiritual brotherhood between Americans and their neighbors abroad.

From these specific efforts for which support is asked and through other of their programs, our religious overseas relief agencies minister to many millions of victims of war, famine, disaster and aggression, distributing hundreds of millions of pounds of food, clothing and medicines to needy and hungry people in virtually every free country of the world, supporting orphanages, clinics, hospitals and many programs of rehabilitation.

Operated to a great extent abroad through dedicated voluntary assistance, the relief programs of our religious faiths actually account for more than 80 percent of all of America's voluntary overseas relief efforts and are carried on at lowest possible cost.

In their 1958 free distributions of U. S. surplus foods, for instance, the religious agencies' shipments abroad will approximate a billion and a half pounds of agricultural commodities at a ratio of more than 300 pounds of food for each \$1 of contribution.

As Americans respond through their houses of worship to the current overseas aid appeals of their religious faiths, they are indeed acting in the true spirit of Thanksgiving Day.

And for those in distress abroad to whom they thus make assistance possible they will be making every day in the year a day of thanksgiving.

Junior Tri-Hi-Y To Sell Candy

Members of the Junior Tri-Hi-Y made plans to sell candy at their meeting Monday evening in the Y building.

The proceeds will be presented to the Eastland Memorial Hospital Auxiliary.

Kay Morton, president, presided over the meeting. Toni Horton led the group in saying the Lord's Prayer. The minutes of the previous meeting were read and the treasurer presented her report.

Mrs. Tip Arther spoke on "American Education — why?" and explained how the school health program is set up Tuesday afternoon at the South Ward Parent-Teachers meeting held in the school auditorium.

"Vision screening test will be given the students each year and an accumulative health record will be kept on each child from the time he enters the first grade until he graduates," Mrs. Arther explained. She stated that hearing and dental exams were among the future plans for the students. Mrs. Arther urged all parents to see that their children got their immunization booster shots and

said that there had been no plans made for the school to give immunization tests.

In discussing the vision tests, Mrs. Arther, nurse for all Eastland county schools except Cisco, said the children would be tested for near-sightedness, far-sightedness and stigmatism. She said that children are normally far-sighted and if the tests proved that a child needed glasses, the parents would be notified.

Mrs. Arther was introduced by Mrs. Kay Pool, program chairman.

The fourth grade, under the direction of their teacher, Mrs. Betty Cooper, presented Robert Browning's "The Pied Piper." Toni Connell opened the program with a poem "Just as Every Child Should Be" before Marilyn Huckabee, mistress of ceremonies, introduced the cast. Well, everyone is pretty happy on the hill this week as there are only three days of school because of the Thanksgiving holidays. Some are going out of town for the occasion, but most of us are staying here to stuff on turkey and dressing all week-end. There will be a Thanksgiving dance given by the Socialite Club at the American Legion Hall Friday night at 8 o'clock, and a midnight show at the Majestic Theatre Saturday night at 11:30. Everybody be sure and come.

The first basketball game of this season will be held this week in Comanche. The "B" team will play at six, the Mavericks at seven, and the Mavericks at eight. From all indications, good teams are expected in all departments this year. The girls have been working out since the first of October and the boys began practice last week, but in spite of the

briefness of the work-outs, they look good and should bring back a victory from the Indians. The seniors of EHS had their pictures taken this week for the annual. As the "Underclassmen" had theirs made at the first of the year, this completed the class pictures for "The Mavericks" which will be completed in the spring. Well, that's it until next week.

Church of Christ, Scientist, Plans Special Service

Spontaneous expressions of gratitude for God's goodness will be featured at the Thanksgiving service announced by First Church of Christ, Scientist, Eastland for 11 a.m. Thanksgiving Day.

The special service is open to the public and local church members have invited everyone to attend.

A Lesson-Sermon for the day entitled "Thanksgiving" will emphasize the importance of living one's gratitude to God. To be read in all Christian Science Churches, the Lesson-Sermon will consist of selections from the King James Version of the Bible and from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Testimonies from the floor will include gratitude for spiritual growth, physical healings and other blessings.

Scripture passages in the Lesson-Sermon included the following from Malachi (3:10): "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

From Science and Health the following was read (3:22): "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and this be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech."

The Golden Text was from Psalm (68:19): "Blessed be the Lord, who daily loadeth us with benefits, even the God of our Salvation."

Students Present Guild Program on 'Human Rights'

Four of the Eastland High School girls representing four countries and how each acquired its human rights presented the program for the members of the Wesleyan Service Guild of the First Methodist Church as they met Wednesday in regular session.

Mrs. Charles Marshall presided over a short business session. Mrs. Carl Elliott read from Isaiah and then presented the program on "A Decade of Human Rights."

She gave the history of the "Declaration" and summarized its contents from the preamble to the 50th article.

The students representing the countries and how each acquired its human rights were as follows: Rosemary Jones, France; Willie Pearl O'Steen, India; Judy Cocksell, Great Britain; and Gail Walters, United States.

At the conclusion of this most informative and interesting discussion, the members and guests enjoyed a short, informal social hour with refreshments of coffee and brownies.

A gift was presented to Mrs. R. P. Haun by the members of the Guild.

Mrs. Cooper will be program leader for the next meeting to be December 3.

Members of WMU Hear Review By Mrs. Medford

After the covered dish luncheon, Mrs. Jeff Harbin opened the afternoon session with a prayer and a song. The book review was resumed. At the conclusion of the meeting Mrs. Campbell led in prayer.
