help from a backfield which worked with the best balance of the year and a line which played outstanding ball on occasions.

Early came into the game with a record of four wins and just one loss, but they were not quite a match for Coach Carroll Sooton's eleven. The game started off as a comedy of errors, with both teams losing possession on the ball via fumbles the first two times they got the ball.

The first quarter was played in Early territory, however, with the deepest Longhorn penetration going to the Eastland 45.

The game belonged to Early in the second quarter, except for a minute and 25 seconds at the end of the period, when Eastland took over.

The Longhorns kicked the Mavs into trouble with a 37 yard punt which died on the Mav four yard line. Eastland couldn't run the ball out, but Lewis punted 49 yards to get the locals out of the hole. Early was determined, however, and in 12 plays drove 60

The Mavericks took over in the final half. It appeared they would score on their opening drive, but they bogged down on the Early 26, however, and had to punt.

Starting on their own 34 the Mavs began to move with short bursts through the sagging Early line. John Stroud, Mickey Garner and Lewis took turns moving the ball downfield. Lewis was the big gainer in the drive, getting 45 of the 66 yards including the final yard for the touchdown. Lewis got he call on the extra points try, too, and smashed over for the two points to nail down the game.

Early didn't give up. Mixing one timely passing with good runs he visitors moved the ball to the Mav 14 for a first down before Eastland tightened and held then it that point for four downs. That was the ball game.

Agnew and Arther Sparks Rangers Defense Thursday

Fullback Mike Leonard powered his way over the goal line in the first quarter Thursday night to give the Ranger College Rangers a slim 6-0 win over the McMurry Papposes.

The game was played in a sea of mud that made for a slippery pigskin hard to handle and slowed down the offense of both teams. Rain started about 5 p.m. and continued until shortly before game time. At the sound of the starting whistle the players were playing in water that was over three inches deep in places. By the start of the second half the water had turned to mud and it was hard to identify the players as they were near completely covered with mud.

McMurry was reluctant to handle the ball in the first half and resorted to punting and gambling on Ranger fumbling on attempting to return the punts. Ranger would have no part of trying to return the punts and let them roll. McMurry's Pat Keller kept Ranger backed up until their own end of the field most of the first half by his good punting. He booted the ball seven times, the first half for a 41.6 yard average.

The Ranger defense unit led by Linebackers Clyde Smith and Knicky Arther and Linebacker Warren Sheelar, Marvin Agnew, Martin Day and Carroll Richardson threw up a solid defensive wall that held the McMurry Papposes to only 51 yards gained in the entire game.

Rangers Ranked In South Top Ten By NJCAA

The Ranger College Rangers, on the strength of their near defeat of the nationally leading Tyler Apaches, have risen to ninth place among junior college football teams of the South. At the time the N. J. C. A. A. issued this rating, Oct. 13, the Fighting Rangers had won one game, lost three games, and tied one. They downed Cisco Junior College in the Peanut Bowl, 13-0. They have lost to Corpus Christi Del Mar, Murray State of Oklahoma and Tyler Junior College, national junior college leaders. The tie was with Wharton Junior College, ranked seventh in the South.

The Rangers' 6-0 victory over McMurry "B" team should strengthen their national rating.

Milk Producers Get Higher Price In Sept.

The minimum uniform price the Central West Texas producers will receive for 4.0 per cent milk delivered to plants of regulated handlers during September will be \$5.02 per hundredweight, according to an announcement by Byford W. Bain, Market Administrator. This price is subject to a location adjustment. For each point (0.1 per cent) that the average butterfat content of producer milk varies from 4.0 per cent a butterfat differential of 7.4 cents applies. This price is 24 cents above the minimum uniform price for August and 27 cents above the minimum uniform price for September 1959.
 During September there were 475 producers on the Central West Texas market compared with 506 during September 1959. These 475 producers delivered an average of 508,562 pounds of milk per day. The average daily delivery per producer during September 1960 was 1,071 pounds, an increase of 84 pounds over an average of 987 pounds during September 1959.
 Central West Texas handlers utilized a total of 13,335,276 pounds of Class I milk for an average of 444,509 pounds during September 1960. This is an increase of 11.1 percent over the daily Class I utilization during August, but is a decrease of 2.66 per cent from September 1959.
 Producer receipts were 14.1 percent of total Class I utilization during September 1960. This compares with a relationship of 12.2 per cent for August and 10.4 per cent for September 1959.

 Thank you for the kind remarks you made about our new area development advertising program in your editorial of October 9 in the Eastland Telegram.
 We hope that this program will be of benefit to our community and to ourselves, but we also think that it is important for our own citizens to be reminded of the strength and attractiveness of our many resources, and to have pride in them.

THE EYES OF PLANT-SITE CHOOSERS ARE UPON
The Opportunity Frontier OF TEXAS

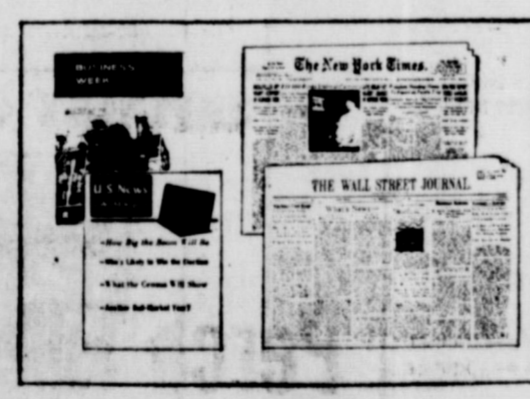

SHE'S ONE IN A MILLION IN The Opportunity Frontier OF TEXAS

In fact, she's one of the 1,127,650 citizens served by the Texas Electric Service Company in the OPPORTUNITY FRONTIER OF TEXAS—America's most exciting growth market today.
 Here is a land rich in resources. The area's more than \$1 billion annual production of oil and natural gas brings basic prosperity. Cattle ranches, cotton and chemicals, gypsum and grain sorghum, packing and canning, automotive, aircraft and electronics—all contribute to the growth future of the OPPORTUNITY FRONTIER, much of which is served by Texas Electric Service Company.
 But the greatest asset of all is the area-building Texans with their energy and buying power. Within the past 20 years, population in our service area has tripled. And there's room for a lot more. Economic progress has been equally impressive. For example, in the past 12 years retail sales in the area have nearly doubled.
 Genial climate, rich soil, mineral wealth—THE OPPORTUNITY FRONTIER OF TEXAS has these natural advantages—plus water, excellent transportation, and a cooperative, friendly Texas attitude toward industry.
 If reaching a growing market is in your future plans, consider a site for a new plant, warehouse or branch office in THE OPPORTUNITY FRONTIER OF TEXAS.
 Our Area Development Department will gladly supply plant site information to fit your specific needs.

WE'RE TELLING THEM ABOUT THIS MILLION-MAN MARKET

Among the readers of the ad reproduced at left will be company board chairmen, presidents, executive vice-presidents, and general managers throughout the nation. These are the men who decide where to build new plants or relocate... where to establish important branch offices or key warehouses.
 To these executives we are telling the facts about THE OPPORTUNITY FRONTIER OF TEXAS—its industries, its growth, its people, its natural advantages.
 Your electric service company has scheduled this advertisement in Business Week and U. S. News & World Report; in The New York Times and Wall Street Journal. This is an investment in area progress.
 We are doing this because each new business or industry added will benefit us all. It will bring new customers to THE OPPORTUNITY FRONTIER OF TEXAS. It will bring added tax revenues. It will bring new job opportunities.

A Leading Banker Speaks About Better-than-ever U.S. Savings Bonds

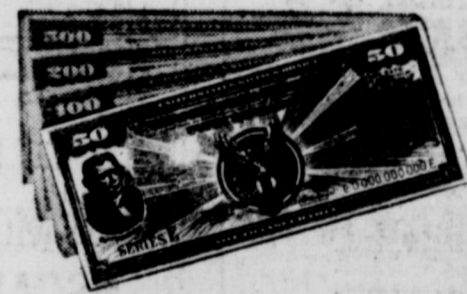

"The American Bankers Association has once again pledged vigorous support of the U.S. Savings Bonds program as an essential part of good Federal debt management. The encouragement of thrift, in all forms, is to the direct advantage of every financial institution and of the nation. America *needs* more savings, more thrifty families.

"The nation's bankers have long appreciated the value of the Bond program, and have given it consistent support. We approve the new, more liberal terms which apply to both new Bonds and old. We will continue to help our country, our customers and our communities by promoting and selling U.S. Savings Bonds—*now* better than ever.

"We bankers value our customers' faith in our financial judgment and, therefore, exercise extreme care in giving advice. But we need never hesitate to advise our customers to buy and hold U.S. Savings Bonds."

Civic League Holds Hawaiian Luau Wed.

An Hawaiian Luau, honoring the 50th state, was the occasion for the Civic League and Garden Club's first meeting of the season, Wednesday, in the Woman's Club.

Mrs. Earl Conner, Jr., yearbook chairman, and her committee were hostesses. They were Mmes. T. E. Stamey, T. M. Fullen, Clyde Grisom, and Bill Frost.

Assisting this committee were Mmes. Horace Horton, James Horton, and Jack Frost.

A fowing, tiered fountain and an oriental garden pagoda, surrounded by luxuriant foliage and exotic flowers, created a tropical atmosphere in the club. Guests were greeted with an aloha kiss and garlanded with olorful leis.

Among the flowers decorating the room were red anthurium with its leaves, flown in from Hawaii, and tall, blooming bougainvillea plants. Life-like tropical birds and orchids nestled among heavy greenery.

A mural of Waikiki Beach covered the east wall of the room. The speaker's table was decorated with Japanese fishing nets and glass floats.

Mrs. T. E. Stamey, club president, welcomed guests and introduced Mrs. Frank Sparks, who spoke briefly on Hawaii and its musical history. She introduced Miss Sharon Sayre, in native costume, who demonstrated the various hand movements of the hula as Mrs. Sparks described their meaning.

The young Miss Sayre, who spent three months in the islands last year, then pantomimed "Lovey Hula Hands" and a "Hukilau" dance.

An oriental goddess, sculptured of stone, centered the buffet table where hostesses in flowered sarongs or authentic mu-mus served guests Hawaiian foods from large wooden serving dishes. Coral decorated the base of the statuette which rested on mats woven of pandanus leaves.

A fishing net ornamented with sea shells and draped over a bamboo screen formed the background for the table. A large Polynesian umbrella completed the effect.

The guests were seated at tables decorated with tropical foliage, flowers, sea shells, and small ceramic oriental gods. Native Hawaiian music was played throughout the luncheon.

Approximately 80 women attended.

(depicting virtues of a live citizen such as honesty, trustworthiness, generosity, living by the Golden Rule and cooperating in community services.)

The girls were asked to help locate adults who could be interested in being adult leaders and to assist in the training and club affairs of this group.

Interested parties are asked to contact Miss Hohertz at the Home Demonstration Office.

Christian Science

God's boundless love for man will be emphasized at Christian Science churches on Sunday.

Keynoting the Lesson-Sermon on the subject of "Doctrine of Atonement" will be the Golden Text from I John (4:10): "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (19:6): "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin, and death by the law of Spirit—the law of divine Love."

Speaking on Subject of Quality-

... it is always an appreciative compliment when so many of our customers tell us they like our insurance service. They must for many of them have been doing business with us for more than 35 years, and still are. There is no secret attached to this show of confidence. A quality product produces confidence. And we are proud that we have both—the confidence of a host of customers and a quality product to sell them.

Campbell, is preaching a series of sermons on "Belonging." This Sunday his subject will be "We Belong to the Church." We are using peoples favorite hymns also Sunday as a feature of the evening services. They are sent in by different members. This Sunday we will sing the following numbers "Stand Up for Jesus" for Mrs. Earl Bender, "Amazing Grace" for Mrs. R. C. Ferguson, "Jesus Is Always There" for Mrs. E. S. Perdue, and "Will there Be Any Stars In My Crown?" for W. F. Davenport. We hope there will be others who will send in their favorites. There is to be a quartet to sing one of these as a special. The public is invited to attend.

The prayer group of the church will meet in the Susan Steele room Tuesday morning at 9 o'clock, thirty minutes before the Mission Study which is under the leadership of Mrs. James Horton.
 The Wesleyan Service Guild will meet at the church Wednesday evening at 7:30. The Choir will meet at the same hour on Wednesday.
