New Shoes Shape Up With Novelty Details

Heels on new fall shoes stack up beautifully as fashion focal points.
The stacked heel, achieved by placing layer after layer of sturdy wood or leather on top of each other, has been a classic for the tailored shoes.

Now these interesting heels appear in dressy daytime styles and tall slicked up for the evening.
Most unusual are the leathers that simulate the stacked look, and the use of a mid-high heel of this type on a very elegant "dancing" slipper.

Leather is laminated to wood and often enhanced by facets to catch light, just as a cut jewel does. Leathers are sometimes used to simulate true wood grains too.
The stacked heel appears in all heights from spiked to squash; in needle point, scooped, or most any favorite shape.

Martha Connell Is Feted With Bridal Shower

Miss Martha Kay Connell, bride-elect of Joe Gibson of Idalou, was honored with a bridal shower Saturday night from 7 to 9 p. m. in the home of Mrs. Darrell Webb, 1004 S. Seaman.

Hostess for the shower were Mrs. Webb, Dewey Webb, Jack Lusk and Misses Carolyn Collins, Norma Wharton and Zelma Hendricks.

Guests were greeted at the door and presented to Miss Connell, Mrs. Ouida Connell, bride-elect's mother, Mrs. Earl W. Gibson, the prospective groom's mother, and Miss Linda Gibson.
The house was decorated with arrangements of fall flowers. A red and white scheme chosen by the honoree was noted as table decor. The serving table was laid with a red net cloth over white and set with crystal and silver appointments. Feathered white carnations entwined with burning red tapers in crystal holders were flanked on either side by red and white burning tapers. A large white satin bow bearing the inscription "Martha" and "Joe" on the streamers complimented the pre-nuptial setting. White cake squares topped with rosettes, fruit punch mints and nuts were served to those present.

THE '61 PONTIAC IS HERE!

It's All Pontiac! on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac has the widest track of any car. And now that we've trimmed body width, more weight is balanced directly between the wheels. You ride with greater poise, maneuver with firmer control.

More room, more comfort inside! Headroom, legroom and foot-room have been increased. Seats are higher, yet there's more clearance under the steering wheel. Doors are wider, swing open farther with no jutting barriers to bump as you get in and out.

Powered by the new, fuel-saving Trophy V-8 Engine! New fuel induction system gives this new free-breathing engine more air, makes gas go further. Eleven versions to select from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas. It's the Wide-Track way to travel! Try it!

THE ONLY WIDE-TRACK CAR! Pontiac has the widest track of any car. Body width trimmed to reduce side overhang. More weight balanced between the wheels for sure-footed driving stability.

Meet '61's new-size sizzler!

Gives you more pow per pound of engine than the compacts... more even than many full-size cars!

Now you can have gas savings and go... easy handling and all-day comfort... all in this luxurious new Buick Special.

Where did this Buick pick up all its pep? From its zippy new aluminum V-8 that de-

livers twice the pow per pound as the engines of most compacts! From its new aluminum transmission... the liveliest automatic in any car! Together they give the whiz which normally would have meant adding 500 pounds more weight.

And, for ride... the Special is host to the most. The big Comfort Zone gives you more total head, hip and leg room than

the compacts. The 4-coil Control Arm suspension is the same kind as on full-size '61 Buicks so you ride "on velvet." The Hide-Away drive shaft gives more flat floor space.

When you gift wrap all this with Buick's Clean Look of action... then tag it just a whisper above the compacts, it's no wonder the word's out... '61 is BUICK'S YEAR!
