MOORE about... EASTLAND by Virgil E. Moore

If Eastland folks don't have sore tongues they should have. Did you ever stop to figure up that to spend \$100,809 on postage stamps, Eastlanders had to lick 2,520,225 four cent stamps?

Comparing figures released by the water department of the county's three largest cities, we note that Cisco remains the largest city in the county, Eastland ranks second and Ranger third. Eastland, when the last U.S. census was taken (in 1950) ranked third. Eastland now has 1432 water connections, Ranger has 1240 and Cisco 1860.

This city made a remarkable gain in telephone connections in the past year. Ninety-nine new connections were made, pushing the total as of Dec. 31 to 1942. Ranger now has 1317 and Cisco 2116.

Eastland was stunned by the death of James Blackmon. We feel that the memorial verse written by the young sailor's father, W. A. Blackmon, is a fitting tribute to James, who gave his life so that we at home could enjoy our God given freedom.

With Mr. Blackmon's permission, we reprint the following verse:

IN MEMORY

James Alfred Blackmon I would like to walk in a quiet place
With Jim by my side Or cross fences and fields Yet better still, a shady brook, With Jim by my side.
And if we were to climb the highest heights The adventures less would be For I saw him walk like a man, while yet a boy
Become a father too, as we went side by side.
I had passed his hand to another. Now, her hand uplifted, imploring But the grace of God infolding—upholding—
For never again by my side. Now his Mother and I—longing enshrined
Here again The grace of God care I.

Want a male cocker spaniel? Mrs. I. E. Talley of Olden has one to give away. The dog, not quite full blooded, is a good pet, according to Mrs. Talley.

The Cisco Press had this to say about the Eastland-Cisco basketball game:

"Defensively, the Lobos were able to cope with the one-sided push shots by Little Larry Hollis, who hit with uncanny accuracy from corners, close in or mid-court. The bright spot for Cisco was control of the backboards by John Adams and Jerry Nettie, which was probably the factor contributing most to the Lobo triumph." Eastland Coach Jon Tate is in agreement with the Press. Tate says the Mavs were out rebounded (27 to 20) by Cisco. It was the first time this year that Eastland hadn't won the battle of the backboards.

The story the Telegram ran Thursday about indebtedness of county cities and school districts, listed only the tax bond indebtedness of cities. Not included were revenue bonds. Checking these figures we find the City of Eastland is in the best financial shape of the three county cities, with an indebtedness of roughly \$240,000. Cisco's total indebtedness is about \$700,000 and Rangers' a bit higher than that.

That's it for today.

John Love Will Attend Farm Bureau Meeting

County Farm Bureau presidents from all over the state will be meeting in Austin next Monday and Tuesday for their fourth annual statewide Presidents' Conference, according to an announcement by Texas Farm Bureau President J. H. West.

John Love, president of the Eastland County Farm Bureau, will attend the meeting, to be held at the Stephen F. Austin Hotel beginning at 1:15 p.m., which will be highlighted by an address by American Farm Bureau President Charles B. Shuman of Chicago Monday evening.

Purpose of the meeting is to evaluate standards for county Farm Bureaus established at last year's conference and develop methods and procedures for making Farm Bureau more effective in serving its members, West said.

County presidents at their 1958 meeting set standards in six different fields of activities carried on by county organizations to serve as guides for increasing the effectiveness of county Farm Bureaus. The standards deal with Farm Bureau organization structure and business procedure, membership acquisition and maintenance, policy development and legislation, service to members, local projects and activities, and information and public relations.

The 31-member TFB Commodity Advisory Committee will hold its first 1959 meeting beginning at noon Wednesday and the organization's Board of Directors is scheduled to meet Thursday and Friday, also in Austin.

Woman Seeks... Lost Father

A woman who last saw her father when she was four years old, is seeking information in Eastland concerning his whereabouts.

The letter printed below is self-explanatory.
"Dear Sirs, I am seeking aid in finding my father whose name is Travis McSpadden. I was born in Cisco in 1932. My father left when I was about four years old and my mother died without telling me about my father. We lived in Eastland when my mother died.
I had an Aunt Mae in Eastland who was my father's sister and married to a police officer there, but I don't know his name.

I would like any information concerning my father or Aunt Mae. Mrs. Doris Lee Oliver, 7981 Pedley Rd. San Bernardino, Calif."

Commissions to Meet Monday

Eastland City Commissioners will meet Monday night for a make-up meeting. The meeting begins at 7 p.m.

The regular Commission meeting, slated Jan. 8, was postponed until Monday night. Regular business is to be discussed.

Pullman Is Elected Shrine Club Leader

Henry Pullman of Eastland was elected president of the Cross Timber Shrine Club at a meeting held Thursday night in the Lone Cedar Country Club.

Other new officers are Dr. M. E. Jolly of Ranger, vice president, and Dizzy Dean of Cisco, secretary.

Forty-five Shriners and their wives attended the meeting. Members of the club had non-members of the country club as their guests. A luncheon was served buffet style.

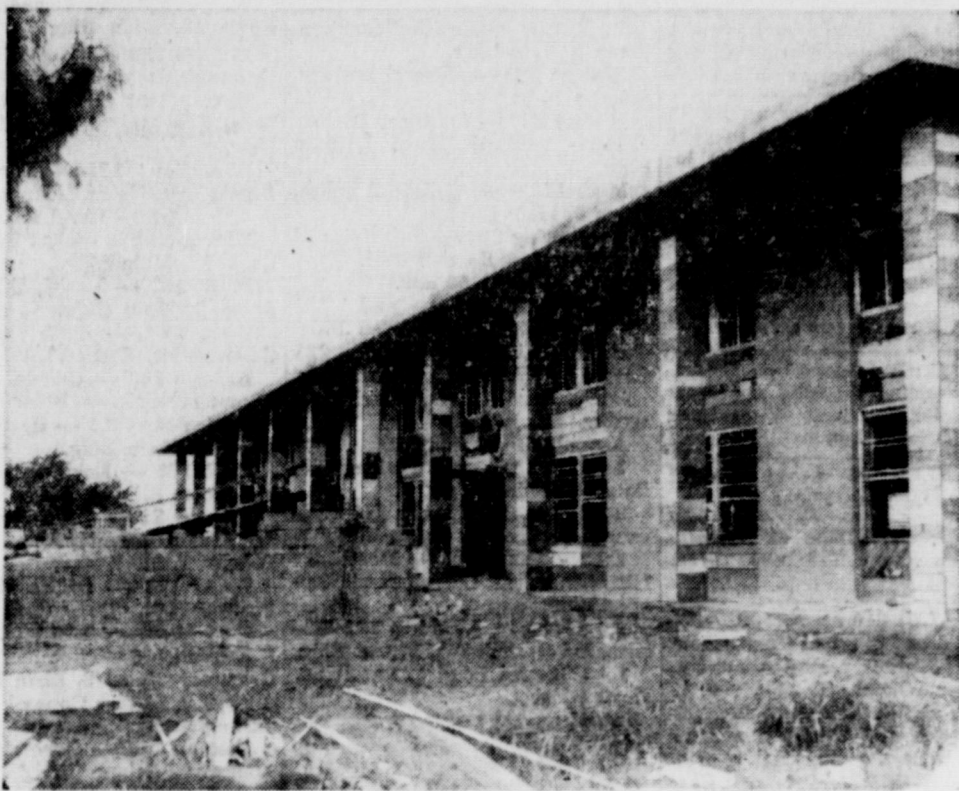

The club is organized of Shriners from Eastland, Ranger, Cisco, Gorman and Strawn.

Pullman said that meetings would be held each month during the coming year.

Following a business meeting of the club, and the luncheon, a fellowship period was held.

Mavs Lose 76-71 Despite Sensational Last Period

The sensational Eastland Mavericks swished in 35 points in the last quarter Friday night to throw a scare in the Coleman Bluecats that they won't be forgetting in a long time. The Mavs finally bowed out 76-71, but only free throws saved the visiting Cats from defeat.

Getting some unexpected strength from the bench in the fourth period, the Mavs came from behind a 50-36 deficit to almost pull the game out of the fire.

Coach Jon Tate lost Clint Humphreys, his senior team leader, and Otis Green, his six-four center, breaks. By the end of the first half it was 43-24 and at the end of three quarters of play Eastland trailed 60-36. Then things broke loose, as the Mavs held the visitors to four field goals while getting 16 of their own.

Only eight free throws at crucial times kept the Cats from losing. Coleman hit eight out of 10 free throws in that final period of play.

Eastland used a three-man full-court press to advantage in getting the moral victory. Humphreys, Hollis, Taylor and Reed turned in excellent jobs downtown.

Harris was high pointer for the night with 33 points, while DeBusk had 21 for Coleman.

The Mav B-Team was beaten 50-38, after leading 24-12 at half-time. Eastland got just five points in the third period while Coleman got 22.

The Mavericks next game is Tuesday night. They will journey to Ranger to renew an old acquaintance.

Eastland C-C Members Will Attend Meeting

At least two representatives of the Eastland Chamber of Commerce will attend the sixth annual West Texas Industrial Conference in Abilene Jan. 22.

H. J. Tanner, chairman manager, said he would attend with Frank Sayre. Tanner said other members of the local chamber may also make the trip.

E. L. Buelow, chairman of the sponsoring West Texas Chamber of Commerce Industrial Committee, said that the fourth Thursday of January has been the date for each of the one-day events.

Designed to provide information for local industrial development committees, the conference this year includes three speakers, a panel of five experts, and the winner of the committee's industrial essay contest.

"The Drouth Is Over—Are You Ready?" will be the topic for Rex Jennings, manager of the industrial department of the Fort Worth Chamber of Commerce.

"Dies That Shape West Texas Industry" will be discussed by Fougias Orme of Big Spring, vice president of Cosden Petroleum Corporation.

"Do's and Don'ts for the Industrial Committee" will be presented by Harry W. Clark of Dallas, industrial consultant of Texas Power & Light Company.

A panel to answer all questions from the 200-300 West Texans expected will be headed by A. C. Fishop of Sweetwater, moderator. Bishop is manager of the Sweetwater Board of City Development. On the panel are J. A. McCaul of Dallas, director of industrial development, Texas & Pacific Railway Co.; James R. Pecan Growers Name Officers For the Year

Most of the present officers of the Eastland County Pecan Growers Association were re-elected for the year in the winter meeting of the group, held Thursday night in the Cisco Chamber of Commerce office.

R. H. Dunning of Cisco was named vice president of the association, in the only change. Ellis Cooper of Ranger is the outgoing vice president.

Oscar Schaeffer of the Cook

Community, re-elected president, complimented Ranger on the Sixth Annual Pecan Show held last month. Also re-elected was B. H. Freeman of Cheaney, secretary-treasurer.

Present directors, re-elected for two years, are Frank Hightower of Eastland, C. E. Smith and C. T. Barton of Rising Star, and W. D. Thurman of Cisco.

In other business, the group decided to erect a marker commemorating the first budded Burkett pecan tree, located along Highway 80 near Putnam. A committee, headed by Dunning, will work on the project. Plans call for building a fence around the tree, with a sign on the gate, at an estimated expense of \$300.

Donations for the project will be accepted in a forthcoming drive, to be staged by members of the association.

Plans for the annual Spring Field Day will be made by a committee consisting of the directors in March or April at a place to be designated.

SANDY'S SCHOOL SCOOPS

Well, the days of judgement have been upon us this past week. Mid-term exams were held Thursday and Friday. Everyone was studying every moment he could possibly spare.

Last Friday night the basketball teams met Dublin here and ended in this fashion: "B" boys 54-38, Eastland girls, 38-59 in favor of Dublin, and "A" boys, 50-49.

Tuesday night the Mavericks opened their conference play against Cisco and lost by the slight margin of 46-41 in a very thrilling ball game. The "B" team also played and won, 33-29, in another game.

The football banquet Monday night was a big success and was very well attended. I know that everyone enjoyed Mr. Brown's speech and film as well as the other events of the evening.

Congratulations go this week to Marvin Agnew, Gary Lusk and Pilly Don Turner, the 1959 football captains of the Mavericks. I am sure that they will be fine leaders and will lead us through many victories next year.

Frank Birkhead, manager of the Cisco Chamber of Commerce, for guessing the closest to the yield of a Mahan tree in the Lee Lieske orchard. Birkhead guessed 115 pounds for the tree which actually produced 111 pounds.

Plans for the project will be accepted in a forthcoming drive, to be staged by members of the association.

Plans for the annual Spring Field Day will be made by a committee consisting of the directors in March or April at a place to be designated.

Dogies Split With Ranger Pups

Pouncing into action, the Ranger Junior High Pups out-scored the Eastland Dogies 26-20 Thursday in Ranger's Recreation Building.

In the "B" game, the Dogies kept control of the ball and refused to let the Pups score more than nine points, with a score of 22-9.

"A" Game
Ranger pulled ahead one point, leading 6-5, at the end of the first period. At the half they still held a one point lead, 12-11. The score was tied up, 14-all at the end of the third.

Highpoint man for the Pups was Jimmy Hogan with eight points, J. B. O'shields earned five, Charlie DeLos Santos got four, and Johnny Wells, three.

J. D. Ables and Gary Culpepper gained six points, each, for the Dogies. R. D. Ables earned four and Tommy Beck got three.

"B" Game
In a low-scoring game the Dogies led 6-3 at the half and 16-5 at the end of the third period.

Eddie Sargent was the outstanding player, earning 10 points for the Eastland bunch. Jimmy Moyle gained four points, and the rest of the team members earned two each.

Ronnie Hinds scored four points for the Pups. Arthur Mendoza served as scorekeeper.

Masters, Wardens To Meet Tuesday In Eastland

A special called meeting of the Master Wardens and Secretaries Associations will be held in Eastland Tuesday at 7:30 p.m. in the Masonic Lodge.

The association is compiled of Masons from Eastland and Stephens counties, and meetings are held in Eastland the third Tuesday night of each month, according to E. A. Hatten, president.

Hatten said Eastland was selected as Association headquarters recently because of its central location and facilities. In the past, the Association has met at a different city each time.

Rites Held for Two Day Old Lorenz Infant

Terri Lynn Lorenz, two day old daughter of Mr. and Mrs. Edward Lorenz, died Jan. 9, in Conshohocken, Penn., it was learned here this week.

Mrs. Lorenz, the former Gail Farrack, is a graduate of Eastland High School and Mr. and Mrs. Lorenz made their home in Eastland until recently.

Funeral services were held Jan. 12 with burial in Riverside Cemetery in Conshohocken. Mrs. Lorenz is visiting in Conshohocken in the home of her husband's parents.

City and School Elections Slated

Eastland citizens will vote in two important local elections in April.

Three school board members and three city commissioners are to be named this year.

School board members whose terms of office will expire this year are M. H. Perry, H. T. Weaver and H. L. King. Perry has served as president of the board for the past few years.

City commissioners who will end two year terms of office are Virgil Seaberry, Jr., Robert Perkins and Jack Gorman.

The School Board election will be held April 4, the first Saturday in April. The first Tuesday in April, the seventh, is the date of the City election.

Despite the upcoming city and

school elections, interest in paying poll taxes here has been slight. As of this morning, only 614 persons had paid their poll taxes at the tax assessor-collector's office in Eastland. Sales made in substations in Ranger, Cisco, Gorman and Rising Star are not included in that figure.

This is a so-called "off election year" since no county, state or national elections are scheduled.

J. C. Allison, tax collector, pointed out that special elections could be held this year, however, as well as the two local elections.

United States Has No Business... Interfering In Cuban Murders (An Editorial)

Like so many persons who felt that the Communists in China were merely land reformers, Fidel Castro, the new Cuban strong man, has been a great disappointment to idealistic persons.

The Telegram notes with interest that Asst. Sec. of State Roy Rubottom was summoned before a congressional committee this week where he faced a demand for U. S. action to halt Cuba's postrevolution wave of killings.

We view this action with contempt. In taking action, the U. S. would be interfering with Cuban business. It would be like the policeman who answers a call from a wife whose husband is beating her. Usually when the officer begins attacking the husband, the wife comes to her spouse's aid. We feel the same would be true if the U. S. interferes with Castro's actions. The Cuban people would resent Uncle Sam.

We feel that Castro has doomed himself. He has merely made himself an easy target for a counter-revolution, just as did Fulgencio Batista.

Christian Science

The apostle John's inspiring account of the raising of Lazarus by Christ Jesus is featured in the Lesson-Sermon entitled "Life" which will be heard at Christian Science services Sunday.

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (75:13) "Jesus restored Lazarus by the understanding that Lazarus had never died, not by an admission that his body had died and then lived again. Had Jesus believed that Lazarus had lived or died in his body, the Master would have stood on the same plane of belief as those who buried the body, and he could not have resurrected it."

WEDNESDAY GUESTS Mr. and Mrs. Clyde Sanders and Jimmy of Abilene were guests in the home of her parents, Mr. and Mrs. C. E. Fatter, Wednesday afternoon. Mrs. Sanders completed her nurse's training at the Hendricks Memorial Hospital in Abilene Tuesday.

Mr. and Mrs. R. E. Stearns of Overton spent the weekend with her mother and brother, Mrs. Annie Hatten and Andrew Hatten.

L. A. Horn, Resident for 83 Years to Celebrate Birthday

L. A. Horn, who resides with his wife in their home on Simons and Slay Street, will celebrate his 83rd birthday Thursday, January 22.

Both Mr. and Mrs. Horn are long-time residents of Eastland. Mr. Horn was born and reared here. Mrs. Horn moved to Eastland with her family at the age of 16 thus making her a resident of Eastland for 64 years.

Mr. Horn, although he has been an invalid for the past nine years, was very active in his younger years. He has been a "man of all trades". He was a farmer, worked for the city, Lone Star and the highway department.

Mr. and Mrs. Horn were married in December, 1897. Mrs. Horn is the former Miss Georgia Engar, daughter of Mr. and Mrs. W. M. Hagar who remained in Eastland until their deaths. Judge and Mrs. H. D. Horn were the parents of Mr. Horn. Judge Horn, who died at the age of 93, was Justice of Peace during World War I.

Mr. Horn, who resides with his parents, is the eldest of the five children, three boys and two girls. Clifton of Houston and Leslie of Little Rock, Arkansas, are the sons. Mrs. Bob McCleskey of Austin and Mrs. C. F. Stubblefield of Goldthwaite are the daughters.

One of the most exciting events, Mr. Horn recalls, was the coming of the railroad. He was six years of age at the time. He also states proudly that he saw the construction of three Court Houses built on the same "plot of ground."

It happened on the eve of victory in Europe. The man who had held the office of the Presidency of the United States longer than any other man in our history looked drawn and tired in the Spring of the year. He had returned shortly before from a momentous "Big Three" conference . . . and when he made his report to Congress viewers were shocked by his appearance.

He had gone to the "little White House" in Warm Springs, Georgia, the place where, many years before, he had begun his lifelong battle against infantile paralysis. There he was taking a needed rest. The world was unprepared for the shocking news that came from Warm Springs on April 12th.

The press release was brief. It read: "It is my sad duty to inform you that the President died at 3:35 of a cerebral hemorrhage."

Franklin D. Roosevelt, 31st President of the United States, was dead.

Remember the year? Those were war years, and a new car was something you might get some time in the future. Meanwhile, car owners kept their prewar cars going, and dependable service was vital to them.

The year was 1945. Service is important any time . . . for safe, trouble-free driving and lasting value from your car. We can promise you dependable service, from all points of lubrication to a complete motor overhaul. See your Chevrolet dealer—and drive safely! FULLEN MOTOR CO., East Main, Phone 44.
