

Mavs Upset District Champs In Final Tilt

Moore... ABOUT Eastland

Received a letter from Boyce House the other day, that we think belongs to Eastland, rather than ourselves. At least some of it does. Boyce just wanted to say, "To me it was a wonderful, an unforgettable day back in my old home town among many friends. Of course he was talking about his visit here to introduce "Oil Field Fury," his newest book.

That pole they stuck up on the courthouse lawn is going to be used to hang Christmas decorations on. Herb Tanner tells us the decorations will be the same as last year. He says it isn't that the city is in a rut about having the decorations the same every year, it's just that a better idea hasn't been put forth.

Personally we feel that there is no better idea to be put forth. Maybe some more decorations could be added, but the ones that we have now, that have become a tradition in themselves, are beautiful.

May we congratulate Eastland women on the way they handled the Music Club convention.

There will be a lot of compliments for this city as a result of the effort these ladies put forth.

We have fallen behind on our birthday list, but will try to keep up a little better from now on. Sunday Mary Elizabeth Williams will celebrate and Monday Mrs. Bill Hoffman and Lee Hogan have birthdays.

In to see us Friday was Freddie Black, recently of Eastland, but now of Odessa. Freddie, who was commander of the American Legion and active in several other organizations, was, as he said, "just passing through." Said he liked Odessa just fine, but admitted he missed Eastland.

That District 7-A grid shuffle will return Ranger into the district next year, but remove Dublin and Clyde. Dublin will climb into AA play while Clyde will move down a notch to Class B ball.

That's it for now. See you again Tuesday.

Olden F.F.A. Enters Two Teams In Contest

OLDEN (TNS) — Olden's Future Farmers of America entered two teams in the leadership contest at Stephenville last week.

Teams were entered in the F.F.A. Quiz contest and Green and Chapter conducting. Participating in the Quiz Contest were Stanley Cook, Charles Hutto and Lay Rodgers. Those who took part in the Chapter Conducting contest were Carroll Nelson, president; Kenneth Reese, vice president; Eddie Munn, secretary; Jimm Everett, treasurer; Phil Hilliard, reporter; Billy Holladay, sentinel; and Jack Hilliard.

Jim Thompson Expected Home In Sixty Days

Mr. and Mrs. N. O. Thompson, 1114 N. Daugherty Street, received word that their son, Sgt. Jimmy M. Thompson, is now stationed in Yokohama, Japan with the R. & R. Center, where he will be flown home in 60 days.

Sgt. Thompson has previously been stationed in Korea with the 11th Field Artillery Battalion and also the 24th division. Sgt. Thompson entered the Army in March of 1953 and took his basic training in Camp Chaffee, Arkansas, and also leadership school. In September of 1953 he was shipped overseas to Korea where he has been stationed until his rotation to Japan.

Sgt. Thompson is scheduled to be home around the last of January 1955.

Six Locations, Including Five Field Tries, Staked In County

Five regular field locations and a location for a 1,999-foot rotary wildcat have been staked in Eastland County.

The wildcat try was staked 6½ miles southwest of Carbon. It is J. J. Langlois, Fort Worth, No. 1 S. N. Pae.

Drill site is 475 feet from the

Muirhead Motors Moving To New Location

Jack Muirhead Motor Co. is in the process of moving into their new location at 300 West Commerce. And for the next few days will be unable to service any automobiles.

Muirhead said the change over is not expected to take long. The new building has been completely remodeled.

Eastland Asked To Observe Day At Stock Show

Eastland has been extended a special invitation to have a "day" at the Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 28 through Feb. 6.

The letter to the Chamber of Commerce was signed by W. R. Watt, president - Manager, and Boyce House, publicity director of the exposition. The invitation states:

"The Stock Show seeks to serve the great live-stock industry of our great Southwest and the growth of the exposition through the years has been made possible only because of the wonderful support which has been given and we want to express deep appreciation for this."

"Your city is extended a special invitation to have a day."

"By having a special day, your city of course will receive worthwhile publicity and, by coming in an organized group and by bringing your band and Cowgirl Sweetheart, you will make a real impression."

"Such delegations add lots of 'color' and do much toward the success of the Stock Show. We are counting on you again — and hope to have your acceptance soon."

The Fat Stock Show is marked by the attendance of what is believed to be the largest number of organized delegations of any exposition of any kind in the United States. At the '54 show, 110 cities and organizations had special days.

Basketball Season Due Entrance Here Nov. 28

As King Football bowed out for the year in Eastland Friday night a new monarch prepared to be crowned. For Coach Bobby Blair sent out the call for his 1954-55 basketball charges to report for workouts Monday, Nov. 28.

That gives the double-duty boys a week to rest up between the two sports.

Blair, who is serving as head basketball coach for the first year here, will be greeted by only two lettermen when he issues uniforms. Only Ben Cate and Larry Graham will be back from last year's team, thus giving Blair the same problem the Mavericks faced in the just-ended grid season — lack of seasoning. But the hometown cage coach hasn't asked for the crying towel, at least not yet. He said Saturday that he did not know just how many boys would answer the opening call.

The Mavericks will probably open their cage season against Ranger the first week in December. The game has been arranged, but a definite date for the tilt has yet to be decided. First game on tap that is already in the books is a home match with Moran here Dec. 7. On Dec. 9-10-11, the Mavs will participate in the DeLeon tournament.

Dec. 13 the locals will play host to DeLeon, the 17th they journey to Moran and on the 21st take on

south and 753 feet from the east line of James Cox Survey 45.

A Hagaman (Marble Falls) Field project was spotted three miles northeast of Ranger and slated for 3,775 feet with rotary. It is the Texas Co. No. 1 M. H. Hagaman. Drillsite was staked 420 feet from the south and 899 feet from the east lines of E. Chambliss Survey, A-1563.

Victor Cornelius, Eastland, spotted No. 1 C. L. Garrett five miles southeast of Eastland. Having a proposed depth of 1,990 feet with rotary, it spots 1,050 feet from the south and 330 feet from the east lines of Section 12, Block 2, H&TC Survey.

R. A. Bearman, Cisco, No. 1 Harry F. Finks was spotted 2½ miles northwest of Rising Star and slated for 1,200 feet with rotary. Site is 610 feet from the south and 150 feet from the east lines of the southwest quarter in Section 40, Block 2, ETRR Survey.

Porter & Hafner, et al, spotted the other two tries, both slated for 1,500 feet with rotary.

Their No. 4-A Guy Parker is 1,250 feet from the north and 980 feet from the west lines of the southwest quarter in Section 30, Block 2, H&TC Survey. Site for No. 5-A Guy Parker is 590 feet from the north and 1,080 feet from the west lines of the southwest quarter in Section 30.

Noticed That New Sign?

Here's Facts And Figures On Radar Speed Control In Area

Noticed that new sign just outside of Eastland? If you haven't it just might be worth your time to slow down enough to read the letters "SPEED LIMIT RADAR ENFORCED."

For the sign simply means that the Texas Highway Patrol is watching for speeders — with radar. The sign recently went up on the outskirts of Eastland. To help acquaint our readers with the new device before they meet up with it face to face, the Telegram has worked up the following information on the highway patrolman's new ally.

This device sends out micro-waves from one antenna on a known frequency which bounce back from any moving object at a different frequency, depending on the speed of the object. The wave which comes back is received by a machine on a second antenna and the difference in frequency is measured and indicated on the meter calibrated in miles per hour. The speed is also recorded by pen and ink on a recording graph.

This machine is the outgrowth of the Radar used by our Armed Services during World War II and the war in Korea.

The accuracy with which bombs are dropped on the target and the manner in which large ships are navigated during foggy weather, speaks for the accuracy of radar. The Electro-Matic Speed Meter — using the same principle as the

Armed Services Radar — is every bit as accurate in the recording of speed on the highway as it is in locating a target for a high flying bomber.

The accuracy of this machine is guaranteed by the manufacturer to be 98 per cent in speeds ranging from 0-100 miles per hour.

The uses of this machine are many — the investigation of complaints in regard to speed, to measure the effectiveness of patrol car enforcement, to check speed for comparison with accident statistics, and finally for enforcement of the speed laws themselves. This enforcement may be against drivers either traveling at high speeds or at very low speeds.

Operation of the radar detector is fundamentally on the same principle as used in radar aircraft spotting. It requires two patrol cars and two officers. One car is equipped with the indicator and records the speed of passing vehicles. The second car is informed by radio telephone when a speed violation is recorded. The second car intercepts the violator.

Radar is being used in 31 states by State or City Police.

In Texas, during the last five years, we have had 11,779 people killed in motor vehicle traffic accidents. Now, 8,557 (72 per cent) of these victims were killed on rural roads. These 8,557 traffic deaths were killed in 6,934 rural fatal accidents. In 60 per cent of these accidents only one driver was involved. And in 37 per cent of these rural fatal accidents, the drivers did not collide with anything. For the most part they simply ran off the roadway or turned over in the roadway.

These figures help point up the facts that Speed is Public Enemy No. 1 in Texas and is a prime factor in Texas motorist deaths on rural highways.

Locals Take Dublin 6-0 In Great Upset

DUBLIN (TNS) — Eastland's fire-tipped Mavericks, denied a District 7-A championship, got the best next thing Friday night when they upset highly favored Dublin, the district champions, 6-0 in the final game of the year at Dublin's Lior Stadium.

For the Mavs it was a forecast of things to come next season when all but a few of the boys who turned in the convincing victory over the Lions, will return for another shot at the district crown.

The charges of Coaches Carroll Shelton and Bobby Blair were not to be denied. Despite a series of fumbles and Dublin roughing plays, which injured several Eastland lads slightly and sent End Leo Smith, a strong candidate for all-district honors, out of the game, the Mavs threw up a determined defense and their best offense of the year to wrap up the game.

Mavs Block Punt

Eastland proved following the opening kickoff that things were going to be plenty rough for the district champs. They marched in convincing fashion to the Dublin 20 yard line and then threw up a defense that found Dublin facing fourth and 17 from their own nine.

From there, Jerry Daniels went back to punt for the Lions, but the hard charging right side of the Maverick line converged upon him to block the punt and Smith jumped on the pigskin on the one yard line. It took Ben Cate, who played his best game of the season, two power plays into the big Dublin line to punch it across, but punch it across he did to give the Mavs their only 18 points and enough for a hard earned victory.

The victory wasn't a fluke. Dublin can be happy to have come out behind only one touchdown, for the Mavericks were in control of everything, with the exception of the better team. For despite the fact that Dublin gained the ball in that manner several times in Eastland's end of the field, they couldn't get anywhere near scoring.

For the Mavs, the standout of the night, if a standout needs to be picked, was 165-pound End Clyde Evatt. Evatt was a demon of defense and a ball catching wizard on offense. Dublin respected the crafty end so much that they began to run all of their end plays around the other end, once Smith was out of the game, but even then they were bottled up. On several occasions Evatt shifted to the opposite end to keep the Lions confused.

That Explosion T

But Eastland's offensive go must be credited mainly to three backs, one who had seen only limited service before the big game. Cates, the boy who scored the TD, Quarterback Harvey Lewis and Halfback Dale Slatton are the boys who deserve credit for the "go-go-go" treatment they administered the 7-A champs. It was Slatton who got things underway on the opening kickoff when he ran the ball back 39 yards to Dublin's 42. Much of the gain was rubbed out by a penalty, but the fire had been ignited.

It was Lewis, the almost forgotten man in the Mav backfield, that engineered the feat. Harvey called play after play perfectly to keep the Mavs, who didn't resort to the spread a single time, constantly the aggressor.

Dublin drove to Eastland four yard line late in the first half, but on two tries failed to gain an inch as time ran out on them.

B-Mavs Fall To Abilene

ABILENE (TNS) — Eastland's B-Mavs took a 32-14 loss at the hands of the Abilene High School sophomores Thursday afternoon as they tried to close their 1954 gridiron season.

The Eastlanders, strictly outclassed by their big city opponents, scored twice in the second half of play to make the game interesting. Fullback David Wiloughby scored both TD's for Eastland, the last on a beautiful pass from quarterback J. C. Jarrett. Abilene got two safeties, four touchdowns and four extra points in scoring the victory.

John R. Hutto Is Buried In Abilene Friday

ABILENE (Spl.) — Final rites for John R. Hutto, 75, West Texas educator and historian, were held Friday afternoon at the First Baptist Church in Abilene.

Mr. Hutto died at 1:30 a.m. Thursday in an Abilene hospital. He was admitted to the hospital Wednesday after suffering a heart attack.

Dr. Elvin L. Skiles officiated at the services and burial was in Cedar Hill Cemetery.

Mr. Hutto was born Sept. 29, 1879 on a farm near Lincoln, Ala. He moved to Anson with his family in 1897. In 1899 he enrolled in the old Simmons College in Abilene. After teaching in several West Texas cities he returned to Abilene in 1941. He edited the West Texas Baptist newspaper in the 1930's and later worked as a staff correspondent for the Big Spring Herald and Abilene Reporter-News.

In May, 1953, Mr. Hutto received his Master of Arts degree. He was 73 at the time.

His last major undertaking was research for the "History of Abilene."

Survivors include his wife; a son, Nelson Hutto of Dallas; a daughter, Mrs. Raymond Hall of Abilene; seven grandchildren, one great-grandson; two brothers, W. of Waco and J. B. of Grand Prairie; and several nephews, including Marvin Hutto of Olden.

Turkey Growers Told Market Wants Quality

"Quality and finish determine whether or not turkey growers get a premium price for their products," Morris Newnam, manager of the Ranger Frozen Food Lockers told those attending a meeting of the Central Texas Turkey Growers Association at the Ranger Chamber of Commerce Thursday night.

Newnam told the growers that he had observed the quality of turkeys recently in other parts of the state and that the birds raised in this section were of much better quality and brought higher prices than most places in Texas.

"The public is more demanding than ever and it's up to us to satisfy that demand in weight, quality and finish of the turkey," Newnam said.

"Turkey buyers will eventually buy on quality altogether instead of by weight and it's up to

Eastland County Grown Turkeys Are Plentiful

An abundance of high quality Texas turkeys at lower prices will be ready for holiday dinners this year. Many of the fine birds were raised in Eastland County.

The supply is adequate to furnish turkey for every table at Thanksgiving and Christmas, according to F. Z. Beamblossom, extension poultry marketing specialist. The number of birds on the market will be even larger than last year.

The specialist says with the abundant supply, families can afford to be selective when shopping for turkeys of their choice. He suggests the shopper look for quality birds, well fleshed and finished and processed to give good flavor. "Don't waste money buying a bird with too much fat," he advises. "Get a bird with enough fat to insure good flavor."

If the turkey has been killed, bled and dressed properly, the meat will look white rather than pink in color and there will be no pin feathers and bruised marks on the flesh. "Ask to see the dressed bird to check for these signs," Beamblossom says.

The trend is to lighter birds—around eight pounds and up—making turkey a practical dish for small families at Thanksgiving and Christmas as well. Buy a larger bird if a home food freezer or other storage for extra meat is available. The turkey will come in handy for later meals, too.

Shopping for high quality turkeys is not only efficient consumer buying, Beamblossom concludes, but helpful to the poultry market in providing the kind of turkeys most in demand.

Plans Made For Dec. Conference By WSCS Monday

Plans for serving the dinner December 2nd and 3rd for the Preacher's Conference to be held here were made Monday by members of the Women's Society of Christian Service at their meeting at the First Methodist Church.

Mrs. Clyde Young, president, presided. Mrs. Henry Van Geem was leader of the program, and talked on "World Federation of Women." Mrs. James Horton gave "World Neighbor Program" by Dr. John Peter; Mrs. Young reported on the Conference Journal. Others present were Mmes. W. P. Leslie, B. O. Harrell, J. A. Doyle, Frank Crowell, J. C. Oglesby, Frank Castleberry, M. B. Tittsworth, C. M. Pozure, Ina Bean, O. O. Mickle and T. M. Johnson.

More than 65 per cent of people who suffer from chronic headaches have one eye located higher in their heads than its mate, according to Dr. Raymond Roy, of Milwaukee, Wis., who reported conclusions he reached as a result of research project to a recent meeting of optometrists in Milwaukee, Wis.

the growers to realize this as soon as possible and get better bird stock that will insure proper finish before they are marketed," he added.

Newham continued, "There are times of the year when there is a greater demand for turkeys than hens, while around Thanksgiving and Christmas lighter weight hens are more in demand." He added that it would benefit the growers to make a study of these facts.

Joe B. Scott, of Ranger, presided at the meeting in the absence of both the president and vice president. He headed a discussion of the problems confronting the turkey growers.

Cisco was selected as the place of the next meeting which will be December 16 at the First National Bank building.

NEWS FROM DESDEMONA

By Mrs. Ethel Keith

A wound in the arm of Hershal Wayne Griffith was the result of a discharge from a gun the past Thursday eve. Hershal was alone in the living room at home and while handling an "unloaded" gun, it was discharged, the bullet passing through the muscle of his right arm above the elbow. He was rushed to the Gorman hospital, where he was discharged Friday. He is the son of Mr. and Mrs. Atias Griffith.

Board Dinner Begins Annual District Music Convention

Delegates began arriving here Thursday afternoon for the annual convention of Sixth District Texas Federated Music Clubs which got under way at 6:30 p.m. with a board dinner.

Guests assembled at the home of Mrs. Joseph M. Perkins, where they were greeted by the hostess, and received by Mrs. A. F. Taylor, president of Music Study Club and official hostess for the convention.

Mrs. Perkins laded frosted fruit from a large crystal bowl surrounded by autumn flowers. Her refreshment table was laid

with an imported brocade linen cloth, a beautiful shade of blue, enhanced by the candlelight. From the tall green tapers used throughout the house, Mrs. Robert Perkins assisted in serving the dainty pretzels complementing the frosted fruit cup.

The group went from the Perkins' home to the Woman's Club, where a buffet dinner of turkey, ham, scalloped potatoes, green beans, with mushrooms, baked apples, hot rolls and coffee was served. The table was decorated with a fall arrangement, consisting of yellow and bronze chrysanthemums and autumn leaves. Tall brass candelabra holding burning tapers furnished the lighting and emphasized the gleaming board of the beautiful table.

Small game tables were arranged for seating guests in groups of four. They were prepared with white linen cloths and decorated with tiny pink sweetheart roses in a base of styfoam. Each guest's place was marked with a small styfoam ball, carrying out the theme, "Pells and Pelles."

Mrs. Perkins was toast mistress, and introduced each of the visiting state and district officers with different sizes of the bells, which she called "Big Brass" and "Not

so Big Brass" including in the group, Mrs. A. F. Taylor, president of the Music Study Club, official hostess, who welcomed the visitors.

Mrs. R. L. Carpenter gave the invocation followed by the singing of the "Lord's Prayer" by Mrs. G. E. Dendy, accompanied by Mrs. Donald Kinnaird at the piano.

Grady Pipkin showed pictures made while on a vacation trip with Mr. and Mrs. Perkins to Mexico last summer, and also pictures that Mr. and Mrs. Pipkin made while on a trip through Canada last spring. Mr. and Mrs. Pipkin attended the International Rotary Convention held last spring in Toronto, Canada and made many beautiful pictures on their tour following the convention.

Oldsmobile's Smart "88"

Harmonious styling exemplified in a brand new front end features the 1955 Oldsmobile "88" two-door sedan. This economy-priced Oldsmobile is easily identified through the new Oldsmobile world emblem on the hood, the new recessed headlights and the name in chrome block letters spaced across the upper bumper bar. The "88" identification is on the front fenders just behind the headlights. New treatment of the side moulding has been achieved through a gently sloping curve on the rear fender panel and a horizontal moulding fast runs almost the length of the car. The panoramic windshield combines safe wide angle vision with smart styling. Riding qualities are enhanced with a new type of front suspension.

Miss Johnson Tells Mac Hayman's Story of a Hillbilly Draftee

Miss Verna Johnson reviewed "No Time for Sergeants" by Mac Hayman, for members of Las Leales Club, Monday evening at the Woman's Club.

Miss Johnson told the humorous story in first person. The main character, Will Stockdale, hillbilly boy from the Georgia hills and his small buddy, Ben Whitledge, their innocent dumb stunts that upset the Air Force personnel from lieutenants to full fledged colonels, finally forcing the colonel to have to change their names and reenlist them as privates in the Infantry. But the big Georgia boy managed to get the decorations so dear to the heart of little Ben before leaving for the new destination.

Mrs. Eldress Gattis was hostess chairman and introduced Miss Johnson. She also introduced Mrs. D. E.

Frazer, who gave the first Thanksgiving Proclamation and Mrs. E. E. McAlister who gave the present one. The first was signed by George Washington and the present by Dwight D. Eisenhower.

A tea followed the program. Other hostesses were Mmes. Wendell Siebert, McAlister, and Frazer. The table was laid with a lace cloth and decorated with an arrangement of fall fruits and candles flanked by ceramic roosters.

Present were Mmes. W. E. Brashier, Anna Grace Bumpas, Wayne Caton, Opal Cross, Frazer, Gattis, H. L. Hassell, P. F. Hanna, Horace Horton, L. E. Huckabay, Rudolph Little, McAlister, Don Parker, Guy Patterson, Siebert, Homer Smith, Thura Taylor, W. Q. Verner, J. C. Whitley and Ella Birmingham.

TOPPER BRAND PEANUT SEED

THIS IS TO CERTIFY that Durham Peanut Company will guarantee Southwest Spanish Peanut Seed of good germination and at a reasonable price to producers for 1955 planting season as follows:

1. To the producer who sells his peanut crop to this company, we positively guarantee as stated above, sufficient seed to plant his 1955 quota acres. This guarantee is to expire May 1, 1955.

2. To the producer who, due to crop failure, has no peanuts to market or the producer who has peanuts to market but does not sell us his crop, we guarantee, as stated above, sufficient seed to plant his 1955 quota acres, PROVIDED he comes to our office by December 15, 1954, and makes special arrangements necessary for us to offer him this protection. This guarantee will hold good only until our supply is exhausted.

As you know, Durham Peanut Company has specialized in TOPPER BRAND PEANUT SEED for many years and we are very grateful for the splendid public acceptance of this fine product. We are again making every effort to accumulate sufficient high quality, high germination peanut seed to assure all of our customers throughout our entire trade territory of adequate good quality seed to plant their 1955 quota acreage. This company feels it has a very definite responsibility to see that our entire planting area is supplied with good quality seed and we are entering the season with a full realization of this responsibility at the same time asking the wholehearted cooperation of every producer to the end that there will be ample seed for himself and his neighbors.

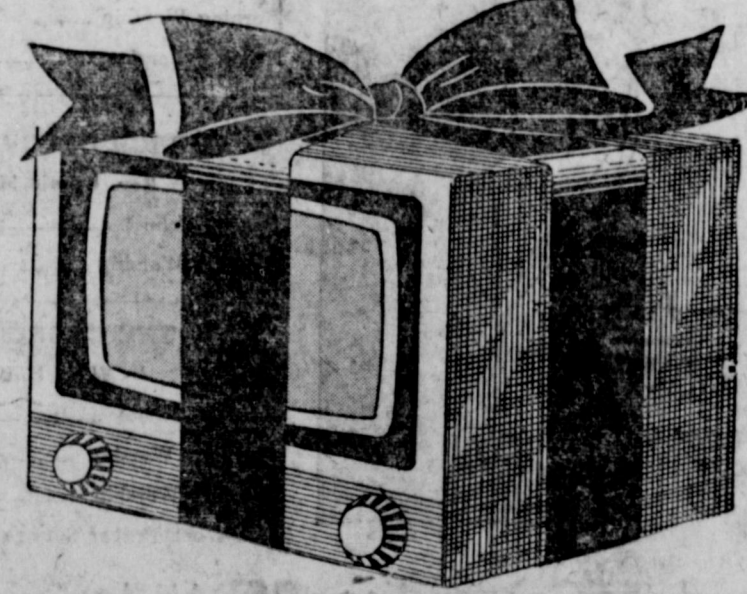

To the producer who does not care to avail himself of the protection afforded him under the above outlined plan, please rest assured that this company will make every effort to furnish year 1955 seed requirements; however, we must depend upon our buying for our seed stock and hope that you will cooperate with us in our all-out effort to acquire sufficient tonnage from which to select your seed, by selling your peanuts to this company.

The Old Testament Holds a Warning For the Apathetic

A STRONG impression one receives from the Old Testament is the intensity of the contrast between good and evil.

And a further impression is of the way these same contrasts between good and bad men, between evil and good in the life of the people, are found in every nation today.

It is this that makes the Old Testament so vital a document. There one sees the whole process of moral uplift and decay, of vision and call to high estate, with frustration, defeat, and ruin through disobedience to the high commands of righteousness and truth.

The deepest and most fundamental evil in relation to the highest character and ideals in those times was the sin of setting individual interest against the rights and welfare of all.

And today, there is not a single nation in which the forces of evil, through selfishness, crime and disregard of all moral standards, is not at work.

There are plenty of good people, thank God! But a tragic fact is the apathy of the good when action is needed to fight evil.

Nowhere is the history of a people in success and failure, defeat and revival, so clearly set down as in the Old Testament.

It is for this reason that it brings to modern peoples a warning, adapting a New Testament expression: "Wherefore let the nation that thinketh it standeth take heed lest it fall."

This warning is especially appropriate for those who refuse to recognize how great are the evils that threaten our democratic ideals.

gram, "New Nations Shall Turn To The Lord." Mrs. R. C. Ferguson and Mrs. T. M. Johnson will be on the program.

The Commission on Membership and Evangelism will meet at the church Monday evening at 7:30.

Community-wide Thanksgiving Service will be held in this church Wednesday evening at 7:30. Music with special numbers will be led by the Music Study Club. The Rev. W. E. Hallenbeck Jr., pastor of the Church of God, will deliver the sermon. The service is sponsored by all churches represented by the Ministerial Alliance.

The Cisco District Conference will meet in Eastland December 2 and 3 at the Methodist Church.

Christian Science

How the assurance of God's protecting care destroys anxiety and brightens human experience will be brought out in the Lesson-Sermon to be read in Christian Science churches this Sunday. On the subject, "Soul and Body," this selection from Psalms will be read (42:11): "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."

One of the passages which will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (p. 390): "We cannot deny that Life is self-sustaining, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony."

BEEF CATTLE NEED PLENTY OF ROUGHAGE IN WINTER TIME

COLLEGE STATION—Roughage — and a lot of it — will be needed to carry Texas beef cattle through the winter. Consider both the amount and quality of

roughage you feed, says U. D. Thompson, extension, animal husbandman.

Roughage in some form should be available to livestock at all times. This doesn't necessarily mean it must be of the highest quality, but the higher the feeding value the better, Thompson says.

Roughages very low in nutritive value can be fed with success if adequate supplement — about two pounds of cottonseed meal — is supplied each day. Cotton burrs, peanut hulls, corn cobs and rice straw fall into this category. Thompson cites specific rations

based on years of research and study which are recommended for feeding in Texas. Use about four pounds of legume hay with 14 pounds of cottonseed hulls or oat straw for each animal daily. If corn or sorghum silage is available, feed 40 to 50 pounds of either and one pound of cotton seed meal or cake daily.

Eighteen pounds of Johnsongrass or Prairie hay supplemented with one to two pounds of cottonseed meal or cake makes a top-notch ration for dry cows where the hay is available, says Thompson. If Johnsongrass or sorghum hays were cut early and did not get rained on, he says producers may get by without any supplement.

A cow nursing a calf will need about 60 pounds of corn or sorghum silage or 20 pounds of Johnsongrass hay fed with two pounds of cottonseed meal or cake daily.

Less feed is needed to keep cows from losing weight than to put it back on after it is starved off. Fleshy animals, the type most easily wintered, may lose 150 to 200

Salt and steamed bone meal minipounds without impairing the production of a calf. A complete winter feed requirement of beef animals and should be fed free-choice, Thompson concludes.

Buick's New Front End Styling for 1955

BUICK'S FRONT END, long one of the most easily identified in the automobile industry, sets a new style fashion in 1955. It paces the trend toward a more compact appearance with a recessed hood, more massive bumpers and a completely new wide-screen grille. Two "bombs" protect the grille itself while smart new roll-edge wing guards shield the fenders and lights. Headlights are visored in

a distinctive fashion. The Buick tri-color medallion is located on a bar across the front of the grille, and the letters "B-U-I-C-K" in brilliant chrome grace the center of the recessed hood. The hood ornament, mounted on four concentric rings, symbolic of Buick's four great V-8 series, is bright chrome on the Special, Century and Super, and is finished in gold on the Roadmaster.

Biscuits Sign of Good Cook: So Try This Tasty New Recipe

If good biscuits are truly the sign of a good cook, then this recipe for Pocket Biscuits can well be the making of your reputation as a cook supreme. For here is a biscuit recipe that's quick and easy to do with results that are quite remarkable. Made with All-Bran cereal, these are filled with marmalade before baking. The biscuits come from the oven tender, fragrant and flavorful. You'll find them a most welcome addition to breakfast, lunch or dinner menu.

Pocket Biscuits
1/2 cup All-Bran (ready-to-eat bran)
1/2 cup milk
1 cup sifted flour
2 teaspoons baking powder
1/2 teaspoon salt
1/3 cup shortening
1/3 cup orange marmalade

Combine All-Bran and milk; let stand until most of moisture is taken up. Sift together flour, baking powder and salt. Cut in shortening until mixture resembles coarse corn meal. Add All-Bran mixture and stir until combined. Turn out on lightly floured board and knead gently a few times. Roll dough out to 1/4 inch in thickness. Cut into ovals 2 inches long and 1 inch wide. Cut a slit in one end of oval. Put a teaspoonful of marmalade in middle of each oval; bring uncut end of dough through slit. Place on greased baking sheet. Bake in very hot oven (450 degrees F) about 10 minutes.

Yield: about 1 1/2 dozen biscuits.
