

## Eastland Teachers To Attend TST Convention

At least seven Eastland teachers will join more than 10,000 fellow educators for the Sixth Annual Convention of the Texas State Teachers Association at Ft. Worth Thursday through Saturday.

Those who will attend from here include Mr. and Mrs. W. G. Womack, M. M. Sheffield, Mrs.

Sue Goode, J. W. Turner, R. W. Scott, Charles Harris and Mrs. Bernice Durham.

Principal speakers at the general sessions are Dr. Herold O. Hunt, Elliot professor of education at Harvard University; Dwayne Orton, editor of Think and education consultant for International Business Machines Corporation of New York City; Waurine Walker, president of the National Education Association and director of teacher relations and certification for the Texas Education Agency; H. W. Stilwell, chairman of the TSTA Legislative Committee and superintendent of schools at Texarkana; and Charles H. Tennyson, executive secretary of TSTA.

Scheduled to speak at the final session of the convention, Mr. Orton will talk on "The Human Side of Administration." Participants on the panel immediately following Mr. Orton's discussion will be Dr. Roy Hall, executive director of the Texas Association of School Boards, chairman; Frank Monroe, president of the Texas Association of School Administrators; Mrs. Gertrude Hay, president of the Texas Classroom Teachers Association; Ed Burris, executive secretary of the Texas Manufacturers Association; Dana Williams, NEA director for Texas; and the Hon. Thomas B. Ramey, president of the State Board of Education.

### Eastland To Pay Honor To Salvation Army

"For Those In Need." That is the slogan of the Salvation Army. The reason for calling it to your attention today is because Sunday begins Salvation Army Week.

And in Eastland and the rest of Eastland County, special recognition is being paid to the organization that is always ready. During the week Eastland's local service unit, which is headed by Rev. Otto Marshall, will make an attempt to let Eastlanders know what has been accomplished in the past year.

Other members of the unit are Guy Parker, Carl Johnson, Clyde Young, Stanley Webb, Ray Laney and Hubert Westfall.

What has the Salvation Army accomplished in the last year? The Army has provided 9,431,550 meals for those of all ages in the U. S. and clean warm lodgings were supplied to 1,914,638 homeless or transient men and women. That should give you a good idea.

### Olden Drops Pair of Games To Lipan Teams

OLDEN (TNS) — Lipan took a couple of easy wins over Oldens girls and boys Wednesday night in the Olden gym.

In the girls game Lipan gained an early lead and held it all the way to win 52-26. In the boys game the visitors fast breaking five won 68-51.

The Hornets had a hard time finding the basket against the hustling Lipan club. Jimmy Colburn took scoring honors for the Hornets with 20 points. Dale Norton had 10.

at the annual Thanksgiving morning service with which the convention will be opened. Mrs. Kate Bell, Houston, president of the association, will preside at the Thursday and Friday general sessions.

TSTA's annual Distinguished Service Award to the outstanding educator and layman who have distinguished themselves by their contribution to Texas education during 1954 will be presented at the last session by M. B. Morris, superintendent of schools at Uvalde, and chairman of the awards committee.

Sectional meetings will feature, among other prominent speakers, Arthur I. Martin, Aviation educationalist, Gorham, Maine; Ray O. Mertes, director of United Air Lines' School and college service, Chicago; Dr. James W. Laurie, president of Trinity University, San Antonio; Dr. John W. Morris of the University of Oklahoma; Lloyd H. Slind of Florida State University's music education faculty; Dr. Bascom B. Hayes, assistant commissioner of education; Dr. Carl A. Troeter, Jr., executive secretary of the American Association for Health, Physical Education and Recreation; Mildred Scanlon of the National Recreation Association; Dr. Guy L. Bond, professor of education at the University of Minnesota; Dr. L. Rowe, professor of business education, Northern Illinois State Teachers College, DeKalb, Illinois; Dr. Esther J. Swenson, University of Alabama, Tuscaloosa; and Dr. Ethel Percy Andrus of Glendale, California, president of the National Retired Teachers Association.

Welcoming address will be given by Dr. J. W. Edgar, state commissioner of education; Mrs. Leon Price, president of the Texas Congress of Parents and Teachers; and Dr. Joe P. Moore, superintendent of Fort Worth schools.

Over 100 other leading educators and laymen will participate on the programs of sectional meetings, breakfasts, luncheons, and dinners.

The association will consider numerous matters of proposed legislation which it may sponsor before the next legislature to improve the state's public schools.

### Luther Perrin Rites Set For Friday Morning

Funeral services are scheduled for 10 o'clock Friday morning, Nov. 26, at the Second Baptist Church in Ranger, for Luther Harrison Perrin who died in a local hospital at 8:30 this morning, following a long illness.

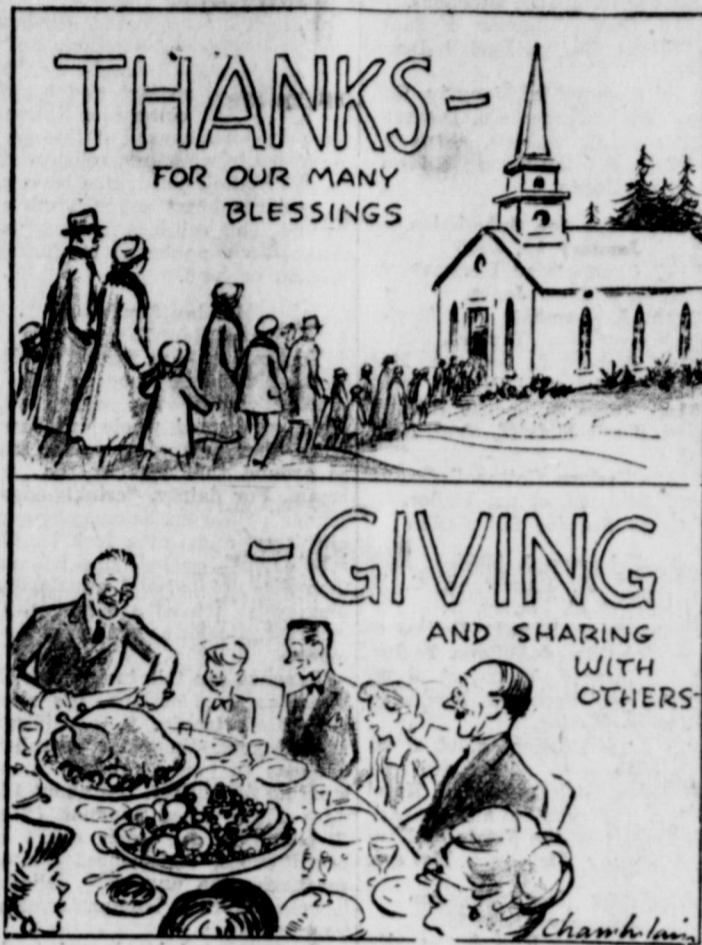

Mr. Perrin was born July 13, 1896 in the Colony Community, Eastland County. He married the former Mrs. Flora Rotan on Sept. 22, 1922 in Sweetwater. He was a veteran of World War I and was a retired farmer. He had lived in or near Ranger all of his life.

Mr. Perrin was a member of the Second Baptist Church in Ranger.

He is survived by his wife of Ranger; one son, Harlon E. Perrin, San Angelo; four daughters, Mrs. A. A. Stehle of Midland, Wanda Perrin of Abilene and Patsy Perrin of Ranger; 3 sisters, Mrs. W. P. Allen of Frederick, Okla., Mrs.

Two Ranger Junior College students and two faculty members presented a musical program for Eastland Lions Tuesday at the

club's regular weekly luncheon meeting held in the Fellowship Hall of the First Methodist Church.

### Pecans To Be Entered In Show Can Be Left Here

Growers not only from Eastland County, but from adjoining counties as well are invited to participate by sending in entries in the Second Annual Eastland County Pecan Show to be held at Cisco on Dec. 10-12, according to word from the County Agent's office in Eastland. The show is to be held in the Cisco Locker Plant building.

Each entry must consist of enough nuts to weigh at least a pound. Growers are limited to one entry of each variety it was explained. Growers can enter as many varieties as they grow. Cash prizes and ribbons are to be awarded to the first three place winners of the following varieties: Burkett, Mahan, Western Schley, Mahan, Eastern Schley, Texas Prolific, Stuart, No. 60, Van Deman, Williamson, Kincaid, Curtis, San Saba Improved, John Garner, Halbert Squirrel Delight and either round or oblong seedlings.

The Cisco Chamber of Commerce is cooperating in the affair for the second year. Nuts may be left at that office or at the County Agent's office in Eastland prior to the show. All entries must be in by 9:30 a.m. on Dec. 11, the date they will be judged by Extension and Horticultural Specialist of the A&M College.

Nuts must be grown in 1954 and by the person exhibiting them. A culinary division is to be included this year also it was said.

### Final Rites Are Held For Cap Houston

Funeral services for Captain Poe Houston, 71, a native of Eastland, were held Monday at the Haner Funeral Chapel with Rev. Bruce Weaver, pastor of the Ranger Methodist Church, officiating.

Mr. Houston was born Dec. 28, 1883. He died Sunday morning after a lengthy illness and burial was in Eastland Cemetery. He was one of the best known fiddlers in this area.

A member of the Methodist Church, Mr. Houston is survived by his wife; two sons, Bryant of Eastland and Leck of Waco; and two grandchildren.

## Eastland Observance Of Thanksgiving Is Quiet

### Eastland Man Charged With Assault On Cop

Charges of aggravated assault on a police officer were being prepared against Jesse Coy Kimbrough, of Eastland, today after he struck Ranger Police Chief W. G. "Pop" Pounds Tuesday in a scuffle on Highway 80, where Kimbrough was attempting to move a house through Ranger.

Chief Pounds was struck in the face while standing on the running board of the Kimbrough vehicle in an attempt to have him stop operation temporarily. The police chief relates that a complaint from the telephone company linemen advising that the house moving operation was destroying telephone lines stretched across the highway caused the investigation. Chief Pounds said that he approached the unit from the front and motioned for the driver to halt the vehicle.

Kimbrough caused the vehicle to lurch forward causing Chief Pounds to jump out of the truck's path. Ed Freeman, off-duty patrolman, who accompanied the chief on the investigation, mounted the opposite side of the truck's cab after the warnings had not been heeded.

Chief Pounds relates that Kimbrough reached for an axe lying on the floor in the truck but was unable to grab the object with the two policemen attempting to corral his actions. The truck continued in forward movement during the scuffle.

Kimbrough was able to pick up an iron bar off the floor but it was wrenched from his hands after he had struck at the officers several times. After Freeman had ripped the bar from his grip, Kimbrough then struck Chief Pounds in the face dislodging him from his position on the truck.

Chief Pounds, after running to again catch the moving vehicle, tore the door open and with the assistance of Freeman succeeded in pulling Kimbrough from the cab.

Kimbrough was held in jail in Ranger until Tuesday afternoon when he was transferred to the county jail in Eastland.

Bond is set at \$1,000.

### Eastland Post Office To Take Part In SD Day

Post Office employees in Eastland are cooperating in the national "S-D Day" campaign sponsored by President Eisenhower's Action Committee for Traffic Safety in an effort to demonstrate that traffic accidents can be reduced materially when each motorist and pedestrian accepts full personal responsibility for observing the letter and spirit of all traffic regulations.

The goal for Safe Driving Day is for every community to go accident free for the 24-hour period of December 15, and Postmaster E. E. Layton confidently predicts there will be no accidents here involving post office people or vehicles.

The Department's emphasis on traffic safety is being pushed in the larger cities through traffic safety schools which already have begun to show results.

"The Post Office Department," commented Postmaster Layton, "is teaching its personnel that courteous driving is safe driving and urging them to make courtesy their code of the road. This kind of policy is reducing the cost to the taxpayer as well as preventing human suffering."

### STORES CLOSE FOR HOLIDAY; SERVICE HELD

Eastland will observe Thanksgiving quietly this year, it appears. Community-wide Thanksgiving services were to be held Wednesday night at the First Methodist Church with Rev. W. E. Hallenbeck, pastor of the Church of God, delivering the sermon.

Almost all Eastland stores will be closed and the bank, post office, city hall, courthouse and Telegram office will observe the holiday.

The Wednesday night service began at 7:30. Rev. Jackson Oglesby, pastor of the First Methodist Church, presided. The service was sponsored by the Ministerial Alliance.

### Shooting For The Very Top

Eastland Rotarians have done it again! For the third month in a row the Eastland club is among the top ten clubs in District 186 in average attendance.

The Eastland group, with an average of 97 percent, ranks sixth in the 32 club district.

But the group is still not satisfied. What do they want? Just first place.

## Farm Bureau To Air Surplus And Acreage Plan At Conference

A national farm program designed to eliminate surpluses and discriminatory acreage controls will be recommended to the American Farm Bureau Federation, according to A. Z. Myrick, of Cisco, president of the Eastland County Farm Bureau.

The plan was approved at the Texas Farm Bureau's convention Nov. 10 in Galveston, Myrick said. It will be up for consideration by the AFBF at its national convention Dec. 12-16 in New York City.

Under the Texas plan, acreage control would be set up on the basis of a farm's total tillable acreage. The present law places controls on the individual commodities. According to the plan, the percentage of acres to be retired from production would be determined by the overall over-production of all agricultural commodities in this country.

According to president Myrick, the percentage of acres responsible for surpluses, estimated at five to 15 percent of the nation's total cultivated acreage, would be taken

out of commercial production. In other words, if the percentage amounted to 10 percent, then each farmer would be required to divert 10 percent of his tillable acreage from production. A farmer would have to comply with this provision in order to be eligible for price supports, and good soil conservation practices would also be required for these idle acres. This could be encouraged by soil conservation payments.

Under the proposed plan, a system (Continued On Page Two)

## Moore... ABOUT Eastland

By VIRGIL E. MOORE

This is T-Day!

Yes, it's Thanksgiving Day (commonly referred to as Turkey Day) once again. And Eastlanders have just a lot to be thankful for. For instance, those fine rains we got just the other day, a peaceful world and to date a mild winter.

But then, you know what you are thankful for.

And Sunday starts Salvation Army Week. We should at least thank our local men and women who have worked to make the Army's plan work here. Special recognition should be paid to Rev. Otto Marshall, who has headed the service unit here.

But we can't let that joke Fred Baumgardner, head of the Ranger Junior College music department, told Eastland Lions get by. Baumgardner told of the man who phoned the local Salvation Army and asked if they saved bad girls.

The reply to the question was yes, and the voice on the other end said, "Well save one for me, I'll be right over."

Mrs. Pearl Pate will celebrate a double holiday on Thanksgiving Day. It's her birthday, the Band Posters' Birthday calendar reveals. Celebrating Saturday will be J. C. Poe, Wendell Siebert and W. G. Womack.

Just a reminder. Don't eat too much. Christmas dinner is just around the corner. See you Sunday.

## Twelve Girls Seeking Berths On Cage Sextet

"We lack depth, but the team really has the spirit," Charles B. Harris, Eastland High girls' basketball coach said Wednesday as he outlined the coming cage season.

Harris is fortunate, however, in having five returning letter winners. Returning are Billie Jo Trout, Brenda Tankersley, Jo Ann Hollis, Laverne Akers and Geraldine Johnson. Others include Jane Howell, Laverne Trout, Treva Nunley, Zelma Phillips, Jean Gaines, Donna Sheppard, and Sandra Curtis.

Three of the players play at both the forward and guard positions. They are Hollis, Howell and Sheppard. Trout and Tankersley are the only other two forwards, while the remainder of the players are guards.

Coach Harris' charges will open their season Dec. 3 against Olden in the local court. The game was scheduled this week, and both the boys and girls will see action.

With the exception of the game with Ranger, the girls will play the same schedule that the boys have. Their second tilt of the year will be against Moran in the home gym on Dec. 7. Then on the ninth they will journey to DeLeon to take part in the tournament there. In their first game of the tournament they will meet powerful Stephenville. If they win that game they will play the winner of the Pottsville - Hamilton game.

Like the Mavs boys, the girls open their District race here Jan. 11 against Clyde. A double round robin schedule has been drawn up in the district and other teams participating are Cross Plains, Dublin, Wylie and Rising Star.

Coach Harris has had his 12 girl squad practicing for several weeks. Against Olden, the girls

will be meeting one of the best girls' teams in this area when they start the season next week.

## Let's New In November For As Well As Holidays

In addition to turkeys, you will be seeing in the Thanksgiving season the turkey and the turkey have become a holiday basis, rather than a food basis. They are so much fun to try in the home.

Have you ever served cranberries and oranges together, as a combination? Cranberries, so tart and tangy, are a perfect companion in melon salad. Put this very combination to work in a relish made by adding diced, ripe bananas to cold cranberry sauce, fresh or canned. This relish is a wonderful accompaniment to turkey, chicken or ham.

### Holiday Sundaes Has New Topper

You can make a festive sundae in the November mood by merely topping vanilla ice cream with fresh or canned whole cranberry sauce, then arranging banana slices around the sides of the ice cream. For dainty, "crinkly-edged rounds", flute the bananas by running the prongs of a fork lengthwise down a peeled, ripe banana, then slice crosswise. A zestful topping, this makes a sundae with contrast in color as well as in flavor.

## Combined 7th Hear Playette, 'A Bunch of Keys'

"A Bunch of Keys" a playette was presented by Kay Culbertson, Jackie Tuggle, Phyllis Lewis, David Whitten Oran Rhodes and Charlotte Vaught for members of the Citizenship Club of 7-B combined with 7-A at their meeting Friday afternoon at Junior High School.

Members of Miss Opal Hearn's 6th grade were special guests for the occasion, which was in recognition of "Book Week", Nov. 14-20.

The skit portrayed a family, who learned in the course of the play to appreciate books.

The meeting was opened with the "Pledge to the Flag", and the "3rd Psalm repeated in unison, following by the signing of the National Anthem.

The two divisions of the seventh grade have been studying lives of famous Americans this week and 55 book reports have been given by the group.

### Fishing Tackle Taxes Promote Sport Projects

WASHINGTON, D. C. — A ten per cent excise tax on fishing rods and reels and artificial lures provides \$4 million annually in federal aid to the states for projects designed to improve sport fishing. Why not extend the tax to live baits as well — such common and popular fish-getters, as minnows, shiners, worms and crickets — and thereby expand the conservation program?

This proposal, advanced by Charles "Chuck" Schilling, Florida outdoor writer and conservationist, is being studied by the National Wildlife Federation and other organizations. Schilling, who doubles in journalistic brass as fishing editor of Florida Wildlife magazine and outdoor editor of the Stuart (Fla.) News, also serves as conservation director of the Florida Wildlife Federation. Last year he was awarded the Florida State Chamber of Commerce gold medal for his work in the conservation field.

Writing in the Stuart News, Schilling pointed out that the production and sale of live bait has become big business — "a full-fledged partner in the fishing tackle industry."

"The artificial lure helps support the natural resources it 'eats,'" Schilling said. "The live bait does not."

"We should give the live bait industry, and the anglers who use its products, an equal opportunity to sustain the fisheries resource."

The Federal aid program for sport fisheries was established by Congress in 1950 when it passed a law known as the "Dingell-Johnson Act," named for its co-sponsors, Congressmen John Dingell of Michigan and Senator Edwin C. Johnson of Colorado. The funds are apportioned on the basis of the number of fishing licenses issued and the area of each state. Dingell-Johnson projects, administered by the State game and fish departments, have included construction of lakes and ponds, stream improvements, research and other activities.

# HUNTING ACCIDENTS THWARTED BY OBSERVANCE OF SAFETY

COLLEGE STATION — Careful nimrods are polishing their safety rules as well as their "gats" after the beginning of deer season which opened November 16.

Unless a few simple rules of safety are observed, this year's deer season may spell disaster for a number of Texas hunters, says R. E. Callender, extension specialist in wildlife management. It's the "over-anxious" hunter who endangers the lives of fellow hunters and causes needless damage to wildlife, adds Callender.

Two-thirds of all hunting accidents are caused by humans in the line of fire, humans mistaken for animals and hunting with a

# Here's How To Cook Chicken Cacciatore, Italian Style

Italy is the home of Chicken Cacciatore, a dish with an intriguing name that's pronounced "kah-kyah-TOE-rah" and defined as "hunters' style." Like so many foreign specialties, Chicken Cacciatore is prepared differently in various sections of its native land, but, basically, it is made by simmering chicken in a spicy tomato sauce.

The traditional accompaniments are freshly cooked spaghetti, crusty bread heated with garlic butter and mixed greens tossed with an oil and vinegar dressing. With these, Chicken Cacciatore provides a praise-winning menu that is ideal for parties as well as everyday use.

gun's safety catch off. Good sportsmanship in the woods includes using the proper caliber gun or the game, hunting only in season, and bagging no more than can be used, even though the limit may permit.

The specialist says thoughtful hunters are careful with fire. They never throw away a lighter, cigarette or leave a burning campfire. Either can start a destructive grass or forest fire.

Always respect the rights of others and obtain permission before going onto another's property. Observe these safety rules and have a "bag full" of fun, says Callender.

Treat every gun as if it were loaded, never carry a loaded fire arm in an automobile, be sure the action and barrel is clear of any restriction, carry the gun so you have control of the muzzle direction even if you might stumble, never pull the trigger until the target is sure and never point a gun at anything you do not intend to shoot.

Lastly, gun powder and alcohol do not mix. Callender urges hunters not to drink one for the road or for the woods, either.

**IT'S THE LAW**  
★ in Texas ★

### Government of Law Is American Tradition

What is a "Government of law"? Most of us run across this phrase from time to time, but few stop to think what it means. It has a special significance and is extremely important to each of us as an American citizen.

The implications of the term are broad, but its basic definition is simple: Because legal controversies must be tried and determined in courts on established and recognized public standards of right and wrong, we call our government of law—a distinguished form of government of men.

If judges and juries were not bound by law and precedents—if in each lawsuit, the judge or juror could set up a private standard of rights and duties as a basis for deciding that case—we would have a government of men. No one would know in advance of the decision how he should have acted in a particular situation. Cases arising out of similar circumstances would not be decided on settled principles but on the personal ideas of the trial judge or juror.

Judges get the law by which they decide the legal questions arising in a lawsuit from three sources: federal and state constitutions; federal and state statutes; and from previous judicial decisions and legal writings. Previous decisions state the public standards of rights and duties in matters not covered by constitution and statutes.

Judges have access to these statements of the law and know which apply to the situation involved in any lawsuit. So that justice may be done according to the law, it is imperative that the jurors in each case accept the law as the judge gives it to them. They are therefore required to base their verdict on his instructions as to the law, rather than on their own notions of what the law is, or ought to be.

For somewhat similar reasons there are rules governing the way a case is to be tried in court. These rules prescribe what must be stated in the pleadings, in what order evidence must be presented, what evidence is proper, what form questions must take, in what order lawyers are permitted to argue,

what is permissible and what is not permissible argument.

If it were not for these rules no one could foresee what would happen during a lawsuit. It would be impossible to prepare properly for the trial. No one would know, until the judge had ruled what he would be permitted to say or do, or in what order. Such a situation would inevitably result in confusion and injustice.

The whole purpose of laws and rules is to insure equal justice by providing a single standard of rights and duties, applicable to all persons similarly situated. This is what we should remember when we hear or read the phrase, "Government of Law".

(This column, based on Texas and Federal law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

### Budget Hints

In the preparation of leafy vegetables, to make certain they are clean and free of insects, use salt water to draw out dirt and any insects which may be lurking deep among the leaves.

Another salt hint for the busy housewife—speeds double boiler cooking. Add salt to the water in the outside container. The water heats quicker and the foods in the inner pan cook faster with this method.

If you're having roast duck instead of turkey for your Thanksgiving dinner this year, add a festive touch by arranging canned whole crabapples around the serving dish when you bring the duck to the table. The syrup from the crabapples can be used for basting the duck while it's in the oven. Even a tablespoon or two added to the gravy gives it a delightful flavor.

### NEWS FROM CHEANEY

Mrs. Bill Tucker

Did you ever plan to make pickles, then find at the last moment, you didn't have all the ingredients? Well, that seems to be the pickle this writer is in—and on Monday morning, of all times! You see, we are lacking in news from the folks in this neighborhood.

Church attendance was about as usual, with Mr. and Mrs. Brannon of Gorman as visitors Sunday night.

A Thanksgiving dinner is being planned at the Gene Ferrell home Thursday when their children and many of the Walton and Melton families are expected to attend.

Mr. and Mrs. Morgan Box and children from Ohio, came in Sunday for a visit in Eastland with his parents, Mr. and Mrs. O. L. Box, and with her mother, Mrs. Mary Tucker and other members of the family during Thanksgiving week.

Mrs. Ben Freeman reported visitors from Comanche Sunday, the Dick Weekes.

Farmers are getting the harvesting under way and frost seems not far away these nippy cool mornings. Fields of cover crop are making rapid growth since the rains.

A reader of our column told us Saturday night in Gorman to keep up the good work—we just hope she understands that sometimes it's hard to gather news, especially when vacations are over and no one is visiting or entertaining visitors.

### There is no Such Thing—

... as a "bargain" in insurance. Along with every other commodity you get what you pay for and no more. John Ruskin once said "there is hardly anything in the world that some man cannot make a little worse and sell a little cheaper and the people who consider price only are this man's lawful prey." Ruskin was right. Whatever you buy, buy the best. If it's insurance you can't go wrong by buying from a local agent who is as near to you as your telephone when you need him.

- 2 teaspoons grated lemon rind

**METHOD FOR MAKING TIMBALES:** Put the water, salt and rice into a 2-quart saucepan and bring to a vigorous boil. Turn the heat as low as possible. Cover and leave over this low heat for 14 minutes. Turn the heat off. Leave lid on for 10 minutes. Stir the sugar into the hot rice. Chill the rice. Fold in the raisins and the pecans. It is important that the pecans are toasted. Do this by placing the pecans on a greased shallow pan in a 350° oven for 10 minutes, or until browned. Whip the cream and stir in the vanilla. Fold the whipped cream into the chilled rice mixture.

Use a wet custard cup for molding the timbales. Press the rice into the custard cup and then unroll by running a knife around the edge of the custard cup and shaking out the timbales. Cover and store in the refrigerator until time to serve. To serve, garnish the top of each timbale with a toasted pecan and serve with the hot lemon sauce.

This recipe makes 6 timbales if a custard cup holding 2/3 of a cup is used for molding.

**METHOD FOR MAKING THE LEMON SAUCE:** Mix together the sugar, cornstarch and salt in a saucepan. Slowly stir in the boiling water. Cook over a medium heat stirring constantly, until clear and thick. Stir in the lemon juice and lemon rind. If desired, color with yellow food coloring. Serve hot over the Raisin-Pecan Timbales.

**Save Money By Roasting Meat The Right Way**

Save yourself money and have the finest serving! That is what you can accomplish by roasting meat the modern constant low temperature way. As the result of extensive research, today the guesswork has been taken out of roasting meat, and the homemaker is assured of the best possible re-

sults.

This modern method of cooking a roast is a big change from the method of a generation ago. Searing, as was the habit of yesteryear, has been completely eliminated. Searing actually increased the loss of juice from the meat. The rule in roasting is to keep the oven at a constant low temperature. Beef, veal, lamb and smoked pork are roasted at 300 degrees F., fresh pork at 350 degrees F.

In place of basting the roast, today's homemaker simply places the roast fat side up on a rack in an open roasting pan. Thus, the roast takes care of its own basting

as it cooks. Today the homemaker may use a handy roast meat thermometer so she knows exactly when the roast is cooked merely by noting the recorded internal temperature of the meat. The thermometer is inserted in the thickest section of the roast (but not in fat or on bone) before the meat goes in the oven.

In addition, cooking a roast the easy right way requires little or none of the homemaker's attention from the time the roast is placed in the open until it is removed. Low heat, likewise, does away with a spattered oven and with charred, hard to clean roasting pans.
