MOORE about... EASTLAND by Virgil E. Moore

Doc Davis and wife and dog have just returned from a vacation trip to New Mexico. Doc always takes his dog, Spudnic, on his vacation trips, and he observed this year that motels had quit putting out signs saying "No Pets." It seems that more and more folks take their pets along on their trips.

Doc's dog really enjoyed his stay in New Mexico. He was really frisky in that cool air.

All of which reminds us of the old boy who wrote for reservations at a swank hotel and asked if he could bring along his dog. He got back the following letter:

"Dear Sir: In regard to your letter asking if you could bring your dog to our hotel, may I say that we have never had a dog skip out the back door owing a large bill. And never has a dog left a cigarette on one of our desks and burned it. No dog has ever been caught with the hotel's towels in his suitcase either.

"So naturally we will welcome the dog. And you may come to if the dog will recommend you."

Comment of Gene Townsend in Ranger Times: "I understand that Eastland is suffering from the lack of boys out for football the same as Ranger has for the past few years. Eastland was expecting near 40 boys out and didn't get near that many, and several have quit since practice started. One of their starting backs from last year is not coming out this year."

For Gene's information, the Mavs have 30 boys out, the Bulldogs 24.

The Abilene Reporter-News picks 'em this way in District 7-AA: Cisco, Ballinger, Coleman, Eastland, Winters and Ranger. The R-N says the district is well balanced with each team capable of beating any other team.

Tom Greer of Carbon dropped us by some fine looking tomatoes the other day. He had three which came off the same vine which were really something to see. Good eating too.

From Chautauqua, N. Y. we received a picture postcard showing the large Amphitheatre. The card was from Mrs. Emily Perkins and we will share it with you: "Eastlander spoke here! I graduated from Chautauqua Literary and Scientific Circle after four years of reading and correspondence courses in philosophy and history in the class of 1959."

Alfred Nelson and wife and daughter, Nickey, of Bay City were in to see the Telegram crowd the other day. Nelson was pastor of the Olden Baptist Church when we first came to Eastland. The Nelsons have a lot of friends here and it was certainly good to see them again.

W. E. Brashier Receives Master Degree at NTS

Willie Elbert Brashier of Eastland was one of about 250 graduate students who applied for master's degrees which were awarded in summer commencement exercises at North Texas State College Aug. 21.

Graduation ceremonies were held at 8 p.m. in Fouts Field. Brashier was a candidate for the master of health, physical education and recreation degree. He teaches at South San Antonio High School in San Antonio.

Television Actress Visits In Eastland

By ZELMA HENDRICKS TELEGRAM STAFF WRITER

Every little girl has a dream of someday being a great doctor, nurse, lawyer or like Patsy Horn, a great actress. Patsy started climbing toward her dream when she and her brother acted out skits that their mother wrote especially for them when they attended the South Ward school in Eastland.

This is one dream that came true, for when little Patsy Horn reached for the stars, she caught one. She has been active in radio and has been in the theatre most of her life and is professionally known as Pat Brown. Pat started her acting career at the age of 18 in Houston. She then went to New York where she was in the professional acting business for 12 years. She also spent several years in Litchfield, Conn.

Pat was visiting her grandparents, Mr. and Mrs. L. A. Horn, in Eastland over the weekend. She is the daughter of Clifton and Alice Horn of Houston.

Mrs. Brown has been seen on such programs as Lux Video Theatre, Studio 1 and Suspense. She now owns, directs and acts in her own theatre in Long Beach, Calif. She has owned the theatre ever since she moved to Long Beach, eight years ago. She had 58 productions in the Magnolia Theatre, the latest one being "Man in the Dog Suit" starring Richard Erdman. The Magnolia is a year-round theatre.

Pat has won a scholarship from Anne Baxter, toured with Diana Barrymore and John Carradine and last summer Lile Talbot and Vanessa Brown played in the theatre.

County Budget Hearing Is Set For Sept. 15

Eastland County Commissioners Monday set Sept. 15 as the date for the annual budget hearing. The hearing will be held in the commissioners courtroom beginning at 10 a.m.

Commissioners also hear a delegation from the Gorman area asking the Court to do what they could to get a farm-market road built from Punkin Center into Gorman. George Bennett was spokesman for the group and he said he believed that roads should serve the people and not idle land.

Former Resident Of Eastland Dies In California

J. A. Coplen passed away in Santa Barbara, Calif., Monday morning at 6. He was 75 years old and had lived in California for about one year.

Mr. Coplen was a former resident of Eastland having lived here for about 70 years. He was a Mason and a printer in Eastland. Mr. Coplen is survived by his wife, Marie; one son, J. M. Coplen of Eastland; and two daughters, Mrs. C. F. Shepherd of McCamey and Mrs. Roy Yoder of Santa Barbara.

He was a member of the First Baptist Church and has been a Mason for approximately 50 years. Funeral services and burial will be in Santa Barbara.

She was nominated along with many of the great names in 1959 for the \$10,000 Ford Foundation Grant in the Field of Directing. There were 350 nominations and she was one of the 50 accepted. Next year she will be on the nominating committee for the Grant.

Pat is the mother of two boys, Barry Andrew aged 7, and Anthony Mathew aged 4 1/2. They returned to Houston Saturday for a week before they leave for their home in Long Beach, California.

Final Support Price On Peanuts Is Now \$193.50

Final determination of the support price for 1959 crop peanuts at a national average level of \$193.50 per ton average grade was announced recently by the United States Department of Agriculture.

This national average support price, which is 75 percent of the August 1959 parity price of \$258.00 per ton, is the same as the "minimum pre-planting" support price announced on March 4, 1959 and also the same as the interim support price announced July 1, 1959 pending issuance of the crop production report on August 11.

The announcement of the final level of support was made following a recalculation of the supply percentage as provided by the Agriculture Act of 1949 and a relating of that supply percentage to the effective parity price for peanuts for August 1959. The effective parity price for peanuts is the same for August as it was for March, when the "minimum pre-planting" support price was announced, and the apparent supply of peanuts for the marketing year is now somewhat larger than was anticipated at that time. Consequently, the "minimum pre-planting" support price of \$193.50 per ton becomes a national average support price for 1959 peanuts.

Final support prices by type for 1959 crop quota peanuts are the same as those announced on July 1, 1959. These are as follows:

Virginia type	\$205.50
Runner type	180.64
Southeast Spanish type	197.90
Southwest Spanish type	189.83
Valencia type suitable for cleaning & roasting	200.94

Gene Babb Is Assistant Coach Ranger College

The vacancy in the coaching staff at Ranger College has been filled by Gene Babb, according to an announcement by Dr. Ted Nickels, president of the College.

Babb has left the San Francisco 49ers professional football team where he has played fullback for the past three years, to accept the position at Ranger College.

He was an art major at Austin College, where he made the Little All-American football team.

Other than his duties as assistant coach of the Rangers, he will teach art classes at the College.

City Announces Plan To Pave College St.

City Hall Calm Briefly Shaken In Brisk Debate

The Eastland City Commission last night was told it acted too hastily in passing an emergency measure increasing water and garbage collection rates and the commission spokesman, Mayor Cyrus Frost, let it be known he didn't appreciate the complaint.

Doing the complaining was Cliff Wilson, saying the Commission needed to study possible ways to cut expenses before upping water and garbage rates, quoted Eastland's 1919-approved city charter to "prove" his point.

Wilson quoted from Article Six, which says that "... no ordinance, unless it be declared an emergency measure and passed by a unanimous vote of the Commission, shall be passed on the day which it shall be introduced."

One commissioner, Jack Germany, voted against the garbage rate increase, although he voted in favor of the water hike.

The article also says that "... no measure making a grant, renewal or extension of a franchise, or other special privilege, or regulating the rate to be charged for its services, by any public utility shall ever be passed as an emergency measure."

Wilson said that the article plainly said that water rates couldn't be increased by an emergency measure, but Mayor Frost said that what the article actually dealt with was "... public utilities, such as the gas and electric companies which are under franchise."

At the end of the meeting, Mayor Frost suggested that Wilson attend more than one meeting a year so that he would better understand just what the Commission is doing. Wilson said he thought he understood.

Out in the hallway all was back to normal. "No hard feelings," Wilson said to Frost.

"No hard feelings," the Mayor replied.

Olden School Opens Monday With Full Day

Olden school will open Monday at 9 a.m. with registration scheduled for that morning and regular classwork due to begin that afternoon.

Only change in the faculty will be the addition of Jerry Cochran in high school to teach science and mathematics. Faculty members include Travis Hilliard, superintendent; C. E. Bridge, principal; Gilbert Copeland, Miss Eunice Hamilton, Jackie Heath, Mrs. Jimmy Hughes, Mrs. Elizabeth Vaught, Gene Woods and Mrs. F. L. Spurlen. Lunch room employees will be Mrs. Nina Lockhart and Mrs. Doris Cooper. Tom Sharp is school custodian and Mrs. Jessie Holladay is librarian. Z. W. Cook is bus driver.

Physics will be offered at Olden High school for the first time this year.

Thomas W. Kyle Services Monday At Annetta

Thomas W. Kyle, 86, resident of Eastland for 30 years, passed away in the Ranger General Hospital at 1:15 p.m. Sunday, Aug. 23.

Mr. Kyle was born in Weatherford Dec. 8, 1872, and was married to the former Jessie Fife in 1893. She preceded him in death in 1942. He was a member of the Church of Christ.

Graveside services were held at Annetta Cemetery at 3:30 p.m. Monday, August 24. Arrangements were under the direction of Killingsworth Funeral Home.

Survivors include, one brother, John Kyle of Davis, Okla., and one half brother, Fred Kyle of Indianola, Okla., and several cousins in the Weatherford.

Child Killed In Cisco Monday

A two-year-old girl was killed instantly in Cisco about 11 a.m. Monday, when she fell from a pickup truck, and was crushed beneath the wheels of a trailer house which came up from behind.

The child was killed at the intersection of Ave. D and U. S. Highway 80.

The victim was Debra Ann Biley, daughter of Sgt. and Mrs. Henry M. Biley. They were enroute to White Sands, New Mexico where Sgt. Biley had recently been transferred from Alabama.

Investigators said Biley was stopping for a red light at the intersection when the pickup door jarred open and the little girl fell out.

The body will be sent to Richmond, Va., former home of the family, Tuesday by Hamner Funeral Home.

Funeral services are pending, but will be held in St. Benedict Catholic Church in Richmond, under the direction of Biley Funeral Home.

Debra Ann was born Jan. 8, 1957, in Augsburg, Germany.

School Board to Adopt Budget at Thursday Meeting

The Eastland School Board will meet Thursday night at 7:30 in the superintendent's office in the high school to adopt a 1959-60 school budget.

Supt. Wendell Siebert said the public is invited and urged to attend the public meeting.

Three Firms Share Cost of Materials

City commissioners made their action on paving north College street public at their Monday night make-up meeting, unanimously approving a motion to hard surface the street if three industrial firms would pay for the cost of supplies.

Commissioners have been working for several days on the project and have received assurances from Lone Star Gas Co., Texas Lightweight Aggregate Co. and Hollywood Vassarette that they would pay the \$3000 cost of supplies if the City and the County would use their labor and machines to do the job.

The City has already obligated itself to use its machinery and labor to hard surface the parking lot at Eastland Memorial Hospital, but work on the road will begin as soon as the hospital work is done, Mayor Cyrus Frost said. The street will be surfaced from Highway 80 to the Aggregate Plant.

The question of what rate Olden water users would pay since the City recently increased water rates was brought up by City Manager Jimmy Young. Olden users have been under a special rate since 1955. They put down their own line and paid for their own

water meters in 1955 and the City agreed at that time to put them on the same rate as Eastland users with an additional 50c per month service charge. Commissioners ruled last night that Olden will now be under the regular out-of-city rate of \$6.50 per month. That is a \$3 per month increase for those water users. Mayor Frost reasoned that the Olden users have had ample time to regain their original investment through special rates.

City Manager Young recommended that the City begin a five-day-a-week work schedule. Young said City employees had rather have a half day off on Saturday (they work just a half day now) than a pay raise. He said firemen and policemen should be given a small raise since they will not gain any time for by the five-day week. Commissioners agreed to study his proposal and make a decision at the next commission meeting.

A request to remove a parking meter in front of the Village Hotel Coffee Shop was heard. Commissioner Tom Wilson was appointed as a one-man committee to check with owner Don Pierson on the situation.

Gray Matter

By JOE GRAY

The tremendous earthquake and earthslide in Montana was probably the worst landslide since recorded history.

There is no telling at this moment how many were killed by the slide. We'll probably never know the real figure of killed in this tragedy. This is the sort of thing that doesn't happen every day and most of the people killed will be buried under so much debris and water that their bodies will never be recovered.

The water comes about by a new lake being formed in the Madison River because of the natural dam made by the landslide.

Only last winter, I think it was, we read of a Swiss village being threatened by a mountain slide. Many towns in mountainous country have to put up with this threat of danger, but it's something that's a little hard for an old plainsman like me to understand why people would build a town at the foot of

a mountain that might give away at any moment.

Tourist out for a vacation holiday, however, are roses of a different color. Campers-out and city-dwellers out for a little fresh air and sunshine naturally are going to explore the dangerous side of threatening mountains once in a while. But to build a whole town at the foot of one of these mountains makes one wonder.

Humans are a funny race. We build towns on the seashore where they might be inundated by the first good rain or high tide.

We are people who'll build a city at the foot of an extinct volcano that might go off at any time. When the old thing threatens we move out with our families and their meager belongings while the pot is boiling in the interior of the volcano but just as soon as it sort of quiets down again, back to our former homes and places of business again.

With the history of the Roman city of Pompeii fresh on our minds the human race will build another city at the foot of an active volcano, if the occasion will arise.

That's sort of inviting disaster. I've never been in a place that has suffered a landslide anywhere near too soon after the event. I have been to Frank, Canada. That town is something to see.

It's a small mining town along about the boundary between Alberta and British Columbia. Driving into the town from the east one notices that one of the mountains overlooking the town looks as if it had had a face scrapping recently. In the town itself one notices that a lot of rock and boulders are strewn all over the place. Some of these boulders are as large as a railroad boxcar, some of them are smaller, but they are scattered all over the place. Also one sees remnants of foundations to houses that are no longer there. It's easy to see that the town of Frank used to be a much larger place than it is now.

In the middle of the debris is a place where the highway department has set up a sign giving a history of what happened there. About 1910, I think it was, Frank had a landslide that dropped into the town about 3 or 4 in the morning. All the townspeople were in bed at the town and no one had

Miss Fleming and Donald Brown Exchange Wedding Vows July 31

Miss El Dora Fleming, daughter of Mr. and Mrs. Floyd Fleming, Route 1, DeLeon and Donald Ray Brown of Route 2, Eastland, exchanged wedding vows July 31 in the Eastland Assembly of God. The Rev. G. Robins of Stephenville performed the ceremony.

The bride wore a navy blue street-length suit while the groom wore a white sports coat and black pants.

Birthday Party Fetes Zelma and Nita Hendricks

Zelma and Nita Hendricks were honored with a birthday party Friday night in the back yard of the Jack Mace home.

Zelma celebrated her 18th birthday and Nita celebrated her 20th birthday.

Sixteen people were served barbecued hamburgers with all the trimmings. The birthday cake was white trimmed with pink and had Zelma and Nita written across the top in pink.

Those attending were Zelma Hendricks, Mrs. Willie Mae Hendricks, and Kathi Lou, Harold Dear Hendricks, Carolyn Collins, Martha Kay Connell, Jimmie Jones, George Kearns, Mr. and Mrs. Jack Mace and children, Gail, Larry and Bob, and the hostess, Norma Wharton and Randy Wharton.

Mrs. Roger Duck Is Main Speaker At GA Meeting

Mrs. Roger Duck of Abilene served as the feature Missionary Speaker when the Girl's Auxiliary Council of the Cisco Baptist Association met at the Northwest Lodge on Possum Kingdom Lake. She brought slides and curios from Costa Rica where she and her husband have been in language school and from Venezuela where they will soon be stationed. Mrs. Duck led a question and answer session, and on the last morning she brought a message on "God's Will in My Life", using her personal testimony. At the close of this service, three girls rededicated their lives and nine girls surrendered for special service.

Officers were elected for the coming year and were installed during the last session. The officers were as follows: Ann Raney of Rt. 3 Ranger, President; Carol Walters of Eastland, First Vice-president; Betty Nance of Cisco, Second Vice-president; Linda Gunlock of Breckenridge, Secretary; Nancy Wingo of Breckenridge, Choirster; Janet Kimbler of Eastland, Pianist; and Zone Leaders, Mary Fron, Ranger; Janice Palmer, Breckenridge; Darlene Townsend, Cisco; and Carol Sue Montgomery of Ranger.

The next meeting of this council will be November 15th at the Bethany Baptist Church of Breckenridge. Mrs. Ralph Perkins of Ranger is the Associational Director.

50 Year Pioneer Club Meets In City Park Thurs.

The Fifty Year Pioneer Club met in the Eastland City Park Thursday for a picnic. Mrs. Nora Vaught and her daughter, Ina May Mason were the hostesses. A real luncheon was served buffet style on the long rock tables just at sunset. The view was reported to have been beautiful and the food and the association wonderful. Mrs. Myrtle McNatt gave the invocation and the president, Tossie Johnson, called a short business session. Mr. Josie Jones read some jokes. Millie Brittain read a very appropriate poem, "The Birds in Tree No. 3". Then they had a song session of old familiar hymns. As all were saying goodbye the mascot, Becky Hannah, stood on the table and said in a loud voice, "I have sure enjoyed all this" and we believe she did. Those present were the mem-

bers, Tossie Johnson, Josie Jones, Hallie Day, Winnie Winne, Iva Itsworth, Myrtle McNatt, Minnie Love, May Harrison, Maud Braley, Hanna Lindsey, Mattie Watson, Millie Brittain and Becky Hannah. The visitors attending were Roberta Garland, Lizzie Hallmark, Ina Benn and the hostesses, Nora Vaught and Ina May Mason.

Traveling on the Highways-
... one has a chance to observe what's going on, here and there. It may be just a roadside collision or a modern farm home with every convenience. If within a city it may be the sight of a huge explosion that has wrecked a great building or a park with children playing everywhere. If one travels he cannot help but observe and back of these observations stands something that is strong and enduring which protects and preserves our way of life, for better living. That's Insurance.

Gray Matter-
(Continued from Page One)
any warning at all that the mountain was coming down. Quicker than it takes to tell about it, 400 people were killed in their homes and their beds. Most of them probably never knew what hit them, such is the awful force of a landslide. We who live in the flatlands like Eastland County sometimes think we have it tough. It might be that there are places better blessed by nature than Eastland County but after traveling over 48 states of this Union, about half a dozen provinces of Canada, and some of the Mexican states, I haven't found it. Of course there are some spots on this planet where the trees grow taller, where the flowers bloom brighter, where the river run a little deeper or a little bluer, but there is not a spot on the globe that has all of these things and a people as fine as Eastland folks. There may be some place on the earth prettier than Our Town but there are no people whose hearts are pruer.
