## Eastland Echoes

By Casey

Thought for Today: "All who would win joy must share it; happiness was born a twin." - Byron.

Rotarians this week listened to an extremely interesting—and at times amusing—panel program, with youngsters from Eastland High as the panel members. Principal Wendell Siebert, serving as moderator, made an observation in which we concur wholeheartedly. Said he: "Our youth today is as glad or better than ever. A few 'slip-a-cog' sometimes, but they're in the minority." He later qualified his remarks with a hope that youngsters will come to shoulder responsibilities better. Perhaps, as the matter is presented to them convincingly, such a hope will materialize into reality. In fact, we know he readily agrees there are many exceptions now.

From Uncle Slug We gain these definitions: Confusion—One woman plus one left turn. Excitement—Two women plus one secret. Bedlam—Three women plus one bass-gain. Chaos—Four women plus one luncheon check.

Jack Muirhead has happy recollections about Ennis, whence this writer and his lady came recently to become citizens here. . . and he informs us that back in his boyhood days, he had a big time playing baseball with our good friend Dist. Judge A. R. Stout there. The judge has never lost his love for baseball, and we used to attend Texas League games with him in North Texas cities. People usually become ardent sports fans when they're kids—and the yen for such pastimes often lingers throughout lifetimes.

## Dr. Brown Is Re-appointed Health Doctor

Dr. L. C. Brown of Eastland was re-appointed as county health officer by the Eastland County Commissioners Court Monday. The court voted by secret ballot on the names of three doctors who applied for the position. The salary of the health officer will remain the same, \$65 a month, the Court decided.

## Student Panel Discussion Heard Monday By Rotary Club Members

Eastland Rotary Club, meeting at the Comelton Hotel Monday noon, presented a panel discussion concerning school youth problems by Eastland High School students themselves. A variety of subjects were discussed, climaxed by this observation by High School Principal Wendell Siebert, who served as moderator: "The delinquency rate is low among our young people here, but there is a problem due to the lack of a feeling of responsibility." As the panel feature was about to close, Hubert Westfall, a Rotarian, asked the youngsters: "What do you think of the deal you get from the people of Eastland? In other words, what is there you would like for us to do for you which we are not doing?" Miss Sylvia Sullivan of the panel replied: "I formerly lived in a town which had a youth center—and I miss it. I think a youth center and what it provides are fine for

## At Special Meeting of Commissioners Court Constables' Salary Decision Due Today

Eastland County Commissioners discussed the pay of constables for more than an hour Monday at their regular weekly meeting, but delayed a vote on the issue until Tuesday afternoon. For the first time in three weeks, the Court was at full strength, with commissioners from all four precincts, as well as the county judge, present. Commissioners decided to delay the final vote on the issue until 2:30 Tuesday afternoon, when a special session of the Court was called.

Commissioners said that they would decide "one way or the other" at the meeting this afternoon. Several motions were made at the meeting Monday, but no second was heard for any of them. After dealing with several other matters, the issue of changing the constables' salaries was brought up by County Judge John Hart of Cisco. Judge Hart said he believed the Court "has to do something."

"It's not because they (the constables) are not working," he said. "If there is nothing to do, there's nothing to do." Commissioner J. E. McCanlies of Precinct 4 (Cisco) made the first motion. He suggested paying four of the constables \$100 a month and the other two only \$1 a month. He was in favor of having one constable for each commissioner's precinct draw \$100 and the other two constables in the county draw only \$1.

Precinct 1 commissioner, J. B. (Tip) Arthur of Eastland said, "That puts the monkey on my back and Bennett's (Commissioner E. M. Bennett of Gorman, Precinct 2). The rest of you wouldn't be affected."

Precinct 1 and Precinct 2 are the only two precincts that have more than one constable. In Precinct 1 there is a constable at both Eastland and Ranger and in Precinct 2 there is a constable at Gorman and one at Deadmona. Judge Hart said that during the past three months, constables have been paid \$1,650 and have turned in \$37.50 in fees.

Commissioner Arthur replied, "Judge, I don't like these comparisons you have got." Commissioner Henry Carter of Rising Star (Precinct 3) questioned the power of the commissioners Court. "I didn't know it was within the power of the commissioners to cut the salary of elected officials," he said. Judge Hart said he had an opinion of the county attorney that the Court could. Commissioner McCanlies wanted to know if "we have the authority to abolish an office?" Judge Hart said he didn't think so. "If you cut them (the constables) and they quit, the sheriff is going to ask for more help," Commissioner Carter said. "The sheriff can't serve the south end of the county with just one deputy."

And Commissioner Arthur added, "I think that one more deputy would cost more than the four constables put together. We know they don't turn in much money in fees, but we don't know just what all they actually do." "That's just it," said Commissioner McCanlies, "we don't know what they do." Commissioner Bennett then expressed himself, saying "I think we should cut it to one constable to each commissioner's precinct." "I propose we pay four \$100

and the rest \$1," Commissioner McCanlies said.

"A man won't be worth anything without a salary," said Commissioner Carter. "If you are going to cut him to that, just kick him out."

Judge Hart said, "A man can't live on the present salary of \$100 a month either."

Commissioner Arthur said, "Well, it's either cut them or put more money in the officers' fund."

"I think they should be reduced

## Commissioners Vote To Buy Sheriff New Car

The County commissioners voted to purchase a 1955 Oldsmobile from Don Pierson Motors in Eastland Monday at their regular weekly meeting. The car will be used by the sheriff's department. Pierson entered a bid of \$1,400 plus the trade in of the 1952 Ford now used by the department. The Court received 11 bids, from dealers in Eastland, Ranger, Cisco and Gorman.

The Pierson bid was \$264 higher than the lowest bid submitted. The Court decided that it was the best bid for "money spent," however. All other bids were from dealers of the three most popular low-priced cars.

## Burial Services Held Today For Texas Rancher

Funeral services were held at 2 p.m. today from Killingsworth Chapel for Henry C. Woods, 56, who died Sunday night in a local hospital. Bro. T. McKelvin, pastor of the Cisco Church of Christ, officiated.

Mr. Woods, a cattleman, was born Oct. 16, 1897 east of Ranger and had lived in or near Ranger all his life.

He is survived by two daughters, Mrs. Wayne Nugent of Sterling City, Idaho and Mrs. Bill Bradshaw of Ranger; two sons, Gordon Woods of Cisco and Melvin Woods of San Diego, Calif.; five brothers, H. O. Woods, Sr., Crockett Woods, Wash Woods and Morris Woods, all of Ranger and John Woods of Breckenridge; a sister, Mrs. Pink Stafford of Ranger; and four grandchildren.

Interment was in Pioneer Cemetery.

## Pair Indicted In Thurber Station Robbery

STEPHENVILLE (T.N.S.)—The Erath County grand jury Friday returned armed robbery indictments against Donald Phillips, 22, of Minneapolis, Minn., and Andrew Le Bresh, 28, of Forsyth Mich. after the pair was charged with robbing a Thurber service station and abducting the attendant Monday night.

Phillips and Le Bresh were stopped by a road-block near Clyde Monday night after Eddie Stiffles, 20 year old, Thurber service station attendant had been robbed of \$25 at gun-point and taken west of Eastland where he was released unharmed but tied to a tree of U.S. Highway 80.

A third man, a hitchhiker, who was picked up by the pair, is being held here as a material witness but no charges are being filed against him.

## Constable At Gorman Quits

V. E. Overstreet of Gorman resigned Monday as constable of Precinct 5, Gorman. Mr. Overstreet's resignation was accepted Monday by the County Commissioners Court. Commissioner J. M. Bennett said he would wait until the court decides on the issue of cutting the pay of constables, before asking the Court to make an appointment. Mr. Overstreet was elected in the general election. In his resignation, Mr. Overstreet said other business interests prompted his decision to resign.

way down there," Judge Hart replied.

"I wouldn't be in favor of cutting them in half," the Precinct 1 commissioner said. "I'd rather have an overall cut in the whole courthouse."

"I disagree on that," said Judge Hart. "We raised them 10 times as much as they were getting and we didn't raise the rest of the salaries in the courthouse."

"We need some kind of officer in Rising Star," Commissioner Carter said, "You can't get protection out of Eastland way out there."

Commissioner Bennett said, "I've got a lot of letters asking why help one and hurt all the rest of the taxpayers."

Mr. Carter replied, "Ninety percent of the Rising Star businessmen think we need a constable in Rising Star. I know one thing, you can't fire a constable. The Commissioners Court does not have the authority to fire a constable."

Commissioner Bennett said, "I've got a lot of letters asking why help one and hurt all the rest of the taxpayers."

Mr. Carter replied, "Ninety percent of the Rising Star businessmen think we need a constable in Rising Star. I know one thing, you can't fire a constable. The Commissioners Court does not have the authority to fire a constable."

Mr. Carter then suggested that the court wait until next Monday and "do one thing or the other."

Judge Hart said, "How much further will we go then. We've dragged it along and dragged it along. I'm in favor of doing something."

After discussing what to do, it was finally decided to delay the vote until Tuesday afternoon. The Court then recessed.

## Poll Tax Payers Give Collector Last Day Rush

More than 200 persons crowded into Tax Assessor-Collector Stanley Webb's office Monday to pay their \$1.75 for their poll tax receipt.

Mr. Webb, who had not completed a final tabulation Monday morning, said that he estimated 1,500 paid the poll tax in the Eastland office.

No reports have been heard from the sub-stations throughout the county, but the Tax Collector estimated that more than 2,000 persons in the county paid the tax this year.

IT'S A SNAKE. Army style, and friendly, too. The metal snake, loaded with TNT, is pushed across a minefield by a Patton 47 tank at the Grafenwohr, Germany, training grounds. When the snake explodes, a safe path through the dangerous minefield will be cleared.

THEY MAKE LIKE PORPOISES ON PURPOSE—Chief Petty Officer Instructor W. J. Saunders, left, and Able Seaman Ernest Dooley resemble playful porpoises, but only coincidentally. They're surfacing after a 100-foot descent into the submergence tank at the Royal Navy's submarine training school, Portsmouth, England.

## At Pecan Show State Honors Won By County Growers

Eastland County pecan growers won nearly half of all the ribbons awarded the winners at the annual state pecan show held at A&M College, according to information recently received at the County Agricultural Agent's office.

Growers in the county who received 15 ribbons out of the 32 awarded at the state show include Mrs. A. C. Underwood, Carbon, who showed her entry of Barketts to a grand-championship at the

County Pecan Show held at Cisco in December. Others included Charley Underwood, Gorman; Lee Leske, Wayne Thurman and Roy Canfield of Cisco; Doss Alexander, Pioneer; Ellis Cooper, Ranger; C. D. Simmons, Gorman; and B. P. Freeman, Ranger, Freeman, is a director of the Texas Pecan Growers Association.

Other varieties of nuts besides the Burkett entry of Mrs. Underwood include the Eastern Schley, Mahan, Stuart, John Garner and Western Schley. Some of these also won in the highest percent kernel class, the heaviest nuts class, the most attractive pecan class and the pecans with the best kernels class.

Winning entries at the County Show were entered in the State show.

## Tom Castleberry, Son of Mr. and Mrs. Wayne Castleberry of Capetown, South Africa, arrived here last week and will live with his grandmother, Mrs. Ed Castleberry, 418 S. Connelley, and attend Eastland High School, where he is a senior.

Tom was four days flying the 13,000 miles from Capetown, arriving in Dallas, January 26, where he was met by his aunt, Mrs. L. A. Rapp of Fort Worth. He came by bus from Fort Worth to Ranger, where his Eastland high school friends met him and accompanied him here.

His father was transferred from the Standard Oil Co. of California to Caltex, a foreign branch of the Standard Oil Co., and is in sales promotion for Caltex in the Eastern Hemisphere. Two years ago the family lived in the Philippines; then Mr. Castleberry was sent to England and Belgium and thence to New York. From there he was sent to Greece and then to Capetown where his wife and two children, Sue, a junior in Capetown High School, and Tom, joined him the last of November.

Last year, both children attended Eastland High School; they and their mother lived here with Mrs. Castleberry until June, when Mr. Castleberry returned here from Belgium and the family drove to New York where they spent the summer.

## Gordon Taylor Buys First 1955 License Plate

Gordon E. Taylor of Ranger holds the honor of buying the first 1955 automobile license plate in Eastland County. Mr. Taylor was first in line this morning when the plates went on sale in the Tax Assessor-Collector's office this morning. His license number is C-S 126.

## Cool Front To Usher In Seasons First Dust Storm

A weak cold front, moving into the Eastland County area this afternoon, is supposed to usher in the year's first dust storm. However, the front is expected to move on through Tuesday night leaving the area clear and cool.

The weak front is expected to have little effect on the temperatures as it kicks up the dust with its gusty frontal winds.

Temperatures were scheduled to go over 60 degrees here Tuesday, dropping to around 40 tonight.

## Mothers March Adds \$603 To Dimes Fund

Eastlanders gave \$603.39 to the March of Dimes drive Monday night as more than 70 Eastland mothers marched on polo.

The annual Mothers March climaxed the drive in Eastland to raise funds to fight the deadly crippling. Headed by Mrs. Hubert Westfall, volunteers set a new record as they completed the drive, counted, rolled and had the money in the bank by 8:30—only two and a half hours after the drive began.

Mrs. Westfall praised the women volunteers, saying, "I wish to thank each lady who put out her time and effort to make this Mothers March so successful." She said that two captains besides those named in Sunday's Telegram helped. They were Mrs. Guy Sherrill and Mrs. Sam Herrington.

Back employees helped roll the money at City Hall following the drive.

The Eastland High School gymnasium was packed Monday night in another MOD fund raising move. The Junior Class sponsored a basketball game matching the boys against the girls. The boys, wearing boxing gloves, managed to take a close win, and the polo drive picked up between \$70 and \$75.

Other students did their part Saturday. The Sophomore Class raised \$163 with their road blocks and cake sale and the Freshmen made \$55 with their student slave sale.

Seniors will try their hands Wednesday when they will hold a cake sale at Piggly Wiggly.

One of the outstanding March of Dimes benefits in Eastland is

## 'Y' Directors To Be Elected Thursday Night

Representatives named by a citizens committee to make plans for a Y.M.C.A. will meet Thursday at the Women's Club House to nominate and elect directors for the coming year.

Seventeen directors are to be elected. Mrs. Horace Horton, president of the Civic League, originator of the idea, said Tuesday.

Col. Dan Pitt, field director of the Y.M.C.A., will meet with the group to help them formulate plans. The meeting has been scheduled for 7:30 p.m.

A citizens committee met Jan. 24 and named delegates to the meeting.

## Lighters Valued At \$3400 Stolen In Ranger

Seventy-two dozen cigarette lighters valued at more than \$3,400 on the retail market were stolen from an automobile belonging to George Rogers of Ranger, Sunday night.

Rogers, a lighter salesman, said that the thieves "gained entrance to his automobile by breaking the right rear glass in his car. His car was parked beside his home on 309 S. Marston.

Police advanced the theory that possibly the lighters were taken by someone in search of gasoline who spotted the lighters and took them instead. The gasoline cap was removed from the car.

Rogers said that the lighters, of 12 designs and all of Japanese pattern, were valued at \$3.95 each on the retail market.

The robbery occurred between 11 p.m. and 5 a.m. Police are holding an "out" of state suspect for questioning in connection with the burglary.

## Former Resident Of Eastland Dies In Wichita Falls

Services were held Sunday at 2 p.m. at the First Baptist Church in Wichita Falls for U. T. Hughes, 83, who died Saturday morning at the home of his daughter, Mrs. John M. Mouser.

Mr. Hughes was a native of Kentucky and had lived in the Mouser home for the past 18 years in Eastland, Houston and Wichita Falls.

Survivors include two daughters, Mrs. Mouser and Miss Ethel Htches; three grandchildren and two great grandchildren.

The square dance, scheduled for 8 p.m. Friday at Amertown Legion Hall. The sponsoring organization is the Las Leales Club which is headed by Mrs. J. C. Whitley, president.

The polo benefit square dance is open to the public and the sponsoring organization is expecting a large crowd, not only from Eastland but from surrounding towns and communities. Tickets may be purchased from any of the 25 members of Las Leales Club and are \$1 a couple.

There will be five callers, including some local talent as well as out-of-town callers.

Other activities will include an auction next Sunday, during which time a car and other articles will go to the low bidder.

## BULLETIN

Band Director R. V. Scott has resigned effective Friday. It was announced late this morning by Supt. W. G. Womack.

Mr. Scott, who came here from Dekalb, did not announce his immediate plans. A successor has not been named.

## County Orchard Field Day Set For February 17

The annual Eastland County Orchard Field Day to be held on the R. E. Freeman orchard, 19 miles southeast of Ranger in the Chaney Community on February 17, will feature peach production and marketing, according to County Farm Agent J. M. Cooper, who helped to plan the affair.

Growers from Eastland County, as well as adjoining counties, are invited to attend the all day affair which gets underway at 10 a.m. on that date, Cooper said. Those who attend, however, and stay all day, are asked to bring a picnic luncheon for noon. Drinks are to be furnished, however.

New varieties, fertilizers, control of insect and diseases, marketing, discussion of and an exhibit of the very latest insecticides as well as pruning demonstration will be on the program during the day.

Those from the A&M College extension service to appear on the program include B. G. Hancock and G. R. Williams, horticulturists as well as C. F. Garner, entomologist. Others will be Tom Dorman of the Stephenville Agricultural Experiment Station and J. W. Foster, Jr. of Weatherford.

The Orchard Day is an annual affair in the county to help Eastland County growers keep abreast of the latest methods and developments of production and marketing, Cooper explained.

## Violators To Fight Polio

It won't be quite as hard paying that parking and traffic fine in Eastland Wednesday. The reason: all of the money collected will go to the March of Dimes fund drive.

Eastland Volunteer firemen will be in charge of all violations Wednesday, Jack Chamberlain Jr., MOD special activities chairman, said Tuesday.

A spokesman for the Volunteers said, "And you can bet your life we are really going to enforce the law around here."

## Dr. McCutchan Is Extra Busy After Retirement

"I never had so much fun in my life," the pleasant looking man said as he explained his busy life since his retirement.

Speaking was Dr. Robert Guy McCutchan, visiting professor of Bible at Perkins School of Theology in Dallas. He was explaining how, since his retirement from DePaul University, he has become one of the outstanding leaders in the field of religious music.

Dr. McCutchan, a prominent author and former editor of the Methodist hymnal, is in Eastland to conduct a four day singing convention at the Methodist Church. He said, "I'm certainly enjoying myself. I had such rather come to a small church than a big city church."

Dr. McCutchan, who is listed in Who's Who, said that he could see a "very marked interest in the music programs of the churches." He will conduct a work shop at the church tonight and Wednesday will be in charge of a general music meeting of all churches in the area.

**Your New SOCIAL SECURITY**

(ED. NOTE: This is another in a series of informational articles prepared by Raleigh R. Tukey, Jr., Manager of the Abilene District Office)

Almost all beneficiaries of monthly payments under the Social Security Act will find that 1955 starts a more liberal work deduction provision than was formerly possible. However, beneficiaries now receiving payment because their current employment or self-employment is not covered by the Social Security Act are cautioned to read the following paragraph very carefully.

The new law increases the amount of covered earnings a beneficiary is entitled to have and still receive his monthly benefit check. The provision in the old law which restricted such earnings to \$75 a month in covered employment and to \$900 a year from self-employment has been changed. Discrimination against the wage earner as compared to the self-employed has been removed and all retired persons will have the earnings exemption on an annual basis. All beneficiaries under 72 years of age may then have earnings up to \$1,200 in a year without loss of any benefits. This applies to all earnings of any kind, whether covered by social security or not. Only one month's benefit will be deducted for each additional \$80 earned. Benefits are payable regardless of annual earnings for any month in which the beneficiary neither has wages of over \$80 nor engages in substantial self-employment. After reaching age 72, the beneficiary may earn any amount and still receive benefits, beginning in 1955.

**Alertness - and the Reds**

Complacency is one of the problems which those who realize there are undermining forces at work in our nation must combat.

While the rank and file of people are busy with their workaday chores, those termites—the Communists—are doing their best to get in some undercover blows around the nation. And they are zealous—so the idea of the influence of every one of them should not be underestimated.

Let's go to J. Edgar Hoover, FBI Chief, for a close view of it:

"From coast to coast, hardcore Reds continue to use every available technique, ruse, and artifice to capture the minds and control the behavior of loyal Americans, and, in a lamentable number of cases they are successful in doing so."

That's the word from the man who is in best position to know. It is his job to know—and he does.

Let's not grow smug about our security from these slithering forces.

Keep a sharp eye out. We may think no Communist will come this way—ever . . . but other communities have thought that, and found they were mistaken.

So let's stay on the alert—and if a really "suspicious character" comes to light, get the word to the proper authorities . . . For—we repeat—"The price of liberty is eternal vigilance."

**College Plans Two Contests For This Week**

The Ranger Junior College Rangers, will receive their first tests under the guidance of their new coach, this week as they travel to Fort Worth Wednesday night for an encounter with the TCU Frosh and again to Abilene Friday night to meet the McMurry B team.

Both non-conference tilts, the meetings will be the first tests for the Rangers under the guidance of their new basketball mentor, Stanley Burnham, who succeeded Dick Henderson after his resignation at the end of the fall semester.

Burnham, who has done some small amount of shifting on the college team, expressed confidence in his prospects and also some concern as to the height advantage that most conference foes have. However, in recent workouts, long-term in duration here for some time, Burnham is building a unit capable of equalizing some of the height advantages.

William Dean, Jr., son of Gen. William Dean, Korean war hero, recently enlisted as an Air Force cadet.

The bananas fit in an unrefrigerated rack at the bottom of the freezer door, where warmth from the refrigerator motor keeps them just right.

# Mavs Take On Wylie Tonight

With the taste of near-victory clinging in their mouths, the Eastland Mavericks will entertain the Wylie Bulldogs here Tuesday night at Maverick field house.

The Eastlanders came within a point of taking their first win of the season Friday night when they were edged by the Clyde Bulldogs, 58-57. For the first time this season the Mavs showed comeback strength in the game. Here-to-fore they have fared fairly well during the early part of the game, but folded in the final minutes. Friday they played just the opposite, let Clyde take a big lead in the third period and then came roaring back in the final quarter to come as near as you can get to a tie without getting it.

The boys and girls will see action tonight, with the girls' game due to start at 7 p.m.

In other District 7-A games, Cross Plains, upset by Rising Star Friday night, takes on Dublin and Rising Star journeys to Dublin.

## LONGEST WINNING STREAK IN HISTORY HELD BY TARLETON

STEPHENVILLE. — For a basketball coach to win 20 consecutive games is memorable; to cop 50 straight is unheard of; and to gain victory in 86 straight games is unbelievable.

Yet, there was a coach whose teams won 86 consecutive basketball games to set a still-standing world's record.

That coach was W. J. Wisdom, long-time mentor and athletic director at Tarleton State College.

In case one doubts Wisdom about the unbelievable feat Ripley's "Believe It or Not," or the Basketball Hall of Fame have recorded the winning streak.

The victory march began during the 1933-34 season and continued until mid-way of the 1937-38 season.

Ironically the last college to beat Wisdom's team before the streak started and to hand them their first set back after 86 wins was San Angelo College.

The Rams defeated the Ploboys in the last game of the 1932-33 season, 41-39, and then turned the trick in January, 1938, 27-26.

During this five-year period Tarleton racked up 3,547 points to its opposition's 1,650.

Following the 26-27 loss to San Angelo the Ploboys put on another streak and won 25 more straight games before meeting defeat.

Coach Wisdom, who retired from coaching in 1942, vividly remembers "those" years.

"The winning streak was the worst ordeal I have ever been through. The boys were always nervous before the games. I have never geared them up. They were always high enough."

Not all the contests were close. Such scores as 53-4, 92-17, and 72-6, were recorded but the strain on Wisdom and his players was terrific.

The old-time Tarleton coach recalls that he would have his players pull antics and tricks to break the tension, such as having the big center, Joe Headstream, shoot blindly over his head.

"This always brought laughs".

Possibly one of the most memorable games in Wisdom's mind was the time Texas Wesleyan College phoned and wanted to schedule a game.

"I didn't much want to play them because we had a hard game the next night with Arlington (then called NTAC), but I couldn't let them think we were scared."

"Well, TWC came, and they brought nearly all the newspapermen and photographers in Fort Worth."

"I think some of the newspapers already had their headlines set, 'TWC Ends Ploboys Winning Streak.' That was foolish for in the first eight minutes we had rolled up a 23-8 score."

Some of Coach Wisdom's "boys" have gone on to become famous themselves.

"Slue" Hull is head basketball coach at the University of Texas and Marshall Hughes is one of his assistance.

Alvin "Bull" Katrola, another of his "boys", recently took his "Cinderella" Stephen F. Austin of Houston football team to the finals in 4-A high school football.

### Hornets Score Twentieth Win Over Scranton

The Olden Hornets stung Scranton Friday night twice, taking victories in both the boys and girls games. The Olden boys won 45-37 and the Olden girls 50-25.

Bill McCotter paced the Olden boys, scoring 25 points. Jimmy Blackwell had 12 to pace Scranton.

Thelma Edwards led Olden's girls with 20 points.

For the Olden boys, it was victory number 21 in 29 starts. The Hornets have won seven in a row in district play. Tonight the Hornets will swing into action against Carbon in the Olden gym, with tipoff time set for 7 p.m.

**NEWS FROM STAFF**

By Mrs. M. O. Hazard

STAFF (TNS) — The old Eastland and Staff bridge has been closed and workmen were busy Saturday taking out the old structure.

Mail Route 2 out of Eastland through Staff was changed to the new Eastland and Staff road. The Olden school bus route to Staff has recently been changed too.

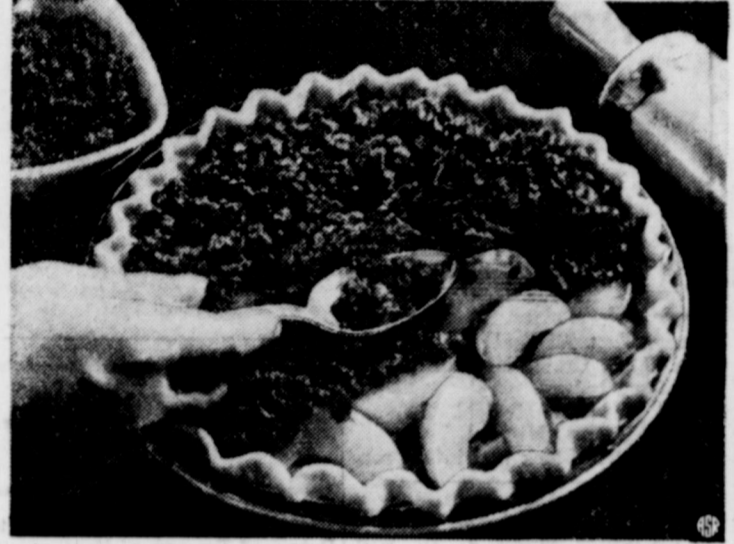

Some nine homes and the Staff grocery store and filling station and the Baptist Church and cemetery are not now located on the new Farm-Market road. They are on the old road.

Mr. and Mrs. J. C. Foreman, Kenneth and Allen, of Olden, were visitors in the home of Mrs. Foreman's parents, Mr. and Mrs. Allen Crosby, recently.

Mrs. L. G. Powell and Mrs. T. E. Pope were guests Saturday afternoon of Mrs. Pope's aunt, Mrs. Mollie Webb, in Eastland.

Mr. and Mrs. A. E. Fox, Elizabeth and Carol, were Eastland visitors Saturday.

**New Topping For Apple Pie**

How can so much goodness be packed in one pie? The answer is two-fold — canned apple slices make a top quality filling, and the gingersnap crumbs add zesty flavor.

Try the crumb topping on other fruit pies, too. On those made of canned sliced peaches and apricot halves, you'll find it especially enticing. And, a new version of pumpkin pie is one with the ginger crumb topping added during the last 15 minutes of baking.

**Ginger Crumb Apple Pie**

1/2 cup granulated sugar	1/2 cup brown sugar, firmly packed
1/2 teaspoon cinnamon	1/2 cup gingersnap crumbs
1 can (1 lb. 4 oz.) sliced apples	3 tablespoons butter, or margarine
Pastry	

Mix granulated sugar and cinnamon with apples and put in an unbaked 8-inch pastry lined pan. Combine brown sugar and crumbs; add butter, using a fork to blend until the mixture resembles cornmeal. Sprinkle over apples. Bake in a hot oven (425° F) about 30 minutes. Makes one 8-inch pie.

**HOTTEST BUICK IN HISTORY**

No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—topping the popularity that has already made Buick one of the "Big Three."

**In Price, too, it is one of the "Big Three"**

**THE 1955 BUICK SPECIAL** delivers locally for less than some models of the 2-Door, 6-Passenger Sedan, so-called "low-price three." **COME IN AND CHECK!** Model 48 (illustrated).

MOST people still don't believe it. But it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price tag we'll show you proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

Mrs. Beulah Young Marries Former Amarillo Man

Mrs. Beulah Young, 701 S. Daugherty St., and F. M. (Dick) Higgins of Abilene, formerly of Amarillo, were married at Weatherford Jan. 25.

Miss Ann Sadler, Willard Swaney, Jr. Married Friday Morning In Ft. Worth

Miss Ann Elizabeth Sadler, daughter of Dr. M. E. Sadler, President of Texas Christian University, and Mrs. Sadler, became the bride of Willard Ratcliff Swaney, Jr., son of Mr. and Mrs. W. R. Swaney, of Ranger, on Friday morning, January 28th at 9:00 o'clock.

The bride's father, assisted by Dr. Granville T. Walker, read the marriage vows in the Chapel of The Good Shepherd at University Christian Church of Fort Worth. The chapel was decorated with arrangements of white stock and carnations and lighted candles.

Prereunital music was played by Mrs. Q'Zella Oliver Jeffus, organist, who also accompanied Miss Elizabeth Faguy-Cote, who sang The Lord's Prayer.

The bride was escorted to the altar and given in marriage by her father. She wore the same gown which was worn by her sister, Mrs. David B. McPherson, traditional white duchess satin made with a deep portrait neckline and drop shoulders, outlined with wide bands of French Alecon lace, long fitted sleeves, and bouffant skirt with full train.

Her one attendant, Miss Anne Douglas, wore a waltz length dress of aqua taffeta made with square neckline, three-quarter

WMS Hears Book Review At Fifth Monday Luncheon

The fifth Monday meeting of the WMS of First Baptist Church was held in the Fellowship hall Monday from 11 a.m. until 2 p.m.

The Rev. and Mrs. Harvey Kimbler reviewed the book, "Facts About Alcohol," by Raymond G. McCarthy, Research Assistant, Assistant Professor of Alcohol Studies at Yale Universities and Director of Educational Activities of the Connecticut Commission on Alcoholism.

The Rev. H. E. Buddin led the round table discussion at the lunch hour. He gave highlights of the work of the United Texas Drys and the Alcohol Anonymous. This interesting and educational book was studied as part of the Community Missions work under the direction of Mrs. Claude Bell.

Those attending the study and having lunch together were: The Rev. and Mrs. Harvey Kimbler, the Rev. and Mrs. H. E. Buddin, Miss Sue Naylor, and Mmes. Claude Bell, Howard Upchurch, Gene Rhodes, H. T. Mrs. W. A. Leslie gave a brief history of the theatre from the Restoration period to the present day when the XI Alpha Zeta Chapter, the Exemplar Chapter, of Beta Sigma Phi, met recently in the home of Mrs. M. H. Perry, 510 S. Dixie.

In connection with the chapter's study of the theatre, Mrs. Leslie took the group on a tour of Victor Cornelius' theatrical advertising plant. Lowell Snyder conducted the Exemplars through the plant, after which they returned to the Perry home for a business session, with Mrs. LeJeune Horton, president, presiding.

Ella Joy Walker New Socialite Club President

The Socialite Club met at the home of Mildred Day. There was a short business meeting in which new officers were elected.

New officers are Ella Joy Walker, president; Linda Linkenogher, vice president; Nancy Owen, secretary; Sarah Sims, treasurer; and Virginia Hatten, reporter.

Refreshments of cakes and cookies were served to Jane Howell, Ella Joy Walker, Sarah Sims, Nancy Owen, Mildred Day, Marion Woods, Bobbie May, Linda Linkenogher and Sidney Lou Seale.

Eastland D.A.R. Members Attend Cisco Meeting

Mrs. Frank Castleberry, Mrs. Ed Castleberry, Mrs. Joseph M. Perkins, all of Eastland, and Mrs. Perkins' guest, Mrs. Percy Doane of Hudson, Mass., attended a recent meeting of the Charles Crawford Chapter of the Daughters of the American Revolution in Cisco.

Mrs. J. E. Crawford and Mrs. T. C. Williams, both of Cisco, were hostesses to the chapter at Mrs. Crawford's home there. Mrs. Yancey McCrea, Regent, presided.

Speaker for the occasion was a four-year student at Hardin-Sommons College — Hawaiian girl — who told of the customs in the "Land of Leis."

Citizenship Club Meeting Held Monday

Members of the 7-A Citizenship Club were entertained by members of the club at their regular meeting Monday.

President Gary Lusk presided over the meeting. Program Chairman Billy Don Turner presented the students. John Gains plays a solo on his harmonica and Martha Freeze, Linda Huckabay and Billy Don Turner sang a song.

The group as a whole then sang. Gary Lusk was named citizen of the month.

Mrs. and Mrs. O. G. Lenhardt and children, Pauline and Darline, twins, and Glenda, have moved back to Eastland from Baird and are living at 911 S. Halbryan. He is with Horton Ceramics.

D. A. R. Gives New Flag Pledge To Each Room In Every School In The County; Also To Begin Series

The Charles Crawford Chapter of the Daughters of the American Revolution has given the new flag pledge for each room in every ward school in Eastland County and also a flag to each room that didn't have one. Mrs. Yancey McCrea is Regent for the chapter.

Beginning later this week, the Charles Crawford Chapter is sponsoring a series of Flag Questions and Answers to be run once a week in the Eastland Telegram.

Riding the Pullman with the Fare Paid... is a more comfortable and secure feeling than that of being astride the rods with all of its attendant worries and hazards. Somewhat comparable to the position of the lucky boy in the Pullman is the individual who has all of his worldly possessions covered with insurance. He worries not, while the uninsured friend is risking his life's savings for a few dollars a year that adequate insurance would cost him. The moral is, always ride the Pullman!

Civic League and Garden Club's Fine Arts Movie Slated

The fourth of the movie series this season, under the auspices of the Civic League and Garden Club, is slated for 9 p.m. Wednesday at the Majestic Theatre.

It is said to be a good "family" picture, whose title is "Gilbert and Sullivan," with Robert Morley as W. S. Gilbert and Maurice Evans as Arthur Sullivan. Ann Hanslip is one of the principal singers in the film and Erie Berry and Bernadette O'Farrell are other prominent members of the cast. Season patrons have their tickets and non-members may purchase theirs from 8:30 to 9 o'clock at the box office.

Mrs. Horace Horton, president of the Civic League and Garden Club, said the club would vote at its February meeting on a project on which the proceeds from the series might best be used.

Meth. Family Night Supper Be Wed. 6:30

The "Family Night" Fellowship programs of First Methodist Church are growing in popularity. The fourth of the series will be held Wednesday, Feb. 2, beginning at 6:30 promptly with a covered-dish supper, each family bringing an ample dish of vegetable, salad or dessert, while the church will furnish the meat and drinks.

Leaders will be Mrs. Frank Castleberry, who will preside; Mrs. Ina Bean, supper chairman; the Rev. L. W. Seymour of Cisco, District Superintendent, who will be in charge of recreation.

Following the recreation period the congregation will go to the sanctuary for the great Hymn Festival conducted by Robert Guy McCutchan of Dallas and California. Several church choirs from the Cisco District of the Methodist Church will be present to assist in the leadership of the singing under the direction of Dr. McCutchan. All members and friends of the church are invited. A nursery will be maintained for small children.

Four Good Reasons Why...

Electric heat itself is clean... clean as electric light. Pans and skillets stay mirror-bright without scrubbing or scouring.

Electric surface units are flat... with metal to metal contact, heat goes directly into the bottom of utensils, instead of carrying greasy cooking vapors to ceiling or walls.

Surface units are self-cleaning... spilled foods promptly burn off. Reflector trays beneath units are easy to remove for washing.

Range surface is easy to clean... needs only to be wiped with a damp cloth to stay spotless.

ELECTRIC COOKING IS Clean

See your electric range dealer for the electric range that will give you clean, controlled GOOD cooking every single time. TEXAS ELECTRIC SERVICE COMPANY F. N. SAYRE, Manager Phone 18
