Hurricane Spending Fury Moving Inward

3 Dead, Many Homeless When Storm Passes

By WILLIAM C. BARNARD
HOUSTON, Aug. 28 (AP)—
What was left of the gulf hurricane which caused at least three deaths and millions in property and crop damage as it lashed the Texas coast, was fast diminishing inland west of Houston today.

The weather bureau, in a final advisory, ordered all hurricane warnings down on the Texas coast at 10 a. m. (EWT). It said the storm was centered between Sealy and Columbus, 28 to 40 miles from Houston.

From the base weather office at the Miami, Fla., army air field, came a report that an army hurricane hunter, flying over what remained of the hurricane area, disclosed "no winds higher than 50 miles per hour."

But before it left the coast the storm had battered a stretch of some 400 miles, demolished or heavily damaged buildings in exposed coastal towns, swept high water onto the low coastal plain. Heavy damage to cotton and rice crops was reported.

Heavy rains accompanying the inland movement of the storm stopped traffic in Houston early today, and brought a threat of flood to those sections of the city near where bayous were brimming.

The death toll reached three as one man was killed in the collapse of a residence in suburban Houston, buffeted by a 55-mile an hour gale last night. Earlier two fishermen drowned off Port Isabel, Tex., when heavy seas capsized their boat.

There was an unconfirmed report that two cotton pickers, seeking protection under a house as the storm struck Austwell yesterday, were drowned when the area was inundated.

Beside the dead, hundreds were left homeless in the storm's wake. In areas where electric power service has not been restored, emergency pumping equipment is being sent to restore water and sewerage systems.

Malaria crews were standing by throughout the coastal area to put control measures into effect. Wharton, center of the storm last night was well boarded up against the 100-mile-an-hour winds which struck it. The city of 4,000 population, about 60 miles southwest of Houston, suffered electric power failure, restored partially today.

Houston, an industrial city of 450,000 residents, had feared winds up to 85 miles per hour. Rains measured at 15.65 for a 24-hour period, fell there.

Galveston, island resort city and shipping center, felt up to 60 miles per hour and rains flooded the streets.

But Houston and Galveston had felt only a feeble stroke of the hurricane's mighty lash. Southward, for hundreds of miles down the fertile, curving coastline, wrecked homes and buildings and flattened, washed-out crops bore witness to winds that had reached 125 miles per hour and to surging destructive tides.

ARMY, NAVY PLAN TO RECKON POINTS UNDER NEW SYSTEMS

WASHINGTON, Aug. 28 (AP)—
The army's plans for liberalizing its point discharge system "as soon as General MacArthur tells us he does not need any more combat men" were outlined to the house military committee today.

The program is this:

- 1. All points will be computed. At present points are figured on a May 12 basis.
- 2. All men with 80 points or more will be discharged. The present figure is 85 points.
- 3. All men with 60 points or more will not be sent overseas. The present figure is 75 points.

Jap Envoys Sign Rangoon Surrender

By CHARLES A. GRUMICH
RANGOON, Aug. 28 (AP)—
Sullen, tight-lipped Japanese surrender envoys signed preliminary agreements today in a historic five-minute ceremony which paved the way for Allied recapture of Singapore, all Southeast Asia and the East Indies.

Lt. Gen. Numata, as plenipotentiary for Field Marshal Count Juchii Terauchi, commander of the Japanese southern armies, affixed Terauchi's own seal with a red stamp. Lt. Gen. F. A. M. Browning signed on behalf of Admiral Lord Louis Mountbatten, Allied Southeast Asia commander.

The agreement specified these points:

1. That the Japanese clear the way for immediate movement of British imperials for occupation of Malaya and the East Indies after Sept. 2.
2. That arrangements be made for succor to Allied prisoners of war in the theater. The Japanese, giving full details on Allied prisoners of war, said they were in good condition.
3. That the Japanese clear certain areas of troops.
4. That a controlled military mission go to Saigon to see that orders are carried out smoothly. This point evidently was aimed at Gen. Seishiro Itagaki, Japanese commander in Singapore, the only known holdout.

Reputable dealers in used cars and chickens said black markets in those fields are starting to disappear. That's because shiny new autos are on the way and there will be plenty of chickens for your dinner table "very soon."

Spearhead Task Force Anchors In Tokyo Bay

By AL DOPKING
WITH TASK FORCE 31
TOKYO BAY, Aug. 28 (AP)—
The spearhead of the occupation forces of the U.S. Third Fleet lay at anchor this afternoon a few hundred yards off Yokosuka naval base where Marines and Bluejackets will land.

Nine vessels of Rear Adm. Oscar C. Badger's vanguard Task Force 31 dropped anchor at 1:30 p. m. (Japan time—1:30 p. m. Monday, CWT) exactly four hours after they got underway from Sagami bay where they had lain overnight.

As we neared Yokosuka I could see the ruins of Yokohama through field glasses. It looked like a skeleton city of smoke stacks. I could see twisted steel frames of what once had been buildings. There is little more except debris. Superficial fire raids left little to look at and there was a ghostly gray look about what was left.

The Japanese Battleship Nagato lay a few miles offshore from Yokosuka where it was hit. Her black hull stood out against a background of verdant hills behind Yokosuka like some giant monster.

Around her were other wrecks, including the old cruisers Asama and Kasuga.

We could sight the white flags waving from coastal gun positions as we carefully steamed at 10 knots through the two and a half mile wide Uraga Strait, which was probably the most heavily fortified neck of water in the world with 116 guns lining its coasts.

The white flags had been ordered by Admirals Halsey and Badger to disclose positions as we proceeded.

Badger's flagship, the 6,000-ton cruiser San Diego, led the task force into Tokyo bay, opening a procession which will grow in massive strength until it includes such mighty battlewagons as the 45,000-ton Missouri, aboard which the surrender is to be signed in the bay Sunday.

Behind the San Diego came other warships, including the Destroyers Yarnall, Twining, Stockham, Wedderburn, the auxiliary seaplane tenders Gardiners Bay, Suisin and McIntee and the auxiliary transport Gosselin.

The historic entry today followed a quiet night in Sagami bay. Battleships there showed picture shows last night but maintained strictest blackout regulations. Most of the shoreline was blacked out, too, but there were clusters of electric lights here and there.

More Contributions To Bible Course

Two additional contributions to the high school Bible class fund were received Tuesday, adding \$45 to the fund and pushing the receipts thus far to near \$800.

Latest donors were Mrs. Jean Hughes Wood, \$25, and Mr. and Mrs. J. D. O'Bar, \$20.

Other contributions are urged by J. H. Greene, chairman of a committee named by the ministerial association, which sponsors the offering of the course on a full time basis.

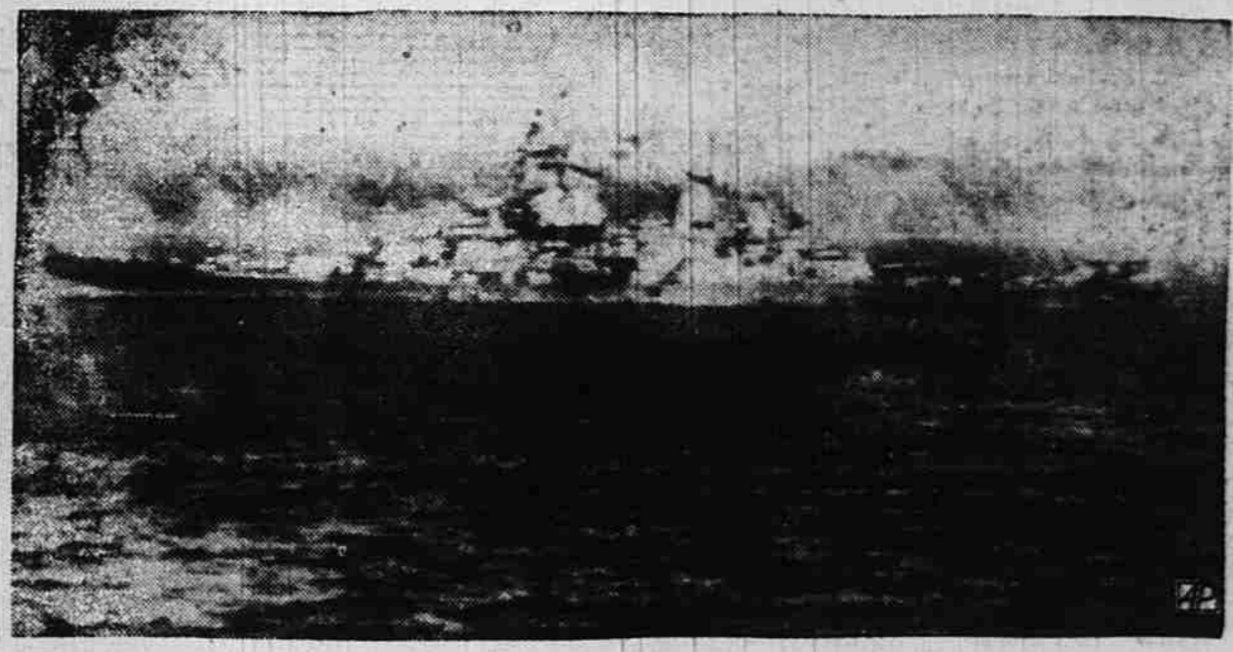

An instructor, experienced as a Bible teacher in keeping with state department of education non-sectarian requirements, has been selected. The course will be offered on two levels, one for freshmen and sophomores, another for juniors and seniors.

Gifts to the fund may be mailed to Joe Pjckle, treasurer, of the committee.

Black Markets Are Going With The War

By MAX HALL
WASHINGTON, Aug. 28 (AP)—
Black markets were crumbling into thin air today—because more peacetime goods were coming up fast.

Black markets, prices, used cars, new cars, chickens, toys, and men wanting jobs—those were big subjects for Americans exactly two weeks after Japan threw in the sponge.

Full-Dressed Generals Greet Work-Clad Yanks

By RICHARD K. O'MALLEY
ABOARD A NAVY HELL-DIVER OVER ATSUGI AIRFIELD, Aug. 28 (AP)—
American officers dressed in work clothes were greeted on Atsugi airdrome near Tokyo today by Japanese generals resplendent in full dress uniforms with clanking Samurai swords and beribboned blouses.

Two navy torpedo bombers landed on the airfield 20 miles from Tokyo shortly after General MacArthur's advance contingent of key men stepped out of olive drab transport planes at 8:30 this morning (6:30 p. m. Monday CWT).

Later Commander Harold Stassen, former governor of Minnesota, and Commander Douglas Moulton, both of Admiral Halsey's staff, arrived to join discussions.

The field was surrounded by battered hangars and wrecked and damaged Japanese planes.

Behind the field and to the left, Mt. Fuji rose dark against the bright blue of the sky, and in tiny gardens surrounding Atsugi, Japanese worked steadily, looking up only as planes came in.

Out in Sagami Bay, big U. S. warships rode at anchor impressively as Japan began to feel the reality of the first occupation of the empire.

Below this divebomber, Atsugi looked like a ghost of a fighter strip. Only wreckage—no flyable airplanes—lined the runways. Roofs of the hangars had been burned out.

On the field there was no life, other than one or two figures walking along near the hangars.

Lt. Comdr. Don Thorburn, who returned with a patrol flight, said the Japanese tried to present "a garden party" atmosphere leading navy envoys and army men to a pavilion where orangeade was served by scurrying Japanese orderlies.

"When we first landed," Thorburn said, "the Japs had a little truck with a sign on it, 'Follow Me,' but we went in the other direction toward our own people. That truck just headed for the Japs."

"Those Japs certainly had everything organized just like a lawn party."

"We were given a mimeographed sheet which listed those serving on the liaison committee. Among its functions was one titled, 'Reception general affairs and matters concerning Atsugi airfield and other information in general.'"

"We were taken on a tour of facilities and the Jap general was apologetic because the plumbing would not work in one of the buildings."

"One of the Jap officers seemed concerned about the social status after occupation," McDowell interposed. "He asked me if I thought that Americans and Japs would be allowed to intermingle and 'we got to know each other' after occupation."

American officers discussed business under pavilion tents, in easy chairs, on tables spread with white linen. The Americans were surprised at the peculiar "party reception" atmosphere which the Japanese tried unsuccessfully to create.

The Japanese general saluted the Americans, but since the naval men had removed their hats they did not return the salute.

Advance Units To Prepare Way For Gen. M'Arthur

MANILA, Aug. 28 (AP)—
American airborne troops—the first foreign conquerors ever to set foot on Japan—took command of Tokyo's Atsugi airfield today, simultaneously with the careful but dramatic entry of the Third Fleet's special advance squadron into Tokyo bay.

The first forces were small, but the occupation of the enemy's homeland was actually in progress after irritating delays caused by Japanese negotiations and foul weather.

Meanwhile, 23 of Japan's remaining 55 warships, most of them destroyers or submarines, were found lined up for surrender in Kyushu's western port of Sasebo.

The sole task of the advance echelon at Atsugi was to prepare the way for the triumphal entry of General MacArthur, supreme Allied commander, Thursday at the head of 7,500 troops.

Joy of the first 150 communications experts, who landed at 9 a. m. (7 p. m. Monday night, Central War Time) in three transport planes, at becoming the first troops to land in Japan was tempered by the announcement that 20 of their fellows had been killed in a take-off crash on Okinawa.

The first group was followed within three hours by 38 more transports carrying combat troops, gasoline, oil and additional equipment.

Two separate jobs confronted the advance group in preparing Atsugi for the general arrival—the setting up of communications with the Okinawa staging area and making as safe as possible the comparatively short runways.

Thursday, when preparations are complete, MacArthur will leave the Okinawa staging area for the formal entry into Japan. About the time he is landing at Atsugi, his schedule calls for 10,000 marines and navy personnel to begin occupation of Yokosuka, Japan's second largest naval base, off which the advance units of the Third Fleet anchored today.

(However, Al Dopking and Hamilton W. Faron, Associated Press correspondents with Admiral Halsey's fleet, both reported the first formal landing at Yokosuka tomorrow.)

At the Atsugi airfield, to facilitate the flow of planes due to arrive and take off at three-minute intervals, four radio control tower operators and two officers of the 68th army airways communications system took to two jeeps, especially mounted with portable radio receivers and transmitters.

MacArthur's headquarters announced that evacuation of Allied prisoners of war would be started by ships and planes "almost simultaneously" with the occupation. Efforts will be made to start the liberated Americans homeward by plane or ship five days after they reach Manila.

Japanese in several Pacific islands indicated a willingness to surrender, but most insisted that they were awaiting official instructions from Tokyo.

Japanese on the former naval fortress of Truk, painted white crosses on their runways. Those at Rota, just north of Guam in the Marianas; at Nauru, and at Yap in the Palau group of the Carolines also have begun surrender negotiations.

Wainwright Arrives In Chungking Today

CHUNGKING, Aug. 28 (AP)—
Lt. Gen. Jonathan M. Wainwright, 62-year-old hero of the American and Filipino stand at Corregidor, arrived in Chungking today with eight other U. S. generals and seven British generals released from a Japanese prisoner of war camp in Manchuria.

The names of the eight American generals accompanying Wainwright were not immediately made public.

The British generals were headed by Lt. Gen. Arthur Ernest Percival, former commander at Singapore. The party included Sir Shenton Thomas, former governor of Singapore, Sir Mark Young, former governor of Hong Kong, and C. D. Smith, former governor of North Borneo.

Gen. Wainwright had been found safe and well by a parachute team of Americans at a Japanese prisoner camp deep in Manchuria earlier this month.

Wainwright was a prisoner of the Japanese for three years and three months.

Gen. Wainwright took command in the Philippines in March, 1942, after Gen. MacArthur had been ordered to Australia to become supreme Allied commander in the Southwest Pacific.

RUSHING THE SEASON

Dove season was opened a little early by six persons, who paid fines for hunting out of season that totaled \$146, in justice of the peace court.

One person was charged with drunkenness, one for failure to show operator's license when requested to by an officer, and one with no operator's license.

COMMITTEE STUDIES ACCOUNT OF ELLIOTT'S FINANCIAL DEBT

WASHINGTON, Aug. 28 (AP)—
Congressmen wound up their formal inquiry into Brig. Gen. Elliott Roosevelt's business affairs without getting to Roosevelt's own account. And it was not clear today when they would.

Members of the house ways and means committee said a deposition from the late President Roosevelt's son was on file but that yesterday's session was devoted entirely to a study of two other statements.

These were from John Hartford, president of the Great Atlantic & Pacific Tea Co., and Jesse Jones, former secretary of commerce.

Several committee members quoted Hartford's deposition as saying that:

basis, expecting no favors from the president in return.

Jones' statement said he made the settlement with Hartford out of his personal funds, after Mr. Roosevelt asked him to straighten out Elliott's financial affairs.

Jones was quoted as saying that the \$4,000—\$500 in connection with another settlement—had not been repaid but that he was confident he would be reimbursed.

Some committee members expressed the opinion that the Internal Revenue Bureau will allow Hartford the \$196,000 had debt deduction claimed in his 1942 income tax return as a result of the \$4,000 settlement of the 1939 loan.

Dates Announced For Schools To Open

It has been announced by the superintendent of county schools, Walker Bailey, that county schools will open on the following dates:

Children Urged To Have Examinations

All mothers who have not had their children examined are reminded that not quite two weeks remain before school begins, said Mrs. Ann Fisher, county health officer, Tuesday.

Children just beginning in school should have physical check-ups and immunization and blanks may be obtained at the Health Unit. Mrs. Fisher stated it would be well if the older children were checked by the family physician but it is not necessary to fill out blanks for them.

Don't You Know The War's Over?

AP Newsfeatures
 The time is now at hand when long-suffering Mr. and Mrs. Jones of Main Street can soon let off some of the steam pent-up since December 7, 1941.

Mrs. Jones can walk right up to the counter of her department store and interrupt a gossip fest between salesgirls without hearing that familiar refrain: "Don't you know there's a war on?"

Mr. Jones can drive into the filling station and expect to have his windshield wiped, his tires and battery checked as he utters those wonderful words: "Fill 'er up!"

Mrs. Jones can even request delivery of her groceries once more, and she may hear a clerk say "Thank you."

The Jones family can go to a restaurant, and watch the reconversion of waiters from wartime insolence to peacetime courtesy.

If Mrs. Jones doesn't like the way the cleaners did her dress, she can send it back, and receive no back-talk.

She can go back to all those shops where she's been insulted for the last three years and say: "Don't you know the war's over!"

Blankenships Honored On 21st Anniversary

Mr. and Mrs. W. C. Blankenship were honored on Aug. 23 with a surprise dinner on their 21st wedding anniversary, given for them by their children.

The dining table was decorated with an arrangement of pastel asters.

Those attending were the honorees, Mr. and Mrs. John Coffee, Mr. and Mrs. Walter Reed, Mr. and Mrs. Ross Turner of Coahoma and Miss Ruth Beasley.

New York Confers Honor On De Gaulle

NEW YORK, Aug. 28 (AP)—General Charles De Gaulle, president of the French provisional government, yesterday accepted honorary citizenship of the city of New York and received an enthusiastic welcome from more than 2,000,000 of its residents.

De Gaulle presented Mayor La Guardia and Council President Newbold Morris memberships in the French Legion of Honor.

Police Inspector John J. O'Connell said more than 2,000,000 persons saw De Gaulle as his motorcade wound through three boroughs.

Ticker tape and French flags greeted the general on lower Broadway. Seated beside the mayor in an open limousine, he bowed graciously to acknowledge shouts of "vive la France."

Sterling City Plans Annual Scout Rodeo

STERLING CITY—The annual Boy and Girl Scout rodeo will be held here Thursday, featuring roping, riding, specialty acts, dancing, a parade and barbecue.

Darrell (Levi) Garrett is in charge of the parade, Fred Allen in charge of the street dance at 10 p. m. Thursday, and Fred Conger of the rodeo at the John Reed pens. Ted Brown is general chairman. Proceeds go to the boys' and girls' work.

Douglas Moore, S 2/C, has completed boot training at San Diego, Calif., and is now visiting his mother, Mrs. Lloyd Spraggins.

Mrs. S. C. Cooper Reviews Stewardship Book, Is Honored At WMU Joint Meet.

Mrs. S. C. Cooper was honored at the joint meeting of circles of the WMU of the First Baptist church when they met Monday in the recently redecorated parlors of the church.

Mrs. W. J. Alexander introduced Mrs. Cooper, who reviewed a book, and paid tribute to her for her faithfulness and work she had done for the church during her four years of membership.

Mrs. Cooper, who wore a black crepe dress and a strand of pearls, was given a white corsage as a gift from the WMU.

She gave the book "Stewardship in the Life of Women" by Helen K. Wallace. She told of woman's influence in the home and in Christian hospitals and their influence in Christian hospitals in foreign countries.

"Stewardship is demonstrated by love and sacrificial giving," Mrs. Cooper explained. "Loving and giving go together. We can give and not love, but we cannot love and not give."

Mrs. Cooper declared that less than one-third of all Christians in the world contribute to the sending of the gospel around the world.

On completion of the book review, Mrs. K. S. Beckett paid tribute to Mrs. Cooper by expressing the appreciation of the church for her untiring efforts and contributions in directing

plays and for her musical readings.

In a short business meeting officers for the year were chosen and Mrs. L. E. Hutchins was named president and Mrs. W. J. Alexander, vice-president. Other officers chosen were Mrs. Della K. Agnell, corresponding secretary and reporter; Mrs. Inez Lewis, treasurer; Mrs. P. D. O'Brien, young people's leader.

Mrs. Alexander announced that on Sept. 8, the Baptist association will meet at Forsan, and stated that the afternoon session will be devoted to women's work. Speaker at that time will be Mrs. Olivia Davis, state corresponding secretary.

Following the program and business meeting refreshments were served from a table laid with an ecru lace cloth and set with crystal appointments. Baskets of gladiol and orchid asters were used in decorations throughout the parlors.

Those attending included Mrs. O'Brien, Mrs. Alexander, Mrs. Beulah Bryant, Mrs. A. T. Lloyd, Mrs. S. R. Whaley, Mrs. F. W. Bettie, Mrs. W. B. Buchanan, Mrs. George Melear, Mrs. A. L. Hobbs, Mrs. J. Today On The Home Front—American Industry, Public Will Benefit From German, Jap Science

By JAMES MARLOW
WASHINGTON, Aug. 28 (AP)—We're picking the brains of the Germans and Japanese. So far, it's been the Germans mostly. American industry—and the American public—will benefit from this.

from many government agencies. They work in three ways: 1. They inspect plants, laboratories and machinery to find out whether the Germans during the war discovered a better way of doing things than we know.

Damaged, 'Sunk' Big E Can Fight

WASHINGTON, Aug. 28 (AP)—Damaged 15 times in four years of war and "sunk" six times in Japanese propaganda, the aircraft carrier Enterprise still is "the fightingest carrier of the fleet."

The navy said so in detailing experiences of the "Big E"—only surviving U. S. carrier—in the South Pacific in 1942. In those dark days the enterprise "held the line" despite scars from grievous wounds she received in the battles of the eastern Solomons and Santa Cruz.

Her latest and most serious brush with disaster came on the morning of last May 14 when a bomb-laden Japanese suicide plane crashed into the flight deck. The explosion blasted the forward elevator more than 400 feet into the air, killed 13 and injured another 67. The flight deck buckled.

Aboard the Enterprise at the time was Vice Admiral Marc A. Mitscher, then commanding the legendary Task Force 58.

The attack occurred as the Enterprise, part of Task Force 58, was helping protect troops on the beach at Okinawa from Japanese air attack.

The May 24 attack put her out of action. In her four years of war, the Enterprise's planes and guns shot down 911 Japanese aircraft. Her pilots sank 71 enemy ships and damaged or probably sank another 192.

While covering 275,000 miles, she accumulated 18 of 22 possible combat stars for carriers in the Pacific.

Hochuli To Quit PAW To Return To Texas

WASHINGTON, Aug. 28 (AP)—Walter Hochuli, director of marketing and distribution for the Petroleum Administration for War since April, 1943, will leave the agency Sept. 1, PAW has announced.

He's A Bit Deaf, Where's The Porch

DECATUR, Ill., Aug. 28 (AP)—When Fred Gray went out to pick up his morning newspaper off the porch he started looking for the porch.

Police told him that during the night two youths lost control of their car and crashed into the porch, smashing a brick foundation, tearing up nine feet of flooring and breaking a basement window.

Gray said he slept through it all. He added he was a bit hard of hearing.

MEDAL WINNER — Cpl. Charles H. Fannin of 253rd Infantry Regiment, has been awarded the Bronze Star Medal for heroic achievement in action Feb. 24, 1945, in the vicinity of Bilestranshae, Germany. When a rifle company radioed an urgent call for ammunition, Cpl. Fannin, knowing the road was blocked by large mine fields, voluntarily made two trips to a jeep, with another man, carrying ammunition and hot food to the isolated company. He also has been recommended for his second star. Cpl. Fannin received his infantry training at Camp Van Dorn, Miss. He entered the service Feb. 19, 1944, and went overseas Nov. 3, 1944. He is now serving with the Occupational Troops somewhere in Germany. His wife and two children live at 1119 Main. Mrs. Fannin is the former Juanita Jones.

Night Guard Added To CAP Curriculum

Night guard duty—in simple quantities—was added last night to the intensive curriculum of the CAP cadets in the two-week encampment at the Big Spring Bombardier school.

First of the 37 cadets marched formal guard mount yesterday evening and then took turns marching post with the regular guard—a new feature of the course designed to give young Texans liberal training in aviation arts and an insight into military life.

Tonight the teen-age aviation enthusiasts will see an army air forces combat film, completing a day that started at 6 a. m. with reveille and that included a crowded curriculum of flying, athletics, drill and ground school training. The program ends Saturday with a formal review by Col. John K. Nissley, post commanding officer.

Negro Confesses To Killing Old Woman

BATON ROUGE, La., Aug. 28 (AP)—District Attorney Dewey Sanchez said he would file a charge of murder today against a 17-year-old negro who had confessed leaving a 70-year-old white woman to burn in her home after slashing her throat, shooting her, and robbing her of 82 cents.

Kindness in lending \$5 to the negro, listed as Henry Riley, apparently brought death to Mrs. Tal Cheatham Stanley, Sanchez said, adding that the youth's confession mentioned several arguments with the elderly aristocratic clubwoman over the money.

Sheriff Newman de Bretton said he planned to move the accused negro to another jail for safekeeping. The negro's fingerprints, officers said, were found on a small jar in the home.

The negro confessed to officers, they said, that he had shot Mrs. Stanley through the screen door, forced it open and slashed her throat, and left her still alive and moving on the floor after setting fire to her bedroom.

De Bretton said the elderly woman apparently crawled to the spot where her body was found, 40 feet from the back porch of her ante-bellum home, Cordelia Oaks.

Australian Souvenirs To Be Banned In Bend

BEND, Ore., Aug. 28 (AP)—The Bend city council is thinking seriously today of revising its ordinances prohibiting the use of six-shooters, rifles and sling-shots within the city limits.

One official blames returning Pacific veterans and their Australian souvenirs for the council's newest headache. Only yesterday, Seaton Smith reported to local police that a neighbor's son had struck him with a boomerang!

Citrus Fruits Free From Many Controls

WASHINGTON, Aug. 28 (AP)—Fresh and processed citrus fruits were free from practically all controls today, except on prices.

Orders, issued originally by the agriculture department to facilitate meeting military and other government requirements, were no longer considered necessary with the end of the war.

Terminated were orders cover-

ing manufacture and sale of citrus fruits and juices, citrus fruit required to be set aside for essential war needs and those covering disposition of fruit juice, canned orange juice and canned grapefruit and orange juice blended.

Brownies Quietly Sneak Up On American Leaders

By JOE REICHLER
Associated Press Sports Writer

While others have been stealing the spotlight, the American league champion St. Louis Browns are quietly going about playing the brand of baseball that may gain them their second straight flag.

With Detroit and Washington, the only two teams ahead of the Browns in the standings, apparently going into nose-dives, the Sewellmen, as a result of last night's 8-7 triumph over the Chi-

cago White Sox, are only four games out of first place, and may sneak into the lead by Labor Day.

Should St. Louis sweep the two-game series with the Tigers starting today, they will stand a very good chance to overtake the Bengals and Nats. For while Detroit and Washington tangle with the tough Cleveland Indians and New York Yankees respectively, the Browns will have comparatively easy pickings in a four-game set with the White Sox from whom they've just concluded a five-game sweep.

Philadelphia Phillies, won by the Giants 4-0 and 6-2. Bill Voiselle fashioned a three-hitter to shut out the National league cellarites in the opener. Sal Maglie gave up nine hits to register his third win in the nightcap. Nap Reyes' lead-off bases triple started Charlie Schanz on the road to ruin in the first contest, while outfielder Leon Treadway paced the Giant hitters in the second with three safeties off pitcher Dick Mauney, including two runs batted in.

Forest Hills Field Shows War Is Over

FOREST HILLS, N. Y., Aug. 28 (AP)—The national tennis championships, the first "major" national title event to be contested since the end of the war, gets underway today with a field that already has begun to show the effects of the cessation of hostilities.

The tourney was kept alive through the war years partly because of holdovers and sailors who managed to get leave to play and last year just half the men's field of 32 was composed of military and naval personnel. Sgt. Frank Parker, then stationed at Muroc Air Base in California, came east long enough to win the 1944 title in his 13th attempt to win the crown.

Football Coaches Putting Teams Through Serious Scrimmaging

By The Associated Press

Football coaches of the Southwest conference settled down to serious scrimmaging but had very little to say about prospects.

The Texas University Longhorns took up the double wingback formation, with Coach D. X. Bible concentrating on deft handling of the ball in tricky spinners. Bible announced Jimmy Canady, a potential backfield regular, definitely would not play this season because of a back injury.

Baylor began its second week of fall practice with several newcomers on hand. Joe Gibson, all-district from McGregor high school and George Sims, backfielder from Seymour, checked in.

Rice gridders drilled in shorts last week but will don pads this week to get down to the job of preparing for an 11-game program that starts Sept. 22 with a benefit game against the Corpus Christi Naval Air Station.

Daily Oil Production In Rapid Slump Down

TULSA, Okla., Aug. 28 (AP)—Daily average crude oil production for the week ending August 25 totobagged 43,850 barrels to 4,888,800, the Oil and Gas Journal reported today.

Biggest losers were California, which slumped 19,150 to 915,500 barrels daily, and Kansas, which fell 9,150 to 266,550. Illinois production dropped 4,900 to 198,800, while Oklahoma decreased 2,000 to 389,000.

Production in the Rocky Mountain area of Colorado, Wyoming and Montana decreased 1,500 barrels daily to 142,750.

Mississippi output dropped 1,400 barrels to 53,650.

The first team ferry in the world was opened in 1811 between New York and Hoboken.

Tony won the same honor three times in a row in the city high school tournament while a member of the Tech high school team.

Babe Ruth, Ty Cobb Coach Boys' Teams

NEW YORK, Aug. 28 (AP)—Babe Ruth's East team ruled the favorite to defeat Ty Cobb's West team in the second annual Esquire All-American boys baseball game at the Polo Grounds tonight.

A young lefthanded pitcher, Bill Glame of Detroit, is the reason. Observers during the East's workouts were enthused over the work of the 17-year-old southpaw, who is expected to be the mound choice of Ruth.

Cobb indicated he might start George Fisher, a lanky righthander from Ogden, Utah. Another available pitcher is Bob Finch from Houston, Tex.

San Antonio Is Still Without News

SAN ANTONIO, Aug. 28 (AP)—San Antonio was without newspapers today following a breakdown in contract negotiations with union printers.

Some 125 printers, members of the International Typographical Union (AFL) walked out Sunday.

The three papers, the Light, News and Express, published four page engraved editions yesterday and announced they would discontinue publication for the time being.

J. Lawrence Deckert, president of the union local, said the publishers declined to recognize the union shop. The publishers declared in a statement they "stand ready to continue to negotiate a contract x x x but we cannot submit to a unilateral arrangement dictated solely by the union." The dispute has been referred to the War Labor Board at Chicago.

New York City's Union Square was at one time used as a Potter's Field.

Disquieting Symptoms

The general record of bond (the name is Victory instead of War now) purchases following the end of the war happens to be a fair index of the public pulse in other fields.

While it is not unexpected, the let-down is distressing nevertheless. It is symptomatic of attitudes which must be corrected if we are to avoid many unpleasant situations within the next year or so.

On the athletic field, they have a name for performers who shine so long as there are those to watch. These "grandstanders" never put out when there is a small crowd or when it is a matter of practicing.

The attitude is not confined to bond buying, for it splashes over into fields of rationing, price control, volunteer service and contributions toward Red Cross and other humanitarian agencies.

Yes, the war is over, but the mess is yet to be cleaned up. A lot of incentives are now gone and we are in the period of anti-climax.

The new Russo-Chinese treaty of friendship is--on the face of it--one of the most constructive pacts of the entire world war period.

Of course the proof of the pudding is in the eating, but the thirty-year agreement, if carried out in the fullness of its promise, would go far towards guaranteeing peace between Asiatic nations for the coming generation.

This in itself would be an inestimable boon to humanity, but the pact seems to strike much deeper than that. We have here a gesture by Moscow which appears calculated to dispel suspicions held by the other Allies regarding Russia's ambitions, not only in Asia but in Europe.

The world at large had been figuring that Moscow wanted to control Manchuria, among other territories, and that she might even dominate China.

Now along comes this Russo-Chinese treaty in which Moscow signs away sweeping potential gains. The Soviet Union will support General Chiang's government morally and give it military supplies--and won't aid the Chinese communists who are at odds with Chiang's regime.

Russia is to withdraw her troops from Manchuria within three months of Tokyo's surrender and China once more gets this great state which Japan stole from her. The Manchurian city of Port Arthur, which Russia leased from China in 1898 but lost in 1905 in the war with Japan, is to be used jointly by China and the Soviet Union as a naval base.

It seems to be a pledge by Russia that she has limited her spheres of influence.

That time is only little more than 10 days away, so it's time to get at it without waiting until the Saturday before school opens on Monday.

state which Japan had stolen in 1931. American casualties in the entire war were more than 1,000,000--approximately one-fourth of them in the Pacific war.

The atomic bomb, the revolutionary weapon which released the forces of the universe, and the atomic bombshell of giant Russia's entry into the war against her enemy, smashed Japan's military clique who had boasted they would lead their country to national suicide after the new weapons of global warfare forged in America had swept to the very doorstep of the empire.

The end was foreshadowed with dramatic suddenness on Aug. 10 when the Japanese offered to surrender with the sole condition that their emperor, whose legend of divinity is the cornerstone of her unique culture, be allowed to remain.

Thus the Japanese militarists admitted defeat--Japan's first major defeat in her 2,605 years of recorded or mythical history.

Teen-Age Girl Shot By Boy Friend
MIAMI, Fla., Aug. 28 (AP)--A teen-age girl was in a critical condition here today, victim of a gunshot wound inflicted, she told state authorities, by her 17-year-old sweetheart in a quarrel over her younger sister.

The girl, Juanita Luttrell, 16, told State Investigator I. Ray Mills that her sweetheart shot her in the abdomen after he had proposed a "swap" for her 14-year-old sister Evelyn.

The shooting occurred a week ago. The youth, Jackie Marsh, against whom no charges have been filed, was released last night in custody of his father, Mills said.

Mills said the girl told him that Marsh "got sore" and "was burned up" when she assented to his proposal that he change over to her sister.

Later according to the girl's story to Mills, Marsh accosted her with a .22 hunting rifle and said "Juanita, I'm gonna shoot you."

"I begged him, 'Please don't shoot me,' but he did," Mills quoted her.

Life's Darkest Moment

WASHINGTON--The first Sunday after V-J day, a friend came by with an automobile to take my family and his for a drive into the country to have dinner with another friend.

But as we started back into Washington we could not help but notice that the roads were filling up. There was a long line of traffic and many folks drove by at speeds which seemed reckless to us.

When one speeding car swirled past us, I heard my wife murmur, "My, what I wouldn't give to have gasoline rationing back."

I began to wonder how many of the things that war had brought to us as sacrifices or privations we would soon come to appreciate as blessings in disguise.

Do you remember back in the years of the depression that Henry Ansley told in Amarillo, Tex., wrote a book entitled, "I Like the Depression?"

One day my next door neighbor, Bob McCormick, turned to me and said, "I hate to think about the end of the war coming, because when it comes up and I will quit driving downtown together. You'll have your car, and I'll have mine and we'll only see each other occasionally. That's too bad."

Yes, that was too bad. And that was only one of the incidents of neighborliness which we had developed as a result of the war and which we might lose again.

Along the streets where you and I live, there are housewives who have formed little shopping clubs, who have either ridden to market in a car owned by one of them, or who have all walked together to the shopping places, doing their shopping jointly, visiting as they went along, discovering something in life that had not been there before.

Victory Garden Blessing
How many women improved their figures as they walked to market! And think what Victory gardens did for the men!

Like Drew Pearson, I will perhaps be away from Washington, when this column is printed, away on a short vacation. While I am gone, someone will be mowing my lawn. During the war I had to mow my own lawn. I couldn't find anyone interested in taking care of my particular little piece of property. And a strange thing happened: I found that I could mow it as well as anyone else, that I could mow it quickly, and that I could learn within a short time exactly how each particular section could be best mowed to develop the best out of grass. And I found out also that when I mowed it myself, I not only improved the lawn, I improved my own digestion.

I'll miss that now that the war is over, because I'll tell myself that I'm too busy to do it when I can hire someone else for the job. I suppose that my wife will miss something, too, because she used to walk to market and carry her groceries back home in a basket.

As for myself, I shall reflect upon the fact that an automobile salesman used to be able to sell me a new car each year. I thought I must have one. Surely a car that had gone past 15 or 20 thousand miles would no longer be reliable, even if that entire distance had been upon city pavements. But when the war came I learned that automobiles will go 50,000 or 100,000 miles and still be pretty dependable as a means of transportation.

And tires, too. I used to believe that a tire that had gone past 10,000 miles had practically worn out its life. And yet on my car I had a set purchased in May of 1940. They now have gone more than 50,000 miles; have been recapped twice, and are still pretty fine looking tires. Five years of service, and still good.

War Thrift
Maybe that's typical of the lessons of thrift we needed to learn during the war--lessons that as a great nation we need to retain as the years roll along. Our children, too had a few little lessons in thrift. For example, through the

Sorry, Skunk, There's A Shortage Of Room
OLYMPIA, Wash., Aug. 28 (AP) A skunk who apparently had never heard how hard it is to find a room in a hotel strolled into the lobby of an Olympia hostelry yesterday. Residents shrieked... and almost checked out during the resultant excitement. But Police Officer Kenneth Ulrey saved the day with a tear gas shell. The skunk checked out—and for keeps.

Fred Snyder Dies From Bullet Wound In Head

LUBBOCK, Aug. 28 (AP)—Fred Snyder, 63, pioneer West Texas rancher, died Sunday in a local hospital after he was found in the bathroom of his home with a bullet wound in the head.

He had been in ill health several years.

Snyder, who came to Lubbock in 1920, had operated ranches in Mexico and in many parts of the state including those near Colorado City and Dalhart, and Pecos, and in Hockley and Cochran counties. At the time of his death he operated a 57,000-acre ranch near Clayton, N. M., with Dave Reed of Austin.

Survivors include Fred, Jr., Pampa-Army Air Field, a son, and Mrs. Warren M. Moore of Austin, a sister.

A salamander can increase its weight by nearly 40 per cent within a few hours by absorbing water through its skin.

Padilla, Guzman May Join Against Aleman

MEXICO CITY, Aug. 28 (AP)—Possibility of Ezequiel Padilla and Gen. Enriquez Guzman, prospective presidential candidates, joining hands against Miguel Aleman, candidate of PRM, the dominant party, is being discussed in Mexican political circles.

Neither Padilla nor Enriquez Guzman has said he will make the race for next year's elections, but supporters of both are actively campaigning for them.

Padilla's campaign branched out to Sonora, northwestern Mexico, with establishment of headquarters in Hermosillo.

Aleman's nomination by PRM is regarded as a virtual certainty since the party's three sectors have voted to support him. The convention will be in December, probably in Saltillo.

Hadrian's Villa near Rome built 125-135 A.D. was the largest and most magnificent villa of the Roman emperors.

Final Election Report Approves Three Plans

DALLAS, Aug. 28 (AP)—The final report of the Texas election bureau last night showed approval of the supreme court, welfare, and soldier voting amendments. The amendment which would increase the salary of legislators was rejected.

The bureau based its conclusions on returns from 230 of 254 counties with 46 complete.

Sunnys Favors Small Army Of Occupation
DALLAS, Aug. 28 (AP)—Rep. Hutton W. Sumners (D-Tex.) said he believes only a small U. S. occupation force should be left in Europe and other members of the armed forces should be released as rapidly as possible.

In an interview, the Texas congressman said he feared that an extreme swing to nationalism would result if the United States

Arrival At Scene Not So Dramatic As Anticipated

(Editor's Note: Ted Dealey, president of the Dallas Morning News, now in the Tokyo area at the invitation of the war and navy departments, is at the scene of the formal surrender of Japan.)

WITH U. S. 3RD FLEET, Aboard USS Iowa, Aug. 28 (via Navy Radio)—Hardy had we hit the deck of the USS Iowa from the USS destroyer Waldron than the Jap destroyer carrying 21 emissaries to Adm. William F. Halsey's flagship appeared.

After traveling more than 7,000 miles in less than five days, our little party of three publishers and two war correspondents got to Sakami Bay just after daylight Monday. We had seats on the front row just as the curtain began to rise.

The scene was not as dramatic as I thought it would be. Only about 12 ships of the Third fleet were in sight of the Iowa as the Jap "can" appeared on the horizon. No more than 12 carrier planes circled overhead as the Jap emissaries transferred from the USS destroyer Nicholas to Halsey's flagship.

At 7:25 in the morning the Jap destroyer appeared. The Nicholas met it and by 9 o'clock all the Jap emissaries had been transferred to the Missouri. An hour later the conference and the show was all over, as simple as that.

They keep talking about typhoons but we haven't seen any yet. As a matter of fact, this part of the Pacific resembles very much the Gulf of Mexico and those terrible typhoons they talk about are nothing more or less than our good old Texas Gulf hurricanes to which we are all so accustomed.

He is a brother-in-law to Mrs. R. E. Lee, Big Spring. Dr. Swann is chairman of the board of stewards for the Sterling Methodist church, director and past president in the Lions club, secretary of the Masonic lodge, Boy Scout and Cub committee, OPA meat panel member and Sterling-Glasseco health officer. A native of Alabama, he has been at Sterling since 1930.

Application For Beef Payments Due Now

Applications for beef production payments for sales of eligible beef during the period May 19, 1945 through June 30, 1945, should be filed not later than August 31, 1945, in order to be eligible according to L. H. Thomas, chairman of Howard County AAA Committee.

After June 30, 1945, applications for beef production payments should be filed within 60 days of the date of sale in order to be eligible.

Imported Laborers Riot In Army Camp

STUART, Fla., Aug. 28 (AP) — Sheriff Richard Hancock said today that about 2,200 imported negro farm laborers from the Bahamas and Jamaica awaiting shipment home rioted at Camp Murphy yesterday and law enforcement officers from three counties were required to restore order.

Hancock reported that 27 negro workers were removed to hospitals, two with fractured skulls and another with a broken back, and six men were lodged in the Martin county jail at Stuart.

The sheriff said the rioting negroes took over the former army camp now used by the War Food Administration, swept through barracks, welding clubs and destroying cots and furnishings, and defied camp authorities.

Capt. R. G. Ray, army officer at the camp, said the cause of the trouble had not been determined.

Labor experts said however that the probable cause was the negroes' unwillingness to return to their comparatively drab former existence after sampling the high wages and luxury goods during their employment in the United States.

Police Reports

Three women were picked up for VDC Monday by police and two persons were arrested for drunkenness.

A tire and tube were reported stolen from Bill Lindsey at a service station on First and Main.

Wheat Market Quotas No Longer In Effect

Wheat producers can plan their 1946 crops with the knowledge that acreage allotments and wheat marketing quotas will not be in effect for the marketing year which begins July 1, 1946. The AAA Act of 1938 requires that the secretary of agriculture make public announcement each year of data concerning the supply and consumption requirements for wheat. This year as in the recent years, the national emergency makes unnecessary the establishment of marketing quotas.

Acreage allotments are dispensed with "in order to encourage the production of a sufficient supply of food to maintain normal domestic consumption, taking into consideration current trends in consumption and exports and the quantities of substitutes available at fair prices and otherwise to effectuate the declared policy of the act."

How to Help Your Electric Refrigerator Last Longer —Work Better

- Defrost regularly, at least once a week.
- Don't set the control for the lowest temperature except when freezing meats, desserts or other frozen dishes.
- Open the refrigerator door as seldom as possible and shut it quickly.
- Never use an ice pick or other sharp instrument to loosen ice trays. You may puncture the freezing coil and cause serious damage.
- Take good care of your electric refrigerator and help it continue to bring you the benefits of proper refrigeration. Your electric refrigerator is built to give long service. It serves you best if you give it proper care. Help your refrigerator last longer and operate more efficiently by following these suggestions.

Should your refrigerator need adjustment or repair, call the dealer from whom it was purchased, or some other reliable service man who is experienced with your make of refrigerator.
