### Episcopalians Select Abilene

W. J. Watson, pilot of the Broadway of America association's Courtney Car, returning westward on his first trip over the route, will meet at 7 o'clock this evening with the local Broadway of America committee to study plans whereby the Broadway may be further promoted.

Some idea of the proportions to which the tourist industry has grown is afforded by the following from a radio address by Dr. Julius Klein, assistant secretary of commerce:

One city in the east realized \$125,000,000 from tourists alone.

The retail merchant gets 25 per cent of the tourist's dollar, thus retarding a time-worn opinion that they do not benefit materially from tourist traffic.

Transportation agencies get 7 to 10 per cent, hotels 17 per cent of the tourist dollar with restaurant receiving 20 per cent, garages and accessory dealers 11 to 12 per cent, confections 6 per cent, theatres and other amusements 8 to 12 per cent.

Roger Babson, the noted statistician and economist, declares that the tourist industry now thrusts others into minor significance, being 60 per cent greater than lumber, 51 per cent greater than oil production, 11 per cent greater than the meat packing industry, 185 per cent greater than the baking industry, 222 per cent greater than the shoe industry, 11 per cent greater than the clothing industry and equal to the gigantic steel and iron industry.

The following from the Broadway of America Association's office:

A large Eastern motor club, at the solicitation of the Broadway of America Highway Association, one day averaged sending thirty cars per day over the Broadway during the past three months. Ten dollars per day per car is the lowest estimate yet to have been placed on the daily average expenditures of cross country tourists, and is probably lower than the actual average expenditures since it requires the utmost economy (try it yourself) counting, lodging, eating, car expense, etc. for a small family to stay within this limit on a trip of several days duration.

On a transcontinental trip over the Broadway, the tourist will average two days in Tennessee, one day in Arkansas, three days in Texas, one day in New Mexico, two days in Arizona and one day in California. This is a general average, based on Broadway mileage in the several states, and considering three hundred miles per day a fair average mileage on a cross country trip. (Note: The record for the fastest transcontinental trip yet to have been made by motor is held by Col. Ed. Fletcher, San Diego; running time including stops—35.5 miles per hour.)

Thus the average of thirty cars per day directed over the Broadway by the club resulted in expenditures along the route in Tennessee of \$30 cars per day at \$10 each equals \$300 per day, or—a total of \$600 per day.

**Bynum's Bond Set At \$5,000**

**Local Man Charged With Passing Counterfeit Money**

L. W. (Shorty) Bynum of Big Spring was arraigned Saturday before Ida M. James, United States commissioner, in Abilene, on a charge of passing counterfeit money and his bond was fixed at \$5,000 pending action of a federal grand jury.

Complaint filed against Bynum by department of justice agents charged possession and passing of spurious federal reserve notes and conspiracy to pass counterfeit money.

Bynum, formerly a rig builder, was arrested here Thursday after officers were given two bogus bills of \$10 denomination.

Federal operatives declined to reveal whether their investigation showed any relation between the passing of spurious bills here with similar activities in other West Texas cities. Bogus money this month has been recovered at Odessa, Midland, Colorado, San Angelo and Brady.

William F. Robinson, alias Frank Robinson arrested at Brady last week, is held at San Antonio on a federal charge of passing counterfeit money. His bond was set at \$1,000.

### CITIZEN OF BIG SPRING

—Photo by Bradshaw  
JOHN LOUIE THOMAS

Mr. Thomas looks back on his twenty-five years as a railroad school teacher with a good deal of pleasure. It was a colorful, kaleidoscopic existence that was suited to one's youth and that one can appreciate all the more with the passing years and in the calm every-day routine of running an office. He also looks back with pleasure to the day when the school superintendent at Celeste asked him to suggest a teacher for the school.

When that question was asked, a young blue-eyed lively girl popped at once into Mr. Thomas' memory. She was one of the Brock sisters, living at Winstonsboro, while he had lived at Pittsburg, a nearby town. He had known all the Brock family and they were a fine lot of girls.

He recommended Miss Cassandra Brock to the Celeste trustee and so started his second wife on her school teaching career. In which she was to climb high before she gave up the work to marry him.

In the meantime, Mr. Thomas was agent for the Santa Fe railroad. In 1909 he went to Amarillo as relief agent and two years later began regular agent at Tahoka. He resigned the work and was transferred to Amarillo as relief agent, after which he became regular agent in Lamesa.

These years in the West he never forgot. When he went from Lamesa to Dallas to go into the freight office as chief accountant he was not satisfied; so in December, 1917, he quit. He went first to Mercedes, in the Valley, but his wife's health was not good there.

Remembering the invigorating climate of the Panhandle he asked to be sent West for her sake. That was how he happened to come to Big Spring. He has been here, in charge of the Western Union office ever since.

A serious attack of influenza, when that epidemic was first at its height was fatal to his wife. She left him with a daughter, Marguerite (now Mrs. Homer Daniels of Pasadena) and an eight-year-old son, Moses Lodwick.

A few years passed and he remembered the lively blue-eyed girl, whom he had recommended to the Celeste trustee. He wrote her a letter. She was teaching then in the Dallas schools and was a most valued grade teacher.

To make a long story short, he persuaded her to marry him and give up the city for Big Spring. After her marriage, she taught in the schools here for a few years.

Mr. Thomas is an elder in the Presbyterian Church, a member of the Masonic Lodge, the Chamber of Commerce, and of the Rotary Club (in which he is serving as a member of the foreign relations committee). He has two grandchildren, Virginia Sue and Earnest Daniels.

**Denman Well Has More Oil**

Drilling was being continued, in pay, with considerable increase in oil Monday morning in Lee C. Harrison's No. 1 L. G. Denman well in eastern Howard county.

The well was drilled two feet into pay topped at 2,435 feet a week ago, and shut down for storage. When swabbing was started Friday there was approximately 1,200 feet of oil in the hole and after swabbing 40 barrels in two hours the top of fluid was reduced to 600 feet off bottom, where the casing was set. The well was being swabbed at intervals Monday to facilitate drilling.

### Reports Of Work Heard At Meetings

#### General Convention Incidents Reported At Convocation

Abilene was selected at the morning session of the Episcopal convocation Monday as the meeting place for 1933.

The morning business, commencing with departmental meetings at 9 o'clock in the Sunday school class rooms, was devoted to short reports before the convocation by the following: Rev. Bradner J. Moore, on Religious Education; Rev. A. B. Hanson, on Sweetwater on Christian Social Service and Rural Work, and Rev. Fancher Uphaw, on Finance.

The Convocation and the Woman's Auxiliary met in a joint session at 9:30 to hear ten-minute reports of the General Convention and Triennial held at Denver, this past fall. The following reports of outstanding speeches were made: Mrs. E. C. Seaman on "Religious Thinking Today"; The Rev. W. P. Gerhart, who was clerical deputy to the General Convention, on the convention; Mrs. Fancher Uphaw on "Family Life"; and Mrs. Elizabeth F. Page on "Property and Economic Conditions."

**Student Center**

After these reports, Bishop Seaman told the audience of the plans for the building of a college student center at Texas Technological college at Lubbock and Mrs. McMeans of the financing of the Little Fellowship House at Canyon, which is a college student center.

Mrs. M. B. Coate, of Sweetwater spoke on "Church School Christmas Box" and the Rev. Mr. Moore on the "Lenten Offering."

The joint session was closed with an address by the Rev. Clarence H. Horner, of El Paso, who spoke on "The Program of the Church" and outlined the normal growth of a church, member from membership to a giver, a worker and a spiritual force in the community; and stressed the importance of finding a job for every member and the growth and benefit accruing to the individuals and the churches thereby.

Immediately after this address the Convocation and the Woman's Auxiliary met in separate sessions. The church members from the parish house and hearing, in addition to committee reports, a talk by the Rev. Mr. Swann on "Council of Advice," another by the Rev. Mr. Gerhart on "Committee on Evangelism" and a sketch of the pastoral work being done at Carlsbad by the Rev. Mr. Reese, of San Angelo.

At the women's session Mrs. Shine Phillips welcomed the Auxiliary delegates and visitors. After a short business talk by the Bishop the officers made reports of the past year's work.

**Luncheon**

The delegates assembled at the Crawford Hotel for luncheon. The theme of the program there was "Echoes of the General Convention," with both the men and women making short reports and addresses.

The talks, all of which were brief, consisted of informal reminiscences by the Rev. F. A. Foster, of Amarillo and Madeira, of Plainview, of the music, the number of nations represented, the reunion of friends at the Denver Convention, Mrs. Findlater, of San Angelo, reviewed the woman's part in the convention and stressed the talk offering which is making possible the building of a student center at Texas Tech. The Rev. Mr. Moore of Lubbock spoke last, outlining the work being done on the student center and its value as an educational project.

The afternoon session was devoted to separate meetings, in which committeemen made reports and the general work of the Convocation and the Auxiliary were taken up for discussion.

At 8:15 this evening at the church Dr. Larkin W. Glazebrook, an official representative of the National Commission on the church on Personal Evangelism, will speak on a phase of this topic. Dr. Glazebrook's work, says one of the workers is "large to awaken in the laity a sense of their responsibility in evangelizing the church through their personal life and effort." An invitation is extended to the public to hear him.

Tomorrow's meeting will conclude the Convocation.

**American Legion Post To Convene Tonight**

The American Legion will hold its regular meeting in the Settles Monday night, at 7:30 o'clock. All members are urged to attend. It is planned to effect an organization of the Drum Corps, consisting of twenty-six pieces, including ten bugles, two basses and fourteen snare drums.

All members are urged to be there promptly at 7:30 p. m.

#### Commander John Temple Rice Guest of Commandery Saturday

Knights Templar commandery of Big Spring was favored by a visit from State Commander John Temple Rice of El Paso Saturday evening at the Masonic Hall. There were other visitors present, including H. B. Robertson of Abilene, former state commander and six knights from the Midland commandery.

Prior to the regular meeting, supper was served to the members and guests. There were over forty knights present, and a good meeting was had.

### Democratic Tariff Bill Hearing Ends

#### President's Right To Change Duties Would Be Withdrawn

WASHINGTON (AP)—The senate financial committee finished hearings on the house democratic tariff bill, but deferred vote on it until Thursday.

A favorable report with some modifications is expected. The bill withdraws the president's power to change duties under the flexible provisions, which is recommended by Tariff Commission, restoring that power to congress.

WASHINGTON (AP)—The house naval committee approved the \$615,250,000 Vinson naval construction bill but postponed indefinitely action on it by congress.

### Chinese Official Resigns Office

SHANGHAI (AP)—Sun Fo, president of the Executive Yuan, the equivalent of premiership, resigned because of the government's refusal of vigorous action against Japan. The government he headed was formed in Chiang Kai Shek.

### Father of Lutheran Pastor Succumbs

Rev. E. Buchschacher, father of Rev. W. G. Buchschacher, pastor of the Lutheran church here, died at his home in St. Louis, Mo., at 5:20 p. m. Monday, three hours before his son and family reached the bedside. He was learned in Big Spring late Monday morning.

### Train Kills Taxi Driver At Midland

#### Youth Drives Cab Onto Track Before Extra Freight

MIDLAND—Nobel Stewart, 20, was killed at 5 o'clock this morning when he drove his taxicab onto the Texas & Pacific main line in front of extra freight train No. 403, eastbound.

Two negroes in a car behind him, who eloped when they saw the train, saw the crash. They said Stewart apparently did not see the train approaching.

The car was thrown into the air and landed about 40 yards down the track. The boy was killed instantly. He was riding alone, returning from a call he had made in the outskirts of town, near where the accident occurred.

The boy's mother and a number of brothers and sisters reside here. His parents are estranged.

### Grand Jurors Probe Death

#### Twenty Cases Scheduled For Consideration By Body

Members of the grand jury for the January term of 32nd district speck court reconvened Monday morning, with approximately 20 cases scheduled for consideration. Chief among these was the death by pistol wound here Thursday morning of last week of W. J. Flowers, whose body was found under the Benton street viaduct, a bullet hole through the left side of his chest.

Two youths who had been in custody since a few hours after the body was found were due to be called before the grand jury.

District Attorney George Mahon of Colorado was accompanied here Monday morning by Mrs. Mahon.

### Angelo Team Here Tonight

#### Steers To Try for 19th Consecutive Win of Year

Fresh from their victory over the field in the Lubbock invitational tourney, the strongest basketball meet of the season in West Texas so far, the Big Spring Steers were preparing to face the second invasion of the year on the part of the San Angelo High Bobcats, whom they defeated 30 to 23 in a previous game in Big Spring and noed out 15-13 in a listless game played in Angelo. The game will be called at 7:30.

With the nineteenth consecutive victory of the season in mind, George Brown planned to send his first string against the Concho team, who have improved considerably since the first of the season. Hopper and Reid, stars of the locals' triumphs in the Lubbock meet, are to be at forward and center respectively. Morgan is due to start as Hop's running mate.

Lloyd Forrester will be at one guard's post, and either Elmer Dyer or Bill Flowers will round out the quintet. Tack Dennis is slated for some action during the contest at one of the forward's post.

Coch Harry Taylor of the Bobcats is expected to start. H. Gregg and T. Gregg, forwards, Hobling, center, and Houser and Calloway, guards.

The Steers' record this season: Steers 20, Faculty 14. Steers 20, Cosden 21. Steers 23, Lomax 17. Steers 21, Lomax 16. Steers 20, San Angelo 20. Steers 15, San Angelo 13. Steers 24, Ackerly 19. ### Perceptible Improvement In Business Seen By Bank

A perceptible improvement in business sentiment has appeared since the beginning of the year, states the Guaranty Trust Company of New York in the current issue of The Guaranty Survey, its monthly review of business and finance, which has just been published.

"Thus far, there is no definite evidence to show that the better feeling has been based on actual increases in production and trade, except in certain industries where the suspension or curtailment of operations at the year-end is always followed by expansion in the ensuing weeks," The Survey continues. "The more cheerful tone, however, brought about a definite advance in prices of stocks and bonds during the greater part of January."

### Jesse Jones Is Appointed By President

#### Texan One of Democratic Members of R.F.C. Board

WASHINGTON (AP)—President Hoover appointed Jesse Jones of Houston, Texas, and Harvey C. Cough of Arkansas, as two of three democratic directors of the Reconstruction Corporation. Confirmation of them and Charles G. Dawes, as president, is expected in the senate soon, also the passage of the house's \$500,000,000 appropriation, to start the work.

The other directors are Eugene Meyer, governor of the Federal Reserve Board, Paul Bestor, farm loan commissioner and Secretary Mellon.

### Bank Leaders Oppose Postal Savings Hike

#### Would Damage Smaller Institutions Witnesses Declare

WASHINGTON (AP)—Rome C. Stephenson, past president of the American Bankers' Association, and Thomas H. Paton, general counsel, opposed before the house post office committee the proposal of Third Assistant Postmaster General Frederic Tilton, to raise the minimum individual deposit in Postal Savings account to \$10,000 from \$2,500. They said this would hurt the smaller banks.

### Long Sworn As Senator

#### His Political Aide, Alvin O. King, Become Governor of State

WASHINGTON—Huey P. Long was sworn in as senator from Louisiana, thus discarding the governorship. Normally, Long would have taken the oath in December, but refused to leave the governorship until man of his own choosing had been named.

The senate now has full membership. Long previously had told reporters that he favored Garner of Texas, Senator Harrison of Mississippi, Senator Dobinson of Arkansas, as democratic presidential nominee.

BATON ROUGE (AP)—Alvin O. King was sworn in as governor of Louisiana on hearing that Long took senatorial oath. At Jeanette Paul N. Cyr refused comment until consulting attorneys. Cyr attempted to take governor's office recently claiming Long was holding seat illegally and he as lieutenant governor was next in line.

The Long faction claims Cyr thereby lost all official status.

Judge Frits R. Smith had a heart attack Friday and Saturday and his condition was serious enough to send for his son, Tracy T. Smith, Sunday.

### Decision Of Texas Court Is Supported

#### No Written Opinion Given By Nation's Highest Tribunal

WASHINGTON (AP)—The supreme court without a written opinion affirmed the Texas federal court decision declaring the Texas highway law regulating cotton trucking unconstitutional.

WASHINGTON (AP)—Senator Connally opposed the proposed federal gasoline tax before the house ways and means committee today.

Yes it's the NEW MAYTAG at \$89.50

The more you know about washers, the more you will wonder how anyone could make a low priced washer of such unquestionably high quality.

Here's the answer. In the Maytag factory, the world's largest washer factory, precision workmanship and rigid inspections are routine.

Naturally a washer made in such a factory is going to be a fine washer. Not only when it is new, but after years of hard service. Because the quality is built in.

So don't let the low price of this New Maytag confuse you as to its quality. If you are one of the millions of women who have put off buying a washer till you could afford a Maytag, now is the time.

## Pollock Play Set Saturday At San Angelo

**Episcopal Women's Auxiliary Sponsors Two Performances**

SAN ANGELO — Drama free from the sordid realities of life but rich in romance is promised in Channing Pollock's new romantic drama, "The House Beautiful," which will be offered here next Saturday.

The play, under the auspices of the Women's Auxiliary of the Emmanuel Episcopal Church, will be given in matinee and night performance at the municipal auditorium. The proceeds will go to the organ debt of the church. Mrs. Howard Cox headed a committee of the Women's Auxiliary which arranged for the presentation.

Channing Pollock is author of many successes: "The Fool," "The Enemy," "Mr. Moneybags," "The Sign on the Door," "Roads of Destiny," "The Crowded Hour." Tickets will go on sale at the City Drug Store No. 1 Tuesday and prices will range from 50 cents to \$1.50 at both performances, with the entire balcony devoted to the 50 cent price at the matinee. Mail orders will be received by the auxiliary and filled in order of their receipt.

The story of "House Beautiful" is the story of a little, commonplace people, and their everyday struggle to do their job in the world and to keep clean and lovely that house which is not only their dwelling but their souls. In particular it is the story of Jennings and of her great love for Archie, through thirty years of fighting Fate with a smile on their faces. Fighting to pay for the house, and to buy the pine forest, and to keep

## Movie Magic? No, It's Only Makeup That Actress Uses For Chinese Role

A bit of gauze, a bit of makeup, a different coiffure—and presto—Loretta Young, film actress, changes from an American girl to the role of a Chinese miss. It's all in a day's work for her. To see how it's done, one must go behind the scenes in the movie studio.

First Miss Young is seen at left as she really appears. Next she is shown below in the makeup room. A piece of adhesive gauze (arrow) over her temples draws back her eyes to give them the almond effect. Makeup and coiffure complete the transformation (right).

## Attractive Reception For Convocation Delegates At Lovely Biles Residence

**Social Occasion Opens the Episcopal Convocation By Providing Means of Allowing Visitors and Local Church Members To Become Acquainted**

The officers and delegates to the Convocation of the District of North Texas and the Woman's Auxiliary of the Episcopal Church, were guests at the home of Mr. and Mrs. Biles Saturday evening for an enjoyable evening of visiting with the members of the local church and friends.

The Biles home was attractively decorated for the occasion, with potted cyclamen, vases of pink carnations and sweet peas.

Mrs. J. B. Young was at the door to receive the visitors. Mrs. John Nostine and Mrs. A. Taylor ushered them into the bedrooms and relieved them of their wraps. Mrs. Wallace Rix of Lubbock, introduced them to those in the receiving line.

Mr. and Mrs. Biles at head of the receiving line were followed by Bishop and Mrs. E. Cecil Seaman and the Rev. Mr. and Mrs. W. H. Martin. Next to these stood Mrs. R. L. McMeans, of Amarillo, acting president of the Woman's Auxiliary in the absence of Mrs. Carl Swenson, president of the district; Mrs. V. Van Gieson, treasurer of the district; Mrs. H. S. Gooch, of Amarillo, educational secretary; and Mrs. Elizabeth Page, of the Little House of Fellowship at Canyon.

Mmes. Shine Phillips, Geo. Garrett, E. V. Spence and O. L. Thomas ushered the guests into the dining room.

At the lovely tea table, centered with a handsome bouquet of pink sweetpeas and flanked by green tapers in silver holders, Mrs. Blon-

iced in these two colors. During the evening a splendid and greatly enjoyed program of music was carried out, with Mrs. Thomas presiding at the piano in the music room. Charles A. Bulot, of McCamey, sang songs and encores at request. Mrs. Ned Beaudreau, accompanied by Miss Hester, rendered several numbers on the violin. The choir quartet, composed of Mesrs. Wayne Martin, Bob Utley, Seth H. Payne and O. L. Thomas, furnished several songs.

## Rev. Mr. Horner Preaches To Crowded House

With a beautiful and colorful confirmation service and an unusually interesting sermon, the opening service of the Convocation of the Episcopal church got under way Sunday morning, with the local church crowded to capacity with delegates and visitors and local Episcopallians worshipping in the parish house.

Arrayed in the clerical vestments and wearing white stoles, emblematic of confirmation, the visiting clergy followed the members of the choir during the singing of the pro-

cessional hymn from the parish house to and through the main entrance of St. Mary's church, the Bishop of the District of North Texas, the Rt. Rev. E. Cecil Seaman, D. D. celebrant, for the morning service, concluding the processional.

The program followed that announced previously. The Rev. L. L. Swann, of Clarendon, reading the Epistle and the Rev. Willis P. Gerhart, of Abilene, the Gospel. Charles A. Bulot, of McCamey, sang a solo. Following the welcoming of the visitors by the host, the Rev. W. H. Martin, and the announcement of the committees appointed to look after matters of the convocation by Bishop Seaman, the Rev. Clarence H. Horner, rector of St. Clement's church, in El Paso, gave the sermon on "The Work of the Church."

Mr. Horner, who is a representative of the National Council of the Protestant Episcopal Church, spoke on the church program in a comprehensive manner. Extracts from his sermon follow:  
"Living and thinking is difficult today. . . . We have turned our back on one of the oldest human

institutions—was so far as signposts on paper count. We want no more war; nor does this church want any more war. We are beginning to turn our back on materialism. The cry of 'live and let live' is surrendering to a more Christian philosophy of live and help live."  
"This is an age of reckoning. We have forgotten that Jesus said that man could not live by bread alone. We have tried it. From 1918, the theory of consumptionism has led us into a blind alley and we fell into the pit of depression. Are we to keep this up? No, says the church."

"We are, the church believes, coming into a new social order which all church people are watching with breathless interest. Two experiments, especially are we watching. That of Russia, in which an old agricultural community is being lifted from the furrows and made into a mechanical community. The other is India, going the old ways and returning to the spinning wheel and the loom. They are both challenging the West. Do we dare to carry out that command of the master to love our fellows as ourselves. We are longing to go that way and it is the only way out."  
"The way of the church is the way out, the church that is ancient and yet new, and faces science and is willing to accompany science down the way to men so that men desirous to reinterpret for themselves the life of Christ may be encouraged."

"America's answer to the challenge of the East is to mobilize the man power of the nation for Christ, inspire its life with the gospel of Christ. We must face the facts that there are 10,000 villages in rural America without churches, 30,000 without ministers, and millions of

## A. P. Kasch Concern Ranks As One of Leading Contractors Of Plumbing, Heating, Wiring

There are many Big Spring people who pass the A. P. Kasch Plumbing and Electric Shop at 107 Gregg without ever giving a thought to the importance of this contracting firm to the city. They do many big jobs in other cities that carry the importance of Big Spring as an industrial center to many places. Hundreds of Big Spring people are also being kept warm during this cold weather due to the efficient work of the Kasch firm.

Next June will mark the eighth year of service in this city. The business was first located under the Fox Drug Store for three years, moving to an old building on Gregg St. and two years ago, built and moved into the present building at 107 Gregg. Plumbing, electrical and heating work is done—no job is too small or too large. The firm also carries a complete

stock of fittings and fixtures, both wholesale and retail. Some of the local contracts have been: the school buildings, both hospitals, Crawford Hotel Annex, Douglas Hotel, Methodist Church, and plumbing and heating in the Ritz theatre.  
Kasch has just finished installing the plumbing and heating in the new Haskell, Texas court house and is now at work on the City Hall and Court House in Graham, Texas. Other jobs recently finished are the school at Stanton, Ritz at San Angelo, Court House at Menard, hotels in Odessa and Pecos, and the Currie and Fisher homes in this city.

Mr. Kasch has had more than 12 years of experience on all types of jobs, and is fully equipped to take care of heating, plumbing and electrical work for everyone in Big Spring.

school children without any kind of religious education.  
"The program of the church is to replace that silhouette of the pioneer against the western sky—that silhouette which has been a symbol of America for so many years—with the silhouette of the Christ."  
During the confirmation exercises, Mr. and Mrs. Ned Beaudreau were received into the church. In the evening service, Miss Theresa Brooks was received as a new member.

The services were concluded with Holy Communion.  
In the afternoon the guests were taken for a drive, after which the Bishop and officers made their annual reports to the Convocation and Woman's Auxiliary.  
Following a meeting of the Y. P. S. L. at which Miss Dorothy M. Fisher, of Houston, spoke, Evening Prayer was held at the church.  
Thirty per cent of the population of Oregon and Washington belong to church.

## Hyperion Club Makes Study Of Poverty

The Hyperion Club met at the home of Mrs. Steve Ford, Saturday ushering in a blizzard, as is customary when Mrs. Ford is the hostess. In the absence of the president, Mrs. Albert M. Fisher presided. The club voted to study modern Europe next year.

An instructive program on "Poverty" was rendered, with talks by Mmes. Fisher, Faw, Cushing, Mrs. Fahrkamp read, as a special article, Annie Fellows Johnson's "In the Desert of Waiting."  
Those present were Mmes. Wm. Fahrkamp, W. F. Cushing, H. S. Faw, A. M. Fisher, Bruce Frasier, R. H. McNew, S. H. Parson, E. Resgen, and Miss Verbena Barnea.  
Mrs. Frasier will be the next hostess on February 6 and Mrs. W. H. Martin, the leader.

 on January 25.  
 "At home, there still appears to be a large amount of hoarding. The existing situation forces banks to keep themselves in as liquid a condition as possible and severely restricts them in the exercise of their normal credit functions; for the first duty of banks is to their depositors, and their very existence depends upon the uninterrupted performance of that duty.

"Considerable light is thrown on general expectations for the early months of 1932 by the national forecast of the Regional Shippers' Advisory Boards covering probable freight car requirements for the first quarter of the year. For this country as a whole, the forecast indicates total loadings 6.6 per cent below those for the corresponding period in 1931. When this estimate certainly points to no swift acceleration in railway freight traffic, it suggests a probable increase somewhat greater than is usually witnessed in the first quarter of the year.

**Gold Standard Secure**  
 "There seems to have been renewed talk in recent weeks of the possibility of the United States being forced to abandon the gold standard. This idea was apparently suggested by the suspension of specie payments in England and several other countries last September, but is certainly points to the outward movement of funds from this market by foreign banks in October and November.

"It is difficult to understand how anyone can seriously entertain such a notion at a time when a proximately one-half of the world's money gold lies in American bank vaults, and any doubt on the subject should be dissipated by the case with which foreign demands are actually met. If the gold standard is not safe in the United States at present, then it never has been and never will be, safe anywhere. Even in the remote contingency that all foreign short-term balances now outstanding in the American market should be called home at once, the demand could be met without reducing the

gold reserve of the country to a dangerous level. Any serious consequence that might follow such a development would be purely psychological in its origin.

"If a forced suspension of the gold standard in this country under present conditions is out of the question, its voluntary abandonment is hardly more conceivable. The United States has maintained the integrity of its currency for more than half a century, with highly beneficial results. To alter that policy would not only create great injustices as between debtors and creditors but would shatter the faith of the people in currency stability, creating doubts that would continue to exert their paralyzing effects on economic activity for years to come. The huge stocks of gold in the United States would decrease in value, and this country would be the loser. To offset these disastrous effects, the only clear advantage from the government's point of view would be to reduce the burden of public indebtedness, and this end would be achieved at the expense of citizens who, in good faith, had lent their money to Federal and local governments. The situation is not likely to reach a point where such a step would be either necessary or justifiable."

### Home Town

(CONTINUED FROM PAGE 1)  
 in that state. (Two days being required to cross the state.) Six hundred dollars per day equals \$18,000 per month, or a total of \$54,000 for the three month period.

In Arkansas, using the same system of calculation, and considering that only one day is required in crossing the state, expenditures for the period totaled \$27,000.

Following the same system in Texas the total for the period was \$81,000. New Mexico \$27,000, Arizona \$54,000, and California \$27,000. A combined total for these states of \$270,000 during the period. Maintained throughout the year this would mean \$1,080,000 expended along the route of the Broadway as a result of the cooperation of ONE motor club.

Note: These figures are based on the assumption that the tourist traveled right along through, and nowhere stopped to make side trips or to "vacation" for a day or two in some of the numerous Broadway resort cities, in which event expenditures would, of course, be correspondingly greater.

Compare these figures with the degree of development achieved in other industries in your locality during the past few months, and remember that there are more than three hundred other motor clubs throughout the heavy touring sections of the United States who can, and no doubt will, send from five to twenty-five cars per day over the Broadway.

### Ford Offers 'Bantam' Automobile in England

DETROIT—The Michigan Manufacturer and Financial Record Saturday will say:  
 "Unheralded publicity and without the knowledge of the thousands of workers in the River Rouge plant, the Ford Motor Company a few days ago shipped to England 12 "bantam" four-cylinder cars bearing the Ford nameplate. The strange product of the Ford Company, less than 10 feet in length from bumper to bumper, has a fender width of 85 inches, a height of 53 inches, topped off with a motor exactly 11 inches long.

"It is presumed, in the absence of any official statement by the company, that the new cars will serve as models for use in the production of a small, light, low-priced car to compete with the small cars of European production of the Austin type and that they will be made in volume at the new Ford plant in Dagenham, England, and other European points where Ford is manufacturing cars."

Declaring the horsepower tax of Europe has been such as to practically eliminate the resale value of the American-made car, the publication adds, "A new car of the type shipped from Detroit last week would put Ford in direct competition with the cars of minimized bore, stroke and wheel base produced in the European field."

### Three National Visitors Attend Church Meeting

Among the most distinguished visitors present at the Episcopalian Convocation, are members of the National Council of the church. They are the Rev. Clarence H. Horner, rector of St. Clement's Church of El Paso, who spoke at the Sunday morning services and on Monday morning; and Miss Dorothy M. Fischer, of Houston, executive secretary of young people's work of the Province of the Southwest. Her province comprises the states of Texas, New Mexico, Oklahoma, Arkansas, Kansas and Missouri.

Miss Fischer organizes young people's groups, helps those already organized with their program of activities and promotes the Provincial Young People's Summer Conference held every summer in the Ozarks. She made one of the outstanding addresses at the meeting Sunday afternoon before the Y. P. S. L. and will speak to the young people this afternoon.

Dr. Larkin W. Glazebrook, Washington, D. C., is expected to appear at the convocation. His department is that of Personal Evangelism and his sermon will be given this evening at the church at 8:15.

### Auxiliary Officials Here for Convocation

Mrs. Carl L. Svenson of Lubbock, president of the Woman's Auxiliary, was unable to attend the meeting here. The following officers of the Auxiliary are present: Mrs. H. L. McMeans, of Amarillo, first vice-president and acting president for the sessions; Mrs. M. B. Coate, of Sweetwater, third vice-president;

Mrs. T. F. West, of Lubbock, secretary; Mrs. V. Van Gieson, treasurer; Miss Lolly Prude Bennett, of Colorado, lobby secretary; Mrs. Henry S. Gooch, of Amarillo, educational secretary; Mrs. F. A. Foster, of Amarillo, church periodical club secretary; Mrs. R. C. Ledford, of Sweetwater, long distance secretary; Mrs. Coate, of Sweetwater, devotional secretary; Mrs. Elizabeth F. Page of Canyon and Mrs. W. W. Rix, of Lubbock, corporate gifts secretary.

### 200 'Scram' From Cock Fight; Names Taken By Officers

IRAAN—Two hundred people from a dozen West Texas counties surrounded a narrow pit in the Boyd Holmes ranch, eight miles northwest of Sheffield recently.

The two hundred were yelling at two game roosters, armed with gaffs, fought to the death. Over the hill came the enemy—it was the rangers, a United States customs officer, and a river guard.

The two hundred began to run up the canyon. They scrambled atop the hills and then they all came back to their cars parked in an isolated spot in a box canyon.

Officers Clear House  
 The officers, Jim Rooney, a ranger; Captain Lee Barler, a river guard from Sanderson, and Lee Cooke, Terrell county deputy sheriff, took the names of the group as they came back to the cars, though one or two were thought to have gone over the hills and stayed there until the raiders had gone.

The names of the persons were turned over to Hart Johnson, Pecos county attorney, and charges of cock fighting will be filed and the cases heard next week. No one was arrested and no bonds were required. Seven gallons of liquor found at the place

will be the basis for a liquor charge, said Rooney.

Four Roosters Dead  
 The officers found four dead fighting roosters and said the men had been at the ranch since 11:30 Sunday morning. The raid came at 3:30 o'clock in the afternoon.

Cars attending the fight came from the following towns, Alpine, 5; Del Rio, 3; San Angelo, 3; Sonora, 3; Midland, 1; Odessa, 4; Eldorado, 1; Pecos, 4; Balmorhea, 4; Barstow, 2; Fort Stockton, 2.

The officers found forty other game chickens, but permitted the owners to take them with them. The scene of the fight was in Pecos county, three miles from the Terrell county line. Fifty miles further south the fight would have been legal, for in Mexico cock fighting is a chief sport.

But in Texas on conviction it is a fine of from \$10 to \$100. Many of the persons arrested were business and professional men of the southwest.
