New Purge Develops Among German Reds

Commiss Oust Two Leaders; Demote Third

BERLIN, Jan. 23 - UP - The East German Communist party announced Saturday night that two top former Communist officials have been expelled from the party and a third demoted from the party's high echelon in what may be the start of a major new purge in the Soviet zone.

Three of other high-ranking officials of the party were "rebuffed" by the East German central Communist committee, according to a special communiqué.

After a two-day secret session which ended Saturday night the committee announced that William Zaisser, former chief of East German secret police, and Rudolf Hermsdorf, ex-editor of the official party newspaper Neues Deutschland, had been ousted from the party.

Anton Ackermann, former undersecretary of state, was ousted from the central committee but did not lose his party membership, the communiqué said.

The communiqué added that Zaisser and Hermsdorf were ousted from the party following a probe of the entire East German Communist party.

Both men were purged from the East German Politburo following last June's anti-Communist rebellion.

The fact that the expulsions followed a long investigation indicated they might be arrested and tried for treason.

There was no identification of the three other high-ranking party officials who were reprimanded.

The announcement came only a few hours after the arrival in East Berlin of Russian Foreign Minister V. M. Molotov.

The East German news agency ADN said that Molotov accompanied by Soviet Ambassador to Great Britain Andrei Gromyko and Soviet Ambassador to East Germany Gen. V. S. Semenyov, visited East German President Wilhelm Pieck and Premier Otto Grotewohl Saturday night.

Walter Ulbricht, secretary of the Socialist Unity (Communist) party, also was present at the agency said, but gave no further details.

New Entry Looms In Judge's Race

"There will definitely be another entry in the county judge's race," L. P. Fort, 129 S. Faulkner, made this statement Saturday night.

But he declined to state who the candidate would be or whether he himself would be the candidate.

At present, there is only one candidate in the race. The incumbent, County Judge J. B. Maguire Jr., announced a week ago that he would be a candidate for re-election.

Fort listed three items that would be on the political platform of whoever it was who ran against Maguire: (1) county commissioners' court meetings open to the press and public; (2) the prompt trying of all criminal cases; (3) full cooperation with all city, county and state officials on all matters.

Molotov In East Berlin

BERLIN, Jan. 23 - UP - Soviet Foreign Minister V. M. Molotov slipped secretly into East Berlin Saturday behind heavily armed guards for Monday's Big Four conference and promptly demanded that Red China be admitted to world peace talks.

The three western foreign ministers, meeting to map strategy for just such demands, agreed to stay in Berlin "as long as there is any hope" of agreeing with Russia on any problem and to present a common front against Russia's "divide and conquer" tactics.

A high Allied source said the West agreed that because of his effect on French public opinion they might even give some consideration to any serious Soviet proposal for a five-power conference if it were limited specifically to settling the Indo-Chinese war.

France Can't Refuse The Allied source said it was generally agreed that no French government could summarily refuse to discuss means of ending a war that almost every Frenchman regards as costly and futile.

The Soviet delegation landed at Schoenefeld airport and drove to the Russian embassy at a 60-mile-an-hour clip between rows of thousands of Communist police, some carrying tommyguns and others revolvers. Only then was Molotov's presence announced.

Publicity On Cancer Blamed For Decline In Tobacco Sales

Texasans are smoking and drinking less, tax receipts revealed Saturday.

No one could say definitely why but one tobacco wholesale dealer attributed publicity about the danger of cancer from smoking as a contributing factor.

A large number of leading tobacco companies only recently pooled their resources to make a special study of how smoking affects a person's health.

The state comptroller's office in Austin reported cigarette tax revenue in Texas for 1953 totaled \$34,980,848, down \$763,625 from 1952. The state tax is four cents per pack.

Texas Liquor Control Board figures for 1953 for taxes, permits and license totaled \$18,795,328, down \$187,354.

A Fort Worth tobacco wholesaler said business was off as much as 15 per cent compared with last year, he blamed the cancer talk.

TV WEDDING OUT

Tiffed Pair Still Love Each Other

NEW YORK, Jan. 23 - UP - A Brooklyn couple whose plans for a televised wedding were cancelled when they argued over honeymoon plans said Saturday they still are in love, but they don't know if or when they'll get married.

The bridegroom-to-be was taken away to a psychiatric ward because he became infuriated over the prospect of an all-expense paid wedding trip to Princeton, N. J. He wanted to go to Florida or California instead.

Sigmund Welt still was in Kings county hospital under psychiatric supervision Saturday.

"Yes," he said, "I still love Josephine." Josephine Buono, the prospective bride, also professed her love.

"Well, yes, I do still love him, but... right now, he's still in the hospital," she said. "So how can I tell what we'll do? Time will tell."

The couple was to have been married on the NBC television show, "Bride and Groom" Thursday. The program sponsors held a conference with the pair ahead of time and told them they would receive a lot of gifts for their new home, and the trip to Princeton.

Miss Buono said Princeton sounded all right to her, but Welt objected. He said he would not appear for the TV ceremony unless they were given a better honeymoon trip.

She replied all her friends had planned to watch the ceremony on their TV sets.

Florida, California or nothing, Welt replied.

Miss Buono gave him her answer. She walked out.

At 5 a. m. Friday, Welt crept into Miss Buono's home and tipped to her bedroom. There was a surprise waiting for him—Miss Buono's father had traded rooms with her. He suspected something might happen.

The father leaped from his bed, grabbed Welt and called police. The unhappy bridegroom-not-to-be was taken to the hospital.

A doctor said Saturday he "still seems a little confused."

M'Lean Couple Victimized In \$500 Burglary

McLEAN - (Special) - Burglars entered the home of Mr. and Mrs. Charles Cousins between 1:30 p.m. and 5:30 p.m. Saturday and made off with 11 dresses, three complete men's suits, two blouses, two men's hats, two purses, a man's topcoat and a woman's outer coat.

A good percentage of the clothes had been purchased that morning. Mr. and Mrs. Cousins, who live one mile northwest of McLean on the Fajita highway, told Deputy Sheriff Jimmy Shelton who investigated the break-in.

And the burglars missed valuable guns and firearms in the closet, Cousins told Shelton. Outside of them, though, the closet in the Cousins home was reported stripped.

Cousins estimated the financial loss conservatively at \$500.

Both Cousins, who is business manager for the McLean public school system, and Mrs. Cousins, who is deputy county tax collector in McLean, went to work this morning. They went home, though, before leaving at 1:30 p.m. to visit relatives in Clarendon.

When they returned home, they found the front door locked, the rear door open — just as they left them. When they entered their bedroom, they found a pair of "cousins' trousers on the floor, one drawn to the chest of drawers and the other draped over the bed.

Mrs. Cousins said she found the burglar's handprint on the door handle. She reported that the burglars had just gunned the front door of the driveway.

Shelton reported that this type of thing had occurred recently in the Groom and Shamrock areas.

Randall Report Tops Ike's Plan

WASHINGTON, Jan. 23 - UP - Agriculture Department officials Saturday interpreted the Randall Commission's report on agriculture "as going even further" than President Eisenhower in urging an end of rigid price supports.

They agreed that the 17-member commission asked for a "departure" from present farm propping programs, and recommended a new "in the direction" of the President's program.

Several said they believe the "ultimate goal" of the commission's recommendations would be even greater flexibility in price supports than asked by the President.

His Restrictions The long-awaited report on foreign trade said the commission believes a "dynamic foreign economic policy, as it relates to agriculture, cannot be built out of a mass of restrictive devices such as inflexible price-support programs... open or concealed export subsidies, import quotas at home and abroad, excessive use of tariffs here and abroad..."

"We must move as rapidly as feasible toward the elimination of such devices as part of, or supplement to, our own agricultural policy," the commission said, "if we are to have a foreign economic policy which will make its best contribution to the strengthening of our long-term development of foreign markets for farmers."

President Eisenhower has recommended that the current price support law—guaranteeing 90 per cent of parity support on basic crops — be allowed to expire on schedule next December and be replaced by a slightly modified version of the innovative agricultural act of 1948 and 1949 which would allow supports be set from 75 to 90 per cent. He asked that any lowering of prope be "gradual."

Says Supports "Weaken" Parity is calculated to give the farmer a fair price on his crop in relation to the cost of things he must buy.

The Randall Commission held that the "strength of American agriculture... is being weakened by the inflexibility of the present scheme of price supports..." It argued, as has the administration, that high support prices keep American prices above competitive prices on world markets.

WASHINGTON, Jan. 23 - UP - The Marine Corps Saturday ordered a formal investigation to determine whether Col. Frank H. Schwabe, Marine pilot, should be punished for making a "germ warfare" confession while held by the Communists.

Gen. Lemuel C. Shepherd Jr., Marine Corps commandant, appointed a court of inquiry — corresponding to a grand jury in civilian law — to look into the circumstances of Schwabe's confession and determine whether disciplinary action is "appropriate."

Schwabe, former chief of staff of the First Marine Air Wing in Korea, was held captive by the Communists for 14 months until finally released last September. He "confessed" to conducting "germ warfare" in Korea after being held in solitary confinement for months by the Reds.

Second Disciplinary Act The Marine Corps action was the second disciplinary step taken in the past two days against a former prisoner.

A high defense official said more courts martial are to follow, including the cases of prisoners who turned "progressive" or confessed to conducting "germ warfare."

Meanwhile the Army and Defense Department disagreed over the Army's decision to file court martial charges against Cpl. Edward S. Dickenson, the about-face Korean war prisoner.

Bricker Amendment Compromise Urged

WASHINGTON, Jan. 23 - UP - Administration leaders in the Senate stepped up the pressure for a compromise on the disputed Bricker Amendment Saturday in hope of reporting an agreement to President Eisenhower Monday morning.

Mr. Eisenhower is against the amendment which would curb his treaty-making powers.

High ranking Republican leaders reported there is great anxiety for a compromise to avoid what they fear would be a rough party fight which could leave deep scars on the GOP during the 1954 congressional election campaign.

Indicating a probable showdown this weekend, Senate Republican Leader William F. Knowland told reporters there will be weekend negotiations in a further effort to reach an agreement. He said he expects to be able to report the outlook after Monday's meeting of GOP congressional leaders with Mr. Eisenhower.

Pampan Shows Champ Calf At County's Fat Stock Show

An estimated 200 persons jammed into the new county dual-purpose barn in Recreation Park Saturday afternoon for the Gray County Fat Stock Show in which county 4-H Club and Future Farmers of America members participated.

"We're very glad" that this show was the first to be held in the new county barn, Jerry Mobly, assistant county agent, said of the affair. Mobly was in charge of the show.

Two Pampan and residents of Groom and McLean took the top four places in the two main categories: the calves and the barrows. All four were 4-H Club members.

Jim Greene showed the grand champion calf. It was a 972-pounder named "Delbert" that was bred by Bob Campbell, Pampa, Kenton Knorrp, Groom, had the reserve champ whose name was "Pete" and whose breeder was J. M. Britten, Groom.

Dale Veale had the grand champion barrow, a junior-grade one of the Chester White variety, Orphus Tate Jr., McLean, showed the reserve champ, a Hampshire in the senior grade.

Judging the 2 1/2-hour affair was Hutchinson County Agent John Nelson, Stinson. There were 16 senior barrows, 11 junior barrows and 17 calves entered in the show. Each of the five winners in the four categories (senior and junior calves, senior and junior barrows) received ribbons.

These were the results: Senior Calves (800 pounds and more): Greene, Pampa 4-H, first; Knorrp, Groom 4-H, second; Hunky Greene, Pampa 4-H, third;

Junior Calves (less than 800 pounds): Tommy Arrington, Hoover 4-H, first; Gerald Tate, McLean FFA, second; Hunky Greene, Pampa 4-H, third; Minkley Price, (See LIVESTOCK, Page 3)

Senior Barrows: Orphus Tate Jr., McLean, first; Hunky Greene, Pampa 4-H, second; Jim Greene, Pampa 4-H, third;

Other local concerns he is suspected of passing forged checks on Saturday afternoon were White's Auto, Dale's and J. C. Penney's. Officers said the five checks were for amounts varying between \$50 and \$80. All of them were on the Afton (Okla.) Bank.

Sheriff Rufus Jordan and Constable H. A. Doggett, officials said, got a tip on the man in Montgomery Ward and went in the rear door to the store — just as the man went out the front door.

Extra Day Given On Taxes' Filing

The income tax deadline for farmers who did not file an income estimate before Jan. 15 is Feb. 1, according to Walter C. Bowen, Pampa Collector of Internal Revenue.

The usual deadline is Jan. 31, but since that date falls on a Sunday farmers are given an extra day to comply with the law. Farmers' estimated tax returns and estimated tax payments were due on Jan. 15, but those farmers who did not file an estimate may avoid penalties by filing their final return and paying the income tax on or before Feb. 1.

Minimum Wage Extension Asked

WASHINGTON, Jan. 23 - UP - The administration will ask Congress next week to extend coverage of the minimum wage law but is badly split on whether to recommend an increase. Informed sources disclosed Saturday.

The present minimum is 75 cents an hour. There have been reports President Eisenhower would like to see it raised to at least 85 cents or put on a sliding scale ranging from 85 cents to \$1.00.

The chief executive will make his views known in his economic message which goes to Congress Thursday.

TOM BRALY ... not a candidate

District Attorney Won't Enter Race

District Attorney Tom Braly, now serving his fourth term of office, Saturday night announced that he would not be a candidate for re-election.

The Pampan declined, however, to state whether he would be a candidate for any other political office — this year or any other year.

(Braly has been mentioned in local political circles as a potential candidate for county judge this year or state senator in 1956.)

This action by the district attorney left the door wide open — no one as yet has announced his candidacy for the district attorney's office. Political figures in Pampa, Canadian and Wheeler have been talked about for the post, however.

"I'd like to thank all the governmental law enforcement agencies."

Journalism Teacher Recalls Newspaper Experiences

By JANE KADINGO
Pampa News Staff Writer
Newspaper work generally is a far-cry from the exciting escapades of reporters portrayed in novels and on the radio.

MRS. ELIZABETH HURLEY — (Standing) a former newspaper woman, helps Sandra Burch, editor of the Pampa High School paper, The Little Harvester, check over copy for the next edition.

One of Miss Hurley's more exciting assignments was covering what she calls "the case of the mail order bride," while working for a Lufkin paper.

THE CASE BEGAN, according to Miss Hurley, when a little boy was found dead at the bottom of a well, apparently having fallen and drowned.

And the wife was scared to death of her husband because he had an insurance policy on her, Miss Hurley related.

There was a lot of violent news around Lufkin, Miss Hurley stated. "They had a saying — kill a man and go free; kill a hog and go to the penitentiary."

While Miss Hurley worked in Lufkin, the Southern Paper Mill closed there. It was the first plant built to make newspaper from pine pulp.

For the plant's opening, we put out a 28 page special edition, Miss Hurley stated. "It was the biggest paper ever printed in Texas at that time."

Another novel experience of Miss Hurley's happened when the Denton Chamber of Commerce talked "Wrong Way Corrigan" into stopping at Denton after his spectacular flight.

THE ROOSEVELT supporters were trying to stampede the convention before anyone else could be nominated.

Other than articles in trade journals, the only other-than-newspaper work Miss Hurley has had published recently is in the book, "Famous Travelers."

This is Miss Hurley's first year teaching in high school. She received her B.S. degree in journalism from Texas State College for Women, in Denton.

Kiwanians Urged To Pay Poll Taxes

"Why is it so important to vote?" That was the question asked by Mrs. Jim Pinnell, chairman of the Election Laws committee of the Pampa League of Women Voters.

Urging members of the club to pay their poll taxes, she said that it is very important this year to be able to vote since there will be a school board election coming up, as well as the Democratic and Republican primaries, and runoff election next August and the general election next November.

Also, she added, there will be 18 amendments to the state constitution to be voted on this year and there is a possibility that the Canadian River Dam project vote will come up.

She pointed out that "whether the results of these elections are good, depends entirely on you."

Travis Lively, Pampa businessman, also spoke on the program, stating that people who vote should do so intelligently.

One of the greatest weaknesses of the American people is that too many vote on a geographical basis, voting for a man simply because he is from a certain locality, Lively said.

County Tax Assessor Jack Back, who answered numerous questions regarding the payment of poll taxes and exemptions, said that at the present time there have been about 2,500 persons in the county who have paid their poll taxes and that about 600 exemptions had been issued.

Introducing the speakers was Ken Meaders, a member of the club's Public and Business Affairs committee. Aubrey Jones, chairman of the committee, introduced the program.

Guests included J. D. Pavillard, Amarillo; Marvin Cooper, Bart Hoover, James McCoy and Dr. Joe Donaldson, all of Pampa. President J. R. Maguire, Jr., presided.

Other important qualifications, Miss Hurley tells her class, is a nose for news (being able to recognize news), curiosity, inquisitiveness, persistence, determination, tact and diplomacy, a broad educational background, initiative, writing facility, a knowledge of writing forms, grammar and spelling, and a willingness to read widely and constantly.

Ranger In Rift Over Disarming

ALICE, Tex., Jan. 23—UP—Texas Ranger Capt. A. Y. Allee refused to remove his gun before he appeared before a grand jury Saturday and he was ordered to jail. He charged District Attorney Raeburn Norris "is acting on orders from George Parr."

Four Candidacies Filed In Wheeler

SHAMROCK—(Special)—Four new candidates have tossed their hats into Wheeler County's political ring. Three have filed in the race for County Judge and one has filed for County Judge.

Clarence Morris, 31-year-old Shamrock resident, this week announced his candidacy for office of County Judge of Wheeler County. Morris has lived in Shamrock six years and for five years was assistant coach and teacher in Shamrock High School. For the past few months he has been employed by United Carbon Company.

His opponent in the race is D. A. Hunt who is seeking re-election. W. H. (Heck) Atkins has joined the race for Commissioner of Precinct No. 1. Two others already in the running are incumbent W. L. (Shorty) Erwin, and George Henderson.

For Commissioner of Precinct 3 Robert Trostle has announced he will seek public office for the first time. Also entered are Sam McMurry and Elmo Riley.

The other day this order would never have come up," he said. "The district attorney is acting on orders from George Parr."

The jurors and Norris have refused to indicate the nature of their investigations, but a number of the witnesses have known something about recent incidents concerning Parr.

The first incident was a week ago Saturday, when Parr was charged with brandishing a pistol during a political rally by his political opponents. He said it was only a pair of binoculars.

Parr was an hour late arriving in Jim Wells county court last Monday on that charge, Rangers, who had been called out to search for him, questioned him when he finally did arrive and the fistfight broke out.

He's In No Hurry CHICAGO, Jan. 23—UP—W. W. Hickey, president of the Illinois Commercial Men's Association, an insurance firm, said Saturday he may retire in about four years. He is 53 years old.

Mundy To Direct Shamrock C-C

SHAMROCK—(Special)—Johnny Mundy was named president of the board of directors of the Shamrock Chamber of Commerce at a meeting held in the Chamber of Commerce office recently. Mundy succeeds Glenn Richardson who served during the past year.

Harold Teegarden, a brother hold-over member of the board was named vice president succeeding Mundy, and Charles Sanders was re-elected treasurer.

The elections were held during the first meeting of the board since three new members were elected this month. The new members are Harry Frye, Bill Clayton, and Curtis Chasteen. They join hold-over members: Norman Patrick, Perry Bear, and Roy Scribner.

May Delay Meet Of School Board

There was a possibility Saturday night that Monday's meeting of the Pampa school board would be postponed.

Schools Superintendent Knox Kinard said he thought one or more of the board members would be unable to attend Monday, the scheduled meeting date.

Street MOD Drive Produces \$2,006

Sunny skies and spring-like temperatures aided the Pampa March of Dimes street corner campaign Saturday by drawing more people outdoors and into the Pampa business district where civic group members were "rattling buckets" for donations. The efforts of the five participating civic groups—Kiwanis, Lions, Junior Chamber of Commerce, Rotary and CIO Oil Workers Union—netted the March of Dimes a total of \$2,006.56.

Rotary was tops with collections totalling \$552.38. Others, in order, were Kiwanis, \$337.34; Jay-Cees, \$353.67; Lions, \$303.43; and CIO, \$229.74. Their total beats that of 1953 by some \$200.

Fred Brook, March-of-Dimes official, Saturday night asked all those who received them to mail in their dime-cards as soon as possible. There are 5,600 of them out and very few have been returned.

The March of Dimes campaign will close Friday with the Mothers' Drive and the Elks Club "49er party." The Mothers' Drive will last from 7 to 8 p. m. with women visiting each Pampa residence with a porch light burning to ask for donations.

The Pampa Elks are planning a "49er" party in the club rooms over the Culbertson Building for 8:30 p. m. Friday. Included will be a dance with all proceeds to be turned over to the March of Dimes. Final plans will be announced this week.

The total March of Dimes funds have now climbed to exactly \$5,544.66. In addition to the street corner campaign funds, \$50 was netted by Thursday's MOD Skating party at the Pampa Skating Rink and \$200 from Friday's Beta Sigma Pi table-setting contest. Last week's radio airathon raised \$2,022.59, \$649.92 has been received from the coin cards, and Pampa elementary schools contributed \$452.49. Smaller amounts of \$25 from the Girl Scout Troop 4 bake sale, \$10.50 in special gifts, and \$25 from Pampa business firms completes the total figure.

Auto Mishap Near Lefors

Mr. and Mrs. James Conley, 534 Harlem, were reported involved in an automobile accident about 7:45 p. m. Saturday on Texas Hwy. 273, 3.8 miles southeast of Lefors.

According to the highway patrol, they were taken to Highland General Hospital, by ambulance for treatment, then released. Patrolmen were still searching for them for questioning near midnight.

Only their car was involved in the mishap, patrolmen reported. Mrs. Conley was the driver of the car, it was thought.

City Will Hear Paving Estimates

Pampa's city commissioners expect to hear a report on the estimates for Pampa's 1954 paving program at its meeting Tuesday in the city commission room, according to B. H. Bruce, city manager.

James Cowan, city director of public works, has had his department working on the paving estimates since the commission authorized it near the end of last year. Fred Brook, assistant city engineer, has been in charge of the project, which had a total of 144 blocks of 47 different streets on the proposed paving list presented to Cowan by the commission.

Wheeler County Poll Taxes Seen

SHAMROCK—(Special)—More than 1,300 persons in Wheeler County have paid their poll taxes according to Tax Assessor-Collector Thurman Rives. He estimates there would be 4000 qualified voters in the county if all took advantage of the opportunity and paid their poll tax between now and the deadline.

Last year, which was a non-election year, there were approximately 1,800 poll tax receipts issued and two years ago, when the national election was held, poll tax payments totaled more than \$,000.

Love Letters Baffle Reds

NEW YORK, Jan. 23—UP—A girl who baffled the Chinese Communists for two years by saying nothing but "I love you" over and over again in 400 letters to her prisoner sweetheart in Korea added a two-word postscript Saturday. She said "I do."

Theresa MacDonald, 21, and Cpl. William C. Rhatigan, 22, were married in the Church of the Fourteen Holy Martyrs in Brooklyn.

An estimated 500 persons witnessed the ceremony, which came after a long romance. The couple became engaged on Christmas Day, 1950. A few months later, Rhatigan left for Korea with the Second Infantry Division.

He was captured in May, 1951, and released last year. During his imprisonment, he received a steady stream of letters saying nothing but "I love you." Not one of the letters was halted by the censors.

"Those letters certainly had the Chinese puzzled," Rhatigan said, "but they didn't puzzle me any. It was all I wanted to hear, and Theresa knew it."

Six from eleven leaves five, meaning that there are five cards higher than the six of spades in the North, East, and South hands. Dummy has two of them and East has two. Hence South can have only one. What's more, South was pretty well marked with shortness in spades since he won the first trick. He would almost surely refuse the first trick if he could safely do so. In short, East could have worked out the correct defense. He should have returned spades after winning his first diamond trick. He would then win another diamond trick and lead another spade, allowing West to defeat the contract with four spade tricks.

BANQUET SPEAKER—C. E. Weymouth, prominent Amarillo cattleman, will be the speaker at the annual Top o' Texas Hereford Breeders banquet, which will be held Tuesday at 7:30 p.m. in the basement of the First Methodist church. Some 250 gentlemen and their wives are expected to attend.

What promises to be the best Top o' Texas Fat Stock Show and Sale ever held here will get under way Monday morning and will continue through Wednesday.
All stock to be shown or sold during the show, which features four divisions, is at the site of the show at Recreation Park. Weighing of animals began Saturday morning and this operation is expected to be completed by noon today. Sifting of the junior livestock will begin at 2 p.m. today.
The four divisions of the show will be the annual Top o' Texas Junior Livestock Show and Sale, FFA Livestock Judging Contest, Junior Heifer Show and the Top o' Texas Hereford Breeders Show and Sale.
The show will open Monday at 9 a.m. with the judging of the swine division of the Junior Livestock Show in the new county barn, which was rushed to completion last week. Judging this division will be Stanley Anderson of Texas Technological College, Lubbock.
At 1:30 p.m. the fat steers of the Junior show will be judged by Glen Bratcher, head of the Animal Husbandry department, Oklahoma A&M College, followed at 7 p.m. by the Kiwanis 4-H Club banquet

in the basement of the First Methodist Church.
FFA and 4-H Club members from five Panhandle counties will enter animals in the junior division. They are from Gray, Roberts, Wheeler, Carson and Hemphill counties.
On Tuesday the FFA Livestock Judging contest at 9 a.m. will open the second day's events. Judging teams from 56 Panhandle and South Plains schools will be here for this event. Here to pick the winning teams will be the championship team from Texas Technological College, which won that title over 34 other teams of the United States and Canada in Chicago last fall.
The Junior Livestock sale is scheduled to get under way at 1:30 p.m. Tuesday, with Col. Walter Britten of College Station serving as auctioneer.
The first of two banquets will be held at 5 p.m. when members of the livestock judging teams will be guests at a banquet in the Pampa High School cafeteria. An entertainment program is planned and awards will be presented to the winners.
Approximately 250 Hereford Breeders and their wives will attend the annual Hereford Breed-

queen and jack of hearts, but South still had a stopper in the suit and my tricks came to an end. South made the rest of the tricks, fulfilling his contract.
"Was I just unlucky, or did I make a bad play?"
There was a way to know. West's opening lead was surely a fourth-best card. Using the Rule of Eleven, East could tell that South had only one card higher than the six of spades.
In order to use the Rule of Eleven, subtract the number of the card led from eleven. The remainder equals the number of higher cards held by the other three players put together. Jake Hess, McLean, vice president of the association, will introduce guests. The speaker will be introduced by Clyde Carruth, association treasurer.
Entertainment will include numbers by a vocal duo from Phillips High School and by the Chord Craftsmen, a Pampa barbershop quartet. Coy Palmer will furnish dinner music at the organ. Tickets for the banquet still are available and may be obtained at the Pampa Chamber of Commerce office. A business meeting will follow the banquet.
On the final day of the show, Wednesday, judging of Hereford breeding cattle will begin at 9 a.m. with Bratcher again serving as judge. The Junior Heifer show will follow at 11 a.m.
The final event on the program will be the Top o' Texas sale of breeding cattle at 12:30 p.m. with Col. Britten as auctioneer.
A total of 35 head of cattle will be offered in the sale by consignors from all over the Panhandle and South Plains.

Two Games Set For Trotter Cage Program Wednesday

The famed Harlem Globetrotters will be featured again on a two-game program Wednesday night at Harvester Fieldhouse, the first game beginning at 7:15 o'clock.

The Kiwanis Club sponsored show will feature the Trotters, Honolulu Surf Riders, Kansas City Stars and House of David basketball teams, as well as special half-time and between-game entertainment.

Tickets to the games may be purchased from Addington's Western Store and, if all seats are not sold, they may be purchased at the door on Wednesday night.

Among the great American sports teams, the Harlem Globetrotters must be accord an outstanding place.

Yet, to the man who is more responsible than anyone else for the very existence of the fabulous team, it cannot really seem to be more than just a routine operation. For to A. M. Saperstein, owner-coach-founder called Abe by everyone in sports around the world, the spectacular can only be routine. He never does anything less.

He is, without a doubt, the most amazingly successful person in the modern history of sports promotion.

He is the nearest possible approach to being "Mr. Basketball." If ever one person could be all of that.

He is a mixture of genius and sweat. He has a rare will for a gamble, and a greater personal integrity than most.

He was born in England, but he is one of America's greatest assets in the field of world opinion, because he works in public at proving that there is a great deal to democracy. He does it without being pompous. He just does his job.

Abe was brought to America from London when he was five. He is the eldest of nine sons and daughters. He played basketball at Lakes View High School on Chicago's North Side, and after a bit of college activities at the University of Illinois, coached basketball at a small Chicago playground with a great deal of success.

This led to a job coaching the Chicago Gules Post American Legion outfit, an all-sepia five. With Ballroom in Chicago's Negro colony, the Gules Post team moved intact to that location and became the Savoy Big Five. Because of financial difficulties, half the team, plus Coach Saperstein left, added several ex-colleagues and began harpunting the Chicagoalanders, acquiring the name "The Harlem Globetrotters."

From its inception the team has been a Chicago aggregation, the name being used because (1) Harlem designated colored enterprise, and (2) because Globetrotters signified a traveling organization.

Little did one think, back there in 1927, that the Harlem Globetrotters would later wind their way to Europe, South America, the mid-Pacific, and, as a Silver Anniversary gift to the players in 1932, a complete trip around the world. Twice has the team been granted private audiences by Pope Pius XII at his summer castle outside of Rome.

In the early days on the road Abe was the team's only substitute player.

He has played, with his team, in a barn loft where one player, knocked through the hay mow door, was saved a broken leg by landing on a pile of fertilizer. But he has also, with the world's greatest basketball crowd of 75,000, watched him and his Globetrotters in the great Olympic Stadium, in Berlin.

Saperstein travels annually, well over 100,000 miles. He can't seem to get the still.

He is a stockholder in the St. Louis Browns American League baseball team (they may be located in another city by the time you read this) because his pal Bill Vukich is top man of the team. He has helped promote movie, track and musical careers, produced

Trabert Wins Over Kennedy At Sydney

SYDNEY, Australia, Jan. 25.—Tony Trabert of Cincinnati started his campaign to win the four major world tennis singles titles successfully Saturday when he won his first round match in the Australian national championships.

Trabert, who hopes to win the Australian, Wimbledon, French and United States crowns this season, whipped Warren Kennedy, a Melbourne youngster, in straight sets, 6-4, 7-5, 6-4.

Vic Seixas, Trabert's Davis Cup partner, also won his first round match, defeating John O'Brien, a slender youngster from Sydney, 4-6, 6-4, 6-1, 6-3. He was the fourth U. S. star to advance to the second round as Hamilton Richardson of Baton Rouge, La., and Bob Perry of Los Angeles, who is usually Rosewall's doubles partner, is in military service. Rosewall and Talbert will meet Brownwick and Adriano Panatta in the quarter-finals.

Richardson and Perry also advanced in the doubles, defeating Doug Reid and Warren Kennedy of Melbourne, 7-5, 6-1, 8-4. They will meet the Australian team of Mervyn Rose and Rex Hartwig, who advanced Saturday with a 6-3, 10-8 triumph over Malcolm Anderson and Roy Emerson.

Littler Holds Five-Stroke Lead In San Diego Tourney

Bob Toakt of Northampton, Mass., who shot the Rancho Santa Fe course with a 71 for a total of 208.

The winner of the San Diego open two years ago, Ted Kelly of New Hartford, N.Y., came back into the spotlight with a 67 for a total of 209. Along with him in the bracket was Marty Fugot of Lemont, Ill., who fired a 71 Saturday.

The other winner of the three-year-old San Diego open, Tommy Bolt, blew on the par-three seventh for a seven count and a nine-hole total of 43.

He recovered somewhat on the back nine by coming in with a two-under par 34 which left him with a total of 223, far back with a bogie four on the third when his second shot missed the green and he fubbed a four-foot putt. He shot the nine in par by carding a birdie on the eighth.

Harrison, who had trailed the bluejacket by three strokes at the end of 36 holes, fired his first nine on under par and then played the back nine in perfect style — 36. Directly behind Harrison was

Odessa Broncs Are Harvester Victims

ODESSA, Jan. 25.—The Pampa Harvesters continued their winning ways here tonight, defeating the Odessa Branches by a score of 49-35 for their 44th consecutive victory.

High-scoring Jimmy Bond was held to only 15 points by the Broncs, but this was still good enough to give him high-point honors for the game.

Bond sank six field goals and three free throws in the game, which saw the Harvesters do a great job of controlling the backboard, while their normal center-court play was somewhat ragged.

During the second half Odessa used the full-court press which baffled the Harvesters considerably, but the Pampans went on to score 25 points to Odessa's 18 to gain the victory. Odessa moved to within seven points of the Harvesters during the third period, but the Pampans began to roll up the points and were never threatened again.

Carl Schlemeyer, one of the Odessa star scorers, was held to only one point—a free throw—thanks to the good job of guarding done by Bond.

This was the sixth District 1-AAAA triumph for the Harvesters. Odessa now has won one and lost five in district play.

Nebraska Controversy Over Glassford Growing Stormier

LINCOLN, Neb., Jan. 23—UP—Controversy over University of Nebraska football coach Bill Glassford grew stormier Saturday with charges that novocain was given to injured players and a demand for full investigation of the athletic situation at the school.

Publisher Gene Kemper, in the latest of a series of editorials in the Alliance (Neb.) Times-Herald, said Friday he would ask the University board of regents to make a full investigation of the "athletic situation."

In another of the editorials, Kemper quoted team members as saying some players received shots of novocain before games.

He wrote that one of the complaints of the Nebraska football players who demanded Glassford's resignation was that "their football injuries have been ignored."

School officials last week gave Glassford a vote of confidence and said he would be retained. It had been reported earlier that they asked him unofficially to resign when 34 athletes signed a petition asking the coach's resignation.

Kemper said in his editorial "the novocain needle reportedly was used on equipment in the quarters of Coach Bill Glassford, University of Nebraska football team of 1951."

Glassford had no comment on the charges.

Sain Given New Chance By Yankees

By UNITED PRESS
The New York Yankees, operating in the theory that everybody deserves three strikes, decided Saturday to give Johnny Sain "one more swing" before they believe he's out of baseball.

Sain declared his intention to quit after the World Series and reiterated his stand to the United Press recently but General Manager George Weiss of the world champions isn't convinced.

"He never has told us he is retiring," Weiss said in explaining the Yankees' decision. "We sent him a contract and he has not returned it. If he were going to quit, you'd think he'd return the unsigned contract and apply for voluntary retirement."

Sain, who operates an automobile agency in Arkansas, won 14 games for the Yankees last season and was their most effective starting pitcher during the first half of the campaign. It is believed that the Yankees are motivated to increase his salary by \$10,000 this year on the theory that it would cost them much more than that to acquire a 14-game pitcher any place else.

The Yankees, meanwhile, corralled one of their high-throwing Yogi Berra—for \$40,000 Friday when the stocky slugger came to terms with Roy Hamey, Weiss' assistant, after a 10-minute conference. Yogi hit .296 last season and .429 in the World Series.

On the other front: The Brooklyn Dodgers announced that they have signed Joe Black, the relief-pitching hero of 1952 who proved one of the major disappointments of 1953. It was understood that Joe's \$13,000 salary 1952 was cut accordingly. He won 15 in '52 and six last season.

Paul Foytack, 23-year-old right-hander, came to terms with the Detroit Tigers giving them 16 contracted players. Foytack posted a 13-10 record with Buffalo in the International League last year.

Infielder Billy Klaus signed with the Milwaukee Braves who now have 14 names on the dotted line. He batted .275 for Toledo in the American Association last year.

Key To Delivery Of Knee Bend

(Sixth of 12 articles written for NEA Service)

By MARION LADEWIG
Four-Time Women's Champion

The delivery is the phase of bowling that interests most people and to watch they devote the most time and effort.

It is the culmination of your stance, approach, backswing, footwork and timing. If anything was faulty in any of those departments, however, your delivery will not be successful.

A common mistake among lady bowlers is not bending the knees—or at least not bending them enough. The knees must bend, and the body leans forward from the waist at this delivery point.

The accompanying illustration shows the ball just being released by the fingers and sent out over the foul line. Note how the ball is released as the arm just begins its upward movement which will

Martinez Seeking Chance At Welter Title After Victory

Vince razor sharp for Graham. Meanwhile, 31-year-old Martinez—who never has been more than 80 miles from home—will take a brief vacation at Miami.

Martinez, favored at 3-1, ruined Castillo's Garden debut by flooring him twice in the second round and twice in the third. Rocky was in such bad shape when he went to his corner at the end of action in the third that Dr. Vincent Nardello examined him and advised Referee Ruby Goldstein to stop the bout, Ruby did.

Vince was credited with a TCO in the third session, according to New York state rules, because the bell had not rung to start action in the fourth round.

Martinez scaled 149½ pounds to Castillo's 150 as he registered his sixth consecutive victory, his 19th knockout and his 23rd win in 38 professional bouts. It was Rocky's fourth loss in 30 fights and his second kayo.

NEW YORK, Jan. 23—UP—Violent Vince Martinez, who pulverized Rocky Castillo, aimed Saturday at a Yankee Stadium welterweight title shot this summer, while Castillo's manager flooded Broadway with his tears.

Handsome Martinez of Paterson, N. J., learned a March contender's battle with high-ranking Billy Graham by stopping Castillo of Blue Island, Ill., at the end of the third round before 5,108 in their radio-television fight at Madison Square Garden Friday night.

end in the follow-through. Be sure the ball is sent out and over the foul line before it touches the alley bed.

Note, too, that my left foot is approximately two feet behind the foul line at this point. When my foul line is finished, I will be about

six inches behind the foul line. If you come any closer, you are in danger of fouling. If you finish your slide any farther back, you may be releasing the ball on the wrong side of the foul line.

Handsome Martinez of Paterson, N. J., learned a March contender's battle with high-ranking Billy Graham by stopping Castillo of Blue Island, Ill., at the end of the third round before 5,108 in their radio-television fight at Madison Square Garden Friday night.

Jack Begun, Castillo's manager, was so broken-hearted by Rocky's four trips to the canvas and his technical knockout that he wept like a baby in the dressing room and was still crying on shoulders Saturday.

Meanwhile, Billy Daly—Martinez' pilot—said the contenders' bout must wait until late March "even though matchmaker Billy Brown wanted to stage it in the Garden on Feb. 19."

"Vince is committed for a bout at Akron, Ohio, on Feb. 18," Daly explained. "We'll take a good strong opponent there to make

Last Year's Spelling Champ Primed For Coming Contests

By ED NASH
Pampa News Staff Writer

A sweet-faced Pampa girl with a flair for spelling a word she's never seen is getting primed these days for her fourth try at a trip to Washington, D. C., and the National Spelling Bee.

It'll be the last attempt for 14-year-old Martha Gordon, too, because she's now in the eighth grade of junior high school and that grade is the limit.

She's the daughter of Mr. and Mrs. Joe Gordon, 1309 Charles, and has done right well in the three Gray County Spelling Bees she's entered — she was junior county champion (sixth grade or below) in 1951 and 1952 and county champ in 1953.

"I probably won't win this year," she said one day last week, with a gentle smile playing about her blue eyes. But you could tell she intends to do her best.

The 1954 Gray County Spelling Bee is scheduled for 10 a.m. Feb. 9 in the Pampa High School and the winner there will go to the High Plains Spelling Bee, slated Feb. 27 in Amarillo for contestants from 24-28 counties in Texas, Oklahoma, Kansas and New Mexico. Martha went last year and came in fifth.

"I missed the word 'infatuation,'" she said, "the girl with the soft blonde hair recalled."

Before she can go to Amarillo, however, Martha will have to compete in the junior high school "spell-down," McHenry L. A. n. e. school principal, Saturday wasn't sure when it would be held. As in all schools — and all private and

public schools in the county are eligible — elimination bees are held in each room and class beforehand.

Mrs. Gordon maintained that her daughter "doesn't study enough for her spelling. If she had, she'd have done better."

She didn't mind pointing out, though, that the 1953 winner in Washington was a resident of the Southwest, from Phoenix, Ariz. It took a lot of word-spelling — 541 of them — by all the contestants, however, before the Southwesterner was selected.

And it was those double-consonant words that really made for trouble, according to County Schools Superintendent B. R. Nuckols, sponsor of the county bee. Words like "community," "immediate," "latitude," "aggravate," "vividly," "opprobrious," "concinuity," and "spermaceti." Matter of fact, the finals began and ended with a mistake on that score.

Martha said, and you could tell she really meant it, that she was more concerned about her junior high exams that are coming up this week. Most of the pupils took theirs last week, but Martha was sick and still has to take hers.

The soft-voiced eighth-grader got her start in the spelling-bee business from her fifth-grade teacher, Miss Martha Fleming. "I've been lucky," she said, when reminded she'd been winning ever since.

And advocate of the "if-it-looks-right-it's-right" school of spelling, Martha quietly pointed out that spelling has always come easy for her. "I can see it in my mind," she said. "I don't go by the rules."

She's news editor of "The Res-

er," the junior high school newspaper. It comes out every two weeks and really "takes up a lot of time."

And she has the pen-pal bug, too. A list of the places where she has pen-pals she writes reads like a geography book. They include Scotland, The Philippines, South Africa, Germany, Japan and England.

As for other extra-curricular pastimes in school, she likes "them all about the same." Particularly, though, she is partial to reading novels and drawing.

But right now, what she and her classmates over the county are thinking of is the possibility of going first to Amarillo, then to Washington.

The winners from over the nation — a total of 54 — really get the first-class treatment in the nation's capital, Nuckols avowed. The affair includes an expense-paid trip by train or plane to Washington, a week's stay at a hotel with a whirl of entertainment and sightseeing, an inside glimpse of the U.S. government in action — plus, of course, the National Spelling Bee.

Chances are, too, that President Dwight Eisenhower may drop in on the proceedings, the finals of which are scheduled for 2:30 a.m. May 26 on the stage of the U.S. Department of Commerce auditorium. He was in a spelling bee once — and flubbed up on the word, "syr-y-y."

The U.S. champion, the one who wins the Washington bee, will get \$500 in cash, \$100 more for a weekend in New York City and

JUST MAKING SURE — Martha Gordon, daughter of Mr. and Mrs. Joe Gordon, 1309 Charles, finds a word in her dictionary, a word that she wasn't sure how to spell. A contestant in the Gray County Spelling Bee for the last three years, the 14-year-old will make her final try for the trip to Washington, D. C., and the National Spelling Bee this year. Here she just makes sure she knows how to spell THAT word, anyhow. (News Photo)

It looks like the biggest hit in BUICK history!

WE'VE had more than a fair share of success in this business—but this beats all!

From the day we opened our doors to show the new 1954 Buicks, we've been kept hopping by people, questions and orders.

It seems that folks have been hoping for a really big change in the new cars—and Buick's got what they want, right across the board.

Buick's got it in style—in the sleek, swift, low and glamorous look of the sports cars, but with the room and comfort of Buick size and breadth.

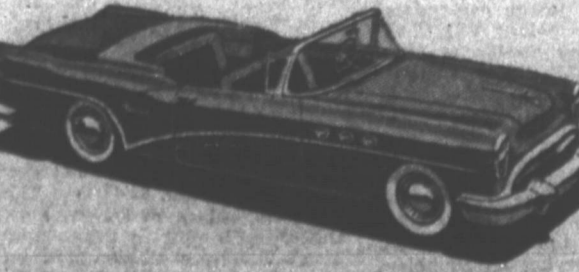

Buick's got it in power—in high-compression V8 engines all stepped up to new horsepower highs and boosted to new economy with Power-Head Pistons.

Buick's got it in ride comfort, too, and handling ease, and visibility—and a whole

new list of features as up to the minute as the very look of these great cars.

But—why don't you come see what all the excitement is about?

Then you'll discover that what's helping to make the '54 Buicks the biggest hit in our history are the prices we're quoting—prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

LOOKS LIKE A MILLION, RIDES LIKE A MILLION, yet this gorgeous 1954 Buick Special Convertible—V8-powered to a record high—delivers locally for just a few dollars more than similar models of the "low-price three."

In The Pictures

THE GOLDEN GLOVES REGIONAL MEET, to be held Tuesday, Wednesday, Friday and Saturday, will climax Boys Club Golden Gloves activities for this season. The boys have many other exciting plans for the future besides boxing, however. Since acquiring a new home at 517 S. Cuyler (temporary use of the building has been donated by B. M. Behrman and Dave Finkelstein), they've been collecting all sorts of athletic equipment and are furnishing a game room. Dr. Joe Donaldson, president, and Ham Luna and Jack Vaughn, who act as treasurers for the organization, along with other public spirited citizens like Oren James, Bill Cooper, Floyd Watson, Warren Hassé, Ollie Wilhelm, T. J. Watt, Red Weatherred, Coy Palmer, J. T. Ring, John Campbell and Ted Eads, meet at 7 in the morning once a week to discuss Boys Club plans.

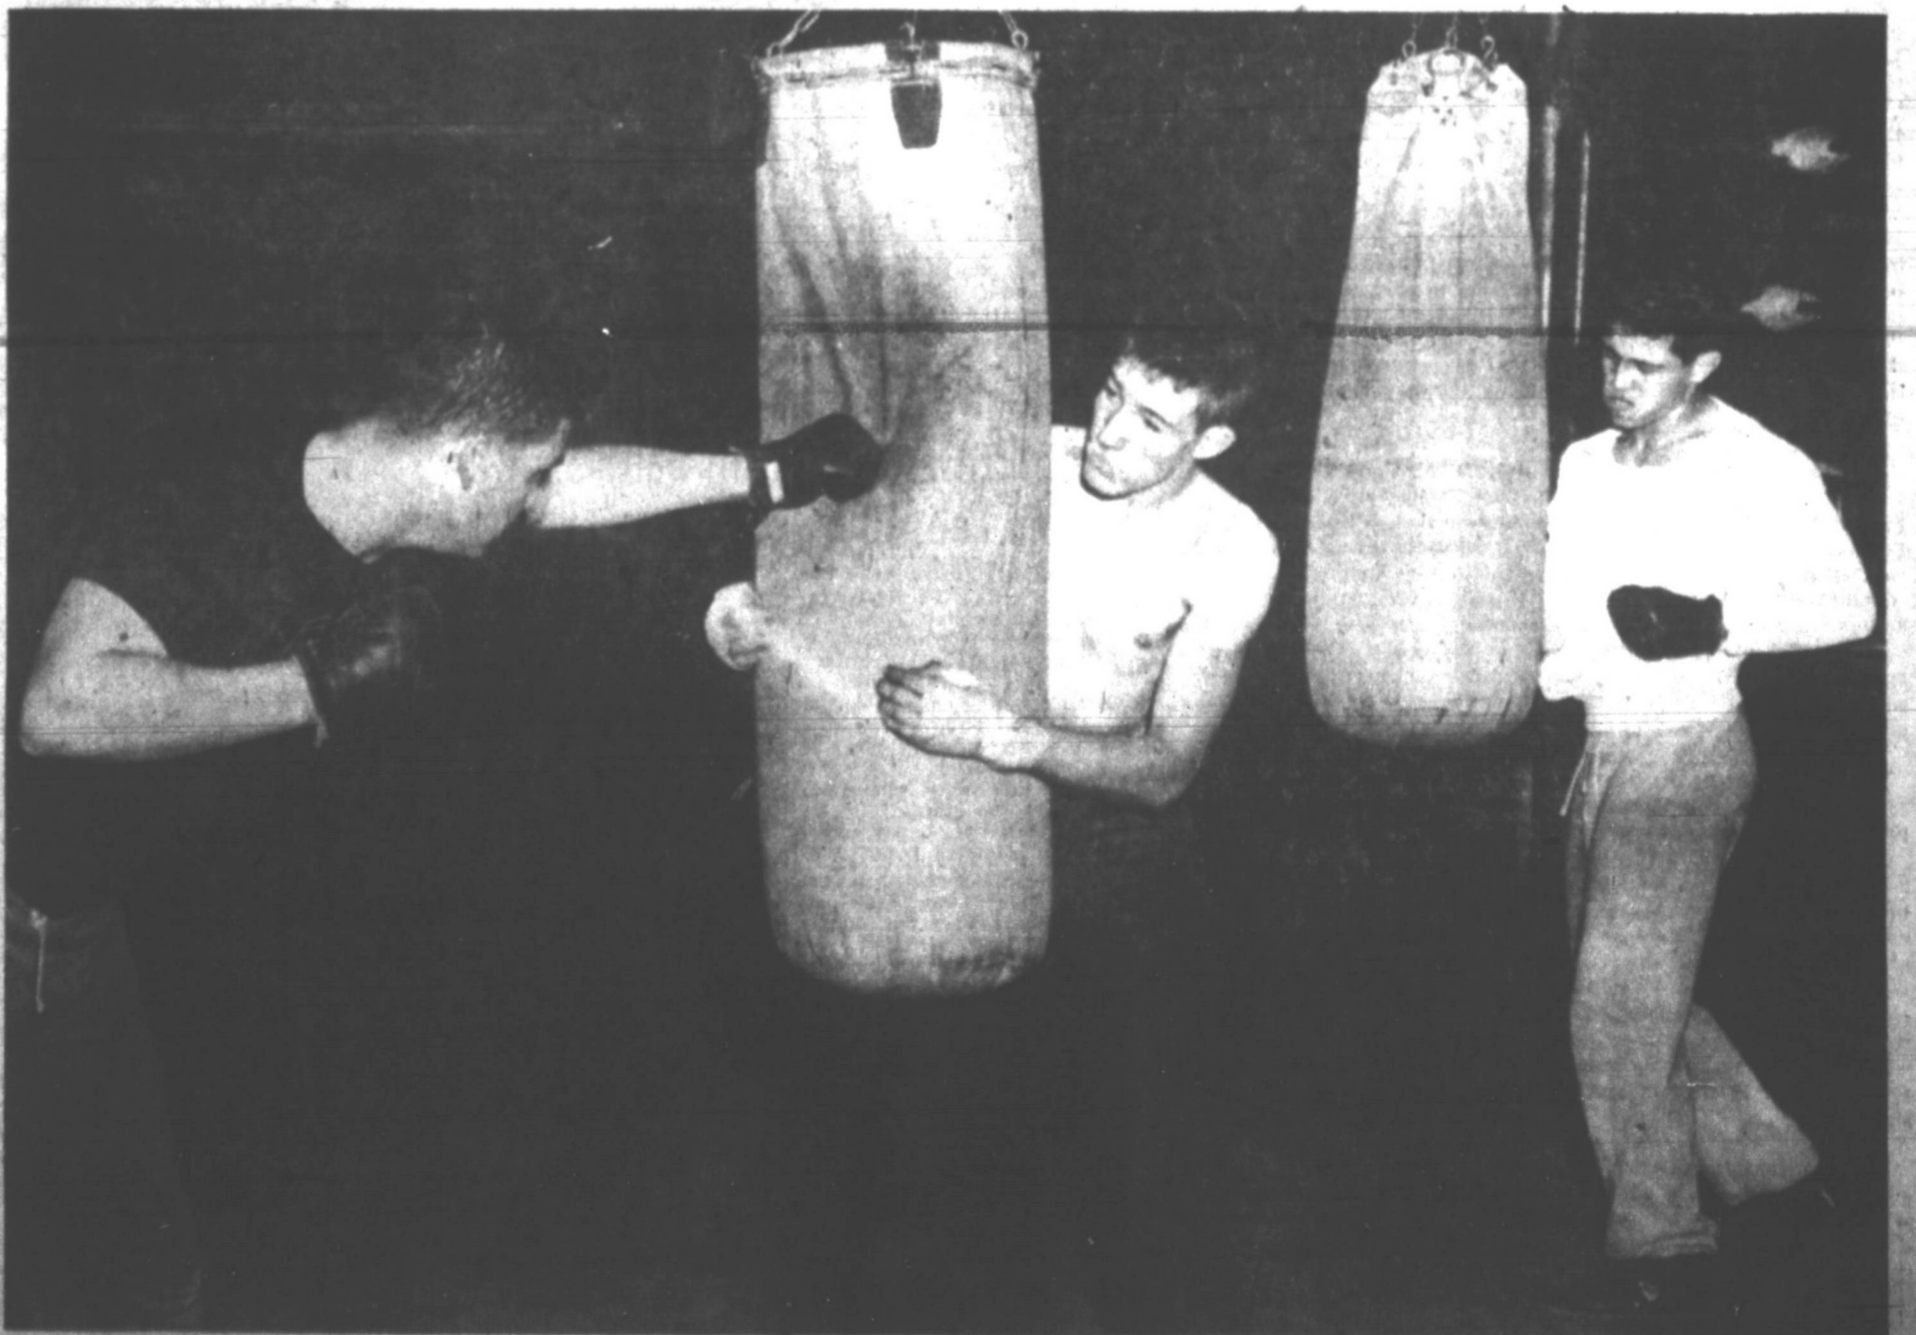

UPPER LEFT — Benny Dickerson, center, rests between rounds at the district Golden Gloves meet last week while T. J. Watt, boxing coach, left, and J. N. Wright, right, give encouragement.

Peg O' Pampa

WEATHER OF THE LAST WEEK must have made John and Jane Bradley feel right at home. Same goes for the Bob Clark family, too, if we must be Pollyanna and find something good about this weather! Bob and Gerie and family are leaving Pampa Tuesday. Before going to the East to live (much to Pampa's loss), they'll visit in Kingsville, Tex., from whence they came. It's interesting to hear tell of the family heirs of the fabulous King ranch (the Kleburg family) there at Kingsville. Many of Pampa's Celanese employes know them quite well. Squire Noviman Zachary Scott is one of the Kleburg family. Famous personalities often visit the main house at the ranch. Royalty from other countries are sometimes entertained in the early-American-furnished mansion. The Dr. Carl Lang family is expecting Mrs. Lang's (Bubs) mother and father sometime soon. Although Bubs and her family are Dutch, Bubs has actually lived in Holland only five or six years. Her parents have already left their home in South America for a visit in Holland. This will be grandpa's first meeting with young Ronnie and Mark Lang.

Another loss to our city will be the Jake Garman who have decided to leave Pampa for Tucson after all. We're truly sorry about it, too. Frances Garman and Julia McKernan have been close friends for these many years.

AMONG THINGS one never expected to see—Tom Rose wheeling around in a long black Chrysler. A handsome big cake made all-undisputed by our youngest female. Things one would like to see. . . Nita Luna with short hair. . . an active Little Theatre in Pampa.

JOHNNIE CAMPBELL would make a great Little Theatre promoter. . . Come to think of it, wife Wanda could write the scripts. . . Panhandle Penwomen's workshop at Amarillo last week. Writers from all over the Panhandle submit their work to be read and criticized. So refreshing to meet an efficient woman with a soft voice and quiet manner. Back to the Little Theatre, how about Byron Hilburn to take charge of lighting and props? Another earnest soul who puts his whole heart into projects. Then let's have Mrs. Martin Lantau for a lead in a romantic play. She has that inimitable continental femininity. Frances Fatheree would be a natural as an ingenue with Horton Russell a perfect Joe College. Audrey Tabor's my nominee for the lead in a sophisticated comedy. Well, what's stopping us?

GOLLY WHAT TERRIFIC tables our club women dreamed up for the Beta Sigma Phi contest Friday. Heard many hoping this affair will become a tradition in Pampa. There were tables suitable for any type of affair and all of them memorable. Some of the tables were insured for three and four hundred dollars while some equally lovely cost almost nothing. Heard one woman say she'd love to put the paper-mache cherub from Parent Education Club's table right under her arm to take home for a centerpiece for a valentine bridge. Is it true that the 20th Century Collision Club's table used \$1,000 worth of brass accessories? We think it especially nice some of the younger set like the Girl Scouts and Las Ceras participated. They've shown before that they can hold their own at such adult affairs.

WON'T BE LONG till the second Community Concert Association's program thrills the hearts of music lovers. This Gerahwin Festival in their pride and joy, Feb. 12, is the date. Remember one of the lovely receptions that honored guest artists after the program. It was in the Ray Kuhn home and Lula Kuhn had fastened a carnation or two in each of the many pots of ivy that are set in the squares of an open room-divider at the entrance of their cafe-au-lait livingroom. One of the guests thought they were the honest-to-goodness blooming plants of some exotic variety and asked Lula's secret. Lula, no doubt, gave her that pious smile and divulged no secrets.

MANY PAMPANS were disappointed that Cal Farley wasn't able to speak at the joint Parent-Teacher's meeting Thursday night. Mr. Farley was snowbound at Wichita, Kan. A mere 3-degrees was the high temperature for the day at Wichita Thursday! We hope he keeps warm and returns to speak for us at a later date. Mrs. L. N. Atchison, Mrs. R. A. Mack and Mrs. Jack Foster had hoped he might be able to bring along some of his boys for us to meet.

SPEAKING OF THE JUNIOR HIGH School auditorium. . . Wouldn't it be a blessing if we could have bright new back drops for the stage? Am sure many people feel the same. . . there must be some reason why those rather depressing looking curtains live on.

THE CHARMING MRS. ROBERT PAYNE is quite a speaker. All unintentionally she had AAUW women in stitches Tuesday night—when she told about the educational system in France, because of her word jumbling. Personally, can't imagine being able to give such an effective talk in one's native tongue, much less in an acquired one. Nary note does she use either. Husband Robert has a marvelous voice, too, as we discovered the same night.

SO EVERY SORRY to hear that Charlie Hickman has lost her mother, Charlie and Charlie and Mr. and Mrs. Charles Hickman Sr. have gone to Paris, Tex. They'd planned a pre-dance party before the Country Club dance which, of course, was canceled.

PEG, LIKE MANY OTHERS is a devotee of Henry McLemore's. If you haven't yet discovered him, turn to another page and you'll find him snugly nestled somewhere. Every now and then he "blows off steam" by listing his pet likes and dislikes. So for this column's "Who Cares?" department, here are the things we can't abide. . . bookless homes. . . novelty tie clips. . . vests of all descriptions. . . insignificant jewelry. . . some of the cringe-and-shudder commercials on TV. . . clocks in general, alarm varieties in particular. . . crocheted antimacassars and those forbidding board-stuff "dollies". . . the word "dolly". . . King Fayouk and the "modern" punctuationless poetry. Narrowness in any form and racial or geographical prejudice, even the least smidgen of it, and oh! leave us not forget the aggravatingest of all. . . coat hangers!

ON THE POSITIVE SIDE, however, are many happy-making items. . . a baby's unbelievable feet and the smell of a child's freshly-washed hair. Sea horses and Albertine Tripplehorn's kitchen. . . gorgeous purple and pink blossoms all over Pampa in the spring. . . People who refuse to swallow whole traditional attitudes and ideas without question. . . Rachel Brumley's proud carriage. . . Mrs. Frank Canida's warm expression. . . Mrs. Frank Mildred Smith's sense of humor. . . Mary Rixman's courteous little boy. . . Lilies of the valley. . . The unreal misty isolation of the world when you start a long trip very early in the morning and the crunchiness of the snow when Pampa woke up Thursday morning. The sky was pinky grey and there were two rain-showers to the south!

MRS. JOHNNIE JONES (husband is Dr. Calvin Jones' brother from North Carolina) looks sooo pretty in a lovely sheer white blouse. She, in the words of a friend, is a real southern lady.

JUST IN CASE you hadn't known before either, many of the words in our English language stem from the ancient Greek. Take for example the word "miso", which means "to hate." From it we have the misanthrope, an unattractive character who hates mankind (Greek anthropos, man); and another poor twisted person, the misogynist, who hates women (Greek gyno, woman); the misogynist, who hates marriage (Greek gamos, or marriage). Philos, the Greek word of love, accounts for Philadelphos, (city of brotherly love), philosophy, lover of wisdom and philharmonic, of music. Now, . . . feel smart?

THE FRED HOBARTS, as you may know, have spent the past week at the Broadmoor at Colorado Springs. A complete town in itself, that establishment. The tiny skaters dancing about in the indoor skating rink made Peg feel very old the last time we visited there. . . And that was quite awhile ago.

MUST LEAVE THIS quote of reporter Ed Nash's with you to brighten your day. . . Robert Frost's definition of home. . . "A place that when you go there they have to let you in." Nice isn't it?

Daniel Glaxner, Mary Jo Cornforth Exchange Vows In Ceremony At Hearne

Music for the recent double-ring evening marriage ceremony of Daniel Joseph Glaxner, son of Mr. and Mrs. Dan Glaxner, 701 N. Gray, and Miss Mary Jo Cornforth, daughter of Mr. and Mrs. Robert Cornforth, of Hearne, Tex., was provided by the same musicians who played and sang at the wedding of the bride's parents, 29 years ago. Mrs. F. W. Karney played the traditional wedding music at the organ and accompanied Mrs. W. K. Waltman who sang, "Love's Reason," and "Because."

The marriage vows were solemnized in the Grace Methodist Church, with the Rev. T. Miller Smith officiating. Candelights wearing identical dresses with full skirts of pale green net over taffeta and green velvet bodices with tiny net jackets and matching bonnets, lighted tapers in candelabra preceding the ceremony.

The bride, who was given in marriage by her father, wore a gown of candlelight satin with a cathedral train and petal point sleeves. A row of tiny covered buttons fastened the bodice at the back. Pale pink, silver and white pearls adorned the fitted bodice and waist band of the gown. The same trim was used at the low curved, illusion filled neckline. A veil of illusion fell from a pearl encrusted Juliet cap. An orchid and white satin streamers topped the bride's white Bible.

Miss Dollye Ann Rikard, who served as maid of honor, wore a full skirted gown of teal blue net over taffeta with a strapless bodice and matching net stole. She wore a pink-velvet coronet and carried a pink carnation nosegay. Miss Bonnie Glaxner, sister of the bridegroom, who served as bridesmaid, was attired in an identical costume of soft iridescent rose. A teal blue velvet coronet completed her ensemble and her flowers were of teal blue colored carnations.

The bridegroom was attended by his father as best man and E. Q. Evans as groomsmen. Roy Super of Houston, and Bob Cornforth Jr., of Hearne were ushers. A reception was held at the home of the bride's parents following the service. The bride couple cut the first slice of the three-tiered wedding cake, which was decorated with rose buds and held a tiny bride couple. Streamers of pink and white maline extended from the arch over the figures to the ends of the table. An arrangement of white chrysanthemums and carnations interspersed with bows of white maline, and flanked with white tapers in candelabra centered the white Maderia cut-work cloth covered table.

Following a short wedding trip, the couple will reside in El Paso where the bridegroom is stationed with the U.S. Army at Ft. Bliss. The bride attended Southwest Texas State Teachers College at San Marcos where she was a member of the Idylla Literary Society and attended Sam Houston State Teacher's College at Huntsville. The bridegroom is a 1953 graduate of A&M College and has been in the army since August. Besides the immediate family of the bridegroom, Mrs. Clara Godwin, of Pampa, attended the wedding.

AND SHE PLAYS THE PIANO, TOO — This is Miss Jackie Robertson, daughter of Mr. and Mrs. Jack Robertson, 448 Graham. The pretty Pampa High School senior is the official piano-player for the Pampa Lions Club, which meets each Thursday at noon. Her true value to the Lions was demonstrated one day when she was not on time (though she usually is). The Lions tried to sing "My Country 'Tis of Thee" without the piano—and couldn't carry the tune. When Jackie appeared, they tried again, with considerable difference in the quality of the singing. (News Photo)

Lefors Personals

By SAMMIE COBERLY Pampa News Correspondent

LEFORS — (Special) — Mr. and Mrs. John Lantz spent the evening recently, with the C.W. Bresters of Pampa.

Mr. and Mrs. Bill McBee were called to Electra due to the death of McBee's uncle, J. E. Ray of Vernon.

Mrs. Virginia Lyles of Lefors entertained her father-in-law, Bill Lyles of Borger, recently.

The freshmen had a gay time at the freshman party Tuesday night in the band hall. The room mothers served refreshments of doughnuts and Cokes.

John Jernigan is back in school after his stay in the hospital.

The boys in the high school chorus journeyed to Pampa Tuesday night to participate in the regular meeting of the Barber Shop Quartets Association.

Miss Betty Jo Fenno of Lefors was chosen as Basketball Sweetheart for this year. Johnny Rowe, son of Mr. and Mrs. Ed Rowe, was selected as her beau. Attendants are Anita Tillman and Phillip Earhart; Donna Patterson and Lewis Daugherty; Marilyn Mullins, Buster Brown; and La Juana Peden and Ronnie Ried. They will be crowned at a basketball game in the near future.

Miss Norma Lantz, home economics teacher at Lefors High School, announced the selection of FHA King and Queen for this year. The coronation ceremonies are due to take place Tuesday, Feb. 15 in the High School Auditorium.

Chosen were Mary Helen Florence as Queen and Jackie Chisum, King. Attendants and escorts are Betty Ashley and Freddy Kendall, freshmen; Bertie Coberly and May McKnight, sophomores; Wanelle Crutcher, Buster Brown, Juniors; Jan Mounger and Fred Brew-

ster, Seniors. The king and queen will be crowned by Marie McPherson, FHA president. Gifts will be presented to the attendants.

Area Woman Due To Receive Honorary Degree

Mrs. Maggie Weatherly of Panhandle will receive an honorary doctor of laws degree at Texas Christian University May 9 at the dedication ceremony of the school's new \$1.2 million religion center. Mrs. Weatherly has been a leader in the Disciples of Christ movement (Christian Church) for many years.

An honorary doctor of laws degree will also be presented to Robert Carr of San Angelo, a leading West Texas rancher and oilman, and who was instrumental in the construction of the new religion center. The chapel — center unit of the three-building group — is named in his honor.

Honorary doctor of divinity degrees will go to 11 other leading churchmen of Texas, Arkansas, Mississippi, and North Carolina.

DO YOU KNOW that in the general election, NEXT NOVEMBER, a heavy Democratic vote in a low population county can give that county as much power in the 1960 presidential convention as a light vote in an urban county?

Two March of Dimes Leaders

Oveta Culp Hobby, Secretary of the Department of Health, Education and Welfare, greets Delbert Dains, 1954 March of Dimes poster boy in her Washington office. The Secretary told "Debby" that people everywhere through the March of Dimes are winning victory over polio and to keep up the good fight. "Debby," 4, of Gooding, Idaho, was stricken Thanksgiving eve, 1949, and has spent but 8 months of his life at home. His outstanding courage has endeared him to all. In endorsing the present drive for funds Mrs. Hobby said the March of Dimes is "in keeping with the American tradition of helping those who cannot help themselves."

A REDDY KILOWATT COOK

cooking is a

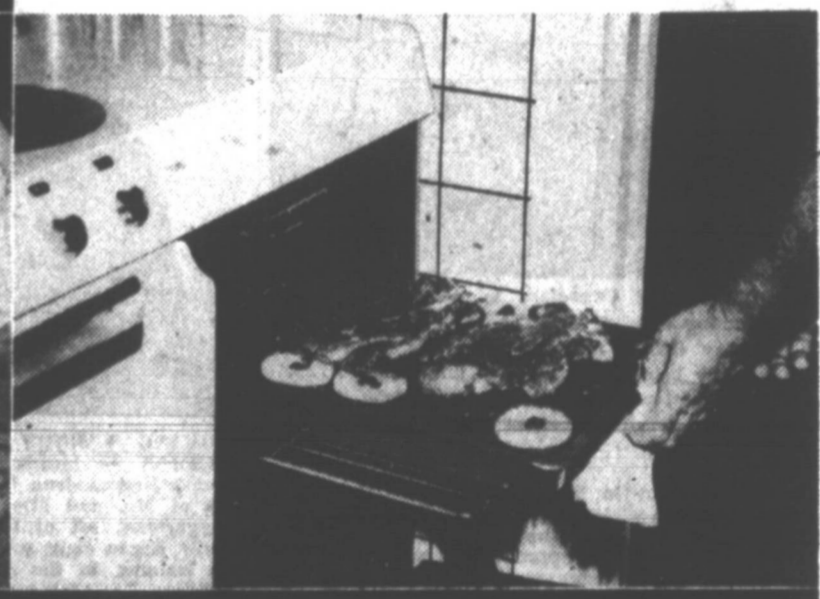

SNAP

...if it's **ELECTRIC!**

MR. C. J. HERBSTREET OF GUYMON, OKLA., SAYS:

"Business often takes my wife away from home or out of town, and I used to be stuck for a meal when she was gone. But since we purchased our electric range, I never worry if I'm alone at mealtime. Cooking electrically is a snap."

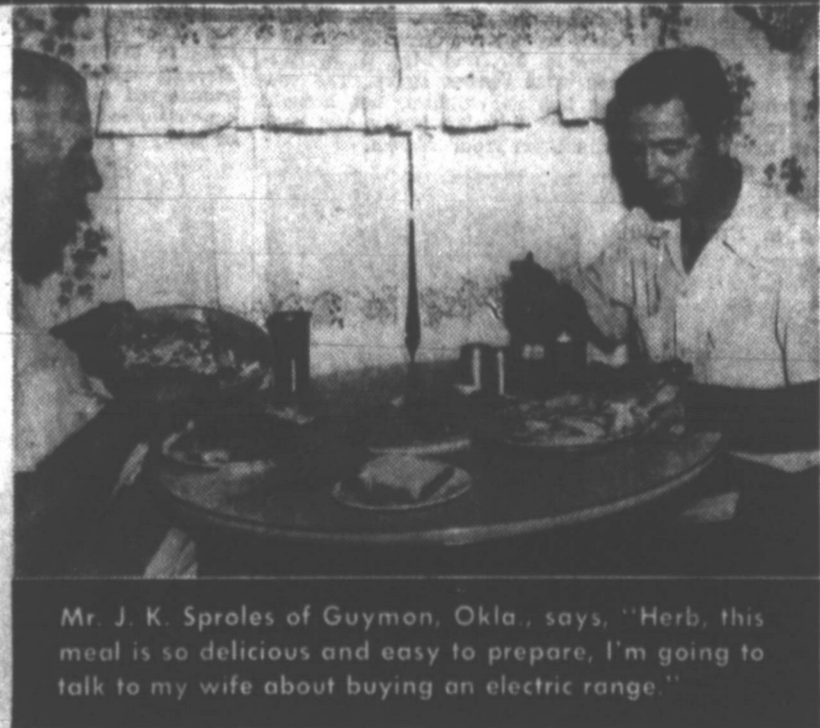

Yes, indeed, cooking electrically is a snap, which is why so many men, who formerly just cooked a specialty dish, are perfectly at ease in the family kitchen. They get perfect results, too.

Favorite Recipe:

Broiled Sirloin Steaks

1. Place green beans and corn in broiler pan. Season.
2. Place sirloin steak 1" thick on broiler rack. Season with garlic salt and pepper.
3. Broil 15 to 21 minutes on first side.
4. Turn steak and add pineapple rings rolled in brown sugar and maraschino cherries in center of each pineapple ring.
5. Broil 12 to 15 minutes.

Mr. J. K. Sproles of Guymon, Okla., says, "Herb, this meal is so delicious and easy to prepare, I'm going to talk to my wife about buying an electric range."

Skellytown Personals

Texas Railroad Commission Has Seven Intents Last Week

There were only seven intentions to drill filed last week with the Texas Railroad Commission — and only two were of the 400-foot-or-more variety. They were: The A. G. Hill No. 1, H. L. Ledrick, 20 miles north of Pampa, and the Phillips No. 1, Mathers "A" seven miles west of Miami. Both are in Roberts County.

J. C. CLABORN
... Justice of Peace

M'Lean Incumbents File Candidacies

McLEAN — (Special) — McLean's incumbent justice of the peace and constable Saturday announced that they would be candidates for re-election on the Democratic ticket in the July 24 primary.

Justice of the Peace J. C. Claborn said that he has tried to be of service to every person in the precinct (five) and has conducted his office on a business-like basis.

Constable Luke Henley pointed to his record of law enforcement for the last three years and said, "If the voters see fit to re-elect me to the office of constable, I will continue the same courteous treatment of all citizens."

In asking the voters for another term, Claborn said that he is "deeply appreciative of the confidence placed in me at the 1952 election," and that he has "tried to merit that confidence in the conduct of the business of the office. If re-elected, I will continue the conduct of the office."

Claborn is a veteran of World

War II, is married and has three sons. A mortician, he has lived in McLean for seven years.

In making his candidacy announcement, Henley said that he would "continue to be available for 24 hours per day, as I have since taking office Jan. 1, 1951." He has lived in the McLean area for the last 20 years.

"It might seem to some that I am not on the job," he continued, "but a greater portion of my work is at night — I do a lot of patrolling — but I invite anyone to ride with me for a few nights and they will have a better idea of the job."

Henley is married, is a veteran of World War II and is commander of the McLean American Legion post.

DO YOU KNOW that voting strength of counties in the Democratic state presidential convention of 1956 will be determined by the number of votes cast in the general election of 1954?

BULL SESSION—C. E. Dandy Don seems to be a lot of bull for these two pretty cow gals to be handling, but Marlene Adron, left, and Dorothy Bauers, both of Red Bluff, Calif., seem to have the situation well in hand. The dandy specimen will be auctioned off in a bull sale in early February for the benefit of the March of Dimes campaign.
