"CAUGHT CHEATING"

SPORTS ON PARADE
By CURTIS BISHOP

The locals rang up their 45th victory in the Big Spring gym as compared with 5 defeats when they staged a rally in the third quarter to turn back the Eagle Cove Eagles in a spirited game 40 to 32 yesterday evening. Had the Bovines not rallied George Brown would have rent his garments into a hundred pieces, torn out a beautiful head of blonde hair, and might have even earned himself a straight-jacket. Brown, if anybody happens to ask you, was worried. He was more than worried. He was frantic. He was almost as bad as O. D. Hennig of Sweetwater gets when his team is behind. He was, however, not as good in the despair role as Hennig. However that is not to Brown's discredit. One must consider the fact that the Sweetwater coach has had more experience.

The Bobcats, the San Angelo Bobcats we mean, also defeated the Mustangs on their recent road trip. Which spelled the culmination of a perfect week-end for the Ponies. To be defeated by Big Spring and San Angelo on consecutive evenings! ? ? ? ! ? ! — The exclamations are not ours,

they're Mr. Hennig's. Ours would be printable, his are not.

This evening the Clinic Hospital of Midland travel the magnificent distance of forty-odd miles, maybe more, maybe less, to play Cosden's crack quintet in the local gym. After the game they will travel the identical distance, not a foot's difference, back to their vacant garage with its concrete courts and next Sunday an individual named W. D. Godbye, manager of the Midland aggregation, will present eloquent alibies. If by any chance the Midlandites should eke out a victory then Spike Henninger will come around with his excuses. We will believe neither of them but we will listen. When either Godbye or Henninger speak one has to listen. Either that or run a mile or a sudden like in nothing flat.

It will probably be the last game in the local gym for several days, for Thursday the Bovines pack up their doll rags and enter the Lubbock invitational tournament, where they will display their wares against some of the best quintets in West Texas. Ralls, so we hear, is out for trophies this year, and of course there is Bill Stevens' Friona team. In the interim Ben Daniels' Devils will probably take on a couple of opponents and trim their ears without more than casual difficulty.

One trophy is already conceded to the locals, that offered to the tallest player in the tournament. Not even the Texas Tech administration building all dressed up in somebody's Sunday clothes could keep Richard Lefevre from carrying off that honor. Tack Dennis oughta carry off the award for the best built player, and when it comes to the selecting of the best looking there is Flowers, Reid and Dyer to be considered. And of course David Hopper. The latter name is added just to be polite.

Blondy Cross of the San Angelo Times is writing a lot of interesting stuff about basketball these days. In one issue he comes forth with a number of remarks about Sweetwater's stalling tactics, with which we not only agree but offer our congratulations herewith. A stall may be a means to win a ball game but it is certainly not the way to play basketball that offers any benefit to player or spectator. And Bruce, such they say was his name when he was his mother's fair-haired youth and the apple of his father's eye, not a persimmon as he is to most of us, goes on to comment upon the fact that football linemen, in spite of the general belief, do make good court performers. He cites as one of his many illustrations the case of David Hopper, whom he refers to as the outstanding high school player in West Texas, a lineman who developed into a great forward. Mr. Cross is correct in the main, but

Big Spring Juniors Capture 2 Games

The Big Spring junior teams swept a two game series with the Forsan cagers in the local gym Tuesday afternoon and Tuesday evening. Ben Daniels Devils ran roughshod over Forsan's High School in the evening game 37 to 18 and the Junior High quintet nosed out the Forsan Juniors 21 to 20.

Townsend for the Devils scored 14 points to tie with Flowers of Junior High for high scoring honors.

Steers Score Fourteenth Victory Of Season Over Eagle Cove, After Trailing Through Three Quarters

The Big Spring Steers registered their fourteenth consecutive victory of the season Tuesday evening by turning back the Eagle Cove quintet in the second game of the two-game series played in the local gym 40 to 32. D. McIntosh of the visitors escaped with high point honors for the evening with six field goals and three field tosses, while the Bovines' scoring was almost equally divided among David Hopper, J. C. Morgan, Lloyd Forrester, and Cecil Reid, who amassed eleven, ten, nine, and eight points respectively.

Outplayed in the first half and trailing 22 to 19 as the third quarter opened George Brown's cagers went wild in the eight minute period to compile a lead that was never molested. Hopper and Forrester led the scoring parade in the eventful quarter, the latter stamping himself as the outstanding player of the evening.

It was a see-saw battle all through the first half, but with the visitors leading at the end of each period. D. McIntosh started the scoring by slipping into the clear underneath his own basket and scoring two goals in succession, and Farmer scored from the center of the court to place the Eagles 6 points ahead. Hopper broke the scoreless record of his club by tallying with one of his one-handed shots from the right hand corner

and Forrester's long basket, Flowers' conversion from the foul line, and another goal by Hopper put the Bovines in the lead, 7 to 6.

Back On Top

The Eagles came right back to go on top. Nance and Stephenson converted free tries to place the Eagle Cove quintet one point ahead, and Farmer and Forrester both tallied from near the center of the court to keep the superiority the same. D. McIntosh broke loose for a field goal and two consecutive free tosses to offset field goals by Morgan and Reid to end the quarter 14 to 13.

Morgan made good two opportunities from the free throw line to start the second period, and Captain Reid followed suit a few moments later, but McIntosh tallied from the floor and Farmer sunk a long shot and a free try to place the visitors three points ahead. Hopper scored from underneath the basket to make the count 22 to 19 as J. McIntosh slipped through the Bovine defense and converted a pass into a score.

In the third quarter the Bovines clinched the contest. Hopper started the fireworks after a listless first minute by scoring from the free throw line, and Forrester scored another long goal from near the center. Hopper broke loose on one of the locals' combination plays, Forrester scored again, Hopper tallied under the basket, Morgan took

Bill Injured
Flowers was injured at the close of the third quarter and was replaced by Dyer.

The last period found the Eagles outplaying the Steers to the tune of 3 to 5. J. McIntosh scored on another guard play, Nance converted a free try, D. McIntosh broke into the clear as Farmer intercepted a local pass, and Ferguson scored on a difficult shot. For the locals Morgan tallied on a crisp shot. Dyer sunk a free throw, and Captain Reid scored just as the game ended.

beat cattle, cotton and poultry. I understand that nearly 20,000 acres of land has been terraced and contoured in the county and if I owned land the first thing I would do would be to terrace it. I think this is fundamental to a prosperous agriculture, and take it from a man who came from a county that waited 15 years too late to terrace. I and nearly all the other renters left that county to make a living. It's true we might make a living now on our land here without having it terraced but our soils will gradually wear out and the rising generation suffer and will in all probability leave the county to get by. A fellow that can't see some of the problems of the rising generation might not help his neighbor.

Poor Mike was standing on the corner when the fire alarm sounded and believe it or not, Cecil French picked him up and got him in the fire in time to save the lot. Mike is a real fire-fighter (so we have heard talk).

SHOTS FROM THE SHOWERS By FREDRICK ROBERT Well, the stock market may not be anything to write home about but we say that Steer basketball stock is rising. Coasting along for a week after the Colorado tournament the Steers suddenly jumped into action against the prancing Sweetwater Mustangs and the result was a game the fans long will remember. The game was gilded with personals and although many Steers went to the showers via the foul route, Sweetwater probably got the greatest break. Bob Baugh went out before the half and Coach Hennig had no one that could even compare with him as a center. Reid got the tips and as a result the score at the end of the game was top-heavy for the Steers, 41-23.

Subtle Senior Is Teacher For A Day By HUDSON HENLEY School today was another general review in all the classes. We are getting ready for the exam next week. I think these reviews are all right in one way and all wet in another—you don't have to study for them, but they are such a boring waste of time. We might be having picnics or sumpin' instead that would do us as much good. Still and yet, who am I to try to change the school curriculum? I got one break in school, though, if it could be called that. Reina rescued me from the depth of despair in a gloomy study hall to get me to teach a class for her, while she kept an appointment to go to a permanent. This class of freshmen was the dumbest lot of wisecracks that I have ever seen since I was at the zoo in Cameron Park. When one of the chalk dust was thick enough to cut all over the board. However, no answers were in sight, so I figured it was a finished fight. On the contrary, as soon as I turned my back, a number of pop, pops could be heard. No erasers were seen even then as I turned around. I fixed 'em, though, even if it did take a little brain work. Drawing a small ring on the board, I announced that a hundred percent daily grade would go to the first one to hit in the circle. I got all the erasers at once by picking them up off of the floor under the board. Strategy. The recitation I heard was just another one of "them things." One little pop-up conjugated a verb perfectly and then grinned like a kid who had won a prize. I asked him why he looked so pleased and here's what the nincompoop said: "I'm happy 'cause I'm half Irish and half Scotch, and an Irishman always satisfied if he has a dollar and a Scotchman always has one." That takes the cut-glass cravat. After the lesson was over they showed their appreciation for me, they not only asked me back, they even dared me back. Never again.

Who's Who Jane Tinsley—has caused excitement all of her life. When she lived in Dallas, one day she climbed into a sugar barrel to play and her parents, thinking she had been kidnapped, called the police to find her. But imagine their surprise and gladness when Jane appeared with sugar all over her. (No wonder she's so sweet.) Jane is now a Junior in high school. She takes Geometry, P.E., English IIB, history IIIA, Spanish, and biology. Her favorite sport is football; food, red beans; color, red; and as for a car, she will take a Collegiate Ford. Her pastime is dancing and her hobby is collecting pictures. She is vice-president of the Debating Club, treasurer of the Dramatic Club, and is a member of the Pep Squad and Spanish Club. Her ideal type has brown hair and eyes, is five feet four inches tall and weighs about 145 pounds. Jane plans to go either to Texas University or Baylor. After that she wants to follow a profession that will be different from those so many people follow.

Legion Makes Museum Loans The local American Legion post has made a permanent loan of its relics of the World War to the West Texas Memorial Museum. The problem that now confronts the club is securing funds to purchase cases to hold the relics. The Executive Committee has offered to come to aid and present a one act play entitled "The Fatal Necktie." This is a burlesque melodrama by Joseph U. Harris and Harold Allen.

History Club Has Program The Current Event History Club presented a program for the student body during the fifth period Monday. The first number was "The History of Marcelline Hyman," by Clara Allison. The hymn was then sung by the club members. Following the song Rev. D. R. Lindley made a talk on the "Advancing Steps Toward World Peace." The history of the "Star Spangled Banner" was given by Dorothy Dublin, and the song was also sung by the members accompanied by the orchestra.

CAMPUS CHATTER The student body was introduced in a special assembly Tuesday to Dr. Chester, retired Presbyterian minister, student, and personal friend of General Robert E. Lee. He is a world traveler and a very enthusiastic Texan. Dr. Chester was born just across the line from Arkansas in Monte, North Carolina. At the age of eighteen he attended Washington College at Lexington, Virginia. "It took me ten days to travel from Arkansas to Washington College, traveling day and night. I saw my first train at Memphis in 1869, more than sixty years ago. On arriving at the college I was afraid to see Mr. Lee, who was President. One day as I was walking past the Chapel door I met Mr. Lee coming out from the basement. I wasn't afraid at all, and I shook hands with him and I found he had one of the most beautiful faces I ever saw, that in my opinion sense of the word. New students were asked to Lee's home to chat. General Lee married a democratic aristocracy, marrying the grand daughter of Martha Washington. His wife took a great interest in the students. When any one came into Lee's home, all that he asked was for them to "soot like a gentleman."

Students Show Odd Preference In Book Choices The library has been a real workshop for the past two weeks, since semester grades depend on reports. Books most in demand were history reference books, poetry collections, fiction, non-fiction, dramas, and essays. The only type of books that are checked out during the term for pleasure are fiction books. Any others are for class assignments or for theme work. The pupils read this year more than in previous years. That might be somewhat due to the depression. The daily circulation of fiction books is around twenty-five, of reserve books is around twenty, although that number is doubled at the end of each six weeks. Twenty of the most popular books, selected by the number reading them in our school are: "The Cat," "Seal of White Buddha," "The Brimming Cup," "Moby Dick," "When Paddy Went to College," "The Children," "Main Street," "Jane Eyre," "Coronada's Children," "O. Henry's Short Stories," "Poe's Short Stories," "Emmy Lou," "Circular Staircase," "When Death Comes to the Archbishop," "David Copperfield," "So Big," "Trail of the Lonesome Pine," "Man for the Ages," "Rama," "The Daily Papers are read each day until it seems remarkable that they were at one time newspapers. Most of the students use them to get current events and to scan comic sections. The seven most popular magazines are: "Boy's Life," "American Boy," "Scientific American," "Amenicol," "Cosmopolitan," "Literary Digest," "Times."

Blankship Attends Committee Meeting Supt. Blankenship reports that besides having a good time and being royally entertained while at their meeting in Ft. Worth the executive committee of the Texas State Teachers Association accomplished many good things. Several towns put in their bid for the Texas State Teachers Association meeting, which will be held during the Thanksgiving holiday this year. The meeting was awarded to Ft. Worth. The committee then discussed two main problems which are of vital importance to all schools in Texas and elsewhere. First, that of financing the public schools of Texas; second, the retirement of teachers. No definite steps were taken but a committee was appointed to work on teacher retirement and a fund set aside for them to use in their work. After these two matters were settled, the Texas Education Committee, as nominated by a committee of the same purpose, was approved by the members of the executive committee. A resolution was made and carried that the executive committee extend an invitation to the Department of Superintendence, National Education Association, to meet in Houston in 1934. Many other matters were discussed and handled during the two day meeting, and a Texas educational program for another year was settled.

Lovely Martha Washington Tea Given By Mrs. Pyeatt

Mrs. Chas. McCullar Honored At Series of Pink and Orchid Receptions In Attractive Highland Park Home

Mrs. Robert C. Pyeatt entertained with a lovely Martha Washington tea Monday and Tuesday afternoons honoring her friend, Mrs. Charles McCullar, who is moving to Midland to make her home within the next few days. Approximately one hundred guests called on the two days to partake of the hostess' hospitality and bid farewell to the honoree.

The Pyeatt home, in Highland Park, was made lovely with a profusion of pink flowers, carnations and sweet peas. Little Miss Charles Eaton, daughter of Mrs. Jay Johnson, opened the door for the guests. She wore a Martha Washington costume of pink over an orchid skirt with a little ruffled hat, reminiscent of the styles of the time.

On Monday afternoon, with Mrs. Pyeatt and Mrs. McCullar in the receiving line, were Mrs. A. E. Underwood and Mrs. R. H. Jones. Mrs. J. A. Coffey ushered the guests into the dining room. Mrs. W. M. Paul poured, assisted by Mrs. Homer Wright and Mrs. William Tate. Mrs. E. J. Heywood ushered the visitors into the guest room through which they made their exits.

On Tuesday afternoon, Mrs. William Tate, a niece of the hostess, was in the receiving line with Mrs. McCullar, Mrs. Chas. K. Rivington and Mrs. Tracy T. Smith also received the guests. Miss Lillian Shick showed them into the dining room.

Mrs. R. H. Jones poured coffee, with Mrs. A. E. Underwood and Mrs. John W. Hodges assisting in the serving.

Mrs. Jay Johnson and Mrs. Nat Shick ushered the callers through the guest room where they bade farewell to their hostess and the honoree.

The members who poured provided over a beautiful old Rumanian coffee pot, reputed to be almost two hundred years old. Silver and crystal were used throughout the service. The dining table was centered with a lovely arrangement of pink sweet peas, white narcissus and ferns and the table cloth was a special arrangement for the occasion, being made of tulle in pink and orchid and ruffled at the sides, the ruffling shading from pale pink to the deepest shade of orchid as the cloth touched the floor. Four pink tapers in silver holders furnished light for the room.

The guests were served dainty cakes, pink mints, salted nuts and bars and open-faced sandwiches.

Zasu Pitts Here Enroute To Coast

Zasu Pitts, in private life, Mrs. Thomas Gallery, was a passenger on the westbound American Airways ship Wednesday morning, enroute to her home in California.

The droopy-eyed character actress of the screen, whose roles as "the country girl come to town" have made millions laugh, was declared by men at the port to be the first movie actress who has visited the port who appeared in real life as she does from the screen.

Mrs. Gallery, whose suit for divorce from her husband was announced the day after she left the Pacific coast for her present trip, declared after visiting Hope Cottage in Dallas that she wonders why "women have children when there are so many lovely babies who need homes."

Miss Pitts is the foster mother of Don Gallery, 9-year-old boy who was adopted from Hope Cottage by the late Barbara La Marr and then adopted by the Galleries. The Galleries also have a child of their own, a daughter just a little younger than the adopted son.

17th Anniversary To Be Observed By Local Kiwanians

The local Kiwanis club with 1,880 others in towns and cities throughout the United States and Canada is observing the 17th anniversary of the founding of Kiwanis International during this week of January 17-23. The Committee on Kiwanis Education is in charge of the program for the local club. Chairman of this committee is G. R. Porter. Rev. J. Richard Spann will be the principal speaker.

In a special message to the local club, William O. Harris, of Los Angeles, president of Kiwanis International, states: "Seventeen years of constructive accomplishments—seventeen years of unselfish service is today our endowment. We can be proud of our accomplishments."

The first Kiwanis club was organized in Detroit in 1915, and on January 21 of that year the first meeting was held, said George Gentry, president of the local club today. "Throughout all Kiwanis, January 21 is recognized as the birthday date of the organization. Kiwanis has made a valuable contribution to community life during the past 17 years, but it is still in search of greater civic betterment and social welfare programs. We shall try to make our local observance of Kiwanis Anniversary Week a fitting and proper occasion, presenting our own achievements for the past year, and relating something of the general history of Kiwanis International," he said.

A report on plans for the club activities for 1932 will probably be heard at this meeting. The club will be engaged in underprivileged child work, agricultural and 4-H club projects, vocational guidance and general welfare for this year officers of the club declared.

But when I was a boy my father had no way of guiding me out of bad things or into good things because I wouldn't have thought of talking with him as my own son did with me. But, voting strength of Howard county apparently is going to be much lower than last year.
