Intense Duster Turns Day Into Night Here

Forecasters Issue Alerts On Tornadoes

Dust, which settled over the Pampa area this morning and which threw the city into darkness, was expected to blow out of the area by late this afternoon, according to a report received from the United States Weather Bureau in Amarillo. Winds, which at times reached a velocity of 70 miles per hour, also were expected to diminish. Much colder weather was forecast for tonight, with a low of 23 degrees forecast.

11:30 MEANS 11:30 — The lights went out at 11:30 a.m. today all over Pampa, but The Pampa Daily News' new city editor, Jim Lacy, knew he had to make The News' 11:30 a.m. deadline—so he kept right on working.

ROKs Critical Of Big Four Decision

SEOUL, Feb. 19—UP—The official South Korean government spokesman criticized Friday night the Berlin decision on Korea as unworkable and a breach of faith with his country. The spokesman, Dr. Hongkee Karl, handed newsmen a prepared statement which called the proposal a Geneva conference "fundamentally incompatible with the Korean armistice agreement."

Storm Exceeds Density Of '35 Black Duster

"This is worse than the Black Duster of '35." Joe Shelton, veteran Pampa public schools bus driver, made that statement at 12:30 p. m. today as the Black Duster of '54 began to lift somewhat after a long morning of fog, wind, dirt, dust, sand — and, intermittently, no lights.

Lists Criticisms

The American-educated Karl made these other criticisms of the Big Four agreement: "1. 'The big four acted in secret and they accepted Russia in a non-belligerent status after repeated assurances by the United States that this would not happen.'"

GOP Takes Over NLRB First Time

WASHINGTON, Feb. 19—UP—Republicans took command of the National Labor Relations Board Friday for the first time in its 18-year history after the Senate approved a GOP appointee over nearly solid Democratic opposition.

No End Seen To Cold War

BERN, Switzerland, Feb. 19—UP—Switzerland agreed Friday to permit the international conference on Far Eastern problems to be held in Geneva April 25.

RESIGNS — Clarence Manion packs his brief case at his office in Washington after announcing his resignation as chairman of the President's Inter-governmental Relations Commission at request of Presidential Assistant Sherman Adams. Manion said his resignation was requested because he supported the Becker Amendment. (NEA Telephoto)

NIGHT OR DAY? — It was as dark in Pampa this morning as on most nights when a vicious dust storm blew into the area from the northwest. The above picture was taken by a staff photographer of The Daily News early this morning before the storm was at its height. The picture was taken from the top of the Santa Fe underpass looking north on Cuyler Street. Street lights were still on at the time on the northern end of the street. The lights on the car in the right foreground on Foster are turned on.

5 Seek Restraining Order Against Parr

CORPUS CHRISTI, Tex., Feb. 19—UP—A request for a restraining order against George Parr Friday threatened to widen the scope of the South Texas political controversy which has shaken Parr's domain in South Texas.

Maybe He's Got Something!

NEW YORK, Feb. 19—UP—Dan Wilson, 25, told police he quit journalism school in Texas and became a holdup man because he saw little chance of making much money in the newspaper business.

2 Face Trial In Confessions

WASHINGTON, Feb. 19—UP—Two Marine officers who gave their Communist captors false confessions of germ warfare stood shoulder to shoulder Friday to defend their infraction of the "tell 'em nothing" code.

**Austria's Postwar Recovery Forces Treaty Consideration**

WASHINGTON (NEA)—While the Big Four foreign ministers in Berlin are arguing for the 200th time about making a peace treaty with Austria, that little country almost without notice has made such a comeback that it no longer requires American aid. Some \$18 million worth of U.S. supplies still in the pipeline will be delivered to Austria, but no new foreign aid is asked for in the 1955 budget.

When Foreign Operations Administrator Harold E. Stassen recently announced the end of aid to Austria, it barely got a line in the U.S. press, but this Austrian recovery is the best possible argument for giving the country a peace treaty and ending military occupation by U.S., British, French and Russian troops.

Austria has made this postwar recovery in spite of Soviet occupation of one fourth of its territory and a systematic Russian looting of oil and other resources to the tune of over a billion dollars. The Austrians now want the Russians out so badly that they are offering to pay an additional \$50 million to settle all claims.

Tremendous amounts of machinery, vehicles, textiles and raw materials have been taken to Russia. At the same time the Russians have operated a system of state-owned stores which have under-sold Austrian retailers by refusing to pay customs duties or taxes. All these things have been done in complete disregard of Austria's own economic needs. This explains, of course, why Russia doesn't want to let go its hold on Austria.

**U.S. Aid Contrasts Red Looting**  
By contrast, the United States has poured \$900 million into Austria since the start of the Marshall Plan in 1948. Direct aid amounted to \$727 million.

The country was terribly disorganized by German occupation and then about up during the war. Homes and factories were destroyed, farms were out of production, food and clothing scarce. The first American step was to move in \$168 million worth of relief.

After the people were fed and clothed, and seed and machinery provided for the farms, the job of building up industry was begun. This economic assistance was applied to Austria as a whole, though concentrated in the American zone. Industries that could be moved from the Russian zone were re-established in the west.

**FOR BETTER FITTING**—An inventor in Paris has created this "magnetic silhouette" so manufacturers can make clothes that fit like one's shadow. The customer steps into the fitting device, and in a short time, the tailor has the measurements that permit him to make garments without extra try-ons or alterations.

**THE MARQUEE**  
BY DICK KLEINER

NEW YORK (NEA)—Stars are, all in all, a pretty decent breed of folks. Jan Murray remembers how worried he was, a few weeks back, when his new DuMont quiz, "Dollar-a-Second," began. He was afraid there wouldn't be much of a studio audience, and he needed a good background of laughs.

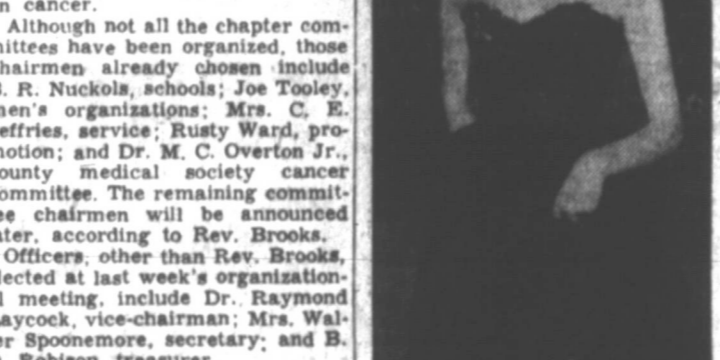

"Don't worry about it," says Jan's pal, Milton Berle. "I've got an idea."  
Right after the next program, Berle strode on the stage and entertained the audience for a half-hour. The word got around, and by the following week, the house was full. For seven weeks, Berle showed up — unasked, unpaid, just to give a friend a hand.

"By now," says Jan, "the people fight to get in. With flats."  
Another happy star story involves the very lovely Pat Benoit, who plays Nancy Remington on "Mr. Peepers." One day she got a call at home from a man who said he saw her on the show, liked her, and wanted to take her to dinner. Pat hung up. But he kept on calling, and he sounded nice.

After a decent interval of frantic phoning, Pat finally succumbed. "Birth of a Baby." It is just that, recorded in a Madison, Wis., maternity delivery room. It has all the sounds and voices and a running, pulse-by-pulse commentary. It has just about everything, in fact, except a diaper rash.

Because viewers were confusing the old "Topper" movies with the new "Topper" TV series, the name of the latter is now "The New Adventures of Topper." It's surprising they didn't call it "Son of Topper."

If movie queens used their married names — "How to Marry a Millionaire" with Betty Hutton, Lauren Bogart and Marilyn D'Maggio.

**Cancer Group To Hold Meet**

The newly organized Gray County chapter of the American Cancer Society will hold a meeting at 7:30 p.m. Monday at the home of Rev. Porter Brooks, chairman of the group. Purpose of the meeting is to complete the organization of the chapter and to make plans for a program of public education on cancer.

Although not all the chapter committees have been organized, those chairmen already chosen include B. R. Nuckols, schools; Joe Tooley, men's organizations; Mrs. C. E. Jeffries, service; Rusty Ward, promotion; and Dr. M. C. Overton Jr., county medical society cancer committee. The remaining committee chairmen will be announced later, according to Rev. Brooks.

Officers, other than Rev. Brooks, elected at last week's organizational meeting, include Dr. Raymond Laycock, vice-chairman; Mrs. Walter Spoonmore, secretary; and B. D. Robinson, treasurer.

**Missing Diplomat Believed Found**

BERLIN, Feb. 19 (UP)—West Berlin telegraph reports Thursday that Guy Burgess and Donald MacLean, Britain's "missing diplomats," are living in Red Prague in a residential area reserved for government officials.

The newspaper quoted unidentified "eastern newsmen" as the source of the report. Burgess, a former official of the British embassy in Washington, and MacLean, head of the foreign office's American department, left England suddenly and without explanation on May 25, 1951. They were traced to France, but there the trail was lost.

Last summer, MacLean's wife Melinda, who had moved to Geneva, Switzerland, vanished with their children. Repeated reports that the two men fled to Iron Curtain territory, and that Mrs. MacLean joined them there, never have been confirmed.

Commerce has been opened up on the Danube, permitting trade with Hungary and Yugoslavia. There is some trade with Czechoslovakia and coal is imported from Poland. But the border is still closed to the free movement of people. What's needed now is a final push that will make the Communists give Austria a peace treaty.

**Sam Houston Toll Road Group Elects**

DALLAS, Feb. 19 (UP)—Eleven Texans from Dallas, Waco, Waxahachie, Hillsboro, Austin and San Antonio were elected Thursday to the board of directors of the Sam Houston Toll Road Corp.

The corporation, authorized by act of the Texas Legislature as a non-profit organization to build and operate a Dallas to San Antonio toll road, elected John B. Mills, Dallas investment and hotel chain executive as chairman of the board.

Roy G. Baker, a resident of Sherman with law offices in Dallas, was named president of the company and a member of the board. Other than Mills and Baker, five other company officers were also named at the meeting.

Those elected to the board of directors are W. Callan of Waco, chairman of the board of Central Freight Lines; Robert Lee Bobbitt, former chairman of the Texas Highway Commission and attorney general, a San Antonio attorney; Gus Bowman, vice-president of the Mercantile National Bank of Dallas; A. J. Kuter Jr., vice-president of the First National Bank, Dallas; Howell Hight, Waxahachie business executive; Roy W. Smith, president of the Capital Engineering Co. with branch offices in Dallas; J. Edward Johnson, prominent Dallas attorney; Will Bond, Hillsboro businessman; and Jake Pickle, Austin public relations executive.

Other than Mills and Baker, those named officers of the company are: Bobbitt, executive vice-president; Johnson, vice-president

**Second Staffer In Houston DA Office Resigns**

HOUSTON, Feb. 19 (UP)—Dan Walton, a felony prosecutor, resigned Thursday from the district attorney's office, the second person to do so in as many days as a regular grand jury prepared to investigate a controversial bawdy house arrest.

Walton said only that he was resigning to re-enter private practice. He joined the district attorney's staff when that office was taken over by William H. Scott who himself last week said he would resign but changed his mind on Monday.

R. H. Gallier, who was chief grand jury assistant for the office, resigned Wednesday. Since last week, when Scott's intention to resign was disclosed, there have been many reports that one of the affairs mixed up in the resignation was the arrest on Jan. 30 of two known prostitutes at a hotel formerly operated by Lou Ayres, once one of Houston's most famous "madams."

Her brother, Curly A. Myers, and general counsel; Kutner, vice-president; Bowman, secretary-treasurer and Smith, chief engineer.

Baker told the group of the program made in the overall activities of the corporation.

"We feel that 90 per cent of the preliminary work has been completed and that the remaining 10 per cent will be accomplished in the near future, thus permitting us to start construction on the first segment of the road, from Dallas to Waco, during 1954," he said.

In tracing the history of the Sam Houston Toll Road Corp., Baker said the non-profit company had as its purpose the construction and operation of a toll road between Dallas and San Antonio using funds raised through the sale of public bonds. All profits from the toll road will be used to repay the money raised through the bonds.

"The Dallas to San Antonio toll road will be built and operated without use of tax money, state funds or any other public monies," he said. "Those who pay will be only those who use the road. Once we have repaid the money advanced through the bonds, the highway will be turned over to the State of Texas without payment of any kind."

Wilbur Smith, traffic engineering consultant from New Haven, Conn., reported that his surveys showed the Dallas to San Antonio toll road was feasible and had an excess of the traffic volume required.

**"ANY FOOL KNOWS THEY'D BE STOLEN!"**  
Recently some American movies were shown at our embassy in Moscow. The Russian servants peeked in on these scenes of another world. One scene showed a milkman leaving milk and cream on the doorsteps of several houses. The Russian butler, a staunch party man, was later heard delivering a fiery speech to the help in the kitchen. "Capitalistic lies!" he cried, "leaving bottles of milk on a doorstep like that... Why, any fool knows they'd be stolen!" With milk selling at \$1.79 a quart in Moscow, you couldn't blame the guy. In America milk averages less than 25 cents a quart. We have 5 times as much milk and butter per person as the average in other countries.

### Cruce Bows Out Tomorrow

City Manager B. H. Cruce officially leaves office at noon Saturday, the close of business. Late this morning there was a total of 16 applications—eight local and eight out-of-town—for the City Secretary Ed Vicars. Cruce today said that he would definitely be on hand for the Tuesday Pampa City Commission meeting, however, in an advisory capacity. Cruce and Vicars, the city manager pointed out, would get together and prepare the agenda for the commission meeting. Biggest item on the agenda, however, will be the discussion of a successor to Cruce, who will leave Pampa Feb. 27 to take over March 1 the city manager's job in Greeley, Colo. The outgoing city manager has recommended to Mayor Tom Rose

### Bromfield Jury Resumes Work

WICHITA FALLS, Tex., Feb. 19.—A jury deciding a \$50,000 civil suit against author Louis Bromfield resumed its deliberations Friday. The case went to the jury Thursday after final arguments and the jurors did not reach a decision before they were dismissed for the night by District Judge Alan B. Halsey. Bromfield and two associates, Robert W. Hulse and R. F. Culler, were sued for \$50,000 and return of a 411-acre farm by the Wichita Falls Chamber of Commerce. The chamber claimed the men let the farm, which was deeded to Bromfield to develop as an experimental project, to run down. Halsey instructed the jury to dismiss a \$252,500 counter-suit which Bromfield brought against the chamber. He said there was not enough evidence to support it.

### STORM

(Continued from page one)  
"If it's still dark, we'll probably hold 'em till later," he said. Outside of Pampa in the county, the schools were expected to follow Pampa's lead whatever it did. That would include Hopkins, McLellan, Letors and Alarney. The dust of 10 years ago, Shelton remembered, was probably darker than that of today. But "this one has held on much longer." Soon after they got to work this morning, Pampans were clawing the swirling sand out of their eyes and ears. Though all doors to business and governmental establishments were closed, the sand still managed to get in, oftentimes covering windshields, table-tops—and clothes. Some of the local business concerns were reported to have sent their associates home for the day. Others, including many a city county and state office, used matches and candles, not so much to work as to see. At 11:30 a. m. all lights in the city went out. Ten minutes later, they were on—for about 10 seconds. Street lights came on at 11:52 a. m. and were off and on intermittently after that time, till they were turned out by electric officials. About 12:18 p. m. the dunes have began to lift, but the lights didn't go on again till 12:33 p. m. Then off at 12:35 p. m., on at 12:31 p. m., off at 12:33 p. m., and on at 12:36 p. m. At 1 p. m. the skies were getting lighter, but the wind, if anything, was blowing harder than ever—and that meant the sand, dust and dirt were whipping around with it. Moisture began to fall shortly after 1 p. m.

### Baptist PR Official To Preach Sunday

Rev. Leonard Holloway, director of the public relations department for the Baptist General Convention of Texas, will be guest preacher at the First Baptist Church here Sunday at the morning and evening services. Dr. E. Douglas Carver, pastor, is leading revival services in Herington. Rev. Holloway, a veteran of World War II, is a graduate of Oklahoma Baptist University and has an M.D. degree in public relations from the University of Oklahoma. His present duties include being responsible for press and photography coverage of Baptist activities in the state. He produces four radio series used as public service programs by 78 stations in Texas. He has a weekly television program in Dallas, and illustrates, writes and edits promotional literature for the Convention. He recently started a program of producing promotional films of Texas Baptist mission work.

### Pampa Host To VFW Session

Pampa Veterans of Foreign Wars post will be host Saturday and Sunday to approximately 200 members of units in 15 district counties, according to Buddy Hogan, commander of the post here. Registration will begin at 1 p. m. Saturday, followed by a dance at 9 p. m., which will be open to the public. An Amarillo band is expected to provide music for the dance. A business session will be held at 10 a. m. Sunday, and the two-day meet will close with a luncheon at noon, featuring John E. McKelvey of Electra, senior vice commander of Texas, as guest speaker. Another noted guest expected to be on hand is C. R. Shroyer of Lubbock, district veterans service officer.

### Murderer Dies In Electric Chair

HUNTSVILLE, Tex., Feb. 19.—UP—Twenty-five-year-old Walter Collins Green went to his death in the electric chair at the Texas state prison here early Friday maintaining to the end his death sentence was unjust. Green died for the Feb. 15, 1952, slaying of Fred W. Eldridge, a salesman, in park near Van Horn in West Texas. Green, who had served earlier prison sentences, contended to the end that the gun which killed Eldridge was held by a man, as yet unidentified, known to him only as "Slim."

### Arizonan Speaks In Pampa Sunday

Mrs. Earnest Geer of Starford, Ariz., will speak at 3 p. m. Sunday in the Central Baptist Church. Her ancestors were active in the Mormon movement, and all of her forefathers were prominent in the Mormon church. Mrs. Geer has appeared on many programs over the Southland and was featured speaker at the Texas Baptist Convention this year. The public is invited.

### DUSTER

(Continued from page one) degrees forecast for Friday night. Dust to Cover State Forecasters predicted that the dust will cover all of Texas and Oklahoma in the next 18 to 24 hours, but only a small part of Texas was included in the tornado warning. The weather bureau at Oklahoma City said the danger area for thunderstorms, hail and possibly tornadoes is along Red River and is bounded by Comanche, Checotah and Smithville, Okla., and Gainesville, Texas. Hail was reported in the Wichita Falls area. A thunderstorm broke over the Dallas-Fort Worth sector and rain fell in East Texas. Light snow was reported at Priona, along the New Mexico border, in the lower Texas Panhandle.

### OKLAHOMA

(Continued from page one) tests (4,567-4,602 feet, 4,609-4,636 feet), oil came to the surface in 41 minutes and flowed an estimated 20 barrels an hour; recovered was 230 feet of oil. A fifth drill stem test (4,609-4,654 feet) and the hole was open three hours, 37 minutes; gas came to the surface in three minutes and oil, in 87 minutes. The rate of oil-flow was 19.6 barrels, the first hour; 16.4, the second; and 9.8, the third. Recovered were 800 feet of oil and 150 feet of slightly salty water. Twenty-minute shut in pressure: 900 pounds.

### Plans Furthered For Local Optimist Club

A group of Pampa men will meet with representatives of the Borger Optimists Club at 8 p. m. today in Johnson's Cafe dining room to make further plans for establishing a chapter here. Ten Pampa men met last week to discuss the situation with the Borger group, and each man is requested to bring another interested person to tonight's meeting. If established here, the club would sponsor boys' activities and might back Little League baseball.

### Guest Speaker Is Missionary

W. O. Harper, missionary to Nigeria, W. Africa, will be guest speaker at the Hobart Street Baptist Church at 11 a. m. and 8 p. m. Sunday. He will speak on the overall situation in Africa at this time, especially in the political and religious fields. The public is invited to the services.

Persons informed on how underground water districts are organized under Texas laws, will be present to answer questions. Everyone is invited to participate in the discussion.

### MOD Totals Will Be Known Today

The March of Dimes' final campaign results are expected to be reported at a meeting of the board of the Gray County Infantile Paralysis Association at 5 p. m. today in the Chamber of Commerce office, according to Dr. Douglas Nelson, president. The total figures and breakdown were to be compiled earlier in the afternoon by Fred Brook, MOD city chairman; Leslie Hart, MOD county chairman; and Mack Hiatt, MOD finance chairman. "We don't know if we can make it or not, but we hope to," Brook stated. No other business is on the agenda, Dr. Nelson advised.

### Opening Date Set For Armory Bids

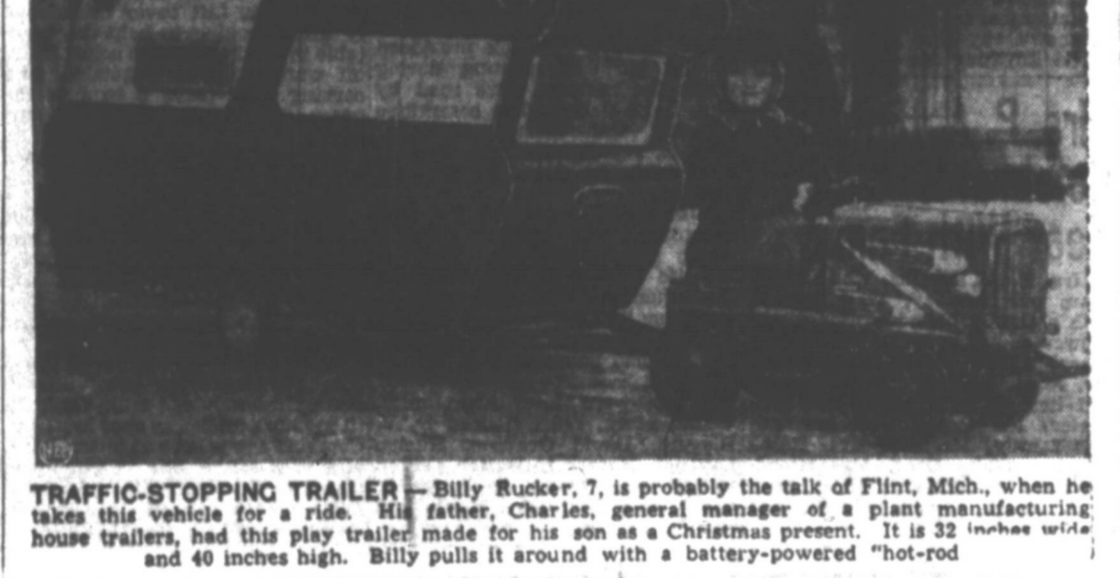

That March 11 date for the opening of bids for the proposed Texas National Guard armory in Recreation Park is now official. A legal notice in today's issue of The Pampa Daily News states that sealed bids will be received by the Design and Construction Division, State Board of Control, Austin, until 10 a. m. March 11 for the construction of an armory building at Pampa. Plans, specifications and instructions are available at the Board of Control, the notice states.

### Court In Session

District Judge Lewis M. Goodrich was holding his regular Friday court late this morning and had granted two divorces by 11:30 a. m. Tentatively slated on today's court agenda was the case of G. B. Cree Jr. vs. Dollie Adams Oil Corporation, concerning a sworn account. Court House sources didn't know of anything else coming up.

### Traffic-Stopping Trailer

Billy Rucker, 7, is probably the talk of Flint, Mich., when he takes this vehicle for a ride. His father, Charles, general manager of a plant manufacturing house trailers, had this play trailer made for his son as a Christmas present. It is 32 inches wide and 40 inches high. Billy pulls it around with a battery-powered "hot-rod."

## Stars Tell New Family Diet

(EDITOR'S NOTE: Here's the first of seven articles in a unique two-way diet plan for the whole family—the ones who can eat no fat and the ones who can eat no lean, as the Jack Spratt rhyme goes. The big-star man and wife tell their experience with the diet are the Jose Ferrers (she's Rosemary Clooney). Along with their story, Adele Garner, a top nutrition expert for business, industry and magazines, details a diet you can follow for the same results.)

By ROSEMARY CLOONEY  
(Written for NEA Service)

My first year of marriage has taught me that the role of home-maker is far more complex than many people are willing to admit. The fact that I am continuing my singing and acting career does not, I believe, allow me to assume that I can overlook the major household duties. So, although my life is a busy one, I consider it my responsibility to create a real home atmosphere.

Like many married couples, the Jose Ferrers (Rosemary Clooney) have opposing weight problems; he must guard against losing weight, and she, against gaining. Though they start breakfast (above) on equal basis, with fruit juice, there will be important differences in the remainder of the meal. In planning the daily menu, Mrs. Ferrer follows her doctor's advice on weight control.

When I first faced the problem, I was inclined to throw up my hands. Our weights, after all, were not too far off beam.

But thinking it over, I realized that adjusting our diets now would prove far less troublesome than the problems we'd encounter were I to let things follow their bent. My husband agreed with me and we decided to visit our doctor to gether before formulating our plans.

Your doctor may want to make minor changes in this plan, to meet your individual problem. Eat no more and no less than the diet calls for and never skip meals. Each day's food is planned as a unit and should be eaten as such. For example, do not use Monday's lunch with Friday's breakfast if you're really interested in getting the best results.

## GRACE FRIEND

I would like to know where, when and how the phrase "One in the hand is worth two in the bush" originated and where I might find more information.

Mrs. S.  
The saying appears in a book compiled by John Heywood (1497-1580) entitled "The Proverbs of John Heywood" which is the earliest collection of English colloquial sayings. It was first printed in 1546.

The title of the edition printed in 1562 is "John Heywoodes Workes. A dialogue conteyning the number in effect of all the proverbs in the English tongue." He quotes it "Better one byrde in hand than ten in the wood." He also used the expression "A bird in hand is worth two in the bush" in Chapter four, Book three.

Miguel de Cervantes (1547-1616) famous Spanish author of "Don Quixote," used the expression "A bird in hand is worth two in the bush" in Chapter four, Book three.

## Best Time To Plant Shrubs Is Right Now

By MISS HELEN DUNLAP  
County Home Demonstration Agent  
This is the time of year to be planting shrubs and trees, while they are in the dormant stage. In other words, the sap is down and the plant is in the resting stage. In order to give them a good chance to survive the summer weather, plant them carefully. The holes should be made large enough to take care of the root system without crowding. Top soil should be placed at the roots and pressed well to push out the air pockets. Deep watering, before the soil is pulled up loosely about the top part of the hole, is another aid in successful planting of transferred plants. Remember too, that tops of bare-rooted plants should be pruned back about one fourth to one third, as you try to balance them with the disturbed root systems.

Another aid to getting plants ready to withstand the summer weather, is to work into the soil, two to four inches of humus, such as decayed grass, leaves or vegetable refuse from the kitchen. This material serves as a sponge in holding moisture for the plants' use. In selecting shrubs, it is well to consider the places they will occupy. Low growing ones blend well, and are especially desirable around modern homes. By spacing them carefully, much pruning may be avoided to prevent the limbs from rubbing near-by structures and to prevent the plants crowding each other. They should be planted at least three feet from walls, and the distance between each plant depends upon the size and the nature of growth of each one.

When purchasing plants, it is wise to select those adapted to the area to which they will be planted. For example: red-buds will grow in the Panhandle, if obtained from nurseries near by. If brought directly from East Texas, the leaves will be yellow and the plants very little. They will have a generally unthrifty appearance. Some of the low growing types of shrubs, which are adapted to this section are: nandina, pitzer juniper, and the dwarf junipers. The coral berry, winter flowering jasmine, mahonia or Oregon grape, spirea Van Houtte, and flowering almond also do well.

## Ruth Class Plans St. Patrick's Banquet

A Valentine social meeting was combined with the monthly business meeting of the Ruth Class of the Central Baptist Church recently in the home of Mrs. B. E. Higginbotham, 841 S. Nelson, with Mrs. C. H. Hunter as presiding officer.

Opening prayer was led by Mrs. Helen Lunsford, associate member and Mrs. Robert Huthines, teacher, gave the devotional from James 5:15 urging prayer for one another.

Names were drawn for secret pals and plans discussed for a St. Patrick Banquet to be held in Fellowship Hall March 5.

Mrs. Higginbotham directed a play "A Bird in the Hand" in which Mrs. Mmes. Hunter, Helen Lunsford, Huthines, Earl Griffin, Nat Lunsford, J. Corneas, E. E. Davis, D. C. Bayless, Fred Williams, E. E. Champion and Mrs. Dewey Lunsford.

## Christian Women Have Meeting

Business and Professional Club members presented the program at a recent meeting of the Christian Women's Fellowship in the Church parlor. Mrs. T. J. Wright introduced a skit on creating and cultivating interest in inactive members of Christian Women's Fellowship. Mrs. Josephine Blaylock played Mrs. Inactive and Mrs. Leatrice Bell Corvallis was Mrs. Active.

A short business meeting was conducted by the president, Mrs. B. M. Enloe. The devotional was given by Mrs. O. W. Allison. Mrs. W. C. Chapman presented the solo accompanied by Mrs. Wright. The meeting closed with the Christian Women's benediction. Refreshments of coffee and doughnuts were served to about fifty women.

Two Escaped Convicts Sought  
AMARILLO, Feb. 18.—UP—Melvin Lyband, 31, and George Lowry, 30, both escaped convicts from Alabama, were hunted in the Texas Panhandle Friday after their car was found abandoned at Amarillo. The men were believed seen in Lubbock, early Thursday.

**MARRIAGE ANNOUNCED** — Mr. and Mrs. N. B. Ellis, 1352 Garland, have announced the recent marriage of their daughter, Pat, to Richard A. Troessner, son of Mr. and Mrs. N. A. Troessner of Lowell, Mass. The couple will continue their studies at Baylor University in Waco where Mrs. Troessner is a senior. Her husband, who is stationed at the Waco Air Base, also attends night classes.

## Wives Always Treasure Those Gifts From Hubby That Are Unexpected

An unimaginative husband figures that if he buys his wife three presents every year — Christmas birthday and wedding anniversary — he is a thoughtful husband.

A man who understands women better, knows that it is the unexpected gift that really makes a woman feel set-up.

The cost of the gift isn't important. It is the knowledge that her husband bought her a gift just because he wanted to that makes it worth so much.

Whether he brings her a bunch of spring flowers, a box of her favorite candy, a whodunit he thinks she will enjoy or whatever, he is sure to please her far beyond the cost of the gift.

If you don't believe that, men, here's the reason for it. The average wife and mother spends an awful lot of time and effort in catering to the wants and preferences and tastes of her family.

Mrs. P. A. Higgins Celebrates 72nd Year With Family  
Mrs. P. A. Higgins, who was 72 years old Tuesday, was honored with a family birthday dinner and shower at her home at 414 Yeager recently. Hostesses were her daughter, Mrs. Woody Pond of Canyon, and her niece, Mrs. James Lancaster, 625 Doyle, and her son and family, Mr. and Mrs. Ralph Higgins, White Deer. Also attending were Mrs. Higgins' sister, Mrs. A. L. Spain, Corpus Christi, and Mr. Higgins.

## Serve Finest Quality Beef While It's On Plentiful List

By GAYNOR MADDOX  
NEA Food and Markets Editor  
Now that tremendous supplies of top-quality beef are beginning to arrive in our markets, let's splurge and have a tender, succulent rib meal, how about serving Yorkshire pudding with it.

When we think of beef, we should think of "The Complete Meat Cookbook" by Beth Bailey McLean and Thora Hegstad Campbell. This book is the last word on meat cookery. Here are some suggestions taken from the volume:

**How to Cook Beef Roasts**  
Place the roast fat side up in a shallow open pan. The rib bones in a standing-rib roast keep off the bottom of the pan. Place a rolled-rib roast on a rack in the bottom of the pan. Insert a roast-meat thermometer into the center of the roast.

Do not wash the roast. It may be wiped with a damp cloth or paper towel. Do not add water or cover the roast.

## Cook's Nook

Fresh winter fruits and vegetables, such as apples and vitamin A-rich Brussels sprouts pack health and pleasure into family menus.

In Pittsburg, Kan., at the home of Mrs. L. F. Fadler, we found this remarkable recipe. Not only we, but Mrs. Fadler's husband, four children and her grandchildren, vote her the "pin-up girl" of fresh vegetable cookery.

**Fresh Brussels sprouts with Lemon Cheese Sauce**  
(8 servings)  
One basket fresh Brussels sprouts (1 1/2 pounds), 1/2 teaspoon salt, 1/2 teaspoon sugar, 1-inch boiling water in pan.

Wash Brussels sprouts. Trim off imperfect outer leaves and bits of stem ends. Soak 20 minutes in cold, salted water, using 1 teaspoon salt to 1 quart of water. Place in saucepan; add salt, sugar and pour in boiling water. Cover.

Cook 10 to 15 minutes or until just tender. Lift cover occasionally while cooking to help the vegetable to retain its green color. Drain off water. Spoon vegetable into serving dish (save 5 to 8 of the greenest Brussels sprouts for garnish).

Cover with Lemon Cheese Sauce made as follows:  
Lemon Cheese Sauce  
Two tablespoons margarine or butter, 1 tablespoon flour, 1/4 cup milk, 2 egg yolks, beaten, 1 tablespoon fresh lemon juice, 1/4 cup grated Cheddar cheese, 1/2 teaspoon salt, 1-16 teaspoon ground black pepper.

Melt margarine or butter in sauce pan. Remove to heat. Stir in flour. Gradually add milk. Cook until medium thickness over low heat. Combine egg yolks and lemon juice. Mix with sauce. Stir in remaining sprouts. Garnish with additional grated cheese, paprika and Brussels sprouts saved for that purpose.

Getriches are an important crop on the Argentine pampa. Their wing and tail feathers bring high prices and provide a yearly harvest.

## Lefors Coed Active At North Texas State

DENTON, Feb. 19 — Rebecca Breining, daughter of Mr. and Mrs. W. C. Breining, Lefors, has been initiated into Gamma Beta chapter of Kappa Delta, national social sorority, at North Texas State College.

Miss Breining is a junior music education major. She is president of Mu Phi Epsilon, national professional music sorority, Music Educator's National Conference member in member of senior Mary Arden club, a Cappella choir, and was elected to Who's Who in American Colleges and Universities.

Thirty-three co-eds in Zeta Phi Gamma, local social sorority, became members of the national organization in three-day ceremonies last Friday through Sunday.

The NTSC chapter is the first collegiate chapter in Texas, but there are several alumnae chapters throughout the state. The organization has 83 student groups and 225 alumnae groups in the nation, with 40,000 members.

### Five Texas Cities Report Rabid Dogs

HOUSTON, Feb. 19 — Rabid dogs were reported in five Texas localities Friday and authorities urged stringent control measures ranging from quarantine to shooting of all strays.

The situation appeared most serious in South Texas, but outbreaks of rabies also were reported in such widely distant cities as Amarillo and Fort Worth.

A veterinarian at La Marque, near Galveston, said he saw a rabid dog running loose on the streets Thursday, and the Hidalgo county health officer said packs of stray dogs were roaming through the Lower Rio Grande Valley.

The situation in Cameron county, adjoining Hidalgo along the Rio Grande, was described as "a definite emergency," and in Houston, the state's largest city, Mayor Roy Hofheinz said there was a "semi-epidemic" of rabies.

At least eight rabid dogs have been diagnosed in Cameron county and Dr. Charles E. Miller, Hidalgo county health officer, advised farmers to "take matters into their own hands" to prevent the spread of rabies.

In view of the fact there are no laws outside cities to govern dogs, we can't do anything," Miller said. But he pointed out farmers could kill strays on their own property.

Houston humane officers have impounded more than 1,200 dogs in the past week, and a county official asked Gov. Allan Shivers to include statewide rabies control measures in his call for a special legislative session scheduled next month. Shivers said he would ask the Legislature to act if it finishes its other business in time.

A 30-day quarantine on all dogs was imposed earlier this week at Amarillo, and in Fort Worth, two dogs were held for observation after an 83-year-old man was attacked.

### Big Four Meeting Was Near Failure

By PHIL NEWSOM  
United Press Foreign Analyst  
The week's balance sheet between the good and bad news in the hot and cold wars:

**THE GOOD**  
1. The Big Four foreign ministers saved their Berlin conference from total failure by agreeing on an Asiatic peace conference with Red China; the suggested date and place to be April 28 in Geneva, Switzerland. While Red China still is to be heard from, the West gains the point that the meeting should deal only with specific problems and should not be considered world recognition of the Red China. The West conceded a point when it agreed Russia would not be classed as a Korsa belligerent. Mostly, it was a victory for French Foreign Minister Georges Bidault who now could go home with some hope of a negotiated truce in Indo-China.

2. Britain announced a record peace-time defense budget of \$4.5 billion and disclosed for the first time that she is manufacturing atomic weapons and that some already have been delivered to her armed forces. Coming on the heels of Big Four failure to agree either on treaties for Germany or Austria, the white paper announcing the new budget provided encouraging proof of Britain's continuing determination to arm against aggression. It also should encourage a sagging France and Italy toward ratification of the European defense community.

3. Iran and Britain moved steadily toward agreement which will return Iranian oil to world markets and restore to Iran the oil revenues she needs to save herself from bankruptcy, and halt her drift toward chaos and eventual communism. Experts reported Iran's Abadan refinery, the world's largest — not too badly damaged after two years of idleness.

**THE BAD**  
1. The end of the Berlin conference left some 25 million East Germans and Austrians with no prospect but more years of life behind the Iron Curtain. Continuation of Soviet occupation of both East Germany and Austria also meant no end to cold war tensions. For the West it was positive proof that whatever changes may have occurred inside the Kremlin since the death of Stalin, Russian foreign policy has not changed. And from Soviet Foreign Minister Vyacheslav Molotov himself came proof that Red ambitions now extend right to the English channel.  
2. In Calcutta, a school teacher's strike for higher pay flared into violence which developed into some of the worst rioting since India achieved her independence. Communist agitators stirred up the 15,000 demonstrators with anti-American slogans, and at least six persons were killed and scores injured.

THEY'RE ALL PROUD—When Burton A. Kolman, of Chicago, Ill., graduated from DePaul University, his dog "Chief," and wife, adjusting his mortarboard, were interested spectators. Kolman, 21, blind for six years, earned a law degree with cum laude honors.

### Rancher Guilty Of Smuggling Counts

AUSTIN, Feb. 19 — UP — A Del Rio, Tex., rancher was found guilty Thursday on five counts of transporting 87 smuggled cattle.

The rancher, William L. Babb, was one of three men indicted in connection with smuggling of 88 head of Charolaise cattle, a rare French breed, from Mexico to Texas and eventually moving them to Louisiana.

Alphe A. Broussard, Lafayette, La., to whose ranch the cattle went, pleaded guilty and will be sentenced March 1. Antonio Enrique Gilly, a Mexican rancher and original owner of the Charolaise, hasn't been brought to trial since he is in France.

# It's Your Deal

By OSWALD JACOBY and ALFRED SHEINWOLD  
Written for NEA Service

"Is there any way for three persons to play gin rummy, with all three playing actively?" asks a Chicago reader.

Yes, indeed. There is the three-hand game known as battle royal gin rummy. Fast, tough, and more fun than the proverbial barrel of monkeys.

Each player is dealt 10 cards, and the next card (31st) is turned face up. If the first player refuses the upcard, the next player may take it; if he refuses it, the dealer may take it.

If all refuse the upcard, the first player begins by taking the first card of the stockpile. Thereafter all play in turn, from left to right (clockwise), as in any game for three or more players.

At your turn, you may take the top card of the stock or either of the two previous discards. Sometimes this gives you the chance to pick up your own previous discard — if you happen to want it.

If you knock successfully, you score what you win from each opponent. For example, suppose you knock with 1 points, catching one opponent with 15 and the other columns are kept on the scorepad, from one opponent and 16 points

from the other, for a total score of 24 points.

If you knock unsuccessfully, the player who beats you scores the two totals, together with a bonus of 25 points for the undercut. For example, suppose you knock with 7 points when one opponent has 15 and the other has 2 points. You get nothing. The man with 2 points beats you by 8 points and the other fellow by 13 points and gets a total of 45 points.

Gin is very rare and seldom worth going for. If you do go gin, you get a bonus of 50 points.

Laying off in case of a knock is a bit complicated. The second player may lay off directly on the hand of the player who knocks. The third player may then lay off, but only on the hand of the player who knocks; he may not lay off on the hand of the second player.

In the case of an undercut, however, the player who threatens to lay off by the other opponent; but the original knocker can never lay off.

Game is 200 points, and there is a bonus of 100 points for the game. Boxes count 25 points each. Three with 25 points. You get 8 points one-for each player.

WRAPPIN' IT UP — Pampa Lions Club members Thursday noon wrapped up the candy and the final plans for the 1954 edition of the Lions Club Minstrel, scheduled for 8 p.m. March 1 and 2 on the stage of the Pampa Junior High School auditorium. Here a tableful of Lions grab cardboard boxes, reach for candy and prizes, stuff them into boxes, close them up and pile them in a corner. The whole thing was done in 45 minutes. (News Photo)

## Show Dates Are March 1-2 March Will Roar In Like A 'Lion' — It's Minstrel Time

March will roar in like a "Lion" as a matter of fact, it'll roar in with the 1954 Pampa Lions Club Minstrel Show.

For the annual "black-face" production will be held at 8 p.m. March 1 and 2 on the stage of the Pampa Junior High School.

That decision was reached early Thursday afternoon by the Minstrel steering committee of the Pampa Lions Club, following the regular club meeting.

The original dates of Feb. 25 and 26 were chucked because they conflicted with the bi-district basketball games between the Pampa Harvesters and the winner of the 2-A matches, which the El Paso Tigers are favored to win.

The following weekend — March 4 and 5 — could not be used for the show because the state tournament, including probably the Pampa Harvesters, is scheduled there in Austin. And Wednesday is church night in Pampa, that left only a Monday and a Tuesday as possibilities.

Reserved seats for the show went on sale this morning in Richard Drug, although general admission tickets have been on sale for the last week or so. General admission prices are \$1 for adults and 50 cents for children. A reserved seat is 25 cents more.

A rehearsal of all members of the show was held Thursday night in the Palm Room of City Hall. The rehearsal slated for Sunday afternoon has been cancelled and is to be decided upon Thursday night.

The only dress rehearsal will probably be Feb. 28 in the junior high school auditorium.

Following dinner Thursday noon, club members cleaned off the tables and wrapped candy that will be sold during the show's intermission. The hauling of the candy, which is generally considered a definite part of the show.

It took some 20 minutes for all the candy and its prize in every package to be stored away in boxes. Stacks of boxes in the corner of the First Methodist Church.

### McCarthy's Wife Hurt In Wreck

NEW YORK, Feb. 18 — UP — The wife of Sen. Joseph R. McCarthy (R-Wis.) was injured here when a taxicab in which she and her husband were returning to their hotel from a dinner party was ranned by another automobile.

The senator was not injured. His wife, Jean, 28, suffered minor injuries to her right ankle, knee and hip. She was treated by a physician at the McCarthy's Waldorf Astoria suite.

Police said the taxicab occupied by the senator and his wife was struck by an auto operated by a driver who was booked on drunken driving charges and driving without a permit.

Portia, Law School, Boston, was the first law school in the world devoted to the legal education of women.

## Exemptions Reduce Bite All Income is Not Subject To Taxes

EDITOR'S NOTE: This is the third and last of a series on income taxes.

By RICHARD E. MOONEY  
WASHINGTON, Feb. 19 — UP — You don't have to pay federal income taxes on every penny you earn.

Exemptions and deductions ease the blow by reducing the amount of income on which you must pay taxes. And some kinds of income are tax-exempt.

You don't have to pay taxes, for example, on federal Social Security or old-age insurance benefit checks on veterans' disability payments, or on certain other types of pensions. A scholarship is tax-free if it pays for your education (but not if used to support research work). An inheritance or gift is not subject to income tax.

You do have to pay taxes on salaries, wages or any other kind of compensation received for the work you do; profits and gains from a business, profession or farming; gains from sale of securities or property; alimony; bonuses; contest prizes; dividends; gambling winnings; some pension and retirement pay; rents, royalties; rewards, tips and any buried treasure you may find.

Here are the two methods by which part of this can be stricken off for tax purposes:

Exemptions

In addition to a \$600 exemption for yourself, you may claim additional \$600 exemptions for all dependents (any close relative for whom you provide more than half the year's support).

"Close relatives," by official definition, include: Natural and legally adopted children, parents, grandparents, brothers, sisters, grandchildren, stepchildren, stepmother and father, blood uncles, aunts, nieces and nephews, and in-laws.

To qualify as exemptions these close relatives must not have had more than \$600 income of their own and must also be U.S. residents or citizens, or residents of Canada or Mexico. This means relatives who are otherwise eligible may not be claimed as exemptions if they live in Europe, the Far East or other parts of the world, no matter how much money you contribute to their upkeep.

There is also an extra \$600 exemption if you are blind, and another if you are 65 years old or older. If your wife appears on your return, you may claim an extra \$600 if she is blind or 65. But each "close relative" dependent is only one exemption, regardless of age or vision.

Deductions

For most wage-earners it is best to take the standard 10 per cent deduction for non-business expenses. If your deductible items are more than 10 per cent of your income, however, you would do better to list them on your return one by one and claim them all.

Whether you take the standard deduction or not, you may also deduct certain costs involved in earning your living; union dues, special uniforms (such as for police and waitresses), necessary business entertainment and travel, meals and lodging if you are away from home on business over one or more nights. None of these business expenses are deductible if your employer reimburses you, and for that reason wage-earners have no deductible business expenses.

If you decide to itemize your deductions, you can claim all you paid out of interest, all your charitable contributions (up to 30 per cent of your income) and most of the income, property, automobile and sales taxes you have paid to your state, county or city. You may also deduct uninsured losses from fire, storms or other disasters.

Medical Expenses

Medical expenses are deductible only when they are more than 5 per cent of your adjusted gross income (total income, minus any business expense deductions), and then only the amount over 5 per cent is deductible. For people 65 years old and older, all medical expenses are deductible.

Deductible medical expenses in-

### Ill Wind May Blow Him Money

FORT WORTH, Feb. 19 — UP — A district court jury's decision on which way the wind was blowing Nov. 6, 1951, may mean \$12,996 for Homer Crouch, a Burleson farmer.

The jury found Wednesday that sparks from a Missouri-Kansas-Texas railroad section gang fire set the farmer's barn afire Nov. 6, 1951, destroying his tractor and 7,000 bales of hay.

The railroad contended the wind was blowing in the opposite direction that day, and would have blown any sparks away from the barn.

Crouch will receive the money if Judge Harris Brewster enters a judgment in line with the jury findings.

He will receive the money if he includes hospital and doctors' bills, nursing, dentistry, eye glasses, hearing aids and batteries, false teeth and artificial limbs, seeing-eye dogs, vitamins prescribed by your doctor, payments to Christian science practitioners and qualified psychologists, and premiums paid on hospitalization, accident and health insurance policies.

If you are reimbursed for your medical expenses, however, you must reduce your medical deduction claim by the amount of reimbursement.

For answers to more of your tax questions, read the instruction pamphlet you received with your return, send for the government's simplified 25-cent booklet on "Your Federal Income Tax," or call on your district director of Internal Revenue or his local representative.

The Hall of Fame of Great Americans was established on the campus of New York University in 1900.

## Come to Church

# The Weekly Message Of Inspiration

**YOU CAN COUNT ON THIS**

"This is a faithful saying and worthy of all acceptance, that Christ Jesus came into the world to save sinners; of whom I am chief."  
1 Tim. 1:15

**Carrol B. Roy, Pastor**  
**CENTRAL BAPTIST CHURCH**  
PAMPA, TEXAS

This is one of Paul's "faithful sayings"; it is something he has tried and proved. In it he declares the substance of the gospel: Christ came to save sinners. It was not to reform the world, not to establish political structures, not to give educational advantages, but to **save sinners** that Jesus came. And that is what man, universally sinful, most needs.

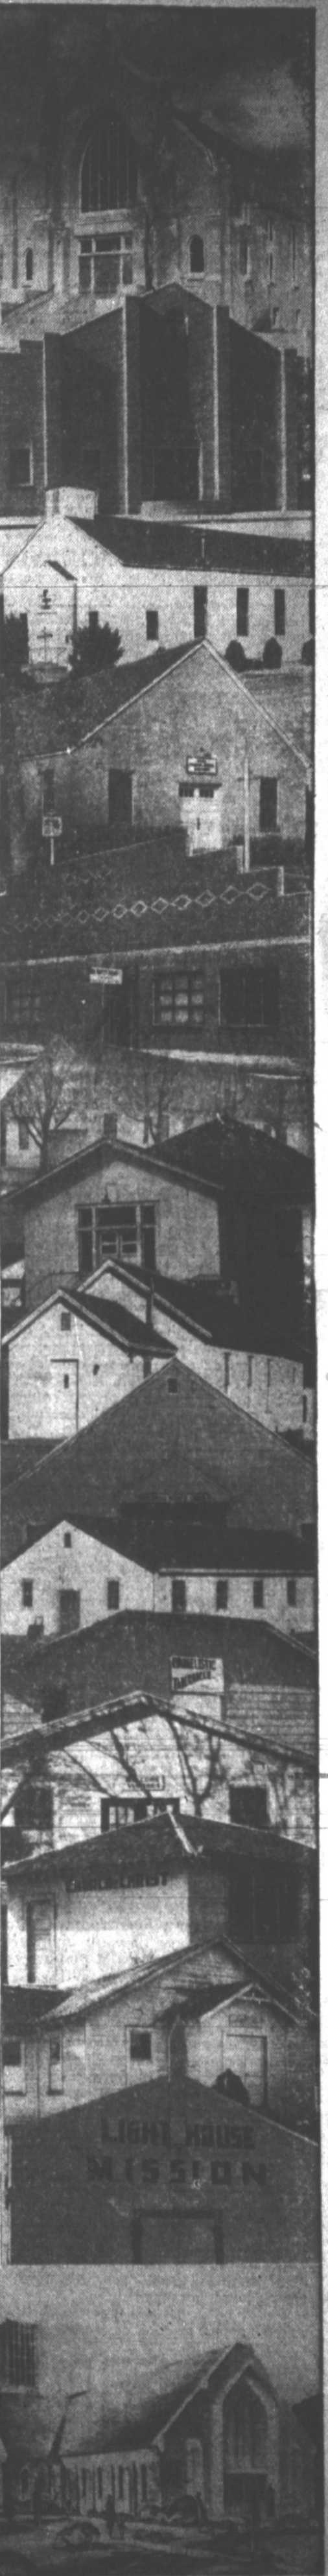

Here, too, is declared the reliability of the gospel: this saying is faithful and worthy of acceptance. You can count on this!

# James, Jameson record year-Cut Decisions

## Locals Have Won All 4 Bouts In State GG Thus Far

By JACK HOLDEN  
Special Correspondent  
PORT WORTH, Feb. 19 — Pampa's salty leather-slingers kept Amarillo team title hopes high Thursday night, taking two rousing decisions in the 18th annual state Golden Gloves tournament here.

With the big show two days gone, Pampa has sewed up three victories in as many outings, all by decisions.

It was flyweight Elmo Sams, three-time title-winner in the Amarillo region, and bantamweight Duggie Jameson, Wellington High School student, who chalked up Amarillo's third and fourth triumphs over the state.

There was no question about either one of these, Sams outpointed Domingo Coronado, 113, of Dallas, for a clear-cut decision. Sams took the offensive from the opening gun, crashing his left hook late in the fight.

There was a question about the third, Sams outpointed Domingo Coronado, 113, of Dallas, for a clear-cut decision. Sams took the offensive from the opening gun, crashing his left hook late in the fight.

Jameson's aggressiveness was reminiscent of the first night determination of Bobby Whigham. Pampa welterweight, Jameson's left hook, which he used frequently, was the high light of his first round. Vasquez went down and he came back to stick out the fight.

Vasquez kept away from the hard-punching Jameson in the second round as the top-notch Amarillo team members kept pouring the lefts at him. In the third round, Jameson belted Vasquez repeatedly with lefts and telling rights.

The fourth Pampa entry in the state tourney sees action Friday when Kenneth Wood, 126-pound, Shamrock High School, takes on Beaumont's Edward Stephens, 125. "Sunny" Stephens, 22, is employed by the Gulf Oil Co. at Port Arthur. He served two years in the Air Force and won Beaumont's flyweight title last year.

Jameson catches Austin's Joe Rodella, 118, Friday. Rodella, decorated Charles Cox of Houston Thursday night, is in his second year of college. Rodella is a two-year boxer in his first state tournament.

Amarillo's heavyweight Clinton Eskew, 190, lost his Thursday night scrap to Wesley McDonald, 211. Four World title bouts were scheduled last night.

### El Paso Tigers, Harvesters' Foe In Bi-District, Boasts Plenty Of Height

LOOK FOR THE HARVESTERS' bi-district series to be played here without the necessity of a coin toss. This was the guarantee the school officials here to give El Paso enough guaranteed to bring the series here without flipping a coin.

The same guarantee, believed to be \$1,500, was made by PHS last year but El Paso turned it down and elected to go ahead with the coin flipping ceremony.

As you know, Pampa won the EL PASO HIGH SCHOOL, the Harvesters' bi-district opponent, boasts plenty of height. Three of the starting five are at least 6-3.

Both guards, however, are fairly short. Junior Ruiz is 5-8. Fredy Palacios is 5-8. The No. 6 man for the El Paso team is Ernest Limon, 5-8.

The Harvesters will still hold a slight edge in height though. The Harvesters' starting lineup averages a fraction above 6-1 while El Paso's starting five is just over the 6-0 mark.

But reports have it that El Pasoans are excellent rebounders. Ray Sanchez, sports scribe of the El Paso Herald-Post, had the following to say about the Tigers: "The Tigers' main point is their rebound ability. They can rebound like demons."

Their shooting isn't so hot. In six district games, they've shot 323 times and made only 109 goals for a field goal percentage of 33 per cent.

Sanchez goes on to say that Ruiz is the "golden boy" of the team. Ruiz, although only 5-9 in height, is one of the team's leading scorers. He is only a freshman.

The top three El Paso scorers are pretty well balanced. Chaves (6-3) is the top scorer with a 12.3 average. Ruiz is next with 11.3 and Mercado follows with 10.8.

The way we see it, the El Paso team isn't going to be pushed over as many seem to think.

**Two Rookies Farmed Again**  
NEW YORK, Feb. 19 — The New York Rangers Friday sent rookies Vic Howe and Aggie Kukulowicz back to their Saskatchewan farm team in the Western League.

The two were called up Wednesday and both saw action in the Boston game. Coach Muzz Patrick sent them down with words of praise, stamping them as "rangers of the future."

## Unknowns Pace Field In Texas Open

SAN ANTONIO, Feb. 19 — UP — The best-known names of the pro golf world had to look well down the list to find their names Friday as a huge par-wrecking field moved into the second round of the 12,500 Texas Open.

With 81 of the 157 players besting regulation 90-36-71 figures over the tight little Brackenridge Park course, the man out in front was an obscure unknown—chunky Rudy Horvath of Windsor, Ont., who flailed 10 strokes off par Thursday with a scintillating 30-31-61.

A free throw by Benny Cartwright in the last second of play gave the Guerrillas the win last night. The gratis toss snapped a 48-18 tie.

The Guerrillas, cold the first half, had to stage a tremendous rally to win last night's encounter. The Youth Center led 12-7 after one quarter and 26-15 at halftime.

## Meet Harvesters in Bi-District El Paso Captures 2-4A Cage Title

By RAY SANCHEZ  
Sports Writer  
EL PASO, Feb. 19 — (Special) — The El Paso Tigers clinched the District 2-AAAA cage title here Thursday night by defeating the Bowls Bears 4-4 for their seventh straight district win without a loss.

The Tigers thus gained the right to meet the defending state champion Pampa Harvesters in the bi-district playoff. Pampa had already clinched the District 1-AAAA crown.

**Juniors Win Lefors Intramural Titles**  
LEFORS — (Special) — The Junior boys and girls were the champions of the Lefors basketball intramurals after the final playoffs Tuesday night in the high school gym.

The seniors started off with the sophomores beating the seniors (both boys and girls). The sophomores boys then whipped the faculty. The Junior boys and girls then played the sophomores for the championship and won. Next on the program was the Jr. boys and girls winning against the two freshman teams.

The senior boys then played the freshmen and won the consolation championship. Freshman girls and senior girls played, the result being the freshman girls winning.

**Castellani-Durando In TV Bout Tonite**  
NEW YORK, Feb. 19 — UP — Cleveland's Rocky Castellani, the world's No. 1 middleweight contender, and slugger Ernie Durando, hardest hitter in the 60-pound division, meet again Friday night at Madison Square Garden in their decisive TV-radiobroadcast "rubber match."

**Raiders Near BC Cage Title**  
LUBBOCK, Feb. 19 — UP — Texas Tech can come within one game of clinching at least a tie for the Border Conference basketball title Friday night by defeating the Temple (Ark.) State five.

Coach Peck Robinson's Red Raiders, one of the top-scoring outfits in the nation with a 78-point per game average and a 17-4 record, is a well-balanced club with no one scorer standing far ahead of the pack.

**30 Golfers Receive Colonial Invites**  
FORT WORTH, Feb. 18 — UP — Sponsors of the \$25,000 Colonial National Invitation golf tournament announced Friday that invitations would be extended this weekend to the first 30 players to compete in the May 26-30 event.

**Orioles, Senators In 2-Player Swap**  
The Baltimore Orioles, new American League entry, traded Roy Stivers to the Washington Senators for Gil Coan in a deal which involved two hard-luck players and no cash.

Both Stivers, 27, and Coan, 28, have been hampered by injuries during past campaigns. Stivers, who played the outfield and first base for the defunct St. Louis Browns last year, injured his right shoulder in 1951 diving for a ball.

series was due to be settled at Midland Sunday where officials of the two schools will convene.

El Paso led all the way here Thursday night in romping past the defending district champs. Bowie's Bears. The Tigers held a 14-7 victory last night's quarter, 31-19 at halftime and 46-31 after three quarters.

Joe Chavez led the Tiger attack with 15 points while Freddie Pacionios followed closely with 14 points. Junior Ruiz, diminutive guard, and one of the leading El Paso point makers for the season, was held to a lone field goal in last night's tilt.

Juan Arrellano led Bowie with 13 points.

The Tigers still have one more game to go on their 2-4A schedule but could lose it and still be the 2-4A champs. The Tigers meet Yale tonight in the season wind-up.

Yale was the only team still in the running for the title prior to El Paso's victory last night. The Yale team won over Jefferson in the first game of last night's doubleheader here, 53-49.

Each won a previous encounter. Castellani of Cleveland, 28, took a lop-sided decision on Jan. 27, 1950. But Durando of Bayonne, N.J., 27, scored a seventh round technical knockout in their riotous brawl on Jan. 11, 1952. Both bouts were staged at the Garden.

No one knows better than Castellani that this is a dangerous fight in which he risks his top rating and his rights to a title shot at the Bobo season-Kid Gavilan winner.

"I'd rather meet any other middleweight in the world," said rugged, brown-haired Rocky Friday, "You can't make a single mistake against Durando; he's such a terrific puncher." Rocky was on the deck three times in their two meetings.

Nevertheless, Castellani was favored at 11-5 Friday because of his skill, elusiveness and achievements since their second bout. Also because Durando has been out of action with an injured shoulder since Oct. 23, when he tagged rugged Charles Humes of France with his first kayo.

"I'll take up where I left off with Humes. In 17 rounds with Rocky I learned just what to do, and I'll do it—beat him out."

After the upset kayo of Humes, Durando was ranked third among middleweight contenders; but his inaction since then dropped him out of the top 10. A victory Friday night would rocket Ernie high into the rankings.

Rocky's total record is: 60 bouts, 53 wins, 5 losses, 2 draws, and 12 knockouts. He was stopped by Durando and Billy Kirov.

Durando had only four fights last year. He lost decisions to Paddy Young and Joey Giardello and was held to a draw by Randy Sandy, and then knocked out Humes.

His total record is: 85 bouts, 53 wins, 15 losses, 2 draws, and 27 knockouts. He was stopped only by Jimmy Flood in 1949.

Habitual Criminal Dies Bewildered In Electric Chair SANTA FE, N.M., Feb. 19—Arthur Johnson, 58, who spent one-third of his life in prison and smashed the skull of a friendly man for \$25, died bewildered in the electric chair Friday.

Johnson's wife also was convicted of first degree murder, but the verdict was reversed by the state Supreme Court because it was proved that she actually helped kill Cabrel.

His jaw clamped tight but his eyes darting bewilderedly about, Johnson was quiet as the executioner, a Texan wearing a tall hat and cowboy boots, strapped him into the death chair. Eighty witnesses sat in front of him.

Johnson claimed at his trial that he killed Cabrel because Cabrel attacked his wife, a convicted prostitute, and molested his young daughters.

His last words before the switch was thrown were: "I only want to say only that I have told the truth and God in Heaven is the one who knows I was telling the truth."

"You'll be able to use the phone in a few minutes—she just glanced this way to see how we're getting along with the dishes!"

# Folk To Die In Arizona Gas Chamber

HOLBROOK, Ariz., Feb. 19 — UP—Superior Judge Don T. Udall Thursday sentenced Carl J. Folk to die in the state gas chamber April 30 for the murder of a young Pennsylvania woman, and rebuked New Mexico officials for having "grossly erred" in allowing him to go free.

Udall accompanied the actual sentencing of Folk with a 400-word statement in which he told Folk the enormity of your sin surpasses the bounds of the imagination in its atrociousness.

Folk, 60-year-old former Clovis, N.M., carnival man, was convicted Saturday of the torture-killing of Mrs. Betty Faye Allen, 22, Watauga, Pa., last Dec. 2. A motion picture trial by defense counsel was denied Thursday.

As sentence was passed, Folk wept three months in a New Mexico mental institution in 1949, declared "I am not guilty." He said "I did not commit murder, or torture. I didn't do anything but tie them up. I am not guilty."

Udall said "the court is amazed by your being at large on Dec. 1, with your recent record of crime. Surely the New Mexico officials grossly erred in giving you vile criminal liberty."

Folk had been examined by psychiatrists after a charge of rape was filed against him in a case involving a 15-year-old girl. He later was released from the institution and in 1952 was declared legally sane.

Mrs. Allen was assaulted and then strangled in the Allen family trailer parked beside Highway 66 on Dec. 2. Folk admitted breaking into the trailer the previous night, but denied the assault and slaying.

Udall commented that "in no place in the annals of crime will one find such a night of torture, sadism, rape and murder...."

# Ballet Classicist 'Grinds' Out First Cinema Number

By ALINE MOSBY  
HOLLYWOOD, Feb. 19 — UP—Ludmila Tcherina, the French ballet star, is dancing for her first Hollywood film, but she does a sensual, eyebrow-raising number she calls "African."

This marks the "first time I have departed from classic ballet," she says, in the understatement of the year.

Miss Tcherina was first seen by movie fans in "Tales of Hoffman," a long-hair English ballet movie. But in her Hollywood debut, the half-Russian, half-French star does a stinky number in "Sign of the Pagan," a cinemascopic spectacle about Attila the Hun.

The confided to friends she was horrified at first at the thought of doing such a number.

But to me she insisted she enjoyed the dance. "A primitive-like thing," it includes grinds, but no "It is rather African and barbaric," announced the exotic brunette in her thick French accent.

Miss Tcherina, virtually save up ballet a few years ago after the death of her husband, who danced with her. During her period of mourning she met Robert Taylor, then recently divorced, in Europe. They merely consoled each other, she explained, and were "only good friends."

"Everybody in Hollywood is so interested in the fact we knew each other," she shrugged.

## Veteran Ft. Worth Newswoman Dies

FORT WORTH, Feb. 19 — UP—Mrs. Lorna Halbert, one of the original 32 employees of the Fort Worth Press, died early Thursday in a Fort Worth hospital.

Mrs. Halbert, 50, had been suffering from an incurable illness. At the time of her death, she was secretary to E. K. Roth, circulation manager of the paper.

She was the last remaining employee of the Press who was on duty when the first newspaper dated Oct. 3, 1921, rolled from the presses.

## Convicts Unreported By Amarillo Police

AMARILLO, Feb. 19 — UP—Police said Friday two escaped convicts from Alabama must have "holed up" or fled from Amarillo. The convicts, described as "heavily armed," were believed to have abandoned a stolen car in South Amarillo yesterday and taken a cab to Sixth and Polk streets in the downtown section.

"They must be holed up and not moving any, or they left town," said Desk Sgt. Arthur F. Patterson. "We had a number of calls during the night, but they all turned out to be false alarms."

The convicts were identified as Melvin Lybrand, 21, and George Lowry, 30. Police said they were seen in Lubbock, Tex., early Thursday.

# 'Switch' Replaces 'Chicken' Teenagers Invent New Death Game

HOUSTON, Feb. 19 — UP—Houston's thrill-seeking teen-agers apparently have found a new motor-powered game to replace the old one of playing "chicken."

It's called "switch." Police officers H. F. Golden and J. B. S. die said Thursday they spotted a couple of youths playing it at 90 miles an hour as the officers chased them early Thursday.

According to the officers, the "game" amounts to one youth getting a car up to high speed then "switching" places with a companion in the front seat without reducing speed.

When the officers stopped Wednesday night's game, a 22-year-old youth climbed out of the driver's seat and said he made the "switch" with a 16-year-old companion "to get the kid off a hook."

The 18-year-old was turned over to crime prevention officers and the 16-year-old was released.

## Liquor Dealer Wins US Friends Abroad

DALLAS, Feb. 19 — UP—Scotch-American friendship advanced a step in Dallas this week when a liquor store manager, Taylor Arnold, received a thank you note for sending back to Scotland a billfold he found in a case of liquor.

Arnold said the wallet belonged to a Miss A. Devlin of Glasgow and he found it in a case of (Tan O'Shanter) Scotch whiskey. It contained a few coins and a key.

## Many Consider Marriage A 'Slow Death,' Says Prof

TULSA, Feb. 19 — UP—A Baylor medical school professor believes people shouldn't consider themselves as married and settling down with a family.

"Americans have a tendency to feel that 'after youth there is nothing,'" Dr. Jackson Smith said recently.

"Marriage is death," quipped the Baylor assistant professor of psychiatry.

Smith spoke at a symposium sponsored by the Oklahoma Academy of General Practice and Leger Laboratories. In an interview he said that as a nation "we have no philosophy."

"We are all going to die, and that is the one thing we are not prepared for," he said.

Smith said aged persons are frightened at "the idea of being shunted off into institutions in their old age," and he suggested that they should be kept close to their families as elders.

"Subsistence is pretty high in the 50-age group because they get the feeling they are unwanted," he said.

Retirement should be based on personal capacity instead of age, the Texas professor said. "If a man still has ability he should be allowed to work." He added that

## Segregation Held Legal In Houston

HOUSTON, Feb. 19 — UP—A Texas appellate court has ruled it is legal for the Harris county law library to designate a table for the use of Negroes with a sign "colored."

The First Court of Civil Appeals ruled Thursday that a Negro, Robert Wendell Hainsworth, failed to show any question of infringement of his constitutional rights.

Hainsworth pleaded no discrimination, inequality, no injury or damage, nor did he make any effort to prove any one of such things," said the appellate decision upholding a lower court ruling.

GLAMOR DOLL—An artist's impression of Sylvia Mangano, is being readied for the Viareggio, Italy, carnival. The paper-mache figure will be shown at the yearly festa which features colorful floats and artistic decorations.

## Sheriff Loser On Trip By Air

FORT WORTH, Feb. 19 — UP—Sheriff Harlan Wright will collect \$31.04 for an emergency trip to Big Spring, Tex., that cost him \$125.

Wright, who said he had verbal permission from Auditor J. M. (Star) Williams to charter a plane for the trip, had a loud and bitter argument with Williams before County Judge Gus Brown Thursday.

Williams said he didn't authorize the trip, which was in connection with an investigation into the death of Patty Jenkins Harmon. Her nude body, wrapped in chains, was found in Benbrook Lake last fall. The murder has never been solved.

Candidate Has Four Planks OKLAHOMA CITY, Feb. 19 — UP—Sapulpa Publisher R. P. Matthews was running for the Democratic gubernatorial nomination Friday on a four-plank platform. He said he wanted to abolish "highball government," probe highway construction costs, expand education and investigate alleged liquor payoffs.
