Strong Trend At Year's End Indicates More Gains In 1937

Big Spring today looked back or 1936 as the lest year since the peak of 1929 and as one of the best years

The year saw a new all time high established in postal receipts, saw building permits rise to the highest peak since 1931, and new car sales come within less than 100 of the record volume of 1929.

A record December total boosted

postal receipts to \$60,268.78, shead of the previous peak in 1929 by \$1,-432.48 and a gain of \$4,623:77 over 1935. December receipts amounted to \$7,707.51, an increase over the previous high for the month in 1929 of \$7,627.83.

Building permits, aided by a \$100,000 permit for the construction of a federal building, zoomed to \$1.152.29, nearly four times the \$68,031.26 for 1935, and only slightly under the \$254,442.79 for 1931 when the municipal auditorium and city hall permit was taken out.

New passenger car sales, good all
the way during 1936, finished with a strong upward trend to show a gain of 122 over the total last year and reached 1,176, only 91 under the all time high of 1,267 reached in 1929. A new record for December was hung up with the sale of 140 new cars here during the month. In the matter of building permits, nost of the heavier construction was of an industrial nature and omparatively little of it on new residential property. Those who looked for a gain in 1937 predicted new homes,

WELL, WHAT NOW?

At the end of 1936 we of Big Spring and Howard County have completed a year of wonderful accomplishment, the high spot of which is a more universal understanding of fundamental values, as they affect our ability to better our existence as an economic unit of

It is our sincere wish that the pioneering instinct which has been revitalized within us, through our past few years of wrestling with demoralization and insecurity, will continue to lead us to a solution of those inescapable problems of life, at least to the point when each honest citizen can enjoy security again through the sweat of his brow.

Let us dedicate 1937 to a year of forward movement, and not look back.
