## Russian H-Dust Hits Japan

TOKYO, March 25—UP—A Socialist member of parliament said Thursday that radio-active particles had been falling on Japan from two testing grounds—American's in the Pacific and the Soviet's in Siberia. Dr. Shigeyoshi Matsumae said he obtained the information about the

Soviets "fall out" from American military sources whom he refused to identify. Matsumae, who investigated the Hiroshima bombing, said ashes from the remote Siberian testing grounds had been sprinkled upon Japan regularly, according to his sources.

### 'New Trend in Warfare'

"The use of radio-active dust is the new trend in modern warfare," Matsumae said. He demanded government measures to "protect Japan."

In another development, Japan's lower house foreign affairs committee decided to study the "legality" of U.S. action in extending the danger zone "in open sea" around the Eniwetok-Bikini area where a mammoth hydrogen device was set off March 1.

The decision to extend the danger zone was made by the United States because the effect of the

## Election Held By Lions Club

The Pampa Lions Club this noon was scheduled to elect its new officers and hear a sermon by Dr. Kenneth Copeland, San Antonio.

Six directorships and three of the six directorships were to be on the election block at the regular meeting, according to Boss Lion Ralph Thomas. Joe Tooley and Aaron Sturgeon are the two men who have been nominated for club president.

Dr. Copeland is the president of the Downtown Lions Club in San Antonio, Thomas said.

A number of county agents from the surrounding area were in town today for a conference, Thomas said, adding he thought some of all of them might be on hand for the Lions' meeting.

Velde since has reported that the staff now is "operating smoothly," but Kearney issued a sharp rejoinder.

## McCarthy, Columnist Feud Again

WASHINGTON, March 25—UP—Columnist Drew Pearson Thursday spurred on his reopened feud with Sen. Joseph R. McCarthy by demanding a grand jury investigation of charges and counter charges exchanged by them.

In a letter to Attorney General Herbert Brownell Jr., Pearson said the Wisconsin Republican's charges that he violated the espionage act should be submitted to a grand jury. Pearson said the same jury should investigate five charges against McCarthy involving possible violations of the espionage and corrupt practices acts.

Pearson denied any wrongdoing but told Brownell he "would be delighted to have you submit all of Sen. McCarthy's allegations to a grand jury." He said the same jury should investigate any charges that McCarthy violated the espionage act last September when he published a 75-page "restricted" (See MCCARTHY, Page 2)

## Tidelands Vote Contested By RI

WASHINGTON, March 25—UP—The Supreme Court was asked Wednesday to reconsider its decision upholding the right of Congress to give the states title to the oil-rich, off shore tidelands.

Attorney General William E. Powers of Rhode Island said that if the court does not reconsider its decision, he will file a new complaint based on issues not heard before.

California, Louisiana, Texas and Florida are the states which stand to gain most by the new tidelands legislation.

## Scattered Twisters Reap Havoc In SW

By UNITED PRESS  
A cold front that spawned 13 tornadoes and violent windstorms marched eastward Thursday, leaving one man dead, several injured and a scattered pattern of property damage in the Southwest.

Meanwhile, rain and thunderstorms lashed the Mississippi Valley and the Great Lakes states eastward to Pennsylvania, causing minor flooding in Chicago and Keokuk, Iowa. Snow was general in the northern plains.

Eight of the twisters Wednesday struck or were sighted in Oklahoma and the other five in North Central Texas as high winds, hail and thunderstorms lashed those areas.

One Killed South of Denton  
One man, George D. Franklin, was killed south of Denton, Tex., but police said high winds, rather than a tornado, were responsible. He was crushed by a wooden fence that blew over as he tried to brace it against the wind.

One man was injured at Albany, Tex., two near Bonham, Tex., and another at Stillwater, Okla.

Authorities reported 50 to 60 per cent of houses in Doud City, Mo., were damaged.

## Dick Haymes Asks Passport To Argentina

NEW YORK, March 25—UP—Jobless, debt-ridden crooner Dick Haymes waited Thursday for the Argentine government to decide whether he can travel abroad as a citizen of the South American country where he was born.

Haymes flew to Washington Wednesday with his attorney, Bartley Crum, and spent an hour conference with Argentine Ambassador Hipolito Paz. Embassy officials said later he had applied for a passport.

The singer returned to New York and his actress-wife Rita Hayworth after ducking questions by reporters about how the application for a passport fitted into his plans to fight a deportation order issued against him Tuesday by the U.S. government.

Haymes did not say whether he planned to leave the country while his appeal of the deportation order is being considered. But he commented, "I haven't a worry in the world."

## Three In Custody For Theft-Murder

DALLAS, March 25—UP—Three men sought in the robbery-slaying of Houston bar owner L. H. Tilson were taken into custody here Wednesday night.

Houston Detective Capt. Frank Murray said one of the three was a "hot suspect." One of them is an ex-convict.

Tilson was shot down Sunday in his front yard as he returned from his bar with the day's receipts. Heavy 22 caliber bullets struck him.

Dallas Sheriff Bill Decker said Houston officers were enroute to Dallas to question the trio.

## White Tie, Tails A Must 26th Academy Award Show To Be 'Flossy' Dress Affair

HOLLYWOOD, March 25—UP—Hollywood's most glamorous event of the year, the 26th annual Academy Awards presentation, takes place at Pantages theater Thursday night. Even the television cameras will be dressed in white tie and tails.

Some 2,800 persons are expected to attend. The ceremonies will also be broadcast and televised.

Television coverage will begin at 9:30 p.m. est, with portions of the show originating from New York and Philadelphia.

Triple Point Telecast  
The triple-point telecast is necessary because many of the potential winners are in the East.

## Area County Agents Here For Meeting

County agricultural agents from several Panhandle counties were in Pampa today to attend a conference on horticulture and agriculture engineering.

The meeting was being held in the County court room of the court house and was to continue throughout the day.

Five State Extension Service and Experiment Station officials from College Station were on hand to conduct the conference. They were J. E. Hutchison, horticulturist; William S. Allen and W. L. Ulrich, agriculture engineers; all with the Extension Service, and Dr. D. R. Patterson and Bobby Wilson, both horticulturists with the experiment station at College Station.

Among topics being discussed at the conference were shrubs, gardening, insecticides and farm buildings.

County agents attending included Vick Joyner, Roberts county; Ray Siegmund, Wheeler county; Doug Brown, Lipscomb county; J. W. Thomas, Collingsworth county; M. D. Dyar, Hartley county; Delbert Timmons, Ochiltree county; Warren Pickens, Hemphill county; H. M. Breddlove, Donley county and Marvin Simms, Dallam county.

Also attending the conference were Knox Parr, Amarillo, district agent for the Extension Service, Hosts were Gray County Agent Ralph Thomas and Assistant County Agent Jerry Mobly.

## Absentee School Race Votes Slow

Only one absentee vote had been cast late this morning in any of 12 races on the seven different school boards in Gray County.

That was cast by a Grandview man who made his selection for both the Gray County board and the Grandview board, according to County Clerk Charlie Thut.

The exception is the Pampa school board, for which absentee voting in done in the office of School Business Manager Roy McMillen. But no absentee ballots were yet on hand late this morning in his office.

Last day that county residents can vote in any of the board elections—Gray County, Pampa, LeFors, McLean, Grandview, Alanreed, Hopkins—is March 30. Election Day itself is April 3.

## Senators Bypass McCarthy Demand

WASHINGTON, March 25—UP—The Senate investigating subcommittee moved ahead with preparations for its Army-McCarthy inquiry Thursday without acting on Sen. Joseph R. McCarthy's new demand for interim hearings on communism.

McCarthy charged Wednesday night that it is "ridiculous" to delay his investigation of Reds in defense plants when the subcommittee's regular staff is not working on the Army dispute anyway.

## No Armory Decision Yet

AUSTIN, March 25—UP—Members of the National Guard Armory Board met Thursday to consider bids for a National Guard armory at Pampa.

However, Gen. Dallas Matthews, director of the armory board, said a recommendation might not be in till Friday or possibly Monday.

## Optimists To Get Charter Here Tonight

The newly organized Pampa Optimists club is scheduled to receive its charter and become an official organization at a meeting tonight in the Pine Room of the Schneller hotel.

The meeting is slated to begin at 7 o'clock and the charter will be presented by Larry Payne, St. Louis, executive of Optimist International, according to Buck Francis, acting chairman.

Officers of the club will be elected at the meeting, he said, adding that a nominating committee already has prepared a list of candidates for the offices, including a president, two vice presidents, a secretary-treasurer and five directors.

Members of the nominating committee are John Clark, Bill Ridge and O. Engle.

by-laws committee, composed of George Payne, Joe Fortin and Bob Bailey, will make its report to the club at the meeting.

## Fireman's Death Ruled A Suicide

HOUSTON, March 25—UP—The death of fireman Johnny Lee Kelly, whose nude body was found wrapped with a chain along the San Jacinto River has been ruled a suicide.

Justice of the Peace R. C. Hale of Humble gave the ruling Wednesday. Kelly's body was found Friday after he had been missing for 10 days.

## Commies Say Attaches Left Ample Proof

MOSCOW, March 25—UP—A Moscow newspaper published charges Thursday that American military attaches left documents in a railroad train which indicated they were spying along the Trans-Siberian railway.

The trade union newspaper Trud published the charge, quoting a train conductor as saying he found the documents.

Trud said that a check with the tourist bureau showed that four members of the military staff of the United States embassy were on the train in question.

Named as aboard the train were Lt. Col. Howard L. Felchlin, military attaché; Maj. Martin J. Manhoff, assistant Army attaché; Maj. Walter A. McKinney, assistant air attaché, and Air Force Sgt. Eugene Williams.

Trud said sarcastically that the owners could get back the documents if they applied at the porter's office of the Moscow railroad station.

But chief conductor G. Kharin, who reported finding the documents wrote of the finders:

"If they are by any chance members of the American diplomatic mission in the Soviet Union, they should be expelled for abusing the hospitality of our country."

The American embassy said it had received no formal communication from the Soviet government on the alleged find and no request to send the attaches home. For the present, the embassy said, there was "no comment."

Felchlin, Manhoff and Williams are still in the embassy here. McKinney is somewhere else in Europe, probably in Germany, making up flying time.

Conductor Kharin said that the documents showed the men who left it in the train took photographs of an air field and an oil derrick from the train and made notes of the site of air fields, fuel dumps, radio stations, industrial plants, bridges and power stations.

## French Use Jellied Gas On Commies

HANOI, Indo-China, March 25—UP—Waves of French C-47s and Flying Boxcars dropped 12,500 gallons of blazing jellied gasoline at low level over Red troops besieging Dien Bien Phu in an attempt to burn them to death in their trenches, the French high command said Thursday.

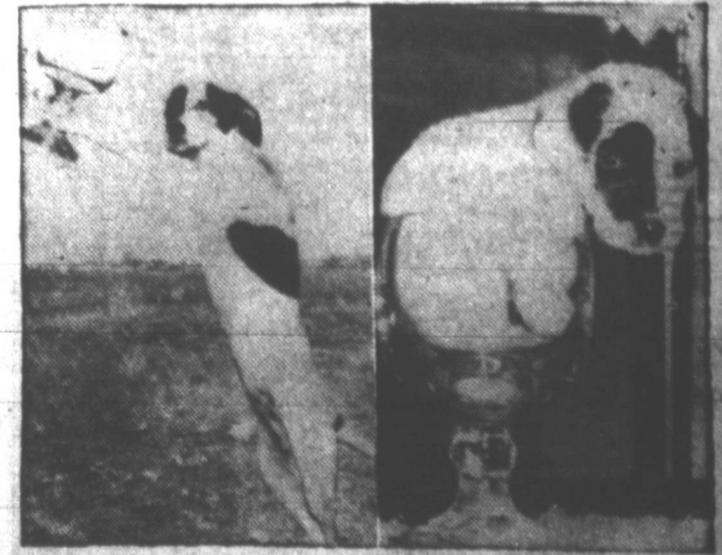

French authorities said the raid, which was carried out Wednesday, was even more devastating than the big napalm raid staged Tuesday.

Scores of fighters and fighter bombers escorted the transports to make the mission one of the greatest of the Indo-China war.

French crewmen said cans of the jellied gasoline on the plane doors down specially-built troughs, the bombs were set to detonate just over the heads of the Red rebels.

On the ground, French reconnaissance patrols slipped through Red lines west of Dien Bien Phu and said the Communists were building up for their awaited final onslaught on the fortress.

French pilots also reported that heavy traffic had been slowed down on the 100-mile supply road that was hacked through the jungle to connect the rebels with the Red China border supply dumps.

# Gas Rate Expert Appointed By City

A Dallas gas rate consultant will appraise and evaluate Pampa's gas system and will testify as an "expert witness" in the District court, Austin, March 10 when the next round of the current gas rate controversy is slated to come up.

E. A. Steinberger, who owns his firm in Dallas, was hired Wednesday afternoon by the Pampa City Commission, meeting in special session for that express purpose.

City Manager Fred Brook explained that the legal firm of Flowers, O'Quinn and Crenshaw in Austin had City Attorney Bob Gordon and advised the immediate hiring of Steinberger. So Mayor Tom Rose, Brook, Gordon and four commissioners met to decide the decision and advised Steinberger.

Steinberger, 48, said today, was the particular choice of Flowers, O'Quinn and Crenshaw, Pampa's lawyers; the Texas Railroad Commission; and the office of Attorney General John Ben Shepperd.

# Fred Hobart Named To U.S. Trade Mission

Fred A. Hobart, prominent Pampa cattleman, is one of 34 trade experts who will go on trade missions to Europe, Latin America and Asia next month to find ways to expand the market for American farm products.

Hobart and the others were named Wednesday by the Agriculture department to make the study. The Pampa group will go to Asia.

According to the United Press, John H. Davis, assistant secretary of agriculture, told a news conference the government hopes the missions will be a "tuning up" job the United States needs to get back to a position of aggressive sales promotion.

He said this was neglected during and after World War I, when demand was booming. The men will look primarily for ways to increase foreign market sales rather than ways to dispose of government surpluses, Davis said.

Hobart will represent the American National Cattleman's association in the survey. He recently attended a cattle industry conference in Chicago to discuss a promotion program in this country to increase beef consumption.

Three others from southwestern states named along with Hobart were Guy Josselyn, Dodge City, Kan., who will go to Southern Europe; George Blair, Lake Charles, La., and J. C. Scott, Oklahoma City, both to Latin America.

The Canadian River Municipal Water Authority's executive committee today was tentatively scheduled to meet at 10 a. m. Monday in Plainview's Hotel Hilton with a representative of Parsons, Brinckerhoff, Hall and Macdonald, of New York City, on the authority's feasibility report.

Former Pampa Mayor C. A. Lefty Huff, who is authority president, late this morning announced the meeting and said he would be accompanied by Robert Maxey, Lubbock, authority vice-president; A. A. Meredith, Borger, authority secretary; and Eric Huggin, authority attorney.

Selection of the Parsons engineering firm was made Monday at a special session of the authority's board of directors in Plainview. A. Bahn Jr., who represented Parsons at past meetings, may well be the one who represents the firm Monday, Huff said.

Purpose of the Monday get-together, Huff continued, will be to sign an acceptance contract and agree on a board outline for the feasibility report on the proposed dam-and-reservoir project near Sanford north and west of Borger.

First part of the report — costing \$35,000 — will be rough draft of the feasibility. If decided, the firm — for another \$13,000 — will go ahead and complete and amplify the report.

McLean To Form New Cub Pack A group of McLean residents are scheduled to meet tonight to select a Cubmaster and den mother for a new Cub pack. Hap Arnold was picked as president of the cub pack group earlier in the week and will preside over tonight's meeting, according to Phil Pegues, Santa Fe District Scout executive.

Eighteen adults were on hand for the meeting in which the new Cub pack was organized, the executive chairman, district organization and extension chairman, sent four scouts to help with the organization — Ray Evans, Adobe Walls Council organization and extension chairman; Bill Craig, district member; Don Cain, district chairman; and Pegues.

Gross Fire Reported Pampa firemen extinguished a small grass fire about 12:15 p. m. Wednesday in the 300 block of E. Frederic, stated a fire department spokesman today. The only damage incurred was to the grass and cause of the blaze is unknown, he advised.

Alman Injured Airman I-C Charles J. Venker, 24, was struck by flying debris in the tornado that struck near Albany. He was cut about the face and arms and taken to Shackelford county hospital for treatment.

Venker was home on a 30-day leave after more than two years in the Far East. Several farms in the Albany vicinity reported damage.

In the Throckmorton, Tex., area, the tornado blew away barns on the farms of Brown Farrot, Alton Sims and Bud Williams and damaged houses belonging to Ewalt Smith and Frank Burton.

Pearson also asked for an investigation of charges that McCarthy accepted \$10,000 from Rep. Alvin Bentley (R-Mich.) and his wife for fighting communism. He said a Senate subcommittee reported the money was used to speculate on the soybean market.

The newsmen further asked Brownell to check McCarthy's finances, because, he said, the senator deposited \$172,623 in a bank account in four years — "a lot of money for a senator with a salary of \$13,500. He said McCarthy had also "borrowed" the bank account of his assistant, Ray Kiermas.

# Red Cross Plans First Aid Classes

Two Pampa first aid instructors will teach first aid classes in April and May if enough people register to warrant it, according to Mrs. L. W. Shotwell, Pampa Red Cross chapter secretary.

The announcement followed a meeting of the chapter first aid instructors at 7:30 p. m. Wednesday in the Red Cross office. The use of the first aid chart for instruction was discussed, along with plans for forming a mobile unit here, Mrs. Shotwell advised.

The chapter must have three instructors to form a mobile unit, and Pampa has 15, she stated. Next meeting of the group will be April 21 when two first aid films will be shown. Titles of the movies are "Danger is Your Companion" and "Checking for Injuries."

First aid instructors present at the meeting were Mrs. Dorothy Statton, Mrs. H. R. Jeter, Charles Tooker, Jay Meador, all of Pampa; and Alvin Lewis of White Deer. Other Pampa Red Cross chapter instructors, not at the meeting, include Miss Jane Lightfoot; Frank Stallings, Mrs. Walter Noel, Vernon Pirkle, Bob Baldwin, Rev. Hubert Lowe, Alvis Duck, Bob Roloff, all of Pampa; Jack Hutchinson of Skelton, and Herbert Arledge of Lefors.

Lewis and Hutchinson have been authorized in the Pampa chapter as most of their first aid work is done in Gray county, Mrs. Shotwell explained. Anyone interested in a first aid course should contact her at the Red Cross office in the city hall.

No Wind Damage There were no signs of any damage in Pampa today from high winds that brought more dust to the area Wednesday.

Clear to partly cloudy weather was forecast for this afternoon and tonight and the weatherman held out very little hope for rain.

Wednesday's high temperature reading was 76 degrees, while the low Wednesday night was 43. The 11 a. m. temperature reading was 54 degrees.

# Production Tax Hike Asked In Lieu Of Gathering Tax

AUSTIN, March 23 —UP—The House Revenue and Taxation committee was scheduled to take up Thursday an amendment to the administration's \$26 million tax bill that would increase the state's natural gas production levy rather than impose a new gas gathering tax.

The proposal came from Rep. Joe Kilgore, McAllen, author of the administration tax bill, before the gas section of his proposed tax bill was attacked by representatives of the gas industry at a revenue and taxation hearing Wednesday.

Kilgore said an increase in the production tax from 5.72 to 9.08 per cent of the wellhead value would raise \$14-million annually, just as would a half-cent per 1,000 cubic foot gathering levy.

Lester Clark, a natural gasoline plant operator and former legislator from Breckenridge, testified the gathering tax would put him out of business, and said he would rather see the Legislature increase the production levy.

But he said the lawmakers ought to find some way to tax the long pipelines, "the people who have been getting away with murder." Paul Kayser, Houston, president of El Paso Natural Gas Co., was the only pipeline representative to appear. He said he was "willing to see the natural gas industry take an increased tax."

Gov. Allan Shivers, who later said he didn't care which type of tax was imposed, attended much of the three-hour and forty minute hearing, but did not participate. He sat at Kilgore's desk, and chatted with friends and legislators at the rear of the House chamber.

Former Pampa Resident Dies In Amarillo WHITE DEER — (Special) A former Pampa resident, Mrs. M. M. Mote, 76, died in Amarillo last week following a long illness, according to word received here today. Funeral services were held March 18 in the First Lutheran church, Tulsa, where she had lived for several years.

Mrs. Mote had lived in Pampa between 1910 and 1920. She is survived by three sons, two daughters, two brothers and two sisters, one of whom is Mrs. R. A. Holmes of White Deer.

# New Numbers Added For '54 JayCee Show

Several new last-minute attractions have been added to the 1954 Pampa Junior Chamber of Commerce musical extravaganza, "You Can't Beat Fun," which hits the footlights at 8:15 p. m. today in the Pampa Junior High School auditorium.

Pampa Dance Instructor Jeanne Williams will bring seven of her students in as part of the show, according to Henry Gruben, show impresario. They will be Misses Karol Kotara, Carolyn McGuire, Susie Fillman, Marjorie Price, Anita Auldy, Linda Moore and Wanda Jo Moore.

Jimmy Bond and two other Pampa High School students will provide a song-and-guitar routine during the show, Gruben said, adding that F. E. (Humpy) Matheny will do his famous "Cold, Ice Fingers on the piano."

Mrs. Bill Carter late this morning asked that all the mothers of the babies who are entered in the show's baby contest have their children on hand by 8 p. m. today in the auditorium. They will be presented to the audience as the very first part of the show, she said.

JayCees got Amarillo's KGNC-TV into their corner Wednesday night, when 15 of the cast journeyed over there to participate in Hank Brown's sports show at 10:45 p. m. Miss Mary Ann Guthrie of "Am I Blue?" fame, did a solo.

Cub Pack Carnival Scheduled Friday The 28 Cub Scouts of Pack 14 are busy making final preparations for the third annual Cub Scout carnival to be held from 7 to 9 p. m. Friday in the American Legion-VFW hall.

Members of the pack will begin decorating the hall Friday afternoon and will have everything in readiness for the event by 7 p. m., according to Curt Beck, cubmaster.

He emphasized that the carnival would not interfere with the Little League baseball film which is slated to be shown at the Sam Houston School auditorium. There will be two showings of the film, one at 7 p. m. and the other at 8 p. m.

There will be games, side shows, refreshments and other carnival features, with prizes being awarded to game winners.

Proceeds from the carnival will be used to finance pack activities throughout the year. The pack is sponsored by the First Presbyterian church.

654 Scouts Sign Up For Camp A total of 654 Adobe Walls Council Boy Scouts late this morning had been registered for one of the five weeks that the council's Camp Ki-o-wah will be in operation this summer.

"This will be the largest group we have ever had at Ki-o-wah, there is no question about that," Paul Helsenherz, council Scout executive, said today.

# Wyatt Chosen Delegate To Heart Session

The Texas Heart association delegate to the assembly of the American Heart association in Chicago, Ill., April 1-5, will be Dr. Malcolm Wyatt of Pampa, president of the North Plains District Heart association.

Purpose of the gathering will be for local heart groups to hear of the new advances in treatment, diagnosis and operations. Dr. Wyatt explained the first two days are to be devoted to panel discussions, led by nationally recognized specialists from heart clinics in metropolitan cities, he pointed out.

The results of the national campaign are expected to be announced along with a report of research program, for which most of the money is used, Dr. Wyatt stated. One of the featured discussion topics will be on rehabilitation in industry of heart disease victims, he added. Most businesses and industries have made no provision in the past for persons suffering from heart conditions, who are still able to work, but not as actively as before, Dr. Wyatt explained.

Dr. Wyatt plans to leave Wednesday for Chicago where the assembly will convene Thursday in the Conrad Hilton hotel. His appointment as a delegate came recently in a letter from Dr. Joseph McVeigh, president of the state association.

Guard Unit Host To 12 Pampa's National Guard unit was host to 12 visitors during its "Buddy Night" drill session Wednesday, announced Lt. Robert O. Smith, battery commander.

W. O. Wesley Langham talked to the group about the purpose and activities of the National Guard, after which they visited the different section classes. The evening ended with a social period at Johnson's cafe.

The event was part of the unit's recruiting campaign. Lt. Smith advised the battery "could use" 10 to 15 more enlisted men and "some more veterans," he advised.

Two men received section assignments at the meeting after completing four months' basic training. They were Pvt. Charles C. Lacy, assigned as a light truck driver and survey specialist; and Pvt. Elzie L. Touse, assigned as a radio telephone operator in the operations section.

**★ EDSON IN WASHINGTON ★**

By **PETER EDSON**  
NEA Washington Correspondent  
**Chief Product Of Congress So Far Is Sound And Fury**

WASHINGTON (NEA)—Two months of the second session of the 83rd Congress have now been frittered away on political showboats. These have furnished a lot of oratory, name-calling and frivolous newspaper copy, but that's about all.

Sen. Joseph R. McCarthy et al. running a public inquisition against the Army, produced a disheartening spectacle.

But he proceeded to top it by his proposal, with Sen. Everett M. Dirksen of Illinois, that the Army should inaugurate a system of "labor camps" for Army fifth amendment offenders. The mere prospect of trying to match the Communist concentration camps in free America is positively frightening in its implications.

The amount of wordage wasted in the futile effort to pass Ohio Sen. John W. Bricker's Constitutional amendment in five weeks of debate will make it all the more difficult for the Republicans to write a commendable legislative record in 1954.

This Bricker controversy was exceeded by the violence of the Lincoln's birthday week oratory. Republican charges of treason by the Democrats were matched by denials and demands for a breakdown on the number of Communists thrown out of government by the G.O.P.

Of 2929 "security-risk" separations, 422 turned out to have something in their files of a "subversive nature." And once it was announced, all the excitement over this inflated issue immediately subsided.

So, in solid accomplishment, what do the two months add up to?

Be's Program Begs Down

Absolutely nothing has been completed on President Eisenhower's bold new middle-of-the-road program which is supposed to save the country, and return and enlarge Republican control of the 84th Congress.

Only 12 bills have been signed into law by the President in these first two months of 1954. Only two of these bills, in the nature of emergency farm legislation, can be considered important. The other ten measures are completely routine tricky-track. Elections simply aren't won on performances like that.

Oh, yes. There is one other measure passed by Congress and awaiting action by the President. It would raise pensions for members of Congress and their employees.

Major legislative proposals are strewn all over the place. Raising the national debt limit from \$275 billion to \$290 billion, authorized for Alaska and authorization for an Air Force Academy have passed the House and are pending business before the Senate.

Granting immunity to Congressional witness-informers and authorization for U. S. participation in the St. Lawrence seaway have passed the Senate and are pending in the House.

Stuck in committees of one chamber or the other are such important measures as Taft-Hartley law revision, social security expansion, granting the vote to 18-year-olds, forfeiture of citizenship by Communist conspirators against the U. S., increase in postal rates, estate terms for home building and slum redevelopment loans.

The House Ways and Means committee is just completing a tremendous job of revising the U. S. tax code. The resulting bill, said to

be almost 900 pages long, is almost ready for unveiling.

Results are Unforeseeable

But nobody seems to know just what this bill will do in the way of cutting taxes and decreasing government revenues needed to balance the budget. The result may be good and it may be terrible.

What all this haphazard lawmaking seems to prove, if anything, is that the Congress needs a general manager or an efficiency expert of some kind to streamline its S.O.P.—its standard operating procedure—as the armed services call it.

The age of legislating by instinct, usually felt in the form of a kick in the pants from a campaign contributor or other interested constituent, should be over.

If the task of the Congress is to be systematized and the workload more evenly distributed over the legislative half-year, another Congressional Reorganization act would seem to be in order. The last one was passed in 1946.

Republican Majority Leader William E. Knowland has made a start in the Senate by proposing committee procedure and seniority reform. Certainly the Senate Judiciary committee's performance over the confirmation of Earl Warren as Chief Justice of the Supreme Court added nothing to Congressional prestige.

The way things are shaping up now, after all the committees have gone through their investigational orgies, there will be a pileup of business in the last frantic weeks of the session. There will be a mad rush to get home by Fourth of July. That way, the Congressmen will have plenty of time to play politics. It's the one thing they seem to know how to do best now.

# Economists See No Coming Depression

**Editor's Note:** What's the business outlook by now? Expert opinions differ on the immediate outlook. But they agree on one thing: Even at the worst, there is nothing in sight remotely approaching the great panic and depression of 1929-34.

By DAYTON MOORE

WASHINGTON, March 25—UP—Government experts believe business will get better within three to six months.

But some labor leaders and Democratic congressmen are not so optimistic. They want President Eisenhower to take bigger anti-recession steps now, such as extensive public works projects and larger tax cuts for lower income consumers.

Even the most pessimistic, however, do not foresee anything like the chaotic, paralyzing, demoralizing depression of the early 1930's.

Numerous Controls

For one thing, there is the arsenal of stabilizing programs that was built into our national life during the Roosevelt administration—farm price supports, unemployment payments, Social Security benefits, bank deposit insurance, home loan insurance. These provide a "floor" under the economy and cushion individual distress.

Furthermore, government spending continues at a rate undreamed of in pre-war times. And there is now an abundance of capital and credit and savings.

Government officials do not expect business for this entire year to be as good as the record level reached in the 1953 prosperity boom. But they say there is a good possibility that 1954 will be second best, which would mean substantial prosperity, to put it mildly.

These opinions were expressed in United Press interviews with government experts, business economists, labor leaders and congressmen, and in their recent public statements.

Secretary of the Treasury George M. Humphrey told a congressional committee this week he doesn't look for much change in the economic picture before May. He said uncertainty over tax legislation, coupled with late Easter buying, means a "late spring" as far as any business upturn is concerned.

"Odds are that the upturn will come in late spring or early summer," one top government economist said.

Stores Optimistic

The top sales executive of a large cotton textile company reported finding department stores in the upper Midwest and Northeast generally optimistic about future sales.

"The outlook for more business and more jobs is good," Commerce Secretary Sinclair Weeks said. "There is far more evidence in the economic yardsticks to support the realistic optimists than the peddlers of pessimism."

# 17 Youths Charged In Riots

PAWHUSKA, Okla., March 25—UP—Seventeen Ponca City youths have been charged with rioting in connection with the gas-pipe beating of a Fairfax man.

Preliminary hearings have been set for April 22 for the defendants, who range in age from 16 to 19. They are accused in an attack on John L. Wilson, who is still in a Fairfax hospital.

Wilson was beaten unconscious with a pipe and suffered internal injuries when his car was hemmed in by three Ponca City automobiles and he was gang-whipped on a highway half a mile north of Fairfax last Thursday. He was robbed of about \$15 before recovering consciousness.

Osage County Attorney R. E. Havens said the Ponca City youths went to Fairfax apparently to retaliate for a whipping given James Jones of Ponca City in a fight at Fairfax the previous Monday. However, Havens said Wilson was not involved in that fight and did not know his attackers.

# AF Defends 'Smuggler'

SEOUL, March 25—UP—The Fifth Air Force Wednesday backed up an American businessman on trial for allegedly smuggling goods into Korea.

The Air Force said the property was originally consigned to the Air Force and was not subject to customs.

This supported the contention by defendant Fred Higgins, 25, of Vinita, Okla., that the \$60,000 worth of merchandise in question was not smuggled into the country.

Higgins has requested the court to call in Air Force Maj. Harold B. Wright of Colorado Springs, Colo., to testify. The Air Force said Wright could appear if the court asked him to.

Fifth Air Force officials believe the property, consisting of watches, knives, jewelry and clothing, seized by Korean customs officials from Higgins, to be the residual assets of Arthur Roberts, Inc., a company which operated concessions under contract "with Fifth Air Force open messes," according to a statement to the press.

The statement said that "as the goods were sold through the open messes of the Fifth Air Force to American service personnel, they were not subject to customs or duties of the Republic of Korea."

Higgins, whose trial before a Korean court was unique, was initially given, without hearing, a \$22,000 fine by the Korean customs officials. He refused to pay and went to trial this week.

# Doctor's Wife Champion Of Frisco's Cable Cars

CRUSADER Mrs. Hans Klusman aligns fr. m. one of the cable cars for which she's fighting.

By JACK W. LAUCK  
NEA Staff Correspondent  
SAN FRANCISCO—(NEA)—It started back in 1948 with the simple statement, "Really, something should be done to help save the cable cars."

The remark was made by Mrs. Hans Klusman at a Federated

Arts groups meeting, and suddenly Mrs. Klusman, who was neither a club woman nor a civic leader, found herself leading a movement with followers who had the zeal of crusaders.

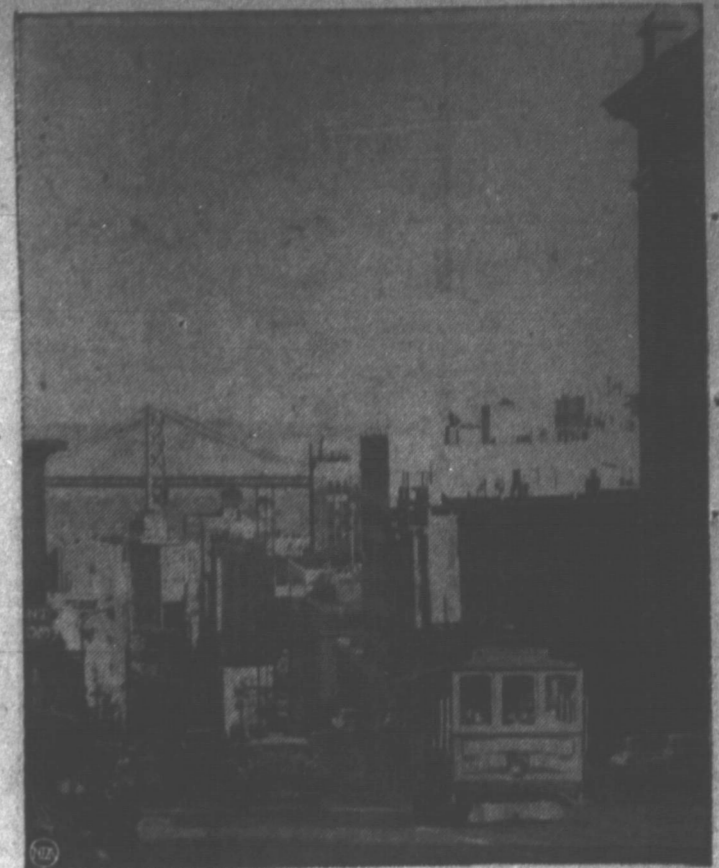

They demanded a fair deal for San Francisco's famed cable car system, which was slated for abandonment—and they got it. After gathering nearly 30,000 signatures on petitions, the cable car issue was put on the ballot and San Franciscans voted overwhelmingly to keep the system.

Said an old-time campaign manager: "A campaign like they put on would have cost a politician \$50,000." It cost the Citizens Committee to Save the Cable Cars a fraction of that.

For Mrs. Klusman, the campaign has never stopped in the last eight years. Her husband, a doctor, says every time he sees his wife she's on the telephone.

The Klusman home is headquarters for the Citizens Committee to Save the Cable Cars. The only paid member is a secretary. The rest are all volunteers who come and go, but they won't let Mrs. Klusman drop the crusade she unwittingly started. Some believe that if she ever did, the cable cars would automatically be doomed.

As a result, the Klusmans were forced to build a hideaway across the Golden Gate Bridge in Marin County. With an unlisted telephone and address, it's the only place

ROLLER-COASTER HILLS and cable cars are a San Francisco trademark. Here you're looking down from Knob Hill as a cable car labors toward the top. In the background is the San Francisco-Oakland Bay Bridge. On right is the Mark Hopkins hotel.

they can relax without being disturbed.

The current battle started when the Public Utilities Commission secretly decided to chop off one of the cable lines. Mrs. Klusman was flooded with hundreds of letters from volunteers offering to help. Many of them contained cash contributions. In the past Mrs. Klusman's committee has received contributions from all over the nation.

The commission has already looped off one shuttle service.

"They actually put four people out of work," challenged Mrs. Klusman, "saving only about \$18,000 a year. And they are forcing 400,000 people—who rode the shuttle last year—to walk."

"Actually, if they could cut one salary of the commission," she commented bitterly, "they could save just that much, and give service back to those 400,000."

Attorney Morris Lowenthal, volunteering to head a petition committee, said "We'll need about 65,000 signatures to get an amendment on the June ballot."

San Franciscans have voted twice to keep the cable cars. The

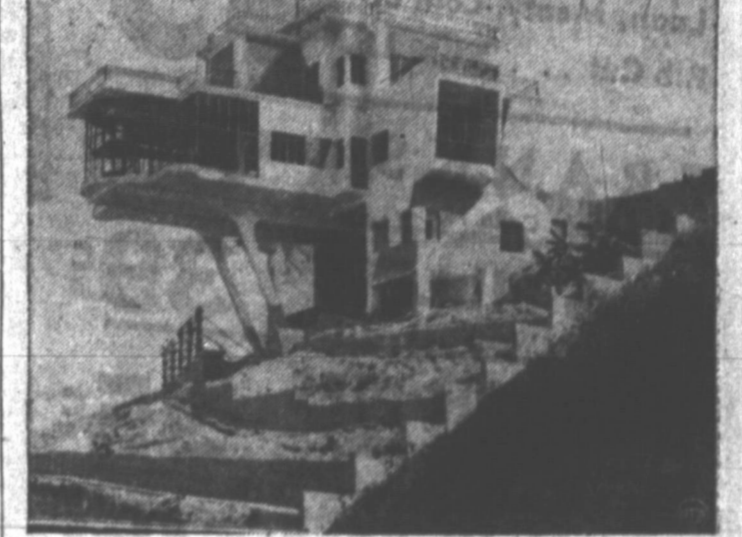

# 600 WD Alumni Asked To Reunion

WHITE DEER—(Special)—Several hundred former students of White Deer high school are expected to be on hand for the annual alumni banquet, to be held at 8 p.m., April 17 in the new high school building.

Approximately 600 invitations have been mailed out for the event. Deadline for making reservations has been set for April 10, according to Kenneth Huey, president of the Alumni association.

J. Davis Hill, Galveston, former principal of White Deer high school will be the guest speaker, Huey said.

Anyone knowing the address of former White Deer students should give these addresses to any of the association officers. Other officers are J. D. Fleming, vice president, and George Eller, secretary.

THIS IS A HOUSE?—Yes, it is, and Monsiglo Oreste, an Italian immigrant to Caracas, Venezuela, is mighty proud of it. The home has 13 rooms, several open-air sun porches and entire rooms framed in glass. Without the landscaping the modern home has already cost Oreste about \$275,000.

# Roping Club To Vie For Steaks, Beans

A membership campaign will get under way at a meeting of the Pampa Roping club at 7:30 p.m. Friday at the new county show barn in Recreation park, according to H. M. Stone, president.

The drive will be held in the form of a contest, with the winners eating steaks and the losers eating beans at the end of the campaign April 15, he said.

Other officers are Holly Gray, first vice president; H. B. Taylor, Jr., second vice president, and Bill Tidwell, secretary-treasurer.

All those interested in roping club activities are urged to attend. Stone stated, adding that coffee and doughnuts will be served.

# Celanese Engineer Explains Phases Of Plant Operation

Processes for controlling and measuring pressure, temperature, quantity, and depth were explained at Wednesday's luncheon meeting of the Pampa Rotary club in the Palm Room of City Hall by O. L. Wier, instrument engineer at the Celanese corporation's Pampa plant.

In explaining how the various instruments used in these processes work, he stated that industries could not operate without the use of some of these instruments.

"These instruments enable us to conserve our natural resources, to control quality, control the possibility of human error and to make plants safer," Wier said.

At the conclusion of the talk, Harold Beck, instrument man at the plant, showed several slides of the plant's instruments. The two men were introduced by John Frick, general manager of the plant.

Guests included Jack Allen, Borgess; "Slats" Austin, Amarillo; Jack Parks, Lubbock; Jerry Coley and Bill Martin, both of Pampa. President E. S. Williams presided.

"I already heard your lecture about young people and marriage, Mr. Timber! I think you got me mixed up with Bill who comes on Friday!"

**Dangerous Business . . .  
Ava Needed Full Night's Sleep  
To Recover From Experience**

By HENRY McLEMORE  
Think twice before you raise your daughter or your son to be a movie star. Particularly, your daughter.

Statistics to be released any year now will show that no group of young women on earth have as many narrow escapes from disaster as female movie stars. And that does not exclude the maidens of the Uffyswang tribe of South Africa who hunt cheetahs with their bare hands.

The latest cinema heroine who almost read her name over the shoulder of the Recording Angel was Miss Ava Gardner. Off the coast of the French Riviera she was caught in a storm of such intensity that her boat was blown miles to sea in less time than it took a press agent to reach the nearest telegraph office, which means that the wind was of hurricane force.

Miss Gardner was so shaken by her near visit to Davy Jones' locker that a full night of sleep was required to bring her around to a point where she could resume work on the picture she is making.

Mrs. Joe DiMaggio, nee-Marilyn Monroe, is little more than a child in years, but she has had more close scrapes than a drunken steppack. Let her get near a swiftly moving stream of water and she falls in. This is doubly true when the stream abounds in treacherous whirlpools and rapids. Place her on a slippery rock and she slides off. Let her climb a ladder and the rungs give way.

Fortunately for Marilyn, and for 20th-Century Fox's Harry Brand, there has always been a leading man on hand to save her. But some day her luck may run out and she'll have a mishap with only a stand-in or an assistant actor nearby. Then she'll be a goner.

Miss Terry Moore is another star who, I am sure, even Lloyd's of London would call a meeting of the board before insuring for more than a half crown or two. She has had so many accidents, lives in such constant peril, that if I knew her better I would advise her to wear a Fulmotor and water wings instead of ermine panties.

Remember how she nearly was eaten by alligators, sharks, and woman-eating spongers, and how closely she missed being swept clear across the Gulf of Mexico by a rip tide when shooting the picture, "Beneath the Twelve-Mile Reef?" Again, as in the case of Miss Monroe, if it hadn't been for the bravery of Robert Wagner, her co-star, we might well have seen the last of Miss Moore. And that would have been a pity.

It is this constant saving of the

girls' lives that makes the life of a male movie star so hazardous. In addition to their own narrow escapes, they have to stand by like a village bucket brigade, ready at all times to brave fire, water, wild animals, hail, frost, and slippery floors, even, to go to the rescue of the girl stars.

It wouldn't do for the girls to extricate themselves from danger. That is in direct violation of the original Hays Office code, just as it is in violation of the present code for a male movie star to have anyone help him from the clutches of peril. He must save himself by his own strength or soon find himself down to one imported car and wearing his own hair.

If a horse falls on him the male star must lift the horse off, preferably with one hand. If he finds himself going over falls he must swim back upstream like a salmon. If he turns an ankle he must scoot at staying in the hospital a third week, and be out at the end of two.

Sure, there's money and glory in being a star. But they aren't worth the danger. I shudder when I think of the hazards some of my favorites undergo for me.

No wonder I'm a member of twelve fan clubs.

**THE VOICE** — Leading voice opposing admission of Alaska and Hawaii to statehood is Sen. James O. Eastland (D., Miss.). After holding the Senate floor for some four hours, he said he had hardly reached a "preface" of what he had to say.

**SLIGHTLY BUC-EYED**—Acting like a professional entomologist, Stephen Kechel, of New York City, gets mighty close to his subject. The youngster is merely getting his beetle exhibit ready for a neighborhood hobby show.

# Racial Potpourri Doesn't Worry Hawaiians

By FRED SPARKS  
NEA Staff Correspondent  
HONOLULU (NEA) — What do you think of a Japanese-American in the United States?

For that is bound to happen when (and if) Hawaii, where 40 per cent of the 465,000 people are of Japanese background, becomes the 49th state.

On these islands, where only 69,000 residents are all white, the question seldom worries any except a microscopic minority.

Hawaii is as American as the hot dog and movie drive-ins that line the broad, palm-fringed boulevards, even though the patrons swabbing mustard or spooning in the dark have brown and yellow skins.

Does anybody in Boston or Kansas City, anking down Main Street, worry whether the citizen along side has parents that came from Germany, Poland or Ireland?

Here on the endless beaches, nobody thinks whether the bathers came from Tokyo, Manila or Shanghai.

The parentage or grandparentage break the populace into these units: Japanese, 189,000; part Hawaiian, 77,000; all white, 69,000; Filipino, 63,000; Chinese, 32,000; pure Hawaiian, 13,000; Puerto Ricans, 10,000; Koreans, 7,000.

This is not yet a perfect racial paradise, for there are snobs and cliques every place. But organized groups of hyphenated citizens are fast vanishing as America's newest melting pot gives the national dish an Oriental spice.

Intermarriage is commonplace here. A new race of physically attractive people — with that "Made in U.S.A." look — is growing up in the land of the hula-hula, knock-

HAWAIIAN POTPOURRI: From left, their background is Chinese, Filipino, Japanese.

ing for a loop Kipling's famous: "East is East and West is West and Never the Twain Shall Meet."

The other night I dined at the home of a Chinese-American family; other guests included a Japanese-American, Korean-American and a Newspaperman-American.

My host, whose commissions are earned selling and buying Wall Street stocks, has a spanking new house complete with TV, deep-freeze and washing machine—but not a single fork; at home they still favor chopsticks.

The 18-year-old son wore blue jeans, moccasins and T-shirt — and after chow hastened to get under and jazz up his hot rod roadster.

Just as in Milwaukee, a German-American family will stuff a guest with sauerbraten, they stuffed me with fried noodles, rice, bamboo shoots and other Cantonese goodies.

Next morning I visited the air-

conditioned offices of Takuyukiyama and Yamaguchi, attorneys-at-law, which could be Todd and Yale, complete with pert stenoploying lipsticks.

Wilfred Takuyukiyama, a handsome, highly intelligent white-haired gentleman, is Republican president of the Territorial Senate and a logical candidate (next November) for the U. S. Senate if statehood is granted.

If the Honorable Wilfred Takuyukiyama walks on the floor of the

Senate, many of his colleagues will be meeting a man of Japanese extraction for the first time—but 10 minutes they'll forget about it.

Later I visited the University of Hawaii campus and saw the new breed mixing in classroom and playing field. Grandpops might have had a pitfall — the athletic youngsters have crew cuts.

But a student plebiscite on "Do you favor statehood?" showed 13 per cent opposed. I was given those reasons: "Think we retain our individual flavor better as a territory."

Actually statehood will be an anticlimax as far as any racial issue is concerned; that was eliminated by the McCarran Act, which broke the bars on foreign-born Asians winning citizenship.

Having been often to these islands, God-blessed with the world's finest climate, cleaner than any U. S. mainland city, younger (40 per cent under 21), statistically healthier and more modernized, I often wonder:

"Should Hawaii be trying to get admitted to the United States — or should the United States try to get admitted to Hawaii?"

# Major Points In Ike Talk To Newsmen

WASHINGTON, March 24—UP—President Eisenhower made these major points at his news conference Wednesday:

**LEGISLATION** — He warned against further delay in carrying out the administration's legislative program. He particularly praised the House, but said the Senate would require more time before he could evaluate that body's situation.

**TAXES** — He thought the House did a magnificent job in passing the administration's big tax revision bill which will save taxpayers \$1,397,000,000.

**ELECTION** — No comment on the Senate rejection of a resolution to unseat Sen. Dennis Chavez (D-N.M.).

**H-BOMB** — He said radiation injuries to Japanese fishermen and to Americans far from the explosion scene made it obvious that the United States in the future

# Oscar Event Slated To Be Biggest Yet

By ALINE MOSBY  
HOLLYWOOD, March 25 — UP—Thanks to the movies' rival, television, the academy awards program Thursday night is slated to be the biggest and most colorful Oscar event in history.

A TV sponsor is picking up the tab for the presentations because the movie studios won't foot the bill. To make sure the usually dull ceremony is a good one, NBC is staging the academy awards for the first time as a lavish \$275,000 telecast.

Movie stars who got out black ties, mink and diamonds for the event agree Thursday night's ceremony will be the first "fun" Oscar event in a decade.

Back in the '30's the awards were presented at a banquet. It was a casual affair. So casual, in fact, that everybody made long speeches and the top Oscars were handed out after midnight.

By this time the reporters were sleepy and the champagne-imbibing guests unintelligible.

Ten years ago the awards were moved into a theater and pared to the bare essentials but this year NBC planned the show as an elaborate affair.

Twenty-one cameras will be stationed in the Pantages Theater on Hollywood Blvd., at the "branch" gathering of nominees in New York at NBC studios in Burbank and in a Philadelphia theater to record last year's winner, Shirley Booth.

Gary Cooper, last year's best actor, is in Mexico on location so his presentation of the best actor award was filmed, except for the winner's name.

The nominated songs will be presented as production numbers

What Gaynor and Donald O'Connor have been rehearsing for nearly two weeks on "The Moon Is Blue," complete with dancing girls. Even the commercials will be song-and-dance numbers. Backstage at the Pantages crews ace busy hammering on special sets and installing TV equipment and revolving stages.

Film Clips will illustrate what such awards as "special effects" are about. Young actresses including Sara Shane and Marjorie Miller will model the costumes that were nominated for Oscars.

The movie studios have issued a blanket clearance so such stars of the show as Elizabeth Taylor and Esther Williams can be televised.

The academy predicted this event will have one of the largest combined radio-television audiences in history, an estimated 145 million. Domestic radio and Armed Forces radio service, beamed even behind the Iron Curtain, will have an estimated audience of 91 million. Another 50 million viewers are expected to see the show on 106 NBC TV stations.

After the winners have clutched their statuettes and modestly insisted somebody else should have won, they'll all repair to Romanoff's Restaurant for a party the academy is hosting.

# Bandit Pair Nabbed By 'Guess-Work' Shooting

FORT WORTH, March 25 — UP—Two confessed burglars surrendered to police Wednesday after being wounded earlier by a "guess work shooting" of a Parker county store owner who is an expert marksman.

Wounds of the two men, 19 and 17, were not serious. Police said both men were bleeding badly and apparently thought their wounds were more serious than they actually were.

The pair admitted pulling a number of burglaries in and around Ft. Worth, including one at business place of the Parker county man. The two were wounded by Cecil Hill, 44, operator of a grocery, cafe and filling station on Highway 50, six miles southwest of Millsap in Parker county.

The two were identified as Bobby Raye Dobbs, 17, who was shot in the right thigh; and Arthur Ernest Stepp, 19, wounded in the lower part of the right leg. Dobbs was hospitalized.

Dobbs, who has served a term at the state reformatory in Gatesville, said he was reared in Waxahachie where he got into trouble and was sent to Gatesville. He came to Fort Worth after serving his term, he said.

He told newsmen he was in an auto wreck in February of 1953, in which a friend was killed. His mother and brother-in-law were killed in another wreck in October of 1952, he said.

Stepp is an ex-convict, having served a prison term in Colorado for car theft, police said.

The two surrendered after Fort Worth police got a call from a woman that "my husband and a friend are out here shot up."

Hill who owns a collection of some 20 guns he uses for target practice, said he heard the burglar alarm in his store about 2:15 a. m. He lives in a house about 80 yards back of his place.

Hill said he picked up a 30-caliber carbine and walked to the grocery part of his building where he could see a light flashing inside. When he saw a shadowy figure getting into a car, he yelled: "Fall out."

His command was answered by a

gun blast from the car. Hill said he fired three or four quick shots and guessed he hit the man because a shotgun fell out of the car.

# Barber Seeks Injunction On 'Bushy Boys'

CLEBURNE, Tex., March 25 — UP—Beard growing, a feature of centennial celebrations the county over, has run into what may result in a legal shave in Johnson county.

Master barber C. R. Brown of Burleson, 12 miles north of Cleburne, asked Wednesday for an injunction against the "Brothers of the Brush," an organization sponsoring full whiskers for all adult males in this north central Texas county.

"I haven't shaved a customer in weeks," Brown alleged in his petition, which also asked that 18th judge Penn Jackson disqualify himself. The judge is wearing a distinguished-looking goatee and mustache for the Johnson county centennial observance.

But Emmett Mahanay, a barber himself and chairman of the beard-growing brotherhood, dissented informally from Brown's allegations that preparations for the celebration were ruining the barbering business.

Mahanay said, because of a demand for trimming fancy beards and dying mustaches, business in his personal shop was booming.

**ERSKINE  
JOHNSON**  
NEA Staff  
Correspondent

**HOLLYWOOD**—(NEA)—Hollywood has its Oscars for the year's best and television has its Emmys. Real dignified stuff. But there are a number of other "bests," and I believe they should be spotlighted with awards, too.

So I'm handing out my "Real Gone" (Real Silly) awards this year. I have a sand sculptor working on suitable statues on the beach at Malibu. I decided on sand statues because some of the winners may prefer to have their trophies washed away by the next high tide.

But it's high time for Real Gone recognition. The winners: Best will power: Marjorie Main, who didn't once open her mouth and stick out her tongue in the languorous manner of Marilyn-you-know-who. Every other female in Hollywood did. Best stunt flying of the year: Arthur Godfrey.

Best unfiled drama: When Jackie Gleason's wife went to visit him in the hospital and found another doll sitting on the foot of his bed. Best restraint: Mrs. G. for not breaking his other leg. They'll Remember Him: Most unforgettable character of the year: MGM boss Dore Schary, who forgot to mention Louis B. Mayer and Irving Thalberg in a TV history of MGM. In Hollywood, that's like forgetting to put film in the camera.

Best expose: Marlene Dietrich, in her peek-a-boo dress, that made the dice leap by themselves at the Sahara Hotel in Las Vegas. Physical achievement award: Darryl Zanuck, for chinning himself on a trapeze at a Hollywood night club. He started out to prove he could do it with one arm, but didn't make it. To Darryl—a year's supply of vitamin-packed breakfast food just like Wild Bill Hickok eats. Loudest bubble gum blast of the year in a movie theater: George Beckwith, Jr., 13, at Los Angeles' Leimert Theater.

Best family arguments: Red Skelton and his Georgia. Understatement award: To C. J. Tevlin, RKO executive, about TV: "We are only sorry television exists because it keeps people away from film theaters. Other than that we have no interest in it." Best acting: Marlon Brando, disguised as a UN diplomat, trying to elude a process server after Fox sued him for \$2,000,000. The process server recognized him anyway, but Brando's new to the disguise art. He often doesn't even wear a shirt. Humility award: The judge who didn't kiss Marilyn Monroe after he pronounced her Mrs. Joe DiMaggio.

Best glamor: Corinne Calvet, for being photographed in a mink coat at the breakfast table. Best costume design: The mink scanties Terry Moore wore in Korea. Best drama in black: Zsa Zsa Gabor's eye. Best drama in color: The blue pencil shavings on the floor after the movie censors looked at Jane Russell's dancing in "French Line."

Owners' Special Award: Technical award: To all of the confused theater owners trapped in the big-screen, wide-screen, 3D-screen trenches. They were so busy enlarging screens and hiding sound horns they hardly had time to box and butter the popcorn. Achievement award: Marilyn Monroe, who changed the name of movies from "talkies" to "walkies," and for reviving the good old silent days. (Her best lines are unspoken.) Philanthropic award: Howard Hughes, for offering to buy up all of RKO's stock for a share when the market price was around \$2. This award, however will be held up until Howard's eventual profit, or loss, is revealed.

Endurance award: Cleo Moore, the doll who kissed a TV announcer right out of his job, proving those "As Time Goes By" song lyrics, "A kiss is just a kiss," are all wet. As time goes by with Cleo in a clinch, there's no time for breathing.

Craig Stevens may lose the break of his career because of his reconciliation with Alexis Smith in London. He left Hollywood knowing that the television "kiss" of the Texas Rangers was in the bag for him. Now his anxiety to keep his marriage to Alexis intact prevents him from returning to the U. S. The lead may go to another actor. Lee Marvin, the terrific heavy of "The Big Heat" and "The Wild One," has been signed to a starring contract by Panaramic. Leonard Goldstein sees rough-tough Lee as another Clark Gable.

AUSTIN, March 25—UP—Legislation appropriating \$2.5 million for state employe pay raises was given final approval Wednesday by the Senate. Decision on how to pay the cost will come later.

The measure now goes to the House where the revenue and taxation committee is considering various new tax measures aimed at financing a \$26 million expenditure for teacher and state employe pay raises.

Sen. Jimmy Phillips of Angleton fought unsuccessfully to amend the pay raise measure, sponsored by Sen. Johnny B. Rogers of Austin. Phillips, who has led a one-man

## Hay Aid Sent To West Texas

AUSTIN, Tex., March 25—UP—Gov. Allan Shivers Wednesday announced \$8,000 tons of hay have been shipped to drought-stricken counties in West Texas under an emergency state-federal program.

Shivers said the State Department of Agriculture, in cooperation with the U.S. Department of Agriculture, had sponsored a program underwriting transportation costs of 88,000 tons of hay for sections in drought distress.

Thus far, Shivers said, 228,444 tons of meal and pellets, 4,327 cars of corn and oats, and 21,409,148 pounds of mixed feed have been shipped into affected counties by federal agencies.

## Community Concert Group To Begin Member Solicitation

The annual membership drive of the Pampa Community Concert association will be held from March 28 through April 3, according to Dr. J. B. Veale, drive chairman.

The campaign will open with the annual dinner for all workers, the executive committee and the board of directors of the parish hall on the evening of March 29.

"We are hoping to make the drive so much of a success that three or four top-flight artists can be brought to Pampa next season," Dr. Veale said.

"Every community is improved by advantages of sound business establishments, industries, good schools, churches, libraries, and

**STARS IN EVERYDAY LIFE**—Better look twice before coming to any conclusions. At first glance these girls look like three movie stars pictured together in one of their more glamorous moments. However, they are three real, not "real" life charmers who won a look-alike contest sponsored by the New York World-Telegram and Sun. They are, left to right: typist Jeannette Johnson (Lauren Bacall), model Lis O'Leary, (Marilyn Monroe), and housewife Jan Schwartz (Betty Grable).

### Hudson-Nash Stockholders Vote Merger

DETROIT, March 25 —UP—Stockholders of Hudson Motor Car Co. and Nash-Kelvinator Corp. voted to merge their auto firms Wednesday in the biggest automotive transaction in almost 30 years. The vote was overwhelmingly in favor of the merger. Nash stockholders voted 2,277,764 to 288,118 for the plan. The Hudson margin was smaller — 1,419,268 to 240,870. The resulting auto company — American Motors Corp. — will be the fourth largest in the industry behind General Motors, Ford and Chrysler. Hudson and Nash cars will retain their identity, becoming divisions of the parent company, much like the General Motors set-up. The combination will leave only two so-called "independent" auto companies in the field — Studebaker and Packard. Packard executives have said they might invite merger talks when the corporation is considered "an attractive bride." Studebaker has strongly denied merger talks. Nash turned out 126,394 cars during 1933, against 152,141 the previous year. Hudson production for 1933 was 78,331, just about the same as 1932. Together the two companies accounted for 3.5 per cent of 1933 output. This production so far in 1934 is down considerably from a year ago. Nash's auto plants are located at Kenosha and Milwaukee, Wis., and El Segundo, Calif. Hudson plants are concentrated in Detroit.

### Women Voters Call Meeting In Galveston

WACO, March 25 —UP—A report on "Women in Government" will be made at Galveston March 31 before the League of Women Voters of Texas by Mrs. Hiram C. Houghton of Washington. Mrs. Houghton is assistant to Harold E. Stassen, director of the Foreign Operations Administration. Members of 40 Texas leagues will attend the three-day March 30-April 1 meeting. Members will outline a state program of work for the next two years at the convention. Mrs. Houghton is in charge of the office for refugees and migration of the F.O.A. She is responsible for the conduct of federal activities on behalf of refugees and escapees in western Europe, the Middle and Far East. Mrs. L. K. Richards, Waco, president of the state league, said today members would discuss specific improvements in election laws and possible plans for revising Texas' constitution.

### Cattlemen Group Urges Federal Price Supports

WASHINGTON, March 25 —UP—A delegation of cattlemen urged Congress Wednesday to provide price support for cattle by direct subsidies, if necessary, to prevent surplus beef from accumulating in government warehouses. The plan was outlined before the House Agriculture committee by Floyd S. Elliott, Dalhart, Tex., in behalf of the United Livestock Producers' Association. This group was organized last July to protest the refusal of larger cattle producers' organizations to endorse a price support program for cattle. Elliott said the government should see that cattle producers receive a market price or market price plus subsidy—equivalent to 90 per cent of the parity price for cattle. Producers now are getting only 78 per cent of parity in the market place. Elliott followed to the witness stand a fellow Texan and spokes-

man for one of the major organizing smaller producers, want "free market." He said Oregon producers voted 10 to 1 against supports. In Wyoming, he added, a poll conducted by a farm-ranch magazine showed 75 per cent opposed to price supports. Elliott told the committee the Wyoming poll was taken by the Wyoming Cattlemen's Association which is against price supports. He said if he could not pile up a bigger margin than that for his own position within his own organization, "I would give up."

### Cost Of Living Shows Slight Dip Last Month

WASHINGTON, March 25 —UP—The cost of living declined slightly last month, the government reported Wednesday. The Bureau of Labor Statistics reported that its consumer price index fell two-tenths of 1 per cent between mid-January and mid-February, putting the index at 115 per cent of average 1917-49 prices. The decline the third this winter, was brought by lower prices for food, transportation, clothing, television sets and radios, movie tickets, and a number of other goods and services. BLS Commissioner Ewan Clague noted the "widespread" nature of the February price declines. He said "the general business situation undoubtedly is affecting the price situation."

Parity is a price—automatically geared to the farmers' cost of living—which is said by farm law to be fair to farmer and consumer alike. Rep. Clifford R. Hope (R-Kan.), committee chairman, has indicated Congress is not likely to add livestock or other additional perishable commodities to the list of price-supported commodities this year.

## Mrs. Frank Fata Gives Texas History

The Twentieth Century Culture club met in the home of Mrs. Fata, 2107 N. Russell, Tuesday afternoon. Mrs. Fata, president, presided over the business meeting and appointed Mrs. Rufe Jordan to represent the club in Community Center projects. Mrs. Vernon Hobbs told of plans for the Rummage Sale to be held Saturday, March 27, at 809 W. Foster.

The program on Texas was introduced by Mrs. Frank Fata. Mrs. E. E. Shelhamer gave a history of the Alamo, which now stands in the heart of down-town San Antonio. "It was founded by Franciscan priests in 1716 for the purpose of civilizing and Christianizing the Indians," she said. "For some years the mission flourished but later became a dilapidated ruin." The Alamo was occupied by the Mexican army in 1835 and later by the Texas army. In 1836 the battle of the Alamo took place in which every Texan in the Alamo was killed. Mrs. L. J. Zachry reviewed the book "Alone by the Sea" by Effie Missouria Moore, which is the story of Jane Wilkinson Long, often called "The Mother of Texas," and her husband, General James Long. Mrs. Zachry said, "The story is based on historical facts, but told in narrative form, with no exaggeration of the real truth of a brave, heroic woman on the Texas frontier in pioneer days."

MRS. GUSS TASSOS of San Antonio looks on while Mrs. W. A. York pins a corsage of white gardenias and carnations on Mrs. Randall Clay, honoree at a miscellaneous bridal shower given Tuesday afternoon in Mrs. York's home at 515 N. West. At right is Mrs. Jess Clay, mother of the bridegroom. Co-hostesses, who presented the honoree with a table lamp, were Mrs. Joe Dunham, Mrs. Carl Baer, Mrs. V. J. Costko, Mrs. Herman Jones, Mrs. Sannie Sullivan, Mrs. W. A. Spoonemore, Mrs. John Hall, Mrs. W. D. Cameron and Mrs. Alva Phillips. Approximately 75 guests registered, including Mrs. Glen Campbell, sister of the bridegroom from Amarillo, who presided at the register; Mrs. Mark Gunnels and Mrs. Don Rowe of Amarillo; and Mrs. David Warren of Panhandle. The bride's chosen colors of shades of wisteria and white were used on the serving table which was adorned with pink carnations and lavender baby mums. White toppers and silver and crystal appointments were used with a cloth of lace over rose. Mr. and Mrs. Clay will soon return to San Antonio where they are opening a drive-in restaurant, "The Patio."

## Texas Christian University School Of Fine Arts Groups To Tour Texas

FORT WORTH, March 24 — The annual spring tour of the opera, ballet and symphony orchestra groups of the Texas Christian University School of Fine Arts will include five West Texas cities April 19-24.

Dean T. Smith McCorkle announced that performances will be

given in Vernon April 19, in Amarillo April 20, in Odessa April 21, in Abilene April 23 and in San Angelo April 24.

Some 100 students and faculty members of the School of Fine Arts will make the tour which is sponsored by the TCU Fine Arts Foundation. The performances are scheduled for near-capacity audiences last spring.

The program will include the one-act opera, "I Pagliacci" by Leoncavallo; a ballet, "H.M.S. Pinafore" with choreography created by the famous music of Gilbert and Sullivan; and the overture to von Weber's "Der Freischutz" by the orchestra which will also play for opera and ballet.

In Vernon, the performance will be sponsored by the Mozart Club of which Ruby Mac Williams is president. It will be given in Wilbarger Memorial Auditorium.

The Exchange Club of Amarillo will sponsor the appearance there in the Stephen F. Austin junior high school. Jack Seale is club president.

The Junior Service League, of which Mrs. M. T. Johnson is president, will sponsor the Odessa appearance. Mrs. John Tull is chairman of Community Arts for the League.

The Abilene performance will be in Fair Park Auditorium with St. Elizabeth's Guild, Church of Heavenly Rest, as sponsor. Mrs. J. H. Stovall is president.

The Philharmonic Club will sponsor the show in San Angelo College Auditorium. Marie Watkins is president. All performances will be given at 8 p.m.

A feature of the tour will be the singing of Ernest Lawrence, assistant professor of voice. He will have the lead role of Canio. New to the TCU staff, he sang the leading tenor role in some 250 operas in the U. S. and Central America.

Last year, he sang "Lily Pons with the San Francisco Opera Company. His work is outstanding.

Geoffrey Hobday, resident conductor for the Fort Worth Opera Association and director of the TCU Opera Workshop, will conduct for "I Pagliacci." Stage director will be Dr. Walter R. Volback, director of theater at TCU.

David President will be ballet master and Dr. Ralph R. Guenther, professor of music, will conduct for orchestra and ballet.

The remainder of the cast will come from the TCU departments of opera and ballet.

I think that Tommy has had the truth of his own courage stolen from him somehow. Five-year-old boys who engage in fist fights are not helpless little boys, even if they do come home crying. How did this fact get lost?"

We went to a party in Minneapolis, a city of hospitable people, and enjoyed these party-style Swedish meat balls—Party Style

(Yield: 80 1-inch balls)

One pound hamburger, 1/2 pound lean pork, 1 pound veal, ground together 2 or 3 times, 4 slices bread, 1/2 cup milk 1 onion, finely chopped, 2 teaspoons salt, 1/2 teaspoon nutmeg, 1/2 teaspoon allspice, 1 clove garlic, mashed fine, 1/4 teaspoon pepper, 2 eggs, lightly beaten, shortening for frying, 2 cups beef bouillon.

Crumble bread and add milk. Stir to blend until it is of paste-like consistency. Combine with meat in a mixing bowl. Add seasonings and eggs. Beat and stir with wooden spoon until the mixture is stiff. Dip out rounded teaspoonfuls and roll between hands into 1-inch balls. Place on waxed paper about half an hour to dry a bit. Heat enough shortening in heavy skillet to make it 1/2-inch deep. Brown meat balls in this hot fat. Put meat balls in a single layer in a large shallow baking pan. Add hot bouillon. Bake in a moderate oven (350 degrees F.) about 30 minutes, or until broth is absorbed. Serve the balls without gravy or sauce.

Variation: Remove browned balls from skillet. Pour off all but 3 tablespoons of shortening. Stir in 4 tablespoons flour. Add enough water to make desired consistency of gravy. Boil 3 minutes. Put in top of double boiler. Add meat balls. Keep warm until served.

Swedish Meat Balls Family Style (Yield: 4 to 5 servings)

Three-quarter pound round steak 1/4 pound boneless pork, 1/4 cup finely minced onion, 1/2 cup soft bread crumbs, fat, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1 egg, 1-3 cup milk, 1/2 teaspoon allspice.

Have round steak and pork ground together twice. Brown minced onion in a small amount of fat or shortening. Combine meat browned onion, bread crumbs, seasonings, egg and milk. Mix well and form into small balls, fry slowly in hot fat until well browned. Remove from skillet and serve hot. If desired, gravy may be made in the meat drippings.

If you're baking and find your self out of baking powder, here is a satisfactory substitute—one teaspoonful of baking soda blended with two teaspoonful of cream of tartar.

## Beta Sigma Phi Members To Name Pampa's Outstanding Woman April 4

Invitations for the eighth annual Woman of the Year tea were to go out this week, according to an announcement by Beta Sigma Phi and Xi Beta Chi, hostesses for the event.

The tea, scheduled in the City Club Room Sunday, April 4, will honor the Pampa woman chosen for her anti-racial and cultural achievements the past year.

The award, the only one of its kind given in the city, has been presented annually since 1946. Nominations for the award are made by ten local civic leaders, and final selection is made by sorority members. The woman's name will not be revealed until the morning of the recognition tea, when this newspaper will announce the award winner.

Past Women of the Year have represented many facets of civic life. Three former "first women citizens" have been associated with

the Twentieth Century Club. They were Mmes. W. R. Campbell, James Mass, and Hardy H. Hicks. Mrs. Husty Laycock, now of White Deer and Mrs. Rufe Jordan, are past presidents of Twentieth Century Culture club. Mrs. Arthur Teed, chosen for the honor in 1950, is a past president of Twentieth Century Forum.

In addition to their study club work, past outstanding women have served in Red Cross, Parent-Teacher Associations, Scout organizations, charity and cultural endeavors, and church activities. All Women of the Year have been homemakers, and several were active in a business or profession.

Mrs. Clifton McNeely is general chairman of arrangements for the tea.

## Harpist Concert In Shamrock Tonight

SHAMROCK — (Special) — Hundred Dilling, who has achieved her goal to prove that the harp is as exciting a solo instrument as a piano or violin, will be presented in concert at Clark Auditorium at 8 p.m. today in Shamrock.

Miss Dilling was featured in a delightful sketch published in Harper's Bazaar. Her good looks and effervescent personality coupled with a rare gift of interpretation and complete mastery of technique have placed her in the position of the foremost woman harpist of her time.

Most of them are in the living room of her New York apartment. Her treasure is one designed by Cousineau, a French craftsman, whose clients included Marie Antoinette. Others on display are an African harp, a Mexican harp, two Irish harps, a Welsh harp, and a Scandinavian minnesinger's harp, which is her oldest, dating to the 16th century.

## Personable Pianists Charm Audience

By EDMUND NICHOLS

America's favorite duo-pianists came to Pampa Monday evening to entertain music-lovers of all ranks in the Community Concert association's finale for the season.

Whitemore and Lowe, seasoned concert artists and showmen of the highest order, worked tirelessly to present a program of equally inspirational and entertaining music to a near-capacity audience in Junior High School Auditorium.

With stage mannerisms as impressive as their two massive concert grands on which all their concertizing is done, the two-piano team played through four well-rounded groups and a generous helping of encores.

They were able to insert into the program some music of twentieth-century vintage which, ordinarily misunderstood, held the audience as firmly as did their "music for pleasure" — standard popular favorites.

Mr. Whitemore, spokesman for the pair, even decided to repeat one number — "Perpetual Motion," by Bartok — to make sure the people got the idea. They did — and loved it.

As far as pianism is concerned, these men have achieved in their long association — well over a decade — a synchronization in every detail, and each adds to it a wonderful technique in voicing, phrasing, and expression.

## Professor Advises Coloring Salt!

CINCINNATI, O.—UP—A University of Cincinnati professor wants table salt made in various colors.

Dr. Isay Balaban, professor of experimental physics, points out that ordinary salt cannot be seen when put on some foods. He suggests blue salt for mashed potatoes, green salt for sliced tomatoes, and so on.

The change, he said, would make it easy for the housewife to know how many shakes of salt she had put on food.

## Catholic Women To Hold Annual Meet

Mrs. Fred Haiduk of White Deer will preside at the annual meeting of the Amarillo District, Diocesan Council of Catholic Women, April 8, at Umbarger. Mrs. Haiduk, district president, will conduct a question and answer period, to assist the twenty affiliated groups in solving problems.

The theme of the meeting, "Mary and the Christian Family," will be developed by the Most Rev. Laurence J. Fitzsimmon, bishop of Amarillo, in an after-luncheon talk. Miss Cella Saunders will review Eddie Doherty's "Splendid Through Sorrow," a book concerning the Seven Sorrows of the Virgin Mary; and by a panel discussion, "My Part in the Marian Year."

Members of the panel include Mrs. David Poundstone and Miss Ann Bonifield, Berger; Mrs. W. H. Coon, Dumas; and Mrs. Victor Moore, Dalhart.

Hosting the all-day affair will be St. Mary's Altar Society, Umbarger, with Mrs. Matt Albracht, Umbarger, accepting luncheon reservations. Sessions will be held in St. Mary's Hall.

## Varietas Club Has Texas Program

The Varietas Study Club met in the home of Mrs. R. W. Lane on Tuesday afternoon, March 23. Mrs. J. E. Kirchman presided at the business meeting.

Mrs. W. A. Wagoner was leader of the Texas Day program and spoke on "Folklore Music of Texas." She stressed Texas folk songs by William A. Owens. She gave the story of the composer and the history of each song, after which she played a selection of songs, including "Young Charlotte," "Barbara Allen," "Jesse James," "The Sherman Cyclone," "Kitty Wells," "The Birmingham Jail," "The Old Maid," "Soldier, Soldier," and "On Top of Old Smokey."

Mrs. H. Price Doster then spoke on the history of Independence, Texas, which was considered the Athens of early Texas — the seat of learning and culture. She showed pictures of the early homes and public buildings of Texas, discussing original home of Baylor University, several of the early churches, and several other places of interest.

Following the study hour, the hostess served lovely refreshments. Present at the meeting were Mmes. H. Price Doster, Lea Harris, J. A. Hopkins, Dow King, J. E. Kirchman, J. R. Spearman, J. C. Vollmert, W. A. Wagoner, W. C. Hutchison, and R. W. Lane.

## Frozen Soup On Way

CAMDEN, N. J.—UP—Frozen soup soon will be on the market nationally. One large manufacturer already is distributing four of its frozen, condensed soups in the Philadelphia, Trenton, and Wilmington areas, and plans national distribution soon. The four — packed in cans — are oyster stew, cream of shrimp, chicken-vegetable, and green pea with ham. The soups will need no more preparation than the condensed canned products — just add an equal amount of water or milk. But the manufacturer says they will have one decided advantage — each will have the fresh-made flavor which can be captured only through freezing.

Crayon marks can be erased from parchment type shades if a ball of soft bread is rubbed over the spots.

## MATURE PARENT

By MRS. MURIEL LAWRENCE

Tommy is a five-year-old boy who, up to a month ago, enjoyed his friends. Then he came home crying one afternoon after a fist fight with one of them.

Since then, he will not venture into the yard without his older sister. If a former playmate is invited into the house, Tommy bursts into tears and runs to take refuge in a locked bathroom.

"How can I help him?" asks his mother. "Will he outgrow this fear?"

If Tommy got a splinter in his finger, we'd dislodge it with a sterilized needle. Then showing him the tiny barb, we would say, "See how small and really harmless it is."

If a fear besets him, we dislodge it with our own uninfected point of view. Gently, without anxiety, we lead him to tell us about his fear, until under our guidance, he can begin to see it leaving him like the splinter.

But if we become anxious, we burden him with our sense of helplessness as well as his own. We must see the fear as small and harmless if we want him to see it that way, too.

And now I want to ask Tommy's mother how she received him the day he came home from his fist fight.

He trusts her judgment on what happens to him implicitly. So that if by her words or her attitude, she implied he was a victim of catastrophe, he would believe it.

What he himself knew and felt about his first fight would be lost in what his mother thought and felt about it. He would emerge from her frightened comfort, convinced that he was a helpless little boy.

The fact probably is that Tommy did not behave in his fight like a helpless little boy at all. I think he sounds like a brave one.

That's what we want to help him remember as we lead him to tell us about his fight. We're seeking for his feelings and thoughts about the fight this time, not overwhelming him with ours.

As he begins to tell us about them, we sympathize with the anger and fear he felt toward his aggressor while at the same time we applaud his resistance to his aggressor, until Tommy begins to think he behaved like a pretty fine fellow. And power is transferred

from aggression back to the person who has resisted it.

"That's where it belongs.

I think that Tommy has had the truth of his own courage stolen from him somehow. Five-year-old boys who engage in fist fights are not helpless little boys, even if they do come home crying. How did this fact get lost?"

# 42 PHS Athletes Competing On Foreign Soil This Week

## Baseballers To Amarillo; Track, Golf To Odessa

Forty-two Pampa High School athletes will be representing the Green and Gold on foreign soil this weekend.

Thirteen tracksters and four golfers left at noon today for Odessa where they'll compete in the West Texas Relays and golf meet.

Then tomorrow, 24 members of the Harvest baseball team will journey to Amarillo for a second meeting with Amarillo Sandies. The game, to be played at Gold Sox Park, will start at 3:30.

The West Texas Relays will begin tomorrow as well as the golf tournament.

Members of the track team and the events each boy will enter are as follows:

Ed Dudley — both hurdles, broad jump, 880 and 440 yard relays.

John Darby — low hurdles, 100 yard dash, broad jump, 880 and 440 yard relays.

Walker Bird — 100 and 200 yard dashes, 880 and 440 yard relays.

Jon Cantrell — shot put.

Bobby Marlar — mile relay, 220 yard dashes, 880 and 440 yard relays.

Harold Lewis — 800 and 220 yard dashes, 880 and 440 yard relays.

Walker Bird — 100 and 200 yard dashes, 880 and 440 yard relays.

Jerry McNaughton — discus.

James Holmes — 800 yard run.

Allen Holtman — both hurdles.

Harlan Boyle — both hurdles.

Jim Green — mile relay.

Jerry Neef — mile relay.

Carl Blomvist — mile relay.

Bobby Marlar — mile relay.

Members of the golf team are Sammy Houchin, Joe Chisum, Don Frimmore and Tommy Poley.

The two squads, who left by bus, were accompanied by track coach Wynne Lyon and golf coach Weldon Trice.

Members of the baseball team making the trip are as follows:

James Warner, Bobby Parrish, David Brown, Wright, Richard Cowan, Travis Taylor, Doug Randolph, Bill Clark, Glenn Adams, Tommy Darling, Dean Franklin, Bobby Conway, Larry Larson, Bob Holder, Cecil Reynolds, Hubert Duncan, Raymond Valaquez, Richard Stone, John Perkins, Dale Hensell, Dale Tucke and Buddy Moore.

## Reed Is Member Of OU Relayers

NORMAN, Okla., March 24 — UP — University of Oklahoma Track Coach John Jacobs is trying to make a quarter-mile out of Reed Red, junior distance runner from Mulvane, Kan., because he needs a fourth man on the Sooner relay team heading for the Relay of Champions at Chicago Saturday night.

Reed, who has done 50.1 in an outdoor quarter test, was moved from his usual event because of three O.U. relay men have pulled muscles. They are Dick Shunatona of Wewoka, Johnny Dahl of Okmulgee and Stan Alexander of Phillips, Tex.

## Pancho Top Money Winner On Tour

JACKSON, Miss., March 24 — UP — Big Pancho Gonzales of Los Angeles, who has won 22 of the 45 one-day tournaments played, was the top money maker thus far in the Jack Kramer professional tennis tour.

Gonzales has earned \$30,125, while second-place money winner little Pancho Segura of Ecuador, who has won only 10 tournaments but included in them many of those with the biggest purses, has earned \$28,220.

Australia's Frank Sedgeman has won three more tournaments than little Pancho but stands third in money earnings with \$24,425.

Don Budge, 38, has not won any tournaments and only one of 32 matches and is retiring from the tour Thursday.

MIAMI BEACH, Fla., March 25 — UP — Charley Norkus, awkward heavy-weight slugger from Jersey City, was somewhat miffed Thursday because he had failed to score a single knockdown while battling Danny Nardico back into the light-heavyweight ranks.

"I hit him some good shots, but he just wouldn't go down," said Nardico of Tampa, Fla., before a record auditorium crowd of 4,059 Wednesday night.

The unanimous 10-round decision meant Charley's fifth straight victory. Nevertheless, it was a sort of let-down. He had floored Nardico six times in their memorable brawl in the same ring on Jan. 20.

Of course, Norkus also hit the ban was twice that night before he stopped Danny in the ninth round.

Nardico, seventh ranking light-heavyweight contender, didn't go down Wednesday night. But he was staggered 11 times, four in the last round. The battering by left hooks and looping rights convinced Garry that he should stick to his own class.

He said Thursday, "I'm convinced. No more heavyweights for me. It's just too tough, giving up all the weight to a guy like Norkus."

Those were hard words from a light-heavy who was almost matched with Rocky Marciano for a heavyweight title fight last February.

Wednesday night Nardico spotted Norkus 12 pounds and the punishment in the late going. Danny scaled 180-14 pounds to Norkus' 197-14.

Nardico tried to force the fight throughout and he landed enough blows to bring profuse blood from Norkus' mouth, nose, nose-bridge and two brow cuts. Norkus also had a welt under his left eye.

Referee Jim Frawley favored Norkus on points as follows: Referee Jimmy Peetress, 98-91; Judge Stuart Winston, 98-91; The United Press agreed, 97-91.

# Baltimore Orioles 'Are Still Paying Discharged Hands

By HARRY GRAYSON NEA Sports Editor

ST. PETERSBURG, Fla.—Rogers Hornsby is being paid \$18,000 for not managing the Orioles.

Bill Dewitt is drawing \$25,000 for not being vice-president of the Orioles.

William O. Dewitt is drawing \$25,000 for not being vice-president of the Orioles.

Bill Vecek, you see, left the new Baltimore club with considerably more than an exhibition game schedule that keeps it on the road.

Statis Marion was fired when he told the incoming general manager, Arthur H. Ehlers, the truth

about the Orioles. Ehlers, the reformed bowling alley proprietor, said Marion had a defeatist complex. This is the same Marion who shortstopped the Cardinals to four pennants and three world championships in five years.

# Putter 'Hot' Worsham Wins Top Money In Seminole

PALM BEACH, Fla., March 25.—UP—Lantern-jawed Lew Worsham, who used a wedge to make golf's most sensational shot of 1953, Thursday credited his putter for his four-stroke triumph in the two-day Seminole Pro-Amateur golf tournament.

"My putter won this one for me," said the beaming, Oakmont, Pa. pro after shooting his second straight four under par 68 to take top prize of \$1,800 in the pro-only part of the competition.

It was the first tourney triumph for Worsham since that memorable day last summer at Chicago's Tam O'Shanter tourney when, in full view of a nationwide television audience, he holed out a 120-yard wedge shot on the last hole for an eagle that won the tourney.

Worsham's final total of 136 here gave him a comfortable margin over Jim Ferrier, the transplanted Australian who now lives in San Francisco, at 140, and Earl Stewart Jr. of Dallas, at 141.

Kroll, who had fired an opening round 65 to lead the 56 professionals competing, soared to 78 in the second round. However, he was concentrating on coaching his amateur partner R. A. Rouse, a 12-handicap player from Morgantown, W. Va., and the strategy paid off as they combined for best-ball 123 for the 38 holes to take top honors in the pro-amateur division.

Tied with Hogan and Kroll at 145 were Dutch Harrison of Ardmore, Okla., Sammy Sneed of White Sulphur Springs, W. Va., and Fred Hawkins of El Paso. Hawkins and his amateur partner, Capt. F. S. Holmes of Newport, R. I., finished second in the pro-amateur division with a best ball of 125.

Eight pros were tied at 144 in the pro division: Jack Burke of Kiamasha Lake, N.Y., Art Doering of Cincinnati, Art Wall of Pocono Manor, Pa., Wally Ulrich of Inglewood, N.J., Julius Boros of Mt. Pines, N.C., Johnny Palmer of Charlotte, N.C., Peter Thomson of Melbourne, Australia, and Jimmy Clark of Los Angeles.

Almost all the pros were leaving here Thursday for Wilmington, N.C., where the Azalea Open tournament begins Friday with Tom Rose Ford featured activity in the Industrial Bowling League last night at Pampa Bowl, making a clean sweep over Northern Natural Gas, turning in the night's high team game and finishing both individual leaders.

Stan Brake of the Ford team led the high individual game with 144 while teammate N. S. Hogwerd rolled the high individual series with 543.

Pampa Bowl, who turned in the only other clean series sweep in night play, had the high team lanked Celanese No. 2, 4-4.

In other games, Cabot Ordinance over Northern Natural Pipeline, 3-1; and Culberson Chevrolet defeated Celanese No. 1, 3-1.

## Shivers Predicts Session Will OK Asked Legislation

AUSTIN, March 25 —UP—Gov. Allan Shivers, hailing the most harmonious Legislature in the last seven years, predicts the special session will pass his spending and taxing program within its allotted 30 days.

Shivers spoke Wednesday night at a Sigma Delta Chi (professional journalism fraternity) dinner and discounted reports he and House Speaker Reuben Senterfitt had broken over the question of new taxes.

Senterfitt, of San Saba, laid aside his gavel Wednesday to speak against the administration's \$25 million tax bill, and suggested that deficit financing should be used to give raises to teachers and state employees, and start an \$11 million emergency construction program.

Shivers, several hours later said he had "always" been opposed to deficit financing.

"Texas cannot afford to pay its employees and its appropriations with discounted warrants and hot checks," the governor said.

**Hearing on Tax Bill**  
Meanwhile, the House Revenue and Taxation committees scheduled a hearing at 2:30 p. m. on a surprise amendment to the administration tax bill. The committee held hearings the first three days of the week on the beer, corporation franchise and natural gas tax sections of the bill, introduced by Rep. M. Kilgore of McAllen.

Shivers had proposed a natural gas gathering tax of a half cent per 1,000 cubic feet be levied, and that proposal was incorporated in the bill. But Kilgore Wednesday offered an amendment to substitute an increase in the present gas production tax from 5.72 per cent

of the wellhead market value to 9.08 per cent, and that was the proposal before the committee today.

The Shivers program continued to sail through the Legislature, with two major portions needing only House action before they go to the governor for signature. They were the bills calling for the \$120 a year pay raise for state employees and the emergency building bill, both of which passed the Senate and were reported out of the House Appropriations committee Wednesday.

**Teacher Pay in House**  
In addition, the Senate has approved the \$402 a year teacher pay raise bill, and it is waiting for House committee action.

In his speech Wednesday night, Shivers said he had found "less disagreement at this special session" than at any time since he became lieutenant governor in 1947.

In other comments on the Legislature at the banquet, the governor said he had "no particular concern" whether the legislators tax natural gas gathering or production.

Shivers also indicated his disapproval of "sitting in judgment on a man's loyalty without due process of law," which opponents of a bill recommended by the Texas Industrial Commission say it would do. The bill has been referred to a subcommittee of the Senate Civil Jurisprudence committee for study. The bill would establish a Loyalty Review Board. The Senate State Affairs committee Wednesday virtually killed a proposal to cut off state spending in Duval county, domain of the controversial "Duke of Duval," politician George B. Farr.

**Buried in Subcommittee**  
The committee referred to a subcommittee, for an unspecified period, a resolution by Sen. Kilmer Corbin of Lubbock that no more money be spent in Duval county until the county's books were audited.

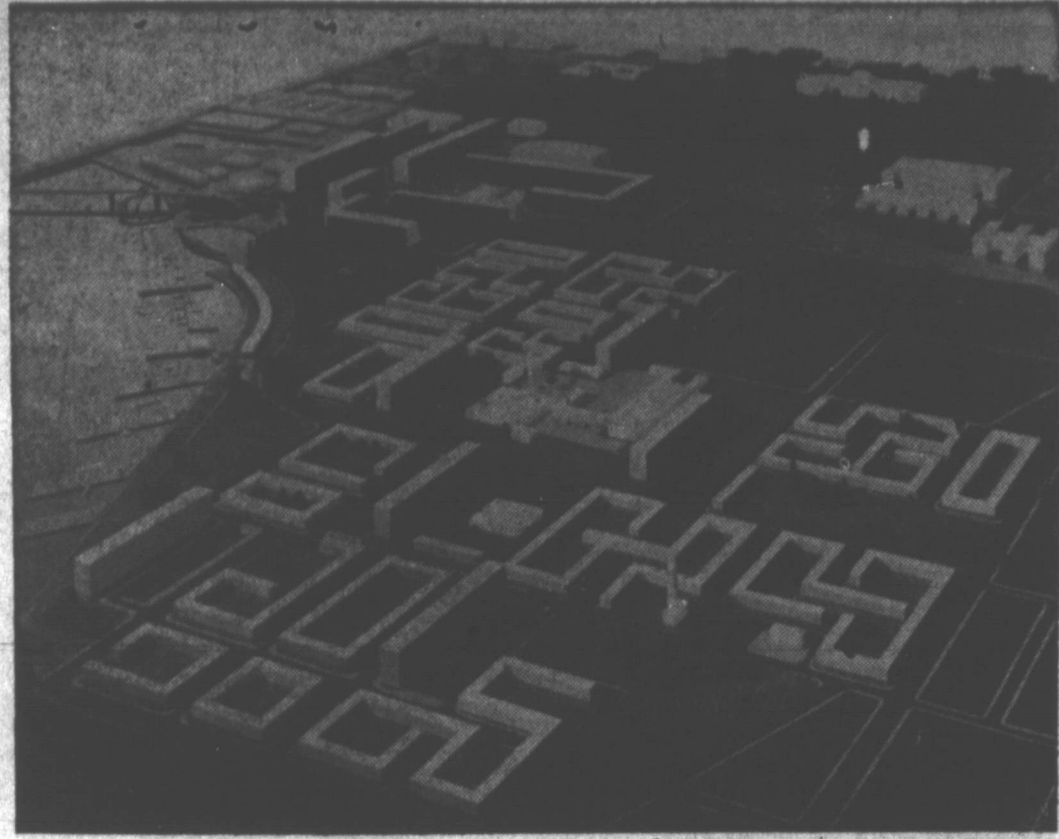

"Every single cent being spent down there is being spent under the closest public scrutiny," Sen. Abraham Kazan Jr. of Laredo said in opposing Corbin's resolution. "You're closing the door after the horse is gone."

Corbin later issued a statement he was "alarmed, surprised and dismayed" by the committee's move.

## Brotherhood Group Sponsors Revival Night

The men's brotherhood group of the First Methodist church will sponsor the revival service being held at 7:30 p. m. today. Featured evangelist will be Dr. Kenneth Copeland of San Antonio.

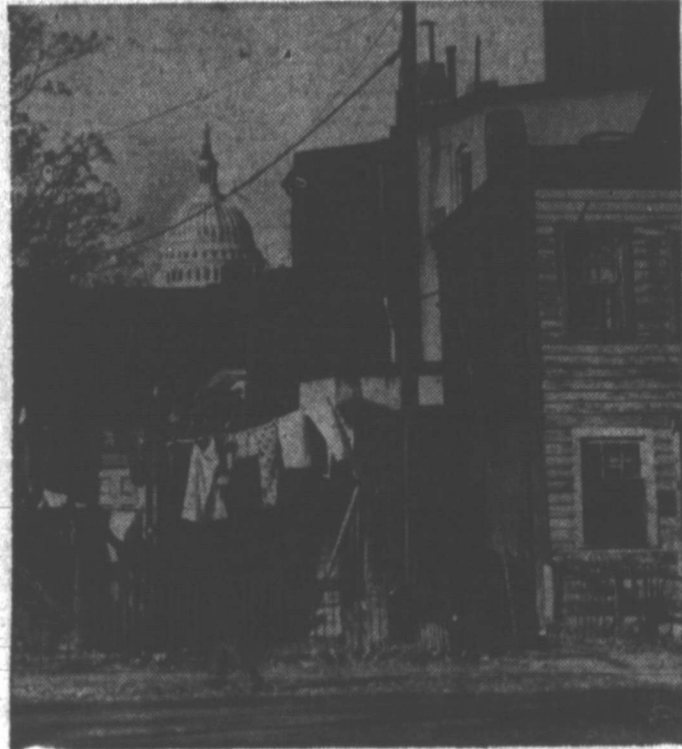

Special music for the service will be presented by the Sanctuary Singers, under the direction of Roy Johnson, minister of music. Special revival and "Week of Dedication" services are being held at 7 a. m. each morning in addition to the evening services.

## Face-Lifting For Capital Is Scheduled

It's only a "dream" stage at present, but plans are under way to reclaim the depressed areas of Washington, D. C. Model of the proposed improvements pictured above, shows how the southeast area could be transformed and made one of the most attractive parts of the Capital city. Perhaps the largest item in the planned reclamation would be the housing for families now living in slums. At present the plan calls for substantial amount of housing which would be sold at a wide range of prices, and there would be an equally wide range of rental accommodations. An opera house, music hall, convention hall, theaters, skating rink, underground parking lot would complete the renovation. Each residential area would have playgrounds, a shopping area and other facilities. Overall cost is expected to be above \$450,000,000.

facilitate relocation of families from slums like this.

## Highway Work Approved For Lubbock Area

AUSTIN, March 25 —UP—The State Highway Commission Wednesday approved highway projects at Waco and Lubbock.

The commission directed bids to be taken on a section of U.S. Highway 84, the Waco Drive, between 25th street and present U.S. 84 southwest of Waco, a total of about three miles.

The agency authorized financing of the project from any funds remaining from a \$1,654,000 allocation in an order of May 22, 1953. The commission also provided for supplementing these funds "in the amount that may be necessary" to complete the project.

The commission said a previously announced project at Lubbock was expected to exceed the original allotment of funds, and the estimated cost was revised to \$407,000.

The project includes grading, structures and surfacing on U.S. 82, from Avenue D in Lubbock to an intersection with U.S. 82, about 2 1/2 miles.

## Lavish Fashions Will Be Highlight At Movie Awards

HOLLYWOOD, March 25 —UP—One of Hollywood's most lavish collections of evening gowns will be seen at Thursday night's academy awards as movie queens plan to dress in their best for Oscar.

Bill Holden and the other male nominees will look alike in tuxedos and pale blue shirts, the latter a television requirement. But the ladies will form a veritable fashion show in an array of new gowns.

Donna Reed, favored to win the best supporting actress honor, will wear a short blue lace dress designed by Don Loper. It has a full skirt and green and pink ribbon trim on the low-cut bodice. Her gray satin evening coat is trimmed in the same green and pink.

Grace Kelly, another nominee, will wear a champagne tulle gown embroidered with gold sequins.

A strapless pink chiffon gown designed by Italy's Fontana was the choice of dark-haired Elizabeth Taylor. The huge skirt is embroidered with a leaf design of pearls and rhinestones. Sophisticated Gene Tierney will be a contrast in a strapless black silk sheath with an enormous capelet of starched white organdy.

Loper also designed Irene Dunne's strapless short yellow lace gown. Brilliance are sprinkled in the voluminous skirt. Lana Turner selected a strapless bright red full-skirted dress, designed by Amelia Gray and topped by a white fox stole.

MGM designer Helen Rose made Ann Blyth's off-the-shoulder gown

## Snow Job Backfires

WACO, March 25 —UP—A 26-year-old woman was in jail here Thursday on charges she tried to put too much "bite" in some cottage cheese she brought to her husband.

The woman's husband is also in jail, charged with possession of narcotics. His wife visited him and brought along a small sack of groceries. She said she wanted to be sure her husband ate properly while in jail.

In a small carton of cottage cheese in the woman's grocery bag, the jailer found a capsule of heroin.

Now the wife is in jail, too. Both she and her husband have to get along on normal jail fare.

## Laredo-Houston Route To Be Cut

LAREDO, March 25 —UP—The distance between Laredo and Houston will be shortened another 27 miles within the next few months with the completion of the gap in SH 202 between Freer in Duval county, and the Live Oak county line.

The work will cut the distance from Houston to Laredo to 304 miles, making it the nearest point on the Mexican border to motorists from the eastern and southern United States.

**GRANDMA WOULD APPROVE**—It was probably a combination of spring and 10-cents-a-cup coffee which inspired Bob Hancock of Hancock's Restaurant, in Asheville, N. C., to put the once-popular sassafras tea on his menu. But in Grandma's day drinking the aromatic tea was a regular spring ritual. Waitress Mary Cochran says most of the drinkers are curious. But not R. C. "Bob" Ingram. He's getting a refill. Hancock dug his roots on Gabriel's Creek in Madison County. He put the sign up more or less as a gag, but business came quickly.

## Kinley Plans Second Try At Well Fire

HOBBS, N.M., March 25 —UP—The famed Kinley fire-fighting crew planned a second attempt to blast out a flaming Lea county oil well Wednesday but were admittedly stymied in the task of saving a gas well surrounded by a "lake of blue fire" some 20 miles to the northwest.

Trouble shooters led by Myron Kinley of Houston, Tex., set off a 600 pound charge of nitro glycerin at Continental Oil Co. blazing Bell-Lake wildcat near Jal late Tuesday but failed in their attempt to blast the white-hot rotary head and blow out preventer off the well tubing. The blast blew fragments of hot metal as far as 600 yards away from the well and left a crater in the ground.

The explosion snuffed out the flames for a few seconds but the fire was quickly re-ignited by the white-hot machinery remaining at the well head.

Kinley said another attempt will be made Wednesday to blast off the rotary head so that the fire can be put out to stay. It has been burning more than a thousand barrels of oil daily and up to 80 million cubic feet of gas since the well blew in unexpectedly 10 days ago.
