Americans Edge Nearer To Rome

RAF Bombers Hammer Nazi Defenses

By GLADWIN HILL
LONDON, June 1 (AP)—In simultaneous overnight assaults, powerful forces of RAF bombers hammered Nazi defense installations along the French channel coast and fanned out over a 200-mile front in France to blast three of the largest railroad centers through which the Germans are shuttling their forces to meet the impending Allied invasion.

Murky weather prevailed over the English Channel early today, however, and there were no signs of daylight aerial operations from Britain—the first lull in the Allied offensive in two weeks, although heavy bombers did not go out last Friday. At 9 a. m. (2 a. m. CWT) the German radio reported that the reich was free of enemy planes and one hour later broadcast that "single enemy planes were approaching"—apparently on reconnaissance missions.

In the rail center attacks last night some 500 RAF night bombers smashed the Trappes yards 16 miles outside Paris, Terzard 75 miles northeast of Paris and Saumur 150 miles southwest of Paris. Eight British planes failed to return from the operations, which included mine laying in enemy waters, the air ministry announced. Probably well over 2,540 tons of bombs were dropped in the night attacks.

Halftracks and Wellingtons of the Mediterranean allied air force bombed railroad work tracks by the Danube river's Iron Gate canal on the Romania-Yugoslavia border last night.

After a one-night interval the Germans again sent some planes against England. These raiders dropped over East Anglia and dropped a few bombs, but they appeared to be mainly "on the snoop." It was officially reported that no one was hurt by the German foray and only slight damage was caused.

The air ministry's report on the big French coast bombardment said simply that a "number of military objectives were attacked." This operation began just before midnight and was crammed into 15 minutes, with relays of bombers passing each other going and coming. "Hell let loose," an English coast observer said.

In daylight raids yesterday powerful forces totaling possibly 3,500 Allied planes struck from the west and south, bombarding the four German rail centers of Hamm, Canbruck, Schwerte and Soest and the rail oil source at Ploesti in Romania.

The attacks from British bases against the transportation hubs saw from 750 to 1,000 U. S. heavy bombers, escorted for the fourth consecutive day by more than 1,200 fighters, carry out their missions at a cost of one bomber and four fighters.

The operations yesterday provided a thunderous finale for the month of May, which saw Allied planes fly a record-breaking 148,000 sorties.

Heavy bombers of the U. S. Eighth air force made 12,000 individual sorties during the past month and fighters of the Eighth and Ninth air forces made 16,000 additional sorties in escorting them. RAF heavy bombers were estimated to have flown 10,000 sorties from Britain, losing 263 planes. Additional thousands of sorties were flown by tactical planes of the allied expeditionary air force.

While the record of the Mediterranean air force's activities last month are not complete here, it is known to have flown more than 45,000 sorties with all types of planes, losing at least 171 and destroying at least 176 Nazi aircraft.

Mrs. Thornton Dies At Her Home Today

Mrs. J. L. Thornton, 69, succumbed early today at her home at 1207 W. 3rd street after an illness of two months.

She had been a resident of Big Spring for the past 16 years. Arrangements are pending and the body is in state at Nalley Funeral home.

Survivors include her husband, J. L. Thornton, and a son, Gary Thornton, both of Big Spring.

VETERAN SUCCEUMS SHREVEPORT, La., June 1 (AP)

Gen. O. R. Gullette, 89, last surviving Confederate veteran in Caddo parish and said to be the last surviving commissioned officer of the Confederate army, died of a heart attack here at 11 a. m. today.

The old general was sitting in the American Legion service office in the Caddo parish courthouse, talking and joking with friends, when he lay back in his chair as if to sleep and died without a word.

FDR Might Not Attend Meeting

WASHINGTON, June 1 (AP)—Unless President Roosevelt decides to go to London in the very near future there is little prospect that General Charles de Gaulle will get his wish for a ranking American official to sit in on his promised conference with Prime Minister Churchill.

There is still conviction in some quarters, however, that the president may make the trip, not especially to see the French leader, but primarily to get a closer look at the war and to thrash out some tough political problems with the British prime minister.

From the British and American points of view some affairs are going well in Europe and some are not.

Diplomatic officials at present are most pleased perhaps with the state of politics in Italy.

As soon as Rome is liberated, King Vittorio Emanuele's promise to retire and name Crown Prince Umberto as his "lieutenant" or regent will become effective. It can be reported on excellent authority that there is no tendency in official quarters here to let the king enter Rome as head of the state.

Policies as to Spain and Turkey are considered in official quarters to be much more troublesome. The constant question is how far to press these neutrals, and also Sweden, to cut their trade with the axis.

Labor Walkouts Over Nation End

By The Associated Press
 All street cars and buses in St. Louis were idle today as 3,500 operators went on strike while elsewhere along the country's labor front conditions eased somewhat as workers in several industries ended walkouts which yesterday had kept idle some 50,000 men and women.

The Pacific northwest lumber and logging industry resumed partial production as AFL unions indicated willingness of about 30,000 workers to go back to their jobs after a week's work-stoppage.

In Detroit, only one controversy remained to be settled—the strike of 1,900 CIO unionists at Parke Davis and Company.

Striking bakery drivers in the Michigan metropolis yesterday voted to resume bread deliveries. About 1,000 drivers walked out a week ago to support demands for wage increases.

There also was no immediate indication of a settlement of a controversy which slowed production at the American Steel and Wire company plant at Worcester, Mass.

Areas Dropped By War Commission

WASHINGTON, June 1 (AP)—The War Manpower Commission today dropped from its labor market classification 25 areas in groups 3 and 4. There are the areas, the agency said, "in which there is and has been for many months a surplus of labor and in which there is very little war production activity."

Group 3 includes areas in which slight labor reserves will remain after six months.

Group 4 includes areas where substantial labor reserves are expected to exist after six months.

Texas areas dropped from group 3 include: Abilene, Laredo, San Angelo and Wichita Falls.

Areas dropped from group 4 include: Lubbock and Tyler.

Great Offensive Appears On Eve Of Expansion

Japanese Massing In Indo-China For Possible New Drive

By J. K. KRUEGER
Associated Press War Editor

Japan's great China offensive today appeared on the verge of expansion into a four-front battle aimed at wiping out new Allied air bases now virtually dominating enemy shipping along the Chinese coast.

From Chungking unofficial reports said the Japanese were massing in Indo-China, possibly for a drive on Kunming, U. S. air base on the Burma road. From Honan province came news indicating the invaders were gathering for a new offensive, perhaps against Chungking.

The Japanese now are moving south and west out of north-central China. The drive on Changsha has in five days moved 60 miles, with less than 40 to go. Capture of Changsha, key point on the Hankow-Canton railroad, would help block off southeast China from Allied use.

Chungking authorities said civilian evacuation had been completed in preparation for the fourth Chinese defense of the city.

The second offensive, west along the Yellow river in Honan, apparently was in temporary deadlock, with Chinese forces attacking in some places.

Airpower forged by Maj. Gen. Claire L. Chennault was the only weapon in which the poorly-equipped Chinese had an edge. Associated Press War Correspondent Clyde A. Farnsworth visited the new Chinese-American composite wing (CACW) in Honan and reported this small air group already had thrown a wrench into Japanese plans.

Farnsworth threw significant light on Japan's willingness to mount its current offensives: "Eastern China bases from which the 14th airforce has been virtually controlling the enemy's coastwise shipping, will be of prime importance in the fulfillment of Adm. Chester W. Nimitz's pledge of driving through to China."

In Burma Chinese-American troops pushed down the Mogaung valley, capturing the enemy stronghold at Malakawng. There was no new report of the fighting at Myitkina, besieged by Lt. Gen. Joseph Stilwell's forces.

The fiercely-resisted American drive against Mokmer airfield on Biak Island off Dutch New Guinea was in a lull, Gen. Douglas MacArthur reported today.

Harris Charged With Homicide

Luna Harris of Big Spring was charged with negligent homicide Wednesday in county court as result of a Tuesday night accident in which Mrs. E. B. Garner of Midland was killed.

The complaint alleged he unlawfully operated a truck without a tail light on highway 80 and caused a Greyhound bus to run into the rear of the truck, thereby crushing and mangle Mrs. Garner.

A board from the truck bed rammed through a bus door, crushing Mrs. Garner's chest. She died one hour and 20 minutes later in a Big Spring hospital.

Time Set Aside For Prayer In Del Rio

DEL RIO, June 1 (AP)—One minute of each day, from 11 to 11:01 a. m. has been set aside here for prayer for the success and protection of our armed forces.

Mayor Frank Walton issued a proclamation to that effect, for the duration of the war.

LT. SIMPSON WINS SILVER STAR

(The following account, written by Lt. Albert M. Hall of Marion, Indiana, comes from the 15th Army Air Force headquarters.—Ed.)

15TH ARMY AIR FORCE—First Lieutenant Charles E. Simpson, AAF P-38 pilot of the oldest AAF fighter group, from Galveston, Big Spring, Texas, has been awarded the Silver Star for gallantry in action in the Mediterranean theatre of operations.

The incident for which Lieutenant Simpson was awarded this honor occurred on January 7, 1944 when the group of AAF P-38's were escorting heavy bombers to a target in northern Yugoslavia. Enroute to the target, the escorting P-38's were attacked by large formations of enemy fighters.

During the encounter, Lieutenant Simpson went to the aid of a crippled P-38 and fought off enemy aircraft till the pilot could parachute to safety. Then, before he reached the safety of the main body of escorting

Planes Attack Enemy With Rockets—An armed enemy trawler is attacked with rockets by Beaufighter planes of the RAF coastal command. Rocket at right (circled) has just left the plane while that at left (circled) and another in the center are approaching the target. This is a British official photo. (AP Wirephoto).

Stimson Says Period Of Decisive Action At Hand

WASHINGTON, June 1 (AP)—Secretary of War Stimson said today that with 3,637,000 army troops already overseas, the deployment of air and service forces is practically completed "and the period of decisive action is at hand."

The bulk of forces now moving out of the United States to combat areas is composed of ground troops prepared to use the bases and take advantage of the preliminary air assaults for the final blows against the enemy, the secretary told a news conference, adding:

"The United States army today has 3,637,000 soldiers deployed outside the continental

United States in theaters of operation throughout the world, striking and preparing to strike victory-winning blows by land, from the sea and in the air against Germany and Japan.

Overseas deployment of necessity came first for the supply and air forces, Stimson noted, since it was necessary to build up the bases for the eventual main drives against the enemy. Those bases are now established, he said, and shipping is always available for the movement of ground forces to the overseas theaters. This movement "rapidly is nearing the peak."

Stimson said that the overseas strength of the army exceeds in the World War 1, 1,517,000 men, and is only 400,000 men short of the total strength of the army at the close of World War I.

He said the air forces, with a total strength of approximately 2,337,000, has slightly less than half of that personnel already overseas. The AAF has more than 75,000 airplanes, including 34,000 combat planes, he said, and more than one-half of the combat plane strength is overseas, "making the AAF the world's most formidable aerial force in point of size and fire power."

The movement of ground troops to overseas theaters is just reaching a peak, Stimson said but already more than half of the ground forces are deployed for action overseas.

Outside of continental United States, the AAF has approximately 825 bases, of which 750 are air fields, including many used by the air transport command, and the others include radio and weather stations, hospitals, depots and storage bases.

"The tremendous growth of the AAF's overseas combat strength," said Stimson, "with an adequate and increasing reserve, just now is bringing United States army aerial striking force to the planned size, and power which assures a relentless offensive against the axis in all theaters."

The Italian campaign, since the landing last September through May 27, has cost 55,150 American casualties, Stimson reported. Of these, 9,686 were killed, 36,910 wounded and 8,554 missing.

Working with him will be R. J. Wallace, Joe Smoot, J. Ralph Lee, W. W. Whipkey, A. E. McClain, O. B. Price, Bob May, G. D. Foster, Ford Merritt, Kirk Taylor, L. E. Gresselt, Frank Kelley, J. A. Sadler, P. K. Mackey and T. H. Boesch.

Chairmen of the various communities in the county are to be named by the committee this week and sub-quota assigned. Overall quota for the county is \$495,000. The county bought a total of \$521,000 in bonds during the fourth drive as against a \$421,000 quota.

Battle Smoke Seen From Within Gates Of Eternal City

By NOLAN NORGAARD
ALLIED HEADQUARTERS, Naples, June 1 (AP)—American doughboys have driven a deep wedge into the enemy's Valmontone line, occupying strategic high points in the historic Alban hills northeast and northwest of Velletri, and are now fighting within sight of Rome.

(A CBS broadcast from Bern said Rome residents could see the smoke and flashes of battle through binoculars and telescopes, with the fighting so near "that cannons, firing with the frequency of machine-guns, caused the houses of Rome to tremble and the windows to rattle continuously throughout the day and night.")

The advances were won against the strongest kind of German resistance, a communique said today. One salient carried the Americans forward more than a mile and one-half.

The Allied command was silent on Velletri itself, but German radio reports indicated the shell and bomb-battered town had been left to the Americans after hot street fighting.

The Eighth army meanwhile, advancing steadily up highway 6, the Via Cassina, captured Frosinone, provincial capital 44 miles by road from Rome.

Other American elements plunging forward in the vicinity of the Apian Way captured dominant high ground near the lake of Nemi northwest of Velletri.

"This latter gain brought the Fifth army to 15 airline miles from Rome's gate of Saint John Lateran through which the Apian Way enters the capital," wrote Edward Kennedy, AP correspondent.

From these heights the American infantrymen could see Saint Peter's famous dome rising in dim lines from a hazy mass of buildings that formed Rome.

The Fifth army gains from Valmontone to the Tyrrhenian coast were officially called "limited but important."

Three miles west of the fortified town of Lanuvio armored units crossed the Fossa di Campoleone, a drainage canal, and maintained steady pressure on the enemy in that area interlaced with canals and ditches.

Nazi Field Marshal Albert Kesselring continued to increase his defensive forces in the Valmontone area to keep highway 5 open for German remnants fleeing from the lower battle sectors.

"French troops are maintaining contact with German rearward detachments falling back toward Valmontone and Anagnino, where it is deemed almost certain that a defensive stand will be made," an official announcement said.

Eighth army troops occupied the town of Sora, northeast of Frosinone. Sora fell to a column of New Zealanders driving toward Avezzano, 34 miles beyond.

In what was described as the largest close-cooperation job since the large-scale attack on Cassino, Allied medium bombers yesterday supported the battle for Rome by raiding heavy troop concentrations in the Lake Albano area, near Frascati and between Lanuvio and Velletri.

Other Allied aircraft bombed an enemy concentration near Subiaco on the German northern withdrawal route east of Rome.

Greene Is Chosen For Office At US 87 Assn. Meeting

DENVER, June 1 (AP)—Four Texans were elected officers of the U. S. 87 Highway association at its closing session yesterday.

Col. James A. Mars of San Antonio was named president. A. B. Davis, Lubbock was elected manager of the association and James H. Greene, Big Spring, a state vice president.

Directors and officers chosen included W. H. Brymer, Amarillo.

Big Spring was represented in the meeting by five men including Greene, who was one of the organizers of the association last year at Denver and who was chairman of its constitution and by-laws committee when the unit was set up. He was chosen recently at a state meeting here as one of two Texas directors in the national association.

Others going from here were W. C. Blankenship, Wiley Curry, Leon Curry and Dan Conley. The group was due to return here Thursday night.

Doughboys Stage Surprise Coup In Push On Rome

By KENNETH L. DIXON
BEHIND GERMAN LINES

SOUTH OF ROME, May 31 (Dow laid) (AP)—A bunch of American fighting men staged one of the most spectacular infantry coups of the war last night and early this morning by establishing themselves on a high razorback ridge on Monte Artemision, overlooking Velletri.

They moved in ghostlike stealth by the hundreds through bright moonlight and infiltrated German lines and reserve positions.

At dawn today they were in positions overlooking Velletri, which still is contested.

Between these Alban hills and Velletri, an unknown number of Germans are sought in a slowly closing trap, completely surprised because the GI's came all the way without firing a single shot.

"Our position overlooks Rome to the north and Velletri to the south.

I accompanied the troops in their circuitous 15-mile crawling scrambling and hiding hike.

They accomplished their feat by slipping past German machine-gun positions so close bright tracer fire flashed over our heads as we crawled along.

The closest calls came when the Germans staged a frontal line air raid while we still were in no-man's land. Flares were dropped, illuminating the whole countryside and their deadly brilliance forced us to lie motionless for minutes which seemed like hours. Barking dogs and baying jackasses also threatened to betray our creeping progress.

The whole venture was like the Hollywood conception of war. It had never been done by so many before on this front.

Tonight after 24 hours and at a point three miles behind the German lines, I still can hardly believe the venture was successful.

Rain Over State Causes Damage

AUSTIN, June 1 (AP)—Excessive rainfall damaged some Texas crops and delayed field work in the eastern half of the state but conditions were more favorable elsewhere in the week ended May 28, the U. S. department of agriculture reported today.

General rains relieved drought conditions in the low rolling plains, the south half of the high plains and the Rio Grande plains. Supplies of irrigation water were replenished in the lower Rio Grande valley.

Wheat prospects were further improved in the principal producing counties of northwest Texas by the timely weekend rains.

Corn did not make good progress through much of the state. Conditions were mostly unfavorable for cotton due to continued rain and cool weather.

Mid-season and late commercial vegetable crops were delayed by additional rains in many areas that were already too wet.

East Texas tomatoes, potatoes and mid-season cantaloupes and watermelons were affected. Livestock were in generally good condition, and range feed and pasturage continued to improve over much of the state. The principal exception was the dry Pecos-EI Paso area which received only scattered rains during the week and was very short on range and other feed supplies.

could parachute to safety. Then, before he reached the safety of the main body of escorting

Double Ring Ceremony Is Read At Methodist Church

Mariam Gordon, daughter of Rev. and Mrs. H. C. Gordon of Burlington and sister of Mrs. W. L. Porterfield, became the bride of Cpl. Lewis B. Hartzog, son of Mr. and Mrs. A. C. Hartzog of Pampa, in a double ring ceremony read by Rev. W. L. Porterfield in the Wesley Memorial Methodist church Wednesday at noon.

Mrs. E. L. Ellis played the wedding music and the altar was decorated with pink gladiol and ferns.

The bride wore a black silk crepe dress with light blue accessories and her corsage was of white gladiol.

Mrs. Hartzog attended Clarendon High School and graduated from Slaton High school. She has been employed at the State Hospital as an assistant recreational director.

Cpl. Hartzog has been with the Marine Corp in the South Pacific for two years and returned to the United States last month. He is now stationed in San Diego, Calif. as an instructor where the couple will be at home. He is a graduate of Clarendon High school and attended Texas A & M until he joined the Marines in December 1941.

A reception was held in the church parlor following the wedding. Mrs. W. D. Lovelace, Mrs. Tommy Lovelace, Mrs. Cecil Nabors, and Mrs. Porterfield were hostesses.

The two-tiered wedding cake was served to about 30 wedding guests.

Arlin Dean Bryant Honored On Birthday

Mrs. J. W. Bryant honored her son, Arlin Dean, on his second birthday anniversary with a party in her home.

Games were played and gifts presented to the honoree.

Ice cream and cake were served to Brenda Patton, Buddy Pendleton, Jeanne Hahn, Rennie Hamby, wood, Cynthia Hunt, Larry Patton, Jeanne Hahn, Ronnie Mamby, Patricia Reeves, Betty Ann Hunt, Jerry Caywood and Roy Adams.

Assisting Mrs. Bryant were Mrs. Elsie Caywood, Mrs. Maribelle Patton, Mrs. Edward Green, Mrs. Raymond Hamby, and Mrs. J. F. Horner.

Informal Bride: Designed for the furlough bride is this flattering young two-piece suit of pink faille, worn by film star Alexis Smith. The jacket has a deep U-shaped neckline accented by pink and blue roses. The bride wears a charming white tippet that looks like a wedding headdress, and carries a small prayer book.

Barbecue And Party Is Entertainment For Members Of ABC and XYZ Clubs

A barbecue and party entertaining members of the ABC club and XYZ club was given at the city park Tuesday evening by the ABC club.

Games were entertainment during the evening. Those attending were Mr. and Mrs. Gene Thomas, Mr. and Mrs. Harvey Wooten and sons, Mr. and Mrs. Woody Campbell, Mrs. Dee Foster, Mr. and Mrs. Chester Cluck and sons, Mr. and Mrs. Floyd White and children, Mr. and Mrs. J. H. Strickland and Jimmy, Mrs. Ennon Lovelady and Donald, Mrs. George Thomas and daughter, Mr. and Mrs. C. O. Nalley, Mrs. Clyde McMahan and Clyde, Jr., Lt. and Mrs. T. J. Dunlap and Jerry Don, Lt. and Mrs. Frank Littell, Sgt. and Mrs. Dixon Kirk, Mr. and Mrs. Douglas Orme, J. D. Jones, Rev. J. E. McCoy, Rev. W. L. Porterfield, Mr. and Mrs. Jack Johnson, Mr. and Mrs. Duane Leonard, Mr. and Mrs. Walker Bailey, Mr. and Mrs. Alex Miller, Mr. and Mrs. J. B. Taylor, Mr. and Mrs. Leon Lederman and daughters, Dr. and Mrs. Preston R. Sanders and daughter, Mr. and Mrs. A. H. Ryles and children, Roy Reeder, Mr. and Mrs. Norris, Mrs. Garner McAdams, Mr. and Mrs. C. Y. Clinkscales, Mr. and Mrs. Doyle Vaughn and Beverly Ann, Mr. and Mrs. V. A. Whittington, O. C. Lewis and daughter, Fred Staggs, Chad Rockett.

Plans Completed For Presbyterian Bible School At Church

Ruby McDurham, director of religious education, and workers and co-workers met in the Presbyterian church Wednesday evening and completed plans for the Vacation Bible School to begin June 19 through June 30.

Discussions were made concerning registration and records, publicity, finance, daily schedules, refreshments, importance of advance preparation, gifts to be made to other departments of Sunday school, picnic planned for closing Friday, plans made for closing program, short meetings of workers daily before school opens.

Those present were Mrs. R. M. Parks, Agnes Currie, Mrs. H. C. Stiff, Mrs. L. A. Jones, Mrs. A. A. Porter, Mrs. J. C. Lane, Mrs. Cecil Wesson, Mrs. C. R. Dunagan, Rev. and Mrs. James E. Moore, Mrs. L. A. Roby, and Mrs. McDurham.

Rodeo Dance Is Slated Saturday

Hoyle Nix and Melvin Choate are sponsoring a rodeo dance Saturday evening from 9 to 1 o'clock at 316 Runnels in the old Sherrod hardware building.

The dance follows a rodeo on the Gall highway scheduled for Friday, and the Centerpoint Serenaders, a five-piece orchestra, will furnish music for the affair.

Dances will include "Put Your Little Foot", schottische, polkas and modern dances, and a special invitation has been extended to service men and women who would like to attend.

Couple Married May 25
S 2/C E. L. Roman, Jr. and Dorothy Jean Stallings, daughter of Mr. and Mrs. Rufus Stallings of Knott, were married May 25 in Stanton. Mrs. James Jeffcoat was matron of honor.

Social Calendar Of Events For Week

THURSDAY
GIA will meet at 3 o'clock in the WOW hall.
KIWANI-QUEENS will have a luncheon at 12 o'clock at the Settles hotel.
THE HOMEMAKER'S CLASS meets at 12 noon in the East Fourth Baptist church for a covered dish luncheon. All Vacation Bible school workers have been asked to attend.
FRIENDSHIP CLASS of the First Baptist church will have a breakfast in the city park at 9 a. m. Mrs. J. W. Freeman and Mrs. T. R. Rose are hostesses.

FRIDAY
FRIENDSHIP CLUB meets with Mrs. Garner McAdams, 208 Dixie, at 8 p. m.
TRAINMEN LADIES will meet at 2:30 o'clock in the WOW hall.

Activities at the USO

THURSDAY
Desk hostesses members of the Woman's Forum.
9:00 — Square dancing.

FRIDAY
Volunteer desk hostesses.
9:00 — Bingo, free telephone call home.

SATURDAY
5:00 - 9:00 — Canteen open, free cookies and ice tea furnished by a home demonstration club to be served by volunteer hostesses.
9:00 — Recording hour in recording room.

Bride-Elect Honoree At Series Of Parties

COLORADO CITY, May 31 — As a prelude to the wedding of Elizabeth Price, bride-elect of Sgt. Frank Earl Neal of the Midland AAF, Mrs. Oren B. Trulock entertained with a formal gift reception at her home. Assisting Mrs. Trulock as hostesses were Mrs. John Reese, Mrs. Edgar Majors, Mrs. P. K. Mackey and Mrs. J. L. Pidgeon.

A program of piano numbers was played during the reception hours by Mrs. Farris Lipps, Mrs. E. Latham and Mrs. W. H. Coffey.

The house was decorated with bouquets of snapdragons, phlox, daisies, roses, larkspur and gladioli arranged in crystal bowls. The dining table, laid with an imported linen and lace cloth, was centered by a bride-doll in yellow organdy placed on a mirror reflector. Low crescent-shaped crystal bowls holding phlox, roses, baby-breath and fern ringed the reflector which was flanked by four white tapers in crystal holders. The buffet held an arrangement of pink gladiol and white daisies in an early American bowl of fluted pink glass.

One hundred guests called during the reception hours of five to seven. The marriage of Miss Price and Sgt. Neal will take place Friday evening in a church ceremony at the First Baptist church here.

Complimenting Nancy Elizabeth Price whose marriage to Sgt. Frank Earl Neal will be solemnized here Friday evening, Mrs. LeRoy Brown, Jr., entertained with a dinner party and kitchen shower at her home.

Guests were Mrs. Newby Pratt, Mary Price, Rebecca Smoot, Mrs. Charles Godwin, Blanche McCauley, Virginia Whipkey and the honoree.

At the home of Miss Smoot a brunch, Wednesday morning, also honored the bride-to-be. Mrs. Brown, Mrs. Godwin, Nina Laura Smith, Mrs. George Otis Witten, Mrs. Pratt, Mary Price, Virginia Whipkey and Blanche McCauley were present.

The rehearsal dinner for the bride couple will be given at the home of the bride's grandparents, Mr. and Mrs. A. L. Whipkey, here Thursday evening with the aunt of the bride, Mrs. A. B. Robertson, assisting in entertaining.

Auxiliaries Meet With Mrs. Watson

The Junior Girl's Auxiliary had a regular missionary program Wednesday afternoon in the home of Mrs. A. A. Watson directed by Mrs. L. E. Hutchins.

Refreshments were served to Nita Bell Watson, Mary Frances Norman, Gloria Ann Freeman, Ann Matthews, Mrs. Hutchins and Mrs. Watson.

"Our Forward Step" was the subject of study of the Intermediate Girl's Auxiliary when members met Tuesday with Mrs. A. A. Watson.

Refreshments were served and those attending were Martha and Ruth Ella Hobbs, Martha Bell Evans, Maxine Mayes, Wanda Watson and the hostess.

Mrs. Daimont Honors Incoming Officers

Mrs. Gladys Daimont, worthy matron of the Order of Eastern Star, honored new officers with a breakfast in her home recently and presented each with a gift.

Our new 32-page Needlework Book is yours for Fifteen Cents more . . . 120 illustrations of designs for embroidery, home decoration, toys, knitting, crochet, quilts.

Breakfast Honors Friendship Class

Friendship class of the First Baptist church attended a breakfast Thursday morning in the city park. Mrs. J. W. Freeman and Mrs. T. R. Rose were hostesses.

Those present were Mrs. Theo Andrews, class teacher, Mrs. Tip Anderson, Mrs. Horace Wooten, Mrs. Jimmie Jennings, Mrs. H. J. Agee, Mrs. C. O. Donaldson, Mrs. Rose, Mrs. Freeman, Mrs. W. D. Berry, Mrs. M. E. Boatman, Mrs. Jack Hendrix, Mrs. Burgess Dixon, Patty Penn of Kansas City, Kas., Charlene Inaley of Fort Scott, Kas., Billy Jack, Norma Lou and Charles Rose.

The anti-aircraft training program of 24 weeks will be increased to 26 weeks in order to give ack-ack troops the special training necessary to reinforce field artillery, according to the war department.

B & P W Club Lays Plans For Sponsorship Of Nursery

Stimulated by a pressing need for a local nursery for all children of working mothers, the B&PW club is in the process of writing letters to different agencies inquiring for information on the subject.

The club is still looking for a building which should be near the downtown area so the mothers may take their children by as they go to work. The building also needs to be a residence and anyone knowing of one is asked to phone Edith Gay at number 4 or Jewell Barton at 1068.

Several applications for supervisor have been turned in but nothing definite can be done yet, pending the renting of a building.

William H. Taylor, acting principal of Fort Concho school has been named director of the Victory Canteen, summer recreation program sponsored by the San Angelo schools for children of working parents at San Angelo.

The program is being set up with aid of funds provided by the War Public Service agency so children between the ages of 6 and 14 may be properly cared for during the day while their mothers are working. Tuition will be \$2.50 a week for one child, \$4.50 a week for two children in the same family, and \$6.50 weekly for three children in the same family.

The fee includes a hot meal to be served children at noon and an afternoon snack.

The same menu is to be used in Canteen lunches as in those served at the San Angelo Nursery School in order that expenses may be cut by buying food in large quantities.

Philathea Class Has Annual Picnic At Park

Members of the Philathea Sunday school class of the First Methodist church held their annual picnic Wednesday at the city park.

H. D. Norris gave the invocation, and those attending the affair were Mr. and Mrs. M. E. Cooley, Mr. and Mrs. C. L. Roden, Mr. and Mrs. Merle Hodnet, Mrs. W. A. Laswell, Mr. and Mrs. H. D. Norris, Mr. and Mrs. C. L. Rowe, Mr. and Mrs. M. A. Cook, June and Mary Nell Cook, Mr. and Mrs. Roger Hefley and daughter, Mr. and Mrs. R. E. Setzerwhite, Mrs. C. Y. Clinkscales and Mrs. Garner McAdams.

Hostesses Visit Post Hospital Wednesday

Flowers, cookies, books and magazines were distributed in the wards at the post hospital Wednesday by volunteer hostesses from the USO.

Participating in the activity were Marie Dunivan, Nita Chapman, Melva Chapman, Reta Debenport, Jack Williamson, Helen Duley and Lillian Jordan.

LIMIT: 2 lbs. to a customer. This offer good in Big Spring and vicinity only!

Estimates of the cost of the total volume of construction projects this year have been reduced by the War Production Board from \$3,900,000,000 to \$3,500,000,000.

News Of Class 43-2-

LT. DALSEY SWEATS OUT LEAVE AFTER COMPLETING MISSIONS

Recently completing his quota of missions over Hitler's Europe, Lt. John T. Dalsey of Collingswood, N. J., is now sweating out a furlough to the States. Dalsey came through without a scratch, and has the Distinguished Flying Cross and the Air Medal with three clusters.

One of Dalsey's classmates, Lt. Alex Yaskel of Brooklyn, N. Y.,

was not so lucky, however. Yaskel, who already had the Air Medal with an oak leaf cluster, failed to return from a bombing mission over France on December 21st last. It is not known yet whether he was killed in action or in a prisoner of war.

All we know about Lt. Roger Cuddeback of Burlington, Ia., is that he is with the 8th Air Force in England and was awarded the Air Medal last March.

Early in May of '43 Mrs. Hannibal Algood of Marlboro, Mass., received a telegram from the war department. The telegram read: "Deeply regret to inform you that your son, 2nd Lt. Albert J. Algood, was accidentally killed in an airplane crash near Dyersburg, Tenn., this Monday, while participating in a routine training flight." Five others, three lieutenants and two sergeants, were also killed in the crash.

Lt. Bruce Yarwood of Cleveland, O., took off from his 8th Air Force base in England for his fifth combat bombing mission on July 30, 1943. His big Fortress met with heavy enemy opposition over Belgium and was literally "blown out of the air." All of the crew members managed to bail out just before the Fort exploded, and they are now prisoners of war in Germany. Yarwood's baby daughter, whom he has not yet seen, was just ten days old at the time her adventurous father was pulling his ripcord over Belgium, and Yarwood didn't even know he had a daughter until he received his first letter from his wife early last January.

The last we heard of Lt. Jimmy Bolton of Portsmouth, O., he had completed his 17th mission with the 8th Air Force and had been over Germany several times. Wrote that he had the Air Medal with several clusters, and was sweating out 13 more missions so

GRIN AND BEAR IT

By Lichty

"We're running low on campaign funds, Senator! You think you could put some gags in your radio speeches — and maybe get a sponsor?"

that he could come back home for a furlough.

Lt. James P. Driscoll of West Englewood, N. J., had completed 20 missions out of his 8th Air Force base in England when his plane was listed as missing in action over Germany on February 24th last. However, it turned out that his crippled Fort had been forced down in neutral territory where he is now interned for the duration. He reports that he is in excellent health, and living off the fat of the land. Driscoll has the Distinguished Flying Cross and

the Air Medal with three clusters.

After graduating from Big Spring, Lt. J. L. Driver of South Bend, Ind., took navigation at Hondo and wound up in Greenville, S. C., as a bombardier-navigator on a B-25. From there he flew to Hawaii in December of '43, stayed there for a few weeks and took off to blast the Japs from an American base in the Gilberts. He's been doing that for several months now, but no detailed reports of his activities are available.

Lt. Q. C. Hurdle of Whistler, Ala., had 13 missions to his credit back in March of this year. Wrote us then that he had the Air Medal with one cluster, and that he was sure sweating out those last 17 missions. Said the boys are treated very nicely in the 8th Air Force, and that they all sweat out the last few missions much harder than all the rest of them put together.

Captain Frank A. Wiswall of Boonton, N. J., recently completed 30 missions over Hitler's Europe, and believes it or not, he refused a furlough home, but elected to stay there and give the Huns hell. Captain Wiswall figures he'll have lots of time to play after the war. Right now, he's busy working on German war plants. He has been lead bombardier in his squadron with the 8th Air Force for some time now, and has the Distinguished Flying Cross and the Air Medal with several oak leaf clusters.

After completing a course in navigation at Hondo, Lt. Irving Semelsky of Johnstown, N. Y., left to join Chennault's boys in China. He arrived there early in December of '43 and operated on the Japs until January 25th last when his B-25 Mitchell was ripped apart by the enemy over Kunming, China. Semelsky and the five other crew members were all killed. At the time of his death, Semelsky had had over 200 combat hours to his credit and possessed the Air Medal with several clusters.

Telephone Union Demands Hike In Wage Schedules

Southwestern Telephone Workers Union, representing more than 80,000 non-supervisory employees of the Southwestern Bell Telephone company, have demanded a general increase of 17 1/2 cents per hour and bargaining negotiations are expected to start immediately, according to union officials.

In Big Spring there are approximately 48 workers affiliated with the union and in the Midland area an estimated 300, said W. D. Berry, district chairman for the union.

Telephone workers, although essential to the war effort, have been caught between rising living costs and one of the lowest salary scales in the A. T. & T. company. It was pointed out. Schedules for progression are such in some cases that they only equal brackets for some workers who reach their maximum in one to two years. In some instances minimum pay runs from \$16 per week or \$65 a month, the union statement continued.

Southwestern Bell, one of the largest companies in the Bell system, ranks 17th in a list of 20 company wage scales. Average rate is 74 as against 94 for the Bell System, said Berry.

Current rates, he added, had induced many to take on other part-time employment or had necessitated wives working.

One hundred and forty thousand acres of timber in LeFlore county is included in the Ouachita National Park.

Menus For Your Approval

By CHARLOTTE ADAMS
Colorful Main Course

Ham Slices with Asparagus Hollandaise Baked Potatoes Whole Wheat Bread Orange and Tomato Salad

(Recipes Serve Four)

Ham Slices with Asparagus Hollandaise

4 thin slices cooked ham
20 stalks cooked asparagus
Hollandaise Sauce

If you have individual shallow casseroles they are attractive to serve this entree in, but it can be equally well served individually on dinner plates. Place five stalks of hot, cooked asparagus on each

slice of ham. Four Hollandaise sauce over all (see below). Break open the potatoes, put a bit of margarine and dash of paprika into the break of each and place them on the plates with the main dish.

Hollandaise Sauce
1-2 cup margarine
1 tablespoon lemon juice or wine vinegar
3 egg yolks
1-4 teaspoon salt

Divide margarine into three equal pieces. Place lemon juice or vinegar, egg yolks and one piece of margarine in top of a double boiler over hot (not boiling) water. Beat with fork or wire whisk until margarine is absorbed, add the second piece and when it is absorbed add the third, beating every minute. As soon as the third piece is absorbed remove from stove and add salt.

Orange And Tomato Salad
3 oranges
3 tomatoes
Dandelion greens
Peel and slice oranges and tomatoes. Place in a good bed of dandelion greens (or lettuce) and pour over the following dressing.

Dressing
4 tablespoons salad oil
1 tablespoon elder vinegar
1 tablespoon lemon juice
1-4 teaspoon salt
Dash of pepper
1-4 teaspoon sugar
Pinch of curry powder

Put all ingredients into a jar and shake well. A bit of blue cheese broken over the salad after this dressing has been poured on gives the perfect touch.

Do More Than Boil The Lentils

Broiled Chicken
Purced Lentils
Chiffonade Salad
Melba Toast
Lemon Meringue Tarts

(Recipes Serve Four)
Purced Lentils
1 cup lentils
1 medium onion
2 tablespoons margarine
1-4 cup thin cream
1-4 teaspoon powdered summer savory

Soak lentils in cold water at least four hours. Pick them over carefully and wash in several waters. Put to boil in cold water

with the onion, cut into slices, and add a bit of salt. When they have come to the boil, turn down the heat and simmer gently for an hour to an hour and a quarter, or until tender. Drain and press through a sieve. Reheat in double boiler over hot water, with butter, cream and savory.

Chiffonade Salad
1 head lettuce
1 bunch watercress
2 cold, sliced beets
French dressing

Wash, drain, dry and thoroughly chill the lettuce and watercress. When ready to serve, tear these with your fingers and drop in bowl. Add the beets. Pour over French dressing and toss with fork and spoon so that every bit of beet and greens are coated, but there is no pool in the bottom of the bowl.

Summer Meatless Meal

Red and White Casserole
Julienne Snap Beans
Bran Muffins
Strawberries in Port

(Recipes Serve Four)

Red And White Casserole
4 hard cooked eggs
2 cups drained, stewed tomatoes
1 medium onion
1-3 green pepper
4 tablespoons margarine
4 tablespoons flour
1 cup milk
1-2 teaspoon salt
1-8 teaspoon pepper
1-2 cup grated cheese
1-4 cup bread crumbs

Margarine
Slice eggs and place a layer of the slices in the bottom of a casserole dish. Chop onion and pepper coarsely and saute gently in a little oil or margarine until soft, but not brown. Add to tomatoes. Place a layer of tomato mixture over the eggs. The tomatoes may be fresh or canned (Save the juice you've drained off for breakfast). Melt margarine. Remove pan from stove and blend in flour.

Return to stove and add milk. Stir constantly until a thick sauce results. Season with salt and pepper and mix in half the grated cheese. Pour a layer of this over the tomatoes. Add another layer of each ingredient — eggs, tomatoes and sauce. Mix remainder of grated cheese with bread crumbs and spread over top of dish. Dot with margarine. Bake at 400 degrees about half an hour — or until crumbs and cheese are well browned. This dish is even better the second day. Try mixing some sour cream into it before reheating.

Harvest Time In England—A threshing crew goes about its work "somewhere in England" unmindful of an American A-30 medium bomber Harold Harris. (AP Wirephoto).

Return to stove and add milk

Stir constantly until a thick sauce results. Season with salt and pepper and mix in half the grated cheese. Pour a layer of this over the tomatoes. Add another layer of each ingredient — eggs, tomatoes and sauce. Mix remainder of grated cheese with bread crumbs and spread over top of dish. Dot with margarine. Bake at 400 degrees about half an hour — or until crumbs and cheese are well browned. This dish is even better the second day. Try mixing some sour cream into it before reheating.

Strawberries In Port
Hull and wash strawberries. Drain thoroughly. Chill well. Half an hour before serving pour two tablespoons of port wine for each person to be served over the strawberries. Powdered sugar may be served with these, but the port will offer enough extra sweetening if the berries are ripe.

Youth Drowns In Lake

FORT WORTH, June 1 (AP)—A Lake Worth youth was drowned an this companion narrowly escaped death yesterday while they were fishing trout lines in the lake. Delbert Rowe, son of Mr. and Mrs. W. Y. Rowe, Lake Worth, was the drowning victim. His companion, Beek Gaddford Jr., 17, plunged into the water in a futile effort to save his struggling chum and was dragged from the lake unconscious.

New Commandant Is Named At Camp Swift

BASTROP, June 1 (AP)—The Camp Swift public relations office announced yesterday Lt. Col. Parke Houston has been named commanding officer of Camp Swift replacing Col. Alfred G. Brown, who assumed command of Camp Bowie, Brownwood. Colonel Houston, former post executive officer, will be succeeded to that post by Col. R. E. Keeling, former executive officer at Camp Wallace, the public relations office said.

Medal Awarded

TEMPLE, June 1 (AP)—The Distinguished Service Medal and the Legion of Merit were bestowed upon Major Gen. A. D. Bruce, organizer and former commander of the Camp Hood Tank Destroyer Center, somewhere in the Pacific, his wife, who resides here, announced.

Traction Employees Strike

ST. LOUIS, June 1 (AP)—All street cars and buses in St. Louis were stationary today as some 3,500 operators went on strike. The operators, members of the Amalgamated Street and Electric Railway and Motor Coach Employees of America Union (AFL) reportedly struck over an overtime pay controversy.

Cub Pack To Meet

Cub pack No. 13 is to have its meeting at the City Park at 6:30 p. m., Friday, it was announced today. The meeting last week was rained out. The session is to be a field affair and Cubs and their parents are urged to come and to bring a picnic lunch.

Unrationed Meat Will Remain So Through July 1

WASHINGTON, June 1 (AP)—All meats now ration-free will continue so during the period through July 1, the Office of Price Administration said today in announcing these principal changes, effective Sunday. In the point values on other commodities:

Canned carrots, orange juice, grapefruit juice and blended orange and grapefruit juice are added to the long list of point-free processed foods.

All varieties of cheese and cheese products are reduced two points a pound to a new value of 10 points.

The ration cost of canned evaporated and condensed milk is halved, dropping from one point for a pound to a half point.

The only increases ordered are for pineapple juice, up three points to 15 for a No. 2 can, and grape juice, boosted four points to 10 for a pint container.

Butter stays at 12 points a pound and margarine at two points.

Choice beef steaks and roasts continue to be the only meat cuts requiring ration stamps. Values are unchanged with one exception: chuck steaks and roasts are cut two points a pound. Flank steak remains point-free.

Beef, veal, lamb, mutton and variety meats will be in more plentiful supply in the new period. Pork, while still coming to market in amounts exceeding demand, will fall slightly in volume.

The point increase for pine-

apple juice and grape juice reflects short supply and too rapid movement into consumption. Slow movement, on the other hand, brought the addition of carrots to the list of point-free canned vegetables. Carrots go to a zero rating from three points for a No. 2 can.

In making citrus juices available without ration stamps, OPA said the supply this season was larger than had been expected and that the new pack was about a month ahead of schedule.

Current values, eliminated beginning Sunday, are three points for a No. 2 can of orange juice, one point for a No. 2 can of grapefruit juice, and three points for a No. 2 can of blended orange and grapefruit juice.

Eight officers of the Army Nurse Corps have been awarded the Purple Heart for wounds received as a result of enemy action in Italy, the war department said.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function prevents poisonous matter to remain in your blood, it may cause nagging backache, rheumatoid pain, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels; so ask your druggist for Don's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Don's Pills.

Farmers Can Have Best Of Fishing In Ponds Around Place

COLLEGE STATION, June 1—There are more than 100,000 fishin' holes in Texas in the form of farm ponds, which many farmers and ranchmen are drawing upon to supply their tables with fish. With this resource, R. E. Callender of the A. and M. college extension service, believes it is as reasonable to think of raising fish by the acre of water as of other crops by the acre of land. Good management in stocking with right varieties numbers and combinations of fish, and increasing the food supply during the past few years has raised the production of fish in the average farm pond from a few to several

hundred pounds per surface acre of water annually. Intelligent management helps to produce more fish and in line with this Callender, who is the game management specialist, recommends that if possible ponds should be located on a sodded watershed to prevent silting. Sunshine, which is needed to grow fish food, cannot penetrate muddy water. A pond should be stocked with a combination of the right varieties, and blue gill, bream, bass, and catfish (channel cat) are the most common and acceptable varieties for Texas. He suggests as a good combination to use in fertilized ponds for each surface acre of water: 100 minnows early in the spring; 25 bass fingerlings; 50 crappie fingerlings, and 50 blue gill bream fingerlings. If channel cat alone is preferred they may be stocked at the rate of 200 fingerlings to the acre in fertilized ponds. The fish population should be in keeping with the available supply of food. Over population means a flock of small fish. A pond is capable of producing only so many pounds of fish—lots of little ones or a fewer number of larger ones. The degree of fertilization governs the growth of small plants and bug life which the fish live on, and determines the pondage of fish per acre. He recommends the following formula for each surface acre of water yearly: either 400 pounds of cottonseed meal, or 1,500 pounds of barnyard manure, and 200 pounds of 20 per cent superphosphate.

LEGAL NOTICE

THE STATE OF TEXAS To All Persons Interested in the Welfare of Harry L. Wheeler, a Person of Unsound Mind: You are hereby notified that Ella C. Neill, guardian of said person of unsound mind, has filed her application in Cause No. 445 in the County Court of Howard County, Texas, in Probate, for authority to make an oil, gas and mineral lease upon the interest of said ward in the following described land to wit: The south 150 acres of Section 28 and the east 100 acres of the N/2 of S/2 of Section 28, and the east 100 acres of the south 200 acres of Section 29, all in Block 32, Township 1-North, T & P Ry. Co. Survey, Howard County, Texas. Said application will be heard by the County Court of Howard County, Texas, in the courthouse of said county in Big Spring, Texas, at 10 A. M. of the fifteenth day of June, 1944, and you and each of you are hereby notified to present any objections, if any, you have at said time and place. ELLA C. NEILL, Guardian of the Estate of Harry L. Wheeler, NCM.

English, Tabbed As Quiet And Reserved, Get Windy

By HAL BOYLE LONDON, June 1 (AP) — You can't believe all you've been taught about Ye Merrie England. For years I have been nourishing the common delusion that the English are a quiet and reserved folk. I can't tell about life in the so-

cial stratosphere, but I do know the British common people are as long-winded a race as ever talked your arm down to the elbow stub. If they are tongue-tied in one another's presence it must be because they talked each other out through the centuries and there is nobody left willing to listen.

When you go, sir. Glad to give it to you after the war. That's one and six six—shilling an' six pence. Quite right: Thank you. Good ye sir. Next!"

Texas Farm Family To Be Honored On Nat'l Radio Program

COLLEGE STATION, June 1—The National Farm and Home hour soon will feature a Texas farm family on a nationwide radio hookup. This program will be carried by the Blue network and will be presented at 11:30 a. m. Monday, June 12, by a number of Texas stations.

The program is one of a series designed as a report to the nation on farmers plans for meeting the 1944 agricultural production goals. The Texas Extension Service was requested to select a typical Texas farm family, to be interviewed by J. D. Frewitt, state director of extension service, and B. F. Vance, state director of the Triple-A on the family's plans for meeting the production goals on their farm.

Mr. and Mrs. W. H. Hopmann and their son, Wilfred, of Fort Bend county were selected as the representative Texas farm family. This family has been one of the extension service's best cooperators in Fort Bend county. Mr. Hopmann operates a 350 acre farm. He is chairman of the Agricultural Victory Council, a member of the county Arple-A committee, the OPA rationing committee, the board of supervisors for the local soil conservation district and takes an active part in other community activities.

Mrs. Hopmann is secretary of the Beasley home demonstration club and chairman of the community Agricultural Victory Council. All the children in the Hopmann family are or have been outstanding 4-H club workers. The oldest son, Urban, who is now a prisoner of war in Japan, was a member of the first 4-H club organized in Fort Bend county, and won national honors in 4-H club contests. Another son, Wilfred, who will appear on the program, won a statewide cotton improvement contest for Texas 4-H club boys in 1940 and represented Texas in the National 4-H Livestock Judging contest the same year.

Nelda, the only girl in the family, served as secretary of the Beasley girls 4-H club for five years. She now is married and lives in San Antonio. At the 1941 Fort Bend County Dairy Day she was selected "the most outstanding farmer's daughter in Texas." The Hopmanns have two other sons, Elton, who is also in the armed services, and Clarence who is still active in his 4-H club work.

Johnson Pays Tribute To Nation's Record

FORT WORTH, June 1 (AP) — Col. J. Monroe Johnson, director of the Office of Defense Transportation, paid tribute to the wartime record of the nation's transportation system in a speech prepared for delivery before the 66th regular meeting of the Southwest Shippers Advisory Board which opened here today. Sam Goodstein, Dallas, was elected president of the Southwestern Industrial Traffic League yesterday at the organization's annual meeting preceding the shippers session. Other Traffic League officers elected included M. L. Dickerson, Shreveport, first vice president, F. H. Fredericks, Beaumont, was added to the board of directors.

Canning Sugar Rules

Home canners will want to know about changes in rules regarding sugar for canning. You'll still get 25 pounds per person, if you need that much, but first you'll only be able to get 10 pounds per person. At present, sugar stamp 40 in Book IV is good for five pounds.

Laborers Hopeful Of Being Sent To US

GUADALAJARA, Mexico, June 1 (AP)—Swarms of hungry country laborers still throng the streets of this city in the hope of being sent to work on the farms and railways of the United States. The government of the state of Jalisco has notified them that no more migratory workers will be sent from this region until next August and advised them to return to their homes, but their number has not diminished.

Program Will Raise Funds For Crippled

GONZALES, June 1 (AP)—Gov. Coke R. Stevenson, State School Supt. L. A. Woods and representatives of the Texas Music and Educators association have perfected a program to raise \$1,000,000 for the care of Texas crippled children through a concert series by state school music departments. The program was announced after the group met yesterday at the Gonzales Warm Springs Foundation. Dr. Woods announced the first concert will be held

Oct. 23 observing the beginning of the foundation here. Governor Stevenson agreed to proclaim a foundation concert day. Money from the concerts will be sent by school administrators to Foundation Treasurer Harold Michelson and will go directly to aid the polio victims in the institution, which now has a capacity for treatment of 26 children.

Rookies Celebrate Their First Big League Victories

By JACK HAND
AP Sports Writer
Four rookie pitchers celebrated their first big league victories today but the biggest thrill went to

Al Hollingsworth, 34-year-old veteran of 17 baseball campaigns, who graduated into the 1944 win column by boosting the St. Louis Browns into a first place tie with

the New York Yankees. Hollingsworth's relief chore went on the right side of the ledger when the Browns scored two runs in the ninth to tie Washington and went on to a 4-3 verdict in 11 night innings. As Joe McCarthy's clan had fallen before Detroit, 6-2, in the afternoon, St. Louis moved into a percentage point tie for the lead at .571 although they have played seven more games, won four more and lost three more than the champs.

Forrest Orrel engineered Detroit's third straight over New York in a relief role as pinch-hitter Al Unser belted Walt Dubei for a bases-loaded home run with two out in the last of the ninth. Orrel, bought from Portland last year, was credited with his first win in the big show. Specs Kileman of the Cleveland Indians also passed the test in the role of a fireman, getting his first major league triumph after replacing Vera Kennedy in Cleveland's 7-4 edge over Boston.

Calvin Coolidge McLish, 18-year-old graduate of Oklahoma City's American Legion team, made the grade for Brooklyn after two losing efforts by turning back Pittsburgh with five hits for 8-4 win. Dixie Walker boosted his bulging average to .436 on a double and two singles and Luis Olmo and Mickey Owen also were three-time hitters. Augie Galan homered for the Brooklyn night crowd of 14,773 and Jim Russell did the trick for the Pirates.

Frank Seward of the New York Giants was the fourth member of the "I won my first one" class as he survived a wobbly first inning to beat Chicago, 8-5. Noy Reyes dug himself in at third base with two home runs and a single that drove in six Giant runs. Danny Gardella of New York and Bill Nicholson and Don Dallesandro of the Braves also hit for the circuit.

Max Lanier's six-game winning streak went by the boards as Boston pounded out a 3-1 edge behind Red Barrett. Max Macon and Connie Ryan belted round trippers for the winners.

Ron Northy emerged from a hitting slump to single home Jimmy Waddell with the telling run as Charley Seanz hurled the Phils to a 5-4 nod over Cincinnati. The Philadelphia-Chicago game in the American was rained out after three innings with the A's leading 2-0.

Near Miss— Boston Red Sox catcher Roy Parlee futilely dives with ball in hand toward sliding, run-scoring Chicago White Sox shortstop Jimmy Webb in the second inning of the second game at Comiskey Park, Chicago, May 28. Shadow (lower left) is Umpire Bill Summers ruling Webb safe. Boston won twice, 6-4, 4-2. (AP Wirephoto).

ATHLETES DIVIDE HONORS IN THE AWARD OF VARSITY LETTERS

AUSTIN, June 1 (AP)—Texas athletes divided honors with boys from California, Arizona and numerous other states in the award of spring sports varsity letters at the University of Texas.

In conference competition, the university won four spring championships and tied with Texas A. and M. for top place in swimming. Texas was champion in tennis, track, golf, baseball.

Letter winners included these Texans:

Varsity "T" track: Franklin J. Crow, Corpus Christi; Ralph Ellsworth, San Antonio; Jerry Johnson, Beaumont; George W. Raborn Jr., Orange; Homer W. Smith, Austin; William A. Thompson, Bay City; Robert G. Umstad, Austin.

Varsity "T" tennis: John P. Heckman, San Antonio; Felix Kelley, Robstown; James T. McCain, Tyler; Walter C. Hamilton, Wichita Falls; Marvin Wise, Waco, manager.

Varsity "T" golf: Robert L. Wirtz, San Antonio; Qualified "T" golf: Allen E. Humphrey, Dallas.

Varsity "T" swimming: Don F. Pierce, Wichita Falls; E. O. Sedel, New Braunfels; qualified "T" swimming: Ed B. Helms, Austin; James D. Malone, Fort Worth; Coyle E. Singletary, Ruak.

Middleweight Finally Wins After Matching Punches For Two Years.

OKLAHOMA CITY, June 1 (AP) Jake Stephens, who has been matching punches with hard luck for two years, won out this week. The 22-year-old Oklahoma City

middleweight finally got his high school diploma—and was signed for a six-round feature bout on the Lou Nova-Buddy Scott card here Friday night. He will meet Jimmy Edwards, formerly of Hutchinson, Kas., now fighting out of Oklahoma City.

WHO IS GLOOMIER THAN TEACHERS WHEN ANYONE SPEAKS OF WAGES?

By JAMES MARLOW and GEORGE ZILBER WASHINGTON, June 1 (AP)—Probably no single group in this country has a gloomier view of wartime living costs than teachers.

It all compensated for Stephens' disappointment last spring when a punctured eardrum brought an honorable discharge from the paratroopers while he waited at a port of embarkation.

reaching an average figure of about \$1,065 during the current school year. About five per cent of them this year will receive an annual salary below \$600.

It made up for sleepless nights as the stocky, muscular youth fought his way through school—driving a taxi at nights and picking up fights in Texas and Oklahoma. Often he dozed in class, but his teachers understood.

Following is information given, every word of it, by the National Education association.

Friday's battle is a big chance for Jake, but he is happier over his graduating robes. "It was as rough as going 10 rounds with Joe Louis," he sighed.

The teachers' salaries are low.

Jake won the Oklahoma Golden Gloves championship in 1941, then turned professional and captured his first five bouts.

This has reduced the quality of educational service for hundreds of thousands of children.

A contest in Tampa, Fla., his last bout before joining the army, demonstrated Jake's courage and tenacity. His opponent landed on his jaw and shattered it. That was in the second, but Stephens went on to win a six-round decision.

About 18 per cent of the nation's teachers are married men. Studies of dependency show that nearly half of all women teachers are responsible for the full support of at least one other person and many women teachers have several dependents.

He was several months recovering.

The average city teacher is paid about twice as much as the average rural teacher. Living costs and standards of living are higher in cities than in the country.

DALLAS, June 1 (AP)—June 30 is the closing date set for the East Texas recruiting and induction center at Tyler, the Eighth Service Command disclosed last night.

Thousands of good teachers give up the unequal financial struggle to enter occupations where their efforts are better rewarded.

No other details were given by the command's public relations officer.

Thousands of young persons, in choosing a profession, reject teaching because of the low money value placed by society on their services.

He was several months recovering.

Boys Want Jobs To Earn Money For Camp

Pinkerton Appointed Acting Head At A&M

H. D. Norris, field scout executive, in an announcement before the Lions club Wednesday, asked that persons who see use boys to do odd jobs about the place or help in minor capacities around business houses contact him. Many boys are anxious to earn sufficient money to attend Camp Philmont in northern New Mexico in July, he said.

COLLEGE STATION, June 1 (AP)—Robert M. Pinkerton, associate professor of aeronautical engineering at Texas A. and M. College since November, 1941, is the new acting head of the college aeronautical engineering department, succeeding Dr. Howard W. Barlow.

Pinkerton's appointment was announced yesterday. Dr. Barlow Monday was appointed acting dean of the school of engineering by President Gibb Gilchrist.

Jefferson Davis Day

Lt. (jg) Gerald Anderson has written to his parents, Mr. and Mrs. Ches Anderson, about his injuries which provoked new reports to his mother that he had been wounded in action. "I wasn't going to say anything about it," he wrote. "I just had to make a forced landing in the ocean and got a cut above my right eye. It knocked me out for a moment and then I lost my life raft, so I just inflated my life vest and swam ashore. It took about five hours to make it. They couldn't find me from the air—the sea was rough and I was just a speck in the water." He was grounded a month due to his eye injury, but wrote that it was healed now.

W. W. Tindol has been engaged as caretaker of the city park. It was announced Thursday.

He succeeds Luke Straughn, who had been in charge of the park area for nearly a decade. Straughn left the place to move into the city due to illness of his wife.

A special program to make available about 2,071,000 dozen garments of infants' and children's wearing apparel has been announced by the War Production Board.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW HAVEN, Conn., June 1 (AP)—Organized baseball might do well to take a leaf from pro football's book and establish a "draft" of college players. . . That's the opinion of Red Rolfe, whose main interest now is college baseball (particularly his Yale team), though he's somewhat better known as a great third baseman with the Yankees. . . Red recently suggested a national championship tournament as a post-war shot-in-the-arm for college baseball and he is keenly interested in forming an association of coaches for the betterment of the game. . . To round out his idea, he proposes that pro baseball should let the athletes alone until they finish college and then the clubs could select the ones they wanted by some orderly process.

Railroad Official Dies Of An Attack

NEW ORLEANS, June 1 (AP)—John McKay, 56, former superintendent of the Fort Worth-Texas and the New Orleans-Maryland divisions of the Texas and Pacific Railroad, died at Baptist Hospital here yesterday following a heart attack. Funeral services will be held here Friday. Survivors include his widow and a daughter. McKay was general manager of the dock board here from February, 1930, until his resignation in July, 1940.

outstanding prospects could "concern themselves with text books and still retain sight of a baseball career." . . . Gray also reached the conclusion that the ones who chose to go collegiate should continue until a selection was made from the graduating classes. . . Maybe those pro footballers really have something—but wouldn't it be a wallop to the scouting trade?

Shortstop Digs In To Become One Of The Best Yet

NEW YORK, June 1 (AP)—Eddie Miller, baseball's leading shortstop the past four years appears on his way to become the best fielding shortstop of all time. The 27-year-old native of Pittsburgh, Pa., seems destined to better his own fielding record of .983, established in 1942 when he made only 13 errors while tackling 748 chances in 142 games. Including the game played May 31, Miller has accepted 205 chances in 37 games with only one error for a phenomenal fielding mark of .995. His lone miscue occurred in the third inning of the second game of a twin-bill against Boston on May 14. In getting set for an easy grounder Eddie took his eyes off the ball to see how far the runner from first had run to second.

If Miller continues to pace the shortfielders this year, he will tie Joe Tinker in leading the National league shortstops for five years. Miller's however, will be in succession, whereas the best Tinker could do was two straight years.

Maybe its dreaming— Rolfe visions the time when colleges, playing an improved brand of baseball, will be the feeders to the big leagues. . . "A college education is very important to a boy—these days," he says. . . "It isn't exactly a necessity, but in many cases a boy who hasn't gone to college is handicapped. I don't think baseball clubs should sign a boy until he graduates—or at least has the chance. Then if he doesn't make good or when he gets too old to play, he will have something to fall back on. . . And remember a college boy is still just a kid; if a ball club offers him a \$1,000 bonus it looks awfully big and he's likely to take it without thinking of the future. . . And the way Red sees it, if the colleges give the boys the right kind of coaching and competition, they'll get just as good baseball training there as they would in the minors so nobody will be the loser.

In the same channel— This line of thought is especially interesting because it follows so closely a recent proposal by Sgt. Sid Gray, the soldier sports columnist from Camp Davis, N. C. . . In the wake of Judge W. G. Brannan's warning to minor league clubs not to tamper with high school kids, Gray suggested that baseball heads and educational leaders should meet and reach an understanding whereby professional clubs would refrain from influencing boys to leave school in order to play ball and

Taylor Not To Appeal Ruling Which Barred Him From Ballot

R. E. Taylor, San Angelo, who had sought court action to get his name on the democratic primary ballot as a candidate for representative of the 91st legislative district, will not appeal an adverse decision, he said Wednesday in San Angelo.

Although the decision was not what he had hoped, he said, "I can blame only myself... so let us forget it and work for a better and a whiter Texas... I have found everything commendable (in Cecil Barnes, San Angelo, and Rep. Burke Summers, Big Spring, candidates for the office) and both as high class citizens and gentlemen. I now wish both of them could be elected." Taylor pledged his support toward the winner in the interest of democracy.

Negroes Face Theft Charge Here Today

A negro woman and negro man were being questioned today after Merkel sailor had lost his papers and an estimated \$400 in cash. The sheriff's department reported they would be charged with theft Thursday.

Police picked up the negroes, a chambermaid at a tourist court, after the sailor, Eddie Farmer, had reported leaving his billfold in a pillow case in the cabin where he spent Wednesday night.

Returning to the cabin after an hour's absence during which he had gone to the Big Spring Bomber school to visit a friend, Farmer was unable to find any trace of his billfold.

It contained all of his papers, including his orders and between \$390 and \$400, said police.

The negro man, arrested subsequently by police, was a supervisor of maid service.

Farmer was enroute to the West Coast to report for assignment after having spent his leave with his parents.

Arsenic And Plenty Of It Needed To Check 'Hoppers

"Need priority for 1,000 pounds of arsenic for grasshoppers. Emergency."

That telegram was sent to College Station Thursday by O. P. Griffin, county agent, after reports were received of a serious threat to farms in northeastern Howard county because of grasshopper infestation.

Although grasshoppers are not unusual in the sector at this time of year, the danger is considerably greater than usual because of intensity of the cotton crop and fact that grasshoppers can destroy the tender new cotton plants.

Because of need for arsenic in the war effort, the poison is not available except by priority. Griffin's appeal for a priority went to the entomologist of the extension service.

Griffin's first reports of presence of grasshoppers were received last week. The extent of the grasshopper invasion was not fully realized until farmers began planting this week following recent rains. The area affected is along Wild Horse and Morgan creeks and northward. Griffin planned to visit the area Thursday afternoon.

Time Is Extended For Court Martial

WASHINGTON, June 1 (AP)—The senate judiciary committee recommended today that the time for filing charges against persons responsible for the military debacle at Pearl Harbor be extended a full year from next Wednesday and that the army and navy proceed "forthwith" with investigations.

Senator Chandler (D-Ky) said the practical effect of the resolution, if approved by congress, would be to delay possible court martial proceedings against Rear Admiral Husband E. Kimmel and Maj. Gen. Walter C. Short until after the war.

Earlier today Senator Wherry (R-Neb) accused the administration of seeking to delay trials sixing responsibility for the military calamity at Pearl Harbor because "the democrats don't want revealed before the election the things that will be revealed."

No Interference Is Wanted By States

WASHINGTON, June 1 (AP)—Witnesses told a senate finance sub-committee on postwar planning today that the states want no federal interference on the administration of unemployment compensation and that on supplemental federal funds are needed.

T. C. Sperry, Toledo, Ohio, chairman of the social security committee of the National Dry-goods association, opposed "wrecking existing programs and creating an entirely new structure."

Claude A. Williams, Austin, Texas, president of the Interstate Conference of Employment Security Agencies, opposed any "federalization" of state employment compensation.

The Texas democratic convention recently adopted a resolution "calling for the return of state power," he said, and added that governors in the recent meeting at Hershey, Pa., pledged themselves to a re-examination of this unemployment compensation problem if necessary.

State systems are so sound financially that "not a single state is fearful" of inability to meet widespread unemployment payments after the war, he said, and Texas has sufficient funds to pay 500,000 unemployed workers.

Time Is Extended For Court Martial

WASHINGTON, June 1 (AP)—The senate judiciary committee recommended today that the time for filing charges against persons responsible for the military debacle at Pearl Harbor be extended a full year from next Wednesday and that the army and navy proceed "forthwith" with investigations.

Senator Chandler (D-Ky) said the practical effect of the resolution, if approved by congress, would be to delay possible court martial proceedings against Rear Admiral Husband E. Kimmel and Maj. Gen. Walter C. Short until after the war.

Earlier today Senator Wherry (R-Neb) accused the administration of seeking to delay trials sixing responsibility for the military calamity at Pearl Harbor because "the democrats don't want revealed before the election the things that will be revealed."

The committee eliminated a section of the original resolution offered by Senator Ferguson (R-Mich) which would have directed the secretaries of the war and navy to institute court martial proceedings "as soon as possible."

Earlier today Senator Wherry (R-Neb) accused the administration of seeking to delay trials sixing responsibility for the military calamity at Pearl Harbor because "the democrats don't want revealed before the election the things that will be revealed."

Simpson

ed straight into them with such boldness and determination that they were forced to turn away to avoid collision. Attacking a second time they were again forced to abandon their attack.

Leading the way, Lieutenant Simpson scouted ahead to find valleys and passes through which his companion could fly and though finally separated, both ultimately reached safety.

Lieutenant Simpson has flown 47 combat missions with the 42nd fighter group. Many of these were long escort missions with bombers to targets in Germany, Austria and the Balkans.

He has destroyed two enemy aircraft. On March 22, 1944 he destroyed an ME-109 over Verona, Italy, and seven days later shot down his second ME-109 over Balzano, Italy.

On August 17, 1943, his P-38 was badly damaged by flak while escorting bombers over Naples. Forced to crash land in the Mediterranean Sea north of Sicily, he remained two days in his dinghy before being rescued.

Lieutenant Simpson attended Ackerly High school, Ackerly, Texas, graduating in 1939. After attending San Angelo, Texas Junior College Hill 1941, he entered the AAF in January, 1942. In addition to the Silver Star, Lieutenant Simpson has been awarded the Air Medal with four oak leaf clusters.

Reunion: More than 200 Texans were united somewhere in Italy recently when AAF enlisted man attended a Lone Star State party.

5-Sgt. Lee A. Putnam, Big Spring, left, couldn't resist the temptation and wore his cowboy boots. He is shown with Cpl. Wayne H. Robertson, 507 N. 2nd, Temple. The Texas party was held in the main lounge of what was once a Fascist headquarters building.

Post-War Plans Are Aired At Conference

HERSHEY, Pa., June 1 (AP)—The nation's governors concluded the 36th annual governors conference by calling for quick federal action on plans for post-war public works and reconversion of war industries to peace time production.

After electing Gov. Herbert B. Maw, Utah democrat, as chairman to succeed Gov. Leverett Saltonstall, Massachusetts republican, they adopted a resolution yesterday saying:

"We believe that there should be better cooperation between the federal government and the states, and the governors should be kept more fully and completely advised of the activities being carried on by federal agencies within the respective states, particularly when new activities are inaugurated."

They called specifically for plans on highway development, rivers and harbors, irrigation and flood control.

Hartman Hooser, SF/C, son of Mr. and Mrs. H. C. Hooser, is in the Marshall Islands, his parents have learned.

Lee Christian S/C, has returned to the USN training station at Farragut, Idaho, after spending his post-boot camp leave with his parents. He has been placed in an outgoing unit for shipment and assignment.

Tommy Gage, F1/C, is stationed at Pearl Harbor with a submarine repair unit. He is the son of Mr. and Mrs. W. M. Gage.

A/C Peppy Blount has been assigned to La Junta, Colo., for advance pilot training. He met up with A/C John Bill Gary right after arriving at his new station. On Mother's Day while Bill Brown, stationed at the Big Spring Bomber school then, was guest of Peppy's mother, Mrs. R. E. Blount, in Big Spring, Peppy was the guest of Bill's mother in Lefflore, Calif.

Wayne Turney, who has been on duty at sea 20 months, is home on leave visiting his father, C. E. Turney, and sister-in-law, Mrs. Alpha Turney. He is to leave Friday to report to the east coast.

Navy Men Inducted, Assigned To Stations Several Howard county men, all applicants for immediate induction into the navy, have been inducted and assigned to stations, according to notice received by the selective service office from the West Texas induction station at Lubbock.

They are William Richard Newton, Edward Harrison McConnell, Eugene Leo McAllen, Roy Frankie Veatch and Alton Henry Popham.

Clem Alfred Dahse, volunteer, was transferred to the Houston board for induction into the navy.

Other Star Awards

Lt. Simpson is the fifth Big Spring soldier to win the Silver Star. Others were Ptl. Sgt. Houston L. Davis, USMC, taken prisoner by Japs at Corregidor; Pvt. Clarice C. Rumpff, cited in North Africa; S. Sgt. Lefford Hicks, cited in battle of Midway; and Lt. Murian Smith, cited in Italy.

Pearl Harbor Trial Might Be Held Up

Upholding the Big Spring post-office's record of increased postal receipts every month this year over the corresponding month last year, May receipts represented an increase of \$2,401.94 over May receipts in 1943.

Receipts for May were \$10,684.66, while those in May last year were \$8,282.72. Increased postal rates which went into effect March 26 are responsible largely for the increase, but increase in population and in mailing of letters and packages to service men also has resulted in additional postal receipts, said Nat Shick, postmaster.

The five-month total for this year is \$53,720.92, as compared to \$46,416.40 for the first five months in 1943.

Mexico Siesta Gives Way To Quick Lunch

MEXICO CITY, June 1 (AP)—This capital's famous "siesta" time gave way today to the more modern quick lunch period.

A presidential decree went into effect setting office hours from 9 to 5 for stores, with half an hour for workers to eat.

Previously, stores were open from 9 to 1 and from 3 to 7, giving employees time to go home for lunch. Few of them, however, had time for the nap, which is the literal meaning of "siesta."

A shortage of tires and gasoline for buses was given as the reason for the decree, which reduces the average worker's two round trips between office and home to one.

Government employes will work from 8 to 2:30 or 3 p. m., with half an hour around 11 o'clock for coffee.

Andrews County Gets Road Approval Notice

Confirmation has been received from Charles Roberts, Andrews county judge, of a decision by the state highway commission to pave a stretch from Andrews 17 miles west to the Fullerton oil area.

The road is of local interest because it is part of an original survey for a Big Spring-Andrews road which extended westward to the New Mexico line. Andrews county put \$85,000 into the purchase and fencing of right-of-way of the road through the county.

Think Of Paying Fiddler

There have been some loose philosophies about debt, especially public debt. In its simplest sense, debt is drawing on the future. It is possible to be too pessimistic about the future, and it is imminent-ly possible to be too careless about the future.

In times past the tendency was perhaps too conservative in matters of debt, particularly in times of economic recession. Now, in the excitement of war, it is easy to go to the other extreme.

Quite obviously creation of debt sufficient to win the war is sound from the point of gambling on survival. But this expediency should not stay us from some serious thinking about the ultimate debt.

Best estimates now are that the average national debt per family, when the war is over, will be \$10,000. Right now it is \$1,511.36 per individual.

These figures are impressive but too abstract. They will be better understood when it is considered that the share of the people living within the corporate limits of Big Spring is now slightly over \$19,000,000 and that by the end of the war it will be \$31,500,000.

Add to this the city's debt of \$1,300,000, the \$350,000 outstanding on school bonds and about \$50,000 as the city's share of the county debt and you have a current total obligation of better than \$22,000,000 and ultimately a public debt of \$38,000,000 for the citizens of this city.

Interest on the national debt averages two per cent. Applied on our share's basis, it means that our part is half as much each year as we have municipal debt.

Against the debt factor, it must be borne in mind that we have assessed valuations of nearly \$7,000,000, according to city records, which means that the total value is probably somewhere in excess of \$10,000,000, conservatively speaking.

Our ability to reduce the public debt is dependent in a large measure upon our capacity for production. If we keep the national income up high, we should be able to bear a big tax load without serious harm. We should have in mind the idea of using that big load to pay the debt as rapidly as possible.

It is well to be paying out on the installment plan if everything goes right, but if the nation ever got sick, we would be in serious financial circumstances. At any rate, debt of two to three times the value of property is enough to make even amateur lenders wake up in a cold sweat at night. It ought to be enough to keep us awake to some good thinking about how we are going to pay the fiddler for our dance when the show is over.

The War Today

by Dewitt Mackenzie
Associated Press War Analyst

With furious fighting proceeding only fifteen miles from Rome, the Allies have made it clear they will do their utmost to preserve the eternal city. What the Nazis may do is another matter.

When Pope Pius appealed to the Allied and German leaders March 12 to spare Rome from becoming a battleground, Secretary of State Hull said the Allies hoped this could be done. Hull added that the blame would be on the Germans if Rome did suffer. President Roosevelt a few days later, in a note to Premier de Valera of Spain, said substantially the same thing. The latest Allied statement was by British Prime Minister Churchill last week when he declared:

"We have great hopes that the city of Rome will be preserved from the struggle of our armies." Churchill didn't explain this seemingly optimistic forecast. We know the Allies will do their best to shield Rome but, as he remarked, it's impossible to forecast what the Germans will do on their retreat from Italy "in the way of destruction to a people they hate and despise."

Perhaps the prime minister's view was based on the thought that the Germans may not try to hold Rome—not because of desire to spare the city but to save their own skins. I don't believe the present determined resistance by the Nazis in the powerful defense of the Alban foothills below Rome is in itself proof that they intend to hang on to a finish. Hitler's propagandists are informing their public—and the world—that the Nazis will withdraw to the north of Rome—that its occupation by the Allies doesn't matter. One looks for catches in enemy propaganda, but this might mean what it says. One good reason may be here:

Berlin itself is predicting a possible Allied landing on the Italian coast above Rome from the island of Corsica. Such an invasion, if successful, would cut Kesselring off from the north and might result in annihilation of virtually his entire force. Hitler couldn't afford that.

Soft coal requirements for 1944 are estimated at 680,000,000 tons by the Solid Fuels Administration.

And Nothing Can Be Done About It

Midwest Upset At Convention Setup

By JACK STINNETT
CHICAGO - If you take the word of some Illinois Republican leaders I have talked to, the midwest is a little upset about the way they have been "sighted" in the G.O.P. convention set-up.

Republican Gov. Dwight H. Green, several Republican newspaper editorial writers, and numerous "non-coms" in the political ranks here are a little unhappy by that the middle west hasn't been given at least an outstanding speaker on the program of the convention to be held here June 26.

They point out that on the present convention program, Rep. Joe Martin of Attleboro, Mass., is scheduled for permanent chairman; Gov. Earl Warren of California; for keynote speaker; Rep. Clare Boothe Luce of Connecticut, the party's glamour girl, and former President Hoover, for the two other big speaker spots.

This, they argue, leaves a wide gap in the middle west, which on the basis of recent "trend elections" is becoming almost as solidly Republican as the "solid South" is Democratic, and should have recognition as such.

These unhappy midwesterners ignore or brush off the facts that the chairman of the Republican national committee is Harrison Spangler, of Cedar Rapids, Iowa; and that the No. 2 man on the potential presidential ticket seems to be Gov. John W. Bricker of Ohio.

As far as I can find out, the reason for this attitude about these

Today And Tomorrow What Causes Enemy Collapse

Much careful thought has been given to the question whether the objectives of the war could be achieved more quickly and more easily by substituting for unconditional surrender definite and presumably milder conditions. For there are many who think that Wilson's fourteen points helped persuade the Germans to surrender in 1918; they have argued that an explicit pledge to grant the Germans the benefits of the Atlantic Charter—that is to say, immediate economic equality and no less of territory—would counteract the Goebbels propaganda and induce them to surrender now. Mr. Churchill made it plain in his speech last week that the Allies have decided to adhere to unconditional surrender.

Though there is room for some difference of opinion about what happened in 1918, the weight of the evidence, I believe, heavily against the theory that the fourteen points shortened the war. We know now that the German general staff knew the war was lost in early August, 1918, and that it took the initiative in pressing the civil government to ask for an armistice. There is little evidence that the people, trusting in Wilson's promises, forced the general staff to see for peace. The evidence is that the professional soldiers knew long before the people knew it that they could not fight on.

Thus the collapse of Germany was not the cause of the defeat but, on the contrary, the defeat was the cause of the collapse. It was only when the defeat of July and August had brought on the collapse of late September and early October that the German government turned to President Wilson and invoked the fourteen points in order to obtain the benefits of them.

Our experience with the German Army in this war points to the same conclusion. The German army in Tunisia surrendered when it was unmistakably defeated. It fought as long as it could and all of Goebbels' propaganda about unconditional surrender did not cause it to fight to the death. It is an army of professional soldiers and such an army knows when it is beaten and stops fighting when it knows it.

There is every reason to think that particularly this time a Wilsonian promise would not shorten the war. The ruling classes of Germany know even better than we do the crimes which they have committed. They realize how much will be uncovered when they surrender. The leaders know

that they are certain to be stripped of their power and disgraced and that many of them are sure to die. They have no alternative but to fight on as long as they can make the Germans obey their commands.

The masses of the people and of the army have no alternative but to obey as long as their leaders are able to issue commands. For in battle against us they have individuals perhaps a 10 to 1 chance of saving their lives as mutineers, unless the whole army rose in mass, they would surely be shot. The doomed Nazis will certainly not hesitate to shoot Germans if by shooting them they can prolong their own lives at all.

Under the circumstances to tell the Germans they can keep East Prussia, or that the chemical cartel can immediately resume business as usual, would make not the slightest difference. The German leaders are not fighting now for territory or for post-war trade; they are fighting for their very lives and the men under them are fighting because they will be shot if they do not fight.

For this reason the war will end when the German command is unable, as in Tunisia, to issue orders that have to be obeyed, when the Army is broken up into separate bits and the higher officers and the government are no longer in touch with them and can no longer

Political Announcements

The Herald makes the following charges for political announcements, payable cash in advance:

District offices...\$25.00
County offices...\$17.50
Precinct offices...\$10.00

The Herald is authorized to announce the following candidates subject to the action of the democratic primary, July 22, 1944:

For Congress: GEORGE MARION C. L. HARRIS

For State Senator: STERLING J. FARRISH ALTON B. CHAPMAN

For State Representative: BURKE T. SUMMERS

For District Attorney: MARTELLE McDONALD

County Judge: JAMES T. BROOKS

Tax Assessor-Collector: JOHN F. WOLOCOFF

For Sheriff: BOB WOLF DENVER DUNN

For County Attorney: H. C. HOOPER B. A. STURDIVANT

County Clerk: CLYDE E. THOMAS

County Clerk: LEO PORTER

District Clerk: GEORGE CSOATZ

Treasurer: MRS. IDA L. COLLINS

Commissioner Precinct No. 2: WALTER W. LONG J. E. (ED) BROWN A. L. MCCORMICK

Commissioner Precinct No. 2: H. T. (TRAD) HALE W. W. (POP) BENNETT

Commissioner Precinct No. 3: R. L. (PANCHE) NALL

Commissioner Precinct No. 4: GLASS GLENN AKIN SIMPSON EARL HULL

Justice of Peace, Prec. No. 1: WALTER GRICE J. S. NABORS

Constable, Prec. No. 1: J. F. (JIM) CRENSHAW J. T. (CHIEF) THORNTON JOHN A. (JOH. N.) RALSTON

Standards Bureau Helps Develop Sock

WASHINGTON, (AP)—If a sock fits the foot snugly or too loosely, the Standards Bureau said today, "it is uncomfortable."

Moreover, such a sock, the bureau added in its Technical News Bulletin, "wears out at an excessive rate and is discarded."

Research at this country has a sound sense of nearly 11,000,000 men-wearing men, these facts are of considerable economic and national importance.

That being the case, the bureau has been giving its best thought to the ability of socks to take punishment, in the laundry or on the foot.

Research on Device
The bureau considered at the outset that in order to arrive at an understanding of socks, it needed a device for measuring them "not only in the relaxed condition—that is, without tension—but when stretched under loads comparable to those to which socks may be subject in use."

"It was recognized," the bureau said, "that changes in the dimensions of the sock in laundering are not important if the sock readily

accommodates itself to the size of the foot of the wearer and does not bind or become baggy."

On the other hand, "if the sock shrinks and fits too snugly, or if it becomes too loose-fitting, it is uncomfortable, wears at an excessive rate, and is discarded."

With these axioms established, the bureau proceeded to invent a device capable of measuring "the dimensions of the foot of socks and other hosiery under different loads."

Q.M.C. Places Order
The device, the bureau noted with a hint of pride, "has proved of value in the study of shrink-proofing treatments and effects of fiber composition and methods of laundering on the shrinkage of socks." As a matter of fact, the Army quartermaster corps "is having a number built for its use."

In the same issue of the bulletin, the bureau said it had discovered why some fabrics have a "jammy feel" when moist while others, made of wool, do not. "Fabrics which produced con-

siderable chilling," the bureau said, "were found to make good contact and to cause a substantial drop in skin temperature. On the other hand, fabrics which caused little or no clamminess made poor contact."

From this discovery, the bureau drew "several important conclusions," one being that the clamminess of fabrics is diminished "as their wool content is increased."

Milwaukee Nostalgia
MILWAUKEE—Seven boys met in New Guinea and formed a Milwaukee society. Cpl. Wallace Sonnenberg wrote: "So far, our main job consists of trying to keep cool and swatting mosquitos and human vermin of a yellowish color. A glass of cold, creamy Milwaukee beer would just be heaven. Perhaps one of these days we'll be back and then we can form a New Guinea society."

Crew of the Coast Guard cutter Spencer shaved off months-old beards when they received official confirmation of their victory over a German sub. They had sworn not to shave until such a victory was achieved.

Editor Any Views Film For Any Flaws

By GEORGE AMY
(The winner of the Academy Award for "best film editing" — on "Air Force" — writes today for Robbin Coons. This is the fourth in a series of award winners.)

HOLLYWOOD—My position in a film studio is comparable to that of the editor of a newspaper or magazine.

The journalistic editor wields a pencil in his work. I use scissors in mine. But basically we strive for the same thing — a smoothly running story.

Like the magazine or newspaper editor who reads stories with an eye to improving them, we film editors view films in search of flaws.

Ours is the job of picking out the best "takes," keeping the action moving along smoothly, whenever it is broken up by the director in various angles — each angle is photographed from the one set-up, and each of the separate bits of photography is called a "take."

Today I cut a sequence from "Circusella Jones" — and I am

Texas Rank Sixth In Number In US Navy
DALLAS, June 1 — Enough Texans to man a good-sized invasion fleet—144,284 officers and enlisted personnel from the Lone Star State—were serving in the United States Navy, Marine Corps and Coast Guard as of Jan. 31, 1944, the Navy department has announced.

New York has the most persons in naval service—\$78,376. Other ranking states are: California 287,292, Pennsylvania 259,968, Illinois 184,968, and Ohio, 186,047.

Brighten Up Your Pantry Shelf With Colorful Strawberry Jam

STRAWBERRY PARFAIT... With homemade jam

By CHARLOTTE ADAMS AP Food Editor

Do you remember how in "Alice in Wonderland" the Queen said: "The rule is, jam tomorrow and jam yesterday—but never jam today"? And Alice objected, "It must come sometimes to 'jam today.'" Well, we all feel rather like Alice this year about strawberry jam. Strawberries are scarce and expensive—unless you have your own patch, and then you're one of the lucky few. But if you want treats to turn up sometimes during the year, you'll decide to put up at least just a little strawberry jam and then you'll hoard it carefully for a special occasion—perhaps to beautify and give new interest to vanilla ice cream in a parfait when you have the boss to dinner in the middle of next winter.

A quart of strawberries and three and a half pounds of sugar will make about ten glasses of strawberry jam. That will provide elegant desserts for a lot of dinners, spaced judiciously through the winter. Even if you are one of those rare people who has available all the strawberries she wants to use, never cook more than three quarts of them at a time.

Strawberry Jelly
5 quarts whole strawberries
1-2 cup sugar
7 1-2 cups sugar

Place whole berries and 1-2 cup sugar in kettle. Cover and heat gently until juice starts to flow and then bring just to the simmering point. Strain through colander or sieve lined with a double layer of cheesecloth. Measure four cups of juice into a large saucepan and add to it the 7 1-2 cups of sugar. Mix and bring to a boil over a high flame. Add pectin, stirring constantly. Bring to a full, rolling boil and boil a half minute.

Remove jelly from fire, skim and pour quickly into glasses. Cover at once with 1-8 inch paraffin. This recipe makes about eleven glasses.

Just to encourage you in the thought that it's worth while to do up a limited amount of strawberry jam so that in your house there can be "jam today" next winter, let me suggest a few other ways in which it can glorify a meal. A spot of strawberry jam on top of a floating island or a baked custard makes either a company dessert. This pancakes, spread lightly with strawberry jam, rolled and sprinkled with powdered sugar, are a gourmet dessert. Mix a bit of the jam into a plain bread pudding, and it's not plain any more. Or serve strawberry jam with cream cheese and toasted crackers at the end of a meal—simple and good. You see? In any way your imagination dictates a little strawberry jam goes a long way—yesterday, today or tomorrow.

Aid For Starving Children Sought

The Boy Scout troops of Big Spring are working this week to help boys and girls their own age whose names they do not know and whose faces they'll probably never see.

The boys are trying to find 500 Big Spring citizens who are willing to see Red Cross-sent food delivered to German-occupied countries for starving youngsters.

Through the Help of the Children Committee of New York, similar drives are being held throughout the country to obtain a hundred thousand signatures of Americans who are willing to risk one boatload of food to be delivered to the state designated by the state department for distribution by the Red Cross to the children of that country.

If the one boat load experiment doesn't work, then the committee which is headed by such persons as Mrs. Paul Mellon, Dorothy Canfield Fisher, Leopold Stokowski, Anns Morgan, William L. White and others, believes no further effort could or should be made.

The drive is being headed here by Mrs. Douglas Orme, who has contacted both the Boy Scouts and the Pastor's association for assistance.

Reports reaching the United States show that while even the prisoners of the Germans are fed, after a fashion, the children, the innocent victims of all wars, are without sufficient food or medical supplies. A whole generation is dying slowly from systematic starvation, it is reported.

No money will be requested by those who favor sending the food to Europe's children, either at the time of signing the petitions or later.

Lt. Sanderson Gets Air Medal

15TH ARMY AIR FORCE—2nd Lt. William A. Sanderson, 31, former resident of 1406 N. Monroe street, Hutchinson, Kas., who is now a navigator on a Liberator bomber of the 15th army air force, has been awarded the air medal, it was announced by 15th army air force headquarters.

This honor was bestowed upon him "for meritorious achievement in aerial flight while participating in operational activities against the enemy." Lt. Sanderson is stationed in Italy with a 15th AAF Liberator bombardment group which has constantly been raiding German-held targets in Austria, Rumania and northern Italy. He graduated from Hutchinson high school in 1940 and attended Hutchinson junior college until his entrance into the army. Lt. Sanderson is the son of Mr. and Mrs. Edward R. Sanderson, 203 Nolan street, Big Spring.

Clark Visits Wounded—Lt. Gen. Mark W. Clark, commanding officer of the Allied Fifth Army, talks with a U.S. soldier wounded in action in the Ciaterina section of Italy, in the northern area of the Anzio beachhead sector. An army nurse looks on. (AP Wirephoto via Signal Corps Radio).

Southwest Line Expects Hearing Within 90 Days

Hearings before the Civil Aeronautics Board on Southwest Airways' application to establish feeder airlines in Texas and Oklahoma, on which Big Spring would be an important stop, will be held approximately 90 days, The Herald was advised today by company officials.

The board has set June 7 as the date for a pre-hearing conference on its application, the company reported, and this is expected to be followed by formal hearings within three months.

Extension of air transportation to the Southwest's smaller cities and towns thus is moving with unexpected speed, and this becomes one of the very first areas in the entire nation to be considered for feeder routes.

Southwest officials were reported to view this as "a strong indication that the Board attaches great need to expanding the Southwest's air transportation system at the earliest possible time."

Passengers are to be carried on Southwest's planes in addition to air mail and air express, according to its application.

US Plane Production 4-1 Ahead Of Nazis

WASHINGTON, May 31 (AP)—United States land forces will make their assault on Europe backed up by warplane production which the government estimates is 4 to 1 ahead of Germany and more than 7 to 1 ahead of Japan.

A joint report by the War Production Board and the Aircraft Production Board showed today that this country has turned out 171,357 planes since Pearl Harbor and will make 100,000 planes this year alone. In numbers, U.S. production expanded 3,400 per cent between

January, 1940—four months after the European war started—and March of this year.

"Present annual Japanese production of combat planes is estimated at about 13 per cent of the U.S. output," the report said. "The monthly output of Japan, for all types, is estimated at between 1,000 and 1,400 planes."

"It is estimated that more than 40 per cent of German fighter production has been knocked out (by bombing). Germany's current total monthly production of all types is estimated at about 1,800 planes."
