

Rules or No Rules, James Stewart's Legs Are Just Too Long for Racers

Even if they abolished the age limit for Soap Box Derby contestants, Jimmy Stewart, star of Robert Riskin's newest motion picture, "Magic Town," doesn't believe he could qualify.

Stewart, who will be grand marshal of the 10th anniversary running of the International Soap Box Derby at Akron, explained that his legs are too long to fit into one of the streamlined, motorless hot-rods.

"They got in my way when I was only 15," Stewart commented, "and they're much longer now. I'd probably have to fold them up to get into one of the racers."

Stewart credits last year's national champion, Gilbert Kiecan of San Diego, Calif., with arousing his interest in the Derby.

"When Gilbert reported to the studio for his role in 'Magic Town,' Mr. Riskin, Jane Wyman and I got him off in a corner and had him tell us all about the race, how he built his car, how it was designed and so on. I made up my mind then, that if it was possible, I'd be in Akron for the 1947 running. Didn't have any idea that I'd have the honor of presiding as grand marshal. But I do know that the Derby is one of the greatest boys' events in the world."

Stewart will fly from New York, where he is currently starring on the Broadway stage, on the morning of August 16, arriving in Akron in time to participate in all the events that have been arranged for the 135 sectional champions prior to the running of the final heats on Sunday, August 17.

Among the contestants will be Lee

Sentencing of Boys Tried for 'Dunking' Deferred by Court

Judge Sherman White yesterday morning in County Court deferred sentences on two teen age boys after they pleaded guilty of false imprisonment and assault and battery.

The boys were charged in connection with the dunking of Paul Crossman, Jr., Friday night, Aug. 1, and the beating of Lewis Hall and Victor Joyner in front of the LaNora Theatre. The incident was first blamed on the members of the Jaycees by some unreliable sources, but it was later learned that a group of five or six teen agers caused the disturbances.

Laddie Mayes, 19, who pleaded guilty to two charges of assault and battery, admitted to the Court that he was "out of line" in punching Lewis Hall in the mouth and Vic Joyner in the eye. Joyner's eye was still black when he appeared in court Saturday morning. Hall had to have three stitches put in his lip that night. Mayes also admitted he had been drinking and that he had seen neither of the two men before.

Hall testified that Mayes was standing on the curb in front of the theatre with other boys and approached him. He added someone grabbed his arm and he pushed him away. It was then that Mayes struck him. Joyner had stopped for the red light when Mayes approached his car and struck him in the eye with his fist. Joyner was unable to identify his assailant in court but J. C. Robertson, a passer-by, identified Mayes as Joyner's attacker. Mayes admitted he struck Joyner.

Mayes will face other charges on Tuesday afternoon arising out of fractures that same night.

Carl Brooks pleaded guilty to false imprisonment on Paul Crossman, McKinney, son of Mr. and Mrs. S. B. McKinney, 1224 N. Russell, Pampa.

Market Briefs

WALL STREET STOCKS
NEW YORK, Aug. 9.—Stocks generally continued to operate on the downside in the past week's market although volume was the smallest since early June.

Liquidation was blamed on the British economic crisis, European and Balkan situations, growing doubts regarding the domestic business picture, international labor stoppages, the outlook for dwindling exports and the thought that the inflationary price-wage spiral might eventually result in a non-elastic, earning and dividend, on the whole, propitious sentiment but there were exceptions here.

The Associated Press 60-stock composite was off 1.6 points at 62.3 on the week against a drop of 1.5 the week before. It was at a low since July 1. It was the first week since the forefront of June in which there was not a single million-share day. The week's aggregate of 3,562,112 shares compared with 3,250,360 in the preceding week and was a bottom since the period concluded June 6.

KANSAS CITY LIVESTOCK
KANSAS CITY, Aug. 9.—(AP)—(USDA)—Cattle compared with Friday last week: Average grain fed steers and heifers firm to 30 higher; lower grades steers, heifers and cows 30-1.30 lower; bulls steady to weak; vealers and calves steady to 50 lower; slaughter and feeders largely 1.00 lower; bulk native fed heavy stock choice grades 25.00-30.50; top 41.00; common and medium grass beef steers late 15.00-22.00; heavy heifers early in week 22.50-25.00; top good and choice heifers 22.50; several loads grassers Monday 15.00-17.25; vealers and cutters 9.50-12.00; good and choice stocker steers 20.00-25.00; heavy finishers Monday to 27.25.

Hogs compared with Friday last week: Very uneven, 240 lb and down steady to 25 higher; heavier weights 25-75 lower; late top 27.75; some 260 lb down 25-75 lower; heavies 1.00-1.50 lower.

FORT WORTH LIVESTOCK
FORT WORTH, Aug. 9.—(AP)—Cattle receipts this week dropped about 5,000 under the preceding week. Cattle receipts were up by 2,500. Hogs receipts held substantially the same; sheep receipts were off about 4,000.

Mature steers and best fat yearlings and stockers were steady. Best fat calves steady. Lightweights and medium and low grade calves, 20c to 34c off.

Cows 25 to 30 cents lower, bulls down 50 cents. Butcher hogs and sows \$1 higher, pigs steady. All sheep and lambs strong, spots unevenly higher.

Fat steers and yearlings 12.00 to 22.00. Fat cows 11.50 to 18.00. Canners and cutters 8.00 to 11.25. Fat calves 11.50 to 22.00, bulls 10.00 to 18.75. Stockers all ages 14.00 to 22.00. Cows 12.50 down.

Top butcher hogs 27.50. Good lights and heavies 25 cents to 41 under top. Sows 20.00 to 24.00. Pigs 8.00 to 24.00.

CHICAGO GRAIN
CHICAGO, Aug. 9.—(AP)—Corn set the pace for a grain market which roared ahead into new high territory with turnover heavy on the Board of Trade today.

Corn soared as much as eight cents a bushel, the limit permitted in a single session, and again marked up a new set of all-time records. Wheat and oats were very strong, making larger gains than any other day this week.

The September corn contract sold at \$2.38½, up eight cents and a new all-time high for any corn future. In the cash market, yellow corn brought as much as \$2.48 a bushel, more than 10 cents higher than the August, 1917, record of \$2.36½, which had stood until yesterday.

Corn closed 7½ to 8 cents higher, all but the new July contract ending at the limit advance, September \$2.39½. Wheat was ½ lower to 4 cent higher. September \$2.39½-¼. The loss was shown by the inactive July contract. Oats were 25.75¢ higher, September \$1.65¼-1.66.

CHICAGO WHEAT

Girl Friend of Slain Gambler Won't Talk
MIAMI, Fla.—(AP)—Virginia Hill, tempestuous, black-haired girl friend of slain gambler Benjamin (Bugsy) Siegel, arrived at Miami airport from New York and Paris yesterday and was taken in a police patrol car to her home at Sunset Island.

She refused to answer questions from newsmen.

"I'm not talking to you reporters," she said. "I have absolutely nothing to say to any of you. You Americans started all this anyway."

APPLICATION FOR LIQUOR PERMIT
The undersigned is an applicant for a Retail Liquor permit from the Texas Liquor Control Board and hereby gives notice by publication of such application in accordance with provisions of Section 10, House Bill No. 77, Acts of the Second called session of the 44th Legislature, designated as the Texas Liquor Control Act.

The Retail Liquor permit applied for will be used in the conduct of a Business at the Texas Liquor Store, Inc., 714 E. Frederic St., Pampa, Texas. TEXAS LIQUOR STORE, INC. By Marshall Scott

Panhandle News

PANHANDLE—(Special)—Mrs. Roy Ketchum and daughter, Mrs. Wayne Drysdale, visited another daughter, Mrs. Fred Nunley, who is a surgical patient in Northwest Texas Hospital in Amarillo Thursday.

Lions and their families who attended the Lions International meeting in San Francisco last week are returning home. Attending the convention were Mr. and Mrs. J. C. McCollough and daughters, Randy and Gail; Mr. and Mrs. O. Z. Light and Don; Mr. and Mrs. M. C. Davis, Barbara and Marvin; Mr. and Mrs. Richard Orr.

Mr. and Mrs. Dave Wallace have been enjoying a visit from their grandparents, Jan David Wallace of Denver and David Wallace of Amartillo.

Mrs. John H. Bergen, who has been visiting her parents, Mr. and Mrs. J. W. Kibbey and sister, Mrs. A. D. Dender plans to leave Saturday for the West Coast where she will join her husband on a business trip to Washington and Oregon, before returning to their home in Honolulu.

Miss Joyce Killingsworth of Kelton has been employed to teach the fifth grade in Panhandle Elementary School. Miss Killingsworth will receive a bachelor's degree in the August Commencement at West Texas State College, Canyon.

Mr. and Mrs. Jack Miller are va-

canting in California. Miss Betty Naylor is in Fayetteville, Ark. where she is representing the El Rio sub-district of the Methodist Youth Fellowship of the Amarillo district at the MYF encampment.

Mr. and Mrs. John Simms Sparks and Marilyn, Mr. and Mrs. Frank Sparks, Mr. and Mrs. Nolan Sparks, Mr. and Mrs. Gary Simms, George Ann and Joyce. George and Frank Simms are attending a Simms family reunion at Red River, N. M.

Half Necessary Number States Ratify Bill

WASHINGTON—(AP)—Eighteen states—half the necessary number—have ratified the proposed 22nd Amendment to the Constitution limiting Presidents to two terms. They did it in less than five months. But it probably will be more than two years before 18 other states can act unless a lot of special legislative sessions are called next year.

Congress gave the states seven years to act when it submitted the

amendment in mid-March. The approval of three-fourths of the states is needed to put an amendment in effect.

The 18 states so far to ratify the anti-third term amendment are outside the South. The only two Southern states so far to consider it have failed to approve, although they can reverse this action in Oklahoma's Senate postponed action indefinitely and the Texas House rejected it outright.

Voters Face Six Issues in General, Special Elections

By DAVE CHEAVENS
AUSTIN—(AP)—Texas voters go to the polls in two weeks in an election to elect a new legislature and to submit to the voters a constitutional amendment, but which has grown to include six different issues.

The proposed change in the state's fundamental law to give the state-supported colleges and universities a \$30,000,000 building program over a period of 30 years remains as the only question to be submitted on a statewide basis.

But special Congressional and Legislative elections in four different districts and county road plan elections in at least 33 counties—all set for the same day to save money—have stimulated interest over a wide area of the state.

This is particularly true in the 16th Congressional District in Far West Texas, where seven candidates are slugging it out, and in the 9th District of South Texas where nine Congressional aspirants are in the field.

In state Senatorial District 18, there are three candidates. All of this is expected to result in a larger-than-average vote on the college building amendment. Submissions alone seldom produce more than 150,000 to 175,000 votes.

Here in brief is what will be voted on in the various elections Aug. 23:

1. Statewide—Submission of college building amendment.
2. U. S. Congressional District 16

—Special election to fill vacancy caused by resignation of Rep. R. E. Thomason of El Paso. Counties in the district are: Brewster, Crane, Crockett, Culberson, Zetar, El Paso, Glascock, Hudspeth, Jeff Davis, Loving, Midland, Pecos, Presidio, Reagan, Reeves, Terrell, Upton, Ward, Winkler.

3. U. S. Congressional District 9 —Special election to fill vacancy caused by death of Rep. Joseph Mansfield of Columbus. Counties include: Austin, Brazoria, Calhoun, Chambers, Colorado, Fayette, Fort Bend, Galveston, Goliad, Jackson, Lavaca, Matagorda, Victoria, Waller, Wharton.

4. State Senatorial District 18 —Special election to fill vacancy caused by the death of Sen. Fred Mauritz, of Garardo, counties: Aransas, Atascosa, Bee, Calhoun, Dewitt, Goliad, Karnes, Jackson, Live Oak, Refugio, San Patricio, Victoria, Wilson.

5. State House District 3F—Special election to fill vacancy caused by death of Rep. J. P. Fant of Jefferson. Counties: Marion, Bowie, Cass.

6. In 33 counties and perhaps more—Special elections on whether or not these counties will adopt optional road law plan authorized by 50th Legislature.

Largest Cotton Crop In 9 Years Predicted

AUSTIN—(AP)—The largest cotton crop since 1940 was predicted Saturday by the United States Department of Agriculture.

The USDA forecast that Texas cotton growers would bring in a crop of 3,200,000 bales of 500 pounds gross weight based on indication as of Aug. 1.

The prospective yield of 188 pounds per acre compares with 134 pounds harvested last year and a 10-year average of 108 pounds. This would be the largest yield per acre for Texas since 1937.

Florida's Governor Urges Texans to Let World Know What Their State Has to Offer

By DAVE CHEAVENS
Associated Press Staff
AUSTIN—(AP)—The tourist trade brings \$600,000,000 a year into Florida, and the Governor of that state thinks Texas is missing a good bet by not advertising its attractions more.

"You have so many things to offer so many people," said Gov. Mildred P. Caldwell on his recent visit to Gov. Beauford H. Jester, urging Texas to put a little state money into advertising.

The tall, lean and handsome chief executive said that Florida spends \$500,000 a year from its general revenue fund on advertising.

"While it is difficult to figure in dollars and cents just exactly what

return we get from the investment, we have evidence that it is resulting in additions to our industrial and agricultural life," he explained.

"Our state advertising effort is to put forward the advantages of Florida for industry, agriculture and home ownership."

Florida, he went on, has had too much of the promotion type of advertising emphasizing bathing beauties and beach scenes.

"We are getting away from cheesecake—but not all the way away," he grinned. "Our ads go something like this: They show the beaches and beauties, saying this is one aspect of our state. Then they say: But there is another side. And then we present the more substantial picture."

"Florida was sold by promoters as a Utopia where wealth abounds and there is no work—just play and profit."

"There is no such place. We've got what it takes to make wealth, but it has to be dug for in Florida, as in Texas."

Numerous efforts have been made in recent years to pass legislation in Texas calling for state advertising. They have all failed, but advocates of the idea hope to try again at the next session of the Legislature.

Gov. Caldwell was in a slightly embarrassing situation while here.

His oldest daughter, Sally, is interested in enrolling at the University of Texas.

"I don't know how she got that idea," he said somewhat wryly, "but she got it. I'm advising her to give it a lot of thought."

Sally Caldwell is now a student at Florida State College.

Gov. Caldwell highly praised the Texas Highway Patrol. A squad car escorted him from El Paso to Orange.

"They were courteous and considerate to me, and I have had reports to that effect from many other people who have visited Texas," he said. "Speaking of advertising, that's a fine ad itself."

Caldwell is a lawyer. He was eager to discuss phases of his state's government with capitol correspondents, telling how Florida handled redistricting. It has recently become mandatory there.

The fast-growing southern segment of the state, with cities springing up where once there were wildernesses, presented very much the same problem that Texas has with population centers shifting south and west from north and east.

Mr. and Mrs. W. B. Phillips and daughter, Dorothy Louise, are spending the weekend in the home of Mrs. Frances Deering, 320 N. Starkweather.

53 Forest Fires Sweep Arkansas

LITTLE ROCK—(AP)—Sun-seared Arkansas, described by State Forester Fred Lang as "a vast tinderbox," was dotted by 53 forest fires Friday, and at Smackover, the scorched earth contributed indirectly to loss of approximately 1,000,000 feet of lumber by fire.

As the state wilted in the 15th straight day of 100-plus temperatures, a stubborn brush and woods fire whipped over 2,500 acres just eight miles to the south, the town of Hope joined the increasing list of municipalities which are banning the outdoor burning of anything, including trash.

The forest fire south of Hope, which was still burning Friday night but reported under control, was the largest in the state Friday.

Describing the parched state with its prematurely sun-browned grass and foliage as a "tinderbox," Forester Lang took notice of growing apprehension in populated areas and said, "I think everyone is thorough-

'Cowboys and Indians' Games Fatal to Youth

GRAHAM—(AP)—Funeral services for 12-year-old Blackie (Bud) Nantz who was killed while playing "Cowboys and Indians" in the backyard of his home Friday will be held today at the Henry Chapel Methodist Church.

The boy and two of his brothers had been playing with a rifle they thought was unloaded when the gun discharged. A bullet pierced his brain.

Nearly 1,500,000 of the 13,500,000 foreign-born persons in the United States are illiterate.

Fish Raising Quite 'A Stink' in Florida

CLEARWATER—(AP)—The fish plague which has started on and off the Florida Gulf Coast killing fish by the tons in the last month is giving the beaches another thrash.

The main body apparently has passed into the Gulf, but the brisk winds and rain have whipped off patches of the collection of dead fish floating along in red colored waters and sent them ashore.

Beach residents reported decaying fish drifted ashore south of here, and one observer said there was "quite a smell" along the beach.

Fred Ficht, Executive Secretary of the Clearwater Chamber of Commerce, said Gulf beaches have been "damaged by thousands of dollars as a result of all these dead fish, but to mention the adverse publicity it has caused."

He said many summer tourists, hearing about the rancid fish, had "cancelled their Gulf Coast vacations."

Ficht made his remarks in a statement that government agencies give the "correct answer" as to what's causing the fish to die.

He said he believed poison gas had been dumped into the Gulf.

The War Department reported that some "baking" mustard gas bombs were sunk in the Gulf in July 1946, but that their contents rapidly became harmless on contact with sea water.

The Interior Department meanwhile reiterated its belief that the "red tide" was due to a rapid growth of micro-organism.

Fl. Worth GI Takes 4th Army Golf Play

SAN ANTONIO—(AP)—T/Sgt. Harry Ridgley of the Fort Worth Army Air Base held Fourth Army Area Armed Services Golf Championship yesterday.

He shot a 72 over par 68 yesterday for a four-hole total of 286 to win the annual tournament.

First Sergeant Roy Schneider of Fort Sam Houston was second with 290, five strokes ahead of Lt. Joe Worthington of Brooke Field.

A four-member ground forces team will journey to Fort Benning for the Army Golf Championships Aug. 12-17. The team representing this area will consist of Schneider, Lt. Col. Glenn Hall of Fort Sam Houston, Capt. J. F. Flood of Brooke Army Medical Center, and Lt. Col. J. F. Day of Fort Sam Houston.

A four-man senior team consisting of golfers over 50 years of age will also compete at Fort Benning.

The quartet will be composed of Col. George Hayman, San Antonio National Guard District; Lt. Col. H. M. Deiber, William Beaumont General Hospital, El Paso; Lt. Col. L. O. Hook, New Orleans Port of Embarkation; and Master Sgt. C. R. Burman, Camp Hood.

US Nine Wins Opener Of International Play

BALTIMORE—(AP)—Frank Panchon, 17-year-old son of a sportsman from Houston, Tex., pitched the United States Nine, with the help of some lusty extra base blows, to a 6-2 victory over Canada in the first international Amateur All-Star Baseball series before 7,500 fans last night.

Womack let down the stars from across the border with four hits, walking only two and fanning 11.

The Americans picked up another run in the second inning when Buddy Parker of Corpus Christi, Tex., hit the first triple and stole home on a low pitch.

The two picked teams will meet again tonight.

The German word for cotton, "baumwolle," means "tree-wool."

Aggies Have New Athletic Director

LUFKIN—(AP)—W. R. "Bill" Carmichael, long connected with Texas high school athletics, today was named athletic director at Texas A & M College.

The board of directors of the college Friday named the 40-year-old principal of Stephen F. Austin High School at Bryan to the \$7,500 position.

Carmichael succeeds J. W. Rollins, who was named acting director of athletics when the post was separated from the duties of Head Football Coach Homer Norton early this year. Rollins has resigned from the College Station, Texas, College to accept a post as dean of men at East Texas State College at Commerce, Texas.

A 1928 graduate of A. & M., Carmichael has been executive secretary of the Texas High School Coaches Association for six years.

Notified of his appointment while attending the 15th annual meeting of the Coaching School at El Paso, Carmichael said he was "really pleased" over the appointment.

He said he had resigned as executive secretary of the Association, but had told the Board of Directors he would serve until another man was named to his place.

Carmichael has been at Bryan since 1929 and has coached football, basketball, track and tennis during this time.

Industrial Loop Clubs Will 'Make Up' Games

Play in the Industrial Softball League ended officially Friday night as announced by league official Frank Leder yesterday.

Leder said that the scheduled play was ended a week earlier than previously planned so that teams who had been rained out could rematch games during the coming week.

In addition to regular Industrial League Softball play, the Phillips Petroleum team announced that they have scheduled a game for tomorrow night with the Phillips All-Star team from Borger.

Many people in ancient times and in the Middle Ages believed that cotton grew on lambs which were attached to plants.

Ladies Remember City Bowling Association meeting will be held August 19th.

Four Gunners Have Perfect Skeel Records

'Armed' Is Beaten By With Pleasure'

SYRACUSE—(AP)—Four amateur gunners continued to show perfect form yesterday in the national All-Bore Skeel Shoot, scoring 100 straight for the second successive day in the 250-target event.

Tied at 200 straight for the lead, with the final 50 targets to be shot today, were Dr. R. F. Westermill of Buffalo; Johnny Ray of Rochester; Dave Arnette of Indianapolis, Ind., and Dick Scofield of Newton, Mass.

D. Lee Braun, Dallas, Tex., sharpshooter, who has won every professional title so far during the current Ninth Annual National Skeel Championships, was out in front among the shooting industry gunners with a perfect 200.

Miss Marie Ellis, Jacksonville, Fla., who has captured the Women's 20-gauge and small gauge championships, led the women gunners with 194 out of 200.

Rico Monte, 5-to-1 Shot, Upsets Stymie

SARATOGA SPRINGS—(AP)—Arnold Hangar's Rico Monte, a five-to-one shot in the three-horse field upset Stymie, the million dollar horse, in the \$25,000 Added Whitney Stakes at Saratoga yesterday.

W. L. Braniff's Gallorette finished second with Stymie third in the mile and a quarter race.

Ben Whitaker's My Request survived a bitter drive and a foul claim to win the 45th United States Hotel Stakes for two-year-olds, averaging his defeat by Greentree Stables' Star Bout in last Tuesday's flash stakes. Star Bout, carrying 126 pounds to 12 for the victor, was the Chicago White Sox 9 to 4 yesterday.

Whirling Fox third in the field of seven. The first three hit the wire heads apart. The time for the six furlongs was 1:11 3/5.

My Request, with four runs in seven starts, now has earned \$47,775. Today's win was worth \$15,375. The winner paid \$3.60, 2.40 and 2.40.

Softball Tournament Nearing Final Games

FORT WORTH—(AP)—Five teams were still in the running for championship honors in the State Amateur Women's Softball Tournament here yesterday after third round games were reeled off in 104-degree temperature.

The four seeded clubs, Bell Cleaners and Chick Store of Dallas, Fort Worth's A & P Grocery and Sid's Cafe of Georgetown were eligible for the crown along with one dark-horse entry, Lone Star Clothiers of Galveston.

Eliminated with two defeats were Sewell Motorettes of Odessa, Miles All-Stars, Fort Worth American Reproduction, Texas Jewelry of San Antonio, Alvord All-Stars and Georgetown Merchants.

The double eliminations meet will be continued here tonight when two additional entries will bow out.

Three remaining teams will play Sunday for the crown.

Two Fined Here On DWI Charges

Fines of \$10 and costs were imposed on one man and a woman Saturday morning in County Court after they pleaded guilty to charges of driving while intoxicated.

The woman, Irene Crawford, was apprehended Friday night and was given the \$10 fine and costs, plus six months' suspension of operator's privileges.

Vernor Curtis Webb, was arrested Friday night by State Highway Patrolmen near the entrance to the rodeo grounds. His operator's license was suspended for six months along with his \$100 fine and costs.

Although only a third of the United States motor travel is at night, three of every five traffic deaths are at night.

Hard Luck Driver to Race This Afternoon

NEW YORK—(AP)—The hard luck driver of the 1946 Gold Cup Motorboat Classic, Danny Arena of Oakland, Calif., once more will seek the elusive trophy as a score of power-packed speed creators rip through the waters of Jamaica Bay today.

Arena, who will be piloting Herb Mendleson's Notre Dame one of ten challengers to the title now held by Music Maestro Guy Lombardo, finished second in both the first two heats at Detroit last year and set a three-mile lap record of 77.91 miles per hour in the final.

In the 1938 race, also at Detroit, Danny finished second to count Theo Rossi of Italy.

Reds, Chicubs Spit Twin Bill 8-1, 5-0

CHICAGO—(AP)—Everett Lively pitched the Cincinnati Reds to a 5-0 shutout over the Chicago Cubs yesterday after the Chicagoans took the front end of a double-header, 8 to 1. Cincinnati's victory in the nightcap was its first in six games.

CINCINNATI 103 000 000-1
CHICAGO 200 060 000-8

CINCINNATI 000 320 000-5
CHICAGO 000 000 000-0

NEW YORK—(AP)—A five-run first inning, highlighted by Connie Ryan's grand slam home run, yesterday enabled the Boston Braves to defeat for the second straight day the New York Giants 9-4. Johnny Mize clouted his 35th home run for the Giants.

BOSTON 510 000 300-9
NEW YORK 100 100 020-4

By GAYLE TALBOT (For Herb Fullerton, Jr.)

NEW YORK—(AP)—A strong feeling has developed around here in recent days that Mel Ott's Giants are preparing to jump into the National League flag fight with both large feet. The boys who follow the Polo Grounders day after day are talking pennant for the first time, and they have about convinced themselves it could happen. They declare that if Lockman's brilliant young outfielder, had not broken his leg just before the season began, the Giants would have been in front long ago. As matters stand, the Brooklyn Dodgers appear to be coming back to the field, and the Giants, with their terrific hitting, must be given a chance.

Pampa's Junior Oilers Play Wellington Today

Pampa's Junior Oilers will travel to Wellington today for a game with the Wellington American Legion Baseball team.

The local club will leave from the courthouse at 11 a. m. Supervisor Paul Hill announced yesterday.

Sports Round-Up

By GAYLE TALBOT (For Herb Fullerton, Jr.)

Abilene Jr. Golfer Wins Fourth Tourney

SAN ANTONIO—(AP)—Billy Maxwell, of Abilene, held his fourth tournament victory of the year and the State Junior Golf Tournament title today.

The red-haired 18-year-old Maxwell scored an 18 and 7 victory over Palmer Lee Lawrence, of Irvington, Friday in the 36-hole finals.

Maxwell carded six birdies on the 11 holes needed on the afternoon round. He had a three under par 67 in the morning round.

Lawrence carded a two over par 73 on the first 18 holes of play.

Leahy Is Cooking Up Top Passing Attack

EVANSTON—(AP)—Coach Frank Leahy of the College All-Stars is cooking up a strong passing attack, just in case his crack ball-carrying trio of Army's Doc Blanchard and Glenn Davis and Georgia's Charlie Trippi fail to dent the Chicago Bear line at Soldier Field the night of Aug. 29.

Yesterday the Notre Dame boss of the Collegians devoted the first contact drill to passing, with Quarterbacks George Ratterman of Notre Dame and Ernie Case of U. C. L. A., plugging tosses all over Dwyer Stadium.

Hard Luck Driver to Race This Afternoon

NEW YORK—(AP)—The hard luck driver of the 1946 Gold Cup Motorboat Classic, Danny Arena of Oakland, Calif., once more will seek the elusive trophy as a score of power-packed speed creators rip through the waters of Jamaica Bay today.

Bud Ward Gets Slow Start at Spokane Play

State Softball Play Set to Begin Friday

SPOKANE, Wash.—(AP)—Bud Ward, Western Amateur champion who conquered Indian Canyon's golf course with a 5-under-par 65 in the second round of the \$10,000 Esmeralda Open, got off to a lame start yesterday, dropping a stroke to par on each of the first two holes.

An overnight rain slowed the fairways. Herman Keiser of Akron, Ohio, led 63 other swingers into the third round with an aggregate score of 134, two strokes better than Ted Neist of Walla Walla, Wash.; Ben Hogan of Hershey, Pa., and Ed Furgol, Pontiac, Mich.

Ward was bracketed with Ted Longworth of Portland, Ore.; Ellsworth Vines, Los Angeles, and Johnny Palmer of Baden, N. C. in third place with 137.

Stan Leonard of Vancouver, B. C., who had the low 18-hole score yesterday with a 64, posed one of Keiser's principal threats. Leonard was never over par on any hole.

Hogan, golfdom's little giant, apparently had bested a threat of influenza. After sharing the first day lead with Keiser at 65, he dropped yesterday's late holes and tumbled to a 71.

The first trio in the shortened field did not get off the first tee until 1 p. m. (CST), and by that time the rain had stopped and the course was beginning to dry.

Vines got away strongly yesterday and was two under par after two holes.

Wright's Team Wins Final Round

COLORADO SPRINGS—(AP)—The Fairfield Polo Club of Wichita, Kas., advanced into the finals of the banking-Lewis Ranch Tournament Friday after a default victory over El Rancho of Vernon, Texas.

El Rancho won the match 5-4, but was disqualified because the tournament was limited to a nine-goal handicap and the aggregate of the Texas Club was ten goals.

Corn formed the economic basis of the civilization of the Mayan Indians.

Southern All-Stars' Light Forward Wall Slaps Big North Team, 27 to 7

Polo Tourney Goes Into Final Round

EL PASO—(AP)—One of the few times that the favorite has won the annual All-Star football game of the Texas Coaching School came last night as the South licked the North 27-7.

The South had been conceded to have the better backfield but no one thought its comparatively light line would outplay the powerful forward wall of the North. Yet it did and by a decisive margin and that really told the story.

Operating behind that line Jim Mott of Lufkin, Kyle Rote of Thomas Jefferson (San Antonio) and Gordon (Sonny) Wyatt of Austin ripped and tore for 277 yards and after the first half the North never was in the ball game.

A crowd of 8,000 sat in Kidd Field Stadium at the base of a mountain to watch the battle which found the South winning its fifth victory in 13 years.

The teams battled through a scoreless first quarter with the North showing too much better advantage and when the team coached by Bill McPherson of Amon Carter-Riverside (Fort Worth) rapped the middle of the line twice for the score, 1-0. Russell of Wellington kicked the extra point.

It was late in the period before the South really started to click. Mott Rote and Wyatt sparked an 84-yard drive that paid off. Rote scored the touchdown, banging over from the one-foot line, Wyatt converted.

The South made two touchdowns in the third period as its line continued to push the North-ers around. First the South paraded 6 yards with the kick-off with Wyatt making the touchdown on a 13-yard sprint around end, Frank White of Breckenridge kicked the extra point.

It was late in the period before the next score was on a 71-yard dash by Mott. The North gained a little consolation when Charles Burston of Paris blocked Wyatt's try for point.

The last South touchdown came on a 11-yard pass by Vernon Glass of Corpus Christi to Robert (Sonny) Payne of Thomas Jefferson. An interception by Danny Cochran of Galveston, center of the South line, set up the score.

The sports writers selected Rote as the game's outstanding back and Abe Lincoln of Sweetwater, center for the North, as the top lineman. They will receive trophies from the

State Softball Play Set to Begin Friday

WICHITA FALLS—(AP)—Approximately 820 softballers from all over Texas are expected here Friday for the opening of the four-day state tournament of the Texas Amateur Softball Association. Don Greer announced today.

A total of 22 teams were entered yesterday with the final total expected to reach 34 to 38 teams.

Greer, YMCA recreation supervisor here, reported. All winners and runners-up in the 31 districts in Texas are eligible, but many districts do not have commissions and others have not completed district eliminations.

The single-elimination tournament here Aug. 15-18 will feature some of the fastest softball clubs in the Southwest, sparked by several of the best softball players in the nation.

Greer announced that he had "reached an impasse in the hotel situation. I have filled every hotel and suitable rooming house in Wichita County for the first two or three days of the meet, and I am still receiving requests for reservations and entries."

DENVER POST BASEBALL

DENVER—(AP)—Only one out-of-state team remained yesterday in the Denver Post Semi-Pro Baseball Tournament after the Cincinnati Crescents eliminated the Enid, Okla., Cardinals Friday night by a 16-12 victory.

The Crescents are scheduled to play again today against one of the winners in the all-COLORADO schedule.

Sirus, the dog star, has a star companion made of substance so dense that one teaspoon of it would weigh 400 pounds.

Foreign Policy Chief Works Best With Feet on His Desk

'Red Tide' Offers Indirect Danger To Human Beings

WASHINGTON—(AP)—A 43-year-old State Department official who thinks best with his feet on the desk will play a major role in guiding American foreign policy during the next critical years.

George F. Kennan, veteran of 20 years in the foreign service and one of the few American diplomats who speaks Russian fluently, heads the department's newly-created policy planning staff.

This staff was established last May by Secretary Marshall with the sole purpose of developing long-range policy.

Kennan's task is to see world problems in advance and have "answers" and specific courses of action ready for instant use. Currently he and the five men on his staff are surveying world economic conditions to suggest what can be done to speed global recovery.

Till, balding Kennan has long enjoyed a reputation as an expert on Russia and has been an important cog in the State Department machine ever since graduation from Princeton University.

Kennan's associates feel he is peculiarly suited for the unprecedented job assigned him. They say an ability to fit current developments into long-range thinking is a trait Kennan possesses in abundance.

In the starched shirt and dress trousers attire for the unprecedented job assigned him. They say an ability to fit current developments into long-range thinking is a trait Kennan possesses in abundance.

Kennan likes to reduce each problem to its simplest terms. His writing shows this remarkable characteristic—a factor that attracted the attention of his superiors.

One of his favorite State Department companions is Charles E. (Chip) Bohlen, another useful Russian speaking official.

Kennan has numerous hobbies. When he is not repairing his farm in Pennsylvania, he plays the piano or the guitar or sketches.

Known as a "family man," he has a very attractive wife, the former Annalise Sorenson of Norway, and two young daughters.

More Dream Worlds In This Country Than Bubble Gum

By HAL BOYLE
NEW YORK—(AP)—There is no shortage of dream worlds in America.

Back down the road away I wrote a piece about the private dream world I live in when I am being bored by people or ought to be at my work.

Well, judging from the mail I have been getting, there must be more dream worlds in this country than there is bubble gum. For all our efficiency and hustle-bustle, we Americans still delight in shedding the shackles of our routine to romp and gather wool in mental pastures where the moon flowers never die.

The tense man of unresting action clatters his office walls with slogans like "Think!" and "Do it Now!" But when he goes to bed he is likely to ride off on a wild nightmare who has the bit in her teeth and gallops him down perilous lanes of fear and torment. The day dreamer, on the other hand, has placated his subconscious mind by twilight and lies down to a restful unbroken sleep.

A young married woman from Texas wrote she had created a dream world of her own, centering about music, before she started to school.

"I never had a chance to study it," she said, "and just continued on dreaming band music and beautiful waltzes. It's gone on so long that I have decided to start studying music."

This lady said that after ten years of marriage her husband couldn't understand her day-dreaming because he dreamed only at night. He sounds to me like a direct-actionist.

I am somewhat suspicious of a major in California—ah, there's a piece to dream—who wrote in to

Dr. F. C. Walton Smith, director of the University's Laboratory, said he had entered the discolored water numerous times in his investigation of the series of "yellow tides" with no ill effects whatever. He added, however, that he was careful not to swallow the water which contains as many as 10,000,000 of the tiny plankton to quart.

Dr. Smith and his associates reported that fish taken from Gulf waters are perfectly safe for human consumption, but that fish killed by the red tide should not be eaten.

"No one would consider eating them, for they quickly become bloated and unsightly," he added.

The principal indirect danger is unsanitary condition of beaches, unless dead fish are buried quickly with a resultant increase in flies. The gymnodinium, in decaying, releases gas particles which are irritating to human beings and cause coughing.

Dr. Smith reported that gymnodinium was found throughout the Gulf of Mexico, but in small numbers. Gymnodinium brevis is a new species which for some undetermined reason has multiplied into astronomical numbers. It is shorter than ordinary gymnodinium, and thus its name "brevis."

Plankton, of which gymnodinium is one species, is the basic food supply of the sea. It is eaten by tiny sea creatures, which in turn are eaten by larger ones, and so on up the scale.

Dr. Smith said there is one case on record of gonyaulax, a related type of plankton, being eaten by mussels on the California coast, and the shellfish in turn proving poisonous to human beings when eaten.

The Marine Laboratory scientists said oil explorations have nothing whatever to do with the Gulf fish plague. Seismographic explosions set off by oil companies will kill marine life within a few yards of the blast, but the effect is negligible. Virtually all oil explorations in this area have been confined to land.

The "red tide" on the other hand, has killed fish estimated at more than 500,000,000 in number since November, when the first "tide" appeared.

Tagged With Gun
Whales, like birds, are tagged by scientists for migration study, but in marking whales, the numbers are placed in stainless steel tubes and fired into the whale's thick blubber from a 12-bore gun.

North Carolina's forests contain more than 11,000,000 cords of dead chestnut tree trunks standing.

BOUND FOR THE BIG RACE—Lee McKinney, 1224 N. Russell, studies sign announcing international finals. All-American Soap Box Derby, at Akron, O., a week from today. Lee, dressed in cowboy regalia he will wear when he arrives at Akron Thursday morning, has backing in the persons of F. Loyd Stallings (left) and Clarence Kennedy (right), secretary and president, respectively, of the Lions Club, which co-sponsored the Derby here. The Lions presented Lee with the cowboy outfit for being the winner. Lee was sponsored locally by Southwestern Public Service Co., and his trip to Akron is sponsored by The News. Winner of the Akron contest will get a 4-year-college scholarship at the school of his choice.

tell me how to accomplish one of my favorite dream world projects—to rob the Bank of England.

"(1) One hour before the bank opens," he said, "bust the air conditioning system."
 "(2) Drop poison gas pellets into the bank."
 "(3) Enter with a gas mask and shoot everyone with a pistol that has a silencer on it."
 "(4) Take and put all money you can into briefcases and leave immediately."
 "(5) Stay in hiding for thirteen years—then start spending the money."
 "(6) Have a good time."

The major added in postscript that "I have thought about the same thing sometimes." I am not so sure that I want to team up with him in my dream world.

He sounds too much like a direct-actionist, too.

Mrs. Effie Lee Follis Dies in Hospital Here

Mrs. Effie Lee Follis died yesterday at 1:30 p. m. in a local hospital. Born March 29, 1897, in Collin County, Texas, she has been a Pampa resident for the past 12 years and at the time of her death she resided at 424 Roberta St.

Surviving are her husband, O. M. Follis; two daughters, Mrs. J. B. Caldwell and Mrs. Alfred Meeks of Pampa; one son, Calvin, of Pampa; six sisters, Mrs. R. M. Follis, Sulphur Springs; Mrs. Floyd Fenimore, Dublin; Mrs. Gains Simpkins, Pampa; Mrs. Jewell Simpkins, Stamford; Mrs. Gus Wemes, Stamford; and Mrs. Gerald McElney, Sherman, Ark. and four brothers, Ernest Lathan, Pampa; Robert, Davis and Willie Lathan of Stamford.

Funeral services will be held at 2 p. m. Monday in the Assembly of God Church with the Reverend Luther Reed and J. M. Lemmon officiating.

Burial will be in Fairview Cemetery under the direction of Duenkel-Carmichael.

Six-month-old Freddie Barney looks at the pencil, just dislodged from his throat, which his father, Clyde J. Barney, of Dayton, Ohio, holds before him. After the youngster showed the pencil down his throat he was rushed to a hospital. En route, an accompanying policeman turned Freddie upside down and paddled him, dislodging the pencil.

Texas Today
By JACK RUTLEDGE
Associated Press Staff

When we started giving the origin of names of Texas towns, we said early settlers had a tough time trying to find 4,000 names, all different.

Well, Mrs. Ida M. Darden of Austin proves just how confused they really got. The pioneers needed both city names, and county names. They'd name a city, and then later name a county by the same name. But in most cases, the county and city would be widely separated.

For example, there is a Henderson County, and a city of Henderson. But the city of Henderson is not the county seat of Henderson County. Henderson is the county seat of Rusk County, and Athens is the county seat of Henderson County. Austin is the State Capital, and the county seat of Travis County. But Austin was too good a name to use just once and forget, so they named a county that, too—Austin County, whose county seat is Bellevue.

Mrs. Darden lists these names, which are both county seats and counties, but which are not in the same area at all: Houston, Cameron, Caldwell, Bowie, Pecos, Kenedy, Taylor, Franklin, Anderson, Tyler, Terrell, Aransas, etc.

She also lists 14 Texas towns which are located in more than one county: Abernathy, Amarillo, Aransas Pass, Bartlett, Dalhart, Deport, Gladewater, Hamlin, Kilgore, Normanville, O'Donnell, Tatum, Winnboro, and Yorkum.

Tenderfoot
(Continued From Page 1)

gone sharp if'n yuh ast me. 'Course no body has ast me yet. 'Whut beat me most tho, wuz whin thim purty quarter horses wuz bring out Thursday night. If ever there wuz a beautiful sight, thar wuz. Some of the finest hossflesh in the country wuz exhibited thar. Strong, sturdy animals worth their weight in gold, an' some dope ast me: "An' their only worth a quarter? Gracious me, I think I'll buy about six of them." They say he's gonna git well, to. I purt nary hit him to hard.

Some mighty funny things happened, and some things thar warn't so funny, I reckon I got more kick out of a remark a little feller said behind me said when the cowgirls were ridin' in the cowgirl sponsor contest. Several gals had dropped their hats, an' failed to come back an' git 'em. Jus' as though he were deeply concerned about the situation, the little guy said to his paw: "Gee Diddy, ain't they gonna git their hats back?"

Hughes
(Continued From Page 1)

"fraud or corruption" on anyone's part in obtaining the contract for the 200-ton flying boat.

2. "Hatred" of Army officers prevented his getting orders for other planes before the war. The Army wouldn't touch planes he designed "with a 10-foot pole."

3. It appeared "more than a coincidence that the Lockheed Company designed a twin-engine interceptor plane, which became the famous P-38 lightning, after the Army compelled him to 'sit' four months on a similar design and Lockheed hired engineers he had to lay off."

4. The Army turned down a pre-war plane, with which he set new world and cross-country speed records, because of its cantilever construction—a type Hughes said is used now in all planes. It took the Army and Navy eight years, he said, to equal his plane's performance, but the Japanese patterned their renowned "Zero" after it.

5. The big cargo boat has been structurally complete for months. What is holding up the test is the trouble with controls. Hughes said the plane has passed the size where the controls can be operated by manpower alone.

6. The ship will not be "enormously efficient" or set any new speed records.

7. No one ever has "shown me any proof" that the late President Roosevelt "acted insincerely" in over-ruling underlings and ordering completion of the plane.

As Hughes went through these points and others, there was no sign of the missing party-throwing Meyer.

The chairman told reporters the committee has been in touch with former Col. James G. Hall, who followed Elliott Roosevelt to a position of authority in Army photographic reconnaissance work.

The committee has expense accounts of Meyer purporting to show heavy entertainment of Hall at hotels and night spots on both coasts, Ferguson said. Hall has been in South America, The committee wants to question him, he said, as "a material witness."

Britain
(Continued From Page 1)

Cheever Codwin of Universal Films, Inc. told British newsmen that British-American "disunity" may spring from the British government's tax on American movie earnings.

He said the action, "which to all intents and purposes confiscates 75 percent of all American film earnings, has sent a shudder through every man and woman employed in the many aspects of the industry, and this may be followed by deep resentment on the part of the entire American public."

"How do you think your people would feel if we in the United States would confiscate 75 percent of your property?" he asked.

FORTRESS FOUND
TRIESTE—(AP)—A Flying Fortress containing the bodies of eight United States airmen has been discovered in 45 feet of water off Lignano, near here. The plane is presumed to be one shot down during the war.

Treasure
(Continued From Page 1)

the prince said, "was that there were two keys to the trunk and I always kept both of them with me on a single string. One day, between morning and night, I lost one of those keys out of the brief case I was carrying with me and that night I noticed that 29 of the pieces were gone."

The woman emissary, whom police refused to name, brought the jewelry to Berlin in a valise so it could be sold and the proceeds invested, the prince said.

The stuff was dumped out on the bed in the prince's apartment in the American sector. He took a hasty inventory and then stuffed it in the trunk with old clothes piled on top.

Then the prince got uneasy when he thought he was being shadowed. He moved in first with one friend and another, and finally into the apartment of his American friend, Michel G. Stecherbinne, of 2 East 61st St., New York City, a former special investigator for the Criminal Investigation Department and now an American-Russian Liaison officer.

The biggest treasure hunt since the Hesse crown jewel case at Kronberg Castle got under way when the Americans were called in and found the trunk opened and part of the jewels in a small case dumped on the table in the prince's room. Also missing was 75,000 marks (7,500) in cash, part of the proceeds from the sale of a necklace.

Secretaries Have Few Opportunities for Credit

By RUTH MILLETT
NEA Staff Writer

The Albany Business College, Albany, N. Y., has put out an eye-catching booklet for its graduates called "Memo to Miss Jones," suggestions on office etiquette based on a poll on pet peeves of 500 business men.

The same business college has also sent out a questionnaire to secretaries to find out "what's wrong with the boss."

Without seeing the answers it's safe to bet these are some of the secretaries' pet peeves—at least, these are their main complaints against the boss in their letters to me:

He doesn't know how to dictate a letter; either talks to fast, mumbles, or doesn't have the letter or memo clearly in mind before he starts to dictate.

He decides to dictate letters too near quitting time.

He lets his wife use his secretary as her own personal secretary or family shopper.

He sometimes shows off in front of callers by ordering his secretary around in an insultingly superior manner.

It's a safe guess that "What's Wrong With the Boss" will bring forth as many pet peeves as the questionnaire that resulted in "Memo to Miss Jones."

Good Reading Topic For WSCS Program

PANHANDLE—(Special)—Mrs. R. F. Surratt was in charge of an informal study when the members of the Womans Society of Christian Service met at the Methodist Church Wednesday afternoon.

Mrs. W. E. Fisher led the devotional on "Good Reading."

After the devotional the group went to the Carson County Free Library where Mrs. Janice Boughn, librarian, discussed the books on religious subjects.

Mrs. Kermit Lawson served refreshments to Mesdames Boughton, Surratt, Fisher, Minnie Garner, C. P. Hood, Charles Franklin, Don Price, J. L. Slipp, Minor Simms, Maria J. Metcalf, Clara Cornelius and Miss Martha Metcalf.

HOSTESS ALICE COCKRELL, center, flanked by Nancy Binford, left, and Sally Small, prepare to ride the circuit in the girl sponsor event in the Top o' Texas Rodeo and Horse Show. Miss Binford is sponsored by the Will Rogers Range Riders of Amarillo and Miss Small, of Shamrock, is sponsored by the Shamrock Chamber of Commerce. (Photo by Bill Barnes, courtesy Amarillo Times.)

Church Rites

(Continued from Page 7)

and wore dresses of pink dotted Swiss.

The bride, given in marriage by her brother, Everett M. Kennedy, of Dallas, wore a white organza dress fashioned with long pointed sleeves edged with lace and the long train and finger tip veil were also edged with lace. Carrying out the tradition of something old and borrowed she carried a handkerchief of her sisters and for something blue she wore garters.

Mrs. Kennedy, mother of the bride, wore a light tan crepe dress with black accessories and a white carnation corsage.

Mrs. Parker, mother of the bridegroom, wore a black crepe dress with black accessories. She also wore a white carnation corsage.

Following the ceremony a reception was held in the home of the bride's mother, Mrs. Marvin Dale of Odessa, and Mrs. Ralph Holm of Chicago served the cake and punch.

Immediately after the reception the couple left for a wedding trip to points in Colorado and New Mexico. The bride wore a pink gaberdine suit with blue gloves and blouse and white accessories for traveling.

After August 10 the couple will be at home in Edd, Okla., where they plan to attend Phillip's University in the fall.

Mrs. Parker graduated from Pampa High School in 1944 and is a sophomore at Phillip's University where she is majoring in Religious Education. She is a member of the Mayon Club there.

The bridegroom graduated from Miami High School in 1944 and is preparing for the ministry at Phillip's University. He is a member of the Camelot Social Club there. He has worked as Director of Youth for the First Christian Church here.

Harlingen School Head Will Go to Texas A&I

HARLINGEN—(7)—Ernest H. Poetel, superintendent of schools for the Harlingen Independent District for the last six years, has asked to be released from duties here to take a position as director of the division of teacher training at Texas A. & I. College, Kingsville.

The Harlingen Board agreed to the release effective at the end of the school term in January.

No successor for Poetel has been named.

Dr. E. N. Jones, A. & I. president, said that Poetel would head one of the most important departments in the newly organized college divisions.

There are 242,000 gasoline stations in the United States.

Family Reunion Held In Shamrock Sunday

SHAMROCK—(Special)—A family reunion was held in the home of Mr. and Mrs. W. E. Tarbet Sunday, August 3.

A dinner was served and pictures were made of the group.

Members of the family and friends who attended included Misses Mary and Josephine Tarbet; Mrs. Elmer and Orville, and daughter, Nan, Ulysses, Kansas; Mr. and Mrs. Howard Tarbet, Ulysses, Kansas; Mr. and Mrs. L. A. Hicks, daughter, Mildred, and son, L. A., Jr., Choctaw, Okla.

Mr. and Mrs. Jimmy Whiddon and sons, Robert and Edward, Amarillo; and Mr. and Mrs. Jim Milap and Mr. and Mrs. Milton King, all of Ringling, Okla.; Mrs. Claude Tarbet, son, Dale, and daughter, June, San Pedro, Calif.; F. C. Tarbet and sons, Earl, Vernon, Eddie, Gaston, and Clell, and daughter, Frances.

Tips for Teens

BY ELINOR WILLIAMS

Hold everything. Somebody's 'way off the beam'; is it you?

This column gives tips on how to meet girls and boys to have date-friendships and normal 'teen-time' fun. And what do I get? A flock of letters about romance and marriage. So let's get it straight. If the love-bugs bite you while you're in the 'teens and you get Lohengrin notions, don't quote me. I'm against it.

'Teens are the time for school, college, clubs and dates. If you're smart, you won't try to include wedding bells too. Why? Every high school romance isn't headed for the home-at-fire-side stage. Few of them are permanent and it's better that way, because so many of our tastes and ideas change later in life. The heart-throb of your 'teens will probably bear no resemblance, not even coincidental, to the one you'll meet and marry in the 20's—after you've finished school and are ready to think of marriage.

Sure war veterans can take their wives to college with them, but you can't. So it must be one-at-a-time

Extension Given In Applying for Decontrol of Rents

The Office of the Housing Expediter has extended to owners or operators of hotels, motor courts and tourist homes and additional 30 days in which to file application with their area rent offices for decontrol of rents, Frank Fata, local rent director has announced.

The controlled Housing Rent Regulation issued July 1 by the housing expediter provided a 30-day period

for such landlords to file applications for decontrol. The regulation is being amended to extend the period to August 30.

OHE explained that the additional time was given because many of the landlords affected were not familiar with the provision in the new rent regulation.

At the same time, OHE announced a similar 30-day extension of the requirement for filing a report of decontrol of new housing construction or conversion completed on or after Feb. 1, 1947.

The decontrol provisions now call

Two Killed in Crash Of One-Engined Plane

GRAND PRAIRIE — (AP) — An Army type single-engined airplane crashed on the outskirts of town Friday, killing both occupants.

Dead were John Lewis York, 32, a bus driver of Grand Prairie, and Edwin Newton Lawrence, 17, of Dallas.

Lawrence's body was to be sent to Waxahachie for funeral services.

Father of Pampan Will Make Test Flight in Transonic Research Plane

When Douglas Aircraft launches its transonic research plane, D-558 Skystreak, in test flight one of these days soon, the man at the controls will be the grey-haired, 42-year-old Gene May.

And when that day comes a Pampa man and his friends will be waiting for the results with more than normal interest. That man is the son of the famed test pilot, Lee May, of Pampa, is an employee of the Pampa News Advertising Department.

He keeps a scrap book of pictures and stories—many of them concerning the work of his father.

Gene May, pictured with this article, is quite a contrast to the pink-cheeked youth usually associated with such speed as the Skystreak will undoubtedly make.

A series of test flights of the plane has already begun—a sort of get-acquainted association with the ship. Starting with a series of cautious taxi runs. May will zoom the stub-winged research plane through a number of flights over a period of several months at the Muroc, Calif. test facility.

Dubbed "a sober-minded veteran who learned to fly 20 years ago in a World War I 'Jenny,'" Lee's father was selected for the important assignment because his wide and varied experience will enable him to recognize abnormal flight behavior before critical limits are reached in the unexplored speed range between 550 and 900 miles an hour.

As a Douglas pilot for the past six years, he has tested such famous aircraft as the A-20 Havoc, A-26 Invader, SBD Dauntless—as well as two jet types, the well-known P-50 Shooting Star, and the P-59 Airacomet.

One might ask: "Well aren't you afraid to fly this new plane?" And rightly so.

The pilot says he has no misgivings about the pioneering role he will play, and that he has full confidence in the Douglas El Segundo, Calif. engineers who designed the ship.

He says he is reassured, also, by safety provisions made by the Navy and Douglas. In the cockpit of the Skystreak are special padded head supports, harnesses and body pads as protection against violent jolts resulting from high speed turbulence.

He will wear the pressure-type G-suit (in which he is pictured here) to prevent blackouts during sharp turns or pullouts—when centrifugal force draws blood from the head.

One interesting aspect of the new plane is the provision made for his parachuting in case of trouble. That will be easy at normal speed,

Texas Scouts Present Award to Mexican Boy

MEXICO CITY—(AP)—A group of Boy Scouts from San Antonio, Texas, were to present the "Order of the Arrow" to Miguel Aleman,

Texas Scouts Present Award to Mexican Boy

Jr., son of Mexico's President yesterday.

The Scouts are here on a 10-day goodwill visit as guests of Mexican Scout troops. They were to present the award to young Aleman during

STUDY this chart and the conclusion is clear—Plymouth is—by far—the low-priced car most like high-priced cars.

And there are other important facts this chart doesn't show. In the lowest-priced field, only Plymouth gives you Safe-Guard Hydraulic Brakes (32% more braking efficiency), Safety-Rim Wheels (unequaled protection in case of tire failure), Superfinished Engine Parts (longer wear), Floating Power engine mountings (smoother performance), and other basic advantages.

All this—plus Plymouth beauty, comfort and performance—combine to make the Extra Value you get when you own a Plymouth.

MACKENZIE'S

Colama

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Two days ago this column in commenting on Prime Minister Attlee's drastic proposals for dealing with Britain's economic collapse, ventured the view that his country's first all-out Socialist experiment already had arrived at the point of considerable regimentation of the individual, in fact had made a sharp turn toward a regime partaking of totalitarianism.

Panhandle News

PANHANDLE—(Special)—Mrs. E. A. Morzani, who has been employed in the Vega Schools for five years will receive her master of arts degree from West Texas State College, Canyon, this summer, has been employed to teach arithmetic in the upper grades of Panhandle Elementary School. Mr. Morzani was transferred to Panhandle from Vega to take charge of the Panhandle unit of the State Highway Department, replacing T. S. Jones, who was sent to Vega.

Art Brodin, Denver, who was to have been one of the attendants at the Biggs-Mathias wedding on Saturday evening was unable to do so because of injuries he received when his car ran into a parked truck near Limon, Colorado.

Dr. Joe Wharton of New Orleans has been a guest in the home of Dr. and Mrs. O. York Dr. Wharton accompanied by Dr. Justin York has gone to Santa Ana, California.

Miss Charline King of Boyina, has been visiting her aunt, Miss Della King and grandfather, W. B. King.

Mrs. M. C. King is enjoying a visit from her niece, the Wilmoth twins of Ft. Sumner, N. M.

Ralph Metcalf has returned from Shattuck, Okla., where he has been receiving medical treatment.

Mr. and Mrs. H. W. McFarling of Perryton have been visiting Mrs. McFarling's mother, Mrs. G. W. Wigham.

Mrs. C. L. Culbertson, San Diego, California, formerly of White Deer and Mrs. J. O. Reeves of Frederick, Okla., have returned from a visit with Mr. J. H. Hood's sister, Mrs. Clara Hathaway and family of Mobeetie. Other visitors in the Hathaway home were another sister, Mrs. Jennie Hermann and son, Val of Britton, Okla.

Mr. and Mrs. C. F. Hood, accompanied by Mr. Hood's parents, Mr. and Mrs. J. H. Hood of Coalgate, Okla., have returned from a visit with Mr. J. H. Hood's sister, Mrs. Clara Hathaway and family of Mobeetie. Other visitors in the Hathaway home were another sister, Mrs. Jennie Hermann and son, Val of Britton, Okla.

Guests in the C. F. Hood home over the weekend were Mr. and Mrs. Walter Taylor of Morton, Mrs. Taylor is a sister of Mr. Hood.

AGREEMENT CONCLUDED
LONDON—(AP)—The Ministry of Food announced yesterday conclusion of a three-year trade agreement with Hungary under which the Hungarians will supply some of the imports of bacon, eggs and lard that Britain formerly bought from the United States.

GRAND CANYON HOTEL
LOS ANGELES—(AP)—The Santa Fe Railway has announced that a \$2,500,000 hotel will be erected soon near Williams, Ariz., southerly gateway to the Grand Canyon.

'Economic Warfare' With Britain Seen By Congressman

WASHINGTON—(AP)—Rep. Worley (D-Tex) yesterday described Britain's 300 percent advalorem tax on American films as "a distinct violation" of the reciprocal trade agreements and the British loan agreement and said it may lead to "economic warfare."

Worley, chairman of a foreign trade subcommittee during the 78th and 79th Congresses, called the tax confiscatory.

He said the "natural result" would be for the United States to ban the showing of English motion pictures in this country, adding that the committee hearings indicated England was making "a substantial profit" from distribution of her films in America.

"I am afraid," he said, "that this step will lead to economic warfare. Today it is films; tomorrow it might be wheat or cotton or beef or anything else we produce in this country and want to sell abroad."

More than 3,000 persons die in rural fires each year.

STONE-THOMASSON

LET'S GET DOWN TO BUSINESS

The rodeo's over... School's fixing to start, and I've got to make some money, and I don't know any easier way to make it than to sell about a dozen horses and a farm or two this week... Here's \$100 acres of good land that ought to sell this week... 100 acres of this in cultivation... has a good wildland and two tanks... the grain is good, in fact it's all short grass... will give possession of the grain land Oct. 15th and the farming land next year... will hold back 5% of the mineral on a non-participating basis, and it is leased now... this place is located east of Pampa, and it is priced at 25.00 per acre, and I think it is a good buy at this figure.

I have some excellent close-in property, consisting of a five-room house, double garage, and finished apt. in the rear... This property is in excellent shape, take \$500.

A good two-bedroom home in the east part for \$200.

Very nice home out on Somerville for around 7000.

Big three-bedroom brick on North Russell, priced reasonable.

Big 4-bedroom brick furnished on East Francis for around 12,000.

2-room semi-modern for 12000.

Here's a good buy if you want close in... big 3-bedroom home... double garage, big level lot... a buy at \$800.

A nice little three-room house with garage... handy yard. In the east part for \$500... the location on this property is worth 1000.

I can sell several nice two-bedroom homes located in the north part of town in fact I have a customer that will pay up to 12,000 for one if the location is suitable, and the house is really in tip-top shape.

Need a milk cow? I have a five-year-old, been fresh 3 months that I will take 100 for... A good W-F bull calf that weigh around 550 for 120.00.

I had 20,000 steel posts to start with, and now I've got 10,540 left. These posts are the cheapest things that you can buy to make a fence out of, whether you want to fence in your back yard, or your farm... they will last a life time and you can drive them in the ground... take 25c apiece... one or a thousand.

One of the best money making tourist courts on 66, in one of the best towns in the Panhandle... eleven units, 4 singles, 6 doubles and one with three full beds... nice five-room living quarters... of frame construction, well painted... 120 ft. frontage on pavement.

This court is in the city limits, on water and sewer line... it has a good location for some good land... it is filled to capacity every nite, and is running around 1500 monthly...

I have one of the outstanding Sales Ring in the Panhandle that can be bought... it's a money maker.

Need a 1941 Packard automobile... You can buy this one worth the money from the owner, as he has bought a new car, and wants to sell.

I have the biggest listings on Wheeler County farms of any dealer in the Panhandle... if you are wanting to get into the dairy and chicken farming business, Wheeler County is the place to get established in... You can raise your own living, besides making money.

Nine Oil Wells Reported Completed Throughout Area During Past Week

Nine oil wells were completed in this area during the past week. It was reported by the Oil and Gas Division of the Railroad Commission.

Hutchinson County led the completions report with five of the completed wells being located in that county. Three wells were completed in Gray and one was finished in Carson County.

HUTCHINSON COUNTY
Continental Oil Company, No. 11 C. C. Whittenburg located 295 feet from south and 36 feet from the west lines of Lot 43, Block 3, Williams Well Survey tested 83 barrels of oil in a 24-hour test. Top of pay, 3249 feet. Total depth, 3300 feet.

Crescent Oil Company, No. 4 J. A. Whittenburg located 990 feet from north and 1650 feet from east lines of Section 11, Block X-42, L. Pattillo Survey tested 105 barrels in a 24-hour test. Top of pay, 3059 feet. Total depth, 3105 feet.

J. M. Huber Corporation No. 3 Henderson, located 330 feet from north and west lines of Section 1, Block HC, H&GN Survey, tested 39 barrels of oil in a 24-hour test. Top of pay, 3240 feet. Total depth, 3265 feet.

J. M. Huber Corporation No. 1 A. L. Parks, located 330 feet from south and west lines of Section 2, Block HC, H&GN Survey, tested 19 barrels of oil in a 24-hour test. Top of pay, 3245 feet. Total depth, 3345 feet.

J. E. Crosbie, Inc., No. 58 Pitts, located 1790 feet from south and 1005 feet from east lines of least tested 152 barrels of oil in a 24-hour test. Top of pay, 2800 feet. Total depth, 2890 feet.

GRAY COUNTY
Dolomite Production No. 4 G. D. Heard, located 330 feet from south and 1040 feet from the west lines of Section 88, Block 3, I&GN Survey, tested 10 barrels of oil in a 24-hour test. Top of pay, 3245 feet. Total depth, 3371 feet.

Texaco Oil Corporation No. 1 Jackson, located 1690 feet from north and 330 feet from east lines of least tested 66 barrels of oil in a 24-

Oil News

Twenty Intention to Drill Notices Filed

Twenty notices of intention to drill were filed at the local Oil and Gas Division's Office of the State Railroad Commission during the past week, officials reported yesterday.

It was simultaneously reported that four notices of intent to deepen, four notifications that wells had been plugged and that one new gas test was finished had been filed.

Hutchinson County was the proposed center of activity with 19 of the 20 notices to drill being filed on tests in that county. The other ten drill intents were scattered over the Panhandle Counties.

NOTICES OF INTENTION TO DRILL WERE FILED LAST WEEK:
Carson County—W. M. Agy, Barnard No. 3, I&GN Survey, 1165' from east, 539' from south lines of S/2 of NW 4, Blk. 4-5 mi. north-east from White Deer.

Collingsworth County—S. D. Johnson & Acme Die and Machine Co., E. Wischkaemper No. 1 H&GN Survey, 330' from north, 330' from east lines S/2 of Sec. 87, Blk. 18-5 miles northwest from Aberdeen, Texas. Sinclair Prairie Oil, Mary Wattenburg No. 1, H&GN Survey, 2310' from west and north lines NW 4, Sec. 74, Blk. 12-9 mi southwest from Shamrock.

Gray County—Gibson Oil Corporation, Phoebe A. Worley No. 1, I&GN Survey, 990' from north, 1320' from west lines SW 4, Sec. 83, Blk. 9-4 mi. south from Pampa, B. L. Hoover, J. B. Barrett No. 3, I&GN Survey, 330' from north and west lines N/2 of NE 4 of Sec. 130, Blk. 3-3 mi. south from Pampa.

Hale County—Hartford Oil & Gas, Lee Irish "B" No. 1, H&GN Survey, 1930' from south, 690' from east lines W/2 of Sec. 14, Blk. DT-7 mi. northeast from Anton.

Hutchinson County—Crescent Oil Co., Whittenburg No. 6, L. Pattillo Survey, 1650' from south, 1200' from west lines of Sec. 10, Blk. X-02-2 1/2 mi. southwest from Stinnett.

Gulf Oil Corporation, J. A. Whittenburg No. 13, GCS&P Survey, 2500' from west, 330' from north lines of S 2 Sec. 89, Blk. Z-5 mi. southeast from Stinnett. Hall & Stewart, Hedgecock-Whittenburg No. 10, L. Pattillo Survey, 330' from south and west lines Sec. 13, Blk. X-02, 3 mi. southwest from Stinnett. Hall & Stewart Oil Co., C. C. Whittenburg No. 3-A, Hrs. Wm. Nell Survey, 330' from south, 380' from east lines Lot 21, Block 2-9 mi. northwest from Stinnett. J. M. Huber Corp., Berch-Weatherly No. 10, A&B Survey, 1650' from south, 1320' from west lines of S 4, Sec. 24, Blk. "X"-2 mi. southwest from Borger.

Hutchinson County—J. M. Huber Corp., Perry No. 2, A Dubois Survey, 1320' from south and east lines of Dubois Survey—15 mi. southeast from Stinnett. J. M. Huber Corp. Riley No. G-2, A&B Survey, 1650' from west, 330' from north lines of Sec. 11, Blk. M-16-9 mi. northwest from Pringle. Kerr-McGee Oil Indus., W. C. Whittenburg No. 2, H&GN Survey, 330' from south and west lines of Sec. 12, Blk. X-02, 2 1/2 mi. south from Stinnett. Phillips Pet. Co., J. Johnson No. 7, B&B Survey, 2310' from south, 990' from west lines W/2 of Sec. 5, Blk. 1-1/2 mi. northwest from Pantex. Power Pet. Co., Logan No. 3, TP&NO Survey, 330' from south and east lines of SW 4, Sec. 135, Blk. 5-T-4 mi. west from Pringle.

Moore County—Shamrock Oil & Gas Corp., J. C. Phillips No. 1, H&GN Survey, 130' from south and west lines of Sec. 305, Blk. 44-4 1/2 mi. northwest from Dumas.

Sherman County—Hasy Harrington & Marsh, W. A. Sloan No. 1, T&NO Survey, 1320' from north, 1320' from east line of Sec. 1, Blk. 2-T-5 mi. northwest from Elder. The Texas Company, A. E. Pronger No. 1, T&NO Survey, 1320' from east, 600' from south lines N/2 of Sec. 367, Blk. 1-T-12 mi. southwest from Stratford.

Wheeler County—Teel Production Co., Bell "C" No. 2, H&GN Survey, 330' from south and west lines S/2 of NW 4, Sec. 99, Blk. 17-4 mi. northwest from Shamrock.

Mines Bureau Reports Crude Oil Increase

WASHINGTON—(AP)—The Bureau of Mines reported Friday that stocks of domestic and foreign crude petroleum totaled 231,459,000 barrels on Aug. 1, a net increase of 12,000 barrels for the week. Domestic crude increased 386,000 barrels; foreign crude decreased 274,000.

Daily average production was 5,088,000 barrels, an increase of 4,000. Runs to stills averaged 5,271,000, an increase of 109,000.

Stocks, by grade or origin, and change from previous week (in thousands of barrels):

- Arkansas 2,923 dec. 135; Northern Louisiana 2,923 dec. 112; Gulf Coast Louisiana 9,353 inc. 364; Mississippi 2,487 dec. 12; New Mexico 6,205 dec. 223; Oklahoma 27,760 dec. 610; East Texas 19,611 inc. 357; West Texas 39,785 inc. 859; Gulf Texas 31,759 dec. 586; other Texas 25,533 inc. 529.

Thirteen Injured as Bus, Train Collide
BEAUMONT—(AP)—A Beaumont city bus and a string of freight cars collided here Friday night, resulting in minor injuries for 13 passengers on the bus, 12 of them Negroes.

One side of the bus was caved in as the vehicle was pushed down the railroad tracks about 25 feet.

Cities Service Oil Company Announces Nine Completions

The completion of nine oil wells for a total initial potential of 1,370 barrels of oil daily and one gas well for an open flow of 17,800,000 cubic feet daily was reported by Cities Service Oil Co. recently.

Three Texas oilers accounted for 698 barrels of the total initial potential. Included were T. W. Lee No. 32 in Gregg County, completed for an initial of 358 barrels daily; Barnegrow No. 35 in Liberty County, for 49 barrels on choke, and University T No. 1 in Crockett County, for 292 barrels.

One New Mexico well, State R No. 1 in Lea County in the Cap Rock field was finished for an initial of 216 barrels daily.

Other completions were in Kansas and accounted for the remaining 455 barrels of potential accumulated during the week. Included were Maes No. 2 in Barton County, Walsten No. 1 and Bahkne No. 1 in Rice County, Ebel A No. 4 in Russell County and Reese E No. 8 in Phillips County. The lone gas well completion was Fletcher No. 1 in Haskell County, good for an open flow of 17,800,000 cubic feet of gas daily.

Locations started during the week were McNay No. 1 in Butler County and Thul No. 1 in Stafford County, Kans.; Phillips B No. 1 in Colton County, Okla.; and Cornett No. 1 in Dawson County, Texas.

Cities Service Oil Company Drilling Report:

Kansas
Barton County—Bitter A-10, C NW SW NW 5-16-13W, 5 1/2' at 3314. Total depth, 3318'.

Butler County—McNay No. 1, C NE NE SE 13-28-4c, drilling at 2513'. 7' at 2619'. Stokes No. 37, C SW SE SW Sec. 28-25-5e, completed for 70 bbls. oil, no water, 25 hrs., total depth, 2453'. Chesney No. 139, C NW NE SE, 21-25-5e, drilling at 2195'. Koogier No. 106, C SE NE SW, 20-28-5e, drilling at 2573'. To acidize.

Grant County—Matnes No. 1, SW SW NE 19-30-35W, 8 5-8' at 640'. Haskell County—Alexander A-1, 100' S, 100' W of C Sec. 33-27-34W, acidized with 14,000 gallons. Alexander B-1, 100' N, 100' E of C 34-27-34, drilling cement at 1557'.

Kearney County—Parker No. 1, 100' S, 100' W of C Sec. 34-23-35W, W. O. C. James No. 1, approx. C 14-23-35W, moving to cable tools.

Burdett No. 1, C NW NW SE Sec. 21-24-36W, blowing 2,330,000 c. f. gas. Moving out cable tools.

Rice County—Walsten B-1, C NE

Rail Commission Boosts Crude Oil August Allowable

AUSTIN—(AP)—Amendment of the Aug. 2 general shutdown order to boost the average calendar day crude oil allowable by 20,841 barrels was announced Friday by the Railroad Commission.

The increased production was made possible by exemption of fields from shutdown or by increasing the number of producing days.

Commission Member W. J. Murray, Jr. issued a statement in connection with the special order, saying:

"In response to urgent requests by the oil industry, the Railroad Commission has taken into account the fact that the capacity of pipe lines to move crude oil is increased during the hot summer months and in order to allow all of these lines to operate as nearly as possible at their maximum capacity, we have amended our general shutdown order so as to either exempt from shutdown days or increase the number of producing days for every field in the state where by so doing we can increase the daily allowable without allowing it to exceed the maximum rate at which that field can efficiently produce."

Murray said the 20,841-barrel increase brought the total calendar day allowable for the state to 2,498,834 barrels.

A few fields remain whose allowables are less than their maximum rate of efficient production, said Murray, "but to increase the allowables of these fields would result at 4137."

quire a complete reworking of the proration schedule, which we have not yet had time to issue."

After this reworking is done, the only way to further increase production will be to deliberately assign allowances in excess of the MER, Murray said.

Murray added that the Commission was taking this subject under advisement at the present time and would probably hear considerable discussion at the statewide oil and gas hearing here Aug. 20.

Aggie Professor Is Doing Special Work

COLLEGE STATION—Dr. W. L. Russell of the Texas A&M geology department is spending the summer doing special research in structural geology and radioactivity of different strata in northwestern Kentucky, it was announced today.

In his radioactivity studies Dr. Russell, who has been appointed by the Oxford University Press to write the chapter on radioactivity in a new edition of "The Science of Petroleum," is using equipment of his own design.

The Kokanee Salmon is a dwarfed form of the Pacific Sockeye which has adapted itself completely to life in fresh water.

Aggie Instructor Is Issued Gas Patent

COLLEGE STATION—A patent has been issued G. L. Farrar, assistant professor of chemical engineering at Texas A&M College for a process used in volume production of aviation gasoline it was announced recently.

The process described as isomerization of normal butane to isobutane, was developed during the war when Farrar did research work for the Magnolia Petroleum Company in its Dallas laboratories. It compares favorably with an existing standard point with the widely-used Shell process, according to Farrar.

The patent has been assigned to the Socony-Vacuum Corporation, Farrar last February to accept his appointment here.

Railroad Commission Sets Hearings Dates

AUSTIN—(AP)—The Railroad Commission has set Sept. 19 as the date for hearing the application for discovery allowable rights for a Refugio County well.

On that date, it will consider the application of the United Producing Company for discovery rights on its Niemann Well No. 9, Bonnie View Field, Refugio County.

Other hearings were set as follows:

- Sept. 18—Application of Garvis and Mitchell for discovery allowable and new field designation for their Robert Shalbert Well No. 1 Davall County.
- Sept. 18—Application of Big West Drilling Company for discovery allowable and new field designation of its T. G. Hendrick (12A) Well No. 1, Shackelford County.

Luling Oil Field's Anniversary Observed

LULING—(AP)—The 25th anniversary of the Luling oil field was commemorated here yesterday and honored by a parade.

Davis was honored last night at a dinner. Other entertainment over the weekend will include a parade, golf tournament, rodeo, street carnival and ball games.

A thanksgiving service was also scheduled yesterday at the discovery well.

LIFEGUARDS STRIKE

TORONTO—(AP)—Most of Toronto's 54 city lifeguards left their posts at 1 p.m. yesterday, demanding a 20 percent wage increase. More than 20,000 bathers, seeking heat relief, were advised by the city to be careful.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK — (AP) — For years Frank J. Kelly, a successful free lance, cursed the idiosyncrasies of editors.

Now he is an editor himself and finds it a bit disturbing to be issuing rejection slips to other writers.

As a matter of fact he avoids printed rejection slips whenever possible, remembering the bitterness of all writers toward turn-downs of this kind.

"I have had so many myself," he said pleasantly, "they got to seem like old buddies."

Recently Kelly became manuscript editor himself for a well known weekly magazine and learned the other side of the picture. He conscientiously reads at least 15 to 20 manuscripts a day and has become something of a problem to the stenographers in his office.

"They say I write too many personal letters to writers," he said. Kelly in most cases tries to give a personal assessment of each manuscript he finds it necessary to return—which is at least 99 out of every 100 submitted.

"The result is the writers bombard me with their other manuscripts by return airmail special delivery," he laughed. "But that's all right. I did that myself."

Kelly said that as a contributor himself he always thought it was a legend that editors were in constant search of new talent, but he has found it to be true. "The name" writers get turned down often just as do the "unknowns."

He said that all manuscripts get a thorough reading unless the editors are hopelessly unadapted to their needs.

Most writers, Kelly said, defeat themselves.

"The mistakes they make most often is in not taking sufficient care to see that the impact of their material is as sharp as possible—so that it will compel an editor to keep on reading. He naturally feels that if he doesn't want to read further the people who buy the magazine won't either."

But Kelly said it was foolish for any competent writer to be discouraged by rejection slips. One of his own stories, "turned down by practically every magazine in America," promptly brought \$300 when submitted to a Canadian editor.

MARK stood with his back to the fire and looked at the four faces turned to his. He had talked steadily for an hour.

"That's all for now," he said. "You'll have to wait until tomorrow for the rest."

"Are you waiting for tomorrow yourself?" Roberta asked pointedly.

He said there was nothing else he could do. With Foy in Hope House and Foy's boys patrolling the Hope House halls, nothing could happen.

Nick shuffled his feet. "I've been thinking," he said. "What happened to the costumes, Mark?"

"That's in my little book. That's one of the things for tomorrow. That, Plummer, Harris, and the girl named April." His voice was strained. "Tomorrow, I'm counting on tomorrow. . . There's that blue suit, too. I don't know why it should vanish. She wasn't wearing it when she died. I can't see another girl stealing it, but it's gone."

"The one she spilled tea on?" Beulah asked.

"Yes."

"The answer to that is positively childish. It's at the cleaners. Don't worry about it. Bessy and I will get it for you tomorrow."

He gave her a look full of pity. "May I remind you once more that this is New York?" he said. "There are about a couple of thousand cleaners—"

"There is exactly one cleaner," she answered, "and he is somewhere between Blackman's and Hope House."

He began a weary diatribe on their prospects and was about to cap it with an axiom when she stopped herself in time. Where Bessy and Beulah were concerned, an axiom was an old saw

for? You sent her to my room. So what? I wasn't there."

"I know," she said humbly. "You were down in the kitchen with Miss Small. I didn't mean anything. Miss Brady, I'm only trying to straighten myself out." She turned to Mark. "I know it was her. And even if I hadn't known for certain, I'd have guessed. Because she walked up. She was the only one who did that. She was afraid of the automatic elevator."

"The elevator. She could hear it running now. It had been quiet for perhaps a minute, but now it was running again."

"What time was that, Miss Plummer? Between 8 and 8:30, wasn't it?"

"Nearer 8:30."

"She didn't come back?"

"She heard the big metal door slide back with a muffled clang. She had less than a minute. 'I never saw her again, never, never. Somebody brought me the iodine and bandages, but I don't know who, I don't, I don't. I found them on the desk a long time later, but I didn't see who put them there. She didn't, I know that. She didn't. I never saw her again. She was dead. Murdered.'"

Footsteps, coming down the hall, coming to the door. "She closed her eyes and waited."

Dr. Kloppel was the first to speak, and his voice was mild and natural. "Good morning," he said. "It looks like a white Christmas, doesn't it? You know Mr. East? Mr. East, Mrs. Flister."

Ella didn't answer. Miss Plummer heard Mr. East say, "How do you do, Mrs. Flister. I wonder if you'll get me a glass of water?"

She heard the rattle of the glass in the coaster as he took it from the bed table, heard Ella's heavy tread crossing the room, going back to the door, going down the hall without a word. Heard Miss Brady say, "I'm leaving, you don't need me now."

When she was sure they were alone, she put out her hand, blindly. "Agnes," she whispered. "Agnes. Room 206. Talk to Agnes, she knows."

(To Be Continued)

Board of A & M Will Select New Athletic Director

LUFKIN—(AP)—The Board of Directors of Texas A. and M. College meet here today to name a new director of athletics, two deans, and to discuss appropriations and college improvements.

The annual meeting, held in Lufkin this year in line with the school's policy of rotating its meetings at headquarters of its various agencies, was expected to convene late yesterday.

Most important single matter before the directors is naming a man to fill the newly-created post of Director of Athletics. It is currently filled by J. W. Rollins, dean of men who has resigned to become dean of men at East Texas State College at Commerce.

A successor to Rollins will be named. So will a successor to Dr. T. D. Brooks, dean of the school of arts and sciences, who will retire from active service Sept. 1. He is 65 years old, and will go on modified service.

Proposals to construct two agriculture experiment stations at Yuleta and Winterhaven, in the winter garden area, are scheduled for discussion.

Appropriation for activation of the Grand Prairie Field for use by North Texas Agriculture College at Arlington, plus construction of bleachers for the athletic field at NTAC, may be acted upon today.

Final action on the acquisition of the Blue Bonnet Ordnance Plant is expected.

Most of the important business may be completed late today. Directors and school officials have a full schedule of inspections, banquets and tours tomorrow.

They are to inspect lumber yards, the paper mill here, a timber harvest operation at Nacogdoches, forest service operations, and other activities.

The directors, most of whom are

expected to be present, include President G. R. White of Brady; Vice President Herbert Kokernut of Alpine; Tyree L. Bell, Dallas; John Newton, Beaumont; Rufus Peoples, Tehuacana; Henry Reese, Gonzales; Roy Potts, Belton; E. W. Harrison, South Bend; and C. C. Krueger, San Antonio.

From the college, President Gibb Gilchrist, Secretary E. L. Angell, Dean F. C. Bolton, Comptroller W. H. Holzmann, Forest Service Director W. E. White and others may attend.

Dutch Ask for U.N. Mediation

LAKE SUCCESS—(AP)—The Netherlands Government was reported today to reject any plan for compulsory arbitration of the Indonesian dispute by the United Nations.

Informal quarters described the Dutch position as follows:

1. They already agreed to accept the "good offices" of the United States to help settle the undeclared war.
2. They would have no objections to a United Nations Commission to supervise the present truce.
3. They would accept no U. N. Commission either to mediate or arbitrate the dispute.

The Netherlands views were made known as the Security Council put the Indonesian question aside until Tuesday afternoon to give the delegates a chance to study a new communication from the Indonesian government proposing creation of an arbitration commission.

The council still had no formal proposal before it to create an arbitration commission, but it appeared almost certain that one would be offered within the next few days.

The council was in recess today.

Queen Helen Is Presented With Club Membership

Queen Helen, who has met so many people, been the toast of the event so many times that she was dazed, received a loud ovation when she appeared at the Kiwanis luncheon Friday noon at the First Methodist Church.

And even as the Queen of the Top of Texas Rodeo and Quarter Horse Show took her bows nothing was taken from Jonnie Regan, the Englishman who does rope stunts with the Hardin-Simmons Cowboy Band.

Regan, easy with repartee, entertained the Kiwanians and a large group of visitors at well with his bull whip stunts, during which he snapped pieces of paper from intrepid Kiwanians' hands and mouths, struck matches and made noises in general.

Clyde Carruth introduced E. O. Wedgeworth, Chamber of Commerce manager, who in turn introduced the music and stunt features. While the contingent of the famous band played and the audience sang "The Eyes of Texas," Queen Helen opened a gift presented by the club. It was a new dress. Both she and her husband, who has been dubbed locally as "Little Joe," were made honorary members of the club, and received Kiwanis lapel buttons.

Among the visitors were a number of cowgirl participants in the rodeo. They and other guests were introduced.

were host and hostess to the Queen and her husband on Friday. They appeared at the luncheon.

Two-Year Investigation Ends as Charges Filed

SEATTLE—(AP)—Prosecutor Lloyd Shorett climaxed a two-year investigation of a Seattle shoe store hold-up killing with the filing today of a first degree murder charge against a former Texas prison inmate and a statement that "we are convinced the case finally is solved."

The charge was filed in Justice Court against Aubrey Smith, 29, alias H. J. Love and Orben B. Smith.

A nation-wide hunt for the accused man was started by Seattle police.

The slain store manager was Clayton W. Stockberger. Richard Britton, 29, has twice been sentenced to death for participation in the fatal holdup. His most recent execution date, July 29, was commuted for 60 days.

In prosecution of the case against Britton, an unknown gunman was listed as the actual killer.

FBI records show that Smith and Britton were inmates of the Texas State Penitentiary at the same time. Britton was arrested at Denison, Texas, in January 1946.

LET'S NOT UNDERESTIMATE VALUE OF TOP O' TEXAS

It takes a lot of time and effort to put on a rodeo and horse show with the color and activity of that just completed. The Top o' Texas, with the passing of this year's show, is known to added thousands; and it will be but a few years until the entire Southwest will know that it stands for Pampa and vicinity.

This year's event, the third such under the present name and association, drew many added hundreds of spectators over previous years; and the number of participants was greater too.

The colorful atmosphere leading up to the four-day event was exemplary, and a great deal of credit for that goes to the Junior Chamber of Commerce. The value of the type of advertising that organization promoted is estimable.

The Pampa Chamber of Commerce and the Top o' Texas Quarter Horse and Rodeo Association are to be commended for the fine job they did in laying the exhaustive plans for the show, and then seeing that those plans did not go awry.

None of this would have been so spectacular without the friendly cooperation of the townspeople, and the merchants in particular. The city and county governments played an important part. And, then, there were all the people from far away who came here to take part in and see the shows.

It is not always easy for a community to estimate the value it gets from such undertaking. Oftentimes the work goes unappreciated. But the people of this community should not let the Top o' Texas events go by default—their interest should not lag.

If such remarkable progress can be made in three years, we can see no reason why even greater progress cannot be made within the immediate future years.

NATIONAL WHIRLIGIG

INVESTIGATION—Congressmen are so fed up with Administration secrecy regarding our role in foreign affairs that they are banking heavily on their own fact-finding House Committee of Nineteen to give them the low-down.

This new group is about ready to shove off for Europe on a "look-see" tour. Its chairman, Charles A. Eaton of New Jersey, will remain here to correlate reports.

But its originator and vice chairman, Christian A. Herter of Massachusetts, and seventeen other congressmen representing Committee on Agriculture, Appropriations, Ways and Means and Public Works will make a six-week first-hand investigation of the Continent.

WEAKENING—It's key objective, to quote the resolution creating the committee, is "to make a study of any or all measures which might assist in assessing relative needs and in correcting such assistance as the United States can make profitably without weakening its domestic economy."

The last five words are especially significant. They reflect the mood growing in Congress, particularly in the Republican Party, to keep Santa Claus from committing suicide.

As the trip is not the usual legislative vacation bummer but a serious guest for acts by a hand-picked group of sharp-eyed legislators, its report may be the basis of an entirely new foreign policy.

The Marshall Plan as yet is merely a promise without particulars. The committee's report will be both a record and a specific suggestion. Hence instead of the Marshall Plan the American program for aid to Europe may be called the Herter Plan, the Committee of Nineteen Plan or some such name identifying it with the Committee.

DISGUSTED—The public little realizes how disgusted the average Congressman is with the information handed to him by the Administrative Department. He is kept in ignorance of top secret foreign affairs and yet is expected to vote without questioning for every international scheme hatched by the State, Army, Navy and Commerce Department.

He can rely neither on watered reports released by the Administration nor on the so-called authentic reports from overseas. He is pinched by one month ago Washington diplomats were biting their fingers over the fate of Italy. They warned that unless Italy stepped in immediately, she would crash and go Communist. Today the official reports point out a remarkable recovery. Northern factories are booming so well that postwar record exports will pour out and more raw materials are needed.

Hard-headed Congressmen detect bunk somewhere. No nation could recover so fast so soon. If Italy is well off today, she could not have been tottering on the brink of ruin in early July.

DATASTOPHE—The British crisis is another point of dispute. Reports were released here and in London in the early summer that the United Kingdom was slowly getting on its feet. Now federal economists whisper that terrific catastrophe will explode around Labor Day.

The recent drastic control measures voted by Parliament indicate that the situation is bad. Congressmen charge that the United States Treasury Department has been over-optimistic about the British situation because Secretary Snyder uses reports two months old.

Republican Congressmen have no confidence in the British Socialist

Russia And The Marshall Plan

BY MELCHIOR PALYI

That the Russians could not join in the planning of the Marshall Plan, or could do so only for the purpose of sabotaging it, should have been obvious from the outset. Many reasons have been advanced for Molotov's hotting the Paris Conference, most of them probably correct. But the immediate and most significant reason has been almost universally overlooked.

Vague and general as is so far Marshall's suggestion to the Europeans that they should "unite" in one respect at least the meaning of the Plan has been clarified. Its first and fundamental implication is: that there is no use in pouring vast sums of dollars into this or that country, from Britain to Greece, as we did so far. Europe as a whole has to be reconstructed, and that cannot be done without reconstructing Europe's industrial heart—Germany.

Moscow had to veto that. Germany is the key to Russia's western policy, to her future security, as she sees it, and to the long-run prospect of her ideological imperialism. He who rules over the 70 million Germans, their industries, manpower and resources; in addition to the huge block to the East, controls Europe as well as the Near East and North Africa. Unquestionably a western Germany revived under Anglo-American leadership and orientation frustrates all Russian ambitions and bodes ill even to the Soviet rule over central Europe. Germany must be Russian, or else she must be turned into a chaos—which is likely to lead into bolshevism, too.

The Marshall Plan is the first attempt—on paper, so far, to be sure—to proceed with reviving the Reich, or at least its western zones, with or without the Kremlin's permission. That means the end of the infamous Morgenthau plan to "pastoralize" Germany (for Russia's benefit, mind you), of the imbecile directive JCS 10678 which had been replaced lately, partly also of the ludicrous Potsdam agreement. It means that the interzonal partition must be replaced, at least in part, by unification, and the "level of industry" raised (it just has been doubled—on paper, too)—the blundering military government must take over.

Do you blame her for refusing to cover them up? Besides the battle of the hemlines there's a war on over the so-called "new look" which calls for longer skirts, padded hips, droopy shoulders and corsets (on paper). Fashion is divided into two armed camps, one is all for the new look, while the other, headed by the girls with beautiful gams, is completely "agin' it."

OF MEN AND MONEY Many people say that men will take care of the whole situation, by not allowing their wives enough money to buy complete new robes. To say that I say no matter how much you'd like to believe that women dress for men, the majority of females dress to impress or assuage their females. If Mrs. Jones lengthens her skirts, discards shoulder pads and dons a corset, you can rest assured that Mrs. Smith next door, will do likewise.

Most of the men on the set of "Dread Girl" howled with indignant objections at the longer skirts and rounded shoulder pads I put in the clothes Betty Hutton and Virginia Field wear in the Mitch Leitch production. But Betty and Virginia and I liked them, so they stayed.

We women have a way of having our way with our clothes. I am now in the midst of trying the "new look" clothes on Gail Russell for her role in "The Night Has a Thousand Eyes." The men say, "With that face you're going to look at her clothes!" But wait and see. The women will look at them and more women than men go to the movies.

FASHION GUESSWORK Of course, a designer is in a horrible position. Either I am lucky and guess right, or my new pictures may look pretty grim when they are released a year from now if the new styles haven't taken. As far as I am concerned personally, there are certain things about the new look I love, particularly the small waist. Frankly, I think that the idea of a woman's waist being spanned by a man's two hands is pretty feminine. The average woman doesn't need a great deal of hip-padding, and I'm awfully afraid she is going to look pretty silly when she starts wearing bustles all around.

As far as pictures go, I am sitting quietly on the fence. I am not using a square architectural shoulder, but rounded shoulder pads. I am not using skirts that hide the ankles, but I am using 12- and 14-inch-of-the-ground skirts. As to the waistline, it depends entirely on how much the actress is willing to suffer.

Unless the United States presses forward with the teaching of democracy, Europe and the Orient will be swamped by communism. Father Edward J. Flanagan, founder of Boys Town, Neb.

There is no blinking the fact that this country now stands at a turning point in its relations to its traditional friends among the nations of the world.—Secretary of State Marshall.

Gracie Reports

By GRACIE ALLEN

Well, I see that an I.Q. rating taken by the Population Reference Bureau shows that America isn't as smart as it used to be but I don't see why they had to take an I.Q. rating to find that out. All they had to do was compare the present number of automobile accidents to the past number of horse- and buggy accidents.

One thing about their report sort of surprised me. It says that American college women have only had one and one-half children but women who just went to grade school have had four and one-third children. I had no idea there were that many midlets around.

George and I had planned on a little trip to Mexico this year, but I've decided not to go. If our national intelligence rating is getting lower it's my duty to stay right here and keep it as high as I can.

Presidents find it hard to believe anyone can fill their chairs.—James Farley, former postmaster general. America has made two distinctive contributions for the betterment of the world. One is the concept of the dignity of the citizen. The other is the technique of mass production.—Eric Johnston, president, Motion Picture Producers, Inc.

So far, so good. But the consequences are not to good. Being sure to proceed with reviving the Reich, or at least its western zones, with or without the Kremlin's permission. That means the end of the infamous Morgenthau plan to "pastoralize" Germany (for Russia's benefit, mind you), of the imbecile directive JCS 10678 which had been replaced lately, partly also of the ludicrous Potsdam agreement. It means that the interzonal partition must be replaced, at least in part, by unification, and the "level of industry" raised (it just has been doubled—on paper, too)—the blundering military government must take over.

Do you blame her for refusing to cover them up? UNDILUTED BLESSINGS

I do not believe the next war will be fought primarily as a sea and air war. It is my conviction that the ground soldier must go in to hold the ground. You can't get away from it.—Adm. Chester W. Nimitz, chief of naval operations.

Some foreign nations are more anxious to get grain shipments from America than to collect and distribute their own harvests properly.—Clinton P. Anderson, Secretary of Agriculture.

It has been said that the two things most to be desired in life are love and money. We believe that health should be included. Health is perhaps the greatest single blessing with which man has been endowed. Your physician is in position to help you preserve the health which is your natural heritage. We are ready to assist by filling his prescriptions exactly as ordered.

WHEELER NEWS

WHEELER—(Special)—Mrs. N. C. Wofford returned Monday night from Arkansas where she had been called by the illness of her brother.

Mrs. Jerome Brigham of Memphis has been the guest of her sister, Mrs. Chester Lewis.

Mr. and Mrs. Ollie Lee spent last week in the home of their son, Joyce Lee in Amarillo.

Mrs. Amos Isaacs of Dumas spent the weekend with her father, J. H. Watts.

Miss Leona Crossland is spending her vacation in Cleburne.

Mrs. Jewel Rimmer was in Shamrock for a week.

Mr. and Mrs. Bill Owens and children attended a family reunion at Amarillo recently. Louis Woods of Delta, Colo., brother of Mrs. Owens, visited in Wheeler Monday.

Mrs. J. I. Maloy has returned from Clinton, Okla.

Recent visitors in the J. H. Watts home were Mrs. Wright and two daughters, Della Beth and Diane of Childress.

John Wright, left Friday for Rochport to attend the funeral of his brother, Jake Wright.

Mr. and Mrs. Harvey Wright have returned from Dalhart where they spent their vacation.

Mr. and Mrs. Jim Montgomery of Amarillo visited in the H. M. Wiley home Sunday.

Mrs. J. M. Lawrence is spending the week in the week in Fort Worth relatives.

Leon Weatherly underwent a minor operation Tuesday. He is the son of Mr. and Mrs. Roy Weatherly.

Many troops in our occupation forces are young—too young—and often they are being used by German girls who are marrying them only to get a meal ticket and entrance to the United States.—Dr. Fred P. Corson, Methodist bishop, Philadelphia.

At Your Grocers Now!
Borden's Fine Dairy Products in the New Pur-Pak Single Service Containers

Your bottle-washing days are over! Now, Borden's milk and other fine dairy products will come to you in sanitary, easy-to-handle paper cartons made from virgin pulpwood.

Mechanically formed, filled and sealed, they're made for your exclusive use. No deposits, no returns—just throw them away when they're empty.

It's the biggest advertisement in milk packaging in many years!

Here's what the paper container means to you . . .

- 1 HEALTH PROTECTION—These new containers are mechanically formed, filled and sealed never refilled.
- 2 NO BOTTLES TO WASH—When the container is empty, just throw it away.
- 3 NO BOTTLES TO RETURN—No deposits to pay.
- 4 EASY TO HANDLE—They're square in shape, light in weight—and there's no breakage to worry about. Children can carry them in perfect safety.
- 5 SAVES SPACE—You can store 6 cartons where only 4 old-fashioned round glass bottles will fit.
