## HST Flails Ike For Giving In To 'Mossbacks'

By ED CREAGH  
OAKLAND, Calif., Oct. 4 (AP)—President Truman lowered his "give 'em hell" boom all the way on Gen. Dwight D. Eisenhower today.

Switching his "I like Ike, too" approach to one of "I used to trust Ike," Truman charged that the Republican presidential nominee:

1—Has joined in spreading a Republican "wave of filth" about foreign policy that "brings us closer to a world war."

2—Took part, as a general, in making Korean, German and other military decisions which Eisenhower now is denouncing as blunders and bungles.

3—Has "betrayed himself" by a total surrender to GOP "mossbacks" with more sympathy and understanding for the average American than so many prehistoric dinosaurs.

The President took occasion too, in a pair of speeches winding up the first half of his coast-to-coast whistle-stop tour, to give the back of his hand to Eisenhower's running mate Sen. Richard M. Nixon.

Nixon, he declared tartly, is not worthy to lace the boots of California's Gov. Earl Warren.

The blast against the GOP vice-presidential candidate was delivered at a 1,000-plate Democratic luncheon rally in San Francisco.

Then, in an address prepared for delivery across the bay at Oakland, the President brought his "stop Ike" crusade to a new peak of acidity.

He said Eisenhower has enlisted in a campaign to make Americans believe black is white—that "our policy of resistance to communism has been one of betrayal" and that the Korean conflict is a useless war.

"This wave of filth," the President said, "has had one purpose—and only one. That is to win this election for the Republicans."

Then he poured it on Eisenhower personally. He said the GOP nominee has abused the trust of the American people.

He said Eisenhower is "a sad and pathetic spectacle," uttering

## Reviewing The Big Spring Week

With Joe Pickle

After a week of "pretty weather," which, it has been so wisely observed, is what we frequently have too much of, agriculturalists were beginning to look for some hopeful signs of moisture. Ranges, given a faint lease on life by the mid-September rains, desperately needed more seasoning to push weeds and sparse grass out of the sprout stage. Many farmers have drilled small grain and lots of it is coming up to good stands.

The Veterans Administration announced personnel cuts throughout its hospitals last week. On an average basis, this would have been about 20, on a comparative size basis perhaps less. But when the actual word came through, our VA hospital got twice that figure, an unexpectedly severe slice.

James Fryar showed the grand champion pig in the annual fall show here last week. His grand champion moved out in the sale at \$125. One cannot see the quality of pigs now shown as against those years ago to realize the value of the Sears program to the swine trade here.

Although totals were not available Saturday, the Cheerto Club, composed of blind and near blind, had cause to be happy over reception of their White Cane sale. They had thought it might take a week to sell 500 of the miniatures they had made; the public took them all quickly Saturday morning.

This is due to be a critical week for the Community Chest. The annual fund campaign for five

Death Cars

Two persons died and five were seriously injured in the wreckage of the automobiles above Saturday night. The vehicles collided about 10 miles west of Big Spring on U. S. Highway 80. William C. Shows, of Waynesboro, Miss., and Mrs. Lee Jones, Midland, were killed in the crash. Shows was one of two men traveling in the Ford, top picture. Mrs. Jones and four other Midland people were riding in the Olds, bottom photo.

## Two Die, Five Injured In Head-On Crash Near Here

Two persons died early Saturday evening in what apparently was a head-on automobile crash about 10 miles west of Big Spring on U.S. Highway 80.

Killed instantly was a Negro woman identified as Mrs. Lee Jones, 33, of Midland.

Dead on arrival at a Big Spring hospital was William C. Shows, about 18 to 21 years of age, of Waynesboro, Miss.

Five other persons were injured seriously in the two-car crash which occurred just west of Morita about 7:15 p.m.

Four of the injured were brought to Big Spring hospitals and one was carried to Martin County Memorial Hospital in Stanton.

In Malone & Hogan Hospital are Mrs. Lula A. Jones, Midland Negro woman, who suffered a jaw injury and had several teeth knocked out; and Lee Jones, also a Midland Negro, who sustained a fracture of the left leg and cuts under the chin and on his hands.

At Cowper Hospital is Thelma Montgomery, another Midland Negro. She suffered a leg fracture and loss of blood.

Treated at Cowper Hospital and then transferred to Webb Air Force Base Hospital was J. D. Davis, Fort Bliss soldier who received a back injury and possible internal injuries.

Most serious of the injured was Walter Jones, Midland Negro, who was taken to the Stanton hospital. His injuries included a leg fracture and two broken hips, abrasions,

## Texas State Fair Underway In Dallas

DALLAS, Oct. 4 (AP)—Pennants flew, banners shouted, cattle bawled, cash registers jingled and thousands of pairs of feet echoed in Dallas today.

The State Fair of Texas, biggest in the nation, was here today.

The fair's opening day, in line with tradition, drew tens of thousands of farm boys and girls from all over Texas.

## Fund In Memory Of Late King Sought

LONDON, Oct. 4 (AP)—Prime Minister Winston Churchill appealed to Britons tonight to subscribe their pounds and pennies to a fund in memory of King George VI.

Some of the money will be used to erect a statue of the monarch, who died last February.

# Adlai Rips McCarthy; Names Him Member Of GOP 'Murderer's Row'

**Vet Hospital Here To Lose 40 Employees**

Approximately 40 employees at the Big Spring VA Hospital are losing their jobs as a result of an economy move announced Thursday by the Veterans Administration.

Roy E. Smith, acting manager of the local hospital, said Saturday that "39 or 40" non-professional workers had been given 30-day notices. The discharges are to be effective Nov. 4.

In addition, a "few doctors and nurses probably will be transferred," Smith said.

The cut in personnel will reduce the hospital staff to a ceiling of 213 persons, the acting manager and Personnel Director Hays Bacus announced. At present there are some 260 employees at the hospital so, presumably, seven or eight doctors and nurses will be transferred.

Reduction of the local staff apparently is out of proportion with the cut in VA hospital personnel on a nation-wide basis. The VA said Thursday 2,250 workers are to be laid off at its 92 hospitals and two domiciliary facilities. That would be an average of about 23 persons per institution.

However, the Big Spring VA Hospital is one of the smallest operated by the agency and on the percentage basis would have lost only a few employees.

Explaining the disproportionate pattern of the dismissals is the fact that the Lisbon (Dallas) VA Hospital is losing only 11 workers from its 456-employee staff. Also, only 32 are being discharged from the 804 working at the McKinney VA Hospital.

Dismissals at the Big Spring station were made about evenly in all non-professional branches—administrative, custodial, special services and maintenance, Smith stated. All are civil service employees.

A few doctors and nurses will be made available for transfer to other hospitals in order to bring the staff down to the new ceiling.

"Every effort will be made to provide the same high caliber medical care and treatment to veterans as in the past," Smith declared.

The VA said the reduction in personnel was being made to bring the agency "within the funds appropriated" for operations during the fiscal year. The VA's 1952-53 budget request was reduced by Congress from \$701,442,318 to \$670,318,634.

**\$5 MILLION BUILDING PROGRAM PLANNED AT WEBB AIR FORCE BASE**

An extensive construction program involving additional facilities for Webb Air Force Base has received preliminary approval and will shortly be advertised for bid, it was revealed today by Major William Boardman, air installations officer for the local base.

Included in the planned facilities are: Airmen's club building, base chapel, maintenance shop, and additional maintenance hangar, jet engine test cell, a 600-seat theater, extension of the present 5,000-foot "conventional" runway to a length of 8,100 feet, surfacing of 78,000 additional square yards of ramp area, and enlarging of the present small arms range. "Off-base" facilities will include construction of auxiliary landing strips near Colorado City and in Martin County.

Contracts for the program totaling roughly five million dollars will be awarded by the Albuquerque District Office, Corps of Engineers, Major Boardman indicated.

All the projects are scheduled for completion during 1953.

# Dems Starved Of Vote Issue

By RELMAN MORIN  
FARGO, N.D., Oct. 4 (AP)—Gen. Dwight D. Eisenhower declared tonight that the Democrats are "completely starved" for a valid campaign issue, and said they are attempting to use fear to win votes.

"They are wailing and whimpering up and down the country trying to scare people—and they don't scare me," the GOP presidential candidate said.

Eisenhower campaigning through Minnesota and South and North Dakota, tore into the Democrats in his Fargo speech and struck sharply at both President Truman and Gov. Adlai Stevenson, the Democratic candidate.

More than 5,000 people, the general's biggest audience of the day, jammed into the field house at North Dakota State College.

Eisenhower referred to this "other campaign of salvo after salvo" and drew a laugh from the crowd.

He said, "I have been shot at by real artillery and I am far too old to be greatly disturbed by noisy but harmless blanks."

Obviously referring to Stevenson, he said, "now we are getting an educated accent on the same old Democratic talk."

One of the "blanks," Eisenhower said, was Truman's statement that there would never be another reclamation program if the general were elected.

He said the basic reclamation legislation was written by Republicans. "Under it, the West has been developed. Reclamation works came before there ever was a Fair Deal or a New Deal. We will go right on with that program after the Fair Deal's worn-out lease has been terminated."

Earlier, Eisenhower declared that the "American way" must be employed in dealing with the problem of Communists in government.

His statements followed a major speech that he delivered on government offices last night in Milwaukee. Sen. Joseph R. McCarthy was sitting on the platform and preceded Eisenhower as a speaker.

Eisenhower told audiences in Duluth and St. Cloud, Minn., today that the rights of individuals must be respected and that the principle must be respected that a

**Congress Group Scored As Ike Called 'Captive'**

By MARVIN L. ARROWSMITH  
ST. PAUL, Minn., Oct. 4 (AP)—Governor Adlai Stevenson tonight named Sens. Joseph R. McCarthy and Robert A. Taft as members of a Republican "murderer's row" in Congress—and he denounced McCarthy as "a champion of trial by ordeal and slander."

The Democratic Presidential nominee told an enthusiastic audience in St. Paul's Municipal Auditorium that Gen. Dwight D. Eisenhower's endorsement of McCarthy for re-election leaves "no doubt in anyone's mind that the general is 'hopelessly the captive' of the GOP 'Old Guard.'"

Eisenhower, the Republican candidate for the White House, has "cheapened the time-honored custom of endorsements," Stevenson added.

He spoke to an audience estimated by the auditorium manager, Edward Furni, at more than 10,000. Furni said there were seats for 12,000.

Slugging harder at Eisenhower, McCarthy and what he called the Republican "Old Guard" than at any time during the campaign, Stevenson sketched a round of Iowa and Minnesota vote-getting with a declaration that GOP capture of the Senate would put a "murderer's row" at the head of key committees.

In addition to McCarthy of Wisconsin and Taft of Ohio as committee chairmen, that row, Stevenson said, would include Sens. Homer Capehart of Indiana, Eugene D. Millikin of Colorado, Harry P. Cain of Washington, George D. Aiken of Vermont and Bourke B. Hickenlooper of Iowa.

He called them, variously, champions of built-in inflation, of the protective tariff, of private power lobbies.

In an address prepared for delivery at a Democratic rally, the Illinois governor said Eisenhower, his GOP rival for the presidency, has "cheapened the time-honored custom of endorsements."

Then, in an obvious allusion to McCarthy's appearance with Eisenhower on the general's campaign

# Second Chest Report Is Due On Monday

Second general report on progress of the Community Chest drive will be heard at 4 p.m. Monday.

All divisions of the campaign are being urged to submit reports on their collections in order that an accurate picture of the drive's status can be drawn. Chest officials said Saturday. General Chairman Elmo Wasson requested that all division chairmen contact their various team captains and that team leaders get in touch with individual workers to tabulate complete reports.

First report of all groups was made last Thursday. At that time it was announced that total tabulated contributions to the chest drive was \$30,423.69, not including some \$3,000 raised at Webb Air Force Base.

Goal for the campaign, which will benefit YMCA, Salvation Army, Girl and Boy Scouts and a local servicemen's center, is \$49,952. Campaign got underway last Monday.

Red Feather Sunday is again being observed by local churches today. To mark the event, Scouts will attend services in uniform and will sit together for special recognition.

**Claim That Dates Back To 1836**

The three-league strip of "tidelands" that was specified in Texas' annexation treaty with the United States, back in 1836, is shown in the dotted area. A simply-told, clear-cut story of the tidelands issue is presented in a series of special articles starting on the editorial page in today's Herald. The author is H. Mewhinney, a staff writer of the Houston Post. You will want to follow these articles to get a full understanding of this important Texas matter. Be sure and read, today and for the next four days, "Not Oil, But Justice."

**Water Behind The Dam**

Here is a portion of the initial impounding of water in the Colorado River Municipal Water District lake in southeast Scurry County. The white streak at the base of the dam is the gravel blanket before the rock rip-rap starts in to bulwark against wave action. The

view is toward the north and the water along the bottom of the picture is in the river channel. Approximately 500 surface acres were inundated. When the lake is filled, approximately 12,000 acres will be under water. (Photo by Leonard Hartley).

**'SECOND RUMI PLAN'**

**Dem Campaigners Will Seek Contributions of \$5. Apiece**

By JOE HALL  
WASHINGTON, Oct. 4 (U)—An army of Democratic volunteer solicitors will set out next week to try to get \$5 contributions for the 1952 campaign from several hundred thousand contributors.

Beardsley Rumi, the New York idea man who thought up the scheme, says there's never been anything exactly like it before. He is confident it's going to be successful enough to revolutionize financing of political campaigns in the future.

The drive starts Wednesday and runs for eight days through Oct. 15.

The Democratic National Finance Committee, which Rumi heads, is distributing 800,000 red-white-and-blue booklets to the solicitors.

Each booklet contains five cer-

tificates and each solicitor is being asked to get five contributions. The contributor gets the certificate with a thank-you message from Gov. Adlai E. Stevenson printed on it.

Rumi, economist, consultant and corporation director, is an author of the plan to convert federal income taxes to the pay-as-you-earn basis adopted several years ago. Democrats are hailing his campaign financing scheme as the "second Rumi Plan."

Rumi held a news conference this week to tell details of the new plan.

He said he would have liked to set a goal of a million contributions but did not think it feasible this year because his committee was set up too late to get the big organizing job done completely.

If a party could collect one mil-

lion \$5 gifts, it could finance the operations of its national committee completely by that method in a national election year.

The Hatch (Federal Corrupt Practices) Act limits a national committee to spending three million dollars in a presidential campaign.

This is exactly the sum Rumi's plan would produce if he got a million contributions because \$3 is to go to the national group out of each gift and \$2 stays with the local party units.

But Rumi said he would be satisfied this year if his scheme brought in one-third of the national committee's campaign total, or one million dollars. This would mean about 333,000 \$5 contributions.

Rumi said the success of a few preliminary tests of his plan in New York and elsewhere had been "too fantastic for words."

He said he was sure the nationwide result would not be that good, but he added that if the money did pour in beyond expectations, then the national committee would draw on it only until it had reached the three million dollar level, and then prorate the excess to the states.

Rumi said the solicitors were being told not to use "the slightest pressure" and not to argue with anyone.

Rumi said he was sure the plan had some "political overtones" by way of harvesting votes. Each solicitor, he pointed out, might say something like this to a contributor:

"You've got five dollars invested in the campaign now. Why don't you see that five people vote, one for each dollar."

The finance chairman said, however, that he knew all of the contributors would not vote Democratic.

For instance, he said, four books of certificates were sold out a few days ago in El Morocco, plush New York night club.

"I'm not kidding myself," he said, "that the people who go to El Morocco and buy large are going to vote Democratic. They bought the books for the novelty."

**Gunman Sought After Robbery Of \$248,000**

FORT WORTH, Oct. 4 (U)—A tall, scar-faced Oklahoma ex-convict was named today as the gunman who robbed two exiled Cubans of \$248,000 reportedly intended to finance a Cuban counter-revolution.

Authorities indicated the Cubans may have been victims of a confidence game—lured to Texas on the pretext they would be able to purchase here the guns needed for the revolt.

A two-state alarm was sounded for Orval Chambless, 35, identified by the Cubans as the masked gunman who, at the point of a tommy-gun, took \$248,000 from them in their swank hotel cottage early yesterday. Robbery charges were filed against Chambless.

Sought along with Chambless was an accomplice known only as "Johnny," already in custody was Sam Cesap, 40, a Fort Worth used car salesman held on federal charges of unlawfully transferring the stolen money from Fort Worth to Oklahoma.

The exiles are Manuel Madareaga, 38, and his partner, Candido de la Torre, 49. The latter is a former Havana city councilman. Both admit they became voluntary exiles in Mexico after Fulgencio Batista regained the Cuban presidency in a bloodless army-backed revolution last March.

**Radio Network For Reports On Weather Fixed**

ORANGE, Oct. 4 (U)—Plans of private industries to set up a six-station radio network along the Texas and Louisiana Gulf Coasts to supplement the Weather Bureau's facilities were announced here today.

The stations will be erected by the Gulf Industries Weather Network, a private, non-profit organization of 14 major industries and utility companies.

Each station will cost an estimated \$8,000.

They will be available exclusively for the use of the Weather Bureau for:

1. "Back-up" communications between the Weather Bureau offices at times when existing land line communications fail or become overloaded.
2. Gathering and disseminating information regarding extreme weather conditions during critical or emergency situations.
3. Possible use in the event of a disaster.

Plans call for the six master stations at Brownsville, Corpus Christi, Victoria, Houston, Lake Charles and New Orleans. A number of member industries will install their own "satellite" stations and others will utilize stations which they already have in operation.

**Newspaper Award To Be Established**

HOUSTON, Oct. 4 (U)—Establishment of an award for Texas newspapers and their editorial staffs by the Texas Manufacturers Association was announced here today.

The award, announced jointly by Ed C. Burris, executive vice president of the Texas Manufacturers Association and Ray L. Powers, president of the Texas Daily Newspapers Association, will be for \$500.

**DON'T STARVE TO TAKE OFF FAT**

Here is an inexpensive home recipe to take off unguilty weight and help bring back alerting curves and graceful slenderness. Just get from any drugstore, four ounces of liquid Barostrate. Pour into pint bottle and add grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to take and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle for your money back.

**LOST 20 POUNDS**

"I have lost 20 pounds taking Barostrate," writes Luella Campbell, Route 1, Grandview, Texas. "I feel so much better and am losing weight right along. No more bloating and puffed up feeling. Since taking Barostrate."

And Vera Barber, Route 2, Box 167, Bowie, Texas, writes to say:

"I am well pleased with Barostrate. It not only took off 12 pounds around my hips and abdomen, but it has made me feel so much better."

**DIES IN TOKYO**

**Officer Is Allegedly Knifed By His Wife**

TOKYO, Sunday, Oct. 5 (U)—Col. Aubrey D. Smith, a handsome, 45-year-old Texan, died Saturday of a knife wound which Gen. Mark Clark's headquarters said was allegedly inflicted by his attractive wife, Dorothy.

Mrs. Smith is the daughter of Gen. Walter Krueger, retired World War II commander of the U. S. Sixth Army in the Pacific campaign.

She was held for observation in the isolation ward of an Army hospital in Tokyo while the Far East Command conducted an official investigation.

Smith, decorated repeatedly for valor in World War II and the Korean War, was chief of the big plans and operations division of the Far East Command's logistics section.

He was considered an officer with brilliant prospects for advancement and his sensational death shocked high Army circles in Tokyo.

The personable, blue-eyed colonel from San Antonio was fatally stabbed about midnight at his home in Washington Heights, a residential area for U. S. officers. He died six hours later at the Tokyo Army Hospital.

The Army clammed up tightly on details, but it was reliably reported that Smith was knifed on the right side while he was in bed.

A maid was at the Smith home at the time. She said she was asleep and knew nothing about it.

A daughter, 14, and son, 16, were at a neighbor's house. Plans were being made today to return them to the United States.

Pressed for details, the PIO office said: "An investigation is being made by military authorities. Any action resulting from the investigation, such as a possible trial, will be conducted by the military. This is provided for in the Articles of War and the administrative agreement (with Japan)."

The office also said, "It is considered inappropriate to discuss any details of the case until the investigation has been completed."

One officer said the Army was maintaining secrecy "to avoid influencing the investigation."

### Sparkman Due For Appearance At Texarkana

By The Associated Press  
Sen. John Sparkman, the Democratic vice-presidential nominee, will be in Texarkana Oct. 24. Thus all four men on the Republican and Democratic tickets will be in Texas at one time or other during the last half of October.

Texas' 24 electoral votes invite them.

Stevenson Democrats also said Sen. Lyndon Johnson would speak for Stevenson over a state-wide radio hookup Oct. 13.

A list of eight other Texas congressmen who will make speeches for Adlai Stevenson, the Democratic nominee, was released.

Democrats supporting the Republican nominee, Dwight Eisenhower, pointed to the response to Gov. Shivers' statement Thursday night that he would vote for Eisenhower.

Most of the response has been favorable, the governor said Saturday. Of 248 telegrams received, 231 commended his stand and 17 opposed it.

Ben Guill, state Eisenhower campaign manager, said he stuck to his statement of a week ago that Eisenhower had a 50-50 chance of carrying Texas, and "Things look even better than that now."

The announcement of Sparkman's visit was made Saturday in Texarkana by Rep. Wright Patman.

Does this mean the Democrats are worried about Texas? a reporter asked Patman.

"No," Patman replied. "You will recall that I campaigned all over the district in 1928 for Al Smith, the Democratic nominee."

Stevenson headquarters in Dallas said these Texas congressmen will make speeches: Speaker Sam Rayburn, Patman, Albert Thomas, Olin Teague, Clark Thompson, W. R. Poage, George Mahon and Paul Kilday.

Agriculture Commissioner John White also will speak. Sen. Tom Connally has said he will support Stevenson and probably will make some speeches for him. Reps. Homer Thornberry of Austin and Frank Icard of Wichita Falls also have wired their willingness to work for Stevenson.

Stevenson headquarters said their organization has set up headquarters in every congressional district.

"We know there are more steadfast Democrats in Texas than there are Republicans and Republicans combined," James Sewell, state Stevenson campaign manager said.

MRS. BERTA CUNNINGHAM BECKETT

### Mrs. Berta Beckett Rites Held Saturday

The frail body which housed one of the noblest spirits ever to serve in the First Baptist Church was laid to rest Saturday afternoon in Trinity Memorial Park.

Mrs. Berta Cunningham Beckett, 80, wife of K. S. Beckett Sr., died Friday at 3 p.m. in a hospital here after a long and severe illness.

As she was buried, members of the family asked those who insisted on making an expression of love that they give to causes which were closely knit with her soul—to orphans and to missions.

Mrs. Beckett was born as Berta Cunningham, the daughter of the Rev. V. G. and Mrs. Cunningham in McClennan County on Nov. 24, 1871.

She was a graduate of Baylor University in Waco, earning her Master of Philosophy degree in 1890, fulfilling a dream of her father, who had obtained his B.A. degree there in 1871. She taught school at various places, six years in Dallas where she became almost like a member of the family of the late, great Dr. George W. Truett.

On Sept. 12, 1899, she was married to Kirby S. Beckett in Iowa Park, Texas. Later, they moved to Raton, N. M. where he was agent for the American Railway Express Company. They moved to Big Spring in 1914 to establish their home.

Mrs. Beckett at once became one of the most active members of the First Baptist church, teaching a Sunday School class and serving as president of the Women's Missionary Society. Later she became president of the Home School Club, which was the forerunner of the Parent-Teacher Association organization.

However, the church and the cause of Christ were her chief concerns. For 25 years she was district chairman of benevolence for the W.M.U., resigning only due to ill health. Her constant plea for some gifts won her a loving name of the "little egg lady" because she always asked for eggs, clothing or other gifts for Buckner's Orphans Home.

Mrs. Beckett came by her Baptist heritage naturally. Not only had her father been a minister, but her maternal grandfather, Thomas J. Pilgrim, was one of the organizers of the original Sunday School in the early days of Texas. It was a source of pride to her that she had been asked to author the first history of the original Sunday School in the state because Dr. Rufus Burleson, a leading Baptist figure and president of Baylor, had suggested that some member of Mr. Pilgrim's family should someday write such a history.

She was an intensely scholarly woman. Whatever she set her head to do, she did thoroughly. Her counsel bore great strength in her church, and workers there looked upon her as one of the most saintly members ever to serve in the congregation. It was therefore logical that the congregation should climax its love for her with a "Berta Beckett Day" on April 16, 1950. Friends showered her with flowers and gifts, but she was happier by far that all the offering that day had gone in her honor to the building fund of another church in Big Spring.

In private life she was the personification of gentility. Those who called upon her knew instantly by her manner and earnestness that they were doubly welcome, and they could not leave her home without first being served some refreshment.

When failing health taxed her energies, she was adopted as class mother by the class she had so long taught. The Berta Beckett Class long since had become one of the firmly rooted units of the church.

Besides her husband Mrs. Beckett leaves one son, Kirby S. Beckett Jr., Dallas; a sister, Mrs. Mable Hawkins, Oklahoma City; three granddaughters, Mrs. Robert C. Coke, Dallas, Mrs. E. Z.

### Rita And Aly Split Up Again As Feud Goes On

By TOM MASTERSON  
PARIS, Oct. 4 (AP)—Rita Hayworth and Aly Khan have split up again. The feuding that started 18 months ago appears resumed.

The glamorous Hollywood actress a couple of days ago quietly left her husband's plush suburban home, where she and the Moslem prince had lived together for more than a week.

She moved into an equally plush Paris hotel, the Lancaster, a few paces off the beautiful Champs Elysees.

The move went unnoticed until today. It came as a surprise to a lot of persons including Aly himself, who had assumed her Reno divorce proceedings would be forgotten.

For a while, it even appeared that the reconciliation was going to last. Since her arrival, she and Aly, besides living in the same house, were seen frequently together, gaily visiting Paris night spots and dining in restaurants.

The reason for the latest breakup remained a mystery.

Rita could not be reached. Hotel clerks who first confirmed that she was a guest at the Lancaster later said "we have orders to say only that Miss Hayworth is not staying here."

The actress, however, issued a cryptic statement through her attorney.

"I am not responsible for any conclusion which may have heretofore been assumed," the statement said.

West Texas Chamber Meet Set October 19  
WICHITA FALLS, Oct. 4 (AP)—The 35th annual convention of the West Texas Chamber of Commerce will open here Sunday evening, Oct. 19, with a union church service.

Dr. W. R. White, Baylor University president, will deliver the sermon in the First Methodist Church. The convention will continue to noon the following Tuesday.

### Men In Service

COLORADO CITY, Oct. 3—Sgt. Thomas Conaway, son of Mr. and Mrs. Otha Conaway of Westbrook, is home on a 30-day furlough, after spending 14 months in Alaska.

Sgt. Conaway entered the service Nov. 9, 1950 and was stationed at Camp Carson, Colo., before going to Alaska for service with the Infantry training department. He had attended Sul Ross and Baylor University before entering the service. At the conclusion of his 30-day furlough, he will report to Fort Sam Houston for a discharge.

Robert Thomas Coffey, son of Mr. and Mrs. J. A. Coffey of Big Spring, has been accepted for Aviation Cadet training by the US Air Force and will be sworn into the service Oct. 8.

A graduate of Big Spring High School and Baylor University, Coffey will take his initial training at Connally Air Force Base, Waco. He lettered in track one year at Baylor.

### Stanton Residents Get Warning About Garbage Can Taps

STANTON, (SC)—Strict enforcement of the ordinance requiring that all garbage cans have taps and that these cans be kept covered, will begin Oct. 10 is the warning that has been announced by Mrs. Leo Turner, city-county sanitarian.

Mrs. Turner explained that the enforcement date has been set far enough ahead to give everybody an opportunity to get such a garbage can in order that they may comply with this health regulation.

She said the question has arisen as to whether the landlord or the tenant shall provide the can. This is a matter that must be worked out between them, she says. Usually, she adds, the landlord will provide such a garbage can and will see to it that the can stays on the premises.

Mrs. Turner says a plan has also been worked out for assistance to those who cannot financially afford to buy a can of the required type. Penalties are provided for violation of the ordinance.

### Eight-Column Ballot To Be Used In Texas

AUSTIN, Oct. 4 (AP)—The ballot Texas voters will mark Nov. 4 will be an eight-column affair with six candidates for President.

Gen. Douglas MacArthur is the presidential candidate of both the Christian Nationalist Party and the Constitution Party. There will be the usual Democratic and Republican columns, headed by Adlai Stevenson and Dwight Eisenhower. The Prohibition Party candidate for President is Stuart Hamblen and the Progressive Party's choice is Vincent Hallinan.

One column, for Independents, will be blank. So will the column for write-ins. All candidates for state-wide office, except John White, will appear both as Democratic and Republican candidates. The Democrats have until Oct. 15 to have their names erased as Republicans if they want to.

Texas will elect 22 congressmen, including one at-large. There is only one contested congressional race, between Jack Brooks, Democrat, and Randolph Reed, Republican, in District 2 (Sabine area). Two constitutional amendments will be voted on.

One would authorize the Legislature to provide for workmen's compensation insurance for employees of towns. The other would provide for establishment of a state medical education fund from which grants, loans or scholarships may be made.

WASHINGTON, Oct. 4 (AP)—The chairman of a House subcommittee investigating the Justice Department said today that an examination of FBI files in the Kansas City vote fraud case has revealed "no new or startling evidence."

Rep. Chelf (D-Ky.) made the statement, he said, in fairness to Supreme Court Justice Tom Clark, who was attorney general at the time the fraud case broke.

Chelf said a member of the subcommittee had released a news story last month which might have led the public to believe that "startling new evidence might be produced seriously reflecting upon the character and integrity of Justice Clark."

The Kansas City case figured in the news last Sept. 19. Rep. Bakewell (R-Mo.), a subcommittee member announced then that some records in the case were taken temporarily from FBI files on Clark's orders. The same day Chelf and another committee member, Rep. Keating (R-N.Y.), said Atty. Gen. McGranery had authorized them to take a look at the files.

Chelf said he remains of the opinion that Clark as attorney general "used exceedingly improper judgment: (A) in ordering only a preliminary investigation and (B) in limiting the scope of that investigation when, in my opinion, a full scale investigation was warranted by the then existing facts."

The vote fraud incident goes back to the 1946 Democratic primary election in which Eros Axtell, backed by President Truman, defeated Rep. Roger C. Slaughter for re-nomination. Later the Kansas City Star published a series of articles charging irregularities and on May 27, 1947, thieves blasted open a Courthouse safe and escaped with disputed ballots and other evidence.

STANTON, (SC)—The Stanton Lions Club launched a campaign this week for funds with which to purchase an iron lung, it has been announced by Ed Robnett, president of the organization. He said a contribution of \$25.00 from Mrs. Inez Woody was the first gift received.

It is estimated that the lung will cost between \$2,000 and \$2,500, and Robnett said the goal will be set beyond this figure in order to raise enough money to buy some physical therapy equipment. The lung will be located at the Martin County Memorial Hospital.

Members of the fund-raising committee are O. B. Bryan, Les Weatherall, Morgan Hall, B. F. White, Finley Rhodes, Euel Ferguson, H. S. Blocker, O. W. Winstead, Bob Deavenport and Cecil Bridges.

Two Latin American men were treated at Cooper Hospital Saturday night for small-caliber bullet wounds suffered about 7 p.m. Julian Ramos, Iatan, and Joe Moncallo, Ackerly, were shot as they sat in a parked automobile in front of Louis Cafe in the 300 block of N.W. 4th Street, according to Police Sgt. A. N. Standard. One bullet grazed a furrow in Ramos' head and another struck Moncallo in the left arm. Neither injury was considered serious.

Sgt. Standard said the shooting followed an argument which started when two other Latin Americans, about 19 years of age, approached the car. The altercation was over money, said the officer. Ramos and Moncallo were released following treatment. Sgt. Standard said further investigation would determine what charges will be filed against the other two men, who had not been apprehended Saturday night.

### SCENES TO BE DEPICTED IN PARADE

## Schools To Pick Historical Events For Yuletide Floats

Big Spring and Howard County elementary schools Tuesday will select historical events their pupils will depict on floats in the annual Christmas parade.

Representatives of the various schools will meet at 4 p.m. to choose from a list of historical scenes the ones they will portray. Meeting is set for the Big Spring school tax office, Loyd Wooten, projects manager for the Chamber of Commerce, announced Saturday. The Chamber Merchants Committee is sponsoring the annual Yule parade and other phases of the annual Christmas season observance. Cash outlays will be advanced by the organization to schools to help finance cost of picturing the historical events in the parade. Cash prizes also will be awarded winners of first three places in the parade contest.

All Big Spring and 13 out-of-town elementary schools have been invited to participate. Wooten said. The Merchants committee currently is conducting a drive for funds to finance the Yule parade and other phases of the Christmas observance. The annual Treasure Hunt will be staged, street decorations repaired and extended, and the community Christmas tree decorated with the committee's funds. Campaigners are shooting for a goal of \$3,000. Already \$2,035 has been collected and pledges have been secured for another \$635.

## Pressure Breaks Water Main; No Homes Affected

A 20-inch water main gave way before high pressure in the city water distribution system about 2:30 a.m. Saturday.

Water pressure forced the line apart at an "L" connection at State and Eleventh Place. Several thousand gallons of water were lost before valves could be closed to stop the flow.

The 20-inch main is a "feeder" line and has no service taps, so the break didn't leave any resident without a supply of water. However, distribution pressures are lower in some sections while the line is out of service.

Break in the line occurred about the time pressure in the system surged to approximately 100 pounds at the downtown gauge point. Water distribution Superintendent Lee Nuckels said pressure at the place of the break probably was about 60 pounds, nearly double the normal pressure at the joint.

Contributing to the increase in pressure was the fact that practically no withdrawals were being made from the system at the early morning hour.

Pressures throughout the system have been greater since the city started receiving water from the Colorado River Municipal Water District and using additional feeder lines in the distribution layout.

The 20-inch feeder which broke is one of the new mains. Last week end several breaks occurred in the city's water lines when pressure surged to approximately 125 pounds at the gauge point at the main fire station.

### Game And Fish Official Is Burned Fatally In Mishap

ELGIN, Oct. 4.—A Texas Game and Fish Commission photographer was trapped and burned to death today when his car ran off the road and turned over. He was Edwin Eugene Plummer, 22, of Austin.

Capt. E. K. Browning of the State Highway Patrol said Plummer's car left Highway 290 between here and McAdams, overturned and hit an embankment.

Investigating officers did not think another vehicle was involved.

Light will appear redder if its source is moving away from the observer and this effect has been used to develop the theory that every major portion of the universe is moving away from every other portion.

## NATIONAL WEEK STARTS TODAY

# Physically Handicapped Seek Positions With Local Firms

Big Spring employers, including Webb Air Force Base, have been very generous in recognizing that it is ability and not disability that counts in a job. Leon M. Kinney, manager of the Big Spring office of the Texas Employment Commission, said yesterday in discussing plans for the local observance of National Employ the Physically Handicapped Week, Oct. 5-11.

Webb AFB has a total of 502 authorized places for civilian employees and points with a great deal of pride to the fact that physically handicapped persons are employed in 105 of these. Thirty-four of these persons are veterans with service-connected disabilities, and 71 are either veterans or non-veterans. The veterans among these 71 employees have physical handicaps that are not connected with their military service.

The Air Force base here at Big Spring has one of the nation's outstanding records for employment of physically handicapped persons at an installation of the Air Training Command.

Kinney says there are only six persons registered at his office who have been experiencing employment troubles because of physical disabilities. He says none of these are handicapped to any great extent and that his records indicate all of them are well qualified for the type of work they seek. Two of them have had military service.

One of these applicants, Kinney describes as having a facial disfigurement of which he is very conscious. This man, Kinney says, has been employed in laboring jobs when he is really qualified for employment requiring more skill. "He is qualified for better jobs than those he has been forced to take because of this handicap," Kinney comments. He is a young man who is otherwise in good physical condition. He is receiving treatment through the state's vocational rehabilitation program for a correction of this condition.

Another of the handicapped applicants registered at the TEC office is a man who has a weak back and arms and who can do light work only. His last employment was as an orderly in a South Texas hospital. His work record in the past shows seven years employment as a truck driver, two years as a laborer and seven years as a dishwasher. This man has been awarded a 10 per cent disability allowance by the Veterans Administration. There is no limitation on the man's ability to use his arms, Kinney says. It is simply a case of a man having a

weak back and arms because of an injury.

The second veteran among the six handicapped persons seeking employment entered the military service several months before the attack on Pearl Harbor and was discharged early in 1946. The Veterans Administration rates him as 30 per cent disabled because of gun shot wounds in his left leg. He is otherwise in fair physical condition. He has three dependents. He has worked 12 years as a truck driver and six years as a cook. He has not been able to continue in either of these jobs because of the weakness of his left knee.

This knee injury, Kinney says,

### Coahoman Is Prexy Of Sul Ross Group

COAHOMA, (SC)—Wayne White of Coahoma, a student at Sul Ross College, Alpine, has been elected president of the Clip and Brand Club, an organization of students in Range Animal Husbandry, according to word received here.

The election was held at the club's first meeting of the year. Among the other officers elected were Jimmy Calvert of Maryneal, 4th vice president, and Jack Ruttle of San Angelo, secretary.

### Two Men Arraigned

Two men were arraigned in County Court Saturday on charges of driving while intoxicated. They were W. V. Derrington and Ed Roy Simmons. Derrington pleaded guilty and was fined \$100 plus costs of court and suspension of driver's license. Simmons pleaded not guilty and was released on \$500 bond.

### Free Book on Arthritis And Rheumatism

HOW TO AVOID Crippling Deformities

An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 2317, Excelsior Springs, Missouri. (Adv.)

does not disqualify this man from ordinary work but is troublesome because of the usual kitchen heat when he is employed as a cook.

Another of the men Kinney lists as seeking employment was the victim of an illness that crippled him in the legs. He has been doing office work and was on the last job for 17 months. He has not been employed for several months now. Kinney says this man is steady, reliable, neat and clean, and well qualified for types of work he can do in jobs that would require him to spend much of his time in a chair.

The fifth man on TEC handicapped list is in good health. Past employers have found him reliable and trustworthy, the TEC manager says. This man's handicap is an artificial right hand, which he can

use for many purposes. He has full use of his left hand for writing. Kinney says. This man's previous employment includes one year as construction inspector; three years of work in a service station; five years of farming; more than two years as a truck dispatcher, and two and one-half years as an aircraft inspector. He has not been employed since the middle of the summer, according to the records.

The remaining handicapped man seeking employment through the TEC office does not have the ability to fully use his right arm which is partially stiff. This man has casual employment but is very anxious to find steady employment in which he can earn a living. Kinney says. This man has not had regular employment for about five years.

Kinney says he will be glad to discuss the qualifications and abilities of these men with any prospective employer, and he hopes that in observance of National Employ the Physically Handicapped Week which begins today and continues through Saturday that he will be able to place these six in suitable jobs and make the Big Spring observance of the program 100 per cent effective.

## Teen-Agers Speak At ABClub Lunch

Three teen-agers representing three of the Community Chest agencies, Boy Scouts, Girl Scouts and YMCA, spoke at the meeting of the ABClub Friday at noon at the Settles Hotel.

The young people were Harriet Fisher, who discussed "What Girl Scout Work Has Meant to Me"; Robert Angel, "What the YMCA Has Meant to Me"; and Don Anderson, "What Boy Scout Work Has Meant to Me."

Al Dillon, who had charge of the program, also introduced Jerry Lynn Girdner, a Girl Scout.

R. H. Weaver was appointed chairman of a committee to make arrangements for a golf match between members of the Club and the Lions.

# Sen. Sparkman Reveals Income For Eight Years

By JOHN CHADWICK  
WASHINGTON, Oct. 4 (AP)—Sen. J. Sparkman today made public income tax figures placing his gross income for the past eight years at \$89,497.71.

The Democratic vice presidential candidate went over his tax returns with newsmen at the Capitol. He read off figures from state and federal income tax returns for his six years 1944 through 1951.

All but around \$4,660 of the \$89,497 "gross" was accounted for by Sparkman's salary as a member of Congress. Other than salary, he reported rental income from a farm and a house in Alabama and dividends from mutual funds in which he has invested.

He has listed income of \$900 last year from lecture fees. He said he thought this included \$200 for a magazine article.

Sparkman's congressional salary for the eight-year period would add up to a total of \$82,500—\$10,000 a year for three years and \$12,500 a year for the past five years. In reporting his gross income, however, he listed his salary after deductions for office expenses.

Sparkman declined to make public the tax returns of his wife, who works in his office as a receptionist. He said that it is a "matter of principle" that she handles her own finances, and that he saw no need to "drag" her affairs into the matter.

In answer to a question, he said "I'll tell you positively that I've never transferred anything to my wife's name."

Capitol attaches said Mrs. Sparkman's salary as a receptionist was probably around \$6,500 a year. In addition she has an interest in a radio station at Albertville, Ala. The Montgomery Advertiser has said her dividends from this investment last year were reported to be \$6,501.

Sparkman disclosed his returns in answer to a challenge from Sen. Richard Nixon of California, the Republican vice presidential nominee.

It all started with the furore kicked up when Nixon acknowledged that friends of his in California had contributed \$18,235 to help him defray his expenses as a senator.

Nixon made a nation-wide broadcast to explain the controversy of principle. He declared Sparkman and Gov. Adlai Stevenson, the Democratic presidential nominee, should report publicly on their finances unless they had something to hide.

## POINT-BY-POINT REPLY

# Ike Answers Dem Criticisms On Matters Of Foreign Policy

By RELMAN MORIN  
ABOARD EISENHOWER SPECIAL, Oct. 4 (AP)—Gen. Dwight D. Eisenhower fired back an answer today to Democratic criticisms of his views on foreign policy, hurling a counter-claim that the Truman administration blundered seriously with respect to Korea, Formosa, and China.

His pronouncements were contained in a written statement issued to correspondents aboard his campaign train.

The statement appeared to be a point-by-point reply to the foreign policy speech delivered last week in Louisville, Ky., by Gov. Adlai Stevenson, the Democratic candidate for president.

Eisenhower also referred to declarations by Secretary of State Dean Acheson. In Louisville, Stevenson said that in November, 1945, Eisenhower told a congressional committee:

"Nothing guides Russian policy so much as a desire for friendship with the United States."

Eisenhower's statement did not reply directly to that reference, but it took issue with five other major points touched upon by Stevenson in the Kentucky address. They were:

1. The "defense perimeter" in the Pacific.  
Stevenson said: "The general fails to point out that this defense perimeter was a line developed by the military authorities themselves. It was on the recommendation of our military authorities that Korea, Formosa, and mainland areas were not included in a direct military commitment."

Eisenhower replied: "Every citizen knows that a military estimate requested of the Joint Chiefs of Staff must sternly confine itself to one question: the strategic defense-

bility of a given area in the event of a general war. . . . Anyone who cannot distinguish between a military assessment and a statesman's political decision needs a lot of education in the handling of the world's affairs."

2. The conquest of China by the Chinese Reds.  
Stevenson said: "He (Eisenhower) must know in his heart that in the past six years nothing except the sending of an American expeditionary force to China could have prevented ultimate Communist victory."

Eisenhower replied: "In those six years, our government extended 1 1/2 billion dollars in grants and credits to the Chinese Nationalist armies. A dismayed people has the right to ask if the saving of China that is now so gravely diminished as a dream as far back as 1946, how does the administration explain its living in that dream in 1947 and 1948."

3. The defense of Formosa.  
Stevenson said: "We have discouraged the Chinese Communists from striking at Formosa."  
Eisenhower replied: "Omitted is a mention of the State Department instruction at the end of 1949 which explicitly prepared our diplomats to accept the coming loss of Formosa. . . . The administration was completely ready to accept that loss until the rude facts of war in Korea made such acquiescence preposterous."

4. Halting Communist aggression generally.  
Stevenson said: "We have not merely said, we have proven, that communism can go no further unless it is willing to risk world war."  
Eisenhower replied: "This is merely whistling in the dark. . . . Soviet Russia has been blithely taking that risk for seven years now." He cited the Berlin blockade, the invasion of South Korea, and the entry of Red China into the Korean War as examples of major war risks taken by the Soviets. And he added: "Always, Soviet policy has been keyed to readiness to accept the calculated risk of world war."

5. Communist efforts to dominate the Far East.  
Stevenson said: "We have blocked the road to Communist domination of the Far East."  
Eisenhower replied: "Can an administration frankly confess that it could not prevent the loss of China—the whole heart of Asia—because of the inability to stop the 'blocked' Communists in Asia? What kind of reasoning is this that contends that if we greet every disaster with loud and giddy cheers, the noise will transform defeat into victory?"

Eisenhower's statement said he considered a "waste of time" to answer every charge and counter-charge by the administration on foreign issues. But he said his answer was framed because—

"I think it important that we all understand . . . the tricks being employed by the administration and the bizarre conclusions that these tricks are supposed to support."

### Newsboy Honored

"Carrier of the Year" among the Herald's group of Little Merchants is Benson Kennedy, who is shown above receiving a trophy from Herald Publisher R. W. Whipkey. The presentation was made at a Newspaper Boys' banquet Friday evening, when Herald carriers and their Dads were honored. Benson also received a \$25 U.S. Savings Bond. He rated as a top carrier through a point system, on which he was graded for good service to customers, sign-up of new subscribers, and regular attendance at carrier meetings. He is the son of Mr. and Mrs. Geo. B. Kennedy, 706 E. 14th. Benson's award was one of the highlights of the Newsboy program which also featured an inspirational talk by the Rev. Ronald Hubbard, pastor of the First Presbyterian Church of Snyder. About 80 attended the banquet.

## UN Regains Vital Position On 'Big Nori' Hill In Korea

By STAN CARTER  
SEOUL, Sunday, Oct. 5 (AP)—Allied ground troops fought back to the crest of battle-scarred "Big Nori" hill on the Korean Western Front Saturday, regaining a coveted position Greek troops yielded under Chinese counterattacks and accidental bombing by U. S. jets last Sunday.

The U. S. Eighth Army announced the height, eight miles northwest of Yonchon, was occupied by an Allied patrol temporarily Friday, but abandoned. It was recaptured after a third time Saturday after a bitter fight with small but die-hard Red defenders.

An Army spokesman said the United Nations Infantrymen still were on the hill late Saturday.

Another Red probing force, was beaten back west of Korangop, on the Western Front after a 45-minute fight.

In the air, U. S. Sabres tangled with 35 MIGs over Northwest Korea while slower fighter-bombers blasted a Communist military school, attacked a coal mine and front line positions.

The U. S. Fifth Air Force reported two Communist MIG jets were shot down and five more damaged in four separate duels with the deadly Sabres.

The dogfights raged as U. S. Thunderjets destroyed five buildings in a Red coal mine near the Chongchong River, northwest of Kunu, near the Manchurian frontier.

This brought the Fifth Air Force combat score for the first four days of October to six Red jets destroyed and 12 damaged. Two Allied planes, a Sabre and an Australian Meteor, were lost in combat in the week ended Oct. 3, but four other U. N. planes were downed behind Red lines due to other causes.

Richard Burk, Brady, brother of Don G. Burk of Big Spring, drowned in Buchanan Lake near Burnet Friday night.

He disappeared when he swam out toward a boat that was drifting on the lake. Search for his body was conducted Saturday without success.

Burk was on a fishing trip with two friends at the time of his death. Other details of the accident were not known here. Don Burk left for Brady Friday night after learning of his brother's death.

Richard Burk was a native of Rochele, McCulloch County, where his parents still reside.

## PRESIDENT

(Continued From Page 1)

worked so long, and so successfully to put into effect.

"But that is what the Republican candidate is doing.

"Now I am not going to let him get away with this. He played a great part in our foreign policy. As a general, during and after the war, he was involved in a great many of the decisions that have gone into our present programs for peace."

Truman went on:  
"I (Eisenhower) owe his popularity to the high positions he has held, and the good work he has done in them. I do not wish to detract from his achievements. But when he turns around and slanders our national effort as a procession of blunders and failures, then I am going to call him on it."

Truman cited a recent speech in which Eisenhower, talking about the Berlin blockade and the Korean War, decried what he called "the incompetence of political leadership . . . which made the military action necessary."

Eisenhower, the President said, "was personally involved in our decisions about Berlin and Korea—he knows what happened in those cases and so do I."

The President said Eisenhower: 1. Joined in recommending that United States troops be pulled out of Korea—a step the Republicans have assailed as leading to the Communist invasion of Korea.

2. Was responsible for the fact that the United States, after the surrender of Germany did not get from the Russians "a clear right-of-way" to Berlin. The lack of this access, Truman said, led to the crisis over the Berlin blockade.

Truman said Eisenhower an Army chief of staff, joined in the 1947 recommendation of the joint chiefs that the Soviet zone of Germany be divided into two strategic interest in maintaining our troops there, (in Korea), and that we could well use those troops elsewhere.

Truman said he personally agreed with that decision at the time but:

"It is wrong for the Republican candidate to attack that decision now, without telling the people that he was at least partly responsible for it."

In the case of Berlin, the President said, Eisenhower was even more deeply involved.

Truman said that in 1945 he himself proposed to Prime Minister Stalin that the United States have free access to Berlin at the same time American troops were withdrawn from the Soviet zone of Germany. The arrangements, he went on, were to be worked out by the military leaders in the field.

## Brother Of Local Man Is Drowned

He disappeared when he swam out toward a boat that was drifting on the lake. Search for his body was conducted Saturday without success.

# GOP's 'Truth Team' Answers President

SAN FRANCISCO, Oct. 4 (AP)—The Republican Party's senatorial "truth team" today vehemently attacked many of President Truman's current whistle-stop campaign speech statements as "wild distortions" and said he was "getting back to the lowest form of politics."

The three GOP senators—Homer Ferguson of Michigan, Bourke Hickenlooper of Iowa and Francis Case of South Dakota—frequently used the terms "big lie," "falseness" and "distortion" in referring to Truman statements during campaign stops in Montana, Washington and California.

"We are not calling the President a liar," Sen. Ferguson told a press conference. "The records themselves challenge him. People are astonished when they hear the President and then learn the facts later."

The "truth team" branded as "utterly false" Truman assertions that the Republicans would destroy the rural electrification administration; that the GOP was interfering with defense expansion and that the Taft-Hartley Act is a Republican creation.

Ferguson branded as "the lowest type of Pendergast ward politics" the President's assertion in San Francisco today that Sen. Richard Nixon, GOP vice presidential candidate, is "not worthy to lace the shoes" of California's Republican Gov. Earl Warren.

"I know Warren will go out whole heartedly for the Republican presidential ticket," said Ferguson.

## Bishop, 3 Priests Ordered To Death

VIENNA, Austria, Oct. 4 (AP)—A Bulgarian Communist court has sentenced a Roman Catholic bishop and three priests to be shot on charges of spying for the West, dispatches from Sofia said today.

Twenty other priests were reported convicted and sentenced to prison terms on similar charges of espionage and anti-state activities in this new crackdown on Roman Catholic leaders behind the Iron Curtain.

## 267 New Casualties

WASHINGTON, Oct. 4 (AP)—The Defense Department today identified 267 battle casualties in Korea. A new list (No. 663) including 24 killed, 230 wounded, three missing and 10 injured.

man is innocent until proved guilty. At Duluth he said: "When we go after Communists or corruption or anything else in our country we must do it in the American way."

"We respect every citizen in America. We respect his rights and privileges. We respect his equality before the law."

"If we do not do that, we endanger our own rights."

Eisenhower stressed as he did in Wisconsin Friday that Red influence must be expelled from government.

But he said he believes "there is ample power in the government and in our constitutional provisions to eliminate communism in government."

At the same time the general went on talking about waste in government—"in North Africa we got two armies for the price of what he called more integrity in Washington, and the means for insuring the peace."

Eisenhower drew crowds ranging from 3,000 to 4,000 in Duluth, St. Cloud and Brinkley.

## Decisions Of The Kremlin Due Rubber Stamping By Congress

By WILLIAM L. RYAN  
Associated Press Bureau, New York  
Moscow officially launches today a program which apparently aims at dovetailing the activities of all the world's Communists for a long and unbroken political and military war against the United States.

The Kremlin's gauleiter, from Soviet satellite countries and from other foreign Communist parties, are on hand to get their orders as the first all-Union Communist party Congress in 13 years is convened.

From the 16 republics of the U. S. S. R., more than 2,000 Communist delegates, big shots and small fry, are ready to rubber stamp decisions already tramped in the Kremlin. But is the fact the Congress is called in the first place—not the actions of any Communist delegates—which is important.

## THE WEEK

(Continued From Page 1)

agencies represented in the chest is now about half way. Efforts will need to be redoubled to push it down the home stretch this week.

The cattle market here last week sagged along with the rest of the country. However, cows and calves were much in demand and firm. With butcher stuff off a dime a pound in some instances, it is difficult indeed to understand why meat over the counter hasn't skidded too.

Last week the Business Men's Bible class had its first anniversary celebration. From a modest start, it is now a fairly stable and thriving organization. Men not attending Sunday School in their church or any church will be welcomed to this group which meets each Sunday at 9:30 a.m. in the Settles ballroom.

Pipe for minor extensions won't be any problem for the City of Big Spring for some time now. Last week delayed orders came through and the city had 10,000 feet of 2-in. and 3,000 of 3/4-in. galvanized pipe on hand.

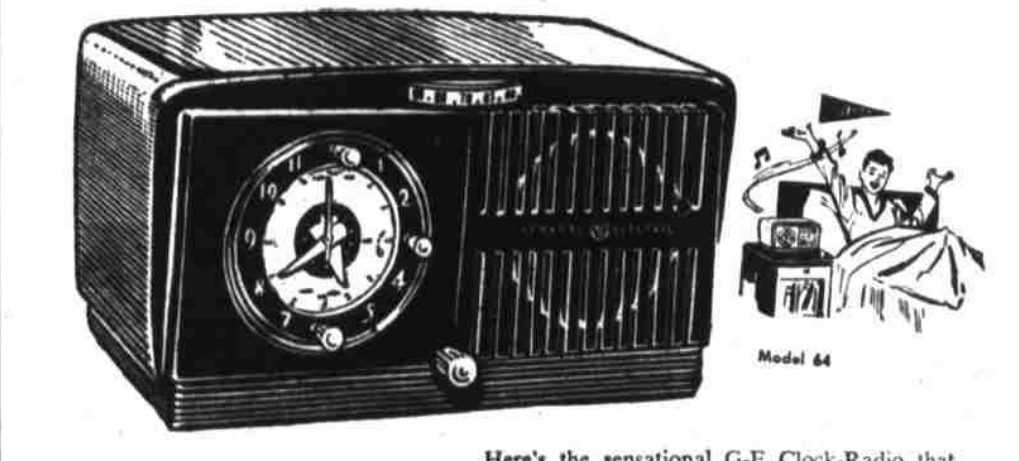

Several hundred people turned out Tuesday to take part in the program marking the issuance of the new revised standard version of the Bible. Widespread interest has attended this event, and sales have been brisk.

The new traffic light sequence gave promise of working out. Of course, the wait is twice as long, but after drivers become accustomed to the new pace, they may be able to fit into the double green interval much better.

Construction dropped off sharply in September for some unaccountable reason. The \$112,280 was the smallest of any month so far this year. The three-quarter total is \$4,600,000.

Nat Shick presented some models and some ideas on courthouse square landscaping to the commissioners court last week. The court indicated it would like to get the views of the people on this subject. Several organizations have adopted resolutions supporting a landscaping project rather than a parking zone.

### Nevada Judge Frees Binion On \$5,000 Bail

LAS VEGAS, Nev., Oct. 4 (AP)—Nevada Gambler Benny Binion was free on \$5,000 bail today after an income tax evasion indictment was returned against him yesterday in Dallas.

Federal Judge William H. Atwell in Dallas had requested that bond be set at \$10,000.

But Binion appeared before U. S. Commissioner A. G. Blad in Las Vegas, was arraigned and then released on \$5,000 bail.

"No federal judge in Dallas is going to tell me what to do or how to act," Blad said. "Binion is not going to run away. He has lived here for the past several years, has his family here and operates a business here."

Blad made the indictment returnable to Federal Judge Roger Foley's court in Carson City, Nev. Judge Foley will set a date for a hearing for entering plea.

Binion was indicted on two counts. One alleged that in 1948 he evaded \$12,711.95 in taxes and the other alleged that in the 1948 community property report made for his wife he evaded taxes in the amount of \$12,384.25.

Binion is wanted in Texas on a state gambling charge. Officers said that should the gambler be returned to Texas the federal charges would have priority.

### White Cane Drive Is Over Swiftly

The White Cane campaign, a fund raising venture scheduled for a full week here in behalf of the Cheerio Club for the blind, was all over by midafternoon Saturday, the first day of the drive.

Members of the Rainbow Girls started the sale of miniature canes in the Big Spring business district Saturday morning. Before 3 p. m. the supply had been exhausted and the campaign workers were "out of business." Earlier it had been planned to continue the sale for a week.

Funds derived from the campaign will be used to aid the blind.

STANTON—The October term of 118th District Court opens here Monday morning.

A grand jury is scheduled to report, while the court will begin hearing civil cases which have been set for next week.

## Athletic Insurance Is Being Broadened

Insurance, formerly provided only for those who carried the colors of Big Spring in interscholastic League contests, is being broadened in the school field here.

However, the extension is on a private basis and purely optional and voluntary with the patrons. Operating through a Denver, Colo., firm, elementary school children can obtain certain insurance protection against playground bodily injury for \$1 per year.

Last year the school board, after studying the proposal, sanctioned it on a voluntary basis. More than 1,300 youngsters were included in the program.

Initial reports this year show

1,092 have been included thus far. However, these returns do not include junior high school, which last week began its canvass of those desiring the group policy.

The insurance covers bodily injury while at school and also pays for injuries which might be sustained in going directly to and from school. One angle is that before deadline time comes, all pupils are covered whether they have actually signed. After deadline time, only those who have paid in participate.

Several collections were made under terms of the policy last year, although procedure difficulties created some problems. Certifications must be by both the teacher and physician.

The school bears the expense of insuring its athletes. So far this year 150 boys have been put under the program at \$3.75 each. The total outlay to date is \$562.50. Last year a total of about 175 were covered for \$599. Boys who came out for football but no other sport may be "dropped" after the football season and a lad who did not play football but who wants to come out for basketball or track can be substituted for \$1. Any net gain in athletes, however, takes the \$3.75 rate.

Hospitals here have co-operated closely with schools so that in most instances the claims have about met the actual expense to a boy or his parents. In some exceptional cases, where special or extended treatment was necessary, the expense was borne.

## Body Of Soldier Killed In Korea Due Here Today

Remains of Sgt. Kenneth Wiley Barnes, who was killed in action in Korea on July 31, 1952, were to arrive here this morning.

Sgt. Barnes was the son of Mr. and Mrs. Wylie Barnes, Forsan.

The body will be at Nalley Chapel until shortly before time for service at 3 p. m. Monday at the Trinity Baptist Church, where he was a member. The Rev. Jack Power, pastor, will officiate, assisted by the Rev. Marvin Clark, Brownwood, former pastor of the church. Interment will be in the Trinity Memorial Park with Battery B, 132nd Field Artillery of the National Guard in charge of grave-side rites.

Kenneth Barnes had been in the Armed Forces since December 1951. Near Kaydangdae, fragments from a mortar shell struck him and he was killed instantly. The Purple Heart was awarded to him posthumously.

Graduating from Forsan High School in 1949, Kenneth attended Howard County Junior College for two years. It was during that period that HCJC fielded a football team and Kenneth was one of the key players. In addition, he was active in many student affairs. Kenneth had been born Oct. 21, 1929 in Corsicana but most of his life he had lived at Forsan.

Besides his parents, he leaves a brother, Glen Barnes, also of Forsan. His maternal grandfather is W. J. McAdams, Celina; his maternal grandmother is Mrs. Belle McAdams, Big Spring; the paternal grandmother, Mrs. Ida Barnes, Blooming Grove.

Five uncles and aunts survive, including Mr. and Mrs. Tom McAdams, Big Spring, Mr. and Mrs.

Garner McAdams, Big Spring, The Rev. and Mrs. E. R. Gordon, Graham, Mr. and Mrs. L. E. Brown, Waco, Mr. and Mrs. Bud Owens, Corsicana. He also leaves two great uncles, Jim Bryant and Lee Bryant and 14 cousins.

Pallbearers for the service will be Gene Smith, Don Smith, Roy Lee Reeves, James Kinsey Jr., Bob Carlile, Wade Wilson, C. A. Tonn Jr. and Gene Huestis. All friends and buddies in the service will be considered honorary pallbearers.

## CITY OUGHT TO GET COWBOYS

Street Superintendent R. V. (Skeet) Foresyth is thinking about hiring some cowboys and fencing Washington Place.

Two more of the animals showed up to graze on Washington Place lawns Friday night. Foresyth's men were trying to catch them Saturday.

Street department workmen rounded up four horses Thursday and thought they had their grazing problems solved. But while the equine quartet munched hay in the city barn, the other two took their place on the lawns.

Foresyth also is ready to recommend stiffer pound fees to encourage horse owners to mend their fences.

## Tax Lines Are Heavy

Activity in the Courthouse was brisk Saturday as residents of Howard County formed lines to pay their taxes for the year. Mrs. Viola Robinson, deputy tax assessor-collector, reported \$999.87 was collected before closing at noon.

The Saturday collections brought the total up to \$11,102.30 received since Wednesday. Approximately 8,200 statements were mailed.

A total of 78 poll taxes and 65 exemptions had been issued through Saturday, Mrs. Robinson said. Friday had also been a heavy day with lines at each window.

People paying their current taxes in October will receive a 3 per cent discount, Mrs. Robinson said. Those paying in November will receive a 2 per cent discount, and those paying in December a 1 per cent discount. Deadline for payment is January 31.

## Military Training Before College Urged By Hershey

WASHINGTON, Oct. 4 (AP)—Major Gen. Lewis B. Hershey expressed the opinion today that eventually military training should precede college training for a majority of the nation's young men.

They expressed hope for the end of the college deferment program and said modifications for next year are certain. He made it clear at that time, however, that if the program is to be abandoned, he expects the abandonment to be gradual.

## Three Texas Solons Won't Talk For National Slate

WASHINGTON, Oct. 4 (AP)—Three Texas Democratic House members said today they have informed Speaker Rayburn (D-Tex) in reply to telegrams that they will be unable to make campaign speeches for the national Democratic ticket in Texas.

Rayburn he would see the speaker when he returned to Texas and expects to attend a meeting in Rayburn's honor at Dublin about Oct. 21.

## Dr. Dolley Quits Post At Texas U.

AUSTIN, Oct. 4 (AP)—Dr. James C. Dolley stepped out today as vice president of the University of Texas, effective Jan. 31.

Some other Texas congressmen in Washington said they had received a telegram from Rayburn but had interpreted it as an inquiry as to whether they would stick with the Democratic party.

## J. F. Smith Killed In Lubbock Mishap

LUBBOCK, Oct. 4 (AP)—J. F. Smith, 31, a colorful West Texan, was killed tonight when hit by a truck while crossing a street.

## One Play Provides Victory For Penn

PHILADELPHIA, Oct. 4 (AP)—Flashing one great scoring play out of an offensive expected to yield plenty of touchdowns, Pennsylvania's highly regarded football team had to settle today for a 7-0 win over Dartmouth before 35,000.

## JOURNALISTIC INTERNSHIP

# Students Get A Chance For Experience On Texas Papers

Editor's note: Who will write the news and edit the newspapers of tomorrow? National Newspaper Week is an appropriate occasion to give the Texas answer: the story of how Texas newspapers and colleges are working together to train tomorrow's newspaper men and women.

Like hospitals, Texas newspapers now have their interns, too. They wield pencils instead of scalpels but these aspiring journalists take their on-the-job training as seriously as the budding physicians.

## Cougars Edge Sooner Aggies

STILLWATER, Okla., Oct. 4 (AP)—An 11-yard touchdown run by Sam McWhirter with 3 1/2 minutes remaining put Houston ahead of the Oklahoma Aggies 10-7 today in a decisive Missouri Valley Conference football game.

## Freshman Leads Vandy To A Tie

EVANSTON, Ill., Oct. 4 (AP)—The arm, heart and feet of a hulking Vanderbilt freshman quarterback bewildered a big Northwestern defense today and forced the favored Big Ten Wildcats to settle for a 20-20 tie.

## Sooners Swat Pitt, 49-20

NORMAN, Okla., Oct. 4 (AP)—Oklahoma, plagued by fumbles in its opener a week ago, regained composure and a measure of its reputation today by walloping Pittsburgh, 49-20.

NEW ORLEANS, Oct. 4 (AP)—Tulane mixed a zooming air attack and dashing running game to outclass Santa Clara 35-0 in a football game here today.

## Missouri Bruises K-State By 26-0

MANHATTAN, Kas., Oct. 4 (AP)—Missouri tossed a mild surprise in the form of a bruising ground attack today to take a 26-0 Big Seven win from Kansas State.

## Jayhawks Outscore Colorado, 21-12

LAWRENCE, Kan., Oct. 4 (AP)—The Kansas Jayhawks, sparked by Charlie Hoag's three touchdowns and two great goal-line stands, moved into a commanding position in the Big Seven Conference today by outscoring Colorado Buffaloes today, 21-12.

summer-long stints on 20 newspapers over the state. Now they're back in classrooms, applying to academic study what they learned in police stations, cuspidor-dotted courtrooms and busy newspaper offices.

The original idea was to give youngsters practical experience and insure a supply of newspapermen and women better qualified to tell Mr. and Mrs. Texas newspaper reader what's going on in their town and state, says Ward C. Mayborn, publisher of the Sherman Daily Democrat and chairman of the TDNA Committee on Schools of Journalism.

Editors send grade sheets on interns to professors. This helps the schools bolster weak spots in their teaching.

## Dayton's Flyers Trim North Texas

DAYTON, O., Oct. 4 (AP)—The University of Dayton Flyers, despite nearly giving the game away several times by fumbling the snap managed to beat a huge, hard-charging North Texas State team 20-14 today before 6,300 fans.

## Middies Throttle Cornell By 31-7

ITHACA, N. Y., Oct. 4 (AP)—A powerful Navy attack, striking sharply through the air and on the ground, sank Cornell, 31-7, today.

Worth Star-Telegram. He wrote Professor C. E. Shuford of North Texas State College: "One thing which I have had impressed on me many times is that no story is trivial to the people it affects. The reporter who realizes this will give the finest personal the same painstaking care, relatively, as the lead story on page one."

The Sherman Democrat's 1952 intern was Miss Marie Jackson, Waxahachie, a Texas State College for Women advertising student. Mayborn said "She did an excellent job."

But the world is becoming more complicated all the time and editors are realizing it is essential that newsmen have a broad background in many other fields, such as history, economics and science which can be attained in college.

## do you look at things?

WHETHER YOU SEE EYE-TO-EYE with Adlai or Ike, one thing is certain: From now till November 4th, you'll want to know how they look at all the big issues...

Europe... Korea... taxes... controls... income... all the problems that reach into your daily life here in our town.

And to help you weigh each candidate day by day as each issue comes to light—you turn to your newspaper. Just as you've turned to it daily for dozens of other reasons since you first learned to read.

For the latest facts... for goings-on in our town, our state, our entire world... to see what's for fun and what's for sale. Not only what—but where and when and how much it costs. And in the newspaper we read all about it...

or only as much as we want. We read any time we choose—any place we choose.

That's why nearly everybody reads the newspaper nearly every day.

• That's why so many people who sell advertised products insist that they be advertised in newspapers.

Because in newspapers an advertising message has a chance to reach all people who can buy. Not just sports fans or quiz fans or music fans or comedy fans... but everybody.

That's why all advertisers—both "national" and retail—invest more money in newspapers than in any other form of advertising.

The newspaper is first with the most news... first with the most people... first with the most advertisers.

## Hi-Y And Tri-Hi-Y Groups Meet Here

Approximately 90 members of Hi-Y and Tri-Hi-Y clubs from five West Texas cities met at the Big Spring High School Saturday to swap ideas and plans for operations during the coming year. Cities represented were Abilene, Odessa, San Angelo, Lubbock and Big Spring.

The planning conference began at 10 a.m. Saturday and closed at 3:40 p.m. Seminar sessions, devotionals and reports took up most of the day. Speeches were made by Grover Good, general secretary of the Big Spring YMCA, and Col. Dan C. Pitt Jr., area secretary from Dallas.

Good told the club members that the proper use of personality was the way to make Hi-Y really click. Pitt told club members that the main purpose of the Hi-Y and Tri-Hi-Y is to boost Christian brotherhood.

In the seminar sessions, students discussed how to achieve their purpose. Points stressed were: (1) make the clubs part of school life by not being clammy, (2) cooperate with the churches, (3) hold worship services, (4) recognize and observe religious holidays, (5) maintain a service project of some type, (6) join in community enterprises, and (7) hold competitive events between different clubs.

Pitt announced that two Youth in Government meetings would be held in the near future—one at Lubbock on Oct. 25 and the other in Austin from Dec. 19-21. Another meeting was discussed for Abilene on Nov. 8.

Pitt announced that the West Texas conference would be held in Amarillo or Borger, so far as present plans are concerned. Other cities may bid for the conference, he said.

Don Williamson, second vice

president for the West Texas Hi-Y Council, presided at the Big Spring conference. He is from Abilene. The local meeting covered the southern half of the West Texas district.

## Reservists Due Information On Change In Law

AUSTIN—Letters notifying Army reserve warrant officers and officers of their eligibility for indefinite appointments under the new reserve law will begin going to Texas reservists this week, Col. M. E. Jones, Chief of the Texas Military District, announced Saturday.

In accordance with new legislation passed by the last session of Congress, all reserve officers will be given an opportunity to accept the indefinite commissions, Col. Jones stated.

Heretofore, Army reserve commissions were given for a five-year period. The new law does not affect reserve officers of the Navy, Marines or National Guard as their appointments were made for the indefinite period prior to the passage of this act.

Letters being mailed to the 17,000 Texas reserve officers will include a notification letter with a prepared indorsement for the reservist to indicate his preference; a letter of appointment in the grade and branch he now holds; an oath-of-office form and two physical condition forms.

Under the provisions of the new act, reserve officers have the option of accepting the new indefinite commission or of serving out the unexpired term of their present commissions.

It was emphasized by Col. Jones that the acceptance of the new indefinite commission does not in any way affect the present recall status of the individual reserve officer. Recall policies are spelled out in another section of the Reserve Act and are not affected by the fact that the officer holds an indefinite or term commission.

In the days before the white man came, Kentucky was known by the Indians as "The Dark and Bloody Ground" because of the wars between the Iroquois and Cherokees for its possession.

## Corporation Court Fines Total \$910

A 15-year-old local youth drew what probably will be a profitable "penalty" in Corporation Court Friday.

The boy, adjudged guilty of reckless driving charges, is required to attend Corporation Court sessions for the next three Saturdays.

The penalty was fixed by Corporation Judge William E. Greenlee, who found out the lad didn't have any money. The jurist apparently reasoned that first-hand observation of some of the city's traffic and other misdemeanor cases will do the youth more good than a fine.

The case of the reckless driver was one of 64 set down on the Corporation Court docket during the past week. Fines assessed during the period totaled \$910.50.

Eight defendants were transferred to other authorities. Their cases involved one charge of car theft, four charges of driving while intoxicated, one of attempted murder, and two charges of robbery by assault.

Twenty-two persons were fined a total of \$332 as a result of drunkenness charges. Five forfeited bonds amounting to \$95 on failure to appear in answer to intoxication charges.

Three were fined an aggregate of \$61 as a result of disturbance, three were fined \$30 for vagrancy, and two other persons were fined \$70 on reckless driving convictions.

Nine fines were levied for \$141 for speeding and four were assessed for a total of \$87.50 for driving without license. One driver, charged with speeding, driving without license and creating excessive noise, forfeited a deposit of \$75 when he refused to appear in court.

Three fines for a total of \$9 were levied against motorists who made prohibited left turns, and a \$10 fine was assessed for violation of a stop sign.

## Drought Effect On Wetbacks Noticed

Effect of this year's drought has extended to "wetback" traffic into this section of the state, local Border Patrol inspectors report.

Little increase in the number of Mexican aliens in this area has been noted, the inspectors say. Ordinarily with cotton crops to be harvested, influx of illegal immigrants would be on the increase.

Four Border Patrolmen operating throughout an area of several counties around Big Spring are rounding up and deporting about 40 aliens per month. That's about the same rate deportations have been made since the Patrol started operating here last spring.

## Dairymen To Vote Friday On Milk Marketing Order

At last the dairymen of this 26-county area are going to be given an opportunity to vote on whether or not they want a federal milk marketing order.

Following months of negotiations, which included a hearing at Abilene, the referendum has been set for next Friday. If two-thirds of the milk producers who vote voice their approval of the order it is expected to go into effect Nov. 1.

R. P. Mayfield, who has farming interests in both Howard and Dawson Counties is president of the Tri-County Producers Association, membership of which is composed of most of the producers in the five counties of Howard, Dawson, Ector, Martin and Midland. Mayfield is also a director of the 26-county Central West Texas Milk Producers Association. After attending a meeting of CWTMPA at Abilene Friday, he said the members of this larger area organization, and the members of the area have all adopted resolutions authorizing J. K. Webb of Miles, manager of the 26-county group to vote them as a bloc in the referendum Friday.

There are some producers, Mayfield explains, who are not members of either of the associations and these men are also entitled to a vote, he said. Since they cannot vote through one of the associations they will be given an opportunity to express their approval or disapproval of the order by voting at certain designated county offices of the Production and Marketing Administration. For this

purpose, there will be a lot of us who will have to go out of business. In view of the drought and feed situation we can't stay in if we're going to have to run the risk of taking whatever the creameries want to pay."

This dairyman pointed out that the market for milk from the farms is a very limited one. "There are just a few places where we can sell," he explained, "and if those few places get together and decide what they are going to pay, and how much milk they are going to buy, and what grade they are going to give it, we're going to have to get out of the business."

Mayfield and the other dairymen also point out that if this order is put into effect the producers will have access to the records showing how their milk is graded, and they will also be informed as to how the milk they produce is being used,

whether as liquid milk or in manufacturing of food products. "Without this order," Mayfield says, "the creameries grade our milk and we have to take their word for whatever grade they put on it. Likewise, they can tell us there is a surplus and cut the price being paid us. In either event there is nothing we can do about it. But if we get this order they are going to have to open up their books to us and to a government representative and then we will know for sure just what the situation is."

Mayfield said he hopes as many dairymen as possible will attend the Tuesday morning meeting at the Settles Hotel.

A meeting of Howard County dairymen and those from surrounding territory has been scheduled to be held at the Settles Hotel (Room 3) at 10:30 a.m. Tuesday, at which time the operation of the order will be described and explained with a film.

Processors here are now paying \$7.21 and \$7.22 per 100 pounds for grade A milk testing four per cent butterfat, Mayfield says. Under the order, if it is authorized, the creameries will be required to pay \$7.87 in this area.

A number of West Texas producers have been quoted as saying for several months that because of the drought and consequent lack of grass, and the high price of feed, that they have been doing no more than barely holding on in the hope that the proposed order will be approved and put into effect.

"Unless we get this order," one Howard County producer said recently, "there will be a lot of us

ducers in these distant states." In describing the limited market available to the West Texas dairyman they call attention to the fact that health laws and regulations require that milk must be pasteurized when sold for human consumption. Therefore they can sell only to processing plants that pasteurize milk. "We really don't have the advantage of an open market," they comment.

# Yanks Pull Abreast Of Bums As Reynolds Triumphs, 2-0

## Rookie Black Absorbs Loss

**By JACK HAND**  
NEW YORK, Oct. 4 (AP)—Once again John Mize came back to haunt the National League with a crushing home run today as Allie Reynolds rapped a four-hit shutout down Brooklyn.

**EWELL BLACKWELL**  
... Surprise Choice

Mize, nearing his 40th birthday in the gloaming of a glamorous career, jerked the 71.787 Yankee Stadium mob to its feet with a towering blast into the lower right field seats in the fourth inning.

Bouncing back from his opening day loss to rookie Joe Black, Reynolds fired hissing fast ball noids fired hissing fast ball noids and dancing curve past the bewildered Dodgers to claim 10 strikeouts, only three short of Howard Ehmke's single record in 1929.

With this tremendous pitching job, Reynolds earned his fifth World Series triumph, more than any active major leaguer. All Dodger hits were singles and never did more than one come in the same inning.

Cutting through the heart of the Brooklyn batting order with the skill and cunning of a proven ace, the 34-year-old Reynolds fanned Jackie Robinson three times and Roy Campanella and Andy Pafko twice each.

Reynolds added Billy Cox, pinch-hitter Rocky Nelson and Black, his pitching rival, to the strikeout list. From the very first inning he pulled himself out of trouble by Robinson and whiffing Campanella, Reynolds was superb. In fact he started the game by whiffing Cox but Peeewe Reese's single and Billy Martin's wild throw put him in a jam. He didn't need any help to get out.

Great as was Reynolds' strong-hearted pitching job, that man Mize captured the hearts of the crowd this crisp, sunny afternoon.

Manager Casey Stengel dragged Mize off the bench to deliver a pinch homer yesterday in a lost cause. So today he benched Joe Collins, who had gone hitless in 11 attempts and started the hulking tobacco-chawan 'vet.'

With Reynolds and Black knotted in another terrific struggle, Mize came up to bat as lead-off man in the fourth. With the count one ball and two strikes, he stroked one some 10 or 15 rods back in the lower right stands.

foot poke was caught by the agile Snider.  
Reese, on a hitting rampage in this series, plunked a single to left center with one out in the first inning, after Reynolds had fanned Cox.  
On Snider's sharp double play rap toward second, Billy Martin appeared to catch his spikes in the dirt. He stumbled, grabbed the ball and tried an underhand peg to Phil Rizzuto. The throw sailed over little Phil's head into short left for an error that put men on first and third with only one out.

Then Reynolds really poured it on. Mixing his streaking fast ball with a swerving curve, the Chief caught Robinson watching a third strike. Campanella went down with a mighty swing to snuff out this early threat.

**Bison Victory Proves Costly**  
FORSAN—Forsan continued as a threat for the District Eight six-man football title with a 20-7 victory over the Sterling City Eagles here Friday night.

The triumph proved costly to the Buffs, however. Jerry Fowler, star back, suffered a possible fracture of his elbow and other bruises and may be lost to the Forsan club for the season.  
Fowler scored two touchdowns for Forsan in the first quarter, the first on a 20-yard run and the second on a 50-yard scamper.

David Wise of Forsan was also injured. He reportedly had a slight concussion.  
Hicks counted a TD for Forsan in the third on a 60-yard end sweep. He also scored two extra points.  
E. Blair counted Sterling's lone six-pointer while Bob Blair a-c counted for the point.

**Maryland Lashes Clemson, 28-0**  
COLLEGE PARK, Md., Oct. 4 (AP)—Quarterback Jack Scarbath's passing and running ripped the scoring bonds off undefeated Maryland in a four-touchdown burst and then the Terrapins retired into their shell for the last quarter of the game in trouncing Clemson 28 to 0.

Scarbath put on a glittering blaze on his All-America outlook as the Terrapins rang up their third straight triumph of the season and 15th in a row.

**FIVE BOYS SCORE**  
COAHOMA — Five different players had a hand in the scoring as the Coahoma Bulldogs rapped the Bronte Longhorns, 35-6, in a District 5-B football game here Friday night.

## Blackwell Will Twirl Game Today For New York Yanks

**NEW YORK, Oct. 4 (AP)—**Manager Casey Stengel, jubilant over the way his Yankees snapped back to even the World Series today, switched his strategy and decided to send Ewell Blackwell, former National League pitcher, over to the mound tomorrow.

"Before the 2-0 victory over the Dodgers, he said it would be Vic Raschi, winner of the second game."  
"Now, I have Raschi for the next day," said Stengel. "He will be better with more rest."  
The two big Yankee heroes, John Mize and Allie Reynolds, took their congratulations modestly in the Yankee dressing room. Stengel was warm in praise for both.

"Wasn't Allie wonderful?" Stengel beamed. "And Mize. The big boy is tough."  
If the series goes to seven games, can Reynolds pitch again?  
"I'm not talking about seven games," said Stengel. "I guess I can always pitch," said Reynolds.  
**NEW YORK, Oct. 4 (AP)—**The Dodgers were fairly well subdued after looking at Allie Reynolds' fast ball for nine innings today. But they refused to concede that the Yankees now hold the upper hand in the World Series.

"It just means we're now starting all over," Manager Charlie Dressen commented. "And I don't think we'll see any more Yankee pitching like we saw today."  
"If it goes seven games, they'll see Joe Black again. He wasn't at all tired when I took him out. In fact, he didn't want to go out," in from the Yankee dressing room that Casey Stengel had decided to pitch Ewell Blackwell in tomorrow's fifth game instead of Vic Raschi.  
"I remember well the last time we saw him," Charlie grinned. "He started that game in which we scored 15 runs in the first inning against Cincinnati."

**SOPHOMORE STARS**  
**Baylor Races Past Washington State**  
**By HAROLD V. RATLIFF**  
WACO, Oct. 4 (AP)—L. G. Dupre, a driving, crashing sophomore, and two of the Jones boys—Allen and Glenn—pooled their talents today to bring Baylor a smashing 31-7 victory over Washington State.

Allen Jones scored the first Baylor touchdown. Glenn intercepted a pass to set up the second and Dupre rapped across the Cougar goal line three times as the Bears won their second straight game.  
Washington State fought back hotly for a half and the score was 12-7 at intermission. A combination of Baylor aggressiveness and a blistering Texas sun sapped the Cougars and they were only hanging on at the finish.  
The Cougars made the first threat rambling to the Baylor 13 early in the first period only to lose the ball on a fumble. Baylor got to the Washington State 14 before bogging down. The next time Baylor got the ball it rolled to a touchdown.

It was a 76-yard surge with Allen Jones the keyman, but with a 23-yard dash by Dupre setting the ball deep in Cougar territory.  
Baylor scored again with alarming suddenness. Glenn Jones intercepted a pass from Bob Burkhardt and scattered to the Washington State 45. Dupre picked up four and Allen Jones sped to the Washington State two. Don Carpenter plowed across.

A fumble set up the Washington State touchdown late in the second period. Baylor had been set back to its five-yard line by a holding penalty. Allen Jones crashed into the line but dropped the ball and Gregg Ribary, Cougar wingman, fell on it. Big Jim Head leaped left tackle for the touchdown.  
But the second half belonged to the irrepressible Dupre. Midway of the third period Duke Washington, Washington State's Negro full-back who was the hardest runner for the Cougars today, fumbled on the Baylor 34 and Johnny Davis recovered. Jerry Cody ran to the Washington State 36. Cotton Davidson screen-passed to Dupre on the Baylor 35 and he ran to the Washington State 14. Allen Jones ground out three yards then Dupre drove over for the score.

The next Baylor touchdown came on a 48-yard drive, with Dupre going across from the 11.  
The final Bear touchdown was set up by a pass interception. Wayne Culvahouse gathered in a Burkhardt throw and ran to the Cougar 34. A clipping penalty set Baylor back but interference was called on a pass on the Washington State five. Dupre swept over left guard for the score.  
A crowd of 17,000 saw the game. Washington State 0 7 0 0-7  
Baylor 10 12 7 12-31  
Washington State scoring: Touchdown, Head; conversion, Barker.

**Gobblers Retain Edge In League**  
The Pilot Training Group Gobblers protected their lead in the Airman's Bowling League here the past week by winning over Wing Headquarters, 4-0.  
In other matches, Pilot Training Group's Try-Hards nudged the Air Police by a 3-1 count, Pilot Training Group's Pussy Cats prevailed by a similar score over 3561st Maintenance and 3560th Supply fought to a 2-2 deadlock with Pilot Training Group's Stogies.  
D. E. Davidson of the Maintenance Group posted 193-533 for individual high score.  
The Gobblers now have a 14-6 win-loss record, followed by Supply with 12-8, the Pussy Cats, Try-Hards and Maintenance, each with an 11-9 mark, Wing Headquarters with 10-10, Stogies with 9-11 and Air Police with 2-18.

# Trojan Ground Attack Sinks Cadets, 22-0

**LOS ANGELES, Oct. 4 (AP)—**A spirited but outmanned Army team held Southern California to a two-point halftime margin today but surrendered before a crushing ground attack and miscues in the final stages to give the Trojans a 22-0 victory.  
A blocked kick that bounded out of the end zone gave USC an automatic safety, and an Army fumble on its own seven donated the Trojans a touchdown—more than enough for the once mighty warrior horse to subdue the stubborn mule from West Point.

Marching to their third win of the new season and No. 2 in a row over Army, the heavily-gunned Trojans managed to travel 45 yards in 11 plays for their second touchdown. The final score came through the air. The last two tallies came in the fourth quarter.  
Scoring hero was tailback Jimmy Sears. He passed for two touchdowns. A 11-yard throw to left end Ron Miller, a seven-yarder to Alamos Dahoy—and sliced two yards on a rushing play for the other counter.

A crowd of 48,433 saw the Army team in its first appearance here.

## Wisconsin Raps Illini, 20-6

**MADISON, Wis., Oct. 4 (AP)—**Wisconsin's Rose Bowl-minded Badgers struck with terrific power, generated by an atomic backfield, to crush 20-6, favored Illinois, defending Big Ten champion and No. 2 team in the nation.  
Rookie Quarterback Jim Haluska passed to one touchdown and directed slashing Fullback Alan Ameche and fleet Halfback Harland Carl to two others in a complete humiliation of the Illini before a record 52,071 crowd.

Ranked eighth in the Associated Press poll, Wisconsin unleashed one of the greatest demonstrations of slam-bang football seen here in years.  
Coach Jim Phelan of the Texans has juggled his lineups aimed at coping with the all-around offensive power of the 49'ers, with Sherwin Gander, rookie picked up from Detroit, and Hamp Tanner, huge tackle acquired from the 49'ers due to be in the defensive array.  
Dan Edwards, offensive wingman, is out of action with a knee injury and for the second straight week the Texans won't have the services of Don Colo, ace defensive tackle.

A crowd of 15,000 to 20,000 is expected.  
Probable lineups (kickoff 2:30 p. m.):  
San Francisco: Soltan, LG, Humber, Johnson, C, Ecklund, Banducci, RG, Wozniak, Nomellini, RT, Jackson, Wilson, RE, Felber, Boone, QB, Celeri, McElhenny, LH, Tallaferro, Perry, FB, Hoerner

**Volunteers Are Beaten, 7 To 0**  
DURHAM, N. C., Oct. 4 (AP)—Duke, holding Tennessee to two first downs and 25 yards gained rushing, uncorked a vicious ground game today to defeat the Vols, 7-0 before a crowd of 35,000.  
The Blue Devils ground game was powered by Fullback Jack Kistler and Halfbacks Lloyd Caudie and Red Smith. For about three-fourths of the game the Blue Devils, tenth ranked in the nation in The Associated Press poll, controlled the ball.

Eleventh ranked Tennessee was without the services of Fullback Andy Koser for two and one-half periods. He and Duke Tackle Ed Meadows were tossed out of the game in the second period for unnecessary roughness.

**Boros Tops Golf's Money Winners**  
CHICAGO, Oct. 4 (AP)—With only one official event remaining, the Miami Open, on the PGA 1952 tournament tour, Julius Boros has clinched the year's money-winning title with \$37,032.97.  
Cary Middlecoff is assured the runner-up spot with \$30,844.98 but third place is up for grabs between Sam Snead and Jack Burke, Jr., leads Hurston by a little more than \$900.  
The Miami Open finish also will decide the Vardon Trophy winner. Ted Kroll and Burke are each a fraction of a stroke in averages apart.

# DIVISION BAPTISM San Francisco 49ers Are Favored In Dallas Game

**DALLAS, Oct. 4 (AP)—**The San Francisco 49'ers baptize Dallas' Texans into the National Conference of the National Football League here tomorrow and the immersion is expected to be quite complete.  
The Texans, making their start in their own division of the professional circuit, meet the very team that's favored to win it.

Dallas played its first game last Sunday, clashing with the New York Giants of the American Conference, also a favored team. The Giants won 24-6. This game counted in the championship race although it was against a team of another division.  
The last time San Francisco failed to win a game was in New York last year and the New York Yanks, predecessors of the Texans, held the 49'ers to a 10-10 tie to knock them out of a tie for the conference title.

The 49'ers will present one of the finest one-two punches at quarterback in the league with the left-handed magician, Frankie Albert, splitting time with Y. A. Tittle. Joe Perry, 210-pound speedster, is regarded as one of the best full-backs in the league. He teams with J. R. Boone and Hugh McElhenny to present one of the finest sets of running backs in the pro circuit.

The Texans showed a top offense in their game with the Giants but couldn't take care of the passing of Charley Conerly and the running of Eddie Price. They'll be facing more such throwing in the game with the 49'ers.  
Coach Jim Phelan of the Texans has juggled his lineups aimed at coping with the all-around offensive power of the 49'ers, with Sherwin Gander, rookie picked up from Detroit, and Hamp Tanner, huge tackle acquired from the 49'ers due to be in the defensive array.

**Plainview Loses To Amarilloans**  
AMARILLO—The Amarillo Sandies defeated a hapless Plainview Bulldog eleven, 44-6, here Friday night.  
The Sandies led, 23-6, at half time.  
Plainview scored its touchdown following a break. A bad snapback from center on fourth down gave Plainview possession on the Amarillo 27.  
Lonnie Holland then passed to Lester Ramsey for the score.

**Young Amateur Links Team To Face Pros October 8**  
DALLAS, Oct. 4 (AP)—The youngest amateur team in the history of the Texas Cup matches—11 averages 23 years—was announced today. But while it's youthful it has more ability than any cup team ever selected before, veteran golfers say.  
The squad of 16 will meet the Texas professionals here Oct. 18 and 19. It will be the nineteenth time for the amateurs and pros to clash.  
The pros will be determined in the Texas PGA Tournament next week in Galveston.  
Selected on the amateur team were: Billy Erfarth, Wesley Ellis, Joe Conrad and Stan Mosel of San Antonio; Don Addison, Don January, L. M. Cranell Jr. and Buster Reed of Dallas; Ernie Vossler and Richard Patton of Fort Worth; Billy Maxwell, Odessa; Everett Vinzan, Wichita Falls; Edwin Hopkins and Lee Pinkston, Abilene; Raleigh Selby, New London, and Bob Moncrief, Houston.

The professionals will take their 12 low men in the Texas PGA tournament and have the privilege of inviting four to round out a squad of 16. This means the pros can have such players as Jack Burke, Henry Ransom, Ben Hogan and Jimmie Demaret if those men can come here to play. Byron Nelson already has been named on the pro squad.  
The amateurs represent most any variety of titles. Maxwell was national champion in 1951; Cranell was Trans-Mississippi champion the same year; Erfarth is Texas amateur champion with Moncrief runner-up, and the entire North Texas State College team that won the national collegiate championship is in the squad. They are Maxwell, Conrad, Mosel, January and Reed.

**Lewis Will Name Game Captains**  
Billy Johnson and Alfred Diaz served as co-captains of the Big Spring Junior High School B football team in the game with Coahoma the past week.  
Coach Dan Lewis said he planned to appoint game captains rather than season leaders.

## Two District 3A-1 Elevens Face Toughies This Week

The outlook improved little for District 1-AAA football teams in the light of last week end's games but Sweetwater became a more established favorite to win championship honors by scoring a 44-6 victory over San Angelo.

The Mustangs have now won two out of four starts. They beat Levelland while losing to 4A-1 Odessa and Amarillo.  
Sweetwater was the only 1-AAA team to win. Vernon was upset of AA Quannah, 14-7, while Plainview was trounced by Amarillo, 4-6.

The other three teams in the league—Big Spring, Lamesa and Snyder—had off weeks.  
Two District clubs face tough games next week end. Vernon goes to Childress and should win that one. Childress lost a 39-0 verdict to Phillips, an AA power, last week end.  
Snyder appears capable of measuring Bowls of El Paso. The teams meet in Snyder.  
Big Spring invades Brownwood and will be the decided underdog in that one. Lamesa takes on double tough Amom Carter-Riverside of Fort Worth in Lamesa.

Conference play does not get underway until Oct. 21. The district record to date:

Big Spring  
Brownsville 23  
San Angelo 6  
Carter-Riverside 29

**Knott Batters Gail, 71 To 0**  
GAIL—Knott pulverized Gail, 71-0, in a District Seven six-man football game here Friday afternoon, despite the fact that Coach Bill Bolin used every available player.  
Phillip Stovall started the Knott scoring avalanche with a 70-yard sprint on the opening kickoff. Stovall converted on a kick from placement to make it 8-0.  
After that, the Billies scored almost every time they got their hands on the ball.  
Tiny Bayers scored seven yards for the second Knott TD. Stovall accounted for the third by whipping around left end, then converted to make it 20-0.  
In the second period, Bayers dashed 30 yards across the double stripes and Stovall passed to David Airhart for the point.  
Shortly thereafter, Jerry Roman galloped 35 yards to pay dirt to make it 35-0 at half time.  
Early in the third, Stovall passed to Airhart for a score. The play covered 70 yards. Stovall a gain made good on the point try.  
A few plays later, Toby Medcalf made his first touchdown of the year on a two-yard jaunt to run the count to 49-0.  
Airhart then picked up a Gail fumble and hurried 30 yards to another Knott score. Stovall converted to push the tally to 57-0.  
In the final period, Bayers romped 20 yards across the double stripes and Stovall again converted. Stovall later passed to R. Shaw into the end zones for another Knott score.  
Bayers, Stovall and Airhart were outstanding on offense for Knott, along with Roman.

On defense Doyle Conway, Richard Parker, Medcalf, Truman Tate and others stood out. Freshmen like D. Shaw, R. Shaw, F. Shaw, Danny Roman and John Shanks saw lots of action and showed to advantage.  
B. Reeder and S. Smith were Gail's outstanding players.  
Knott piled up 257 yards rushing to 25 for Gail, 78 passing to 12 for the losers on five completions compared to three for Gail.  
Knott made 13 first downs, the opposition none. Gail punted nine times for a 17-yard average. Knott did not have to punt. Knott kicked four times and recovered twice. Gail five times and recovered twice.

**Buffaloes Nose Out Crosbyton**  
STANTON—The Stanton Buffaloes won their third game in four football starts by nosing out Crosbyton, 13-7, here Friday night.  
Scooter Polk legged it into the end zones for Stanton with what proved to be the winning run. The play, which occurred in the fourth period, started from the Crosbyton four-yard line.  
Polk also scored the initial Stanton TD, that one coming in the first period.  
Crosbyton grabbed the lead in the third when Julian Ogle went over on a pass from J. V. Harsins. Fred Edwards, called into the backfield from the line, boomed across with all his 297 pounds for the extra point.  
Eldon Hopkins scored the extra point for Stanton following Polk's second touch.  
The game was played on a wet field. The turf had been watered down before game time.

**Dibrell's Adds To League Lead**  
Dibrell's Sporting Goods moved further out in front in the Women's Bowling League race by defeating the second-place club, 2-1, here the past week.  
City Plumbing upended Cecil's Package Store by the same margin in the other match.  
Dibrell's led the scoring thrush with 729-2056. City Plumbing tied Dibrell's for game high with 709. Cecil's Package had second high aggregate with 693.  
Mary Ruth Robertson of Dibrell's had 212-501 for individual high. Jessie Pearl Watson, Seven-Ups, had second high single with 173. Jamie Barnett of Cecil's posted second high aggregate with 451.  
Dibrell's now has won eight and lost four games. Seven-Ups have a 7-5 mark. City Plumbing 6-6 and Cecil's 3-9.

**Christoval Wins**  
BLACKWELL—Christoval won a District 8 six-man football game from Blackwell here Friday, 54-32.  
The triumph left Christoval with an unblemished record.

## Drilling Still Up In Basin

Another slight increase in rotary drilling activity was recorded September 25 by the semi-monthly Reed Rebar Bit Company survey of drilling in the Permian Basin of West Texas and New Mexico.

The two-week period from September 10 showed an increase of two from 494 in the area covered by the survey.

One year ago there were 678 rigs operating in the same area.

Lea County, N. M. continued to lead all other counties with a total of 116 rigs going. The same county had 109 on the previous count.

Following Lea County was Reagan and Upton, with 39 and 38 respectively.

Midland County showed a loss from 22 on September 10 to 15 September 25.

Andrews County was about normal, though a two-rig loss was recorded in that area bringing the total down to 30.

Other counties and the last two counts are:

Comparative figures for Sept. 25 with the Sept. 10 total in parentheses follow:

Andrews 30 (32), Borden 7 (8), Cochran 19 (18), Coke 17 (19), Crane 6 (8), Ector 21 (22), Glasscock 6 (7), Howard 5 (9), Kent 9 (7), Martin 2 (2), Midland 15 (12), Reagan 39 (34), Schleicher 10 (10), Scurry 16 (17), Terry 6 (8), Tom Green 3 (2), Upton 38 (47), Ward 6 (12), Yoakum 19 (16), Lea, N. M. 116 (109).

The Spraberry Trend showed 63 rigs drilling as compared with 83 the previous report.

## Test Coring In Mitchell

Armer & Leonard No. 1 E. E. Erwin, 440 from the south and west lines of the northwest quarter of section 3-25, H&TC, was preparing to core at 2,874 in lime.

The section above that level had slight oil shows in drilling samples. This venture is hunting the Corneal-2900 pay.

Cosden No. 1 Kincad, C SW SW 60-20, LaVaca, was drilling at 4,145. It had a fishing job and then lost circulation at 4,140.

Cosden No. 1 Stubblefield, C NE NE 96-26, T&P, was setting the 8 1/2-in string somewhere around 2,000 feet Saturday.

## WEEK'S REVIEW

### Deep Discoveries Abound In Section

**By JAMES CARLL**  
SAN ANGELO, Oct. 4.—Five West Texas counties shared in important oil discoveries and field extensions during the past week.

Runnels County topped the list with two discovery completions.

The first completion in this county was Rowan Drilling Co., Inc., Fort Worth, No. 1 C. H. Ashton, Cado lime discovery, located 13 miles southwest of Winters.

The strike was completed for a 24-hour flowing potential of 122 barrels of 38.4 gravity oil, no water, with gas-oil ratio of 525-1.

Production after 6,000 gallons acid was through a 16-64-inch tubing choke and perforations between 4,524-45 feet in 5 1/2-inch casing cemented at 4,621 feet on total depth of 4,810 feet. Elevation is 1,744 feet, (DF) and top of pay 4,524 feet. Location is 2,150 feet from south and 1,320 feet from east lines of section 41, H&GN survey.

The second Runnels strike completion was Mar-Tex Realization Corp. of Dallas and W. Edward Lee of San Angelo No. 1 E. E. Bryan.

The well was completed for a 24-hour flowing potential of 232 barrels of 46.5 gravity oil, no water, with gas-oil ratio of 460-1. Tubing pressure was 225 pounds, with packer on casing. Completion was natural from 4,421, top of pay, to 4,427. Elevation is 1,879. Location is 1,869 feet from north and 845 feet from west lines of Wm. H. Smith survey 599, 2 1/2 miles north-northeast of Norton and 5 1/2 miles southwest of the Poe (Goens and Canyon) field.

An Ellenburger discovery was completed in southeastern Andrews County. It was the Anderson-Prichard Oil Corp. No. 1-24 Faskan, completed for a daily flowing potential of 274.89 barrels of 49.9 gravity oil, no water, with gas-oil ratio of 569-1.

Production was through a 24-64-inch tubing choke and perforations between 12,672-502 feet in the Ellenburger, topped at 12,645 feet on elevation of 3,057 feet.

Location is in section 24-12-16, G&NMB&A, 15 miles southeast of Andrews.

Shell Oil Co. No. 1-A-1 University, south-central Andrews County wildcat, apparently has found a second pay section.

After having recovered oil on a drillstem test in the Wichita-Albany, the prospector drilled to 8,312 feet in a lower Permian formation, possibly Wolfcamp, and recovered 6,677 feet of clean oil and 210 feet of mud-cut oil, no water on a two-hour drillstem test between 8,282-8,312 feet. Gas surfaced in six minutes. Open flowing bottomhole pressure was 500-1,200 pounds; shutin pressure, time unreported, 2,975 pounds. Location is in section 19-A-University.

Fulton Lewis Jr., commentator, will broadcast his program from Odessa at 6 p.m. Oct. 15 and then will speak at a stage dinner.

## EYES AND EARS OF OIL

### Modern Oil Scout Profession Has Undergone Great Change

**By FRANK CORTESE**  
(Houston Chronicle Staff)  
Written for The Associated Press

HOUSTON, Oct. 4 (AP)—The modern day oil scouting profession has gone to college.

Gone is the old-time oil scout who used to be "a fast dealer with under his arm and a talking interest in three wells."

In his stead stands a combination diplomat, businessman and psychologist—the college graduate who has taken over in a game that has lost its glamorous flavor and settled down to more-or-less a routine.

It used to be that oil scouts had

to ride horseback to that "tight" well, steal core samples, electric logs, or even resort to bribery to get needed information. "It used to be a pretty rugged life," says Bill Brown, a former oil scout for Shell Oil Company and now a landman for Shell.

Today, the scout's main source of information is the "scout check," where once a day, the scouts for the various oil companies get together and exchange information on various counties in their division.

They spend two days in the field digging for information, then go to scout check, and the final day of the week they spend in the office spotting new wells and writing up information on both wells and leases. That goes on week after week.

But while the oil scout's job has lost its glamor, the scout is still "the eyes and ears of the oil industry."

Like any good detective he tracks down all clues, rumors, new wells. He's the guy that has to know everything about the oil game outside of marketing and refining—a guy who this super-snooper sleuth of oil leases, land developments and well information.

There aren't any soft touches in this league. The oil scout, on occasion, really scratches for information about wildcats, lease buying and buyers, finding out about core samples and 1001 items that his company wants to know about.

Howard-Glasscock Gets Two Locations

A pair of locations have been staked by Sunray Oil Corporation in the Howard-Glasscock area.

Sunray No. 13-M-E Dora Roberts, 660 from the south and 1,320 from the west lines of the north-east quarter of section 136-29, W&NW will go to 1,400. It is a mile east of Forsan.

Sunray No. 14-M-E Dora Roberts will be 1,320 from the north and west lines of the north-east quarter section 136-29, W&NW will also go to 1,400.

Borden Venture

Hammonds No. Gebulke, C NW NW 132-60, EL&RR wildcat drilled 14 miles northwest of Gail, had drilled to 6,450 at the end of the week. Previously, tests had been made in the Spraberry top but without any results.

## Wildcat Pair Staked Near Runnels Find

Location has been staked for two new wildcats in west central Runnels County. They are adjacent to the recently completed discovery in the Goens lime.

That discovery was the Martex Realization of Dallas and W. Edward Lee No. 1 Bryan, which completed for a daily initial production of 246.24 of 46.5 gravity oil flowing from the Goens formation.

Martex and Lee No. 1 J Stubblefield will be one of the new wildcats and it will be 1 1/2 miles south and slightly west of the discovery. The exact location is 467 from the north and 2,130 from the east lines section 1-W, G. Saxton Survey No. 10, Abstract 849. This puts it one mile east of Norton.

The contract depth is 5,200, which should take it into the Ellenburger. J. W. King of Ballinger, et al No. 1 Nora McCaughan will be the other Runnels wildcat about 2 1/2 miles northeast of the discovery.

It will be 2,522 from the most southerly south line and 457 from the east lines of the William H. Smith survey No. 599, which is slated to drill to 5,000 unless it develops commercial production at a lesser depth.

Outpost To Hobo Area Has Water

Stephens Petroleum No. 1 Baco, northwest outpost to the Hobo field in southeast Borden County, flowed 24 hours through 14-64 choke to make 181 barrels of oil and 24 barrels of water. Operator had not determined the source of the water, the first made this week in a series of tests. This flow will not be reported as a potential pending efforts to locate the water intrusion. The zone was from 7,149-55 and the gas-oil ratio of 700-1. Gravity was 51.8.

Location of this test is 660 from the south and east lines of section 49-25, H&TC.

Standard of Texas No. 13-6-D Griffin, on the southeast corner of the Hobo field, took a drillstem test from 7,180-94 with the tool open one hour. Recovery was 20 feet of slightly gas-cut mud with no oil or water.

Operator drilled to 7,199 in lime and ran electric log. Top of the reef was called at 7,180 on a datum minus of 4,825. A drillstem test was then taken from 7,186-99 with good blow of air when the tool was open. The venture was still on test at the time of the report.

Location is 1,980 from the south lines of section 39-25, H&TC. The reef top fell off approximately 75 feet to some others in the area.

### Pay Thin In Coke Venture

Keweenaw Oil Company No. 1 Wendland, a southeast Coke County wildcat six miles south of Bronte, encountered water in the McCutcheon-Cisco sand after having found a thin oil pay in that horizon above the waer.

On a one-hour drillstem test from 3,711-3,725, recovery was 3,425 feet of salt water. There were no shows of oil or gas. The wildcat had flowed 19 barrels of fluid previously on a drillstem test from 3,700-10. The fluid was 60 per cent salt water and 40 per cent oil.

Operator is now making more hole. Originally the exploration was scheduled to go to 6,400 to test the Ellenberger. Location is 467 from the north and east lines of the west 1,329.6 acres in 23-Casnera Rubio Survey.

## More Oil Being Squeezed Out Through Secondary Recovery

WASHINGTON, Oct. 4 (AP)—More and more oil is being squeezed from old wells, adding appreciably to the nation's petroleum production.

This kind of production is known in the industry as secondary recovery. These operations, improved and expanded in recent years, include such methods as water or gas repressuring after a well quits pumping oil.

Government and industry research engineers are experimenting for even better methods of secondary recovery. They would like to get practically every drop of oil any well has to offer.

In addition, they are seeking lower cost methods of recovering remaining oil from subterranean formations.

There are no recent figures on just how much oil is being produced through secondary recovery operations.

Oil men estimated at a Congressional hearing in 1951 that about a half-million barrels of oil daily, then was coming from this type of production. They said this output could be increased considerably.

Industry sources estimate that seven to 10 billion barrels of oil remain underground in depleted and semi-depleted fields.

The Bureau of Mines says secondary recovery was originated in the Appalachian areas in the 1920s and later spread westward.

These methods have been accepted in some fields in Oklahoma, Texas and Louisiana, and interest

is being shown in them in California and Arkansas, according to industry representatives here.

One of the new methods under study involves use of detergents designed to release adhesive forces which cause some oil to cling to sands. Heated water also is being tried. And one company is reported to have tried dry ice but to have made no report on the experiment.

Since the 1920s, engineers have

Improved recovery by studying the formations in various fields to determine the most effective way of getting more oil from each.

The Bureau of Mines has experiments under way at its Franklin, Pa., station to determine if heated water would have an effect on the wax content of oil and permit added production.

At the bureau's Bartlesville, Okla., station, studies are being made of forces that hold unrecovered oil in place underground.

In some fields, gas is put back into the sand as oil is taken out in order to keep the wells in primary operation for a longer period.

## Strike Finals In Ellenburger

Standard of Texas has completed its No. 12-119 McElroy as a new producer on the east side of the Wilschire-Ellenburger field in central west Upton County.

The new well reported a 24-hour potential of 1,350.4 barrels of 54.3 gravity oil, flowing through a 3 1/2-in. choke. Potential was calculated from an actual 12-hour flow. The gas-oil ratio was 584-1, and production came from open hole in the Ellenburger below the bottom of 7-in. casing at 12,288. Top of pay was 12,258, the total depth 12,408. Derrick floor elevation was 2,828. Location is 1,980 from the north and 660 from the west lines of section 119-D, CCSC&WRNG.

Dawson Exploration Nears Pay Horizon

Rutter & Wilbanks No. 1 Henry, et al, northwest Dawson test in the Mungerville-Pennsylvania area, was boring below 8,341 Saturday in black shale.

This venture is nearing the critical zone. The reef should be picked up within 100 to 150 feet, thus some showing may be expected during the week end. It is located 330 from the north and west lines of section 5-3, Cunningham, 12 miles northwest of Lamesa.

### Pair Of Spraberry Tests For Upton Co.

Two new Spraberry locations have been spotted in Upton County.

One is to be in the Benedum area, the other in the North Pemrock sector. Sharp Drilling Company of Midland No. 2-12 Union-Albany will be the Benedum Spraberry exploration, located nine miles northeast of Rankin. It is to be 1,949 from the north and 660 from the east lines of section 12-58, University. Drilling projected to 8,000 will start at once.

Blackwood and Nichols No. 3-D Malone will be the North Pemrock outpost, 724 from the north and 662.3 from the east lines of the southwest quarter section 44-35-55, T&P, rotary to 6,600.

### Martin Outpost To Spud This Week

Plymouth Oil Company No. 1 J. E. Millhollon, C SE NW 7-25-1, T&P, was completed in rigging the rotary and prepared to spud. This venture is two miles northeast of Stanton and is a northeast offset to the Plymouth No. 1 Morris, a recent small Spraberry discovery.

### Sterling Wildcat Now Making Hole

Texas Company No. 1 W. L. Foster Jr., wildcat 6 1/2 miles southeast of Sterling City, was making hole Saturday.

It was below 2,390 in lime, which is well below original contract depth of 1,850 to test the San Andres. The venture is on a 16,818-acre spread and is located 990 from the south and west lines of section 5-15, H&TC.

**Air Force Tells Of Space Suit For Its Fliers**

By C. YATES MCDANIEL

WASHINGTON, Oct. 4 (AP)—The Air Force today revealed the development of a space suit that has already enabled airmen to fly above altitudes where human blood boils and pure oxygen alone is insufficient to keep a man alive.

Officers said such a suit had to be perfected before progress could be made in developing the jet and rocket aircraft of the future.

At altitudes above 50,000 feet the normal breathing of pure oxygen alone will not sustain life and the lungs must be directly supercharged to function in the thin atmosphere. Above 63,000 feet human blood at body temperatures will boil, resulting in the body expanding to twice its normal size and death in a matter of seconds.

The T-1 resembles the popular conception of a space suit. It combines altitude protection with that now given by slip-on garments which protect an airman against sudden changes in gravity pull and also includes a crash helmet, oxygen mask, earphones, microphone, goggles, defroster and oxygen bailout bottle.

The suit is worn uninflated and inflates automatically whenever the pressure in the airplane cabin is lost. The inflated suit and helmet supercharge the airman's lungs with high-pressure breathing oxygen. The suit also automatically applies counter-pressure to the body surface, thus protecting the wearer from collapse.

It proved its effectiveness during high altitude flights at Edwards Air Force Base, Calif., when worn by Lt. Col. Frank K. Everest. His rocket-powered research plane lost its cabin pressure due to a cracked canopy, but the automatic inflation of the suit enabled the crack test pilot to complete his flight.

The suit was also worn by William Bridgeman, Douglas Aircraft Corp. test pilot when he flew a Douglas plane to an altitude of 79,000 feet.

**Fire Damage Stressed As Prevention Week Is Noted**

Fire Prevention Week starts today and it's a good time for Big Springers to start thinking about saving some of the thousands of dollars in tribute they lay on the line for fires each year.

That's sound advice, coming from Fire Marshall F. W. Bettle and Chief H. V. Crocker.

The two officials point out that Big Springers pay out more than \$230,000 annually, even before they have a fire. Add to that the actual destruction resulting from fires during the year and Fire Prevention Week takes on prestige not enjoyed by other special "weeks."

**Border Patrolmen To Attend Barbecue**

U.S. Border Patrolmen of the Marfa Sector will hold a big pistol shoot and barbecue at Marfa early in November.

Occasion for the celebration will be completion of a new firing range at the Marfa station. The quarterly pistol shoot of the patrolmen will be held in conjunction with the barbecue to mark the event.

Four Border Patrol inspectors stationed at Big Spring will attend the program, and probably will spend a night and day at Marfa.

Big Spring Border Patrolmen are Roger D. Bushner, inspector in charge, and inspectors Walter V. Edwards, Marvin L. Butler, and Percy J. Schugk.

Initial tribute to the destroyer fire consists of fire insurance premiums paid by property owners and the outlay from municipal coffers to keep the fire department going.

Aggregate of fire insurance premiums paid annually by Big Springers is approximately \$160,000. That's been the average over the past five years.

The fire department budget over the same period has ranged from about \$65,000 to \$85,000 annually.

Loss of property to fire each year adds other thousands of dollars to the toll. In 1951, insured loss alone amounted to nearly \$150,000. A single blaze, at the G. F. Wacker Store, resulted in losses aggregating nearly \$100,000.

So far this year, insured losses have amounted to \$18,320.52 (through September). Totals for neither year includes destruction of property which was not insured.

Fire Prevention Week is observed in an effort to reduce such waste, which often occurs unnecessarily through carelessness, Crocker and Bettle point out. It's a time for calling to the attention of the public the little things that can be done to prevent fires.

Avoid the use of inflammable liquids for cleaning purposes, grind out finished cigaret stubs, don't toss burning matches carelessly

aside, eliminate accumulations of waste paper, rubbish and trash of all kinds, don't smoke in bed or drop fire from smokes onto upholstered furniture, keep matches out of the reach of children, don't block electrical fuses or attempt to use makeshift or faulty wiring. Chief Crocker probably could go on all day listing fire prevention precautions.

They're all good points to keep in mind, and probably everyone knows how to prevent unnecessary fires. Important thing is to put the knowledge to practice, the fire chief emphasizes.

The fire department will be doing its part this week to forestall any blazes. Bettle and Crocker will inspect all city schools and other public buildings during the week. All structures inside fire limits will be checked.

Fire drills will be held at all schools, to acquaint pupils with safety measures to be observed in evacuating buildings in case of fire.

Otherwise, Fire Prevention Week will be left up to the public for observance. Chief Crocker hopes Big Springers will make it a year-round program.

**Garden City Group Leaves For State Fair**

GARDEN CITY—FFA boys and FFA girls left Friday morning for Dallas in two school buses, to attend the State Fair and Fat Stock show.

The buses were driven by Henry Hilliger and Curtis Fisher. Some of the boys and girls had tickets for the Jerry Lewis and Dean Martin show, while others planned to attend the Ice Cycles of '53, or both. Most of the boys had tickets for the Georgia Tech-SMU game. They are scheduled to return home Sunday.

Among those making the trip are Truman Parker, Chris Hines, Darrell Northcutt, Jimmie Smith, John L. Daniel, Bonnie Gandy, Jennie Gandy, Sandra Wilkerson, Sonny Allen, Kenney Sue Scudday, Connie Scudday, Emma Stephens, Reia Stephens, Margie Self, Anna Lee Hillgaer, Helen Cunningham, Jan Burns, Theora Calverley, Johnnie Jay Phillips, Bill Robinson, Patsy Gatcher, Jo Ellen Green, Clementine Miller, Bertie Mae McCorquadaie, Jimmy McCorquadaie, Truett Newell, Lewis Newell, Doris Cardin, Joyce Lair, Mrs. A. M. Nunley, Mrs. Kelly Burns, Buster Cox, Dorothy Leonard and Mr. and Mrs. M. A. Barber.

**Soil Conservation District To Elect Supervisor Tuesday**

One member of the board of supervisors of the Martin-Howard Soil Conservation District will be elected at 8 p.m. Tuesday. Any person who owns land south of U. S. Highway 80 and the Garden City road in Midland County, and who lives in Howard, Martin, Glasscock or Midland Counties, is eligible to vote in the election which will be held in the Valley View school house about 10 miles southeast of Midland.

Tuesday is the date set by state law for the election of a supervisor for Zone 4 of every district in Texas. An election is held in a different one of the five zones in every district each year.

Music by the Midland FFA string band and a motion picture, "Neighbors of the Land," will feature the program.

**SPEECH SLATED SATURDAY**

**Mahon To Introduce Rayburn Saturday**

Plans for an address by Speaker of the House Sam Rayburn and for establishing a campaign headquarters in Big Spring were discussed at a meeting of the Howard County Stevenson-Sparkman committee Friday evening in the district court room.

Frank Hardesty, committee chairman, appointed several committees and announced that another meeting would be held Wednesday at 7:30 p.m. in the district court room.

Hardesty also announced that Congressman George Mahon would introduce Rayburn here next Saturday night when the Speaker of the House makes a major political address at the Big Spring City auditorium. Both Rayburn and Mahon have endorsed Gov. Adlai Stevenson of Illinois, the Democratic nominee for President, and both have announced plans to join in an active campaign in their home state.

Rayburn is due to come here Saturday by automobile, with his arrival scheduled for 4 p.m. He will be at the local Stevenson campaign headquarters until around 5:30 or 6 p.m. to greet friends. His address is scheduled for 8 p.m.

A reception committee to greet Rayburn will be composed of Congressman Mahon, Mayor G. W. Dabney, State Representative Nominee Obie Bristow, District Attorney Elton Gilliland, District Judge Charlie Sullivan and Hardesty.

**Waco Chosen Site For Judges' Meet**

SHERMAN, Oct. 4 (AP)—Waco was chosen as the 1953 convention city and Judge Lem Wray of Ellis County was elected president today at final sessions of the North and East Texas County Judges' and Commissioners' Association convention.

Commissioners Joe Weaver, Smith County, H. E. Posey, Hill County, and W. P. Fenley, Angelina County, were elected vice-presidents. Tommie Penry, Rusk County commissioner, was elected secretary-treasurer.

**Compensation Suit Brought In Court**

W. D. Peters, 616 Ridgela, brought a compensation suit in 118th District Court Saturday against the Trinity Universal Insurance Company. He is asking maximum compensation of \$10,025.

Peters alleges total and permanent disability from doing manual labor as a result of an accident sustained at the Lone Star Chevrolet Company on January 18. He claims the injury occurred when a balloon he was filling with gas for an advertising campaign burst.

Peters was previously awarded \$25 a week compensation for 75 weeks by the Industrial Accident Board. He has made objection to the ruling and requests \$25 for 401 weeks.

MR. AND MRS. J. J. HAVENS AND SUSIE

### Newcomer Family Is Lonesomest Threesome

Just about the lonesomest threesome in town just now are Mr. and Mrs. J. J. Havens and Susie, 810 E. 18th.

They are suffering the same pangs that many other parents suffer, but to them it's a new experience.

For their only son and brother, Sandy, 18, has recently enrolled as a freshman physics major at Rice Institute in Houston. And the Havens know that the Gulf Coast town is a "far piece" from Big Spring.

The family moved here a short time ago from McCamey, where they had been for two years. Sandy is a graduate of McCamey High

School and was valedictorian of his class.

Mrs. Havens, a native of San Angelo, met her husband in McCamey. Immediately following their wedding they were transferred and their two-year stay was the first in the small town in which they were married.

The couple, who celebrated their 25th wedding anniversary recently, share a love for fishing.

Mrs. Havens has been active in Girl Scout work, too.

"I think people who have the training should go ahead with the work," she opined. "But I think I need a short rest before I become active again," she added.

Susie, 12, plays the piano. But her mother thinks that perhaps she

too, needs a rest before beginning her practice periods again.

Havens is production foreman for Shell Oil Co. and has been employed by the firm since the couple married.

### Sgt. Max M. Winn And Japanese Bride Visit Parents Here

**Joyce Gound Installed As Worthy Advisor In Formal Rainbow Ceremony**

In a formal ceremony this week Joyce Gound was installed as worthy advisor of the local Order of the Rainbow for Girls.

JOYCE GOUND

Other new officers include Ann White, associate worthy advisor; Joyce Anderson, Charity; Mary Ella Bigony, Hope; Doris Ann Daniels, Faith; Patsy Clements, chaplain; Kenda McGibbon, drill leader; Latue Casey, Love; Janelle Neel, Religion; Nita Jo Hedleston, Nature; Margaret Fryar, Immortality; Tommie Williamson, Fidelity; Maxine Rosson, Patriotism; Betty Anderson, Service; Jane Watson, confidential observer; Jacqueline Smith, outer observer; Patricia Tidwell, treasurer; Frankie Marstrand, recorder; Alice Ann Martin, musician; Cecelia McDonald, choir leader.

Fern Crabtree, retiring worthy advisor, was the installing officer, Francis McClain, installing marshal; Jody Miller, installing chaplain; Nina Fryar, musician; and Frankie Marstrand, recorder.

"Moonlight and Roses" was the decoration theme for the affair. Over the entrance doorway was a large yellow crescent with a star hanging from the moon's tip before a blue background banked with fern.

The new worthy advisor's officers, escorted into the room by Doris Daniels and Kenda McGibbon, formed a rainbow before the audience.

Miss Gound was escorted to the bow by Miss Clements, who presented her with a yellow crescent. As Miss Clements sang "Moonlight and Roses," each new officer pinned a miniature bouquet of rosebuds to the edge of the moon.

The speaker's stand was decorated with a lattice on a blue background banked with fern and yellow roses. The word, "Hope," theme of the year, was written across the top.

Miss Gound introduced her parents, Mr. and Mrs. Wayne Gound, to the assembly and presented them with flowers. She also read a poem dedicated to them and Frances McClain sang a tribute.

The Rev. Almie H. Carleton, pastor of the First Methodist Church, spoke on "Hope." Arnold Marshall sang as a solo, "Whispering Hope." Traditional gifts were presented

**Jr. Woman's Forum Hears Two Speakers At Friday Meet**

Mrs. Harold Talbot spoke on "Slum Clearance" when the Junior Woman's Forum met Friday afternoon in the home of Mrs. D. D. Dyer. Mrs. O. R. Cole was co-hostess.

Mrs. Talbot told the group that slums cost more in police protection, garbage collection and street maintenance than would the construction of livable places. She used as an illustration the Little Puerto Rico section of New York which is bordered on one side by Harlem and the other by the Italian section.

Mrs. W. E. Stoutenburg spoke on "The Housing Shortage Affect on the Family." She stated that 31 million additional rooms are needed this year to take care of the added population.

Reports were made from the ticket, talent and Sultan's Contest committee representatives of the "Follies of 1952."

Mrs. J. D. Elliott, president, announced that season tickets for the eight remaining book reviews, to be given by the Thursday Review Club, are still on sale. Mrs. R. B. G. Cowper will be presented in a book review in November.

Mrs. Elliott, who has been named Americanism chairman of District 8, urged members to vote in the forthcoming elections.

The next meeting will be held

**Forum Hears Two Reports On UNESCO**

Mrs. Hugh Duncan and Mrs. Sam L. Baker gave reports on the story of UNESCO at the meeting of the Modern Woman's Forum Friday afternoon in the home of Mrs. A. B. Wade, 1405 Rumlins.

Mrs. Bob Eubank called attention to the projects coming before the club this year, especially the aid in the form of clothing, to the Old Ladies Home Club in Vienna, Austria. The 53 women she told the club members, are widows of officers killed in the war, are women who have never worked and are not able to work. The project is a special one undertaken this year by the eighth district of the Texas Federation of Women's Clubs.

Mrs. Horace Reagan reported on the sale of Follies tickets. Fifteen members attended.

**HELEN'S HINTS**  
---Where to shop for what---

**PLAYING POST OFFICE**... makes child's play of desk work for a woman-of-affairs who owns one of the smart stamp dispensers that you'll find at **HESTER'S SUPPLY**. Styled in solid brass, it holds a post office roll of 500 three-cent or one-cent stamps, and feeds them out one at a time through the slit in the side. What one of these gleaming little helpers at her desk, the letter-writing lady will always have plenty of stamps right at hand and easily accessible. The price is only \$3.50. If she's a traveling gal, she'll love one of the little stamp boxes styled after the popular pill box that fits neatly into her purse... these are priced at only a dollar. Both of these little items would make charming gifts, and with them, you can always be assured of stamping your letters in style.

**WHEN IT'S SHUT-EYE TIME**... you'll be needing the cozy loungers from **MI-LADY'S ACCESSORIES**. Strictly "inside jobs" and pretty slick ones at that... here's the low down on what's up about bedtime wardrobes. Snug favorites are the cotton challis gowns in tiny floral print with matching coffee coats and the Red Devil pajamas in bright red cotton challis. There's plenty of colors and asks for the dainty long sleeved cotton plisse gowns in both pink and blue, and for sweet sleeping in a sweet dream of a tailored p.j. you'll love the cotton ensemble of gay colored pajamas with contrasting coffee coat with big pockets and deep turnback cuffs... the colors—navy and white, brown and white, coral and white. These are only a few of the behind-the-scenes cuties to pep up your "night life."

**CALLING ALL TEENAGERS**... Come on girls, and take your seats on the fifty yard line in the smoothest, newest jacket ever to grace the sidelines of a football field. It's called the "Side-Liner," and you'll find it at **ZACK'S OF Margo's**. Styled by Thermo-jac, it's a replica of the football player's sideline parka, worn by every school football team... now, here's one of your own, to be worn in rain, snow and cold... at football games, winter sports and school... everywhere... everyday. They're styled in wind and rain repellent, Grove-spun winter weight cotton in brilliant solid colors and warm plaids with snug and cozy bright flannel linings, and you'll also find matching Thermo-jeans lined with the same bright flannel... together they'll complete your winter wardrobe for active living.

**CARPET CLEANING MAGIC**... Is yours with **Glamorene**, the amazing new cleaner for rugs and carpets that you'll find at the **BIG SPRING HARDWARE**. **Glamorene** is not a powder, soap, liquid or foam... there's nothing to add or mix... it's ready to use just as it comes. You'll think it's real hocus-pocus, the way it brightens soiled colors, fluffs crushed pile, removes grease and food soils, and even most lipstick, chewing gum, shoe polish, and tar stains take a quick powder when **Glamorene** makes its appearance on the scene. Your carpets will stay cleaner longer, and they're even safe-guarded against shrinkage. Best of all, **Glamorene** is so easy to apply... you just brush it in, vacuum it off, and abra-ca-dabra... dirt's gone!

**IT'S PLAYTIME ANYTIME**... with the new **RCA Victor** super "personal" radio that you'll find at the **RECORD SHOP**. Playing ten times longer without changing batteries, this new book size radio plays instantly... no warm-up needed... no lids to open... completely built-in antenna. You'll enjoy many extra hours of carefree listening with this tiny beauty that has room-size volume and rich tonal quality. You can choose from three stylish colors... antique ivory, laurel green, and wine red, tastefully styled in beautiful plastic with gold trim. Smart and sophisticated, with unbelievably fine performance, this fashionable new **RCA "Personal"** is less than four pounds light, and it stands only 6" high... easy to take and fine company anywhere.

**WINNERS**... from start to fashion finish, are the ligator opera pumps and ligator sling heel pumps you'll find at **MARGO'S**. Long wearing and always in good style at any time of the year... they're for you who do things and go places to make yours the gallivantest feet in town. The textured richness, the lustre look of these fine reptile shoes is reflected in the classic opera style, the well loved sling, as well as the more dramatic pump that goes up, on pretty platforms to give that full measure of flattery. Fashioned with winning ways, they're gentle on foot, so that you tread lightly, sprightly through all your busy days. In rich brown, they're priced from \$18.95 to \$19.95 with matching bag for \$14.95... a smooth smart start for your shoe wardrobe.

**FOR "HEADS UP" SMARTNESS**... your man will choose well to wear a felt hat from **ELMO WASSON'S** wonderful selection of smart fall shades and styles. For the hat in his life... for business... for sport... for around-the-town... any one of the handsome Stetsons or Dobbs has a self-confident look as distinctive as it is distinguished. He'll find western or conventional snap brim styles, hand-crafted from the choicest furs, and priced all the way from \$10.00 to One Hundred Bucks! Every man needs a hat—it's as handsome as it is healthy—and nothing can put a new lift to his spirits as fast and effectively as a new hat. There's quality stamped in the smart appearance of Elmo's hats, and the smart man will look to him for fashion right toppers to make his wardrobe complete.

**FOR THE HOME LOVER**... who likes to arrange plants and greenery in unusual settings, **FAYE'S FLOWERS** now has ivy poles made from cedar posts or fiber that can be cut to any length you wish for either large planters or small pots. She has them already planted or you can plant your own devil ivy or philodendron around these poles where they'll climb gracefully and beautifully to give new dimension and style to your plant boxes. Faye is receiving new types of climbing plants every day that adapt themselves perfectly to ivy poles, and it's a cinch they'll add new zest to your decorating scheme as well as provide you with that keen interest that comes with giving nature a hand in making something grow. Remember, it's things like this that make a house a home.

**THE PROOF OF THE PIE**... is in the eating, and once you've eaten a piece of the delicious fresh pies at the **DOUGLASS COFFEE SHOP**, you'll need no other proof of pastry at its best. Every afternoon between 3:00 and 4:00 o'clock the Douglass chefs turn out dozens of savory fresh pies that are a real credit to culinary art. For you gals working in town, a mid-afternoon snack of pie and coffee is a treat that's hard to top, and shoppers too, will welcome such a refreshing pause in their busy tour. Tomorrow afternoon if you're down town shopping, or when you go out for coffee, why not try this tasty treat for yourself.

**SWEETNESS WITHOUT SUGAR**... The **HARDESTY DRUG** brings you **Sucaryl**, the amazing new scientific discovery of a new synthetic sweetening agent which can be used in the place of sugar... A whole new world of sweetened foods is now open to the person on a diabetic or reducing diet... foods prepared without adding the calories or carbohydrates of sugar but with natural, sugar-like sweetness cooked or baked right into them. **Sucaryl** retains its full sweet flavor even in the heat of boiling or baking, and the same foods or beverages sweetened for the dieting member of the household can be enjoyed by the entire family. Try it in liquid or tablet form and receive a book full of recipes for delicious desserts.

SMARTLY TAILORED

### Knox's Shortie Coat Last Word In Elegant Styling

A coat that will go places—and take you with it—is this smartly tailored shortie by Robert Knox of Ben Gershel.

Those of you who are familiar with the Gershel label know that it spells more than a name. Rather, it is a testament to the last word in elegantly high styling (at custom level), and a customer who can afford a B.G. considers herself lucky, indeed. There just isn't anything more distinctive, more fashionably perfect than a suit or coat from this famous house.

So there you have it—and here you have a coat that is equally as outstanding.

The silhouette adheres to this year's scheme of things: cutaway boxer-type jacket with the unfitted waistline that points up a woman's best line.

The little coat is topped by a small high collar and secured by two large buttons. Vertical pockets and three-quarter length cuffed sleeves further delineate this simply grand topper.

The designer originally used one of the expensive (and wonderful) wools that are going the rounds this year—and you might prefer to make yours in one of the nubby, loopy, bouncy wools. Velvetene, too, would be wonderful.

Size 12 requires 2 yds. of 54-inch fabric, with 1 1/4 yds. of silk or taffeta for the lining. Pattern No. 1117 is available in sizes 12, 14, 16, 18, 20. To order Pattern No. 1117, send \$1 to Spadea Syndicate, Inc., Dept. 164, Box 535, General Postoffice, New York 1, N. Y. For air mail handling, enclose 25 cents. To order our new pattern booklet, No. VII, send 15 cents.

### Look What's Cooking At Cafeterias

Good things are going to be cooking at local school cafeterias this week.

So take a peek. If your child likes to eat his noon meal at the cafeteria then you'll be interested in learning what's on the menu for the week.

MONDAY: Wieners and sauerkraut, buttered potatoes, sliced tomatoes and banana pudding.

TUESDAY: Chicken and rice, buttered peas, squash loaf, peanut butter cookies.

WEDNESDAY: Lima bean casserole, cole slaw, glazed carrots, whole wheat muffins.

THURSDAY: Ham pie, with biscuit topping, plinto beans, buttered cabbage, peach shortcake.

FRIDAY: Fried fish, scalloped potatoes, Harvard beets, lemon pudding.

### Many See College FB Games

Southwest Conference football games attracted several Cosden folks during the week end. Wayne Laswell and George Zachariah were in Fort Worth to see the Arkansas-TCU game.

Mr. and Mrs. Roxie Dobins and Fred Stitzell were in Austin for the Texas-Notre Dame clash. Mr. and Mrs. Arnold Marshall also were in Austin, and planned to see the game.

Mr. and Mrs. Dan Krause left Friday for Austin, and were to witness the Texas-Notre Dame contest.

Others in Austin were Mr. and Mrs. Arch Ratliff.

Roy C. Bennett and family left Friday for Dallas to attend the State Fair of Texas.

R. L. Tollett, director of the West Texas State Bank at Snyder, attended regular monthly meeting last Thursday afternoon.

Jim McElhiney of the DuPont Company, Dallas, was at the refinery Friday with a new car equipped for road octane evaluation of gasoline.

Word has been received from Claude Fallon's grandson, Kenny, who is in the police ward in a Salt Lake City hospital, that he is now able to have company and is getting along well.

R. C. Smith, jobber with the Ancient City Oil Corporation of Santa Fe, was a visitor in the office Wednesday.

W. A. Tracey, New Mexico sales representative of Albuquerque, visited the office Friday.

A. C. McGahhey was a Friday business visitor.

Ell McComb returned Monday to Pinedale, Wyoming, where he will watch progress of the well in Sublet County.

James Edwards is in Fort Worth this week end on company business. He was accompanied by Mrs. Edwards.

Dorothy Thomas is spending the week end visiting in Lamesa.

We welcome as a new employee Norvill Jefferson Richardson.

Men on vacation from the refinery this week are H. C. Tidwell, W. G. Simpson, O. C. Jenkins, R. B. Covington, N. R. Harvell Jr., B. L. Mason and Loney Bunger.

Don't try to pick up pins, hairpins, paper clips, nails, or coins with a vacuum cleaner; pick them up by hand before you use the cleaner.

MR. AND MRS. B. F. DAVIS

### Couple To Have 66th Wedding Anniversary

COLORADO CITY—A family reunion and dinner will honor Mr. and Mrs. B. F. Davis of Westbrook Sunday in celebration of their 66th wedding anniversary.

Mr. and Mrs. Davis were married October 6th, 1886, in Rose Hill, Texas, and moved to Westbrook in 1906. He bought 84 acres when he arrived and now owns three farms near Westbrook and his home in town. Davis is 82, Mrs. Davis 85, and both are up and about.

When Davis arrived in Westbrook in 1906, the town boasted a general store, operated by C. B. Hooper, a box house for a hotel and a gin south of the tracks. The town grew rapidly for two score or more years, and began to decline again, because of a rerouting of US 80 and the lack of water.

Davis recalls that the principal source of entertainment in the early days were wild bronc riding and camp meetings. Combined with the bronc busting was trades day, when families met to buy and barter. A special feature of the camp meetings was the "baptizin" which followed the meetings, and which was held at the earth tank by the gin.

He remembers the bad years of 1916, 1917 and 1918 and adds that he went back to Dallas County to pick cotton, but picked 62 pounds and quit because of a bad knee. When the rains came in 1919, things changed, however.

"I paid off my old debts, and

bought a Model T Ford," Davis chuckles.

The family reunion has been an annual affair since the Davises celebrated their golden wedding anniversary and the Davis children count this a very special occasion.

Expected this year are one son, William Davis of Westbrook; seven daughters; Mrs. Carmen Schaffer of Colorado City; Mrs.

Jim Morris, Mrs. O. H. Marr and Mrs. Alvin Basey, all of Abilene; Mrs. J. H. Everts of Christoval; Mrs. Annie Beal of Westbrook and Mrs. J. W. Stoneham of Odessa; also their husbands, wives and families which include 23 grandchildren and 40 great-grandchildren.

Mix drained diced pineapple with cream-style cottage cheese and serve on crisp greens for a luncheon salad.

# Petty-Ervin Wedding Set For Nov. 9

Mr. and Mrs. J. R. Petty, 1013 Sycamore, are announcing the engagement and forthcoming marriage of their daughter, Barbara, to J. T. Ervin of Ft. Benning, Ga. The prospective bridegroom is the son of Mr. and Mrs. Ralph Towler of Lubbock, formerly of Big Spring.

The wedding will be solemnized in a formal ceremony Nov. 9 at 6 p.m. in Trinity Baptist Church with the Rev. Jack Powers, pastor, officiating.

Both the bride-to-be and her fiancé are graduates of Big Spring High School. She is presently employed at Medical Arts Hospital.

After the wedding the couple will live in Ft. Benning, where he is now stationed with the Army.

BARBARA PETTY

# Sorority Tea For Pledges Slated Today

A preferential tea for the Exemplar chapter of Beta Sigma Phi, entertaining pledges of the Mu Zeta chapter, will be given Sunday afternoon from 4 to 5 in the home of Mrs. G. H. Hayward, 502 Hillside Dr.

The table centerpiece will be an arrangement of fall flowers, and Mrs. Zolie Mae Rawlins will pour. In the receiving line will be Mrs. Tom South, president of Exemplar; Mrs. Odell Womack, Exemplar vice president; and Mrs. E. C. Bell, president of the Mu Zeta chapter. Other members of the housepar-

ty will be Mrs. Harold Hall, Mrs. Clayton Bettle, Mrs. Tommie Gage and Mrs. R. L. Heith.

Mrs. Gene Nabors, who will take the Exemplar ritual during October, will be a special guest.

# Bridge Club To Meet Wednesday

The Newcomers' Bridge Club will meet Wednesday at 1:45 p.m. at St. Mary's Episcopal parish house.

Hostesses will be Mrs. Walter Ross and Mrs. William A. Williams.

Newcomers may call Mrs. John McFarren, No. 2924-W, for further information.

MRS. LESLIE DAW

# Frances Bedford Weds Leslie Daw Saturday

Frances Bedford became the bride of Leslie Daw in a semi-formal, double ring ceremony Saturday evening in Colorado City.

Parents of the couple are Mr. and Mrs. Ray Bedford, 907 Scurry, and Mr. and Mrs. Oscar Daw of Sand Springs.

The Rev. Travis Bedford, uncle of the bride, performed the ceremony in the home of Mr. and Mrs. Loyd Fortenberry. The couple repeated their vows as they stood before an archway entwined with sweetpeas and fern.

Betsy Ann Bedford, cousin of the bride, played a medley of pre-nuptial organ music.

Entering alone, the bride wore a blue silk shantung suit with a shirred blouse, deep neckline and flared skirt. Her black velvet hat was decorated with rhinestones and the other accessories were also black.

She carried an arrangement of white shattered carnations on a white Bible.

Mrs. Raymond Bedford, sister-in-law of the bride, of Carlsbad, N. M., was her only attendant. She wore a white shattered carnation corsage.

Raymond Bedford, brother of the bride, of Carlsbad, N. M., served as best man.

The candles were lighted by Yvonne Buckner and Wanda Fortenberry of Colorado City, the bride's cousins.

When the couple left on a wedding trip to Tucson, Ariz., Mrs. Daw wore a blue felt suit with brown accessories.

Upon their return, they will make their home at 1204 E. 12th, Big Spring.

The bride attended Big Spring High School and was a member of the Cayloma Star, Theta Rho Girls' Club.

Her husband attended the Monahan schools and is now employed by a Big Spring super market.

At the reception immediately following the ceremony, the couple was assisted in the receiving line by their parents.

The refreshment table was laid with a Madeira cutwork cloth and centered with the three-tiered wedding cake topped by a miniature bride and groom.

Alternating at the table were Margaret Ann Gann, Beverly Young, Janice Heffington and Joy Fortenberry all of Big Spring.

Mertie Evans of Lubbock presided at the guest book.

Fay Cleavenger and Sherry Bedford of Carlsbad, N. M. were other out-of-town guests.

# Epsilon Sigma Alpha

Bo Bowen, president, has announced that the Alpha Chi chapter of Epsilon Sigma Alpha sorority will meet Tuesday at 7:30 p.m. in Room 2 of the Settles Hotel rather than Thursday evening as was originally announced.

### CAMPUS CHATTER

By Darlene Sneed

This past week has been quite an eventful one at HCJC. The student body elected its officers and clubs have elected their leaders. Students have carried on electioneering and posters for different candidates have been put all over the school. The polls were open Thursday from 10 to 4 and Friday from 9 to 12.

New student body president is Cecil Hogard. Vice president is Charles Warren; secretary, Lou Ann Nall.

Editor of the El Nido will be Bobbie Adams, with Cecil Niblett, business manager.

Bobby Reed was elected editor of the annual, Jayhawker, and Darlene Sneed, business manager.

Thursday night, students enjoyed a "get acquainted" party and dance in the little auditorium.

Elizabeth Cope and Mrs. Charlotte Sullivan started the party off with some ring games and "hookie-pokie" dance. Miss Cope led the group in several songs.

A barbershop quartet, composed of Gilbert Cook, Bob Baker, Tolford Duram, and Dwight Jones, sang "Coney Island Babe," "Strolling Thru the Park One Day," and "Old Aunt Dinah." Dance music was provided by records. Hot dogs and cokes were served.

Couples seen at the party were Claudette Harper and Leonard Hartley; Alice Burder and Casey Jones; Jeanette Petty and "Dallas" Williams; Marie Petty and Lonnie Muse; Gay Jones and Tommy Porter; Venita and Johnny Allison.

The stag line looked like this: Don Martin, Johnny Randolph, Don Stevens, Richard Gilmore, Ben Hitt, Clarence Russell, Raymond Hiley, Cecil Hogard, Wayne Glenn, Glenn Barnes, Charles Howie, Jimmy Wilkerson, Benny Kilgore, Milburn Hoover, Gwendell White, John Brown, Dick Fawcett, Jimmy Harris, Joe Maulder, Larue Tucker, Jo Ann Burns, Mary Northum, Vonelle Rhoton, Mary Stevens, Nan McGahey, Lynn Mitchell, Jo Jo Logan, Cecil Niblett, Sue Love, Bobbie Adams, Lou Ann Nall, Beverly Jones, Jo Nell West and Darlene Sneed.

The instructors seemed to have as much fun as did the students. Those present were Janelle and Harold Davis, Betty Wright, Elizabeth Cope, Lynelle Sullivan, Gerald Brenholtz, George McAllister, Mr. and Mrs. B. M. Keese, Mrs. Charlotte Sullivan and Regina, and Mrs. Viola Keith.

An all-girl assembly was held Thursday morning during activity period. Mrs. Janelle Davis introduced Mrs. Ruby Choate of the B&PW Club. Mrs. Choate noted the importance of women in helping our country and introduced Sgt. Mary Cottingham, WAC Recruiting officer, from Abilene. Sgt. Cottingham spoke on national defense. She based her speech around two questions: 1. What is national security? and 2. What can we as American women do to contribute to national security?

Mrs. Charlotte Sullivan gave the girls a brief explanation of the functions of the Lasso Club, which is the all-girl club on the campus. She told some of the past activities of the Lasso Club. Officers were elected.

Lou Ann Nall was made president, Dorothy Burns, vice president; Darlene Sneed, secretary-reporter; Cecil Niblett treasurer; Venita Allison, program chairman; and Lynn Mitchell social chairman. Sponsors are Elizabeth Cope, Mrs. Janelle Davis and Mrs. Sullivan. Mrs. Sullivan was made chairman of the sponsors. A meeting is set for next Thursday, during activity period.

Members present were Pat Dillon, Ginger Davenport, Vesta Harrison, Frances Rice, Frances King, Shirley Riddle, Patsy McMillan, Venita Allison, Mary Northum, Voncil Rhoton, Jo Jo Logan, Katherine Pitzer, Darlene Sneed, Beverly Jones, Minnie Ola Woods, Ada Davis, Dorothy Burns, Bobbie Adams, Marie Petty, Lynn Mitchell, Nan McGahey, Cecil Niblett, Carol Smith, Betty Hulsey, Mary Stevens, Lou Ann Nall.

The BSU had special meetings Friday at the First Baptist Church and in the small auditorium to try to organize a Student Union at the college.

A group of students met to try to organize the Science Club Tuesday morning in the science lecture room. A drive for membership will be held. Those students who met were Jackie Fryar, Bobby Reed, Don Curry, Gwendell White, Robert Brown and Darlene Sneed. Bruce Frazier will be sponsor and Bill Holbert, assistant sponsor.

The Engineering Club elected officers at its meeting Tuesday morning. Gary Warren was elected president; Bob Baker, vice president; Gerald Fehler, secretary; and Charles Howie, reporter. Fees will be \$1.50 per semester. The club plans to have a turkey shoot in the near future. Club meetings will be held every first and third Tuesday during activity period. J. T. Clements will be sponsor.

Russell, Wayne Glenn, Jimmy Wilkerson, Glenn Barnes, Larry Shorter, Weldon McElreath, Carl Preston, Jimmy Harris, Billy Tatum, Gary Warren, Bob Baker, Gerald Fehler and Charlie Howie.

Students and faculty were amazed Thursday morning to find the wheat planted on the campus grounds had sprung up almost overnight! It certainly will improve the looks of our campus to see something green around.

The librarian, Mrs. Pru. M. Taylor, has two new assistants in the library. They will help her arrange and keep books in alphabetical or-

der in the correct classifications on the shelves. The assistants are sophomore basketball boys, Robert "Dallas" Williams and Clarence "Casey" Jones. Bobby Reed is the new student typist in the library.

Six new copies of Revised Standard Version of the Holy Bible have been placed on the library shelves. Dr. W. A. Hunt, president of HCJC purchased the books. A new book by the Texas author, Marie Knox, entitled "Cherry Takes Off," a travel book, was received as a complimentary gift to our library this week from the Exposition Press, New York. Other new books include "The Years of the Locust" by Louisa Grace Erdman and "The Wind Blows Free." These books were purchased for the library from the "Shine Phillips Fund."

Visitors at the college this past week have been Mrs. Lena Mangum, English instructor at Knott High School; Mrs. L. C. Maudlin; Mrs. Ray Sloan; Mrs. Oma Anderson; Lieut. James C. Kenrick; Lieut. Max Nichols; and Lieut. William M. Manker, all of Webb Air Force Base; J. B. Whiteley, Mrs. L. F. Trantham, Zelma McCalahan, Bobbie Morris, Nina Wimberley and Mrs. Dorothy Davis, principal of the Kate Morrison School.

In the library bouquets of fall asters and zinnias adorn the tables. A pumpkin is a centerpiece on one table to help give the library a touch of autumn.

A series of girls intramural basketball games will probably begin next Tuesday night and it will be called the Wash Bowl. The Scapless Six, a team composed of Marie Petty, Lou Ann Nall, Voncil Rhoton, Darlene Sneed, Ada Davis, Dorothy Burns, Vesta Harrison and Minnie Ola Woods, will play the Lavettes, a team composed of Bobbie Adams, Barbara Blair, Pat Dillon, Betty Hulsey, Frances King, Sue Love, Patsy Maddux, Lynn Mitchell, Cecil Niblett, Shirley Riddle, Mary Stevens, Mary Ann White and Mary Northum.

Students who plan to go with the economics class next week to the State Fair in Dallas are Lou Ann Nall, Beverly Jones, Jo Nell West and Darlene Sneed.

The instructors seemed to have as much fun as did the students. Those present were Janelle and Harold Davis, Betty Wright, Elizabeth Cope, Lynelle Sullivan, Gerald Brenholtz, George McAllister, Mr. and Mrs. B. M. Keese, Mrs. Charlotte Sullivan and Regina, and Mrs. Viola Keith.

### HI--TALK

By Margie McDougale

This week is due to be a week of much study for most students around BSHS, as it is six weeks exam time.

Elections are still in full swing around school. Claudette Harper was elected president of the Mafores Club at their first meeting Thursday. Barbara Hill is vice president, Eloise Carroll, secretary and treasurer. Sponsors are Arach Phillips, Anna Smith and Billie Clyburn. The meeting was held in the Senior High gym with 45 attending.

The meetings will be held on the first Thursday of each month. The first social meeting will be held Oct. 21.

Geraldine Webb will head the D.E. club this year. Other officers will be Donald McCarty, vice president; secretary treasurer—Marilyn Bennett; and reporter—Mona Boroughs. These officers were elected at a meeting held Oct. 21.

Colleen Slaughter announced that a Banquet in Spanish costumes will be held. The banquet will be held at the end of the second semester.

Friday night after the football game Joyce Edwards gave a slumber party. Those seen spending a sleepless night were Claudette Harper, Beverly Vaughn, Marilyn Jackson, Kay Bonfield, Shirley Burnett, Lila Turner, Carolyn Miller, Carolyn Whitefield, Glenna Coffey, and a few others.

The Interscholastic League debate question which has been adopted for use throughout the Texas schools has been announced. It will be, "That the Atlantic Pact Nations should form a Federal Union."

The debate team is composed of Pat Crossland, John Lawrence, Jody Miller, James Underwood and Frances Walker.

Saturday the Rainbow Girls distributed white canes down town for the Cheerio Club. The Cheerio Club will use this money to promote the welfare of the blind and to bring little happiness into their dark world.

Everyone be sure to turn in all your favorite snapshots for the El Rodeo snapshot section. Take them to room 210 or give them to any member of the El Rodeo.

The Hi-Y and Tri-Hi-Y sponsors a radio program every Saturday morning from 10:00 till 10:30 over Radio Station KTXC. The name of the program is "Y Tops in Teens and Tunes" with Margie McDougale, the announcer. From 10:30 till 11:00 Jody Miller can be heard giving "High School Headlines" over Radio Station KBST. Everyone be sure to tune in to these two programs.

The Rainbow girls gave a formal dance in the Senior High cafeteria Friday night. ### John Coffeys To Live In Penns Grove, N. J.

Mr. and Mrs. John Lewis Coffey are making their home in Penns Grove, N. J., following their marriage in Elkton, Md.

The bride is the former Mary Ann Goodson, daughter of Mr. and Mrs. W. J. Goodson, 605 Douglas. Parents of the bridegroom are Mr. and Mrs. Michael Coffey of Penns Grove.

The informal single ring ceremony was performed at high noon Sept. 20 by the Rev. E. Z. Wallin, pastor of the Elkton Methodist Church.

The bride, given in marriage by her uncle, Ervin Willadsen, of Penns Grove, wore a fuchsia plink fairy princess-style dress trimmed in rhinestones.

## HS Students To Take Part In Oil Week

Big Spring High School students again will have an opportunity to participate in local observance of Oil Progress Week, Oct. 12-18. They can do this in essay and speech contests, for which \$52.50 in prizes have been posted.

The Petroleum Committee of the Chamber of Commerce and the local Oil Industry Information Committee are sponsoring the competition, rules of which are being distributed to the schools.

Students may write a theme of no more than 500 words, or prepare a speech of no longer than three minutes, choosing either of these subjects: "What The Oil Industry Means To Me," or "What The Oil Industry Means To Howard County."

Faculty members will grade entries for elimination, picking the nine best themes and the five best speeches. An outside committee then will judge the finals.

In the essay contest, awards of \$7.50 each will be made to the best essay from each of the senior, junior and sophomore classes. And in addition, a grand prize of \$7.50 will be awarded to one of these winners.

Since there are two speech classes in the High School, a \$7.50 award will be made to the best speech from each of the classes, with a grand award of \$7.50 on top of these.

Essays are to be turned in by October 14, and winning numbers will be published in The Herald. The speech finalists will present their talks over Radio Station KBST for final judging. Date of this broadcast will be fixed later, said Carl Smith, OIIC chairman.

## Rainey Opens Own Grocery

After 25 years of experience in the grocery trade, Elmer Rainey has opened his own grocery business.

The firm is known as Elmer's Food Store and is located at 504 Johnson, just south of where F. D. Rogers is soon to open a new hardware store.

Rainey started in the grocery trade back in 1927, working on Saturdays for J. B. Pickle in the old Whitehouse grocery. Over the years he has worked in various stores including four years with John Hodges, a couple of years with the M System when Hodges sold to that concern. Then he was with Rogers for about four and a half years until Rogers liquidated his food stock to enter the hardware field.

The store will carry a complete line of staples as well as a complete selection of fresh and cured meats, dairy products and frozen foods. It also will have notions and allied lines as well as candies. Rainey will be on hand at all times to greet his many friends and new customers.

## Army Conducting Economy Drive

AUSTIN—The American soldier is fast becoming aware of the fact that he is helping to pay for the clothing he wears and the equipment he uses as a result of the world-wide "cost consciousness" drive the Army has been conducting, according to reports received at Texas Military District headquarters this week.

A recent test conducted by the inspector general in 21 military installations in the continental United States revealed that over half the soldiers interviewed gave as the most important reason for exercising economy "Because my own taxes helped to pay for my equipment."

The next highest rated reason for helping save the government money by conserving equipment and supplies was "Because the Commies are trying to make us go broke."

Approximately 20 per cent of those interviewed gave the reason for economizing as "Because I would have to pay for it if I lost it."

In the campaign to impress upon all members of the Army the need for economizing in the use of equipment and supplies each soldier is required to memorize the cost of various items of his personal clothing and equipment.

## Midland Vet Group To Take Charge Of Hospital Program

The Military Order of Cootles from Midland will have charge of the Sunday afternoon program for VA Hospital patients at 2 o'clock today.

The program probably will include a variety show. It will be staged in the recreation room at the hospital.

The American Legion Auxiliary of Odessa will present a stage show for patients at 7 p.m. Tuesday. The Odessa Sheriff's Posse will provide entertainment at 7 o'clock Thursday evening.

Movies will be shown Monday, Wednesday and Friday afternoons.

## Riding THE GRUB LINE With Franklin Reynolds

It was something more than four months ago, the date wasn't written down, that Mr. and Mrs. Wesley Carroll, Gail Highway Buffleglass enthusiasts, planted three rows up near their barn behind the house. They just sort of dusted it in and it didn't come up.

Finally they concluded it was just that much seed lost. But they went out and looked a few days ago, after the recent rains, and there it was coming through in fine fashion and up to a good stand.

Carroll has also found some new grass in his patch that he is confident has come from seed that matured earlier this year and dropped to the ground.

The Buffleglass pictured in the rows above is grass that Mrs. Carroll transplanted when it was at least 12 inches high, from a heavier patch. Given a little water when transplanted, Mrs. Carroll says it didn't even show symptoms of wilting.

A few days ago the Grub Line Rider walked into the Soil Conservation Service office with a carton of safety matches in his hand. "What are you going to do with all those matches? Set the world on fire?" Miss Bernice Cason asked.

"No, honey," the Grub Liner answered. "I gave up all such ambitions years ago. From now on I'll be satisfied to keep a little Bull Durham burning."

Taylor County reports the receipt of 150 cars of drought disaster hay with 75 more on the way. They say there that the hay being received is a little lower grade than was anticipated. Twenty-five tons of it has been condemned as unfit for livestock feed.

Of 53 cars received in Howard County only two cars has been condemned. A small quantity of the hay received at San Angelo has been condemned.

On the whole the hay appears to be acceptable and better than nothing, according to county PMA administrative officers over West Texas. They point out that as a general thing livestock feeders in Texas are accustomed to a higher quality of hay than is usually found in other parts of the country.

General Mills has just finished testing its new Guar processing plant at Kenedy and will be ready to go into full operation the first of November.

They report that the acreage of this soil-building legume in Texas has been increased from 10,000 acres in 1950 to 30,000 acres this year in spite of the drought which has hit hard over most parts of the state resulting in a short crop and a short production of such of the crop as will mature.

A great many acres of Guar were planted in Howard County and the surrounding area this year. It has withstood the drought better than any other crop, the conservationists report.

The market price on the seed is \$4 a hundred at Kenedy, and a spokesman for General Mills says his company hopes at least 50,000 acres will be planted next year in Texas.

J. S. Bridwell of Wichita Falls, walked off with both the champion and reserve champion bull honors on Larry Mixer Domino 53 and Larry Mixer Domino 51, in the Hereford division of the Texas-Oklahoma Fair at Iowa park.

W. J. Fulwiler of Abilene had the champion female, FHR Lady Mixer 50, a senior heifer calf, and the reserve was HDF Lady Larry L. 25, from the Harrisdale show string.

Dr. Harris also had the champion two-year-old bull. Other exhibitors of winners were McBride Bros. of Blanket; Barret Hereford Ranch, Comanche; W. H. Hammon, Wichita Falls and Arledge Ranch of Seymour.

R. D. Cravens, Oklahoma City real estate broker, hasn't been a breeder of registered Herefords for too many years but he has certainly developed some fine animals.

He had the grand champion female at the Oklahoma State Fair and six other winners of blue ribbons in their classes.

Maybe we haven't been doing the right thing about this West Texas soil?

Sec. III Big Spring, Texas, Sunday, October 5, 1952 Sec. III

AMOUNT TOTALS TO \$15,423

## Social Security Checks Due For 500 People In The Area

Social security checks due 500 Howard, Martin and Glasscock County residents within a few days will amount to almost \$15,423.

These will be the first due the recipients under the new rates of payment announced by Social Security. Last payments under the old rates were mailed Sept. 2, according to Jack Calvert, manager of the Odessa Social Security office.

As a result of changes made in the social security law in July, nearly everyone receiving old age and survivors insurance benefits will get higher payments. Most retired workers will receive increases ranging from \$5 to \$8.60 per month. In most cases, increases for survivors will be from about \$2 to \$5 monthly, Calvert said.

All persons filing claims for retirement or survivors insurance since Sept. 1, 1952, will have their benefits figured to include these new increases, as provided in the 1952 amendments to the law. It is not necessary for persons now receiving social security benefits to contact the Odessa Social Security Office to get these increases. The October checks will automatically include the increased amounts, Calvert stated that there were

changes in the 1952 amendments. One of these provides that any retired beneficiary that has worked at least one and one-half years since 1950, regardless of whether or not he is over age 75, can have his benefits refigured if this additional work will give him a higher payment.

Another change provides wage credits for military service for the period July 24, 1947 through Dec. 31, 1953. These wage credits, at the rate of \$160 per month, are credited to the veteran's social security account when he retires and files claim at or after age 65, or is credited at the time of the veteran's death, when survivorship claim is filed. There is nothing the veteran needs to, or can do, at this time to obtain these credits. They are credited only when claim is filed for old age or survivors insurance, unless some other Federal benefit is payable based entirely or in part on this same military service.

Calvert said one change that affects practically all persons receiving benefits is the new increased amount of earnings a beneficiary may earn and still receive benefits. Beginning Sept. 1, 1952,

any beneficiary may earn \$75 or less, and still receive their benefits. The law still requires, however, that when a beneficiary earns more than \$75 in any calendar month, his benefits must be suspended. This applies to retired workers, as well as to widows, children, and parents receiving benefits.

"We realize that some misunderstanding still exists concerning social security benefits," Calvert said. "I suggest that any person having a question about social security, and aged retired workers, or survivors of workers who have never filed a claim for social security benefits, get in touch with a representative from our Odessa office any Tuesday morning at the Texas Employment Commission here in Big Spring. Then we can discuss their individual case fully."

It is thought that the Chinese first used natural gas, piping it from its source in bamboo tubes. Because rain conducts electricity quietly from clouds to earth, lightning frequently stops when rain begins to fall.

Riding The Elephant

Miss Dolly Jacobs is shown riding atop one of her elephants which will be shown here Oct. 22 and 23 when the Shrine Circus comes to town. The circus will be presented twice daily, at 2:30 p.m. and 8:15 p.m. at Steer Stadium. The circus is sponsored by the local Shrine Club and proceeds will be used for the club's various activities.

### Serious Study Of Truck Route Around Big Spring Is Warranted

Big Spring admittedly needs at least another east-west traffic artery. The Texas Highway Department is giving some serious study in co-operation with the county commissioners court and the city commission, toward meeting this need. In fact, the possibility of opening Fourth or some other street is included in the planning program for the next year.

shudder. If empty, the explosion could be violent and destructive. Truck drivers don't like to come through town. As many as can cut off at Benton, go over the over-pass there and then take N. 12th back to U. S. 87 north of town. But those who are westbound have no alternative such as this. They must come through the heart of town.

### So Another Special Week Comes Along, One For The Newspaper

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

So many special "weeks" get thrown on a newspaper editor's calendar—with organizations, industries, special interests and whatnot wanting publicity on their "week"—that the whole business creates a tolerance, if not a resistance. You know, so many weeks—and a lot of them in the same week—that you get surfeited with them. Like taking so much penicillin that it begins to do you no good.

### This Day In Texas

By CURTIS BISHOP

The Mid-Kansas and Transcontinental Oil Company started drilling a new well in Pecos County on this day in 1926. The ranchman who owned the land they drilled on probably had slight notion of the excitement in store for him. He had bought this ranch land in the forbidding Pecos area in 1915, when he had only coyotes, rattlesnakes and a few deer for neighbors.

My favorite Bible verses are II Corinthians 5:18-19: "And all things are of God, who hath reconciled us to himself Jesus Christ, and hath given to us the ministry of reconciliation; To wit, that God was in Christ, reconciling the world unto himself, not imputing their trespasses unto them; and hath committed unto us the word of reconciliation."

Look Who's Here

Red Skelton seems happy to see Ann Miller in this scene from "Lovely To Look At" showing Tuesday and Wednesday at the Jet Drive-In. Kathryn Grayson and Howard Keel are also starred in the movie. The action takes place in Paris, where Skelton inherits a dress shop from his aunt. Skelton and his entertaining pals turn the failing dress business into a profitable show business.

Trouble Brewing

Steven Cochran, right, examines some broken harness in this scene from Warner Brothers' "The Lion and the Horse," showing today and Monday at the Jet Drive-In. His horse Wildfire has disappeared. The movie concerns a man's love for his horse and the hardships he has obtaining it. The show gets its name from a fight between the "wonder horse" and a lion.

Fuzzy Aint Foolin'

Fuzzy Knight is busy kissing Phyllis Coates in this scene from "Fargo," as Wild Bill Elliott looks on. "Fargo" will play at the State Theatre today and Monday. The movie is about range wars between the cowboys and farmers. The pokes don't like the idea of the farmers' fences, and they attempt to do something about the fences after being stirred up by crooks.

# Circus Thrills In Ritz Film

Cecil B. DeMille's Technicolor production, "The Greatest Show on Earth," will reach the halfway point of its week showing at the Ritz Theatre today. The movie will be screened through Wednesday.

## Man's Regard For His Horse Is Movie Theme

"The Lion and the Horse," showing at the Jet Drive-In tonight and Monday night, advocates that the horse, not dog, is man's best friend. Theme of the show is man's love for his horse.

Black Knight, the "wonder horse," has the lead part in the movie. Steven Cochran plays the part of his owner. Top point in the movie is a fight between the horse and a lion, with the horse winning.

Cochran is a member of a crew which rounds up wild horses. He finds the spirited steed Wildfire and decides to keep him for himself. But Wildfire is said to a rodeo before Cochran can raise the money.

Working his way around the rodeo circuit, Cochran finds the horse. The rodeo owner will not sell the horse and is treating the animal cruelly. Cochran sets the horse loose, and they wind up at a ranch owned by a kindly old man. Cochran trains the horse, but the rodeo owner shows up. Wildfire kills the rodeo man, and Cochran flees because state law requires horses killing men to be shot. On the flight, Cochran and the horse encounter the run-away lion, and the fight results. Wild-

## Rodeo Performers Provide Thrills In 'Lusty Men'

"The Lusty Men," a tale about rodeo riders, will open Thursday for a three-day stand at the Ritz Theatre. Robert Mitchum, Susan Hayward, and Arthur Kennedy lead the list of actors.

## 'Callaway' Pokes Some Fun At The Old Westerns

The accent will be on laughs at the Terrace Theatre tonight and Monday night with the showing of "Callaway Went That Away," starring Fred MacMurray, Dorothy McGuire and Howard Keel.

The movie is a take-off on television and Hollywood westerns. It concerns the re-release of old western movies over television, resulting in the "re-making" of an old star.

Howard Keel plays the old "star"—Callaway—as well as a younger man who resembles Callaway. The real Callaway is a stinker, and his counterpart—"Smoky"—is a none-too-bright country lad.

Between the two periods of popularity, Callaway disappears. MacMurray and Miss McGuire act as movie agents who are trying to find the star after he becomes famous again.

Unable to find the real Callaway, they substitute Smoky. After Smoky is getting established, the real Callaway comes on the scene. Most people do not know there are two "Callaways," and confusion results.

## NAME IS MORE FITTING NOW

A Webb Air Force Base airman changed his name to fit his frame Saturday.

His name was John Joseph Schnokis. He said people did not pronounce or write his last name correctly, causing confusion and embarrassment.

Judge Charlie Sullivan granted the airman's request to change his name to John Joseph Long. Long is about 6 feet, 5 inches tall.

Air Artist

Cornell Wilde is shown above as he appears in Cecil B. DeMille's production, "The Greatest Show on Earth," showing at the Ritz Theatre through Wednesday. Wilde plays an aerial performer in the movie.

## Newspaper Seminar Will Open Monday

AUSTIN, Oct. 4 (AP)—Ways to write and present news of interest to women will be discussed at a two-and-a-half-day conference at the University of Texas beginning Monday.

The university's school of journalism will be host to 28 participants in the Texas Daily Newspaper Association seminar.

Walter R. Humphrey, Ft. Worth Press Editor and seminar chairman, will open the conference with a talk on "The Woman's Page Grows Up." Viva Begbie, Shreveport Times society editor, will be moderator, and Jean Mooney of Cleveland, NEA Service women's service director, will lead the discussion.

Marguerite Hercules, Tyler Courier-Times and Telegraph women's and society editor, will be moderator of a session on "Making Women's Pages Attractive." Arthur Laro, Houston Post managing editor, will lead the discussion.

## Water Consumption In City Increases

City water consumption boomed upward Friday after hanging around the two-million-gallon mark daily since rains of early last week.

Usage Friday amounted to 3,840,000 gallons. Consumption Saturday probably was high also, although report on the quantity will not be available until 8 a. m. today.

## Mishap Is Reported

A minor traffic mishap about 8:20 a. m. Saturday involved automobiles driven by Lucile Simpson Payne, 107 E. 16th, and James Albert Pope, 100 W. 3rd, police reported.

## FILM TO TELL STORY OF IKE

First of a series of films presenting the presidential candidates will be screened at the Ritz Theatre Sunday and Monday. The weekly issue of the newsreel this week will be devoted solely to the "Eisenhower Story." It will give pictorial highlights of Ike's life and public career.

A subsequent newsreel issue will present Gov. Adlai Stevenson.

## Program Of Fun For K-F Club

The Big Spring Knife and Fork Club launches its new fall and winter season with a program on October 14. Announcements concerning the affair, and request for reservations will go into the mail this week. Reservations should be returned to Tom Rosson, acting club secretary.

A program of mirth, unusual demonstrations of the capabilities of a trained memory and some novel music from musical glasses is in store for the program. Guest of honor will be George Bailey who, among other things, is known as "the man with the photographic memory." He is also a musician of sorts, coaxing melodies from his set of glasses, and he adds humor to the general program.

This program departs from the serious lectures which mark many K-F programs, and club directors said Bailey comes recommended as one of the ablest entertainers obtainable on the dinner-club circuit.

The program will be at the Sattles Hotel, beginning at 7:30.

## Bill Elliott Star Of Western Film At State Theatre

"Fargo," starring Bill Elliott, Myron Healey, Phyllis Coates and Fuzzy Knight, will take top billing at the State Theatre today and Monday at Wild Bill Elliott flashes across the screen in the movie, "Fargo."

Produced by Monogram, "Fargo" is in Septatone. The movie concerns the coming of the grain-farmers to the West. Resistance by the cowmen furnishes the plot.

In addition to Elliott, Myron Healey, Phyllis Coates and Fuzzy Knight have leading parts. In a studio preview, the reviewer's rating of the movie was "very good." With a ring of authenticity, the story highlights the introduction of barbed wire to the range. Though the cowmen furnish natural resistance, some crooks give unnatural resistance resulting in a multiple murder.

# Teletypesetters Are The Latest Machines To Speed News To You

**AP Newsfeatures**  
**TELETYPESETTER** machines are being used in more and more newspaper plants all over the country to speed news reports to readers. Some of the mechanical devices which are used are shown in this series of pictures. The machines permit signals to be sent by wire which can be used in a typesetting machine to produce the type from which your newspaper is printed. The same kind of tape with holes punched in it that is used on the more familiar teleprinters now operates the typesetting machine as well as a typewriter. A mechanical device permits wired signals to be used to duplicate patterns of holes in the tape. This tape is then run through a machine that actuates the mechanism of the typesetter. But the same signals which determine the patterns of the holes in the tape also are used to operate a typewriter. This gives the newspaper editor typewritten copy which he can edit.

**PUNCHER**—The operator types copy on this machine. Note the device to the left of his left hand which punches holes in the tape and the machine on the far left which produces the wire signals by which the hole-pattern can be duplicated in another tape at a distant point. Just above the operator's head, the copy is being reproduced on a typewriter in the short lines which will make even lines of type when the tape is fed into a line caster. The device beside the copy above the operator's right hand measures the space each letter will take.

**NEWS ROOM** copyreader is using another machine to send a message to the shop. He orders the story he has selected to be set in type. Then he edits his typewritten copy and attaches it to the proof of the type. The proofreader then makes corrections on proof.

**STORAGE**—Tape which is sent to a newspaper is not always set into type as soon as it is received. This fact involves a storage operation which is designed to make the "books" of tape readily available for the typesetters. Here the girl rolls up the tape in a machine and places it in slots numbered to correspond to the book numbers on the tape. Then when the editor calls for a book number selected from his typewritten copy tape for that book can be taken out of the slot and sent to the typesetter where it is cast into type.

**SPEED** is one of the important factors in news transmission. When an urgent story is received in the newspaper office it can be transferred directly from the machine that perforates the tape to the typesetting machine. This picture shows this operation. The man at the left is watching the tape as it is fed into the typesetter. Note that the typesetter is the same kind that is found in most printing plants. It still has the keyboard which can be used to set corrections or copy which has not been transmitted by tape.

## DESPITE ELECTRICITY SHORTAGE

### French Lure Tourist Trade By Illuminating Monuments

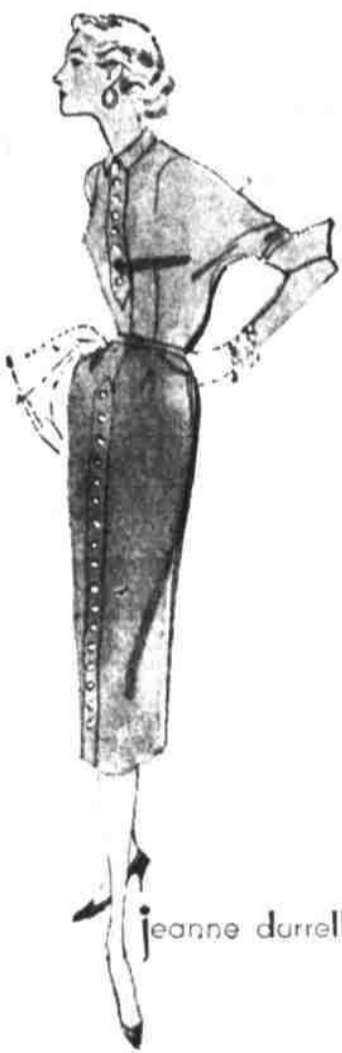

By ED HARTE  
 PARIS—"I figured out that each hot bath was costing me 300 francs (about 75 cents) so I quit taking so many," a Parisian friend told us.  
 She was heating the water in an electric heater.  
 As the above statement proves, electricity is still fantastically expensive in France. Here, as in all of Western Europe, there was a shortage of electric power after the war. Consumption was controlled a while, and a friend told us that when she exceeded her ration, the service to her apartment was suspended for one week.  
 But now, we are told, France has a surplus of electric power and is even selling some to Germany. The increased output of electricity has come not so much from greater coal production as from the

completion of hydroelectric plants in the French Alps and the Pyrenees.  
 However, if the French used electricity as Americans do, their supply would be far from adequate. Refrigerators are rare here. Only in the last year or so, we are told, have French housewives turned an interested eye to electrical gadgets—toasters, mixers and washing machines.  
 There is a rather whimsical side to the story of French electricity—the voltage varies from town to town all over the country, a situation which may be a barrier to the widespread use of electrical motors in homes. This lack of uniformity in voltage shouldn't surprise us too much, however, when we remember that at least as recently as the 1940s, there were districts of both New York and

Boston where only direct current was available.  
 The French, paradoxically, squander electricity on the outdoors while rigidly conserving it indoors. In ordinary hotel rooms one is fortunate to have the pale glow of two or three unfrosted 40-watt bulbs by which to read and write. Right across the square, however, will be an immense cathedral or chateau, literally bathed in the light of numberless flood-lamps.  
 By illuminating their national monuments at night, the French have greatly enhanced the attractiveness of their country to tourists. In cities there is general illumination of all great buildings, even ruins. And in the chateau district, visitors by the busload travel up and down the Loire looking at illuminated castles.

In America we take a bridge for granted. We expect it, and in almost every part of our country, we have it. Even in dry West Texas we will span a gully which does not run water 10 days out of the year with a \$100,000 bridge.  
 In France bridge building doesn't go forward so rapidly, and many of those destroyed in the war still have not been replaced.  
 We were surprised by the number around Paris which were destroyed. I would guess that between Paris and Tours, one-fifth of the bridges still are down.  
 Apparently all the nations in World War II contributed to this destruction. The retreating French blew up their own bridges to impede the Germans. Later the British and Americans destroyed them after Germany occupied France. And finally, the Germans, beaten and retreating, blew up the bridges to slow the Allied sweep across France.  
 The net result is a considerable amount of destruction, much of it not yet replaced.  
 Those which are being rebuilt are in the traditional French style of bridge-building, which aesthetically at least, leaves nothing to be desired. They like low bridges, supported by several low arches. One sees them everywhere, sturdy yet supremely graceful. They are like Memorial Bridge across the Potomac at Washington, only not so large.  
 In bombing and blasting strategic bridges, the armies of World War II also laid waste large areas around the approaches to the bridges. We have seen extensive damage of this sort in waterfront areas of Orleans, Tours, Blois and Saumur.  
 In each instance the bombed areas are being rebuilt in an elegant style and probably will be handsomer than they were before.  
 The French have known for centuries that a city in which the architecture is harmonious and to a certain extent similar is a city which will give an impression of beauty, elegance, and repose. So in Paris a general spirit of Classicism prevails in almost all the architecture—sometimes it's simple and "pure," sometimes ornate and 1860-ish. But nearly always there's an unmistakable family resemblance, a harmony of architecture which contributes immeasurably to the celebrated beauty of Paris.  
 That willingness to impose a rigid architectural pattern on block after block of buildings which created the Place Vendôme, the Place de la Concorde and the Rue de Rivoli in other centuries persists still in French building.  
 The rehabilitation of every devastated area we have visited is being carried out according to a master plan which will result in block after block of fine buildings, all in the same style.  
 Of course, there will be many devices such as squares, courts, "half-moon" streets and so forth to give variety. But no variety in style.

**Prince Valiant**  
IN THE DAYS OF KING ARTHUR  
BY HAROLD GILL

**Synopsis:** AN IMPERIOUS COMMAND INTERRUPTS ARN'S WORK. "PLEASE STRING MY BOW, I AM STRONG ENOUGH, OF COURSE, BUT YOU DO IT BETTER. I AM GOING HUNTING LIKE MY SIRE, PRINCE VALIANT. I'LL SHOOT A WOLF, OR A BEAR, MAYBE!"

PRINCE ARN, THE HUNTSMAN, LEAVES VIKINGSHOLM BY THE POSTERN GATE AND MAKES HIS WAY TO THE CHASE WHERE THE HARE WARRENS ARE, STALKING CAREFULLY.

THE HARES ARE NOT ALARMED.... LITTLE DO THEY KNOW THAT ONE OF THE REALLY GREAT HUNTERS OF THE FUTURE IS BENT ON THEIR DESTRUCTION! HE NOCKS AN ARROW AND TAKES AIM!

A HIT! PERHAPS IT IS NOT THE ONE HE AIMED AT, REALLY, BUT IT IS HIS ARROW THAT BRINGS THE ANIMAL DOWN! AND IT IS THE BIGGEST HARE IN THE WORLD, HE'D WAGER. NEVER HAS HE SEEN THE HUNTERS BRING IN A HARE THAT REACHED FROM SHOULDER TO GROUND. HIS DOES!

HE TURNS HOMEWARD WITH HIS PRIZE AND THERE STANDS TILlicum, HIS PERSONAL FRIEND. WITH A RUSH OF EXCITED WORDS, HE TELLS HER OF HIS REMARKABLE PROWESS AS A HUNTER, BUT SHE SMILES QUIETLY AND HANDS HIM HER KEEN KNIFE. "I SEE YOU HAVE NOT YET DRESSED YOUR GAME," SHE SAYS.

"NO TRUE HUNTER EVER KILLS WHAT HE CANNOT USE, AND HE MUST BE ABLE TO CLEAN, DRESS AND EAT WHAT HE DOES KILL. THAT IS THE LAW OF MY TRIBE, A TRIBE OF HUNTERS."

ARN FINDS THAT HARES DO NOT LOOK AS NICE ON THE INSIDE. THERE IS BLOOD AND STUFF AND HIS STOMACH FEELS FUNNY. HE LOOKS APPEALINGLY AT TILlicum.....

WITH A FEW DEFT MOTIONS, SHE DRESSES THE GAME. THEN, TAKING THE SMALL DIRTY HAND IN HERS, LEADS HOME A YOUNG MAN WHO HAS JUST LEARNED THAT THERE IS MORE TO HUNTING THAN JUST KILLING GAME.

NEXT WEEK - The Valuable Guest.

Y'WANT RACIN' PLATES ON THIS HORSE EH?...WELL, HE SURE WOULDN'T DO MUCH RACIN' WITH THESE SHOES... THEY'RE HEAVY ENOUGH FOR A PERCHERON!

YES, WE KNOW... THEY WERE MAKING HIM PICK UP HIS FEET LIKE A HIGH-STEPPER AT A SHOW!

HOW LONG WILL YOUR PROFESSIONAL SERVICES REQUIRE, MR. COOPER?

WELL, NOW, MISTER, I DON'T HAVE ANY REAL RACIN' PLATES...THE ALUMINUM ONES, Y'KNOW...BUT I CAN PUT A REAL NICE SET O' LIGHT SHOES ON HIM... HAVE HIM READY IN A COUPLE OF HOURS!

EXCELLENT, SIR...WE WILL TAKE A STROLL THROUGH THE FAIR GROUNDS WHILE YOU PURSUE YOUR ANCIENT AND HONORABLE TRADE!

YOU TALK KINDA RANCY, MR. STOVEPIPE... LIKE A BOOK OR SUMP'N...ARE YOU A PROFESSOR?

I AM A MAN OF MANY FACETS, MY FRIENDS...ARTIST, SCIENTIST, POET...I PREFER TO BE KNOWN AS A "PERIPATETIC PHILOSOPHER!"

OR AN ACTOR, MAYBE?

DOC!...AS I LIVE AND BREATHE! MY OLD SIDE-KICK, DOC...BOY, THIS IS LIKE MONEY FROM HOME! HOW 'BOUT TAKIN' THE SUCKERS WITH THE GOOD OL' SNAKE-OIL PITCH?

BOYS, THIS IS MY OLD FRIEND, MR. "DENVER DOOLEY"... HE MEANS BY HIS COLORFUL COLLOQUIAL ISMG. THAT HE WISHES MY SERVICES AS A MEDICAL MAN...ALAS, DENVER, I'M AFRAID NOT...

YOU SEE, MY YOUNG ASSOCIATES AND I ARE THE JOINT PROPRIETORS OF A HANDSOME STEED WITH WHICH WE ARE ABOUT TO WIN THE BLUEBOOK HANDICAP!

DABBLIN' WITH THE BANGTAILS, EH?... WELL, GOOD LUCK, BUT IF YOU CHANGE YR MIND, LOOK ME UP, DOC!

YES, SIR...HE'S ALL SHOD... THAT'LL BE TWENTY BUCKS... FIVE DOLLARS A SHOE!

I ASSUME, MR. COOPER, THAT YOU WILL EXTEND US CREDIT UNTIL WE HAVE WON THE RACE.

TWENTY DOLLARS! JEEPERS! PETE AN' I HAVE ONLY THREE SIXTY BETWEEN US!

GORRY, GENTS, BUT I HAVE TO RUN MY BUSINESS ON A CASH BASIS...I'LL JUST HOLD THIS HORSE AS SECURITY 'TIL YOU CAN DIG UP THE TWENTY!

BUT, JEEPERS! OUR HORSE!... WE GOTTA HAVE HIM TO GET THE MONEY!

I CAN'T BELIEVE IT - EVERYBODY SAID MY BABY WAS GOING TO DIE--

ANY GOOD DOCTOR COULD DO WHAT I DID - THANKS TO MODERN MEDICAL KNOWLEDGE-

EVERYBODY SAID THERE WAS NO HOPE - NOTHING COULD SAVE HER -

NEVER GIVE UP HOPE - AND DON'T PAY TOO MUCH ATTENTION TO WHAT "EVERYBODY" SAYS -

HOW CAN I REPAY YOU, DOCTOR?

THERE'S NO NEED FOR THAT - SEEING YOUR BABY WELL IS MY PAYMENT-

THANK YOU AGAIN, DOCTOR. I'LL NEVER FORGET YOU - I OWE YOU MY BABY'S LIFE -

I'M HAPPY I COULD HELP -

GLORY DAY! WILL YA LOOK AT THAT SKY? IT LOOKS LIKE THE ANGELS WAS RUNNING A BIG JEWELRY STORE, CAUSE THE SKY IS FULL OF HAPPY, DANCIN' STAR DIAMONDS-

IT DOES LOOK LOVELY-

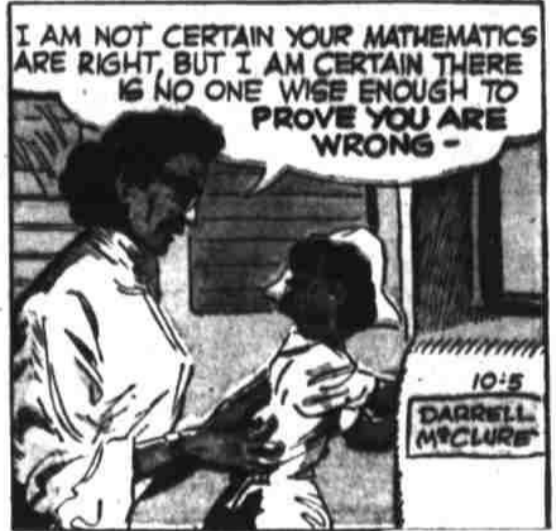

YOU KIN TELL BY THE WAY THE STARS SPARKLE AN' TWINKLE, THEY FEEL TERRIBLE HAPPY - AN' IF THEY WASN'T LUCKY THEY WOULDN'T BE HAPPY -

THAT SOUNDS LOGICAL

I GUESS THERE'S MORE LUCKY STARS IN THE SKY THAN THERE IS PEOPLE IN ALL THE WHOLE WORLD - AN' THAT'S WHY EVERYONE KIN HAVE THEIR OWN LUCKY STAR - EVEN POOR KIDS KIN HAVE ONE - AIN'T I RIGHT??

I AM NOT CERTAIN YOUR MATHEMATICS ARE RIGHT, BUT I AM CERTAIN THERE IS NO ONE WISE ENOUGH TO PROVE YOU ARE WRONG -

THE ARABS RODE TO A DISTANT NATIVE VILLAGE WHERE ABU MADE A DEAL-- "YOU HAVE BEEN WELL PAID, OGAR. SEE THAT THE WHITE MEN ARE KEPT OCCUPIED!"

"AND NOW, MY PRETTY, WE GO TO THE NORTH--WHERE THE SLAVE MARKET CLAMORS FOR MILK-WHITE SKIN AND BLONDE HAIR!"

... LATER, IN EARLY MORNING, THE MEN WERE AWAKENED BY SEVERAL BLABBERING PORTERS. "BWANA, BWANA, THE GIRL IS GONE!"

CLARK JUMPED UP. "THOSE BLOODY ARABS TRICKED US! C'MON, HANK, LET'S GET 'EM!"

BUT SUDDENLY SAVAGE CRIES DIVERTED THEIR ATTENTION-- ALL FACES TURNED, OPEN-MOUTHED, AS OGAR AND HIS MEN CHARGED INTO THE CLEARING AND ENGAGED THE STARTLED CAMP IN A VICIOUS STRUGGLE! THUS DID OGAR KEEP THE WHITE MEN "OCCUPIED!"

CASPER, I WISH YOU WERE LIKE MABEL'S HUSBAND! SHE NEVER HAS TO BEG HIM FOR MONEY BECAUSE HE TURNS OVER HIS PAY CHECK TO HER EVERY WEEK!

HE TAKES HER OUT TO DINNER AND A THEATER AT LEAST ONCE A WEEK AND HE SENDS HER CANDY AND FLOWERS EVERY FEW DAYS!

HES NEVER FORGOTTEN HER BIRTHDAY OR AN ANNIVERSARY! HE DOES MOST OF THE COOKING, WASHES ALL THE DISHES AND SERVES HER BREAKFAST TO HER IN BED EVERY MORNING!

AND HE ALSO--

TOOTS, I'VE BEEN TRYING TO TELL YOU ABOUT EDDIE GOOFUS, OUR NEW AUDITOR! I JUST CAME FROM HIS HOME! HE WANTED ME TO MEET HIS WIFE!

EDDIE'S WIFE IS PRETTY, AND A SWELL COOK! SHE MAKES ALL HER OWN CLOTHES AND HATS, AND ALL THEIR DRAPES, CURTAINS AND LAMP SHADES! SHE EVEN REUPHOLSTERED THEIR SOFA AND PAINTED THE KITCHEN!

IF SHE WANTS SUMP'N' LIKE A NEW STOVE, SHE GETS A JOB AND EARNS THE DOUGH TO PAY FOR IT!

QUITE A GAL, I'D SAY! HMM-- THERE'S THE DOORBELL!

I'M EDDIE GOOFUS! THIS IS CASPER'S BRIBEF CASE! HE FORGOT IT AT MY APARTMENT!

CASPER WAS JUST TALKING ABOUT YOU, MR. GOOFUS!

AHEM-- KOFF-- KOFF-- CASPER SAYS YOUR WIFE IS A WIZARD WITH NEEDLE AND PAINT BRUSH!

THAT'S A HOT ONE! I HAVE NO WIFE! I'M A BACHELOR!

YOU MADE UP THAT STORY FOR MY BENEFIT, DIDN'T YOU? I'LL FORGIVE YOUR DECEPTION-- BUT FIRST YOU'LL HAVE TO BUY ME A NEW HAT!

# THE LONE RANGER

JIM, IF THE LONE RANGER GOT MY TELEGRAM HE WILL MEET YOU ON THE STAGE TRAIL. HE WILL KNOW WHAT TO DO WITH THE BURIED GOLD AND THIS MAP WILL SHOW HIM WHERE TO FIND IT.

I'LL GUARD THE MAP WITH MY LIFE, DAD. AND IF THE LONE RANGER DOESN'T MEET ME I'LL WAIT IN VIRGINIA CITY TILL I HEAR FROM HIM.

JIM TRAVELS BY TRAIN TO THE END OF THE LINE.

WHERE HE BUYS CLOTHES AND WEAPONS FOR THE REST OF THE TRIP THROUGH WESTERN WILDS.

THIS IS A FAST-SHOOTIN' REPEATER. IT'S THE LATEST THING.

I GOT HIS NAME FROM THE STATION AGENT. HE'S THE ONE WE WANT!

GET THE TELEGRAPH OPERATOR. TELL HIM IF HE WANTS TO SHARE THE GOLD HE WILL HAVE TO HELP IN THE STICK-UP!

WE'LL HEAD SOUTH TO THE STAGECOACH TRAIL. THEN WAIT FOR THE STAGE THAT'S BRINGING THE MAN AND THE MAP FROM WASHINGTON.

HEY, NOSEY, HOW FAR AHEAD O' THE STAGE DO WE GO?

THERE'S A GOOD SPOT JUST AHEAD.

WHY DO I HAVE TO HELP HOLD UP THE STAGE? I DID MY PART BY TELLING YOU ABOUT THE MAP!

THAT TREE'LL STOP THE STAGE!

SOON AS IT STOPS, WE SHOOT THE DRIVER AND THE PASSENGER, WE'LL GET THE MAP, AND TWO OF US WILL TAKE THEIR PLACES ON THE STAGE.

WHEN THE LONE RANGER MEETS IT, WE'LL GET HIM!

TREE'S FALLEN TO BLOCK THE TRAIL. HERE'S WHERE WE STOP AN' CHOP WOOD!
