# Mile-Long Parade To Kick Off Rodeo

### First Event Scheduled At 8 Tonight

The Top O' Texas World's Championship Amateur Rodeo gets underway at 4 p.m. today with a mammoth mile-long parade featuring a bevy of mounted cowpokes, Indians, bands and floats. More than 1,000 participants will spark the line of march. The serious business of competition begins at the rodeo grounds at 8 p.m. and will continue nightly through Saturday.

Allan Shivers will be in attendance Friday night. Marshal Holly Gray, first vice-president of the rodeo association, spent a hectic morning getting

Seventeen policemen will be on duty this afternoon to assist in the Top O' Texas Rodeo parade and seven including the chief will work the Rodeo tonight.

Only two men were needed last night but the expected crowd tonight will merit all out efforts of the police department, the chief said.

The police department will be assisted by the Highway patrol he added.

Things prepared for the parade and "squaring away" the arrival of the groups Kicking off the parade along with the Texas Highway Patrol, and the National Guard Color Guard will be the Amarillo Air Force band followed by city and county officials.

Twenty-one separate contingents, ranging from the Bobby Williamson Band, Portis Sims Troup (pony act), Sawah Indians, to the Wheeler Sheriff's posse will get the afternoon festivities rolling, Gray said. The Williamson band will play at the rodeo, and also at dances in the Pampa Junior High School Auditorium, following the four nightly sessions at the rodeo grounds.

## Farm Issue Win Forecast For Ike Camp

WASHINGTON, Aug. 4 — UP — The Senate was scheduled to kick-off general farm debate Wednesday with all signs pointing to an administration victory.

Principal issue is the form of government price supports next year on basic crops.

Sen. Milton R. Young (R-N.D.), militant advocate of continuing the present system of rigid props at 90 per cent of "fair price" parity, conceded in an interview that "we may lose."

Chairman George D. Aiken (R-Vt.) of the Agriculture committee, the Eisenhower farm spokesman in the Senate, planned to make this the first test in what is likely to be a series of votes.

Both sides agreed the farm issue could be settled within two or three days. Farm bloc confidence that it could maintain rigid, 90 per cent supports was waning.

"We are going to put up the toughest kind of a fight, but we may lose," Young said. "We have a fighting chance."

Republicans generally were lined up to support the administration in its demand for flexible supports, with Democrats mainly for sticking to 90 per cent props.

## PURE-BRED BULLDOG LENDS NOBLE AIR TO DOG AUCTION

An air of nobility was added to the city dog auction Wednesday with the offering for sale of a purebred bulldog. Seven other dogs, without aristocratic blood lines, went under the auctioneer's hammer at the city pound.

"We start the bidding with what is owed on the dogs for license, food and rabies shots. The trouble is hardly anyone comes to the auctions," lamented Carl Blue, city dog warden.

Anyone looking for a good hound? See Blue.

## Angry Ike Defends Marshall's Integrity

WASHINGTON, Aug. 4 — UP — President Eisenhower Wednesday came to the rousing defense of Gen. George C. Marshall in what prepared to be an indirect slam at Sen. Joseph R. McCarthy (R-Wis.).

The President, at his news conference, praised Marshall as a great American patriot. He sternly rejected any suggestion that the former Army chief of staff and ex-secretary of state had conducted his career to promote his own interests.

Mr. Eisenhower made an admittedly emotional defense of Marshall when asked a question concerning a letter put into the Congressional Record this week by McCarthy, one of Marshall's severest critics.

The letter was written by former Secretary of War Harry H. Woodring and said in part that Marshall "would sell out his grandmothers for personal advantage."

Sorry Reward for service Red-faced and angry, Mr. Eisenhower said this was a sorry reward for 50 years of dedicated, patriotic service.

The President said that Marshall, to his way of thinking, was the typification of an American patriot.

Mr. Eisenhower said Marshall served brilliantly and always to the best of his ability.

After this brilliant record, he said it was a sorry reward for Marshall to have it said that he is not a loyal, fine American and that

## Welch Under Police Guard

WALPOLE, Mass. Aug. 4 — UP — A heavy police guard was maintained Wednesday at the quiet colonial-type home of attorney Joseph N. Welch and at a Cape Cod summer cottage where he was staying because of a report that a

Welch, colorful figure in the recent Army - McCarthy hearings was under close guard at a Wellfleet cottage whose location was kept secret. State and local police also watched for the supposed killer at the vacant residence here.

Plainclothesmen were stationed at railroad stations, airports and bus terminals in Boston and Providence, R. I.

The report from Washington metropolitan police said a woman telephone caller told them her estranged husband was on his way here to settle a personal grudge with Welch and planned to "get" him with a German Luger pistol.

# Pampa Kids Win 7 Of 13 Pony Show Events

Some 300 boys and girls from all over the Panhandle got the Top O' Texas Rodeo off to a rousing start yesterday afternoon and last night by competing in the Kid Pony Show at the Rodeo grounds.

More than 100 qualified for last night's finals with champions being named in 13 separate events. The other entries were eliminated in the afternoon preliminary session.

An estimated 2,000 fans cheered the kid performances last night that took less than two hours to stage.

There were two double winners in last night's finals. Norma Jean Dillman of Pampa captured the top prize in "Girls Reining," and in

the "Girls Wild Cow Milking" contests while Walter Arnold of Billverton bagged firsts in "Boys Bull Riding" and "Boys Calf Roping."

Other first place winners were Norens Urbanczyk of Pampa in "Girls Boot Race"; Ernest C. Lewis of Groom in "Boys and Girls Bull Riding"; Thomas Puryear of Mobeetie in "Boys Potato Race"; Lynda Zmotony of Pampa in "Girls Do-Nut"; Ray Dean Byerley of Liberal, Kans., in "Boys Flag Race"; Lynn Taylor of Pampa in Group 1 "Boys and Girls Barrel Races"; Billy Huff of Pampa in Group 2 "Boys and Girls Barrel Races"; and Lou Ann Taylor of Pampa in "Clover Leaf."

All Kid Pony Show entries participated in the grand entry which completely flooded the Rodeo grounds with kids and ponies.

Bob Andis of Pampa was the Pony Show director.

Following are the complete results of last night's finals:

**BOYS BULL RIDING**  
1. Walter Arnold, Silverton; 2. Max Barton, Canadian; 3 (tie) Leslie Barrett, Sunnett, and Hoppy Mathis, Canadian.

**GIRLS BOOT RACE**  
1. Norens Urbanczyk, Pampa; 2. Olivia Swain, Pampa; 3. Jean Hopkins, Pampa.

**BOYS AND GIRLS BULL RIDING**  
1. Ernest C. Lewis, Groom; 2. Billy Huff, Pampa; 3. Gary Heiskell, Pampa.

**BOYS POTATO RACE**  
1. Thomas Puryear, Mobeetie; 2. Mike Gobbie, Liberal, Kans.; 3. Kenneth Pittman, Liberal, Kans.

**GIRLS REINING**  
GROUP 4  
1. Norman Jean Dillman, Pampa; 2. Nancy Sharp, Pampa; 3. Janice Dillman, Pampa.

**GIRLS DO-NUT**  
1. Lynda Zmotony, Pampa; 2. Paula Loper, Pampa; 3. Lynda Sue Airey, Pampa.

**BOYS FLAG RACE**  
1. Ray Dean Byerley, Liberal. (See PAMPA KIDS, Page 3)

## Well Dig That Crazy Column

All you cool cats who want to be with it just have to turn to Teen Topics today and you're there man!

It's the most! That's our boast.

Marlene Kolb, and her writing machine jot down all the doings gathered from the world of the Pampa teen agers.

(Just to put you in the know, Jack, She's got a crew of spies covering this old city like a blanket — real smooth.)

And all you ex-Teens yearning for learnin' will find it right interesting too. It's a regular Wednesday bonus in Your Pampa Daily News.

## Tension High In Guatemala

GUATEMALA CITY, Aug. 4 — UP — Seething crowds in the streets and a student "general strike" Wednesday created threats of new violence in strife-torn Guatemala.

A menacing demonstration by President Carlos Castillo Armas' four-plane "air force" Tuesday quelled an anti-government uprising at the Aurora Air Base without bloodshed, but tension still ran high.

A crowd estimated at 100,000 persons gathered outside government house to cheer Castillo and year Col. Efigenio H. Monzon, member of the governing junta blamed by the crowd for the revolt Monday which forced the president to disband local units of his "liberation" army.

Pro-Castillo students took over the buildings at the University of Guatemala and draped them in black as a token of mourning for the 25 persons killed in Monday's fighting. The students said they will hold the buildings "pending new developments."

## Area Men Suspected Bank Bandits

SAN FRANCISCO, Aug. 4 — UP — Two suspected Oklahoma bank robbers have been apprehended in Northern California, and a third was the target today of a statewide search, the FBI announced Wednesday.

William M. Whelan, agent in charge of the San Francisco FBI office, said James Darrell Holland, 25, was arrested by FBI agents, police and Stanislaus county deputy sheriffs in Modesto about 9:45 p. m. Tuesday night.

The second suspect, James Earl Spangler, 23, was arrested by two policemen at Los Gatos shortly before midnight.

The FBI said two revolvers and \$1,044 were found in Holland's car, and a pistol and \$5,118 in Spangler's. An agent said Holland identified his money as part of the \$25,000. (See SUSPECTED, Page 3)

## Fulbright Demands Vote On McCarthy

WASHINGTON, Aug. 4 — UP — Sen. John F. McClellan said Wednesday the Senate will be "subject to a charge of cowardice" if it fails to stand up and be counted at this session on the censure move against Sen. Joseph R. McCarthy.

The Arkansas Democrat, a pivotal man for his party on McCarthy matters, said the censure issue may keep the Senate in session "three or four weeks longer" than otherwise. But he said the question must be settled before the Senate goes home.

But leaders of both parties appeared to be having some difficulty

by naming the special six-man committee that must weigh the censure proposals and report to the Senate this session. They sifted a thinning list of possibilities — all reluctant — to take on the politically explosive job.

**Seek Respected Members**  
Democrats sought to head their half of the committee with one of their senior and most respected members — someone of the stature of Sens. Richard B. Russell or Walter F. George, both of Georgia.

Sen. John J. Sparkman (Ala.), 1952 Democratic vice presidential nominee, also was mentioned as a possibility.

It was learned that Sen. Burnet R. Maybank (S. C.) turned down a bid to the committee and there were reports that Sen. Harry F. Byrd (Va.) also refused to serve. Sen. Edwin C. Johnson (D-Colo.) also declined the job, informed sources said, because he is a candidate for governor of Colorado.

Holland Mentioned  
Democrats hoped that with one senior man on the committee they could fill the other two posts with younger men such as Sens. Spessard L. Holland (Fla.), Sam J. Erwin (N. C.) or Alton A. Lennon (N. C.).

## Senate Refuses Funds For FPC

WASHINGTON, Aug. 4 — UP — The Senate Tuesday night refused to grant the Federal Power Commission a \$300,000 increase requested to bolster its staff for a heavier work load resulting from the Phillips natural gas case.

On a voice vote, the Senate sustained the action of its appropriations committee which had in earlier hearings likewise refused to recommend the money.

Sen. Homer Ferguson (R-Mich.), who lost the fight in committee, tried to have the money granted on the floor by an amendment to the supplemental appropriations bill. Ferguson pointed out that the Supreme Court decision in the Phillips case on June 7 put an estimated 4,000 gas producers and distributors under FPC jurisdiction where only 120 firms had been under its regulation before.

The court's decision, on which an appeal is pending, held that producers of natural gas who transport it in interstate commerce or who sell it in interstate commerce for resale are subject to FPC regulation under the natural gas act.

Subsequently, FPC ordered all natural gas rates frozen.

If it comes from a hardware store we have it. Lewis Hardware.

## Chuckle Corner

By HAL COCHRAN  
Streets get wider and sidewalks get narrow — and the number of pedestrians is being reduced to fit.

A scientist says there are 21,000 causes of annoyance. Does that include relatives?

Rubber heels are considered best

for the lazy days. They don't scratch the desk.

How can you tell a person is in society if they don't look bored?

Offering some people a penny for their thoughts indicates you don't appreciate the value of money — if there is any.

## Ike Mourns Aid Slash

WASHINGTON, Aug. 4 — UP — President Eisenhower said Wednesday that Senate cuts in the foreign aid program were unfortunate and are too deep.

The President told his news conference that the reduced funds authorized for foreign aid would hurt the United States.

He said those who took the action lacked understanding of what is going on behind the Iron Curtain, what the people in the Kremlin are doing or the American position to try to build up confidence in the free world.

## Richard Henry He's A Pony Show Vet At 8 Years

He talks rather low and he's a bit on the shy side.

But when the small-sized kid with the adult-sized cowboy hat climbs on his horse, "Strawberry," and rides around the barrels, he looks as if he were born in the saddle.

Richard Henry, a slender youngster with a shy grin, is only 8 but he is already a veteran of the Top O' Texas Kid Pony Show.

Perhaps he gets a head start on some other kids, though, in that his dad, Tooter Henry, is a veteran rodeoer and the Henrys live right at the Rodeo Grounds east of Pampa. But young Richard isn't exactly a "new hand," either.

**His Third Show**  
Tuesday was the third year he had been entered in the Kid Pony Show. He took a crack at the barrel race, calf riding and the

Richard's favorite event is the barrel race. The way he eased "Strawberry" around the barrels Tuesday afternoon — not too close and not too far — shows why. Everyone applauded as he flew across the finish line.

"Daddy, daddy, c'mon, daddy." That's what Richard yells when his father is competing. And, next to being in a kid-sized rodeo himself, he'd rather watch his dad. His father takes him over to the arena all the time to let him practice. "I like to help dad with the cattle, too," Richard says.

Richard was born in Pampa, will enter the second grade of Holy Souls School in the fall and likes to play bike polo. He has a kid brother, Tommy, 3, who says proudly, "Richard lets me ride, too."

**Didn't Reach Finals**  
Tuesday afternoon the wind blew and the dust flew, but the young competitors, hung along the arena fence, tightening their hats just like their brothers and fathers, didn't mind.

For this was Their Day and all the kids like Richard had been waiting for it, for months. Richard didn't get in the Tuesday night performance finals, but it didn't bother him too much — there's always another Kid Pony Show.

RICHARD HENRY ... "veteran" cowboy

### Swank Hotel Catches Fire

**NEW YORK, Aug. 4**—UP—One man was snatched from a flaming death and 16 others were overcome by smoke early Tuesday as fire routed some 500 night-clad guests from the Park Sheraton, one of the city's largest hotels.

An off-duty elevator operator was credited with saving the life of hotel guest Gary Cook, 45, of Taft, Calif., and passing the alarm which narrowly averted panic in the 22-story hotel where some 1,500 persons were asleep.

Stanley Giletta, 46, the elevator operator, was returning to the hotel to retrieve a forgotten billfold when Cook shouted for help from his ninth floor window. The fire apparently had been started in his bed by a cigaret, hotel officials said.

Giletta ran to the hotel switchboard and gave the alarm. With bell captain Dan Mulligan and elevator operator John Patrone he then raced to the ninth floor. As Mulligan and Patrone awakened other guests on the smoke-filled floor, Giletta opened Cook's door with a passkey and pulled Cook out.

Cook was taken to Roosevelt hospital for treatment for smoke poisoning. Nine other guests and seven firemen also were overcome by smoke and fumes which mushroomed through all but the top floors of the huge hotel, the city's third largest.

WHOOPI! — Maybe it's just as well that Buddy Yates (above) can't see where he's going. He hung on here to the calf he was riding in Tuesday night's Kid Pony Show, but the calf toppled him seconds later. (News Photo)

### Mainly About People

**Mr. and Mrs. Dean Lassiter** and children, Ronnie and Sue Allen of Bell Gardens, Calif., are visiting in the home of his parents, Mr. and Mrs. Roy Sullivan, west of Pampa, and his brother, Mr. and Mrs. Floyd Lassiter, 517 Doucette.

Mrs. Lassiter is 56, Mr. Lassiter, 57, and the children, Ronnie, 10, and Sue, 8.

Mr. and Mrs. Merie McCracken, Jimmie and Dennis of Los Angeles, are visiting in the home of his parents, Mr. and Mrs. L. L. Guthrie, south of city, and other relatives and friends.

Polio insurance and 15 other diseases covered up to \$15,000. See O. W. Appleby or Ph. 4-6431.

Jo Tooley, daughter of Mr. and Mrs. Joe Tooley, 1318 N. Russell, will leave Sunday morning to attend a cheerleaders school at Southern Methodist University.

Fuller Brush 54 Cook Ph 4-6546 Nancy Frye, daughter of Mr. and Mrs. Clyde Frye, Standish Johns Camp, has returned from vacationing in Franklin, La., Mo.

**Reference Works Given City Library**

Recent acquisitions by the Pampa Public Library have added substantially to the research facilities available to Pampanos.

Added to the library collection as a gift of M. K. Brown was the "Oxford English Dictionary" in 33 volumes. The dictionary, based on historical principles, was 50 years in the making under the general editorship of four men.

The 20-volume Dictionary of "American Biography," along with the "Encyclopedia of Religion and Ethics" donated by the Pampa Ministerial Alliance.

"Burke's Peerage," another gift by Brown, is now to be found among the reference books. This "bible" of nobility, for information purposes, was first published in 1826, and has undergone 90 revisions. It is uncommonly known as "Burke's Genealogical and Heraldic History of the Peerage, Baronage, and Knightage and Privy Council and Order of Precedence."

Igor Gouzenko's book "The Fall of a Titan" was received recently. The novel has been well received by the literary critics. Gouzenko is the Soviet code clerk at Toronto who broke with the Reds in 1951 when he took with him 100 secret documents which helped break an international spy ring that sent Klaus Fuchs, British atomic scientist, to prison.

### Shivers Off And Running In Campaign For Governor

**By UNITED PRESS**

Gov. Allan Shivers was off and running Wednesday in his head-on battle with Ralph Yarborough over who will be the next governor of Texas.

He opened the run-off campaign Tuesday night with a statewide radio speech from Austin on the water problems—either fog much or too little—which perennially plague Texas farmers. Shivers asked the state's 300,000 farmers and ranchers to tell him about their individual water problems.

Yarborough, who has been working up his run-off organization, meanwhile was predicting victory at Lubbock.

"We're going to elect a Democratic governor—the first in 24 years," he told a meeting of Panhandle and Plains supporters in an obvious reference to Shivers.

"We're winning the run-off," Yarborough said. "We're getting pledges every day from Texans who either voted against us in the first primary or thought our cause was hopeless."

While Shivers devoted most of his time to water, and said it was "the big reason I want to spend the next two years serving you," he found time to slam Yarborough. He commented on the fact he carried Yarborough's home precinct in Austin and said:

"Yes, among those who know my opponent best, it's Allan Shivers three-to-one."

"Water Problem Can't Wait"

The governor said water was a problem that "cannot wait for this campaign to end. It's a problem politics can't solve."

"There is no water problem in the Littlefield building where my opponent sat with his law clients and political cronies while you and I fought to make a start on solving the No. 1 problem of Texas," Shivers said.

"My opponent's only great thrill has been for power. He has been thinking of himself, not of Texas," the governor said.

### Plans Approved To Extend National Draft Act When Due

**WASHINGTON, Aug. 4**—UP—Defense Secretary Charles E. Wilson said Tuesday that the National Security Council "in a broad sense" has approved plans to ask Congress to renew the draft act which expires next June 30 and for compulsory participation in reserve forces.

Wilson said the administration believes that "practically all young men" will have to see military service.

On the question of reserves, he told a news conference that if the United States got into a war today the military reserve setup "would be a scandal and a very disturbing thing for the American people."

Wilson said details of a reserve program are being worked out by the Defense Department and the Office of Defense Mobilization for further study by President Eisenhower and the National Security Council and presentation to Congress next January.

The White House, commenting on a news conference statement last week by retiring assistant defense secretary John A. Hannah, said Monday that a "specific program" for military manpower has not been approved yet by the security council.

The White House statement was made after Hannah told reporters plans for reserve forces totaling 3,066,894 to be immediately available in event of war.

Wilson said the plan is one "where all the pieces fit in." But he said he expects there will be "political compromises" resulting from activities of "pressure groups." Therefore, he said, he expects "to get a 90 per cent plan where we could have had 100 per cent."

### Kingsmill Building Burns

A vacant office building belonging to Kimbell Elevator Co. burned to the ground Tuesday in Kingsmill, according to Fire Chief Ernest Winborne. The building, vacant for the past three years, was ignited by a grass fire.

No estimate in dollars has been placed on the structure.

The Pampa Fire Department received the call at 12:35 p.m. They saved the platform of the elevator, scales and nearby elevator storage space.

### Pilots Continue Airline Strike

**CHICAGO, Aug. 4**—Striking pilots vowed to continue their crippling strike against American Airlines despite a \$1,200,000 damage suit.

The suit, filed Tuesday in U. S. district court at New York, accused the AFL Air Line Pilots Association of violating its contract when it called out 1,200 pilots Friday night.

The walkout has completely grounded the airline, the nation's largest air carrier.

In Chicago ALPA President Clarence Saven said the suit will "in no way hasten settlement" of the walkout.

### Realtors Hear Loan Official

New federal housing legislation was the subject of Roy Sparkman of the Security Federal Savings and Loan Co. at the Tuesday noon meeting of the Pampa Real Estate Board.

The speaker, introduced by Quentin Williams, emphasized the necessity for the utmost care in explaining the new rates of government loan laws so customers would not be confused.

The board voted favorably on a resolution to join the American Real Property Federation, Chicago. The group fosters the protection of real property rights; the expansion in number of real property owners; the elimination of slums and blight; and limiting the taxing and spending of government money through legislation.

### RODEO

(Continued from Page 1)

show will include, calf roping contest; bareback bronc riding; saddle bronc riding; bulldogging; bull riding; double mugging; and cutting horse.

The rodeo contestants will be divided into two go-rounds, Wednesday and Thursday, and Friday and Saturday, with day money being awarded in each go-round.

Judges for the events will be Roy Mitchell, Stratford; and Big Faircloth, Eastland, who will class the riding events, and Hughie Long, Cresson, judging the cutting horses. Nat Fleming, Wichita Falls, will announce the events.

### Texas Woman Loses \$100,000 In Jewels

**LAKE PLACID, N. Y., Aug. 4**—UP—Jewels valued at \$100,000 were reported stolen Monday from the room of a woman guest at the fashionable Lake Placid Club, state police said.

The theft was reported by Mrs. E. Judd Roe of San Antonio, Tex., who has been staying at the club with her husband. She told troopers one of the missing pieces was an emerald cut diamond valued at \$28,000.

**Korean Knack**

**MOSCOW, U.S.S.R.**—UP—Mrs. Haungwon Keo is one of the star pupils in a University of Idaho typing class. The instructor, Kenneth Puckett, says the Korean war bride, a beginning student, types 25 words a minute with 97 per cent accuracy—although she doesn't understand a word she types.

### Border Briefs

**AUSTIN, Aug. 4**—UP—Gov. Allan Shivers, opening his run-off campaign for renomination, Tuesday night asked Texas farmers to tell him their individual water problems.

He said he wanted a third term "to see this job through" of solving the plague of alternate floods and droughts.

**LUBBOCK, Tex., Aug. 4**—UP—Ralph Yarborough predicted Tuesday he would be elected governor of Texas and would be the state's "first Democratic governor in 5 1/2 years."

He spoke at one of four regional meetings of his top campaign workers, and was scheduled for a similar meeting at Tyler Wednesday.

**OKLAHOMA CITY, Aug. 4**—UP—Oklahoma farmers got more money for their wheat, eggs and hay last month, but less for cattle and poultry.

Federal and state farm agencies said the average price for cattle on July 15 was \$17.70 per 100 pounds, down \$1.30 from mid-June.

**OKLAHOMA CITY, Aug. 4**—UP—Democrats and Republicans differed sharply Wednesday on how much of Oklahoma had been declared a disaster area.

Democrats said only 28 counties were declared eligible for immediate federal help because of the drought, but Republicans said the entire state was declared a disaster area and the other 81 counties had a good chance of getting aid when all papers were processed.

**OKLAHOMA CITY, Aug. 4**—UP—Democratic caucuses Tuesday picked the choices of the party's nominees for governor, Raymond Gary, as leaders in the 1958 Legislature.

Ray Fine, Gore, was selected as president pro tem of the Senate, with Don Baldwin, Anadarko, as floor leader. B. T. (Bill) Harkey of Oklahoma City got the nod as speaker of the House, with James H. Duncanson of the Democratic floor leader.

### Ice Makers For Hospital Discussed

Highland General Hospital Board members Tuesday afternoon discussed air-conditioning, ice and other matters at their monthly meeting.

An additional part for the necessary air-conditioner will be purchased, Chet Lander, hospital administrator, reported this morning. The air-conditioner has not been working properly, he said.

Ice-makers may also be purchased, Lander said, and if so they will be put on the first and third floors, he pointed out.

Lander reported to the board some of the financial statistics for the first six months of the year. Cash receipts totaled \$283,977, but out of that came expenses: \$118,304, salaries; \$30,818, drugs; \$27,249, groceries; \$11,708, X-ray equipment; and \$7,010, utilities. Statistics were furnished by Nenstiel and Doggett, Pampa auditing firm.

### That Receives Ballot Requests

County Clerk Charles Thull late this morning had already received four requests for absentee ballots in the Aug. 28 Democratic runoff primary.

But Thull's office will not actually receive the ballots until Saturday, two days before absentee balloting begins. Absentee voting will end Aug. 24.

Of main interest to Gray County voters will be the governor, county judge and county commissioner (P. C.) races. Running for governor will be Allan Shivers and Ralph Yarborough; for judge, J. B. McGuire, Jr. and Bruce Parker; and for commissioner, W. E. (Bill) Jarvis and G. L. (Nat) Lainsford.

### Infant Drowns In Bathtub

**STAMFORD, Tex., Aug. 4**—UP—One-year-old Nora Jewell Smith fell into the bathtub and drowned Monday at the home of her parents, Cpl. and Mrs. James L. Smith. Her father was home on furlough before going to Germany.

### McLean Personals

**By J. M. PAYNE**

**Pampa News Correspondent**

Don Cooke of Hart is visiting his grandparents, Mr. and Mrs. C. E. Cooke and Mrs. D. C. Carpenter.

Mr. and Mrs. Don Light of Canyon were week-end visitors in the home of Mr. and Mrs. R. E. Stubbfield.

Miss Gay Holtman of Pampa is visiting Miss Kay Stubbs.

Jim Sperler of Hollywood, Calif., is visiting his grandmother, Mrs. Walter Nichols, Keith Goodman is visiting relatives in Amarillo.

Dale Glass of Dumas was a week-end visitor in the home of his parents, Mr. and Mrs. Raymond Glass.

Mrs. Johnny Vineyard of Shamrock and Mrs. Percy Snook were week-end visitors in the E. J. Windom, Sr. home.

George Riley and family of Blinnette were Sunday visitors in the Kate Morgan home.

Rev. and Mrs. J. Edwin Kerr are vacationing in Oklahoma, Arkansas and Colorado for the next three weeks.

Officials of the First Presbyterian Church have announced that Brady McCoy of Amarillo will speak from the pulpit on August 28. Mr. McCoy is an insurance executive and is the son of Mr. and Mrs. Kid McCoy of McLean.

Mr. and Mrs. C. O. Goodman attended the funeral of a relative in Tulsa last Sunday.

Mr. and Mrs. Henry Kerr and sons, Robert, David and Kenneth, of Sterling, Mich., attended church services in McLean last Sunday. The Kerrs were tourists and arrived in McLean about eleven o'clock, so they interrupted their travels long enough to attend church service. Carlton Smith and family of Kalamazoo, Mich., are visiting in the home of Mr. and Mrs. Morris Mullenax.

Kay Stubbs has returned from a week's vacation at Cota Glenn Junior Hi Camp near Canyon.

The Edwin Howard family is vacationing in the western states of Colorado, Wyoming and Utah.

Bob Black Jr. of Borger spent the week end with his parents, Mr. and Mrs. Bob Black Sr.

Hugh Longino of Canyon is visiting his parents, Rev. and Mrs. H. A. Longino.

O. L. Barr of Amarillo was in McLean on business last week end.

### Rioting Hits Indo-China

**HANOI, Aug. 4**—UP—French authorities announced Wednesday night that bloody anti-French riots have broken out in Central Annam in which two Viet Namese were killed and 15 were wounded.

The center of the violence, French sources said, was near the giant Tourane air and naval base, 430 miles northeast of Saigon. This is in the non-Communist zone of southern Viet Nam.

The clash between Viet Namese and French occurred Tuesday.

Until recently several hundred United States Air Force technicians had been stationed at Tourane, the biggest air base in south east Asia.

Five Americans from the Tourane base were kidnaped in the same general area earlier this summer. Their fate is unknown.

U. S. servicemen have been evacuated from Tourane since the signing of the Indo-China truce at Geneva.

### Water Safety Course Enrolls 594 Youngsters

With 594 youngsters registered for the Red Cross-sponsored water safety program, and 817 of the enthusiasts showing up for Tuesday classes, it seemed highly doubtful Pampa would have at least a candidate for two in the Olympics of 1964.

Classes are held between 9 and 11 a.m. according to Mrs. Hallie Holcomb, water safety instructor. Classes are held on alternate days with each youngster getting three periods of instruction.

Enrollment is heaviest in the beginning classes followed by the intermediate group. With increased proficiency, beginners are graduated into a more advanced program.

### Re-Enlistee Draws Bonus Of \$1,238.34

**HEIDELBERG, Germany, Aug. 4**—UP—M. Sgt. John J. Wilson of San Antonio, Tex., Tuesday drew \$1,238.34 in re-enlistment cash, the largest amount recorded in the European theater since the new bonus law went into effect.

Wilson, first sergeant of Detachment C, 7888 Army unit, is an athletic official and serves as chief umpire at GI baseball games. He re-enlisted for six years just before being promoted to master sergeant.

A sergeant first class, with more than 10 years' service, his monthly pay was \$206.29. This, under the new re-enlistment plan, was multiplied by six to determine the bonus. He would have received \$206.29 more had he waited for his promotion.

### Wiring Work Puts Racket In Court

That racket that sent the hands of Courthouse deputies to their ears this morning came from the closet in the Highway Patrol - National Gird office on the first floor.

It was a jack-hammer drilling a hole in the closet floor to make room for new wiring, part of the electrical repair of the building now going on. Drilling of the holes for the electrical panels was done Tuesday afternoon and the whole job is expected to take about a week.

Brooks Electric Company, Pampa, has the contract.

### Parole Violator Sent To Prison

Joe L. Trussell, 23, of Pampa, has been sent to the state prison in Huntsville to serve a five-year sentence for forgery.

Arrested a year ago this month, Trussell was given a five-year suspended sentence in November by Judge Lewis M. Goodrich in 31st District Court.

But he is reported to have violated parole by passing a forged instrument. So Judge Goodrich Friday sent him to prison.

### ANGRY IKE

(Continued from Page 1)

Of it through another senator he did not identify.

Cited Marshall Attacks

Sensitors who have sought to censure McCarthy for his senatorial conduct have cited his attacks on Marshall as one of the reasons for their action.

McCarthy unexpectedly put the Woodring letter into the Congressional Record Monday.

Mr. Eisenhower said he could not imagine anyone of whom statements made by Woodring in the letter could be less true.

The President avoided a specific appraisal of the damage done to Republican party unity by the McCarthy controversy and the recent Senate battle over Sen. Ralph Fiander's resolution to censure the controversial Wisconsin Republican.

The President said, however, anything that tended to divide his party and impede the administration program is a source of concern to him and left him with no choice but to take whatever steps possible to remedy the situation. He did not elaborate on this point.

"Sold Out to Reds"

Among other things which Woodring had said in the letter was that when Marshall went to China in an attempt to achieve some settlement between the Reds and the Nationalists who were then still on the mainland was that Marshall was "a good enough military strategist to know that he was selling out to the Reds."

### Janzen Child Rites Held

**PERRYTON**—Services were held Tuesday in People's Chapel here for Paugh's Janzen, 8-year-old daughter of Mr. and Mrs. Jona Janzen. She died at her home Sunday, a victim of leukemia, following an illness of four years.

Officiating at the services was Marcus Adair, pastor of the Apostolic Church, Pollett; Owen Bacheler, pastor of the Fall Gospel Church, Perryton, and Calvin Cook, pastor of the People's Chapel, Burial was in the Ochiltree Cemetery.

In addition to her parents, she is survived by a brother, Herman Lee; a sister, Joan Doris, and her grandparents, Mr. and Mrs. F. B. Kile, at lot Perryton.

### Red River Searched For Pair

**GAINESVILLE, Tex., Aug. 4**—UP—A search was pressed Tuesday morning for the bodies of two boys (Cook county) residents who drowned late Monday in the Red River 15 miles northwest of Gainesville.

The drowning victims are Clyde Harkins, 48, and Mrs. Alma Edwards, his sister-in-law. They died at a camp near Sivel's Bend when she went under. Harkins drowned trying to save her. Others in the fishing party were Mr. Harkins' son, Albert, 18, and Mrs. Edwards' husband.

The fatal mishap occurred late Monday afternoon and search for the bodies was continued until well after midnight, when it was temporarily discontinued.

### Pryor Services Scheduled Friday

Services will be at 2 p.m. Friday at the Harrah Methodist Church for Harry Lee Pryor, 27-year-old Navy veteran. He died at 8:15 p.m. Tuesday at Worley hospital after a lengthy illness.

Pryor was born in Wheeler, July 28, 1927, and moved with his parents to Pampa in 1928. He served with the Navy in World War II, and was employed here by the Phillips Pipe Line Co.

Officiating at the services will be Rev. Raymond Dyeas. Burial will be in Fairview Cemetery under the direction of the Duenkel-Carmichael Funeral Home.

Survivors include his wife, Beverly, of 702 N. Frost; his father, Charlie, of Pampa; a daughter, Sherry Jean, and a son, Larry Wayne, both of Pampa; two sisters, Mrs. Juanita Rouston, Snyder, and Mrs. Audrey Pryor, Pampa, and a brother, Clarence, Hobbs, N.M.

### Court Nixes Kerr Accusers

**OKLAHOMA CITY, Aug. 4**—UP—The Oklahoma Supreme Court refused Tuesday to hear a case alleging that U. S. Sen. Robert F. Kerr spent more than the legal \$3,000 to win renomination in the July 6 Democratic primary.

George H. Hunt of McAlester, an unsuccessful candidate in the primary, had asked the high court to force the state election board to hear his "evidence" that Kerr's spending exceeded the legal limit.

Holland was identified as the red-haired gang leader who carried a machine gun into the Farmers National Bank. The FBI said he was hiding in a shed when he surrendered, and made no attempt to use either of his guns.

The FBI believed the men went from Erick to Los Angeles, where they each bought a car and drove north separately. Spangler was arrested in a 1950 green Mercury he bought at Los Angeles. He did not resist arrest.

### SUSPECTED

(Continued from Page One)

158 taken last Thursday by three machine gun-armed men from the Farmers National Bank at Erick, Okla.

A California-wide alert was out for Bobby Joe Rine, 24, who was charged with the bank robbery, along with Holland and Spangler at Clinton, Okla., Monday.

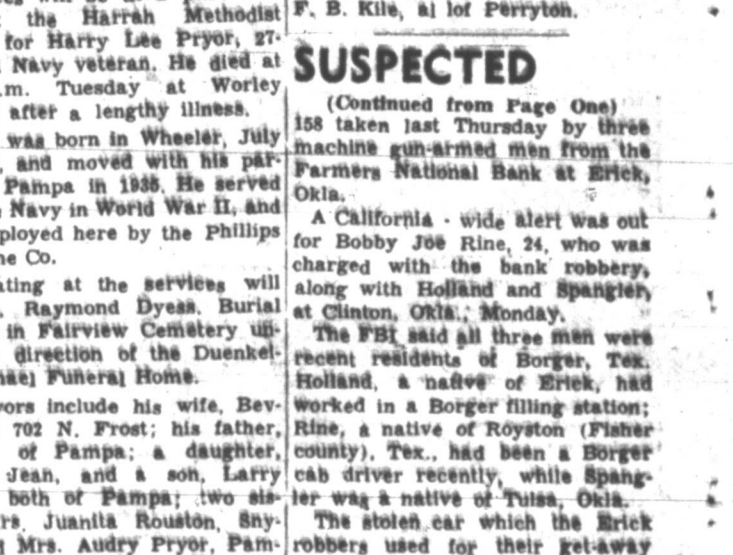

The FBI said all three men were recent residents of Borger, Tex. Holland, a native of Erick, had worked in a Borger filling station; Rine, a native of Royston (Fisher county), Tex., had been a Borger cab driver recently, while Spangler was a native of Tulsa, Okla.

The stolen car which the Erick robbers used for their get-away was found yesterday in the Canadian River bottoms, 15 miles east of Canadian in the Texas Panhandle, 70 miles northwest of Erick.

Holland was identified as the red-haired gang leader who carried a machine gun into the Farmers National Bank. The FBI said he was hiding in a shed when he surrendered, and made no attempt to use either of his guns.

The FBI believed the men went from Erick to Los Angeles, where they each bought a car and drove north separately. Spangler was arrested in a 1950 green Mercury he bought at Los Angeles. He did not resist arrest.

## Senator Says He Doesn't Want To Be A Senator

By HARMAN W. NICHOLS  
WASHINGTON, Aug. 4—UP

What's new in Washington:

Sen. Sam Reynolds of Omaha says that when he was appointed to fill the term of the late Hugh Butler by Gov. Robert Crosby he didn't expect to be called on for 24-hour duty.

That's what happened on the so-called "Hibuster" on the atomic energy bill. "All I wanted was to get away from business," he said. "And what happens? I find myself sitting up all night, eating beans and catching a nap on a couch."

Sam says he doesn't want to be a senator; he doesn't even want to be President.

But, he added, "I had the satisfaction of beating the puts off a President on the golf course. Wonderful guy named Ike. Played hooky from the Senate the other day. I show a 78 and the President shot in the low 80's — one of his lowest scores in recent weeks. We were partners and we won."

### Follow The Leader

Speaking of golf, it is appropriate to note that Vice President Richard M. Nixon, who followed the leader and took up the game, finally is shooting in the 80's.

He is rightly proud and can't get his bonnet on. As a matter of fact, the word got around in the prints that the VP doesn't cotton to headgear in the summer. He has been flooded with offers for free ones if only he will supply his hat-size. He won't.

A man who wanted to buy a ticket walked into Union Station the other day and said: "American Legion, please."

The ticket salesman, a patient man, explained that the legion convention was to be held here around the last of the month and

## Hall Beats Templar In Primaries

TOPEKA, Kan., Aug. 4—UP—Lt. Gov. Fred Hall won his second victory in two years Wednesday over the Kansas Republican organization as he captured the GOP gubernatorial nomination.

The United Press' unofficial tabulation of Tuesday's voting, from 2,517 out of 2,922 precincts, gave Hall 104,943 votes to 92,323 for George Templar, who had the organization's blessing. Joe Rogers of Waverly trailed with 5,980.

George Docking of Lawrence led for the Democratic nomination, with 45,257 votes to 35,550 for William Salome of Wichita.

Sen. Andrew Schoepel won easy renomination in the Republican primary to his second term over two opponents and will meet former Sen. George McGill, whom he defeated in 1948.

Returns from 2,442 precincts gave Schoepel 147,618 votes to 30,579 for Walter H. Peery and 10,142 for Abraham Joseph L. Lincoln. McGill had 53,429 votes to 18,761 for Ewell Stewart, an ardent fire who made his sixth unsuccessful campaign.

Three of Kansas' six congressmen were renominated without opposition, and the other three won easily. Reps. Howard Miller, the only Democrat in the delegation, and Errett P. Scrivner and Clifford R. Hope had no primary opposition.

Rep. Myron George trimmed Jack Warren Shaw of Galena, 18,988 to 3,637 in returns from 228 of the 214 precincts in the third district.

Rep. Edward H. Rees defeated Harold A. Sigle, Harington, 23,373, to 7,943 in returns from 507 of the fourth district's 590 precincts.

Rep. Wint Smith of the sixth district defeated Ernest W. Strahan of Salina for the third time. He led 14,494 to 8,614 in returns from 482 of 552 precincts.

In the Republican gubernatorial battle, Hall was running against such potent Republicans as outgoing Gov. Edward Arn, National Committeeman Harry Dary and U. S. Sen. Frank Carlson, all of whom supported Templar.

would the customer please go away. The customer was disinclined to go. The agent did some thumbing and discovered that there is an American Legion, U.S.A., located on the New York Central — 90 miles north of Utica, N.Y.

### More Egg for Money

The Department of Agriculture is happy to report that young pullets and hens have started to lay earlier than usual. A lot of eggs also are smaller than usual. But Secretary of Agriculture Ezra Benson's boys ask the housewife not to fret.

"Often," the department says, "the small egg offers the most egg for the money when they are plentiful."

The department points out that: When large Grade A eggs sell at, say, 70 cents for 12, medium eggs are under 61 cents and small eggs below 53 cents. And the little eggs are better buys. Not that the Department of Ag is against king-size eggs. But it sums it up this way:

"Seven small eggs weigh about the same as six medium eggs." And they are just as good for hot cakes and custard, too.

## Sooner Rebels Spark Drive To Increase Size Of Texas

AUSTIN, Aug. 4—UP—Texas Attorney General John Ben Shepperd said a recent move to add four Oklahoma counties to the confines of Texas actually had its start in the Sooner State.

"All the pressure on this thing is coming from people in Oklahoma. They're just using the Democratic party of Hall county to front for them," Shepperd said.

Hall county Democrats Saturday adopted a resolution calling for return of the four Oklahoma counties to Texas and asked that Shepperd make "a full and complete investigation of all facts."

made was to look into this situation," the Texas attorney general said.

"There are more Oklahomans wanting to come back to Texas. The only campaign promise I made was to look into this situation," the Texas attorney general said.

"There are more Oklahomans wanting to come back to Texas than there are Texans wanting to bring back Oklahoma," he added.

The Sooners, he said, "can't carry the burden of being Oklahomans any longer."

If we want them back in Texas," Shepperd said.

The attorney general said he was "shocked" by a statement from Oklahoma, Attorney General Mac Q. Williamson that the moment was nothing but "hot weather hokum."

"Oklahoma is the last place in

The slopes of the Great Smoky Mountains are drained by 600 miles of streams. Rainbow and brook trout swim in many of the streams, attracting thousands of anglers.

the world from which I would expect any reference to hot air. If any state has a monopoly on it, Oklahoma does," Shepperd added.

### BETTER NOT LET GO

Perpetual excitement is the theme of this wildlife den at Bryants Pond, Me. It's a tableau of a man trying to avoid the clutches of a wild bear. The make-believe display is a real car stopper.

### HOLLYWOOD

—(NEA)—Hollywood on TV: There's trouble in the Liberace paradise and the off-key notes are growing louder. Mr. Dimples insists on more dancing and singing in his telefilms. His producers and sponsors say he should stick to the piano-thumping. George is in the middle.

Trade paper item: There's a deal on to get the Charlie Chaplin full-length comedies on TV for a huge sum.

Who's going to sponsor 'em—Moscow?

Oh, no! Zsa Zsa and Rubi have asked their agents to get them a TV show. "I Love Zsa Zsa"? Or "I Love Rubi"?

Well, at least if they're together, I can miss 'em both.

There's a TV series titled, "I and Claude" in the works for Phil Harris. WITHOUT Alice Faye.

Paramount's mad about Eddie Fisher—so refusing to take a screen test but the talk around the lot is that he'll be costarred in a new movie with Rosemary Clooney.

IF MARIE WILSON'S "My Friend Irma" goes to film, as expected, she'll acquire a hubby for the celluloid cavorting... Bill Holden hosts the first one-hour Lux Video Theater Aug. 26.

Now it's a tiny wireless microphone so small it can be concealed on a person. Joan Diener of New York's "Kismet" cast wore one in an NBC "Kismet" performance. The mike was concealed in the top of her bra, the transmitter in the fold of the dress and the antenna as a belt.

Mmmmmmm. The actress of tomorrow.

Instead of an agent she'll have an electronic repairman. She may give static performances but she'll never be trapped by a wolf—she can send her own SOS.

But how awful to fall in love with a doll who may have to pause for station identification.

MOVIE STAR John Lund better head for the nearest air-raid shelter. And maybe I better be right behind him.

The verbal bombs are dropping

## County Barn Seats Being Installed

The five-member Gray County Commissioners' Court appointed agricultural committee is busy these days putting up seating stands in the south end of the county dual-purpose barn.

Late this morning Committee man Irvin Cole said the job would be finished in about two weeks. Others on the committee are Bill Farley, Gus Carruth, Pampa, and Clyde Carruth and Ferris Hess, McLean.

It became necessary for the agriculture committee to take over the job of procuring seats when the court July 22 rejected all bids on the project as being too high. The court, in turning over the project to the committee, agreed to provide funds up to \$2,000.

Cole's committee is using the original plans drawn up by Wayland Merriman, the court's consultant engineer. The concrete work has been finished and the steel erection is presently underway, Cole said.

The structure will have a seating capacity of 250 and will consist of steel supports and wooden seats around the south end of the barn. It should be completed by Aug. 26-27, the Top of Texas Agriculture and Livestock Achievement Days.

# Jane Talk

By JANE KADINGO

Pampa News Women's Editor

**CLUB ACTIVITIES** will be getting into full swing in just a short time. As most of the club reporters are new, I thought I'd devote this column to giving you some pointers that will help us both in giving your group activities the best possible coverage.

I might add before I begin, that some of the things I will mention do not necessarily hold true during July and August, when women's activities are at low ebb. However, they do hold true from September through June.

**Timeliness Is Important**  
One of the most important factors in news stories of any kind is timeliness. In fact, that is the whole structure upon which a newspaper is built. Therefore, the stories that are turned in right after a meeting will necessarily get the biggest play. Those club reports that are turned in anywhere from three days to a week after the meeting will almost always be pushed into an obscure spot by more timely news.

Evening meetings should be reported in the News office by 8 a. m. the following morning. Reports of afternoon or morning meetings should be turned in that afternoon, before 5 p. m. if possible — if not, by 8 p. m. Club reporters may find it a help if they write up in advance, what is to happen and can then add or deduct in a short time following the meeting.

**Guest Speakers and Programs**  
For meetings featuring a guest speaker, you will find you have a better story if you can get two or three quotes and a summation of the points stressed in the speech. If the speaker's notes are clear, you may turn in those.

When there is no guest speaker, the program is usually the important thing. Routine business, such as who read the minutes, is not important, but I would like to know dates of any important coming events or any special project planned. I like to use names, so a list of those attending is always welcome. You'll know if it is too long.

**Names Must Be Right**  
I know that in many of your clubs you go by your given names, such as Helen Jones. However, we cannot print names this way. We must have the husband's name, except in the case of a widow or divorcee. For reporters of clubs who just use first names, it will make it easier for us both, if you will secure a list of the married names of members at the beginning of the club year to refer to when writing your report. I do not have time to try to secure married names.

**Preparing Story**  
You do not have to type the story of your meeting, but if you do not write legibly, please print. I have found there is almost always confusion over an "o" and "a," even in quite legible reports. If you will go over your reports and print an "a" or an "o" over the letter when it appears in a word, it will prevent error.

Many of you have been holding your stories for the Sunday paper. Here, again, timeliness will apply. Also, there is a great demand for space in Sunday's paper for wedding and engagement announcements, which are given the greatest emphasis.

**Social Calendar**  
You want your club meeting an

## Showy Sunflower

Here is a showy sunflower centerpiece that will win many compliments from family and friends. You'll find the design fascinating to crochet.

Pattern No. 2295 contains crochet instructions; material requirements and stitch illustrations.

2295

Send 25 cents in COINS, your name, address and the PATTERN NUMBER to ANNE CAROT, Pampa Daily News, 375 W. Quincy St., Chicago 4, Illinois.  
The colorful 1954 NEEDLEWORK ALBUM contains 66 pages of lovely designs, "how-to" sections on needlework, helpful room illustrations and directions for a gift pattern. 25 cents.

nounced in the social calendar, of course. All such notices should be in The News office by 5 p. m. Thursday of the week before you meet. This means it will appear in Sunday's issue and will be reprinted in each issue until the day before or the day of your meeting. If you forget, you may bring it in later, and I will try to make sure it is included. However, to be sure of its appearing, it should be turned in by Thursday. If you turn in a club year-book to me which states the time and place of each meeting, it will automatically be included unless you advise me of a change.

**Telephoning Stories**  
I do not always have time to take a story by telephone. You may call when I am rushing to meet a deadline or when I am in the midst of an interview. Sometimes I may be out on a story and you will not be able to reach me. I am especially rushed from Friday morning until Saturday noon. That is why I request that you bring the story into the office. Your story may be short, taking only 10 minutes, but multiply that by as few as six calls (and usually there are more) and that is one hour spent in conversation. Stories left in The News office, even in note form, can be typed and edited in a third of the time they can be taken over the phone, retyped and edited.

**Arrange for Pictures**  
Your club will want pictures during the club year. Appointments should be made at least one day in advance. Also, please make arrangements for pictures through me. Still on the matter of pictures—the time you may want your picture taken may conflict with a previous appointment. I would appreciate your cooperation in trying to set up a picture at an earlier or later time. Whether or not we are always able to meet your request for a picture, we do want a report on the meeting.

**Reports are Important**  
I hope you read these suggestions and keep them for a reference. The reporter's job is important, for it is through that office that the public learns of what the club is doing. There is no favoritism shown in space given to clubs — I print what the reporter brings me.  
If I can be of help at any time, please call me.

## Housewife To Give House Fly The Bird

ATLANTIC CITY, N. J. — UP—The housewife can give the common house fly the bird this summer—and then relax in comparative comfort.

Or, when day is done and a shampoo is a girl's best friend, she can attach a doodad to the vacuum cleaner and use it as a hair dryer. The fly-killing bird and the hair dryer—which also transfers feathers from one pillow to another—were only a few of the items displayed by 600 companies at the recent National Housewares Show in Convention Hall.

The bird (Gaston Johnston Corp., Long Island City, N. Y.) is a chemically treated flat piece of cardboard about two inches long and one and one-half inches high. It's treated with a white, chemical preparation which is a lure for flies. The fly alights, is paralyzed, and dies.

The bird—which the manufacturer calls decorative—can be hung from lamp strings and in windows and screens.

The hair dryer and feather changer (Ultimo Manufacturing Co., Orange, N. J.) also clean under beds, whiskers dust from vane-like blinds, de-moths clothing or shampoo a rug.  
Another manufacturer (Westchester Brickoto Products Co., Williamsbridge Road, N. Y.) presents the answer to the man of the house who must burn his rubbish—but with class.

For \$95 he gets a rubbish burner of special fireproof composition. It is of simulated oak, and looks like a tree stump. Holds plenty, with a 40 inch height and seventy-eight inch diameter. Picturesque on the lawn.  
New for the fireplace is a portable glass curtain screen (Willshire Manufacturer Co., Los Angeles).

The screen, with unbreakable panels which move up and down with a touch of the handle, lets the heat radiate, yet gives the home owner the satisfaction of seeing the flames.

Eyebrows that tend to go off at a different angle from the nose itself help to cut in half the length of a long nose. Use your eyebrow tweezers and tweeze out the hairs of the inner part of the brows that point downward towards the nose.

## Industrial Nurses Perform Important Roles In Health Conservation Picture

Who is the industrial nurse? Your husband might answer: "She's the gal who's always on hand down at the plant to dispense first aid and aspirin."

But at the same time he might not be aware of industrial nurse's responsible role in health conservation — that she's trained to recognize signs of serious disease and that in so doing she's been responsible for saving many lives.  
So declares Mrs. Bernadine Holman, head of the industrial nursing division of Employers Mutuals of Wausau. There are thousands of case histories which demonstrate the plant nurse's achievements in detecting evidence of serious illnesses, she states.

Take the case of the man who had never missed a day's work in ten years until, with great reluctance, he "gave in" to an ailing knee and remained home.  
Returning to work two days later the worker told his foreman that the soreness in his knee was caused by bumping it against a machine. Although he minimized the injury, saying the knee was already much improved, the foreman insisted that the injured employee visit the medical department, and actually escorted him there.

Again the patient insisted that the knee injury was not serious and laughingly told the nurse on duty that he was reporting under duress. The nurse paid no heed to this "he-man" attitude, although, upon examining the knee, she could find no objective symptoms of injury.

Because the industrial nurse had kept a complete record of the patient's visits and complaints, she was finally able to convince the patient that her condition was serious enough to deserve hospitalization. A series of tests were in order to determine the origin of her trouble.

Examination and x-ray in the hospital revealed that the girl was suffering from a duodenal ulcer.

This was a perfect case, Mrs. Holman points out, of accurate reporting and good observation on the part of the nurse. As a result of the nurse's conscientious attention to the case, the worker's complete health history was almost a classic profile of the development of a gastric ulcer — and was a great aid to the examining physicians.

In both of the above cases, the industrial nurse had to "educate" the patients to the necessity of accepting immediate and proper medical attention. Because of this need for public health education, Mrs. Holman believes that "teaching ability" is a requisite of industrial nursing.

"Physicians and management alike would be amazed at the number and types of question which the average industrial nurse is expected to answer," Mrs. Holman said in elaborating the need for teaching ability.  
"Human beings are both intelligent and extremely gullible," she advised. "The nurse often finds that she must explain to the executive vice president why a shot of penicillin won't cure his cold and to the pump file clerk why a patent reducing fan won't help to make her slim unless she cuts down on the candy."

Serve economical beef or pork liver frequently. Both are tremendously rich in vitamin A and iron, besides aiding the food budget.

FOR SOMETHING COOL on a blistering summer day try this western cantaloupe cooler.

## Cook's Nook For A Summer Appetizer Try A Cantaloupe Cooler

By GAYNOR MADDOX  
NEA Food and Markets Editor  
Our California friend, Helen Goodrich, has thought up a delightful cooler to eat by hand. She also reminds us Western cantaloupes are at their best during the summer months as is, in salads, as appetizer and dessert.

Here's the cooler (a perfect warm-weather appetizer).  
Cantaloupe Cooler  
Cut wedges of chilled cantaloupe into bite-sized sections. Top each section with a plump, cold, juicy watermelon ball held in place by a brightly colored cocktail pick. Add a wedge of lemon or lime for a tangy touch and the "cooler" is complete.

No silverware needed here, just pick up each melon section on its own cocktail pick. This is an especially good appetizer to serve in the living room before going to the table or for a patio meal. Gay in color, most refreshing. California, home of lemons, has another idea for sizzling weather. It's made of frozen concentrate for lemonade.  
Lemonade Frappe  
(Serves 3-4)  
One envelope plain gelatine, 1/2 cup frozen concentrate for lemonade, 1 quart chilled ice (preferably fine).  
Empty gelatine into blender container. Add concentrate for lemonade. Blend for about 5 seconds to dissolve gelatine. Add ice.  
As you mix in electric blender, use rubber spatula and work contents vigorously to speed blending action. When contents are a smooth snowy consistency, serve in tall glasses with straws. Or, the frappe may be served in sherbet glasses; plain or with fruit or whipped cream.

HORSEWOMAN BADGE WINNERS — Bobbie Lee Andis, left, daughter of Mr. and Mrs. Bob Andis, 1710 Mary Ellen, and Lou Ann Taylor, daughter of Mr. and Mrs. H. B. Taylor, Jr., north of city, will qualify for the Girl Scout Horsewoman badge as a result of their performance in the Kid Pony Show Tuesday. Badge presentation will be made following the rodeo.

## Past Grand Group Has Business Meet

The past grand club of the Rebekah Lodge met Monday in the home of the group's vice-president, Mrs. Irvin Patterson, 329 N. Dwight.

Mrs. Alva Phillips, president, led the business session, and minutes were read by Mrs. Robert Hollis, secretary. A prize of facial cream was donated by the president to raise money for the club. Winner of the award was Mrs. V. J. Castka.  
Following the meeting, frosted Cokes were served.  
Members attending were Meses. J. W. Crisler, John Killian, Sammie Sullivan, Ethel Bryan, Patterson, Phillips, Hollis and Castka.

## RUTH MILLET

Buying a person a good meal puts him in the frame of mind to say "Yes" instead of "No" to whatever idea you want to put across, a psychology professor claims, after testing his theory on hundreds of individuals.

Any wife could have told him that was a fact and saved him the trouble of testing his theory.  
What does Mama do before she brings out the dress she splurged on for Papa's approval? She cooks him a good meal, complete with one or more of his favorite dishes. Then when she has him well-fed and in a purring-with-contentment mood she says gaily, "I bought the most beautiful dress today" and brings it out for Papa's inspection.

He gets a good meal, too, before Mama brings up the subject of a new rug for the living room or what a good idea it would be for Papa to build a patio or paint the kitchen.  
Women have handed on from mother to daughter the knowledge that it's wise to "feed the brute" before trying to sell him any important idea.

Daughter sees her father as putty in her mother's hands after he has been buttered up with a good dinner. And so when she has a husband of her own, she knows just what to do to get him in the frame of mind for agreeing, instead of disagreeing, with her when she has an idea she wants to sell him.

If the psychologist keep right on with their experiment maybe one day they'll know almost a much about human nature as a woman who has managed to do so happily with the same man for 50 years. She's the kind of a woman who has contrived to maintain her feminine charm while doing such a good job of selling her husband on her ideas that he takes credit for nine out of ten of them as his own.

If your small youngster is to be kept in bed for a few days, you can cut down on disturbing noises by putting a muffler on the door bell. Wrap the hammer on the bell in cloth or slip a glove finger over it.

## SOCIAL CALENDAR

- WEDNESDAY  
2:30—First Christian Smiley Circle with Mrs. B. F. Tepe, 1319 Hamilton  
7:00—First Baptist Sunbeams and GA  
THURSDAY  
7:30—Rebekah Lodge in IOOF Hall  
8:00—OES in Masonic Hall  
FRIDAY  
2:30—Bell Home Demonstration Club with Mrs. Tommie Anderson, southwest of city

## Exemplar Chapter Presents Barbecue

A barbecue supper on the patio of the members of the Exemplar Chapter of Beta Sigma Phi and their husbands recently in the Jack Foster home, 1228 Williston.  
Present were Messrs. and Meses. Stanley Chittenden, Ralph Esson, Bob Fugate, Bill Sullivan, Travis Lively, Jr., Jim Pool, Merwin Stubbe, and Miss Elsa Plants.

You can prevent tears in your mattress by covering it with a muslin cover. Place a mattress pad between the mattress and spring sheet.

## MATURE PARENT

By MRS. MURIEL LAWRENCE  
Bill's Boy Scout troop is planning a week's camping. His father wants him to have the adventure; his mother doesn't.

If Bill is to do any camping, she wants it done in a cottage, not a tent; she wants trained nurses and dieticians about to look after his scratches and vitamins.

"My wife has so exaggerated the dangers of this experience that the boy himself is losing all his own enthusiasm," writes Bill's father. "As another woman, perhaps you can make some sense to her through your column."

I don't think I can. When we exaggerate dangers to control children's actions, we are apt to have a purpose, we would just as soon not know about. But I'll do what I can.

We enlarge on the perils that await children on a good adventure — infected bites, subversive germs, deaths by drownings in woodland lakes, broken legs — to convince him that we are his only protector.

Once we've convinced him, we have him exactly where we probably want him — immobilized.

Without any experience of adventures himself, he has to accept our experience. He's not old enough to say, "Now why does this woman see only death in a woodland lake? Why does she see me helpless instead of strong? This is a woman who does not see things whole." And refuse to trust the judgment of such a woman.

What hurts has Bill's mother suffered as a result from her own independent adventures?  
Did her judgment on childhood friends turn out to be good? Or was she so hurt by one that her mother could say, "I warned you that Mary didn't like you enough to ask you to her party."

Was she right about the first boy she really liked — or did her hopes about him end in humiliation?

Choices like these were adventures into independent judgment, and if they resulted in hurt — if the hurt was hidden and never healed by loving awareness and encouragement — it was easy to decide to play life safe by avoiding it.

And just as a small child will justify his feelings of helplessness by imagining a tiger under his crib, so Bill's mother may be trying to justify hers by imagining infection into woodland lake.

Could she consider the idea that the evil image of the world she's giving Bill projects like a movie screen the anger she still feels at her own defeat — and that for her own peace, she needs release from that anger?

When you buy tweeds, cash meres and leather goods, you are making sound investments. They will give you marvelous service for years and years. And you can count on them to look right wherever you go — from country weekending to luncheon in town.

# Teen Topics

By MARLENE KOLB

Looks as though PHS is going to have a hip-top Student Council again next year. Already making preparations are Marion Stone, Texas Association of Student Councils president; Carol Blonkvist, student body vice-president; Robert Flemming, senior class vice-president; and Lee Lednick, junior class president, who took off Sunday for an SC workshop in Lubbock. Principal L. J. Edmondson accompanied them.

goes disproving again the complaint that teenagers are flighty and irresponsible. A good portion of the teen-age population are working this summer. And some of the hardest workers of all are those girls who smile and say "May I help you?" in the dime stores. Some of these girls are Avarlene Hogsett, Nancy Fraznell, Mary McPeak, Donah Coomer, Jean Wolford, Kay Stewart, Florence Velasquez, Shirley Coffey and Pat Fulton.

Oh, the good fortune of some people! D. I. Wilkinson in particular. Right now he's probably enjoying salmon fishing in "Steward's Icebox" — Alaska to the "un-historied." Hear that he took off up there with an aunt and uncle and a cousin from Amarillo. Wonder if he chuckles as he thinks of "we who burn in Pampa's summer heat."

Speaking of traveling, wouldn't it be fun to travel all over following a rodeo circuit? Found some fellows who do just that, but they ride ladders instead of broncos. They are teenagers from Vernon who were making a lot of racket the middle of last week putting up red, white and blue rodeo bunting. Upon investigating the noise outside the front of The News, found that they were Cecil Gresham, 20, Don Lane, 17, and Larry Robinson, 16. With them also was Don Gillmore, Chillicothe, and their boss Teman Hughes.

Saw Mrs. Miriam Holmes, sophomore English Teacher crossing the street downtown not long ago. Teacher is spelled with a capital because Teachers are capital people. (Just polishing the old apple for next September, you know.) Knox Kinard was also downtown on this particular morning.

A company spokesman predicted the Ranger can be completed much faster than the Forrestal, now two-thirds completed after two years work in an adjoining dock. The spokesman predicted the Forrestal will be launched next fall. He said the Ranger can be built in much less time because of the knowledge gained from building the Forrestal.

The Navy's second supercarrier, the Saratoga, is now under construction at a Brooklyn, N. Y. shipyard and the Navy has announced a fourth will be built at Portsmouth, Maine.

name, and he has one of those expressive, Paul Hartman-type faces, plus a unique voice. The combination had people in his camp from his first entrance. Remember the name.

Jan August, a pianist of the non-bop persuasion, tells of one of his bop cronies who fell in love. And this gone guy plucked a daisy and, as he pulled the petals off one by one, chanted, "She digs me, she digs me not."

The beauty contestants for the "Miss Universe" beauty contest hit New York and were beautiful beauty contestants, indeed. Miss Belgium, Christine Darney, charmed everyone by answering all questions with either "chicken" or "oh, my dear." Turned out that was all the English she knew. It was enough.

It's been said many a time, and disproven many a time, but here

# GLANCING BACKWARD

(From the Files of The Pampa Daily News)

**ONE YEAR AGO TODAY**  
Drouth relief oats (80,000 pounds) arrived in Pampa for distribution among farmers.

**TEN YEARS AGO TODAY**  
Top honors in the Kid Pony Show were taken by Paula Kay Looper, Sammie J. Whalley, Bill Shipley of Stinnett and DeAnn Whalley, in groups 1 through 4 respectively.

**FIVE YEARS AGO TODAY**  
Jan Diekey, Janel Ewing, Barbara Hoover, Jo Ann Jones, Brenda Parker and Thera Warner returned from Western Life Camp near Las Vegas, N. M.

Derral Davis played in the High School All-Star Basketball game at Beamount.

**TEN YEARS AGO TODAY**  
Due to 100-degree temperatures causing increased demand for ice, the Pampa Ice Plant, under the management of Liebmann G. Langston, was forced to cut the sale of ice for cooling watermelons, water at cafes, and for cooling of beer and softdrinks. Only exception was for iced tea.

Tuna weighing over 200 pounds have been caught recently at a depth of 60 fathoms off the coast of American Samoa by long-line fishermen. Marlin weighing upwards of 1,000 pounds also are being taken in these waters.

Sure miss the Hit Parade on television these summer months. It's a mile harder now to keep up with the 10 top tunes. Found out that "Little Things Mean a Lot" is tied with "Three Coins in the Fountain" for first place. On down the line from there are "Sh-boom," "Little Shoemaker," "Hernando's Hideaway," "Happy Wanderer," "I Understand," "If You Love Me," "In a Chapel in the Moonlight," and "Hey There."

## Improvements Planned For 60

A portion of U. S. Hwy. 60 in Gray County will be improved in the near future.

Sealed bids will be opened at 9 a.m. Aug. 18 in the Texas Highway Department, Austin, for the improvement of 8.444 miles of road from near the junction of Texas Hwy. 152 to the Roberts County line.

# PERRYTON PERSONALS

By SUE WILLIAMS  
Pampa News Correspondent  
Canadian and James Walker and Dora Kate Taylor of Spearman conducted youth services at the First Baptist Church Saturday night and Sunday morning.

Rev. and Mrs. Keith McCormick, Larry and Terry are vacationing in California with Rev. McCormick's family. They plan to be gone for two weeks.

Miss Carol Lawrence, who has been working in Fort Worth, is visiting her mother, Mrs. Mable Lawrence.

Members of the First Christian Church held a social last Sunday evening on the back lawn of the church. Over one hundred members and guests attended.

The Notia Home Demonstration Club met July 22 in the home of Mrs. Jess Brownlee. Mrs. Elita Waggoner conducted the business meeting. Plans for a float and an educational and community booth for the Fair were discussed.

Mrs. Brownlee presented a demonstration on salads. Twelve members and guests were present.

Mrs. Robert D. Lemon, who moved to Perryton recently, was honored with a tea recently in the home of Mrs. Max Boyer. One hundred guests called during the afternoon.

Mr. and Mrs. Herman Wiemer and Wayne entertained with a picnic supper recently at Lake Meade, Kans., honoring their house guests.

Mr. and Mrs. Bill Baumleik, Nancy and Judy, and Mr. and Mrs. Jack Erdman and Kelly, all of Diller, Neb.

Mrs. John Dieball honored her son Randy on his fifth birthday with a wiener roast at the City Park. Eighteen of his friends and their mothers were present.

Mr. and Mrs. A. W. Graham of San Antonio, were honored with a family picnic by Mrs. Graham's sister, Mrs. Luther Wade, recently while they were visiting here. Fourteen members of the family are present.

Mr. and Mrs. A. E. Pfliman held an open house Sunday honoring their daughter and sons-in-law Mr. and Mrs. Alvin Koehn on their 25th wedding anniversary, and Mr. and Mrs. C. B. Seago on their 26th wedding anniversary.

Mrs. Harold Hudson and Mrs. Kenneth Precise attended the Methodist Wesleyan Service Guild last week end at Ceta Canyon.

Mrs. Walter Word of Fort Worth was honored with a luncheon last week by Mrs. J. M. Henry and Mrs. Tom Waugh in the Henry home.

The Ochliree County Council of Home Demonstration Clubs met recently at the club center with Mrs. Allen Dennison presiding. Ter Home Demonstration Clubs were represented. Mrs. E. C. Dodson, chairman of the women's division of the North Plains Fair, led a discussion on plans for the fair. Delegates to the THDA meeting in Dallas, August 11-13 were announced. Eighteen members were present.

NEW HAVEN, Conn. — UP-Burglars literally used a "new twist" to get at two bags of coins containing \$900 at the Saving Room Arcade. They drilled a hole in the floor from beneath and "twisted" a piece of wire through, hooking the bags and pulling them through the hole.

## THE MARQUEE BY DICK KLEINER

The big race, on Aug. 7, between the only two men who've run the mile under four minutes — Roger Bannister and John Landy — will be televised by NBC from Vancouver. If this program runs short, it's good.

Willie Mays, the biggest baseball hero of the season, is now the subject of a popular song. It's called "Say, Hey," the title being taken from his favorite expression. The Treniers, on Epic, are recording it, and Willie himself makes a guest appearance on the disc.

There hasn't been a song about baseball since "Joltin' Joe DiMaggio" (unless you count "Diamonds Are a Girl's Best Friend") but this should make it. Jane Douglas, a fine composer, wrote the melody. And the words were written by that master of absolutely nothing, me.

Scratch a glamor gal and you're liable to find almost anything. Denise Darcel, the most delightful Parisian import since French dressing, is generally a bubbly, laughing person. But the other day she somehow got on the subject of her childhood in Paris, and this wasn't glamorous at all.

"You know how I lost my voice?" she asked. She has a husky voice. "I was selling cheese, about the street in front of a shop."

She demonstrated: "Camembert, deux francs; Camembert, deux francs!"

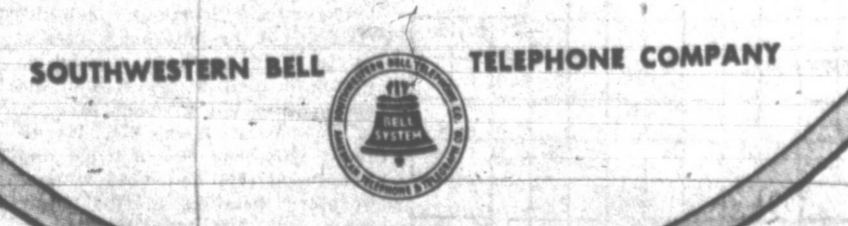

"That's how I got the laryngitis!" She suddenly remembered she was ashamed of her home. When she first started dating. She used to meet her boy friends somewhere else and, when it came time

# TELEPHONE BUSINESS OFFICE TO BE CLOSED SATURDAYS

The telephone business office will be closed all day every Saturday, starting August 7. In the past, the office has been open Saturday mornings. Office hours Monday through Friday remain 8 to 5.

If you wish to pay your telephone bill on Saturdays, there is a depository for your convenience in the door of the telephone building, where payments may be made at any time the office is closed.

Telephone people here engaged in repair and telephone installations will continue this work on Saturdays as usual.

# Oilers Return Home For 4-Game Series With Albuquerque

## End Road Jaunt With Twin Wins

**By BUCK FRANCIS**  
Pampa News Sports Editor

Manager Hershel Martin and his Pampa Oilers, fresh from sweeping their seventh doubleheader of the season, return home tonight to open a four-game series in two nights with the Albuquerque Dukes. The Oilers registered a double victory over the Plainview Ponies last night, winning the first game behind Jose Velasquez, 11-4, and capturing the second game behind Vibert Clarke, 5-8.

Clarke's shutout, his first of the season, nearly became the first perfect game of the year in the West Texas-New Mexico League as he set the Ponies down on only one hit.

Velasquez preceded Clarke's performance with a four-hitter.

In tonight's doubleheader, the first game will start at 7:15. Bud Sam Williams is the probable choice for one of tonight's games while either John Coddington or Jim Lemons are due for the other game.

Manager Tom Jordan of Albuquerque will have virtually his entire staff ready for the two twin-bills here. The Dukes have had the past two days off after sweeping a two-game series from the Amarillo Gold Sox. The Dukes were scheduled against the defunct Berger Classers the past two nights which constituted the two days off.

**Miss WT-NM Crowned**  
Miss Plainview was crowned queen of the West Texas-New Mexico League last night in between games of the Oiler and Pony doubleheader. The six WT-NM queen candidates wound up their league tour at Plainview last night.

Following the crowning of the league queen, Clarke came through with possibly the finest pitched game of the season in setting the Ponies down on only one hit. Catcher Gus Vergetis spoiled Clarke's no hit bid with one-out single in the fifth inning.

Clarke was in complete command at back-to-back doubles had given the Oilers a 1-0 in the second inning.

The Oilers added two runs in the third and their final two in the seventh when Doug Lewis hit his ninth homer of the season and I. B. Palmer hit 22nd roundtripper, both with the bases bare.

There was no doubt of the outcome of the first game as the Oilers pushed across nine big runs in the second frame.

Felder hits grand slam  
Ben Felder featured the big Oiler second with a grand slam homer. Lewis' two-run single was another big blow of the inning.

Curtis Hardaway hit his 28th homer of the season in the first inning of the first game to give the Oilers a quick lead. Plain-

# Five Pampan's In Tourney Title Flight

## Today's Sports Parade Ezzy Charles Looks Forward To Rematch

**By OSCAR FRALEY**  
NEW YORK, Aug. 4—UP—An inspired Ezzy Charles looked ahead Wednesday to his rematch with heavyweight champion Rocky Marciano and vowed that "this won't be like Marciano's second fight with Jersey Joe Walcott."

"There have been suspicions that Charles, who proved his courage when he went a battering 16 rounds with the Rock in June, might be a softer touch when they do it again in Yankee Stadium on Sept. 15. Marciano added impetus to the theory when he said:

"I'm always improved the second time around."

He has, against three opponents. Gino Buonvino went out in 10 the first time and in two the second. Roland Lastera went the distance the first time and was kayed in 11 the second. Walcott was flattened in 13 and the second time took a quick seat in the first, at which time even the rock was surprised that he didn't arise.

But, Ezzy promises, he is a man of a different stripe. Actually, he discloses, he has a new outlook on the business of fighting since his raw red meeting with Marciano.

"I'm not too proud of the fight," he said with a smile which belied his words as the two men met to sign contracts. "You can't be proud if you don't win. But it's a great feeling to be admired as a fighter."

There was a time in the not too distant past when Ezzy didn't get recognition as a real fighting man. He was content to stab and run and take the easy way out. And when they criticized him he rapped back:

"This isn't a popularity contest. Now, he knows it is."

"I said that in anger," he admits. "I shouldn't have said it. The fight with Marciano proved to me how nice it is to have the admiration of the people. It's something I'm not going to lose."

Ezzy was a grotesque figure of a man after that first fight. His face was swollen frightfully—but at the end he still was on his feet.

"I learned two other things, besides how nice it is to be known as a man of courage," he says happily. "I proved to myself that Marciano can't knock me out and that only an accident beat me the last time."

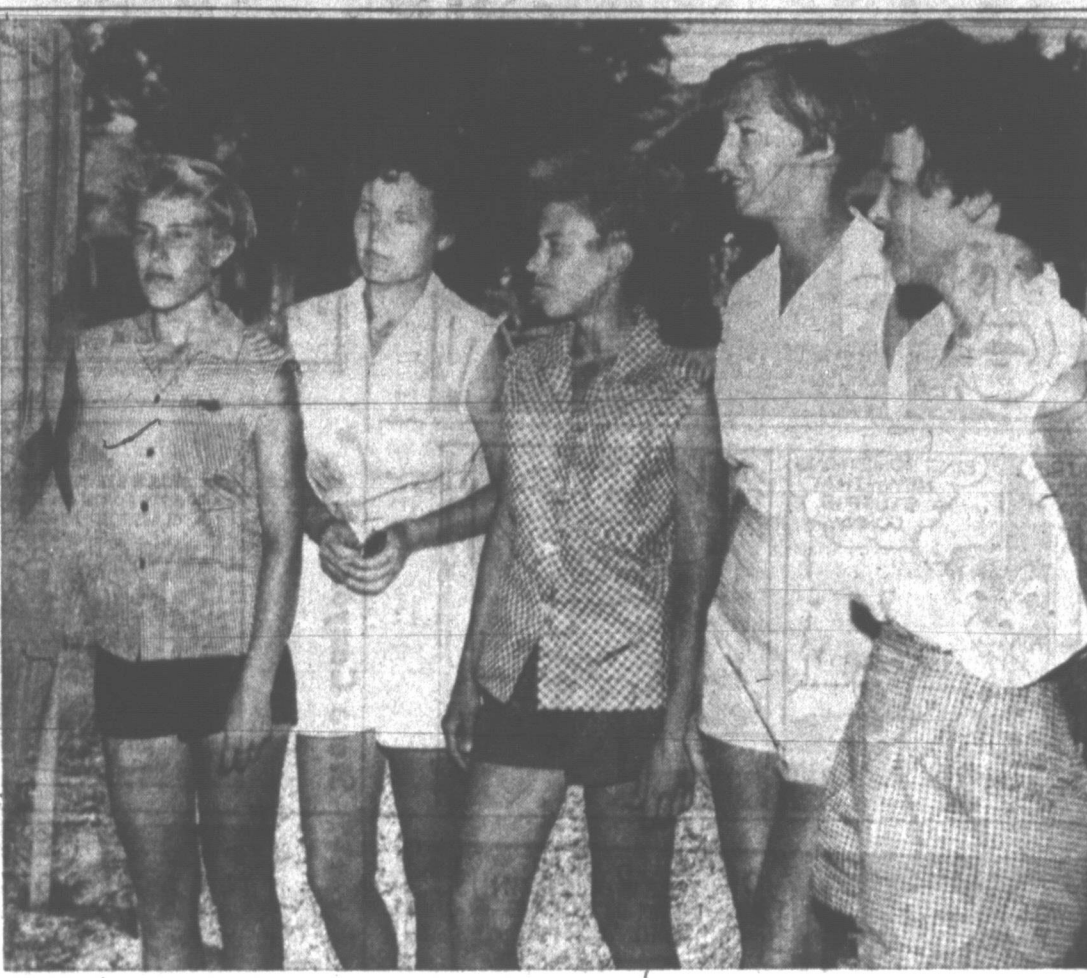

The "accident" was a clout on the adam's apple in the eighth round and that 1,000-to-one shot in accordance to Ezzy, what beat him.

"Up to then it was going just the way I wanted it to," he recalls. "Sure, I made a couple of mistakes defensively which I won't make again and I should have concentrated more on his cut eye. But this time I'm sure I'll beat him and, one thing sure, I'll find it a lot tougher to beat me."

It will be the 13th time Ezzy has gone to the post with the title at stake. The first time he won it. Then he made eight defenses and lost it on the ninth. This is his third attempt to recapture the crown.

"I'm not superstitious," he laughed. "For me, this is the third time and it should be a good luck charm. One thing sure, as long as I can move I'll be swinging at him."

Which is all you can ask, whether he wins or not.

**PWGA TITLE FLIGHTERS**—Shown above are five ladies who yesterday gained a berth in the championship flight of the Panhandle Women's Golf Association Tournament on the Pampa Country Club course. The five women, who are scanning the score charts following the qualifying rounds, are from left to right: Miss Lila Austin, Mrs. Marge Austin and Shirley Austin, all of Pampa; Jane Farquahr of Amarillo, and Mrs. Maxine Rigdon of Phillips. Lila Austin was the tourney medalist with 81.

## Lila Austin Is Medalist With 81

Five Pampa ladies including the tourney medalist dominated the eight-player championship flight of the 8th annual Panhandle Women's Golf Association tournament that got underway this morning on the Pampa Country Club course.

Miss Lila Austin, 17-year-old Pampa girl, captured medalist honors with an 81, five strokes better than her nearest pursuers. Three ladies carded 86, Mrs. Miriam Luedders and Mrs. Marge Austin of Pampa and Helene Triplett of Phillips.

The other two Pampan's in the championship flight are defending champion, Mrs. Jean Duenkel, and Shirley Austin. Mrs. Duenkel wasn't required to post a qualifying score as she automatically gained a championship flight berth as defending champion.

Mrs. Duenkel was paired against Mrs. Luedders in today's first round while medalist Lila Austin took on her sister, Shirley, in her first round match.

Other first round matches pitted Mrs. Marge Austin against Mrs. Triplett and Miss Farquahr against Mrs. Rigdon.

In winning medalist honors, Lila Austin had rounds of 40 to 41.

Mrs. Duenkel, competing in the monthly play of the PWGA which was held in conjunction with qualifying round yesterday, had the low score of the day with 80.

Her 80 was good for low gross in the PWGA monthly meeting but she did not choose to shoot for medalist honors for the tournament.

The Pampa Country Club won yesterday's team play in the PWGA monthly meeting with 614. Amarillo Country Club was second with 634; Huber of Berger third with 635; Phillips fourth with 641; and Ross Rogers of Amarillo fifth with 644.

Mrs. Kay Wright of Ross Rogers had the low net of the PWGA play with 61.

Forty-four ladies posted qualifying scores for the tournament. The field was divided up into five flights, one of which is a nine-hole flight.

The major surprise of the day in the qualifying rounds was the failure of two former champions to gain the championship flight, Eleanor Robertson and Mariene Reynolds, both of Amarillo. Mrs. Robertson qualified with a 91 and Mrs. Reynolds with 95. Both are bracketed in the first flight.

First round matches will be played today, second round Thursday and the finals Friday.

The first round pairings and qualifying scores:

## Would Move It To KC Chicago Man Out To Buy A's Franchise

**By FRED DOWN**  
United Press Sports Writer

Whitely Ford, the cocky little southpaw who felt Manager Casey Stengel's wrath last spring, loomed Wednesday as the "big pitcher" who can make the New York Yankees' dreams of a sixth straight American League pennant come true next autumn.

Stengel's "whipping boy" due to lethargic performances during spring training, the 25-year-old Ford came through with a brilliant four-hitter Tuesday night to give the Yankees a 2 to 1 victory over the Cleveland Indians and move them within a game-and-a-half of first place. It was Ford's 11th win of the season and his fifth straight since July 2 when the Yankees began their drive on the lead.

Ford, who has replaced Allie Reynolds and Ed Lopat as Yankees' key pitcher, yielded Cleveland's run in the first inning when Larry Doby hit his 23rd homer of the season. He went on to yield only three more singles and struck out six batters while walking four.

**Second Largest Crowd**  
A crowd of 60,643—second largest of the year in the majors—saw the Yankees draw "first blood" in the crucial three-game series which continues Wednesday and Thursday.

The New York Giants, meanwhile, maintained their five-game lead in the National League with an easy 7 to 1 triumph over the Chicago Cubs while the second-place Brooklyn Dodgers defeated the St. Louis Cardinals, 2 to 1. The Milwaukee Braves beat the Philadelphia Phillies 3 to 1, and the Cincinnati Redlegs downed the Pittsburgh Pirates 7 to 2 in other NL games.

Ruben Gomez pitched a five-hitter for his 10th win and Hank Thompson blasted his 19th homer with two on in the first inning to spark the Giants to their fifth consecutive triumph. The Giants supported Gomez with a 12-hit attack that included three blows by Al Dark and two by Davey Williams, who can make the New York Yankees' dreams of a sixth straight American League pennant come true next autumn.

"I believe I've made a fair and substantial offer for the team," Johnson said. "I don't know when the Athletics' officials intend making up their minds, but I want to know in the next week or two whether he can buy the Philadelphia Athletics and transfer the American League franchise to the Kansas City."

"I believe I've made a fair and substantial offer for the team," Johnson said. "I don't know when the Athletics' officials intend making up their minds, but I want to know in the next week or two whether he can buy the Philadelphia Athletics and transfer the American League franchise to the Kansas City."

Johnson revealed plans to expand Kansas City's stadium from its current seating capacity of 17,200 to "35,000 or 36,000."

"If I can get the team, I'm definitely taking it to Kansas City," he explained. "I own the stadium in Kansas City and believe we can increase its seating capacity to 25,000 or 36,000."

Johnson did not reveal amount of his offer but it is estimated at about \$4 million. Under such an arrangement, Connie Mack and his sons, Earle and Roy, would get \$700,000 each with the remainder of the money cancelling debts reported at more than \$200,000.

Johnson's confirmation that the offer to purchase the Athletics was being considered followed repeated denials by club officials that the transfer was impending.

In Kansas City, hopes were high that the transfer of the A's franchise to that city is near.

## Ford Keeps Yanks In Pennant Race

Johnson's confirmation that the offer to purchase the Athletics was being considered followed repeated denials by club officials that the transfer was impending.

In Kansas City, hopes were high that the transfer of the A's franchise to that city is near.

Residents of Kansas City went to the polls Tuesday to vote on a \$2 million bond issue to buy the American Association ballpark for use as a major league field.

"Up to then it was going just the way I wanted it to," he recalls. "Sure, I made a couple of mistakes defensively which I won't make again and I should have concentrated more on his cut eye. But this time I'm sure I'll beat him and, one thing sure, I'll find it a lot tougher to beat me."

It will be the 13th time Ezzy has gone to the post with the title at stake. The first time he won it. Then he made eight defenses and lost it on the ninth. This is his third attempt to recapture the crown.

"I'm not superstitious," he laughed. "For me, this is the third time and it should be a good luck charm. One thing sure, as long as I can move I'll be swinging at him."

Which is all you can ask, whether he wins or not.

## Hoffman Oil's 13-0 Win Gains Playoffs Against Cabot in Eastern Little League

Hoffman Oil raced into a playoff spot against Cabot for the Eastern Little League flag last night in taking the second half title with a 13-0 victory over Sportsman Stars. Cabot had won the first half crown.

The two winners will meet next week in a best of three series to determine the championship.

That title-victory and top-sided scores in two contests in other big baseball play wrapped up action until Thursday.

In the PONY section contests, the Pili Rollers blasted Elmer's Super Market 17 to 4 and the Spokesman ran over Utility Oil 20 to 3.

hit two home runs, one a bases-loaded clout, and Cruise, who was taken out in the fourth added a homer.

The defeat of Elmer's Super Market was the sixth in seven starts while the Spokesman won its seventh in a row.

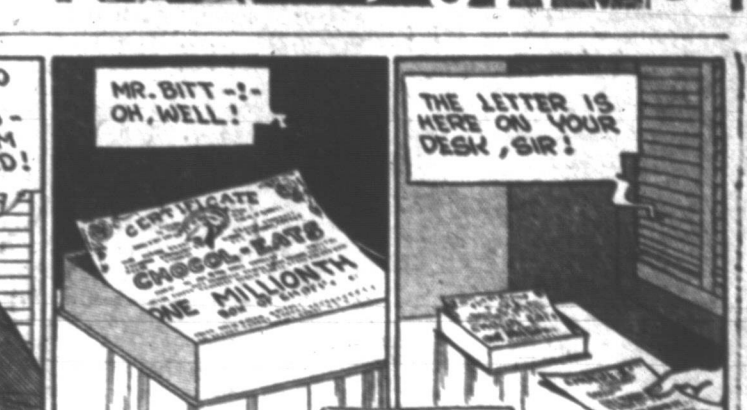

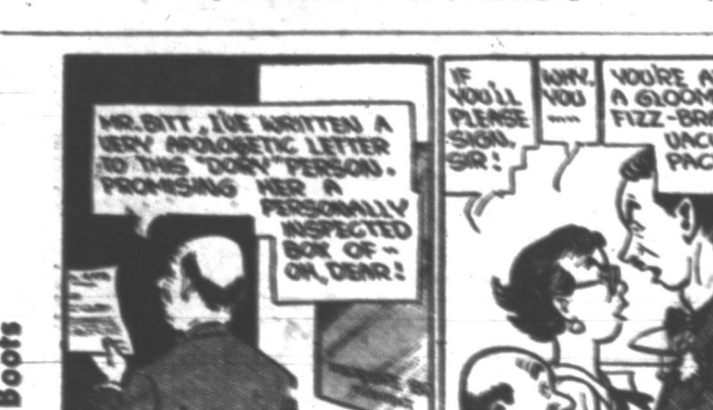

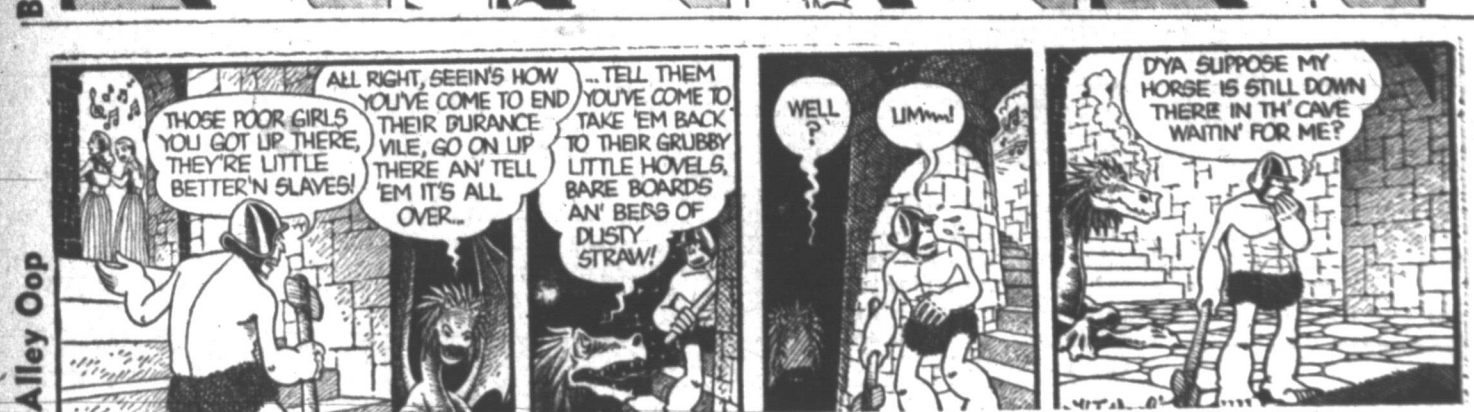

Freddy Morgan led the Spokesman with a perfect batting record of three hits in three trips. George Duke homered for the Spokesman in the fifth. Oiler Jim Scott also homered with one on in the fourth.

John Campbell, Hoffman's southpaw hurler was winning pitcher in the shutout that put Hoffman in the playoffs, but he was given aid by Lynn Boyd in the fifth.

Kent Stevens' four hits in five trips led the victors at the plate.

## Commission Gets Trash System Report

Two Dempster Dumpster units will be placed at the Rodeo Grounds during the Top o' Texas Rodeo.  
City Mgr. Fred Brook Tuesday morning told the Pampa City Commission of the plans and gave some statistics on the use of the city's new trash disposal system.  
In a two-week period, the Dumpster truck made 205 trips to the dump grounds in 102 hours and 20 minutes. An average of 17 trips were made each night — the containers are picked up only at night — which meant it took an average 31.4 minutes for each trip, from the time the full container was picked up till the time it was returned empty to its original location.  
Commissioners also okayed two estimates for W. R. Colville, Amarillo, and approved a switch of graveling funds to the street improvement fund. The estimates were \$350 for alley paving and \$75.30 for curb and gutter work. The graveling amount was \$998.33.

## Plans Nearly Complete For North Plains Fair

PERRYTON — (Special) — Plans for the North Plains Fair to be held in Perryton, August 19-21 are rapidly reaching completion.  
Keith Flowers was named chairman of the parade for this year with Walter LaMaster, Coke Harlow and Bill Walker as his assistants. Entries in the parade will be in three divisions, commercial, club, and junior divisions, with cash prizes in the club and junior divisions of \$25, \$15, and \$10.  
Chairmen for the Old Timers' Reunion were named this week by Giltner LaMaster, general chairman. Money is now being raised to pay for the food to be served at the reunion. The committee chairmen named include: Vance Apple, program; Mrs. Ruby Lee Malaney, registration; Judge H. R. Slaughter, arrangements and equipment; Sidney Jines, finance; and Giltner LaMaster, food.  
It was announced that the pre-sale of rodeo tickets for the two rodeo performances during the Fair will be opened next week. This pre-sale, patterned after the successful rodeo promotion Pampa uses for the Top o' Texas show, gives rodeo tickets to business firms and individuals for them to send to out-of-town friends or to local customers.

## FBI Keeping U. S. Reds Off Balance

WASHINGTON, Aug. 4 —UP— Government intelligence agents said Tuesday that the FBI is keeping the Communist party off balance by its periodic roundup of party leaders.  
They said that party functionaries, with top leaders already behind bars, are becoming jittery over where FBI agents will strike next and when. These government experts said party leaders still at large fear they may be next.  
The first time the FBI openly confirmed it has followed party members underground, the government agents said, came with the arrest during the past two days of seven party leaders in Colorado and Los Angeles.  
At least three of those arrested, the FBI said, were in the Red underground. The FBI said one of them, Arthur Bary, 42, chairman of the Colorado Communist party, had been assigned to check operations of the FBI undercover agents.  
The seven arrests brought to 117 the number of Communist leaders arrested since 1948 on charges of conspiring to teach and advocate the violent overthrow of the U.S. government in violation of the

## None Injured In Air Smash

BRYAN, Tex., Aug. 4 —UP— Two Air Force training planes collided in the air here Monday but two fliers bailed out and another landed his plane safely.  
The collision was between a single engine T-28 and a T-33 jet piloted by Lt. Robert Niklaus. The T-28, which plummeted to earth, was flown by Capt. C. O. Fox, Selma, Calif.  
Witnesses said the T-28 rammed the jet in the rear, then crashed. —Fox and student officer R. A. Jewell parachuted to ground.

## Dulles Says U. S. Will Okay Dismissing Truce Commission

WASHINGTON, Aug. 4 —UP— Secretary of State John Foster Dulles said Tuesday the United States would approve ending the Neutral Nations Armistice Commission's activities in Korea because the commission has become totally ineffective.  
Dulles disclosed at a news conference that informal talks on ending the activities of the Swedish-Swiss-Polish-Czech commission had been held informally at the recent Geneva conference.  
He said it is possible the question may come up at the United Nations General Assembly which meets in New York on Sept. 21. South Korea has called for the ousting of the Polish and Czech Communist members of the commission from South Korea.  
Dulles said the United States would be sympathetic toward seeing the commission's work come to an end because it is carrying on activities in the north which the Communists control.  
He said it is a very one-sided operation which is not in accordance with armistice terms.  
He said that the Swedish and Swiss had indicated great dissatisfaction with barriers placed in their way in North Korea and that these two governments have shown a very great lack of enthusiasm in carrying on their work.  
Asked to comment on Rhee's advocacy of a war on Red China and resumption of the Korean hostilities, Dulles said that Rhee was a fine patriot and he believed the United States was big enough to overlook such petulant remarks.  
Then he added, with a grin, that the Washington heat might have been partly responsible for Rhee's criticism of American policy.

## JayCeos Name 13 Chairmen

A safety film was shown Tuesday noon to the Pampa Junior Chamber of Commerce and 13 committees — one of them a safety committee — were named for the year.  
Jack Vaughn, president of the Pampa Citizens Safety Commission, made a few short remarks before the film, "A Closed Book," and said at its conclusion, "It's self-explanatory."  
It concerned the formation and reasons for setting up such a safety commission as Pampa has. A long campaign in the film by a physician whose wife had been killed in a hit-and-run accident resulted in a commission.  
Kenneth Hobbs was named chairman of the JayCee safety committee. Other committee chairmen named were Charles Wilkerson, Americanism; Kenneth McGuire, awards; Henry Gruben, Christmas activities; Lyle Gage, civic improvement; Buck Worley, extension and inter-club relations; and Ray Duncan, membership and personnel.  
Also Jack Dunham, public relations; John Jones, profit-making; Jerald Sims, sports; Jack Samsel, religion; John Campbell, youth welfare; and Solon Blundell, public affairs.  
There were three guests on hand, including Earl McCracken, Torrence, Calif.

## Higgins Personals

By MRS. C. H. HYDE  
Pampa News Correspondent  
Rev. and Mrs. Howard Marcom, Robert and Judy, are spending their vacation with his parents in Levelland. During his absence Marshall Word, attorney from Arnett, Okla., will fill the pulpit at the Methodist Church. The Marcoms will return Friday.  
Dr. and Mrs. A. A. Redwine, Sandra and Duane, left Tuesday to visit his parents and other relatives near Texarkana. On their return they will go to their new home at Darrouzett.  
Fishing on Grand Lake in Oklahoma are Ed Detrixhe, Morley Barton, Charles Gourley, Eddie and Dick Detrixhe. They will be gone about a week.  
The Methodist Youth fellowship group is planning a series of parties after the Sunday night services. These will be held every two weeks. The first one was in the home of Sharon Akers.  
The first quarterly conference of the Methodist Church will be held Sunday, August 8, Dr. J. E. Kirby, Pampa district superintendent, will preach at the morning service.  
Spending their summer vacation visiting with their grandmothers, Mrs. C. A. Slack and Mrs. A. Bisanis, are Connie and Susan Slack, daughters of Mr. and Mrs. Joe Slack of Tulsa, Okla.  
Visiting his parents, Mr. and Mrs. Ben Schneider of Lipscomb, is Fvk. J. D. Schneider, who recently completed basic training at Fort Bliss. He has been in service since May, and at the end of his furlough will report to Fort Gill, Okla., for schooling in heavy artillery.  
Mr. and Mrs. John R. Wassell were guests this week of their son and family, Mr. and Mrs. Lorraine Wassell and Tod in Pampa.  
Mr. and Mrs. Bill Gregg, Jay and Joyce, of Parris, Calif., arrived Monday to visit her parents, Mr. and Mrs. John Wassell, and his aunt, Miss Grace Linn. They will go from here to Enid to visit his parents, Mr. and Mrs. Earl Gregg.  
Mr. and Mrs. Don Mitchell of Canyon were week-end guests of her parents, Mr. and Mrs. Roy Keen, and brother, Stanley Keen.  
Little Miss Ann Arnold of Amarillo is visiting her grandparents, Mr. and Mrs. Charles Newcomer on their ranch south of Higgins.

## Texas Highway Patrol Accepting Applications

AUSTIN — (Special) — Homer Garrison, Jr., director of the Texas Department of public safety, announced today that the Texas Highway Patrol will accept applications between now and August 25 from young Texans for appointment to the Texas Highway Patrol.  
Garrison said that examinations for appointment to the patrol recruitment school will be given at various points in the state early in September. Some 30 vacancies due to resignations, deaths and transfers will be filled from the roster of those qualified.  
The public safety director invites all young men who are interested in a career of law enforcement to make application as early as possible. He pointed out that they must be between 21 and 35 years of age, inclusive, have at least a high school education, be at least 5 feet 8 inches in height and weigh not less than two nor more than three and one-half pounds per inch of height.  
Application forms, Garrison said, may be obtained from all Texas Highway Patrol District Offices or by writing directly to W. J. Elliott, Chief, Texas Highway Patrol, at Austin.

## New Test Planned Near Perryton

PERRYTON — (Special) — Rip C. Underwood, independent oil and gas producer of Amarillo, is preparing the location for 7,500 foot test on the John L. Just land about 15 miles northeast of Perryton.  
The wildcat, which is to be located in the southeast quarter of Sec. 14-N-21-E-26M, is about 12 miles south of oil and gas production on the Sid Sharp land. It is east of Bryan's Corner in Beaver county.
