WEATHER

WEST TEXAS — Partly cloudy and warm with widely scattered afternoon and evening thunderstorms in the Panhandle, South Plains, and Pecos Valley eastward Sunday and Monday.

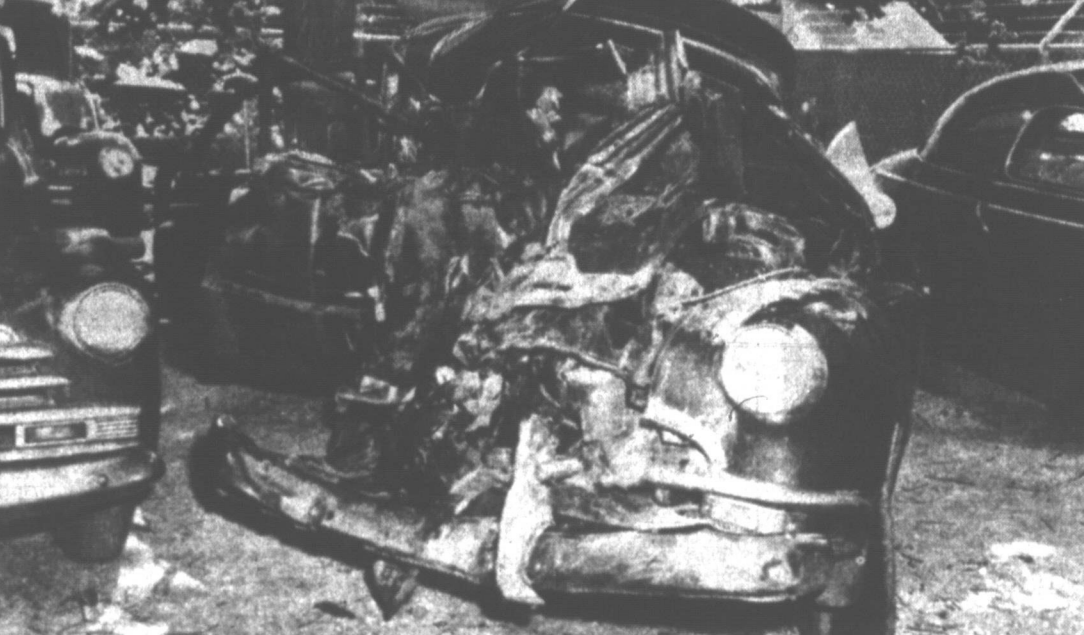

It must also be remembered that private property is quite worthless to the private owner unless it is used in the public interest. —Sir Ernest Benn

Wreck Kills 2 Pampans

Two Pampa residents were dead and another was in critical condition in a Wheeler hospital late Saturday night, as the result of injuries received in an automobile accident Friday night on State Highway 152, about three miles west of Mobeetie.

The dead were Mrs. Clara Tarpley, 44, 400 N. Somerville, owner of Tarpley's Music store here, and Frank James Goode, 49, 1300 Duncan, central office repairman for the southwestern Bell Telephone company.

TWO DEATH CARS — Two Pampans were killed and a third critically injured Friday night on Texas Hwy. 152, three miles west of Mobeetie, when these two cars collided head-on. Upper left is the automobile driven by Frank James Goode, 49, of 1300 Duncan, who was killed. Below is the vehicle driven by Harry Alfred Nelson Jr., 39, of 409 S. Ballard, in which Mrs. Clara Tarpley, 44, of 400 N. Somerville was a passenger. Mrs. Tarpley was also killed and Nelson, critically injured. Nelson was in a Wheeler hospital late Saturday night, still alive, but unconscious. The two vehicles pictured here were brought to Pampa by wrecker. (News Photos)

Wedgeworth Named State CofC Officer

E. O. (Red) Wedgeworth, Pampa Chamber of Commerce manager, is the new vice president of the Texas Chamber of Commerce Managers association.

The Pampa succeeds J. H. Green, Big Spring, who was elevated to the presidency of the association in Galveston. Retiring president is Joe Conroy, Abilene.

Militiamen Halt Rebels

HANOI, June 12 —UP— Several thousand Catholic militiamen turned back a sneak pre-dawn attack by strong Red forces on the village of Vinh Mo, only 15 miles northwest of Hanoi, the French announced Saturday.

U.S. To Leave Geneva Talks

GENEVA, June 12 —UP— British and United States have decided to call off the Geneva conference sometime next week because of the failure of French Premier Joseph Laniel's government, French sources said Saturday.

Laniel Is Defeated In Confidence Vote

PARIS, June 12 —UP— French Premier Joseph Laniel's coalition government was defeated Saturday in a confidence vote on Indo-China, and formally offered its resignation to President Rene Coty.

Nixon Says Indo-China In 'Grave Peril'

WHITTIER, Calif., June 12 —UP— Vice President Richard M. Nixon, declared Saturday that in the task of keeping world peace "we recognize we cannot do the job alone."

New Bridge To Be Opened

Official opening day for the new Lefors bridge, east of town on the McLean highway, is Tuesday.

Filing Deadline

County Clerk Charlie Thut Saturday night reminded precinct and county candidates that Monday will be the second of four deadlines for filing campaign expenses in his office.

Kidnaper Offered Reward Still Seek Ransom

PHOENIX, June 12 —UP— The father-in-law of a 23-year-old Phoenix woman kidnaped for \$75,000 ransom said Saturday he would reward the family of the suspected abductor with \$5,000, if he showed police where he had hidden the money.

Death Fire Set By 11-Year-Old

CHICAGO, June 12 —UP— An 11-year-old boy admitted Saturday he set an apartment-house fire in which seven persons died, police said.

Missouri Couple Feted By C of C

"I'm still dazed by it all!" That's what Mrs. Jo Buckner, who, with her husband, John R. Buckner, Springfield, Mo., were chosen as Pampa's second "Tourists of the Week," said as she settled down in their room in Murphy's motel on U. S. Highway 60 east of the city.

Knowland Hits Move To Bump McCarthy

Flanders' Surprise Motion Termed A Serious Mistake

WASHINGTON, June 12 —UP— Senate GOP leader William F. Knowland Saturday sharply criticized a surprise move by another GOP senator to strip Sen. Joseph R. McCarthy of his committee chairmanships.

GOPs Hear Senator McCarthy 'War' With Ike Denied

MILWAUKEE, June 12 —UP— Sen. Joseph McCarthy Saturday denied he is "starting a war" with President Eisenhower, but said he "will not be a rubber stamp" and hopes to stay in the Senate "a long time."

McCarthy addressed the Wisconsin Republican convention after a stormy session at which it passed a resolution after some heated debate commending his efforts to stamp out communism.

Mundt Warns Cohn To Drop Alleged Threat

WASHINGTON, June 12 —UP— Acting Chairman Karl E. Mundt (R-S.D.) said Saturday he has given Roy M. Cohn "fair warning" that he will not be allowed to carry out a reported threat to "get" Sen. Henry M. Jackson (D-Wash.) at the Army-McCarthy hearings Monday.

Dulles Ready To Stop Aid

WASHINGTON, June 12 —UP— Secretary of State John Foster Dulles is willing to stop new military aid to France and Italy until they ratify the proposed European army plan, congressional testimony disclosed Saturday.

Young Whim Seems Now To Be Reality

NEW YORK, June 12 —UP— Robert R. Young's dream of establishing the nation's first transcontinental railroad appeared to be within his grasp Saturday.

Missouri Couple Feted By C of C

"I'm still dazed by it all!" That's what Mrs. Jo Buckner, who, with her husband, John R. Buckner, Springfield, Mo., were chosen as Pampa's second "Tourists of the Week," said as she settled down in their room in Murphy's motel on U. S. Highway 60 east of the city.

"I'm still dazed by it all!" That's what Mrs. Jo Buckner, who, with her husband, John R. Buckner, Springfield, Mo., were chosen as Pampa's second "Tourists of the Week," said as she settled down in their room in Murphy's motel on U. S. Highway 60 east of the city.

'CONDITIONAL STOP' — Santa Fe's San Francisco Chief No. 3 had to make an unscheduled stop in Pampa at 6:40 p.m. Saturday when a car operated by Mrs. Ruby Shalley Armstrong, 29, of 240 E. Campbell, stalled at the Starkweather intersection. Here Patrolman J. B. Goad questions Mrs. Armstrong who told him she tried to get a motorist behind her to give her a push, but that he saw the train coming from the west and backed away himself. Instead, her car, which had been headed north, was shoved and overturned some 20 feet onto the other mainline track. Train conductor was H. R. Sager, Amarillo. The car was a total loss, Goad said. The train was stopped for 20 minutes. (News Photo)

'ARRESTED' — Mr. and Mrs. John K. Buckner, Springfield, Mo., are pictured seated in their car as they were "arrested" by Police Chief Jim Conner (left, standing) Saturday afternoon in the current Pampa Chamber of Commerce tourist-of-the-week promotion. Standing next to Conner are Crawford Atkinson (left), member of the chamber's tourist development committee, and E. O. (Red) Wedgeworth, chamber manager. Mr. and Mrs. Atkinson played host to the Buckners. (News Photo)

Revised From Top To Bottom Pampa Police Department Maintains Up-To-Date Identification Laboratory

By WALT SWITZER
Pampa News Staff Writer
The Pampa Police department now has a modern, up-to-date identification bureau.

PRIDE OF ENGLAND—June Peters will be competing as "Miss England" for honors in a forthcoming contest to name "Miss Europe." The 18-year-old beauty is a Manchester resident.

adequate," Chief Conner said. "We had to look in three or four different files to find the complete record of a subject, but now all we have to do is look at his index card to find his file number, then we pull his file, where his complete record is kept. It is as simple as that."

Included in the file is the subject's fingerprint classification, an identification sheet with such information as name, address, personal data and arrest information, a "rap" sheet from the Federal Bureau of Investigation or from the state laboratory in Austin which includes fingerprints and complete criminal record, and an arrest report, including a picture of the subject.

"We feel that this new system will be of great help, not only to our department, but to other law enforcement agencies in this area," Conner asserted.

Number Assigned
"If we should receive a request by radio regarding a subject who had previously been arrested by our department, in a matter of seconds we would be able to supply complete information regarding the subject," he added.

Each subject arrested is given a number. This number is typed on an index card, along with his name and fingerprint classification. This number and his name are placed on the tab of the file folder, into which all information regarding the subject is placed.

In charge of the identification bureau here is Ira Thomas, an experienced fingerprint and identification man, who recently joined the department after serving two years as an identification technician with the Amarillo Police department.

A native of Wayne, Okla., he moved to Muleshoe with his parents at an early age. After graduating from Muleshoe High school, he studied at the Institute of Photographic Arts in Lubbock and at the Institute of Applied Science in Chicago.

Served in Marines
Thomas served with the Marines during World War II, seeing action at Okinawa, the Solomon Islands and in China. He was awarded the Purple Heart after being wounded on Okinawa.

He was married to the former Miss Towan Carpenter, Loveland, Jan. 19, 1947. They are making their home at 302 E. Kingsmill.

Thomas' studies in photographic art comes in handy in his duties here. The fingerprint room at the police station is equipped with a specially-made fingerprint camera, as well as a "mug shot" camera. This second camera also is used at times to make pictures of fingerprints.

Also, the department is well equipped to handle all phases of crime investigation from petty thefts to murder. "We have equipment for lifting fingerprints from practically any object and equipment for making casts of footprints and tire tracks," Conner stated. There also are many other types of equipment used to investigate crimes.

"We are continually striving to keep the department up to date and hope to maintain a department that will be equal to any in the state for cities the size of Pampa," he declared.

CHECKING FOR FINGERPRINTS — The Pampa Police department has a well-equipped identification bureau, which recently has been streamlined to speed up the process. Pictured above is Ira Thomas, identification expert, who is shown taking a picture of a piece of broken glass for fingerprints. The bureau also has a specially made fingerprint camera. (News Photo)

★ EDSON IN WASHINGTON ★

By PETER EDSON
NEA Washington Correspondent

Mike Plays It Cool - Dog Data - Need Soil Stabilizer - Tour

WASHINGTON — (NEA) — Many of the people who were yelling the loudest that the Army-McCarthy hearings should be stopped immediately if not sooner — by President Eisenhower himself have changed their tune.

They now want the hearings to go on indefinitely. Their argument is that the hearings show up Senator McCarthy in an unfavorable light, and that he is losing ground and losing followers every day the hearings go on.

Recent Gallup polls are cited in support of this theory. If it is true, President Eisenhower may again be proved a lot smarter, politically, than most of the professionals. By keeping his shirt on and staying out of the Senate hearing fracas, the President will have let McCarthy destroy himself.

This has been the experience with previous factional leaders like Father Coughlin and Gerald L. K. Smith. This kind of lingering political death by natural causes is considered much more permanent than any suppression by higher authority would be.

President Eisenhower has already won an important round in the battle by influencing the Republican National Committee to make no bookings for Senator McCarthy during the coming campaign. Any speeches he makes will be on his own or on invitation of particular congressional districts.

Political realists point out, however, that this is mostly wishful thinking. Senator McCarthy has been prematurely counted out before — and bobbed back into action with some new attack. He now has more requests for speaking engagements than he can possibly fill.

Even if ridden out of the Eisenhower Republican organization and disowned, he would still be a force to reckon with in some such organization as the new Hamilton Fish-Cole, Robert R. McCormick "For America" movement started in Chicago, or alone, with Texas oil millionaire backing. The best appraisal seems to be — Don't cross Joe off yet, or too soon.

Postal inspectors are spending too much time trying to make jobs available for deserving Republicans according to Sen. A. S. Mike Monroney (D. Okla.). As an example he cites charges that one inspector turned in a report against a Civil Service carrier who was a wounded World War II vet. It read:

"You have permitted dogs, two of which are very large, to follow you continuously while serving your route, and have not made proper efforts to discontinue this practice, after you were informed that it was objectionable to some of the patrons on the route."

In reply the ex-G.I. stated that "It is impossible to carry letters on any route in Norman (Okla.) without having a dog or dogs follow for some distance."

Senator Monroney said he thought the government ought to quit inspecting dogs.

Park Returned To Ochiltree County

PERRYTON — (Special) — The United States Department of Agriculture has signed a deed which gives back to Ochiltree County the Wolf Creek Park. The park was leased to the federal government in WPA days, and the Soil Conservation Service built the dam, which controlled Lake Fryer. The dam washed out in 1947 and almost that time the county has been trying to gain back the land.

The cancellation of the lease will give the federal government 75 per cent of the mineral rights and the reasonable material. Ochiltree County will get full use of all of the park property for public use.

When the deed reaches the county, consideration can then be taken as to what will be done about rebuilding the dam and restoring the lake. There are many sportsmen who would like to see the dam restored because it was an excellent fishing location.

Nothing has been done at the park since the dam was washed out and at the present there is no lake of any kind at the site. The picnic grounds and the buildings on the property have been kept in good condition and the only thing lacking now to make a very good recreation area is the lake which once drew so many sportsmen.

The charge calls for postoffice to maintain contact with a district office in Amarillo instead of postoffice department in Washington.

The new district manager and the assistant manager, not yet named, will spend half of their time in postoffices in the 28-county Panhandle. This will give the best service for the least money," Weathered said Saturday.

"I think the new change will mean better service, working conditions, and more savings. I think it's a fine thing," he continued. "It might be well for the other governmental departments to follow our pattern," Weathered concluded.

war who refused to go back to the Reds during the big Korean POW exchange.

They are now touring the Philippine Islands showing two anti-Commie films and lecturing on the existing evils under communism.

The two USIA-prepared films are "The Korea Story" which documents Communist aggression, brutality and treachery, and "When the Communists Came." This is a film about an escapee from Red China. It shows the terrible things the Communies did when they took over his village.

The tour of the five ex-Pow's was arranged through an invitation from the Chinese Nationalist Party of the Philippines.

Shamrock Booster Club Elects New President

SHAMROCK — (Special) — Dr. R. M. Barkley, local dentist and civic leader, has been elected president of the Shamrock Boosters club, succeeding Johnny Munday.

Other new officers are Charley Palmer, first vice president, succeeding Dr. Barkley; Wallace Field, second vice president, replacing Mr. Palmer; Neal Wilson, elected secretary-treasurer.

The new officers took office at the Wednesday meeting of the club.

Miami Personals

By VIRGINIA MYERS
Last Saturday's Cow Calling Celebration occasioned the visits of a number of ex-Miamians to their old homes to visit their families and old friends. Among the visitors was Mrs. F. W. Hoffer of Dallas, who received recognition at the celebration for being the old-timer having traveled the longest distance to attend. Another visitor who walked off with an award at the celebration was Sid Talley of Bentonville, Ark., who won the men's division of the calling contest. Sid and Betty visited friends and relatives at Miami and Mobeetie over the week end.

Mr. and Mrs. Bill Abbott and son "Mitch" of White Deer visited in Miami Sunday.

Carl Williamson, who was a student last year at Texas University, has been chosen to operate the swimming pool this summer.

Mr. and Mrs. T. M. Kivlehen and children have returned to Miami after a year's residence in New Mexico. They are occupying their old home south of the school.

Mr. and Mrs. Bob Phillips of Amarillo were recent visitors in the W. D. Allen home.

Alec and Mrs. Royce Bailey and son of Amarillo visited relatives in Miami and attended the Cow Calling festivities last week end.

SHAMROCK PERSONALS

By LOUISE COFFMAN
Pampa News Correspondent
The local unit of the Texas National Guard left Shamrock at noon on Friday for Fort Sill, Okla. While there, each member of the group will compete for marksmanship ratings.

Rainbow girls attending Grand Assembly in San Antonio are Pat Sanders, Sue Ann Benson, Virginia Shaffer, Jona Lea Burrell, Sharon Stiles, Virginia Greenhill, Alleen Patrick, Marguerite Zelgler and Barbara Sue Bell. Mrs. Al Ryan and Mrs. Clayton Sanders accompanied the group. They planned to attend the first session of the assembly which is scheduled today.

Judge and Mrs. Lewis Goodrich left Friday morning for McBride hospital in Oklahoma City, where Mrs. Goodrich will undergo surgery. Accompanying them were their daughter, Mrs. E. K. Neel and sons, Ben and Gregory of Menard. Mrs. Goodrich's mother, Mrs. W. F. Griffin of Tulsa and her two sisters, Mrs. Willis Hawkins of Hart and Mrs. Ray Clark of Big Spring, plan to be in Oklahoma City at the time of her operation.

Mr. and Mrs. Earnest Snell are in Broken Arrow, Okla. visiting their son-in-law and daughter, Mr. and Mrs. Bill Chandler. Alleen Elaine and Susanne Hardin, daughters of Mr. and Mrs. Guy Hardin, are in Munday vacationing in the home of their maternal grandparents, Mr. and Mrs. W. G. Laffer.

But and Daisy Renick are on a 30-day vacation. They plan to visit Roswell, N. M. and their son and family in Riverside, Calif. They plan to deep-sea fish while on the trip.

Mrs. John B. Harvey left Wednesday morning to join a group at West Texas State college, who will go to Mexico City on a vacation tour. She plans to be away about three weeks.

Mrs. William F. Holmes is serving as librarian at the Shamrock Public Library while Mrs. John B. Harvey is away on a vacation.

Miss Maynette Derr, daughter of Chaplain and Mrs. Edna C. Derr, former Shamrock resident, is top honor student in a class of 308 seniors of Alameda High school, Alameda, Calif.

Pampa News Correspondent
Mr. and Mrs. C. A. Johnson and son, Wayne, of Houston, and Mrs. L. C. Earls of Stinnett, Mrs. Guy Thornburg and Mrs. Minnie Howard of White Deer were guests in the home to Mr. and Mrs. Miles Pearson last week. Mrs. Johnson is Mrs. Pearson's sister. Allen and Beverly Heaton, children of Mr. and Mrs. R. C. Heaton of the Skelly Shafer camp, left Monday by bus for Blackwell, Okla., where they will spend the summer at the home of their grandparents, Mr. and Mrs. I. W. Denton.

Miss Geneva Dunn, daughter of Mr. and Mrs. H. D. Dunn of Durant, Okla., is a guest in the home of her aunt and uncle, Mr. and Mrs. Clarence Hoskins. She will visit Mr. and Mrs. Bill Eddins of the Springcreek community while she is here.

Miss Lynn Davis returned to Pasadena with her brother and family, Mr. and Mrs. Ray Davis, for a few weeks' visit. J. R., small son of the Davises, remained with his grandparents, Mr. and Mrs. Raymond Davis.

Mr. and Mrs. Ross Neugin of the Skelly Kingmill plant have returned from a vacation at Conchas and Charette, N. M.

Ft. Wood Wins Meet
FT. SHERIDAN, Ill., June 12 — UP — Ft. Leonard Wood, Mo., won the all-fifth Army track and field championship Thursday by capturing 12 out of 18 first place events while amassing 138 1/2 points. Camp Carson, Colo., finished second with 93 1/2 points while Ft. Riley, Kan., was third with 28 points. The host Ft. Sheridan team had seven points.

Guests in the Carlos Beck home this week were his sister and family, Mr. and Mrs. Wayne Martin and children, Joe, Barbara and Wayne, from Amarillo.

Chiropractors Want No SS

GALVESTON, June 12 — UP — Texas chiropractors want no part of social security.

A vote taken at the 39th annual convention of the Texas State Chiropractic Association recently was not counted officially, Dr. Robert E. Hartong of San Antonio, association president, said Friday.

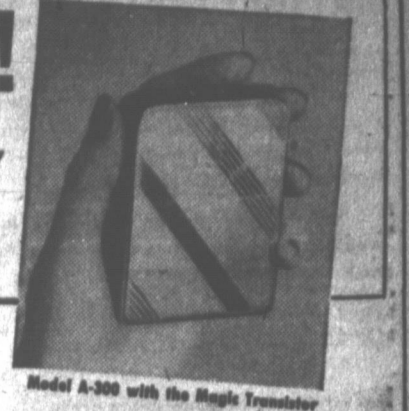

But only a scattering of the estimated 300 to 400 chiropractors attending the convention at Galveston indicated they favored being placed under social security, he said.

A bill to extend social security coverage to such professional men as attorneys, engineers, accountants, chiropractors, optometrists and veterinarians has passed the House and now awaits action in the Senate at Washington.

Original legislation, sponsored by the Eisenhower administration, also would have extended social security to medical doctors, but such provision was opposed by the American Medical Association and since has been deleted from the bill. Hartong, meanwhile, has been nominated to a second term as president of the state chiropractic association and is unopposed. The state convention opened Thursday.

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with truths, expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa News, Atchison at Somerville, Pampa, Texas. Phone 4-2535, all departments. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By Carrier in Pampa, 10c per week. Paid in advance (at office) \$3.00 per 12 months, \$1.50 per six months, \$12.00 per year. By mail \$1.50 per year in postal trading zone, \$1.60 per year outside postal trading zone. Price for single copy, 1 cent. No mail orders accepted in localities served by carrier.

Let's Get Out

"If you want out you'll have to shoot your way out!" That's the gist of a new provision to be included in the revised United Nations Charter.

The framers want membership in UN after a certain date, say 1955, to be made mandatory and compulsory. Presumably mandatory and compulsory mean that if a nation tries to withdraw from the UN after that date it will have to shoot it out with the UN Police Force which will include all the nations in UN.

We hope that Eisenhower threatens to go along with this UN proposal as he has gone along with most other UN ideas. If Ike gives his OK the people may be alerted to the fact that if they want to get out of UN the time is now.

There is a growing movement to withdraw from UN. Here is evidence of it:

A.I.D., Incorporated, recently took a public opinion poll, sampling a cross section consisting of more than 1,200 local American citizens.

More than 63 per cent of those sending ballots believe that the United Nations is not fulfilling its announced objective of promoting peace, understanding and mutual trust in the world.

Two years ago when a similar poll was taken, 52 per cent favored the United Nations.

The second question in the poll was "do you believe the United States should subscribe to any proposal by the United Nations which would take precedence over the Constitution of this Nation?"

Ninety-five per cent voted "No!" The third question asked: "If Red China is admitted to the United Nations do you think the United States should withdraw?"

Sixty per cent voted "YES!" One man who signed his name stated that "the United States should withdraw from the United Nations — period!!"

Another stated: "We should withdraw from the United Nations in any event."

Still another said: "I think the United States should get out and stay out of the United Nations and any other organization of this type."

One summed up: "We should kick the United Nations out of the United States and let them go to Moscow where they belong. All the United Nations amounts to is to provide a Communist listening post in the United States."

A Denver man recently expressed his sentiment concerning Red China's admission to the United Nations.

He said: "We should vote to let Red China into the United Nations, provided we can get out at the same time."

Our sentiments exactly.

No Cost Index

The Bureau of Labor Statistics periodically issues a consumer price index. Unfortunately, it seems to be widely and perhaps generally regarded as an accurate barometer of the cost of living.

Sylvia Porter, a syndicated writer on business affairs, has devoted a column to the fallacies in that. She observes that the BLS index, which has hardly changed at all in many months, "... is no more an index of measuring our cost of living than I, Sylvia, am a man. It never was designed nor intended for this."

Miss Porter then went on to give some of the reasons why the index can't and doesn't tell the cost of living story. She said: "It does not reflect the sales that retailers the land over have been putting on. . . . It does not even try to measure the varying amounts of the goods and services we buy as supplies and prices of the goods and services change. It does not report the shifts in our spending habits since 1950 nor even hint of the ingenuity of the typical American shopper. There isn't a cost of living index worthy of the name in our country."

Just about any housewife will tell you the same thing.

Costly Operation

Randy Haskell Hamilton, spokesman for the American Municipal Association, which is composed of 12,000 cities in 43 states, told a House Subcommittee on Government Operations, of the serious conditions confronting local communities as a result of the alarming growth of national socialism.

Among the types of business and industry in which the federal government has become involved, Mr. Hamilton listed, "fabrication, repair, generation of electric energy, transportation, storage, banking, insurance, mining."

These activities are tax-exempt, at the expense of local and all other units of government. According to Mr. Hamilton, in many communities, "... the citizens have found that they must carry a disproportionately heavier load of local taxes in order to pay for the municipal services."

Yes, socialism is expensive — both in money, and in lost freedom and opportunity.

The Income Tax, Root Of All Evil

By FRANK CHODOROV

Copyrighted by Frank Chodorov, Published by the Devin-Adair Co., New York.

INSTALLMENT TEN

Lots of learned treatises have been written on income taxation, and a wealth of erudition has been expended in its support. But when one looks to bottom causes one finds them quite simple: Income taxation appeals to the governing class because in its exorbitant urgency for power it needs money.

Income taxation appeals to the mass of people because it gives expression to their envy; it saves their sense of hurt.

The only beneficiaries of income taxation are the politicians, for it not only gives them the means by which they can increase their emoluments but it also enables them to improve their importance. The have-nots who support the politicians in the demand for income taxation do so only because they hate the have's; although they delude themselves with the thought that they might get some of the pelf, the fact is that the taxing of incomes cannot in any way improve their economic condition. So that, the sum of all the arguments for income taxation comes to political ambition and the sin of covetousness.

In 1893 the county had a new depression and a new president. Grover Cleveland, though endowed with more integrity than the run-of-the-mill politician, nevertheless had to "do something" to satisfy the dissident elements. He asked Congress to lower tariffs and to make up this loss of government revenue with a tax on corporation incomes. Congress, heeding the screams of the Populists and the bombast of William Jennings Bryan, put through a bill calling for a two-percent tax on all incomes, with variations, and a deeper cut in tariffs than the president requested. This bill (which became law without Cleveland's signature) was declared unconstitutional by the Supreme Court before it became effective. The arguments for and against the bill, and some comments by the Court, are worth noting in the light of our later experience. But we might digress for a moment to examine the use of a demand for tariff reduction to introduce income taxation.

A tariff duty is a tax on consumption, and it is a tax from which the protected manufacturers derive a profit. The Populists, representing areas that had no manufactures, quite soundly denounced tariffs as an imposition on farmers and wage earners and as a special privilege conferred upon a small class in the East. The argument had too much weight to be easily ignored. Yes, the fact was that the government depended on tariffs for nearly half its revenue, and a cut in tariffs was a threat to the United States Treasury. In this argument the Populists were prepared with their cherished "soak the rich" proposal, the income tax. Hence, the bill of 1894 and the several income-tax bills introduced later, linked tariff reduction with income taxation. Not until the constitutional amendment was passed by Congress was the fiction dropped that tariff reduction and income taxation are related.

The Populists, as do all reformers, assumed that social good can be achieved through political action. They ignored the age-old fact that whenever the government does "good" it acts in the interests of some at the expense of others, meanwhile acquiring power for itself. The end product of government intervention in the economy of the country is more power for government. It never gives up power; it never abdicates.

Hence, the idea that the government would give up tariff revenue in exchange for income-tax revenue was contrary to all experience. It promised to make the swap, and perhaps its leaders believed the promise, but the nature of government is such that it cannot give up one power for another; not permanently, at any rate.

The historic fact is that tariffs rose higher than ever after income taxation was ultimately constitutionalized. The Fordney-McCumber Tariff Act of 1913 (with an average ad valorem rate of 33.2 percent) restored the high protective tariff of pre-income-tax days. Ironically, the agricultural South that had fought for the income tax, to enable a reduction in tariffs, joined with their erstwhile opponents to enact this bill. The highest tariff schedule in American history, with an average ad valorem rate of 40.08 per cent, was passed in 1913. It was the Hawley-Smoot Tariff Act. The income tax so enriched the Treasury that the revenue from tariffs became unimportant, and the government could afford to give more and more protection to the manufacturers; not only did the government thus gain the political support of the manufacturers, but it also shared in their tariff-enlarged profits through the income tax. If the government did not have the income tax it could not have raised the tariffs so high as to make importations impossible except for luxury goods, or, in order to get revenue the government would have had to encourage importations by keeping tariffs low. It would have had to pursue a tariff-for-revenue policy rather than a protective policy.

The effect of income taxation on tariffs can be seen when we reflect that in 1894 the government's income from tariff duties amounted to 44 percent of its total revenues, while in 1950 less than 2

He's Just A Kid

BID FOR A SMILE

It was only a rowboat but it served to ferry what few passengers there were across the narrow stream. As the boat was halfway across one day, a stranger glanced down and noticed a good deal of water in the bottom. He called it to the boatman's attention.

Boatman — "Don't worry about that, sir, when it fills up the water will spill over."

"Under New Management, no 1-loads a sign hung over the entrance to his shop by a merchant two days after he was married."

percent came from that source.

However, the Wilson tariff bill of 1894, with income-tax attachment, was passed. It was passed for two reasons; first, it reflected the growing "soak the rich" enthusiasm of Americans; second, it catered to the socialistic idea that was getting hold, namely, that the government is the ideal agency for the economic redemption of mankind. How much headway this second notion had made can be guessed when one reads the following argument by Representative David De Armond, of Missouri:

"The passage of the (Wilson) bill will mark the dawn of a brighter day, with more sunshine, more of the songs of birds, more of that sweetest music, the laughter of children, well fed, well clothed, well housed. Can we doubt that in the bright, happier days to come, good, even-handed Democracy shall be triumphant? God hasten the era of equality in taxation and in opportunity. And God prosper the Wilson bill, the first leaf in the book of reform in taxation, the promise of a brightening future for those whose genius and labor create the wealth of the land, and whose courage and patriotism are the only sure bulwark and defense of the Republic."

The do-gooding promises of stich bilge, with which the debate was liberally sprinkled, were not implemented with specific "social" legislation, the kind that came upon the country when income taxation attained fulfillment. But they bespoke the secret desire for a golden calf to lead Americans to the promised land. They prepared the ground for Big Government.

It should be pointed out, however, that throughout the debate emphasis was placed on raising money only for the proper expense of government. (Even the staunchest advocates of income taxation, in those days, stressed only the need of revenue, though they suspected the possibility of the taxation-for-social-purposes doctrine that followed the adoption of the Sixteenth Amendment. Thus Sen. Williams, on August 26, 1913: "We do not want to collect any more revenue than we need. . . . Having concluded that we had enough, we are not taxing people's income even for fun, nor are we taxing them for the purpose of building up a system.") None of the advocates of income taxation spoke of expanding the functions of government, and while the opposition mentioned "socialism," it seems doubtful that they had any idea of a New Deal. The American mind of the nineteenth century was incapable of comprehending paternalism, regulation, and control; it was too strongly rooted in the past for that. Even those who advocated the tax method of undermining private property were not aware of what they were doing, and would probably have stopped in their tracks if they could have foreseen the consequences of their proposal. It was not any urgency for Big Government — which they could not even have understood — that prompted them to advocate income taxation. It was simply an urgency to "soak the rich" — the very common sin of envy.

National Whirligig... Geneva, Indo-China Blunder Crises Reveal Need For Unity

WASHINGTON — The disastrous breaks and blunders committed by the Western Allies in the Geneva and Indo-China crises reveal dramatically the need for closer diplomatic and political liaison among the free nations of the world. Otherwise, they will remain at a permanent disadvantage in a hot or cold war.

The major NATO powers now maintain a military staff at Washington which meets several times a week, as a predecessor body did during World War II. It has prepared strategic and tactical blueprints for possible war in any part of the globe. But this body is completely subordinate to the political chiefs, for the fighting men do not take over until the diplomats have failed to settle difficulties by peaceful means and palaver.

What the Western world requires, in view of current and prospective disagreements, is a comparable council of political and diplomatic representatives. It would amount to a Permanent Political Secretariat able to iron out differences privately instead of squabbling publicly, thereby advertising the democracies' internal strains and stresses to the Communists.

The present Anglo-American cleavage could have been prevented if Secretary Dulles had first submitted his plan for "united action" in Southeast Asia to such a body, permitting the members to consult their home offices before it was torn to shreds in circus-like style.

Proclaimed From Hootsops — Instead, Dulles proclaimed it from Washington hootsops, with the implied promise of immediate American intervention with air and naval forces. He aroused

grim fears among the British and raised false hopes among the disheartened French. Paris expected the Americans to jump into the fight in time to save Dien Bien Phu.

When Churchill backed out, after Dulles thought he had won a promise of complete co-operation from Anthony Eden, the American proposal was sneered at by Molotov as a "bluff." He immediately began his maneuvers to isolate the United States by appealing to Anglo-French suspicions of what he calls "Washington's warmongering and weakness."

Blundering Moves — To save face, Dulles was then reduced to the alternative of holding mere "exploratory" talks at Washington with ANZUS and Anglo-French representatives. But in view of the open Dulles-Churchill clash, not even such adjacent and affected states as Australia and New Zealand will make any firm commitments for a Southeast Asia alliance.

Then, due largely to lack of any private preparatory negotiations, Dulles aggravated the break with Britain. He suggested that the ANZUS and Indo-China nations be invited to join the "Washington" warmongering and weakness.

Another blunder, which could have been avoided through prior consultation with the proposed Permanent Political Secretariat, was the failure to invite any Asian nation to these Washington conferences. Such pro-American countries as the Philippines and Thailand protested openly and indignantly. It further irritated Nehru at a moment when he shows signs of turning against the Reds because of their glacial march toward his domain.

Dulles' Threat — Finally, in a burst of understandable anger and frustration, the patient Dulles threatened to cut off economic and military aid

from our other two major Allies in Europe — France and Italy — if they do not ratify promptly the European Community Treaty. Should the Laniel and Scelba Ministries fall, it may be due, in part at least, to this public ultimatum from Washington.

It is both the virtue and the liability of democratic governments that they feel compelled to wage and hang out their solid diplomatic linen in the world's back yard — or front yard, as in this instance. It is a process which the dictators do not appreciate or practice, individually or collectively. But it becomes obvious that there must be changes in diplomatic as well as military techniques in combating the Reds' new kind of brutal and conscienceless warfare.

In these days, diplomatic moves should be kept as secret as military plans under certain circumstances, and establishment of a Permanent Political Secretariat seems to be a practical solution.

Down South... World's Free Peoples Should Band Together In Organization

By THURMAN SENSING, Southern States Industrial Council, Nashville, Tennessee

If we were starting out anew to set up an organization of nations to preserve peace in the world, we cannot for the life of me imagine us aligning ourselves with Soviet Russia for this purpose. This, of course, would also apply to Red China.

Realize what we know now about the underlying philosophy and fundamental purpose of Communist Russia and Red China, and with the current factual information we have as to their activities, it would be just as sensible for a good government group to include the worst gangster in the city on its executive committee.

We know for a fact that Russia is doing anything but helping to promote peace in the world. It refuses to hold free elections that would reunite a divided Germany and Korea; it holds a number of satellite nations in its bondage; it actively supplies disarming and provided materials for various fringe wars.

Above and beyond all this, we know for a fact that it is the philosophy of the government of Russia to overthrow the established order in the world and do away with the liberty of free peoples.

Since I cannot conceive of our starting out anew under present circumstances and including ourselves in an organization for world peace, I therefore cannot understand why we go through the farce of staying in an organization that includes Russia and its satellites. There is just as much reason for admitting Red China to membership in the United Nations as there is for remaining in the United Nations with Communist Russia — and we certainly won't agree to the former.

Nations simply gives that nation a semblance of respectability which it does not deserve. It gives Russia an opportunity to play to the grandstand of a world audience all the while plotting its nefarious schemes in secret behind the scenes.

As by no rule of sense or decency, can we agree to admit Red China into the United Nations, neither can we by any rule of sense or decency remain in the United Nations with Soviet Russia.

The time has clearly come when this unholy grouping of nations that are divided and not united, whose members have taken opposite sides in fringe wars, that is entirely ineffective in preventing aggression and preserving peace, that by its very nature cannot possibly achieve its stated purpose, should be dissolved.

Neither does this mean that I do not favor a world organization to preserve peace. I think such an organization — with the preservation of peace its one and only aim — is in both necessary and desirable.

In the place of the present abortive United Nations, however, it seems to me we should establish a League of Free Nations.

With a League of Free Nations, this nation could wholeheartedly cooperate. It would be composed of those nations of the world whose peoples have the free and untrammeled opportunity to select their own governments, the dignity and freedom of the individual. It would be a group united by common ideals and common aims.

The establishment of a League of Free Nations would have a great psychological effect upon the peoples of the world. Membership would carry with it weight and dignity. The people of a member nation would be proud of their labors of freedom. By the same token, it is to be recognized that the people of a nation not eligible for mem-

bership would not be very proud of that fact, would aspire deep down in their hearts to make their country eligible — because the eternal quest for freedom is innate in the heart of man and is not confined to any one people or any one nation.

We could respect a League of Free Nations; we cannot respect the United Nations. A League of Free Nations could work; the United Nations cannot work. It is time for a change.

Before The Dishes Are Done

By BETTY KNOWLES HUNT

TRAGIC WASTE — From the very start, this column has believed and said that the Stevens-McCarthy public feud was a tragic waste of time, talent and money. Now that the Army side has concluded its testimony, who can honestly contend that anything very "improper" has been proved against the Wisconsin Senator? Even if every sentence spoken by Stevens and Adams were accepted, what a disaster! It is not now an established fact that 99 per cent of the Stevens-Adams charges were leveled at Roy Cohn, rather than at McCarthy? Did the Senator exert himself very strenuously in behalf of Private Schine, or is it now obvious that his major "crime" was his refusal to cease investigating subversion in the Army, which was what Secretary Stevens desired? If this is true, how can this "judging" committee, whose legal job it is to investigate subversion anywhere and everywhere, condemn McCarthy for it?

Mr. Carr has already been dropped as a principal, and as the record stands now, with the Army case all in, it looks as if the case against the Wisconsin Senator is pretty weak also. That leaves only Mr. Cohn, and whether he can personally extricate himself from the charges of pressure and insult, remains to be seen. But if Mr. Cohn eventually loses his job with the committee, that result could have been achieved quietly without any public hearings. It should be remembered that, before this spectacle started, Senator Dickson suggested that the whole thing could probably be "expedited" by the removal of both Mr. Adams and Mr. Cohn.

World's Free Peoples Should Band Together In Organization

By THURMAN SENSING, Southern States Industrial Council, Nashville, Tennessee

If we were starting out anew to set up an organization of nations to preserve peace in the world, we cannot for the life of me imagine us aligning ourselves with Soviet Russia for this purpose. This, of course, would also apply to Red China.

Realize what we know now about the underlying philosophy and fundamental purpose of Communist Russia and Red China, and with the current factual information we have as to their activities, it would be just as sensible for a good government group to include the worst gangster in the city on its executive committee.

We know for a fact that Russia is doing anything but helping to promote peace in the world. It refuses to hold free elections that would reunite a divided Germany and Korea; it holds a number of satellite nations in its bondage; it actively supplies disarming and provided materials for various fringe wars.

Above and beyond all this, we know for a fact that it is the philosophy of the government of Russia to overthrow the established order in the world and do away with the liberty of free peoples.

Since I cannot conceive of our starting out anew under present circumstances and including ourselves in an organization for world peace, I therefore cannot understand why we go through the farce of staying in an organization that includes Russia and its satellites. There is just as much reason for admitting Red China to membership in the United Nations as there is for remaining in the United Nations with Communist Russia — and we certainly won't agree to the former.

Nations simply gives that nation a semblance of respectability which it does not deserve. It gives Russia an opportunity to play to the grandstand of a world audience all the while plotting its nefarious schemes in secret behind the scenes.

As by no rule of sense or decency, can we agree to admit Red China into the United Nations, neither can we by any rule of sense or decency remain in the United Nations with Soviet Russia.

The time has clearly come when this unholy grouping of nations that are divided and not united, whose members have taken opposite sides in fringe wars, that is entirely ineffective in preventing aggression and preserving peace, that by its very nature cannot possibly achieve its stated purpose, should be dissolved.

Neither does this mean that I do not favor a world organization to preserve peace. I think such an organization — with the preservation of peace its one and only aim — is in both necessary and desirable.

In the place of the present abortive United Nations, however, it seems to me we should establish a League of Free Nations.

CANDIDATE — G. T. Johnson, 49, Austin, Democratic candidate for lieutenant governor, was campaigning in Pampa Saturday. He is campaigning on a platform that calls for a state communications commission elected by the people to regulate and reduce high telephone rates, and a statewide water conservation program. Johnson spoke Friday night from the lawn of the Gray county court house.

Mrs. A. L. OTTO, 1600 N. Wilson, Amarillo, Texas

LETS ELECTRIC COOKING HELP HER RAISE A FAMILY OF 7!

The A. L. Otto family—all nine of them—are enthusiastic about electric living. They have found—as you will—that the comfort and convenience of electric living make electric service—truly—the biggest bargain in your family budget.

Mrs. OTTO says...

"With seven children and a husband, meal-making could keep me pretty busy, but my electric range solves my cooking problems nicely. The deep-well cooker, for example, is used continuously by me to cook nutritious food for my family. Of course, I use the top elements and the oven almost every day. So I feel that I know electric cooking 'personally' so to speak. It's the ideal way to cook."

"We figure that since we've had our electric home freezer, we've been able to cut our food bill in half. With nine in the family, plus occasional guests, food money becomes 'top priority' and the savings we make in food, more than pay for the freezer. It lets us eat healthier, too. When vegetables are fresh, we buy them in quantity, then freeze them."

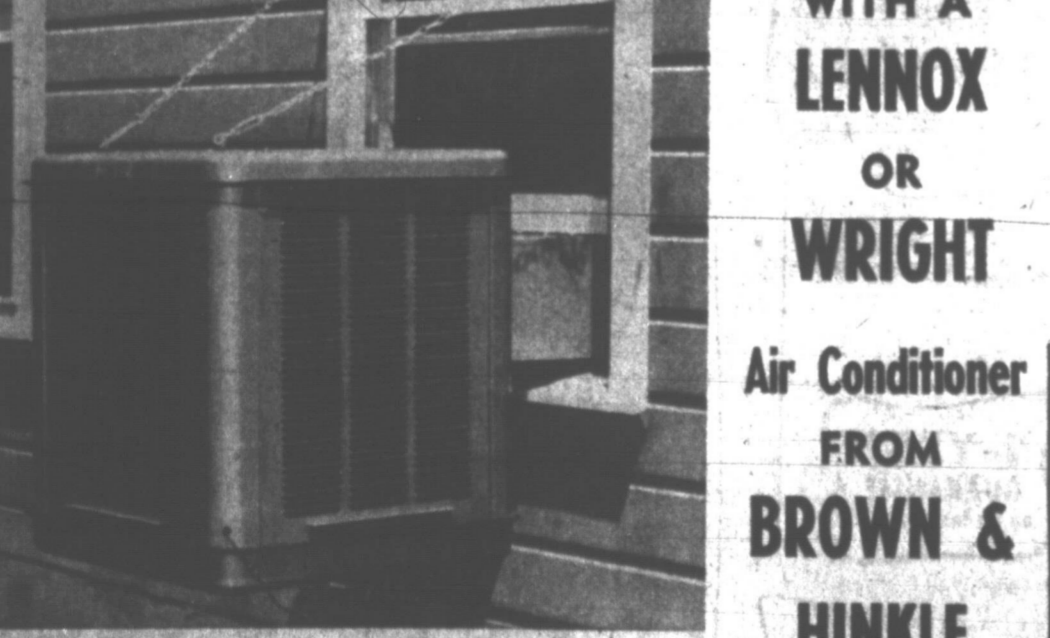

ELECTRIC SERVICE IS ECONOMICAL...

"Folks who aren't used to the time and money saving value of electric appliances often think our electric bill is high. Actually it isn't, for, in addition to the range, freezer, washer and dryer, we also have a refrigerator, toaster, mixer, waffle iron and grill, vacuum cleaner, sewing machine, iron, clock, television, radio, our lights, and even an electric train for the children. The little we pay out in electric service actually saves us money."

Alex Schneider Called Crazy For Building Hotel In Pampa

By ED NASH
Pampa News Staff Writer

A man who worked in Swiss hotels and New York restaurants came to Pampa when there were only eight or nine hundred residents and built a hotel which "sympathy" told me I was crazy to do.

Today the Hotel Schneider has 100 rooms, but no Alex Schneider. Schneider got out of the hotel business and is now manager of the Pampa Country Club.

At 71, however, the man who can remember two tractors being stationed between the Gray County State Bank and the First National Bank on Cuyler to pull cars out of the mud likes to talk about the Pampa of 1911 and how it developed, the Switzerland of today and what the United States should do about the Marshall Plan and Indo-China.

"Why shouldn't Pampa grow?" the gray-haired Pampian of 43 years remembers asking himself. His affirmative answer stemmed from the Wilcox, Shamrock and Cuyler oil wells that were producing in the area. The new Schneider hotel opened its doors June 11, 1927, in the midst of the oil boom.

A native Kentuckian, Schneider first hit the Texas Panhandle in 1928 when he and his parents lived in the Fort Elliott-Mobeetle area. Taken back to Switzerland, his father's native land, in 1904, he worked in Geneva and Lucerne hotels before returning to New York City where he was employed in Rector's and Churchill's restaurants.

"Like many a Swiss, 'I got raised up' in the hotel business, he said. After all, he pointed out, watches and tourists are the main Swiss businesses.

The Pampa of 1911, Schneider continued, his sharp mind going back over the years, was a town of mud, farmers, gimcracks, to get homesteaders to settle. There are probably few Pampians now who can remember the stores and business concerns which Schneider named:

Days - Hardware, Purviance's Drug, Hamp Brown's barbershop, Bidler's Old Crescent Theater, Bernard's Ace Harmon's Furniture store, Neel Locke's dry Goods and Grocery, Brunow's Postoffice and Drug store, John Cox's barbershop, Lee Quinn's Butcher shop, Gott's Rooming house and restaurant and the Simms restaurant, run by songstress Ginny Simms' parents.

To Attract Them

Out in front of the White Deer Land company office on Cuyler was piled seed, he recalled. Purpose - was that passengers on through "homesteader trains" could see them and want to settle in the Pampa area.

In fact, the heavy-set Pampa "elder" was in Pampa so early in his development that he can remember one of the three first settlers quite well - Mrs. Alex Schneider, his mother. The other two were Mrs. Henry Thur, and Mrs. Ernest LaFors. It was a White Deer Land representative, Harry Groom, who induced his parents to come here in the first place.

The Schneider family was early connected with the Panhandle's major problem - water. For one of the two water wells in town was owned by them. Henry Lovett owned the other.

"I think the town's" turned out pretty well," Schneider admitted in a matter-of-fact way. He figures he is at least partially responsible for the way it was built. When he built his hotel, he used the same brick as the Junior High school and when it came time to build a city hall, Combs-Worley building and court house, he induced the city fathers to use the same material, too.

Like Berger

"If it were not for me, Pampa would have turned out like Berger," the long-time Pampian exclaimed. "I was fire chief then and got the city council to pass ordinances to make some and we kept out the shacks." His only foray into local politics came when he ran for city councilman and lost by three votes to J. E. Murfee.

When the depression came along, Schneider said he didn't have any time to spare. He was chairman of the Gray County Relief committee which included Mrs. Hans Davis, Herb Walker and Works Progress Administration (WPA), he said his committee succeeded in getting eight miles of the Clearfork highway built, the municipal swimming pool - constructed, and the Amarillo and Miami highways connected through town.

"I'm glad Pampa didn't grow too much," he said, "because now it's one of the nicest communities around." That did not keep him in Pampa, however. He married several years ago, though. He found 14 cousins "I didn't know I had."

These Swiss Alps

"You know," he said with just the trace of an accent, "those Colorado mountains can't compare with the Swiss Alps." Of course, he admitted, they are different kinds of mountains. There are glaciers in Switzerland, America has "dry" mountains.

Besides the scenery, Schneider thinks the old country is better off financially than the United States. Disappointed in the Marshall Plan, he doesn't think it makes sense to send a tractor over for a 30-acre farm which could be plowed in a couple of days by horse when surplus food could do so much more good. "Horses make more sense" for small farms, he said. One called bouzou, costs 25 cents (U.S.) a gallon in Switzerland.

In the field of international policy for the United States, Schneider thinks that Harry Truman should have let Gen. Douglas MacArthur

to the Yalu river in Korea and had this nation should use atomic bombs and American troops in Indo-China.

Not Affect Hotels

Thinking of the way Negroes and Puerto Ricans are jammed in with everyone else in New York

Firm Plans Family Barbecue

An estimated 600 persons were on hand Saturday afternoon for the annual Family Day barbecue for members of the employees club of Pampa's Celanese plant and their families.

Get-together was held at 3 p.m. Saturday on the Tracy Willis Ranch, about 1 1/2 miles west of New Mobeetle, according to Chet Henry, chairman of the barbecue steering committee.

Supervising the barbecue was Frank M. Carter, Bill Graham and Hal Suttle, Henry said.

C of C Directors Meeting Postponed

The scheduled meeting of the board of directors of the Pampa Chamber of Commerce, which was to have been held at noon Monday in Johnson's cafe, has been postponed. It was announced by President Clinton Evans.

The meeting probably will be held at the following Monday, although the date has not definitely been set, Evans said.

City, he insists the recent U. S. Supreme Court ruling on non-segregation in public schools was a "bad decision." That decision, he figures, won't have anything to do with the hotel business.

Says the "veteran hotelman" "The only trouble with running a hotel is you're always tied down." The easy job is the rooms; the tough job, the restaurant.

Schneider has a favorite sport, too. And it's not surprising, considering the Schneider family was reared in Switzerland. He doesn't have much opportunity to do it in the Texas Panhandle, though. It's bob-sledding.

That brought around, naturally, the subject of the weather. Schneider can remember the time in Pampa it rained for six weeks straight. But he disagrees with Mrs. Schneider who thinks the weather these years has taken a turn for the better.

"Aw, we have about the same thing."

Child For FDE Relative

WASHINGTON, June 12 - UP - Mrs. Anthony DiBonaventura, 22-year-old granddaughter of the late President Roosevelt, gave birth to her first child in George Washington University Hospital Thursday. It was a boy. The young mother is the former Sara Delano Roosevelt, who was married in New York last June 12 to the piano playing son of an estate barber.

FOR 43 YEARS - That is how long Alex Schneider, age 71, has been a resident of Pampa. Builder of the present Schneider hotel with the big sign atop it, he laughingly says, "My name is higher than anyone else in Pampa." Born in Frankfort, Ky., he was in Switzerland and New York City before coming to Pampa to settle. He has never had much of a chance to participate in his favorite sport in the Top o' Texas area.

Stewart Beals Mulloy BECKENHAM, Eng. June 12 - UP - Hugh Stewart of Pasadena, Calif., gained the semifinals of the men's singles in the Kent Lawn tennis tournament Thursday when he defeated Gardner Mulloy of Coral Gables, Fla. Art Larsen of San Leandro, Calif., also gained the semifinals by defeating G. Forbes of South Africa and Bob Howe of Australia. Gil Shea of Fresno, Calif., and Hal Burrows of Charlottesville, Va., were eliminated.

Guardsmen To Qualify With Rifles

Members of Pampa's National Guard unit are in Bower City for a week-end problem, in which 40 guardsmen are to qualify in firing the M-1 rifle.

WOJG Wesley Langham Saturday said an advance detail of 25 men was on hand at 8 a.m. Saturday and the remainder of the unit met at 7 p.m. Saturday. Local Guardsmen will leave the week-end encampment about 4 p.m. or 5 p.m. today and return home.

As a result, there will be no Wednesday night drill session for unit members next week, Langham said.

Second Lt. E. J. Robertson, former Texas highway patrolman in the Pampa area who has moved to Eugene, Ore., has been officially transferred to inactive duty. His replacement as survey officer is Second Lt. Herbert A. Carter, Pfc. Sidney A. Parley, former New Mexico Guardsman, has joined the Pampa unit.

And local Guard officials Saturday were still seeking a replacement for Capt. Malcolm H. Wyatt, head of the Guard unit's medical detachment, who is leaving for another part of the state.

Agriculture Officials Have Problem Over Wheat Props

WASHINGTON, June 12—(AP)—Agriculture department officials had their fingers crossed Saturday over the possibility a once hypothetical problem could turn into a very concrete one if Congress delays too much longer on farm legislation.

Wheat, the first crop to feel the effect of the pending legislation, is what they are worried about. Farmers will begin planting the 1955 winter wheat crop as early as August. By law, the secretary of agriculture is required to announce support levels on 1955 crops as far in advance of planting time as practicable—last year, July 1.

As of Saturday, with no new legislation finally written, flexible price supports are scheduled to go into operation for 1955 crops. Because wheat supplies are so large, Secretary Ezra T. Benson could, under the flexible provisions of the agricultural act of 1949, set wheat supports at 75 per cent of parity. If Congress gets involved in

lengthy floor debate on farm issues, about Benson go ahead and act under the 1949 law? The House Agriculture committee has approved a one-year extension of the present mandatory 90 per cent of parity supports on basic crops, including wheat. Yes, Sen. George D. Aiken (R-Vt.), chairman of the Senate Agriculture committee, thinks chances for extension are "very remote."

What puts the time pinch on Benson is that, under law, he must proclaim by July 1, federal wheat marketing quotas. Last year the level of support farmers would get if they approved quotas was announced in the July 1 proclamation.

There is no question that quotas will be required for the second year in a row. Despite controls this year, wheat supplies on hand, after this year's crop is marketed, are expected to be 6 per cent above "normal." Law requires quotas when supplies exceed normal by 20 per cent.

Would Not Set Minimum Most department experts think that if Benson were forced to move in the absence of congressional action, he would not set supports at the minimum 75 per cent of parity allowed, but somewhat higher for political or other reasons. The flexible law requires only that he go no lower than the minimum when supplies are in such surplus.

While it is conceded that Benson will shy away from the support decision as long as he can, it also is conceded that farmers should know what the support level will be when they vote on quotas. Thus, Benson might be forced to act if Congress hasn't moved. The referendum must be held by July 25.

Last year, when debate dragged on concerning wheat allotments, Congress passed separate legislation extending the farm referendum deadline to Aug. 14.

Resident highway engineers Saturday were still awaiting the official go-ahead to prepare plans for the proposed Hobart Street underpass.

James G. Lott, Amarillo, district engineer for the Texas Highway Department, Friday reported the estimated cost of the project at \$430,000. The Texas Highway Commission earlier had tentatively okayed the project for the 1955-56 consolidated highway program.

Not a sketch perspective or any other type of drawing of the proposed project was on hand Saturday in the Pampa office of the highway department, engineers said.

In the past, Pampa zoning Commission hearings have been held on the matter of obtaining right-of-way for the underpass. For the state will not go ahead on the underpass till Hobart street is widened.

City Tax Assessor-Collector Aubrey Jones and School Business Mgr. Roy McMillen Saturday night gave the total of the visitors to the public hearings and pointed out the evidence submitted by the visitors would be considered during the next week.

The taxpayers will receive the final decision from the chairman of two boards when their tax statements are sent out, Jones and McMillen said. Chairmen are Bob Sidwell for the city and DeLea Vicars for the schools.

Though separate bodies, the two boards met together for the convenience of the public all day Friday and Saturday morning.

United Fund Plans Drive

Preliminary plans were laid for Pampa's United Fund drive in October Friday afternoon at a directors' meeting in the Hughes building. Drive chairman this year are Johnny Campbell and Ed Myatt.

"We are still missing a few delinquent pledges," said Dr. J. B. Veale Jr., president. "We urgently need all of them as soon as possible."

Directors attending the meeting in Hugh (Buck) Burdette's office were Mrs. Rex Rose, Mrs. Harvey Nesbitt, John H. Frick, Gordon Lyons, Ivy Duncan and Mrs. Emmett Gee, executive secretary.

This year's fund goal has not been set.

4-Hers Win Third Place In Judging

Gray county's soil-judging team, which won the district contest in Plainview, came in third in state competition.

Asst. County Agent Jerry Mobly Saturday night was back with his team and made the announcement.

On the Gray county team were David Miller, high man in the group; Lee Ledrick, second high; Michael Price, third; and Harold Studebaker, alternate.

Occasion was the annual 4-H Club round-up at Texas A & M concluded Thursday, Mobly said. Hale county took first place and the county representing District Seven took second.

Taking the two days of "short courses" before the contest along with the boys were Misses Nancy Tale and Carolyn Anderwald. They were accompanied by Miss Faye Burns, assistant county home demonstration agent.

Polio Group Chooses Chairman

A prominent Pampa business man will be asked to succeed Dr. Douglas E. Nelson as chairman of Pampa chapter of the National Association for Infantile Paralysis within the next few weeks, Nelson announced Saturday morning.

The proposed successor was approved at a meeting of the chapter officers Friday evening in City Hall. Members attending the meeting were Ray Evans, treasurer; Dr. Edward S. Williams; and Nelson, all of Pampa; and Paul Bruce of Alameda.

Dr. Nelson is leaving Pampa, where he has been pastor of the Presbyterian church, since 1945, to continue his studies in the field of theology.

Tax Filings Due June 15

Pampans will have to file their estimated income tax returns for 1954 and pay half of their declarations before June 15, according to Ellis Campbell Jr., district director of the Internal Revenue service in Dallas.

Corporations must pay 45 per cent of their return before March 15, the next 45 per cent before June 15, and the final 10 per cent before December 15, 1954.

Mainly About People

C. A. (Lefty) Huff, president of the Canadian River Municipal Water Authority, Saturday night announced a regular monthly board of directors meeting, scheduled for 10 a.m. Monday in Plainview, has been cancelled. Next meeting will be July 13.

Pampa Schools Supt. Knox Kinnard Saturday night said he did not know whether the school board would meet at 7:30 p.m. Monday, its regular meeting time. Several board members were reported out of town.

County Judge J. B. Maguire Jr. Saturday night said he had only one item on agenda for this month's county commissioners' court session—the payment of bills. Session is slated for 10 a.m. Monday in the county courtroom. A special meeting will be held at 10 a.m. Thursday to open bids on electrical

and plumbing work in the Court House.

Roger Bridgewater, Amarillo, special agent for the Southwest General Insurance Co. of Dallas will speak on "The Young Driver and his Problems" at noon Wednesday during the Pampa Rotary club meeting. The club meets in the Pampa Room of City Hall.

Mrs. E. F. Barnhart, 509 N. Frost, has several house guests this week end. They are Mr. and Mrs. E. E. Smith and their daughter Carolyn, all of Amarillo; Mr. and Mrs. Kenneth Kurtz, the ir son Eugene and daughter Martha, Mrs. Donald Walberg also attended the wedding of Miss Lane, who is Mrs. Walberg's sister. Mrs. Donald Walberg was matron of honor and Mr. and Mrs. Walberg's daughter, Donnie Gay, was ring-bearer.

Paul's Laundry, 135 S. Hobart under new management. Rough dry and finish work. Open Tues. and Thurs., nights, Mr. and Mrs. J. M. Jeter.

The Gray County singers association will meet at 2:30 p.m. today at the Bible Baptist church and E. Tyng street. Out-of-town singers and quartets will be present. The public is invited.

Miss Myrtle Thornley, Lebanon, Mo., is visiting in the home of Mrs. B. S. Via, 903 N. Somerville. Miss Thornley will leave soon for visits in Long Beach, Los Angeles and San Francisco, Calif., before returning to her home.

Moore's Beauty Salon open Mon. thru Fri., closed Sat., only thru June, July and August.

Oxygas equipped ambulances Ph. 4-3311, Duenkel-Carmichael.

City Mgr. Fred Brook Saturday night reported only one item on the agenda for his 9 a.m. Tuesday Pampa City Commission meeting. It is the approval of contract for Cooper and Woodruff, Amarillo, contractor for the two-course asphalt surface treatment for the city. Winning bid was a unit price of 24 cents per square yard for a total of \$5,195.59. Tuesday is the tentative beginning date for topping of city streets.

A new grand jury will be sworn in at the Court House Monday, according to Mrs. Helen Sprinkle, district clerk. Judge Lewis Goodrich is expected back from Shamrock the same day, she said.

Mrs. G. N. Groninger and Carolyn, 1101 N. Starkeweather, 1st Sunday morning for Shidler, Okla., to join G. E. (Jelly) Groninger. They will return in a few weeks. Carolyn is a student at Hardin-Simmons university in Abilene.

Mr. and Mrs. Stewart Miller and son, Danny, Pampa, and Miller's mother of San Antonio, were to return this week end from a two-week vacation in the East.

Ernest Winborne, Pampa fire chief and fire marshal, recently returned from a fishing trip to Wisconsin. He will be back on duty next week.

Twelve Die In May On Area Roads

Twelve persons were killed on Panhandle highways during the month of May, according to a report issued by Capt. J. W. Blackwell, of the Amarillo district office, Texas Highway Patrol.

A total of 74 persons were injured in 92 accidents in the 26-county district during the month. Capt. Blackwell said. Property damage was estimated at \$37,714.

Of the 92 accidents, 75 were on state and federal highways, seven on farm to market roads, five on county roads and five in small towns under 2,500 population.

Speeding, as usual, was the principal cause of accidents, he said. Other causes were listed as following too closely, failure to yield right-of-way, driving while drinking and driving on the wrong side of the road.

There were six traffic fatalities during corresponding month last year, the report showed, and 49 persons were injured. During April this year three persons were killed and 41 injured.

The total number of fatalities for the first five months this year was 22, with 273 persons injured. Highway patrolmen of the district made 464 arrests, 183 of which were for speeding and 32 for driving while intoxicated. A total of 1,102 warnings were issued for hazardous violations.

Beer Possession Charge 'All Wet'

HIGGINS — A charge of possession of beer for sale in a dry precinct against Jimmy Patton, Higgins, has been dismissed by Lipscomb County Judge G. A. Jenkins since Patton could not be convicted because the precinct isn't legally dry.

Attorney Jim Crow, Canadian, defending Patton, told the court that, although beer had been voted out of Higgins nearly two years ago in a local option election, the Lipscomb county Commission, which had canvassed the vote, had failed to follow through by posting or publishing a legal notice of the results as required by law.

According to Texas law, such notice must be posted, or published in a newspaper, 30 days before the local option vote can become legally effective.

After dismissing the charge against Patton, Judge Jenkins promptly called a meeting of his commissioners' court in an effort to rectify the error. The notice will be published immediately, the judge indicated.

Ochiltree Wheat Yield Predicted

PERRYTON — Harvest of the Ochiltree wheat crop is expected to get underway within the next two weeks.

With many questions still to be answered between now and harvest time, it is difficult to determine the estimated yield. However, most estimates place this year's yield for the entire county at about 1,000,000 bushels.

Wheat to the east and northeast of Perryton seems to be the best, with good yields expected from some fields.

DEATH CAR INTERIOR — This picture shows the front seat of the car which Harry Alfred Nelson Jr., 30, of 400 S. Ballard, was driving and in which Mrs. Clara Tarpley, 64, of 900 N. Somerville, was a passenger. Mrs. Tarpley and Frank James Goode, 46, of 1280 Duncan, driver of the other vehicle in the head-on collision, were killed. Nelson was critically injured. A Kirk ambulance went to the scene of the collision — on Texas Hwy. 122, three miles west of Mobeetie — and took the Tarpley and Goode bodies to Huns Funeral home, Wheeler, from which they were brought to the Duenkel-Carmichael Funeral home, Pampa. (News Photo)

WRECK

(Continued from Page One) In 1928 from Shamrock, where she had lived six years. She entered business here at that time and at the time of her death was owner of the local music store. Her son, Louis Tarpley, is operator of Melody Manor, another music store here.

She is survived by her son and a daughter, Mrs. W. L. Rowntree, Pampa, and four grandchildren. Services for Goode will be held at 4 p.m. Monday in the Duenkel-Carmichael Funeral chapel, with Dr. E. Douglas Carver, pastor of the First Baptist church, officiating. Burial will be in Fairview cemetery.

An employee of the telephone company for the past 25 years, he had been a resident of Pampa 15 years. He had lived in Berger seven and one-half years before moving to Pampa.

A native of Grayson county, he attended schools in Sherman and Denison. He was a member of the First Baptist church.

Survivors include his wife, Mrs. Ann Goode, Pampa, and two sisters, Mrs. Owen Clement and Mrs. Earl Gibson, both of Pottawatomie Falls, Okla., all employees of Southwestern Bell Telephone company. He is survived by Mrs. Guy LeMond, Bill Williams, Orval Taggart, H. V. Ballard, E. B. Jackson, George Newberry, Bert Easley and R. M. Byerly.

'Innocents' May Leave China TOKYO, June 12—(UP)—Radio Peiping said Saturday almost 1,800 Americans have left Red China since the Communists seized the government in 1949 and those remaining can leave "at any time" if innocent of crimes.

Engineers Await Orders On Crossing

Resident highway engineers Saturday were still awaiting the official go-ahead to prepare plans for the proposed Hobart Street underpass.

James G. Lott, Amarillo, district engineer for the Texas Highway Department, Friday reported the estimated cost of the project at \$430,000. The Texas Highway Commission earlier had tentatively okayed the project for the 1955-56 consolidated highway program.

Not a sketch perspective or any other type of drawing of the proposed project was on hand Saturday in the Pampa office of the highway department, engineers said.

Mrs. Nellie Brown, 509 E. Brown

W. L. Holmes, Pampa

Polio Group Chooses Chairman

A prominent Pampa business man will be asked to succeed Dr. Douglas E. Nelson as chairman of Pampa chapter of the National Association for Infantile Paralysis within the next few weeks, Nelson announced Saturday morning.

The proposed successor was approved at a meeting of the chapter officers Friday evening in City Hall. Members attending the meeting were Ray Evans, treasurer; Dr. Edward S. Williams; and Nelson, all of Pampa; and Paul Bruce of Alameda.

Dr. Nelson is leaving Pampa, where he has been pastor of the Presbyterian church, since 1945, to continue his studies in the field of theology.

Tax Filings Due June 15

Pampans will have to file their estimated income tax returns for 1954 and pay half of their declarations before June 15, according to Ellis Campbell Jr., district director of the Internal Revenue service in Dallas.

Corporations must pay 45 per cent of their return before March 15, the next 45 per cent before June 15, and the final 10 per cent before December 15, 1954.

Amarilloans Reach SPEBSQSA Finals

Amarillo's Four Hearsemen Saturday night were one of five barbershop quartets from the United States and Canada competing in Washington, D. C., for the 1954 SPEBSQSA championship.

The Hearsemen, bonafide undertakers, have appeared in Pampa in the past for the annual parade of quartets and are booked for the 1954 parade, slated Nov. 6 in the Pampa Junior High School auditorium, according to Bunny Shutz, past Top o' Texas chapter president.

Other four competing groups for the championship were the Lytle Brothers, Sharon, Pa.; the Rhythm-airs, Toronto, Ont.; the Statesmen, Sacramento, Calif.; and the Orphans, Wichita, Kan.

Initials of the organization stand for the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc.

Dr. Carver Elected To Baptist Post

Dr. E. Douglas Carver, pastor of the First Baptist church, was recently elected secretary-treasurer for the Southern Baptist Pastors conference of the Southern Baptist convention, which he attended in St. Louis.

Dr. Carver was also elected as the Texas member of the relief and annuity board of the convention, which attracted 27,000 southern Baptist ministers. The relief and annuity board directs the relief program for the convention members.

Miami Sets Vote On Utilities Buy

MIAMI — Voters of the City of Miami will go to the polls in the near future to decide whether the city shall purchase the gas and water systems here.

Members of the City Council voted unanimously to submit to voters of the city a proposal that the city issue \$100,000 in revenue bearing bonds to purchase the two systems.

Southwestern Public Service company is asking approximately \$22,500 for the water system, and the Miami Gas company has set a price of about \$52,000 for the gas system. The remaining bonds would be used to cover the expense of extending water lines across Red Deer creek and making any other needed improvements. No date for the election has been set.

The Pampa post, Veterans of Foreign Wars, has bought two new wheel chairs and one new hospital bed, which in turn has been given to the Red Cross chapter here.

Mrs. F. W. Showell, executive secretary of the chapter, said the chairs and bed will be loaned by the chapter, free of charge, to established residents of the city who need them.

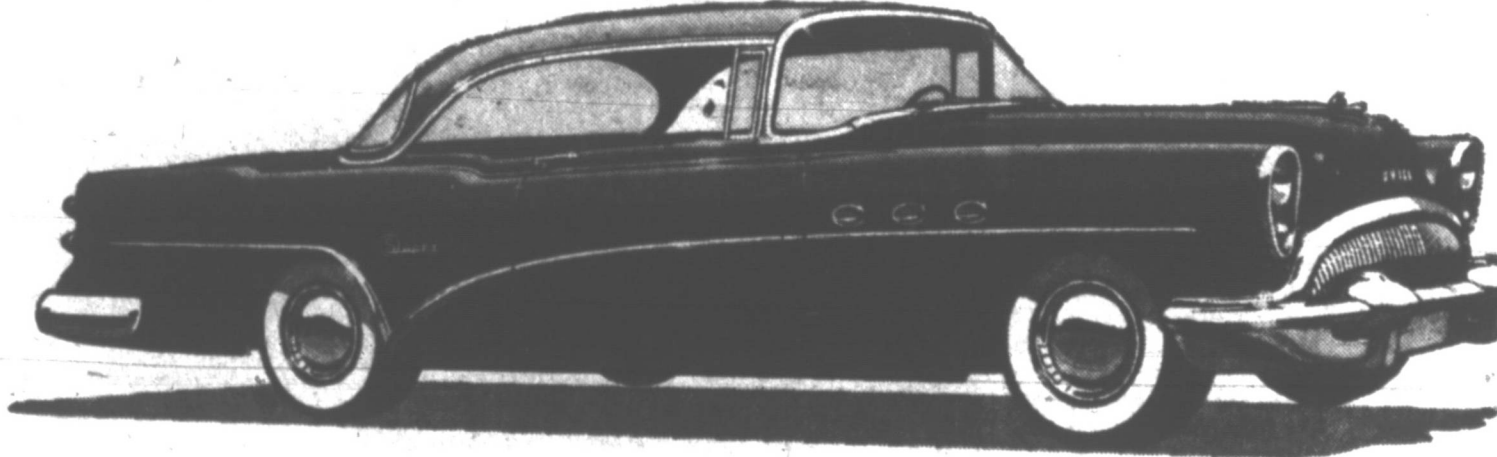

This is a wonderful gesture on the part of the post. Mrs. Showell told E. W. (Bud) Hogan, post commander, who made the presentation Saturday morning.

The VFW post's name will be stamped on the chairs and bed, she said. Anyone needing them should contact the chapter office in the City Hall.

"You can expect the most raiding in the best melon patch"

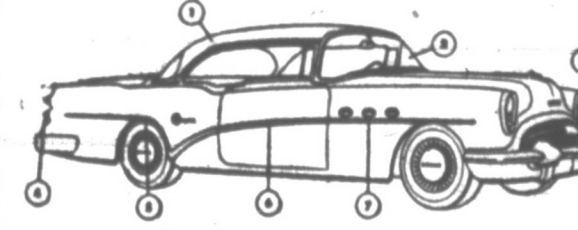

You can bet your bottom dollar on it. Come next year, or the year after that, you'll be seeing on other cars some of the styling features you see in Buick today. We expect it. It has happened before. And there is good reason for it — popular appeal. Take, for example, the car model shown here. We call it a Riviera. Most people call it a "hardtop."

When Buick introduced this body type in 1949, it was a completely new thing. And it was an instant hit. Today, Buick "hardtops" outsell all other models in the line. It's the styling America has taken to its heart.

So today you find that every major car maker has his own version of this Buick original. (And we can't blame them a bit. They know a good thing when they see it.) Maybe you've noticed other such borrowings from Buick. The diagrammatic sketch shown here lists some of the Buick advances that are now reflected in the styling of other cars — or will be soon.

For you can be sure that the great panoramic windshield first shown by Buick this year will be copied. It's too good to pass up. And you can be sure that the full rear-wheel cutout now on every 1954 Buick Riviera and Convertible will show up elsewhere in the future. It's a sports-car touch that hits a really popular note. We're sure of such things. We're sure because the tomorrow-styled Buick of today seems to be just what people want. Because Buick sales are soaring. Because Buick now outsells every other car in America except two of the so-called "low-price three."

So to you we say — why wait another day to see and drive a new Buick? It's the beauty of the year. It's the buy of the times. And it's a wonderful way to head up the parade. Drop in this week for a demonstration, won't you?

KEY TO SOME STYLING "FIRSTS" BY BUICK

- 1 Riviera "hardtop" body type 2 Panoramic windshield 3 Visored headlamp grouping 4 Hooded tail light assembly on Skyhawk 5 Full rear-wheel cutout 6 Fender sweepers 7 Ventports (Remember Buick's first ventports on front fenders? Sage fakes even bought copies of those chrome rings to put on jalopies!)

WHAT HAVE WE HERE?

A REGULATED ENVIRONMENT—New York's Bronx Zoo has a new temperature control system developed by the Minneapolis-Honeywell engineers, and now its snakes no longer try to hide from visitors. A lad is shown, upper left, trying to stare down a 14-foot cobra through the reptile's glass-fronted cage, as other youngsters watch alligators and crocodiles, right. Zoo crocodiles like the one at lower left used to stay submerged in ponds, but not now. Dr. James A. Oliver, right, checks the radiant-heat thermostat that keeps his charges warm—and happy.

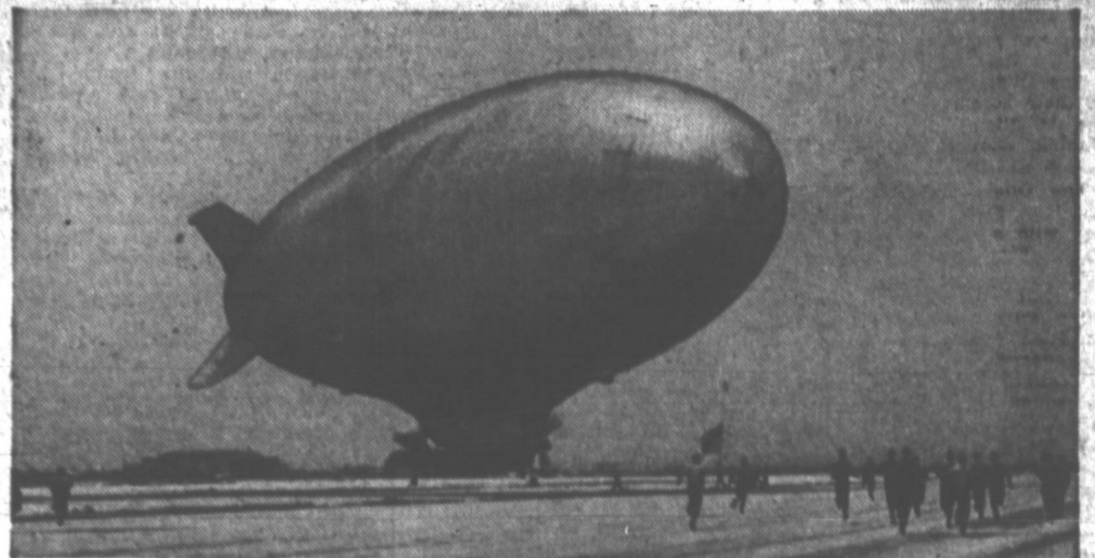

FALL IN ROME—Not the season, of course, but many Romans who were shocked by reports of crumbling stones within their famed Colosseum, plus misleading rumors of the end of the world, crowded in the square in front of St. Peter's. No one could account for the circulation of the fantastic rumors, but the appearance of Pope Pius XII in the upper window, second from right, helped dispel the fear some Italians were feeling.

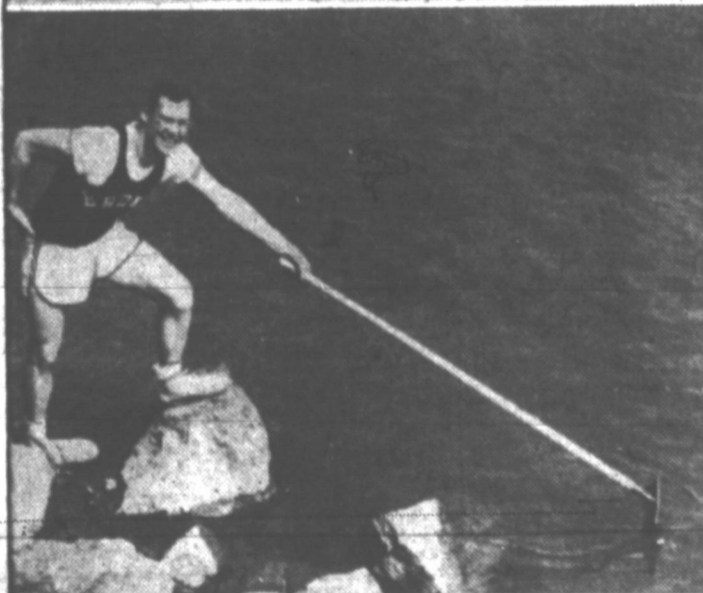

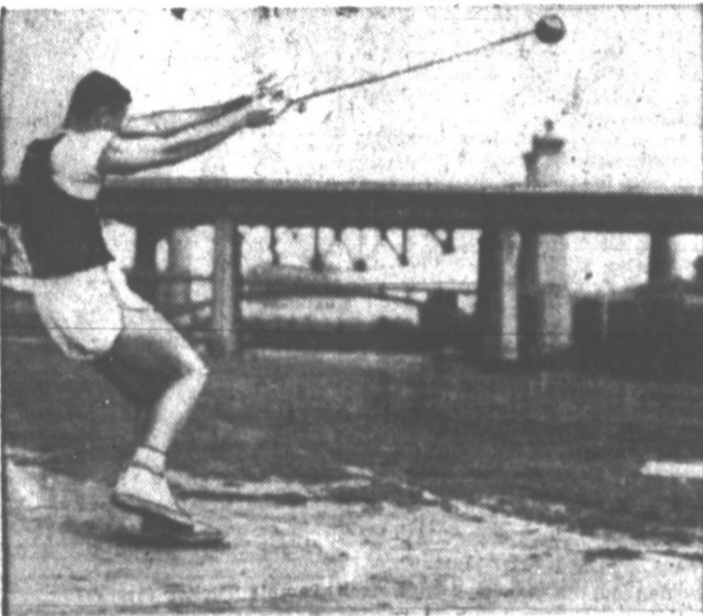

NINE UP—One of the new family recently born to Susie, a collie dog in Chicago, seems to be the victim of a squeeze play at meal time. Each of the four dishes appears to hold just enough food for two pups, and it's kind of tough on the one who has to be odd man out.

PICTURE NEWS 

A RECORD—Navy ground crewmen ran to grasp the lines of the "Nan," as the 342-foot blimp landed at Key West, Fla., after setting a non-stop flight record. The eight-day trip over the Atlantic seaboard proved the value of the airship in detecting enemy submarines and airplanes.

HEAVE HO!—Brown University's Donald Seifert, who led the ICAA hammer throw trials in New York City, obliged the photographers after his winning heave. In the top photo, Seifert has whirled the hammer round and round and it's flying through the air. It finally came to rest past the rocks in the channel separating Randall's Island from Ward's Island. Below, he's fishing for the errant hammer in the channel, known as Hell Gate.

PRECIOUS CROP—As if standing guard over the valuable crop of coffee she's tending, this 14-year-old plantation worker takes a rest from her chores in Brazil, as her large hat protects her from the afternoon sun. Although the plantation is one of the most modern in that country, no machine has yet been developed to replace what this girl can do.

HOT STUFF—Two German lads in Berlin are taking advantage of the warm spring sunshine to ignite a fire with a magnifying glass. The paper probably started to burn a few seconds later—as any schoolboy could tell you. But probably the hottest thing about it was papa, from whose desk the glass was undoubtedly taken without permission.

FULL SPEED AHEAD!—Speed and balance kept this Frenchman on his toes during the annual bartenders' race in Paris. The men had to race across streets with bottle and glasses on a tray and not spill or break anything. The gendarme seems as concerned as the contestant as he goes about his business.

BOCCIE ACTION—John Gonzales, right, right halfback of the San Francisco All-Stars soccer team, headed the ball clear of Plymouth Argyle forwards Jimmy Crawford, left, and John Porteous, left center, and right out of the photo in a game in California's Bay City. San Francisco fullback Dick Grozco watches the play. The touring English team won, 3-2.

FLYING SAUCER MAN—Gaston Chatelet wore his working clothes as he boarded a plane in Paris for Berne, Switzerland. Chatelet cooks up "plane" and fancy dishes at a Paris airport and is making the trip to enter his menus in an international contest.

THEY BELONG—The famed dance team of Mats and Hari is shown in a dressing room in Chicago after they were presented with certificates of U.S. citizenship from District Director of Immigration and Naturalization, Walter A. Sahli, right. Despite an injury which has her foot in a cast, Ruth Mata traveled with her husband, Eugene Hari, to New York to sign the final papers.

Gas Horse, High Gunn, Wins Belmont Stakes

TORONTO, June 12—High Gunn, the King Ranch blazed the stretch at Belmont Saturday to win the \$125,000 stakes in a desperate race that carried him to a neck over game Little Fisher in the 96th running of the triple crown classic.

As he did in the Peter Pan a week ago, the brown colt saved his running stretch. Under the handling of trainer Eddie Fisher, High Gunn, High Gun, big rally in the final furlong to give King Ranch victory in the mile and a half.

High Gunn won the Belmont a year ago, to race far back in 13 three-year-olds in the race. He still was seventh in the stretch to set the pace.

High Gunn charged final bend Guerin nose and set sail after the crowd of 36,482 won the margin. But it wasn't until the last desperate jump that High Gunn managed to sweep past his small but game rival.

The biggest purse in the history of the Belmont was up for grabs and High Gunn pulled down \$89,000 for the second stakes victory of his career. He finished the journey in 2:30 4-5 and paid \$3.90, \$4.20 and \$3.30 across the board.

Fisherman, owned by C. V. Whitnet, was second behind High Gunn in the Peter Pan a week ago and for a while it looked as though he was going to reverse that decision. But his supporters in the crowd had to be content with collecting \$5.80 to place and \$4.20 to show.

Limelight was one of the outsiders in the second largest field ever to run in this test of a champion and he returned \$11.00 to show. Just as he was in the Kentucky Derby, Robert S. Lytle's Correlation was favored. The California colt gave it a good try but he just wasn't enough horse after getting up near the front from the start. He lacked the drive which carried him to victory in the Florida Derby and the Wood Memorial and finished fifth behind Palm Tree.

Perman was sixth, followed by Riverina, Prince Hill, Porterhouse, War of Horses, Chevalon, and Finetum. Buttevant never finished.

Feller Flings Tribe Into 1st

BOSTON, June 12—UP—Pitcher Bob Feller won his third game of the season Saturday and brought his 16-year streakout total to 2,502 as the Cleveland Indians moved back into first place with a 4-3 victory over the Boston Red Sox before 18,917 Fenway Park fans.

The 35-year-old strikeout artist fanned eight batters and didn't allow a walk as he yielded three runs, two of them earned, on six hits before he was lifted for a pinch hitter in the seventh.

Cleveland pitcher Don Mossi set the Red Sox down in order in the last three innings.

Phillips Takes Over in Men's Loop

Phillips Ollers took over sole possession of first place in the Industrial Softball League Saturday night as he won over previously unbeaten Phillips Friday night.

Phillips won his fourth game in a row as he defeated the Pampa News 4-2 in a two-way tie.

Phillips' feature game was against the Pampa News. Phillips and Skelly, Son of Phillips and John Wilde combined efforts to defeat the Ollers. Phillips started on the mound before Wilde in the second inning.

Phillips went all the way in the second inning when he struck out five in the bottom second and then held the rest of the way.

Phillips made the defensive play of the seventh inning when a diving catch of a fly choked off a potential run.

Phillips' Friday night game against the Pampa News was a run-scoring affair. Phillips and Skelly staged a run-scoring attack in the seventh inning.

A's Rally For Three Runs In Eighth; Lick Threatening Tigers

PHILADELPHIA, June 12—UP—The Philadelphia Athletics rallied for three runs in the eighth inning Saturday to break its and defeat the Detroit Tigers 4-2, but newly acquired Sonny Dixon had to come on in the ninth to retire the final man with the bases loaded.

A single by Bill Renna off Ralph Branca with the sacks crowded broke the deadlock and a wild throw by Harvey Kuenn gave the Athletics two more runs to offset a ninth inning home run by Wayne Belardi and a subsequent threat by the Tigers.

With the bases loaded and two out, Dixon, obtained Friday from the Washington Senators in a trade, relieved starter Bob Trice and got Bill Tuttle on a fly to center to end the game.

Trice won his seventh game against four losses. Branca, who relieved starter Ned Garver in the eighth, dropped his second loss against three victories.

Andrade Licks Chavez In 9th

BOSTON, June 12—UP—Youthful Cisco Andrade of Compton, Calif., chopped his way to victory Saturday, staging one of the greatest technical knockouts over ring veteran Carlos Chavez of Los Angeles in a nationally televised bout at Boston Arena.

Undeclared in 24 professional bouts, the 23-year-old boxer racked up his second victory over Chavez. It wiped away any doubt remaining on Andrade's previous split decision over the Los Angeles Mexican.

The referee stopped the scheduled 10-rounder after two minutes of the ninth as blood poured from cuts over both Chavez's eyes. The loser, a wiry 23-year-old weighing 134 pounds, started strong but lost most of his steam after the seventh round.

Andrade, 134-1-2, was hitting him at will by that time. Chavez staggered in the eighth but Andrade pecked away at Chavez's eyes and beat him off as the blood started to flow.

Chavez began to cover up his head and Andrade shifted his attack to stinging body punches. Handlers smeared grease on the eyes between the eighth and the ninth, but Andrade quickly opened them up again.

Chavez was partially blinded, wiping the blood from the eyes when the fight was stopped.

Ralph Gambina, Andrade's manager, said after the victory he would accept a fight with lightweight challenger Jimmy Carter "tomorrow, if they give it to me" and after a few more triumphs, would demand to meet the winner in the title fight in September between Carter and champion Paddy DeMarco.

THE OUTFIELDERS AND PITCHERS FIELD GROUND BALLS THE SAME WAY. INFIELDERS DO.

Vossler Winner Of Texas Amateur

FORT WORTH, June 12—UP—Homeowner Ernie Vossler, 25-year-old plumbing company owner, beat veteran Don Schumacher of Dallas on the 57th hole for the Texas Amateur golf championship Saturday, staging one of the greatest rallies in the tournament's 45-year-old history.

Three down and three to play in the 36-hole finals, Vossler birdied two of the last three holes, and then birdied the first extra hole to win.

He was only the second Fort Worth golfer to take the amateur crown. Billy Coffey having won before World War II.

Vossler hit a wedge shot within a foot and a half of the cup for his winning birdie three on the extra hole of the hard-tough match.

The owner of a plumbing company and father of three was four down for 27 holes to Schumacher, who won the championship in 1928 and 1939. But Vossler caught fire and shot the back nine holes in four-under-par 32.

He smacked a three-wood shot into the wind on the 16th for a fourth birdie putt. He won the 17th with a par three, then hit two driver shots to the long par-five hole and took two putts for a birdie four to finally square the match.

Trying for his biggest victory, Vossler started shakily on the morning 18 and shot a six-over par 76. He went to lunch one down. Fox pitched the ninth, increased his lead as the afternoon wore on shooting two under par for 16 holes.

But then Vossler finally got his putter to working and it was all his show from there until the end of the extra hole.

Kretlow Wins For Orioles, 7 To 3

WASHINGTON, June 12—UP—Lou Kretlow of the Baltimore Orioles pitched his 1938 winning record Saturday night when he gave up six hits in beating the Washington Senators, 7 to 3, for his first victory of the season. His only victory last year was over Cleveland.

Kretlow tired in the late innings and retired after the eighth. Howie Fox pitched the ninth.

The Orioles started out 13 hits and shelled starter Chuck Stobbs in the sixth. Stobbs yielded all the Baltimore runs. Gus Kerkiras and Bumpy Stewart finished up.

Kretlow had a three-hit shutout until the seventh when he gave up Washington's first run. Roy Sievers blasted a two-run homer in the eighth, his tenth of the year. Kretlow struck out seven and walked three.

Zernial May Be On Trading Block

PHILADELPHIA, June 12—UP—It appeared virtually certain Saturday that outfielder Gus Zernial would be traded by the Philadelphia Athletics following his public dugout argument with manager Eddie Joost at Connie Mack Stadium Friday night.

Joost, appearing serious and annoyed, walked out of a showdown conference with Zernial and General Manager Charlie Weis from the Athletics front office after 35 minutes Saturday morning because of what he called the "personal" nature of the discussions.

He announced he had fined Zernial \$50.

Mack, who remained cloistered with Zernial for 10 more minutes after Joost's departure, said player and manager "had plenty to say to each other."

Mack indicated the brief but heated argument between the two men which occurred in the first inning of the second game with the Detroit Tigers Friday night was not a spontaneous affair that could be resolved quickly and easily.

He said it appeared the situation had been "amplified" for some time but that he was unaware "anything was brewing" until Friday night.

"I can't get the rest of the ball players to talk much; they don't seem to want to tell me anything," he said.

"But I have to go along with the manager. I am not going to have a ball player manage the ball club as long as I have a manager."

"We are going to keep Zernial, so far. But we wouldn't have any trouble getting rid of him. Six other clubs want him."

"I could trade him just like that," Mack said, snapping his fingers.

Mack pointed out that "we draw good on the road, and Gus is a good drawing card for us."

Braves' Jim Wilson Pitches No-Hitter

Second Start, Second Win This Season

MILWAUKEE, June 12—UP—Jim Wilson, a 22-year-old right-hander who seemed to be "playing out the string" as a mop-up pitcher in "losing games" hurled a no-hit no-run game Saturday to give the Milwaukee Braves a 2-0 victory over the Philadelphia Phillies.

Wilson, a "hot-weather pitcher" who didn't earn a starting assignment this season until last Sunday out-dueled Robin Roberts to achieve the greatest distinction of a spotty, eight-year big league career. Wilson was given Saturday's starting assignment on the strength of the four-hit shutout he pitched against the Pittsburgh Pirates last Sunday in his first start.

Before that start, Wilson had appeared in relief for the Braves six times. After a 4-9 campaign in 1953, he was shunted into the back-ground by the Braves' promising group of young pitchers and as late as a week ago probably could have been picked up by another big league team for the \$10,000 waiver price.

Wilson gave up only two walks, both to Smokey Burgess, and Burgess was wiped out on one of those when the next man up, Johnny Wyrostek, struck out and Burgess was doubled at second.

Wilson, who shut out the Pittsburgh Pirates last Sunday on four hits for a 6-0 Milwaukee victory, struck out six and gave his fielders easy outs on nearly every hit ball.

The Braves dugout mobbed Wilson when the last man went out second to first, and the crowd of 28,218 stood cheering for five minutes.

Johnny Logan and Del Crandall took care of the scoring department with first and fourth inning home runs respectively, with no one on base. Logan's homer, his sixth, cleared the left-field fence for 380 feet. Crandall's homer, his fourth, was near the same spot.

9 Teams Unbeaten In Kid Softball

By RAUL (Rabbit) RAMIREZ

Second week of activity in the Church softball leagues, sponsored by the Pampa Kiwanis Club, will get underway Monday with a full slate of six games on tap.

Rain cut short the opening week of the schedule last week.

Nine teams in the three leagues got through the first week of play undefeated, three in the Senior Boys, four in the Junior Boys and two in the Junior Girls.

In the Senior Boys' Loop, Holy Souls, First Baptist and First Christian are unbeaten; in the Junior Baptist, Holy Souls and Harrah Methodist haven't tasted defeat; and Central Baptist and First Baptist hold perfect records in the Junior Girls.

Supervisors for the leagues this week are as follows:

Monday — Myron Marx and Fred Thompson.

Tuesday — L. N. Atchison and Shorty Lane.

Thursday — Ed Weathered and Johnny Campbell.

Friday — Dick Altman and Jim Fimmel.

Bratling averages for the Senior Boys:

Team	W	L	Pct.
Holy Souls	4	0	1.000
First Baptist	3	0	1.000
First Christian	2	0	1.000
Harrah Methodist	1	0	1.000
Central Baptist	0	0	0.000
Trinity Baptist	0	0	0.000

Junior Boys:

Team	W	L	Pct.
Calvary Baptist	4	0	1.000
Central Baptist	3	0	1.000
Harrah Methodist	2	0	1.000
Progressive Baptist	1	0	1.000
First Christian	0	0	0.000
Hobart St. Baptist	0	0	0.000
First Methodist	0	0	0.000
Trinity Baptist	0	0	0.000

Junior Girls:

Team	W	L	Pct.
Central Baptist	4	0	1.000
First Baptist	3	0	1.000
Harrah Methodist	2	0	1.000
Hobart St. Baptist	1	0	1.000
First Christian	0	0	0.000
Trinity Baptist	0	0	0.000
First Methodist	0	0	0.000

Pirates Jar Cards, 4-2

ST. LOUIS, Mo., June 12—UP—Dick Littlefield pitched a six-hitter Saturday night to give the Pittsburgh Pirates a 4 to 2 victory over the St. Louis Cardinals.

The right-hander, obtained from the Baltimore Orioles last month, for Cal Abrams, showed a fine fast ball and a sharp breaking curve in stopping the Red Birds.

His mates gave him fine support, turning three snappy double plays to pull him out of jams. Frank Thomas whacked his eighth homer to give him a one-run lead in the second inning. The Cards tied it up in the fourth when Preston Ward booted Alex Grammas' grounder and Red Schoendienst hit a payoff double.

But singles by Curt Roberts and Gair Allie and Ward's ground ball put the Pirates ahead again in the fifth inning.

Trojans Capture NCAA Track Title

ANN ARBOR, Mich., June 12—UP—Ernie Shelton and Jim Lea paced Southern California to its sixth straight NCAA track and field championship Saturday with outstanding performances in the high jump and the 440 yard dash.

Shelton was an easy winner in the high jump with a leap of 6 feet 10 1/4 inches, but he failed in his effort to become the first person ever to top the seven foot mark, knocking the cross bar loose on three attempts.

In winning the high jump, Shelton bested two of last year's three co-champions, Mark Smith of Wayne and Mitt Mead of Michigan. Smith could do no better than the top sixth at 4 feet 4 1/4 inches, and Mead was not among the leaders.

Lea successfully defended his 440 yard dash crown with a blistering 78.77 clocking in 94 degree heat. That was 8.19 second faster than his winning time last year.

Illinois produced three individual champions but managed only 31 17-20 points in the team totals to finish a distant second behind the Trojans, who amassed 66 17-20 points.

California was third with 27 points, followed by Texas with 19. Michigan with 17 3-5 and Purdue with 17.

Willie Williams gave the Illinois one first with a powerful 39.2 performance in the 100 yard dash to claim that title for the second straight year. His time was only 2-10 second over Mel Patton's world mark.

Joe Corley and Willard Thompson in the 220 yard high hurdles were other champions for Illinois.

Corley equaled the Ferry Field record of 22.8 in the boys 4 x 400 relay, which he won with the Trojans.

The 880 yard run was won by Arnold Sowell of Pittsburgh in 1:50.5, while Charles Thomas of Texas took the 220 yard dash in 29.7.

Ford Flings Chisox Out of First Place

NEW YORK, June 12—UP—Southern White Sox knocked the White Sox out of first place in the American League Saturday, striking out eight Chicago Cubs and yielding only two hits in a 2-0 victory that moved the third place New York Yankees within 2 1/4 games of the league leaders.

The White Sox dropped in second place while the Indians took over the lead by half-a-game while beating the Red Sox, 6-3, at Boston.

Lethander Jack Harshbarger doubled along with Ford, who won his season record at 4-4, and the Yankees put together four batters to produce both their runs, both in the fifth inning.

Rookie Bill Skowron led off the fifth with his second single, which represented all the runs New York had made off Harshbarger until that time. Ernie Norton doubled but Gerry Coleman singled to second.

After Ford went to the mound, Skowron's single struck. Gil McDougald's single to left scored Skowron and Coleman. In the second, add a second run on doubles by Roy McMillan and Gus Bell in the third and climax the victory with a three-run cluster at the expense of relief pitcher Clem Labine in the eighth.

Brooks Back In Tie For First

CINCINNATI, June 12—UP—Clarence (Bud) Podbielan's first hit pitching enabled the Cincinnati Reds to defeat Brooklyn 5-1 Saturday and drop the Dodgers into a tie for first place with the New York Giants in the National League pennant race.

It was the second victory over the Dodgers this season for Podbielan, who was aided by battery-mate Ed Bailey's fourth homer in the second, and a second run on doubles by Roy McMillan and Gus Bell in the third and climax the victory with a three-run cluster at the expense of relief pitcher Clem Labine in the eighth.

Area Farmer Keeps A Step In Front Of Crop Experts

By ROY F. SULLIVAN
Pampa News Staff Writer

At least one local farmer-rancher is a step ahead of the soil and crop experts. He is W. R. (Bob) Campbell, 120 Mary Ellen, to whom sprinkler irrigation, legume-growing and fertilizing are old sticks.

Combines Fertilizing, Irrigation
On his ranch between Miami and Canadian, Campbell has used a portable aluminum irrigation system for the past six years on his alfalfa pastures. Not only does he irrigate his fields with the sprinkler system, he fertilizes it as well. By means of an inlet to the pipe between his irrigation well and the irrigation pump, he feeds sacked fertilizers to his fields with water through sprinklers or "risers" of the irrigation system.

Here's how he does it: Simply

cut the end out of an empty 50 gallon barrel, add a two-inch valve and a few feet of rubber hose to the bottom of the barrel and attach the other end to the valve in front of the irrigation pump. Then dump a 100-lb. sack of commercial fertilizer in the barrel, fill the barrel with water and mix the two ingredients thoroughly.

Sprinklers Spread Fertilizer
After letting the irrigation system run normally for a few minutes, Campbell switches in the fertilizer inlet and lets the mixed fertilizer and water run into the pipe leading to the pump. The pump's suction pulls the fertilizer through, just as it does the water, and spreads it evenly on the field through the risers.

Campbell follows this with two hours of regular sprinkling, which pushes the fertilizer down into the soil to the root depth. This method, he says, spreads about 80 lbs. of fertilizer per acre when used on a pipe carrying 35 risers. By repeating this process two or three times during the growing season, he keeps his alfalfa pastures in excellent nutrition shape.

The Nolia community enjoyed a social recently in the community center. Mrs. Ralph Hale, Mrs. Etta Waggoner, and Mrs. George Yates were hostesses. The group had a potluck supper, and then games were played. Approximately 40 people enjoyed the evening.

The Jennie June Club held its annual family picnic June 5 at the city park. There were 55 members and their families present.

Mr. and Mrs. Carroll McClung and family left this week to visit his parents, Rev. and Mrs. S. R. McClung at Brownwood, Tex., and to attend a family reunion this week end. Rev. McClung was pastor of the First Baptist Church for a number of years.

Recreation Instructor Appointed

Bob Peterson, formerly a teacher in Pampa and now the elementary school principal at Lefors, has been named supervisor of the San Houston playground summer activities. Peterson will coach the 2-12 year old baseball team and instruct beginning swimmers from the northside group, announced Homer Craig, director.

A graduate of North Texas State college in Denton, Peterson served in the Navy for 18 months and received special training with underwater demolition teams or "frogmen."

Peterson was also lifeguard at Pampa swimming pool last summer.

SING HERE TODAY — A group of singers from Southwestern Christian college, Terrell, will present a program at the Church of Christ, Mary Ellen at Harvester, at 8 p.m. today, immediately following the regular service of the church. This group has been selected from a larger a cappella chorus of the Negro school and consists of quartets, sextets and other special arrangements.

Humble Employee Feted At Dinner

PAUL R. ADAMSON
...retired

Paul R. Adamson, 65, was feted Friday night at a retirement party in the dining room of the Schneider hotel by 54 employees of the Humble Pipe Line Co.

Adamson, whose home is in Borger, has been with Humble for 27 years and was the engineer at the Humble pump station near Borger.

W. O. Pruitt, district gauger at Borger, was master of ceremonies at the dinner and presented Adamson gifts from the Borger employees. Assistant division Supervisor G. N. Irvine of the North Texas division, presented the certificate of retirement and a wrist watch to Adamson.

PERRYTON PERSONALS

of her friends were present for the event.

The Nolia community enjoyed a social recently in the community center. Mrs. Ralph Hale, Mrs. Etta Waggoner, and Mrs. George Yates were hostesses. The group had a potluck supper, and then games were played. Approximately 40 people enjoyed the evening.

Mr. and Mrs. Carroll McClung and family left this week to visit his parents, Rev. and Mrs. S. R. McClung at Brownwood, Tex., and to attend a family reunion this week end. Rev. McClung was pastor of the First Baptist Church for a number of years.

New babies at the Perryton hospital this week are: Thyrone Macias born to Mr. and Mrs. Bill Macias June 6; Lola Gail Bechtold born to Mr. and Mrs. Ernest Bechtold June 7; Donna Lee Fryrear born to Mr. and Mrs. Cecil Fryrear of Spearman June 7; Nancy Lee Pickets born to Mr. and Mrs. E. J. Pickets of Follett June 7.

Mrs. Sue Ragen left last week for Princeton, N. J., to attend the closing exercises at the Columbus School. Her son, Lawrence, has attended school there the past year while he has been a member of the Columbus Boychoir.

Fangio in Auto Race
REIMS, France, June 12—Argentina's ace driver Juan Manuel Fangio will compete in the Grand Prix automobile race at Reims on July 4. Fangio will drive a German Mercedes in the auto classic.

Ochiltree Wheat Will Be Harvested In About 2 Weeks

PERRYTON (Special)—Wheat harvest in Ochiltree County is expected to get underway in about two weeks. Very few estimates of the crop have been made but some say that a conservative estimate is about 1,000,000 bushels.

There is still a question of how early wheat which was frosted the first of May will turn out, but some of the fields are looking much better with "sucker heads" filling during the last few weeks.

The best wheat will be made north and east of Perryton where very good yields are expected from some fields. In the southwest and west parts of the county very little wheat will be made.

Since this will be a sub-normal harvest there will be plenty of storage space and no box car shortage is expected. This is the fifth wheat crop in a row of sub-normal yields for the county.

AF Bows To Congress On Asphalt

WASHINGTON, June 12 —UP—The Air Force has bowed down, at least temporarily, to congressional demands that it use cheaper asphalt instead of concrete in its runway building program, it was learned Saturday.

On May 20 a House Armed Services subcommittee headed by Rep. William E. Hess (R-Ohio) charged after an investigation that the Air Force insistence on concrete, instead of asphalt, was costing the taxpayers \$60 million a year.

The charge brought swift action from Franklin G. Floete, assistant secretary of defense in charge of installations. He has advised Hess the Air Force has been ordered to "re-evaluate" its pro-concrete policy in the light of the committee's recommendations.

Ordering Expert Study
But Floete also told Hess he is ordering an expert study of runway wear and tear "on which future policy will be based." This seemed to open the door to a return to all-cement surfaces if the study warrants.

The survey will be made by the National Research Council of the National Academy of Sciences. Floete wrote. He said a council committee will "secure data on existing pavement performance, evaluate requirements to meet probable future needs, and develop recommendations for guidance of this office."

The petroleum and asphalt industries are vitally interested in the survey. Wider use of asphalt means millions of dollars of profits to them and a proportionate loss to the Portland Cement Association.

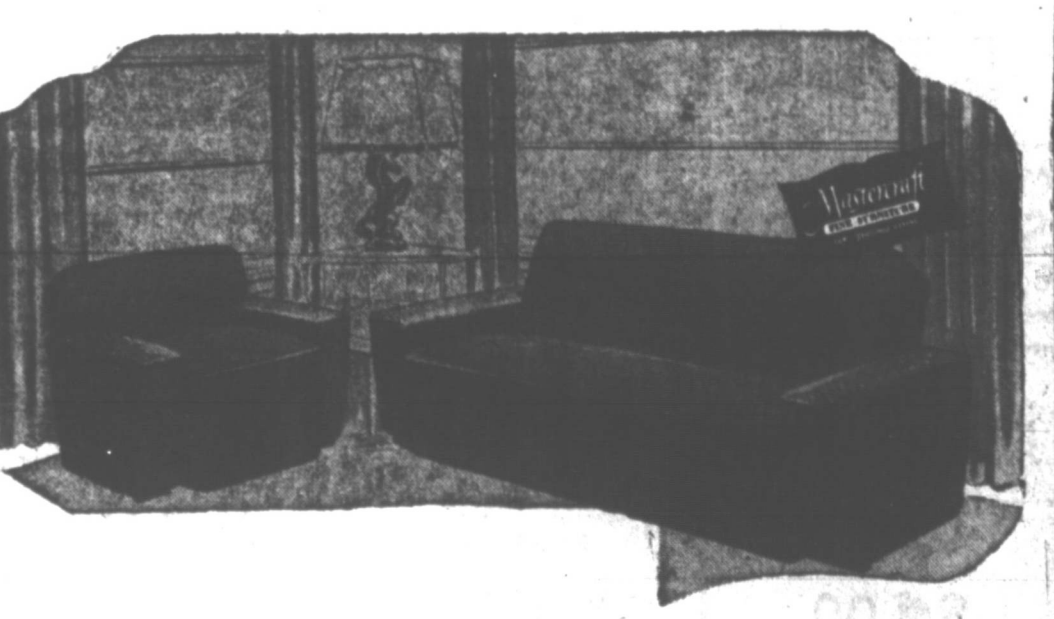

Policy on 'Interim' Basis
Floete's letter is especially significant because the Air Force plans to spend about \$200 million on runways starting July 1. He said that until the study is complete—eight or nine months hence—"policy will be on an 'interim' basis."

The asphalt vs. concrete dispute arose when the Air Force complained—with PCA support—that asphalt failed to stand up under the heat and pressure of modern jet war planes. Because of this the Air Force granted sizeable price differentials to obtain concrete.

The Hess committee conceded that concrete was a "must" in some air base areas, such as parking aprons where fuel spillage damages asphalt and at runway takeoffs. But it insisted cement could be confined to these sectors and not used for the entire runway.

Airline Increases Wages
NEW YORK, June 12 —UP—Pan American World Airways said Thursday night it has agreed to give 600 of its ground service employees, port stewards and cabin attendants wage increases. The increases were incorporated in a contract signed with the CIO Transport Worker Union Thursday.

When A Girl Marries

"Something old and something new — something borrowed and something blue" is on the minds of many young women these days. Frantic mothers are wondering if all will go smoothly and friends of the family are busy giving and attending showers. On this page are pictured some of Pampa's brides and brides-to-be.

COMPILING GUEST LIST — Miss Jean Cornelius, left, prepares her guest list with the aid of her mother, Mrs. Laura Belle Cornelius, 902 Fisher. Miss Cornelius will marry Ross McElreath of Houston June 27 in the First Christian church here.

PURCHASING TROUSSEAU — Miss Donna Nenstiel, right, models a new hat for her trousseau as her mother, Mrs. R. H. Nenstiel, 1020 N. Russell, helps her unpack their purchases. Miss Nenstiel will marry John Milton Ikard of Anthony, N. M., June 26 in Holy Souls church.

CHOOSING CAKE DESIGN — Talking over wedding cake styles with Mrs. J. C. Coston, right, is Miss Mary Ann Dillman, daughter of Mrs. W. C. Dillman, 514 N. Sumner. Miss Dillman will become the bride of Paul L. Clark of Waterloo, Ill., in August.

OPENING GIFTS — For weeks before the wedding, gifts arrive from friends and relatives. Miss Betty Joyce Scott, daughter of Mr. and Mrs. George Scott, 1304 Mary Ellen, is shown opening some that have just arrived. Her wedding will take place Saturday in the First Methodist church. The prospective bridegroom is Donald Noble Ewan of Wichita, Kans.

ARRANGING THE CEREMONY — Prior to any wedding, large or small, is the making of many arrangements, including those with the minister. Miss Zula Margaret Brown is shown talking over last-minute details with Father Frank Kunz. She was married to Joseph Schnedar of Roswell, N.M., Saturday in Holy Souls church.

THE BIG DAY — Despite the worry and flutter before the wedding, all goes well the final day. Mrs. Clenon C. Hemsell, the former Joyce Harrah, daughter of Mr. and Mrs. L. M. Harrah, 605 N. Frost, pours punch for her husband of a few minutes. They were married Tuesday in the First Methodist church. (Photo by Smith's Studio).

PLANNING THE HONEYMOON — Picking a honeymoon spot is one of the most enjoyable phases of pre-nuptial planning. Miss Ann McNamara, 1012 N. Somerville, is shown looking over a tour guide with her fiancé, Joseph DiCosimo of El Paso. The couple will be married Tuesday in the Holy Souls church.

Joyce Harrah And Clenon C. Hemsell Say Wedding Vows In Double Ring Rites

Miss Joyce Marie Harrah, daughter of Mr. and Mrs. Lee M. Harrah, 606 N. Frost, became the bride of Clenon C. Hemsell, son of Mr. and Mrs. G. C. Hemsell, 2809 Hamilton, at 8 p.m. Tuesday in the First Methodist church. Dr. T. M. Johnston officiated at the double ring ceremony.

The couple was married before an altar flanked by palms and ferns and arrangements of white gladioli and mums. "Because" and "Oh Perfect Love" were sung by Roy Johnson, with Mrs. Johnson serving as organist.

Clenon in marriage by her father, the bride wore a gown of crystal-embroidered French lace over tulle and satin. The fitted lace bodice was designed with a petal collar, touched with pale green and miniature pearls. Small lace buttons fastened the gown in the back. The long lace sleeves, tapered to deep petal points over her hands, were appliqued with lace motifs, also touched with pale green and tiny pearls. The lace bouffant skirt, worn over tulle and satin, was sprinkled with the same pale green and pearls, had a chapel-length train.

Her finger-tip veil of imported French illusion fell from a crown of pearls. She carried a bouquet of white carnations, centered with an orchid, and tied with tulle.

Miss Nina Spearman was maid-of-honor, and bridesmaids were Misses Betty Joyce Scott, Betty Boswell and Patsy Williams. Miss Margo Hudspeth of Dallas, cousin of the bridegroom, was junior bridesmaid.

The attendants wore identical waist-length gowns of lavender tulle. They were styled with fitted bodices and wide stilette collars. The gowns were sleeveless and the bouffant skirts were worn over crinoline. Each bridesmaid wore a lavender bandeau covered with artificial leaves in her hair. The maid-of-honor carried a bouquet of lavender flowers in her hair. She carried a white basket filled with pale pink petals.

Flower girl was Susan Seitz who wore a floor-length dress identical to the bridesmaids with a band of lavender flowers in her hair. She carried a white basket filled with pale pink petals.

C. C. Hemsell, father of the bridegroom, served as best man. Ushers were Jimmie Kinzer of San Francisco, Dale Hemsell of Dallas, Bruce Campbell of Pampa and Kenneth Whittington of Amarillo. Bob Hudspeth of Dallas was junior usher. Candelights were Wayne Denson, J. B. Denson and Denny Callender.

For her daughter's wedding, Mrs. Harrah wore a formal French grey lace gown combined with silk organza, topped by a brief lace jacket. Her small matching hat of silk organza was touched with tiny pale green and crystal. The bridegroom's mother was attired in a formal aqua gown of net over taffeta. The fitted bodice was styled with an off-the-shoulder neckline. She wore a pale pink hat and gloves. Both women's corsages were of pale pink baby roses.

Following the ceremony, a reception was held in the church parlour. The table was covered with white organza cloth that fell to the floor. The centerpiece was a four-tiered cake with white icing, decorated with white flowers. It was topped by a miniature bride and bridegroom in an archway over which hung wedding bells. The cake was encircled by lavender split asters.

Miss Betty Nelson and Miss Betty Ann Wells presided at the punch bowl and the cake was served by Miss Etta Haney. Miss Raymond Laycock, Raymond Harrah Sr. and Raymond Harrah Jr. presided at the guest register. Other assisting were Mrs. S. G. O'Pradek of Dallas; Mrs. Eldon Callender of Wichita, Kans.; Mrs. Maudie Denson of Pampa; and Mrs. Maudie Smith of Lincoln, Neb. Background piano music was provided by Mrs. Roy Johnson.

Following a honeymoon in Denver, Colo., the couple will be at home at 2915 E. Binkley, Dallas. For traveling, the bride chose a tailored lightweight suit of blue gray, with a white vest and navy-blue accessories. Her corsage was an orchid.

The bride is a graduate of Pampa high school, and Southern Methodist university. She was a member of Chi Omega, social secretary; Mortar Board, women's honorary; and Kirkos, an honor society.

MRS. CLENON HEMSELL

Claire Berenice Homer And Carl Hare Marry Thursday In Presbyterian Church

Miss Claire Berenice Homer and Carl Dewitt Hare were married at 4 p.m. Thursday in the First Presbyterian church, with Dr. Douglas E. Nelson officiating.

The bride is the daughter of Mr. and Mrs. Clarence B. Homer, 1377 Charles, and the bridegroom is the son of Mrs. Zella Hare of Capistrano Beach, Calif., and Carl Deck Hare of Amarillo.

The couple was married before an altar decorated with white gladioli and flanked by seven-branched candelabra with aqua tapers. Arrangements of white gladioli and carnations were placed on either side of the altar. The pews on either side of the white-carpeted aisle were decorated with aqua candles and white satin bows.

The bride was given in marriage by her father. She wore a gown of handpleated imported chantilly lace over satin. The fitted bodice had an off-the-shoulder neckline, bordered with appliques of seed-pearl leaves on an illusion yoke. The short sleeves were shirred with the same pearl embroidery, and she wore lace gauntlets with tiny face buttons down the back. The bouffant skirt had side and back panels of knife-pleated nylon-cord ruffles extending below the hip-line and extending into a full cathedral train.

Her finger-tip veil of illusion was edged with chantilly lace, and fell from a lace hat sprinkled with seed pearls. She carried a cascade of stephanotis, centered with an orchid.

Mrs. Jon E. Leske of Wichita Falls was her sister's matron of honor. Bridesmaids were Miss Kay Farrell of Amarillo; Mrs. E. Hargart Fathers of Pampa; and Miss Joan Gentry of Enid, Okla. Miss Sue Ann Thompson of Pampa was junior bridesmaid.

All the attendants, except the junior bridesmaid, were dressed in identical aqua cocktail-length gowns of nylon chiffon. Each was styled with a fitted bodice that came to a point at the waist and formed a soft drape at the shoulders. In the back, a stole hung from the shoulders to the hem line. The bouffant skirt was worn over crinoline. Their clip-on hats with nose veils were decorated with scattered seed pearls. Each wore short white mitts and carried the maid-of-honor carried a crescent-shaped bouquet of white feathered carnations. The bridesmaids carried cascades of white feathered carnations.

The junior bridesmaid was dressed in an aqua, ballerina-length gown of nylon net over taffeta. The fitted bodice had a scoop neckline edged with a soft roll. The three-tier skirt was worn over crinoline, and her clip-on headpiece matched those of the other attendants.

The bride's mother wore a navy-blue dress of imported lace with matching hat, navy-blue accessories, and long white kid gloves. Her corsage was of white gardenias. The bridegroom's mother was attired in a gown of ice-blue chiffon with matching hat trimmed in pearls. Her shoes were blue and her Barber and Frank; Mr. and Mrs. George Knight, Ellis and Leland; Dewey Nunley and Carolyn Nunley; and Charlotte Hudson.

The couple is on a wedding trip through Oklahoma.

MRS. CARL DEWITT HARE

Dorothy Reneau And A. L. Mote Marry

Miss Dorothy Reneau, daughter of Mr. and Mrs. Rex Reneau, 330 N. Wells, and Arthur Lanier Mote, son of Mr. and Mrs. Frank O. Mote, 918 S. Nelson, were married recently in the Trinity Baptist church. Rev. Collins Webb officiated at the double-ring ceremony.

Given in marriage by her father, the bride wore a ballerina-length gown of chantilly lace over satin. The strapless bodice was topped by a fitted lace jacket, fastened down the front with tiny covered buttons. The jacket's long sleeves tapered to petal points over her hands. Her finger-tip veil of illusion fell in tiers from a tiara of seed pearls and rhinestones.

She carried a white satin-covered Bible, topped by a bouquet of white roses and stephanotis, tied with white satin streamers.

Mrs. Paula Stevenson served as maid-of-honor. She wore a blue eyelet gown similar to the bride's and carried a bouquet of carnations. Her headpiece was a blue and white flowered tiara. Candelights were Annie Lee Taylor and Dee Ann Shirley. They were attired in blue nylon gowns with off-the-shoulder fitted bodices and full gathered skirts. They wore flowered tiaras and corsages of white carnations.

Donnie Webb served as best man and ushers were Loyd Reneau and Buddy Epperson.

The bride's mother wore a pink dress with black accessories and had a corsage of white gardenias. The bridegroom's mother wore a blue dress with black accessories. Her corsage was of pink carnations.

The couple was married before an altar flanked by baskets of white gladioli and peonies, and candelabra with white tapers. Placemat was Mrs. Jerry Moore who played "Because" and Miss Jerry Hill was vocalist. Her numbers were "Always" and "I Love You Truly."

Following the ceremony, a reception was held in the home of the bride's parents. The serving table was covered with a white lace cloth over blue. The centerpiece was the three-tiered wedding cake, decorated with white rosebuds and hearts, and topped by a miniature bride and bridegroom. It was encircled by bell-shaped Fostoria candelholders, with blue tapers.

Mrs. Charlyne Court presided at the punch bowl, and the cake was served by Mrs. C. M. Blymiller. Miss Sylvia presided at the guest register.

Following a honeymoon in Austin, the couple will be at home in Alpine. For traveling, the bride wore a pink dress trimmed with lace and white accessories.

The bride attended Pampa high school and is a member of Las Ceras club. The bridegroom is a graduate of Mobeetie high school.

MRS. A. L. MOTE

MANNERS MAKE FRIENDS

When your wife asks you to take her out, there's not much point in going if you grumble about it first. Why save your good manners and charm for outsiders when they would be even more appreciated at home? Your wife's worth impressing too.

Burlap Is Featured In Skirts And Coats

Statistics might show that potatoes are staging a comeback, but those who do deeper know that the bag's the thing. In the past few years the women of America have been going mad for bags — burlap, that is.

When their wardrobes are overburdened with potatoes and their bag supply is still low, some have hunted down the man who sells these burlap bags.

Among the articles of clothing that a leaflet produced by a tint and dye maker lists as suitable for making from burlap are play clothes, aprons, handbags, hats, skirts, coats and scarves.

Around the home, everything from napkins to slip covers can be made in burlap. As a starter, the leaflet gives illustrated directions for making place mats, bureau scarves, pillow covers, curtains and aprons.

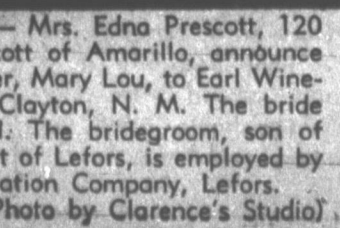

Detailed instructions are also given for converting the burlap from bag to fashion fabric.

It tells just how to open the seams of a bag, how to remove the lettering, how to lighten the color, when necessary, and finally, how to dye, using either a pan on a stove or a washing machine.

In the realm of fashions for spring, we think a coat should make an excellent selection. Most of us would love to own two or three lightweight coats, but few budgets can absorb the investment. So, making one of burlap should answer a real need.

Of course, you could make it in any fabric, but we rather favor the wheat tons that's achieved by lightening the burlap and then dyeing it a deep ecru. This shade is especially pleasing in the burlap, and, as you know, it is one of the top fashion shades for spring.

A duster-type coat that has neither collar nor buttonholes to give you trouble will prove easy sewing, and also a versatile addition to your wardrobe. You'll need four bags to make it.

MARRIAGE ANNOUNCED — Mrs. Edna Prescott, 120 N. Sumner, and P. M. Prescott of Amarillo, announce the marriage of their daughter, Mary Lou, to Earl Winegeart of Lefors recently in Clayton, N. M. The bride attended Pampa high school. The bridegroom, son of Mr. and Mrs. G. E. Winegeart of Lefors, is employed by Warren and Bradshaw Exploration Company, Lefors.

New Work Clothes Are Made Prettier

By GAILE DUGAS — The way you feel in your clothes is fully as important as the way you look to your friends and neighbors. Ever get caught marketing or working in the yard in an old dress, a castoff jacket of your husband's and wornout shoes? How did you feel? Nearly all of us have had this experience at some time and, while it may seem funny in the telling later on, it really isn't very amusing at the time.

Designers have come to realize this and are creating clothes aimed especially at women (men, too) who like to do their own chores and odd jobs in order to save money, have fun or to make a project with a next-door neighbor.

The do-it-yourself trend is largely responsible for the development of clothes to meet the new wardrobe demands. Sanitized denims, twills, chambrays and sailcloth are now cut into pants, jackets, blouses, colorful separates, coveralls and coats, both short and long.

These do-it-yourself designs mean that no woman or man need be seen in unsuitable cast-off clothes. Now, pants have cargo pockets big enough to hold a sandwich; new brown denim slacks (copied from a steel worker's uniform) are stitched with bright orange just for fun.

There's a putterer's vest, complete with pockets, and plenty of button-on skirts to turn the woman-of-all-work into the lady of the house within seconds when unexpected visitors arrive on the scene.

Create Accessories For Basic Dresses

By ALICIA HART — NEA Beauty Editor

Fashion fades in a flash but basics go on forever.

To spark her basic-built wardrobe, the smart girl includes one or two high fashion notes. To extend it, she accessorizes carefully.

Many girls do not care to invest heavily in accessories to vary their costumes. Their reason is that one might just as well buy other dresses with the money.

But the girl on a budget does not have to buy expensive accessories to be chic. If she is willing to give a little time to hunting, she can find numerous bits with which to enhance her dresses.

For example, leopard belts are costly but leopard buttons are not. Besides, a few of these buttons arranged on a plain belt or at the neckline will have a very individual look.

One may use a handsome collection of scarves to set off her costumes. In fact, she might use them exclusively so that they seem almost a trademark.

THREE HORRID AGE SPOTS*

FADE THEM OUT

Weathered brown spots on the surface of your hands and face tell the world you're getting old—perhaps before you're ready.

Fade them away with new ESOTERICA, that medicated cream that breaks up masses of pigment on the skin, makes hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, graceless base for softening, lubricating skin as it clears up those blemishes.

At leading drug stores of pigments on the skin, makes hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, graceless base for softening, lubricating skin as it clears up those blemishes.

Peg O' Pampa

IT SEEMS SUMMER is finally here with heat and bugs and all. Oh, well. It can't beat last year at this time. Speaking of the weather, have you noticed that wonderfully fresh, green smell after every rain. It especially hits Mr. Peg's esthetic streak. Have you noticed all the dreamy-eyed young brides-to-be around town? At the Starrah wedding Peg saw Bernice Hogner, Betty Joyce Scott and Jean Cornelius, all affluter, and busy talking about their own "big day." Bernice was so excited she couldn't get anyone's name right. It certainly was a beautiful wedding. The church never looked prettier. A lot of out-of-towners were on hand, including former Pampans, Mr. and Mrs. Joe Hodge and daughter, Sue, from Alabama, and Joan English and family, here visiting Joan's mother, Jessye Stroup. Dr. Tom was back for the wedding and Roy Johnson was at his best on the solos. Joyce's grandmother, Mrs. J. M. Denson of Amarillo, looked stunning. The little flower girl, Susan Seitz, stole everyone's heart in her white organdy dress and flowers in her hair. She's the daughter of Mr. and Mrs. Edward Seitz, 1617 Hamilton.

AMONG THE MANY VACATIONING PAMPANS is Frances Fathere, in Kansas City visiting her parents. Peg heard through the grapevine that she's not sure if she'll teach again next year. The kids would sure miss her. Frances and Warren also visited friends in Roswell, N.M., just back from a safari in Africa with some wonderful pictures. We hear Ines Clubb is Europe bound. . .intends to stay three months. And "Down Mexico Way" are Evelyn Milam, Sibyl Turner, Lillian Mullinax, Bernice Larsh and Mary Dean Dozier. All this travel must be wonderful!

A NAME HAS FINALLY BEEN FOUND this week by the James O. HARRIS, 1221 Garland, for their son, born May 21 in Highland General hospital. . . James Scott Harris! Maternal grandparents are Mr. and Mrs. James F. Champion, Anniston, Ala.; paternal grandparents are Mr. and Mrs. A. T. Harris, Lubbock.

DOUG NELSON'S DAUGHTERS, Sheila and Nora, are all awitler over going to camp in Muskegon, Mich. They leave the 20th. They'll join their father in Princeton afterward. Ann Hofess is planning a farewell party for them Tuesday — a brunch, with swimming planned afterward.

SWIMMING BRINGS TO MIND some shapely high school gals we've spied at the Municipal pool — Carol Foster, Glenda Dudley, Marilyn McDaniel and Ruth Abernathy. At the Country Club pool, everyone's all agog over Jim Fennell's sister, here from Dallas—and Van does pretty well herself.

THE POT, PAINT AND PIDDERS have the right idea — they asked the father of the bride to a shower for Donna Nestel this week—even presented him with a corsage. It was quite an affair—a luncheon with chicken and wine and all the trimmings. Donna's sister, Phyllis, was rather wishful-eyed — her big day will be sometime next summer.

SAW LOVELY BETTY HARRIS — Bill's wife — in church the other day. Her new short hairdo is certainly stunning. You sure can't beat those two little boys of hers for vim and vigor.

STILL AROUND PAMPA. . . Miss Glenda Husted, a secretary out at the Celanese plant, impressing members of the local Lions Club with her knowledge of acetate fabrics and how to care for them. . . Mrs. Kay (Suevry) Fancher, her hair cut short, coming out of a local movie house and standing at the curb, waiting for her husband to catch up. . . Miss Carol Paxson, new pianist for the Lions Club, being properly "welcomed" by Dr. Joe Donaldson and Rev. Dick Crews.

DROPPED IN ON UNCLE BILLY FROST the other day, all pleased 'cause his son was here from Kansas. It was hard to tell which was the son and which the father. Uncle Billy is still chuckling over a man who tried to sell him life insurance—he's 91 years young. Does his own housework, cooking and washing.

JUNE SEEMS TO BE MUMPS month in Pampa. Peg was told it hit Dr. J. Foster Elder's family—at least one child—and Mrs. Elder. Charlie and Marge Brauchle's little boy, Paul, is all swollen up and Pony Leaguer Gary Heiskell is out of play for a while with the disease. Mack Hlatt came back from a naval reserve cruise with the mumps and his little girl has them too.

SCENES AT THE LITTLE-PONY LEAGUE GAMES — Grover Worley looking busy, minus his usual Marine fatigues—and Mrs. Worley knitting, or crocheting, little things—we couldn't tell which. . . Coy Palmer in a dugout acting as scorekeeper and Faye watching from the car — son Mike, plays with the Fill Rollers. . . Mr. and Mrs. Howard Cruise rooting for Larry — Mrs. "Gip" Gipson and her little tow-head girls. . . Linda Worley, daughter of O. B., calling balls and strikes along with the ump. . . Postmaster Red Weathered out to see son John play for Hoffman Oil in Eastern Little League. . . Oren Jamis with a big grin when son Dickie made a nice running catch in a game against Cabot Thursday. . . Manager Bill Red Ridgway of Cabot team, our nominee for the sportsmanship award of the week, for rushing over to congratulate Manager Lloyd Summers and assistant Bob Bailey of Hoffman Oil team after they broke Cabot's unbeaten record. . . Winnie Smith (Mrs. Robert E.) busy in the concession stand.

SPEAKING OF THE CONCESSION at the Pony League park, we hear they are having a hard time finding women to help. It seems there should be more of us with two hours to spare—once in a while. Think I'll volunteer. All the proceeds go to furnish bats and balls for our Little and Pony Leaguers.

RAN ACROSS SOMETHING THE OTHER DAY for the budget-minded of us whose little-uns crave frozen suckers. There's a sherbet mix you can get complete with sucker molds. All you have to do is add 2 cups of water to the mix, put it in a quart jar and shake until the powder is dissolved. Then you insert sticks in the molds and pour in the mixture. Put the mold in the freezing compartment of your refrigerator until solid and you have homemade frozen suckers. For a little more nutrition, you can use part milk instead of all water.

SOME OF THE LOCAL COLLEGIATES are home again for the summer. Noticed Vivian Wilkinson from Iowa, Harriet Schwartz from Colorado, and Vivian Drake from Tech while downtown this week. From Texas U., down Austin way, there's Janet Weathered, Martha Hopkins, Brent Caryuth, Johnny Willis and Don Nelson. Adelaide Williams, Sue Kennedy and Carol McCune are home from North Texas. Always glad to see them back. They liven up the town and give their proud parents more to talk about.

MY MIND KEEPS RETURNING TO WEDDINGS. . . The Huff-Morrison one in Canadian Thursday was small but lovely. Everyone was convulsed when the little ring bearer, Frank McMordie III, in the midst of bouncing the pillow up and down, dropped it. His comment. . . "Oops!"

AROUND PAMPA. . . Mrs. Jack Back, wife of the county tax assessor-collector, dropping into her husband's office about 5 p.m. and talking things over with the gill deputies. . . Mrs. Mary Sargent, a waitress in a local cafe, smiling her way through what could have been a difficult situation. . . With a quick jerk of her dark hair, Mrs. Mary Ann McCloskey, turning around to answer a question in the local chamber of commerce office. . . Mrs. Janis Luedcke watching her husband play first base for The Pampa Daily News softball team, with the rain about to come down.

Be Seeing You, PEG O' PAMPA

MRS. DON W. MORRISON (Photo by Clarence's Studio)

Miss Frances Huff And Don Morrison Exchange Vows In Single-Ring Service

Miss Frances Huff of Canadian and Don W. Morrison of Pampa were married Thursday in a single-ring service in the home of the bride's parents, Rev. Woodrow W. Adcock of the First Methodist church, Pampa, officiated.

The bride is the daughter of Mr. and Mrs. Steve Huff of Canadian, and the bridegroom is the son of Mr. and Mrs. J. G. Morrison, 1221 Mary Ellen.

Given in marriage by her father, the bride wore a waist-length gown of lace and tulle over satin. The fitted bodice had a yoke of illusion and the sweetheart neckline was edged with lace scallops. The bodice closed with lace-covered buttons down the back. The long lace sleeves came to points over her hands. Her finger-tip veil of illusion fell from a Juliet cap of lace and seed pearls. She carried a cascade of Esther Reed daisies.

Miss Pat Huff of Canadian, sister of the bride, was maid-of-honor and Mrs. John McMordie of Canadian, cousin of the bride, served as matron-of-honor. Both were attired in identical gowns of blue net and lace. The waist-length dresses had fitted bodices, styled with sweetheart necklines. They wore lace mitts and half-hats of matching net, covered with forget-me-nots. They carried bouquets of yellow daisies.

The flower girl, Miss Anna McMordie of Canadian, wore a blue net, floor-length dress with a halo of blue flowers in her hair. Frank

McMordie II of Canadian was ring bearer.

W. D. Price Jr. of Pampa served as best man and Boyd Huff was usher.

The couple was married before a fireplace flanked with baskets of yellow majestic daisies and gladioli backed by palms and candelabra with yellow tapers.

Soloist was Bob Parkinson of Pampa who sang "Because," "Only A Rose," "Always," and "I Love You Truly."

Following the ceremony, a reception was held. The table was covered with a cut-work cloth, centered with an spergnette arrangement of yellow daisies and yellow candles. The cake was a wedding ring.

For the wedding trip to Colorado, the bride wore a navy-blue silk shantung dress with white accessories. After June 20, the couple will be at home 23 miles south of Pampa.

The bride is a graduate of Texas State College for Women, Denton, and is a teacher in the Pampa Independent School district. The bridegroom is a graduate of Texas Tech, Lubbock, and is a rancher.

Sweden Lead Italy STOCKHOLM, Sweden, June 12 —UP—Sweden grabbed a 2 to 0 lead over Italy Thursday in the quarterfinals of the European zone Davis Cup tennis competition. Sven Davidson and Lennart Bergelin scored opening round singles victories to give Sweden the lead.

Slipcovers Are Latest Television Novelty

By KAY SHERWOOD NEA Staff Writer

The trend to more compact home entertainment equipment will probably meet with approval from homemakers. That much of it can be taken to a summer vacation spot interests me, especially at this time of year.

Ever since television receivers came into the home, space-conscious homemakers have been debating where to put them.

We've seen sets housed in fine cabinets, recessed in wall, and mounted on swivel-topped tables. In some cases there's even a television room.

Most recently they have been slipcovered to blend in with the decor. This innovation was introduced recently on two new, streamlined sets.

The junior member of this duo caught my eye. It's an inexpensive 17-inch table model which is housed in a metal cabinet only 27 1/2 inches wide. Although the case is finished in attractive colors, separate slipcovers in several patterns are moderately priced.

The fabric cover is so simple in design that making one's own cover might not be a difficult job. The cover is about a yard and a half long, with metal eyelets at each end with round holes on top to accommodate the controls. Wrapped tightly around the case, the fabric is held taught by small spring hooks which link eyelet to a perforation in the metal grill that forms the bottom of the case.

The perforated grill is designed to keep the chassis cool. Makers of the set claim its light weight and sturdy construction put it into the portable class. They say that even a jiggly ride in an auto trunk won't harm the set.

And speaking of taking your entertainment with you on vacation, new portable radios are slim, small and powerful enough to link you with distant stations.

Brilliant case colors such as matador red or a bonnie Scotch plaid make these compact carriers a lively addition to either the vacation or home scene. Many models operate on batteries and AC or DC current.

Even high-fidelity equipment hasn't escaped the "reducing" di-

Variety Of Neckties Available

For the millions of American women who will set out to pamper to the needs and tastes of their men, this Father's Day, necktie manufacturers offer a variety of bright and beautiful ties.

For this year's crop of Father's Day neckties is as different to the touch as it is to the eye, reports The Men's Tie Foundation.

The cream of the tie crop features the newest in horizontal stripes, vertical design and plaids, in a variety of fabrics that include nylon, silks, shantung, cottons, rayons and foulards in neat and bold fancies.

Traditional four-in-hands, in the narrower widths, take on new and attractive treatment. Vertical designs run the length of the tie on a pastel or white background. Horizontal stripes appear in contrasting colors. Pleated ties are more popular and more elegant than ever. Overall prints in light grounds. Newer designs on woven fabrics. Embroidered design under the knot, these are highlights of the showings.

The new version of the square end four-in-hand in its long, slim square shape, will delight any dad who likes to be among the "first" in fashions. This shape was designed to conform with the "new look" for men — the swing to tall, slim fashions that are so popular today. These new square ends are available in every type of fabric and design and can be worn for sport or dress.

If mom's favorite man is a bow tie fancier, the chances are he would like a few new ones — she will delight him with a selection from the new advanced designs.

and fabrics. The one-inch wide square end bow tie now ranks as a best seller for all age groups. A versatile fashion, the one-inch wide bow is not only worn in a neat flat bow, but has gained wide acceptance as a sport shirt accessory worn looped, unknotted, under the shirt collar. The bow also comes in bat or butterfly shapes with pointed ends.

Dad Would Like Man-Sized Towels

Even though you select the towels and sheets for your household, father, of course, uses them as much as anyone in the family. Sometimes he may have difficulty adapting feminine tastes to meet his needs.

Here are a few "male-endorsed" pointers you may want to consider the next time you shop for linens and domestics.

In the bathroom, an ordinary bath towel often isn't large enough for father. Try one of the great big, new terry cloth bath sheets that measure a yard wide and two yards long. These jumbo towels come in the same colors as other towels and face cloths. They're excellent for drying off youngsters, too.

In addition, father will be glad to hear that terry towels are becoming a kitchen fashion — for drying hands that too frequently "sneak a wipe" on a dish towel.

Mom Sets Pop's Color Trend

Father's Day, 1954, will see American dad's cloths in the most colorful array of slacks since Henry VIII started wearing "trousers" — with colors ranging all the way from black to more-than-blushing pink.

The big reason is that over 85 per cent of all men's clothing is purchased by women or influenced by women.

Not only colors, but the science fabrics, as well, have really come into their own this year. Dress-up slacks (65 per cent Dacron, 15 per cent nylon) which can be tossed into a washing machine, hung up to dry and worn without need for pressing — all Dacron slacks, which keep their creases even in rain — and a new rayon linen with a "pure linen" look — are summer news.

Among the popular shades this year, in both slacks and walking shorts, are the new charcoal grey, skipper blue, rust, gun metal, powder blue and purplish grey. Coordination keynotes Father's Day gift-giving! For now, there are correlated groups of shirts, shorts and pajamas in the same fabrics and colors.

If dad shows a liking for checks — check the new, male-adopted "gingham" ensembles.

If dad has a leaning for cool solids — light, open-weave fabrics — try the daisy-looking short-sleeved shirts plus pajamas and shorts.

Another correlated group . . . in nylon plisses, particularly in shirt, shorts and pajamas that require no ironing. (Mom will go for this one, too.) Just toss them into the washer or tub, hang them up, let them dry and they are ready for wear.

FOR PLAY OR RELAXATION, Dad will be handsomely and suitably dressed in new slacks or walking shorts. LEFT — Walking shorts of Prolin, a new rayon linen with the look of Irish linen. CENTER — styled Chico slacks of Dacron. RIGHT — Prolin Slacks, new belted slacks with zipper-adjustable waistband. All by ESQUIRE SPORTSWEAR.

Dad's Role In Home And Society Honored Today

"Good Citizenship Begins at Home" is the theme of this 4th Father's Day, June 20, 1954. According to the Father's Day Council this new public service theme stresses the role father can play in building a stronger America by implanting high ideals of neighborliness, equality and freedom in the young.

Father's Day is more than just one day of the year set aside to honor dad with a token of affection, or pampering his favorite foods. It is a day to remind dad of his duties and responsibilities to those youngsters who call him "Dad."

The results of a study of juvenile delinquency made by two Harvard criminologists, the husband and wife team of Sheldon and Eleanor Glusck are that "Very large percentage" of juvenile delinquents show signs of going wrong when they are under 10 years of age.

When parents are unwilling or unable to guide their children in formative years, when delinquent tendencies are not checked and

corrected, the Gluscks found that youngsters tend to join a gang to "escape the social isolation" of unhappy homes.

Probably the most significant factor revealed by this study is that firm discipline is the key to child guidance, and the more effective discipline is needed in both our homes and schools.

Father must supply the much needed discipline along with kindness, love and understanding, if he is to be a really good father. Above all, he must realize that the good of his country rests upon his shoulders in the proper upbringing of his children, for "Good Citizenship Begins at Home."

Birthday Twins
ATLANTA — UP — Recently Superior Court Judge Jesse M. Wood and Deputy Sheriff O. C. Puckett sat at a restaurant table and exchanged birthday greetings. They have celebrated this way at the same restaurant and same table each year, with one miss, for the past 18 years. Their birthdays fall on the same day.

Furnish Den For Father As Present

If bills and taxes have dad growing like a bear, give him a desk equipped den for Father's Day — and maybe he won't seem so bearish.

Almost any den or writing corner can take "some irritation out of check-signing, if it's well equipped. Here are some hints for preparing an "office at home."

1. The desk is all-important. It should have at least 2 by 4 feet of top surface, roomy drawers for filing paid bills, letters and periodicals.
2. Equipment should include fountain pen, calendar, dictionary, blotter, address book and ashtray.
3. Best position for desk is against wall. Reflections improve lighting. Wall position makes concentration easier because boundaries of visibility are limited.
4. Desk surfaces should be non-glossy. If possible, to prevent filing. Glossy-topped desks can be covered by a large blotter.
5. A framed tackboard on the wall provides an eye-catching reminder of unpaid bills, "must answer" letters and social engagements.
6. If there's an exposed radiator in dad's "home office," it can make an extra bookshelf or trophy case when boxed over.

HERE ARE 36 x 72, male-scaled inches of thirsty, absorbent "Superweave" terry, designed by PACIFIC MILLS to wrap up Dad after his showers, baths or swimming.

Buy Dad Slacks
Buying a pair of men's slacks is as easy as buying him a pair of socks. All you have to do to find proper size — is put a tape measure to the inside waist-band of a pair of his trousers (be sure the waist-band is stretched to its fullest when you measure it). Then, measure the inside leg from the crotch to the bottom of the cuff. With these two measurements, the store has all it needs to give you a perfect fit for him.

GIVE DAD A HOBBY for Father's Day that he can share with Junior! Here REVELL offers the "U.S.S. Missouri", which makes up into an accurate 20" model. . . to grace office or den. The entire ship is cast in plastic; included in the kit are reproductions of the flags used on the "Mighty Mo."

Gifts Father Would Prefer

High on the list of appreciated and preferred gifts for Father's Day are the leather accessories that he can comfortably "pocket." The dad with a gallery of family photographs in his pockets, deserves a handsome billfold in which to display them! Newest ideas in wallets include pass cases to which extra picture windows may be added, and an envelope arrangement which holds up to twenty individual cards or photographs in separate acetate folders.

For the forgetful father, there are now billfolds with special slots which hold two spare keys when he misplaces his regular set.

There is also a wallet which separates paper money into proper denominations, and includes a concealing flap for large bills.

For evening use, or if he's one of those especially neat people who carry only essentials, select a wallet made of a few slim folds of leather and a tension clip to hold currency.

Pocket secretaries are handy, handsome and efficient. They are ideal for the man who carries more papers and notes than the normal billfold can comfortably accommodate. Many have memo pads and attached pencils. Some even provide pockets for stamps, business cards and currency.

Match either billfold or pocket secretary with a smart key case. Some have hinged folders inside for identification; others may be "registered" with the manufacturer in the name of the owner, providing a free return if the case is lost.

And, a clever idea for the man who travels is a newly-designed key case with an outside coin section to hold change for toll charges.

Father would like glassware from family.

One of the easiest and best ways to make dad happy on his own special day is to give him his own special drinking glasses.

Here's why it's easy. Beverage glasses are being made to cater to dad's love of bright, gay colors to his own practical sense of what type of glass is "easy-to-grab-hold-of," and even to his own particular hobby. Dad is becoming more and more the host these days as informal home entertaining gains favor and designers are paying more attention to his own special glassware needs.

Also for dad is a tall, slim glass that'll fit neatly into the palm of his hand. It's a generous 15-ounce and boasts a tiny pinched-in waist for easy gripping.

If dad is a sailing enthusiast, another pattern, in the same hour-glass shape, is decorated with a colorful signal flag hoist in International Code saying "In Distress — Need Fuel."

There are other glasses, each keyed to correspond with dad's hobby. These feature such colorful motifs as old firearms, old locomotive models and ships in full white sails. Others offer old-fashioned carriages, musical instruments, glass bottles or antique furniture.

Another reason why giving Dad a gift of glass is a good idea is that it is relatively inexpensive. Shopping for glass is a simple matter as it is available in all major department and specialty shops throughout the country.

Tips For Dad . . . How To Get Longer Wear From Clothes

- You can help dad save money and look smart too, by giving his wardrobe a little attention and observing these few simple rules:
1. Empty all pockets.
 2. Smooth out sleeves and collar.
 3. Hang coat smoothly on wish-bone hanger.
 4. Straighten trouser legs.
 5. Place trousers smoothly on bar of hanger.
 6. Hang suit in closet with room around it so that the air can get to it.

If this is done the minute he takes off his suit, it will greatly reduce the need of pressing.

Help dad look smart, and reduce cleaning and pressing costs, by building up his summer wardrobe. Here's some unusually simple arithmetic:

One suit means many pressings and cleanings . . . Two suits cut cleaning and pressing bills in half . . . Three suits give enough changes to pay for itself.

See that dad does not wear the same suit two days in succession. Hanging up the suit, for a full

day, gives it a chance to return to its original shape.

Persepiration odor and many summer stains such as ice cream, soda, pop and chocolate can be removed only with synthetic soaps and water. Other stains, such as greasy foods, require various chemicals.

Send his suits to a reputable cleaner, who knows the type of fabric from which the suit is made, and has the facilities to restore it to its original freshness. (Tell the cleaner what caused the stain; he will then do a better job.)

When caught in the rain, he sure dad hangs his suit up as soon as he gets home. Let it dry slowly in the closet. In many cases, with the new fabrics now available, it will not require pressing.

Approximately four-fifths of the nation's supply of sulphur comes from Texas.

Gift Ideas For Dad -- The Chef!

If pop is a gourmet cook, there are two sure ways to his heart—through a compliment or with a new cooking utensil on Father's Day.

If father is a "fried food" man, shortest cut for him, and surest way to his cook's heart -- is with a deep fryer. Tuck in a recipe for a fancy dish, Chicken Kiev, for example, and read his pleased smiles.

Does he limit his epicurean criticism to searching for the perfect cup? And, does he love to entertain business acquaintances in his office over a cup of coffee? The answer is one of the new automatic electric coffee makers. This will brew a generous cup in the minutes it takes for the guest to get out of his coat and into a comfy chair.

Official Flower

For 43 years, the red rose has been the official flower for Father's Day. This choice was made by Mrs. John Bruce Dodd, founder of this national holiday honoring fathers. Those whose fathers are not living will wear a white rose.

DAD AND SON are equally pleased with their matching banana sets, for swim or play. By CATALINA, the gay, sport shirt has a 5-button front and patch pocket, shorts are semi-brief boxer styled.

Worker Father Of Year Says: Family Most Important Unit

The "Worker Father of the Year" is 44-year old Sam Schatzman, lithography artist who lives with his wife, Essie, and has two sons, Irvin, 16, and Sidney, 12, in a two-family home in Brooklyn, New York. Sam's personal philosophy is simple and sincere. He passes it along to other fathers: "As long as you keep them interested, they'll stay around and keep out of mischief. You've got to show your children that the family is the most important unit in this world."

He and the boys are Dodger fans and often spend Saturday afternoon at Ebbets Field. With a more serious point of view Sam belongs to two Parents' Teachers Associations, one at Brooklyn Technical High school, which his older boy attends, and one at a public school which his younger boy attends. He is always available at these meetings for these, he says, because this is the "only opportunity a parent has to get together with the teachers."

Sam has done committee work for the Boy Scout Troop 315 and has always been available when he was needed. He has lectured on lithography at Boy Scout meetings and has also lectured on the same subject in his sons' classrooms. He is manager and coach of the Sabres baseball and basketball teams of which his older son is a member. The Sabres are a sandlot team and Sam is now trying to get them affiliated with the Police Athletic League. He feels they should be part of a larger group.

Conservative Jewel Designs Spark Man's 'Natural Look'

Complementing the marked trend toward neat, clean-cut conservatism in men's styles are new designs in cuff links. They are larger and infinitely more interesting than they have ever been. If you are choosing jewelry to suit conservative tastes, for instance, he'll like a pair of sterling silver cuff links, a simple square or a rectangular block with a horizontal groove or woven bamboo pattern. Many are matched with sterling silver belt buckles, money clips and tie clips, in both narrow and regular widths.

There are whimsical designs, too, making imaginative use of a wide range of materials, from scarabs to railroads, available in karat-gold or sterling silver, gold-filled, colorful enamel and gold or silver finish. Individual tastes are easily satisfied in the clip designs, for these are plain bar-shaped clasps. They can be monogrammed, have wavy chains, clip set with gems, or pin-clips worn low on the edge of the tie, and even class pearl stickpins, reappearing in fashion picture.

A FATHER'S DAY suggestion for fathers in service: a "pin-size" water-proofed barracks bag equipped by YARDLY with its own shaving cream, talc and shaving lotion preparations.

Suiter Bags Popular... Practical Luggage Perfect Gift For Traveling Fathers

No father should have to make business or pleasure trips with hattered, out-of-style luggage, or worse, with borrowed mis-matched suitcases belonging to friends and relatives. This Father's Day is the best time to give dad his own set of luggage, not only to make his travels more convenient, but to give him a sense of personal pride in owning a good-looking accessory.

The most popular luggage for men is the 'suiter bag' with hanging accommodations for from one to four suits, with the two-suiter preferred. These carry suits in one side, accessories in the other. There is also a tray-type construction in which suits are packed separately, then added to the bag after shoes, shirts, etc., have been placed in the bottom. For the man who prefers "flat packing," there are pullman cases without fixtures. Motorist will appreciate the convenience of a hanging garment carrier which folds up much like a conventional suitcase.

Accessory bags of the same soft construction are available in a wide variety of colors and designs for sports bags for golf, swimming and camping, since they are water repellent.

Varied Selection Of Leather Goods

You'll give a gift -- both practical and handsome -- if you select professional leather goods for Dad!

Keep in mind the size of the papers and materials he carries, how frequently the case will be used, and the over-all appearance of Dad himself, when selecting the style, shape and design of your leather gift. Choose a hard-side attache case patterned after a diplomat's pouch... some of these are extra-stiff, others hold a separate file folder in the lid and a writing surface in the center. Many are usable as overnight bags for quick trips, since they can hold a change of linen, as well.

Auto Accessories Make Ideal Gift

If there's one thing a man loves, it's his car. So when you offer Dad a gift of automobile accessories, he's sure to be delighted. There is so much variety this year, your job of finding the right item is easier than ever now. How about a powerful spotlight for Pop... or, a trouble light that fits into the cigarette lighter spot -- or, the brand-new lantern that gives him a bright light at night to change a tire, and blinks a warning to oncoming cars? For drivers who smoke, there's a wonderful new gadget that delivers a lighted cigarette so he can keep both hands on the wheel. He'll get a kick out of a new attitude-telling device. It fits the dashboard easily, requires no screws! And you can please Dad with simulated wire spokes that snap on over ordinary wheels. Other smart items that will dress up his car include monogram initials to put on the doors, handsome rear view mirrors, new style hood ornaments, a rear bumper guards, and jewel reflectors. If Dad favors the conservative, give him the tried and true old standbys like auto robes, new seat covers, a rear speaker for the radio, wheel spinner, or a white-ride window air conditioner.

Sport Shirts Sure To Be Welcome Gift

What Father doesn't want new sport shirts? This year, you have your pick of the pack, in cotton, rayon and the science fibers -- Dacron, Nylon and Orion. All these, plus new blends of synthetic fibers are engineered for cool, cool comfort on these hot, hot days. New in cotton, are the light open air weaves in smart, short-sleeve styles with convertible one-piece collars that make them right and smooth fitting for town and country wear, with or without a tie. In modern fibers, you have a new fabric sheerness that weighs mere ounces. And, the new pattern look that gives an entirely different and dynamic look to sport shirts.

Tie Selections Easy When Based On Suit Colors

A bit of advice to the woman who wants to keep her man's appearance -- on Father's Day, and all year 'round! Use his suit colors to guide your tie selections. With blue suits, the choice of colors is almost limitless. Blue and grey ties may be alternated with maroon. Brown goes well with almost every shade of beige and green. A grey suit will team smartly with brown, blue and maroon. However, keep the tie patterns in soft hues. Flashed call for quiet-patterned ties. Striped suits look best with small-spaced print on plain rounded ties.

Show Your Ingenuity... Father Would Appreciate Gifts You Made Yourself

Use your ingenuity and make his gifts for Father's Day. With these suggestions from local sewing center experts, the most inexperienced home seamstress can stitch exciting gifts that he'll be sure to like. And you'll merit a round of applause, for these gifts can be made from inexpensive materials.

him an impressive chef's apron. Any man in the world would rather have spots on his vest than wear a feminine, beruffled apron. But, with an apron of his own, handomely tailored and imaginatively decorated, he'll take over the kitchen. Fashion stitch his name across the bib, or use your zigzag attachment to applique an amusing motif, such as a large red lobster or a large salad fork.

From pipes to pocket-viewers, the roster of Father's Day gift suggestions offers varied choice. But for something really personal, something dad will cherish, what better gift than your own photograph? A lovely portrait-photograph is something dad will want to keep forever. Make an appointment with a good neighborhood photographer and your gift problem is solved. You won't even have to worry about holding "that smile." These days, photographers' lights are quick enough to catch that smile with snapshot ease. You can relax. Most everything is so to the photographer. But if you'd help make your photo a really good one, here are a few photo facts to heed. Plan that shampoo or visit to the beauty parlor a few days before the sitting. Freshly shampooed or set hair generally looks better after a few days have elapsed. For those who wear eyeglasses

They Brighten Each Day . . . Saving Necessities Always Pleasing Gifts To Most Men

What to get that wonderful guy—Dad? He seems to have just everything. But stop worrying! One of the most complimentary and most appreciated remembrances you can give him are necessities for his daily shave.

Shave creams, whether brushless or lather, in stick form or soap, come in a variety of packages and the price tags range from pennies to dollars.

Your dad can be as economically thoughtful or as extravagantly generous as you please. It's giving dad the kind that he uses that shows your thoughtfulness.

If he likes to shave in a hurry, give him the kind of shaving cream that softens the beard at once, without any fuss. If he enjoys a leisurely shave, give him a soap that requires a brush to work up a profuse lather.

Take time and care to find dad's likes and dislikes. But, don't be stingy—he has been generous with you all year—so wrap up a bottle of after-shave.

Dad's Breakfast

Want dad to be contented all day on his "Special Day"? Then start his day with an extra-special breakfast and make it hearty and unburied!

Serve his favorite cereal and top it with fresh strawberries for a really festive touch. Popovers, crisp, tender waffles with bacon cooked just right—with plenty of maple-blended syrup to pour over them. Add lots of really good, really hot coffee. The result? A dad who's convinced that he's loved and appreciated by his family.

lotion in the same masculine odor. Practically every man uses a protective liquid on his face when he's finished shaving, and if dad hasn't caught on to this comfort, give him a new experience.

Some like to have a soft, soothing effect, and other men prefer a tingling sensation when after-shave lotion is used. Find out what your dad likes, then see that he gets the right kind. If he travels, give him his "aftershave" in stick form, it's so easy to pack without spilling problem.

Color Shirts For Father

Newest dress and sport shirts are designed to make Dad especially happy on Father's Day, and many days thereafter.

Their new, neat, soft-fitting short point collar styles are planned to keep dad smart, cool and comfortable. And any color, dad has a hankering for, is sure to be found in this season's handsome series of both dress and sport shirts.

Sky blues and rosey pinks, bamboo, yellows and birch greys are color themes of the summer shirt scene. Solids are in the lead, with slim stripes and crisp checks following close behind.

Dad will go for the fabrics, too. Air-weaves are number one—with pique and chambray putting up a fine show.

If dad is fond of sport shirts, he's in for "some beauties" this season. Colorful braid and embroidery trim—as well as tucks and border-line designs, really add a gay new touch!

Suggestions For Man Who Likes A Pipe

There are as many shapes of pipes to choose from as there are types of men who smoke them. Whether dad will prefer a bulldog or apple model, or an Oompaul or a meerschbaum or Calash, depends to a good extent not only to his personality, but on his physical build as well.

A young man of medium height, for instance, would probably prefer a bulldog bowl; a tall man, a larger-sized pot bowl; a shorter man, a lightweight pipe that won't make his face look too small; a man in his sixties, perhaps a bent bulldog pipe.

A comforting thought when considering a pipe as a Father's Day gift is—that a pipe smoker never has too many!

If father is an inveterate pipe smoker, then consider the huge collection of pipe smokers' accessories—as a perfect Father's Day gift solution.

First, according to Leonard Rogers, importer and manufacturer of men's smoking accessories—a man must have a tobacco pouch . . . and, these come in as many styles as pipes do. In picking a tobacco pouch, he points out, look for one that will keep the tobacco fresh until its last pipeful has been smoked.

An air-tite, English pottery jar, with screw-tight top, will not only keep his tobacco fresh but is also decorative around the house. If Dad is in the habit of leaving his pipes strewn all around the place, a combined humidifier and caddy rack will save him the job of searching up and down for his favorite of the moment.

Another recommended gift is a special pipelighter which will light his pipe in wind or rain.

They're Sure To Please . . . Masculine Jewelry Present Soon Treasured Necessity

There are many accessories Dad wouldn't buy for himself, but are bound to please when presented as gifts!

Consider, for example, a pocket watch for dress, or perhaps a new wrist watch—there are few men to whom a spare watch would not soon become a treasured necessity!

The sturdy watch he'll use for sports and heavy work may not be style-right for business appearances—and, by the same token, he may not like wearing his business watch for all-weather outdoor activities and heavy work.

Smart, new men's watches are adapted in construction and design to fit their own use in a wide

range of styles that suit many exacting preferences.

Masculine accessories include a variety of other items, the Jewelry Industry Council tells us—many with a basic practical appeal for average dads! New watch bands aimed at streamlining a wrist watch, as well as insuring styles of faceted or twist-link

er styles of faceted or twist-link metal in yellow gold, gold-filled, white gold and non-corrosive stainless steel and gift-appeal, too.

You may be sure, too, that dad will appreciate a cigarette case to keep tobacco from spilling in his pockets. Perhaps your selection will be one of the smart monogrammed silver cases, with matching lighter.

AN IDEAL GIFT FOR DAD, the hunter or "shooter"—a WINCHESTER hammerless, pump-action, .33 caliber rifle. Weighing 5½ pounds, it has a streamlined sporting-type stock. Its long, semi-beaver tail, slide handle is of American Walnut with a tubular magazine handling short or long .33 cartridges, interchangeably.

The Army maintains 111 procurement offices and market centers to buy all items other than those locally procured for its operations in the United States and overseas. Eighty-three of the offices and procurement centers are located in the United States. The remaining 28 are overseas.

Initialed Hankies

Here's a tip to shoppers for initialed handkerchiefs for dad. Etiquette used to call for the proper initials on a man's handkerchief to be his last one, now, these rules have relaxed and it is correct to give dad a handkerchief marked with the initials of his first name!

Don't be confused if you see what seems to be an 'upside-down' letter on a handkerchief counter. When the handkerchief is folded, the initial is right-side up.

No Accidents
GRAND RAPIDS, Mich.—UP—Grand Rapids, Michigan's second largest city with a population of more than 460,000, hasn't had a fatal traffic accident involving a child going to or returning from school in the past 20 years.

A FATHER'S DAY GIFT that dad can share with the whole family is a folding COLEMAN camp stove that folds up like a suitcase, and can be carried as conveniently. It's as handy for camper, as it is for family picnics and backyard buffets.

MURFEE'S
38th Year

Pogo

BEFORE YOU GO AWAY WITH YOUR AUTOGRAPHY, WHAT HAPPENED TO THAT OCTOPUS?
 OCTOPUS? WHAT OCTOPUS?
 THE ONE YOU TUTORED.
 OH MAN! WELL, HE GAVE UP PLAYIN' THE VIBES AS I SAID AN' HIS PATER AN' WATER (GOOD OCTOPUS'S BOB) BOUGHT HIM A BAGPIPE THINKIN' WHAT WITH ALL HIS UNEMPLOYED ARMS AN' SO ON HE COULD HANDLE THE MACHINE.
 HONNIE, THE LAD TOO'S ONE LOOK AT HIS INSTRUMENT AN' TELL HANBY IN LOVE - SAID IT WAS THE FINEST FLUID OCTOPUS HE HAD EVER SEEN AN' OFFERED HIS EIGHT HANDS IN MARRIAGE - NEEDLESS TO SAY THERE WAS NO REPLY AN' SO HE GOT A JOB WANNING GOODBYE ON PAGE 42 AN'...

The Jackson Twins

WHY THE CAP, MONKEY BOY?
 I'M IN THE MESSENGER BUSINESS WHILE YOU AN' JILL AREN'T SPEAKIN' TALKIN' MESSENGER FROM TWIN TO TWIN ARE TWO FOR A NICKEL?
 WRITTEN ONES ARE A NICKEL APiece CALISE. I HAVE TO WAIT WHILE YA WRITE 'EM.
 YOU'LL BE BROKE IN NO TIME!
 I HAVE NOTHING EITHER TO SAY OR TO WRITE TO YOUR OTHER SISTER? COME BACK IN TWO YEARS!
 MEANWHILE IT TAKES YOU'VE GOT WHEEL? YOU'RE THE ONLY GUY ALIVE WHO CAN GET THE TWINS UP!
 YUH? ONLY TROUBLE IS I WATCHED ON TO THE WRONG ONE'S NOW I HAVE TO GET ONE OUT AN' PICK UP WITH THE OTHER.

Blondie

DACWOOD, I'M GOING TO NEED SOME MORE MONEY THIS WEEK.
 I DON'T KNOW WHAT BECOMES OF MY MONEY, I'M BROKE.
 I READ TODAY THAT THE DOLLAR IS ONLY WORTH FIFTY-THREE CENTS NOW.
 THAT MEANS WHEN YOU GIVE ME A DOLLAR YOU'RE SAVING YOURSELF FORTY-SEVEN CENTS.
 NOW TELL ME WHAT ARE YOU DOING WITH ALL THAT MONEY?
 I'M GOING TO BUY ME A HOUSE.

Alley Oop

JUST ARRIVED ON THIS MEDIEVAL STAGE, ALLEY OOP WASTES NO TIME GETTING DOWN TO WORK.
 HI YALL! I'M LOOKIN' FOR A DRAGON... YEEA ANY LATELY?
 I MEAN ONE OF THOSE FIRE-BREATHIN', TH' KIND SCALY-HIDED MONSTERS?
 YEAH, THAT'S RIGHT!
 OH, YES, MISTER, THERE'S A BIG TERRORIBLE DRAGON ROUND AN' BACK AN' GO BACK IN THOSE TH' WAY YOU CAME!
 DR. WONMUG, I NEVER KNEW YOU FORGOT HIS AX BEFORE!
 MY GOSH, COOLA!

Bo

I'D LIKE TO KNOW WHY THE POLICE WENT TO THAT OLD VACANT HOUSE BEFORE THE BOYS USE IT AGAIN.
 I'VE GOT AN IDEA.
 YES - THE POLICE WERE OUT THERE THAT'S NEW TO ME - I KNOW NOTHING ABOUT IT, BUT I'VE GOT SOME NEWS FOR YOU GREEN.
 YOU CAN STOP WORRYIN' ABOUT IT BEIN' AN EYE-SORE TO YOUR NEIGHBORHOOD - I JUST SOLD IT!

Buzz Sawyer

I'M SANDER, OFFICE OF NAVY INTELLIGENCE, DO YOU RECOGNIZE THIS GIRL?
 OH, YES, HONEST SIR.
 I EVEN REMEMBER WHAT SHE BOUGHT - PAINTS, BRUSHES, TELEPHOTO LENS AN' A MINIATURE CAMERA.
 A MINIATURE CAMERA?
 YES, VERY CLEVERLY CONCEALED IN A SILVER BRACKET LIKE THIS, I BELIEVE SHE WISHED TO TAKE PICTURES OF HER FRIENDS WITHOUT THEIR SUSPECTING IT.
 OH, I SEE!

Martha Wayne

SO MRS. BOONSTON'S HIRSD GLEUTHS HAVE TURNED UP HERE SUMMAY NEPHEWED!
 IN A WAY I'M GOOKY... IT GIVES THE OLD DRAGON ANOTHER MINOR TRIUMPH...
 FATHER! DO YOU KNOW WHAT YOU'RE SAYIN'!
 YES, I DO, DIANA! THIS WHOLE SILLY BUSINESS WAS STRICTLY THE OLD LADY'S FAULT! LEN DON'T LIKE THE PREFABRICATED CAREER HIS AUNT HAD BLUEPRINTED FOR HIM... HE WANTED TO BE HIS OWN MAN! WHEN SHE WOULDN'T BUY THAT, HE WALKED OUT, AN' I DON'T BLAME HIM!
 AND WHILE YOU'RE PLAYIN' ALL THE SOFT MUSIC FOR POOR LEN, AREN'T YOU FORGETTIN' ANOTHER SMALL DETAIL IN THIS LITTLE TRAGEDY?

Mutt & Jeff

GOT 'CHA FOR SPEEDIN', GUM!
 OFFICER, I WASN'T DOING NO SIXTY MILES AN HOUR!
 I DOUBT IF I WAS GOING FIFTY OR EVEN FORTY!
 WHY, I DON'T THINK I WAS GOING THIRTY OR EVEN TWENTY MILES AN HOUR!
 HONEST, OFFICER, HONEST!
 MAYBE YOU WERE STANDIN' STILL? TAKE THIS TICKET.
 NO PARKING!

Bugs Bunny

SHIFT GEARS, WATCH TH' SIGNALS...JHM!
 OH, DEAR! THERE GOES MY HAT AGAIN!
 THIS IS GETTIN' MONOTONOUS! YA GOTTA LEAVE TH' HAT OFF OR WE'LL NEVER FINISH YER DRIVIN' LESSON!
 I WILL NOT! IT'S A NEW HAT AN' I WANT EVERYONE TO SEE IT!
 WELL, SOMETHIN'S GOTTA BE DONE!
 BUNNY!

Priscilla's Pop

BUT POP! THE CRIMSON CLAW IS PLAYIN' AT THE BIJOU!
 LISTEN, CARLYLE! IF YOU WANT TO SEE A MOVIE, WATCH TELEVISION!
 WAIT TILL WE'RE 21, THEN I GUESS WE CAN GO TO THE SHOW AN' SEE THE CRIMSON CLAW IF WE WANT TO!
 WHEN YOU'RE 21 YOU WON'T HAVE TO! BY THAT TIME IT WILL PROBABLY BE ON TELEVISION!

Steve Canyon

OH, NO, NO, THESE ARE ALL FOR MY MA... ONLY I HATTA GO MILES TO GET THESE FOR MY MA, MY MOTHER IS ALLUS FIRST!
 HE SAW HER COMIN', WHY SHE NEVER EVEN ASKED FOR EVEN ONE FLOWER - THAT'S A TRICK!
 IF HIS MA HEARS IT, IT'LL EASE TH' STRAIN OF TORN PANTS AN' BEIN' GONE ALL DAY!
 BORN THIRTY YEARS TOO SOON

OUR BOARDING HOUSE

ESAD, JASON! AFTER STUDYIN' THE FORM AN' JUDGIN' THE HORSES, I'M TORN BETWEEN NO. 3 AN' NO. 5 - BOTH HAVE MERITS!
 NO. 3 IS 10 TO 1 WHILE NO. 5 IS A JUICY 50 TO 1 - I'M LEANIN' A BIT TOWARD NO. 5.
 LIKEWISE, HINTAH HAZARD, BECAUSE OF MY DREAM-CLINED TO STOMACH CONCERNIN' WHICH I AIN'T SCHOOLED!
 YES, AND THE PRICE IS ALL RIGHT, TOO!

NO. 1	BALTIC BULLET	8-1
NO. 2	RED SEA TANGO	8-2
NO. 3	PACIFIC POLKA	10-1
NO. 4	SUNSHINE WILLOW	10-1
NO. 5	SOUTH SEA STOMP	50-1
NO. 6	MEDITERRANEAN	8-1
NO. 7	MAZURKA	8-2
NO. 8	ATLANTIC WALTZ	8-2
NO. 9	CHRISTMAS	8-5
NO. 10	CANONICAL	8-5

Steve Canyon

MR. NETHERLAND AGAIN, MIZ OLSON?
 YES, MEENA!
 IT'S NONE OF MY BUSINESS, BUT I HAVEN'T SEEN ROSES IN YOUR CHECKS LIKE THIS SINCE I CAME TO WORK FOR YOU!
 WE'RE GOIN' TO WATCH THE TRAMP ARTISTS! COPPER CALICOONS VOICE WILL PROBABLY COME ON THE LOUD SPEAKER, AND TELL ME TO STOP SHININ' MY HEAD FROM SIDE TO SIDE, AND GET BACK TO WORK...
 MEANWHILE A PICTURE EDITOR ON A WASHINGTON NEWSPAPER MAKES A PHOTOGRAPH FOR REPRODUCTION THAT WILL MEAN MUCH TO STEVE CANYON AND GUNNAR OLSON...
 HAVEN'T WE USED ENOUGH ART ON THIS CHARACTER?
 WHAT MAKES IT GOOD ARE THE LOOKS OF THE FACES OF THOSE PEOPLE IN THE BACKGROUND - AND IT WASN'T TAKEN IN A SENATE HEARING ROOM!

Vic Flint

VIC, I CAN'T BEAK TO LOOK!
 MOVE LOU!
 NOT ON TOP OF ME, VIC, OLE BOY - PAL-BEEB!

Little Doc

MMM... BUY ME ONE, EH, LIL DOC?
 BANANA SPLIT 75¢
 ICE CREAM
 SORRY, CINDY, EXTENDING CIRCUMSTANCES PERFORCE ME TO PRECLUDE YOU FROM SUCH A BAUBLE OF EXTRAVAGANCE!
 EH? WHAT A LONG-HAIRED SPEECH... I DON'T GET IT...
 THAT'S WHAT I JUST SAID!

Wash Tubbs

LATER... A CALL FROM SAN FRANCISCO
 YES... THE COMIC EDITOR SPEAKING WHO IS THIS?
 NEVER MIND PHIL! IF YOU'RE WANTIN' TO KEEP DE BONOVES OF YER COMIC STRIP, ARTIST, PATAKEY, YOU'LL DO AS I SAY...
 HEY, WHAT IS THIS... A BAG O' PATAKEY WAS JUST BEEN LAID UP WITH ALZHEIMER! HIT BY A TRUCK!
 SO NOT! WE'RE HOLDIN' HIM FOR RAMSON ANYWAY, SEE! I'LL LETCHA IDENTIFY HIS VOICE, DEN I'LL TELL YA HOW TO GET UP DA DOUGH!
 HELLO, PRED, I WAS TOO WEAK FROM THE LOSS OF BLOOD... THEY FULLY OVEPOWERED ME! BUT DON'T WORRY... I'LL GET AWAY... SOME DAY... SOMEHOW...
 OH, YEAH! WILL TAMPON NOW I'LL GET 'EM AWAY!
 I'VE GOT AN IDEA!

Boots

CLAWERLY? THIS MEETING YOU'VE ARRANGED BETWEEN PALLET AND MRS. RUGGLES...
 THINGS WORK OUT AS I HOPE. THE WORLD WILL LOSE NOTHING BUT THE PRICELESS FINISHED PORTRAIT OF PALLET'S DEAD WIFE.
 FINISHED PORTRAIT?
 GOODBYE - HERE SHE COMES NOW!

Mickey Finn

OH, I'M SO GLAD IT'S ALL OVER, MICHAEL! DO YOU THINK PHILIP WILL BE COMING IN SOON?
 I DOUBT IT, MA! HE'LL PROBABLY BE TALKIN' ABOUT IT AT CLANGY'S UNTIL MIDNIGHT, AT LEAST!
 PHIL, TO CHANGE THE SUBJECT FOR A MINUTE, I SAW THAT LOUIE CAME UP WITH YOU! IS HE GOING TO BE YOUR PRIVATE CADDY NOW?
 YOU BET HE IS, CLANGY! HE'S GOIN' TO BE MINE EXCLUSIVELY - FOREVERMORE!
 Y-YOU TOLD ME YOU WANTED TO SEE ME AT EIGHT O'CLOCK, GOVERNOR!
 YES - I'VE BEEN WAITIN' FOR YOU, LOUIE! COME IN! COME IN!

Freckles

LOOK, BAZOO, THIS FAST TUB JOB YOU HOOKED US ON IS TOO ROUGH!
 YEAH, WE CAN'T TAKE IT!
 WHY THOSE WERE THE BEST ASSIGNMENTS I'VE EVER DISHED OUT!
 I PUT YOU TWO SLUGS ON THE GROUND FLOOR OF A PROFESSION THAT MAKES BIG DOUGH!
 WE KNOW THAT!
 BUT IT'S OUR DREAMS WE'RE WORRYIN' ABOUT!

Susie Q. Smith

YES, DEAR...
 YES, DEAR...
 YES, DEAR...
 BUT MUSCLES, WHY DON'T YOU WANT TO GO STEADY ANYMORE?

Here's Official Menu . . .

Special Father's Day Dinner Will Assure Dad A Great Day

Of course, you want Father's Day to be a real treat from start to finish! Then, plan to follow the Official Father's Day menu on "That Day" and see how happy dad will be.

Most Fathers Like Toiletries

June 20! That is an important day to all of us who have an ounce of affection and affection for that wonderful man called DAD.

As for the year, dear father showers us with everything from affection and a home to that longed-for tennis racket. Yet never once has he asked for a "thank you." Now it's our turn to shower him.

There is, for example, a special compliment to any man, a he-man scented men's cologne. Have the scent that of shaving cream or after-shave lotion. It may be ferns or woody or spicy, or herb-like or leathery in odor, but be sure it is fresh and clear, no soft feminine fragrance for your man of the house.

As a grand gesture, you might like to give a kit complete with all the accessories a man uses in his toilette, or would like to own. Such a complete package may be inexpensively made of cardboard or lavishly done in fine leather. Many are lined in liquid proof fabric.

These sets include besides shaving cream and after-shave cologne such additions as deodorant, hair dressing and much-needed men's talc. Some of them may have a comb, toothbrush holder and soap dish.

Although some men still think of some of these toiletries as extras, most of them consider them musts in today's better grooming. Winter or Summer, everyone including men should use a deodorant. And talcum is one of the most delightful aftershaves.

Give the male members of your family a chance to design and build their own sandwiches.

Selected by chefs, caterers and members of the Father's Day Committee from all over the nation, as their own favorites, the official menu is easy to prepare and super-special to eat.

Here it is: Chicken, cranberry sauce, broccoli, baby lima beans and his favorite cake.

Try preparing it in this quick manner. Use quick frozen foods, like quick frozen frying chicken, broccoli and baby lima beans.

As for the cake, why not a rapid-to-prepare mix? (Be sure to follow mixing and baking directions on the package carefully to obtain perfect results.) Frost it to his liking. Then, as a truly special touch decorate it with an appropriate greeting such as "For Father" or "To Dad."

If, however, you prefer, visit your favorite bakery . . . they will have a wide assortment of delicious cakes, especially designed for Father's Day.

According to the Food Division of the Father's Day Council, the interest in making Father's Day an important family event is a natural outgrowth of the present trend toward home and family entertainment.

And, what could be more satisfying than a family dinner? The fatherly family, as well as dad, will be the happier.

Sandwich Treat

Father's Day could well be the birthday of a gentleman, the Earl of Sandwich, who is credited with inventing a meal in one, named for him, the sandwich.

The story goes that he was playing a very serious game of chance and was too interested to leave even to eat. So, he called for slices of bread with beef between them as refreshment.

More than 150 years later, men, young and old are still enjoying sandwiches; in fact, over 30 million are eaten daily.

Shamrock Vetoes Phone Rate Hike

SHAMROCK — (Special) — For the fourth time, the Shamrock City Council has rejected a proposal of the Southwestern Bell Telephone company to increase rates of the local service. Mayor Bob Douglas presided over the meeting Wednesday night.

After considering a renewed proposal, presented by District Manager George Newberry, Councilman Jack Stroup made the motion that the city governing body refuse to grant permission for the rate hike. The motion was seconded by Winfred Lewis and Alderman Billy Holmes and Cabot Brannon voted to make the refusal unanimous. The fifth member of the council, George Davis, did not attend the meeting.

The proposal to raise the local rates was first rejected in October. Officials of the telephone company contend the rates and charges for local exchange telephone service now in effect are not sufficient to meet the company's expense of operation.

MISS PATRICIA KING to teach in Japan

Skellytown Teacher Transfers To Japan

SKELLYTOWN — (Special) — Miss Patricia King, teacher in the Skellytown school, will sail from Seattle, Wash., Aug. 14 for Tokyo. Miss King has been employed to teach children of armed forces personnel somewhere in Japan. She will receive her placement after she docks at Tokyo.

Miss King received her BS Degree in education and attended North Texas State college in Denton for four years. She has taught the fourth grade in the Skellytown school for four years.

Miss Peggy Pemberton, who was on the faculty at Skellytown and who has been teaching in Japan this year, will meet Miss King when she arrives in Tokyo.

Until she sails, Miss King will be at the home of her parents, Mr. and Mrs. G. C. King, 4439 Cline Road in Amarillo.

Professional entomology is 100 years old in 1954.

Texas' state capitol has more than 400 rooms and 18 acres of floor space.

Perryton Yards Being Judged

PERRYTON — (Special) — Judging of Perryton yards for the contest sponsored by the Perryton Garden Club and the Chamber of Commerce is getting under way. The first judging was done a few weeks ago. The second judging will be done this week.

Prizes are awarded to the winners of each judging. Judging is based on five points. They are: suitability of plant material at home; general appearance; originality and attractiveness of plant design; lawns; and alleys. The judging is done by five different committees who combine their results to get the winner.

Winner of the first judging was Mrs. O. O. Cox. The second place winner was the A. S. Brillhart home and the J. H. Neufeld home was third. The Neufelds won the contest last year so they are not eligible for this year's first place winner.

FORMER PAMPAN GETS BA — Mrs. Tommasene Duval Bishop, daughter of Mr. and Mrs. Tom Duval of 311 N. Starkweather, recently was graduated from Arizona State college at Tempe with a bachelor's degree in education. Mrs. Bishop and her husband, Francis Bishop Jr., are now vacationing on the West Coast.
