German Army Prepares To Retreat From Kharkov

Nazis Destroy War Supplies In That City

Hitler Asserts Reds Being Thrown Back In Sector, However

By The Associated Press Adolf Hitler's armies were reported in Stockholm dispatches today to be making hasty preparations for a retreat from Kharkov, the Soviet "Pittsburgh," with the city in flames as Nazi demolition squads blasted military stores and oil supplies.

Against this picture of a major new reverse for German arms, Hitler's field headquarters asserted that Russian troops driving into the Donets Basin east of Kharkov had been thrown back after a new attack and suffered heavy casualties.

Soviet dispatches yesterday said the Germans had slain 30,000 civilians in Kharkov, but there was no direct word from Moscow on the progress of military operations against the big steel center of 883,000 population, which the Germans captured last Oct. 24. Unofficial reports on Wednesday said Red army shock troops were fighting in Kharkov's suburbs.

Stockholm advices said great fires were burning in the city and that it was obvious the Germans' "whole upper Donets line is sagging to the point of collapse." London reports said 500,000 German troops were believed based in the Kharkov area.

In the north, Soviet front-line dispatches said the Russians had recaptured an important defense center from survivors of the trapped German 16th army in the Staraya Russa sector, 120 miles south of Leningrad.

Fire damaged 49 bales of cotton at the Big Spring Compress Co. yards Friday morning, but firemen brought flames under control quickly and prevented spreading.

More Ships Demanded By Congressmen

WASHINGTON, March 20 (AP)— A cry for ships and more ships arose from members of congress today as they received evidence that the accelerated war production program had started to tax the nation's domestic and foreign transportation facilities.

Concerned lest a shipping shortage handicap the arms effort in the next few months, Senator George (D-Ore) declared that congress must "take hold of the transportation problem and deal with it vigorously" to avoid a serious slowdown in the delivery of vital military supplies to battle areas all over the world.

George told reporters a long step could be taken in this direction by streamlining of domestic transportation facilities through the merger of bus and trucking companies and by more thorough coordination of railroad transportation—a subject Chairman Truman (D-Mo.) said the senate defense investigating committee soon would explore thoroughly as a part of an inquiry into the possibilities of speeding up ship construction.

Australia Battle Tempo Increases

By The Associated Press Gen. Douglas MacArthur disclosed today that President Roosevelt had ordered him to organize an American offensive against Japan for the "primary purpose" of relieving the Philippines, while on the action front, opening shots were fired in the battle for lower New Guinea.

Reacting to the sting of allied counter blows—some of which may not have been mentioned for reasons of military secrecy—the Japanese navy bitterly accused the United States and Britain of waging "extreme warfare based on retaliation and hatred, and declared that Japan would reciprocate.

While Japan thus showed she was beginning to feel the bite of the United Nations' slowly gathering offensive force, the war department announced in Washington that two U. S. army bombers scored a direct hit on a large Japanese cruiser at Rabaul, New Britain Island, northeast of Australia.

Presumably, this was the same attack reported yesterday by the Royal Australian Air Force.

"President Roosevelt has expressed his determination to use all means necessary to rid China of the Japanese," he told his first press conference. "I am unable to go into details as to just what help or equipment is on the way, but you may assume from the fact that I have been assigned to command any United States forces in China, India and Burma, that the effort contemplated is large.

"The United States means business and we won't be satisfied until we see American and Chinese troops in Tokyo together."

## Stellar Centers Face To Face In AAU Semi-Finals

DENVER, March 20. (AP)—National A. A. U. basketball's two greatest centers—whose combined heights give pole vaulter Corry Warmerdam pause—will come face to face again in tonight's tournament semi-finals.

Fierce-faced Frank Lubin, 6-foot-6-inch star of two continents, is the chief engineer in the Hollywood Twentieth Century team's charge toward its second straight championship.

His rival is thin man Bob Gruening, 6-foot-8-inch hook shot specialist of the Denver Legion

and the star of two Denver National champions.

Their teams will open the semi-finals at 8 p. m. (Mountain War Time). Gruening pointed the sun-tanned Californian when Legion beat the champions twice in December exhibitions here.

Stars will glitter brightly, too, in the second semi-final between Phillips 66 Oilers of Oklahoma, champions two years ago, and the orange-shirted Oakland, Calif., Golden Stars.

The Oilers' remodeled team features such young experts as Capt. Luisetti, most valuable player at the 1941 meet; Jimmy McNatti, the Oklahoma U. "Boat Kid," and Paul Lindeman from last year's Washington State N. C. A. A. finalists.

## City Sends Two Teams To ABC Tournament

Two cars of Big Spring's best bowlers rolled out of town this morning, headed for the shining alleys at Columbus, Ohio, where the 42nd American Bowling Congress is in progress.

It will not be the first time Big Spring has been represented in an ABC tournament—the world series of bowling—but it is the first time that Big Spring has had two teams in the event. This fact is more impressive when it is considered that Texas only has about 14 teams in the meet.

Today the teams will play matches at Oklahoma City. The Coeden team, composed of Stanley Wheeler, Jake Douglas, Pete Howze, J. L. LeBlou, Ward Hall and Jimmy Eason, will roll against an all-star team on the Jenks alleys. At 11 p. m. the same lineup will prevail at the Brantley alleys. The Big Spring Independents will play teams on the same alleys at the same time.

Saturday a similar situation will prevail at the Nellie Burton Alleys at St. Louis where the Coeden team hopes to tangle with the Herman Undertakers, world champion bowling team.

Monday evening the team may take a practice run over the ABC alleys in Columbus. Tuesday at 8:30 p. m. they begin team bowling. Wednesday the singles and doubles at 12:30 p. m. Wednesday. Members of the Independents making the trip are Jack Smith, V. A. Merrick, Harry Lester, Hiram Brimberry and Kelley Neville.

## SPORTS ROUNDUP

**By HUGH FULLERTON**  
Wide World Sports Columnist

NEW YORK, March 20.—With spring football getting under way in the north (it's about over in the south), George Carsons of the Boston Traveler asks why it wouldn't be a good idea to arrange a few games to aid the army and navy relief funds and give the boys an incentive to bear down. . . . He figures it wouldn't cost much to bring together teams like Harvard and Boston College or Fordham and Columbia and plenty of fans would pay to see them. . . . To make sure the customers don't miss seeing a pole vault record at the Chicago Relays tonight (if Cornelius Warmerdam can go high enough) officials scheduled the event to start 45 minutes before the start of the meet. . . . According to Mushky McGee, Harry Markson, Mike Jacobs' publicity chief, is "the best grammatician in the business"—which, obviously, Mushky ain't.

**Quote, Unquote**  
Alfred Vanderbilt (at the Chicago racing meeting): "We are not here as individuals to protect a sport; but rather we are here as a sport to help protect the nation."

**Spring Braining**  
Jack Zeller of the Tigers proposes a rule that baseball teams should not start training before March 15. That would give them more than three weeks, he says, and two is enough. . . . The Giants' Babe Barna is getting a regular Babe Herman reputation when he tries to play the sun field. A few days ago he let a fly bounce off his shoulder for two bases, then squared accounts by socking a homer and double. A couple of days later he misjudged one that went for three bases, then homered again. . . . Chuck Comiskey, who will become owner of the White Sox on his 21st birthday about five years from now, hopes to play ball next summer with the White Sox farm team at Wausau, Wis. . . . What a hold-out he could be if he makes the big-league grade!

**Today's Guest Star**  
Kenneth Jones, Peoria (Ill.) Journal Transcript: "A year or so back, after Chicago had quit football, the Big Ten was referred to as the 'Big 9 1/2.' With further determination in the maroon showing, it is fitting that the name be changed to, shall we say, the 'Big 9 1/4.'"

**Headline Headliners**  
When the story came through the other day about the sports editor who figured out a football league race from the condition of each team's bus tires, the Milwaukee Journal headlined it: "Here's a paradox; tired grid team has best chance." . . . The Louisville Times man simply wrote: "First by a blowout."

**Reese Signed By Knoxville Smokies**  
KNOXVILLE, Tenn., March 20. (AP)—Andy Reese, veteran infielder formerly of the New York Giants, has been signed by the Knoxville Smokies of the Southern Association.

Reese, who also has played for Memphis, will be given the role of general utility man and pinch hitter.

**Boys Will Have To Use An Upper Berth**  
LAKE WALES, March 18 (AP)—Speaking of the horrors of war—The Kansas City American Association baseball team has been restricted to one pullman for its road trips.

"Some of the boys," said Manager Johnny Neun firmly, "are going to have to sleep in upper berths this year."

**Cosden Bowlers** shoved off for the 42nd annual American Bowling Congress meet today, planning stands in Oklahoma City and St. Louis before winding up in the tournament city for their first round Tuesday evening. Members of the team are, back row, left to right, Jake Douglas, Pete Howze, Stanley Wheeler and Jimmy Eason; front row, J. L. LeBlou and Ward Hall. Chad in Western attire, they missed out on the other half of their publicity stunt for Big Spring—that of distributing horned toads. It was too early for the creatures to be about. (Kelsey Photo).

## All-Star Field To Compete In Chicago Relays Tonight

CHICAGO, March 20. (AP)—An all-star field, including the owners of 16 American track and field records, will compete tonight in the Chicago Relays, one of the last events of the indoor season.

Six of the performers will be back to defend championships won last year, and possibly the greatest of this number is Greg Rice, who set a new world record for the two-

mile a year ago and has been undefeated in more than two years.

In tonight's race, Rice again will be matched with Gil Dodda, the former Ashland college runner now of the Boston A. A. Dodda has yet to defeat Rice. To prove he has no fear of the advance notices, Dodda gave Leslie MacMittell, N. Y. U. miller his first loss in 20

## You're A Chump To Buy Tires From A Bootlegger

Say, friend, wanna buy a tire—at about four or five times what it's worth?

Then see the gentleman with the shifty eye—the patriot known as the tire bootlegger.

He can come up with a pretty fair looking tire, with decent tread and sleek appearing sidewalls. He can get them in almost any size you want, and the only specification is that you meet his price and ask no questions.

This business of ask no questions is a major point. Stock answer of the bootlegger, when asked where and how he came into possession of the tires, is: "Never mind. I got them."

Of course, those who patronize the bootlegger don't care where he got them, not even if they came from the car of old Aunt Jenny, who simply must have an automobile to get around in. And when the tires happen not to be stolen, the buyer would die a thousand deaths if he knew the cheating he was getting.

Tires that are sound, have good treads and are virtually new are, nine times out of 10, stolen if not offered for sale at a decent price out in the open. How can you tell? Have a look at the side where the serial number is located. You'll find a serial number all right, but you'll also find, by close inspection, where the original serial number has been buffed off and rubbed to make look like the rest of the side wall.

If the serial number has never been disturbed, then suggest that they be given to an officer for checking before you buy. Unless your salesman is a legitimate dealer, he will pick up his hot tires and flee.

In many cases where the tires are not stolen, they are rotten. When rationing hit, some dealers conceived the idea of buying up large stores of tires in rubber factory stock piles. Some of these had been there for years and most of them were in pretty bad shape.

But they were given the steam treatment, cracks filled with rubber paint several times and subjected to considerable temperature. Some were run through tread vulcanizers to make tread look better than it was; others were given hurried patches or vulcanizing if the break was too bad. And in the end out rolled a wolf in sheep's clothing.

Such a tire will come to you for \$10 to \$15. It's dangerous to drive on it, and the first rough treatment may cause it to blow out. The fiber in the tire is no stronger than old string.

Be wary of any tires that you can't walk up to a dealer and buy at a fair price. And be suspicious of any tires you get through reputable dealers if they have to send some stranger around to dicker with you.

But, if you are bent on doing

business with a bootlegger—then go ahead, chump. You've got your choice of stolen tires or something that may be endangering the life of everyone who rides with you.

## Colorado Favored In NCAA Tourney

KANSAS CITY, March 20. (AP)—Railbirds who roost in this college basketball capital during the Big March tournaments figure to feature their nests by backing young Frosty Cox's Colorado Buffs in the NCAA western eliminations starting tonight.

They like the looks of Pete Moloud, Bob Doll and George Hamburg—and also the handsome coach whose attraction of Kansas high school and junior college talent ruffles K. U.'s Phog Allen.

Rice Institute and Stanford start the ball bouncing at 8 p. m. (Central War Time). The Colorado-Kansas feud follows. The two winners play Saturday night for first place. The two losers meet for third.

## News Man Shines As Second Baseman

LITTLE ROCK, Ark., March 20. (AP)—Filling in at second base during a Little Rock Travelers intra-camp game, Bill Shirley, 29-year old assistant sport editor of the Arkansas Democrat, showed the boys a thing or two.

A former American Legion junior baseball star, he got two for two, handled five chances without a flaw and was in the middle of a fast double play.

## Galan Due To Play In Left For Brooklyn

ST. PETERSBURG, Fla., March 20. (AP)—This probably will come as a pleasant surprise to Augie Galan, himself, but Augie is due to start this coming baseball season as the regular left fielder of the Brooklyn Dodgers, supplanting Joe Medwick, who cost the club \$125,000 only two years ago.

Medwick, in fact, will be with the National league champions on opening day only in the event that President Larry MacPhail is not successful in his present efforts to trade Joe and holdout Pitcher Whit Wyatt either to the Cincinnati Reds or the Chicago Cubs. A deal of some sort might pop any day now.

It is a tremendous break for Galan, to crash the regular line-up of the club popularly favored to repeat in the National. A year ago he was considered a hopeless baseball cripple, washed-up because of an injured knee. The Chicago Cubs, for whom he had played since 1934, returned him to the minors, and Brooklyn got him for next to nothing.

It purely was a hunch on MacPhail's part. And now, through a dramatic series of circumstances, he turns up with one of the most coveted jobs in the game.

Augie, approaching 30, reported to the Dodgers' Havana camp this spring completely unheralded and more or less unnoticed. The team's outfield was spoken for with Medwick in left, Pete Reiser in center and Dixie Walker in right.

Galan looked like about a 40-to-1 shot a few weeks ago. He didn't know how his game leg would do. Nobody paid him much mind, even though he once had sparked the Cubs to a flag in '35 with a stick average of .314. Every one knew he had been a scrapping, take-a-chance outfielder with the Cubs. That was what got him his injuries. His willingness to run into a brick wall or two if there was a hope of trapping a fly.

## Ray Robinson Battles Rubio

NEW YORK, March 20. (AP)—Just by way of keeping his machinery from getting rusty while he's waiting for Red Cochrane to bring the welterweight title out of the navy, Ray Robinson takes on Norman Rubio tonight in a 15-rounder in Madison Square Garden.

And if Rubio's recent exhibition of walk-in-and-wallop are any indication of what's on tap, the chances are the "Sugar Boy" from Harlem won't have much time to let the rust accumulate in this contest, in which he's putting up the longest unbeaten record of any fighter in the business today.

No matter how you add it up, the skinny swarthy should run his string to 118 straight triumphs—89 as an amateur and 29 as a pro—in this tea party. He's 1 to 4 in the betting shops and this course sees him to finish with the decision. But Rubio's slugging style—take two punches to land one and never stop charging—figures to make it a pretty fair evening's entertainment for the 5,000 customers "Uncle Mike" Jacobs expects to have on hand.

The average annual rainfall in the United States is about 39 inches.
