County and State Issues To Be Voted on Tomorrow

Cuba Defeated In Her Demand At Conference

QUITANDINHA, Brazil.—(AP)—Cuba was defeated today in her demand that provisions for protection of the "economic independence" of American nations be written into a hemisphere defense treaty. The steering committee of the 20-nation Inter-American Defense Conference voted today on the proposal. Fifteen nations voted against the measure, which the United States has opposed.

Mississippi Pays Her Last Respects To Senator Bilbo

POPLARVILLE, Miss.—(AP)—The body of the late Senator Theo G. Bilbo was given its last respects today at the state's most spectacular political funeral. The arrangements were made by the Bilbo family.

Two classes of Gray County qualified voters tomorrow will cast their ballots for or against the reallocation of county taxes and for or against the addition of Sections 17 and 18 to Article 7 of the State Constitution.

Only property taxpayers will be qualified to vote on the reallocation of county taxes while all qualified voters, property owners or non-property owners, will be permitted to vote on the constitutional amendment.

The question of who was qualified to vote on each of the two ballots cropped up this morning and sent the county judge, county attorney, several other lawyers, and this reporter scurrying through the law books to find the correct answer after a mixture of opinions was given throughout the Court House.

According to Section 9, Article 8 of the State Constitution, as adopted at the election of Nov. 7, 1944, the law provides "the said Commissioners Court may make such reallocation and changes in said county taxes; that same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by the majority of such property tax paying voters, voting in such an election."

This means that only property owners who are now paying a property tax to Gray County are eligible to vote for or against the reallocation of county taxes. Should the reallocation of taxes be approved, the voters will be asked to vote on the hundred dollars of property valuation. Broken down into the four funds it will raise the Road and Bridge fund from 15 cents to 21 cents; the County Fund from three to four cents; Permanent Improvements from 25 to 29 cents; and the General Fund from 21 to 26 cents.

On the constitutional amendment question all of Gray County's 4,119 qualified electors will be eligible to vote. The addition of Sections 17 and 18 to Article 7 of the State Constitution provides for the levying of a state ad valorem tax on property in the present ad valorem tax of seven cents for Confederate pensions. If passed the new law will reduce the allowable tax rate from 35 cents to 30 cents on the \$100 valuation of property. It will also provide for a two cent levy for Confederate pensions and five cent levy to provide for construction, equipment and improvements at State institutions of higher learning, including the Agricultural and Mechanical College of Texas and the University of Texas.

Following is the list of Gray County precinct box numbers and their locations: Precinct 1—Lefors, School Building. Precinct 2—Pampa, Baker School. Precinct 3—Grandview, School Building. Precinct 4—Alanreed, School Building. Precinct 5—City Hall, McLean. Precinct 6—Laketon School Building. Precinct 7—Farrington School Building. Precinct 8—Hopkins School Building. Precinct 9—Pampa, Woodrow Wilson School. Precinct 10—Pampa, Court House. Precinct 11—Kingsmill School Building. Precinct 12—Pampa, I.O.O.F. Hall. Precinct 13—Phillips Camp, Hopkins School No. 2. Precinct 14—Pampa, Horace Mann School. Precinct 15—Pampa, Carpenter's Union Hall. Precinct 16—Pampa, Tom Rose Ford Co. Precinct 17—McLean, Methodist Church. Precinct 18—Webb School Building.

Bilbo will be buried in the church cemetery, near his parents. Bilbo's death ended without decision the "mission" last political fight—an effort to take his seat in the Senate despite bi-partisan opposition from those who charged that he was unfit for the post. He was accused of intimidating Negroes in a move to keep them from voting in the 1946 Democratic primary election when he was nominated for a third term. A Senate Committee which held hearings at Jackson, Miss., divided—three Democrats and two Republicans filing a minority report which held him guilty.

Another committee, after hearings at Washington, reported that the senator was guilty of "obstruction" in the Senate. Bilbo improperly used his high office as a United States Senator for his personal gain in his dealings with war contractors.

Special Commissioners Named to Handle Suit
I. D. Shaw and C. J. Cash, McLean, and B. E. Glass, Alanreed, today were appointed "special commissioners" by County Judge Sherman Whit, to act in regard to the petition filed yesterday for condemnation of land owned by H. M. Roth and his wife. The special commissioners have been ordered to meet with County Attorney Bruce Parker, at McLean, tomorrow morning for the purpose of taking oath and to set a meeting date with the owners of the disputed land. The dispute over the land arose Wednesday, when members of the Commission made the Roth's a final bid on the 7.63 acres the County needs in their work of widening Highway 66. Roth has reportedly held out for \$1,000, charging that the strip sought by the County is some of his most desirable acreage since it contains several peach trees and other trees that form a shelter belt. The Commission has offered Roth what would amount to approximately \$116 an acre for his land, when the consideration allowed for the trees is figured into the total. Under the special commissioners' appointment, they are to appraise the land in question within five days of the day they take oath. When they have appraised the land, the commissioners will arrange a date with the owners and reconsider the matter, according to their findings.

One Man Is Killed As Trucks Collide
AMARILLO.—(AP)—One man was under treatment today for burns suffered yesterday in a head-on collision of two trucks which took the life of Richard Lee Caldwell, 24, of Amarillo. Dick Alexander of Lorenzo was gravely burned when the vehicles collided yesterday five miles northeast of Dumas. Both trucks swerved off the highway, overturned and burst into flames. Both men were thrown clear of the wreckage.

Dallas Working for 57 Deathless Days
DALLAS.—(AP)—Dallas policemen begin wearing white arm bands with black 57 numerals on them today to impress upon motorists that a consecutive run of 57 days without a traffic fatality would be reached at midnight tonight. Mr. and Mrs. Orin Payne leaving early this morning for Perryton with Patsy Miller, Pampa's entry in the Wheatheart Contest, being held in connection with Perryton's big birthday celebration.

Mealless Days Seen Unless It Rains Soon

WASHINGTON.—(AP)—Mealless good rains break the midwestern heat wave quickly. American housewives may as well resign themselves to some mealless menus next summer—and possibly much higher prices for what meat they do get. A special agriculture department report yesterday showed that bad crop weather has cut corn production prospects to the lowest level since the severe drought year of 1936. And this year's corn crop will largely determine the size of the nation's meat supply in 1948.

A smaller meat supply would hit consumers hardest in the summer since that is the season when livestock marketing normally drops to their lowest level. The department said the heat wave, which peaked in the midwestern corn belt late July, had cut corn prospects from 2,770,000,000 bushels on July 15 to 2,437,000,000 bushels by August 15—a decline of 333,000,000.

The latest estimate did not take into account damage which may have been caused by the hot weather since mid-August, or the possibility that the crop may be of poor feeding and keeping quality. Much of the corn crop will be planted in the fall, and will be subject to frost before it has fully matured and dried.

The government's original corn crop was 3,000,000,000 bushels. Officials have said that about 2,500,000,000 bushels would be needed to maintain meat production near the present high level of 155 pounds a year per capita. The crop last year was a record of 3,297,000,000. The average for the last ten years was 2,639,000,000.

A crop of the size indicated would cut meat production possibly 15 to 20 percent, a year-long shortage. Nevertheless, the stock still is above the prewar average of 126 pounds. But the supply would be far below the year's average in the summer season—a fact which could have been averted by the planting of early maturing corn. Should the weather continue unfavorable and reduce prospects still further, the government might find it necessary to trim wheat export and ask Congress for new authority to limit use of corn for making whisky and other industrial products. It had such authority during the war and until July 1 this year.

No Mass Starvation Is Seen for Europe
DALLAS.—(AP)—Jesse B. Gilmer, head of the production and marketing administration of the Department of Agriculture, said he believed that a year-long mass starvation in Europe this year. Gilmer, who returns to Washington today, said while visiting the USDA office here that approximately 11,728 cars of food were shipped to Europe and Japan from Southwestern ports between Jan. 1 and Aug. 20. If Europe could harvest now and could control distribution and use of food, there should be no mass starvation this year, he said.

Gilmer, native of El Paso, recently returned from Europe with Secretary of Agriculture Anderson. **\$25,000 DAMAGE SUIT**
BALTIMORE.—(AP)—Mrs. Rose Barbi claims, in a \$25,000 damage suit filed here yesterday, that Arthur Brown persistently used his wife and beat her while she was walking with another man. She said the other man was her husband.

Serious Need for Rain Seen in Gray County
There is a serious need for rain in Gray County if late milo and other feed crops are to make a decent yield, according to the crop report released by County Agent Ralph Thomas this morning. Topsoil is very dry, according to Thomas, but there is still plenty of good subsoil moisture that is helping to keep the crops alive. At the present time field work is at a standstill until there is rain, and early combine milo is already deteriorating due to the drought. All cotton in the County is also in need of rain but is described as "holding up surprisingly well," by Thomas. "Early flue hopper damage cut the crop materially," he added. Livestock in the County is in good condition and there is an abundance of cured grass and plenty of stock water. Some grass-fat cattle are being marketed, Thomas said.

GOVERNMENT SELLS BEES
ATLANTA.—(AP)—A swarm of itinerant bees set up shop in an abandoned packing case at the Atlanta Ordnance Depot and netted Uncle Sam \$2.05. The bees were sold at auction as unclaimed surplus property.

DOCTOR WOODWARD'S AMBITION
The story of one man's greed and another's devotion to his profession. A New Serial by Elizabeth Seifert (Begins Today on Page 2.)

Disruption of Work Charged by Russia

SEOUL.—(AP)—Lt. Gen. John R. Hodge said today "widespread activity of a revolutionary nature" had been uncovered in Southern Korea, and some ringleaders arrested—action which the Russians charged was aimed at disrupting the work of the joint commission on this occupied country. Hodge, commander of the American occupation zone, said Korean government authorities made the arrests after learning of a plot by Leftist employees of the Korean Broadcasting System to inject Communist propaganda into network programs and sabotage Rightist political speeches.

He said also that more than 100 rioters had been arrested for attempting to interfere with the government's rice collection program—but that those arrests "had no political significance." Col. Gen. Treant F. Shtikov, chief of the Soviet delegation to the Korean Joint Commission, charged that the "mass arrests of Leftists" was apparently aimed at disrupting the commission's work. Hodge said ringleaders in the propaganda plot had been under observation for some time "to prevent out of hand disorders."

"The repression," charged the Russian delegate, "occurred in a responsible, tense moment" in deadlocked deliberations of the commission and included "mass arrests of leaders and the actual closing down of democratic parties and social organizations of Leftist trend."

He said also arrested were "workers of the Leftist democratic press." Maj. Gen. Albert E. Brown, chief of the United States delegation to the joint commission, said he would reply later to the Russian charges. General Hodge told a news conference about 100 persons awaited trial in Korea and an undetermined number in the provinces on charges of rioting, attacking police boxes and interfering with the rice collection program. Said the general: "It is surprising to me that the Soviet delegation should make a statement we are interfering with the commission when the people we were have been interfering with the South Korean government."

"There is no political significance in the arrests. Some Rightists have been arrested, too. Hodge added that the activities of organizations to which many of those arrested belonged have been "tied to directions from the north." He emphasized: "I didn't say that the Soviets, but from the north."

Marvin Smith, Lefors, Father of Pampa, Dies
Marvin Smith died August 21 in Jamestown, Ky., while he was on a 10-day visit. Born June 7, 1875, in Kentucky he has been a Lefors resident for the past 12 years, where he was one time city secretary. He was a member of the Methodist Church in Lefors. Survivors are three sons, Irl Pampa; Maurice V., Althes, Okla.; and James L., Heressee, Okla.; three daughters, Mrs. Walter J. Haglen, Portales, N. M.; Mrs. J. Marvin Warren, Pasadena, Calif.; and Mrs. Roy L. Dixon, Pasadena, Calif.; three brothers, Ina, Jamestown, Ky.; Guy, Tulsa; and Clarence, Fort Worth; and one sister, Mrs. Ella Terry, Childress. The body is due to arrive in Pampa Monday.

Bomb Explosion Rocks Philadelphia City Hall
PHILADELPHIA.—(AP)—An explosion believed caused by a bomb shook Philadelphia's City Hall today and wrecked the first floor of the detective bureau. First reports said only one man was injured. The explosion caused considerable damage. Glass partitions and doors were shattered. Deputy Chief Engineer William Smiler, among the first firemen to arrive on the scene, said "something exploded in a steel locker." Fire apparatus converged on the City Hall and hundreds of persons crowded into the smoke-filled doorway. Police held back the crowd.

TWO INTOXICATIONS
Two men were assessed fines of \$10 each on charges of intoxication, this morning, in Corporation Court by Judge Clifford Braly.

Smear Charges Fly as Co-op Probe Begins

WASHINGTON.—(AP)—A political explosion that may echo in the 1948 presidential campaign was in the making today as a Republican-Communist Congressional Committee assembled to begin a cross-country investigation into co-operatives. Even before the first session got underway Chairman Ploeser (R-Mo.) and Rep. Patman (D-Texas), ranking minority member of the House Small Business Committee, were trading charges of "smear" tactics.

The Texan lit the fuse for the advance fireworks when he issued a statement contending that Republican leaders had planned the inquiry as "an investigation instead of an investigation" and that its twin objectives are to destroy Co-Ops and build political fences. Ploeser fired back that "this is the Democratic National Committee's new plan of attack—to smear any activity of Congressional Committees with the hope of branding the Republican majority with political lies."

Terming Patman's charges "replete with falsehood," the Missouriian hinted he might not designate his Texas colleague as a member of the Subcommittee which will make the actual investigation. He voiced the hope that if he did make the appointment Patman would conduct himself "without continued partisanship."

Patman, who was chairman of the Committee when the Democrats controlled Congress, whipped out a second statement saying he already had been notified of a spot on the inquiry group and that is why he is on hand. He added: "If Mr. Ploeser wants to intimidate me off by indicating he might take me off the Subcommittee... if I don't go along with his views, I can assure you that I will not be threatened or intimidated and will continue to express my views regardless of efforts to suppress them."

In his first statement, the Texan drew a distinction between "smear" to align the small business men of the nation against their former neighbors and customers. "It is, he said, 'an attack on the Co-operatives as a means of doing business.' It is anti-cooperative, anti-farmer and anti-labor."

Jews Appeal to Russia, France
PARIS.—(AP)—The Jewish Agency said today it had appealed to Russia and France to prevent the transport to the British zone of Germany of the 4,400 Jewish refugees aboard three British transports at Port De Bouc. The Jews, aboard ship 42 days, had until tonight under a British order to come ashore or be taken to Germany. They had tried to enter Palestine without immigration certificates and were sent back to France, whence they sailed. France again officially offered asylum to the Jews, virtually all of them from Poland. The Jewish Agency said its appeal had been telegraphed to the Russian and French Foreign Ministries. It said in a statement: "The Jewish Agency energetically protests against this arbitrary action in regard to the survivors of Nazi massacres. It asks that the powers represented on the Inter-Allied Control Commission in Germany take immediate measures to prevent these Jewish refugees from being shut up in new detention camps in the country where the Jewish people were the victims of the greatest tragedy in history."

Racial Problem Is Being Probed

AUSTIN.—(AP)—Mayor Tom Miller has promised a full investigation of charges brought before the City Council that city hospital emergency treatment was denied an injured 12-year-old Negro boy, apparently "due to racial identity."

Arthur DeWitty representing the National Association for the Advancement of Colored People Austin, told the council both verbally and in petition that the youth was taken to the hospital by his mother after a bicycle accident Aug. 7. DeWitty asked City Manager Guitton that emergency service had been discontinued. He said that while the bleeding boy waited two hours for a physician to treat him, a white patient was admitted and treated for a broken arm.

DeWitty asked City Manager Guitton Morgan if emergency service had been discontinued for 24-hour basis. "The petition asked adequate emergency service at the hospital and the removal of the emergency service to the Negro youth. Mayor Miller told DeWitty that "we'll make an investigation and let you know about it."

Russia Under Fire for Persistently Using the Veto Power

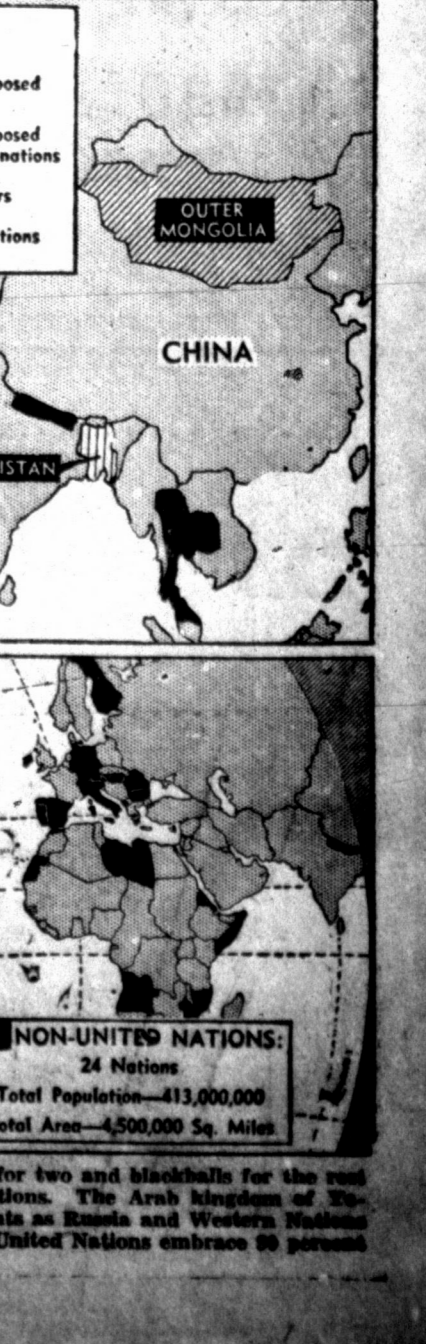

LAKE SUCCESS.—(AP)—Russia was under fire from several quarters today for persistently using the veto to upset majority decisions in the United Nations Security Council. In the wake of angry outcries provoked by seven Russian vetoes this week, Argentina moved swiftly to seek abolition of the big power veto privilege by submitting a resolution for consideration of the General Assembly when it meets in New York Sept. 18.

The Argentine government asked that the Assembly call a general conference of all the United Nations three days after the 55-nation body concludes its forthcoming session in order to revise the veto section of the U. N. Charter. Argentina previously had asked the Assembly to consider calling such a conference, but had not suggested a specific date.

Under Article 109 of the U. N. Charter, a general conference of the members of the United Nations for the purpose of reviewing the present document may be held at a date and place to be fixed by a two-thirds majority of the General Assembly and by a vote of any seven members of the Security Council.

But any alteration of the Charter recommended by a two-thirds vote of the conference cannot take effect until the veto by two-thirds of the member states of the United Nations, including all the permanent members of the Security Council.

Thus, any one of the Big Five could use the veto to prevent abolition of the veto by two-thirds of the member states of the United Nations, including all the permanent members of the Security Council. But any alteration of the Charter recommended by a two-thirds vote of the conference cannot take effect until the veto by two-thirds of the member states of the United Nations, including all the permanent members of the Security Council.

Philadelphia A's Beat St. Louis Browns 8-5

By the Associated Press
The 1947 major league season has produced many surprises, but the most confounding of all has been the amazing brand of baseball produced by the Philadelphia Athletics.

Picked almost unanimously by the experts to finish a solid last in the American League race, Connie Mack's commiserated Athletics climaxed a stubborn fight to stay in the first division today by wrestling third place away from the Detroit Tigers.

One of the reasons for the A's surprising showing has been fine work of their young pitchers. Joe Coleman, Carl Scheib and Bill McCahan. Another has been the great all-around playing of rookie first baseman Ferris Fain and outfielder Barney McCosky.

McCahan, McCosky and Fain collaborated last night to lead the A's to an 8-5 victory over the Browns in St. Louis.

The Brooklyn Dodgers gained a half game on the St. Louis Cardinals and increased their National League lead to five full games by defeating the Cincinnati Reds 8-1 at Ebbets Field while the Cards were held to a split in a double header in Philadelphia.

The Phils, behind Lefty Oscar Judd won the opener 9-2, but the Cards came back to win the nightcap, 19-3.

The third place Boston Braves moved within six and a half games of first taking the measure of the Chicago Cubs twice in Boston 9-2 and 6-4.

The Yankees moved 13 games ahead of the Red Sox by defeating the Indians 9-3 in a night game at Cleveland.

The White Sox nipped the Red Sox in Chicago staying off a ninth inning threat when Dom DiMaggio slammed into a game-ending double play.

Washington snapped its 11-game losing streak with a vengeance as they thumped the Tigers twice in Detroit 3-2 and 5-1.

The New York Giants won over Pittsburgh 4-1 at the Polo grounds of Cliff Hartung's two-hitter.

Oops, My Dear!

Subaltern S. Cochrane is made to look rather awkward taking a cut at the ball for the Auxiliary Territorial Service side in a cricket match with ex-ATS girls at Chelsea, London.

Calvary Baptists Fall Before 7th Inning Rally 8-7

The Central Baptist Senior Boys scored one run in the bottom half of the seventh inning last night to eke out the fighting Calvary Baptist Seniors, 8-7. The losing Calvary Baptists rallied to cross home plate three times in the top half of the seventh after they had trailed 7-4 since the third inning. Ronnie Maxwell was the winning Central Baptist pitcher while Carroll Martin was charged with the loss. One circuit wallop was allowed to each team with Jimmy Cox collecting the Central Baptist four bagger with no one on base and Paul Hulsey getting the Calvary Baptist round-tripper with one man on base.

After the first Christian Junior Boys had scored 10 runs in the fourth inning, Gerald Matthews settled down to help the Calvary Baptist Juniors edge by the scrapping Christians 15-14. The Baptists were leading 9-2 until the big 10-run inning took place. The Christians then led until the seventh inning when the Baptists scored five runs to again tie up the ball game. The tilt then went into an extra inning and the Baptists mustered their lone tally in the seventh of the eighth to defeat the Christians.

The Central Baptist Junior Girls batted around twice in the first inning to score 16 runs and capture a decisive lead which they never lost in whipping the First Methodist Girls 29-14. Because of the high score, the game only lasted five innings. Pat Young received credit for the Central Baptist win and AJne Wilson was tagged with the loss. The Central Baptists had their bats working throughout the contest as they scored not less than three runs per inning while the losers were blanked once and only scored one plate crossing in another frame.

U. S. Doubles Champs Meet in Semi-Finals

BROOKLINE, Mass.—(AP)—After doing their widely separated shares in the complete routing of the Australian Davis Cup forces, last year's National Doubles champions, Garret Muller of Coral Gables, Fla., and Bill Talbot of Wilmington, Cal., will meet as rivals in a semi-final match today at Longwood.

They split up after gaining their third doubles title. Muller teamed with Frank Parker of Los Angeles, and Talbot joined up with Bill Sidwell of Australia. And the decisive victory those teams turned in yesterday brought the 1946 winners face-to-face with the net separating them.

Bears Rated 10-Points Better Than Nation's College Stars

Sports Round-Up

By CHARLES DUNKLEY (For Hugh Fullerton, Jr.)

CHICAGO—(AP)—Rain or shine, a fast track or a muddy one, will make no difference to those great hand-picked stars, Assault and Armed, which meet in the richest match race in turf history at Chicago's Washington Park a week from tomorrow.

"They'll go to the post in the \$100,000 winner-take-all event regardless of track conditions, in keeping with the traditions of American thoroughbred racing. There had been reports that the race would not take place if the track were not fast.

The \$100,000 purse exceeds by \$15,000 the previous highest award for a horse race in this country at New York's Belmont park on Oct. 20, 1923. Zev, in that race, conquered the Epsom Downs winner.

The Armed-Assault showdown will be held the next-to-last day of the Washington Park meeting, which means that Armed will skip the \$50,000 added Washington Park Handicap on Labor Day.

Matching of Assault, the 1946 horse of the year, a four-year-old, and Armed, a six-year-old breaker of track records under heavy weight imposts, is a personal triumph for Benjamin E. Lindheimer, executive director of both Washington and Arlington Parks, and one of the most progressive leaders in American racing. He spent weeks in lining up the match, Assault is owned by Robert J. Kleberg, owner of the vast King Ranch in Texas, and Armed is the property of the establishment is the Calumet Farm, is the owner of Armed.

The distance will be a mile and a quarter, with each carrying 126 pounds. The Douglas Dodson, contract rider for Calumet Farm, will pilot Armed with the hard riding Eddie Arco being aboard.

The sensational horses never have raced against each other, which gives added zest to the coming showdown. Assault is the second highest money winner of all-time, having won \$623,370. Armed has piled up \$604,080.

SCARCITY OF PREP GRID COACHES GROWING

High school football across the nation is growing like weeds in a wet ditch. The 1947 season will be a whopper for standing out of youth participating National prep athletic officials in Chicago say the postwar increase in supplies of athletic equipment will bring more boys out in football suits. But an alarming number of football coaches, because their salaries haven't kept up with high living costs, are quitting their jobs and the supply of coaches won't keep up with demand.

BANNER YEAR FOR FOOTBALL

Tonight's football game between the nation's college all-stars and the Chicago Bears, champions of the National Football League, kicking off the 1947 season, will draw a \$350,000 gate, and a record breaking attendance in excess of 103,000. The attendance could have vaulted to 300,000, with football's first \$1,000,000 gate, if the Bears had been in Soldier Field on Chicago's lake front could have been tripled.

Only Four Entries in Famed American Derby

CHICAGO—(AP)—A \$93,250 horse race, with only four starters, is in prospect for the 37th running of the famed American Derby at Washington Park tomorrow.

The field for the event, which dates back to 1834, is one of the smallest in its history.

The quartet of 3-year-olds that appear to be likely starters in the mile and quarter race are G. V. Whitney's Phylax, William Fell's Cosmic Bomb, Beaumont Farm's Hero and Mrs. R. A. Wauver's Captain Flagg. The winner will receive first prize of \$75,950.

SOUTHPAW GOLFERS

CHICAGO—(AP)—Loddie Kempa, Oklahoma A. and M. football quarterback, and Robert Buchanan, 18-year old Indianapolis High School graduate, today entered the 36-hole finals of the National Left-handed Golfers Tournament at Suburban Cog Hill Country Club.

OUT OUR WAY

Drowning takes the lives of about 7000 persons annually in the United States.

Lufkin Moves to 3rd in Lone Star League

(By The Associated Press)

Lufkin was back in third place in the Lone Star League today—a half-game over the displaced Marshall Comets.

The Foresters jumped upward on an 8-6 win over the Comets—helped by five Marshall errors.

Thanks to Carl Brecheisen, Kilgore emerged a 12-11 winner over Tyler in a 12-inning game. He took over the firing chores in the fifth with Kilgore behind, 10-8. During the next seven and one-third innings he held Tyler to three hits and one run and scored the winning run in the 12th after his mates had tied the score.

Longview had an easy time in downing Bryan, 13-1, while Henderson came from behind with four runs in the eighth inning to beat Jacksonville 5-3.

Arsenal Explosion Toll Reaches 153

CADIZ, Spain—(AP)—The total of known dead in last Monday's Cadiz arsenal explosion rose today to 153 with the discovery of three more bodies in the wreckage of buildings destroyed by the blast, which is the provincial board of health, which is supervising the disposal of the bodies. It believed that 27 additional bodies remained buried in the debris.

Texarkana Has 2-Tilt Big State Loop Lead

By the Associated Press

Texarkana insured the Big State League for a couple of more days last night, besting second place Greenville 4-3 to boost its margin to two full games.

More than 3,500 fans turned out at Greenville to watch the Bears square the series.

Wichita Falls climbed on Greenville by lumping Waco again, 9-3. Tulsa edged Sherman-Denison, 3-2 and Gainesville beat Austin, 10-8.

"Bit" McCullough paced the Bears with a triple and single that accounted for two runs. He also scored one himself.

A ninth-inning Greenville rally produced one run when Manager Harry Davis came home on pinch-hitter Tommy Reed's double.

Gainesville scored eight runs in the third inning and this, plus two in the second, was too much for Austin.

Three Men Drown as Fishing Boat Sinks

BEAUMONT—(AP)—S. E. Purcell today was the sole survivor of a fishing boat that tragically on the Neches River that took the lives of four others, three of whom were brothers.

The boat sank when the nose of the craft dipped into the water as the motor was speeded up.

The dead were: J. J. McBurnett, 63, inspector for Magnolia Refinery—here; Jack Hedgespeth, 33, and Claude Hedgespeth, 55, both of Beaumont; and J. E. Hedgespeth, 63, of Gadsden, Ala.

Salt Lake Speed Runs Postponed Temporarily

BONNEVILLE SALT FLATS—Speed Runners, John Cobb of London and Ab Jenkins of Salt Lake City today abandoned until next week plans for further assaults on existing automobile speed records.

Officials at the course on Utah's Salt Flats said no further runs would be made until at least Monday. Adverse weather conditions could further postpone the record attempts as any appreciable rain-falls ruins the cast Saline Salt bed for the speed runs.

The decision came after Marvin Jenkins, 22-year-old son of the famous race driver, topped top world Class D records and Cobb drove his 7,000 pound car 334.26 m.p.h. in a trial run.

Texarkana Has 2-Tilt Big State Loop Lead

By the Associated Press

Texarkana insured the Big State League for a couple of more days last night, besting second place Greenville 4-3 to boost its margin to two full games.

More than 3,500 fans turned out at Greenville to watch the Bears square the series.

Wichita Falls climbed on Greenville by lumping Waco again, 9-3. Tulsa edged Sherman-Denison, 3-2 and Gainesville beat Austin, 10-8.

"Bit" McCullough paced the Bears with a triple and single that accounted for two runs. He also scored one himself.

A ninth-inning Greenville rally produced one run when Manager Harry Davis came home on pinch-hitter Tommy Reed's double.

Gainesville scored eight runs in the third inning and this, plus two in the second, was too much for Austin.

Three Men Drown as Fishing Boat Sinks

BEAUMONT—(AP)—S. E. Purcell today was the sole survivor of a fishing boat that tragically on the Neches River that took the lives of four others, three of whom were brothers.

The boat sank when the nose of the craft dipped into the water as the motor was speeded up.

The dead were: J. J. McBurnett, 63, inspector for Magnolia Refinery—here; Jack Hedgespeth, 33, and Claude Hedgespeth, 55, both of Beaumont; and J. E. Hedgespeth, 63, of Gadsden, Ala.

Second Round Begins In Reno Golf Tourney

RENO, Nev.—(AP)—The veteran trapper, E. J. (Dutch) Harrison, of York, Pa., and Lanzy John Georston, of Salt Lake City, paced the field today as the finest collection of par-crackers assembled in several weeks began the second round of the \$15,000 72-hole Reno Open Golf Tournament.

Harrison, a late entry in the event, took to pieces the Washoe County course of 6,611 yards. He covered the 36-36 test in 32-34 for six under par. Matching him, Georston walloped out 33-33.

FUNNY GUY'S?

THE CHASER

Philadelphians Beat Browns 8-5

By the Associated Press
The 1947 major league season has produced many surprises, but the most confounding of all has been the amazing brand of baseball produced by the Philadelphia Athletics.

Picked almost unanimously by the experts to finish a solid last in the American League race, Connie Mack's commiserated Athletics climaxed a stubborn fight to stay in the first division today by wrestling third place away from the Detroit Tigers.

One of the reasons for the A's surprising showing has been fine work of their young pitchers. Joe Coleman, Carl Scheib and Bill McCahan. Another has been the great all-around playing of rookie first baseman Ferris Fain and outfielder Barney McCosky.

McCahan, McCosky and Fain collaborated last night to lead the A's to an 8-5 victory over the Browns in St. Louis.

The Brooklyn Dodgers gained a half game on the St. Louis Cardinals and increased their National League lead to five full games by defeating the Cincinnati Reds 8-1 at Ebbets Field while the Cards were held to a split in a double header in Philadelphia.

The Phils, behind Lefty Oscar Judd won the opener 9-2, but the Cards came back to win the nightcap, 19-3.

The third place Boston Braves moved within six and a half games of first taking the measure of the Chicago Cubs twice in Boston 9-2 and 6-4.

The Yankees moved 13 games ahead of the Red Sox by defeating the Indians 9-3 in a night game at Cleveland.

The White Sox nipped the Red Sox in Chicago staying off a ninth inning threat when Dom DiMaggio slammed into a game-ending double play.

Washington snapped its 11-game losing streak with a vengeance as they thumped the Tigers twice in Detroit 3-2 and 5-1.

The New York Giants won over Pittsburgh 4-1 at the Polo grounds of Cliff Hartung's two-hitter.

U. S. Doubles Champs Meet in Semi-Finals

BROOKLINE, Mass.—(AP)—After doing their widely separated shares in the complete routing of the Australian Davis Cup forces, last year's National Doubles champions, Garret Muller of Coral Gables, Fla., and Bill Talbot of Wilmington, Cal., will meet as rivals in a semi-final match today at Longwood.

They split up after gaining their third doubles title. Muller teamed with Frank Parker of Los Angeles, and Talbot joined up with Bill Sidwell of Australia. And the decisive victory those teams turned in yesterday brought the 1946 winners face-to-face with the net separating them.

Calvary Baptists Fall Before 7th Inning Rally 8-7

The Central Baptist Senior Boys scored one run in the bottom half of the seventh inning last night to eke out the fighting Calvary Baptist Seniors, 8-7. The losing Calvary Baptists rallied to cross home plate three times in the top half of the seventh after they had trailed 7-4 since the third inning. Ronnie Maxwell was the winning Central Baptist pitcher while Carroll Martin was charged with the loss. One circuit wallop was allowed to each team with Jimmy Cox collecting the Central Baptist four bagger with no one on base and Paul Hulsey getting the Calvary Baptist round-tripper with one man on base.

Bears Rated 10-Points Better Than Nation's College Stars

Sports Round-Up

By CHARLES DUNKLEY (For Hugh Fullerton, Jr.)

CHICAGO—(AP)—Rain or shine, a fast track or a muddy one, will make no difference to those great hand-picked stars, Assault and Armed, which meet in the richest match race in turf history at Chicago's Washington Park a week from tomorrow.

"They'll go to the post in the \$100,000 winner-take-all event regardless of track conditions, in keeping with the traditions of American thoroughbred racing. There had been reports that the race would not take place if the track were not fast.

The \$100,000 purse exceeds by \$15,000 the previous highest award for a horse race in this country at New York's Belmont park on Oct. 20, 1923. Zev, in that race, conquered the Epsom Downs winner.

The Armed-Assault showdown will be held the next-to-last day of the Washington Park meeting, which means that Armed will skip the \$50,000 added Washington Park Handicap on Labor Day.

Matching of Assault, the 1946 horse of the year, a four-year-old, and Armed, a six-year-old breaker of track records under heavy weight imposts, is a personal triumph for Benjamin E. Lindheimer, executive director of both Washington and Arlington Parks, and one of the most progressive leaders in American racing. He spent weeks in lining up the match, Assault is owned by Robert J. Kleberg, owner of the vast King Ranch in Texas, and Armed is the property of the establishment is the Calumet Farm, is the owner of Armed.

The distance will be a mile and a quarter, with each carrying 126 pounds. The Douglas Dodson, contract rider for Calumet Farm, will pilot Armed with the hard riding Eddie Arco being aboard.

The sensational horses never have raced against each other, which gives added zest to the coming showdown. Assault is the second highest money winner of all-time, having won \$623,370. Armed has piled up \$604,080.

SCARCITY OF PREP GRID COACHES GROWING

High school football across the nation is growing like weeds in a wet ditch. The 1947 season will be a whopper for standing out of youth participating National prep athletic officials in Chicago say the postwar increase in supplies of athletic equipment will bring more boys out in football suits. But an alarming number of football coaches, because their salaries haven't kept up with high living costs, are quitting their jobs and the supply of coaches won't keep up with demand.

BANNER YEAR FOR FOOTBALL

Tonight's football game between the nation's college all-stars and the Chicago Bears, champions of the National Football League, kicking off the 1947 season, will draw a \$350,000 gate, and a record breaking attendance in excess of 103,000. The attendance could have vaulted to 300,000, with football's first \$1,000,000 gate, if the Bears had been in Soldier Field on Chicago's lake front could have been tripled.

Only Four Entries in Famed American Derby

CHICAGO—(AP)—A \$93,250 horse race, with only four starters, is in prospect for the 37th running of the famed American Derby at Washington Park tomorrow.

The field for the event, which dates back to 1834, is one of the smallest in its history.

The quartet of 3-year-olds that appear to be likely starters in the mile and quarter race are G. V. Whitney's Phylax, William Fell's Cosmic Bomb, Beaumont Farm's Hero and Mrs. R. A. Wauver's Captain Flagg. The winner will receive first prize of \$75,950.

SOUTHPAW GOLFERS

CHICAGO—(AP)—Loddie Kempa, Oklahoma A. and M. football quarterback, and Robert Buchanan, 18-year old Indianapolis High School graduate, today entered the 36-hole finals of the National Left-handed Golfers Tournament at Suburban Cog Hill Country Club.

OUT OUR WAY

Drowning takes the lives of about 7000 persons annually in the United States.

Lufkin Moves to 3rd in Lone Star League

(By The Associated Press)

Lufkin was back in third place in the Lone Star League today—a half-game over the displaced Marshall Comets.

The Foresters jumped upward on an 8-6 win over the Comets—helped by five Marshall errors.

Thanks to Carl Brecheisen, Kilgore emerged a 12-11 winner over Tyler in a 12-inning game. He took over the firing chores in the fifth with Kilgore behind, 10-8. During the next seven and one-third innings he held Tyler to three hits and one run and scored the winning run in the 12th after his mates had tied the score.

Longview had an easy time in downing Bryan, 13-1, while Henderson came from behind with four runs in the eighth inning to beat Jacksonville 5-3.

Arsenal Explosion Toll Reaches 153

CADIZ, Spain—(AP)—The total of known dead in last Monday's Cadiz arsenal explosion rose today to 153 with the discovery of three more bodies in the wreckage of buildings destroyed by the blast, which is the provincial board of health, which is supervising the disposal of the bodies. It believed that 27 additional bodies remained buried in the debris.

Buffet Dinner Honors

Bride-Elect and Fiance SHAMROCK, (Special)—Complimenting their daughter, Mogene, and her fiance, R. L. Roberts, Mr. and Mrs. Bob Douglas entertained with a rehearsal dinner in the Palm Room of the U-Drop Inn Saturday evening. The dinner was served buffet style.

Those attending were Matt Day, Miami, Mr. and Mrs. Thurman Rives, Des Roy Beasley, Taylor Douglas, Bill Hopkins, Canadian, Miss Shirley Jones and Miss Natalie Hutton, both of Canadian, Miss Ann McSpadden, Waynoka, Okla., Miss Johnnie Douglas, Miss Alice Ann Douglas, Mrs. Bill Cody and Barbara, Miss Mary Elizabeth Penleton, Mrs. Lyle Holmes, Miss Joyce Beasley and the bride-elect and her fiance.

Record Wedding

Sentimental records as well as photograph albums are popular today among British brides and bridegrooms who are having their "I do's" placed on disks. One London photographer attends three or four weddings a week with microphones and a recording van is as much a part of his equipment as his trusty camera.

WE, THE WOMEN Rule Books Useless To Informed Parents By RUTH MILLETT NEA Staff Writer

The proud young father, on his way to a hospital to visit a brand-new mother, had better make two stops on the way—one for the traditional bouquet of flowers, the other for a newly published book, "Doctor Has a Baby."

It is written by a doctor's wife who tossed baby books out the window when she brought her own first-born home from the hospital. She has seen too many parents "lie down like rugs and say, 'Walk over us, baby, walk over us; we love every minute of it.'"

This book had to be written. Long-haired experts have theories on why educated persons just have one or two children and leave large families to parents less equipped financially and educationally.

One reason, usually overlooked, is that educated mothers have become so sense over all the child care rules that having a baby in the home becomes a nightmare instead of a happy, natural fact.

COMMON SENSE ATTITUDE But this 28-year-old author, herself a mother of three, tells young mothers they needn't let a baby put a heavy strain on their marriage. Now it's up to young fathers to sell their wives on this common sense attitude. If they do they'll never find themselves talking wistfully of the happy days before the children came along to turn a pert, pretty wife into a tired, haggard mother.

Kitchen Storage Arrange kitchen shelves so that you can see what you want at a glance and get it in one motion. Store heavy dishes at counter height with the lighter ones above and below. To keep down fatigue, try to keep work where it can be done with the finger, wrist and forearm muscles. Plan carefully what to do in order to keep down excess motions.

One couple in every three in the United States is childless.

Doily With Pansy Border

By MRS. ANNE CABOT A lovely doily to crochet in a few hours of summer leisure measures 1 1/2 inches in diameter and is enhanced by a border of big 1 1/2 inch pansies made of shaded purple and lavender crocheted threads. Enhanced tatting thread will serve for the pansies if you can't find colored crocheted cotton in your favorite shop. Doily, of course, can be made in

all-white—but for a truly handsome centerpiece, I advise crocheting the pansies in natural and realistic-looking colors.

To obtain complete crocheting instructions for the Pansy-Bordered Doily (Pattern No. 5711) send 15 cents in COIN plus 1 cent postage. YOUR NAME ADDRESS and the PATTERN NUMBER to Anne Cabot (Pampa News) 1150 Ave. American, New York 19, N. Y.

Mrs. Kermit Lawson Is Program Leader

PANHANDLE—(Special)—Mrs. Kermit Lawson was leader of the lesson "Our Homes for Children," which members of the Woman's Society of Christian Service met at the First Methodist Church on Wednesday afternoon. She was assisted by Mesdames James Knerlrim, Harrison Caldwell, C. F. Hood, F. J. Hollcroft, and R. F. Surrak.

Mrs. W. E. Fisher gave the devotional using as her theme "In Wisdom and in Stature." She closed with the poem "Growing" by Grace Noll Crowell.

Mrs. Harrison Caldwell will be leader of the lesson next week on "The Child and His Education Today."

There will be no local meeting on Sept. 3, but all will attend a seminar at Hereford church.

The thing that impresses me most about the U. S. is the extraordinary way the parents obey their children.—The Duke of Windsor.

Chapman Home Scene

Mr. and Mrs. Frank Chapman and Mr. and Mrs. R. W. Morrison entertained the Couples Class and their families of the First Methodist Church with a watermelon party on the lawn of the Chapman home, southeast of Pampa, Wednesday.

The evening was spent informally and the guests were Messrs. and Mesdames Carl Baer, E. B. Estes, Vernon Langley, Claude Gallman, Malcolm Denison, Donald Nestler, R. T. Coley, Cecil Williams, T. J. Harris, Waldon Moore, Joe Price, George Newberry, Irl Smith and Ross Byars.

Messrs. and Mesdames Joe Wells, Aubrey Jones, Russell Kennedy, Larry Snyder, Clyde Bassett, Kenneth Irving Alfred Bennett, Le-fors, David Binkley, Rev. H. Clyde Smith, C. W. Andrews and Mrs. Scheer, a visitor.

Chicago, not New York City, is the original home of the skyscraper.

Shoulder Pads

To save time and trouble with shoulder pads, suggests the U. S. Department of Agriculture, attach them with small-size snaps instead of sewing them into clothes. Snaps do not show if hidden under seams.

Pads are difficult to wash because the filling is likely to become lumpy or out of shape. Keeping them clean is much easier than cleaning them. Tack a piece of washable material over the side of the pad that goes next to the skin. When this becomes soiled, it is easy to wash.

SUNDAY SCHOOL LESSON
 WISE WORDS CONCERNING HONESTY
 Scripture: Proverbs 23: 33; 11: 1, 3; 12: 17. 22: 14; 23: 10-11.
 BY WILLIAM E. GILROY, D.D.

There are certain things, according to the Book of Proverbs, that are abominable to the Lord. Among these are "a false balance" (11:1), and "weighing silver" (12:10). Whatever the Lord abominates is bad for man. The dishonest or lying person is not honest society to go on, and it is because so many people are dishonest that we have so many menacing problems and so little world security.

Honesty begins with the individual in more ways than one. It has its rise and beginning in honesty with one's self. Many people are not honest with themselves. They live in a world of illusion, or of self-delusion. The dishonest man would describe himself if he faced up honestly that by the alibi that "other people do it," "you can't do business and be a cheat," and similar by-words of the weak.

A man has to settle with his own mind and will what sort of man he is going to be—a man of integrity, or a cheater and evildoer. According to that decision he will be an asset to society, or a parasite, living upon and robbing others of what polite legal fiction his action may be covered.

When Zacchaeus, the Jewish tax-gatherer, who climbed into a tree to see Jesus, was invited to receive the Master as his self-invited guest, head the Master's declaration, "This day is salvation come to this house," he stood and said, "If I have taken anything from any man by false accusation, I restore him four-fold." That was the portion that a man under obligation to restore, so that Zacchaeus was saying in effect, "If I have grafted in my office (as its very nature made it) easy and tempting to do) I've been a thief."

That plain sense of honesty with himself was the sure evidence of the reality of Zacchaeus' conversion. In a somewhat different way the Practical Son's salvation began when he "came to himself," and was honest with himself.

So, honesty, like charity, begins at home; but like charity it does not stop there. It reaches out into every sphere and relationship of life. And it is the only basis upon which life can be sound and wholesome, and even safe. Only today I have been reading a list of the names and offenses of firms prosecuted under the food and drug law. Appallingly, it contains the names of some of the best known firms in the country, emphasizing how much the very food that we eat and the drugs we use depend upon the simple integrity of those who produce them. Honesty is our deepest need.

Christian Science Services Sunday
 "Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 24.
 The Golden Text is: "Religious art Thou, O Lord, and upright are Thy judgments—Give me understanding and I shall live" (Psalms 119:137,144).
 Among the citations which follow the Lesson-Sermon is the fol-

Pampa News, Friday, August 22, 1947 Page 5

Most ministerial training schools in Africa and Asia now teach the wives of ministers-to-be while the minister is in training.

"The home is where children acquire their sense of life values, and whether we wish it or not, learning constantly takes place within the family circle," says Dr. T. T. Swearingen, of the International Council of Religious Education, Chicago. "Ideas are fashioned in the home, and the emotional quality of the family relationship transforms ideas into prejudices, ideals and purposes.—The church can help to decide the kind of attitudes which develop in the home. Our first job is to grow genuine Christians. If the home is the most powerful agency for achieving this purpose, then our job is to help the home effectively to discharge this duty."

A woman descendant of five generations of Chinese scholars was recently awarded the rare degree of Doctor of Humanities by Boston University. She is President Lucy C. Wang, of Hwa Nan College, Foochow, China, one of the nation's leading women educators. Hwa Nan is one of the two women's colleges of liberal arts serving China today. During the recent war, under Dr. Wang's presidency, the college moved up the Ming River from Foochow to Nanking, "just ahead of the invading armies"; and after the war it moved back to the old campus. Six months after its return, Dr. Wang could report that much of the scattered equipment was collected and the damaged buildings repaired; and today there is a full compliment of students. Dr. Wang is now in America studying educational developments of recent years.

WORLD SHOWDOWN

The United States government has embarked upon a delicate, hazardous and highly important mission. Its object is to find which is the more powerful, Russia's veto in the UN Security Council or the force of world opinion.

The mission was revealed in the strong, blunt speech delivered to the Security Council by Herschel V. Johnson, the deputy U. S. representative. Its climax will probably be reached at next month's session of the UN General Assembly.

With Mr. Johnson's speech, and its promise to carry the Greek problem to the General Assembly, that body suddenly assumed great importance. Usually thought of as an impressive but powerless debating society, the Assembly may, by its recommendation on the Greek situation, do what the Security Council has been unable to do—force action on a threat to world peace in spite of the Soviet veto.

The American course of action in the Balkan crisis is bold, but carefully contrived. This government, as Mr. Johnson stated, "will not sit idly by while the territorial integrity and political independence of a member of the UN is challenged. It will not condone indefinitely Russia's use of the veto in defense of the aggression of Yugoslavia, Albania, and Bulgaria."

However, this government has given notice that it will use every means within the framework of the UN Charter to maintain peace and protect Greece from foreign aggression and, possibly, the imposition of a minority Communist government.

It was clear from Mr. Johnson's speech that the U. S. will take no drastic action until the Assembly has made its recommendation. But it is also evident from the wording of the speech that this government is confident that the General Assembly will not take the Soviet view of the Greek problem.

There is good reason for this confidence. The UN Balkan inquiry commission found that Yugoslavia, Bulgaria, and Albania were aiding the Greek guerrillas. (Late reports from the present Balkan commission reaffirm those findings.) A 9-to-2 majority of Security Council members accepted the findings and approved the American proposal of a semi-permanent border commission and other actions to end the undeclared international war.

It is most unlikely that the Assembly would disregard the Security Council's obvious sentiments, or is it likely that the 50-odd member governments outside the Soviet orbit would fail to see the threat of war if a puppet Communist government were set up in Greece.

A Greek cabinet minister was quoted recently as saying that there was a "strong possibility" that the U. S. would send troops to Greece when American officials had picked the right time. Perhaps that is true. But it might be gathered from the Johnson speech that the right time will not come until the American course of action has the General Assembly's majority approval and until other governments are willing to lend their aid in the protection of Greek independence.

The American government's evident intention is to force a showdown not between Russia and the U. S., but between Soviet policy and world opinion.

NATIONAL WHIRLIGIG

news behind the news

BY ROGER WARREN
 (Editor's note: During Ray Tucker's vacation, Roger Warren is writing the WASHINGTON WHIRLIGIG.)

PROBE—President Truman recently expressed confidence in his last press conference that Attorney General Clark's proposed probe of living costs would be beneficial. But as correspondents left the White House and strolled in groups down the yard's tree-lined avenue, they voiced distrust that merely "putting the finger" on a number of profiteering corporations would do much in checking price rises.

From constant study of the problem most Washington newspapermen believe that inflation is too powerful to be stopped by the sacrifice of a couple of scapegoats.

PRICES—Washington, reflecting the mood of the country, especially housewives, is stirred up over high prices. Several serious fact-finding investigations—not of the night club exposure type—are trying to find a solution, including Tait's Congressional Committee on the Economic Report, which will hold hearings in a score of cities. It is whispered that a new round of price rises is on the way, not only the result of a jump in steel but also a genuine boost in the prices of foodstuffs and petroleum products. Since June 1946 the cost of living has increased 19.7 percent, breaking all records.

The average wage is at an all-time high, \$48.86. But, as Emil Rieve, president of the Textile Workers Union of America, said to me this week: "What is the sense of having a 'basketful of money' if it only buys a loaf of bread?"

PLANS—All the bigwigs here in government, agriculture, business and labor are bawling the situation. Each pays lip service to a desire for lower prices—provided the cut doesn't touch his pet field.

Farm income this year will be 30 billion dollars, soaring from a depression low of five billion. But floods and bad weather have hit the corn crop and the speculative price has jumped. Exporting foodstuffs at the rate of two and a half billion dollars a year also pushes up prices.

Some of the experts in the Department of Agriculture appear to like it that way. They are promoting new plans for peering prices against a depression and for reducing...

UNCERTAINTIES... by Peter Edson

WASHINGTON (NEA)—President Truman's mid-year economic report is aimed more at American business and union labor leaders and the general public than it is at Congress. It points up four major uncertainties on the horizon:

1. The possibility of crop failure and their effect on food prices.
2. The coal wage settlement and its possible effects on wage rates and industrial prices.
3. The upward trend of housing costs and the downward trend of construction.
4. The whole matter of foreign economic policy.

Senator Tait's Joint Congressional Committee on the Economic Report ignored completely the President's first message on the Full Employment Act, sent to the Capitol last January. At the committee's month of hearings on the economic situation, just concluded, not one witness was asked to comment on the Truman recommendations of six months ago.

Instead the witnesses were allowed to ramble at will over the business peaks and valleys and they turned up unbelievably conflicting results.

FACTS FROM THE WHITE HOUSE
 The President's report on the other hand, is a completely factual appraisal of the present situation. It is a handy little argument-setter of 20 pages, half text, half facts.

For Congress, the new report points to short range recommendations made by the President in January, and what wasn't done about them.

1. Continue existing tax rates. (He won on that one, by two votes and five yeas.)
2. Reduce the public debt, as Treasury surpluses become available. (Congress tried to help on that one by cutting the budget more than Truman liked.)
3. Continue rent control and pass a new housing program. (They're pretty well sabotaged that.)
4. Raise minimum wage rates. (Been pretty slow on that.)
5. Increase social security benefits. (Not a chance frozen.)

The first few paragraphs of the opening summary make out that everything is just dandy the way it is. Recession has failed to materialize. Sixty million employed. Real per capita income. Labor peace. Whopping profits. Who could ask for anything more?

But then the report says you better look out. All this prosperity is being held up by temporary props. It says they better be fixed before they collapse to bring on the recession.

WAGES, HOUSES, EXPORTS
 It says the crop situation all depends on the weather, and it doesn't propose that anything can be done about that. If it does turn out that any crop is going to be short, it recommends that public campaigns be organized to educate consumers on reducing consumption and not hoarding. It does not propose reintroduction of rationing under OPA.

The 31-cent-an-hour wage increase given the miners and its possible effect on coal and steel prices are viewed with real alarm. This isn't exactly new. The President sounded off on this a few days ago. Industry has in general replied by going ahead and raising prices.

The housing matter is likewise an old headache with the President. Atnah he says that building costs must come down and the volume of construction must be increased.

Guts of the foreign economic problems—said to be the \$8 billion excess of U. S. exports over imports. The President does not anticipate that this high level of exports in the past six months will continue. But he puts his foot down against any idea of trying to bolster the American economy by subsidizing the dumping of American surpluses to keep up prices at home.

The report finds that increased exports have cut out in America consumption, which is higher for everything than before the war. For example, the last fact in the report is that the consumption of eggs has gone up from 31 per cent per year in 1939 to 27 in 1946. Those 67 extra eggs—at a nickel apiece—are symbolic.

enforcement. Top bureaucrats like Bowles and Wyatt are embittered and would not resume their old posts. The trained OPA personnel is scattered in private employment and would not return to a short duration job.

BESIEGED—Chairman Jesse Wolcott of the House Banking Committee is dead set against rent control. It would slow up production and we must have production to lick inflation. I believe we have reached the peak of inflation and that a general price decline is coming.

As this is a political year, agitation by politicians regarding the cost of living may produce more heat than light. But the pinch will give impetus to the G.O.P. program to slash taxes, as all forms of taxes take one quarter of the national income. If supply does not approach the level of demand before January, Congress will be besieged with requests to interfere in the field of economics.

The theme song now is that we must surrender our home markets to foreign countries in order to appease them and to stabilize a good-neighbor policy.—Rep. Thomas Jenkins (R) of Ohio.

It does not follow because the Communist Man has suddenly been lifted into control that he is thereby automatically made properly competent to exert control.—Bernard Iddings Bell, former professor of education at Columbia University.

Whoever utters that word "birth-day," in my presence shall be set down as a man to be avoided.—George Bernard Shaw.

Common Ground
 By R. C. BOILES

Teaching Communism By Example
 There are two kinds of communism. One kind no rational person has any objection to. The other kind every man who loves freedom and liberty and justice objects to.

One is communism where all the members of the group voluntarily pool their assets and their earnings and share equally. It is a voluntary transaction. Most realists would not want to belong to one of these groups, but since it is voluntary they have no objection to others belonging. The other kind of communism is where the state uses coercion to make people share their earnings.

And compulsory education is teaching by example this state communism.

And we learn mostly by example. We are imitative animals. We do what we see others doing and what others tell us is good for us.

Since compulsory education is coercing the minority to buy these services of a group of teachers when the minority does not believe it is getting equal value, they are teaching by example communism, state-ism, collectivism. That is the reason the superintendent of schools in every community is the most harmful man in the community. He is helping take away from each and every individual his right to be let alone. He is compelling individuals to do something against their wills. He is, in fact, following the totalitarian policy that might makes right and that the end justifies the means. He is a nice example of a repudiation of moral law, of a repudiation of the Ten Commandments.

Moral law and material things cannot be separated even if the public schools only teach pure mathematics and pure science and undisputed facts. They are by example teaching collectivism, and most of us learn everything we learn from observation and imitation.

And because we are teaching communism and collectivism in every community, the natural result is a growth of communism and collectivism and state-ism in the city, county, state and federal government. Compulsory education is willfully the breeding ground of socialism and communism. Undoubtedly that is the reason the six superintendents in the cities where sister publications will not attempt for \$500 to defend tax-supported schools against any one of six really educated citizens.

We are reaping throughout the nation and the world exactly what we are sowing in every tax-supported school district. We are reaping might makes right. Yet people think tax-supported schools are in harmony with the Ten Commandments.

Defender of Public Education
 I want to quote from a letter I received from a man who tries to defend school superintendents by not attempting to defend tax-supported schools for \$500. I quote a paragraph from his letter:

"The school teachers understand the meaning of investigating phenomena as practiced today. When better methods are devised, they will use them. They are not going to be dragged back into some outdated method just to satisfy a desire for an argument."

"The men fails to realize that they not only have an opportunity to come in contact with some of the great thinkers of the time, but they would also get \$50 for doing it."

But here is a paragraph which shows the mentality of men who are so naive as to attempt to defend public education. I quote from the letter:

"Universal laws, natural laws, or God's laws, call them what you may, run longer upon the position of authority than any laws, scientific, divine, or impersonal, are made by people. They are made for a purpose. They are made or changed for a purpose. We no longer discover laws; we make them."

I suppose this defender of public education believes he made the law of gravity instead of discovering it. I suppose he thinks we make moral laws and that we can change right as we please according to the will of the majority or by might.

The people of the country have the right to demand that their property shall not be imperiled by immediate increases in the price of coal and in the price of steel.—President Truman.

MOPSY by GLADYS PARKER

HOW MANY TIMES HAVE WE TALKED NOW?
 WANT A MINUTE, I'LL COUNT 'EM.
 THE BUMPS.

ARE YOU GOING OUT TO LIGHT, FATHER?
 BUT YA CAN'T—CAN YA?

WELL, HOW DO YOU LIKE IT?
 WHAT IS IT?
 WHAT IS IT?
 IT HAS DEPTH! IT LOOKS JUST LIKE YOU CAN WALK RIGHT UP THAT ROAD!

MOTHER WANTS TO KNOW IF YOU'LL TAKE US TO THE MOVIES?
 OR VA—D YOU DATE ME? FOR A WIFE?
 HE'S BEHIND HIS HEAD CAPTAIN AGAIN, MOTHER!

ARE YOU GOING OUT TO LIGHT, FATHER?
 BUT YA CAN'T—CAN YA?

White Deer Man
In Marine Training
OCEANSIDE, Calif. - Second Lieutenant Philip W. Cain, of White Deer, arrived here recently to undergo two weeks of active duty training as a member of the United States Marine Corps Reserve.

Graveside funeral services were held at the Panhandle Cemetery on Tuesday evening for Sue Lynn Carhart, the infant daughter of Mr. and Mrs. Leroy Carhart, who died Tuesday morning in an Amarillo Hospital. Rev. James Todd, minister of the First Christian Church, officiated. Survivors include two brothers, Pat Wayne and Jerry; the paternal grandparents, Mr. and Mrs. J. L. Carhart and maternal grandmother, Mrs. Thula Wedman, all of Panhandle.

Mrs. Don Price, Health chairman of the Parent-Teacher Association, asks that all parents of children who will attend school for the first time this year, see that their health blanks are checked and returned to their teachers on the first day of school.

Mrs. J. L. Sterling and daughter, Mrs. Clyde Pingleton and Mr. Pingleton have returned from Sayre, Okla., where they were called by the illness and death of Frank Bright, brother-in-law of Mrs. Sterling.

Mr. and Mrs. Allen Johnson are visiting relatives in West Virginia and will also visit places of interest on the Atlantic Seaboard.

Dr. Justin York and daughter, Read News Classified Ads regularly.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
NEW YORK—(AP)—Anybody can tie Scotty in knots.

He makes his living that way. Scotty is a kind of bargain basement Houdini who goes around the barrooms of New York with a long hunk of clothesline.

Patently he plods between barrooms and tables telling the patrons: "Betcha can't tie me up with this rope so I can't get loose. Betcha ya can't!"

Eventually — if the bartender doesn't first toss Scotty into the outer darkness—some captive of the bottle boisterously undertakes to string him up like a trussed chicken. For some reason women in their cups particularly like to hog-tie Scotty.

Scotty is a practical psychologist and knows this. As the female Bacchante begins to rope his wrists together behind him he yelps in standard feigned pain: "Ouch! You're cutting my wrists."

This outbreak, of course, is designed to give him a little leeway in the rope. As the lady looks on in flustered pleasure, Scotty grunts and squirms and heaves—the perfect picture of the trapped male. Then he works his little tricks, peels off the rope, and stands there ex-

hausted but free—the male triumphant again.

Like all specialists in a machine-made age, Scotty has his own troubles. Chiefly they are sailors and ex-sailors who know how to knot a man up too well.

In the past he often would grandiosely bet anybody \$50 he could escape from his rope in two minutes flat. Now he is chary of such offers, as the result of a number of unfortunate adventures.

Once a visiting cowboy tied him up so completely that long-suffering friends hung Scotty up on a hook the better to admire his struggles.

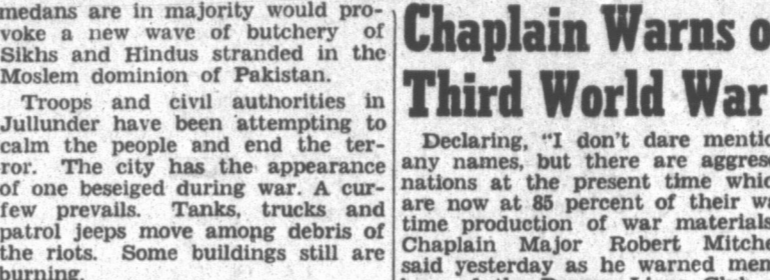

Another time a stranger with a maritime background trussed him up methodically and then carried Scotty outside and plopped him in a snowbank. Everyone came back in and promptly forgot him. Afterward a late wanderer explored beneath the quaking snow and found the rope trick artfully congealing into a feebly struggling icicle. He was brought in and melted back to manhood.

But the man who broke Scotty's confidence forever was the young sailor who sewed him up with half hitches and running bowlines and dumped him on the floor. Two hours later Scotty said: "I give up."

"I'll untie you for \$1.50," said the sailor.

Scotty went back to pitching and twisting. An hour later, his pride shattered, he whispered: "Okay, I'll do."

So now Scotty would rather let the girls tie him up. It's more fun all around.

Conference
(Continued From Page 1)

use of force in relations with other (American) states and (2) to solve by Pacific means established in the Inter-American system of peace (the Pan-American Union) and controversies which occur between them."

The proposal drew this sharp distinction:

"(1) There would be no delay in taking up arms to maintain the security of the continent in case any American state were attacked by an extraneal power.

"(2) The Inter-American peace system will be sufficient to maintain domestic peace. America respects the principle of nonrecognition of territorial conquest by force, and the consultative system would make secure for every American state the clarification of any questions with other American states."

The proposal made no mention of voting procedure for invoking the terms of the treaty. Argentina has declared she will seek a unanimity rule, while the U. S. and most other American Republics have favored a two-thirds-majority rule.

The value of the linen in Buckingham Palace has been figured at \$40,000.

Ruthless War Is Waged in India
JULLUNDUR, India—(AP)—Fierce Sikh warriors, rising by the thousands, were waging today what military authorities called a ruthless war of extermination against Moslems trapped east of the Pakistan border.

In 12 days of savage fighting, while the subcontinent was being divided into the dominions of India and Pakistan, military reports showed the bearded Sikhs had overrun at least 150 rural villages populated wholly or partly by Mohammedans. Men, women and children were slaughtered by the hundreds. Shops and homes were burned and pillaged.

No one knows how many have died. Military records listed 1,500. No one seemed to know how many villages would be left before the Sikhs call their job complete.

Military leaders expressed fear that reprisals committed by the Sikhs in payment for atrocities committed in areas where Moham-

Postal Probe Is Set at Marshall
MARSHALL—(AP)—Two United States senators are expected here tomorrow morning to open the Senate Postal Sub-committee hearings on complaints against supervisory personnel in the Marshall Post Office.

Sen. William Langer (R-ND) is expected "sometime Saturday morning" according to Dillard C. Rogers, Sub-committee Investigator. Rogers arrived here from Washington the first of this week.

Sen. W. Lee O'Daniel (D-Texas) and his son Pat are expected tonight, though no definite word has been received since they left Washington.

Arrangements have been made by Rogers to use the District Court Room for the inquiry, scheduled to start at 9:30 a. m.

Subpoenas have been issued for "a false number" to appear as witnesses, he said.

Chief witness is expected to be J. T. Bunnell, rural mail carrier, who signed the complaints in behalf of other employes, complaining that actions of certain supervisory personnel prevent office operations from running smoothly.

The complaints were investigated several months ago by postal inspectors. The appeal to the congressional committee surprised most residents here, as well as the appearance of two senators coming to hear complaints that already have been investigated by the Post Office Department.

Chaplain Warns of Third World War
Declaring, "I don't dare mention any names, but there are aggressive nations at the present time which are now at 85 percent of their war time production of war materials," Chaplain Major Robert Mitchell said yesterday as he warned members of the Pampa Lions Club of a third World War.

Mitchell, who recently returned from a 65-month hitch overseas, the last two years of which were spent in Germany, continued, "It is true that the war is over, but the conditions of war are not over."

He pointed out that daily we read in the newspapers that our country is near war, but if anything the threat is under played.

"The Marshall Plan is a great idea," Mitchell said, "but the idea is not the whole thing. The plan has yet to be put into effect."

Guests of the Lions Club at the meeting were: J. F. Smith, Panhandle; Logan Cummings, McLean; Duncan Lewis, and Sgt. Balley McGee, Amarillo; and W. B. Weathered, Jim Arndt, and Don Conley.
