Russia Protests Industrial Conference

Soviet Claims Plans Nullify Potsdam Terms

WASHINGTON—AP—Russia has protested the proposed American-British-French conferences on raising the level of German industry. Official United States sources acknowledged this today, but did not disclose the reasons the Soviets gave for their objection. It is understood, however, that Russia claims the plans for the conference would nullify terms of the Potsdam agreement holding down German industrial production.

The conference is scheduled to open in London Friday as part of a British occupation zone of Germany. It is intended to strengthen the economic affairs of the Western world to speed recovery. Even before this development, the United States apparently was ready to write off in favor of a new approach—attempts to reach agreement with Russia on Korea and Austria.

The protest, together with the deadlocks on Austria and Korea, lent emphasis to a library of Congress summary of United States-Soviet relations as having deteriorated "dangerously." This summary was disclosed yesterday. On Germany, the situation in brief is this: Under the terms of the Potsdam agreement, production of metals, chemicals and machineries were ordered to be "rigidly" controlled and restricted to Germany's peacetime needs.

The level was fixed with a ceiling which United States authorities now deem too low to give Germany an export trade sufficiently high to pay for imports and at the same time play a necessary role in helping the rest of Europe rebuild. To some degree, the declaration called for decentralization of the German economy "at the earliest practicable date" for the purpose of eliminating "excessive concentration of economic power."

The Potsdam agreement also called for living standards for the German people to be at a level not higher than those of the rest of Europe. There has been a growing feeling among Anglo-American quarters that this, too, cannot be adhered to rigidly because of the benefits of providing a higher calorific diet to those in heavy industrial production and mining to attain great production.

In Berlin, Gen. Lucius D. Clay, U. S. military governor, told a news conference that any Russian protest against raising the level of industry in Western Germany would be without foundation because the See POTSDAM, Page 5

Pampans Will Go to Perryton

Members of the Pampa Roping Club and Miss Patsy Miller, will journey to Perryton, tomorrow, to participate in the celebration of Perryton's 100th birthday. Miss Miller will be the guest of honor at the Pampa Chamber of Commerce's entry in "The Nation's Wheatheart Contest" to be held in connection with the celebration.

Heat Wave Continues To Sweep Country

At least 28 persons have died as a result of the Midwest's prolonged heat wave, and the hot weather continued today with no prospect of relief. In Chicago, 24 persons were reported to have died of causes induced by heat since midnight Monday.

County Plans for 'If' Road Project

Meeting in special session yesterday afternoon, the Gray County Commissioners Court unanimously passed an "if" resolution providing for an expenditure of \$75,000 for a county road paving program in 1948. The resolution stated "should taxes be reallocated in the coming election (Saturday, August 23) the Court agrees to expend out of the Road and Bridge Fund and the Lateral Road Fund the sum of \$75,000 in 1948 for paving county roads."

The Commissioners' Court intends to use \$40,000 of the 1948 revenue, providing the reallocation of taxes is approved by the voters, and \$35,000 of the Lateral Roads Fund that is now on hand. The program is for the paving of county roads, but will be done completely by the county and not in conjunction with state funds. Under this set-up the county will have to maintain these roads itself.

Commissioner Wade Thomasson said the Court made this decision because it was felt the job could be done cheaper and that more miles of paving could be laid than if the state would be called in and contracts let on the job. Thomasson added the Court was figuring on doing the job without state aid at about \$4,000 a mile. Should the state be called in the cost by letting it out to contractors would run almost double. One of the largest items would be the engineering costs in the event the state took over the county road paving program. Under those conditions the state would match the county's \$75,000 with \$25,000 of state funds under the present farm-to-market road program.

Fresh Republican Clamor for Tax Cutting Reported

WASHINGTON—(AP)—President Truman's forecast of a record-smashing treasury surplus of nearly \$5,000,000,000 next June touched off a fresh Republican clamor today for tax cuts in 1948. Chairman Bridges (R-NH) of the Senate Appropriations Committee said the President's mid-year budget review estimating tax receipts this year at \$4,867,000,000—\$2,100,000,000 higher than any previous forecast—proves that the country was "robbed of a tax reduction by purely political votes."

Mr. Truman twice vetoed efforts of the Republican-dominated Congress earlier this year to trim individual income taxes by \$4,000,000,000. "Perhaps," Bridges declared at Fall River, Mass., "the President now will not be so determined about vetoing a tax reduction bill when it is presented to him."

But the Chief Executive said the \$4,867,000,000 treasury surplus expected for the fiscal year ending next June 30 should go to debt retirement and to a stand-by fund to meet any domestic or world emergency.

This, a new tax battle when Congress returns in January began to take form. Mr. Truman put the total expected expenditures in the current fiscal year at \$7,000,000,000 and estimated Uncle Sam's income in the same period at \$4,100,000,000. Last January he set the spending figure at \$7,528,000,000 and the surplus at only \$282,000,000.

His new bright budgetary outlook was hinged on an expectation of continued high prices, taxes, incomes and employment—thus indicating the end of any depression clouds on the horizon. The President's summation last night of the government's current financial position was issued against a backdrop of sharp controversy over how the controlled Congress came to hitting its goal of slashing his 1948 budget by up to \$6,000,000,000.

Mr. Truman's report credited the Republicans with trimming his original spending estimate by \$1,520,000,000 but he said the "net" saving likely will dwindle to only \$528,000,000 or less because of factors that were not foreseen last January.

Bridges and other GOP leaders immediately challenged the President, crying "politics." Senator Young (R-ND) said the Chief Executive's estimate that Congress saved only \$1,500,000,000 in its economy drive is a "political" stroke, evidently "an attempt to delude the nation into believing that Republicans are incompetent of carrying out an economy program."

Rep. Taber (R-NY), chairman of the House Appropriations Committee, declared in Auburn, N. Y., that the American people are "entitled to tax relief" as a means to avoid a choking off of production and resultant inflation.

Taber and Bridges claimed, at the time Congress adjourned in July, that the Republican Congress had saved over \$6,000,000,000.

Two-Thirds Vote to Govern Treaty Talks

WASHINGTON—(AP)—Nine nations which will participate in talks on a peace treaty for Japan have agreed generally with a United States suggestion that a two-thirds vote should govern conference decisions. The State Department disclosed this today amid indications that the conference itself will have to be put off until late fall or early next year. The U. S. originally hoped to hold it this month.

This country last week rejected a Russian demand to limit the initial discussions on a Japanese peace pact to the four major Pacific Powers—the United States, Britain, China and the Soviet Union. It accompanied that rejection with a plain notice that the conference will be held regardless of whether Russia participates.

Conversion of Sterling Is Being Dropped

Soviet Veto Used Against Italy in U. N.

LAKE SUCCESS—(AP)—Russia today used the veto twice in rapid succession to block action on the applications of Italy and Austria for membership in the United Nations. These were the sixth and seventh Soviet vetoes cast this week and they ran the Russian string to a total of 18 against majority decisions in the Security Council.

On both Italy and Austria, the vote was not on immediate admission, but on the application of the General Assembly which meets in New York Sept. 16. The vote on Austria was 8 to 1, with France and Poland abstaining.

The vote on Italy was 9 to 1 with Poland abstaining. The action came after the United Nations Security Council had rejected Hungary's application for U. N. membership by a vote of 1 to 1, with nine abstentions.

The United States, which had advocated immediate admission of Italy, did not press for further action after the Soviet veto. The Australian resolution, instead of calling for admission now, left the question up to the General Assembly.

Soviet delegate Andrei A. Gromyko argued that the resolution was a violation both of the Potsdam Agreement and of the U. N. Charter. He said it "by-passed" the Security Council by giving the assembly the right to make a decision which should be made by the council. He also argued that Italy, under the Potsdam Agreement, could not be considered for membership until the peace treaty enters into force.

This was Gromyko's sixth veto of the week and Russia's seventh in the history of the U. N. Earlier in the week Gromyko vetoed membership applications of Ireland, Portugal and Transjordan and used the veto twice on the Balkan question.

The Council opened its session by a quick vote on Hungary. Only Syria voted in favor of admitting the former Axis satellite. The United States cast the negative vote.

Hungary thus fell far short of the necessary seven affirmative votes out of 11, including the concurrence of all the veto-holding Big Five Powers. Most delegates, including Russia, had contended that no action would be taken on the admission of any of the ex-emergency states until after the peace treaties entered into force.

Paris el Khoury of Syria, Council president, said his government supported the principle of universal membership. Herschel V. Johnson, U. S. Deputy Delegate, opposed Hungary on the ground that the American government had serious doubts as to the willingness or the ability of the present Communist-dominated regime to fulfill its obligations under the U. N. Charter.

Pat Wilson to Sell Jacksonville Team

JACKSONVILLE—(AP)—Want to buy a baseball team? Owner Pat Wilson said the Jacksonville Jax of the Class C Lone Star League was for sale. If Jacksonville residents don't want to buy the team, now in sixth place, it will be sold to an East Texas city, he said.

Nacogdoches, Conroe and Carthage were reported to be interested in the franchise. TWO INTOXICATIONS Two men were assessed fines of \$10 each on charges of intoxication, this morning in Corporation Court by Judge Clifford Braly.

John Ayala Indicted For Vyers Murder

CORSICANA—(AP)—John Ayala, tenant farmer, today was under indictment on a charge of murder in the shooting of Robert Vyvers, Enhouse farmer, last July 22.

Petition Filed To Condemn Land

The first dispute over buying of right-of-way for the purpose of widening Highway 66 in Gray County was on official record today, when a petition for condemnation of land owned by H. M. Roth and wife was filed by County Attorney Bruce Parker.

Parker said he filed the petition at the request of the County Commission after sessions between the Commission and Roth, yesterday, failed to yield any agreement. The dispute is over a 100-foot wide and 3,225-foot long stretch of land running along the highway inside the Gray-Wheeler County line.

The Commission reportedly offered Roth \$900, which is approximately \$116 an acre, for the 7.63 acres of land that are in consideration. Roth is reportedly demanding \$1,000 for the tract.

Roth's contention has reportedly been to the effect that the land is worth more than nearby acreage because it contains several peach trees and a shelter-belt of other trees. Now that the petition is on file it is up to County Judge Sherman White to appoint three disinterested citizens of the county to evaluate the disputed tract. The parties to evaluate the land have not been named.

Conversion of Sterling Is Being Dropped

LONDON—(AP)—Britons faced the threat today of further shortages in food and other vital imports as the result of a government decision temporarily suspending the convertibility of pounds sterling into dollars.

Hugh Dalton, Chancellor of the Exchequer, warned of the impending new shortages last night in a broadcast announcing the new financial arrangement, intended to conserve Britain's dwindling dollar reserves. The scheme was effective last midnight.

Dalton said the move stemmed from Washington talks on revision of terms of the \$3,750,000,000 United States loan to Britain. His figures indicated that this loan, granted in July, 1946, had dwindled to \$758,000,000 this week because of heavy British withdrawals.

Later a treasury spokesman reported that Britain had applied to withdraw another \$450,000,000. This would leave a balance of only \$308,000,000.

In outlining the new financial scheme, Dalton said business men selling goods to this country for pounds no longer would have the right to trade those pounds for dollars.

"Our decision will inevitably cause disturbance of trade over a wide area, and may lead to some interruption of supplies," he declared. "We shall have to face some further shortages of overseas supplies. . . . There will probably have to be some reductions in our rations."

"Sterling will still be able to be exchanged freely into many other currencies," Dalton said. "The real trouble . . ." he said, "is that we are importing much more than we are exporting. We are buying, or obtaining on credit, much more than we are selling. It is this gap . . . which we must close as soon as we can."

He urged the people to "keep See CONFERENCE, Page 5

Withdrawals by Britain Slash Funds Further

WASHINGTON—(AP)—Withdrawals by Great Britain will reduce to \$400,000,000 by August 29 the amount of dollar credit remaining from her original \$3,750,000,000 loan, U. S. Treasury officials said today.

The loan balance already had been reduced to \$850,000,000 when Anglo-American talks began here Monday to consider emergency steps aimed at relieving Britain's current economic crisis.

Only yesterday the British agreed—under United States approval—to suspend temporarily the free exchange of dollars for pounds in trade with other countries. It was learned this step was necessitated by dollar demands which had necessitated the use of \$232,000,000 a week from the \$3,750,000,000 American credit.

A Treasury official told a reporter that permission for Britain to make withdrawals below the remaining \$850,000,000 stemmed from a need for \$450,000,000 to pay for goods on order in the United States.

One request for a \$1,500,000,000 withdrawal already has been made. Other requests for withdrawals in the same amount will be made August 25 and 29, cutting the credit balance to \$400,000,000.

Once the loan is down to the \$400,000,000 point British withdrawals will cease pending arrangements at the Anglo-American financial conference here to control the flow of dollar exchange from London.

Treasury officials were described as convinced that the British have arrived at a genuine crisis and that only drastic emergency action—such as the taken yesterday—can avert a financial collapse.

Lee, left, on arrival at Leghorn, Italy, to investigate conditions in Lee's Mediterranean Command. Gen. Wyche said he would like to have the cooperation of Robert C. Ruark, Scripps-Howard columnist, in his investigation.

Jewish Refugees Are Ordered to Disembark

LONDON—(AP)—Britain delivered an ultimatum today to the 4,400 Jewish refugees off France: Disembark by tomorrow afternoon or be transported to Germany.

The Jews are aboard three British ships which have been off Marseille for three weeks. They tried to land in Palestine a month ago from the immigrant ship "Exodus 1947."

The Jews will be taken to the Bergen-Belsen Displaced Persons Camp if the ultimatum is ignored, a spokesman for the international refugee organization said at Hamburg, in the British occupation zone of Germany.

A Jewish Agency spokesman in Jerusalem called the news shocking. He said disembarking of these refugees at Hamburg would be "a crime against humanity."

The Jews said last night they would go on a hunger strike if they were not permitted to enter the Holy Land. They were placed aboard the three ships off Haifa after a battle with British boarding parties, and returned July 29 to France, where they began their voyage. They have refused ever since to disembark and have rejected a French offer of hospitalization.

The displaced persons camp to which they will be taken if they persist in their stand is less than half a mile from the site of the infamous "Belsen" concentration camp. The displaced persons camp, situated at Hoina, is the largest Jewish camp in the British zone.

The Jewish Agency spokesman in Palestine characterized the latest British move as "a fateful political mistake." An unofficial Jewish source said it probably would provide new impetus for terrorists in the Holy Land.

The British foreign office announcement said that if the Jews declined to go ashore the ships would sail and the passengers would be disembarked immediately upon reaching Germany.

The refugees, who are without visas for Palestine, were intercepted by British craft off the Holy Land coast as they tried to evade the British blockade last month on the vessel called "Exodus 1947." They were placed aboard the three British ships and returned on July 29 to France, where they began their voyage.

They have been off the town of Port De Bouc, refusing to disembark, ever since.

Jews aboard the ships said last night they would go on a hunger strike if they were not permitted to enter Palestine.

The foreign office announcement said the refugees—most of whom are of Polish nationality—had been offered hospitality by the French government but rejected it "under the influence of persistent Zionist threats and propaganda."

The three British transports indefinitely in French waters," the announcement continued, "and it has therefore been decided that, unless the Jews begin to disembark before 2 p.m. GMT (11 a.m. CST) August 22, the ships will sail for the British zone of Germany, where their passengers will be immediately disembarked."

"This is the only territory under British jurisdiction outside Cyprus (where the British have detention camps for Jews who tried and failed to run the blockade) where such a large number of people can be adequately housed and fed at short notice."

The announcement was issued simultaneously in Palestine, by British authorities in Berlin and at Paris and Marseille in France.

It said the British believed the Jewish Agency or Palestine couriers persuade the Jews to land in France and added:

"If the Jewish Agency really have the interests of these illegal immigrants at heart, they should be prepared to send a representative to make a last appeal for reason."

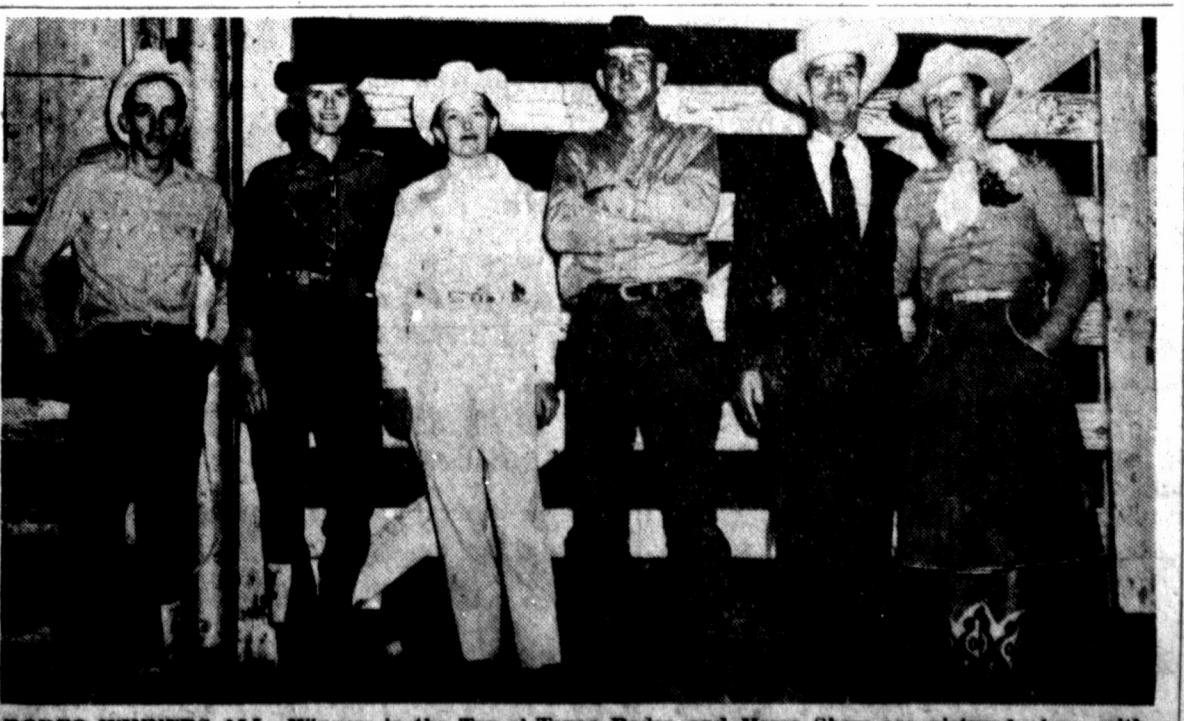

Fort Worth Site for Grocers Convention

SAN ANTONIO—(AP)—The 1948 convention of the Texas Retail Grocers Association will be held in Fort Worth.

The 1947 convention ended here yesterday after re-electing Rufus G. Starnes, Abilene, as president. Sixteen directors were named. Other officers include Julius Conelli, Houston, Ray E. Peterson, Corpus Christi and Louis Menotti, Galveston, were named vice-presidents, and T. W. Greaser, Waco, was named treasurer.

Beauties

Coretta Thompson would make an even prettier picture without the 20-pound, 54-inch dolphin she brought to gaff in the Gulf Stream off Morehead City. It is the largest caught by a woman along the central coast of North Carolina this year.

No Problem Too Rough For Phillie Fireman

PHILADELPHIA (AP)—When James Brown discovered a fire in the rear of the trolley on which he was a passenger, the situation proved no problem.

Brown, a Philadelphia fireman, instructed the trolley motorman to continue to Brown's firehouse where the fireman extinguished the blaze, paid his fare and reported for duty.

Machinists To Comply With New Labor Law

FORT WORTH—(AP)—Sarl Melton of Birmingham, Ala., announced here that "even though we don't like the vicious Taft-Hartley act," the International Association of Machinists will comply with the labor law.

Melton, general vice-president of the IAM, made the announcement after it was reported in Washington that the CIO unions would defy the labor act.

Pioneer Texas Woman Dies in Baltimore

BALTIMORE (AP)—Mrs. Ida L. Turner, 93-year-old pioneer suffragist who served as the first woman postmaster of Fort Worth, Tex., died last night in a Baltimore nursing home.

Mrs. Turner, a native of Carrollton, Miss., was the founder of the Children's Hospital in Fort Worth and served as manager from Texas for the Chicago World's Fair.

Her grandfather, Fielding Davis, was a cousin of Jefferson Davis, president of the Confederacy.

Her late husband, John W. Turner, was killed in a Mexican revolution while he was in the mining business in Mexico.

Mrs. Turner served as the Fort Worth postmaster for 10 years under appointment of President Cleveland.

Yeah, She Got More Than She Asked For

DETROIT (AP)—Mrs. Grace Kluger, who "really only wanted one dozen eggs," got 26 dozen of them scrambled on her front lawn and 25 pounds of butter as well, she told Traffic Judge John M. Wise yesterday.

She reported she hailed Albert S. Miller, a butter and egg salesman driver, from her front door. Catching her signal, he swung his truck around for the sale, but hit another car and overturned on the Kluger lawn, spilling his load.

PRICES INCREASED

NEW YORK (AP)—Frigidaire Division of General Motors Corp. has announced a retail price increase of \$5 to \$15 on some of its refrigerators and ranges, \$15 on its new home laundry and an average of 25 percent on some commercial refrigeration and air conditioning products.

Youth Makes Third Trip to Reformatory

Lon Stephens, 17-year-old Pampa boy, started his third trip to Gatesville Reformatory after he pleaded guilty to theft, several weeks ago, of a car owned by H. C. Huffine.

Stephens, taken to the institution by Deputy Sheriff Lewis Holmes, was twice released from Gatesville upon recommendation of the Court. However, this time Stephens will stay in Gatesville until he is 21, court officials said.

Shortly before his trip to Gatesville, the lad was finger printed and photographed in the Gray County Court House.

New Pink Make-Up Holds True Color When Viewed Under Artificial Light

By ALICIA HART
NEA Staff Writer

The girl who has seen with a sinking heart what fluorescent and other artificial lights can do to her rosy rouged cheeks and lips will stand up and cheer a make-up which can bravely hold its own against color-drainage.

Arriving in the nick of time for festive summer parties are lipstick and rouge which have been specially blended to hold their true color in any light. The color is a brilliant pink, undercast with blue. Glamorous models—Kay Herman for one—elected this shade for wear with holiday white. But the makers also had in mind such fashion needs as this season's Renaissance jewel tones, sparkling greens, and such soft but emphatic colors as candied violet, winter peony and polonaise pink.

Another reason the lipstick will be liked is its comment-making case of gold-washed metal studded with rhinestones to give a girl a jeweled accessory to pull out of her purse. To keep such splendor undimmed, the lipstick is sheathed in a small transparent acetate box.

(Marie Earle)

Rushees Honored With Kit Kat Slumber Party

The Kit Kat Klub entertained members and rushees with a slumber party in the home of Donna Nemmel, 629 N. Frost, Monday night.

A mid-night snack was served to the following rushees: Dolores Miller, Berdene Laycock, Jewell Moseley, Jean Baumgardner, Harriett Nash, Zula Brown, Mary Ellen Hawkins, Barbara Scruggs, Nancy Patterson, Phoebe Osborne, Theola Reim, Mariola Duvall, Jan Newsum, Jan Sanders, Ann Stidwell, Jo Anne Bennett, Elaine Ellis, Winnie Allen, Janet Walters, and Patsy Abernathy.

Members attending were Arvilla Patterson, Barbara Stephens, Judy Smith, Norma Mannat, Pat O'Rourke, Ann Moseley, Hilda Burden, Edwina Emerson, Joan Applebay, Barbara Walters, Naneen Campbell, Joan Sawyer, Frances Gilbert, Helen Kiser, Jean Pratt, Beverly Brandt, and Euanell Johnson.

Announcement

Rev. Rosenbloom will be guest speaker Thursday night, tonight, at the Church of God, which is located on the corner of Reid and Campbell streets.

This special service will begin at 8 o'clock and the public is invited to hear Rev. Rosenbloom's inspirational message.

Sub-Debs Elect Club Officers

Election of officers was held when the Sub-Deb Club met Tuesday afternoon in the home of Gertrude Lake, 404 N. Somerville. Lela Ward presided in the absence of the president.

A runoff vote for president will be taken at the next club meeting to eliminate the tie between Betty Joyce Scott and Johnny Sue Hart. A vice president will be elected at this meeting.

Junice Ann Fahle was elected secretary, Carol Culbertson, treasurer, and Joan Stroup, reporter.

Plans were completed for a rush party to be held Thursday night, tonight, at 8 o'clock in the home of Phyllis Scheig, 1418 N. Russell. A "Kick-Off Dance" to be held at the Country Club, Sept. 5, was discussed. Further plans for the dance will be made at future meetings.

The next meeting will be conducted in the home of Leona Mills, 1237 Christine, Tuesday, Aug. 26, at 4:30 p. m.

Cookies and cold drinks were served to Junice Ann Fahle, Mary Jean Patton, Otielene Patton, Peggy Hukill, Nicki Fraser, Betty Joyce Scott, Leona Mills, Johnny Sue Hart, Lela Ward, Pat Brannon, Phyllis Scheig, June Myatt, Merdella Roberts, Dorothy Dixon, Nelly Ward, Joan Stroup, Mrs. Skeet Roberts, sponsor, and the hostess.

Interior Decorating Demonstration Given

PANHANDLE (Special) — The Panhandle Home Demonstration Club met in the home of Mrs. V. C. Meaker on August 19 for a demonstration on "Interior Decorating" by Mrs. Fred Crist, in the absence of Miss Charlotte Tompkins, home demonstration agent, who was attending a 4-H encampment at Lake McClellan.

Mrs. Crist showed charts giving harmonious colors and different ways of arranging the same pieces of furniture.

In the business session with the president, Mrs. M. L. Bender, presiding, plans were discussed for participating in the Carson County Fall Festival and each member told what she would like to have in the yearbook for next year.

Refreshments were served to Mrs. J. B. Mitchell, a guest; and to members, Mesdames Crist, Bender, Oliver Russell, Wayne Driskill, Herbert Sullivan and C. F. Hood.

The next meeting will be on September 2 in the home of Mrs. O. York.

We, The Women

Southerner Solves Necktie Problems

By RUTH MILLETT
NEA Staff Writer

During the recent heat wave, a Southern gentleman solved the necktie problem by carefully folding it and carrying a bright-colored tie and carrying it, handkerchief fashion, in his pocket.

He declared it was much cooler to wear a tie in his pocket than around his neck and yet he figured that by having a tie in evidence he was conforming to the dictates of etiquette.

Mark Twain, according to legend, once solved the necktie problem in just as sensible fashion. Chided by his wife for calling on a visiting great lady without his necktie the humorist carefully wrapped up his necktie and sent it to the lady, by way of showing her he really owned a necktie and had gone without one purely from choice.

So long as men haven't the courage to shed their neckties with the warm weather, the Southern gentleman probably has as good a solution as any to the problem.

COOL, BUT CALCULATED
Why don't men just wear it in the pocket? That proves they have a tie. It shows they know what etiquette demands.

It brightens up their clothes, which is supposed to be the only real reason for a necktie anyhow, but it allows them to go with their collars unbuttoned instead of suffering from a tight collar and a thick tie around their necks.

And it really isn't any sillier than the way women have solved the glove problem. They carry gloves when etiquette demands they wear gloves but convenience and comfort say otherwise.

ANNOUNCEMENTS
The Skelly-Kingsmill Club will not meet Friday as planned due to the illness of the hostess.

Members of the Viernes Club will meet in the home of Mrs. Emmitt Forrester, 1021 E. Twiford, at 2:30 Friday. The luncheon originally planned will not be held.

Bridal Shower Fetes Miss Imogene Keller

Miss Imogene Keller, bride-elect of Wayne Stewart, Enid, Okla., was named honoree at a miscellaneous bridal shower given in the home of Mrs. Ivan Howard, 1322 N. Russell, Saturday. Assistant hostesses were Mesdames Earl Eaton, W. C. Hutchinson, and Miss Anna Lou McCoy.

The honoree and her mother, Mrs. E. M. Keller, wore corsages fashioned of white carnations, gifts of the hostesses.

Miss Keller's selected pink, green and white color scheme was used in the table decorations and refreshments.

Miss McCoy presided at the bride's book and Mrs. Roy McKee served punch.

Attending or sending gifts were Mesdames L. J. McCarty, Ed Ralston, J. C. Williams, Clarence Kaara, Carl Luedders, Dwight Upham, L. E. Byars, Phil Harvey, R. E. Hamm, Walter Daugherty, Charles Fagan, Ivan Howard, John Wheatley, Vernon Hobbs, Frank Yealey, C. F. Walton, Fritz Wascher, L. D. Baxter, John Dixon, Buck Hines, V. L. Boyles, Vernon Moore, E. N. Giddens, J. O. McCoy, D. A. Caldwell, and T. B. Parker.

Mesdames Clyde Conover, Bill Heskey, Charlie Gunn, L. W. Jolly, George Lilly, Robert Hogan, Rupert Orr, Herb Borgmann, Frank Shotwell, H. Southwick, Claude Wilson, Pat Knox, R. W. Tucker, Perry Gault, J. C. Vallert, Leonard Hollis, and G. L. Craddock.

Misses Marilyn Ralston, Inez Baird, and Virginia Giddens, and Master Johnny McCoy.

Girls Pack Boxes For Foreign Relief

PANHANDLE (Special) — The Junior G. A.'s met in the G. A. room of the First Baptist Church on Thursday afternoon for a business meeting with Allene Harris, president.

The afternoon was spent in packing boxes for foreign relief.

Those present were Mrs. Bob Robinson, sponsor, and Frances Sue Kirk, Glenna Taylor, Peggy Joyce Tate, Kay Carol Williams, Robins June Williams, Allene Harris, Sue Pemberton, Elaine Bell, Millie Milton, and Judy Shepherd.

When Wyoming entered the Union in 1890 it granted votes for women for the first time in U. S. history.

Baptist WMU Circles Have Missions Study

Circles of the First Baptist Women's Missionary Union met Wednesday afternoon at 2 o'clock for a program on Missions.

Circle 1 met in the home of Mrs. W. H. Lewis with Mrs. C. E. Willingham presiding over the business meeting. Mrs. S. W. Brandt led the opening prayer and Mrs. T. V. Lantz gave the program with the topic, "The Secret of World Peace." Mrs. J. H. Tucker presented "Jesus the Light of the World" as a devotional. Mrs. C. R. Welton gave the closing prayer.

Refreshments were served to those mentioned and Mesdames Roy Holt, O. A. Davis, Floyd Lassiter, and Allen Vandover.

Circle 6 met in the home of Mrs. Cecil Cullum with the opening prayer being given by Mrs. L. A. Baxter. Mrs. Cullum presided over the business meeting and Mrs. F. E. Leach taught the lesson on missions. Others attending were Mesdames Jack Rowe, Gerald Mote, and H. T. Baker.

South America Topic For Calvary Program

Members of the Calvary Baptist WMS met in the basement of the church Monday afternoon at 2 o'clock for a Royal Service program. Mrs. Travis White was in charge of the program with South America as the topic. Mrs. Roberts Wood led the song service with Mrs. Collins Webb at the piano. Those giving talks on the program included Mesdames Bert Mitchell, George Moore, Charles Graham, Jack Robertson, S. L. Lowe, R. O. Clements, C. E. Humphries, Wood, and White. Mrs. Webb gave the closing prayer.

Announcement

Mr. and Mrs. Joe French, 415 W. Buckler, are the parents of a six pound nine ounce son born Wednesday night in Worley Hospital. The baby has been named Patrick Clark. They have one other child, a two year old son, Michael.

Mr. French is employed in the advertising department of The Pampa News.

Great Salt Lake contains a pound of solid matter for every four pounds of water.

An acre originally was the area that could be plowed by a yoke of oxen in a day.

Upkeep of the Nazi Party cost the Germans approximately \$700,000,000 a year.

USE WARDS HOME IMPROVEMENT PLAN

PURE ART INVOLVED IN BODY PARTS BUSINESS

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON—(NEA)—Pure art has now been added to the growing business of manufacturing ersatz body parts.

To give the customers what they want—life-like quality—one Virginia prosthetic company has hired Conrad W. Crowder, an American sculptor who is doing "heads" of war heroes for war memorials, to train its technicians how to turn out artistic body parts.

Out in California, Maurice Seiderman threw up a \$25,000 studio job improving nature's handiwork among movie stars, to turn his talents to helping people who really need help.

Seiderman's first non-movie job was replacing the lost ear of a shy, nervous bridegroom who felt he couldn't face a wedding crowd disfigured. Since then he has replaced the nose and upper lip of a clothing manufacturer whose face was badly injured in a cleaning fluid explosion, rebuilt the side of the face of a woman who had a hole through her cheek. Many of his customers are women who want artificial breasts to replace those lost through operations.

Not all prosthetic body parts are used to cover disfigurements. Foam-rubber legs that make women's limbs more shapely are a big item, and a burlesque troop, going in for the spectacular, ordered one firm to

Art from life: Sculptor Conrad W. Crowder explains to ex-Army cook Thomas Tomlin, a prosthetic technician-to-be, how to achieve an arty artificial nose.

make two dozen artificial bosoms complete with flashing lights.

For parts of the face, Crowder's technicians are learning to make noses that fasten to the face by suction and wrinkle like a real nose. The Virginia firm has a patent pending for a new type of artificial hand which it claims will respond to hot and cold, and permit its user to type up to 30 words a minute.

Seiderman's technique is to begin with a plaster cast of the disfigurement and build a new part from that. A plaster die is made from the original cast, vinyl-based plastic is poured into it, and the rough prosthetic is formed. This is flesh-colored to match the individual's skin and then sculptured to make it life-like.

With improvements in techniques to make prosthetic parts more natural, orders are pouring in. Irving A. Goldman, founder of one firm, says he already has a backlog of 6,000 orders for various parts of the body. Body rebuilding will be a multi-million dollar business in a few years, he believes.

Finishing touches: Maurice Seiderman paints the lips on a prosthetic face he sculptured for an explosion victim.

Immunization Proved Effective Preventive

AUSTIN—(AP)—Texas' 1,500 cases of diphtheria last year could have been prevented, State Health Officer George W. Cox, said today.

"Immunization has been proved a safe and effective preventive measure," he declared. "Wherever immunizing treatment has been extensively used, diphtheria has steadily decreased."

REUNION OF 36TH

WASHINGTON—(AP)—Veterans of the 36th Infantry Division, now a Texas National Guard Division, will hold their annual reunion in San Antonio Sept. 6-7.

Telegraph wires in East Africa have to be carried on exceptionally high poles owing to the liability of giraffes breaking the cables.

Approximately 2,891,000 foreigners live in France, with about a half million of these being residents of Paris.

Record Jump

Helen Strickland, of Columbia, S. C., jumps with joy—or something—at being the first entrant in a contest to pick a "lady-in-waiting" for the Disc Jockey Queen of 1947 at the first convention of the National Association of Disc Jockeys in Chicago. Contest is being held by platter spinners all over the country.

Potsdam

(Continued From Page 1)
Russians have declined to treat Germany as an economic unit as provided in the Potsdam Pact.

In the case of Korea, Foreign Minister Molotov thus far has failed even to acknowledge Secretary of State Marshall's proposal for a re-examination of the deadlocked efforts to set up a unified government for that country.

Marshall set today as the deadline for a report from the state-mated Soviet-American joint commission at Seoul. He told Molotov in a note last week that if this showed the two powers could not agree on a provisional regime to take the place of the separate occupation zones it was time to decide whether to call off the negotiations which started three months ago.

Conference

(Continued From Page 1)
steadily, work hard and regularly, save all you can, realize that we are in this fight together."

British treasury experts said the new move would mean less food and clothing for their countrymen.

"They said Britain would only buy what she 'can afford' and would hold down her buying from countries which would not accept sterling.

Approximately 40 percent of all hunting accidents are caused, by hunters shooting themselves.

Midget Car Packs in 'Suitcase'

Children's kiddie cars and scooters gave clever Hiroshi Tamura, former war plant worker in Osaka, Japan, the idea for this midget auto. Powered by a 1/2-horsepower motor, the car is so light that it can be packed into a suitcase-like box and carried about. Above, the young son of a U. S. Army officer stationed in Osaka, demonstrates its simplicity of operation.

U. S. May Insist on Continued U.N. Watch

LAKE SUCCESS—(AP)—The United States was expected today to insist that the United Nations continue a watch over Greece's northern borders until the veto-blocked Balkan problem comes before the 56-nation assembly next month.

Following Russia's veto of American-supported attempts to bring peace to the Balkans, the United States yesterday formally moved to place the Balkan dispute on the assembly agenda for action by the world body.

Since the Balkan problem is still before the Security Council, the assembly cannot take any action until the 11-nation body has formally dismissed it.

Authoritative sources said the United States probably would fight to keep the issue before the Council until actual discussion of the case begins in the assembly, which will meet in New York Sept. 16. Then, they said, once discussion has been started the Council would be asked to dismiss the case and thus clear the way for the assembly to make recommendations.

Navy Pilot Sets New Air Record in D-558

MUROK, Calif.—(AP)—A slim, wiry naval pilot flying a trim, stub-winged experimental airplane today held the international air speed record after having bulletted four times over a three-kilometer (1,863 mile) course at an average of 640.7 miles an hour.

The mark was set with a Douglas built jet-propelled Skystrak D-558, flown by Commander Turner Foster Caldwell, Jr., 33, of Arlington, Va., a former Pacific combat pilot. After traveling at a higher speed than man had yet attained, he shrugged his trim shoulders and said:

"It was a great relief from the

paper work I've been doing in Washington. It's a great day and a great ship."

The Navy pilot beat the former world mark which had been set last June 19 by an Army man, Col. Albert Boyd, who flew the same course at an average of 623.8 miles an hour in a Lockheed P-80-R jet plane. Boyd's flight had broken the British-held record of 616 miles per hour set by a Gloster Meteor IV plane in 1946.

NEED A VACUUM SWEEPER

A lady brought one up to the office and said she had a vacuum sweeper. I said how much she said a lady friend of hers sold one like like for 15.00 and she ought to get 15 for hers. It's a Premier Duplex, and runs, and I tried it out. I'll take 15 cash for it, but you better not offer 15 or you're bought it. I want to buy 10 or 20 lots all in one block, suitable for 4-room houses. I will pay cash. Need a three-room house? I have one nice three-room semi-modern that is a dandy. It has water piped in the house to sink, garden, has a good garage, a wash house, a chicken house, a garden, a nice location about 1/2 block off the pavement. This house is extra neat and clean inside and out. It is furnished with good furniture, and we want to sell house, lot furniture and all. Make me an offer. I have another nice three-room house in the east part, that has plenty of good furniture in it that must be sold in the next few days. I take 2500 for this, and it's a bargain. It's modern. 400 acres of good land east of here. 100 acres wheat land that's been planted, balance short grass. Good windmill and tank. Fenced and cross fenced. This land is located northeast of Lakeston. I take 50 an acre, and keep 1/2 the mineral. This just came in. One of the best small cafes in Pampa. A netting now 250 per month. The first \$850.00 buys it as the owner is leaving town. J. WADE DUNCAN Real Estate and Cattle Duncan Bldg.—Phone 312 41 Years in the Panhandle Duplex with rental in rear. Hardwood floors, new water heaters. Good location. 4-room modern house on lease 8 miles south, \$250.00 will handle. Garage, doing good business, \$3500. M. P. DOWNS, Realtor-Insurance 1011 E. Francis Phone 1264-336

WALL STREET STOCKS
 NEW YORK, Aug. 20—(AP)—A crawling stock market, one of the slowest of the past two years, made headway in spots today although many leaders extended their downward shift by fractions to a point or so.

Minor variations easier way prevailed until the final hour when mild selling reduced initial gains and placed assorted pivots at their lows of the session. For the third day in a row, minus signs predominated at the close. Transfers for the full proceedings were in the neighborhood of 500,000 shares.

Eastman Kodak responded to a good income statement but earnings and dividends generally were ignored. American Sunbeam Tobacco enjoyed a brief runup on a splitup proposal then retreated. Supported were Coca-Cola, Western Fruit, Western Union, American Water Works, Goodyear, Goodrich, Deere, Sperry and Youngtown Sheet.

Hesitant were U. S. Steel, Bethlehem, American Telephone (following announcement of a new debenture offering stockholders of around \$250,000,000), Standard Oil (ND), Southern Railway, Great Northern Railway, Owens-Illinois, Chrysler, Loew's, Twentieth Century-Fox, International Harvester and Sears Roebuck.

Bonds were ragged.

Leaves From a Correspondent's Life Note Book

By HAL HOYLE
 NEW YORK—(AP)—One fifth of the world's population today is involved in the important religious difference between a piece of steak and a pork chop.

That is modern India, a country which the British have given back to the Indians.

It is also the summary of a caste-ridden society which suddenly has joined the world group of independent nations after a spectacular severing from mother Britain.

You just can't solve the problem

of India by deciding whether you prefer beef for luncheon. It is more complicated than that.

Today in modern India the principle of slavery of submerged lower classes is a problem of slow questioning. But a more active issue is whether the great masses of Indians are going to put up with the antics of barbarians who slaughter cows and eat their sacred flesh.

A cow is a creature of adoration to three fourths of India, the vegetarian Hindu people. To the other fourth, the Moslems of Independence Pakistan, a cow is just so much four-legged hamburger. But the meat-eating Moslems would almost as soon be caught lending money for interest—another quaint practice forbidden them—as be found munching on a ham bone.

For them, pork in all its forms is verboten.

The tragedy of modern India is that dietary laws stemming from ancient times make it impossible

for the meat-loving Moslems to lunch off the pig, one animal the vegetarian Hindus don't give a darn about.

So people riot and kill each other in India on Moslem feast days, when the unbelievers put cattle to the knife.

In India a year ago I met a well-educated Hindu student who thought the sun of all evil rose and fell in England, an attitude shared by many Indian political leaders who still know they must learn for many years on the colonial wisdom of the island white men who dominated them so long.

This Hindu boy broke his religious dietary laws in a dramatic attempt to learn how to eat eggs, which the ultra-orthodox of his creed regard as flesh.

He spoke a better brand of English than I did, but he simply couldn't stomach eggs. He tried them fried, boiled, poached, shirred and scrambled—but he couldn't hold them. I asked him why he kept beating his alimentary canal.

Amarillo Kids, Inc. Win Four, Lose Two In Tilts With Locals

The Pampa Senior Boys All-Star team and the Pampa Midgets were the only two local softball teams that were able to defeat winners of the Kids Inc. League of Amarillo, out of the six games that were played last night. Although most of the games were very closely contested the Amarillo teams swept four games out of the six, defeating the McCullough Methodist Jr. Girls, the McCullough Methodist Jr. Boys, the Fee Wees and the Senior Boys in the last game of a double header.

The only girls game of the afternoon proved to be the closest game out of the six, as it lasted 9 innings with the Amarillo Girls coming out on top, 23-22. At the end of the regular 7 innings, the score was tied 20-20, and both teams pushed 2 runs across in the eighth to keep the score deadlocked. Then came the Amarillo uprising. The Amarillo girls jumped on Pampa pitcher Margaret Rath for six hits and as many runs as they pleased. The local girls hit the bottom of the ninth to take the contest 23-22.

In the first game of the Senior Boys doubleheader, the Pampa boys overwhelmed the visitors 16-6, then dropped the night cap 11-4. Ronnie Maxwell received credit for the first Pampa win as he kept the visiting boys well in hand at all times and was never in very serious trouble. Bobby Jack Phillips took over the Pampa pitching duties in the fifth and continued where Maxwell left off doing a superb job. Darrell Sharp, Jimmy Roberts, and L. C. Fox all three tried to stifle the Pampa bats, but to no avail.

In the second Senior Boys game, the visitors scored in every inning while blanking the locals 5 out of the 7, to win 11-6 behind the airtight pitching of L. C. Fox. Wesley Geiger started on the mound for the Pampanos, but the opposing Amarillo boys soon blasted Geiger from the box, where Maxwell took over and remained throughout the rest of the game.

The Pampa "Little Boys" came from behind and scored 3 runs in the fifth inning to defeat the Amarillo Pee Wees 7-6 in a contest that resulted in a very close pitching duel between Amarillo's Chandler and Pampa's Smith. Ray Dunsy and Elmer Wilson paced the Pampa attack, both collecting one homer and a single out of 3 times at bat.

The Amarillo Buzzards scored 5 runs in the sixth inning of their very close contest against the Pampa Midgets to defeat the Pampanos 7-6. Both teams were very evenly matched with one four bagger going to each team, both with nobody on base. Pampa pitcher, Trollinger and Amarillo catcher, Moon, were the heavy boys to collect these round trippers. The big Amarillo fifth inning came as a result of 6 hits and 2 long flies that were caught, but the runners on base advancing after the catch.

The speedy pitching of Amarillo's E. G. Sanders seemed to make up the margin as the visitors outscored the McCullough Methodist Jr. Boys 16-13. Sanders kept the losers very well in hand until the fifth inning where the Pampanos ran wild to cross home plate 8 times and then in the final seventh they threatened a rally by scoring 2 runs and had 2 men on base, but Sanders quickly put out the fire by a very well placed strike-out.

Scores by innings:

Ama Jr. Girls	2 1 4 1 1 7 2 6-28
McCul Meth.	1 1 6 0 0 3 2 0-22
Ama Sen. Boys	0 2 1 0 0 2 1 6-6
Pam Sr All-Stars	5 6 0 1 0 0 0 11-6
Ama Sen. Boys	3 1 1 1 2 1 2-11
Pam Sr All-Stars	0 0 0 5 1 0-6

Oilers Split Twin Bill With Dukes to Barely Hold Third

The Albuquerque Dukes and Pampa Oilers split a double-header here Wednesday night in their final encounter of the season on Albuquerque soil. The Dukes took the first game 5 to 1 in eight innings, and lost the second, 7 to 4, in the customary seven rounds.

Will Dixon drove a sharp single off Tony Range's glove to score Paul Halter with the winning run in the first game. Halter had opened the inning with a triple and held third base while Don Moore and Mill Joffe were being passed purposely and Oley Behl was popping to Oley for the only out. That tally gave the Dukes a victory over their old playmate, Dub Scott, who had appeared well on the way to triumph until Joffe socked him for a two-run triple in the sixth that tied the score at 4-4.

The Oilers scored all their runs in the first two innings off Dick O'Boyle. Fausett's error, O'Connell's single, Bauer's double and Range's single produced three in the opening round. A base on balls and singles by Oley and Bailey brought the fourth counter in the second inning.

O'Boyle held them in check from then on to the last half of the sixth when he was derricked in favor of a pinch hitter who walked and subsequently scored the tying run.

In the second game the Oilers scored twice in the first inning on singles by Oley, O'Connell and Riley, and Range's outfield fly.

The Oilers scored four times in the second inning when Samek and Payte singled, Oley walked and O'Connell cleared the bases with a triple, then scored himself after another handy outfield fly by Range.

Riley's single, Range's sacrifice and Bauer's single accounted for the other Pampa runs in the fifth.

Recent visitors in the home of Mrs. M. W. Poteet were Mrs. Vestus C. Hodges of Hereford, Mrs. Susan Brown of Amarillo, Mrs. W. C. Callahan of White Deer, and Mr. and Mrs. Brad Hayes and son of Rowell, N. M. Mr. Hayes is Mrs. Poteet's grand nephew.

Mrs. M. W. Poteet and nephew, Chester Nunn, returned Tuesday from Clovis, N. M., where they were called because of the serious illness of Mr. Nunn's brother, Orville Nunn.

The typical fish has five kinds of fins: Paired pectoral, paired pelvic, dorsal, anal and tail.

Texas Open Tennis Tourney Set Today

WICHITA FALLS—(AP)—The second annual Northwest Texas Open Tennis Tournament was ready to open today on two clay courts here.

Thirty-two singles matches were scheduled for the men's division. Sixteen were scheduled for the junior men's division and about 15 in the men's doubles.

The finals will be played Sunday. Ead Stewart, ranking player from Oklahoma City University and Oklahoma City champion, was seeded No. 1 in the men's division. Gus Craig of Paris, Texas, was seeded No. 2.

White Deer News

WHITE DEER, (Special)—Mrs. Kittie Allison, her daughter, Alice, and her mother, Mrs. Hitchcock, have returned from Canyon, where Mrs. Allison, a teacher in the White Deer Graded School, has been attending summer school.

Chuck Dietzge came charging in on the ball and rifled a line throw to Catcher Del Rice who put the tag on Stanky.

Then came Kurovski's Ruthian smash.

The third-place Boston Braves remained seven games back of the Dodgers when the Pittsburgh Pi-

Cards Work Overtime In Beating Brooks 3-2

By The Associated Press

The baseball world was agog today over the Spirit of St. Louis and 25,762 Ebbeets Field fans who yesterday braved damp and dreary weather to watch a tense diamond drama: came away echoing the memorable words attributed to the late fight impresario, Tex Rickard, "I never see anything like it."

The Cardinals climbed back to defeat the league leading Brooklyn Dodgers 3-2 in 12 furiously fought innings and cut the Brooks' margin back to four and a half games. A home run smash by Whitey Kurovski broke up the game.

For two thrill-packed hours fans had sat enthralled at the marvelous pitching of Ralph Branca, Brooklyn's ace hurler. At the end of eight dramatic innings, the Birds had only one safety off Branca and were trailing 2-0. Red Schoendienst, St. Louis leadoff hitter in the ninth, walked, but the 21-year-old fire-baller quickly disposed of the next two batters. Then Branca whipped over two strikes of Enos Slaughter.

Slaughter walked. Now there were two on and two out. Branca threw two very wide pitches to Ron Northey and Manager Burt Shotton called on cool Hugh Casey.

Northey singled to score Schoendienst and send Slaughter to third. Johnny Jorgensen bobbled Kurovski's hopper and Slaughter scored the tying run.

Then came the turbulent tenth. Ed Stanky punched a single to right, and was bunted along by Jackie Robinson. Pete Reiser walked and Carl Furillo drilled a line hit through the right side.

Chuck Dietzge came charging in on the ball and rifled a line throw to Catcher Del Rice who put the tag on Stanky.

Then came Kurovski's Ruthian smash.

The third-place Boston Braves remained seven games back of the Dodgers when the Pittsburgh Pi-

Indian Twirls No-Hitter to Whip Shreveport Sports 10-0

By The Associated Press

The Texas League was apt to be tagged a "pitcher's circuit" after this season.

Lyman Linde twirled the fourth no-hit, no-run game of the year last night as Oklahoma City blanked Shreveport 10-0.

The feat tied the modern mark set in 1920, but fell one shy of the 1910 and 1908 seasons. These were far behind the control twirling of 1905 when 11 no-hitters were recorded.

Added to the four no-hit games is the fact that only eleven batters boast a 300 or better average with the season nearly over.

In other games last night, Fort Worth handed Houston its third straight setback, 7-1; San Antonio trounced Dallas, 9-5, and Tulsa split with Beaumont, losing the opener, 1-0, but taking the nightcap, 9-2.

Right-hander Linde notched his 13th victory against 11 defeats in facing just 30 men. He did not issue a single walk and struck out six men.

A six-run blast in the second inning scuttled Shreveport.

San Antonio got off to a fast three-run start against Dallas and added to the margin throughout the game. Hank Oana took over Dallas' pitching in the third from Quentin Altizer. The big Hawaiian right-hander chipped in a two-run homer in the seventh inning.

Harry Grubb held Tulsa to three hits while his mates made the most of four off John Stone in the opening game at Tulsa. In the nightcap 12 Tulsa hits were too much for the Exports.

The same teams play again tonight. Houston continues at Fort Worth in a doubleheader. San Antonio and Dallas square off. Beaumont meets Tulsa and Shreveport is at Oklahoma City.

TOPEKA—(AP)—The Veterans of Foreign Wars National Softball Tournament moved into the second day of play today with Elmwood, O., the defending champion, already handicapped by a defeat.

Elmwood lost to Buffalo, N. Y., 4-2, in its first game last night. Eighteen teams are entered in the double elimination tournament.

Plans Completed For Top o' Texas Golf Tournament

The Top o' Texas Golf Tournament, which is sponsored annually by the Pampa Country Club, will be held August 30, 31 and Sept. 1, Frank Baker, club pro, announced this morning.

Fifty or sixty golfers from towns throughout the Panhandle are expected to be on hand when the qualifying round for out-of-town contestants gets under way Saturday, August 30, according to Baker.

He explained that local entrants could start qualifying next Sunday, and must qualify not later than Friday, August 29.

Baker said that flights would consist of 16 players. The entry fee is \$5 and may be sent to the Pampa Country Club. Entrants are advised to make their hotel reservations early.

SEMI-PRO BASEBALL

WICHITA—(AP)—The St. Joseph, Mich., Auscos, who blasted out a new tournament record with a 28-1 victory in their opening National Semi-Pro Baseball Congress Tournament appearance, headline tonight's card when they seek victory, No. 2, against the Tucson, Ariz., Merchants.

The Lima, Ohio, vets were the losers.

NEW COACH NAMED

BEAUMONT—(AP)—Lewis Vernon Ford, former coach at Bruceville-Eddy High School, has been named head coach at French High School here.

Panhandle Field Remains Exempt From Shutdown

AUSTIN—(AP)—A September allowable designed to permit an all-time record production of 2,341,536 barrels of Texas crude oil daily was announced yesterday by the Railroad Commission.

The giant flow of oil was made possible by maintaining the number of statewide producing days at 27 for the 30-day month of September, the same number of producing days allowed in August.

West Texas will have 25 producing days, while the East Texas field was cut from 22 to 21 days because of a rapid decrease in bottomhole pressure during July. The Panhandle field remains exempt from shutdown.

A net allowable of 2,534,393 barrels daily was scheduled for the coming month, 29,691 above the Aug. 16 allowable.

The commission estimated that

Priscilla's Pop

Al Johnson and Columbia have completed a deal for the sequel to the sensational "Johnson Story." But the \$64 question is whether they can get Larry Parks to do it. Al thinks so.

Susan Peters Planning Tour of South America

By BOB THOMAS
HOLLYWOOD—(AP)—Nothing seems to faze Susan Peters. Now she is planning an air tour of South America.

The actress will take a rest after she finishes "The Sign of the Cross," her first film since becoming paralyzed. Then in the late fall she wants to make a trip south of the border. She would travel by plane because she is addicted to seasickness.

Al Johnson and Columbia have completed a deal for the sequel to the sensational "Johnson Story." But the \$64 question is whether they can get Larry Parks to do it. Al thinks so.

Barry Fitzgerald hasn't been able to click in pictures without Bing Crosby, but now he'll get his big best chance since "Going My Way." He is reportedly joining Dick Haymes, Deanna Durbin and Vincent Price in "Up in Central Park."

British offers are descending on Hollywood players. Apparently increased production is being planned in England to make up for the loss of new U. S. films in theaters there. Sydney Greenstreet and Claude Rains are among those who have received, and declined, offers from abroad.

Van Johnson, heading east for a "business trip," will also drop in on premieres of "Romance of Rosy Hedges" in St. Louis, Houston, Memphis and Harrisburg, Pa. He returns to begin "Wanted" with Ava Gardner Sept. 1.

Frank Sinatra will sing in "Miracle of the Bells," his fans will be

happy to know. The song is "Ever Homeward," taken from a Polish folk tune and Frank thinks it will be as big a hit as "The Anniversary Song," whose minor key it resembles.

Colorado is the highest state in the United States, two thirds of its area ranging between 6,000 and 14,000 feet above sea level.

underproduction of 7.61 percent would result in actual flow of 2,341,536 barrels daily.

Natural gasoline and distillate production was figured at 191,545 barrels, bringing total Texas production anticipated in September to 2,533,071 barrels each day. This is 245,071 barrels over the Bureau of Mine's estimate of September market demand, including distillate and natural gasoline.

Chairman Ernest O. Thompson of the Railroad Commission said all cuts sought by producers were allowed.

Net allowables by districts as of Aug. 16, compared with September:

1. South Texas—25,237, 25,486, up 249.
2. Southwest Texas—179,648, 172,715, up 2,067.
3. Gulf Coast—536,516, 547,805, up 11,289.
4. Southwest Texas—259,684, 262,899, up 3,215.
5. East Central Texas—42,068, 43,122, up 1,054.
6. East Texas (outside)—120,759, 122,993, up 2,234.
6. East Texas Field—325,893, 321,619, down 4,274.
- 7-B. West Central Texas—47,801, 47,281, up 262.
- 7-C. West Central Texas—42,955, 43,798, up 843.
8. West Texas—672,508, 684,582, up 12,074.
9. North Texas—161,917, 162,521, up 504.
10. Panhandle—99,498, 99,572, up 74.

Twins Born 43 Miles Apart—All O. K.
CHARLESTON, W. VA.—(AP)—Twins born 12 hours and 43 miles apart were "getting along nicely" today at the Kanawha Valley Hospital in Charleston.

The hospital said a baby girl was born to Mrs. J. A. Hoppney at her home in Stickney, Raleigh County. A boy was born to the mother just 12 hours later in the hospital.

FLOWER ODDITY
The large, white, funnel-shaped "blossoms" of the calla lily are not true flowers at all, but the outer leaves. The real flowers are tiny, inconspicuous things, crowded together on the club-like spadix, in the center.

STUDY TIME
Many of the children of Chinese fathers and English mothers in Limehouse, London's Chinatown, are giving up their evenings to learning Chinese.

When Ft. Atkinson was established in what is now Nebraska in 1820 it was America's farthest west military establishment.

Thousands of couples are weak, worn-out, exhausted solely because they lack iron. For new vim, vitality, try Oatex Tonic Tablets today. Contains iron, too, may need for pep; also vitamin B₁₂. Be delighted—money back for sale at all drug stores everywhere.

Communist Sec. Gives Advice to Candidates

GALVESTON—(AP)—If candidates in the Ninth Congressional race follow the advice of James J. Greene, secretary of the Texas Communist Party, they will:

1. State their views upon such topics as prices, wages, taxes, the problems of farmers, the veteran and the Negro.

2. Take stands on such questions of more technical service to farmers, full appropriations for soil conservation and long term loans. Greene spoke Tuesday night over Station KGBC as the party's second paid radio address of the current campaign.

In Hollywood

By ERSKINE JOHNSON
NEA Staff Correspondent
(Johnson on KFDN Monday thru Friday, 2 p.m.)
HOLLYWOOD — It's Florida vs. California again, with Esther Williams in the middle. In a \$1000 bet, she is betting that Florida's weather will be better than California's weather.

It started after Esther returned from Florida on a location trip for "On an Island With You." On a radio show she was asked if she liked Florida's weather. Said Esther: "It's too hot."
The screams from Florida have been coming in ever since. The Chamber of Commerce and even the governor have wired Esther nasty little digs.

Digged back Esther: California has fog that washes out bridges, smog, forest fires and 100-degree temperatures. But of course we don't believe it. It's too hot!
Esther wears the flesh net bathing suit with waterproof sequins for the movie. Peter Lawford and Ricardo Montalban are chasing her. It's only a dream which is apparently why the censors approved the filmy bathing suit.

Really, Esther blushes, "It looks like all I'm wearing is a couple of sequins."
DESIGN FOR DIALOGUE
Esther's movies are making a fortune for M-G-M right now, but Esther continues to battle for "intelligent dialogue." "I sneak up to the writers' office every day," she said, "and insist that they do right by me. Just because I can wear a bathing suit doesn't mean that I can't talk."

M-G-M was worried about Peter Lawford's swimming ability for his scenes with Esther. "Can you swim?" he was asked by an M-G-Mogul.

"Of course," said Peter. "I used to be a pearl diver—still am."

Said Peter: "When a girl's string of pearls breaks, I dive for 'em under the table at Ciro's."

ROLE FOR ALICE WHITE
Alice White is up for a big role with Jeanne Crain in "Flapper." Jimmy Henagan is carrying the torch for his ex-wife, Gwyn. Brian Donlevy is now getting \$150,000 a picture. How times change! Peter Lawford is going east for a play, hasn't been able to rent his Beverly Hills home.

Recommended: Johnny Mercer's Capitol recording of the old hit, "Why Should I Cry Over You?"
Karen Morley, on the comeback trail, is up for a big role in "Caruso Sings Tonight."

Promised and hoped for: Henry Morgan giving New York the ribbing of the century in a film version of Ring Lardner's "So This Is New York." Morgan is primed to prove that New York isn't even a great place to visit. Morgan will get \$100,000 for doing the Stanley Kramer film and a cut of the profits.

No hamming allowed at the Joan Fontaine-Bill Dozier home. Joan says she was over-dramatizing a story when Bill politely injected: "Watch it, Smithfield."

Brucellosis Greatest Threat To Nation's Cattle Production

Food Spending Due To Drop 15 Percent

NEW YORK — That abnormal share of the consumer's dollar going for food today is for a cut, says Food Industries. Present indications are that swollen retail expenditures on food will be diverted in part into rents, automobiles and similar channels.

"The portion of income spent on food in the first quarter of this year was running around \$5,000,000,000 more than normal," the magazine continues. "But the dollars going to cars and rent were, respectively, about \$7,500,000,000 and \$4,500,000,000 below normal. Altogether, that's \$12,000,000,000 of consumer income available for 'excess' spending on other things."

The rest that's not spent on food has found its way into clothing, liquors, restaurants, and a variety of other retail lines.

An expenditure analysis in the magazine states that dollars spent on food at retail may drop 15 percent in the next nine to twelve months.

This decline may result from both a recession in general business and a reversion of distorted consumer spending patterns.

Yes—Guys with White Collar Jobs Have Wrong Ideas

You've heard the guys who work in offices and who don't know a cultivated from a combine say, "The farmer—there's a fellow who has the life. Works when he wants to—sleeps when he wants to—stands out as the most important man in the world."

Wouldn't you want to be a farmer? You'd want to be a farmer, wouldn't you? You'd want to be a farmer, wouldn't you? You'd want to be a farmer, wouldn't you?

It's true that farm machinery and better management on a lot of farms is spreading the work out—cutting down the seasonal work peaks and making farming more of a year-round, balanced job. But there's still a few wrong ideas. If they'd follow a farmer around, say, during wheat harvest, they'd probably raise a little dust getting back to the old eight-hours-a-day office job.

It's true that farm machinery and better management on a lot of farms is spreading the work out—cutting down the seasonal work peaks and making farming more of a year-round, balanced job. But there's still a few wrong ideas. If they'd follow a farmer around, say, during wheat harvest, they'd probably raise a little dust getting back to the old eight-hours-a-day office job.

Farm Labor Supply Camps Are Toured
McALLEN—(AP)—Cities or counties that acquire the six South Texas Federal Farm Labor Supply Camps will have to continue to operate them primarily for migrant farm workers.

That was an opinion expressed here by State Labor Commissioner M. B. Morgan, who with Assistant Attorney General David Wintsch, concluded a two-day tour of the camps yesterday.

Morgan said the governor's committee he headed certainly "wants to help" those seeking to acquire the camps.

He said the city of Sinton is trying to obtain the Sinton camp, Nueces County; the Raymondville camp, Cameron County; the Harlingen center, the city of Weslaco and other local agencies the Harlingen camp, and McAllen the McAllen camp.

Railroad watches are permitted a weekly variation of seconds—one second out of 20, 160, or an accuracy of 99.995 percent.

Insect Poison 4 Times As Potent as DDT Found
An insect poison four times as potent as DDT against certain insects was announced today by United States Rubber Company.

Extensive laboratory tests of the insecticide, called Synklor, show it is particularly powerful against such household pests as roaches, ants, moths and carpet beetles, according to John P. Coe, vice president and general manager of the rubber company's Natick, Mass., chemical division.

He added that the border of grasshoppers which in recent years have gained an upper hand on Western farm lands must also bow to this new chemical.

The active chemical in Synklor is chlordane, which is an abbreviation for octachloro-4,7-methano-2,3-dichlorodioxane. It is reported to be no more toxic to human than DDT.

Associations Start Project To Stymie Baby Pig Losses

As I See It--

By SAM LEWIS VEITCH

In far-off Geneva, Switzerland, an international conference will be held this month which may have an important bearing on the welfare of the world's farmer and their customers, the people of the world. Purpose of the Geneva World Food Conference is to examine the intricate web of circumstances which limit the food, sometimes to the point of starvation, of close to a billion people while elsewhere, at the same time, farmers are forced to plow under their crops.

It would take a council of modern day Sokomons to figure that one out. All sorts of suggestions have come forth—most of them good on paper. Solutions have been suggested ranging from specialization of crops by geographic zones, and storing world food surpluses in giant natural frozen food vaults at the South Pole. Most of the suggestions of the world's leading agricultural thinkers like Sir John Boyd Orr, director of the United Nations' FAO, have a basis in common horse-sense, but they can't overcome the fact that a large part of the world's food surplus is perishable.

Unlike wheat, corn, and oats, such crops as potatoes, meat, milk, eggs, and truck vegetables can't be stored or transported without canning or freezing. And at present, the facilities aren't available for storing them on the scale necessary to satisfy the world's hunger. One suggested way out would be to set up rigid controls which might eliminate surpluses by regulating the acreage to be planted in each crop. Another suggestion is to set up rigid controls which might eliminate surpluses by regulating the acreage to be planted in each crop.

Government to Aid in Mechanization of Cotton Production
GREENVILLE, Miss.—(AP)—Uncle Sam is ready to step in and help the cotton producer in the mechanization of cotton production through loans to farmers and through finding work for any persons who may be displaced, E. D. White, assistant U. S. Secretary of Agriculture, announced this week.

White spoke before a group of some 200 persons attending the National Cotton Council's Cotton Mechanization Conference here.

In mechanization, he said, "adequate credit to buy farm machinery will be a problem for many small farmers. Farmers of smaller, non-family size units may need credit to consolidate their holdings and enable them to bet on a basis of mechanize their production."

"Furthermore," he said, "as long as the labor displacement problem does not take on serious dimensions, it has not done so thus far, we have the facilities of the U. S. Employment Service which should be of some help to farm workers in locating more satisfactory employment."

Official of Mining Company Succumbs
LAREDO—(AP)—Services will be held today for Ernest Aldridge, 78, who died at his home yesterday. He was a native of England, but went to Guadalajara, Mexico, as a young man. For many years he was associated with a mining company in Mexico.

Texas Leads States In Plan to Increase Cotton Consumption

BRYAN—Texas leads all other cotton-producing states in the number of ginners, cotton merchants, and cottonseed crushers supporting the cotton industry program to increase cotton consumption, George G. Chance, Bryan, chairman of the Texas Unit of the National Cotton Council, announced today.

"As I see it," he said, "the Texas 2,180 cotton gins already are supporting the Cotton Council's program of research and sales promotion for the 1947-48 season. The Texas effort is almost twice as great as that for the remainder of the Southwest combined."

Of the 168 cotton merchants in Texas, Mr. Chance said that 44 percent have joined in the Council program. He also pointed out that 46 cottonseed crushing plants are supporting the Council—more than the combined total of crushing mills which have to date agreed to back the industry program in the seven states of the Mississippi Valley.

"Texas has built an enviable record for itself by taking the lead in the cotton industry's program to build new markets for cotton lint and seed," Mr. Chance declared. "The cooperation pledged by the National Cotton Council by Texas cotton men thus far indicates that our state is fully aware of the necessity of backing cotton's fight against its competitors."

The Texas chairman said that the National Cotton Council has during the past decade conducted an unceasing program on behalf of the 15,000,000 people of the cotton industry. He said that the program already had accomplished much toward holding and enlarging cotton's established markets and building new ones.

Federally Operated Farm Labor Camps To End This Fall
WASHINGTON—(AP)—State executives and farm leaders are being reminded by the Agriculture Department that this fall will see the end of federally operated farm labor camps.

Congress authorized sale of these wartime projects, and directed that the surplus of wheat be sold as the operating agent by next Jan. 1. Department spokesmen say, however, that financial limitations require closing the camps by Sept. 30.

Jan. 1 also will see the end of federal importation of foreign workers. Col. W. R. Bue, the department's labor chief, told a reporter today, however, that the department will have 15,000 to 20,000 foreign workers to aid fall harvests such as sugar beets and late fruits.

The domestic farm labor supply, he said, "seems adequate so far, except in isolated localities."

The Census Bureau announced this week that the farm population increased 700,000 during the past year, but it had declined nearly 3,000,000 between 1940 and Jan. 1, 1947.

There are 54 permanent camps on the list.

Destroy Bugs by Sowing Time

"Between now and wheat-sowing time this fall is the time to control green bugs," says County Agent Ralph Thomas. "It is a matter of destroying all the green bugs, wheat, and cutting off their food supply for a period of time."

The eggs are laid on the wheat in the fall that hatch out in the spring, Thomas continued. If the winter is mild the green bugs will live through the winter, so if conditions are favorable in the spring the pests multiply very rapidly, and do a great deal of damage to the wheat.

This hot dry weather with very little volunteer wheat is not favorable for the green bugs, Thomas pointed out, but some of these insects will live through in the grass around the fields and will multiply very rapidly if favorable weather prevails this fall.

It is impossible to starve out all of the green bugs as there is always some vegetation on which they can survive, but cutting down the food supply will decrease the number to lay eggs this fall or live through the winter.

No practical method of control has been developed for green bugs infestation of wheat in the spring, Thomas said. Spray or dust material for control of these aphids is very expensive for use on a large wheat field, as well as not effective. Many of the bugs are in parts of the plant where the dust or spray material will not reach.

Secretary Anderson has indicated that the states take over the camps, but most states will need special legislation to do it.

Mr. Whitney, the highest peak in the United States, can be seen from Death Valley, the lowest point in the country.

Texas Association Votes Name Change

FORT WORTH—(AP)—The Texas Baby Chick Association today becomes the Texas Poultry Improvement Association.

New president of the association is Stuart T. Nash of Kaufman, the first poultry man dealing exclusively in turkeys to head the organization.

The name of the association was changed in recognition of the growing influence of turkey producers in the \$2,000,000 Texas poultry industry.

The 24th annual convention of the association ended last night with a banquet and dance.

Other officers, besides Nash, include T. A. Hensardling, Stephenville, executive secretary treasurer; J. Leigh Langreem, Gonzales, vice-president; and A. E. Demke, Stephenville, International Baby Chick Association director.

Juarez Hospital Graduates Nurses
MEXICO CITY—(AP)—Juarez Hospital, which celebrated its 100th anniversary yesterday, cared for soldiers wounded in the Battle of Fajerna, where the Mexicans fought invading U. S. troops a century ago.

The hospital's celebration included the graduation of the first class of trained nurses from a Mexican hospital with standard courses.

LOW COST FARM LOANS
Farmers and ranchers find that Land Bank loans help them pay out to debt-free ownership. Today's 4% rate is tied down for a long period of years in a Land Bank loan closed today. The debt can be repaid from earnings of the land. However, any or all of a Land Bank loan can be paid at any time with funds from any source, without penalty. This is an unusual privilege not enjoyed by all borrowers.

MACKENZIE'S Column

By LARRY HAUCK
(Subbing for Mackenzie)

Five Russian vetoes in the Security Council this week pointed up again the need for revision of the United Nations machinery.

The situation Trygve Lie as a continuing one, "no more serious than a year ago," but Council Chairman Farris el Khoury frankly acknowledged that the council was "paralyzed" by the veto.

In every one of the latest vetoes, which ran the Soviet string to 16, Andrei A. Gromyko killed a decision agreed to by nine of the 11 council nations. Poland, as usual, supported Russia.

More important in the general picture than the mere 16 vetoes were the dozens of silent or unrecorded vetoes—the times when proposals never went to vote because

Russia announced she would kill them.

The entire question will be aired again in the September meeting of the General Assembly, Lie said. To meet the situation, the U. N. has roughly three courses of action:

1. Attempts could be renewed to remove or modify the veto, but these apparently are doomed in advance.
2. Nations could put pressure on Russia through world opinion to hold down on use of the special voting privilege granted by the charter to the Soviet Union, United States, Britain, France and China.
3. Delegates could press for a weighted system of voting in the 55-nation assembly, where there is no veto, and gradually and quietly give the big body more prestige and power.

The real answer to the first point of course lies in the charter itself, which must be changed to kill or modify the veto which provides that any amendments shall be subject to unanimous approval of the five major powers.

Starting with last year's assembly, attempts were made by the small nations to implement point two by exposing the frequent Russian vetoes to a thorough airing. This apparently had no effect on the Kremlin.

Until recently the United States and other nations in the council majority consistently attempted to work out compromise proposals to satisfy Russia and avoid her veto. However, in the last stages of the Balkans debate the Western powers abandoned this course and forced two strong resolutions to a vote with the apparent motive of making Gromyko veto again and again and thus subject his country to the glare of the world spotlight.

OUR BOARDING HOUSE... with... MAJOR HOOPLE

Mr. and Mrs. George Crossman and son, Gabe, are vacationing in Colorado and New Mexico.

Miss Luella Fae Held has been visiting her sister, Mary June in Amarillo.

Mr. and Mrs. Noel G. Mathias have returned from a wedding trip through California and Mexico. They are temporarily at home with her parents, Mr. and Mrs. Vaughn Biggs. They were business visitors in Amarillo on Tuesday.

Mr. and Mrs. Wayne Driskill and Larry visited Mrs. Fred Nunley in Amarillo recently. Mrs. Nunley, a sister of Mrs. Driskill, is recovering from major surgery.

Mrs. George Bobbitt has returned to her home after receiving medical treatment at Amarillo Osteopathic Hospital.

The fire department has been busy for the past two days with five fires, caused from trash and grass fires. Only damage reported was at the C. F. Hood home where fire from a neighbor's trash burned fence, vines, shrubs and fruit trees.

Mr. and Mrs. Merle Levelen and Dean are visiting relatives in Enid, Okla.

Mr. and Mrs. Ralph Wersonick are the parents of a girl born August 19 in St. Anthony's Hospital, Amarillo. Mr. and Mrs. V. E. Wersonick, Albuquerque, N. M., and Mr. and Mrs. Floyd Hubbard, Panhandle are the grandparents.

Statewide Recruiting Drive Planned for Texas National Guard

AUSTIN—(AP)—A statewide recruiting drive to enlist 3,925 new members into the Texas National Guard was in the planning stage today.

State Adjutant General K. L. Berry said the state campaign will be a part of a national effort to secure 88,888 officers and men in National Guard units between Sept. 16 and Nov. 16.

Each state's champion enlisted man recruiter will go to Washington at the expense of the National Guard Bureau and will be the guest of the secretary of war and the superintendent of the U. S. Military Academy at the Army-Navy game in Philadelphia Nov. 29, Berry said.

Lt. Col. W. C. Wilkes, information and education officer in the state adjutant general's department, will supervise the Texas campaign.

In building Boulder Dam, enough concrete was used to build a broad highway across the United States.

Gov't to Aid State School Lunchrooms

AUSTIN—(AP)—The United States Department of Agriculture will contribute \$2,590,962 to the Texas Community School Lunchroom program this coming year, State Superintendent of Public Instruction L. A. Woods, has announced.

The federal funds must be matched locally dollar-for-dollar.

Woods said 2,456 such programs last year served daily lunches to some 285,000 Texas school children.

"PAID INSULTS"

Ancient Rome had a law which allowed a man to avoid a lawsuit when insulting another. The man merely had to hand the injured one a sum of money equal to 25 cents to prevent him from taking the case to court.

Used Fats Are Still Badly Needed!

Says the Food Editor of McCall's,
HELEN McCULLY

So many women write to our magazine and ask if they should keep turning in their used cooking fats. Most certainly yes! There is still a shortage—not only in the United States but all over the world. Here is what Secretary of Agriculture Clinton P. Anderson says: "It is still necessary to conserve every pound of used fat, since the over-all fat supply situation is little better now than it was last year." That's why we American women must keep on saving used fats until the world-wide shortage is over!

KEEP TURNING IN YOUR USED FATS

American Fat Salvage Committee, Inc.

Representative Makes Public Letter Against Building Amendment

ABILENE—(AP)—A copy of a letter that State Rep. Sterling Williams of Snyder made public here last night said the representative could not understand why the Governor was "so strongly supporting" the proposed college building amendment to the state constitution.

Williams asserted in the letter passage of the bill would give the University of Texas around \$45,000,000 in 30 years, which he said was "more than the amendment will give the other small 14 colleges combined over the same period."

"Perhaps this action as a member of the Board of Regents of the University of Texas might be understandable," Williams said "but such action as Governor of Texas is not understandable."

He continued:

"How, Governor, can you say that a program financed by ad valorem taxes totaling \$45,000,000 is no new tax on the taxpayers of Texas? It would be just as reasonable, and no more fallacious, to say that this proposed tax is in lieu of and instead of a frontier tax for protection against Indian raids as it is to say it is in lieu of and instead of a tax voted by the people 54 years ago to pay pensions to the Confederate soldiers and their widows."

Well Help Put MORE FUN in Your Vacation Travel WITH THIS COMPLETE PRE-VACATION Check-up!

- Tune-up the engine for top performance.
- Lubricate the chassis.
- Inspect the transmission and differential lubricants.
- Change motor oil; inspect air filter.

FUNNY BUSINESS BY HERSHBERGER

field. Over 250 employees are hired. Edward Byer is president, Harry Rolnick the guiding genius.

The plant continuously experiments with new styles, new colors, new dyes. This year it offered a summer feel in bright yellow, blue, green and other shades. It's lightweight, and sold better than you'd think.

Here are a few odds and ends about hats:

It takes five rabbits to produce enough fur for one hat. American men buy one one half hat a year.

The patron saint of the hatter is Saint Clement, who accidentally discovered how to make felt. He did it like this: He planned a long hike, cut a lot of fur off a rabbit and padded the bottom of his boots with it to make walking easier.

He took his walk, perspiring badly as so many do. When he got home, he reached in to empty the fur, but found it had become felt.

The perspiration (moisture), the kneading as he walked on it, had caused the fur to shrink and "felt."

The same principle, practically, is still used to make felt, although of course people don't do it by foot—they use machines.

The new styles—well, they won't come to the ankles, men, but they're different.

Texas Today

By JACK RUTLEDGE
Associated Press Staff

Many of America's best dressed men, from movie stars to scions of the idle rich, wear hats made by cowboys and ranchers in a small Texas town.

And they aren't cowboys hats, either—they're swank Homages of off-the-face jobs, or maybe a smooth snapbrim as stylish as any made anywhere. They are expensive quality hats.

The company is the Byer-Rolnick Company of Garland, near Dallas. The hat is the Resistol. That may sound like free publicity, but after all, we had to mention the name of the outfit, didn't we?

Anyway, the plant is unique. It's unusual. It's Texas in action and it's news.

Resistol pioneered assembly line production of hats, and that's how just plain people could become hatters. In the big Eastern and European plants, one man known as an expert hatter took the felt and made a complete hat, all by himself.

Now, this hatter might be a genius in several operations, but you can't expect him to be perfect in everything. The result was a good hat, with maybe a minor flaw here and there where he was weak.

The Texas plant decided to break down the 96 operations necessary in making a hat, train one man, or woman, to become expert in just one thing, like sewing in the leather band, or blocking.

As a result, the hat goes from expert to expert and ends up in a box at the end of the production line in top shape. The operation has speeded production, improved hats and cut costs.

The plant, a modern 500,000-square-foot building that's almost all windows, is located on a 50-acre park that not long ago was a cotton

Acting Governor Urges Passage of New Amendment

AUSTIN—(AP)—Acting Gov. Allan Shivers and a post commander of the Veterans of Foreign Wars, last night, in a joint radio broadcast urged adoption of the proposed college building amendment.

Central America, cautioned that failure of the amendment at the polls Saturday "will cast a dark shadow of doubt on Texas' intention toward its deserving veterans and its youth in general."

"The people can now determine whether they wish Texas' higher educational system to progress rapidly and meet the immediate needs of veterans who are overcrowding our schools and also meet the needs of future high school graduates who will attend college," he said. "Adoption of the amendment will assure that these needs will be met promptly and efficiently."

He noted that "most of the daily and weekly newspapers of the state realize the importance of this amendment . . . and editorially are urging its support." He quoted from editorials of the Port Arthur News, Dallas Morning News, San Antonio Express and Rock Springs Mohair Weekly.

Sydney Lester, commander of Wayne Cherry Post, VFW, Commerce, said an advertisement attacking the amendment which appeared in the VFW newspaper "does not represent the point of view of all Texas VFW members."

A resolution opposing the amendment had been unanimously adopted

Position open for man to take over men's and women's shoe department. Excellent starting salary for the right person — and wonderful chance for advancement.

ed by the VFW in state convention and the organization's state commander, Roger Q. Evans of Denison, has actively campaigned against the amendment.

Lester said he kne who spoke "for thousands of veterans of the American Legion and the Veterans of Foreign Wars."

"The college building amendment should have the backing of every veteran, for his own good, for the good of the state, and for future generations of Texans," he declared.

Lester and his Commerce Post of VFW broke with the state organization's policy opposing the amendment last week after a former VFW state commander, Major Horace H. Shelton of Austin, rapped at the organization's stand in the matter and urged support for the amendment through letters addressed to all Texas VFW posts.

Business, Government Concerned About Farm Mortgage Increases

NEW YORK—Both business and government circles are beginning to show concern over the upward trend of the U. S. farm mortgage debt, reports Business Week.

"In 1946, farm mortgages climbed some \$170 million, bringing the overall total up to an estimated \$5 1/4 billion. This put an abrupt end to the downward trend which had been going on steadily for 16 years. Outwardly, this would seem disturbing

but actually," the magazine points out, "the farm mortgage debt was still—except of the low record of 1945—at the lowest point in 32 years. This meant that the total debt was far under (by \$1 1/4 billion) the figure at the beginning of the war. And both debt and interest charges per acre were far below the 1923 levels."

"But several other factors are worrying the experts:

"The average size of new farm mortgage loans has been increasing sharply. In 1940 they averaged \$2,290; last year they averaged nearly \$4,000.

"Inflation in farm real estate prices has reached serious proportions. Average price per acre is now 92 percent above the 1935-39 average, only a shade (6 percent) under the record 1920 inflationary peak. And sales reached a new high last year.

"Many wonder," the publication asserts, "just how long the current high produce prices—chief cause for the farm real estate boom—are going to hold up. Prices could decline an average 15 percent or so before government support would come to the rescue."

RAPID DROPPING

Any free object that is not held up in some manner, no matter how high the price, will drop. And sales reached a new high last year.

A watch worn constantly will keep better time than a watch worn irregularly.

Legal Records

Marriage Licenses
The following were granted licenses to wed yesterday in the offices of County Clerk Charlie Thut: James L. Stalls and Maureen Smith; Allie F. Barnett and Helen Alexander.

Realty Transfers
T. A. Landers and wife, Emma N. Landers, to W. L. Hinton: All

of Lots numbered 1 and 2 and the northerly one-half of Lot number 3 situated in Block 107 of the original town of McLean.

J. L. McMurry to the Kimbell Milling Company: The easterly 100 feet of Lot number 5 extending from Highway 60 right of way to the Santa Fe Railway in East Kingsmill.

W. S. Roberts and wife, Lula Roberts, to O. R. Wylie: All of Lot number 1 situated in Block 13 of the Wilcox Addition of the city of Pampa.

Morris Enloe and wife, Irene Enloe, to Mrs. Grace Meadows: The westerly one-half of Lot number 20 situated in Block 2 of the Young's 2nd Addition of the city of Pampa.

Building Permit
A permit to build a two-story business and residential building at 409 Crest St., was granted yesterday in the office of City Engineer Dick Pepin to Elsie Ligon.

Nearly 4,000 individual operations are required in manufacturing the parts of one watch.

MOVING SANDS
Kill Devil Hill, the dune at Kittyhawk, N. C., on which a 150-foot monument was erected in 1932 in honor of the Wright brothers, was found to have shifted 400 feet since the Wrights first flew their plane over it 29 years before.

NOT SO BRIGHT!
All the electric lights in use in the entire United States would illuminate an area of but one square mile as brightly as it is illuminated by sunlight.
