McCarthy Tries To Win Votes For Ike Tonight, But Could Also Lose A Few

WASHINGTON (AP)—This is the last call for surprises that might swing the election. If either side has one left, there's only one more week for springing it.

Gallup Poll

New York In 'Doubtful' Column As Stevenson Cuts Ike's Lead

By GEORGE GALLUP Director, American Institute of Public Opinion PRINCETON, N. J., Oct. 27.—The Democrats have registered a sharp gain in New York state in the presidential race.

But even on that basis New York would appear to be in the "doubtful" column at this time. Today's survey was completed Oct. 18 and therefore the results do not constitute a forecast of how the state will go Nov. 4.

Table showing party preferences: Democratic party 40%, Republican party 44%, American Labor party 2%, Undecided 14%.

Table showing candidate preferences: Eisenhower 47%, Stevenson 39%, Hallinan (A.L.P.) 2%, Undecided 12%.

Just how the 14 per cent undecided will finally go on Election day cannot be accurately pre-determined. If he divides this year in the same way as they voted in 1948, then the Democratic party would receive about two out of every three votes in this group.

Obviously, on the basis of the above figures, the undecided voters are a key factor in the outcome in New York state. They constitute some who are truly undecided and some who are unwilling to state their preference at this time.

Table showing how New York has voted in previous years: 1932 (Dem 56.7%, Rep 43.3%), 1936 (Dem 60.2%, Rep 39.8%), 1940 (Dem 51.8%, Rep 48.2%), 1944 (Dem 52.5%, Rep 47.5%), 1948 (Dem 53.7%, Rep 46.3%).

In 1948 New York cast 6,177,000 votes, or nearly 13 per cent of the national total. Dewey got 46.3 per cent, Truman 45.4 per cent and Wallace 8.3 per cent of the three-party vote.

The Institute is analyzing the undecided group not only on the basis of their economic characteristics and how they voted last time, but also on the basis of their views on political issues. If a similar analysis had been made in 1948, much of the error of polls could have been avoided.

It was the first time in five consecutive presidential elections that the G.O.P. carried the state. Here is the state's voting history in recent years: HOW NEW YORK HAS VOTED.

# Bellwether Counties Seen Going For Ike

NEW YORK (AP)—If signs mean anything in those 11 counties which brag a bit about picking all the presidential winners since William McKinley and 1896, Republican Dwight D. Eisenhower looks like the victor this time.

But some of the counties seem sure to have their reputation ruined a week from tomorrow.

Newspaper editors and correspondents who took part in a mid-October political survey for the Associated Press estimate that seven of the 11 might go Republican, four Democratic.

These are the "bellwether" or "weathervane" counties, scattered through eight states from coast to coast:

Crook County, Oregon, Albany

and Laramie Counties, Wyoming; Jasper and Palo Alto Counties, Iowa; Vanderburgh County, Indiana; Belmont County, Ohio; Marion County, West Virginia; Fayette County, Pennsylvania; Strafford and Coos Counties, New Hampshire.

Newsmen sized them up this way in the AP survey:

Somebody's going to be wrong in Wyoming this year. Albany County has been on the winning side since 1892 and editors expect it to back Republican Dwight D. Eisenhower. Laramie County has been with the winner since 1896 and editors give Democrat Adlai E. Stevenson a narrow edge there.

New Hampshire's two barometer counties are considered likely to give Eisenhower "a very slight edge." Editors see several factors favoring the GOP:

The Democratic plurality has been dropping in recent national elections. The vote may set a record this year. Wounds aren't entirely healed from the primary scrap between President Truman and Sen. Estes Kefauver of Tennessee. Layoffs in mill regions are resented. Some Democrats are coo toward Truman campaign utterances.

Vanderburgh County, Ind., in which Evansville is located, has been visited by both Eisenhower and Stevenson.

On the basis of a postcard poll, the Evansville Press estimates the county will toss 52 per cent of its vote to Eisenhower, 48 per cent to Stevenson.

Next door in Ohio, Belmont County looks like Stevenson territory. Coal and steel are the big industries.

A bit farther east, in Marion County, West Virginia, this is the word from C. E. Smith, veteran editor of the Fairmont Times, a staunch Democrat and Stevenson supporter:

"Marion County has proved an accurate political barometer through the years because its diversified population is a cross-section of the whole country. I used to be able to forecast how the county was going by walking up and down Main Street just before election day, talking to the people.

"There is no reason to believe that the county will not go Democratic this year."

Fayette County, Pennsylvania, in the heart of the soft coal region, seems likely to back Stevenson, too.

But Joseph L. Dickson, editor of the Uniontown Herald, expects the Democratic margin to be smaller than in past elections.

Iowa's two bellwether counties are considered Republican this year. Jasper County is an industrial and agricultural area, Palo Alto a farming county.

Crook County, Oregon, has been switching around. In early September it seemed pointed toward Stevenson. Now it is believed reasonably sure to like Ike.

Farmers and laborers make up the bulk of the voters in a county that shows signs of weariness at being polled over and over.

# McCarthy And His Supporters Resemble Reds

CHICAGO (AP)—Sen. Herbert H. Lehman (D-NY) told a Chicago audience Sunday "the forces gathered under the banner of the McCarthy brand of anti-communism . . . most closely resemble the Communists in tactics, strategy, aim and purpose."

"Totalitarianism, as such, holds no horrors for those pseudo anti-Communists," the senator said at the annual meeting of the Anti-Defamation League of B'nai B'rith.

"Indeed, they are quite ready to utilize the very means and methods of the Communists. And, like the Communists, the only principle to which the McCarthyites adhere is the principle of power."

After his speech, Lehman said he referred to Sen. Joseph R. McCarthy (R-Wis) and the men who assist and endorse him. Lehman spoke after receiving the league's annual Silver Medal Award for "distinguished contributions to the enrichment of America's democratic legacy."

Sen. McCarthy is scheduled tonight to tell his much publicized "Stevenson story" in a nation-wide radio and television speech. He says it will show connections between Gov. Adlai E. Stevenson of Illinois, Democratic candidate for President, and known Communists and Communist causes.

What the senator calls his "carefully documented history" of Gov. Stevenson for the past 17 years will be broadcast over the Mutual Broadcasting System and telecast over the American Broadcasting Company's system at 9:30 p.m. (EST).

Forces backing McCarthy, Lehman said, are "among the most vicious in America today," and the accused them of using "demagoguery to spread confusion and induce hysteria."

# IN SELF-DEFENSE Planes Can Return Fire From Soviets

By ELTON C. FAY  
WASHINGTON (AP)—The Air Force is leaving to its pilots and overseas commanders the decision of what to do if Soviet fighters again attack American planes flying peaceable missions over non-Russian territory.

A USAF spokesman made it plain today, in answer to questions, that the crews of a plane, like the B29 shot down by Russian fighters over Japanese waters earlier this month, has the right to fire back in self-defense.

However, the American plane downed by Soviet gunfire Oct. 7 could not have fired back because it wasn't prepared for shooting. Its guns were "tied down" during the routine training flight to the Northern tip of Hokkaido.

Another answer by the spokesman indicated the Air Force now is ready to cope with any such attacks by Soviet fighters by assigning a fighter-plane escort when needed. The spokesman said, "Day-to-day tactical considerations dictate whether escort is provided."

This double-barreled self-defense program—apparent blanket authority for plane crews to protect themselves and for commanders to assign fighter escort when needed—seems directly related to the formal note sent to Russia by the State Department Oct. 17.

That note, protesting the Oct. 7 incident and demanding compensation for the loss of the B29 and the eight men aboard, urged the "Soviet government seriously to consider the grave consequences which can flow from its reckless practice, if persisted in, of attacking without provocation the aircraft of other states."

Apparently, one grave consequence could be the failure of Russian fighters to return to base after an attack on American aircraft.

After World War II it became Air Force practice to send out unescorted planes on routine weather surveys and similar missions in Far East and European areas near Soviet-controlled territory.

The spokesman said: "In no case do these routine scheduled flights impinge on territory of other nations unless by specific prior agreement."

"Infrequent day B29 combat reconnaissance flights over North Korea may be provided fighter escort for periods in which enemy fighter attacks could be launched."

"The routine flight of the B29 lost over Hokkaido, Japanese territory, was noncombat, and therefore, was unescorted."

"Routine noncombat flights by B29s are generally performed under visual conditions to insure that there is no intentional border violation."

# Texas Notes 11 Days Without A Drop Of Rain

By The Associated Press  
Texas' long, disastrous drought—which some said "couldn't get worse" several months ago—grew steadily worse today, 11th day that not a single drop of rain has fallen in the state.

As far as the Weather Bureau's forecasts could tell, the no-rain days would extend right on through Wednesday.

The last recorded drop of rain in Texas well at Texarkana in the extreme northeast tip of the state Oct. 15. A total of .02 of an inch fell then.

Since then skies have been clear and temperatures have ranged from mild to hot. Sunday was the same—with Presidio's thermometers reaching a hot 91 and the state's low maximum Galveston's 77.

Sunday morning 12,000 Catholics, gathered on the Jesuit High School grounds in Dallas to celebrate the Feast of Christ the King, recited special prayers for rain. In many churches across the state, Catholic and Protestant, prayers were said for rain.

Meanwhile District Forester W. W. Talbert said at Lufkin Sunday that 61 fires in his six-county East Texas district had burned over 1,450 acres of pine lands.

Talbert said the forest fire situation in Deep East Texas was extremely critical. The six counties in his district include Houston, Trinity, Nacogdoche, Angelina, Shelby and San Augustine.

# Youth Faces Kidnap Charge As Police Seek Companions

CHATTANOOGA, Tenn. (AP)—A Nashville youth today faces a hearing on federal charges of kidnaping and car theft here as police in three states hunt his partners in a wild highway kidnaping spree.

Virgil LeMay, 15, was placed under \$12,000 bond in Nashville Saturday when arraigned before U. S. Commissioner J. W. Moore. He protested that he was forced to take part in the wholesale highway kidnaping of 20 persons in three days on penalty of death.

"I didn't kidnap anybody," he protested. "He forced me into it."

LeMay referred to James F. Hill, 29, of Framingham, Mass., who with Charles E. Hopkins, 19, of Jacksonville, Fla., also is charged in the case.

At Scottsboro, some 45 airline miles southwest of here, Highway Patrolman Preston Bryant said Hopkins tipped out of a hotel before dawn yesterday and was last seen walking toward Huntsville.

During their wild spree, which began at Valdosta, Ga., the trio stole four cars.

All of the victims escaped and none was injured seriously. Most were robbed of relatively small amounts of cash and valuables.

# Puerto Ricans Ready To Cast Record Vote

SAN JUAN, Puerto Rico (AP)—Puerto Rico's political campaign is going full blast with expenses in government and the situation in Korea two of the main issues on the island votes for the first time Nov. 4 under the new commonwealth Constitution.

A more liberal representation in the Legislature is guaranteed constitutionally for the minority parties.

Two of the opposition parties have made reference to the Puerto Rican soldiers fighting in Korea and the large number of casualties reported. Gov. Munoz Marin, also president of the majority Popular party, has taken hot issue with their arguments.

Main change in the elections this year, brought forth by the commonwealth, is the increased number of legislators who will be elected. The Organic Act, the island's equivalent to a constitution, before July 25 of this year, provided for a House of Representatives of 39 members and a Senate of 19 members. This year the island will be voting for 51 representatives and 27 senators.

Currently, there are only two representatives and one senator from the opposition. Under the new Constitution, no party will have such a complete control of the Legislature. Wherever the party gets more than two-thirds of the members in either house, the electoral system provides for election of additional candidates of the minority parties, split according to their total votes.

The highest number of voters ever registered was achieved for this year's vote with a total of 882,030.

Here is a resume of party issues:

Statehood party — Wants Puerto Rico to become a state of the union. As a state, the island could manufacture all of its sugar crop. Spokesmen charge the administration with paying exceedingly high salaries to top men in government, thus forcing an increased tax burden on the people.

Independence party — Wants Puerto Rico to get full independence. Gilberto Concepcion de Garcia, party president, in radio speeches has insisted the island would have a real democracy only when independent.

Popular party — The government party since 1940 stands mainly on its 12-year history if promises which have been fulfilled, as the records show. Party spokesmen, including Gov. Munoz, call attention to the higher standard of living reached in the last 12 years and the great advances made in getting medical aid, public schooling, social aid and other advantages to the people.

# Tin Companies Said To Owe \$67,662,487 By Bolivian Regime

LA PAZ, Bolivia (AP)—The Bolivian government says, the country's "Big Three" tin companies owe another \$67,662,487 in back taxes and customs duties. The amount is in addition to more than 485 million dollars claimed from the companies three days ago.

The Patino, Hochschild and Aramayo mines were seized earlier this month and are being operated under government supervision pending formal nationalization.

# Malayan Guerrilla Attacks 'Decline'

KUALA LUMPUR, Malaya (AP)—Gen. Sir Rob Lockhart said today that Communist guerrilla attacks in Malaya have shown a "marked decline" in the last few months.

But Lockhart, deputy director of anti-Communist operations in the British-protected peninsula, cautioned no end is in sight for the shooting war which has gripped this rich tin and rubber country for the last four years.

# HERE'S ONE "REPAIRMAN" WHO WON'T SEND A BILL

Only your telephone service is kept in good working order for life . . . at no cost to you for maintenance or repairs

This will mean a substantial repair bill. When your plumbing springs a leak, or appliances fail to work, you know you're in for a substantial repair bill. But the telephone is one "appliance," one essential service in your household that is maintained for life without repair or maintenance charges to you — a mighty important extra value that low-cost telephone service delivers in these days of high-cost repairs.

And speaking of the special values of telephone service, here's one that's often overlooked. You have no large investment to make — no costly appliances to buy before you can enjoy the conveniences of telephone service. You don't even have to buy your telephone instrument. Nor is there any expensive piping or wiring to pay for when a telephone is installed. All you pay is a reasonable monthly charge for the service.

**NO MAINTENANCE. NO INVESTMENT.** Your monthly bill is the entire cost of telephone service. And for the average customer, that monthly bill amounts to only a few pennies a call — less than 3¢, including tax. Compared with the cost of practically everything else you buy, that's a real bargain. And as we add new telephones here in town, it becomes a better bargain — since you can call more people and more people can call you.

**HIGH IN VALUE**

Gains Five For Kansas

Kansas back Charles Hoag (21) is tackled by Southern Methodist end Bill Rippey after gaining five yards in the first period of game in Dallas, Tex. Other players are SMU tackle Jerry Clem (71) and center Don Cole, and Kansas end Jerry Taylor. Kansas won 26-0. (AP Wirephoto).

# Lubbock-Pampa Test Highlights Program

## Wichita Falls Tackles Waco

By HAROLD V. RATLIFF Associated Press Sports Editor Five clashes of unbeaten teams highlight a busy week of conference play in Texas schoolboy football. For the second straight week the spotlight falls on District 1 of Class AAAA where Lubbock and Pampa battle for what is likely to be the title. Last week it was Midland vs Pampa through, 35-29, to put the issue squarely up to Lubbock, defending state champion. The reason there are so many important games in District 1 is because of its overall strength—there are more strong teams in this area than any other district save possibly one. Both Pampa and Lubbock are undefeated. The other team in the state with a perfect record—Wichita Falls—meets Waco in the opening of conference warfare in District 5. This will indicate strongly whether Wichita Falls deserves a rating of No. 1 in the state as accorded in several quarters. Waco has lost a game but it was to mighty Temple of Class AAA and the Tigers still must be reckoned as one of the top elevens of their class.

# TEXAS AND SMU IN HEADLINER

By HAROLD V. RATLIFF Associated Press Sports Editor Texas battles Southern Methodist and Baylor marches against Texas Christian in the biggest week of Southwest Conference football. A clear-cut favorite and leader is due to emerge from these games. These are the leaders—Texas and Southern Methodist undefeated and untied, TCU unbeaten but once tied, Baylor with one victory and one loss. The three other members of the league—Arkansas, Texas A&M and Rice—can be considered out of the running. Texas will be a resounding favorite over stumbling Southern Methodist, which beat Rice in its only conference start but last week was blasted all over the Cotton Bowl by Kansas, Texas was whipping Rice 20-7, and doing probably a more thorough job than had SMU, which won, 21-14, over the Owls. The Texas-Christian-Baylor game can only be regarded as a toss-up. Last week Baylor beat A&M, 21-20. TCU previously had tied A&M, 7-7. The Texas-SMU game will be at

Austin while Baylor and Texas Christian tangle at Fort Worth. At College Station, Arkansas and Texas A&M will be fighting for little more than family pride. Rice, loser of both its conference games, will be mixing in an intersectional affair with Wisconsin at Houston. The conference had rather not talk about its intersectional record. It's the worst this league ever compiled in a season since it became a major conference and was ranked alongside the best in the country. While Southern Methodist was being licked, 26-0, by Kansas last week, Arkansas was absorbing a 34-7 humiliation at the hands of Mississippi. The season record is seven victories against 12 defeats in intersectional warfare. At least one more team will be eliminated from the championship race Saturday. The loser of the Texas-Christian-Baylor game can be counted out of the running. Elsewhere, Texas or SMU can take the undisputed lead unless the teams play to a tie.

# Denver City Ponies Appear To Be Top Eleven In 4-A

STANTON — The Stanton Buffaloes seek a return to winning ways Friday night when they play O'Donnell. The game looms as a toss-up, but if Coach Charles Read can get all his cripplies in shape the Buffs may make it rough on the Eagles. Stanton was shocked, 25-20, by Seagraves last weekend. Denver City appears to be the class of District 4-A. In six games, the team has scored 243 points to 64 for the opposition. Denver City has far and away the best offensive record in the league but Stanton has shown slightly the better defense. Season Standings: Team—Stanton 4 2 99 44, Denver City 4 2 243 64, O'Donnell 3 4 136 166, Seagraves 2 4 83 137, Sundown 2 5 73 77, Morton 0 7 51 152. District Standings: Denver City 1 0 49 7, Sundown 1 0 20 6, Seagraves 1 0 25 20, O'Donnell 1 1 53 63, Stanton 0 1 20 25, Morton 0 2 16 66. Results Last Week: Denver City 49 O'Donnell 7, Seagraves 25 Stanton 0, Sundown 20 Morton 0.

# Bisons, Tabbies Register Wins

By CURTIS P. DONNELL PHOENIX, Ariz., Oct. 27 (AP)—Fumbles played a big part in three of the low-scoring games in which Border Conference teams participated Saturday night. The University of Arizona recovered a Hardin-Simmons fumble on Arizona's three-yard line with 40 seconds to go to save a 13-12 lead. Houston grabbed an Arizona State College at Tempe fumble on the Sun Devil five in the second period and on the next play Cougar Halfback S. M. Meeks plunged over four yards for the only score in the contest. The West Texas State Buffaloes nabbed an Abilene Christian fumble early in the third period, marched 48 yards in 10 plays and tied the score at 12-12 when Bob Wheelchel went into the end zone for a TD. The Buffs went into the lead when Kenneth Clap converted and eventually won an upset 28-18 victory. It was a blocked conversion attempt by Dick Shunaut of Texas Western that gave the New Mexico Lobos a 14-13 victory over the Miners Saturday night at El Paso. Arizona State College at Flagstaff suffered the worst blow of the night. With the Lumberjacks holding a 13-7 lead over New Mexico Highlands from Las Vegas, N. M., 12 seconds to go and Highlands with the ball on the Jacks' 47, the lights went out. When it was found impossible to get them back on, Coach Jack Pederson of Flagstaff and Ed Claven of Highlands decided to call the game "no contest." ASC Flatstaff meets New Mexico Aggies on the Aggies' home field this Saturday for the only game that counts in conference standings. Flagstaff will not be eligible for the title, because it is the only conference game on the Lumberjacks' schedule. After this season, Flagstaff drops from BC membership to join the New Mexico conference of small colleges in Flag. In other games, Arizona will play at New Mexico University; Hardin-Simmons will meet Santa Cruz at Lodi, Calif.; Texas Tech will be host to Houston, and Texas Western takes on Midwestern at Wichita Falls. ASC Tempe and West Texas State are idle.

# Wranglers Open With Decatur

ODESSA — The Odessa Junior College Wranglers have officially opened basketball workouts here under the watchful eye of Larry McCulloch, former Big Spring High School mentor. The Wranglers will meet Decatur Baptist College in Odessa Dec. 1 and the Hardin-Simmons B team in Abilene Dec. 5. Other warm-up games will be added, McCulloch has stated. In conference play, OJC meets HCJC of Big Spring in Odessa Jan. 27, Clarendon there Jan. 31, Frank Phillips of Borger in Borger Feb. 5, Amarillo in Amarillo Feb. 6, Frank Phillips in Odessa Feb. 11, HCJC in Big Spring Feb. 19 and Clarendon in Odessa Feb. 21. Among those working out are Carroll Hickey, Midland; Carl Hughes and Billy Waits, Andrews; A. T. Evans, Glynd Walsh, Bob Black and Ross Gann, Monahans; Harmon King, Palestine; Tommy Smith, Pampa; Don Johnson, Crane; Grady Graves, Italy; and Arthur Been, Gordon Browning, Charles Gillespie, Walter Spiller and Mark Marcum, Odessa.

# LOOKING 'EM OVER

With Tommy Hart

Jake Wilson, one of Baylor University's all-time football greats, and Weldon (Speedy) Mason, an all-time standout at SMU, were teammates on the Waco High School team of 1925, which won the state championship. Wilson is now physical education instructor at Connally Air Force Base, Waco. Mason tells insurance Dallas. Another member of that team was Dusty Boggett at present a National League umpire. Baseball players write the newest letters. Buddy Grimes, the Stephenville better sold by Big Spring into the Brooklyn chain after last season, composed a letter to the writer recently, which contained 33 words, including his signature. He was saying "good-bye" at most before he got past the "dear sir." He could have put it all on a postage stamp and saved stationery. Red Grange has come out in Collier's Magazine with a nifty article entitled "I Couldn't Make The Varsity Today." Grange says just that in the piece, pointing out the teams he played with had only one defense and limited offensive strategy. He doubts if he could have adapted himself to present day play. Red was the type of player that could have starred in any era, however.

# HIRSH HAS TROUBLES

Elroy (Crazy Legs) Hirsh, the Los Angeles Ram, end who visited here a couple of months ago, scored 17 touchdowns in National Pro League play last year. What a different a season makes, though. Up until last week, Hirsh had yet to cross the double stripes. Attendance of home games of the Snyder Tigers is slightly below what it was last year, when the Bengals played in a lower classification of ball. The Bengals have been averaging slightly more than 2,000 a game. Terry Fuglar, the Midland griddler who formerly lived here, is temporarily out of action. His grades failed to meet minimum requirements. He's an offensive guard. For those who have asked and those who might wonder, Cotton Bowl tickets can be ordered (through the mails only) from Nov. 1 through Nov. 4. They sell for \$4.80 each. Self-addressed return envelopes and a 25 cents mailing fee must accompany each application. The letters should be addressed to the Cotton Bowl Athletic Association, 1129 National City Bldg., Dallas. Don't write before Nov. 1, or your letter will be returned.

# Commerce Lions Rated At Top

By The Associated Press The Lone Star Conference football race has resolved itself into a two-team affair although few believe East Texas State will fail to win it. Southwest Texas State and East Texas are tied for the lead with two victories and no losses each. All other teams in the six-member conference have lost at least once. East Texas State, the only undefeated, untied team for the season, leads the race. The Lions slammed San Houston State, 57-23, last week to pull into the tie with Southwest Texas for the conference leadership. Southwest Texas was showing a big upsurge by licking Howard Payne of the Texas Conference, 55-0. Saturday night, Southwest Texas plays impotent Lamar Tech at San Marcos while Sul Ross and Stephen F. Austin get together at Nacogdoches in a day game. Sam Houston plays an intersectional game, meeting McNeese State at Lake Charles, La. Two conference members had trouble aplenty last week playing outside teams. Sul Ross was trimmed by Texas A&I of the Texas Conference, 27-13. Lamar Tech was blasted by Trinity of the Gulf Coast Conference, 66-7. Stephen F. Austin managed for a 20-19 victory over Southwestern Louisiana Institute.

# Cameron Beaten For First Time

By The Associated Press The Big Six Conference has no more undefeated teams. The Cameron Aggies dropped their first game of the season last week, tumbling before Sheppard Field, 15-6. Also Tyler won its first conference game of the season, beating Little Rock Junior College, 34-13. Cameron and Tyler are the only teams undefeated in conference play. Kilgore played a 19-19 tie with Victoria of the South Texas Conference in the other game for the week. Kilgore and Paris play at Paris Saturday in the week's only conference game. Cameron will engage the North Texas State B team at Lawton Friday night Saturday, Little Rock plays the Arkansas State Teachers at Little Rock, while Tyler entertains Hutchinson, Kans., in an intersectional game.

# LITTLE SPORT

# Klem Silenced Casey On Call

By GAYLE TALBOT NEW YORK (AP)—The American Basketball League, oldest of the professional cage groups, has been disbanded because two of its member teams insisted upon playing men who were involved in last year's "dumping" scandals. This has stirred up a quite lively debate between those who feel that the erring athletes should be given every chance to rehabilitate themselves and a larger segment which contends that there is no place in sports for a player who once has been caught defrauding the public. "We made a mistake," one of the boys was quoted. "Do we have to go on paying for it for the rest of our lives?" Not necessarily. A man who takes samples from a bank and serves his time can find a job when he gets out, but they don't put him in the teller's cage again. It's a rule. We have just heard, courtesy of umpire Larry Goetz, of the time Casey Stengel, then playing with Brooklyn, ran afoul of the one and only Bill Klem. Casey, ordered by Uncle Wilbert Robinson to bunt, laid one down the first base line. Almost immediately it rolled outside and the old arbitrator clarified "Foul" before Stengel could even start to run. But as the sphere neared first base it struck a pebble, or something, and veered back into fair territory. The opposing first baseman picked it up, stepped on the bag, and Klem yelled "Out." He then stroled over a few steps to speak to Robinson. "I'm sorry, Robby," he said placatingly. "I guess I was a little hasty in calling that one. But it did start outside, as you saw, and I had no way of knowing it would come back in. I'm sorry, Robby." All the time this was going on Stengel just stood at the plate with a stunned look. He hadn't said a word. Suddenly Klem wheeled on him. "As for you, you nut," he bellowed, "go back to the bench and sit down!" The full extent of the outrage didn't occur to Casey until he was back in the dugout. Then he proceeded to demolish the water cooler. "And for that," he stormed, "I get called a nut."

# SURPRISES ARE MANY

# Michigan State, Terps Appear To Be Top Teams

By ED CORRIGAN NEW YORK (AP)—This is the time of year that the fans of college football usually begin looking forward to the gold of bowl games or the glory of conference titles. Not this time. The muscle-men, noting the trend of things, are quaking as they come to each game. The upsets haven't been startling but each week some of the big boys are biting the dust. If Iowa, the punching bag of the Big Ten, can whip Ohio State, and Southern California can shut out California—a feat that hadn't been accomplished in 60 games—nothing should be a surprise. Perhaps the only certainty, and that's going out on the limb, is that Michigan State and Maryland are the class of the country insofar as the records are concerned. Neither has stumbled even once, and each has shown a wealth of power and an ability to stop the enemy when it counts. Right behind are once-tied Oklahoma and two southern powers, Georgia Tech and Duke. The unbeaten list should be reduced by one come Saturday when Tech and Duke collide head-on at Durham, N. C. Until this week, California was high up on the list. Then Southern California whipped the Golden Bears, 10-0. Now the Pacific Coast race is up in the air. Cal still can win it, but Southern Cal and UCLA, which like the Trojans, is undefeated, will have plenty to say. UCLA meets the Golden Bears this Saturday and if they can answer the question, they might win it. Georgia Tech and Wake will play the headline game of the South, and the Engineers will rule slight favorites. Both warmed up to their tasks Saturday. Tech clouting Vanderbilt, 30-0, and the Blue Devils conquering previously undefeated Virginia, 21-7. Feared Maryland, which whipped Louisiana State, 34-6, will test its might once again against Boston University. The Big Ten also is unsettled.

# Beat 'Skins, 19-15

NEW YORK, Oct. 27 (AP)—The National Football League headed toward the halfway point today with the American Conference engaged in its annual pastime—chasing the Cleveland Browns. The Browns rallied to defeat the Washington Redskins, 19-15, yesterday to take a one-game lead in the American Conference. The unbeaten San Francisco 49ers (5-0) held their two-game bulge in the National Conference by blasting the winless Dallas Texans, 48-21. These two games ran according to form, but two others didn't. The New York Giants and Chicago Cardinals, both tied with Cleveland before the day's action, were upset by teams which were decided underdogs. The Philadelphia Eagles, 15½-point underdogs, stunned the Giants, 14-10. And Pittsburgh, winless in four

games and 12-point underdogs, surprised the Cards, 34-28. In other games, Detroit exploded for a 52-17 romp over Green Bay, and Los Angeles punched out four touchdowns in the final period to whip the Chicago Bears, 31-7. The Browns rallied to defeat the Washington Redskins, 19-15, yesterday to take a one-game lead in the American Conference. # Trinity To Play Eagles Saturday

By The Associated Press The battle for the championship opens Saturday in the Gulf Coast Conference. Trinity University, which has shown a surprising reversal of form the past two weeks, challenges favored North Texas State in the opening conference game. It will be at Denton. Midwestern, third member of the league, resumes action after a week of inactivity, playing Texas Western of the Border Conference at Wichita Falls in a night game. North Texas State returned to the victory column last week with a 38-14 triumph over Memphis State at Memphis. Trinity won its second game in a row, whipping Lamar Tech of the Lone Star Conference, 66-7.

# Port Arthur, Lake Charles Want Out

CORPUS CHRISTI, Oct. 27 (AP)—Applications from Port Arthur and Lake Charles, La., to withdraw from the Gulf Coast Baseball League have been refused. But League President Howard Green yesterday said he thought the subject would come up again soon. The two cities want to join the Evangeline League in Louisiana so their travel distances from other towns in their baseball loop will not be so great. Other towns making up the Gulf Coast League include Laredo, Brownsville, Corpus Christi and Harlingen. Representatives from Matamoros, Mex., and McAllen were at the league meeting. Green said they and Victoria wanted in the Gulf Coast circuit.

# Dick Ochoa All Alone In Race

DALLAS, Oct. 27 (AP)—Dick Ochoa, the line-ramming fullback of the University of Texas, is making it "no contest" in Southwest Conference ball-carrying. Ochoa ploughed for 116 yards against Rice last week to bring his total for the season to 472 yards on 112 runs. It gave him a bulge of 182 yards over second-place Gib Dawson, also of Texas.

### Sparkman Raps Trip To Korea; Nixon In Texas

BAKERSFELD, Calif. (AP)—Sen. John Sparkman, the Democratic vice presidential nominee, returned to political stumping today with a blast against Gen. Dwight D. Eisenhower's proposed trip to Korea.

The Republican presidential candidate three days ago pledged that if he's elected he will visit Korea in an effort to seek an early and honorable end to the war.

"What could Eisenhower do?" asked Sparkman during a press conference in Los Angeles last night prior to a swing through California's agricultural San Joaquin Valley.

"Gen. Bradley has been there, and Gen. Collins and all the chiefs of staff have been there and they haven't been able to do anything about ending it.

"As I see it, the thing that's holding up the armistice today is our failure to turn over prisoners who don't want to go back to the Communists. I don't think we ought to send those prisoners back. It would mean certain death for many of them."

In hitting the campaign highway again after three days hospitalization with an attack of laryngitis, Sparkman said Eisenhower should answer two questions:

"1. Is he willing to send those prisoners back to the Reds?"

"2. If not, is he willing to expand the war into World War III?"

Sparkman's itinerary today calls for a series of talks here, in Fresno and in Stockton, where he'll spend the night.

CHICAGO (AP)—Sen. Richard M. Nixon headed by plane for Texas today to address seven audiences in 10 hours as he stepped up the tempo of his whirlwind campaign for the vice presidency.

The Republican running mate of Gen. Dwight D. Eisenhower, a spokesman said, will answer the Democrats' claim, "You never had it so good," with a development of the theme, "There are 110,000 boys in Korea who have never had it so bad."

He declared yesterday that Gov. Adlai E. Stevenson, by his silence, has approved "President Truman's injection of the race prejudice issue" into the political campaign. He called this "tactics of desperation."

### MEETING SET NOV. 6-7

## Crime Unit To Seek Tighter Liquor Law

EDITOR'S NOTE: Texas Crime Investigating Committee meets in Amarillo, Nov. 6-7, to hold public hearings on charges of widespread bootlegging in Texas. This is one of a series of slurrings at the background of events leading up to the investigation.

By BOB BRAY

AMARILLO, Oct. 27 (AP)—Dist. Atty. Hermon Pipkin says wholesale changes may be made in the state liquor control act—because a proposed bribery deal fell through.

At least, he says, members of the state House Crime Investigating Committee will mainly be looking for ways to tighten up the control act when they meet in Amarillo, Nov. 6-7, to give Texas bootlegging a public going over.

The bribery deal which collapsed without the exchange as so much of a pint of whisky already has been discussed at meetings here.

Among those attending were a couple of Texas' better-known bootleggers and three agents for the State Liquor Control Board, who said they went to the sessions to "make cases."

Though the attempted bribe didn't result in the \$1,500-monthly pay-off discussed, it did interest members of two Potter County Grand Juries and Pipkin. They dug up background for the full-scale investigation planned by the crime committee.
