## Pampa News

VOL. 46, NO. 144. (12 Pages) PAMPA, TEXAS, THURSDAY, SEPT. 18, 1947. Price 5 Cents AP Leased Wire

### Russian Response Due Today

NEW YORK—Secretary of State Marshall's plan to overhaul the United Nations peace machinery received small-power support today as the General Assembly waited tensely for an expected Russian attack on the U. S. proposal this afternoon.

After five speakers had delivered their countries' policy statements in the Assembly's second day of general debate, it became clear that the United States was holding its expected support in the developing battle with Russia.

#### Unified Defense Machinery Goes In Effect Early

WASHINGTON—A new unified defense machinery went into operation abruptly today on radioed orders from President Truman.

The instructions sent by the President from the battleship bearing him homeward from the Rio de Janeiro conference on Western Hemisphere security came as a surprise to many top-rank officials.

Mr. Truman himself said his decision to have James Forrestal sworn in as Secretary of Defense yesterday instead of waiting the Chief Executive's return, as originally planned, was because of the international situation. This word, arriving late in the day, contrasted with an earlier explanation issued by the Navy. It said that prior to Mr. Truman's departure for Brazil it had been decided Forrestal would be sworn in about September 15 "or after the President's return, unless all preliminary arrangements had been completed earlier."

Since these "preliminary arrangements had been completed" it was decided to administer the oath to Forrestal yesterday, the Navy said.

However, the mid-morning announcement of the noon swearing-in ceremony produced an air of definite surprise at both the Army's Pentagon headquarters and at the Navy Department on Constitution Avenue.

Presidential Press Secretary Charles G. Ross said the Chief Executive was thinking only of "the whole general international situation." That general situation includes such problems as diplomatic arguments with Russia in the United Nations, conflicting interests between the Soviet Union and the Western powers in the Balkans and elsewhere, this country's reiterated refusal to aid democracy in resisting Communist aggression and the United States' sharply depleted military strength.

#### Shamrock Students Pack 'Winter Togs' And Head for College

SHAMROCK—Special "winter togs" have been packed and many Shamrock students are beginning the trek back to the college campuses in quest of higher education. Texas Technological College at Lubbock has been chosen by a large number of local students. In that group will be Barbara Scott, Doris Bell, Joy Williams, June Ann Nik, Morgan Eoff, Jackie Douglas, Wesley Buice, Donald Horder, Bob Stenner, Wayne Curvey, Charles Grago and J. R. Newman. Three engineering students at Tech who will room together are R. L. Sonnenburg, John R. Reeves and Joe Vezay. One of but three-at any rate another trio who will occupy the same quarters at Tech will be E. F. Kersh, Fred Buice and Bob Terry.

Billy Sims and James Ray Thall have enrolled at Oklahoma and M. College at Stillwater. Oklahoma Max Cox will be a Freshman at Wayland College and Margaret Breland will be going to NITSC at Denton. Betty Jo Burks has returned to TSCW at Denton and Paula Bleske will be beginning her college work there this year.

Barbara Laycock will represent Shamrock at Southern Methodist University, Dallas, and Max Hebling will be checking to see if there is an alley across from the Alamo, as they will be students. See SHAMROCK, Page 3

#### LaGuardia Still on 'Downward' Trend

NEW YORK—Florence H. LaGuardia, 64, as in a "downward" trend in his grave illness, his physician reported today, as New Yorkers prayed at the request of Mayor William O'Dwyer for the little man who was the city's mayor for 12 years.

Dr. George Baehr said the former mayor and director general of UNRRA "again is in a deep sleep. The general trend is downward and the immediate outlook is as yet unpredictable."

### The Class in Problem Children Gets Promoted

THEY'RE ALL YOURS THESE TEENAGERS YOU CAN DO SOMETHING TO STOP THEM FROM BEING 'PROBLEM CHILDREN'.

UN SECURITY COUNCIL

GENERAL ASSEMBLY

PASADENA, Calif.—(AP)—A young dog or a puppy? This city has an ordinance which prohibits any household from having more than two dogs and Humane Officer L. A. Henderson says the law clearly overlooks the fact that whenever a mother poohs has offspring the statutory limit is almost always exceeded.

#### Expulsion Threat Hangs Over Heads Of Aggies Should 'Protests' Occur

COLLEGE STATION—(AP)—Hanging over the heads of Texas A. & M. students today was a threat of expulsion to prevent a repetition of unrest that blossomed on the campus last spring.

The threat was made by the Academic Council, composed of deans and heads of departments.

The new ruling warned students that they would be expelled or assessed lesser punishment if they should take part in any "rebellious protests" against the college administration.

#### Sewer Extension Work Progressing

The city's sewer extension work is slowly making progress in the Wilcox addition. City Engineer Dick Pepin reported this morning.

At present 1,800 feet of extension has been laid and refilled in that area.

Pepin said that with good weather, the Wilcox extensions should be completed by the end of next week as the speed workers were going today.

#### Motorists Get Help From Young Boys

Local motorists for the past several days have been flooding City Police with rightful gripes on overtime parking tickets. It was learned late this morning.

It seems the motorists have been returning to their car only to find tickets placed on their windshields with the meter still showing a few minutes time.

#### Man Wanted for Parole Violation Picked Up

Harry Richard Layton, wanted by Indiana State Police for parole violation, was picked up at 3:30 p.m. yesterday at his home on S. Russell St. by Patrolmen J. B. Pritchett and Jeffrey Williams.

Chief Louie Allen reported this morning that information on Layton had been sent to Amarillo police by Indiana authorities and relayed here.

#### Gas Pipe Line Is Authorized

WASHINGTON—(AP)—The Power Commission announced today the United Gas Pipe Line Company, Shreveport, La., has been authorized to build a 11,750,000-cu. ft. gas pipeline project in Texas.

Plans include construction of 33 miles of 20-inch pipe line from the Carthage field in Panola County, Texas, to near Longview, Texas, and a 10-inch line connecting the 20-inch with the Lone Star Gas Company gas plant in the Carthage field.

The company was authorized also to sell 100,000,000 cubic feet of its gas daily to Texas Eastern Transmission Corporation and to transport other gas from delivery to the Dallas district.

## State of Emergency Declared by Truman

PENSACOLA—(AP)—Frightened residents boarded up homes and business buildings along Florida's vulnerable west coast before an advancing hurricane, and Gov. Millard Caldwell's office announced that President Truman had declared a state of emergency in Florida.

The announcement came a few hours after the Weather Bureau disclosed that the treacherous tropical storm had curved sharply after inflicting multi-million dollar damage upon Southern Florida, and was headed back toward the mainland from the Gulf of Mexico.

Yesterday, the unpredictable, uncontrollable monster ripped a path of destruction across Florida's most famous playground and farming section. It roared inland with 120-mile winds between Miami and Palm Beach, and emerged into the Gulf near Fort Myers with scarcely diminished velocity.

Weather advisories placed the storm roughly 60 miles off the mouth of Tampa Bay at 10:30 a.m. (CST) and forecasts indicated it would slam into the low-lying Western Florida, about midnight between Pensacola and St. Marks, and winds up to 100 mph were anticipated.

### Price Plunge Reported on Wheat, Corn

By The Associated Press

Announcement of a sharp reduction in November grain export allocations resulted today in a price plunge on the Chicago Board of Trade, with wheat and corn declining in the first few minutes of trading.

All wheat contracts dropped 10 cents, the daily limit, for wheat, and all corn contracts were off eight cents the limit, for that grain. Oats dropped around four to five cents, with six cents the limit.

The low on September wheat was \$2.77, on September corn \$2.57, 7/8, and on September oats \$1.24 3/4. The sharp price break followed an announcement by the Agriculture Department last night, November exports would be held to 29,510,000 bushels of grain, compared with an October quota of 45,639,000 bushels.

Meanwhile, proposals by government officials to curb the recent upward trend in prices were sounded throughout the nation.

### Fire Prevention Committee Meets

The committee for Pampa's participation in the nation-wide "Fire Prevention Week" October 5 to 11, headed by E. O. Wedgeworth, manager of the Chamber of Commerce, was to discuss plans for city-wide cooperation at its first meeting this evening at 2:30 in the Chamber of Commerce office, in the City Hall.

### Lions Present Program at Higgins

Dr. Roy Webb, deputy district governor of Lions Club District 10, Clarence Kennedy, president of the local Lions Club, and a group of Lions and local caterers will journey to Higgins this evening to present a model Lions Club program and to complete the organization of the new Lions Club in Higgins.

#### Can You Give a Useful Citizen a Job?—You Will Be Counted On

October 5-11 has been designated as National Employ-the-Handicapped Week. The Texas Employment Commission pointed out today.

L. F. Port, local office manager, cited the fact that Homer Dockery, commander of the Disabled American Veterans' chapter here, is one of the veterans who has shown that the handicapped can hold a job. Homer has a 50 percent disability, yet he holds a full-time job, working in a local garage 54 hours per week.

#### Crash Survivors Head for Texas

FORT WORTH—(AP)—Big C-54 transport planes will fly the survivors of a B-29 crash in the Azores back to Texas.

The B-29, one of 30 planes which flew to Europe on a training mission, crashed on the takeoff, but the 20 men aboard escaped without serious injury.

5:30 a.m.	81

WEST TEXAS—Clear to partly cloudy this afternoon, tonight and Friday. No important temperature changes.

EAST TEXAS—Generally fair to night and Friday. No important temperature changes. Moderate mostly northerly winds on the coast.

OKLAHOMA—Fair and continued warm tonight and Friday. High temperatures 95 to 100.

See new DeLaval Magnetic label now on display Lewis Hardware.

Paths of the 1938 and 1944 hurricanes up the East Coast are indicated on the above map along with the whirling movement of the present hurricane. This whirling movement has made it difficult for weather observers to follow and predict the path of the storm. The storm is headed for the Florida coast for a second time today.

#### O'Daniel, Johnson Cross Paths, Not Swords, at State Capital

AUSTIN—(AP)—Sen. W. Lee O'Daniel and Rep. Lyndon B. Johnson, longtime political foes, crossed paths but not swords in the State Capitol last night.

Neither of the potential candidates for the Senate in 1948 made an effort to see the other. And neither let it be known whether or not he would make the race.

O'Daniel said he has made up his mind whether or not he would be a candidate for reelection, but he is not going to announce his decision "until the right time comes."

Johnson told a press conference that he didn't call the meeting to announce his retirement from politics, but also he was not now running for any office.

#### Prewar Days of No Shutdown Set In All Oil Fields

AUSTIN—(AP)—The prewar days of no shutdown will return for all Texas oil fields save one beginning Oct. 1.

Lone exception is the giant East Texas field, where the number of producing days must be restricted in order to preserve pressure in the oil reservoir.

Return of fields to every day production for the first time since 1939 was announced yesterday by Ernest O. Thompson, chairman of the Texas Railroad Commission, as he issued the October oil production order.

#### Production in the East Texas Field Will Be on a 22-Day Basis, One More Day Than in September

H. P. Nichols of the East Texas Oil Association had requested a reduction to 20 days because of five-pound and three-pound drops in bottomhole pressure in July and August.

"I'm not interested in who runs for the Senate or how many. I am confident that I would get more votes than I ever polled before if I ran. I've handled the biggest and best in the state—and in Washington, too—and I could do it again."

#### Crash Survivors Head for Texas

FORT WORTH—(AP)—Big C-54 transport planes will fly the survivors of a B-29 crash in the Azores back to Texas.

The B-29, one of 30 planes which flew to Europe on a training mission, crashed on the takeoff, but the 20 men aboard escaped without serious injury.

Brief details of the crash were received by the 8th Air Force headquarters here yesterday.

The message said the plane was commanded by Capt. John D. Bartlett of Fort Worth. It was one of the 492nd Squadron.

Crew members of the squadron were due to arrive here late today.

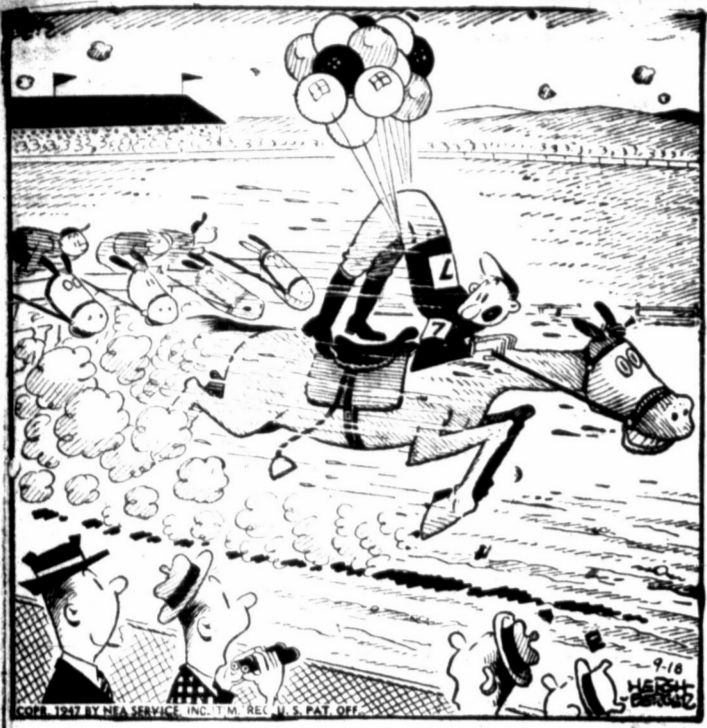

Among the Texans among the wrecked plane were Lt. Charles B. Hurley, Fort Worth; Staff Sgt. Juan O. Tovar, San Antonio; Col. Edward M. Sasser, Fort Worth; Master Sgt. Orville C. Simonds, Fort Worth; Master Sgt. James P. May, Jr., Lubbock; and Staff Sgt. Carl K. Moss, Fort Worth.

## We Saw...

The Oran Paynes driving a shiny new automobile... Also had glimpse of what the Pampa Santa Day Parade will be like after viewing some fine pictures of the things that are going to be here. If you're by the Chamber of Commerce office, drop in to see them. They're posted on the bulletin board.

"I'll win now—if I don't get disqualified!"

**Texas Today**

By JACK RUTLEDGE  
Associated Press Staff  
Uncle Hade of Bonham, whose life reads like chapters from "Gone With the Wind," will be 100 years old today and a big party is planned for him.

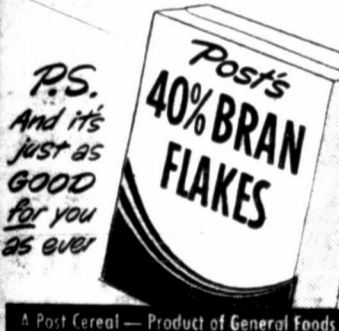

**WE WERE JUST HUNTING**

for a way to make the world's best BRAN flakes...

but now people tell us the NEW Post's Bran Flakes is the most delicious CEREAL they ever ate!

A Post Cereal—Product of General Foods

sole remaining Confederate veteran, and one of the few in the state.

He has lived in Texas for 94 years, and is such an ardent Texan that he still carries a scar on his hip, the remnant of a wound he received when he fought a duel with a man who had cursed the Lone Star State.

The duel was fought with sabers while Uncle Hade was a Confederate soldier. Among his papers today is a pass signed by Capt. Man-na M. Langorne permitting him to cross the picket lines into Gilmer to have his saber repaired.

His father was an early-day and very successful physician who settled near Bonham.

As a youngster, Uncle Hade hunted and fished and spent a lot of time with his father's slaves, who taught him to become one of the best dancers in the state.

Late in life, he won a gallon jug of liquor for being the best dancer at a big event.

He was the beau brummel of the day, and always rode the best horses and wore the best clothes.

He was an excellent swimmer, and once saved three persons from drowning.

He joined the Confederate Army in May of 1864, returning to Fannin County after Gen. Robert E. Lee surrendered.

After the war he attended Carlton College, prevailing on Uncle Charlie Carlton to allow him to bring his six-shooter to class with him.

He married in 1873, and he and his wife (who died in 1931) loved to travel. Not long ago he made a trip to Mexico.

He is still alert, and plays dominoes and checkers with friends and nephews, who find him hard to beat. He looks forward to today's party—and more to come.

Police Comb Nation for Missing Girl

John F. Newell, chief of police at Portland, Maine, has asked The Pampa Daily News to publish the description of 15-year-old Yelva Joy Robbins, missing from her home there since Aug. 20, 1946.

He said, inasmuch as the girl might be in this part of the country, the following description is desired to be published: 120 to 130 pounds, about five feet four inches tall, dark blonde hair, blue eyes and freckles, medium to light complexion. The girl, it was stated, looks older than her age, and may be wearing her hair done up or cut short.

The girl was experiencing a mild psychological disorder and was under treatment when she left home. She may be a victim of amnesia, he said.

A device for measuring returning sensitivity to skin areas whose nerve supply has been cut by war injuries or accidents has recently been patented.

Helena Rubinstein milk tone

the cake make-up that won't dry your skin

For glamour, nothing beats a real cake make-up. But you want one that won't dry your skin.

That is why Helena Rubinstein developed MILK TONE—the cake make-up that will actually guard the freshness of your skin. Because Helena Rubinstein, pioneer in beauty science, blends it with mild, gentle milk protein!

180,000 auto workers organized in a consumers cooperative movement aimed to buck spiraling food prices. The CIO United Auto Workers in Detroit started the campaign and urged 40 of the biggest C.A.W. locals in Michigan to contribute \$1 a member to provide working capital for the program.

The statewide program was proposed after several locals had set up or planned to establish their own grocery stores at which food would be sold to members at cost.

**FIRE TRUCK USED FOR IRRIGATION**

AGLE, Switzerland—(AP)—During a long drought here recently, a group of grape growers persuaded the fire department to tap a nearby stream with a fire pump and 1,900 feet of hose which brought moisture to parched vineyards.

**THE STATE OF TEXAS**

TO: WILLARD GREATHOUSE, Greeting: You are commanded to appear and answer the plaintiff's petition as of before 10 o'clock A. M. of the 18th day of October, A. D. 1947, at or before 10 o'clock A. M. before the Honorable District Court of Gray County, at the Court House in Pampa, Texas. Said plaintiff's petition was filed on the 26th day of August, 1947. The file number of said suit being No. 8523. The names of the parties in said suit are: Willard Greathouse as Plaintiff, and Willard Greathouse as Defendant. The nature of said suit being substantially as follows, to-wit: Plaintiff sues the defendant for divorce and alleges as grounds thereof cruel treatment, under the laws of the State of Texas, issued this 26th day of August, 1947. Given under my hand and seal of said Court, at office in Pampa, Texas, this 26th day of August, A. D. 1947.

(Continued From Page 1)  
loss of life. Early reports indicated one man was fatally injured in a highway accident and another electrocuted by a fallen wire at Palm Beach, and one was shot to death in Miami while attempting to loot a damaged store.

In 1928 a total of 2,560 persons were killed or drowned in the West Palm Beach-Everglades area, while in 1935 a storm killed 500 in the Florida Keys. The 1936 disaster took 200 lives in Santo Domingo and Haiti.

Red Cross disaster experts and local city officials credited improved weather forecasting, stringent building codes, and general public awareness of hurricane danger with preventing an appalling death toll. The course of the great storm charted days in advance and all residents of the South Florida danger-area had ample time to reach safety.

Heaviest damage was suffered by

**O'Daniel**

(Continued From Page 1)  
high cost of living. He said "Hoover and his philosophy" are back in the saddle in Washington. Congress adopted the recommendations of the National Association of Manufacturers that removal of price controls would lead to a leveling off, he recalled, over his opposition.

"They said production would take care of it, and look how it has," Johnson exclaimed. "Prices are going up every day and the little man is caught in the middle."

O'Daniel had a different idea. The answer to the question of high prices, he said is for "the government to get out of business."

"The government should be concerned with government and not economics," he added. "It has no business regulating the actions of every American. If the government will get out of business, the American people will take care of everything else."

**BURIED TANK EXPLODES; INJURES 70 IN WARSAW**

WARSAW—(AP)—Workmen cleaning up war-ravaged streets found and started excavating a radio-controlled type of German "Goliath" tank.

Passersby halted to watch. So did a bus filled with passengers. Suddenly the tank exploded. Thirty persons were seriously injured. Forty others received slight injuries.

**GAS MASK TOYS**

SYDNEY—(AP)—A Sydney department store has put on sale hundreds of U. S. Army gas masks at 4 cents each. They were advertised as providing "happy hours for kiddies" and includes 1 1/2 yards by 3/4 inch elastic.

**Floods Take Over Tokyo Districts**

TOKYO—(AP)—Floods drove Japanese from five densely-populated districts of Tokyo today and even higher chaos were feared in the wake of a typhoon disaster which has caused an estimated 3,564 casualties.

American troops in assault boats rescued thousands of refugees from rooftops and dikes on the flooded plain east of Tokyo. Air force planes dropped food to some of those beyond reach of boats.

Upstream, landslides added to the horrors of four days of lashing rains and floods. A First Cavalry observer at Kumagaya, 60 miles northwest of Tokyo, reported light but threatening rainfall was beginning there in the heart of the disaster zone.

Kyodo News Agency and the newspaper Yomiuri said that farther north, Mount Asagi in Gunma prefecture let go with slides of tons of rock, mud and sand that buried most of Takio and two nearby villages, killing 182 Japanese and injuring 185.

Kyodo News Agency's casualty list stood at 1,140 dead with 240 injured and 2,184 missing. The home ministry estimated 376 dead, 392 injured and 1,921 missing, a total of 2,889.

The ministry estimated 3,340 homes were washed away, 249,000 flooded, 414,000 acres of rice paddies, and farmlands destroyed or inundated and 1,160 bridges destroyed.

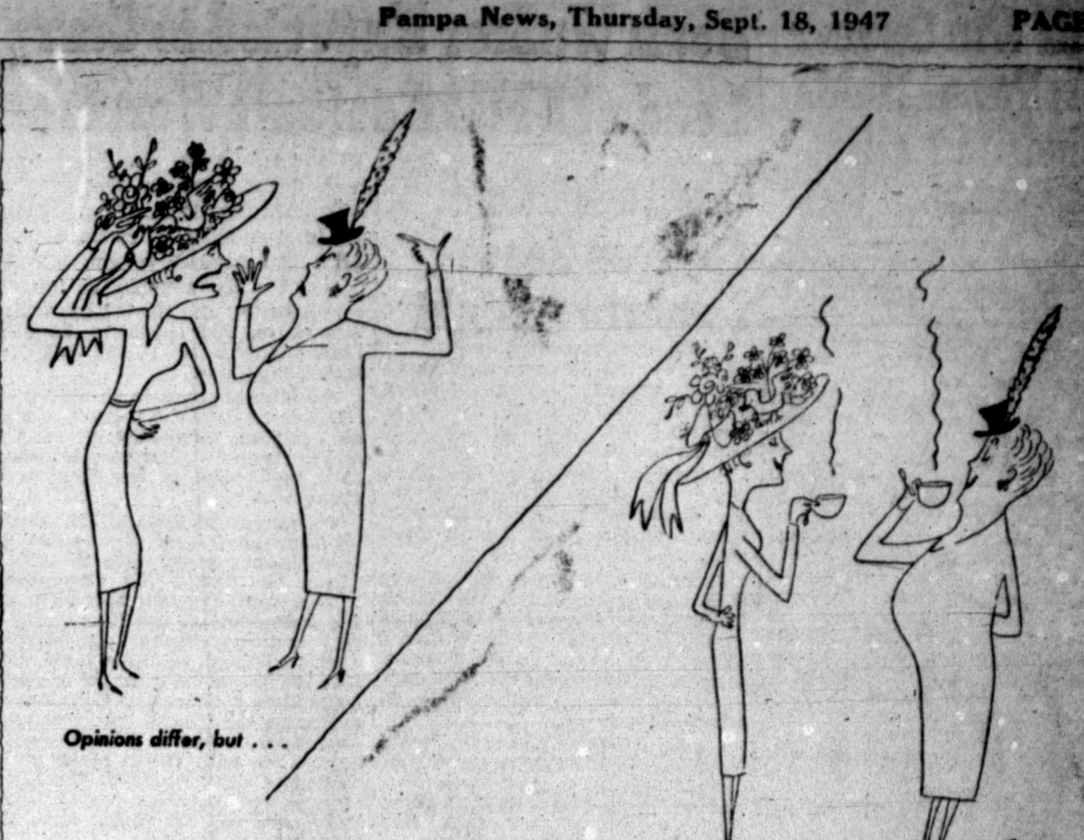

**Bicycles, Believed to Be Stolen Property, At Sheriff's Office**

Parked together on the north side of town, two girls' bicycles, believed to be stolen property, were picked up by Deputy Sheriff C. M. Tucker early this week, the Sheriff's Department reported today.

The bikes were taken to Tucker's home and parked on the porch before being transferred to town.

Sheriff G. H. Kyle said the bikes will be returned to their owners if they come to his office and give a satisfactory description of them to officials there.

citrus growers and truck farmers. Orange, grapefruit and lemon groves in the storm's path were left in sickening shambles, their golden, nearly-ripened fruit beaten to muddy pulp. Tomato fields were mashed, and other crops cut to pieces. Even far to the north, citrus damage was considerable.

**WALL STREET STOCKS**  
 NEW YORK, Sept. 17.—Stocks had their best day in more than a month in today's market with final gains ranging to more than 2 points.  
 Industrial gains paced the uptick which was accompanied by sufficiently heavy bidding to lift total transfers to around 1,500,000 shares. Rubbers, aircrafts and farm implements led an early rally which later was expanded by the participation of steels, oils, metals, liquors and a number of special stocks.  
 Texas Co. stock gave up a fractional gain and dipped more than a point after active trading not under way in its stockholders' subscription rights to an offering of 2,248,932 shares at 45.  
 New 1947 highs were reached by Cooper-Bessemer, Western Union, Mullins Manufacturing and United Aircraft. Prime gainers included Goodrich, U. S. Rubber, Firestone, U. S. Steel, Youngtown, Sheet, Shelby Oil, Shamrock Oil, Sunray Oil, Schell, Oliver Corp., J. I. Cases, General and Co., Douglas Aircraft, General Motors, White Motors, General Electric, Dow Chemical, Southern Pacific, Baltimore & Ohio, Southern Railway, Phelps Dodge and American Smelting.
