honor charter members of churches; adopt the spirit of "Old Time Religion"; planning special projects for handicapped in the area; having religious groups produce programs on their heritage.

Youth groups will be involved in such activities as bicycle parade with an Early American theme; adoption of a grandparent; helping with a picnic for senior citizens or even having a party for them.

Businesses will be involved by relating the friendliness of Muleshoe by public relations in all businesses; encouraging them to use the Bicentennial logo on stationery and in all

advertising.

Plans are to involve clubs and organizations in taking historic shows to the hospital and nursing home; presenting American flags to new citizens; encouraging each group to have a float in the July Fourth Parade.

The individual citizen will be encouraged to make and try to keep a Bicentennial Resolution rather than a New Year's Resolution; and reminding everyone to be proud of America. The use of Red, White, and Blue in newspapers, stationery, adver-

tisement and business cards. Plans are to encourage educational uses of Bicentennial materials, distribute reproductions of Constitution, Bill of Rights, Declaration of Independence; initiate programs in schools at all levels, instilling the principals of declaration of independence and beliefs of the Founding Fathers; consider school children's ideas; have a year-long program on American History in the schools from the first grade up; have contests on The Next 200 Years . . . What

Do They Hold? and the Past 200 Years . . . What Did They Bring?

The over-all Bicentennial Program is planned to include publicity, advertising on radio and in newspapers, school children's posters, Bicentennial bumper stickers, weekly activities listed in the newspaper, and will begin now for far-reaching publicity.

A Market Square Country Fair - Arts and Crafts Show - Style Show, featuring a prize for oldest or best-made costume

tours (walking, car and bike) - use of western clothing some time during the year and plans are to try to feature old-fashioned horse and carriage in some way. The selection of a Bicentennial King and Queen (elderly and youth) will also be included.

The Horizons Committee, with Calvin Embry as chairman will ask businesses to purchase some mums to display in their store for two weeks and then ask them to plant them in the new City Park. They expect

to encourage Clubs and Organizations to find an individual project to beautify Muleshoe in some way.

From funds made on projects, plans are to furnish one private room in the new hospital or purchase some emergency equipment. They hope to place a Bronze Historical Plaque at the Mule Memorial Site, bury various capsules of Bicentennial Events and information for future opening, build and furnish a museum. Other miscellaneous plans in-

clude old house tours, citizen friendliness, remember the hospitalized and confined in nursing home, sell flowers on the street, sell large house numbers, sell Bicentennial plates on Bailey County, plant flowers in parks, beautify

grounds in the community, book reviews on historical books, collect old recipes, crafts, instructions, medical methods and publish same.

The Bicentennial Committee plans to let this be an "Honest celebration for the people."

Farm Taxes, Exemptions In Proposed State Constitution

LUBBOCK—Texas voters will go to the polls November 4 to cast ballots on the proposed Texas constitution, voting on eight separate propositions concerning the constitutional structure of the state government.

Proposition 5 (Finance Article) has far-reaching implications for Texas farmers.

Grain Sorghum Producers Association, working with Delwin Jones of Lubbock, has studied various implications of the finance article in an attempt to eliminate some confusion concerning the proposed documents and its effect of agriculture.

Jones, a life-long Lubbock County farmer, served in the Texas House of Representatives for eight years and was chairman of the Agricultural Committee. In addition to his work with GSPA, Jones currently farms and is active with Plains Cotton Growers, High Plains Research Foundation and Texas Farm Bureau.

Jones explained that approval of the finance article will exempt from sales tax farm machinery, feed, seed, fertilizer and parts. These exemptions are not presently included in the constitution. The items are exempted in the sales tax law but could be removed by any future legislature.

Another vital area to Texas farmers deals with land tax valuation, Jones said. "Under the present constitution, land value for tax purposes must be determined by the most recent sales of land in the same area. This simply means that land speculators may establish values so high that taxes in many areas may well exceed the

farm or ranch gross income of the land itself," Jones said. "If Proposition 5 is approved, it will assure that farm and ranch land tax value shall be

for the Rangers. The Mules made 25 yards with their passing and the Rangers made 311. Total yards gained for the Mules was 362 while Perryton had 452. The Mules attempted 11 passes, completed three with no interceptions. The Rangers attempted 17 passes, completed eight with one interception.

Number of punts for the Mules was three to the Rangers 5. Muleshoe was penalized twice for a total of 25 yards while Perryton received one penalty for five yards.

The next game will be played in Muleshoe against Levelland. Game time is slated for 7:30 p.m. at Benny Douglas Stadium. Mule fans are urged to come out and support their team.

Crane Hunt

The Annual Sandhill Crane Hunt, sponsored by the Muleshoe Jaycees is scheduled for November 1-2, 8-9, and 15-16. In conjunction with the hunt, three drawings for three Winchester 12 gauge shotguns will be held.

The hunt begins 30 minutes before sunrise and permits will be provided to the hunters. Hunting licenses and shotgun shells will also be available. In addition, trap shoots will be held every day of the hunt.

The Corral Restaurant will be headquarters, located at 1008 West American Blvd.

Breakfast is included in the hunting fee and will be served at 4:30 a.m. each morning at the Corral.

The fees are \$7.50 per day; \$14 for the weekend; \$25.50 for two weekends and \$37.50 for three weekends.

For further information contact Mike Armstrong, Box 133, or Hugh Young, Box 571, both of Muleshoe, Texas 79347.

based on its net income capacity. This will give the farmers and ranchers the same consideration that oil companies, life insurance companies and banks have on their buildings," he added.

Proposition 5 provides that the legislature shall establish separate formulas for appraising farm and ranch land. Jones explained that the proposed change would place emphasis on the net profit of farms and ranches instead of their market value.

The legislature has already enacted a formula that would establish the net income of a farm or ranch as a basis for its taxable value. It provides that the five year average net income shall establish this basis, but this net income value shall not exceed the fair market value.

"I believe that the net income

valuation for the individual farm or ranch will protect the farmer or rancher from excessive taxation," Jones said. Proposition 5 also authorizes property tax exemptions for those over 65 years of age (\$3,000) and exemptions for veteran and other non-profit organizations. It states that refundable assessments voted by marine food and agricultural producers shall not be classified

as taxes. In addition to the specific items of sales tax exemptions and favorable tax valuation of farm and ranch land, Jones said that Proposition 5 does not delegate any new authority to the legislature.

"In fact, it is more restrictive than the present constitution," he said.

ATTEND CHURCH

"REMEMBER, GRANDPA, WHEN..."

How Grandpa loves to hear that young voice say those magic words that mean, "We had good times together! I appreciate all the wonderful things you did for me when you were younger and able." Old folks love attention. They need it. They deserve to have it. They've spent their lives helping us, many times at the expense of their own desires and plans.

God commands us in Leviticus 19:32: "Thou shalt rise up before the hoary head, and honour the face of the old man, and fear thy God, I am the Lord."

Honor the older ones, too, by attending church this week and taking them with you.

THE CHURCH IS GOD'S APPOINTED AGENCY IN THIS world for spreading the knowledge of His love for man and His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

TOPS Honored Two Winners

TOPS club held their regular meeting on October 23 with Mrs. Bobby Newman, TOPS regular leader presiding over the meeting. There were 19 members attending.

Queen of the Week was Mrs. Roy Pierce, Mrs. Leon Spears was first runner-up and second was Mrs. Raleigh Mason.

Mrs. Owen Jones gave a report on calorie charts that could be ordered from Washington for TOPS club members if the club desired.

She also had a letter of thanks from Mrs. Raleigh Mason for their shower given in honor of little George Jarvis, now living in the home of Mr. and Mrs. Raleigh Mason.

The club has sold their previous order of pecans and have recorded Mrs. Dan Vinson earned the forty week attendance recognition award.

The can-can winner hung her head in shame for she had gained and was unable to receive it.

Previous contest ended last night with Mrs. Raleigh Mason and Mae Provence being winners and each received \$10.35. This was the first contest Mrs. Mason has ever won and she is a charter member of TOPS.

There were two new contests presented last night. TOPS is running a double-contest which consists of a Red and Green

Tree contest and the Playmoney contest. Each member receives play money for weight loss. At the end of the contest each member brings a gift and they are all auctioned off. At this time the members can buy the gifts with the play money they have received through their weight loss.

Mrs. Leon Spears brought the show and tell program of antique fruit jars. One jar was dated 1815.

Mark Garcia

Mr. and Mrs. Jabier Garcia of Muleshoe are the proud parents of a new baby boy born October 22, 1975 at 11:47 a.m. in the West Plains Memorial Hospital. The baby weighed seven pounds and was named Mark Anthony. He is the couple's first child.

COUPLE TO WED IN JANUARY . . . Mr. and Mrs. Lewis Wayne Shafer announce the engagement and approaching marriage of their daughter, Ellen, to Gary Lackey, son of Mr. and Mrs. J.H. Lackey of Muleshoe. Miss Shafer is a 1975 graduate of Muleshoe High School and is presently attending Texas Tech University. The groom is a 1972 graduate of Muleshoe High School and is a Senior at Texas A&M University. The wedding will be January 9, at 7:00, in the First United Methodist Church of Muleshoe.

The Watts Married In Muleshoe

A flurry of excitement was generated at the Journal office early Friday morning, Oct. 24, when wedding bells rang and a party was thrown for the daughter and new husband of New Editor Charlene Reid.

The young couple drove over from Tucumcari, took out a marriage license and were married in the office of Bailey County Judge Glen Williams, so Charlene could attend her daughter Betty's wedding.

The new Mrs. Don Watts is a senior at Tucumcari High School and her husband is a mechanic and attendant at a Tucumcari service station. Mrs. Watts plans to finish high school in Tucumcari.

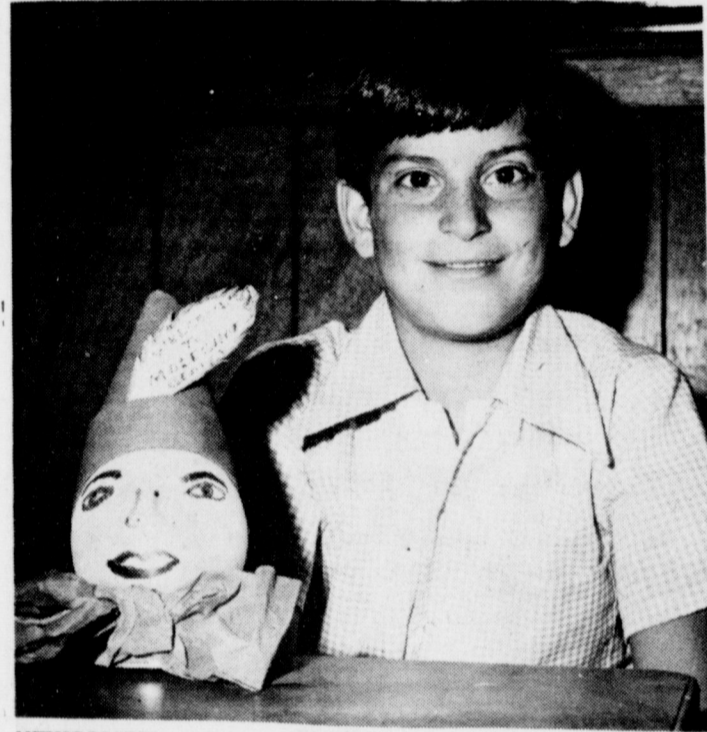

The gals at the Journal office, being typical women, love a wedding, and decided to have little reception for the couple.

"Rushing around like mad," they purchased and decorated a cake, and served punch. Office Manager, Mrs. Jerald Otwell, took colored pictures of the newlyweds, and the girls in advertising threw handfuls of "holes" punched from the comptographic typesetter at the couple as they left the party, making it a typical "newspaper-style" wedding reception.

The reception was held at the office of the Journal and the table was covered with a white brocade table cloth, centered with a silver punch bowl from which Hawaiian Punch was served. The wedding cake was hurriedly decorated with the names Betty and Don on it, accented with tiny roses.

Guests attending the reception included the bride's mother, Charlene Reid; Judge Glen Williams and employees of the Journal, Mrs. Otwell, Linda Sinnacher, Sheryl Bass, Sharon Walker, and April Holfield.

Necessity is the mother of courage, as of invention. -Walter Scott.

Mason's Announce A Son

Mr. and Mrs. Raleigh Mason, Route 2, Muleshoe, announce that they have a new son, George W. Jarvis, 11. George is the Masons great nephew who decided to make his home in Muleshoe about four weeks now and says he likes it very much. He is in the sixth grade at Muleshoe Junior High School. Coming here from Longbeach, Calif., George really enjoys living in the country and taking care of

the animals. On Thursday, October 16, the TOPS Club of which his new mother is a member gave him a special "Welcome to Muleshoe". They held a surprise party for him, with members presenting him with gifts of clothing and other items that take a young man's fancy.

George is the Mason's only son. They have two daughters, Mrs. Jerry Sullivan from Paris, Texas and Mrs. Norris Conklin of Altus, Oklahoma.

I.R.A.-New FNB Service

The First of Muleshoe has now added a new service for our customers. We would like for you to stop by and ask us about the Individual Retirement Accounts.

What is an IRA?

IRA stands for individual retirement account-a new form of tax-favored savings authorized by federal law.

Here's how it works...

- 1** You can set aside 15% at your gross income, up to \$1,500 each year in your
- 2** You can deduct the amount you deposit to your IRA from your income tax.
- 3** You can defer all taxes on your investment in your IRA, plus the interest it draws until you start actually withdrawing from your IRA at retirement

The net results-When you build your own retirement plan at the First of Muleshoe, it pays you two ways...

TO BE ELECTRIC HEAT

BESWITCHED

Two hundred years ago, the witch hunters would have burned us at the stake, for even daring to dream of a clean, practical means of heating our homes like electric heat. Fortunately, things have changed since then and today you can choose a heating system that is not only clean and efficient, but also economical and environmentally sound. You don't even have to look for a witch to give you a great deal like this one. Call the electric company... we'll show you how easy it is to BESWITCHED to real comfort home heating that's as modern tomorrow as it is today.

ASK ABOUT THE HEAT PUMP
IT'S NOT MAGIC...IT JUST ACTS THAT WAY

You'll think it's magic when you see what the heat pump does, but it's not at all. It probably will seem quite impossible that one unit can provide clean, efficient electric heating and cooling with only one unit, one thermostat setting. The important thing to remember is the heat pump is today's answer to improving your lifestyle—economically and efficiently. Sound like magic? Not at all.

Exhibitors Get Ready For Houston Livestock Show

Twenty-two auction sales will highlight the 1976 Houston Livestock Show and Rodeo, making it truly the marketplace of the Americas, while exhibitors at the show compete for a new high in premiums: \$445, 538.

Scheduled to run from February 25 through March 7, with rodeo performances starting on February 27, the show is held in the \$18 million, 18-acre, air-conditioned Livestock Exposition Building.

The premium list, which is now available, details the entire 12-day show.

In all, there will be classes for 12 beef breeds, five dairy breeds, five swine breeds, 11 sheep breeds, six horse breeds, five rabbit breeds, 22 poultry breeds and Angora goats.

Three new cattle breeds... Gelbvieh, Tarentaise and Polled Santa Gertrudis... are included in the 1976 auction sales. The Gelbvieh sale, sponsored by the Texas Gelbvieh Association, will be the show's first event, scheduled for 9 a.m. on opening day. At 9 a.m. on the following day, the Texas-Oklahoma Tarentaise Association will sponsor the Tarentaise sale. Saturday, February 28 at 2 p.m., is reserved for the First National Polled Santa Gertrudis sale, sponsored by the Polled Santa Gertrudis Association. All three sales will take place in the Super Sale Salon.

Important cattle auction sales will take up the show's first four days. Opening day will also see the sale of Holsteins at 1 p.m., sponsored by the Holstein-Friesian Association of Texas, and Angus cattle at 7 p.m. under the sponsorship of the Texas Angus Association.

On Thursday, February 26, three additional sales, in addition to the Tarentaise, are scheduled: Brahman cattle, sponsored by the American Brahman Breeders Association, at 1 p.m.; Chianina cattle at 4 p.m., sponsored by the Texas Chianina Association, and, at 8 p.m. in the auction sale arena, the long-awaited International Brangus Sale, sponsored by the Bluebonnet Brangus Breeders Association.

Third day of the show, Friday, February 27, will lead off at 1 p.m. with the Simmental cattle sale, sponsored by the Texas Simmental Association. At 5 p.m., the American Hereford Association will sponsor its annual Hereford sale. The Charolais cattle sale, sponsored by the Texas Charolais Association, will take place at 7 p.m. and the Red Poll cattle sale, sponsored by Red Poll Breeders International, at 8:30 p.m.

The Santa Gertrudis sale, sponsored by the Mid-Coast Santa Gertrudis Breeders Association, is the first event, at

10 a.m., on Saturday, February 28. The First National Polled Santa Gertrudis sale at 2 p.m. The Limousin cattle sale, sponsored by the Texas Limousin Association, will be at 7 p.m. Other highlights of the show include the All-Breed Commercial Females and Registered Range Bulls sale at 1 p.m. on Friday, March 5, and two horse breed sales. These include the quarter horse event, sponsored by the Houston Quarter Horse Breeders Association, at 1:30 p.m., February 28, and the popular Appaloose Horse Sale, sponsored by the Texas Appaloose Horse Club and Houston Livestock Show Appaloosa Sale, Inc., at 1:30 p.m., March 6.

The junior commercial steer sale, at 9 a.m. on March 4, will be the first of the market auctions in the junior division of the Houston Livestock Show and Rodeo. The junior market

broilers and turkey sale is scheduled for 10 a.m. and the market lamb sale at 2:30 p.m., March 5.

Saturday, March 6, will see the last of the auction sales with market steers selling at 10 a.m. and market barrows going on sale at 2:30 p.m.

Open show entries will begin arriving at the Livestock Exposition Building on February 22 and junior and market livestock will arrive on March 2. Deadline for entering cattle, sheep, Angora goats and swine is December 31. Horses and junior market turkey and broiler entries close on January 15 and breeding poultry and breeding rabbits must be entered by February 1. The facilities, expanded last year, will accommodate 5,450 cattle at halter, 2,000 head of range bulls, commercial heifers and steers, 4,500 sheep, goats and swine and 2,300 horses, during the

12-day show.

A favorite event with rodeo audiences is always the hilarious calf scramble where youngsters wrestle with young calves just off the range. Winners receive certificates which allow them to get a good start in the cattle business by purchasing a heifer calf. The 1976 show will see 234 certificates, valued at \$275 each, awarded to eager

juniors. These also include certificates which allow them to get awarded in the junior livestock judging contests.

As always, the rodeo promises to be America's wildest and biggest. Top professional cowboys from throughout the United States and Canada will compete for purses of more than \$100,000. In addition, the top winners will compete for extra purses and awards at the rodeo finals on the last night of the show.

Additional information on the show, plus the new premium list, may be obtained from the Houston Livestock Show and Rodeo, P.O. Box 20070, Houston, Texas 77025.

and offensive tackle for the Mules. Matt's activities include football, track and art club. His comments were, "We can much improve our record this year, if we can just persevere." Danny Gonzales is the 17 year old son of Mr. and Mrs. Paul R. Gonzales. He plays right guard and right defensive tackle for the Mules. His comments were, "Well, I think we have a good football team for our size. We have a pretty good chance of winning district if we just try, and by golly we are going to try." Juan Martinez is the 17 year old son of Mr. and Mrs. Jose Martinez. His offensive position is guard while he plays tackle on defense. Football and auto-mechanics are his activities. Juan said, "We have a good team with lots of spirit. Although we may not be as big as we wish, our quickness makes up for it." Congratulations to the Junior football players.

220 Compete In Speech Tourney

Muleshoe High's Speech Department's annual speech tournament was held this past weekend. Two hundred and twenty contestants from ten schools competed in the six-event tournament. Amarillo High School won the overall Sweepstakes championship with Friona winning second and Hereford third. Muleshoe High students were entered in the preliminary rounds only in the experienced divisions. Mark Harmon and Brent Burrows won the Novice Debate Championship for Muleshoe by defeating Amarillo High on a 3-0 decision in the finals. Mark and Brent are freshmen this year. Larry Hooten, another Muleshoe High freshman, competed

Mexican Supper

Friday, October 24, before the Muleshoe-Perryton football game, the MHS Deca club sponsored a pre-game Mexican style supper. Serving time was from 4:30 to 6:30 p.m. in the high school cafeteria. The price per meal was \$2.50 for adults and \$1.75 for children under 10. The menu included tamales, enchiladas, rice, refried beans, tomatoes, tostadas, hot sauce, cake, and coffee or tea.

Muleshoe High Reassigned To 3-AA

The State Executive Committee or University Interscholastic League Committee has announced the 1976 Football assignments for the different conferences in Texas. Due to Muleshoe's enrollment falling to AA, we have been placed in the District with Littlefield, Dimmitt, Friona, Olton and Morton.

Mr. Dillman, Mr. Mardis, and Coach Stout met last Tuesday night at Olton with other schools of 3-AA to organize the Football District games for the Fall of 1976. The games will be played

as follows: October 15, Muleshoe at Littlefield; October 22, Muleshoe at Dimmitt; October 29, Friona at Muleshoe; November 5, Muleshoe at Olton; November 12, Morton at Muleshoe.

MHS Spirit

Friday, October 24, at 2:45 the halls of M.H.S. rang with the spirit of the students. The Band began the march to the Pep Rally down the halls while the students fell in behind the Cheerleaders. Coach Rodney Murphy gave a speech during the Pep Rally. Running back Tommy St. Clair was the football player to give the speech. The Cheerleaders made a spirit stick to the class with the most spirit. The class will be able to keep the stick a week and then it will be given away at the next Pep Rally.

MHS Library Has New Look

As students of M.H.S. ventured to the library, this week they found a strange new happening. The library has removed some tables and replaced them with "Study Carrels". The desks are enclosed on each side with a petition in the front. Mrs. Dillman says these desks will help students to study in the library. The students weren't too enthused, but they will get used to the new furniture of the library.

Nelson Rockefeller, Vice President, on federal aid to New York City: "I don't think the federal government can stand back of a history of overspending and overcommitment."

Student Council Projects Successful

The past two weeks have been busy ones for members of the Student Council as many projects have been set into action. The homecoming football raffle was a big success, and much thanks goes to Mrs. Black for her help. Beat tag sales have also been tremendous, and this has helped the Student Council fund immensely. On October 18, the Student Council held a concession stand for the Speech Tournament under the direction of vice president Laura Beene. This turned out to be very successful, and a special thank you goes to all who were involved. October 29, the Student Council will hold a movie, "Ride the Wild Surf". The admission charge will be 50c.

Bill Durham

Best Of MHS

Bill Durham was selected by Thespians as Best of MHS for this week. Bill is a 17 year old senior this year, and his parents are Mr. and Mrs. C.W. Durham. His school activities include Speech, Drama, National Honor Society, and Thespians. Bill commented on the PSAT Test by saying "The PSAT test offers an excellent educational and scholarship opportunity for those who are eligible. Every eligible student should take it."

FHA Chapters Meet Jointly

Rose and Rosebud Chapters of the Future Homemakers held a joint meeting on Monday night, October 20, at 7:30 in the Homemaking Department. Melody Mauldin and Nina Pitcock, presidents, conducted the meeting. Girls approved a plan of work for the year and discussed current money projects of Stanley sales and Halloween booth. The chapters then divided into separate groups and discussed Encounter and Impact projects. The next meeting will be in November with emphasis on crafts for leisure time.

Gas Crisis

WASHINGTON—Cold homes. Dark factories. Long unemployment lines. That's the bleak prospect facing possibly millions of Americans this winter as the natural gas emergency grows ever more severe.

Make no mistake about it. The natural gas emergency is a dire national threat that could deal a severe blow to our hopes for economic recovery. Tens of thousands of jobs could be at stake.

Natural gas, our most economical and cleanest-burning fuel, presently accounts for about one-third of U.S. energy consumption.

But supplies of natural gas are dropping almost as sharply as crude oil supplies dropped when the Arab oil embargo was imposed two winters ago.

Demand for natural gas is outrunning available supplies

by about 15 per cent. Curtailments of natural gas could hobble industries in the Middle Atlantic states. Shortages in some areas could be so severe that home heating with gas—for which there is no economical substitute—may have to be curtailed.

The Federal Energy Administration estimates that, given present conditions, curtailments this winter could total 1.3 trillion cubic feet, up 30 per cent over last year. A severe winter could drive the shortfall to 1.45 trillion cubic feet.

Most of the blame for the natural gas shortage must fall upon Congress. Federal price controls have sharply retarded the development of new supplies of natural gas and have slowed the expansion of supplies from existing gas wells by denying producers a fair return. By holding the price of natural gas below those of other fuels, price controls also have encouraged overconsumption, misuse and waste of this precious fuel.

Now, as the cold winds of winter draw ever closer, Congress continues to ignore the real cause of the shortages it has helped create and make more severe.

The search is on for scapegoats, not answers. Congressmen and Senators are trying to find someone or something on which to put the blame for their mistakes. Short term solutions that will last through the next election are given priority over long-term solutions required to resolve the problem.

I for one am heartsick over the politicking and demagoguery that has taken place on this issue. Congress must face the reality of the natural gas crisis and put aside previously determined biases.

No political compromises, no price ceilings or rollbacks, no new bureaucratic agencies can avoid the fact that if demand is greater than supply, either we cut back on demand, increase supplies, or both. The hard economic facts say we must deregulate, and deregulate now.

Too many politicians say deregulation makes good economic sense, but bad political sense. I say we must look at the long term solutions, even if they are politically unpopular in the short run. There are times when politicians must act like statesmen, and do the right thing even when it is not the popular thing. This is one of those times.

Farmers Union President Asks Support Of New Constitution

An official of a statewide farm organization today called the constitution election of November 4 "the most important single election in which we will have an opportunity to vote."

Texas Farmers Union President Jay Naman of Waco, made the remark during a statement when he called on farmers and ranchers to support the passage of the proposed state constitution. Naman said that while all citizens of the state will benefit with the passage of the document "farmers and ranchers particularly will benefit from several provisions in the state charter. I strongly urge all rural people to vote in favor of the measure."

Naman said that the decision by the Farmers Union to support the proposed document came after a decision by the Farmers Union to support the proposed document came after a careful analysis by the farm organization's Executive Board. "We feel that the proposed constitution incorporates many of our recommendations and policy

statements."

Naman said that the overall impact of the proposed constitution will be to return control of the governmental processes to the people and away from "court house" government and government by agency control.

Among the provisions of particular importance to farmers and ranchers Naman emphasized two provisions in the Finance Article. "The provision which requires the legislature to establish a separate formula for the appraisal of agricultural land for ad valorem tax purposes is a major breakthrough in the state's property tax system," the farm leader said. "Agricultural producers, particularly those in area of rapidly expanding metropolitan and recreation areas, will benefit greatly by having their land taxed at its productive value rather than at its speculative value. In the end, this measure will help keep much valuable land in agricultural production."

The other provision which Naman said is important to the

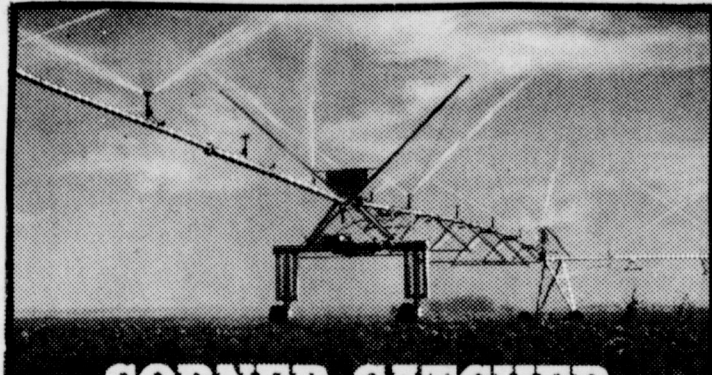

agricultural industry is the constitutionally guaranteed prohibition of a retail sales tax on agricultural machinery and parts, feed, seed and fertilizer.

"Although we currently have such an exemption, it is statutory only. By protecting it in the constitution we will assure continued savings of millions of dollars in added production costs," the Farmers Union president explained.

Naman termed the argument that the document is "liberal" rather than "conservative" as "phony." "I do not believe you

would find men such as GOP State Chairman Hutchison of Speaker Bill Clayton supporting the document if it were. The proposed document is neither liberal nor conservative," Naman declared. "It is simply a viable working document which will bring good management practices to local and state governments as well as some needed budgetary controls."

"The issue boils down to that of the special interests in the state vs. the people. I urge rural people to vote in their best interest and that of the state and vote for the constitution," Naman said.

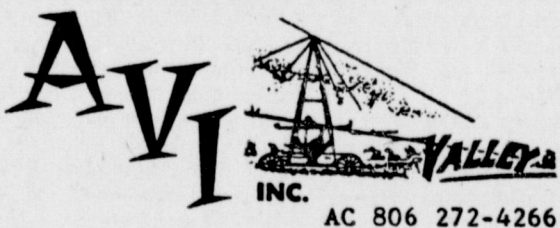

CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

November, December 'High Crime' Months

LEVELLAND—The months of November and December signal the holiday season for most folks, but to law enforcement officials, they are "high crime" months, providing prime opportunities for shoplifting, vandalism, burglary, theft and other crimes.

What can a person do to protect his home or business from such crimes?

A crime prevention program now being instituted by the South Plains Association of Governments may provide some answers.

"We plan to offer eight to 10-hour courses for the 15-county SPAG area on crime prevention to make the general public, business and industry aware of what they can do to prevent crime," said H.K. Henegar, SPAG crime prevention coordinator. "The program is being funded by a federal grant administered by the Governor's office," he added.

Henegar and other law enforcement officials who will serve as instructors have received training from the Texas Crime Prevention Institute, which is offered through Southwest State University at San Marcos. Nearly 20 two-week crime prevention schools are conducted there each year, Henegar said.

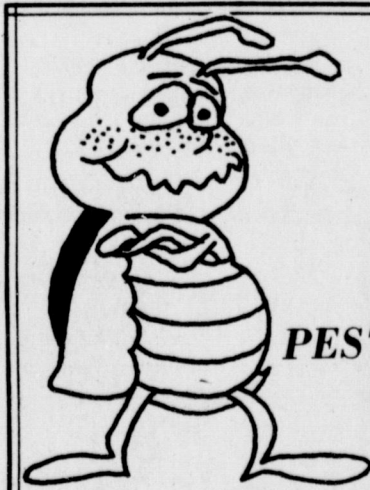

SPAG is offering both basic and specialized crime prevention programs in cooperation with South Plains College, which will furnish teaching facilities and will provide information to the public on the program.

If any firm or organization, such as the Chamber of Commerce, is interested in co-sponsoring these crime prevention programs, they should contact the office of Don Yarbrough, dean of continuing education at SPC, at (806) 894-4921, ext. 253.

"These courses are designed to reduce crimes against property, such as burglary and theft," Henegar noted. Crime prevention classes will cover such areas as technique to improve security measures, such as use of proper fencing, lighting and landscaping; properly secured building exteriors, including doors, windows, roofs, skylights, ventilation shafts and fire escapes; and interior controls, including locks, safes, steel bars, wire mesh grating and various alarm systems.

A survey of the home and business will be made to evaluate strengths and weaknesses of homes and businesses.

Persons needing further information on the crime prevention program should contact Henegar at 762-8721 or go to the SPAG office at 1611 Ave. M in Lubbock.

USDA Offers Instant Cotton Market News

Cotton farmers will be able to get instant cotton market news from the U.S. Department of Agriculture beginning October 28 throughout the West Texas cotton marketing season. This service, available 24 hours a day, seven days a week, was announced by Paul R. Dickson, who is in charge of the Lubbock cotton classing office, USDA's Agricultural Marketing Service. "Since we logged more than 100 calls daily last season-the first time we've offered instant market news, we feel that such interest warrants our continuing the service," Dickson said. Farmers and other interested persons can dial Area Code 806-763-7870 and get a two-minute report on West Texas cotton market news. The report will cover Lubbock spot cotton prices, producer mixed lot cotton prices, spot

market quotations, demand, and supply. Also, the report will include the number of bales classed daily, the quality range with comments about bark and other trash that cause quality reduction, how well the Lubbock classing office is able to keep up with the ginnings, and cottonseed prices. "This cotton market news is collected by unbiased reporters who have no financial interest in the market," Dickson said. "They get their facts by daily contacts with farmers, ginners, buyers, merchants and others in the cotton industry. Then, we

summarize these facts to provide up-to-the-minute cotton market news," he explained. Bill Crockett, a veteran cotton market news man, will handle the instant-market news service again this year. Persons who wish to get weekly cotton market news, cotton quality and cottonseed reports by mail should request them from the Cotton Classing Office, AMS-USDA, P.O. Box 879, Lubbock, Tx. 79408.

For Rent
You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.
But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.
Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.
Our rates are reasonable. You can include freight, installation, pump... other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

The Consumer Alert

by John L. Hill
Attorney General

AUSTIN—What would you do if you bought a blouse, washed it according to direc-

tions, and found it two sizes smaller and coming apart at the seams when you tried to

wear it again?

Or if you found that the shoe repairman made a 75-cent error in adding up the bill for half-soleing two pairs of your shoes? Or what if you unloaded your groceries and discovered that the checker charged you full price for a brand of canned tuna that was on a special sale?

Would you complain?

Our Attorney General's Consumer Protection Division lawyers say most consumers would complain loudly and

loud—but maybe not to the right people.

All too often, they say, consumers who feel they have gotten a bad deal on a purchase just share their irritation with family or friends. They may fail to contact the only people capable of correcting the problem—the owner, manager, or other personnel at the store where the purchase was made.

Our attorneys and other consumer experts note that it's often in smaller purchases such as these that people fail to follow up by returning to the seller. If a gasoline-powered

chain saw fails to work properly, for example, the buyer likely would take it back for an adjustment, exchange, or refund.

But in many cases, the purchaser feels the error or problem is too insignificant. After all, the difference in price on the tuna was only 10 cents a can, and returning to the store to complain "probably would cost more in gas than I'd save."

And perhaps that blouse had been marked down—the purchaser then might be reluctant to complain about the

poor quality, since she bought it for half-price.

Consumer groups say other people hesitate to complain because they don't want to "cause a scene." Others may say "what's the use, nothing will be done anyway."

Such attitudes may result in

continuing problems for yourself, other consumers, and the store itself. By not reporting dissatisfaction with a product, consumers may perpetuate the problem, since often a seller will have no idea any difficulty exists until complaints are received.

And most reputable mer-

chants generally welcome valid complaints, since they offer an opportunity to dispel any customer ill will by correcting the problem.

Remember, though, that problems may also be the fault of the manufacturer, shipper, or even the consumer. They are not always correctable, either.

The 1975 Annual Meeting of the Plains Ginners Association will be held on Saturday, September 27, at the Lubbock Country Club from 9:30 a.m. to 2:00 p.m., according to the organization's secretary, Dixon White of Lubbock. Over 300 High Plains ginners and allied-industry people are expected to attend.

The meeting will feature addresses by Texas Speaker of the House Bill Clayton of Springlake; Donald A. Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock; and Tony Price, Executive Vice President of the Texas Cotton Ginners Association, Dallas. Bill Weaver of Lamesa, outgoing President, will give the President's annual report to the membership.

Clayton, elected Speaker of the House in January of this year, has served in the Texas legislature since 1962 and is said to be responsible for passage of more bills in the Texas House than any other member during that period. He is expected to speak to the ginners on State legislative affairs, keying on the water legislation in which he has played a major role.

Johnson will review what PCG is doing and plans to do toward ensuring the future of the cotton industry on the High Plains, stressing the need for a united effort in the industry to control its own destiny "by grasping opportunity as it presents itself in the areas of marketing, new production and processing technology."

Price, whose statewide organization has kept ginner interests in the forefront as government regulations on air pollution and safety have been promulgated, will outline the latest developments and suggest practical answers to some of the problems with air pollution control, Occupational Safety & Health Administration rulings, and other government regulatory activities.

The noon luncheon will be sponsored by Plains Cotton Growers, Lamesa Cotton Oil, Levelland Vegetable Oil, Lubbock Cotton Oil, Paymaster Oil Mill, and Plains Cooperative Oil Mill. Hemphill Wells will present a style show as a part of the noon activities.

PGA members present will elect nine directors at the meeting and the new directors will elect officers for the coming year. Weaver has served his maximum two-year term as President, and if tradition is followed will be succeeded by current Vice President Bill McCasland of Lubbock.

Preceding the business meeting on Saturday will be the Association's annual golf tournament, with players teeing off at the Lubbock Country Club from 9:30 a.m. to 11:00 a.m. on Friday, September 26.
