

Water With No Place To Go

Runoff from Monday night's hard rains still stands over a long strip of real estate between the T&P Railway and Highway 80 in west Big Spring. The flood covers an area from Bell Street to the west city

limits adjacent to the railroad. Water flowing through town from the west keeps that in town from crossing the railway and draining off. The stagnating water is a mosquito threat and health hazard.

Knowland Seeks Changes In Rules

WASHINGTON, May 22 (AP)—Sen. Knowland (R-Calif.) called today for a revision in the ground rules for Senate investigations, pledging that the Republican leadership will back changes at the opening of the next Congress. In an obvious reaction to public criticism stirred up by the televised McCarthy-Army dispute, Knowland said the Republican Policy Committee will ask its counterpart Democratic group to cooperate in adopting a uniform code for inquiries.

Fear Floodwater May Bring Health Problem

Water from Monday night's hard rains covered an area of several blocks in western Big Spring for the fifth day Saturday. Floodwater which continued to flow through the city from the Elbow Creek watershed southwest of Webb Air Force Base kept the stagnant pool from draining off the lowlands residential area between West Third Street and the railroad. There was no indication as to when the flow from the southwest would cease. Until it does, water which is backed up along the railroad has no way to escape.

There is only a slight difference in elevation from the western to eastern edge of the city. Worst hit by the Monday night overflow was the section along West Second Street in the vicinity of Galveston, San Jacinto, Presidio and San Antonio Streets. Numerous homes and some business places were flooded and some still stood floor deep in water Saturday. Red Cross representatives who inspected the area Saturday estimated that water is standing from two to five feet in depth in some spots.

There has been no reliable estimate as to extent of damages. The gas company was forced to install temporary surface lines in the area after water leaked into regular service lines and meters. The city water supply has not been affected. Despite repeated invitations to register for emergency relief and future rehabilitation assistance, the Red Cross said Saturday that only eight families have registered. Registration will remain open for several days, the agency said, and anyone in need of assistance should call at the Red Cross office in the courthouse.

Reviewing The Big Spring Week

With Joe Pickle
If anyone had forecast two months ago that we would be worrying about flood conditions or fields too wet to plow, he would have been hustled off for a head examination. Yet we were in that position at the end of the week. The telling blow was the intense thunderstorm last Monday, putting a chunk of the west end of town under water. With all the lakes full to overflowing west of here, another hard rain on the Elbow Mustang shed would produce some monumental headaches.

Friday's Moisture Makes This Second Wettest May

Friday evening thundershowers gave just the impetus needed to make this the second wettest May on record here. The U. S. Experiment Farm gauged 29 of an inch to run the month's total to 7.59. This was slightly ahead of the 7.49 for May 1950 and second only to the record 10.10 for May of 1928. Elsewhere in the county the rainfall varied. Except in the northwest part, upward of half an inch was measured. The moisture was enough to halt planting in most areas. In general, it fell slow enough that no damage resulted and some thought it might help soften a crust that was beginning to pose a problem for sprouting cotton.

Woman Says Bank Holds Clue In Death

PENSACOLA, Fla., May 22 (AP)—A red-haired woman, who claims she knows something about a Texas slaying says she'll return to Texas to testify on only one condition. Constable W. J. Kelson reported today that Mrs. Betty Bushey, 29, Corpus Christi, has told officers she was wanted as a material witness in the ambush slaying of Jake Floyd Jr., in Alice, in September, 1952. John Ben Shepperd, Texas attorney general, said he would like Mrs. Bushey to testify before an impartial grand jury regarding Duval County matters. Kelson said she told him the only way she would return to Texas would be for a Florida officer to accompany her there by airplane, and that she be allowed to go straight to court, give her testimony, and then be returned immediately to Florida.

Chamber Adds 47 To Its Membership

Forty-seven new members were added to the Big Spring Chamber of Commerce during the past week as a result of the annual membership drive. Dan Krause, chairman of the drive, said that the new members have pledged a total of \$1,080 in annual dues. Report on the drive was held at a luncheon meeting Friday. County Judge R. H. Weaver's team outpointed the group headed by Matt Harrison, it was revealed. Weaver's group secured 25 new members, and Harrington's team accounted for 22. Krause said that other new members might still be added to the Chamber.

McCarthy Asserts He Will Testify At Probe

U. S. Held Trying To Keep Arms From Guatemala

WASHINGTON, May 22 (AP)—Rep. Hillings (R-Calif.) said today the United States is trying to stop at least two more arms shipments believed bound for Guatemala from behind the Iron Curtain. He also said a special house committee on communism may investigate alleged Red inroads into the Central American republic which received a 2,000 ton shipment of arms this week from Stalin in Red-dominated Poland. The State Department has called this an "important arms shipment" and President Eisenhower has termed the news very disturbing. Hillings, a member of the special committee, said he has been told that two and perhaps more vessels are bound for Guatemala with Communist-produced arms. He said the United States has asked officials of friendly ports to intercept the ships if they put in from sea. The Californian said investigators for the special congressional committee may be sent to Mexico City to interview Guatemalan exiles as the first step toward a congressional investigation of the whole Guatemalan situation. Such a congressional probe would be justified, he said, because of the "serious situation" created by alleged Red control of the Guatemalan government and the recent arms shipment which he termed "far too large for defensive purposes."

Two Baccalaureate Services Set Today

Two baccalaureate services are scheduled here Sunday at Big Spring High School and Howard County Junior College. The services will be held at the end of their spring semesters. Originally scheduled for the evening, HCJC is advancing the time of its services to 5 p. m. in the college auditorium. The senior sermon for high school graduates is pitched for 8:15 p. m. in the high school auditorium. Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, will deliver the sermon for the HCJC class of '53, including 15 candidates for associate in arts certificates and 8 for college diplomas.

Solon Decides To Go Ahead With Hearings

By ARTHUR BYSTROM
FORT ATKINSON, Wis., May 23 (AP)—Sen. McCarthy asserted tonight he will appear and be ready to testify when the Senate subcommittee investigating his row with the Army resumes its sessions Monday. "I shall advise my staff to testify if they are called upon," McCarthy also declared, adding "but I will not order them to testify." For himself McCarthy said, "of course I will be available to testify at any time." McCarthy's comments were made during a press conference immediately prior to his delivery of a Chamber of Commerce address in this small southeastern Wisconsin city. His address has been billed as a major review of his side of his row with the Army. The senator said that although he had been opposed to starting the hearings from their beginning he would stay with them until they are finished "unless some new road blocks are thrown in the way." McCarthy said he had decided on going ahead with the hearings after consulting with Republican senators and also a few Democrats. "There is no unanimity, but the consensus is the best way to get this circus off the road is spend as many hours as possible every day," McCarthy said. He also had a suggestion for Democratic members of the subcommittee. "I wouldn't try to force any senator to testify," McCarthy said. "But in view of the fact that Sen. Symington (D-Mo.) has demanded that all the Army monitored telephone transcripts be made public, I think Sen. Stennis should do the same as the three Republican members of the subcommittee and take the stand to tell what his conversations with Army officials were about—whether they were monitored or not." McCarthy said he thought that President Eisenhower has been getting advice from the leftwing press so that "elements of the press that always have been trying to destroy the Republican party now are advising Ike's advisors."

Billy Graham In Farewell English Meet

LONDON, May 22 (AP)—American evangelist Billy Graham jammed Wembley Stadium with 120,000 people tonight—more than the Olympic games packed in—for the farewell meeting of his London crusade. He came to the vast arena only a few minutes after leaving London's second largest sports stadium, the White City, where he preached to a capacity crowd of 67,000. Graham stood with head bowed and near to tears at Wembley as he preached his farewell sermon to London to wind up a three months crusade which has attracted around 1 1/2 million people. Besides him on the platform sat the gaither and black-hatted Dr. Geoffrey Fisher, archbishop of Canterbury and primate of the Church of England. The British Broadcasting Corp. beamed his address throughout the British Isles; television and movie cameras whirred under the blazing arc lights. Tonight the 35-year-old Graham answered the question many Britons had asked—why has his crusade here received so great a response. "I have been asked what is the secret," he said. "There is a very simple explanation. The spirit of God is moving across Great Britain as perhaps at no time in the last century."

Two Negroes Seek Enrollment Okay At Tennessee College

MURFREESBORO, Tenn., May 22 (AP)—Two Negro high school graduates yesterday requested and received applications for enrollment from Middle Tennessee State College here. The requests are believed the first in Tennessee since the U. S. Supreme Court ruling declaring segregation in schools unconstitutional. One of the five present qualifications for admittance to M.T.S.C. is that the student must be a member of the white race. The youths, James Scott and Walter Swafford, conferred separately with Dean N.C. Beasley. Both received their high school diplomas from Holloway High School here Thursday. It was understood that officials in Tennessee schools will await directives from the State Board of Education on the Supreme Court ruling before granting admittance to Negro students.

Traffic Deaths Up

AUSTIN, May 22 (AP)—Traffic accidents so far this year have killed 122 persons in Texas, compared with 799 in the same period in 1953. State police said this was an incomplete report. They expected the final increase in deaths for the period would be 7 per cent rather than 2 per cent reflected so far.

Crosbyton Has Four-Inch Rain

By The Associated Press
Churning thundershowers broke over the West Texas plains again Saturday, dumping rains of four and possibly six inches around Crosbyton. Light hail accompanied the downpours. The storms belled up from the Panhandle to the Rio Grande, ahead of a weak cool front, and headed east. Showers were forecast for all the state Sunday. A cloudburst measuring 4.01 inches soaked Crosbyton, 40 miles east of Lubbock, late Saturday. Editor W. H. Curry of the Crosbyton Review had reports that six inches fell southeast of Crosbyton. Light hail pelted the area. County Agent W. R. Kimbrough said area farmers will have to replant most of their cotton. He said that probably damaged wheat. During the day Amarillo received .06 inch of rain, Lubbock .48, Colorado City .51, and Wichita Falls, Childress and Midland, traces. At nightfall, another thundershower pelted Wichita Falls. Am light rain. Thundershowers rumbled around San Angelo, Lubbock, Wink, Midland, Abilene and Del Rio. The new showers developed after a squall line moved across the South Plains Friday night, dumping three inches of small hail east of Amarillo and heavy rains in some sections. Olton got 2.40 inches of rain, and nearby farming areas up to 3 inches.

Six Hurt In Headon Accident At Bryan

BRYAN, Tex., May 22 (AP)—Five Texas A&M students and Easie Sims of Beaumont were injured today in a head-on automobile collision 11 miles south of College Station on Highway 6. Miss Sims and Richard A. Harper, 19, of New Orleans were in serious condition in the Brazos Valley Hospital, both with head injuries. Miss Sims, driver of one of the cars, received a broken jaw. Also in the Navarro hospital being treated for shock were James T. Hammers of Orange, 19, driver of the other automobile. William Cockerband and John Paul Jones, both 18, and of Port Arthur, were in Bryan Hospital. Don Ernest Soeffl, 21, New Braunfels, was in A&M College hospital. None was injured seriously.

French Planes Blast Vietminh

By LARRY ALLEN
HANOI, Indochina, May 22 (AP)—Heavy French air assaults ripped at the major Vietminh forces edging toward the rich Red River Delta from Dien Bien Phu today. Armored relief columns inside the area liberated two small defense posts from enemy encirclement. A third fort in the southeastern delta fringe at Anza, garrisoned by 100 men and French noncommissioned officers was overrun in a night assault by superior numbers of Communist-led Vietminh. A French Command spokesman said the shifting of the victorious but battered Vietminh divisions from Dien Bien Phu was "not yet causing us any great worry." He declared emphatically: "The Vietminh are not marching on Hanoi." But the French admit the situation in the river-rich delta area—infiltrated by 100,000 Vietminh regulars, guerrillas and sympathizers—is serious. The Vietminh have 12 battalions poised just below the strategic road junction town of Phuly, only 30 miles south of Hanoi. Elements of this enemy force drove siege rings around the little defense forts at Anza, Yen Phu and Coquan, apparently aiming at a direct assault on Phuly. French mobile columns yesterday slashed through the Vietminh, inflicting heavy rebel losses, to rescue the forts at Yen Phu and Coquan after Anza fell to a thousand rebels armed with heavy mortars, 90 mm. bazookas and machine guns. Governor Aids Thief To Flee Unwittingly
OKLAHOMA CITY, May 22 (AP)—The governor accidentally stepped into the line of fire between police and a suspected thief they were chasing on the capital grounds today. Detective Hilson Gear had his pistol pointed at the boy on its statehouse steps, warning him a halt, when suddenly he sighted a familiar figure along the barricade. "It was the governor," Gear said. "I certainly couldn't shoot and take a chance at hitting his governor." The boy escaped but was caught later. Gov. Johnston Murray read about it afterwards in the newspapers.

'Sea-Going' Barge Is Anchored At Thomas

BIG SPRING — A sea-going barge was anchored in the heart of West Texas Saturday as the Colorado River Municipal Water District opened a new episode of its unique history.

This barge won't actually be going to sea, but it will be used to transport heavy oilfield equipment to well mounds when servicing is indicated.

W. E. (Earl) Maxwell, representing the Portable Bridge and Equipment Company of Houston, directed launching and assembly of the big barge Friday at Lake J. B. Thomas. Just to make sure it would perform as specified, he had four big trucks, with an aggregate weight of 90,000 pounds, driven aboard.

The barge was acquired by the CRMWD at a cost of \$22,511. It is designed so that it can be snubbed against the ramps on the mounds and equipment driven off the barge on to the mounds. When in use, it will be powered by a quartet of outboard motors.

The all-steel structure is 70 feet long, 25 feet wide and four feet deep. It has a gross weight of 110,000 pounds and draws 18 inches when afloat. With the top recommended load of 50 tons aboard, it will draw another 18 inches, leaving one foot of freeboard. It has bits fore and aft and in the center to facilitate anchoring and making fast as well as for securing the load.

Three separate sections make up the barge. Each one is eight feet wide and 70 feet long. Two air-tight compartments make up each section.

Launched by backing trucks into the water, the three sections were joined by driving pins through connecting lugs. The unit is so designed that one section can be completely flooded, fore and aft, and the other two will keep it afloat.

Workers launched the big steel barge from the south side of the lake and it is anchored there. A permanent station has not yet been determined for it.

Several district officials were on hand to see the new addition to

district equipment, including R. T. Piner, president, and B. L. Cook, Big Spring, board member, and Lyle Deffenbach and R. A. Schooling, Snyder members, together with E. V. Spence, general manager.

There are more than a dozen mounds topped by producing wells in the upper end of Lake J. B. Thomas. Some of them are surrounded by water 15 to 20 feet deep.

Several oil publications have manifested a lively interest in the spectacle of oil being produced in West Texas under marine conditions.

Robert Anderson To Receive Award

DALLAS, May 22 (AP)—Robert B. Anderson, a Texan who became Navy secretary and now is deputy secretary of defense, will be honored at a luncheon here May 29. Approximately 400 businessmen and professional leaders from Texas and the nation will attend. Sen. Lyndon Johnson of Texas will deliver the principal address.

A \$1,000 award will be given Anderson as recipient of the 1954 A. Harris & Co. Texas award.

The announcement was made today by Arthur L. Kramer Jr., president of the Dallas department store.

Anderson was general manager for the Waggoner Estate of North Texas, with offices in Vernon, when he was named Navy secretary in 1953.

A barge of the same type used in sea-going operations is now ready for operation at Lake J. B. Thomas, where it is anchored. The big steel affair, 70 x 25 feet, draws 18 inches now and will draw another 18 when carrying 50 tons to oilwell mounds. It was trucked from

Houston aboard trucks in three separate 8-ft. sections (top) and launched and coupled together in the lake, where it is shown floating Friday. The north shoreline in background is about a mile and a half away.

Lamesa Schools Name Faculty For Next Term

LAMESA, May 22—Superintendent of Schools C. W. Tarter has released the names of 108 teachers who will be employed by the Lamesa Schools for the 1954-55 season.

Tarter announced that Lamesa still needs two physical education teachers and one Junior High School band director. Mrs. Darrell, present Junior High band director, is leaving at the end of the current term.

In addition to the three positions still unfilled, a substitute teacher will be needed in the High School business department for Miss Billie Grace Webb, who has been granted a leave of absence to accept a teaching fellowship at Texas Technological College in Lubbock. School board members will also

contract for a Latin and Spanish language teacher at the high school for the coming year. Results of a recent school board public opinion poll indicated that a vast majority of Lamesa parents desired a Latin and Spanish class added to the curriculum this year.

Following is the 1954-55 list of teachers:

Dawson Pioneers Form Organization

LAMESA, May 22 — "Dawson County Pioneers" officially organized Thursday at a called meeting in the old First National building.

At the request of M. C. Lindsey, who called the meeting, Henry Norris acted as temporary chairman pending election of new officers.

Officers elected at the get-together were W. D. (Dud) Arnett, president; Mrs. W. K. Crawley, secretary; and Mrs. Dixie Kilgore, treasurer.

Plans were made for the next meeting to be held during the 1954 Dawson County Fair. The traditional pioneer meeting and reunion will be held at this time and a committee will be appointed at an early date to make arrangements for the reunion and to work with other fair and festa committees.

Residents who have been Dawsonites over the past thirty years are eligible for membership.

KNOW YOUR COURTS

"I don't like technicalities." We often hear this remark. Let's examine this statement.

There are two judicial systems, the English-American, where we try to administer law by rules laid down by the statute, and by the opinions of our Court, by which all—rich or poor, black or white—are adjudged equally between man to man.

We call this administering justice by a set of definite rules of law, and not through the whims and feelings of the presiding Judge.

The other system is by a Judge as he may feel or think. Russia has such a system. Many other nations have a modified form of administering law by the Judge's personal feelings or bias or prejudice—not following any rules of law.

Among the many rules of evidence, there is one in a criminal case that prevents a defendant from being tried on his general reputation and the bringing in of every little deviation during his lifetime. If a defendant has had a prior conviction for a felony and testifies, the fact of his prior conviction may be introduced, but if the Judge allows the prosecution to prove that he paid a fine for fighting one time with someone not connected with the murder case he is being tried upon, then, that is a reversible error. This occurred quite recently in the trial of the Ray Davis case wherein he was charged with the murder of Bob Childers. This case was tried in Howard County last November and reversed this week.

When a District Judge allows illegal evidence to be admitted then often there is a new trial to be had and a lot of cost to the State on the appeal and a lot of cost on the country for a new trial.

No blame rests upon the attorney or attorneys for the defendant. A man whose liberty is at stake must be tried according to law, otherwise, we have law based upon the feelings, bias, or prejudice, and not on an administration according to law.

Cases are reversed by the higher courts because of a lack of ability of the trial Judge. Many are reversed and new trials ordered because of indifference on the part of the Judge. Quite often cases are reversed purely from the lack of a study of the law of evidence as applied to the particular facts on trial.

It is therefore important in the administration of our courts, and important from the financial point of view of the taxpayer, to have the very best attorney and the most experienced attorney as the Judge of the highest trial court in our judicial system, the District Court.

Next week we will discuss how the grand jury and petit juries are selected.

Baccalaureate Set For Lamesa Seniors

LAMESA, May 22 — The Rev. J. H. Crawford, pastor of the First Methodist Church, will deliver the baccalaureate sermon to the Lamesa High School graduating class Sunday at 8 p.m. in the First Baptist Church.

An organ prelude by Susan Logan, graduating senior, will open the service. For the processional, Miss Logan will play Verdi's March from "Aida." Miss Donna Jo Alexander, also a member of the graduating class, will sing "The Lord's Prayer" and the Lamesa High School A Capella Choir, under the direction of Orlando W. Johnson will sing "Sing Forth Thy Spirit."

The Rev. L. D. Ball, pastor of the First Baptist Church, will give the invocation and the Rev. Walter Horn, pastor of the Presbyterian Church, will pronounce the benediction.

The recessional played by Miss Logan will be Pilgrims' Chorus from "Tannhauser."

Friday, May 28, at 8 p.m. in the Lamesa High School Gymnasium, 114 seniors will receive their diplomas. The Lamesa High School Band, under the direction of Edward J. Burt, will open the graduation ceremonies with the processional march. George Watson will give the invocation and Ned Culp, president of the senior class, will present the Welcome.

Special music will be provided by a clarinet trio composed of Robert Brookerson, June Humes and Marilyn Lamphere. Miss Logan will play "Prelude in G Minor" on the piano and the A Cappella Choir will sing "Battle Hymn of the Republic."

Ann Barr will deliver the Salutatory and Joan Addison will deliver the Valedictory address. Robert Weaver, president of the student council, will speak on "Service."

Following "Recommendations for Graduation" by Abe Holder, principal of the High School, and "Acceptance of the Senior Class" by C. W. Tarter, superintendent of Lamesa Public Schools, D. L. Adcock Sr., president of the School Board, will present the diplomas. Ray Culp, assistant principal, will be in charge of presentation of awards.

In conclusion the senior class will join in the "Alma Mater." Bobby Burnett will pronounce the benediction and the High School Band will play the recessional march.

Miss Addison is valedictorian of the senior class with a four-year average of 94.7750 and Miss Barr is salutatorian with a four-year average of 94.1905. Bobby Burnett is the boy with the highest average with a four-year average of 83.5268. These three students will receive scholarships from the Southern Association of Colleges.

Church Assembly Votes For Unity

DETROIT, May 22 (AP)—The General Assembly of the Presbyterian Church in the United States of America voted 24 million dollars today to finance home and foreign missions, evangelism and Christian education over the next year.

It also elected Frank M. Totton of New York, a vice president of the Chase National Bank, as executive director of the newly formed Presbyterian Foundation.

Totton will serve the foundation full time, a spokesman said, and among his jobs will be that of "receiving gifts and bequests on a nationwide scale." No salary was announced.

The 867 delegates also approved a communication to two other branches of the Presbyterian Church, advising that the U.S.A. Assembly had voted unanimously for a plan to unite the three.

The 40-year-old Huk chief, who surrendered Sunday could get a death sentence if convicted.

Pacific Ban Lifted
WASHINGTON (AP)—The government Friday lifted its ban on air and sea travel in the area around the Marshall Islands atomic proving grounds in the Pacific. The restrictions were set up during the recent series of hydrogen bomb tests.

Exceptions Filed To Condemnation Award

Attorneys for Mrs. D. H. Snyder filed exceptions in County Court Saturday to the award of special commissioners in connection with the condemnation of about 25 acres of Mrs. Snyder's land.

As a result of the action, a County Court jury will be asked to determine value of the property and extent of damages caused by construction of a road across the land.

The special commissioners Monday awarded \$4,000 for the land, damages to stockpens and tank and for fence construction. Mrs. Snyder had asked \$10,000 in "severance" damages.

The county had initiated condemnation against the property in order to secure right-of-way for proposed paved road from Chalk community to a junction with Highway 80 east of Coahoma.

Air Force Moves Its Men Off Northernmost Outpost

By ELTON C. FAY
WASHINGTON, May 22 (AP)—The United States Air Force has moved its men, at least temporarily, from the northernmost land of the Western Hemisphere.

The Air Force announced today that the nine men on T3 or Fletcher's Island were removed May 14. They were the last of a series of parties which have lived there since 1952 to observe weather while the island drifted high up toward the North Pole.

T3 today was only about 60 miles from a permanent weather station, called Alert, on the northernmost tip of Ellesmere Island, northernmost Canadian territory.

The USAF said that, "The island's value as a weather reporting station is considerably reduced as long as it remains this close to a fixed weather station," but that it will be reoccupied "when the island has moved to a location which makes it more valuable."

Moving at an average speed of two miles a day, T3 has drifted with the surrounding, broken Arctic pack ice in a huge ellipse from a position north of Alaska in 1952 to its present location.

Station Alert is a navigational check point for planes flying weather patrols to the Pole from the big U.S. base at Thule, Greenland.

United States airmen had suspected for some time that Russian reconnaissance planes were running look-see missions in the area of the ice island. Their suspicions were proved recently when aircraft definitely identified as Soviet made two low passes near T3, presumably on a photographic mission. Then it headed off over the top of the world for home.

Although there is no land in the huge trough of Arctic Ocean at the top of the world, the area is by tacit agreement divided into sectors of interest.

HCJC Slates Summer Term

Approximately 20 courses will be offered at Howard County Junior College this summer, and classes will begin Tuesday, June 8.

There will be only one nine-week term this summer, it was announced by HCJC President W. A. Hunt. Registration is slated for Monday, June 7, one day before classes begin.

Since the summer term is an independent self-supporting session, only those classes will be taught in which ten or more students enroll, Dr. Hunt announced. Though the offerings of the summer school have not been set definitely, courses available include: English, government, history, mathematics, machine shop, type-writing, welding, woodwork, economics, sociology, psychology, arts and crafts, nursing arts, agriculture, shorthand, education, chemistry, physics, and biology.

Students may enroll for one, two or three subjects during the term, receiving credit for up to nine semester hours. Arrangements have been made to offer such courses as chemistry, physics, or English as a complete two semester course in nine weeks if it is demanded.

Fee is \$5 for each semester hour taken. This means one subject will cost \$15, two subjects, \$30 and three subjects \$45. Complete information can be obtained by calling the college at number 4-6311.

HCJC credits are accepted on transfer by all accredited colleges, Dr. Hunt said. The school is also fully approved by the Veterans Administration for training veterans.

U.S. Progress With Cold War Discouraging But Not Hopeless

EDITOR'S NOTE: To most Americans, the term cold war probably means something like this: A battle by the free world, spearheaded by the United States, against the forces of Communism. It is a thing in which a billion dollars can be important. So can the voice of a village leader in some remote country. To measure the cold war's progress as of today, The Associated Press asked its correspondents around the world to dispatch up-to-date and detailed reports. Here is a summary of their findings.

By The Associated Press
India is aggrieved, and at least temporarily alienated from the United States. Indochina is within grasp of the Communists and all Southeast Asia is in peril. The friendship between Uncle Sam and John Bull is at its coolest since Munich. France, on the edge of a chasm, eyes Washington with misgivings.

That, with some qualifications, is part of the picture Americans can draw from a frank appraisal of the cold war as of May 1954.

Though it has patches of military action, the cold war is essentially a war of ideologies for the minds of men. The two strongest nations of the world seek to win friendships and influence peoples.

How does it go today? The Associated Press asked its correspondents in 17 strategic areas outside the United States and Russia.

Their reports make it clear the U.S.S.R. has made advances in the last year. It could have made more; it took only stumbling advantage of opportunities to capitalize on a considerable distrust of the United States. But there remain in many places a basic admiration of U.S. aims, a basic suspicion of communism.

The progress of the cold war, from an American viewpoint, can be called discouraging but far from hopeless.

There are signs the Berlin and Geneva conferences have weak-

ened confidence in the United States. The doubt was epitomized, perhaps, by Oskar Pollak, influential chief editor of the Socialist "Arbeiter Zeitung" in Vienna. He said early this month that the

Club Contributes To Local Library

A world atlas and globe have been contributed to the Howard County Free Library by the Spoudazio Foru Club of Big Spring. Mrs. Opal McDaniel, librarian, reported Saturday.

Also new to the library are the new Collier's World Atlas and Gazetteer, and a full set of Junior classics by Collier.

The Laura Ingalls Wilder books, five new volumes by Gene Stratton Porter, and several volumes on baseball and Little League play have been received.

There are about 20 new titles in the American Heritage series, ranging in grades from four to seven, Mrs. McDaniel said. In addition, the library has purchased two copies of "The Dollmaker," by Harriette Arnow.

R. R. McEwen Jr. has given the library 10 volumes of fiction.

Fine Assessed

Fine of \$50 was assessed Friday against William L. Taylor who pleaded guilty in County Court to charges of driving while intoxicated.

Taylor was charged Thursday, and entered a plea of not guilty at that time. He told Judge R. H. Weaver he wished to change his plea Friday.

"world is losing faith in the ability of the American government to exert world leadership."

Communism and its leaders are, in a sense, accepted as one. Western Democracy is different—and many peoples when they criticize things American are apt to talk of personalities. To some of these the Eisenhower administration is still a little mysterious. There is considerable criticism—informed or not—of Secretary of State Dulles, less of Eisenhower personally.

Scandinavians in general seem to think Eisenhower inspires more confidence than Dulles. Britons have been shaken by what some term Dulles' "shock diplomacy."

France has had its moments of coolness toward the secretary; so have Yugoslavia and some of the Middle Eastern nations.

Many educated Indians regard Sen. McCarthy as the real ruler of the United States and hold him responsible for actions arousing their opposition. Britons of almost every political affiliation express fear of "McCarthyism."

The "man in the street" in Denmark is apt to couple his regard with Eisenhower with wonder "how he can tolerate the activities of Sen. McCarthy."

Thus there are many straws in the wind. The campaign has made some progress; it has resulted sometimes, but not always, in less friendship toward the United States.

DO IT YOURSELF Barbecue Bar Cart Handy, Attractive

By BILL BAKER
As the warm weather sets in for a long summer's stay, more and more of my friends request designs for out-of-door furniture. One of the most popular in this line is a wonderful new barbecue bar cart. If you spend any of your leisure time in the yard, this design is particularly suited for you. Or if you are one of those who hasn't yet discovered the fun and health benefits derived from having meals in the open, then this piece of furniture can help you learn.

As a furniture designer to many stars in Hollywood, this barbecue bar cart has become one of the most widely accepted and highly praised units I've ever made. I think you would like to have one for your yard, too, and I have made it available now in BILL BAKER'S EXTRA-SIMPLE PATTERNS NUMBER 112.

Beauty For Your Yard

Bill Baker's do-it-yourself pattern is this handsome barbecue bar cart, being put to the test by actress-model Aliene Coates.

Let me tell you something about this practical bar cart. First, it has the look and does the work of similar units which cost several hundred dollars. Your cart, however, will cost only a few dollars for materials and a weekend or two in workshop effort.

The barbecue bar cart is probably the most handy item you can imagine for serving and entertaining in the yard. You'll discover that its handy benefits and work-saving features will make your chores light.

Addition of a push-pull and two wheels makes the cart completely portable. You can move it from place to place and when it comes time for storing it away in the winter the movable features make the job easy.

From an aesthetic point of view, the cart will add real beauty to your yard.

And from the utilitarian side, look at these extra features: One large storage section, with doors opening to both sides, gives ample room for holding bulky dishes. Above this are two smaller areas, each with a pull-down door, for additional storage. On top is a wide work area which becomes a serving table when you ring the dinner bell. And the unit also has storage cut-outs for glasses and shelf space for silver, napkins, dishes, and the other equipment you use.

Actual-size paper pattern pieces make it easy to turn wood into the finished product. Easy-to-understand directions, a full list of materials needed, together with suggested wood and finishing details are included with each pattern.

It will be easy for you to own a barbecue bar cart of your own. To get your pattern all you have to do is send your name and address (clearly printed), together with one dollar (\$1) in cash, check or money order, to Bill Baker, BIG SPRING HERALD, P. O. Box 1111, Los Angeles 53, California. REMEMBER TO ASK FOR PATTERN NUMBER 112. Other Bill Baker patterns available: No. 115, Wheelbarrow planter, 50 cents; No. 109, Bridge lamp-end table, 50 cents; No. 111, Sewing Cabinet combination, \$1.

Farmers In Mitchell County Being Urged To Plant Guar

COLORADO CITY (SC)—Mitchell County farmers are now being urged to plant guar, by Painter Wylie in charge of the local Service, who declares this is the ideal time to get seed of the well-adapted summer legume into the ground.

"Soil improvement is definitely needed," Wylie explains, "and soil productivity is lagging. By using guar the farmers can build up their soil while at the same time it is a crop that will pay its own way from the sale of beans containing the seed."

Farmer experience, Wylie points out, has shown definitely that guar will grow well on the Rolling Red Plains section of the state; that it will improve the soil; that it will increase the yields of crops following it, and that it will pay back a fair return from the sale of seed.

"Guar is well adapted to most of the soils in this district," the conservationist stated, "but it does grow best on the sandy loams and lighter soils."

He says it should be planted in a clean seed bed just like the farmer would plant maize, and using the same planter plates. The seed should be covered from one and

one-half to two inches and planted at the rate of six pounds to the acre in 38 or 40-inch rows. He says with culture "E" before planting, since this inoculation helps the plant fix nitrogen in the soil and assures the best possible growth.

Generally the application of a commercial fertilizer is not recommended, Wylie says. He adds, however, that the use of about 200 pounds of superphosphate to the acre may prove beneficial in securing the best possible results from over-all soil improvement. He describes guar as an easy crop to grow and one that can be planted and cultivated and harvested with the equipment that is usually found on every farm. He says it will need several plowings to keep the field as clean as possible and may need hoeing if weedy conditions prevail.

Guar seed are economical in price. Wylie says, since it retails at about ten cents a pound and most dealers in the area have this seed on hand for immediate delivery.

The Mitchell County ASC committee has set up two different conservation practices to assist farmers

GEORGIA MEET POSTPONED

Southern States Are Divided In Reaction To Court's Ruling

ATLANTA, May 22 (AP)—States affected by the Supreme Court decision outlawing racial segregation in schools are widely divided on what to do about the ruling. They generally agreed on carrying out a vast building program which was aimed at saving segregation.

Five days after the historic decision—not yet put into effect by court decrees—eight states seem prepared to accept the verdict with varying degrees of reluctance.

The remaining nine are seeking means to circumvent the ruling and maintain racial separation in public school classrooms.

This "boxscore" is a highly tentative lineup, however. Intrastate

lineup, however. Intrastate lineups and South Carolina, Mississippi, Virginia, Alabama and Florida.

The possibility that some pattern might begin to emerge next week faded when a scheduled conference of attorneys general here was postponed.

Georgia Atty. Gen. Eugene Cook, who had invited legal representatives of the affected states to meet and interstate meetings are being held or planned throughout the area and only after much discussion will concrete plans emerge, state by state.

But, everywhere except in North Carolina and South Carolina, there is no inclination to interrupt the billion dollar effort to achieve "separate but equal" facilities for white and Negro students.

It was the "Deep South" states that made the greatest effort to improve admittedly inferior Negro schools had to comply with the 50-year-old "separate but equal" doctrine, which the Supreme Court struck down last Monday.

Seven of those states have authorized or spent more than 900 million dollars for new schools in recent years. About 288 millions went specifically for Negro schools, and 383 millions for white schools, with about 40 millions not earmarked, and 215 millions not yet allocated.

And in those same states is the greatest reluctance to accept the end of segregation. This ranges all the way from Georgia Gov. Herman Talmadge's determination to "resist if we must stand alone," to expressions of hope that segregation "in fact" can somehow be continued even after the court decree becomes final.

Apparently resigned to compliance with the unanimous Supreme Court verdict that segregation is in itself unequal are Kansas, Oklahoma, Texas, Arkansas, West Virginia, Kentucky, Missouri and Maryland.

In addition to Georgia, studying the Supreme Court decision and apparently willing to circumvent it if means can be found, are Louisiana, Tennessee, North Car-

olina and South Carolina, Mississippi, Virginia, Alabama and Florida.

here next Wednesday, called off the session until after a meeting of governors.

Gov. Thomas B. Stanley of Virginia has invited governors to meet in Richmond June 7 to discuss the segregation ruling.

Cook said by meeting later, the attorney general would be in a better position to discuss implementation of any decisions of the governors and would have more time to study the Supreme Court ruling.

The two most widely discussed possibilities for continuing segregation in face of the Supreme Court ban are a private school system with the state subsidizing the student instead of the school; and authorizing individual school boards, as an administrative measure, to assign students to various schools.

Attack Housing Bars

SAVANNAH, Ga. (AP)—Eighteen Negroes have filed a suit in U.S. district court here attacking segregation in public housing. The group seeks preliminary and permanent injunctions against agents for turning down Negro applications for residence in the Fred Wessels Homes here. The housing project for white persons was built on a tract formerly occupied by Negro dwellings.

Trying Out The Grades

Sponsors of the Soap Box Derby, to be run off here July 4 (with the winner going to the All-American event in Akron, Ohio) are looking for an ideal race course. It will be one with proper grade for speed as well as safety, and that will accommodate the throngs expected to witness this outstanding event for boys. One of the competing racers, belonging to Avery Faulkner Jr., but not yet finished, was used as a test vehicle in the search for the right grade. Conducting the examination were (left to right) Gil Jones, Pete Cook, Lt. R. E. Hall, all representing the Lions Club, and Loyd Wooten of Tidwell Chevrolet Co. Announcement will be made soon as to the site of the race. More than 50 boys will compete, all of them in racers they are making themselves.

THE WEEK

(Continued From Page 1)

air show a week ago. Webb AFB almost had another of sorts Monday when a C124C Globemaster 200 fully equipped soldiers, the plane is the largest ever to land here.

Announcement was made of extensive remodeling on the 11th Place shopping center to increase space for a food and variety store. You may expect an announcement of another major project in that vicinity with a matter of days.

Congratulations were in order for Mrs. Clyde Thomas Jr., selected as "Woman of the Year." Her list of activities is too long to detail here. Suffice it to say that Jane Thomas has been mighty busy in a host of things, practically all of them majoring in community service or in young people. In spite of all that she finds time for her family—and to work in the yard, too.

It's two down and one to go on the freeway contracts. Last week Cagle Bros. of San Antonio submitted the low figure of \$508,000 for constructing 11 miles of divided highway west to the Martin County line. Something like an additional \$200,000 will be spent in another bridge over the T&P tracks west of town. Meanwhile, work is gaining in momentum on the Fourth Street job.

Big Spring clergy are about to add another doctor to the list. On Tuesday, McMurry College will present the Rev. Jordan Grooms of the First Methodist Church with an honorary doctorate. A large number of his members will be on hand to see the presentation. Many will hurry to Amarillo the following day for the Northwest Texas Conference.

Ordinarily about all the health department has to worry about following rains is treating a few pools to cut down on mosquitoes. Last week, people in flooded areas were urged to take typhoid shots. Meanwhile, city officials worried how to get some of the water out of the area.

This week most of our youngsters will be made happy. Seniors graduate on Thursday; ninth graders are promoted on Friday when school is formally over; the same day HCJC ends its semester. Three months of sleeping late coming up, no doubt.

Hardy To Assist With Playgrounds

John Hardy, who supervised the West Side playground last year, again will be associated with the summer recreational program. B. B. Lees, director, said Saturday.

Previously, Lees had announced that Plyce Brown would be back to handle the girls' work and to supervise the gymnasium program at the YMCA.

IRS Men Get Help On Old Accounts

Jimmie R. Cheatham has been sent here from Dallas to assist local agents of the Internal Revenue Service in processing a backlog of "old accounts."

Soap Box Derby Entrants To Attend Party Tuesday

Boys entered in the Soap Box Derby will gather Tuesday evening for their first big party.

Sponsors of the event will be hosts at a Coke-and-hot-dog feast, to be held at the city hall fire station at 6:30 p.m. Every boy who is signed up for the Soap Box race is urged to attend, and to bring his Dad.

Special cards will be distributed to all the boys, these cards to serve as identification for other entertainment events scheduled for the youngsters between now and Derby Day, July 5.

FFA Boys Will Be Feted At Lamesa

LAMESA — More than 200 area FFA boys who will be in Lamesa for their Area II Convention June 1, 2, and 3, will be feted at a barbecue at the Rancho de Faze on Tuesday, June 2 at 6 p.m., according to J. P. White, foreman. Clemon Montgomery, local director of the convention and Vocational Agricultural head at Lamesa High School, said that Gus White, Jr. had made available to the members of the Convention the facilities at his ranch for swimming, business sessions, and barbecue feed on opening day of the convention.

Missing Man Held To Be In Hospital

Word was received here this weekend that Hal McEntire, who disappeared about two months ago, is receiving treatment in a Veterans Administration Hospital.

Police said Saturday that the missing man's sister wrote a friend in Big Spring stating that McEntire is hospitalized in Washington. It is not known whether Washington state or Washington, D. C., was meant.

Jury Being Called For County Court

A jury is being summoned for the trial of several civil suits in County Court this week.

Ackerly Students To Finish At McMurry

ABILENE — Billie Cates, daughter of Mr. and Mrs. E. G. Cates of Ackerly, will graduate from McMurry College Tuesday. In the school's 30th annual commencement exercises. An elementary education major, she will receive the BS degree.

Dr. Kenneth W. Copeland, pastor of Travis Park Methodist Church in San Antonio, will deliver the commencement address at 10 a.m. Tuesday. The baccalaureate sermon will be delivered Sunday, at 8 p.m., by Rev. Howard Hollowell, pastor of Oak Cliff Methodist Church, Dallas.

A graduate of Ackerly High School, Miss Cates was senior class secretary, junior class reporter, member of the Future Teachers of America, and in the pep squad and choral club.

At McMurry, she has been a member of Alpha Pi Alpha, girls' social club, Wah Wahaysee, girls' service club; Art Club, Future Teachers of America, and the Boyce Hall Club.

Services Today For Mrs. Dobbs

COLORADO CITY — Funeral services for Mrs. Frances Louise Dobbs of Midland are to be held in Colorado City from Kiker and Son Chapel Sunday afternoon at 3:30. L. L. Bodine of Buford community will officiate. Burial will be in the Colorado City cemetery.

Mrs. Dobbs, who was in her eighties, was found dead in her bed at the home of her granddaughter, Mrs. Jack Tramm of Midland, Saturday morning. She had lived in Colorado City for many years and her husband, Bennett Dobbs, died in Colorado City in 1931.

She is survived by a son, Jess Dobbs of Tishomingo, Okla., a daughter, Mrs. Lottie Sanders of Midland, and five grandchildren.

Lamesa Men Slated To Attend Hearing

LAMESA, May 22 — DeWayne Davis, Chamber of Commerce manager, and R. F. Spraberry, County Judge, will be in Austin Wednesday in behalf of Dawson County's efforts to gain more farm-to-market roads. A hearing is scheduled for 3 p.m. Wednesday afternoon. The pair will return to Lamesa on Thursday.

Car, Army Truck Crash; None Hurt

J. R. Wayne Jones of Snyder was driver of an automobile which was in collision with a GI truck when an Army convoy passed through Big Spring Saturday morning. Jones' car and a truck driven by Carroll B. Buck of Fort Bliss collided near the east city limits. No one was injured, Highway Patrol officers who investigated, reported.

William Howard Shanks and James Hunt, both of Big Spring, were operators of vehicles which collided near the Coaden refinery Friday, the officers said. Neither was hurt.

Atomic Test Film Shown At ABC Meet

Members of the American Business Club viewed a film on the Air Force's part in the atomic tests in Nevada at their regular meeting Friday noon.

Arch Ratliff was announced as a new member. Rod Adams of Midland was a guest.

Christian Church Laymen To Close Meeting Today

Laymen of the Christian Church will close out a three-day retreat of their Fourth District Men's Fellowship with services this morning.

The retreat is being held at the Baptist encampment grounds near City Park. About 40 laymen of the Christian Church are registered.

Joe Brown, of Great Bend, Kans., national laymen's advisory commission committeeman, will speak during services starting at 11 a.m. today. Communion service will precede the sermon.

Personal devotions are to start at 7:30 a.m. Breakfast will be at 8 and the Sunday School lesson will be taught at 10 o'clock by H. E. Williams.

Brown also was speaker at the opening services Friday evening, and addressed the laymen Saturday evening.

Lewis Ackers, Abilene; Willis Jones of Colorado City; Dick Penick of Sweetwater; Dean Brigham of San Angelo; and George Ellinger of Kermit were other Saturday speakers.

H. L. Bohannon of Big Spring

said churches at Andrews, Midland, Big Spring, San Angelo, Sweetwater, Snyder, Kermit, and Colorado City were represented at the annual retreat. The registration totaled about 40.

Theme of the retreat has been, "What Is the Challenge?" Stewardship and the work of the individual layman in a church program were discussed at business sessions and during informal huddles.

District officers participating were Jack Cooper, San Angelo, district governor; and Bill Hazelwood, Sweetwater, and Bohannon, both lieutenant governors.

Noted Speakers Due At Welfare Meet In Lubbock

Several prominent sociologists and other professional speakers, including a Big Spring man, are to participate in the regional conference to be held by the Texas Social Welfare Association in Lubbock Monday, Erven Fisher, Big Spring, has announced.

Fisher is area supervisor for the Texas Department of Public Welfare. He and several members of his staff plan to attend the conference.

Discussions will be on "Realistic Goals for Handicapped and Retarded Persons," and "Community Factors in Family Counseling."

To participate in the panel talks are Rev. Dudley Strain, First Christian Church minister, Lubbock; Dr. J. D. Donaldson Jr., Lubbock physician; Tolford Durham, Big Spring, VA Hospital social worker; Carl Bailey, director of the Adult Education Center of Lubbock; Josephine Ballenger, coordinator of special education, Lubbock; Anne Leatherman, regional supervisor for the Child Welfare Division (DPW); Mrs. Wendell Cranfill, chief social worker, VA Regional Office, Lubbock; and Arne Randall, Texas Tech professor.

The conference will be held at the Caprock Hotel, with registration to start at 8:30 a.m.

MUST HAVE KNOWN HOW

MILWAUKEE, May 22 (AP) — A man entered the Joseph Poehlmann bakery, studied the inspiring messages framed on the walls.

One of the messages said: "Ye ask and receive not, because ye ask amiss James 4:3."

The clerk told police yesterday day the man displays a large revolver and said: "Give me all your money."

The bandit left with \$155.

Two Junior Hi-Y Clubs Have Vote

The slate includes C. C. Suttles, president; R. G. Garrett, activities vice president; C. V. Wash, program vice president; Bob Cowley, membership vice president; L. W. Boothe, chorister; Henry Park, secretary-treasurer; E. E. Everett, social chairman.

Stanley Willis Jr. and George White were initiated to the rank of Page in the Royal Ambassadors during the program.

James Day Wins Chamber Contest

James Day of Big Spring, High School was the winner of the Chamber of Commerce essay contest which was sponsored here during Chamber Week.

Jimmie Stelling won second place honors, and third place went to Sylvia Johnson.

High School students from throughout the county wrote essays on the subject, "Why One Should Belong to the Chamber of Commerce."

Honorable mention went to Garland Harrison, Bobby Hinkley, Louis Stipp, Bill Earley, James Underwood, Roger Brown, Marybeth Jenkins, Mike Williamson, Margy Keaton and Jimey Boyter.

The themes were judged by the Chamber education committee which is headed by Dr. W. H. Hunt, president of Howard County Junior College. Cash prizes were awarded to the first three place winners.

Two Auto Crashes Reported Saturday

Two automobile accidents were reported to police here Saturday. Both were minor, and there apparently were no injuries.

Charles C. Marchant, 205 Washington Boulevard, and Gary Welton Brown, 1303 Sycamore, were operators of vehicles in an accident in the 100 block of Jefferson about 1:30 a.m. Brown's vehicle was parked.

Nina Billie Yates, 307 Park, and Cora Thacker Stewart, general delivery, were driving vehicles in a collision at 3rd and Johnson about 2 p.m.

Forsan FHA Sets Ice Cream Supper

FORSAN — The FHA girls will put on an ice cream supper here Monday evening to help finance a trip of delegates to the state meeting in Cisco.

Time of the affair is 7 p.m. and the place is the school building. Adults will be charged 30 cents and high school students 25. There will be games of various types, such as dominoes, cards, etc. and music. FHA members are working toward a good attendance by the public.

Smith's 10th Round Blow Sinks Orioles

CLEVELAND, May 22 (AP)—Al Smith's 10th-inning single, which drove in Rudy Regalado from second, gave the Cleveland Indians their ninth straight victory today, a 4-3 win over the Baltimore Orioles. The Indians' first place margin remained at two games. Al Rosen slammed his 10th homer of the season, his seventh in the last seven games.

Mike Garcia pitched his fourth victory, yielding 10 hits to the Orioles, who lost their second straight in a four-game series with the Indians.

Don Larsen, who gave up 12 hits, was the loser. It was his fourth loss against one win.

Here's A Sample

Above is a picture of some of the fish pulled out of Lake Thomas recently by Claude Hodnett and Leslie Barr. These are channel and blue cat. The channel cat weigh about two pounds each and the blue almost four pounds. In four night runs on a trot line, Hodnett and Barr have averaged about four pounds to the catch. Hodnett and Barr live in Vincent.

HUNTING AND FISHING

Moss And Cosden Get New Fish

By JOHN BUSER
There have been some hefty catches, principally of channel cat, at Lake J. B. Thomas during the past week. One fisherman from Slaton took home 40 pounds. Largest report was about six pounds with several running in the three and four pound category. Most of the cat were hooked on trot or throw lines.

last with about 200 pounds of catfish, the largest a 15-pounder and several others around seven pounds.

Curt Borrett Sent To Lexington Club

SAN ANGELO, May 22 (SC)—Curt Borrett, former Big Spring outfielder who had his orders changed after he was packed to go to Harlingen of the Big State League, will instead join Lexington of the Mountain State League, San Angelo Colt officials have announced.

Another First For Hogan; He'll Use Clubs He Made

FORT WORTH, May 22 (AP)—Ben Hogan, who will try the probably unprecedented trick of playing a major golf tournament with clubs he has made himself, will be featured in the \$25,000 Colonial National Invitation tournament next weekend.

Longhorn Relay Team Defeated In Los Angeles

LOS ANGELES (AP)—America's 1954 Olympic games power was previewed in the 14th Coliseum Relays last night as 47,611 fans saw world records smashed in the shot put and two-mile relay and sparkling performances by the nation's top baton teams.

Phil Parry O'Brien of the Los Angeles Athletic Club battered the 150-foot official (59 feet 2 1/2 inches) and pending (60-5 1/2) world records in the shot put with a masterful throw of 60-5 1/2. The long one came on his seventh and final toss.

And a fleet-footed foursome from Fordham University raced the fastest two-mile in history. Their time of seven minutes 27.3 seconds is nearly two full seconds better than the world record of 7:29.2 set by an all-star American team in London in 1952.

Snider Homer Helps Bums

BROOKLYN, May 22 (AP)—Duke Snider's three-run homer in the third inning was too much for Pittsburgh today as Brooklyn knocked off the Pirates, 3-1.

Snider's home run, his sixth of the season, followed singles by Don Hoak and Pee Wee Reese off loser Jake Thies in the third. Except for the first inning, when the Brooks loaded the bases on two walks and a single with two out, this was their only solid threat.

Ortosky Overtakes Jackson In Race

Paul Ortosky, San Angelo catcher, has grabbed the batting lead in the Longhorn League through games of last Sunday with a .398 average.

Ken Clukey of Sweetwater slipped in ahead of the previous leader, the Jackson of Carlisbad, with a .380 mark. Jackson slumped to .379.

Midland Drillers Oppose Bengals Here At 2:30

The talent-deep and battle-wise Midland Drillers move into town this afternoon for an important Lone Star League game with Ynes Yanes' Big Spring Tigers. Game time is 2 p.m., the scene of action Steer Park.

There'll be two contests unrelieved this afternoon and both involve the Bengals. The local team has also booked a practice tilt with the Big Spring Braves, a local Negro nine.

Both the Drillers and the Tigers won their opening tests in league play last week. The Drillers blanked Lamesa, 17-8, while the Tigers were manhandling Odessa.

After today, all league teams will play double headers on Sunday but only the first one, in each instance, will count in league standings.

The Midland lineup is largely made up of former Longhorn League players. Among those who may play here today are Eddie Jacobs, John Howard and Leon Hook.

Hayden White, former Big Spring outfielder, is performing for the Midland team, along with Frank McAlexander, Tex Stephenson, Carriel Nipp and Eddie Melillo.

Carl Carr, John Olson, Rookie Worsham, Lefty Martin and Oscar Roth are other members of the club.

Sponsors of the Midland team, the Tri-Service Drilling Company, has spared no expense in outfitting the club. It is said to be one of the best dressed teams in the state.

Yanes will field a formidable lineup against the Drillers. He now has about 21 players, including Gene Hernandez, formerly manager of the Odessa league entry.

Jack Rodgers will probably hurl against the Drillers. The former Ackery schoolboy athlete had tryouts with both the Midland Indians and the Abilene Blue Sox this spring.

Steve Gallegos will be available for relief duty.

Yanes will save Joe Cadenhead to hurl against the Braves. Cadenhead is the youngest member of the Tiger team and is considered a very promising hurler.

Several Webb Air Base athletes help fill out the Tiger lineup, which is considered to be the strongest in the league.

Admission prices for today's twin bill have been pegged at 50 and 25 cents.

THIRD LITTLE LEAGUE ASSURED; TRYOUTS TO BEGIN ON TUESDAY

Four sponsors have been found for a third Little League in Big Spring.

The circuit will be identified as the T-Shirt League. Although its chapters will not be eligible to compete for regional and national honors, it will play a complete schedule and will use the Little League park.

Tryouts for the third league will begin at 5 p.m. Thursday at the Little League park. Present plans call for league play to begin Monday, May 31.

Ray White is now busy drawing up a schedule for the three loops. Eight teams, competing in two leagues, were active here last year. A dozen teams in three leagues will take part in play this year.

The other two leagues are identified as the American and the National.

Those youngsters who were not signed by other teams in previous workouts and those who have not yet checked in for drills are eligible to work out Tuesday.

The sponsors for the T-Shirt League are Reed Oil Company, Seven-Up Bottling Company, Record Shop and two individuals, J. A. Hobbs Jr., and Garrison Walker.

Clarence Suggs and White are heads of a committee which is making the Little League park ready for 1954 play. Dugouts and bleachers seats are being constructed.

Volunteer workers are needed for the refurbishing job. Anyone who can spare an afternoon can report to the park after 5 p.m. during this week.

Pony Leaguers Start Tuesday

Play in the five-team Pony League gets under way here at 6 p.m. Tuesday.

The baseballers of the 13-14 year age group will use a newly created diamond east of Howard County Junior College, located on school property, rather than Steer Park, as had previously been announced.

Since no lights are available, all games must be completed before darkness. They will go seven innings, if possible, however, League President Perry Johnson has announced.

Mickey Mantle Hot As Yanks Blast Boston

NEW YORK, May 22 (AP)—Allie Reynolds won his fifth straight today, shutting out Boston on seven hits for a 7-0 New York Yankee victory while Mickey Mantle ripped into Red Sox pitching for a home run, double and two singles, driving in four runs.

Reynolds pitched a complete game, allowing only one hit, a double by Bobby Richardson in the eighth.

Mantle's home run, double and two singles, driving in four runs, were the only hits for the Yankees.

Reynolds' shutout was his fifth straight, the longest in the American League since 1904.

Mantle's performance was his best since his return from a 10-day suspension for hitting Ted Lunde of the Boston Braves.

50-Lap Stock Car Race Set

The longest race ever staged at the Big Spring Speedway is scheduled at the local racing oval this afternoon and at least ten drivers have been lined up to compete in it.

The feature will be 50 laps, which means the winner must travel 12 1/2 miles. The lap is a quarter mile in length.

Stock cars from all over the area are coming in for today's program, which will include a trophy dash and other events.

About the only thing missing will be a Powder Puff Derby.

The program gets under way at 2 p.m. There'll be at least half a dozen races, if events now planned pan out.

The big winner to date has been Clyde Majors of Big Spring.

The Big Spring Speedway, a dirt track, is located a half mile out on the Snyder highway. Signs along the thoroughfare make it easy to find. There is plenty of parking space along the track. Steady improvements are being made at the track.

Seven Men Apply For Cage Post

Seven applications for the head basketball coaching job at Big Spring High School, vacated by Wayne Bonner after last season, have been received by the school board.

At least two of those may be interviewed by school officials the coming week.

John Ulrey was first named to fill the post but it was later revealed that he would take a coaching job at Bryan. He has been at Hempstead the past two years.

Stranahan, Campbell And Carr Head British Field

MUIRFIELD, Scotland, May 22 (AP)—An international field, including a few champions and a lot of duffers among 84 foreigners and 208 Britons, opens the British Amateur golf tournament Monday on Muirfield's links beside the Firth of Forth.

The field is huge and cosmopolitan and the class of the crew is Frank Stranahan, Toledo; Bill Campbell, Huntington, W. Va.; and Joe Carr, Ireland. After them come a large group of less fancied players including Frank Strafaci, Garden City, N. Y., Robert Sweeney, New York, London and Palm Beach, Fla.; and Alan Thirwell and Gerald Mickel, both Britons.

Remainder of the field is made up of vacationing American servicemen who are stationed in Europe, American golf tourists, players on British Commonwealth teams touring the motherland, Scottish and Irish golfers and the regular crew of English and Irish tournament amateurs.

Rockets Play Eagles Today

LAMESA (SC)—The Lamesa Rockets open their home Lone Star Baseball League season here at 2:30 o'clock this afternoon, at which time they host the Grandfalls Eagles.

Lamesa dropped its first loop test to Midland last Sunday, 17-3. Ken Russell or Bill Nix will hurl for the Rockets today. Pat O'Neill will handle the catching chores.

The Rockets are sponsored by the Olin Nix Motor Company of Lamesa.

Eulis Rosson, former WT-NM League player, will probably play for the Rockets today. He will be assigned to play first base.

Bowland May Top US In Bat Work

Probably the heaviest hitter in professional baseball in the country is Art Bowland, Abilene, who leads the West Texas-New Mexico League with a fantastic .481 in 22 games.

Bowland compiled his remarkable average on 38 hits in 78 times at bat. And he leads several other departments. His 38 hits give him a tie with Don Stokes, Plainview, for the lead in that department while he tops in total bases with 71, home runs with eight and in runs batted in with 30.

Buzz Clarkson Adds To Lead

By The Associated Press
Jim (Buzz) Clarkson, the hammering shortstop of the Beaumont Exporters, stayed out front in the Texas League batting race last week by the simple process of hitting .400 for the period.

While most other hitters slumped and the ranks of the 300 batters dwindled to 24, Clarkson added six points to his average. He also leads the other important hitting departments with 11 homers and 42 runs batted in.

Clarkson is doing .367 on 51 hits in 63 times at bat and is 14 points to the good over the next "regular," Glen Gorbous, Fort Worth.

Willie Brown, the blasting Dallas right fielder, and Ed Mickelson, Shreveport first baseman, are tied for the lead in hits with 54 apiece.

Howie Phillips, Houston, tops in doubles with 14 while Wilcy Moore, Dallas, and Joe Kopp, Shreveport, lead in triples with four each.

San Antonio's hitting record shows why it is leading the league. The Missions are tops in club batting with 277-18 points better than runner-up Dallas—and five San Antonio players are in the 300 circle.

Base thefts aren't so numerous this season. Witty Quintana, San Antonio, and Ken Boyer, Houston, lead with eight each.

John (Red) Murf and Willard Schmidt of Houston are the top pitchers with 5-0 records each. Ralph Butler, Fort Worth, and Bill Tremel, Shreveport have 4-0.

Karl Spomer, Fort Worth leads in strikeouts with 73.

UNCLE RAY'S CORNER

Last Saturday I quoted about half of a letter from Mrs. Gladys Morden, who owns a budgie, or parakeet, named Peter—or "Peter Brandt Morden," to give his full name. Peter sounds like a remarkable bird.

"When Peter wants to play," says Mrs. Morden, "he flies to the table and runs wildly around, saying, 'Come on, Gladys! Play with me! Catch my tail!'"

"He delights in playing with toys and gadgets in his cage. When he is told to ring the bell, he hastens into his cage, and does that bell ever get a wagging! In a mirror, he sees his image, and tries to kiss and caress it. Then he kicks at the image!"

"In the morning when I take him off his perch, he will say, 'Good morning. Did you sleep well?' Shake hands with little feet."

"Bath time is a special occasion for him. The water must be lukewarm and must be in a certain blue saucer. He simply rolls in this, legs up in the air, and what a splashing! When I ask him if he

wants another bath, he shakes his feathers and is ready to go into the water again.

"One day he was a nuisance, and I shut the door of his cage. Shortly afterward, he was flying around the house again. Returning to the cage, I watched, and saw what he'd. Clinging to the top rung with his beak, he used his feet and wings to open the door."

"When the missionary society met at our home, the president gave a long prayer for the poor weather. At the end, Peter yelled, 'Poor beggars!' Then the meeting burst into laughter."

"Last year, because of the coronation, I taught Peter to say, 'God save the queen.' One day, I called him 'an old skate,' and he said, 'God save the queen, the old skate.'"

Once more I wish to invite other readers of this column to send me letters about their budgies. These birds now rank among the most popular of pets. If you write, address your letter to Uncle Ray, in care of this newspaper.

Weeks Sees Economic Rise If A-Energy Used In Peace

BOSTON, May 23 (AP)—Secretary of Commerce Weeks said today the world's standard of living could be increased 25-fold if Russia would join other nations in all-out attempt to put atomic energy to work for peaceful purposes.

Weeks based his estimate on information which, he said, indicated that new methods could raise the world's atomic energy reserves to the equivalent of 90 trillion tons of coal.

Converted to industrial energy, this would mean, he said, "the millions behind the Iron Curtain could share with us a universal prosperity 25-fold beyond today's standard of living."

However, Weeks did not go into details on his picture of what life could be like in such an atomic-powered world. His remarks, prepared for a golden anniversary ceremony at Westwood Institute, dealt mainly with what he called "an alarming shortage" in U.S.

training of scientists and engineers.

Weeks told the technological school, which was inaugurating its president, H. Russell Beatty, that the "Soviet world not only may be catching up with us in the production of atomic power, but certainly is in the total number of trained personnel to operate and increase that power."

With Franklin Reynolds

It was just 20 years ago today, on May 23, 1934, that cigar-smoking Bonnie Parker, and Bull Durham-rolling Clyde Barrow were shuffled off into eternity when 167 official bullets plowed into their speedy Ford V-8 in the Gibsland-Black Country of Louisiana, about 90 miles south of Shreveport.

Bonnie and Clyde were wanted for something like a dozen murders, and nobody ever knew how many robberies they had been hard to catch. Their Ford, was capable of breezing down the highways at the then alarming rate of speed of 80 miles an hour. Gangsters like this pair and John Dillinger and Baby Face Nelson and Alvin Karpis and others were making this particular model of automobile very popular with law enforcement officers.

Everybody in those days said it took a V-8 to catch a V-8. Also to be remembered is the fact that the Federal Bureau of Investigation wasn't then the organization it is today. It was just about this time that the FBI agents were given the right to carry pistols and the authority to make arrests.

In Austin it was decided that if there was a man anywhere who could bring them in, that man was Frank Hamer, a former captain in the Texas Rangers. State officials made a deal with him. He was given a special commission as an officer of the State Prison System or the Highway Patrol and his pay for this mission was to be about \$180 a month. He was also told he could select any other man he wanted to help him with the job. Hamer named B. M. (Manny) Gault, then a member of the Highway Patrol and later a captain of the Texas Rangers in command of the Ranger Company stationed at Lubbock. It took them 160 or 170 days to finish the job with the blasts of automatic rifles and shotguns on a lonely country road about daylight that morning 20 years ago. It was the second or third ambush they had set for the killers, but this time the trap worked.

Since there were several murder charges pending against the pair in Dallas County, two of the sheriff's deputies from there, Ted Hinton and Bob Alcorn, were called in for the freeze out. Other officers looking down gun barrels under that rising sun were Sheriff Henderson Jordan and Deputy Sheriff Oakley of a Louisiana parish.

Jordan got wind that Bonnie and Clyde were planning on robbing a bank in his section. He notified Hamer and Gault, and they with the two Dallas officers, went there. The trap was set at the top of a hill on a country dirt road. The shotguns were loaded with buckshot. Bonnie and Clyde didn't stop when they got the word, and when they did in that speedy black Ford V-8 Bonnie had a machine gun in her lap, and a recently written poem in her blouse pocket.

Here it is:
"You have read the story of Jesse James,
Of how he lived and died.
If you are in need of something to read,
Here's the story of Bonnie and Clyde.

Now Bonnie and Clyde are the Barrow gang.
I'm sure you all have read
How they rob and steal,
And how those who squeal,
Are usually found dying or dead.

There are lots of untruths to their writeups.
They are not so merciless as that;
They hate all the laws,
The stool pigeons, spotters and rats.

They class them as cold-blooded killers.
They say they are heartless and mean.
But I say this with pride
That I once knew Clyde
When he was honest and upright
and clean,
But the law fooled around
Kept tracking him down
And locking him up in a cell.
Till he said to me,
"I will never be free,
So I will meet a few of them in hell."
This road was so dimly lighted,
Hell.

"If five or six laws got bumped," The police haven't got the report yet, Clyde sent a wireless today. Saying: "We have a peace flag of white
"We stretch out at night
"We have joined the NRA."

They don't think they are too tough or desperate, They know the law always wins, They have been shot at before But they do not ignore That death was the wages of sin.

From heartbreaks some people have suffered, From weariness some people have died, But take it all in all, Our troubles are small, Till we get like Bonnie and Clyde.

Someday they will go down together, And they will bury them side by side. To a few it means grief, To the law it's relief, But it is death to Bonnie and Clyde."

Hamer Took Gault Along

Manny Gault (left) was Captain Hamer's choice of "a man it would do to ride the river with" when he went after Clyde Barrow and Bonnie Parker. Others in the picture are Vern Davis, then Sterling County sheriff and now a special agent for a livestock organization, and Texas Ranger Levi Duncan, who still holds that job and is stationed at Amarillo.

Fire Roars Through Refinery

ALMOST FORGOTTEN

In 28 Years Moore Pool Yields A Boom

By CLIFTON LAWHORNE
Herald Oil Editor

The Moore Field, discovered more than 28 years ago, is today one of the "hottest spots" in the area.

Since the first of the year there have been 26 oil well completions in the Howard County field just southwest of Big Spring, and a number of other projects are now being drilled and nearing completion. Another 25 locations are on record at The Herald.

The field now has a total of 53 wells, and oil operators are hesitant to guess how many producers there will be when the pay limits are defined.

The "boom" in the Moore Field is recent, having started only a few months ago. In November of last year the official Railroad Commission records showed only 14 wells, and these were the same ones that had been producing for years.

Then in December the count rose to 17, and by February of this year there were 26. At the end of March there were 40 producers, and the count has been steadily rising.

The sudden rise in the number of wells came about as a result of a bunch played by A. K. Turner Jr. of Coahoma.

Turner and his associates knew that the San Andres formation in the Moore area had oil. The trick was to get that oil to the surface. This was not an easy task as the notoriously tight lime pay had little porosity.

But the development of a new sandfract method to loosen up tight formations gave Turner hope. This method had never been used in the Moore Field, and the Coahoma driller decided to try it and see what happened.

He got a well, and the boom started.

Observers hesitate to guess just

how much territory the field will eventually cover. It is thought, however, that quite a bit of development is yet to come to the northwest of the field.

Dave Duncan, who has been associated with drilling activities in the field for years, says that the field is economical to operate because there is no corrosive element to destroy pipes and equipment.

Duncan also quotes some geologists as saying that ultimate recovery from the field will be between 2,000 and 3,000 gallons per acre.

First wells drilled in the Moore area were by Continental Oil Company, back in 1926. The No. 1 Harding was the discovery well, and the field was named the Harding Field as a result. (The No. 1 Harding is still producing.)

After Continental drilled a few wells, activity in the "Harding" field died. Then in 1937 John I. and P. D. Moore drilled and completed their No. 1 Brindley. The Moore brothers asked that the field be changed to Moore, and the request was granted.

Following this several wells were drilled in the newly designated Moore Field. A number of these wells were drilled for the Northern Ordnance Corporation by Duncan Drilling Company. (The company was headed by John B. Hawley, Jr., son of the discoverer of the city's section No. 33 water reserve.)

Duncan says that the wells were brought in by shooting, and that potential was usually between seven and 15 barrels per day. The shooting process clogged the wells and sometimes prevented production.

After about 15 wells had been drilled by Northern Ordnance, operations in the Moore area again were temporarily stopped. Then in 1946 oil millionaire H. L. Hunt drilled a few wells. Until the lat-

ter part of 1933 there was no more activity.

Total production in the field through 1933 was 323,792 barrels of oil.

This figure is expected to rise considerably this year with the additional wells. With sandfract to loosen up porosity in the hard dolomite lime, production figures should really climb.

Local Concern Votes Its Usual Healthy Dividend

Southwest Royalty Company ordered its regular dividend here Friday night—a robust 20 per cent.

The action, not unexpected inasmuch as the local concern has been doing just that very thing about the last decade, was taken at the annual meeting.

B. F. Robbins was re-elected president; Fred Keating vice president; and Tom Rosson was elected secretary to succeed S. M.

Luther Well Nearing Zone

Lone Star No. 1 Merworth, venture in the Luther Southeast area, was fast nearing the Siluro-Devonian formation this weekend. Operator hopes to hit the field pay during the coming week. Total depth was listed at 9,516 feet Saturday. Location is C NW SE, 22-32-2n, T&P survey.

Lone Star No. 1 Bryson, C NW SW, 22-32-2n, T&P survey, was boring ahead at 8,311 feet in lime and shale.

Texas Pacific Coal and Oil Company reported that a work over rig is being moved in at its No. 1-B Phipps, also in the Luther Southeast area. The project will be tested and completed. Location is C NE SE, 16-32-2n, T&P survey.

The same firm spudded its No. 2 J. O. Haney, and operators is going ahead from 132 feet. Drill-site is 1,818.4 from north and 660 from west lines, 14-32-2n, T&P survey. The Texas Pacific Coal and Oil No. 1 Underwood, C SE SE, 15-32-2n, T&P survey, got down to 2,136 feet in anhydrite.

Two Tests Coring, One Location Set

Another location was staked in the Moore pool at the end of the week as two others began taking cores.

A. K. Turner Jr., et al of Big Spring was moving in on No. 3-B Hewitt, which will be a rotary venture to 3,250 feet five miles southwest of Big Spring. Drillsite on the 80-acre lease is 1,650 from the east and 330 from the north lines of section 25-34-1s, T&P.

On the south end of the field, Paul DeCleva No. 1-B Rexie Caille, was bottomed at 3,200 feet. Operator was going in with a core barrel Saturday to have a look at the formation. Location is 330 from the north and 1,650 from the east lines of section 31-30-1s, T&P, eight miles southwest of Big Spring.

At the other extremity, Duncan No. 2 Wilkerson, 900 from the north and west lines of section 30-34-1s, T&P, was pulling a core from 3,170-3,208. It will be examined over the weekend for possibilities of production. The location is about seven miles west and slightly north of Big Spring.

Water wells were being drilled for Lone Star No. 1 Little Walters, another Moore project. Operator is also preparing to move in rotary. This project, about seven miles west of Big Spring, is 2,310 from the north and west lines of section 34-34-1s, T&P. This puts it about a mile southeast of the Duncan No. 2 Wilkerson.

Duncan No. 3-A Homan, on the south end of the field, was shifting to cable tools at 3,180 to drill in. Location is 800 from the south and 1,350 from the east lines of section 13-34-1s, T&P, about a mile southwest of Duncan No. 1 Homan which completed for 75 barrels.

Duncan Drilling No. 3-A Brindley, 800 from the south and 1,120

To Test Show In Glasscock

Hunt Oil Company's No. 1 H. A. Houston, wildcat in Glasscock County about 12 miles northwest of Garden City, was being plugged back this weekend for tests in a formation which had oil and gas shows.

The section to be tested is between 9,140 and 9,293 feet. Total depth is 11,460 feet, and reports are that there have been no shows of oil or gas below 9,293. Sulphur water was recovered on a drill-stem test from 11,131 to 11,140 feet.

This prospector is on a 659.9 acre lease. It is located 663.9 from east and 2,029.5 from south lines, 22-35-2s, T&P survey.

Drilling Ahead

Steady progress was reported Saturday on Cosden No. 2 John Jackson, south offset to the same operators No. 1 Jackson in the Oceanic pool. The venture was at 5,140 feet in sandy lime.

Shippers Set For Meeting At Amarillo

More than 300 representatives of industry, railroads and the public, from Arkansas, Louisiana, New Mexico, Oklahoma, Texas, and other states are expected to attend the 96th regular and 31st annual meeting of the Southwest Shippers Advisory Board. Sessions will be held in the Herring Hotel at Amarillo, May 25, 26, 27, Tuesday through Thursday. The announcement was made by Douglas Orme, Big Spring, general chairman of the board and vice president-traffic, Cosden Petroleum Corporation.

Featuring the regular luncheon program on Thursday, which will be sponsored jointly by the Rotary and Traffic Clubs of Amarillo, will be an address by Elmer F. Layden, famous football player and former head coach of Notre Dame University-1924-1940. In 1924, he teamed with Harry Stuhldreher, Jim Crowley and Don Miller, in the "Four Horsemen" backfield, which swept through an undefeated season and beat Stanford in the Rose Bowl for the national championship. Layden is now sales executive for the General American Transportation Corporation of Chicago.

On Wednesday the meeting of the executive committee of the board with Orme presiding, and the railroad contact committee with W. T. Long Jr., T&P superintendent of transportation presiding, will be held. Also the joint loss and damage prevention committee will convene.

Dawson Explorer Nearing Contract

Cosden Petroleum Corp. No. 1 Lindsey, western Dawson deep wildcat, was drilling ahead at 12,319 feet in lime and shale at the end of the week. Contract depth on this exploration, a deepening venture, is 12,900 and operator might strike the figure this week. Location is 657 from the south and 880 from the east lines of the north-east quarter of section 132-M, ELARR.

Wildcat At Patricia On Drillstem Test

A drillstem test was under way this weekend at Magnolia No. 1 J. H. Foster, wildcat in Dawson County about 3 1/2 miles east of Patricia.

The test is in the Dean sand from 8,990 to 9,065 feet, it was reported. A drillstem test in approximately the same zone was attempted Friday but failed. Operator conditioned hole before attempting the present test.

Location of the prospector is C NW NW, 22-36-4n, T&P survey. It is on a 154 acre lease.

EAST HOWARD OUTPOST HAS GOOD POROSITY IN SECTION

Paul DeCleva No. 1 Louise O'Daniel, in a northwest outpost area to the Snyder pool in eastern Howard County, prepared to run oil string Saturday for a completion try.

Operator had tapped at least 15 feet of section with the hole bottomed at 2,698. The section reportedly had good porosity and prospects were bright for completion.

This test is 2,310 from the south and 330 from the east lines of section 19-30-1s, T&P, six miles south of Coahoma. It is approximately a mile northwest of the DeCleva No. 1 M. H. O'Daniel which finished in section 20-30-1s, T&P, for 85 barrels per day from 2,760-2,850. The No. 1 M. H. O'Daniel is approximately a mile west and slightly north of the Snyder pool.

Thirty States Now Produce Oil Or Gas

WASHINGTON, May 22 (AP)—Thirty of the 48 states now produce oil or natural gas or both. Texas is the top producer. Its 1933 output reached an estimated value of \$3,404,800,000.

Among the states which 1933 figures are available, Tennessee was the baby producer with a value of \$49,000. Missouri's production wasn't much more at \$63,000.

(No figures were available for South Dakota, Nevada and Arizona—three states in which commercial oil and gas production is comparatively new).

The 18 states without oil or gas production in 1933 were Connecticut, Delaware, Georgia, Idaho, Iowa, Maine, Maryland, Massachusetts, Minnesota, New Hampshire, New Jersey, North Carolina, Oregon, Rhode Island, South Carolina, Vermont, Washington and Wisconsin.

These are some of the highlights in the silver anniversary publication, "The Oil Producing Industry in Your State," of the Independent Petroleum Ass. of America (IPAA).

Others:

Of the 27 states for which figures are given, California ranked next to Texas in estimated value of 1933 production at the wells of crude oil, natural gas and natural gas liquids. The California total was \$1,102,700,000. Next came Louisiana with \$862,810,000, Oklahoma with \$627,420,000 and Kansas with \$356,840,000.

Other producing states listed (in addition to Texas, California, Louisiana, Oklahoma, Kansas, Missouri, Tennessee, South Dakota, Nevada and Arizona) are Alabama, Arkansas, Colorado, Florida, Illinois, Indiana, Kentucky, Michigan, Mississippi, Montana, Nebraska, New Mexico, New York, North Dakota, Ohio, Pennsylvania, Utah, Virginia, West Virginia and Wyoming.

Value at the wells of all crude oil produced in Texas to Jan. 1, 1934, was \$27,893,751,000 out of a total for the whole country of \$76,170,925,000.

Texas has a proved productive area of 3 1/2 million acres. The total U.S. productive area is 38,371,250. Of Texas' 254 counties, 202 have oil or gas production.

California's value of total production (at the wells) to Jan. 1, 1934, was \$12,753,851,000, from a productive area of 318,000 acres and from 28 out of the state's 58 counties.

Gasoline Marketers See Bright Outlook

By JOHN JAMESON
DENVER, May 23 (AP)—The men who sell gasoline and oil are looking in only one direction and that is up.

This is the word from a group in charge of sales of some of the major oil companies, who were in Denver for the meeting of the Marketing Division of the American Petroleum Institute.

The leaders also held out good things for the American motorists—such as better gasoline, better motor oil, better cars and better highways.

They'll all come along together, the executives promised in an interview.

"The oil business is in an enviable position because the volume of business in modern times has always been up, never down," observed J. G. Jordan, vice president of Shell.

Noting that the volume of oil business is now 140 per cent above the 1940 figure, Jordan said the upward trend will continue, but not at the rapid pace it has been for the past five years.

"We feel that it is certain the upward trend will continue for the next two or three years at least and the gain estimated for this year is around 4 to 4 1/2 per cent over 1933," said Herbert Willets, vice president of Sobco-Vacuum.

The oil marketers showed no worry about the increase in gasoline stocks over last year.

Gasoline stocks May 15 were 175,750,000 barrels, compared with 153,900,000 a year ago.

However, the trend of stocks on hand is down, there being a drop of 124,000 barrels for the week in the face of an increase in production over the previous week of 1,390,000 barrels.

"The gasoline market is reasonably firm," said Robert M. Bartlett, vice president of Gulf and the API.

"We believe the situation will adjust itself," he observed. "Don't be scared away by figures. We're fortunate to have that volume available."

Small Well Is Complete

Oil drilling activity was slow over the weekend in Howard County, the most outstanding development being the completion of a small pumper in the Howard-Glasscock field.

Continental Oil Company's No. 20-A Settles was the completion, and it made potential of 25.63 barrels of oil on the pump. Recovery also included 83 per cent water. Gravity of oil is 29 degrees, and the gas-oil ratio is too small to measure.

Total depth of the No. 20-A Settles was 3,320 feet, and it was plugged back to 2,590. Top of pay is 2,457 feet. Perforations in casing are from 2,500 to 3,000 feet, and elevation measures 2,729.

ARE WE REALLY CONCERNED?
We worry much about war, also the A Bomb and the powerful H Bomb and rightly so. If we stop to think of the possible destruction in future wars we should be concerned, yet daily we come in contact with a weapon more dangerous than wars. It is said that more lives were lost in traffic accidents in America per day than on the battle fields of Korea.

Big Spring (Texas) Herald, Sun., May 23, 1954 15

IT HAPPENED

Theft Too Grand
LOS ANGELES (U)—Grand theft of a grand piano—has brought three months in jail for Mrs. Dorothy Poter, 19, who pleaded guilty.
 Investigators said she rented a 1954 piano at \$38 a month and that within an hour after it was moved in another crew moved it out. It was sold, they reported, for \$250.

It's A Dog's Life
HARRISBURG, Pa. (U)—A bird dog bedecked in bright ribbons and tinkling bells by his thoughtful owner came through the last hunting season unscathed by trigger-happy gunners.
 But, a Game Commission hearing in Southwestern Pennsylvania developed, there was a flaw in the overall plan. The owner himself, wearing neither ribbon nor bell, was wounded in the legs, side and arm.

That Sheepish Look
PUEBLO, Colo. (U)—As a Pueblo man stopped his truck at a stop

light, a lamb he was hauling let out a healthy "B-A-A."
 The woman driver in the car alongside stared coldly at the trucker, then yelled "B-A-A to you, you —!"
 The light turned green, the trucker turned red and the lady with the unladylike language raced down the street.

Lazy Man's Hunting
LINCOLN, Neb., May 22 (U)—A Nebraskan suspected of dining in illegal splendor on wild ducks finally was brought to account by a game warden with an eye for a good dog.
 The problem was that the suspect apparently never went near the ducks. It was solved by a conservation officer who followed the dog.
 He found fish hooks, baited with corn and fastened to anchored lines, thrown into the water of a duck gathering place. When the ducks dived for the corn, they were hooked and the dog swam out and caught them.
 Then the retriever took them

HOSPITAL NOTES

Easy-Way Politics
RISEING STAR, Tex. (U)—Pol-itics can be simple.
 Mack Gibson announced himself a candidate for justice of peace at Rising Star, the city candidate for the post that had been vacant two years.
 This week the County Commissioners Court hastened the day for him and appointed him justice of the peace.

Porter Is Named Political Chairman
Lee Porter was selected by Howard County office seekers Saturday to serve as chairman for a series of political rallies to be held prior to the July 24 primary election.
 The candidates also voted to limit political rallies to one per week, which would mean a maximum of nine rallies between now and the primary. Porter is to start setting up a schedule of rallies for various points in the county.
 The chairman said eight applications to sponsor rallies already have been received. It was not known Saturday whether a rally will be held this week.
 Approximately 25 candidates were present for the discussions in the commissioners courtroom Saturday morning.

28 Cases Of Strep Throat Reported
 Twenty-eight cases of strep throat were reported last week, and the total disease count listed by local doctors at the Big Spring-Howard County Health Unit was 128.
 There were 27 cases of diarrhea listed, 10 cases of chickenpox, 14 of gastroenteritis, and 14 of mumps. Other diseases were bronchitis, 6; hepatitis, 15; influenza, 5; measles, 6; pneumonia, 6; tonsillitis, 8; trench mouth, 1; virus, 1; and meningitis, 1.

Famed Jet Acrobatic Team Due At Webb Wednesday

Open house is being held at Webb AFB Wednesday from 8:30 to 10:30 a.m. when the Thunderbirds, the Air Forces' precision formation jet flying team, perform in their red, white and blue F-84 fighters. Occasion is the graduation of Aviation Cadet Class 54-J.

Col. Fred M. Dean, Wing Commander, has invited civilian guests from Big Spring and the surrounding area to come out to Webb for the thrilling air show provided by the nation's best acrobatic-jet team. Also on tap will be a 2,000-man Wing Review.

Distinguished guests including former Secretary of the Army Frank Pace and his former assistant, the Hon. Fred Korih, will be at Webb for the graduation ceremonies which will be held in the Academic Auditorium after the Wing Review and acrobatic show. While flying in a tight diamond formation, the Thunderbirds will demonstrate the maneuverability of a front-line fighter jet aircraft in their 25-minute air show. With wing tip tanks overlapping and the airplanes just five feet apart, the Thunderbirds will perform precision acrobatic maneuvers at speeds in excess of 500 miles per hour.

Since their beginning in June, 1953, the Thunderbirds have thrilled more than two million people in the United States during 53 performances. Another three million witnessed their precision flying in South America earlier this year. For many of the Latin Americans, it was the first time they had ever seen a jet.

The Thunderbirds' demonstration of precision formation flying will begin when they enter the show area at a minimum altitude and 500 miles per hour in a tight string formation; one behind the other. Pulling up into a loop they will change formation into a diamond while upside down. The show will

progress through slow rolls, barrel rolls, loops, 4G turns, clover leaf turns and into the final of a "Bomb Burst."

During this spine-tingling maneuver you will see four jets climb straight up, split toward the four cardinal points of a compass, roll, then come straight down individually to meet head on simultaneously from four directions at 540 miles per hour.

Led by 33-year-old Maj. Richard Catledge of Memphis, Tenn., the Thunderbirds are from Luke AFB near Phoenix, Ariz. Alternating in the wing positions are three outstanding Korean veterans: Capt. John B. Spalding of Downers Park, Ill.; Lt. A. D. Brown of Dyersburg, Tenn.; and Lt. W. L. Creech of Emmetsburg, Ia. The pilot in the rear aircraft, or the slot man as he is called, is the youngest member of the team, 25-year-old Robert McCormick of Oakshoh, Wis. While in the diamond formation Capt. McCormick's head is just three feet below a jet stream that has a temperature of 1200 degrees Fahrenheit and a velocity of 2,000 feet per second.

Between them the Thunderbirds have over 400 Korean missions to their credit, four Distinguished Flying Crosses, six children, and untold thousands of hours in airplanes of both the propeller and jet variety.

All the Thunderbirds are combat-wise instructors in the Combat Training phase of the Air Forces' Training Command. Their home base trains pilots from 14 different countries.

The acrobatic show is scheduled to get under way between 9 and 9:30 a.m. next Wednesday. The Wing Review starts at 9 a.m.

Horace Heidt Show Set For Wednesday

Horace Heidt, famous in show business and as an orchestra leader for three decades, brings his 30th anniversary show, "The American Way," to town for a one-night stand Wednesday.

Responding to a "Saturday Special" by the sponsoring Lions Club, the public quickly snapped up an offer of a free ticket each to

the first 50 persons buying tickets. Purchases continued throughout the day as fans began to make reservations in earnest. Show time is 8:30 p.m. Wednesday in the City Auditorium.

Among those in the troupe is little Lyzabeth Lynch, 18-year-old Akron, Ohio, songstress who was chosen "Sweetheart of the 8th Army" in Korea and who does a lively song and dance number. She also has other key roles in the production.

Besides his Musical Knights, an orchestra which has been strictly big league for nearly 30 years under Heidt's leadership, the maestro will present Dick Kerr, an impressionist who was declared by some New York critics to be the star of the show; Ralph Sigwald, ex-Charleston janitor who has been called the "Caruso of the South"; Oklahoma's Johnny Standley, who does a parody on "Little Bo Peep," a recording that sold almost faster than it could be produced, and "Grandma's Lye Soap." The Heidt Steppers, with sparkling beauty and costuming, furnish line dances for the fast moving revue.

Heidt's production, marking his 30th year as an entertainer, has been developed around his "American Way" theme and contains a healthy patriotic flavor.

He is bringing his show here while on a coast-to-coast tour and before taking on another international swing. It is in keeping with Heidt's policy of getting into the hinterlands with his organization in the belief that people all over the country like top entertainment. It's paid big dividends, for he is one of the most popular figures in the field of entertainment and his name has become synonymous with such things as "Pot of Gold" and "Youth Opportunity."

Three amateurs, Leon Sparkman, Mrs. C. A. Boyd and Frank Malone, will be featured on one section of the program. Tickets for the show are on sale at Lynn's Jewelers.

TB Association's Directors To Meet

A dinner meeting is to be held by the board of directors of the Howard County Tuberculosis Association Monday evening, Wendal Parks, president, has announced.

The dinner is to be held in the high school cafeteria starting at 7:30 p.m. The business session and a program will follow.

All board members and committee chairmen are being urged to attend, said Mrs. C. E. Thomas Jr., who is in charge of arrangements. Charge for the meal will be 75 cents per person.

Parks also announced appointment of several committee chairmen to serve through March, 1955. They are Bryce Wighton, case finding and mass X-ray; Marie Horton, health education; Dr. B. Broadrick, medical advisory; and Mrs. Alton Underwood, seal sales.

Teachers Have Varied Plans For Summer

More schooling, vacation trips, a continuation of teaching duties and other employment are on the summer calendar for teachers in Big Spring High School.

Among those planning vacation tours are Colleen Slaughter and her sister, Mrs. Erma Jean Phillips. They will visit New York, Philadelphia, Washington and possibly Canada.

Don Green also plans a trip to New York, although he first will attend the summer session at Texas Tech. Myron Shields, assistant principal, and Wilder Roe, guidance director, will enroll in summer classes, Shields at North Texas State College and Roe probably at Texas Tech.

Others who will attend summer school are Keith Odom, Mrs. Mary A. Bynum, L. B. Brackeen, Mrs. Erma Stewart, Tommie Hill, J. B. Whitley, Harry Plumley and Carl Coleman.

Louis Maneely is to teach at Howard County Junior College and Assistant Coach Harold Bentley plans to work in the oil fields. Arah Phillips will participate in a volleyball workshop at Texas State College for Women. Betty Ratliff will participate in the national Student Council Conference in St. Paul, Minn., during the summer.

On duty at the local high school throughout the summer will be principal Roy Worley and Mrs. Gene Harrington, secretary.

Teachers whose summer plans are not complete are Mrs. Opal Robinson, Oscar West, Ione McAllister, Dell McComb, R. M. Williams, O. E. Bowman, Wayne Bonner, Nancy Annen, Edna McGregor, Clyde Rowe, Janice Harris, G. T. Guthrie, Ed Welsh, Roland Baumhardt, Truett Vines, Mary Sears Herring, Roy Baird, Mrs. Pat Murphy and Helen Worley.

VIP's Among The Big Spring Seniors

One of the great traditions associated with that glorious last year in High School is the distribution of honors—by the students themselves—to their fellows who have achieved distinction in various ways. Perhaps it is in scholastic grades or athletics, perhaps for leadership in civic and religious activities, sometimes it's for sheer personality, beauty and charm. At any rate, a popular section of any school annual is the "favorite" section, where are presented the "best" this, the "most" that and the "all-round" student. Pictured on this page are some of the 1954 Seniors of Big Spring High School who have been tapped by their friends for outstanding recognition. They are Council members, magazine and newspaper editors, popular students, and those who have devoted an unusual measure of leadership and personality to make them outstanding in their group. All of them rate a "Who's Who," and all of them are the typical wholesome young people of today. Through these VIP's a greeting of congratulations and best wishes goes to all BSHS seniors who this week will be passing out of the doors of the old school for the last time.

COUNCIL AND AN EDITOR—Getting a laugh from a magazine are (above, left to right): Jimmy Porter, president of the student council; Janice Anderson, senior representative; Bill Earley, senior representative and (standing) Mary Ellen Hayes, co-associate editor of the annual. Jimmy and Bill are also in Who's Who.

FAVORITES AND BEST ALL-AROUND—Chosen senior favorites are pictured at right (left to right) Doss Brookshire and Pat Rutledge. With them are Anna Mae Thorp and Roger Brown, best all-around girl and boy. Roger was also a class officer, on the student council and in Who's Who. Doss and Anna Mae served as cheerleaders.

A COUPLE OF "WHO'S WHO" AND A VICE PRESIDENT—Robert Angel and Ann Gray (center in photo above) were named to Who's Who and Kay Bonifield is vice president of the senior class. Angel is also president of H-Y and senior representative to the student council. Ann is second vice president of the student body, president of Tri-H-Y and president of the Majors Club. Baylor will be the future alma mater for Robert. Ann will enroll at North Texas State College and Texas Christian is Kay's choice.

FUTURE JOURNALISTS—Seniors pictured at right held top positions on the school paper, "The Corral," and the annual, "El Rodeo." Looking over the results of their efforts are (seated, left to right): Ann White, senior annual editor; Nina Fryar, annual art editor and Joyce Anderson, annual art editor. Looking over their shoulders are (left to right): Mary Ella Bigony, associate editor of the paper; Judy Douglass, editor of the paper; Kirk Faulkner, staff photographer; Libby Jones, co-associate editor of the annual and Frank Long, annual sports editor.

To Be June Bride

Mr. and Mrs. Nathan Stallcup are announcing the engagement and approaching marriage of their daughter, Bobbie, to John Billings, son of Mr. and Mrs. Buster Billings, 1812 Young. Miss Stallcup is a student in Big Spring High School, where Mr. Billings is a senior. He is connected with the Big Spring Herald. The Rev. J. W. Clanton will read the ceremony, to be held on June 13, in the home of the bride-elect's parents.

HI--TALK

By Libby Jones

As could be expected, the seniors are busily preparing for graduation, as caps and gowns were issued Friday afternoon. The baccalaureate sermon will be delivered by the Rev. Bill Boyd Sunday night at the High School auditorium. Commencement services will take place Thursday night with Representative Obie Bristow delivering the main address.

The final assembly of the year, the Senior Assembly, was held Friday morning. For the first event on the program, the Rev. Bill Boyd presented Nina Fryar, James Day, Mary Ella Bigony, Jimmy Porter, Alice Ann Martin, and Robert Angel with the Elks' Scholarship awards for outstanding leadership and scholarship. Mr. Roy Worley then presented the D. E. and D. O. students with their special awards in their fields of work. The Senior Class History was given by Libby Jones followed by a farewell to BSHS by Roger Brown, senior class president. As is customary, the senior class always leaves something to the school, and Jimmy Porter presented the student body with the gift from the class of '54, a 15-foot steerhead to go on the front of the gymnasium. Then came the sad part. The seniors turned their assembly seats over to the juniors and moved to the front of the auditorium where they sang their farewell song to BSHS and the school song. It's traditional for a few sob to be heard throughout the auditorium during the last part of the assembly, and they certainly were as Margy Keaton, in her deep alto voice, sang the benediction, "May the Good Lord Bless and Keep You."

The Senior Souvenir editions of the "Corral" were issued Friday. Editor Judy Douglass, along with the rest of the staff, has worked hard on the paper to give us one of the best "Corrals." Congratulations to editor and staff on a job well done.

School is really at an end as time for the last six weeks' tests has rolled around. The seniors started taking their tests Friday. Good News, Monday and Tuesday we will have to go only to the periods in which we have a test. Sophomores and juniors will take their tests Tuesday and Wednesday.

Spaders Club Sees Film On Conservation

Three films on the Growth and Care of Roots, Leaves and Stems were shown to the Spaders Garden Club by Bruce Frazier when the group met in the Science Building at Howard County Junior College Wednesday.

The club then went to the home of Mrs. Tommy Hubbard for the remainder of the program and a business meeting. Mrs. Cliff Wiley, club sponsor gave a report on the flower arranging clinic held in Midland by Gregory Conway, which she had attended.

Mrs. Hubbard announced as her committee for programs, Mrs. Dewey Mark, Mrs. Don Williams and Mrs. Bob Carille. Plans were told of the Fall Flower Show to be held on Nov. 4 at the Junior College, and the following chairmen were appointed: Mrs. Dale Smith, show chairman; Mrs. Allen Orr, clerk; Mrs. V. A. Whittington, schedule; Mrs. W. D. Caldwell, publicity; Mrs. Darel Highley, staging; Mrs. H. B. Terry, entries and classifications; Mrs. O. J.

Vicki Lynn Hull Has Birthday Party

A Colonial doll cake was the centerpiece for a birthday party table at the party given by Mrs. Buford Hull for her daughter, Vicki Lynn, recently. Favors for the guests were jacks, books and toy telephones.

Attending the party were: Terri and Mike Hull, Phillip, Phyllis and Ann Hall, Cindy Hale, Linda and Tommy Tune, Sharon and Mary M. Lewis, Billy, Linda and Janice Stegald, Cecilia Cooper, Lillie Vaughn, Mrs. Cecil Cooper, Mrs. Bill Tune, Mrs. Pete Hull, Mr. and Mrs. A. V. Lewis, and the grandparents of the honoree, Mr. and Mrs. R. B. Hall and Mr. and Mrs. Floyd Hull.

Birth Announced

Mr. and Mrs. Monte R. Garrison, 1201 Blackmon, are announcing the birth of a daughter, Brenda Renee, May 14 at Cowper Clinic & Hospital. The infant weighed 7 pounds 8 ounces and was born at 4:40 p.m. Maternal grandparents are Mrs. G. P. Harp of Fort Worth and P. W. Utley of Dallas. Paternal grandparents are Mr. and Mrs. W. W. Garrison of Cooper.

Forbes and Mrs. Zack Gray, hospitality and judges and Mrs. Raymond Moore, tickets, Mrs. Glen White was announced as a new member. The next meeting will be held in the home of Mrs. Mark, 1506A Sycamore, on June 2.

HOLLYWOOD BEAUTY

Actress Gives Hints On Summer Freshness

By LYDIA LANE
HOLLYWOOD — Barbara Rush has such a freshly scrubbed look that if her face were not familiar one would never take her for an actress.
 "Cleanliness is the basis of beauty," Barbara confided to me recently. "I go overboard about it. But certainly the most beautiful dress in the world would fall to impress if it were soiled and spotted. And who cares about how your hair is cut if it is oily and needs a shampoo? Make-up is certainly anything but glamour when it is time for a change."
 "In summer especially," Barbara continued, "one should be sure to choose a cosmetic base which will wear well in the heat. And under no circumstances should she put fresh make-up on top of stale."
 "Another thing I cannot stand to see is a girl rub a dirty old powder puff over her nice clean face. A puff is bound to collect all sorts of oils and dust, but too often you see girls who never seem to think of changing theirs."
 "What kind do you use?" I asked Barbara.
 "I like cotton, then I am sure it is clean and I never have any trouble with my skin. It has not been proven that acne comes from a germ but I'm sure you can get secondary infections from a soiled puff."
 "And while we are on the subject of cleanliness," Barbara confided, "I think it's shocking to see a nice clean girl use a dirty comb or brush. It's terrible for your hair. You should get into the habit of giving your brush and comb a bath every time you shampoo your hair and more often if necessary."
 "Cleanliness is just a matter of

habit. You can make rules for yourself and abide by them. For example, never wear a pair of white gloves without washing them. They may not be very soiled but they can't have that 'just out of the drawer' freshness.
 "And never put a dress away without airing it and inspecting it for spots," she added.
 "I find that men are attracted

COUPLE TO WED

Mr. and Mrs. Ernest Varner, 511 Donley, are announcing the engagement of their daughter, Virginia Margaret, of Stamford, to Donald H. Anderson, son of Elbert J. Anderson of Warren, Pa. The future bridegroom is stationed at Webb Air Force Base. No date has been set for the wedding.

Junior Chorus Has Annual Concert

LAMESA — The Junior High Girls' Chorus and the Boys' Chorus under the direction of Orland Johnson brought this school year's musical activities to a close Monday with their annual Spring Concert in the Junior High Auditorium at 11:15 a.m.
 The 41-voice Girls' Choir sang "Medley From the Sunny South" and "Li' Liza Jane."
 The 22-voice Boys' Chorus sang "Goodby Old Paint," "Down The Open Road," and "Your Land and My Land."
 Specialty acts including songs, dances and imitations rounded out the program.
 Monday afternoon during the regular choir period, mothers of the choir members hosted a Coke party at the school. Choir members presented Mr. Johnson with

an album of organ recordings by Albert Schweitzer. The recordings include works of Bach and Mendelssohn. Schweitzer, renowned theologian, musician, and medical missionary to Africa, performed the works on an organ which he constructed at the Parish Church, Gnutzbach, Alsace.

Easy Formula For Glamour

Barbara Rush, co-star of Universal-International's "Magnificent Obsession," places cleanliness as the foundation for glamour. She suggests an easy-to-follow formula for building this foundation.

Four Church Groups Have Meetings

LAMESA — The Lucy Belle Stokes Circle of the Northside Baptist Church met in the home of Mrs. R. C. Kennedy for Bible Study. Mrs. R. A. Groom was in charge of the program. Mrs. L. E. Reeves opened the meeting with prayer and Mrs. C. O. Fowler gave the closing prayer.
 The Wesleyan Service Guild of

the First Methodist Church held the concluding program on the "Study of Alcohol and the Christian Responsibility" Monday at 7 p.m. in the parlor of the church.
 Mrs. Otis Green, program leader, introduced the Rev. J. H. Crawford, pastor of the church, who brought the main address. He supplemented his talk with a film on "It's the Brain That Counts." The film showed in graphic detail the effects of alcohol on the human brain.
 The Sodality Sunday School Class of the First Baptist Church held their regular monthly business and social meeting Monday at 8 p.m. in Fellowship Hall of the

church.
 Hostesses were Mrs. W. W. Miers, Mrs. H. B. McMullen, Mrs. Myrtle Henderson, and Mrs. A. B. Cox.
 The Afternoon Group of the Presbyterian Women's Organization met Monday in the home of Mrs. V. Z. Rogers. Mrs. Sam Richardson called the meeting to order and Mrs. G. D. Boldin led the opening prayer.
 Mrs. Tom Wood was in charge of the program, which emphasized the importance of making every day Sunday.
 Plans were made for a joint luncheon of the three Presbyterian Women's Circles for June 7. Place of the luncheon is to be announced later.

CAMPUS CHATTER

By Cecil Niblett
Today marks the beginning of the last week of this school term. Final exams begin Wednesday at 8 a.m. and will continue through Friday at 3 p.m. Baccalaureate services will be held this afternoon at 5 p.m. in the college auditorium. Guest speaker will be Dr. Gage Lloyd, pastor of the First Presbyterian Church.
An air conditioner is being installed in the library for the comfort of the students attending summer school.
Becca Sewell, Edwin Elmore, Peggy Knight, Jerold Farmer, Norma Thorpe, Arlen White, Mary Ann Moore and Terry Fuller attended graduation exercises at Forsan Friday night.
The revised edition of the school constitution has been published and will be presented to the students to vote on in an assembly Tuesday morning. Also, keep in mind who you would like to have as editors of the "Jayhawker" and "El Nido." Nominations will be received for these offices Tuesday.
The Jayhawk Aggies met Thursday and planned festivities for the coming fall term. They discussed means and methods of increasing student activities on the campus and voted into the club an initiation service for new members.
The landscape class toured the grounds east of the college Saturday morning.
The entomology class is to collect cotton insects this summer, which they will put on file in the college. This file will be available to the farmers to study the insects in their different stages.
Paschall Wickard and Doyle Scott visited in Denver City this weekend. Also Tommy Patterson visited in Roswell, N. M.
The economics class was shown movies this week in the science lab.
A formal dance will be held in the SUB Friday night following the achievement banquet. All students, their parents and college personnel are invited to attend. A seven-piece orchestra will furnish the music.
Leon Sparkman, physical education instructor at HCJC, will be featured Wednesday night in the Horace Heidt show. He will do the "Shinopated Clock." The talent contest was held Wednesday night in the college auditorium.

Jean Buchanan Is Honored At Shower

Jean Buchanan, bride-elect of Royce Hunt, was honored with a shower recently in the home of Mrs. Miles Moore. Other hostesses were Mrs. Mack Sundry, Mrs. Allen Sundry, Mrs. A. S. Smith and Mrs. M. L. Daugherty.
Miss Buchanan wore a pink nylon dress and her corsage was gardenias surrounded by rosebuds.
The refreshment table was covered with a lace cloth and decorated with small ribbon bows. The centerpiece was an arrangement of roses and candles. Spring flowers were used throughout the house.
Sixty-nine guests registered in the bride's book made by Marian Murphy.

Cook clean...

COOK ELECTRICALLY!

"It's so clean!" That's the number one reason electric cooking is preferred by hundreds of Texas homemakers. "Pots and pans stay shining bright"... "Saves me time and effort from scraping and scouring"... "We don't have to redecorate as often because walls stay cleaner"... these are typical responses from women who enjoy the convenience of modern, electric cooking.

In fact, in literally hundreds of interviews with homemakers who cook electrically, cleanliness was the number one reason why these women chose electric cooking.

You'll enjoy this advantage of electric cooking, too. See your favorite electric appliance dealer and choose the modern electric range that best fits your cooking needs and your family budget.

Carotherses Are Hosts To Indiana Visitors

Mr. and Mrs. Laroy Carothers of Indiana are here visiting the L. D. Carothers. They will spend the weekend in El Paso.

W. F. Wasser of Greene Brothers, Dallas, was here Tuesday setting up for Cosden a quartz spectrophotometer. This unit simplifies and speeds analysis of refinery materials, and is a companion unit to the Model IR-2 which was put into service about a year ago.

H. E. Cockrell, Wallace Emery, and Frank Affeld of the Ethyl Corporation visited the offices on Wednesday. On Tuesday morning of this week the Ethyl Corporation is conducting a special technical seminar in the manufacturing department conference room.

R. L. Tollett returned to the office late Wednesday afternoon from La Paz, Baja, Calif., where he went on a fishing trip last Sunday with nine other West Texans from Midland and Odessa. Tollett caught only one black marlin but it was the biggest fish of the trip. It weighed 218 pounds and required forty minutes to land.

W. K. Bernhard of the Elliott Company, Melvin Gertz and Otto Wetzel of Purvin and Gertz, Dallas, were all Wednesday visitors.

Mr. and Mrs. Jack Alexander went to San Angelo Saturday so Alexander could be inducted into the Shrine.

Mr. Hallmark, Sunray Oil Company of Duncan, Oklahoma, was here Wednesday and Thursday looking over our water treating equipment.

W. K. Jackson left Sunday on a three week business trip in the East.

Paul Doyle from Carbide and Carbon Chemical Company of Houston was here to discuss the use of solvents Thursday.

Visiting the Ray Shaws are Mr. and Mrs. Perry Horton from Strawn. Mr. Horton is Mrs. Shaw's brother.

A. C. Wilkerson has been off this week due to illness.

Joe Mangum attended funeral services for his grandfather in Devine, Texas.

Donald Klein and W. R. Burgess of El Paso Natural Gas Company were here in relation to water treating problems.

R. L. Tollett left yesterday on the early morning plane for New York to attend a special meeting of Cosden's board of directors. In New York he will be in the company of his daughter and son-in-law, Mr. and Mrs. R. L. Lusk Jr., who reside in Tucson and are vacationing in New York City.

Davis Webster, sales representative of the West Virginia Pulp and Paper Company in Charleston, S. C. was a recent visitor.

R. D. Lane, James F. Reidy, H. A. Rogers, J. C. Self, George Phillips, Robert H. Long, Robert A. Smart, C. C. Bidelson, Billy Logsdon, Robert L. Carline, Hugh R. Nixon, and Harry Austin are on refinery vacations this week.

American Designer's Pattern

SHARP PRINCESS LINES

This Could Star At An Informal Wedding

Anne Fogarty is fast becoming one of America's favored designers. At one time, a designer dedicated to juniors, her following now includes women of all ages who cannot resist the flattering, young look of her fashions.

Her dress today is terrifically sharp cut into the waist, then gradually widened to wonderful fullness. It is a dress to make in pique or linen for parties now. In silk (taffeta would be especially good) with ruffled petticoats beneath, it's the kind of dress that makes you look cool even when you're not.

For informal weddings, bride or bridesmaids, it lends itself to any of the bridal materials. To receive the full benefit of lines devised to give you a tiny waist, be sure to wear a waist cincher or a "merry widow." It goes, without mentioning, that petticoats are definitely in order.

This pattern is cut in DESIGNER sizes:

Size 9, bust 32 1/2, waist 23 1/2, hips 33 1/2; size 11, bust 33 1/2, waist 24 1/2, hips 34 1/2; size 13, bust 35, waist 26, hips 36; size 15, bust 36 1/2, waist 27 1/2, hips 37 1/2; size 17, bust 38, waist 29, hips 39.

Size 18 requires 6 1/2 yards of 38-inch material for the dress. To order pattern 1171, address Spadea Syndicate, Inc., P. O. Box 533, Dept. B-5, G.P.O., New York 1, N. Y. State size. Send \$1.00. Air-mail handling 25 cents extra. Add 5 cents for bank clearance if paid by money order or check.

Piano, Voice Pupils Will Give Recital

National Tournament Awards will be given on Monday and Tuesday evenings to piano and voice pupils of Mrs. Nell Frazier, when she presents them in recital in the auditorium of Howard County Junior College at 8 p.m.

Monday evening, the following junior pupils will appear: James Howard Stephens, Linda Woodall, Peggy Isaacks, Jerry Saunders, Sandra Sloan, Avonell Greenwood, Sharon Ann Rooney, Layla Ann Glaser, Betty Dennis, Kenny Chrane, Franklin Williamson, Kathy Johnson, Cherry Masters, Sharon Gary, Cathy Campbell, Gloria Coker, Margaret Newton, Valjean LaCroix, Karen Kee, Sue Dunagan and Margaret Gary.

On Tuesday evening, piano and voice pupils will be presented. The following will play: Glenn Rogers, Nancy Pittman, Liza Curry, Tommie Jo Williamson, Nina Fryar, Billy Evans, Londa Coker, Peggy White, Zellenor Likins, Claudia Nichols, Beverly Meador.

The same evening, Mrs. Frazier will present the following voice students: Frankie Alice Marshall, Liza Curry, Tommie Jo Williamson, Sue Boykin, Beverly Nichols, Margaret Fryar and James Lee Underwood.

Credit Women Have Dinner Party

Instead of the usual luncheon, the Credit Women's Club held a dinner party in the home of Mrs. Dorothy Ragan Thursday evening, with Mrs. Noel Hull and Mrs. L. Z. Marchbanks as co-hostesses.

Six members of the club were honored on their birthdays. Games were played and prizes were awarded. Mrs. H. J. Morrison, Mrs. J. E. Apple, Mrs. Arch Raliff and Pauline Sullivan were announced as delegates to the convention to be held in Dallas this weekend. Guests were Mrs. M. Colthorp of Lubbock and Mrs. Joe Hayden.

Woman's Forum Has Snack Party

Spring flowers were used in the room decorations and on the refreshment table when the Woman's Forum entertained with a snack party in the home of Mrs. Clyde Johnson on Friday morning. Brass appointments were used in the service.

Guests of the members were Mrs. T. T. McCord of Sweetwater, Mrs. W. E. McKisick of San Antonio, Mrs. George Elliott, Mrs. W. D. McNeil, Mrs. Royce Boyd, Mrs. Jack Irons and Mrs. A. W. Dillion. Sixteen members attended.

Tickets Ready For Concert Association

Season tickets for the series of programs to be presented by the Big Spring Concert Association in 1954-1955 are ready for distribution. An intensive drive for memberships will begin in the near future with various women of the town working to sell tickets.

Volunteers are needed in making the sales. Mrs. Vic Alexander and Mrs. Arch Carson are asking that any woman who is willing to give one day to selling get in touch with one of them. The plan is to cover parts of the town and business district as rapidly as possible in order that the committee will know how many memberships can be counted on. Tickets are \$10.00 for a dual membership, \$6.00 for a single, and \$3.00 for a student ticket.

Contracts have been signed for three attractions, and there is hope of getting another if the budget permits. The Don Cosack Chorus will be presented on December 1. In mid-February of 1955, the piano duo team of Ferrante and Teicher will be presented and in the first week of March, "The Caine Mutiny Court-Martial" will play here.

Jaycee-Ettes Hold Installation Of New Group Of Officers

Mrs. Commodore Ryan was installed as president of the Jaycee-Ettes at a dinner meeting at the Wagon Wheel Thursday evening. Other officers who were installed are Mrs. Bert Korn, vice president; Mrs. Joe Clark, secretary; Mrs. W. C. Ragsdale, treasurer; Mrs. Raymond Andrews, reporter and Mrs. Oliver Cofer, state director.

Mrs. Cofer and Mrs. Clark were co-hostesses. A report on the recent convention held in El Paso was given by Mrs. Andrews. The club voted to become re-instated in the state organization. After the business meeting, a social hour was held. Prizes were awarded to Mrs. Opal Brown and Mrs. Phil Prager, guests, and to Mrs. Harry Weeg and Mrs. A. J. Prager.

Mrs. R. L. Heith and Mrs. Joel Culver will be hostesses for the next meeting.

Mrs. Karns Is High Scorer At OWC Bridge

Mrs. Marilyn Karns won high score. Mrs. John Gribben took second place and Mrs. James Watson won low at the Officers' Wives' Club bridge party Thursday afternoon.

The mystery prize was won by Mrs. Richard Franz. Mrs. Leslie Merrifield instructed bridge beginners.

Mrs. Marland Marshall was hostess chairman and she was assisted by Mrs. Richard Kinney, Mrs. Merle Scoggins and Mrs. Scott Norris.

DRESS PARADE

New Looks

Slim, blonde Mrs. Maple Avery made an expert choice of a brown and beige linen empire-style dress featuring brown embroidery on the bodice. These simple, uncluttered lines are flattering and make for a versatile dress. Not shown is a beige jacket matching the embroidered bodice. Mrs. Avery's sling pumps are in camel calf briefly trimmed with gold on the toe. Her large topaz drop earrings are set in antique gold to match her bracelet.

COAHOMA — Mr. and Mrs. F. M. Holley were visitors in Midland.

Wayne DeVaney visited in Lubbock recently, where he enrolled at Texas Tech and plans to start June 7.

Mrs. Truett DeVaney, Mrs. Paul Woodson and Mrs. Houston Crocker of Goldsmith visited here this week with Mr. and Mrs. Wayne DeVaney and other relatives.

Mr. and Mrs. Bob Shaffer are visiting relatives in California for the next month.

Mrs. Mattie Duncan visited in Big Spring with her son and daughter-in-law, Mr. and Mrs. M. L. Duncan.

Mr. and Mrs. Dee Dennis of Fort Worth are here visiting his father, Lem Dennis.

Mr. and Mrs. A. D. Shive plan to attend the graduation exercise at Texas Tech next weekend when their son, Wendell, will graduate with the 1954 class.

Mr. and Mrs. J. D. Miller will spend the next two weeks on vacation touring the southern states.

LEFT ALONE?

Two little girls left alone! It sounds like the beginning of a sad story.

But look again. There are certainly no tears. There is a comfortable home; and pretty clothes.

But these children have been given a great deal more than the ordinary comforts of life. There in the older child's hand is a book, "The Story of Jesus."

How reassuring to see that they have been given the advantages of a Christian training. Somehow all doubt has been removed from our minds. We feel that these little girls will be safe—not only during this one evening, but through their entire lives.

All of us want our children to be shielded from life's hardships and temptations, but we can guarantee no such protection. Our surest course is that we rear them in a Christian atmosphere, sending them to Daily Vacation Church School and taking them to the services of the Church regularly. Then, and then only, will we know that we have done everything in our power for their future success, happiness and salvation.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Hatless Czechs

The average Czechoslovakian woman buys a new hat only once every 36 years, reports "Lidova

Demokracie." Prague daily newspaper. The reasons cited, in a translation by the Free Europe Committee are: lack of attractive styles and the growing popularity of kerchiefs.

The Wide Open Spaces

Alan Ladd and Shelley Winters star in the Technicolor adventure, "Saskatchewan." Tuesday and Wednesday nights at the Jet Drive-In. It's a Universal-International film.

Furlongs Of Fun

Dean Martin and Jerry Lewis gallop through "Money From Home," picture showing today through Tuesday at the Ritz Theatre. The comedy comes from love crossing up an attempt to fix a horse race. It's in Technicolor.

Martin, Lewis Star In Comedy At Ritz

The latest Dean Martin and Jerry Lewis picture, "Money From Home," is showing today through Tuesday at the Ritz Theatre. In this show, their first Technicolor venture, they get involved in a horse-racing "fix." The story is based on a tale by that master story teller of the racetrack, Damon Runyan. Martin has the role of Honey

Talk Nelson, ordered to fix a Maryland steeplechase race or "else." Honey Talk got himself into such a fix by piling up a small fortune in "IOU's" to bookie king Jumbo Schneider (Sheldon Leonard) who is determined to get his money back by hook or by crook. On the way to the track Honey Talk picks up his cousin, Virgil Yokum (naturally played by Lewis), to aid in the fix. The cousin is a veterinary's helper and Honey Talk figures he might prove some help. Complications come of course via the romantic angle. Honey Talk falls for Marjorie Miller, who plays Phyllis Leigh, the owner of the horse that he's to go away with. Naturally Honey Talk forgets about the proposition made him by the bookie. His cousin becomes smitten with (natch) a lady veterinarian, Pat Crowley.

Ginger Rogers And Bill Holden In New Comedy

Ginger Rogers, William Holden and Paul Douglas team with lovely newcomer Pat Crowley in the comedy "Forever Female," which shows Wednesday and Thursday at the Ritz Theatre. The plot revolves around an aging Broadway star who still wants to play youthful roles. Miss Rogers has this role as Beatrice Page, a lady who has been 39 for quite some time. Douglas is her producer and former husband. Holden is a young playwright and Miss Crowley is Broadway young hopeful.

Holden's play, about a mother with a dominating personality and her 19-year-old daughter is to be produced by Douglas, whose leading lady ex-wife decides some changes are in order so she can play the daughter. For one thing, the daughter is now to be 29 years old. Against his own desires, Holden at length gives in and makes the desired changes. The play flops however with the aging ingenue. Eventually the not-so-young star realizes what a fool she is making of herself and takes on the mother role in the play when it is tried again. She's a success as is Miss Crowley who plays her daughter, again 'n.

Romantic complications occur during the course of the story with Holden falling for the once great star and then coming to realize that she is using him. When he turns to the younger actress, the older pair are then free to take up where they had left off some years back. The picture is a Paramount release.

Sooner Wolf Hunt Out; County Ired

RANDLETT, Okla., May 22 (AP)—A district court injunction has forced cancellation of the planned wolf hunt in Cotton County this weekend, and Randlett citizens are as mad as a cornered varmint.

Ten Randlett farmers who feared their wheat would be destroyed obtained a restraining order against the Sooner State Wolf Hunters Assn. Some 500 hunters and spectators had gathered at Randlett for the elaborately planned hunt but had to be sent home. Probably the most unhappy were the women who had prepared food for 500 hungry hunters for three days.

South Texas Port Channel Widened

RAYMONDVILLE, Tex., May 22 (AP)—An improvement project costing \$100,000 on the Port Mansfield ship channel was being completed this weekend.

Port Director Charles R. Johnson said the channel connecting the Intracoastal Canal with the Port Mansfield turning basin has been deepened from the original 6 to 10 feet to 14 feet. The width has been increased from 125 feet to 200 for three miles. The work included widening of the "Y" where the Port Mansfield channel joins the Intracoastal Canal.

'Forbidden' To Show At Jet During Week

Tony Curtis and Joanne Dru team in "Forbidden," film dealing with the shady side of life in Macao, famed Oriental city. Curtis is a gangster sent on a mission to the sin spot and Miss Dru is nightclub singer he runs into. Lyle Bettger adds an evil touch as the nightclub owner. The film shows Thursday and Friday at the Jet Drive-In.

Triangle

Brian Keith watches with envy as Jan Sterling kisses Robert Ryan in a scene from "Alaska Seas," picture showing Wednesday and Thursday at the State Theatre. The picture deals with a fight over salmon-fishing rights as well as the fight over Miss Sterling.

Do It Again

Ginger Rogers and Paul Douglas are shown in a scene from "Forever Female," comedy which shows Wednesday and Thursday at the Ritz Theatre. Ginger plays an aging actress who still wants "young" roles. Bill Holden also stars as a playwright who has to choose between Ginger and Pat Crowley. Douglas is Ginger's ex-husband and producer in the picture. They're all around for laughs.

KBST Show Will Enter 20th Year

With Tuesday's broadcast on the subject "Which Way for Industry — North or South?" America's Town Meeting of the Air, heard here over Station KBST officially enters its 20th year. One of a handful of public affairs programs to survive such a time span, Town Meeting continues to more than hold its own amidst the competitive forces of present-day radio and TV. This is underscored by the fact that during the past year the program has experienced greater demand for local originations than ever before in its history.

National conventions, Chambers of Commerce, community forums, colleges and other organizations have joined in "grass roots" support for the famous forum. As a result, Town Meeting has traveled over 20,000 miles in the past eight months, broadcasting from nineteen different cities before audiences totaling more than 18,000.

Reading like a "Who's Who," the program's guest speakers for last season have included such names as Averell Harriman, Oscar L. Chapman, Fannie Hurst, Robert A. Vogeler, Eleanor Roosevelt, Secretary of Labor James P. Mitchell, Senator Wayne Morse, Senator George Smathers, Senator Ralph E. Flanders, Rep. Alvin Bentley, Rep. Walter Judd and Ambassador You Chen Yang. Discussion topics have ranged from the Taft-Hartley Law, Wire Tapping, Congressional Investigations to Juvenile Delinquency, Far East Policy and other front-page subjects.

FALCON DAM WATER Level Falling Fast
FALCON DAM, Tex., May 22 (AP)—Heavy demands for water for irrigating cotton in the Rio Grande Valley of both Texas and Mexico have reduced storage in Falcon Lake. The lake today stood at 453,000 acre feet. Only 130,000 acre feet belongs to Texas. Mexico owns 300,000 of it. Texas has been withdrawing water at the rate of 8,000 acre feet daily. The Texas valley has about 20 days water supply left at the present withdrawal rate. Mexico has been withdrawing 8,300 acre feet daily. Mexico also has considerable water stored behind the Marte Gomez Dam on Rio San Juan 15 miles south of the Rio Grande and in two big storage lakes opposite Weslaco, Tex. A small rise was moving down the Rio Grande today after rains in the Mexican mountains 40 miles south of the border.

Technicolor 'Inferno' Stars Bob Ryan, Rhonda Fleming

Robert Ryan plays a spoiled and spiteful millionaire who breaks a leg on a trip through the desert and is left to die by his wife and her lover in "Inferno," Technicolor film showing today through Tuesday at the State Theatre. Rhonda Fleming has the role of the faithless wife and William Lundigan plays the secret lover. At first Ryan thinks that the pair have gone off to get help but, as he lies helplessly in the sun, comes to realize that he has been abandoned. It seems hopeless at first glance but then he sees one chance. He makes a splint for his leg and then lowers himself down into a canyon where he can better attract the attention of passers-by. A signal fire that he lights is sighted by the two runaways, who realize that he is still alive and plan to come back and finish off the job. Henry Hull has the role of the aged prospector who helps Ryan towards the end. The climax comes with a big fight in a cabin that catches fire. This Twentieth Century-Fox production was largely made on location in the Lucerne Valley and Red Rock Canyon of the famed Mojave Desert.

'Pasha' Film Due At Ritz

Jeff Chandler and Rhonda Fleming team for "Yankee Pasha," Technicolor adventure film which shows Friday and Saturday at the Ritz Theatre. In this Universal-International picture, based on a best-seller by Edson Marshall, Chandler has the role of the Yankee who rescues Miss Fleming from a Moorish captivity. Chandler starts out as fur trapper who comes to the flourishing port of Salem, Mass., in 1800 to sell his furs. While there he meets and falls in love with Miss Fleming. Before he can get up enough courage to declare his love, she sets sail for France.

He follows her, only to learn that she had been captured by the Moors. He follows and sells himself and his shooting ability into the service of the sultan (played by Lee J. Cobb) and begins his attempts to rescue the red-haired lovely.

The Big Heat' Due At Lyric During Week

Glenn Ford has the role of a tough ex-cop who brings a gambling and vice empire tumbling down in "The Big Heat." Gloria Grahame is the gun moll who changes sides in time to help Ford clean the city up. Jocelyn Brando has the role of Ford's wife, who dies in a trap laid for her husband. The picture is a Columbia release and shows Tuesday and Wednesday at the Lyric Theatre.

'Alaska Seas' Due At State Theatre

Action in ice-filled Alaskan waters as two opposing factions of fishermen fight for supremacy in the lucrative silver-finned salmon market is featured in "Alaska Seas," Paramount picture starring Robert Ryan and Jan Sterling. The picture shows Wednesday and Thursday at the State Theatre. Ryan teams up with the villain of the piece, Gene Barry, who plays the owner of the big cannery out to gobble up the profits all for himself. Brian Keith is the leader of the small, independent fishermen who are fighting Barry. Jan Sterling is the woman who comes between Ryan and Keith, who once had been friends but become bitter enemies. Much of the action takes place against a background of towering icebergs that continuously threaten an avalanche which would bury the small fishing boats in their shadow.

Their Own Art Gallery

Lt. M. ZanFagna and his wife are shown patronizing his woodcuts which were exhibited in a one-man art show in Columbus, Miss. Their Big Spring apartment at 1602-B Lincoln is extensively decorated with examples of the lieutenant's paintings, woodcuts and sculpture.

Ball-Playing Artist May Rival Picasso

When you meet the Don M. ZanFagnas you may find yourself discussing art, music, education, football, Europe, barber-shop quartet singing, hunting, fishing or ball games.

Those are just a few of the things this young couple are interested in.

Lt. ZanFagna, a student pilot at Webb, might steer the conversation a little more toward art. And he has good reason for that. Other than the Air Force, art is his profession.

He studied at the University of Michigan and has exhibited his work at the Detroit Institute of Art, Butler Institute in Ohio and the Rhode Island School of Design.

In Columbus, Miss., when he was going through primary flight training, he had a one-man show featuring a series of his woodcuts based on impressions of Mississippi.

Strictly in the modern school, Lt. ZanFagna classifies his work as abstract expressionism.

Art with the lieutenant means sculpturing too, but he concentrates on painting. Picasso is his ideal.

To some people a football-playing artist might be an anomaly, but that is exactly what Don ZanFagna was at Michigan.

Nor do painters and sculptors usually play the ukelele or enjoy barbershop singing. But he enjoys those less high flown activities and

even admits to once playing trombone in a jazz orchestra.

Janet ZanFagna wasn't exactly behind the door when the talent was passed out. She plays the piano exceptionally well, has taught in the Michigan schools and was director of a YMCA day camp. She also bears an unforgettable sounding name; if you don't think so, try saying "Jan ZanFagna" fast.

The couple met at the University of Michigan. She is a native of that state and the lieutenant claims Rhode Island. He says his experiences and childhood memories of the sea coast are reflected in his painting.

When silver wings are won the ZanFagnas hope to get a European assignment. Lt. ZanFagna has high hopes of someday studying art there. Picasso had better look to his laurels.

Mrs. Grady Honored By 1954 Canasta Club

Mrs. Inez Grady was honored with a birthday party by the 1954 Canasta Club Thursday in the home of Mrs. Tom Amerson.

High score was won by Mrs. Viana Lee Wilson and second high was won by Mrs. Juanita Campbell. Pictures were taken of the group.

Mrs. Ruby Gibbs will be hostess at the next meeting on June 3.

Janie Echols Given Pottery Shower

COAHOMA—Janie Echols, bride-elect of Sgt. Clovis Phinney, who will be married June 12, was honored with a pottery shower recently in the home of Mrs. Wayne White. Bonnie Lindley acted as co-hostess.

The table was covered with a white linen cloth and centered with blue cornflowers interwoven with fern and spring blossoms. A blue and white color scheme was used in the refreshments and other party decorations.

Attending were, Mrs. James Coates, Mrs. Marion Hays, Mrs. Jack Wolf, Mrs. Wayne DeVaney, Mrs. C. D. Turner, Mrs. Bobby Cathey, Mrs. Lin Crossman, Mrs. Ray Echols, Mrs. Marie Brewer, Doris Morrison, Bonnie Lindley, Mrs. Horace Battenfield, Mrs. Mildred Clark and Mary Archer of Big Spring.

Mr. and Mrs. Jack Graham have returned from a vacation spent in Ajo, Ariz., with her mother, Mrs. Jessie Nelson. While there Graham spent several days fishing at Rocky Point, Mexico.

Our Story: WHEN PRINCE VALIANT AND SIR GAWAIN COME TO JERUSALEM IT IS STILL UNDER ROMAN RULE, AND LATIN IS THE UNIVERSAL LANGUAGE. SO PIERRE, ON HIS DAY OFF, HAS NO TROUBLE MAKING HIMSELF UNDERSTOOD.

AS LONG AS HIS MONEY HOLDS OUT PIERRE GOES FROM ONE PLACE OF ENTERTAINMENT TO ANOTHER. HE MEETS MANY PEOPLE AND ALWAYS MANAGES TO TURN THE CONVERSATION TO BEN EL RASCH AND HIS PRISONER.

WHEN PIERRE AT LAST COMES HOME HE IS FULL OF INFORMATION AND VERY FULL OF ENTERTAINMENT.

WHEN HE HAS PARTIALLY RECOVERED HE HAS A STORY TO TELL. BEN EL RASCH IS THE SHEIK OF A POWERFUL TRIBE AND DOES MUCH AS HE PLEASES. HE HAS KEPT SIR BASIL IMPRISONED FOR TEN YEARS, USING HIM AS A DECOY.

HIS PLEAS FOR AID HAVE CAUSED MANY CHRISTIAN KNIGHTS TO ATTEMPT A RESCUE, ONLY TO FALL INTO THE SHEIK'S HANDS AND BE HELD FOR RANSOM.

VAL DONS THE LOCAL GARB AND SPIES ON THE HEAVILY GUARDED PALACE OF BEN EL RASCH.

EACH DAY THE SHEIK IS CARRIED IN HIS WELL-GUARDED CHAIR TO THE MOSQUE FOR EVENING PRAYER.

ONE OF THE STREETS IS SO NARROW THAT VAL IS CROWDED INTO A DOORWAY TO LET THEM PASS, AND THIS GIVES HIM AN IDEA.

NEXT WEEK: -Knapp!

RUSTY RILEY

THIS IS A GOOD HORSE, EDWARD—I'LL BET YOU GET TO LIKE HIM.

YEH, BUT WILL HE LIKE ME? I TRIED TO FEED HIM SOME SUGAR THAT WAY AND HE NEARLY BIT MY FINGER OFF.

YOU'LL JUST HAVE TO SHOW HIM YOU'RE NOT SCARED OF HIM... ANIMALS CAN GENSE IT IF YOU'RE AFRAID.

I ADMIT IT... I AM SCARED! IT'S TOUGH LUCK FOR ME THAT MIZ WETHERWELL TOOK THIS NOTION TO GIVE UP HER CAR AND USE A HORSE AND BUGGY. SHUCKS, I CAN TAKE AN AUTO APART AND PUT IT TOGETHER, BLINDFOLDED... I'VE DRIVEN THOUSANDS OF MILES WITHOUT AN ACCIDENT.

...BUT A HORSE... WELL, I DON'T EVEN KNOW HOW TO STEER HIM!

GOING RIDING, RUSTY? IS THE PARTY OVER?

NO, TEX, BUT I PROMISED TO HELP A FELLA DRIVE HOME... I'M SADDLING DYNAMITE TO RIDE HOME ON.

QUENTIN, I'VE ENJOYED MY WELCOME-HOME PARTY IMMENSELY... AND EVERYBODY'S BEEN WONDERFUL ABOUT OFFERING ME ANTIQUES FOR MY OLD-TIME MUSEUM.

MIZ WETHERWELL, THE PLEASURE WAS OURS... SORRY YOU HAVE TO LEAVE SO SOON.

THE CAR IS READY... UH... I MEAN, THE CARRIAGE AWAITS, MA'AM.

EDWARD! TURN AND FACE ME PROPERLY WHEN YOU SPEAK.

SO... YOU'VE BEEN FIGHTING! DO YOU WANT ME TO GIVE YOU YOUR NOTICE, EDWARD?

SO WHAT? CYRIL ST. CYR IS STILL A STAR... AND I COULDA MARRIED HIM... HMMFF... I HAFTA DO WITHOUT A NEW MINK...

WHY DOES A PERSON HAVE TO SHREEK SO EVERYONE CAN HEAR A PRIVATE QUARREL?

WHAT? THERE ARE STILL PEOPLE WHO THINK HARRY MARTIN IS IMPORTANT? NAME ONE? HA HA HA!

HA HA HA

M-MY OLD FRIENDS... THEY DON'T CARE IF I'VE GONE DOWN IN POPULARITY...

PARDON ME.

I THOUGHT I RECOGNIZED YOU... AREN'T YOU HARRY MARTIN, THE WORLD'S GREATEST COMEDIAN... GOSH, I'M YOUR GREATEST FAN...

T-THANK YOU... W-WHY YOU'RE JOE PALOOKA!

JOE PALOOKA?

YES, I HATE TO BOTHER YOU... BUT COULD I HAVE YOUR AUTOGRAPH... I LIKE TO PROVE I KNOW YOU.

W-WHY CERTAINLY... I... I'M VERY GRATEFUL... T-THANK YOU.

WHAT WERE YOU SAYING WHEN MR. PALOOKA CAME OVER, CECILIA?

N-NOTHING... UH... NOTHING!

Your eyes tell you

Is that white shirt really white? Did you get all the grease out of those overalls? How bright are the colors in that dress? In each of these three jobs, SURF will equal or better any other product on the market today. But today's SURF doesn't just get things clean-looking. It does more!

Your nose tells you

Things aren't really clean unless they smell clean. You know that. And that's where SURF knocks other wash-day products into a cocked hat. It will get filthy, dirty work clothes, play clothes, all the things you wash so clean they smell like sunshine. You know they're clean clear through.

Surf beats them all

Don't take our word for it. Prove it to yourself. Compare a SURF wash for looks. Compare it for smell. Compare it with a wash done with any other product in the world. If you don't think that SURF does the best job, we'll foot the bill. We'll refund every single cent you paid --plus postage!

When you wash them with SURF they smell like SUNSHINE
[... you know that they're clean clear through!]

INVENTIONS. In this country we now have a new kind of stove. It melts cheese in five seconds, bakes a cake in three minutes, a potato in five. Do I smell something burning?

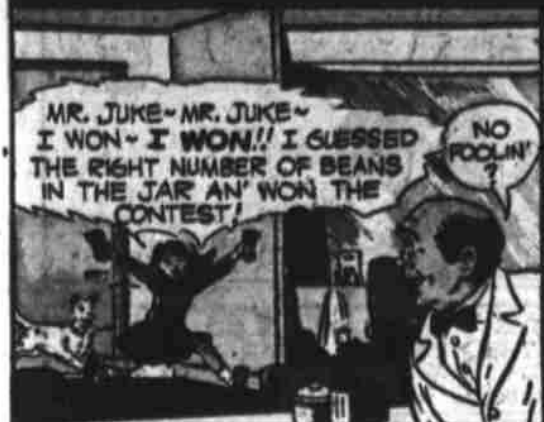

NO FRUS. Mrs. F. M. Hussion, Denver, Col., writes: "Since using SURF, I do my washing with no FRUS (Surf spelled backwards). I used to 'Frus' and, yes, 'Cuss' when it came to washing those grass-stained jeans of my little Indians. But that was before I discovered your wonderful product."

Mrs. Hussion goes on to say she enjoys our House Party show on KLC-TV in Denver. You can join us any Monday, Wednesday, Friday on your own CBS radio or TV station. We have a real good time!

P. S. If you're still buying nylona retail, look at Lever Brothers' "Pair-and-a-Spare" offer on back of the Surf box. Learn how to get top-quality Cannon nylons at factory prices.

New VEL*

MAKES DISHES SHINE

WITHOUT WASHING OR WIPING!

"VEL SOAKS DISHES CLEAN — SAVES YOU ALL THE HARD WORK!"

DON'T WASH — JUST SOAK

Dishes soak grease-free in seconds! No washing needed. If food clings, a touch of the dish-cloth gets it off. There's no greasy dishwasher with Vel — no ring around the seal!

DON'T WIPE — JUST RINSE

Yes! Just soak and rinse. Dishes dry streak-free without wiping! Even heavy grease in stew pots and frying pans is so completely dissolved no hard scouring is needed with Vel!

PACKAGE FOR PACKAGE, VEL CUTS GREASE BETTER THAN THE LEADING WASHDAY DETERGENT, LIQUID DETERGENTS OR SOAPS!

"—and yet **NO** 'DETERGENT BURN' to hands!"

Prove it yourself!

"HAND-HEAT TEST" shows why:

Dip hands in water. Then put a tablespoonful of any leading washday detergent in one hand — put a tablespoonful of VEL in the other.

Feel the heat

from washday detergents, indicating the presence of irritating alkalis and harsh chemicals that cause "Detergent Burn"!

Feel NO heat

with Vel. That's because Vel contains no irritating alkalis — no harsh wash-tub chemicals that cause "Detergent Burn"!

VEL is a miracle of mildness! Vel helps you avoid rough, red hands — causes no "Detergent Burn"!

MARVELOUS for dishes and finest fabrics!

VEL is the trade-mark of the Colgate-Palmolive Company.
