Hanoi Turns Deaf Ear To Talks

UMW MUST BE CLEANED UP

Union Employees Made To Give "Kickback"

WASHINGTON (UPI)—The son of Joseph A. "Jock" Yablonski says no miner will ever step forward to take his slain father's place as challenger of the union hierarchy until the government cleans up the United Mine Workers (UMW).
Corruption in the UMW, lawyer Joseph A. "Chip" Yablonski said in sworn testimony before a Senate labor subcommittee Thursday, stretches from the Washington, D.C., bank that the union controls to union employees who were forced to kick back part of their salaries to help re-elect

W. A. "Tony" Boyle as UMW president.
Today the subcommittee hears from three dissenting union members. Karl Kefton of Moundsville, W.Va., William Savitsky of Shenandoah, Pa., and Louis Antel of Arnold, Pa., who contend they encountered intimidation in campaigning for Yablonski in the Dec. 9 union election.
Yablonski, his wife and his daughter were slain Dec. 31 in their Clarksville, Pa., home. On Thursday, a grand jury in Cleveland indicted Mrs. Paul E.

Gilly in connection with the slaying. Her husband and two other men were indicted previously.
"Chip" Yablonski accused the government of indifference to his father's appeals for government intervention in the bitterly contested union election.
"I hope my father didn't die in vain—that the coal miners will be given an opportunity to vote in an honest election," Yablonski said. "I know they weren't given that right last time."

WATER WAS the main topic during an organization meeting of Water, Inc., in Gray County Thursday night in Pampa. Director-at-large nominee for District 8, John J. Fritsch Jr., left, Pampa manager of Celanese Corporation, J. D. Skaggs, newly-elected president of the Gray County Unit, Pampa, center, and Water, Inc. Director Bill Clayton, Springlake, toast the future of the area... with water. (Staff Photo)

Negotiators Take Exception To Habib

PARIS (UPI) Hanoi has all but ruled out secret peace talks with the United States so long as Ambassador Philip C. Habib heads Washington's delegation in Paris.
A North Vietnamese spokesman dismissed as "entirely without foundation" reports in two Paris newspapers that Habib already was meeting privately with Le Duc Tho, Hanoi's top diplomat at the peace talks.
Habib's presence as the chief U.S. negotiator, he said, means "the United States is downgrading the talks with the ultimate aim of sabotaging them."
A U.S. spokesman, Stephen Ledogar, acknowledged Thursday that there had been secret talks with the North Vietnamese during former Ambassador Henry Cabot Lodge's regime but he refused to give any details.
"We had a series of secret meetings at the end of August, but they produced nothing," he said. "From now on, I'm going to reply 'no comment' if I am asked about secret meetings."
Yet when the talks session began Thursday, Thuy was absent for the eighth successive meeting and the Communists continued their calls for a U.S. withdrawal from Vietnam without proposing anything new.

DECISION DELAYED TO FEB. 21

Rail Strike Remains Serious Threat To US

WASHINGTON (UPI) — There will be no nationwide rail shutdown until at least Feb. 21 but the threat of union strike action and carrier retaliation in the form of an industry-wide lockout on or after Washington's Birthday remains very serious.
The chief negotiators for both sides promised Thursday in telegrams to Labor Secretary George P. Shultz that they would continue contract talks through the date "regardless of the outcome of pending court litigation."
But neither William W. Wimpfinger, the top union representative, nor John J. Hiltz Jr., head of the industry negotiating team, gave any hint along with their pledges that they were ready to compromise on the complicated work rules issue that has blocked a settlement.
Shultz, who announced the new agreement at a news conference, said there will be no further bargaining until next week in Miami, where many of the negotiators also will be attending preliminary meetings of an AFL-CIO Executive Council conference.
The agreement came at the secretary's request and was a great relief to many officials in the Nixon administration.
Two "temporary" restraining orders forbidding any union strike or industry-wide lockout are due to expire Tuesday, the day Congress begins a Lincoln Day recess lasting until Feb. 16. The administration feared that failure to get these orders extended—or a preliminary injunction in their place—before Congress adjourned would have left the unions free to strike knowing there was little risk of speedy legislative action against them.
Shultz and Assistant Labor Secretary William J. Ueury, the top mediator in the 14-month-old dispute, indicated little headway had been made so far in efforts to reach accord on a change in work rules so that members of one union could perform jobs normally done by members of another in small craft shops.

Food Staff Of Life But Not Deductible

WASHINGTON (UPI) — The judge conceded the idea was ingenious, but he decided that money given to a wife for groceries cannot legally be deducted as a gift on income tax returns.
"Gifts to spouse are commendable but nondeductible," wrote Judge Samuel B. Sterrett in a U.S. Tax Court ruling.
Sterrett said the deductions by three Maryland residents were claimed on "the advice of a tax consultant who certainly must be deemed ingenious." The consultant was not named.
The advice, however, turned out to be wrong. The court ruled Harold W. Laque of Millersville, Md., underpaid his 1966 taxes by \$1,040, his wife, Prudentia, underpaid her 1966 taxes by \$550, and Charles E. Parsons of Pasadena, Md., underpaid his 1964 taxes by \$723.
"While one can certainly sympathize with the philosophy that is apparent in the claiming of such a deduction for gifts to a spouse," said Sterrett, "unfortunately, the claim must be denied."

Wife Of Suspect Stands Accused

CLEVELAND (UPI) — Annette L. Gilly, who refused a chance to testify against her husband, now stands accused with him in the murder of rebel United Mine Workers leader Joseph A. "Jock" Yablonski.
Mrs. Gilly, 29, a tall, slim blonde, was indicted for conspiracy Thursday by the same federal grand jury which indicted her husband and two other men a week earlier.
A U.S. commissioner ordered Mrs. Gilly jailed in \$250,000 bond on federal charges of interfering with the rights of a union member by force or violence, obstruction of justice and conspiring with others to interfere with the rights of a union member by force or violence.
Her husband, Paul E. Gilly, 36; Aubran W. Martin, 21, and Claude E. Vealey, 27, all are under the same indictment and jailed on \$250,000 bond each.
In Thursday's indictment, Mrs. Gilly was accused of "maintaining a fund to finance the conspiracy" with her husband, of helping him obtain guns, and of paying \$750 from the fund to bail out Vealey on another charge. The grand jury previously indicted Gilly as the payoff man in the killings.
The three men face state murder charges in Clarksville, Pa., where Yablonski, his wife and daughter were shot to death at home New Year's Eve. It is possible Mrs. Gilly will now be charged with murder, too.
William J. Prater of La Follette, Tenn., a UMW District 19 staff representative, who testified Thursday was the first union official to appear in the investigation.
Prater said "I answered all their questions, but I don't know if it helped."

Wife Asks To Be Buried Next To Father

DALLAS (UPI) — Beside the body of suicide victim Dorothy Ann Overton police found a note which read: "Please bury me next to my father in Sulphur Springs." The note bore Mrs. Overton's signature.
Mrs. Overton and her husband, the man she killed moments before taking her own life, were to be buried today alongside one another in a Dallas cemetery.
Medical examiners ruled Mrs. Overton shot her husband once in the head, walked into the bathroom of the apartment and shot herself once in the temple.
The couple was separated and their failing marriage was blamed for the murders. The Overtons, both 42, had three children: Amy, 20; Autlie, 10; and William T. Jr., 9.
Overton was the chief director in construction of Main Place, a 10-acre, \$120 million project in downtown Dallas. The first building in the project—One Main Place—opened last year. The second building in the complex is under construction.
Overton was the president of an investment company and a director of the Texas Bank and Trust Co.

Cigarette-Smoking Beagles Prove Fatality Of Smoking

NEW YORK (UPI) — Two scientists said Thursday 14 of 86 beagles they trained to smoke developed lung cancer. They claimed this was the first direct cause-and-effect proof that cigarette smoking causes cancer.
Dr. E. Cuyler Hammond and Dr. Oscar Auerbach, of the Veteran's Administration Hospital, East Orange, N.J., reported their findings at an American Cancer Society conference.
A society spokesman said the studies "effectively refute con-

Ag Secretary Clamps Down On Sick Poultry

WASHINGTON (UPI) — Agriculture Secretary Clifford N. Hardin has turned down a controversial proposal that would have allowed human consumption of chickens infected with cancer-like viruses.
Hardin rejected a proposal from a committee in his department which would have allowed processors to trim off parts of chickens affected with minor signs of leukemia and sell the remaining parts for human food.
Hardin said federal inspectors will continue to condemn all poultry showing signs of the disease, outlawing its use for human consumption but allowing it to be used in pet food.

LOOKING AHEAD

Water Key To Area's Future

By ALETHA DAVIS
News Staff Writer
"The Texas Water Plan is not dead, it still exists, and we must endeavor to revive it," stated Bill Clayton, Springlake, director of Water, Inc. in addressing the organizational meeting of the Gray County Unit of Water, Inc., Thursday night in Pampa.
Businessmen, professional men, farmers and ranchers attended the meeting to hear an outline proposed by Water, Inc. and learn how Gray County might insure water for future economy and to maintain and promote the industry and agribusiness in the area.
Water, Inc. is striving for a united voice in legislation to insure water for future years of business and economy in Texas.
The Texas Water Plan amendment was defeated by slightly over 4,000 votes in elections last August. "A revised plan can be—and will be passed," stated Clayton. "If the people band together for a strong voice during the regular legislative session."
Gray, Carson, Wheeler, Donley and Collinsworth Counties make up District 8, Water, Inc.
Director-at-large candidate for the area, is John J. Fritsch, Pampa manager of Celanese Corporation.
Felix Ryals, White Deer, is on the board of directors, Water, Inc.
Associate director of Water, Inc. Tom Williams, Lubbock, explained the by-laws and membership campaign and challenged the Gray County group to enroll 100 members in the unit, thus qualifying the election of another director, as is stated in Water, Inc. by-laws.
Other speakers included Foster Whaley, County Agricultural Agent who paralleled the economy of the area with the use of water. He pointed out that to maintain and further the agri-business in the area, water must be provided to replace the rapidly depleting underground supply.
Fritsch outlined the need for a planned water program from the viewpoint of area industrialists.
Plans to solicit membership were outlined.
Duncan Ellison, Lubbock, public relations director for Water, Inc. announced the third annual meeting of Water, Inc. set for Feb. 17 in Lubbock, pointing out that every member (See WATER, Page 2)

Yarborough Claims Republicans Will Go All Out To Defeat Him

WASHINGTON (UPI) — Sen. Ralph Yarborough, D-Tex., accused Republicans of "squeezing the blood of the people with high interest rates" and then using the money to finance campaigns to defeat him in his reelection bid this year.
Yarborough predicted Thursday the Republican Party would spend \$5 million in an effort to defeat him in this year's elections.
The state's senior senator, seeking his third full term in the upper chamber, said he spent the last couple of days on voter registration and not campaigning. He said the more voters that are registered, the better his chances are of winning.
Yarborough claimed he is receiving the support of a number of persons who previously worked for former President Lyndon Johnson.
Lloyd Bentsen is challenging Yarborough in the Democratic

Harris Fund Started

A Noah Harris Fund was established today by Pampa's two banks.
Noah Harris, 405 Third St., head porter at the Coronado Inn since its opening and before that at the old Schneider Hotel, is a patient at M.D. Anderson Hospital in Houston.
Harris has served guests at Pampa hotels for more than 40 years and last year was honored as one of the city's top goodwill ambassadors.
Friends said today contributions already are being received for the Noah Harris Fund.
Persons wishing to assist may send cash or checks to either the First National Bank or the Citizens Bank & Trust Co. or drop them in the Noah Harris Fund depositories in the bank lobbies.

Pat Gets All The "Fun" Trips

CHICAGO (UPI) — President Nixon says his wife, Pat, gets all the "fun" trips.
While Nixon conferred with four governors from the Great Lakes states, Mrs. Nixon and an entourage of railroad officials and conservation experts traveled first-class on a private, four-car train 55 miles downstate to inspect anti-pollution efforts of the Commonwealth Edison Company's Dresden Nuclear Power Station where she will see the world's largest electrical turbine and an atomic reactor.
Another stop on the way will be the Goose Lake Prairie, a 1,500-acre tract of virgin prairie land which is a state conservation area. The tract is said to be the last sizable patch of the "Prairie State" that is original Illinois prairie.
The President's wife also will see a 10-minute color movie taken during the spring and fall — when the prairie was in bloom — by Dr. William Beecher, director of the Chicago Academy of Science.
The train will travel on the Peabody Coal Company's North Mine where Mrs. Nixon will see one of the world's largest digging machines.
Thursday Mrs. Nixon made two stops in Indianapolis, Ind. in support of her project to promote volunteerism for the Mentally Retarded and was an enthusiastic audience when the youngsters sang "Do Be

Mass TB Testing Slated For Congress, Employees

WASHINGTON (UPI)—Members of Congress and 14,000 congressional employees are going to be given X-ray and skin tests after disclosure of the deaths of two Senate restaurant workers from tuberculosis.

"It's not a Typhoid Mary situation, but it's a pretty serious situation," Rep. Durward G. Hall, R-Mo., a physician and surgeon, told a reporter.

Hall took the floor of the House Thursday in an unusual speech to urge his colleagues to react "calmly and sensibly."

"I assure you that everything possible has been done and is being done to insure your safety and that of your families and staffs," Hall said.

District of Columbia health officials said Thursday they learned of the deaths of the Senate employees in the last four months were attributed to tuberculosis, and that four other active cases in the Capitol complex have been discovered since then.

As a result, a decision was made to test all Capitol workers, including newsmen, for the highly infectious disease, which has been sharply declining in recent years as a primary cause of death.

The mass testing will start Feb. 16, Hall said, and Congress returns from its Lincoln Day recess. Any congressman or employee suspecting he has been exposed, Hall said, should seek private testing sooner.

Manson Asks Murder Charge Be Dismissed

LOS ANGELES (UPI)—Charles M. Manson, accused leader of a hippie murder cult, presents oral arguments in Superior Court today in an attempt to have charges against him in the Sharon Tate murders dismissed.

Manson, who is acting as his own attorney, filed a document with the court Thursday asking Judge Malcolm M. Lucas to dismiss one count of conspiracy and seven of murder because of insufficient evidence.

The district attorney's office prosecutors were expected to counter the claims in the document with the contention that evidence presented to the grand jury was more than adequate to connect Manson with the seven murders.

The brief set forth what Manson claimed were a number of inconsistencies in the testimony before the grand jury which led to his indictment.

Tricia Wins Measles Bout

CHICAGO (UPI)—Tricia Nixon is on the road to recovery after a bout with the measles and her mother, Pat, will fly to Key Biscayne tonight to be with her, the White House said today.

The First Lady spent last weekend with Tricia when she broke out with the measles and a high fever while at the Florida White House to recuperate from a long siege of the flu.

Mrs. Helen Smith, director of the First Lady's press relations, said Tricia passed the "tiring point" with measles Thursday and her rash has just about disappeared.

of Water, Inc. may voice a vote in selecting directors and in the planning of the corporations projects.

He urged Gray County members to begin a strong educational program to acquaint the public with the need for a sound proposal to maintain the economy in the area.

Officers and board members were selected during the business session of the group.

J.D. Skaggs, also a director in the Panhandle Underground Water Conservation District, will be serving as the first president; vice-president, E.L. "Gene" Green Jr.; and secretary-treasurer, James McCoy, Pampa.

Board members include Rex McAnelly, Fred Vanderburg, F.G. Shackelford, Artie Sailor, Jack Imel, Gordon Lyons, Boyd Meador, Rex McKay, Clyde Magee, Ed Myatt, Floyd Watson, Fred Neslage and John Spearman.

Negotiations Necessary Before Newspapers Can Be Subpoenaed

WASHINGTON (UPI)—Attorney General John N. Mitchell has admitted that federal investigators violated long-standing policy in recent attempts to subpoena news organizations for reporters notes and unused film.

He said the situation has been corrected.

"I regret that recent actions by the Department of Justice involving subpoenas for members of the press and property of the press may have been the subject of any misunderstanding and of any implication that the Department of Justice is interfering in the traditional freedom and independence of the press," Mitchell said in a statement issued Thursday.

The subpoenas involved were issued on the New York Times, the Columbia Broadcasting System, Time Inc. and Newsweek and involved investigations they had made into the Black Panthers and the radical Weatherman faction of the Students for a Democratic Society.

Mitchell said it had been past

Agnew May Take On Golf Tourney

PALM SPRINGS, Calif. (UPI)—Vice President Spiro Agnew may or may not play today in the amateur section of the \$125,000 Bob Hope Desert Classic golf tournament.

The vice president flew into Palm Springs late Thursday, then went right to the practice range at Eldorado, one of the four courses used in the Hope tourney. Eldorado also is the course where former President Dwight D. Eisenhower used to own a winter cottage.

Mr. Agnew practiced Thursday under the guidance of club pro Don Fairfield. There was no indication how things went and according to an announcement a decision would be made today.

The vice president, with an 18 handicap, definitely will play on Saturday. He is in a threesome with Bob Hope, who has a 12 handicap, and California Sen. George Murphy who has a 16 handicap. Their listed pro for Saturday is Doug Sander, who has not been playing well this year.

Carswell's Nomination Delayed 10 Days For More Investigation

WASHINGTON (UPI)—A delay of 10 days in the committee vote on G. Harold Carswell's Supreme Court nomination has given his opponents more time to search his private and public record.

They sought any evidence that Carswell's performance as a federal judge in Northern Florida showed an anticivil rights bias. They also probed his private-life for instances or suggestion of racial discrimination.

Carswell himself submitted a two-page letter to the Senate Judiciary Committee late Thursday in which he denied he ever was hostile to civil rights lawyers and militants, an accusation made against him repeatedly during two weeks of committee hearings.

The Nixon administration had hoped for fast committee approval and Senate confirmation of Carswell. It persuaded Sen. Strom Thurmond, R-S.C., to give up a filibuster against direct election of the President to get the nomination out of the committee.

Electoral reform is the official pending business of the committee and its chief sponsor, Sen. Birch Bayh, D-Ind., is insisting on a definite date for a vote on it before permitting a vote on Carswell.

But Sen. Joseph D. Tydings, D-Md., invoked a committee rule that in effect put off further consideration of the nomination and the amendment until after the Senate's Lincoln Day recess. Chairman James O. Eastland, D-Miss., then said he will call the committee together either Feb. 16 or 17.

Tourist Group Takes Tour Of New White Deer Lands Museum

Members of the Tourist Development Committee of the Chamber of Commerce were taken on a tour of the White Deer Lands Museum, 116 S. Cuyler, yesterday by Mrs. Fred Thompson, museum manager.

Pair Held For Cafe Burglary

Don Wells, 936 E. Scott, and John Paul Stone, 937 E. Murphy, remained in county jail today in lieu of \$2,000 bond each set by Justice of the Peace E.L. Anderson on charges of burglary, acting together, of the Silver Spur Cafe east of Pampa, according to Deputy D. L. Day, investigating officer.

The pair was apprehended at 708 N. Hobart by city police early Thursday after a telephone tip to police that two men were at the Phillips Service Station, 708 N. Hobart.

Arriving patrolmen apprehended Wells at the scene, but Stone ran from the grease room of the station when police arrived.

He was arrested when he appeared at the police station Thursday morning in an attempt to recover his pickup which was parked at the station.

The Silver Spur Cafe was reportedly burglarized earlier the same night and investigation by Day resulted in the charges.

The pair, according to witnesses, had been in the cafe the same night. Cigarettes, cigars and candy reported stolen from the cafe were recovered from the pickup occupied by Wells and Stone, said police.

Plans were explained for construction of 60 billboards throughout the area to publicize things to see and do in the Panhandle.

The tourist committee voted to recommend that Pampa join with 24 other Panhandle towns and cities in sharing cost of the Land of Coronado program. Pampa's share has been set at \$700.

Harold Barrett, committee chairman, said the Tourist Development group will meet again within a few days to discuss further projects for attracting tourists to Pampa.

The Lighter Side

By DICK WEST
WASHINGTON (UPI)—The battle of the hemlines has broken out again with Paris designers launching a full-scale offensive against the miniskirt.
For a report on the situation, I have called in my fashion adviser, Cecil Limpwrist:
"Cecil, it has been alleged that Paris designers are promoting the new mid-length in an effort to antique miniskirt wardrobes and thus stimulate sales. Is this true?"
"Those rumors are utterly false. Fashion designers are great artists and have no interest in the commercial aspects of the garment business."
Not Esthetic Consideration
"Then why are they dropping hemlines to the midway point between ankle and knee? Surely they were not guided by esthetic considerations."
"That is true. Mid-calf is the most unattractive of all skirt lengths. The Paris designers have adopted it solely for humanitarian reasons."
"What's humanitarian about it?"
"At the recent Senate hearings on birth control pills, some of the witnesses cast doubt on the safety of oral contraceptives. As a result, thousands of women find themselves in a dilemma over whether to continue using the pills."
"The new midskirt dresses were created to provide an alternative to oral contraceptives."
"Hold on there, Cecil. Are you saying what I think you are saying?"
Is Natural Contraceptive
"Exactly. The midskirts are designed to serve as natural contraceptives. Any woman who wears midskirts is in no danger of becoming pregnant."
"How can midskirts prevent pregnancy?"
"They keep the opportunity from arising."
"Would you elaborate on that a bit, please?"
"Glad to. As long as women were wearing miniskirts, men found it difficult to keep their minds on baseball. Consequently, the pill was needed to keep birth rate from soaring."
"But as soon as women change to midskirts, men will lose interest in sex and will go back to discussing batting averages. Thus the birth rate will drop naturally and women can quit taking the pill."
"That certainly is humanitarian and all right."
"Yes, indeed, dear boy. Midskirts may save the world."

Soviets Ignore Plea To Limit Arms, Aids Israel

By United Press International
A Beirut newspaper reported today the Soviets have begun a large-scale airlift of weapons to Egypt in the past 72 hours, most of them defensive to counter Israeli air raids around Cairo.
The Le Jour report hit the streets only hours after President Nixon implored the Soviets to join in limiting arms shipments to the Middle East and restated his promise to arm Israel "as the need arises."
As if to justify sending weaponry to Egypt, the Soviet government newspaper Ivestia said the Israelis were planning "another round of blitzkriegs" and were keeping the Middle East "on the edge of a big war."
Le Jour, an anti-Communist newspaper, quoted Eastern European sources that giant Antonov transports were landing at Egyptian airports at the rate of one every 30 minutes from Russia.
The shipments did not include new MIG fighters as Egypt has requested, the report said, but instead new radar, surface-to-air missiles and antiaircraft batteries to be strung around Cairo.
In the Egyptian capital, the semi-official newspaper Al-Ahram said Egyptian jets turned back a flight of Israeli bombers headed for the capital Wednesday.
The Soviets asked the United States, Britain and France last week to pressure Israel to "cool it," warning that it could not stand idly by if the Israeli attacks continued.
President Nixon's reply Wednesday rejected Russia's contention that its shipments of war material to Israel was leading Tel Aviv to undertake new military ventures. He vowed to stick by the out-gunned Israelis.

Journalists Licensed??

WASHINGTON (UPI)—A member of the National Violence Commission says newsmen should be licensed same as doctors and lawyers.
Dr. W. Walter Menninger, 38, a psychiatrist connected with the famous Menninger psychiatric center in Topeka, Kan., made the statement Wednesday in an appearance at the National Press Club.
"Journalists and broadcasters hold an important public trust as guardians of democracy," he said. "How does the public have any guarantee of the quality of these guardians."
He said there should be minimum standards of education and training for journalists, same as for people licensed to practice medicine and law.

Cartoonist Refuses Commitment

NEW YORK (UPI)—Comic strip artist Walt Kelly said today a new animal character in "Pogo" resembling Vice President Spiro T. Agnew will be around for a while as a "heavy."
"He'll be doing that sort of work," said Kelly, referring to a hyena-like character that made its appearance in Pogo Monday. Kelly refused to discuss the hyena's resemblance to Agnew.
"He's probably going to develop into something," Kelly said. "But he won't develop right away. It'll take about a month. He's a trial balloon and we'll see how soon he gets slapped down."
Kelly said the hyena probably won't be "too lovable because none of my characters are too lovable."
In his third appearance in the strip on Wednesday, the hyena informs the turtle that he "can sit mighty, mighty hard" when annoyed.

FIRST DAY
LOS ANGELES (UPI)—It was Maureen Calnon's first day as a bank teller Wednesday and at lunch the branch manager told her what procedures to follow in case of a holdup.
Later a tall man in a gray suit entered the United California Bank office and handed her a note demanding all the money she had, including large bills.
Miss Calnon, 22, remembered all she had been told. She gave the bandit \$900, watched him walk out and then told the manager about the robbery. He called police and commended her for keeping calm.
"I hope this won't happen every day," she said.

Fall and Winter Fashions now at **COST AND BELOW!**

We have just returned from market and have already started receiving goods we purchased there. With this large stock of Fall and Winter merchandise, we just don't have room, so out it goes at savings you cannot afford to miss.

We have combined the stock of our stores to offer you this opportunity to choose from thousands of dollars of fine merchandise (famous brands you'll recognize instantly) at cost and even below.

Come in tomorrow and add to your wardrobe, you'll be so pleased with yourself for picking up some truly high fashion apparel at half-price and even less!

Special Group Of Real WHITE ELEPHANTS

Broken Sizes - Broken Colors - We Want To Get Rid of Them - Prices You Would Not Believe Even If We Mentioned Them!

By Abigail Van Buren

DEAR ABBY: My New Year really started off well! New Year's Eve my boyfriend admitted to me that another girl is going to have his baby in about five months.

We tried to break up because of this but we just couldn't. John (not his real name) and I love each other too much, Abby. We've gone steady nearly a whole year.

John said he ran into this old girl friend of his a few months back and they both had too much to drink, and it just happened. He says she does not mean anything to him anymore, and she knows it.

Now John tells me that this girl plans to give up the baby for adoption, and, Abby, I want it! It's John's baby, and we planned to be married next year, but if we could adopt this baby, we'd get married sooner. John is all for the idea.

The girl says it doesn't matter to her who gets the baby as long as she's giving it up. John would pay all her expenses. What do you think?

JOHN'S GIRL
DEAR GIRL: How old are you? And how old is John? Have you discussed this with your parents? And with John's? Is the girl mature and stable enough to let you adopt the child without causing trouble later? You'd better get some counseling from your local clergyman, or from someone who sees the total picture clearly and objectively before making such an important decision. Good luck.

DEAR ABBY: In his explanation of the derivation of the word "cop" (slang for police officer) your correspondent made an error. He stated that "cop" came from the Latin word "capere."

There is no such word in Latin. However, there is a word, "capere," a verb of the third conjugation which means to seize or to capture. Perhaps that is what he meant.

LATIN TEACHER
DEAR TEACHER: Thank you (and many, many others), for pointing this out. Latin may be a "dead" language, but there are plenty of living Latin scholars.

DEAR ABBY: My sister became disenchanted with her husband of nearly 10 years, and confided in me that she was going to get a divorce. She complained that her husband was dull, never sent her flowers, never said, "I love you," and had a nasty disposition.

I am quite sure she is correct.

Schafer Club Has Meeting In Camp

SKELLYTOWN (SPL)—Skelly - Schafer Club met recently in the home of Mrs. John Anderson at the Schafer Camp with Mrs. Anderson as hostess and Mrs. Roy Paul Thurmond as co-hostess.

Game prize was won by Mrs. Ed Mosley and the door prize by Mrs. Richard Mills. A March of Dimes coffee was discussed by the members.

The next meeting will be held in the home of Mrs. Richard Mills with Mrs. John Pierce as co-hostess.

Attending were Misses. Bob Heaton, Richard Mills, Ed Mosley, Raymond Shannon, Elmer Nichols, John Pierce, Bob Lawrence and Charley Cross.

on all four counts, but in his defense I must say that he was not a drinker or gambler, and he did not chase women. He provided her with a deluxe apartment and the best of everything.

She contacted an attorney who advised her to snatch the furniture while her husband was at work, and since their savings were in both names, she should draw out all the money, which I'm sure runs into a considerable sum.

My question: Would a reputable attorney give such advice, and would a decent woman do this sort of thing?

JUST ASKING
DEAR JUST: In my opinion, no reputable attorney would give such advice, and no decent woman would do this sort of thing. Furthermore, the wife's "possession" of the furniture and money would not confirm her right to it.

Your Horoscope
JEANE DIXON

FOR SATURDAY, FEB. 7
Your birthday Saturday: The coming year is a search for more workable career approaches, preparation for future activities beyond your present reach. This unsettled period is only resolved with patience, meditation, and concentrated concern for self-improvement.

ARIES (March 21-April 19): — Bread cast on the waters long ago may come back now with butter and jam on it. Be grateful for your own past generosity.

TAURUS (Apr. 20-May 20): — Your sense of humor makes all the difference to people around you. Accept friends on their terms; do not push them into things they're not ready for.

GEMINI (May 21-June 20): — The accent is on old things, memories of incidents long past. Avoid excess in food and drinks, otherwise you go along with the mood of the day, renewing long-lapsed acquaintances.

CANCER (June 21-July 22): — If you are dissatisfied with your home and its neighborhood, Saturday is a good time to begin doing something about it.

LEO (July 23-Aug. 22): — Aside from a tendency to spill anything that is liquid Saturday is a happy interlude if you will go along with people and their whims. Include older friends; they may be surprisingly helpful at odd moments.

VIRGO (Aug. 23-Sept. 22): — Your energy is more available Saturday — clear off long deferred heavy chores, the earlier the better. Get rid of belongings which have lost their purpose in your life.

LIBRA (Sept. 23-Oct. 22): — You are likely to overreach in trying to get too much done, particularly in matters like cleaning out your den or work space. Get some help, spread the work, take an occasional rest.

SCORPIO (Oct. 23-Nov. 21): — Pushing your plans Saturday

Local Church News

First Baptist Church

Dr. Eddie Lieberman will conclude the week of Bible Study on the First Epistle of Peter, in the First Baptist Church Pampa, when he speaks on the topic, "The Christian — His Coming Lord," at the eleven o'clock morning worship. David Campbell will announce the special music, and Miss Elcise Lane, organist, will play "Christ, the Life of All the Living," a German Choral for the organ offertory.

In the seven o'clock evening worship a dramatic film entitled, "The Runaway Generation" will be shown. This film was produced in the

Haight-Ashbury area of San Francisco with confirmed teenage LSD users and hippies. The film depicts a drug-crazed generation of youth who are revolting against society and all that it stands for.

You will be an eye-witness to shocking interviews with teenagers who confess to committing unbelievable acts. You will see and hear Dave Wilkerson as he talks with teen-agers who argue that parents have failed because they do not understand young people or respect their wishes and desires. You will watch unfortunate young people living in immoral hippie en-

vironment. This is a film that every teen-ager and their Moms and Dads should see. This is a thirty-minute sound and color film produced by the David Wilkerson Youth Crusade, Inc.

Rev. Dan Cameron extends to you a cordial invitation to attend this unusual service.

The regular schedule of activities for Wednesday will begin with the Fellowship Supper at 5:30 p.m. to 6:15 p.m. and is followed by prayer meeting when the pastor will finish teaching the book of Hosea.

United Methodist Church

The First United Methodist Church is preparing for a Preaching Mission to be held the week of Feb. 15 under the leadership of Dr. Marshall Rhew, presently serving as District Superintendent of the Seymour District of the Methodist Church in the Northwest Texas Conference.

Dr. Rhew will preach on Sunday evening, Feb. 15 at 6 p.m., and will hold three services daily, Monday through

Friday of that week, at 7 a.m. and 10 a.m.

Watch the newspaper for further details.

This week, services will be held at the usual times. Dr. H. Dewitt Seago will preach at 8:45 and 11 a.m. At 8:45 a.m. the Youth Choir will sing "A Song of God's Presence" which appears in the book, "Hymns For Now" edited by Paul Abels. At 11 a.m. the Sanctuary Choir will sing "O Sing Unto the

Lord", a 16th Century setting of "Ante Domino" by Pironi. The choir will also present the Hymn of the Month.

The final session of the Mission Study "China In Change" will be presented at the regular 6 p.m. service in the Sanctuary, and also for the Elementary grades in the Educational building. Youth Fellowship groups will follow these sessions.

Christian Science Church

"Would God that all the Lord's people were prophets, and that the Lord would put his spirit upon them!" These words of Moses in Numbers are part of the Lesson-Sermon titled "Spirit." The lesson will be

read this Sunday in Christian Science churches.

A passage from Science and Health with key to the Scriptures by Mary Baker Eddy in the lesson is: "Anciently those apostles who were Jesus

students, as well as Paul who was not one of his students, healed the sick and reformed the sinner by their religion. Hence the mistake which allows words, rather than works, to follow such examples.

Jehovah's Witnesses

Richard Fetter, presiding minister of the Pampa congregation of Jehovah's witnesses, announced that arrangements have been finalized to use the City Auditorium, 201 Commerce, for the forthcoming semi-annual ministerial convention March 6, 7, and 8 to be held in Altus, Okla.

Those of the Pampa congregation are making plans to attend along with over 800 delegates from 15 congregations in Western Oklahoma and Texas Panhandles.

For three days they will

receive instructions, suggestions, and encouragement on how to be more effective in their ministerial work of spreading the word of life to others.

Outstanding examples of those who spread the word of life were Christ Jesus, the Apostles, and other mature Christians of the first century. They utilized every means available and took advantage of every occasion to spread the word of life to others. Acts Chapter Two reveals that Christian assemblies presented wonderful opportunities to read the word of

life to others because on this occasion it says about 3,000 were converted to Christianity.

The program is designed to assist all in attendance to live closer to Bible principles, build high morals and do God's will, that of ministering to the spiritual needs of others.

The climax of the convention will be a public Bible discourse entitled, "Withstanding the Pressures of Our Day" by Lester M. Dugan, district supervisor of Jehovah's witnesses. All sessions will be free and the public is invited to attend.

First Presbyterian Church

The First Presbyterian Church will welcome to the pulpit this Sunday, Rev. Lael M. Smith, guest minister. Rev. Smith is the associate pastor of the Westminster Presbyterian Church of Amarillo. The sermon topic will be "Foxes That Spoil the Vineyard," with the text being taken from 1 Corinthians

13. Ruling Elder Curt Beck will be serving as pulpit assistant at both services.

The Chancel Choir will present the Anthem, "O Sing a New Song," by Angell, at the 11 a.m. worship service. Church Organist "Mrs. Fidelia Yoder" will present as the Offertory, "Thou Prince of Peace, Lord

Jesus Christ" by Bach.

The Senior High Fellowship will meet at 6 p.m. Sunday. The place will be announced Sunday morning.

The Saturday morning Communicant's Class will not be conducted this week, but will resume next week at the usual time.

Hobart Baptist

Jerry Key, a missionary on furlough, presently residing in Perryton, will conduct both services this week at Hobart Street Baptist Church, 1100 W. Crawford.

Rev. Key and his wife both teach in the Seminary at Rio

de Janeiro, Brazil. He pastors a local church there as well.

Sunday School begins at 9:45 a.m. with the Morning Worship Service following at 11 a.m. Training Union Sunday evening begins at 6 p.m. and Evening worship is at 7 p.m.

Mid-week prayer services are conducted on Wednesday at 7:30 p.m.

Visitors are welcome and encouraged to attend any and all services conducted.

First Assembly Of God

The film, "Youth In A Fix," will be shown Sunday night at

the First Assembly of God Church at 6.

The film deals with drugs and actually shows addicts using the capsules and needle. This film was taken live and no actors were used in the main portion of the film.

Everyone is invited to see this stirring and unique film.

Bethel Assembly Names New Pastor

The Bethel Assembly of God Church is under the pastorate of a new minister to the area.

Rev. J.F. Beebe, formerly a pastor of Paducah First Assembly of God Church and Spur First Assembly of God Church, states, "My wife, my family and I, the short time we have been in Pampa, certainly admire the facilities and have enjoyed, thus far, our stay

in this fine city."

Everyone is invited to attend services at the church.

Everyone Welcome No Admission Charge

Heard Every Saturday on KPDN at 11:45 A.M.

The Weekly Message of Inspiration...

FIRST PRESBYTERIAN CHURCH

Rev. Martin Hagar
First Presbyterian Church

There are walls of hostility between us — from the Berlin Wall separating political powers to the wall of silence between generations. The divisions are painfully obvious — among races, nations, generations, and economic groups.

But all walls aren't bad. Fences can make good neighbors because we are entitled to some privacy and our own individuality. No one wants to live without any walls.

The difference is in the kind of walls that divide. The Ephesians knew the walls of hostility as well as we do. In the Temple there had even been a wall separating worshippers. The Court of the Gentiles from the Inner Temple where only Jews could go. The separateness of God's people had been intended for definition. They were set apart as a servant people to bless all nations. But the law failed to preserve the living faith and became a source of arrogant pride to the Jew and bitter disappointment to others. Those who were to be a light to the Gentiles became a wall of division.

Jesus Christ broke down that wall and all walls of hostility. His death and resurrection made it plain that neither Jew nor Gentile was acceptable to God because of what he was able to be or do... but that both were acceptable only because God loved them as much as Jesus Christ. In Him a new creation began... a new man living in love with God and with his fellowman.

Television In Review

HOLLYWOOD (UPI)—Notes to watch television by: Comeback: Tom Smothers, half of the brothers team fired by CBS-TV, says their Feb. 16 one-hour special on the opposing NBC-TV network: "We'll offend a few people as possible with this show. But we will have a point of view." He adds frankly, "A lot depends on this special. If the show flops artistically, then all of our other projects will have to wait for a while."
Special: Marilyn McCoo, the long-haired beauty of the Fifth Dimension singing group, makes her dramatic debut on ABC-TV's "It Takes a Thief" Feb. 23 as a famous songstress-guitarist who supposedly died in a plane crash. Other members of the group will also appear in the episode, and sing a Burt Bacharach-Hal David number—and the supporting cast of the show includes Joseph Cotten, Beah Richards and Buddy Lester.
Very Special: Tuesday's late-night Dick Cavett program on ABC-TV, which will be devoted entirely to Noel Coward, will feature the venerable husband-and-wife theatrical team of Alfred Lunt and Lynn Fontanne. Coward, recently knighted, will, of course, be there too, and so will Tammy Grimes and Brian Bedford, currently appearing on Broadway in a revival of Coward's play "Private Lives."
Rather Special: A glee club to end all glee clubs will be heard on Ed Sullivan's CBS-TV hour March 8. On film, it includes a wide-ranging body of leaders in government, the arts, industry, sports and other public areas who recently got together in New York to make a movie short "articulating the aims of the National Urban Coalition"—which is geared to helping solve city problems. The footage set for Sullivan's show offers their film chorale which will be used in March "as part of a massive campaign tackling contemporary urban problems." The singers include:
Andrew Heiskell, chairman of the board of Time Inc.; Roy Wilkins of the NAACP; Ralph Bunche, Arthur Goldberg, John D. Rockefeller III, Sen. Daniel Inouye of Hawaii, Jack Dempsey, Bob Cousy, Roberto Clemente, Merv Griffin, Johnny Carson, Leontyne Price, Ray Charles, Gwen Verdon, Steve Lawrence, Eydie Gorme, Flip

Monogrammed Overalls Give Jailbreakers Away

SAN ANTONIO, Tex. (UPI)—The police and the jailers at the Bexar County jail thought nothing was amiss until they received that anonymous phone call from the man who said he saw two men in white coveralls with the letter "P" on their backs.
The police contacted officials at the "escape proof" jail and they began a cell-by-cell search. One cell was empty except for the bare prison furniture and a picture of the Virgin of the Guadalupe hanging on the wall.
"If I tell them they can't have religious pictures in their cells I will get the church down on me," said Bexar County Sheriff Bill Hauck.
This picture was used, however, to cover up a hole through which eight prisoners escaped from the jail Wednesday. It was the first successful escape in the 8-year history of the jail, run for the past 18 days by Jesse Dobbs. Dobbs was fired last month by President Nixon as U.S. Marshall for the western district of Texas.
Five of the seven prisoners, who climbed down a sturdy string of bedsheets from their fifth floor cell, remained at large today. The two spotted by the anonymous caller were apprehended before jailers discovered they were missing.
Hauck said the prisoners used smuggled hacksaws and pieces of steel to cut through the wall.

"Brain Rinsing" Suggested As Answer For Drug Addiction

NEW ORLEANS (UPI)—Dr. William Jennings Bryan Jr., founder of the 14,000-member American Institute of Hypnosis, believes the answer to "drying out" dope addicts could be a scientifically controlled "brain rinsing."
Bryan, grandnephew of the historic William Jennings Bryan is conducting a three-day seminar on advanced hypno-analysis for medical hypnotists for across the nation, beginning today at the Monteleop Hotel.
"We used to think all that was necessary was to analyze the cause of (drug addiction), then do something about it," Bryan said. "When we combine analysis with a form of direct suggestion we advocate, it works very well."
"We can brain rinse the drugs right out of these people's minds," Bryan, who formed the institute 14 years ago, said in 1948 a Life Magazine survey showed only about 140 doctors knew anything about hypnosis in the United States.
Today, he said, the number has swollen to "around 15,000," all connected in some way with his institute.

Shouting In Panther Trial Leads To An Early Recess

NEW YORK (UPI)—An angry defendant shouted at the judge, the prosecutor and a witness Wednesday, provoking an early recess to the third day of a pre-trial hearing of 19 Black Panthers on conspiracy charges.
The defendant, Richard Moore, 24, appeared especially incensed by the testimony of city Detective Joseph Coffey, who said he thought the Black Panther party should be eliminated.
The detective denied, however, that he ever advocated shooting Panthers or that his feelings about the party made him excessively hostile toward its members.
At this point Moore jumped up and harangued the court claiming that Panthers were harassed by police.
Later, when Coffey described the Black Panthers as a "terrorist movement," Moore shouted: "Smile, pig. Every time you smile, I smile. I can shoot as good as you can, punk."
Moore, who was taking on all comers, also had some choice words for Assistant District Attorney Joseph Phillips after Murtagh had ordered a white trial spectator, Mary Ann Weisman, 31, to show cause why she should not be held in contempt of court for disrupt-

Police Seek Murderer Of Female Clerks

DALLAS (UPI)—Police sought a short, stocky man in his early 20s in connection with the latest in a series of murders of female clerks.
A woman grocery clerk and a woman gas station attendant were shot to death in separate incidents Wednesday.
The killings were similar to the deaths of two other women—a drive-in grocery attendant and a gas station attendant—gunned down in the Dallas-Fort Worth area last month.
A customer walked into an Irving gas station at noon Wednesday and found the body of 48-year-old Lottie Irene Wade shot in the chest.
Less than an hour later, five miles away, a man entered a grocery in Grand Prairie and found Mattie L. Smith lying dead of a gunshot wound in the neck. She was in her 50s.
Both businesses were robbed. Police assumed the same man committed both murders.
On Jan. 27 April Tuft, 29, was shot to death in the North Dallas grocery where she worked. She was interrupted on the telephone to her roommate when the robbery happened, and the roommate heard the fatal shots.
Seven days earlier a gunman killed Violet Phelps, 23, as she arrived for work at her husband's gas station in the tiny town of Pantego, between Fort Worth and Dallas.

Goldwater Now Out Of Hospital

GRAND CANYON, Ariz. (UPI)—Sen. Barry Goldwater, R-Ariz., was released Wednesday from Grand Canyon Hospital following four days of treatment for fatigue.
Dr. Leslie Kober, Goldwater's physician, said the senator was admitted to the hospital after two days of hiking in the canyon.
Kober said Goldwater's fatigue was aggravated by the altitude of more than 7,000 feet and the dryness of the air. The 61-year-old senator has made numerous hiking and boating trips through the canyon.

Lots Of People Driving Cars That Shouldn't

AUSTIN (UPI)—A Department of Public Safety study shows a high number of persons driving the streets and highways without a driver's license. And they account for a large percentage of the state's serious accidents.
The DPS announced Wednesday an intensive crackdown on such drivers with a campaign that will include "frequent periodic license checks." DPS Director Col. Wilson E. Spair said the drive was in conjunction with the governor's traffic safety program.
URANIUM FOUND
INNSBRUCK, Austria (UPI)—Scientists at Innsbruck University announced Wednesday the discovery of uranium deposits near Fieberbrunn in the Tyrol region. The announcement said the deposits are large enough to warrant industrial exploitation.

Wall Street Chatter

NEW YORK (UPI)—From its husbanding reserves until clearing evidence emerges that the market is stabilizing.
"has experienced a correction of 23 per cent" and for all practical purposes, is in the same range as at the end of 1963, Shearson, Hammill & Co. says. A substantial decline in corporate earnings appears to have been discounted, and for those companies which are likely to have flat or higher earnings, attractive buying opportunities have been created," it adds.
The market has yet to find "a trustworthy footing," Standard & Poor's said. And there is little in the fundamentals to encourage aggressive investing. "If panicky selling develops a further decline could be swift and the bottom could prove to be very far down indeed, it adds. The firm recommends

Pampa Meets Amarillo At 8 Tonight Here

By JIM BURNHAM
News Sports Correspondent

The Pampa Harvesters will attempt to post their first victory in eight outings over the Amarillo Sandies tonight at 8 p.m. in Harvester Fieldhouse.

Pampa will go into the game with a 0-3 record-half district score and a 9-13 season, while Amarillo will be sporting a 3-0 district score and a 20-5 season. Kyle Pipkin, Amarillo's 5'10" wingman, is the district's

leading scorer with a 23.5 points per game average.

Jim Gallman, 6'6" Harvester post man, is second in the league, averaging 18.3 points a contest.

The Harvesters had a total of two wins and seven losses compared to seven wins and two losses for the golden Sandies in the first half of play.

Tuesday, Pampa was staggered by a 64-48 defeat to the Monterey Plainsmen in Lubbock. The Plainsmen handed

the Green-and-Gold their seventh straight loss. Gallman scored 14 points, while Randy Marsh, senior, and Mike Edgar, sophomore, tallied 11 each.

Amarillo was shackled by the Borger Bulldogs in a 78-68 defeat which saw Borger have a half-time lead of 14 points, and Amarillo come within two points of Borger, but then fall back again.

Borger and Palo Duro lead the league in the second half of play with 3-0 records.

NALE THURMOND, left, of the San Francisco Warriors, and Phil Niekro, right, of the Atlanta Braves have the audiences as they "point out" respective injuries. Thurmond tells reporters about his knee, and Niekro tells brother Joe, a pitcher for the Detroit Tigers, about the appendix he just lost.

Demon Deacons Edge Tar Heels, 88-85

By United Press International

North Carolina, which flourished with its "underground" system of importing basketball players from New York City, now is beginning to suffer by it.

Charlie Davis, who journeyed from Brooklyn, N.Y., to attend Wake Forest, helped the Demon Deacons upset North Carolina for the second time this season Thursday night. Davis, a 6-foot-11 junior guard, poured in 41 points, including four crucial free throws in the final minute, as Wake Forest upset the sixth-ranked Tar Heels 88-85.

Davis, who helped beat North Carolina last month with a sensational individual performance, hit 17 of 19 free throws and passed the 1,000-mark in scoring. Charlie Scott had 31 points to lead North Carolina.

In other action involving the top 20 Thursday night, eighth-ranked Jacksonville downed East Carolina, 111-94. Wyoming upset 12-ranked Utah, 98-85, 17th-ranked Florida State whipped Kent State, 80-79. No. 18 Santa Clara trounced Loyola of California, 92-60, and Houston (No. 20) downed St. Mary's of Texas, 118-77.

Artis Gilmore, Jacksonville's 7-2 center, scored 27 points and pulled down 19 rebounds as the Dolphins whipped East Carolina in a stunning shooting performance.

Carl Ashley and Stan Dodds combined to lift Wyoming over Utah in a key Western Athletic Conference game. Ashley scored 26 points and Dodds had 24 as the Cowboys upset the Redskins.

Willie Williams, who led Florida State with 23 points, hit on a 20-foot jump shot in the last minute of play as the

Seminoles edged Kent State. The victory was Florida State's 17th in 19 games and sent Kent State (3-14) to its 11th straight loss.

Dennis Awtrey scored 22 points and pulled down 20 rebounds as Santa Clara routed Loyola of Los Angeles.

Ollie Taylor and Poo Welch teamed for 47 points as Houston romped past little St. Mary's. Taylor had 25 points and Welch 22.

Colorado State downed Brigham Young 94-71 in a game marked by racial protests. About 100 Negro demonstrators and a few white sympathizers protesting against what they called "racist policies" at Brigham Young caused a disturbance at halftime and police were called in to disperse the crowd.

In other major college action:

Texas-El Paso downed New Mexico 74-59. St. Louis beat Tulsa 79-63.

Lee Earns Win

In a three-minute overtime at the end of the fourth quarter with the score tied 48 to 48, Robert E. Lee ninth grade Rebels tallied seven points to take the game 55 to Phillips' ninth graders 53 in basketball action here Thursday in the Rebel gym.

Helping to rack up the 35-point score were Ricky Maguire with 16 points; Ricky Musgrave, 13 points; Rusty Edwards 6; Steve Richardson, 4; and Bill Simon 2 points.

BOX SCORE

Lee 9th	11	29	27	48
Phillips 9th	16	25	49	48

(Play Off)

Lee Ninth 55
Phillips Ninth 53

In 8th grade cage play, the Rebels won a squeaker from the Phillips' 8th grade with a final score 21-20.

Rebel Randy Cain tallied six of those 21 points with six points added by teammates Ricky Beasley; two by Gary Davis; four by Kyle Ferrel and three by David Clark.

BOX SCORE

Lee 8th	8	12	18	21
Phillips 8th	3	5	13	20

In a game played Tuesday in Borger, Lee's 8th grade beat Borger's South School 44-19.

Life Begins At 40 Tournament Finds Person Out

HARLINGEN, Tex. (UPI)—Lee Fisher of Gulfport, Miss., sank a one-foot birdie putt on the 19th green Thursday to beat Jim Cason of Harlingen, Tex., 1-up in the quarterfinals of the Life Begins at 40 Golf

Tournament.

Fisher's 69 over the first 18 holes was the lowest round of this year's tournament, which has been visited by strong, tricky winds.

Bill Bob Coffey of Fort Worth

beat three-time former champion Curtis Person of Memphis, Tenn., 2-up. It was the biggest upset of the day.

Defending champion Maurice Wilson of Dallas beat C. A. Daniel of Dallas 3 and 1, and medalist John Townsend of Houston beat Bill Lowe of Corpus Christi 3 and 1.

Today's semifinals match Wilson against Fisher and Townsend against Coffey. The finals are scheduled for Saturday.

Cason shot the second best round of the 18th annual tournament, a two-under-par 70 for 18 holes. But he parred the first extra hole and Fisher, a semifinalist last year, won with a birdie.

Coffey, also a semifinalist last year, shot a one-under-par 71 on the Harlingen Country Club course to upset Person, who shot 74.

Wilson was also one-under-par for 17 holes.

Ziegler Takes Desert Classic Lead By Three

PALM SPRINGS, Calif. (UPI)—Larry Ziegler is playing the best golf of his career in the \$125,000 Bob Hope Desert Classic, and there are people who think it's good enough to take him all the way.

At the start of the third round today he was 12-under at 132, and three big strokes ahead of Bruce Devlin, who had a 67 at La Quinta and a 68 at Indian Wells.

They use four courses in the Hope Classic with the 136 pros playing a round on each. Then, the cut is made to the low 70 and ties for the final round.

First prize money is \$25,000.

Today, Ziegler plays at Eldorado, then goes to Bermuda Dunes. Neither is all that easy but can be handled the way Ziegler is playing. Devlin also plays Eldorado today.

At 137, two more strokes behind Devlin and seven under par, are Moon Mullins, who shot a course record 65 Thursday at La Quinta and Lee Trevino, who had a five under 67 at Eldorado.

Wayne Volmer, the young Canadian who went to Arizona State, shot a 69 at Indian Wells.

and Jim Wiechers bagged a 67 at Eldorado to stand in a tie at 138, six strokes behind Ziegler and six strokes under par.

Bob Murphy, Don Bies, Bobby Greenwood, Arnold Palmer and Chi Chi Rodriguez are tied at 139, and at 140 with defending champion Billy Casper are Gay Brewer, Billy Maxwell, Bill Johnston, Hugh Royer, Miller Barber, Dudley Wyson, and Mike Reaser.

U.S. Open champ Orville Moody is in a big group tied at 140 while PGA champ Ray Floyd is far back in the back with 150.

Reapers Roll, Defeat Dumas

Pampa Junior High School's ninth grade Reapers clinched the Panhandle Junior High School District title by defeating Dumas ninth grade 55 to 48 Thursday in Dumas.

BOX SCORE

Pampa	19	27	49	55
Dumas	13	18	27	48

High scorers for the Reapers were Richard McCampbell with 16; Freddie Wilson, 16; Don Proctor 7; Ricky VanSmith 7; Bill Lemons 7; and Ricky King 2 points.

Top rebounders were McCampbell with 15 points and Lemons with 10.

Eighth grade Reapers took their game with Dumas with a final score of 33 to 26.

BOX SCORE

Pampa	10	15	24	33
Dumas	6	8	13	26

Cagers totalling the final score were Kim Snell, 10 points; Ricky Smith, 8; Bob Hendricks 7; David Nipp 4; and Toddy Black 4.

Top rebounder was Nipp with nine.

Next week will close out the junior high basketball season, when the Reapers take on Perryton in the Reaper gym on Tuesday and meet the Lee Rebels on Thursday in the Rebel gym.

PJH ninth grade has 14 wins and one loss with the eight grade cagers tied for first place in district with Lee Junior High. Each has lost one game during the season.

Makes Progress

ANN ARBOR, Mich. (UPI)—Glenn "Bo" Schembechler, head football coach at the University of Michigan, is making extremely good progress in recovering from a heart attack, his doctors reported Wednesday.

Shaving Strokes

7-More Go-Power

By FRANK BEARD

I carry two handwarmers when I play in cold weather: one for my golf balls and one for me.

As you know, a ball will respond much better and go farther if it is kept warm. Cold balls have no resiliency and won't react the same.

With my spare handwarmer, I always have a warm ball at the conclusion of every hole.

Your club shafts also lose some whip and kick in cold weather. Therefore, you may have to use more club than normal and swing a bit slower in order to give the shaft a chance to come into play properly.

NEXT: Frozen Greens.

ABC

What is the A.B.C.?

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this physical audit are embodied in an Audit Report published by ABC—the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience—the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

MEMBER—AUDIT BUREAU OF CIRCULATIONS

Indian Activists Are Rising Against Second-Class Citizenship

By TOM TIEDE
NEA Staff Correspondent
RAPID CITY, S.D. — (NEA) — Mrs. Muriel Waukauzoo — highly motivated, middle-aged, low-income — is one of the more than 200,000 American Indians who have fled the reservation for a "better life" in mainstream America.

She has found instead that when she walks on the street, white kids may call her a dirty squaw. When she applies for jobs, white employers may give her suspicious stares. When she shops in stores, house detectives may follow her from floor to floor.

She has lived in several cities over the years, but has been happy in none.

As a result, perhaps as a defense, she has seized the current "new spirit" among the nation's urban Indians with excessive fervor. "The white man's made me feel like dirt too long," she says loudly. "Now I ain't ashamed no more."

I'm proud of being Indian. And I'll always side with my people — in anything. Even if he musta had some good reason to do it."

Mrs. Waukauzoo does not typify the "new spirit" in urban Indians. Most subscribing Indians aren't as tough as she. But her thinking, if not her willingness to admit it, is shared by thousands of mistreated and impoverished Indians in the nation's cities.

These thousands are the new activists in the previously placid red communities.

Those organized here in Rapid City are good illustration. They call themselves the Steering Committee. They do not know much about Robert's Rules of Order; they do more arguing with each other than with the whites. But they have given local Indians new hope toward solving some old problems.

Rapid City's Indian population wobbles between 2,500 and 3,000, depending on seasonal labor ("Everybody likes to have

Indians around in the summer," says one white, "because they attract tourists"). The red men comprise the largest minority group in town.

The local Indian conditions are so dreadful that statisticians have been unable to keep pace. Most are unemployed, most are on welfare, most need unobtainable additional help. One figure that is accurate comes from a neighborhood Indian clinic: 500 patients a month are classified as either undernourished or hungry.

There is also racial discrimination. "The only way we can get a job," says mixed-blood Walt Swan, "is over the phone."

Whites claim it's not so bad. "Why," says camera dealer L.A. Carper, "my Indian maid's the best cleaning woman I ever had."

But no one denies that animosities exist. In this atmosphere the Indian Steering Committee was created. Members say it's an aggressive

well as other Indian groups now. The Steering Committee, as our civil rights."

Group — "but not yet violent." The stated organization goal is "to help the Indians survive in the white society." And the obvious intent is "to take to

the streets, if necessary, to get taken the cue from Negro activism. What the red man say, even how they say it, is ditto-paper from the black machine.

The militant baton does not always pass smoothly from Negro to Indian. For one thing, Indian militants are not as educated or as sophisticated. For another, the reds don't have comparable numbers to back up the noise they make. "Rap Brown can make threats," admits a local Indian student, "and he's got 23 million muscles behind it. We make a threat and what do we get?—a few hundred thousand, mostly locked up in reservations."

As a consequence, the Rapid City Steering Committee is rapidly making more enemies than friends. Its slogan — "damn the whites" — has infuriated the conservative white population and alienated even the local anti-poverty agency.

Val Lindquist, the young poverty director here, says with a smile: "I'm on record as hoping the Steering Committee goes to hell."

However, through local Indian group action, free school lunches (for poor kids) have started in higher grades, police protection for Indian neighborhoods has been gained, more Indians are now serving on committees associated with Indian problems and overt racism is not condoned as it once was.

But progress in Rapid City has not brought complacency. The American Indian is also cued in to the lesson of the white man. "If you want something," explains the indignant Muriel Waukauzoo, "then you got to go out and take it."

Texas Legislators Must Raise \$1.6 Million To Pay Teachers

AUSTIN — The Texas Legislature will have to raise \$1.6 billion in new revenue in the next six years to pay for teacher salary hikes and school program changes adopted by the 61st legislature, the Texas Research League said Thursday.

The teacher pay hike was one of the factors involved in the \$380 million tax bill passed by the legislature last year.

A research league study showed the need for new revenue to support the school programs will amount to \$298.3 million in the 1972-73 biennium, \$270.3 million in the 1974-75 biennium, and \$185.8 million in the 1976-77 biennium.

Up To \$10,000.

By 1977, the research league said, the average salary for school teachers in Texas will have increased from \$6,065 in 1969 to more than \$10,000 per year.

Another \$600 per year increase is already approved for the 1979-80 school year, but cost of that increase is not included in the league's six-year projection.

Teacher salary increases account for 65 per cent of the new revenue needs in the six-year period, the league said. The other 45 per cent of the

revenue will go to a new kindergarten program that is to be in full swing by 1977, liberalized personnel, transportation, and operating expense allotments under the minimum foundation program; and broader provisions for special education for mentally, physically and emotionally handicapped children.

Kindergarten Addition

"Costwise, the kindergarten is the most explosive addition to the foundation program," the league said. "The state cost for kindergarten starts at a modest \$10 million for the current biennium and increases rapidly to an estimated \$135 million for the 1976-77 biennium."

The research league cost projections do not include local school districts' contributions to the teachers' salaries. About one-third of the local districts—usually the larger systems—supplement the state-guaranteed minimum from local property taxes.

"The new teacher salary schedule adopted by the legislature in 1969 will have a profound effect on the cost of public education to the state in the next six years," the league

said. "It has been called 'the best state-guaranteed' schedule in the nation."

Miss X Will Have Proper TLC Burial

WINTER HAVEN, Fla. (UPI)—Little Miss X, an unidentified infant found dead in an orange grove, was buried with all the love and tenderness she apparently was denied in life.

Polk County Sheriff Monroe Eransen said the child, believed to have been about 18 months old, will be buried among other children and not in a pauper's grave.

"She will have a proper ceremony, a religious ceremony," the sheriff said.

The child's body was found last month but all efforts to learn her identity failed.

The body was wrapped in a pink blanket when found Jan. 15, before, or shortly after, being placed on the ground in the grove.

An autopsy showed the child died of a blow on the head and that she also suffered from pneumonia. Authorities said she apparently died Jan. 15, before, or shortly after, being placed on the ground in the grove.

The child will be buried in the children's section of Lakeside Park Cemetery here in a plot donated by the city until, or unless, the parents are located.

The Rev. J. C. Rowan of Beyster Memorial Church will perform the burial services.

Foreign News Commentary

When Japan's ambassador to the United States, Takeshi Shimoda, affixed his signature to a document making Japan the 95th nation to sign the nuclear nonproliferation treaty, the gesture for him must have had a special irony.

Shimoda was Japan's vice foreign minister when the United States and Russia finally reached agreement on the pact more than two years ago and was among its outstanding opponents.

"You can't bind the hands and feet of your grandchildren," he said then of the treaty whose term runs 25 years.

He was not alone in his misgivings which re-echoed in Japan this week among businessmen, scientists and political opponents of the ruling Liberal-Democratic party even as Japanese ambassadors were signing the documents in

Washington, London and Moscow.

And even though Japan has signed the treaty, ratification by the Japanese Parliament will not come soon.

A government statement declared that prior to ratification, the government "will pay particular attention to developments in disarmament negotiations."
