Dorothy Stokes Gets Acquittal In Milk Death

HENDERSON—(P)—Mrs. Dorothy Stokes, 23-year-old housewife, was acquitted by a District Court jury yesterday of a charge of murder in the death of her sister-in-law, Mrs. Dorette Garrett.

The young Garrison, Texas, mother was seated with her family in the comfortably crowded courtroom as the jury reported at 3 p. m. It had received the case Friday at 7:32 p. m. and there was a crowd waiting in the courtroom all day Saturday.

When the verdict was announced there were some cheers from the crowd, and Judge R. T. Brown, springing up and rapping for order, declared: "This is not a picture show."

The state charged the sister-in-law died in Nacogoches County last March 4 from poisoned buttermilk. Mrs. Stokes came to trial here Sept. 29 on a charge of venue from Nacogoches County. At a first trial at Nacogoches in June the jury failed to agree.

During the trial the jurors had heard Mrs. Albert Stokes, mother of Garrett, testify that her daughter asked her a few days before her death: "Are you still keeping up my burial insurance?"

The father of the dead woman also, called by the defense, quoted officers as saying at the Garrett home the night Mrs. Garrett died: "It looks like suicide."

Mrs. Stokes told the Court she signed a statement in the case because "a person can stand just so much."

Sheriff Hagan Parmlay and Texas Ranger Dick Middleton, testifying in rebuttal, said they had not used profanity, or abuse to obtain the statement from Mrs. Stokes.

List of Unemployed Pampano Reported Low

The unemployed in Pampa are vanishing. Requests for experienced unskilled laborers are not filled as readily as in a few months past. Some businesses say that qualified help is much harder to get now than during war times.

Orders for domestic help continue to lead other demands. First class machinists are in demand. Requests for sales personnel continue to pour in to the local employment office.

Figures furnished by L. P. Fort, local manager of the Texas Employment Commission, show an interesting trend. In April of 1947, 862 active applicants were on file at the local office. On Oct. 1, this number has dwindled to 412.

Claims for unemployment pay decreased 17 percent during September under the August figure. Claims have declined steadily during recent months.

Man Takes Fortune in Stick-up

NEW YORK—(P)—A bandit who threatened to shoot Mrs. Sari Gabor Hilton and her infant daughter yesterday robbed the beautiful red-haired former "Miss Hungary," divorced wife of hotel magnate Conrad Hilton, of nearly three-quarters of a million dollars worth of jewels.

The holdup man, who forced his way into Mrs. Hilton's penthouse apartment at 3 East 83rd Street, just off Fifth Avenue, made off with 25 pieces of jewelry in what police said was one of the greatest jewel thefts in New York history.

Mrs. Hilton who wore a dazzling display of diamond-studded jewels on a round of exclusive right spots Friday night, lost a diamond necklace, two diamond bracelets, a diamond engagement ring and a diamond wedding ring among the stolen jewels.

The bandit tied Mrs. Hilton, 55-year-old Hungarian actress Eva Gabor, to a love seat and also trussed up her maid, Mrs. Lulu Barth, before fleeing.

Chief of Detectives George P. McShane, who said the jewels were valued at between \$600,000 and \$700,000, said Mrs. Hilton was in her bedroom with her six-month-old daughter, Constance, when the robber forced his way into the apartment.

Police gave this story of the robbery:

As the maid answered the doorbell, a tall, grey-suited man told her "I'm here to fix the wiring."

When Mrs. Barth told the man "there's no wiring to be fixed," he drew a gun, pushed his way into the apartment, and pointing the gun at the maid, said, "Give me the jewelry."

Mrs. Barth screamed, and was knocked down.

He crossed the apartment to the bedroom, grabbed Mrs. Hilton by the arm, pulled her into the foyer, and said, "If you don't keep quiet, I'll shoot you and the baby."

Mrs. Hilton later told police "I was so afraid for the baby I sat down."

After tying Mrs. Hilton and the maid, the man fled.

Price Increase On Foods Begins After Decline

By The Associated Press  
The high cost of food forced down somewhat in a wave of stiff consumer resistance after reaching record peaks in mid-September, has started its upward spiral again.

Butter and eggs were the principal exceptions at both wholesale and retail levels. A survey Saturday showed that retail butter prices were considerably below two and three weeks ago and in some places still falling.

Wholesale prices—a usually accurate barometer of how much the decline will have to pay for the food buys reversed a two-week downward trend in the Associated Press index of 35 commodities.

The index advanced to 192.60 percent of the 1926 average, compared with 191.33 a week earlier, 192.88 two weeks ago, 194.35 three weeks ago and the record high of 195.31 on September 16.

Food and livestock scores were the greatest gains during the week. The food index jumped from 159.21 to 162.15 and livestock from 233.71 to 241.79.

An agreement by more than half of the whisky industry to cut grain consumption 50 percent and a private report of improved corn prospects sent grain prices down on the Chicago Board of Trade. (See Column 5.)

Wheat closed off 2 1/2 to 3 1/2 cents, December quoted at \$2.81 1/2 to \$2.82 1/2 a bushel. Corn was 3 1/4 to 4 1/4 lower, December at \$2.21 1/2 to \$2.22 1/2, and oats were unchanged to 3/8 lower, December \$1.10 7/8 to \$1.10 1/4.

Municipal Court Will Hear 2 Cases

Judge Clifford Braly yesterday imposed a \$10 fine on one man charged with reckless driving and ordered another to return to court Wednesday for trial after he pleaded not guilty to a speeding charge.

One man pleaded not guilty to charge of intoxication and was ordered to appear Wednesday for trial. Another man charged with intoxication was released conditionally, and another had his sentence held in abeyance. One man was fined \$10 on an intoxication charge.

We ?-&! (Oops) Can't Be Blamed

The e-d-i-l-i-t-o-r w-ould have the r-r-r-readers know that a lot of t-t-t-t-things-are s-s-s-s-Oops! —that a lot of things can happen in this edition.

Proof instance in-st night while e-e-editing this e-edition we reached for an "h" on the ty-typewriter—and got a "g."

Th-that's because they're running one of those pneumonia-copied press sheets, admitted out concrete w-wh-where the new 60-ton press will sit. A heavier foundation must be built.

Cecil Claussen, who is jarring this end of Foster St. these days, says it's a Jack hammer and we believe him.

S-o all e-e-r-rors in today's paper are Cecil's fault. He says we're repairing the government in American plants "have disappeared."

Reds Foot-Loose And Fancy-Free, Declares Senator

WASHINGTON—(P)—Senator Ferguson (R-Mich.) said Saturday an unknown number of Russians who have taken technical training in American plants "have disappeared."

He protested the lack of information on them and government officials acknowledged they have no idea how many such Russian trainees still are in this country, or what they are doing.

Ferguson told a reporter: "An unknown number of Soviet Russian steel technicians, admitted to this country under State Department visas, have disappeared."

Both Immigration Commissioner Watson Miller and Assistant Secretary of State John E. Pearloff wrote the senator they have no reads that many Russians have been admitted for training or are here now.

Miller said he would try to find out. But so long as entry visas remain good, there are no rules or laws requiring the government to keep tabs on trainees once they get into the country. They enter as government officials.

"This thing must stop," Ferguson stormed. "Nobody, so far as I know, keeps track of them after they get out or what they are doing. We should close down on this kind of thing unless our representatives are permitted to examine Russian production and industries."

State Department officials said Russian technicians have been coming over for some time to study American manufacturing processes.

Building Permits Add to \$70,450

During the months of August and September permits for 11 new projects, consisting of an aggregate sum of \$70,450, were issued in the City Engineer's office. Of these the August construction figure amounted to \$9,700 and the September construction costs amounted to \$60,750. Several of the residences started in September were priced at \$10,000 or over.

In that same period permits for repairing of private homes were issued to the amount of \$11,000. Repairs for that period amounted to \$22,175. August led in repairs with a cost of \$12,825 against September's \$9,350 figure.

Six new business and commercial buildings were started at that two-month period totaling \$13,000. September's \$28,500 construction figure was far above the August construction cost of \$4,500.

September led August in repairs to four old business buildings with a figure of \$11,200 to \$6,300. Total repair costs for the four businesses over the two-month period ran to \$17,500.

Brewers Offer To Lend Hand In Food Plans

WASHINGTON—(P)—Representatives of the brewing industry yesterday agreed to recommend to the nation's brewers an immediate stop to the use of wheat or table grade rice in beer, in furtherance of President Truman's aid-to-Europe program.

The representatives of the United States Brewer's Foundation and the Small Brewer's Committee, also agreed to recommend the release for food use of all stocks of wheat owned by the brewers or under contract to buy.

The latter stocks are estimated by the brewers' spokesmen at over 200,000 bushels.

The action was announced at the White House. It was taken at the request of Charles Luckman, chairman of Mr. Truman's Citizens Food Committee, and Secretary of Agriculture Anderson, after a secret, six-hour conference Saturday.

Anderson estimated that the industry uses upwards of 10,000,000 bushels of wheat annually.

The dozen brewers' representatives present "unanimously pledged their respective companies to the conservation program," the White House announcement said.

Luckman, in the official statement, said that while the wheat stocks held by brewers or contracted for by them are "comparatively small," yesterday's decision will be "a contribution to the conservation program."

He called it a constructive step also to eliminate the use of grades of rice which are suitable for table use.

President Truman, meanwhile, worked on Sunday night's broadcast to the nation (9:30 p. m., CST). The half-hour program on all four major networks is intended to enlist the country's householders and food industries in the voluntary drive to meet Western Europe's projected deficit of 100,000,000 bushels of grain this winter.

Mr. Truman will disclose "the first phase of a specific program," a spokesman said.

Shriners Climax 'Successful' Day

Around 500 Shriners and their wives from Borger, Perryton, Shamrock and other Panhandle cities met here Friday and Friday night for a series of entertainments and a parade, as Paul Crouch, local packing company manager, was honored after recently being elected oriental guide of the Khiva Division.

Registration began at noon Friday at the Schneider Hotel. A "patrol and wrecking crew" rode through the city streets during the afternoon, which along with adding color, added anticipation for the parade that began at 4 o'clock on East Brown, preceding up Cuyler to the City Park.

Crowds lined Cuyler. Clerks emerged from store fronts to join a parade, led by flag-bearers. The "patrol crew" in a cut-down vehicle, distinguished by a clanging bell mounted over the radiator.

See SHRINERS, Page 8

Beer Is Voted Out Of Hemphill County

CANADIAN—(Special)—Voters of Hemphill County yesterday voted the county dry with 652 dry and 316 wet votes. There is a potential voting strength of about 1,500 in the county.

The local option election was centered around the sale of beer. It will affect four vendors of the beverage in the county, all of which are located here. Liquor is not sold in the county.

The law will go into effect 30 days after the date of certification of the votes by the County Commissioners Court.

DECISION AWAITED—Helms Louise Overall, 18, left above, and George (Bud) Gollum, 21, right, last night were awaiting a jury's decision on charges that they blew up her parents' yacht, killing them. The jury stood 11 to 1 last night (what direction not revealed) after 26 hours of deliberation, and expressed hope for a verdict. The 19-week trial, at Santa Ana, Calif., is the longest on record in American court annals. (NEA Telephoto.)

U.S. Lends Ear to Conciliation Talk

F. W. Osborne and J.G. Ramsay, Both Of Miami, Die

Funeral services for F. W. Osborne, pioneer rancher and wheat farmer of Gray and Roberts Counties and father of Harold Osborne of Pampa, will be held at 4 p. m. today just two hours after funeral services will be held for James G. Ramsay, former Roberts County sheriff and father of Mrs. Harold Osborne.

Both services will be held at the Miami Methodist Church with the Rev. C. A. Holcomb, pastor of that church, officiating at both funerals.

Mr. Ramsay died at 8:30 a. m. Friday in Amarillo. Mr. Osborne died unexpectedly at 4:30 p. m. Friday while sitting on the porch of his home in Miami. He had been painting the lattice work on the porch and then sat down to rest when the heart attack came. He collapsed and died soon afterward.

Mr. Osborne was also the father of two prominent Pampano attorneys, John W. Osborne and Doyle Osborne, a member of the Pampa School Board and a former administrator in the local school system.

He was a member of the Methodist Church.

Mr. Osborne came to Gray County in 1902 from Bell County, Texas, and settled about 12 miles east of Pampa. He remained in Gray County until 1931 when he moved to Roberts County, settling about two miles west of Miami. He lived there until last year when he moved into Miami.

Surviving him besides the three mentioned sons are his wife, one other son, David W. Osborne, Panhandle, four brothers, D. W. E. M. and C. W. Osborne, all of Pampa, and T. M. Osborne of Perryton; four sisters, Mrs. G. M. Cooper and Miss Fannie Osborne, Perryton; Mrs. N. J. Parker, Granbury; and Mrs. H. S. Graham, Pampa. Nine grandchildren also survive.

Funeral services for Mr. Osborne will be at C. S. Shields, Harry Craig, Ross Cowan, Jim Philpott, all of Miami; C. A. Burton, C. H. Ingram, both of Pampa; Ben Graham, Wheeler; and J. C. Freeman, White Deer.

Burial will be in Fairview Cemetery.

At 2 p. m. today the funeral services for James G. Ramsay will be held in the Miami Methodist Church with the Rev. Holcomb officiating. Mr. Ramsay had been sheriff of Roberts County from 1935 to 1943.

See DEATHS, Page 8

Coalition Is Rejected in Fiery Debate

ROME—(P)—Leftists efforts to oust the Christian Democratic government of Premier Alcide De Gasperi failed in the Constituent Assembly late yesterday with the defeat of two motions of no confidence and the withdrawal of a third.

The assembly beat down one non-confidence motion by 93 votes and a second by 47 votes.

The first motion was presented by ex-Foreign Minister Pietro Nenni's pro-Communist Socialists. The vote was 178 for and 271 against. Sixty-three deputies abstained.

The second motion was offered by Giuseppe Saragat's Moderate Socialist Labor Party.

Before the voting started the present foreign minister, Carlo Sforza, brought the assembly to its feet cheering by announcing that the United States had renounced its share of the Italian Fleet.

Even the Communists reluctantly joined in the cheering. The prospective distribution of the fleet has been one of the bitterest pills of the peace treaty for Italians.

American officials in Washington said the United States is renouncing title to an Italian battleship and other war vessels awarded under the Italian peace treaty. The Italians must scrap the warships which the U. S. renounces, although they can keep and use auxiliaries such as tugs and tankers.

Bitterly, Nenni, Left-Wing Socialist who himself was foreign minister up to last January, upbraided Sforza, saying it was very curious that Sforza makes this announcement today appealing to our patriotic sentiments, when the United States has renounced its share of the fleet.

See ITALY, Page 8

Western Powers Closer, Due to Russian Veto

By JOHN M. HIGHTOWER  
LAKE SUCCESS—(P)—New steps to strengthen the working coalition of the Western powers are now expected by many diplomatic experts attending the United Nations Assembly. They believe these steps come as a result of the sharpening East-West conflict both in and out of the U. N.

These steps, responsible American and Western European authorities say, will be crystallized only after every resource to win Russia's cooperation on specific issues has been exhausted.

One move which these informants now consider highly probable next year, however is economic unification of the French zone in Germany with the already merged British-American zones. This is predicated on a success of the forthcoming London foreign ministers conference to unify the Reich.

Another possible move which has received careful study among American officials is the creation of a defensive alliance of many Western countries within the United Nations framework, to put the Soviets on notice not to start anything.

Still a third possibility discussed is to have the United Nations Assembly at a future time issue a call for nations to volunteer armed forces to carry out United Nations purposes. There is some belief that the only nations which would actually cooperate would be the Western powers.

The United Nations Assembly wound up its third week Saturday. Virtually every meeting since this session opened has deepened the concern among most of the 57 national delegates here over the state of disorganization and fear in the world and their inability to do anything decisive about it.

Who is to blame for all this and See UNITED NATIONS, Page 8

\$30,000 Injury Suit Will Begin

A \$30,000 personal injuries suit is scheduled for trial in District Court Monday as Raymond T. Parker sues the C. M. Jeffries Trucking Company for injuries received when a set of skids being unloaded from a truck, said to have fallen on Parker.

The incident is alleged to have taken place November 14, 1945, as a Jeffries truck unloaded the skids at a drilling operation site about 15 miles from Pampa.

The plaintiff's original petition charges the trucking company with negligence on the part of their agent, the driver. The original answer of the defense charges contributory negligence on Parker's part. Saunders and Gano, Dallas attorneys will represent the plaintiff. Simpson, Clayton and Fullington, Amarillo, will represent the trucking company.

ACCIDENTAL DEATH WHITEWRIGHT, Texas—(P)—H. R. Rudy, 61, was decapitated by a freight train at a crossing here late yesterday.

Justice of the Peace Ed Marjitz returned a verdict of accidental death.

Fortify Outposts, Congressman Says Here

Alaska, said Fred L. Crawford, native Texan in a visit here with relatives this past week, is the most strategic section of land in the world today, insofar as the "freedom of the peoples of the earth" is concerned.

Crawford, congressman from the 8th District of Michigan, stopped here on a return trip to Washington from Alaska. He visited with his niece, Mrs. C. W. Stowell and Mrs. Ivy Duncan, Rep. Crawford was reared near Plainview, lived for a number of years in Hutchinson County. He has a sister, Mrs. D. B. Kirk, who lives at Spearman.

Member of the House Insular Territories Affairs Committee, he and his colleagues are just returning from a comprehensive study of Alaska and other outlying posts.

Crawford, in an open letter to constituents of his district, implies that the committee will recommend statehood for Alaska, and certainly will recommend its fortification and development.

In part, his letter to the people says: "The hour has arrived when the United States must aggressively defend its rights in Alaska and hold it against all enemies. It is the most strategic section of land in the world today, insofar as the 'freedom of the peoples of the earth' is concerned. Alaska is in fact a 'buffer state' between Russia and the last remaining representative form of government which stands for protection of the 'capitalist-profit and loss—privately owned enterprise system.' He said the population of Alaska

is about 90,000.

Describing Alaska as an unsettled land but as a land of much opportunity, he does not discount its military value. Pointing to the need for development of the land as an outpost of our way of life, he links it to foreign policy in this way: "Our foreign policy, whatever it is, will succeed or it will fail by the measure it receives from the public—public support. The whole world outside the United States desperately longs for stability in government—for conservative and constructive government—for fair government. Only under such a government will the people have the incentive or the chance or the inclination to work and save and provide for themselves. Hunger, the want for shelter, the desire to live nor-

mally sweeps the world today as never before. For instance, Berlin, previously one of the four big cities of the world, is today no more than a junk pile. I have seen it. At present rate, it will require 100 years to rebuild some of the war-devastated cities of the world. Such tasks require courage in any man's language."

He speaks of Guam as the Singapore of the United States—but to be better fortified than was Singapore. At the outset of his letter he speaks of Guam and Alaska as the important American outposts; and then he adds a note which makes one feel that the next war is implicit: "Alaska and Guam. These two vitally strategic military bases will constitute the principle advance defense posts of the United States in the forthcoming conflict."

**EX-DODGER CATCHER IN 14 TEXAS GAMES**

FORT WORTH, Tex. (AP)—Ferrill Anderson, Brooklyn Dodger's No. 1 catcher before Bruce Edwards came on the scene during 1946, set a Texas League record on the final day of the season recently when he caught his 144th game for the Dodgers' Fort Worth farm hands.

The former mark was 143 games caught by Bill Cronin with Dallas in 1939.

**If Stomach Gas or Sour Food Taste Robs You of Sleep**

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everything food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human beings, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy blood.

**OUT OUR WAY**

BY J. R. WILLIAMS

THE SLOW THINKER

Copyright 1947 by NEA Service, Inc.

**Market Briefs**

**WALL STREET STOCKS**  
NEW YORK, Oct. 4.—(AP)—The stock market resumed Saturday sessions today with leading issues extending their recent upswing by fractions. Dealings slowed after a fairly active start but plus signs predominated near the final hour.

Boardrooms were more or less deserted by customers unable to break the habit of long weekends. Professionals continued to bid cautiously on the idea odds were in favor of a further fall rally. There was a certain amount of profit rearing, however. Doubters regarding foreign, complications and domestic business held aloof.

Railway bonds did better. Cotton futures were mixed.

**CHICAGO WHEAT**

CHICAGO, Oct. 4.—(AP)—Wheat No. 1 hard 2.90-2.95. Oats No. 2 red, 1.24-1.28. Corn No. 2 white, 2.50-2.55. Sorghums No. 2 yellow milo per 100 pounds 3.75-3.82.

**CHICAGO GRAIN**

CHICAGO, Oct. 4.—(AP)—Grain generally moved lower on the Board of Trade today, although extreme losses were reduced before the close. Corn again showed a weaker undertone than either wheat or oats.

Selling was based on overnight announcement that distilling interests would reduce their grain purchases for whiskey making, plus a private corn crop estimate showing an improvement in prospects over the past month.

Wheat closed 2 1/2-3/4 lower, December \$2.81 1/2-\$2.81. Corn was 3/4-4/8 lower, December \$2.22 1/2-\$2.22. Sorghums were unchanged to 1/8 lower, December \$1.10 1/2-\$1.11 1/2.

**FORT WORTH GRAIN**

FORT WORTH, Oct. 4.—(AP)—Wheat No. 1 hard 2.90-2.95. Oats No. 2 red, 1.24-1.28. Corn No. 2 white, 2.50-2.55. Sorghums No. 2 yellow milo per 100 pounds 3.75-3.82.

**KANSAS CITY LIVESTOCK**

**Cotton Pullers Sill Wanted**

Around 100 bales of cotton have been ginned in McLean, all strict middling or better. But farmers in that ginning area say there is immediate need for 100 cotton pullers, as farmers are anxious to get out the crop before the rains. County Agent Ralph Thomas reported yesterday.

Harvest of combine milo is also continuing in the McLean area, with slow ripening and low yields. Most of the feed crop has been harvested.

A few farmers in that area are dusting in wheat on summer fallowed land and where stubble was burned.

Calves and yearlings contracted for October delivery will start moving this week.

**Construction Figure Continues to Mount**

AUSTIN—(AP)—Construction contract awards in Texas during September ran nearly twenty million dollars ahead of the figure for September a year ago, the Texas Contractor reported yesterday.

The total was \$47,953,644 for this year. Last year it was \$28,827,694, and the total for the year was \$460,565,791, the authoritative trade journal said.

Residential construction continues to hit a heavy pace.

It totaled \$4,284,637 for the week, with most of the money spent on construction of 244 residences costing less than \$7,000 each.

Non-residential building contracts totaled \$1,231,292. This included contracts for schools, churches, hospitals, public building, business building.

Engineering contracts, for such items as streets and other utilities, came to a total of \$881,595.

**Mayor Takes Note Of Observances in Proclamation Form**

Mayor C. A. Huff, in a busy week of "proclaiming" has issued the following proclamation:

**PROCLAMATION**

WHEREAS, our nation is foremost in the world in the advancement of women in public affairs and it is through the efforts of the Business and Professional Women that many of the grave problems confronting us today will be satisfactorily solved; and whereas, the theme of the National Business Women's Week which will be observed throughout the nation on October 5-11, 1947, is "WOMEN FACE THE FUTURE"; and whereas, in recognition of past achievement and present contribution and relying on the untiring future of the business and professional women of this city; I, C. A. Huff, Mayor of the City of Pampa, Texas, do hereby proclaim the week of October 5-11, 1947, which has heretofore been set aside by the National Federation of Business and Professional Women's Clubs, to be known as National Business Women's Week, and request that all citizens of this city observe the same.

**TESTIMONY WHEREOF**, I have hereunto signed by name officially and caused the seal of the City of Pampa to be impressed hereon, this 3rd day of October, A.D. 1947.

**PROCLAMATION**

WHEREAS, this City has an unused reservoir of skills and strength in those of our fellow citizens who by reason of physical handicaps are denied opportunities for employment, and

WHEREAS, the people of this City are profoundly conscious of the limitations which they impose on themselves in terms of physical handicaps; and whereas, each year the toll of industrial and other accidents increases the number of handicapped persons seeking work; and

WHEREAS, thousands of handicapped workers have demonstrated that physical handicaps are no insurmountable bar to efficient and productive labor; and

WHEREAS, this City needs the full measure of faith and participation in our democratic life which can only come in full measure to the handicapped when they become self-supporting and independent citizens; and

WHEREAS, the employers of this City have a unique opportunity to assist in this national effort to rehabilitate otherwise qualified but physically handicapped workers by employing their services; and

WHEREAS, the Congress, by a joint resolution approved August 11, 1945 (59 Stat. 236) has designated the first week of October of each year as National Employ the Physically Handicapped Week, during which appropriate ceremonies are to be held throughout the Nation, and has requested that the President issue each year a suitable proclamation;

NOW, THEREFORE, I, C. A. Huff, Mayor of Pampa, Texas, do hereby

**Drive-in Theater Will Be Built**

A drive-in theatre will be constructed just south of Pampa just as soon as materials are available, Wayne Wallace, manager of the Griffith theatres here, announced yesterday.

Griffith Amusement Co., which operates three theatres here, has purchased a lot in that area of town, Wallace said.

The drive-in, he said, will accommodate 600 cars with individual speakers, is being constructed in the interest of those who have small children, and others.

The company at this time has two other drive-ins, it was stated—both of which are at Tulsa.

**LOST 42 POUNDS WITHOUT DIETING**

The following remarkable story shows conclusively that Barcenate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcenate, the original grapefruit juice recipe takes off fat quickly, safely and you can eat plenty.

Here Is Proof  
 "When I started taking Barcenate, I weighed 212 pounds and wore size 46 dresses. Now I wear size 18 and weigh 165 pounds. I started taking Barcenate in March and by June I had lost 47 pounds. I would have lost more weight had I left off fattening foods, but I was anemic at that time and afraid to diet. People who knew me before I started taking Barcenate are amazed at the weight I have lost. My flesh is firm; I have never become flabby or wrinkled and I am 40 years old. "Before taking Barcenate I couldn't do my house work without becoming exhausted; had dizzy spells and my head and back hurt me constantly. I was so short winded, I was miserable. But now all these things have gone and it is really a pleasure to do the chores I once dreaded."

"Three years ago I nearly died with Typhus fever and it left me anemic and I could never get my blood count up again or get back my energy. After taking Barcenate my blood count started up and is now normal. So you see why I praise Barcenate so highly and recommend it. Any praise I can give Barcenate is small compared to the relief and happiness it has brought me."—Mrs. Edna Whitehead, 609 Harmon, Corpus Christi, Texas.

**At All Druggists**

The above is one of hundreds of amazing endorsements we have received.

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcenate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. If the very first bottle doesn't show you the simple, safe, easy way to take off weight, return the empty bottle for your money back.

### THE DRILLER'S LOG

By KEN BENNETT

Section 1, page 54, in the green book, regarding good coverage of news stories by reporters, says something about being sure all names are properly spelled. Looks as if your editor kinda slipped up on his rules for in covering the API meeting in Amarillo the other evening. It seems as if a grand total of five names of persons present got the worst of it. Of course, there were five that were correct, too. A 500 average isn't bad, they tell me. Anyway for the record the corrected names are Gene Green, Eddie Dunikan, I. J. Huvall, Eugene C. Sidwell and Fred Neslage. I hope my reputation (if I have one) isn't entirely spoiled.

Incidentally, there were a few sidelights to the Amarillo meeting which found their way into my little black book. For instance the good fellowship and friendly feeling that is so apparent when these fellows get together. Of course they are competitors, the majority of them, yet they can combine their efforts for the betterment of the industry as a whole and work together as a real team. Their friendship is sincere and it's really gratifying to know that the business of oil production, the real basis for the success of most of the people in this district, is in the hands of people who have the courage to back their convictions and do it for the betterment of all.

Congressman Ross Rieley made many friends at the meeting. His address was taken to heart by all present and his knowledge of government affairs as pertaining to the people he represents cannot be questioned.

Senator Grady Hazelwood, of the Texas legislative body, was busy meeting old friends. I couldn't help but wonder where the senator got his habit of talking from the side of his mouth. Very dapper in appearance and well versed in state affairs, the senator is a welcome visitor to all such meetings.

I heard the story about the 1920 model auto that belongs to E. A. Vance of Lefors. My interest has been brought to the point now where I think I'll have to make a trip to Lefors one of these days for the express purpose of seeing it first hand.

Carl Smith, a former Pampa resident, now of Amarillo, was enjoying himself just visiting. Carl is a fine singer and says he regrets the fact that he is unable to attend the barbershop singing in Pampa. I'm sure the boys welcome him in to sing with them anytime he is in Pampa on Tuesday.

Enjoyed talking to Russ Allen. Russ has been transferred to Boston with the Cabot companies. He says he can't rightfully say Boston is his home now as he lives about 17 miles out of the city. Also admits he makes the most of his Pampa spirit of friendliness.

Now for some Shell News... Porter Beck, plant superintendent of Shell's re-cycling plant at Sherman, Texas, arrived in Pampa on Monday to visit friends in Pampa and relative in Borger. Porter served as chief engineer at plant 15 in Pampa for a number of years... The boys at Barrett Camp Field today had their monthly safety meeting on Tuesday morning where Larry Snyder taught them what to do with broken and dislocated bones... C. R. Scott left Tuesday for Wichita Falls where he has been transferred to work. Scott had been roustabouting in the Panhandle District and had resided in Pampa about three years. He will be missed around Pampa for he was always appearing at various functions as first tenor with the Melody Menders Quartette... N. D. Harvey conducted a safety class Wednesday morning at the Copper tool house.

Humble news includes the beginning of a vacation by Mr. and Mrs. W. F. Dean who are heading for Illinois about Monday. Mr. Dean is district superintendent for Humble... John W. Rhea has been transferred into this area from Wichita Falls. He is a petroleum engineer... W. E. Coop, farm boss, has been transferred here from the Avoca District.

Dan Gribbon, district production superintendent for the Texas Company is on vacation... Dan headed for the Gulf Coast for his vacation... Jerry Tarvie, Texas Company assistant district clerk, has just returned from a vacation in Minnesota.

The Sinclair Prairie Number 1, Van Order, 4 1/2 miles from Dumas in Moore County has shown a very light test of oil. This well was originally a Shamrock gas test on a

Pampa News, Sunday, October 5, 1947 PAGE 5

## Intention to Drill Notices Filed on Fourteen New Wells

The local Oil and Gas Division Office of the State Railroad Commission has reported fourteen notices of intention to drill filed during the past week.

Six new gas wells were also reported, as well as notification of the plugging of four wells.

Hale, Hutchinson, and Lamb County led in the filings having reported four.

## Max Skelton Reviews Texas Oil News

By MAX SKELTON

**Jester Urges Coastal Drilling**  
Gov. Beauford Jester has called for immediate development of Texas' submerged coastal lands "for the benefit of school children of today and for those of the future."

"There are approximately 8,176 square miles lying off the Texas coast within 31 miles of shore and under water less than 100 feet deep," the Governor said. "It is considered practical to exploit all of this submerged land immediately and by proper drilling methods."

Jester estimated the Gulf Coast marine area will yield a minimum of 1,500,000,000 barrels of oil, which at present market prices, he said, represents \$2,200,000,000 based upon a minimum expected royalty of one-eighth of the value of the oil produced.

"The Governor continues his campaign in behalf of the state's claim to the tideland oil which he speaks on "State Ownership of Lands and Resources Underlying the Marginal Sea," at a Houston convention of the American Petroleum Mechanical Engineering Society.

**Price Daniel Addresses API**  
Atty. Gen. Price Daniel, terming the California tideland oil case as a "great smokescreen thrown up to get popular opinion behind the federal government and against the state," warned the 18th annual meeting of the Independent Petroleum Association of America, in Oklahoma City, of the far reaching aspects of the suit ruled in the federal government's favor by the Supreme Court.

"Behind that smokescreen," Daniel said, "there was planned and plotted a suit that would seek to take over the oil, but the land; the shell, sand, gravel, kelp, piers, harbors, oysters, sponges, fish, water and all other things of value that go with the submerged soil of California and other states lying below tide."

**General Oil News**  
Ninety-one Texas oil wells were completed last week, bringing the year's total to 4,141 as compared to 3,436 a year ago, the Railroad Commission reported.

"farm out" from Sinclair Prairie but was taken over by the latter in an effort to make it an oil well. It was tested at a depth of 3650 feet.

Seems as if there is a rumor that Phillips deep test, Jenks No. 1, has hit granite. Best reliable information says the well is still drilling so that should put a quick spic to said rumor.

## Six Completions Reported in Area

Six oil wells were completed in this area during the past week, according to a report from the Oil and Gas Division Office of the State Railroad Commission.

All of the completions reported were in Hutchinson County.

Crescent Oil Co., No. J. A. Whittenburg, located 990 feet from E and 990 feet from S lines of Sec. 10, Block X02, L. Patillo Survey, tested 140 barrels of oil an hour in a 24 hour test. Top of pay 3040 feet. Total depth 3105 feet.

Gulf Oil Corporation, No. 143, C. L. Dial et al, located 2036 feet from S and 1769 feet from E lines of Sec. 1, Block 1, H&GN Survey, tested 79 barrels of oil in a 24 hour test. Top of pay 2890 feet. Total depth 3010 feet.

Hall and Stewart Oil Company, No. 10, Hedgecock-Whittenburg, located 330 feet from S and W lines of Section 13, Block X02, L. Patillo Survey, tested 77 barrels of oil in a 24 hour test. Top of pay 3015 feet. Total depth 3015 feet.

J. M. Huber Corporation, No. 9, Burch-Weatherly, located 330 feet from N and 660 feet from E lines of SE/4 Sec. 24, Block Y, A&B Survey, tested 109 barrels of oil in a 24 hour test. Top of pay 3015 feet. Total depth 3110 feet.

Phillips Petroleum Company, No. 6, Janita Johnson, located 2640 feet from N and 330 feet from E lines of W/2 of Sec. 5, Block 1, B&B Survey, tested 101 barrels of oil in a 24 hour test. Top of pay 3090 feet. Total depth 3114 feet.

M. M. Travis, No. 1, J. A. Whittenburg, located 410 feet from N and 330 feet from E lines of SE/4 Sec. 18, Block 47, tested 20 barrels of oil in a 24 hour test. Top of pay 2625 feet. Total depth 2765 feet.

## Crime America's Greatest Threat, Asserts Speaker

There are 200 crimes committed every hour in the United States. Crime has increased 15 percent in the United States this year.

The average age of those committing these crimes is 17.

These were statements made by the Rev. Thurman Harris, Portales, N. M., in an address entitled "Problems of Our Youth," delivered before guests and members of the Kiwanis Club here Friday.

He rapped what he called filth literature which gets into the hands of youth; rapped the accessibility of liquor to youth.

Said he: Youth do not write the filth they read; youth do not manufacture and sell the booze with which they pletek their brains."

And, climaxing his point, he added "Youth are not their parents." He termed the domestic increase in crime the most serious threat facing the nation, noting the seriousness of the international situation.

As a solution to the rising rate of crime, he proposed the community "get parents sensitive to their responsibility," stating that, despite the work of the church, the school, and the Scout organizations, and others, youth derive three-fourths of their training from the home.

Then, once the parents are sensitive to their responsibilities, it is time for the community to coordinate all its various efforts in the interest of youth.

The program was in the hands of Kiwanian Leslie Hart. Members of The Pampa Daily News organization were introduced, on the occasion of

National Newspaper Week, Oct. 1-8. A brief description was given of the work each person does in putting out a newspaper. Those introduced (by Ralph M. Julliard, publisher) were Horace McSee, auditor; Lawrence Stalcup, mechanical foreman; F. I. Green, circulation manager; John Kinard, national advertising manager; and J. L. Swindle, news editor.

Also present and introduced was Clarence H. Hollis, of the Hollis newspapers, of Santa Ana, Calif. He is one of the owners of The Pampa Daily News. Installed as new members of the club were Chilton Hill, local motor freight operator, and C. T. Jackson, minister.

Central and South American Indians called the rubber tree "cau-u-chu," or "the weeping wood." I hope that the nation of free America will be prepared, each according to its ability and in its own manner, to contribute to lasting peace for the benefit of mankind. —President Truman.

## Yankees Take Crucial 5th Game With 2 to 1 Win Over Dodgers

**EBBETS FIELD, NEW YORK**—(AP)—Spec Shea, the New York Yankees' sensational freshman, won his second game of the 1947 World Series yesterday with a four-hitter against Brooklyn, 2-1, putting the Yanks out front, 3 games to 2, in the best of seven series.

Shea was in danger down to the final out as Manager Burt Shotton cleared his dugout of pinch-hitters and runners in an attempt to tie the score.

With the tying run on second base in the person of pinch-runner Vic Lombardi, Cookie Lavagetto, who won Friday's game and ruined Bill Bevens' no-hitter, struck out.

The Dodgers held useless for four innings, and Shea made it double in the sixth, seventh and ninth.

Shea, the rookie right-hander from Naugatuck, Conn., drove in the first run to break a scoreless duel with Rex Barney, the Brooklyn surprise starter. He singled following walks to Aaron Robinson and Phil Rizzuto in the fourth, scoring Robby.

Joe DiMaggio made it 2-0 with a long home run into the upper left field seats, with nobody on in the fifth.

Brooklyn's lone score came in the sixth when Jackie Robinson singled through the box, scoring pinch-runner Al Giofriddo from second.

Barney walked Starnweiss, then right blasted a double to right center and Starnweiss stopped at third. Lindell walked to load the bases. DiMaggio went down swinging. McQuinn rolled to the box and Barney flipped to Edwards at the plate forcing Starnweiss, Johnson fanned.

No runs, one hit, no errors, three left.

**First Inning—Dodgers**  
Starky struck out Starnweiss to McQuinn. Reese popped to Johnson. J. Robinson smacked to Johnson and was thrown out at first.

No runs, no hits, no errors, none left.

**Second Inning—Yankees**  
Furillo caught A. Robinson's high fly. Rizzuto walked. Barney's first pitch to Shea was wild and Rizzuto raced to second. Rizzuto was caught trying to steal third on a beautiful throw from Edwards to Jorgensen. Shea lined to Jorgensen.

One run, one hit, no errors, three left.

**Fourth Inning—Dodgers**  
Starky flied to DiMaggio. Reese walked to become the first Dodger to reach base. J. Robinson popped to Walker's grounder on the grass and threw him out.

No runs, no hits, no errors, one left.

**Fifth Inning—Yankees**  
Lindell grounded out to Reese. DiMaggio walloped a tremendous home run, the ball landing in the third row of the upper left field stands. The drive traveled about 400 feet. Joe Hatten, a lefthander, started warming up in the Dodger bullpen. McQuinn popped to Starky behind second base. Johnson walked on four pitches. Behrman replaced Barney on the mound for the Dodgers. The Dodgers' board of strategy apparently changed their minds and sent Behrman back to the bullpen calling in Hatten, a lefthander. Pitcher A. Robinson raised a high pop to Jorgensen.

One run, one hit, no errors, one left.

**Sixth Inning—Dodgers**  
Hermanski lined a single past Starnweiss for the first hit off Shea, and the Dodgers scored in 13 consecutive innings. Edward lined to Lindell. Rizzuto caught Furillo's pop back of the mound. Jorgensen went down swinging.

No runs, one hit, no errors, one left.

**Seventh Inning—Dodgers**  
Hermanski lined a single past Starnweiss for the first hit off Shea, and the Dodgers scored in 13 consecutive innings. Edward lined to Lindell. Rizzuto caught Furillo's pop back of the mound. Jorgensen went down swinging.

No runs, one hit, no errors, two left.

**Eighth Inning—Dodgers**  
Robinson fanned. Rizzuto tossed out Walker. Hermanski grounded to Starnweiss.

No runs, no hits, no errors, none left.

**Ninth Inning—Dodgers**  
Edwards lashed a single into left center.

center. Joe Lombardi was sent in to run for Edwards. Furillo bounced a sacrifice bunt high into the air in front of the plate and was thrown out. Shea to Starnweiss who covered first. Lombardi went to second. Joe Page began warming up again in the Yankee bullpen. Jorgensen sent a long fly to Henrich. Cookie Lavagetto, Friday's batting hero, was sent in to hit for Casey. Lavagetto fanned.

No runs, one hit, no errors, one left.

**Tenth Inning—Dodgers**  
Casey flied to Starnweiss. Furillo flied to Starnweiss. Shea flied to Starnweiss. Shea flied to Starnweiss.

No runs, one hit, no errors, one left.

**Eleventh Inning—Dodgers**  
Casey flied to Starnweiss. Furillo flied to Starnweiss. Shea flied to Starnweiss. Shea flied to Starnweiss.

No runs, one hit, no errors, one left.

**Twelfth Inning—Dodgers**  
Casey flied to Starnweiss. Furillo flied to Starnweiss. Shea flied to Starnweiss. Shea flied to Starnweiss.

No runs, one hit, no errors, one left.

**Thirteenth Inning—Dodgers**  
Casey flied to Starnweiss. Furillo flied to Starnweiss. Shea flied to Starnweiss. Shea flied to Starnweiss.

No runs, one hit, no errors, one left.

**Fourteenth Inning—Dodgers**  
Casey flied to Starnweiss. Furillo flied to Starnweiss. Shea flied to Starnweiss. Shea flied to Starnweiss.

No runs, one hit, no errors, one left.

## Harvester Line Ineffective Against Vernon's Backfield

Outchaged and outclassed, the Pampa Harvesters went down to defeat Friday night by the tune of a 32 to 12 beating handed to them by the Vernon Lions of District 2-AA in Vernon Friday night. This was the first defeat for the locals in four starts and the third win for the Vernon team in the same number of starts.

From the time the Lions received the opening kickoff, throughout the entire game, they had complete reign of the ball game. The Lions, on a sustained march from their own 22-yard line, scored in the first four minutes of play after Brock ran across the Pampa goal line from the Pampa 6. Dockery kicked the extra point.

On two plays, after the Harvesters had punted to the Vernon 20-yard line, the Lions scored again. On the first play D. H. Gauntt flected 35 yards to the Pampa 45, and on the next play Mickey Sharp, Lion fullback, ran the remaining 45 yards for the second Lion score in less than seven minutes of play in the first quarter.

In the opening minutes of the second quarter the Lions again scored after Randall Dockery intercepted Laffoon's attempted pass on the Harvesters 20. Skipworth ran 12 yards to the Harvesters' 8-yard line and then Dockery ran the remaining eight yards for the third Lion touchdown.

The Green and Gold scored in the second quarter on a march from their own 46-yard line. With the aid of a 15 yard penalty against Vernon and a 12 yard run by Williams, the Harvesters had the ball on the Vernon 17. From the 17 Williams ran the ball to the Pampa 2 where Mayes carried the ball through the Vernon line for the Harvesters' initial score. Anderson kicked the point.

The Lions' first half touchdown came via the airway on a 51 yard touchdown pass from Edwards to Peters. Dockery kicked the extra point. Halftime score Vernon 26, Pampa 7.

After being set back to their own 26-yard line after a 15 yard penalty, the Harvesters started their first play of the second half when Mayes ran through the left side of the Vernon line for 75 yards and a touchdown. Anderson kicked the extra point.

Vernon crossed the Harvester goal line again in the third quarter on a march from their own 46-yard line. Brock carried the ball around the right side of the Pampa line for the touchdown. There was no score in the final period of play.

For the Harvesters, defensively, Brock and Skipworth were equally poison to the Harvester line-men.

Bill Willis, 160-pound co-captain and guard on the Lion team, was by far the standout in the Lion line. For the Harvesters, defensively, Brock and Skipworth were equally poison to the Harvester line-men.

Offensively, Mayes and Laffoon carried the brunt of the Harvesters' attack. Laffoon's passing was not as effective as it has been in the past due to the fact of the on-rushing Vernon line.

Pampa Pea. Vernon Brock... Score by periods: 1 2 3 4 Vernon 7 14 6 0-32 Score by periods: 1 2 3 4 Pampa 7 0 0 0-7

## Golf Exhibition Today To See Byron Nelson

This afternoon, at 2 o'clock at the Pampa Country Club Mr. Golf, in the person of Byron Nelson, one of the nation's top professional golfers will tee off with Frank Baker, Country Club pro against Chuck Klein and Johnny Munn, of Amarillo, in 18 holes of exhibition golf.

Nelson, a native Texan, was winner of the Professional Golfers' Association championship in 1940 and 1945, and six Open Golf Tournaments during 1946.

Johnny Munn is reported to be one of the most sensational golfers to hit the Plains in years. Reports state that he hasn't lost a match in 12 years to the Harvesters' 8-yard line and then Dockery ran the remaining eight yards for the third Lion touchdown.

The Green and Gold scored in the second quarter on a march from their own 46-yard line. With the aid of a 15 yard penalty against Vernon and a 12 yard run by Williams, the Harvesters had the ball on the Vernon 17. From the 17 Williams ran the ball to the Pampa 2 where Mayes carried the ball through the Vernon line for the Harvesters' initial score. Anderson kicked the point.

The Lions' first half touchdown came via the airway on a 51 yard touchdown pass from Edwards to Peters. Dockery kicked the extra point. Halftime score Vernon 26, Pampa 7.

After being set back to their own 26-yard line after a 15 yard penalty, the Harvesters started their first play of the second half when Mayes ran through the left side of the Vernon line for 75 yards and a touchdown. Anderson kicked the extra point.

Vernon crossed the Harvester goal line again in the third quarter on a march from their own 46-yard line. Brock carried the ball around the right side of the Pampa line for the touchdown. There was no score in the final period of play.

For the Harvesters, defensively, Brock and Skipworth were equally poison to the Harvester line-men.

Offensively, Mayes and Laffoon carried the brunt of the Harvesters' attack. Laffoon's passing was not as effective as it has been in the past due to the fact of the on-rushing Vernon line.

Pampa Pea. Vernon Brock... Score by periods: 1 2 3 4 Vernon 7 14 6 0-32 Score by periods: 1 2 3 4 Pampa 7 0 0 0-7

Sooners Stop Texas Aggies 26 to 14. NORMAN, Okla.—(AP)—Jack Mitchell, the University of Oklahoma's amazing quarterback, was as hot as the 40-degree weather yesterday as he scored one touchdown and passed to two others as the Sooners stopped the Texas Aggie football team 26-14.

A capacity crowd of 33,000 watched Oklahoma come back from a 10-0 deficit in the middle of the second period to bowl over the spirited but tiring Aggies.

## Houston Takes Dixie Series With 1-0 Win

HOUSTON—(AP)—Veteran centerfielder Hal Epps gave Houston the Dixie Series title, four games to two, Friday night with a single that beat Mobile, 1-0.

The game was a tight hurling duel between Clarence Beers of Houston and Frank Laga of Mobile.

Beers, the Texas League's most valuable pitcher, gave up four hits while Laga, a top hurler in the Southern Association, yielded only three before bowing out in the ninth inning. He had walked ten men.

It was the first Dixie Series title for Houston, which finished on top of the Texas League during regular season play.

**Lefors Tramples Clarendon 20-0**  
The Lefors Pirates showed unexpected power when they downed the Clarendon Braves in Clarendon Friday night 20 to 0.

First Pirate score came in the second quarter when Harold Sims, substitute Lefors back, galloped 71 yards through the Clarendon line for the touchdown.

In the third quarter Fred Newsome skirted 15 yards for the second Pirate touchdown. Newsome kicked the extra point. The Pirates' final score was set up on a 25-yard pass from Sims to Gatlin to the Clarendon 5. Sims made the final five yards for the score. Newsome converted.

The Pirates rolled up 16 first downs to Clarendon's four. The winners netted 372 yards gained rushing; the Broncs 61. Four of the six Lefors passes were good for 61 yards; the Broncs completed one pass out of five for 70 yards.

**Georgia Tech 20, Tulane 0**  
NEW ORLEANS, La.—(AP)—Georgia Tech's Yellow Jackets scored three touchdowns with arrogant ease, then held on throughout a full second half to beat the Tulane Green Wave 20 to 0, yesterday before 48,000.

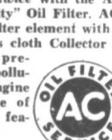

Tech looked so good in the first half that the Jackets could lose the ball five times on fumbles and still thoroughly outclass the Wave.

### Tech Roms Over West Texas 26-13

LEUBOOK.—(AP)—Texas Tech finally got to rolling yesterday after West Texas State had piled up a 13-point lead and the Red Raiders put their first victory into the books 21-13.

### Notre Dame Downs Pitt in Opener 40-6

PITTSBURGH.—(AP)—The Notre Dame gridiron express ran late yesterday but Engineer Johnny Lujack's adroitness generated enough steam to bring the Fighting Irish home on schedule with a 40-6 victory over a surprisingly tough band of Pitt Panthers.

### Houston and Mobile Draw Record Crowds

DALLAS.—(AP)—The Dixie Series between Houston of the Texas League and Mobile of the Southern Association drew 44,794 paid admissions for a net gate of \$80,730.97 in the six games. Secretary Milton Price of the Texas League announced yesterday.

### Duke Downs Tennessee 19-7

KNOXVILLE, Tenn.—(AP)—Duke finally broke the jinx yesterday, defeating Tennessee easily for the first time on the Volunteers' home field, 19-7, before a homecoming crowd of 38,000 sweltering fans.

## Army Eleven Wallops Colorado 47 to 0

WEST POINT—(P)—Coach Earl Blaik and his Army football team staged an experimental game Saturday at the expense of a big but lumbering University of Colorado squad Friday, entertaining a crowd of 21,000 by rolling up a 47 to 0 score.

Blaik used 46 players, including 18 backs. Most of them gained ground through and over the bulky Colorado line, which was able to stop the Cadets only once.

## Ex-Pampa Back Accounts for Two Univ. of Texas Scores

AUSTIN—(P)—The University of Texas turned on the heat to smash North Carolina 34-0 in convincing style yesterday and throw out a national challenge.

A crowd of 47,000 saw the Longhorns combine the accurate passing of quarterback Bobby Layne with the power and speed of backs Tommy Landry, Randall Clay and Byron Gillory to count their third straight victory.

Texas scored on a 44-yard pass in the first, a 28-yard pass and a two-yard plunge in the second and two plunges from inside the one-yard line in the final period.

Texas' first tally came on a 44-yard pass from Layne to Gillory, who got in behind the Tarheels' Johnny Clements to grab the ball on the 10 and go across standing up. The heavy climaxing a 59-yard drive sustained by 13 and 7-yard gains by Landry. Frank Guess converted to make it Texas 7, North Carolina 0 at the end of 5 minutes of play.

Early in the second quarter, Raymond Jones, a substitute fullback, passed to substitute right end Peppy Blount on the two-yard line, who dove across for the touchdown. Guess booted his second conversion.

A fumble by fullback Wala Pupa of North Carolina gave Texas the break which paved the way for that second counter. It was Blount who covered for the Longhorns on the

Tarheels 28, then made the 28 on the pass.

North Carolina came roaring back on the sharp-shooting passes of left half Charlie (Choo Choo) Justice and Pupa. Catches by Clements and right end Bobby Cox moved the Tarheels to the Texas 40, but then Justice's pass, intended for Cox, bounced out of Longhorn Bobby Coy Lee's arms, and Jones grabbed it to halt the Tarheel drive.

Texas exploded again, driving 60 yards to pay dirt with Tom Landry plunging the last two yards, to run the score to Texas 20, North Carolina 0 at the half.

Landry slashed for 23 yards to initiate the march. Gillory, the 145-pound scabbler, went tearing around left end on the old statue of liberty play and raced to North Carolina's three. The Tarheels held for one play before Landry battered across.

The conversion was good momentarily, but a holding penalty against Texas set the Longhorns back 15 yards, and an attempt to pass for the point failed.

North Carolina again threatened, pass plays clicking to the Texas three-yard line, but the half ended before the Tarheels could run another play.

The Longhorns' fourth tally came on a one-yard plunge over center by Clay at the end of an 84-yard march which began when Jones intercepted a pass behind his goal line and brought it out to the 16.

Billy Fyle, left half, dashed 14 yards. Layne hit substitute left end Lewis Holder for 32 yards to North Carolina's 34. Clay rambled 13 more and Layne shot one to Jim Watson for 15 to North Carolina's six. North Carolina was penalized to its one-yard mark for roughing the passer, and Clay scored. Guess kicked the extra point.

Clay collected his second touchdown when he again rammed through from the one-half-yard line at the end of a 47-yard drive in which the Texas second team employed straight power. Guess kicked his fourth extra point to make the final score 34-0.

## HSU Knocked From Undefeated Lists

SAN JOSE, Calif.—(P)—The longest winning streak among Southwestern colleges came to an end Friday night as San Jose State's Spartans tumbled Hardin-Simmons 19-12.

Unbeaten by a college team since 1941 and undefeated, untied and champions of the Alamo Bowl last season, the Texans couldn't cope with the all-around play of the Spartans.

Hardin-Simmons swept 71 yards to a touchdown on the opening kick-off with quarterback Al Johnson smashing over from the two, but San Jose tied the count with a 71-yard drive in the second period with Bill Parton cracking over from the four-yard stripe.

Then, in the third period San Jose took the lead with Jack Donaldson climaxing a surge by crumpling across from one yard out. The Spartans sewed the game up early in the fourth period as Parton took a 47-yard pass to race to the Hardin-Simmons two and Jim Jackson went over for a touchdown.

## Rice and Southern California Tie 7-7

LOS ANGELES—(P)—The Rice Owls of the Southwest Conference and Southern California of the Pacific Coast waged furious grid combat for four quarters yesterday and both were lucky to leave the field with a 7-7 tie in the first meeting of the two schools.

A crowd of 64,231 saw the big blue and grey eleven from Texas outplayed in the first half, come back in the third quarter to score seven points, and then roared with excitement as the vaunted Trojans forgot to fumble for the first time this afternoon and traveled 81 yards in 13 plays to tie the count as the clock ticked into the final two minutes of the contest.

Costly miscues robbed the Trojans of scoring chances in the first half as they outran the Owls, 152 yards to 69, and racked up six first downs to two for the visitors.

## Pass Play Gives Razorbacks Winning Tally in 1st Quarter

FAYETTEVILLE, Ark.—(P)—A 44-yard pass play gave the University of Arkansas Razorbacks a first-quarter lead and from there on they relied on a stubborn goal-line defense to subdue Texas Christian University, 6 to 0, here yesterday in the opening game of the Southwest Conference football race.

At the beginning it looked as though the Razorbacks, defending co-champions, would run the Horned Frogs out of the stadium. Later TCU kept about 16,000 onlookers on the edges of their seats with a fourth-period aerial bombardment.

Arkansas went 79 yards on five plays for the afternoon's only touchdown, with Clyde (Snackover) Scott and Aubrey Fowler, fleet backs, leading the way. The march began after TCU's Carl Knox punted out of bounds on the Razorback 21-yard line.

Scott drove through tackle for 11. Two more running plays lost five, but Fowler faked a punt and raced 27 yards for the TCU 46. TCU penalized five yards. Scott whipped a pass to Melvin McGaha near the sideline, on the Frog 30, and the deer-footed end outthrew the TCU secondary to the goal. Fowler's placement for point was low.

Each team threatened four times in the last three quarters. Fumbles halted Arkansas short of pay dirt, once on the TCU two, and interceptions put out the Frogs' fire. TCU's best opportunity fizzled when Co-Captain Tom Bishop dropped Joslin's 14-yard pass in the end zone in the fourth period. He was all by himself and had the ball in his arms, but apparently was too anxious and let it slip away.

## Georgia Rumps Over Mighty Tigers 35-19

ATHENS, Ga.—(P)—Georgia tied a knot in the tail of the mighty Tiger from Louisiana from Louisiana State here yesterday and then kicked him all over Sanford Field for a surprise 35-19 victory—the first in eight attempts—before 40,000 fans.

The Tigers, rated as the Southeastern Conference's most powerful outfit, got away to a 12-0 lead in the opening five minutes, and looked geared for a terrific rout. But Georgia knocked the props from under the visitors in a roaring comeback and kept belting them until the final whistle.

COLUMBIA 12, NAVY 6

ANNAPOLIS, Md.—(P)—A superior Columbia eleven, bottling up Navy's impotent attack most of the way, dealt the Midies their second defeat of the season today, 13-6, in a hard-fought but arid game.

It was the 10th straight loss for Navy, which opened the 1946 campaign with a victory over Villanova and has been trying to crash the winner's circle ever since. In fact, the capacity crowd of

## Michigan Slaps Stanford 49-13

ANN ARBOR, Mich.—(P)—Grinding out four rapid-fire touchdowns in the first 8½ minutes of play, Michigan's power-loaded Wolverines piled up a 42-0 half time lead yesterday and went ahead to paste Stanford's outmanned Indians 49 to 13, before 65,100 fans in their first football meeting in 45 years.

Not since Jan. 1, 1902, when Michigan's point-a-minute powerhouse slapped Stanford 49 to 0 at Pasadena in the "daddy" of the Rose Bowl games, had the two teams met on the gridiron.

OLE MISS' ELEVEN COUNTING ON POOLE  
UNIVERSITY, Miss.—(P)—George Barney Poole, former crack end from West Point, is being counted on to give Mississippi a strong receiver in the forward passing department.

Poole, a 225 pound left end, is moving into his sixth season of college football. He is a junior.

### PRISCILLA'S POP

### Cub Scouts Take Part in Campaign

Pampa Cub Scouts went out in urging the public to "Go To Church Sunday" as they spent Saturday morning delivering "door to door" literature.

The cardboard notices, inscribed "Go To Church Sunday; Attend the Church of Your Choice," were delivered by the Cubs in co-operation with the Ministerial Alliance.

All the churches of the Alliance have been working toward a goal of 10,000 attendance in Pampa churches today.

Around 65 Cubs and their leaders participated in their "Good Deed for Saturday." The group was made up of Pack 4, of the First Christian Church and Pack 14 of the First Presbyterian Church and Pack 22 of Horace Mann School.

### United Nations

What can be done about it are questions most of them shy away from, preferring to keep out of the big power squabbles.

Two nations, whatever their motives, have given clear answer to both questions. They are the United States and Russia.

The United States takes the position that Russia is to blame—that Russia has spread paralysis more or less from the veto-struck security council throughout the whole, vast, hopeful U. N. organization. Britain shares that view.

The essence of announced American policy to meet this situation is to try to make the United Nations work without Russian cooperation.

The principle of "get along with or without Russia" is not limited to American actions inside the U. N. It is one of the underlying principles of the Marshall Plan for European recovery.

The American line is now, in a sense, on trial in the U. N. assembly. For what Secretary of State Marshall asked in requesting measures on Greece, Korea and a year-around "little assembly" was that a two-thirds majority of the membership should proceed, without the Russian minority if necessary, to positive action on issues otherwise insoluble through the United Nations.

In a word, the United States, having initiated the United Nations, nurtured its growth and built a foreign policy around it, is now trying to make it work despite the fact that two of the essential conditions of its operation are lacking.

These are, first, the requirement that Russia, America, Britain, France and China should pull together instead of apart; and second, that the world should be fully at peace, which it obviously is not.

The Russians blame the United States for the world situation. They argue the United States is twisting the U. N. to serve warlike purposes of "American monopoly-capitalist imperialism," that the United Nations should strike at American foreign policy and American free speech by condemning "warmongering"; and that the whole program which Marshall advocates as a means of making the U. N. work should be defeated as a violation of the U. N. Charter.

American officials assail the Russian proposals as not a program, but a propaganda campaign, a continuation, they allege, of an effort

### Italy

(Continued From Page 1) ed States and Great Britain informed of this four or five months ago.

Falmino Togliatto, Communist chief, attacked the United States as a "warmongering nation," and was interrupted by a Christian Democrat who shouted, "You have rubles."

A dozen Communists rushed forward and blows were exchanged with a Christian Democrat before order was restored.

De Gasperi concluded the debate by excluding any possibility of returning to a coalition government with Communists and Socialists, whom he threw out of his cabinet last May.

"I have lost all faith in the possibility of getting along with the Leftists in the government," he declared.

He charged the Communists with waging a continuous campaign of strike against his rule, asserting there had been 2,617 strikes in Italy since June.

A United States Embassy official said it was not correct that the United States and Britain had decided to refuse their share of the ships "three or four months ago."

The official pointed out that the protocol setting up a four-power commission to execute the naval clause of the treaty permits any power to refuse its share.

Under the treaty ratified less than a month ago, Italy was allowed to keep two old 1912 battleships, four cruisers, four destroyers and a number of minor units, and was compelled to surrender 19 warships and several score smaller craft to a pool controlled by Britain, the United States, Russia and France.

The four powers never have carried out the division of the pool, however, because of failure of the Soviet representative to show up as yet to a meeting of the Naval Commission in Rome.

### Reds

(Continued From Page 1) and become familiar with machinery Russia is buying here.

What stirred Ferguson up was a protest from Local 468 of the CIO-Auto Workers Union that the Clark Equipment Company at Buchanan, Mich., had agreed with the Soviet Purchasing Commission to train Russians in the manufacture of steel axle housings.

The union said in a telegram to Ferguson Sept. 21 that the Russian trainees were displacing union members and were learning "American manufacturing processes which are so necessary for the welfare and security of this nation."

The union asked for a Congressional investigation. Miller reported eight Russians now are training at the Buchanan plant. He said the company paid its regular employees during the time Russians ran their machines.

In Detroit, Immigration Director E. E. Adcock said the Clark Company has been training Soviet technicians since June in groups of four to 20. He said some of the first have gone back to Russia and been replaced by others.

### Shriners

(Continued From Page 1) and a water-squirting apparatus, added to the parade spirit and drew the applause of youngsters who lined up on the streets while on their way home from school.

Nobles rode in a body on a large truck, which paused intermittently down the blocks of the parade route, to pick up tardy Shriners.

Shriners and their families capped the day's activities with a barbecue at the park at 6 o'clock.

Following the barbecue the doors of the Southern Club were thrown open to Shriners at 7:30 when dancing began at 9 o'clock, to the music of Pinky Powell and his orchestra.

John Pitts, chairman of the entertainment committee, said the host Shriners had agreed the entire program was a "success."

### Stick-up

(Continued From Page 1) head to a love seat in the foyer, the bandits went back to the bedroom where he ransacked the jewel box on a dresser and then took other pieces from closets and a box in the bedroom floor under an upholstered chair.

He stuffed the jewels in his pocket and left the building in the self-service elevator. After he left, the two women wiggled free of their bonds.

### Relief

(Continued From Page 1) spokesman for the food committee reported.

A bitter and perhaps lengthy Congressional argument over President Truman's short and long-range plans for aiding Europe appears to be in prospect.

Talks with a score of senators and representatives point in that direction. All were interviewed since the White House called in leaders of both parties to urge quick approval of a stop-gap winter plan for shipping fuel and food.

Most lawmakers say they believe the issue is plain and simple—"some way to stop Russia and Communism" from covering Italy, France, Austria and other parts of Western Europe.

Most of them are uneasy about sending large amounts of food overseas at a time when housewives and breadwinners here are angry about high prices.

Senator McClellan (D-Ark) says that the United States picked a program of anti-communism when it voted \$400,000,000 for aid of Greece and Turkey and "we cannot retreat from the direction we've started."

McClellan also said that Congress will trim sharply the \$19,000,000,000 four-year aid program asked of the U. S. by 16 Western European countries, if it ever allows any of it.

Senator Dwoznak (R-Idaho) says he is willing to help relieve "hunger and starvation" but is confident he voted right in opposing both the British loan and Greek-Turkish aid.

If the British miners won't produce coal, why should we send them our coal? Dwoznak asks. "If the Italian farm workers strike, why should we feed them?"

Four members of Congress, just back from a visit to 11 European countries, expressed belief that a special session of Congress is probably not needed to provide emergency foreign aid.

The four were representatives Hill (R-Colo.), Clevenger (R-O), Gathings (D-Ark), and Poage (D-Texas), all members of the House Agriculture Committee. All said they saw no immediate danger of starvation in Europe, Poage however forswore need of additional help for Europe before the winter is over.

Parents Tell of Betrothal During Leirs Social

LEFORS. (Special) — An announcement tea honoring Miss Juanita Upham, daughter of Mr. and Mrs. L. W. Upham and bride-elect of Edward Vincent, son of Mr. and Mrs. C. E. Vincent, was given in the Upham home Friday afternoon. Hostesses were Mesdames L. W. Upham, C. E. Vincent, Jess Graves and John L. Smith.

Mrs. L. W. Upham, Mrs. C. E. Vincent and Miss Juanita Upham were in the receiving line.

The lace-covered serving table was centered with an arrangement of yellow dahlias and white roses on a circular mirror. A miniature bride and groom completed the centerpiece.

Mrs. Maurice Upham and Mrs. W. C. Houchin presided at the silver tea service.

Blue and white miniature scrolls tied with white ribbon bearing the names of Juanita and Edward, Oct. 25 were given as plate favors.

Mrs. R. F. Milner, accompanied by Miss Loyce Elliott, sang "I Love You Truly" and Mrs. R. J. Holt, Jr., sang "A Perfect Day."

Atmospheric music was played by the Misses Loyce Elliott and Margaret Ann Holt.

Miss Jo Alice Tubbs presided at the guest register.

Guests present were Mesdames S. Barham, Myrtle Hilton, Claude Stanton, W. B. Combs, Ben Garber, Bernard Johnson, W. C. Breining, C. H. McCullick, R. R. Rath, E. S. Carr, H. E. Peoples, C. W. Burgess, W. P. Vincent, E. C. Ogden, A. Carpenter, W. E. James, T. M. Wolfe, Felton K. Webb, Bruce Bull, R. B. Johnston, E. R. Reeves, Dudley Steele, D. B. Hossett, W. A. York, F. E. Bull, and R. J. Holt, Sr.; and Misses June Bull and Zona May.

Mrs. Cleo Coffey, Jr.

Miss Jane Mathis, daughter of Mrs. R. L. Mathis and the late Mr. Mathis, of 4029 Hanover, was married Saturday, Sept. 13, to Mr. Cleo Coffey, Jr., in Shawnee, Okla. They were attended by Mr. and Mrs. S. B. Vance of Ada, Okla.

Mr. Coffey, a former student of Baylor University, is a son of Mr. and Mrs. Cleo Coffey of Pampa.

Mrs. Coffey is a graduate of Highland Park High School. She has also been attending Baylor and is a pledge of Delpha Alpha Phi. They are now attending East Central State Teachers College in Ada.

Young-McMordie Vows Are Read at Canadian

Dorcas Class Has Monthly Social

The Dorcas Class of the Central Baptist Church met Thursday evening in the home of Mrs. Frank Elliott. The meeting opened with a song "How Firm a Foundation." During the evening "secret pals" were revealed. There were ten present.

Jaycee-Ettes in Business Meeting

The Jaycee-Ettes held a business meeting in the home of Mrs. Irwin Thompson, 1101 Garland, Thursday evening with the following ladies present: Mesdames Irwin Thompson, Joe Fisher, Floyd Watson, Wm. R. Ballard, Roy Taylor, L. J. Zachry, Jack Nimmo, Jim Arndt, Gerald Mote, Rusty Ward, Frederick Brook, Lee Cisneros, Z. R. Osborn, Raymond V. Johnson, Don Foster, Bill Fannon, Frank Fata, Emmett Johnson, Herman Dees, Travis Lively, Artie Attergut, and Elmer Francis.

Sunday School Class Has Buffet Supper

The Business Girls Sunday School Class of the First Baptist Church were entertained last Tuesday with a buffet supper at the home of the teacher, Mrs. Burton Reynolds, 615 North Nelson.

Autumn colors and the class initials "BG" were used in the appointments of table, food, and favors. After supper, games were played and new officers were presented to the group as follows:

Irene Hoggett, president; Pat Tucker, secretary; June Hanks, fellowship vice-president; Lou Ellen Giles, membership vice-president; Jean Parker, stewardship and class ministries vice-president; and Inez French and Betty Mosley group captains.

Mrs. Elmer J. Moore Entertains at Home

SHAMROCK. (Special)—Mrs. Elmer J. Moore entertained with a bridge party Thursday afternoon at her home on South Macdon.

Fall flowers in artistic arrangements were used throughout the entertaining rooms.

Mrs. Winfred Lewis was high score winner, and Mrs. Selbert Worley scored second high.

CHAIRMAN—Mrs. Lillian Jordan, above, is in charge of local arrangements for Business and Professional Women's week of activities being conducted in connection with National Business Women's Week.

P-T-A Instruction School Conducted For Year's Work

The P-T-A City Council met Thursday afternoon in the library of the Junior High School, with Mrs. J. L. Mulanax presiding.

Dates for the ward schools' fun nights were announced as follows: Parochial and Horace Mann, Oct. 30; Woodrow Wilson and B. M. Baker, Oct. 24.

The school of instruction, held at this meeting, embraced an explanation of the duties of various committees. Joe Wells, the duties of the officers; Bill Elliott, the membership dues; W. R. Campbell, parliamentary procedure; E. L. Anderson, procedure courses; Robert Orr, goals; Hueyln Laycock, room mothers; Leroy McBride, Founders' Day Celebration; W. B. Burgess, publicity; and L. N. Atchison, historical.

Refreshments of cake and lemonade were served to the members present.

Next meeting will be held with Bernice Homers, 1137 Charles.

Las Cresas Club Makes Business Plans

Miss Barbara Carruth was hostess to the Las Cresas Club at its regular business meeting last Tuesday.

Committees were appointed for the Halloween dance to be held Oct. 31 in the Palm Room. The decoration committee will consist of Vina Dittberner, Martha Hopkins and Jo Alice Francis. Janette Ehrig will be in charge of publicity.

Officers for the coming year were elected as follows: Mrs. J. M. Finsterwald, chairman; Mrs. Bill Owens, vice chairman; Mrs. E. E. Risher, secretary; Harry Harvey K. Parker read the vows at 8 p.m.

Methodist Women Meet in Circles

All WSCS circles of the First Methodist Church met last Wednesday.

Circle I, with 12 present, met with Mrs. Thurman Cline with Mrs. Luther Pierson in charge of the business session. Mrs. Knox Kinard taught the lesson and stressed what Protestant women can do to increase the church attendance. The lesson was followed with a session of open questions. Mrs. G. P. Branson read the song "Where Cross the Crowded Ways of Life." The meeting was closed with sentence prayer.

Circle II met with Mrs. A. B. McAfee with Mrs. R. W. Lane in charge of business. Mrs. H. F. Barnhart led in prayer and Mrs. Lee Harrah taught the lesson from "Committed Unto Us" by Lemont.

Circle IV met with Mrs. C. E. Boswell with Mrs. J. E. Kirchner in charge of business. Mrs. L. E. Cool presented the study from "North American Frontier" and "Planting the Church." The lesson was followed with a round table discussion and a reading from Jeremiah by Mrs. Kirchner. Mrs. C. E. Ferguson, secretary, dismissed the meeting with prayer.

Circle V met at the home of Mrs. W. R. Campbell. Mrs. W. L. Rounder presented the lesson from "North American Frontier" and Mrs. Campbell led in prayer.

Delphians Organize 'Yucca' Chapter, Officers Are Elected

The newly organized Yucca Chapter of the National Delphian Society held its organizational meeting Thursday morning, Oct. 2, in the office of the Texas Gas and Power Co., with twenty of the twenty-five members present.

The group, under the direction of Mrs. G. C. Nobles, Amarillo, elected Mrs. J. W. Garman, Jr., president; Mrs. H. B. Landrum, vice-president; Mrs. Rusty Ward, secretary; Mrs. C. P. Nelson, treasurer. The Seminar Board of Directors includes Mesdames Joe Fischer, chairman, John W. Adams and J. P. Curtis.

Topics were assigned for the first lesson to be held in the City Club Rooms Oct. 18 and meeting plans for the coming club year were completed.

Mrs. E. H. Smith, Amarillo, was a special guest.

Present were Mesdames John W. Adams, Wm. E. Ballard, Tom Braly, J. P. Curtis, Herman Dees, T. W. Daud, Joe Fischer, C. P. Ford, Tom Galvin, J. W. Garman, Jr., John E. Hines, Knox Kinard, H. B. Landrum, J. E. Nations, E. R. Pierce, Jack Sullivan, R. A. Thompson, Ed V. Thornburg, Jr., Rusty Ward, Ed Weise, and L. J. Zachry.

"Education" Theme of Shamrock Meeting

SHAMROCK. (Special) — The Times Study Club had an unusually interesting program on "Education," when the group was entertained in the home of Mrs. J. A. Ebeling Thursday afternoon.

The entertaining rooms were attractively decorated with dahlias and roses. Mrs. Fred Holmes presided over the business session. Jerry C. L. Reavis gave a report on the Shamrock Public Library.

Following roll call, Mrs. Holmes discussed "How Does Texas Rank Among Other States in Education and Why?"

Mrs. P. T. Boston's subject was "Problems of Local Schools and Teachers."

Refreshments were served.

Refreshments of cake and lemonade were served to the members present.

Next meeting will be held with Bernice Homers, 1137 Charles.

Business Women Go On 'Fishing' Party

"Be Ye Fishers of Men" was the theme of the meeting of the Business and Professional Women's Class of the First Baptist Church held in the home of Mrs. Vaughn last Monday evening.

Deep sea shells, a fisherman's net and rope knots were used as table decorations.

With Mrs. Young as installing officer, the following officers were installed: Mrs. E. L. Edmondson, teacher; Miss Evie Searight, president; Miss Nova Mayo, vice-president; Miss Oleta Marlin, stewardship, vice president; Mrs. McHenry Lane social vice president; Miss Ruby Trusty, secretary; and Mesdames Tommie Stone and Cora Bryant and Miss Nellie Byrd Richey, group captains.

ESA Plans for Fall Stage Show

Epsilon Sigma Alpha held a business meeting Wednesday evening in the home of Mrs. T. L. Lindsey presiding. Mrs. Lillian Kelley announced that the sorority's stage entertainment would be presented in the form of a turn-about minstrel Dec. 3 at the Lyona Theatre.

Pumps were made for a Halloween dance to be given on the night of Oct. 17 at the Terrace Grill.

Attending the meeting also were Mesdames H. D. Foster, T. L. Lindsey, Lillian Kelley, Mary Lane, Margaret Dial, Bill Ragdale, Jean Haw, Ed Givens, J. M. Nutting and O. J. Payne.

Punch and fancy cookies were served from a lace-covered table centered with jaisies flanked by tall lighted tapers. Favors were pink flowered nut cups with mints and napkins decorated with the single word "Mother" printed in gold.

Games were played during the social hour. Refreshments were also served to the men who were meeting at the same hour.

Layette Shower Given Mrs. Homer Craig

Mrs. Homer Craig was named honoree at a layette shower given in the home of Mrs. Dick Livingston, 501 Magnolia, Thursday afternoon.

Games were played, and gifts were presented to the honoree, in a beautifully decorated bachelorette. Ice cream and dainty cakes, served in blue were served at the refreshment period.

Those attending or sending gifts were Mrs. Jack Davis, Elk City, Okla.; Mesdames J. A. Meek, R. West, B. E. Nickols, Joe super, Teresa Humphries, C. W. Stowell, R. L. Salmon, Bruce Walters, Kenneth Walters, Perry Gaut, J. E. Hood, J. H. Jones, Opal Belden, Homer Bowers, Misses Florance Jones, Inez Clubb, Thelma Davidson, Verdie Denton, Roy Lema, Ruby Johnson, Clarice Glick, Lela Jane Blucher, and Permelia Scraggs.

The identity of "secret pals" was revealed with gifts, and names were drawn for new secret pals.

After the business meeting, games were played with prizes going to several guests.

Special guests were Mesdames Linda Taylor of Springfield, Mo., Doyle Ward, and Stubbs.

In addition to those already named the following were present: Mesdames John Phillips, O. G. Powell, C. Taylor, Graham Reeves, D. M. Covey, Ed Bryant, and Linda Doyle Ward.

The club will meet on Oct. 15 with Mrs. Robert Putrell, at 925 S. Sumner.

The five great powers hold the balance between war and peace, and the future looks gloomy, with people speaking of a third World War as one speaks of the weather—Paris el Khoury of Syria, retiring president of the Security Council.

Miss Souter Engagement Announced

Announcing the engagement and approaching marriage of her daughter, Muriel, to Sidney W. Landers, Mrs. A. B. Kitchens, 1109 Garland St., entertained with a buffet dinner at her home Friday evening. Guests were greeted by Mrs. Kitchens and the honoree.

Council of Clubs Has New Members

The regular meeting of the Council of Women's Clubs met for its regular session Thursday morning, with Mrs. Hueyln Laycock, presiding. Mrs. Ed Weiss led in the opening prayer. Mrs. Knox Kinard was elected secretary to replace Mrs. Sherman White who resigned because of illness.

After a report by the membership committee, consisting of Mrs. James Todd, Mrs. Gene Fatheree, and Mrs. Weiss, two new organizations were voted into the council. There are the Jaycees-Ettes and Secretaries' Club.

Mrs. Kinard was appointed chairman for Girl Scouts. The Mesdames Carl Myers, Emmett Forrester, and Fred Thompson were appointed to serve in the selection of Pampa's outstanding women.

Mrs. H. A. Yoder, music chairman, announced that there is a piano available for the consideration of the council.

There will be a meeting of the council for Thursday morning, Oct. 16, to discuss the possibility of buying the piano. All club presidents and representatives are urged to attend this meeting, it was said.

Junior Girls Classes Entertain Mothers

Mrs. Sibley's report to the state presidents said, in part: "I have just returned from my trip to Europe, where I had the opportunity of visiting ten different countries and seeing not only the terrific need, but how we are meeting it through our distribution centers. I came back burdened as I have never been burdened in my life wondering how could I make you all understand the things I have seen. The first and foremost need in Europe today is food. That need is so tremendous that it can only be handled by governments. However through our response on World Community Day we can make it possible for thousands of children to have hot soup at noon."

"Last winter was the worst Europe has seen. This winter will be worse because of a poor harvest and there will be an even greater lack of fuel. I could not understand how people lived when I saw the ruins where many of them were without any fuel, rationing whatsoever, and cannot put it into words because we have no words to express such a situation. Caring for 500,000 children on World Community Day becomes a must!"

Refreshments were served to the mothers who were meeting at the same hour.

Layette Shower Given Mrs. Homer Craig

Mrs. Homer Craig was named honoree at a layette shower given in the home of Mrs. Dick Livingston, 501 Magnolia, Thursday afternoon.

Games were played, and gifts were presented to the honoree, in a beautifully decorated bachelorette. Ice cream and dainty cakes, served in blue were served at the refreshment period.

Those attending or sending gifts were Mrs. Jack Davis, Elk City, Okla.; Mesdames J. A. Meek, R. West, B. E. Nickols, Joe super, Teresa Humphries, C. W. Stowell, R. L. Salmon, Bruce Walters, Kenneth Walters, Perry Gaut, J. E. Hood, J. H. Jones, Opal Belden, Homer Bowers, Misses Florance Jones, Inez Clubb, Thelma Davidson, Verdie Denton, Roy Lema, Ruby Johnson, Clarice Glick, Lela Jane Blucher, and Permelia Scraggs.

The identity of "secret pals" was revealed with gifts, and names were drawn for new secret pals.

After the business meeting, games were played with prizes going to several guests.

Friendly Hour Club Has Afternoon Party

The Friendly Hour Club met Wednesday afternoon with Mrs. Fred Fischer, south of town. The following new officers were elected and installed: Mrs. D. L. Sanders, president; Mrs. Joe D. Essary, vice president; Mrs. Fred Fischer, secretary-treasurer, and Mrs. Robert Fattrell, reporter.

The identity of "secret pals" was revealed with gifts, and names were drawn for new secret pals.

After the business meeting, games were played with prizes going to several guests.

Special guests were Mesdames Linda Taylor of Springfield, Mo., Doyle Ward, and Stubbs.

In addition to those already named the following were present: Mesdames John Phillips, O. G. Powell, C. Taylor, Graham Reeves, D. M. Covey, Ed Bryant, and Linda Doyle Ward.

The club will meet on Oct. 15 with Mrs. Robert Putrell, at 925 S. Sumner.

The five great powers hold the balance between war and peace, and the future looks gloomy, with people speaking of a third World War as one speaks of the weather—Paris el Khoury of Syria, retiring president of the Security Council.

New Club Formed At Skellytown

SKELLYTOWN. (Special) A Future Homemakers of America Club was organized at a meeting held with 15 girls during the activity period in the Homemaking Department last week. The club was formed under the direction of the instructors in home economics at Skellytown High School.

Council of Church Women Asked to Help Alleviate Suffering Abroad

Church women of Pampa have been asked to redouble their efforts on behalf of Europe's war victims by Mrs. Walter Purviance president of the Pampa Council of Church Women. This followed Mrs. Purviance's receipt of a report from the UCCW national president that the coming winter will be Europe's worst because of the poor harvest and short fuel supplies.

The national president, Mrs. Harper Sibley, has just returned from a trip in which she visited England and some western and mid-continental European countries.

Mrs. I. D. Covey who represents a thousand women in Texas of all Protestant denominations, specifically urged UCCW groups to press ahead with the school outfits they are preparing for half a million children between the ages of six and twelve. These will contain complete clothing outfits including shoes and school classroom supplies which are almost entirely lacking in many countries. Each box also will contain some school yard toy, such as a ball or jump rope, and a card of greeting from the person or group packing the box.

The bundles and boxes are packed in local churches and will be dedicated at World Community Day services throughout the country November 7, before being shipped overseas through Church World Service, the cooperative Protestant relief and reconstruction agency. An offering taken the same day will provide noon lunches of hot soup for some of the worst undernourished children.

Mrs. Sibley's report to the state presidents said, in part: "I have just returned from my trip to Europe, where I had the opportunity of visiting ten different countries and seeing not only the terrific need, but how we are meeting it through our distribution centers. I came back burdened as I have never been burdened in my life wondering how could I make you all understand the things I have seen. The first and foremost need in Europe today is food. That need is so tremendous that it can only be handled by governments. However through our response on World Community Day we can make it possible for thousands of children to have hot soup at noon."

Mrs. Parsons Honored At Colorful Party

Mrs. L. D. Parsons was the guest of honor last Tuesday afternoon when Mrs. Jack Waters, assisted by Mrs. Carl Moran, was hostess at a pink and blue shower.

Games were enjoyed throughout the afternoon and a refreshment plate was served to the honoree and Mesdames Ted Studebaker, Donald Ward, Bert Castleberry, Melvin Beigle, Albert Weyrick, Jim Hall, James Carrel, and Homer Long.

The Don Pumpheys Entertain at Dinner

Mr. and Mrs. Don Pumphey entertained at dinner at their home, 316 North Somerville, Thursday evening. Their guests were Mrs. Pumphey's brother, M. P. Page, and Mrs. Page, and another brother, Arnon Page, and his family of Santa Cruz, Calif. Mr. and Mrs. Russell Beckwith of Borger, and A. T. Pumphey, father of Don Pumphey, who is a house guest.

THURSDAY 2:00 Sam Houston P-T-A in School Auditorium.

THOUGHTS

"THOUGHTS: That are weighed in the balance, and art found wanting."—Daniel 5:27.

"Truly at the day of judgment we shall not be examined as to what we have read, but as to what we have done; not as to how well we have spoken, but as to how religiously we have lived."—Thomas a Kempis.

### Anniversary

(Continued from Page 9)  
 13th of November near Elk City, Okla., which they still own. Mr. and Mrs. Combs came to what was then called Bowers City an oil field settlement ten miles south of Pampa on the 13th of July, 1929. They have owned and operated a Phillips station there for 18 years.  
 They are the parents of four children, only two of whom are now living. There were twin boys, one of whom died at birth and the other, Breck Combs, who died at the age of thirty-one years. Mr. Bryan Combs of Portland, Oregon, was unable to attend on account of illness.  
 Out of town guests were their daughter Mrs. Blanche Pickelsimer and her husband Tom Pickelsimer of Canute, Oklahoma and their daughter, Nellie Joe McConnell Breck Combs, Jr., of Norman, Okla.; Mr. and Mrs. Ralph Devore.

mother of Breck, Jr., and Hance Hooper, brother of Mrs. Devore, all of Norman, Mr. and Mrs. B. B. Wall and son of Oklahoma City, brother of Mrs. Combs, and Mrs. Healthy Thompson eighty-four years old, of Canute, a cousin.  
 The hall was decorated with gold and white crepe paper, and vases of flowers on two long tables extending the length of the hall and other small tables. The center piece was gold chrysanthemums topped with the number fifty. The honorees were presented with corsages the one to Mrs. Combs being an orchid. The three tiered wedding cake, a gift from their daughter, was decorated with golden bells and the number fifty.  
 More than four hundred people were served buffet style. After dinner Mr. and Mrs. Combs were presented gifts by Mr. Loycock Mrs. Combs was presented with a diamond and wedding band, and Mr. Combs was presented with a wedding ring.

## This Is Happy

By PEGGY DERN

flinging defiance into the face of the world, isn't it?" asked George Harrell.  
 She studied him gravely. He was not so tall as Steve, though he had broad shoulders and the lean build of a man who takes pride in keeping himself physically fit. He was very blond and his eyes were blue.

"Are you a writer?" she asked artlessly.  
 "Heaven forbid!" he protested, piously shocked. "Are you?"  
 "Goodness, no! I'm a secretary."

HIS eyes took in, with a swift flash, the beauty of the milk coat, the orchids.  
 "Oh?"  
 "I'm Mr. Landers' secretary," she explained.

George's eyebrows rose a little. "That must be quite a strenuous occupation. A bit on the violent side, I know."  
 "That's because he's seen so much of the horror of war—hunger and suffering and despair—"

She broke off because George looked frankly bored.  
 "Oh, sure, he's quite a prophet of doom," he said almost grimly. "Of course, I can't lay claim to being an expert on world affairs myself." He went on more lightly.

"I'm only a farmer, watching the turn of the seasons, seeing winter come and lay waste to the things I've worked hard to plant, but knowing all along that spring will come and the world will smile again."  
 "Where is your farm?" asked Happy, sincerely interested.

"On an island off the coast of Georgia," answered George. "It's been in the family since the days of Oglethorpe and his colonists."  
 Steve had come up, though neither of them had heard him. Happy saw him standing just behind George, and, noticing the expression in his eyes, she said hurriedly, "Steve, this is Mr. Har-

rell. He's been telling me about a farm he has on an island—"  
 The two men nodded at each other, using the excuse of a cocktail in their hands to avoid shaking hands. Their dislike of each other was as swift, as instinctive, as that.  
 "A farm, eh?" Steve's voice was dry. "How nice. Come on, Happy, let's get going."  
 George stood back, bowing politely, his eyes on Happy.  
 "It's been very nice knowing you, Miss Brandon. I hope we meet again," he said pleasantly.

WHATEVER Steve had been about to say, and Happy knew that it would not have been pleasant, was checked by the publisher's sudden appearance at Steve's elbow. "Just a minute, Landers; there's a fellow here you must meet. It will only take a moment," he said importantly.  
 George smiled a little as Steve was borne unwillingly off, and said quietly, "Do you suppose he would blow up in little pieces if I asked you for a date?"  
 Happy's cheeks burned.  
 "Mr. Landers is my employer, not my owner!"  
 "And not your fiance?"  
 "For goodness sake—no!" Obviously she found the thought startling, a fact which George noticed with frank relief.  
 "Then what about dinner tomorrow night?" he suggested. "I have to return to the island at the end of the week."  
 "I'd like that," Happy assured him sincerely.  
 "Good!" George was pleased. "I'll call for you at 7?"  
 She nodded and gave him her address. A moment later Steve returned, tucked his hand beneath her elbow and, with the curtest possible nod to George, drew her away and out of the room.  
 Steve kept his word after that, and the evening was gay, almost too gay.  
 Long after he had taken her home, Happy lay awake, thinking about him, worrying, wishing that there were some way she could help him.  
 But when at last she fell asleep, it was George Harrell of whom she dreamed.

(To Be Continued)

ing band by friends of community and elsewhere. Many other beautiful gifts were received. Mrs. Elmer Sparks presided at the guest book which was made of leather with gold letters reading, "Anniversary, Roy and Nell, 1897-1947." The guests were entertained with a solo "I Love You Truly," by Mrs. Dorothy Prick, three scrambled quartets, and a mock wedding. Mrs. Bob Orr was pianist for the "wedding" march and the singing.  
 The cast of the mock wedding was as follows: Bride, Mrs. W. B. Burgess; Groom, L. L. Sewell; Bridesmaid, Miss Winnie Taylor; Best Man, Moore Jones; Preacher, Mrs. T. D. Phillips; Flower Girl, Mrs. Dalton Malone; Mrs. Edith Pike; Ring Bearer, Elmer Sparks; Bride's Mother, Mrs. Siler Hopkins; Bride's Father, Ralph Irwin; Rejected Suitor, Bob Orr.

### Marriage

(Continued from Page 9)  
 Mrs. Jim Johnson, Miami, Texas; Mr. and Mrs. Pat Hardage and Dr. and Mrs. Roland F. Knox, Wichita Falls.

Mr. and Mrs. R. H. Green, Spearman, Boyd Huff, Canyon; Mrs. Newton P. Willis, Pampa; Mr. and Mrs. Tom Jones and Mr. and Mrs. E. H. Taber, Gruver; Mr. and Mrs. Charlie Newcomer, Higgins; Miss Frankie Donaldson, Amarillo; H. B. McMordie, Topeka, Kansas; Sally Jo Anderson, Amarillo; Parilee Helton and Miss Marilyn Hobart, Austin, Texas; Mr. and Mrs. Wendell Barbee, Amarillo; Miss Lula Carlton also of Amarillo; Mr. and Mrs. Lee Welch, Perryton; Mr. and Mrs. Jim Helton, Briscoe; Mr. and Mrs. T. C. Helton, Wheeler; Mr. and Mrs. Perry Helton, Briscoe; Mr. C. M. Coffee, Miami; Miss Oma Dyer, Amarillo; and Mrs. Carlotta Newsum, Austin, Texas.

For the wedding, the bride's mother, Mrs. John Young, wore a lovely grey lace gown trimmed in pink roses with matching gloves. The groom's mother, Mrs. Frank Mc-

Morris, wore a turquoise blue crepe gown trimmed in pink tulle and matching gloves. The groom's grandmother, Mrs. John Jones, wore a black crepe gown trimmed in bugle beads with matching gloves.

Vulcanization, the rubber process, was named for Vulcan, the Roman god of fire.

### Fidelis Class Has Annual Dinner

SHAMROCK. (Special)—The Fidelis Class and associate members of the First Baptist Sunday School met for their annual dinner in the dining room of the First Baptist Church Monday evening. Fall flowers were used to decorate for the occasion. The dinner table was centered with an arrangement of colorful dahlias flanked with tall white tapers in crystal holders. Mrs. Ben Boyce, social chairman, was assisted with arrangements by Mrs. Vernon Carver, R. W. Shields,

F. L. Fletcher, and Duward Price. Mrs. E. C. Derr gave the invocation. Following the dinner, Mrs. Neal Lanham, vice president, conducted the installation service for new officers in an impressive manner. The following officers were installed: Mrs. T. A. Ramsey, president; Mrs. Harvey Hudcins, membership vice president; Mrs. Dave Eldridge, fellowship vice president; Mrs. Delbert Smith, class ministries vice president; and Mrs. F. L. Fletcher who was re-elected as secretary and treasurer. Mrs. George Stanley, teacher of the class, with Mrs. B. F. Kerah, assistant teacher. Mrs. Stanley led in prayer at the close of the installation.

### Election Called To Fill Vacancy

AUSTIN.—(AP)—A special election Nov. 3 to fill the vacancy in the House of Representatives created by the election of former Rep. John J. Bell to the state Senate was called Thursday by Gov. Beauford Jester.

The election is in the 68th representative district, comprised of Dewitt County.

### Middle-of-Road Trend Is Seen in British Maneuver

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

The British Conservative Party's sensational concession to socialism, in pledging to retain some form of nationalized industry if returned to power, means that England's daring experiment with this political creed has passed beyond the trial stage and that it has become an important part of the country's life.

Only 3 out of 3,000 delegates attending the annual meeting of the Conservatives voted against a resolution which pledged the party to retain nationalization of coal mines and the Bank of England, and to keep some sort of public ownership of railroads. This promise challenged by Conservative opponents as "milk and water socialism" would of course be implemented if and when the public ousted the Socialists and gave the "Tories" another chance. The latter are widely hopeful, if not exuberantly optimistic.

But striking as is this moderate swing to the left by the Conservatives, it's only part of an intensely interesting development. The Conservative Daily Telegraph said the other day that the Socialist government had been forced by the economic crisis to drop plans for further nationalization of industry for at least a year. The paper added that there might not be any more nationalization until the Socialists had a fresh mandate from the country. This report must be coupled with the fact that the Socialist Party platform calls for nationalization of only twenty percent of industry in any event. Thus we find the Conservative move to the left apparently being accompanied by a corresponding Socialist concession to the right. In short, the indications are that England is maneuvering into a middle-of-the-road position politically—a compromise which would seem to suit present-day ideas and ideals of Britons exceedingly well.

### What Is Your Dance I. Q.?

Answers to Last Week's Contest

1. The best age to start dance training is from 6 to 9 years. Until dancing became so highly commercialized no reputable school would accept a child under 8 years old, except in very exceptional cases.
2. A four year old child can develop rhythm, muscular coordination, physical development, discipline, team work. These benefits will show up in later years in their work, but they definitely CANNOT learn "to dance" in the usually accepted meaning of the term, because contrary to popular opinion it takes more MENTAL development to learn even the simplest beginners dance than is required for first year grade school work.
3. Toe dancing throws a terrific strain on the feet of even a highly trained dancer. In a child the bones are still soft, the muscles weak. To put a child on its toes before these muscles are developed and strengthened by the RIGHT exercises, PROPERLY performed is to risk almost certain deforming of the feet and ruined arches.
4. It is roughly estimated that there are between 400 and 500 separate movements, poses, etc., in ballet dancing. EVERY muscle of the BODY must be trained and co-ordinated.
5. Ten years is considered a minimum time for the average student to become professionally proficient as a toe dancer. And this assumes constant daily practice, not just twenty or thirty minutes twice a week when they HAPPEN TO BE IN THE MOOD. Yet SOME mothers will say: "My child has been taking dancing THREE months (MAYBE 6 months or even a year) and she simply hasn't learned A THING. THAT TEACHER hasn't put her on her toes YET, and she could already stand on her toes before she ever took a dancing lesson."
6. Because of the time required it is seldom advisable to start training for professional work beyond the middle teens. However, at least two internationally famous men dancers DID start after they were twenty. A few women have also made the grade. But for personal pleasure and benefit there is no age limit. I have had fifty-four year old women develop the ability to do head-stands in three months; others in their sixties have become quite acceptable ball-room dancers.

Another set of questions next Sunday.

### City, Town, Village Consider Fire Loss

To combat fire losses which threaten the greatest destruction this year that the United States has ever known, citizens in more than 10,000 cities, towns and villages throughout the nation will observe Fire Prevention Week, beginning today.

President Truman's annual Fire Prevention Week proclamation issued at the White House on Aug. 14, called upon the American people to observe the week "with the objective of initiating a fire prevention campaign continuing throughout the year."

Newspapers, radio stations and motion picture theaters in many communities are joining civic groups in focusing public attention on the necessity for vigorous action against the fire menace.

Mayor C. A. Huff has recognized the event with a proclamation.

Walking past a softball diamond late this summer, Mrs. Lawson asked her daughter, "What's going on over there?"

### Teachers Are Honored With Lions Party

**WHITE DEER.** (Special)—Dr. Roy Webb, deputy district governor of Lions District 27, was the main speaker at a ladies night dinner given by the White Deer Lions Club, Tuesday evening in the high school cafeteria, honoring the teachers of the White Deer Independent

Schools. Dr. Webb paid a brief tribute to the teachers, who, he said, often must fill the gap left by parental neglect, then went on to state that the Lions International now include more than 7,000 chapters in 14 countries, but that there are no chapters in non-democratic nations, because Lionism is pledged to democratic principles and is working to bring about better understanding among the peoples of the world. Preceding Dr. Webb's talk, visiting Lions and ladies and members of the faculty were introduced and special gifts were made to a number of teachers, with Dalton Ford making the presentations.

Miss Claudia Evers, the teacher of longest tenure in the White Deer schools, was presented with a corsage of gardenias and rosebuds from Parker's Blossom Shop, Mrs. Olive Jordan, agent; and Miss Anita Couch, the "newest" teacher, received a gardenia corsage from the Clayton Floral Company, Mrs. H. Edenborough, agent.

To Mrs. Herman Demus, the grade school teacher having the largest home room group, was presented a handkerchief from the White Deer Dry Goods Company; Wendell Cain, chosen by audience applause as the "worst sour-puss", received a box of candy from the White Deer Drug Company; Miss Mildred Cole, the "hardest working" teacher, received a credit slip from Williams Food Store; and Supt. Emmitt Smith was awarded a credit slip from Freeman's Lockers for "doing the most beeing."

Music for the evening was furnished by the local Lions quartet, Julius Meeker, Herman Demus, Horace Williams, and W. C. White, who sang "I'll Hit My Way" and "Red Wine."

"Boss Lion" Emmitt Smith, "Lion Three" J. C. Nichols, and Dalton Ford were in charge of the program.

Out-of-town guests were Dr. and Mrs. Webb, Pampa; J. P. Smith, zone chief, and Mrs. Smith, Pampa; Ed Campbell, president of

### Band Dressed up But No Way to Go

**SHAMROCK.** (Special)—The situation in which members of the Shamrock Irish Band find themselves is slightly different from the old saw—"all dressed up and no place to go." They are all dressed up. Have plenty of places to go, but transportation is a horse of a different color. And that may be exactly what they will have to resort to if something isn't done.

Thanks mainly to the Junior Chamber of Commerce which last year conducted a series of fund-raising drives for the band, its members are dressed in the flashiest uniforms in these parts. Since they are popular and because the city needs them to advertise the 1948 St. Patrick's Day celebration, they have many engagements. But for the reason that their band bus, after many years of operation, is no longer adequate, they are having a difficult time making appearances at nearby towns.

Realizing the seriousness of the situation a group of civic minded residents met recently to discuss plans for transportation.

It was suggested that purchasing a new bus would be the only solution, and it was pointed out that enough money is being spent for transportation for the band, athletic teams and other school groups for a new and adequate vehicle within three or four years.

Members of the group are of the opinion that the bus should be bought and could be financed with the united efforts of all civic clubs, the Band Parents Association and other organizations. But no definite plan has been formulated for making the down payment.

### Instructed Verdict Given Carnival Man

**DENVER.** (AP)—District Judge Joseph Cook has ordered a verdict of acquittal for Samuel B. Lamb, 39, Texas carnival worker, charged with murder.

The court held the slaying of Richard A. Warren of Wichita, Kans. in a downtown restaurant July 5 occurred while Lamb was defending himself with a knife attack.

Detectives said Warren was shot at death as he sprang at Lamb with a knife.

### MAN FOUND SHOT

**BROWNWOOD.** (AP)—Thomas P. Watkins, about 35, was found shot to death at the wheel of his automobile near here Thursday. Deputy Sheriff Otis Rodgers said a shot gun was found in Watkins' hand and that a note was in the car.

## Softer Miles and Safer Miles

..Thanks to Buick's Safety-Ride rims

**YOU** sense it right from the first in the way your Buick handles.

You feel it not only in the cloud-soft ride of this big beauty, but in the way it seems to lean into the curves, the way it holds its "track," answers unflinchingly to your touch on the wheel.

The reason? Simply that even before the war, Buick found a way to get greater softness and greater safety from standard-size tires that are available anywhere.

Put a Buick wheel beside a wheel from other cars, and you see at once that Buick rims are wider.

In fact, they are an inch to an inch and a half wider—from 20% to 33%.

By this simple step, standard-size tires of any make are given greater air capacity. This permits lower air pressure and the softer ride that naturally comes from traveling on 25 pounds instead of 30.

In addition, widening the base of the tires gives bracing against side-thrust, as your legs brace you when you stand with feet apart. This checks sideways and the tendency of a tire to "roll under" on sharp or fast turns.

Furthermore, the tread is flattened. More rubber is put on the road. More rubber means more traction—more braking power—more resistance to skidding—far, far better car control.

And you have only to compare the handling of a Buick with any other car to see the result...

You travel with a soft, level buoyancy that is Buick's own.

You seem to feel your car leaning into the curves, like a race horse coming into the stretch.

There's more rubber on the road with Safety-Ride rims. Result: More traction, better braking, better car control, more skid prevention.

instead of swaying outward. You come out of fast emergency swerves straight and true, with no wheel fight to keep your car on course.

You start, stop, accelerate and turn with a sure-footedness that keeps driving tension away, lets you enjoy Buick's soft comfort to the full.

And all this has been true of every Buick built since before the war, with no change in factory-installed tires.

Check up and see. For a softer ride that is also a safer and surer one—get your order in now for a Buick. We'll take it whether or not you have a car to trade.

**ONLY BUICK HAS SAFETY-RIDE RIMS**

On fast turns, tires on ordinary rims "roll under" like this, so your car almost rides the sidewalls. Buick's wider Safety-Ride rims check this.

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

BASEBALL . FARMS . HOUSES . CHILI

Some kind of sports are alright, but I think I'm through with baseball... especially baseball pots... Isn't there some kind of state law that will protect the simpler kind of folks... Isn't there some way whereby the city charter could be amended that would give us an air tight local law, enforced by our local police department who would protect us against these outlandish promoters... Why any sane and sensible man or woman will deliberately throw their money away on anything so foolish, I don't know... I do know one thing though... and that's if you will just stay with the things for about four days straight running it'll make an old man out of anybody...

And now I've found a good place to eat... It's the Eat-a-Bite Cafe down by Patrick's... Mrs. Scott runs it, and can she cook... She makes the best pie I believe I've ever eaten, and her steak and eggs are as good as I can cook... Anyway if you want some home cooking for a change go by and see her... I've got 25 head of good native White Face heifer calves... These calves all have the same brand... There're out of registered cows, and there're good... All dehorned, vaccinated, weaned and ready to go... Want 75 per head...

I have a nice two-bedroom home in the west part of town... has a garage, a nice fenced-in back yard... It has an unpaid balance of around 3400 in the FHA loan... Will take 6500 for this good house...

I have two good houses in the east part of town... one a 3-bedroom for 6500, the other a 2-bedroom for 5500... These are sure nice houses, and they will carry a good FHA loan if you wanted one...

I really need some two, three and four-room houses... Something that will sell for 1900 up to 2500... I can also use some good houses over on the Hill... If you have anything like this and want to sell would appreciate your giving me a listing on them...

Speaking of cooking... when the weather gets a little colder I may print my famous CHILI receipt... Of course you don't know but I've considered one of the best chili cooks in this part of the country... I bar none... I might be a little rusty on it for the first batch or two, as I haven't made any since last winter, but come cold weather and I get the chili fever, then's when I get my cooking clothes on...

I've still got the Earl Talley block out in the Talley Addition for sale... This is a good buy, and would make an ideal set-up for some kind of a poultry farm... We want 4000 for it, and want to sell right now... If any of you other dealers have a buyer for it go ahead and show it... but before you show it explain that the fences are not on the lines... especially on the north side... The plot on the map shows it correct, except for one 50-ft. lot coming out of the S-W corner...

When you think of Real Estate... think of me... I'll buy, sell or trade for anything that I think I can make a dollar on... and I'll sell your property for you on a commission basis...

J. WADE DUNCAN Real Estate and Cattle Duncan Bldg. Phone 312 41 Years in the Panhandle

Their colorful beauty gives you a more attractive home! (Covers 100 sq. ft.)

## Leaves From a Correspondent's Life Note Book

By HAL BOYLE

**DES MOINES, Ia.**—(AP)—"What's Iowa like?" I asked this of Gordon Gammack, wartime buddy of Ernie Pyle and at present columnist and radio commentator for the Des Moines Register and Tribune.

Here's a thumbnail portrait of the tall corn state in "Gamm's" anecdotes:  
Iowa farmers are thrifty: One listed \$1.50 depreciation on a \$6 fountain pen in filing his income tax report—They know what they want: One rejected a hotel room with bath because "I don't want folks runnin' in and out all night!"—Another answered city dwellers' complaints on the high price of butter by figuring out it took 2,500 squirts from a cow to make a pound.

Iowans are independent: A judge offered to suspend a \$300 fine for drunken driving. "No," said the defendant. "I'd rather pay. I don't want anything hanging over my head."

The big league pitcher, Bob Feller, was halted by Highway Patrolman Napoleon Bonaparte Wilson for speeding. "I'm Feller, Cleveland Indians," said Bob. Replied the patrolman: "I'm Wilson, Highway Patrol." Feller got the ticket—The Speaker of the House of Representatives, Farmer Gus Kuester, refused to wear a tax to the governor's inaugural, explaining: "Never wore one of the damn things before and ain't startin' now."

Iowans are folksy: Whacking away at burning timbers atop a building, a city fireman called down to a passing friend: "Hey, Joe, run over to the fire station, will you, and turn out the fire under the prunes." A bus driver rolling down the street on which he lived, stopped, got out, thrashed his little son for playing in the street—then resumed his trip.

Iowans aren't all consistent: The hero of a fire at the state penitentiary was a man serving twenty years for arson—During a religious census one man scribbled on the question sheet: "I'm an atheist, thank God."—On the other hand, some Iowans are consistent: The governor is Robert D. Blue—and he uses blue stationery—And a preacher raised a storm when he learned that some sod he'd sold was to be used for a baseball park.

Iowans are poetic: A high school boy sent his best girl a cheese on Valentine's Day with this note: "This cheese may be strong, but not as strong as my love for you."

Some Iowa economic trends: A grocer extended a self-service pushcart to a customer. "Don't need one," said the customer. "Only got \$5."—A father bought a fountain pen as a graduation present for his son. "Going to surprise him?" inquired the clerk. "I'll say," declared the father. "He thinks he's going to get a convertible."—A religious zealot delivering a private sermon to a grocer held up a long line of customers. "This fellow's trying to sell me Heaven," apologized the grocer to the waiting woman. "Take it," snapped a peppery little grandmother, "it's cheaper than anything you've got."

That's Iowa.

## FAIR ENOUGH . .

BY WESTBROOK PEGLEY

(Copyright, 1947)  
**NEW YORK**—Allen Smiley of Los Angeles, who poses as a producer and director of motion pictures, was present in his own apartment on May 25, 1944, when the late Bugsy Siegel, the gangster, was arrested there on a charge of bookmaking. Siegel was acquitted. George Raft, the movie gangster, was among the company and he testified as a character witness for Siegel. He said: "I have known Mr. Siegel for many years. We have been friends for a long time. We went up to the apartment (Smiley's) and were sitting there discussing things about going to New York."

In August, 1944, Smiley was indicted with Tommy Dorsey, the band leader known as "The Sentimental Gentleman of Swing," and Pat Kane, a movie and night club personality of note, who was then Mrs. Dorsey. They were charged with amputating a portion of the nose of Jon Hall, an actor, at a party given by the Dorseys in their home. They all were acquitted. Dorsey was the first person in the amusement industry to perceive profitable talents in Frank Sinatra. He hired him as a singer for his band. Presently, Sinatra became aware of unsuspected possibilities in himself but, like Primo Carnera, the prizefighter, and Max Schmeling, he unwisely "cut" himself into so many shares that he seemed destined to work much of his future for others unless he broke loose. Sinatra assigned or sold 33 1-3 percent of himself to Dorsey, ten percent to the General Amusement Corporation, a booking and management company and ten percent to Leonard K. Vannerson. He cut Dorsey and Vannerson in on his future in return for his freedom to go his way. Vannerson was Dorsey's manager. Later, Sinatra refused to distribute these shares of his earnings and settled with Dorsey and Vannerson for a small cash payment. Meanwhile, female pickets, ostensibly bobby-sox fans of Sinatra, had picketed Dorsey's show.

On June 20 of this year, Bugsy Siegel was shot and killed by two bullets fired through the window of a home in Beverly Hills, which had been rented by Virginia Hill. Miss Hill was a friend of Siegel and of Joe Adonis, the New York and New Jersey criminal who is another underworld associate of Raft. The source of Virginia Hill's income is not publicly known, although it appears to have been large. Several pundits of the gambling-house and underworld beat of the radio and journalism dropped knowing intimations that she was a "divorcee" and an "heiress," as though that would explain among these high-priced and pretentious imposters, however, and the city side reporter thought the matter worth a good reporter's time for a day. Therefore Miss Hill's income is still confidential matter between her and the internal revenue and others concerned.

Allen Smiley was still with Siegel when he was shot. They were sit-

ting together on a couch. No arrest has been made. Siegel was by now interested in the hotel and gambling property at Las Vegas. Now, known as the Flamingo, it is an elaborate plant. The original promoter, Billy Wilkerson, a Hollywood publisher and restaurant promoter said the total investment was \$5,000,000 last winter. Wilkerson said Siegel had muscled in, bringing two other new partners with him. He named Sam Rogberg, of Florida, as one of the new partners introduced by Siegel. Siegel was cordially received in that element of financially successful performers, promoters and parasites of the night club, radio and moving picture trades who consti-

tute the "society" of the amusement industry. Allen Smiley also was received without question. He has been known for years in Hollywood business, social and underworld affairs, which often are identical or indistinguishable, as Allen Smiley and no other name. His identity has never been questioned in this set. In the records of the Bureau of Immigration and Naturalization of the Department of Justice, Allen Smiley is listed as Aaron Smehoff, alias Abraham Smickhoff. The present address is given as Sunset Plaza Drive, Hollywood. The address at the time of the arrest of Siegel for bookmaking was Sunset Boulevard. The same record states that Smiley, Smehoff or Smickhoff was born in

Belza, Russia, on Jan. 10, 1907; was brought to Canada about January, 1914, by his parents; that his father, first name Hyman, became a naturalized citizen of Canada and under Canadian law was able to naturalize his several children, including Aaron or Abraham; that this person entered the United States by ferry at Detroit in 1922, at the age of 15; and, that, in September 1926, he was confined in the Preston School of Industry at Ione Calif., upon his conviction of robbery, first degree, in San Francisco. The Bureau records indicate that Smiley was arrested in 1940 charged with robbery, and this is verified by the Los Angeles police records. The case was dismissed. He was fined \$200 for

contempt in Los Angeles. There are records of other arrests on charges of shooting crap, peddling without license and violation of the state liquor laws. Smiley has a registered number with the Federal Bureau of Investigation and the California State and Los Angeles city police. In a legal form for aliens which Smiley did not execute until 1945, several of these arrests are listed. A warrant was issued on Sept. 29, 1945, charging that Smiley had neither an immigration visa nor a passport when he entered this country and he was released on bond of \$1,000. Nevertheless he has been granted repeated postponements and he was not troubled when he happened to be the witness

at the murder of Bugsy Siegel. Deportation proceedings may be stimulated now, but Smiley obviously has strong influence and may not be expelled. There are indications that during the war an effort was made to get him a free commission in the Army or Navy.

**BET HART'S FANS WOULD SCRAP MCKINLEY**

**ARCATA, Calif.**—(AP)—Arcatans are claiming the famed early California writer Bert Harte as a native son, and some want his statue to replace that of President McKinley that has stood in Arcata's central plaza for half a century. Harte lived here from 1857 to 1866, memorial sponsors say, and

**Pampa News, Sunday, October 5, 1947** **APGE 17**  
did much of his early writing here. He edited the weekly newspaper of old Uniontown, now Arcata. And after all, they argue, he lived only six months in the gold-mining mother-lode country which also claims him as a native. Squirrels cause some \$500,000 damage each year by eating the lead from telephone cables. If the loans (to Europe) are to be worth anything, prices will have to be brought down in order to stabilize the only medium of international exchange left—the American dollar. —Sen. Harley Kilgore (D) of West Virginia.

**HOPE OF ONE WORLD IN NEW GENERATION**  
**CHICAGO**—(AP)—Fourteen west side kids of assorted ancestries got together, put up a flimsy shack in a concrete courtyard, cracked a bottle of pop over the roof and hung out a sign lettered "All-Americans Club." "We haven't had a fight since we started the club," reported Harold Zuckerman, 10, the sergeant-at-arms. "Maybe if more grownups joined clubs with all the nationalities mixed up, they'd get along better."

## THIS IS GO TO CHURCH WEEK

We urge you to attend the church of your choice each Sunday.

Published daily except Saturday by The Pampa News, Inc., Pampa, Texas. Phone 666. All departments... MEMBER OF THE ASSOCIATED PRESS... The Associated Press is entitled exclusively to the use for republication of all the local news printed in this newspaper, as well as all AP news dispatches.

Precept, Practice Different Things

Last month the State Department made public an admirable document designed to promote the freedom of news-gathering throughout the world. It was a proposed treaty which would guarantee to the correspondents of each signatory nation the right to move freely through the other's territory in quest of news, and to write that news without fear of censorship.

Now it develops that our government has admitted Pierre Courade, correspondent of the Communist newspaper, to the United States on the following conditions: He must not go anywhere in the United States except New York City and the suburbs.

While here, he must not write on any subject except the United Nations. He must not make speeches or interfere with American domestic politics.

The reason given for this is that our immigration laws bar any known Communist who is not an American citizen. Mr. Courade's presence here is the result of an agreement between the U. S. and the U. N. The agreement, in turn, is made possible by a legal provision which permits the Attorney General to give special visas under special circumstances to otherwise ineligible persons.

The result is an embarrassing contradiction. While one government department preaches worldwide press freedom, another imposes the same sort of press restrictions that the Soviet government employs. The latter action may arise from caution, but it gives the appearance of being inspired by fear.

Curbing Communist journalists can only invite the writing of more misinformation about this country and encouraging publication of such falsehoods. And it leaves this government open to the charge of favoring press freedom only for persons, publications and governments which think as we Americans do.

No one wants the immigration bars let down to admit a horde of Communist agents. But we cannot hope to exclude them all so long as officials of Communist governments enjoy diplomatic immunity here. We certainly cannot hope to destroy communism in the United States by ham-stringing Communist journalists.

It is this government really wants to make the unrestricted access to news an international freedom. It must inevitably practice what it preaches. Perhaps what is needed is a journalistic immunity, which would admit correspondents including even Communists—from governments which grant full freedom to our correspondents.

So far as we know, the French government, under which Pierre Courade lives, does not restrict the movements of American writers, whatever their politics.

The red tongues of "flame" which can be seen shooting out from the sun during total eclipses are composed principally of hydrogen.

RUSSIAN GRAB OF THE WEST

Why does the Red Army not roll across western Europe to the English Channel? There are few military obstacles in the way. Allied troops probably would be ineffective if they resisted. It is not at all certain that Russia will long resist the temptation. But there are several good arguments—from the Moscow observation post—both for and against such a military coup.

In favor of it would be the gratification of greed for territory, the urge to get on with the world revolution, the propaganda triumph of planting the Red banner on the extreme western tip of hated capitalist Europe.

Russia and Russian apologists for several years have been ranting about the right of the Communist empire to secure its borders. Moving to the Channel would not leave British and U. S. armies so much as a tooth on the great heart-land stretching from Brest, France, to Kamchatka, Siberia.

The sudden shutting off of the European outlet for a great volume of our production would send U. S. economy into a tailspin. Factories would presently begin shutting down. Our economic barometer would stand at about November, 1932—just after the historic market

NATIONAL WHIRLIGIG news behind the news

WASHINGTON

HOUSING AND POWER: Pressure from displaced war workers and demobilized veterans unable to find decent homes may make public housing a dominant issue in the next Congress and in the presidential campaign. Next to rising prices on daily necessities, it looms largest in the legislators' mail bags.

Senator Taft of Ohio was not setting himself up so much as a radical, a statesman when he recently declared for federal-financed and state-managed public projects throughout the nation.

He was acting as a politician, and many colleagues have found that it would be wise to agree with him when they return to Washington in January or earlier.

CHANGES—From the growing complaints by millions of ex-soldiers, G. I. students and other groups who have moved into strange parts of the country in the last seven years, especially to California, the North and the industrial Mississippi Valley, New York, Pennsylvania, New Jersey and New England, both party platforms may declare that providing inexpensive living space as much a function of national and state government as making available light, sewerage, streets, schools etc.

The idea will arouse fierce opposition, as it has already, for it projects far beyond the new experimental communities that the New Deal promoted. In a way, it will change the character of our government setup.

But when a man like Senator Taft backs it even in a limited way, it has passed beyond the talk stage. Incidentally, he is so far the only presidential candidate in either major party to grab this issue so hotly.

But several others may not be far behind in supporting him on this and his other social welfare schemes—medicine, education and a general broadening of the old-age insurance benefits.

CONTROVERSIAL—When the problem reaches the debating and voting stage next winter, the most controversial question will be whether housing should be made a permanent public utility, or financed and managed by federal-state authorities as a temporary relief matter, like W.P.A. and P.W.A. The lines are forming already.

Senator Taft indicates that he prefers only a federal investment of \$200,000,000 or less to meet present-day, emergency needs. He will insist that the projects pay their way, and that day-to-day supervision be entrusted to the local officials. He thinks it wiser to start in a sound, small, sensible way than to rush feverishly and grandiosely.

Others, however, support a broad and more permanent program. Just as Uncle Sam entered the public utility business on a vast scale under the Roosevelt Administration, A. A. Grand Coulee, Bonneville—they would have him make housing his personal and lasting concern.

IMPOSSIBLE—Advocates of this new conception point out that, when the Constitution was drafted, limitations placed on federal power and activity, a man could settle on a piece of loose land and build a home without too much expense or difficulty.

That is now impossible, except for the extremely well-to-do. And there are more homeless voters now than there were in Thomas Jefferson's agricultural age. Nor does he contemplate the rise of sprawling manufacturing areas, where workers scan the want ads for home prospects opened by the death, transfer or removal of the occupant.

Those are the two viewpoints expressed here and elsewhere by the opposing factions.

RIGHT—A little more movement shows how the winds are blowing. In a message to Congress and the Human Rights Commission of the United Nations, the National Catholic Welfare Conference urges a revolutionary revision of Constitutional and Congressional Charters fixing the responsibilities of the federal and state governments.

The declaration says that the U. S. should recognize (1) "the right to establish and maintain a family, if necessary by public protection and assistance," and (2) "the right to housing adapted to the needs and functions of a family."

DIFFICULTIES—It will obviously be difficult for office-seekers, presidential candidates, Congressmen or gubernatorial hopefuls to dodge or resist this movement in 1948. For, naturally, housing shortages plague both Democratic and Republican communities from coast to coast.

Aside from the Constitutional difficulties and serious objection to such a change, as even its friends concede, the problem faces many practical, economic, financial and labor obstacles. With the Marshall Plan, it would contribute to the delay or death of tax reduction and budget-balancing.

With high labor and material costs, and with continuing shortages, the money outlay would be staggering, even for the world's wealthiest nation. It would interfere with and slow down aid to Europe.

It would probably require suspension of rewriting of municipal building ordinances which present a system of tailor-made homes. Labor and materials would not relish that.

Nevertheless, as the politics revolve from their travels and mail, somebody may get hurt if the problem is not solved—and soon!

In Hollywood

BY ERSKINE JOHNSON NEA Staff Correspondent

JOHNSON ON KPND Monday (Fri. Friday, 2 p. m.)

HOLLYWOOD—I knew it had to happen sooner or later. It's the letter I've been waiting for. From Portland, Ore., the lady writes: "My husband and I are among the cardy and popcorn offenders at the movies. I'll confess it's a habit of which I am not proud, and one we've developed only in the last five or six years. I didn't even do it as a child. I've been asking myself 'why?'—and the answer is really very simple: Double features and very bad pictures. It's the only way to keep awake."

Short Takes: Dick Haymes is dicker to purchase an interest in the St. Louis Browns. Ida Lupino's best bean, Collier Young, hopes she'll return to Warner Bros.—at least for "Act of Violence," which he wrote with her in mind.

Harold Russell, despite Sam Goldwyn's objections is collecting \$1750 a week on an eastern vaudeville tour. Sam claims it's the breaking the deputy built around him but Russell said "nuts to dignity." Charlotte Greenwood's Los Angeles stage appearance in "I Remember Mama" is the year's best out-of-type casting. After 40 years, Charlotte traded her familiar "So Long Letty" shenanigans for straight dramatics.

MODEL-FOR-A-DAY Gene Tierney worked as a model for a day in New York as a favor to her ex-husband, fashion designer Cieg Cassini. "But," says Gene, "please don't revive those reconciliation rumors."

Switch: Dan Duraya's 7-year-old son, Richard, came home from school, started to cry. "What's wrong?" asked Dan. "Aw," wailed Richard "all the fellas at school were braggin' about the great jobs their fathers have, and when they asked me what you do, I had to tell them you're only an actor."

Hollywood promises usually have the same value as Confederate money. But this promise was kept. In one scene of "The Bishop's Wife," you'll see, among other objects on a table, a small stone bust of a pretty young lady.

It's a statuette with a history that goes back to the time when Henry Koster proposed to Peggy Moran. He was an already famous director. She was a promising young actress. When he asked her to marry him they both knew it would mean her giving up her professional career.

"But if you marry me," Koster promised, "I'll see that you appear in every picture I direct." In every film Koster has directed, Peggy's statue has been seen in at least one scene.

GLAMOR TIPS Frankie Van, the physical director who controls pounds on the glamor gals at the Universal-International studio, has written a book, "Body by Van." It tells you ladies how you can put the right curves in the right places, or get rid of the bumps where you don't want them. I asked Frankie for some tips to pass on to you. Here they are. You won't like 'em.

Don't: Don't diet on your own, but see a doctor. Don't eat that sweet stuff between meals. Don't wear yourself out with exercises once a week. When you exercise use muscle, not just motion. And don't get discouraged. It takes six months, not six days.

Do: On the do side of Frankie's ledger, he says that sensibly, not stuffily. Get out in the fresh air, go to bed early and get up early and get your husband's breakfast. Atta boy, Frankie.

Production and improved services are the only adequate real wages. We can only get more by producing more. —Earl Bunting, president, NAM.

There is no reason to call the entire Congress back. That would add to the crisis by wild maneuvers. —Sen. Millard Tingides (D) of Maryland. (Copyright, 1947)

Common Ground

By R. C. HOLLES

Oranges and Collectivism

The growers who are producing oranges and citrus in California and Arizona are getting a little example of what collective market planning means to the industry.

It is generally believed that the Valencia orange growers in California will have the most unprofitable year in their history. While it is true that we have only had the state of California compulsory pro-rating the sale of oranges in the state for the last few years, we have had a sort of collectivist movement for marketing for many years. The results, of course, has been this many unprofitable groves have been kept in production and in competition with the efficient groves. The efficient groves have to throw away part of their smaller size oranges so that the non-efficient can survive.

I was rather amazed the other day when a friend of mine told me he had a couple of acres of grapefruit over in the desert and that if he were permitted to haul them into another county, he could sell them and make some money on them. As this, he is losing money on the grapefruit.

I remarked this fact to another person and he thought my friend must belong to some fruit exchange which prevents him from directly marketing his fruiting. This is not the case. The California-Arizona agriculture law or prorate, or whatever it is called, only permits producers of grapefruit to sell as much of their fruit as the government board permits.

The same thing applies to oranges since we have the state marketing act. This marketing act is erroneous. It calls for a voluntary agreement. There is nothing voluntary about it. Simply because 60 or 75 per cent of the producers, or acreage, vote for a prorate doesn't make it voluntary. Ninety-nine per cent of the people can not give consent for one individual.

And here we have the orange industry, which has had more cooperative marketing than most any other agricultural product in the country, being the showing losses when the rest of the farm products are making more money than they ever made in their history. It is a nice example of collectivism of government interfering with individual or voluntary marketing.

LICENSE TO SELL REQUIRED An orange grower was in the office complaining about the plight of the citrus industry. He said he had 20 acres and couldn't market his fruit. I asked him if he couldn't take truck loads into Los Angeles and peddle them on the street. He said he would have to get a license. As a grower he would have to have an inspection tag on them and then could only sell the prorate share sanctioned by the state board.

That reminded me of marketing a few strawberries which I had raised some 35 years ago. I took them to town to sell them and no grocery store wanted them. I started down the street to peddle them from house to house. I would knock on each house and ask if they would like to buy some. In most cases the housewife said she didn't want any. Finally one woman who was interested in the strawberries went out to the back porch. She taught me how to sell them. She said to take a couple of boxes to the door and let the people see the berries. I followed her advice and sold them.

In those days one didn't have to have a license to sell things. When there was a surplus, the customer got the benefit of it. There were no combinations of any consequence for restraint of trade. In those days the customer was the boss. He was the judge. Now under the pretense of protecting the customer we have a lot of busy bureaucrats making decisions for the customer as to what he should buy all under the guise of protecting the government grows. That's the way we keep down the standard of living because we get so many non-producers living off of the producers.

Yes, the orange producers are a nice example of the end results of the non-competitive system even by voluntary combinations for restraint of trade or compulsory combinations for restraint of trade as exemplified in the state of California on the sale of citrus.

FRANKIE VAN, the physical director who controls pounds on the glamor gals at the Universal-International studio, has written a book, "Body by Van." It tells you ladies how you can put the right curves in the right places, or get rid of the bumps where you don't want them. I asked Frankie for some tips to pass on to you. Here they are. You won't like 'em.

Do: On the do side of Frankie's ledger, he says that sensibly, not stuffily. Get out in the fresh air, go to bed early and get up early and get your husband's breakfast. Atta boy, Frankie.
