Ridgway Refused Van Fleet's Plan

By WARREN ROGERS JR. WASHINGTON (AP)—The great campaign debate over sending South Koreans into the line to replace American soldiers in Korea mushroomed like an atomic explosion today, billowing out to Tokyo and Paris.

At its vortex, the heat of the word battle brought a White House denial that Gen. James A. Van Fleet is being relieved as Eighth Army commander and, from secret Pentagon files, a mass of data showing:

1. Van Fleet's request that South Korean forces be doubled from 10 to 20 divisions was opposed as premature by Gen. Matthew B. Ridgway, then United Nations commander in Tokyo and now supreme

West States Talk Korea In The UN

UNITED NATIONS, N. Y., Oct. 31 (AP)—Three more Western voices speak out today on Korea in reply to Russian proposals that the U. N. set up a commission to settle the Korean War and supervise the war-devastated country's unification.

Australia, The Netherlands and Greece were listed to speak in the Korean debate in the General Assembly's Political Committee meeting this afternoon.

Britain and France already have backed away at Soviet Foreign Minister Andrei Y. Vishinsky's demand Wednesday that all prisoners of war in Korea be released immediately, whether they want to return to their Communist homelands or not. U. S. Secretary of State Dean Acheson, who also has spoken and introduced a Western-backed resolution on Korea, indicated he planned to answer Vishinsky but he was "not sure just when."

Britain's chief delegate, Selwyn Lloyd, said yesterday the Communist demand would mean sending thousands of North Korean and Chinese prisoners back at bayonet point.

Lloyd was followed yesterday by France's Henri Hoppenot, who asked Vishinsky if he would "join us in our efforts to achieve peace in Korea" in the same way Russia had joined the Allies in the war against fascism.

122 New Wells Start During Past Week

TULSA, Oct. 31 (AP)—A total of 122 new wells were started in Oklahoma during the past week, the same number staked the week before.

The Tulsa World counted 128 completions and of those, 63 were oilers, five gasers, 53 dusters and seven abandoned.

Chinese Retain Triangle Crest Against The UN

By MILO FARNETI SEUL (AP)—United Nations troops struggled toward the crest of Triangle Hill in a cold, slashing rain today after twice losing the vital Korean Central Front position to Chinese human wave assaults. But at nightfall the Chinese still held the crest and the Allied infantrymen pulled back from the close-quarter hand grenade fighting.

Rain clouds cleared. Allied gloom over the loss of Triangle was eased slightly late Friday when about 175 survivors were found of three units cut off on Triangle. Some were badly wounded. Their comrades had made an epic death stand against the crushing Chinese hordes.

AP Correspondent John Randolph reported from the front that Red machine gun fire stalled the second Allied counter-thrust in midafternoon about 150 yards from the muddy crest.

"The assault troops were hoping to find elements of two units that were isolated in the early morning attack and had disappeared behind the Chinese lines," Randolph said.

"An American officer at the scene said that only the utmost heroism of the two isolated units—and by a third unit that was cut up—prevented a breakthrough by the Chinese."

An entire Allied company was trapped on the shell-blasted crest early Friday when 2,000 Reds overwhelmed U. N. troops in the worst setback of the bitter, 18-day sea-

son battle. An Eighth Army spokesman said the company was rescued when the Allies regained Triangle's crest in a drizzling rain at 9:15 a.m.

The drizzle later became a bone-chilling downpour. Allied troops stayed on the height only 45 minutes. They were driven off by fresh waves of Chinese infantrymen and a storm of Communist artillery and mortar fire.

Randolph reported that, shortly thereafter, the U. N. troops began pulling their way back up the southern slopes of Triangle—in the teeth of the artillery barrage and automatic weapons fire.

Although the Chinese artillery was heavy, Allied officers said it seemed to be slackening from the terrific concentrations of the past few days.

"They're going to run out of ammunition sometime," one officer told Randolph. "By God, they better run out of it sometime."

Additional Rangers Due In South Texas

AUSTIN, Oct. 31 (AP)—Additional Texas Rangers will be assigned to four politically turbulent South Texas counties for the general election Nov. 4, Department of Public Safety Director Homer Garrison said today.

The Rangers will go to Starr, Duval, Jim Wells and Zapata Counties. Garrison said the action was taken at the request of "numerous persons" in the area. Capt. Alfred Allee, in charge of the district including those counties, called on Garrison this morning to relay the requests.

The requests for Rangers followed announcement of an organized write-in campaign started last week for two men defeated in the July Democratic primary by candidates backed by political boss George Parr.

Garrison declined to give the number of Rangers assigned. He said the number would be "sufficient." He said a mobile radio communications truck would also be assigned to the area.

The write-in campaign is in behalf of Dist. Judge Sam Reams, Allee, and Mark Heath, Falfurrias, defeated candidate for district attorney. Reams was defeated by C. Woodrow Laughlin, Allee, Heath was defeated by Raeburn Norris, Allee attorney.

Garrison said the additional Rangers would report to Capt. Allee Monday morning and would remain on duty as long as there appeared to be any need for them. In addition to the rangers, efforts are also being made to secure poll supervisors in Duval County. J. L. McDonald, a member of the anti-Parr Freedom Party, has been seeking signatures of state candidates here on an application for the poll supervisors.

Gov. Shivers signed the application last week but it could not be learned if the additional four signatures necessary had yet been acquired. McDonald's wife told The Associated Press her husband was trying "to avoid" newspapermen.

The Fashion Hall of Fame has decided that Virginia Mayo is the Hollywood film star who "best typifies the qualities that make up American glamour." The Hall's judges decided, therefore, that she should be tagged as "Hollywood's Fire and Ice Girl." Chest Money Continues To Trickle In

A thin trickle of contributions continued to pour into Howard County's Community Chest today as campaign officials appeared confident they will reach their goal in the next few days.

Latest contributions haven't been tabulated, but the drive two days ago was only about \$5,000 short of the goal. Chairman Elmo Wasson again expressed satisfaction with the manner in which workers are pushing to complete their assignments.

All prospect cards will be worked before the campaign is completed he said. Goal of the drive is \$49,952. Already raised is slightly more than \$44,000.

Republican Seeking Hutchinson Co. Post For The First Time

BORGER, Oct. 31 (AP)—A Republican is seeking office in Hutchinson County for the first time. Blandford W. Spearman is campaigning vigorously for county commissioner from Precinct 2, which includes Borger and more than 80 per cent of the county's 35,000 population.

He opposes A. A. Bullard, Democrat who unseated long-time commissioner Fritz Thompson in the second Democratic Primary this summer.

Spearman is a former hotel owner. Bullard is a barber.

Westbrook Case Probe Underway As Storm Raises

By WARREN ROGERS JR. WASHINGTON (AP)—A "top-to-bottom" investigation was underway today into a government deal to buy nine million dollars of tungsten, already the center of a political storm causing furor words on both sides of the Atlantic.

Defense Materials Administrator Jess Larson—who signed the contract and then canceled it as chief buyer of critical goods for the government—told a news conference yesterday he is heading the investigation.

Larsen said one thing he wants cleared up is why he was not given an unsigned letter-contract which disclosed that the tungsten deal involved a 5 per cent fee to three men.

One of the three, Col. Lawrence Westbrook, was fired Wednesday night as a Democratic National Committee official. Democratic Chairman Stephen A. Mitchell ordered the dismissal after a New York Herald Tribune story called the case "the biggest 5 per cent deal ever exposed in Washington."

Larsen said he has found no evidence thus far of "wrongdoing or influence" in his agencies in connection with the contract for tungsten, a scarce metal used in steel production. He said he will publish all findings and, if they appear to be wrongdoing, will refer it to the Justice Department.

Westbrook, a research and development engineer and former Army man, had been the Democratic committee's liaison with members of Congress since last Jan. 5. Recently he had been working in the Texas state campaign for the Democratic national ticket.

Westbrook told the Herald Tribune from Dallas he had done nothing wrong. He blamed the contract cancellation on an international group which he said wanted to sell strategic materials to the United States at a higher price than his client, a Portuguese firm called Companhia Atlantica.

One member of this rival group, Westbrook said, was Brig. Gen. Tom B. Wilson, European director of the Defense Materials Procurement Agency headed by Larson.

In London, Wilson issued a statement last night saying Westbrook "has talked himself into a law suit." The statement said in part: "I have been informed that I have been mentioned in a statement given to the American press by an individual named Westbrook as having been associated with an 'international gang' formed for the purpose of electing Gen. Eisenhower."

Today Is Deadline For Vote Transfers

Today is the deadline for Howard County voters to transfer from one precinct to another. Persons who have moved from one precinct to another since they paid their poll taxes must obtain transfers in order to vote in the proper precinct at the general election next Tuesday.

The transfers are required by today, so that the tax office can make necessary corrections on the poll lists before they are distributed to the election judges.

Ike Lashes Back At Dem 'Smears'

By RELMAN MORIN

EN ROUTE WITH EISENHOWER (AP)—Gen Dwight D. Eisenhower headed for Chicago by plane today after three hard-driving days in New York where he said, in a climactic speech, the Democrats are trying to destroy him with a super-smear.

"They have made wild charges spread vile rumors, and played fast and loose with the truth," he said.

"They are determined to destroy me; to destroy my life-long friendship, my reputation, my spirit."

"This has been some campaign! It has been shocking."

Eisenhower hurled these charges last night at a rip-roaring GOP rally in Madison Square Garden.

The Democrats turned their fire on him, personally, Eisenhower said, when they failed to prevent the unification he claims has taken place in the Republican party. He said he wasn't greatly perturbed on any personal basis.

Recalling that the late Nazi propagandists, Joseph Goebbels and Julius Streicher, and more recently, the Russian "poison pen

Rebels Quit Before Appeal By Adlai

By DON WHITEHEAD

CHESTER, Ill., Oct. 31 (AP)—Convicts ended their four-day rebellion at Menard State Prison today and released their seven hostages before Gov. Adlai Stevenson carried out plans for making a personal appeal to them.

The rebel convicts capitulated after an ultimatum was delivered by Michael Seyffrit, state director of public safety.

Seyffrit told the insurgents, who had been bottled up in the prison's east cell block since Monday, that unless they surrendered, heavily-armed state troopers would cut through the cell house doors with torches and "use whatever force is necessary to restore order."

After releasing their hostages, the 339 convicts marched back to their cells. Just before this, a loudspeaker had been set up in the prison yard and Gov. Stevenson was expected to issue an appeal or an ultimatum to the convicts.

The Democratic nominee had broken off his campaign tour in the East to rush here by train and automobile.

Before the convicts capitulated, the heavily-armed state troopers manned to the north and south entrances to the cell house.

An unidentified state police captain shouted a demand for an immediate release of the hostages. Otherwise, he said, the troopers would move in "and it won't be funny if we come in."

Two gunshots were heard. They apparently were fired as warnings. The police captain shouted "Bring the keys down here."

"Wait a minute," a convict replied from the cell house. "Get them down here now," the captain demanded. "We're not waiting."

Newsmen watched from a high, rocky bluff which serves as part of the prison wall. From that distance, Stevenson could not be distinguished but he was presumed to be in the prison yard at the time of the convicts' surrender.

The first of the hostages to emerge from the cell house were Lt. Loren Stewart, 55, and Guard William Blythe, 57.

Although the guard hostages had been without food for nearly five days, they appeared to be unharmed. They were taken to the prison hospital.

However, Stewart and Blythe were so weak they had to be assisted as they walked from the cell house.

In voicing his ultimatum, Seyffrit made no mention that Stevenson was present. State police expressed belief they knew the governor had arrived on the scene.

Some of the rebel convicts had radio headsets, which were in operation.

Stevenson flew into Scott Air Force Base field from Pittsburgh, arriving a 2:45 a. m. (CST) after a three-hour flight. He was rushed 52 miles by automobile at 60 miles an hour to the old prison which stood gray and forbidding in a pre-dawn fog.

Floodlights lit up the buildings of the penitentiary established about 80 years ago—and which Stevenson once called "the sinkhole" and "a terrible place."

Lt. Gov. Sherwood Dixon met the governor at the airport and rode with him to the prison where they went into conference immediately with Warden Jerome E. Munie. The governor was smiling as he strode to the conference in the administration building.

Stevenson went into a huddle with Dixon and Munie; Michael Seyffrit, public safety director; Frank Trapp, superintendent of prisons, and Joseph D. Lohman, chairman of the State Parole Board.

Police Chief E. W. York today joined Mayor G. W. Dabney in urging Big Spring youngsters to have their halloween fun—but not at someone else's expense. The chief appealed for celebrants to refrain from destroying or mutilating property.

Both the mayor and the police chief expressed appreciation for the way Halloween has been observed here in the past—with a minimum of property damage.

IN TAFT'S STATE

Truman Raps Ike On Korean Issue

By ED CREAUGH

ABOARD TRUMAN TRAIN IN OHIO, Oct. 31 (AP)—President Truman today accused Gen. Dwight D. Eisenhower of making a reckless and cynical attempt to get votes by dividing the nation over the Korean issue.

The President said Eisenhower, Republican candidate for President, played a major role in shaping the very foreign policy which the general now is condemning.

After repeating a previous statement that Eisenhower recommended the withdrawal of U. S. troops from Korea, a step Eisenhower has described as tragically wrong, the President said:

"He's been trying to squirm out of that one ever since. 'He even went so far . . . as to deliberately misquote and falsify the record.'"

"That was a cheap trick that he must have learned from his new gutter playmate and political ally, Joe McCarthy."

"The dollar is not worth as much as it used to be," Truman said, "but people have a lot more of them than they ever had under any Republican administration."

The President's campaign special moved deep into the heart of Sen. Robert A. Taft country today. He was a little tired, a little hoarse after five weeks of stamping the nation for Adlai Stevenson. But he had plenty of ammunition stored up for Ohio—home state of his favorite political enemy, Republican Sen. Robert A. Taft.

Truman established something of a record last night. He got through a whole half-hour speech, to a wildly applauding but less than

capacity audience in Detroit, without so much as mentioning Taft by name.

The President tucked in, toward the end of his address, a hands-off declaration. He said the next Democratic administration, if the voters elect one next Tuesday, won't be beholden to the men or the policies of Truman's own Fair Deal.

"Gov. Stevenson," the President said crisply, "has made no commitments whatsoever to me, and I have not asked for any. You can be sure that, in the presidency, his men and his ideas will be his own."

Police and fire officials agreed that there were about 2,000 vacant seats in the Michigan State Fair Coliseum, which seats 8,200, when Truman replied to GOP charges that Stevenson would only continue present administration policies.

If the President was on the defensive here, it was only for the moment.

His Detroit speech added up to a firm, even fervent expression of faith in what he regards as the three main accomplishments of his almost eight years in the White House—progress toward peace, general prosperity and civil rights for everybody.

# Fighting Men Don't Hear Much Politics

By OLEN CLEMENTS  
 TOKYO, (U.P.)—The U. S. presidential candidates are talking quite a bit about the Korean War and the frontline soldier—but the American fighting man seldom gets to hear or read much of it.

Many troops in the lines have never heard the voices of the nominees—Republican Dwight Eisenhower and Democrat Adlai Stevenson. And many have not read much of what they have said.

Despite thorough coverage of the campaign by the Armed Services Radio and its network of stations in Korea, Marines and infantrymen haven't had a chance to hear it. There are few radios at the front.

Airmen in rear area fields and sailors are better posted. There is about one radio to every 20 men in rear areas.

Associated Press correspondents noticed only lukewarm interest in

the election by most fighting men, some of whom are too young to vote.

However, the correspondents noted an increase in the number of election bets in the last two weeks.

Most of those who will vote have cast their absentee ballots and returned to their war chores. Many learned of the issues through letters and newspaper clippings sent from home.

The Army radio has urged all servicemen to vote.

The Army newspaper, Stars and Stripes, has printed equal stories and liberally used most of the statements of both candidates. But the newspaper usually arrives at a division headquarters in Korea three to four days after it is published in Tokyo and Korea. And it takes more time to get the newspaper to the fighting troops.

Some of the more controversial issues have been missing from the newspaper's columns—notably a letter attributed to Gen. James A. Van Fleet which said the South Korean Army is in "apple pie order," and should be used more to replace American troops. The letter was released by Gen. Eisenhower. There was no mention of it in Stars and Stripes on the day the general released it.

News of the campaigns also reach servicemen through American magazines, such as Time, Newsweek and the Reader's Digest, which have good circulation in Japan and Korea.

BILLY DEE FOSTER

## Men In Service

Billy Dee Foster, who observed his 21st birthday anniversary today (Tuesday), is taking his basic training in the US Army at Fort Bliss in El Paso. He has yet to be assigned.

He is the son of Mrs. R. M. Bain, Rt. 2, Box 52.

Sgt. Arnold A. Fields, son of Mr. and Mrs. J. L. Fields, 506 Young Street, recently spent five days in Japan on a rest and recuperation leave from the 2nd Infantry Division in Korea.

He is now reported back on the front line. Fields is sergeant major in the 2nd Engineer Combat Battalion. He entered the Army in July, 1952. The vacation was part of the Army's policy to give periodic rests to soldiers in combat.

## Midnight Film For Halloween Slated Tonight

A scare-adventure has been scheduled for midnight showing at the Ritz Theatre tonight. It is "The Black Castle," with Stephen McNally, Richard Greene and Paula Corday.

J. Y. Robb, owner and manager, stated that the box office would open at 11 p.m. In case there is an overflow crowd, the picture will also be shown at the State Theatre.

The midnight showing has been set as a Halloween celebration, Robb said. Universal-International has released it for midnight engagements all over the country. General national release will come in December.

McNally plays an Austrian count who plots secret deaths for his adversaries in his medieval castle. Greene is a young adventurer seeking to expose McNally.

Greene obtains an invitation to the castle and finds mysterious passages, dungeons, alligator moats, a caged leopard, and an odd assortment of people. Boris Karloff and Lon Chaney, Jr., both horror experts, are among the people in the castle.

Intrigue, sword play and love all have their places in the movie. Use is even made of a drug which is supposed to make the taker appear dead for 10 hours.

## DRY WINTER IN DUSTY ARABIA FACES OILMEN

LONDON, Oct. 30 (U.P.)—Diplomats and oilmen in dusty Saudi Arabia face a dry winter. British sources said today the government there has banned import of any alcoholic liquor—even by diplomatic missions.

The dry law is expected to affect in particular some 4,000 American and European employees of the giant Arabian American Oil Co. who find tall drinks almost a necessity in the kingdom's hot arid climate. Oil officials are reported worried that many of their skilled technicians may quit if prohibition stays.

# 32 California Electoral Votes Continue To Remain In Doubt

(EDITOR'S NOTE: This is the fourth in a series of stories about the "Big Six" states—New York, Pennsylvania, California, Illinois, Ohio and Texas—which have more than one-third of all the electoral votes in the country.)

By MORRIS LANDSBERG

SACRAMENTO, Calif. (U.P.)—The presidential campaign is blazing right down to the finish with a vigor never before equalled in California.

Spurring both parties on, there's an element of doubt on how the state's six million voters will go. Nobody is taking the election for granted—not with 32 big electoral votes at stake. Second only to New York's 45, it may well be one of the pivotal blocs of the 266 needed for national victory.

The California outcome looks close. Gen. Dwight D. Eisenhower, the Republican nominee, has been rated a slight edge by a state-wide newspaper poll and independent surveys.

Offsetting this somewhat, Democratic leaders declare—and some political writers agree—that there has been a late trend toward Gov. Adlai Stevenson of Illinois. Whether the shift is enough to overtake Eisenhower is now a question of intense speculation.

Republican strategists, aware of

the 856,955 Democratic lead in voter registration, are depending on two of the state's best vote-getters, Sen. Richard M. Nixon, Eisenhower's running mate, and popular Republican Gov. Earl Warren, to throw back any surge to Stevenson.

California has gone to the Democrats in every presidential election since 1932—but by dwindling majorities since 1936. President Roosevelt won by 476,000 votes in 1932, 930,000 in 1936, 526,000 in 1940, 476,000 in 1944. President Truman captured the state by a scant 17,865 in 1948.

Republicans say they are not alarmed by the voter registration showing 3,312,668 Democrats to 2,455,713 Republicans, nor by predictions for a turnout Tuesday as high as 90 per cent.

They feel the combination of Eisenhower's personal appeal and the desire for a change in Washington will back the Democratic ranks. Warren, in gaining three terms as governor, has shown it can be done. So have others.

California editors established Eisenhower as the favorite to carry the state in a mid-October survey of The Associated Press. They agreed generally it's likely to be

close. The editors in a September survey concluded the outcome was doubtful. Composite opinion of the second poll split the anticipated major party vote 52-48 per cent for Eisenhower.

Eisenhower campaigned through the state once and Stevenson twice. Both drew big and enthusiastic crowds.

Stevenson supporters were cheered by a Democratic registration gain of 50,000 since June and the prospect of a heavy vote. What they didn't mention was a 127,097 drop in their lead over the Republicans since 1948.

Republicans are not overlooking GOP Sen. William F. Knowland's re-election victory in the primaries—possible under the state's unique cross-filing law. Knowland, a strong critic of President Truman, amassed over a million Republican votes and 966,000 Democratic to gain both nominations.

The Democrats long have had the bulge in registration. But Republicans hold all but one major state office, both seats in the U. S. Senate and 13 of the 23 in the House.

On election night, both sides will look foremost for returns from Los Angeles County, with 42 per cent

of the state-wide registration. A majority of editors from the area estimated in the AP's mid-October survey that Eisenhower would carry the county. There was disagreement, however.

Editors on two of the largest newspapers, both supporting Eisenhower, figured Stevenson would win in Los Angeles.

The volcano Solfatara, a small one at Pozzuoli near Naples, has not erupted since the year 1198, says the National Geographic Society.

# Last Of Carnivals Scheduled Tonight

Five grade schools and Howard County Junior College will stage Halloween carnivals tonight at the schools.

The college festivities will take place at four points around the campus, beginning with a movie, "The Man In The Iron Mask," at 6 p.m. in the auditorium. The next event, the basketball free throw contest will be held in the gym. Anyone is eligible to enter. Prizes of \$5, \$2.50 and \$1 will be given.

Each of the campus clubs is entering a contestant in the apple dunking contest to be held in the

# Sorority Has Ceremony For 3 Pledges

Bo Bowen, president, and Margaret Allen, vice president, were in charge of the candlelight pledge ceremony of the Alpha Chi chapter of Epsilon Sigma Alpha given in the home of Mrs. Darrell Webb Thursday evening.

Receiving pledge pins were Ann Blankenship, Mrs. John Nobles and Mrs. Bascom Reagan. Dorothy Grantz, another pledge, was unable to attend and the ceremony for her will be given later.

Following the service, a covered dish buffet supper was served from a lace laid table centered with an arrangement of queen's wreath. A bouquet of red roses was the focal point of the living room.

Games were played and husbands were special guests. Twenty-two attended.

# 'Heidi' To Be Presented Here Tuesday

When the "Heidi" company of the Clara Tree Major Children's Theatre comes to Big Spring's City Auditorium Tuesday at 7 p.m., they will bring a scenic production that will give an accurate background of the locale of the story, the Alp country of Switzerland.

This country is known the world over for its beauty, but it is only recently that its possibilities as a health resort has been realized.

An incident in the play brings this out. Heidi's friend, Clara, was an invalid until her doctor insisted that she join Heidi in her Alpine home, trusting that she might find a cure. The child's recovery was almost immediate.

Tickets for Tuesday evening's performance of "Heidi," the first of three Clara Tree Major plays to be sponsored by the local branch of the American Association of University Women, are on sale through the offices of local school principals. Season tickets are \$1.50.

The other plays to be presented are "Snow White" and "King Midas."

# SS Class Meets In Fred Polacek Home Thursday Evening

With Mrs. Maple Avery giving the devotional, members of the Faithful Workers Class of the E. 4th Baptist Church met in the home of Mrs. Fred Polacek, 103 NE 12th, Thursday evening.

Wilrena Richbourg was co-hostess.

Mrs. O. B. Warren gave the invocation and Mrs. Polacek presided in the absence of the president. Mrs. Maple Avery gave the devotional.

Mrs. Willie Fulmer was elected personal mistress and Mrs. Foster Shirley, stewardship vice president, during the meeting.

Secret pal gifts were exchanged. Refreshments were served to 12 including Janice Avery and Ruth Dyer, guests.

# Here Is Undercover Story On New Look

With the middy silhouette so important in the Fall '52 fashion picture, fashion authorities stress the necessity of corresponding figure control.

The high top skirt which is built up high in front—two to four inches above the waistline—is the best type of foundation for the middy line.

Full-length corsets with strong control over the hips and sturdy but flexible control over the waistline are also advised.

Most middy styles require foundations with rigid paneling over the hips as this slim hip line is part of the "middy look."

Fashion experts stress, above all, the smooth, elongated torso as the effect most desired with this Fall's middy fashions.

Garlic presses are news these days. Place the whole garlic clove in the press, squeeze the handle, and get a creamy paste that blends easily with other foods.

MR. AND MRS. WADE SHANKS

# Mr. And Mrs. Shanks Are On Wedding Trip

Mr. and Mrs. Wade Shanks are on a wedding trip to South Texas following their marriage Saturday in the home of the bride's parents.

The bride is the former Dorothy Edna Christian, daughter of Mr. and Mrs. Lewis Christian, 1000 Birdwell Lane. Mr. and Mrs. G. C. Shanks of Knott are parents of the bridegroom.

The Rev. Maple Avery, pastor of the E. 4th Baptist Church, performed the informal, double ring ceremony before an archway enlivened with greenery and flanked by baskets of white gladioli.

Mrs. H. M. Jarratt, pianist, played the traditional wedding marches. She also accompanied Shirley Riddle who sang "I Love You Truly," "Always," and at the close of the ceremony, "The Wedding Prayer."

Given in marriage by her father, the bride wore a white faille suit with a white satin hat and black accessories and a purple orchid corsage.

In carrying out the bridal tradition, she wore her mother's engagement ring as something old, her suit was new; she wore a pair of white garters, belonging to the maid of honor, as something borrowed; she carried a blue handkerchief, belonging to her aunt, Esther Montgomery, and wore a penny in her shoe for luck. She wore rhinestone earrings, a gift of the bridegroom.

Mary Felts was the bride's only attendant. She was attired in a blue faille suit with black accessories and an orchid corsage.

Allen Christian, brother of the bride, served as best man.

Jimmy Shanks, sister of the bridegroom, attired in a brown faille dress, lighted the candles.

Mrs. Shanks is a graduate of Big Spring High School and Howard County Junior College. Her husband attended Knott High School and is employed by the Seven-Up bottling Co.

Upon their return from their wedding trip, the couple will make their home at 1602 Young.

At the reception held, immediately following the ceremony, the couple was assisted in receiving the guests by their parents and Mrs. Byron Neel, Mr. and Mrs. Verlin Knoss and Mr. and Mrs. James E. Felts.

The refreshment table, laid with a white cloth and black linens, was centered with an arrangement of white roses.

Janet Neel served the three-tiered wedding cake and Lois Reagan poured punch.

Marilyn Carpenter presided at the guest register.

Out-of-town guests for the wedding included Mrs. L. L. Montgomery, grandmother of the bride, Esther Montgomery and Virgie Christian, aunts of the bride, all of Lubbock and other relatives from Odessa and Knott.

Do not make a habit out of a misfortune. Rise above it. The sun will shine again tomorrow. "I am a woman of a sorrowful spirit." — I Sam. 1:15.

You Get Rid Of The Bedbugs By Destroying The Mattress

A great many voters, we suspect, have gone along with the Stevenson campaign in the fond hope that it represented what was the old-time Democratic philosophy that people's rights are paramount. They have hoped, we think, that the election of Stevenson would bring some sort of a change from Truman.

himself was the key to the campaign. He has been the boss. Mr. Stevenson, erudite and well-poised as he is, has not seen fit to alter the script in any way. He has taken the Truman line on the tidelands, on the FEPC, on the farm program, on public money-spending projects, on government-in-business doctrines, on international affairs, on the Korean tragedy.

La Femme May Be More Rugged, But She Also Takes Care Of Herself

A medical columnist advises that if you want to live long you should arrange to be born a girl. Women, he says, are not the frail vessels some men imagine, but except in a muscular sense women are really the rugged sex.

Women will go to bed and stay there as long as necessary to recover from an illness. Putting the average man to bed with an ailment calls for a major campaign. He frets and fidgets, he cries aloud that it's like being in jail with a leg broke. He gags over his medicine, and he calls for a steak when a light diet is prescribed.

Gallup Poll

Stevenson Trend Continues, But Ike Continues To Hold Slim Lead

PRINCETON, N. J., Oct. 31—The Institute's semi-final survey of a representative sample of the nation's voters, completed just prior to Eisenhower's dramatic "I shall go to Korea" announcement, shows the following highlights on the '52 presidential race:

1—The trend toward Stevenson of recent weeks has continued. Although Eisenhower still holds a popular vote lead, the gap between the candidates has narrowed. With undecided voters taken into account on a 2-to-1 ratio in favor of the Democrats—one of several possible ways of allocation—the semi-final candidate preference figures are:

Table with 2 columns: Candidate, Percentage. Eisenhower 48%, Stevenson 42%, Undecided 10%.

2—Republican hopes still must rest largely upon Eisenhower's personal popularity. Today's survey shows the G.O.P. has lost the lead it held over the Democratic party earlier in the campaign.

3—Previous Gallup Poll figures for such important states as Ohio, Michigan, Pennsylvania and California, must be revised downward for Eisenhower and upward for Stevenson.

4—A total of 13 per cent of all voters say they are still undecided. Assuming a total turnout of about 55 million on Election day, this would mean that more than 7 million voters have not come to a final decision or are unwilling to reveal their choice.

popular votes, elect a President. Whichever candidate gets the edge in such doubtful states as New York, Illinois, Michigan, Massachusetts, California, Texas, etc. can win with an electoral vote landslide, regardless of the popular vote.

1. CANDIDATE PREFERENCE The standard question put by poll takers through the years deals with candidate preference. Results of this poll are as follows:

Table with 2 columns: Candidate, Percentage. Eisenhower 47%, Stevenson 39%, Undecided 13%.

2. PARTY PREFERENCE This year, for the first time, the Institute is testing a new procedure designed to measure political sentiment solely on the basis of party loyalty.

Table with 2 columns: Party, Percentage. Democratic 41%, Republican 44%, Undecided 14%.

3. PARTY PREFERENCE This year, for the first time, the Institute is testing a new procedure designed to measure political sentiment solely on the basis of party loyalty.

Lot Of Businessmen Anxiously Await Decision On Who Will Be In Congress

NEW YORK, Oct. 30 (AP)—What's going to happen to business if Gov. Stevenson wins? If Gen. Eisenhower wins? Businessmen are vitally interested in which one will be in the White House next year. But a lot of businessmen say they are even more anxious to know the make-up of the next Congress—not only which party will have a majority in each house, but (more important) what coalitions can be formed among blocs within parties to vote on the questions in which business has the greatest stake.

Inflation: Many businessmen believe inflation is now on its last legs and is due to expire sometime next year. They feel that the big build-up in industrial capacity means sharper competition—with prices held down and perhaps forced lower.

Interested just now not only in the long-term effects of the election on business but especially on what is going to happen to the stock market next week. Many traders are on the sidelines now. They remember that after the Truman election in 1948 there was a sharp break. Others point out that there is a difference this time. In 1948 stock prices had been pushed up before the election on expectations of a Dewey victory.

Mama Wants Muchachos To Become Bull Fighters

MADRID, Oct. 31 (AP)—Few American mothers want their sons to grow up to be prize fighters. But in Spain many mothers—particularly among the poor—fondly hope their little muchachos end up in the bull ring.

That is one of the great dreams of Spanish poor children. The dream is even stronger in recent years than in the past as the "take-home pay" of the matador has soared tremendously. A dozen years or so ago the leading bull slasher might get only a thousand dollars for an engagement— which sounds like nice money, don't you think?

The bull must be skewered in 15 days to please the crowds. To the fans, bull fighting is more an art form, like painting or sculpturing, than it is a science.

There are three schools in Spain which for a total fee of a hundred pesetas—about \$2.50—will give a student a certificate entitling him to fight in any bull ring in this country. But the problem of these embryo fighters then is to find a promoter willing to gamble a good bull on him.

It also has to be fast, colorful and neat. The crowd whistles, a ragged or cowardly performance on the part of either man or bull—the Spanish equivalent of the Bronx cheer.

This Day In Texas

By CURTIS BISHOP

Texas newspapers were frantically assuring their readers on this day in 1938 that the American people were not menaced by invaders from Mars.

Radio and police stations, newspaper offices and fire departments had experienced a busy night; telephones rang constantly. Morning newspapers made black type out of the hysteria, more frantic in some sections of the nation but also demonstrative in Texas.

'Slight Delays' At Terminals Irritate Users Of Airlines

No question about it, if you want to go from here to there and back in a hurry the airlines are your dish. You can make Philadelphia to Louisville, for instance, in four hours, as against roughly 18 hours by train. But you have to make sacrifices. Your time's not your own, it's the airline's.

slight delay due to ramp congestion." The plane waited, its motors idling. Soon it was not a question of getting in some telephone calls, but of making the Louisville plane. Finally, two planes moved out, his plane moved into the unloading area, off he got and made his plane—just—and arrived at Louisville feeling that all's well with the airlines after all. Yes, he'd been irritated. He hadn't been able to do all he planned. But he was where he wanted to be in four hours ahead of 18.

Average Age Of Presidents 54

The other day I talked a little about politics with two 11-year-old girls, Mimi and Kathy. They spoke of a time when they had become mixed up about the name of an American president.

The next day, his flight was due to depart at 3:30 p.m., and, wise anew in the way of airlines, he checked two hours ahead of time. That same phrase again—"Slight delay." The flight would leave at 4 o'clock. Just time for a nap, he thought. And when he awoke in ample time to dress and reach the airport by 4, he called again. There might be another "slight delay."

Those children were tiny tots when Franklin D. Roosevelt died seven and a half years ago.

Watermelon Fizzles LEWISTOWN, Mont. (AP)—Watermelon growers in Georgia needn't worry about competition from Montana.

Only two pairs of American presidents with the same family name have held office. John Adams, the second president, was the father of John Quincy Adams, the sixth president. Theodore Roosevelt and Franklin D. Roosevelt were distant cousins.

Watermelon growers in Georgia needn't worry about competition from Montana. Loyal Viers spent the summer carefully cultivating a watermelon plant. The first frost of the fall froze his melon just when it got as big as a good-sized orange.

The average age of American presidents, at the time of taking office, has been 54 years; the average of the past 10 presidents has been 53 years.

Some countries (Great Britain and Australia, for example) have better voting records than the United States, in regard to the number of ballots cast in proportion to the number of possible voters. A special drive has been made this year to bring out a greater number of voters, and the goal of 63 million votes for president has been set.

It seems to me that such a number is far too large to expect. If I were guessing, my guess would be about 54 million. But we must wait to learn the actual facts.

## More Witnesses To Be Heard In Shipments Probe

By **TEX EASLEY**  
WASHINGTON, Oct. 31.—Federal district court officials said today two or three more witnesses remain to be heard by a grand jury investigating possible fraud in the routing of Army shipments through the Port of Orange, Tex. While no appearance dates have yet been fixed, court attaches said they may be called to testify some time next week and the jury possibly may act in the case by the middle of November.

One of the witnesses expected yet to testify is James P. Kerr, wartime director of the Port of Orange. A Senate Armed Services Preparedness Subcommittee said in a report April 1, 1951, that the port authority paid \$4,500 to a civilian employee of the Army who decided through which ports defense shipments were to move. The report named him as Harold F. Dowell, former chief of the port control unit of the Army Transportation Office.

Assistant U. S. Dist. Atty. William Becker, in charge of grand jury investigations, told a reporter a subpoena had been issued for Kerr to testify earlier this week. It was not served because Kerr had moved from Orange to Houston.

Becker said two other individuals are expected to testify in the case, but he declined to name them.

Dowell testified at a closed-door session of the grand jury yesterday. Another witness during the day was Emmett Morrison, a representative of shipping interests. Both Dowell and Morrison live in Washington.

The grand jury is studying the case, Becker said, to learn why the Port of Orange had paid money to Dowell and whether there was anything illegal in the transaction. The probe specifically is being conducted to determine whether there was a violation of statutes prohibiting bribery.

## Dr. T. V. Neel Speaks Tonight

Final formal activity of the presidential campaign on the local front comes Monday night, with the appearance here of Dr. T. V. Neel of San Antonio, to speak in behalf of General Eisenhower.

Dr. Neel will speak at the Municipal Auditorium at 8 p. m. It was announced by Doug Orme, chairman of the local Democrats for Eisenhower. Orme said that Pat Bullock of Colorado City, state senator from this district, will introduce Dr. Neel.

Dr. Neel has been active in the Baptist denomination in the South for years, is noted as an outstanding orator. He was at one time president of Howard College, Birmingham, Ala., later was an organizational worker with the Baptists in Texas. He is now retired from active ministry, but carries on a crusade for morality in government. It will be that theme which he stresses in his talk here Monday night.

Orme said the entire public, regardless of political affiliation, is invited to hear Dr. Neel. "We feel that he will have the type of message of interest for all Americans," Orme said.

## Negro To Die Dec. 2 For Palestine Murder

PALESTINE, Oct. 31.—Alton Paris, Anderson County Negro, is under sentence to die in the electric chair, Dec. 2, for the slaying of Gus Engelking.

Engelking, a biologist for the Texas Game and Fish Commission, was shot to death last December and his body later found under a log in a swamp.

Paris was brought here yesterday for sentencing after the U. S. Supreme Court last week denied a hearing on his appeal.

Paris, who has been in the penitentiary at Huntsville, exclaimed over and over yesterday, "Lord help us," and maintained his innocence.

## Deputies Seek Escapee In The Trinity Bottoms

DALLAS, Oct. 31.—Eight squads of sheriff's deputies searched Trinity River bottoms and other out-of-the-way places today in a manhunt for a 20-year-old youth who escaped the Dallas County Jail last night.

The escapee is William Thomas O'Brien alias William Thomas Allen, a federal prisoner held on Dyer Act charges.

O'Brien a Chicago resident when he is not in jail, escaped in much the same manner used by "Uncle Robert" Johnson executed killer of Dallas Radio Patrolman Johnnie Sides.

Barefooted O'Brien slipped from his solitary confinement cell and slid down an improvised rope of torn blankets and mattress cover material. He lowered himself with 22 feet of the ground by that device and then dropped to the concrete.

Jail employees who rushed to his cell said they saw the alleged car thief fall in the street and then slip out of sight toward some railroad yards which adjoin the rugged Trinity River bottoms.

Early last night more than a hundred men joined in the manhunt for O'Brien whom police said once served a term in the Illinois Penitentiary for armed robbery and burglary.

Police said the youthful felon left a note asking Federal Bureau of Investigation agents to send the contents of his billfold and a rosary to his sister.

Officers here caught O'Brien and two other Chicago youths about nine days ago after a chase. They were in a stolen car.

## Timberlands Burning As No Rain In Sight

By **The Associated Press**

A mass of dry air covered the eastern half of the nation again Friday, indicating no immediate rain to halt the ever spreading fires which are burning over millions of acres of wooded areas.

The damage from the flames which have whipped over rich timberlands in more than a score of states mounted into the millions of dollars. The situation in some areas was serious. Flames from grassland and brush fires were reported in several cities.

Heavy palls of smoke were reported over many areas in the fire belt, resulting in widespread reduction of visibility. Much of Oklahoma was covered with a haze of smoke and dust Thursday, cutting visibility to four miles in some areas.

The Weather Bureau had no immediate hope of a heavy general rainfall over the fire-stricken regions. Many states have had only little rain in the last two months. The only rainfall reported early today was in the western part of the country—light showers in Montana, Idaho, Oregon and Washington. No serious fires have been reported in western states.

Damage from the fires in several states were estimated at more than a million dollars each, with Louisiana reporting damages to forests at two million. The worst fires in history have swept Tennessee woodlands and officials have not estimated the damage. In Illinois, Indiana and Mississippi, the damage soared to an estimated one million dollars in each state, with fires still raging.

In Missouri, Gov. Forrest Smith said the situation in some areas was critical. Several farm houses were destroyed near Clinton, Thursday when a field fire roared out of control. In Joplin, a grass fire spread across two square miles, destroying several homes and other buildings. It was brought under control after threatening 50 homes. Smith said the damage from the blazes would run into the millions.

A wind-fanned fire blackened an

## Deadline Saturday For Collegians To Take Draft Exams

AUSTIN, Oct. 31.—Lt. Col. Morris S. Schwartz, deputy state Selective Service director, today issued a last reminder to college students that the deadline for application to take the December draft college qualification test is Saturday.

"No applications will be accepted that are mailed after November 1," Col. Schwartz said. "Applications for the Dec. 4 test must be

postmarked no later than midnight, Saturday, Nov. 1, 1952."

Students may secure application forms and bulletins of information which tell how to fill out the forms from any local Selective Service board in the state. They also can secure self-addressed envelopes in which to mail applications from the same source.

Draft boards are closed on Saturdays and Sundays, so application blanks may be picked up personally by students not later than Friday.

To be eligible to apply for taking the test, a student must (1) intend to request deferment as a student in writing directly to his

### Jesus' Power and Human Needs

HE WORKED MIRACLES OF CLEANSING AND HEALING

Scripture—Matthew 8.

By NEWMAN CAMPBELL

OUR LAST three lessons have been about Jesus' teachings in His Sermon on the Mount. In this lesson He had descended from the mount and begun His work of healing those who were ill of various diseases or possessed of evil spirits.

We today talk of "modern miracles," and there are many of them—telephone, telegraph, radio, television, the motion picture and automobile—which would not only have surprised, but terrified, people of Jesus' day if they could have seen or heard them.

There are so many more marvelous inventions that could be named, in fact, it rather frightens us to realize how far we have come from those seemingly primitive times.

Can we control what we call our "conveniences"? or will they destroy us? Thousands of people have been killed by automobiles; millions by other modern inventions which might have blessed us but have been used to destroy human life.

The Sermon on the Mount was ended and Jesus came down, fol-

lowed by many of those who had been listening to Him. "And, behold, there came a leper and worshipped Him, saying, Lord, if Thou wilt, Thou canst make me clean."

No one was allowed to touch a leper for fear of contagion, but our Lord put out His hand and touched the man, saying, "I will; be thou clean. And immediately his leprosy was cleansed."

When Jesus was entering Capernaum, a centurion (a Roman captain of 100 men), beseeched Him, saying that his servant was lying at home sick with the palsy and grievously tormented. Jesus said He would go and heal him, but the Roman said he was not worthy that Christ should enter his house.

Jesus said, "but speak the word only," said the centurion, "and my servant shall be healed."

Jesus marvelled at such faith, saying to them that followed, "Verily, I say unto you, I have not found so great faith, no, not in Israel."

And I say unto you, That many shall come from the east and west, and shall sit down with Abraham, and Isaac, and Jacob, in the Kingdom of heaven."

This is the first intimation we have that Jesus knew that His gospel was for the whole world, not just for the Jewish people.

To the centurion He said, "Go thy way; and as thou hast believed, so be it done unto thee." The servant was healed that hour.

When Jesus went to Peter's house, he found Peter's mother-in-law ill of a fever. He touched her hand, and the fever

left her, and she arose, ministered unto them—Jesus and those that were with Him.

That evening Christ healed many persons and drove devils out of others.

"That it might be fulfilled which was spoken by Isaiah the prophet, saying, Himself took our infirmities, and bare our sicknesses."

A scribe came to Jesus saying, "Master, I will follow Thee, whithersoever Thou goes." Jesus said to him, "The foxes have holes, and the birds of the air have nests; but the Son of Man hath not where to lay His head."

Another disciple asked that he be allowed to go and bury his father, but Jesus forbade him, with the words "let the dead bury their dead." Lest this seem a hard condition, our commentator writes that the man was not going to bury his father then, but that he wanted to stay at home until his father died, as he was old, and then he would follow Jesus.

Entering a ship to cross the Sea of Galilee, and being exhausted, we must suppose, Jesus slept. A storm arose, and the boat was so tossed about that the disciples

feared that they would be swamped and drowned. They woke Jesus, and He rebuked them, saying, "Why are ye fearful, O ye of little faith?" Then He arose, rebuked the winds and the sea; and there was a great calm.

After all the miracles they had seen Him perform, His companions were amazed at this, saying, "What manner of man is this, that even the winds and the sea obey Him?"

Landing they came to a rocky country with many caves, and out of the caves or tombs, came two men possessed of devils "exceeding fierce, so that no man might pass that way." The demons called out to Jesus, "What have we to do with Thee, Jesus, Thou Son of God? art Thou come hither to torment us before the time?"

They begged that they might be driven into a herd of swine who were feeding nearby. Jesus said to them, "Go," and the swine, possessed by the spirits, ran down a steep bank and into the sea, where they were drowned.

The men who kept the swine fled, and told everyone about the matter.

"And, behold, the whole city came out to meet Jesus; and when they saw Him, they besought Him that He would depart out of their coasts."

They were afraid of such power, instead of being grateful that the demons were driven out. So ends our lesson on the miracles of Jesus, performed early in His ministry on earth.

## Two Local Pastors To Appear Before Congregations A Final Time Sunday

Two local pastors will appear before their congregations Sunday for the last time. One will be moving to Kansas, the other to California. At other churches, a great variety of sermons will greet members attending the services.

#### BAPTIST

From Matthew 13:45-46 will come the morning topic, "The Best in Life," of the Rev. James S. Parks, pastor of the Baptist Temple. That evening, he will discuss "Mending Old Clothes," Matthew 9:16.

The Rev. Paul Jakes of Waco will speak at both services of the First Baptist Church, in the absence of the pastor, Dr. P. D. O-

Speak at the Sunday services until he arrives.

#### ST. MARY'S EPISCOPAL

Services in St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a. m. and the church school at 9:45 a. m. and the morning worship and sermon by the rector, the Rev. William Boyd at 11 o'clock. The YPF will meet at 8 p. m. in the Rector's office and the instruction class will meet at 7 p. m.

#### ST. PAUL'S LUTHERAN

"Our Church Membership a

Blessing and an Obligation for Our Day" will be the sermon theme of the Rev. A. H. Hoyer, pastor of St. Paul's Lutheran Church Sunday morning. There will be a meeting of the Waltham League at 7 p. m.

#### METHODIST

Basing his sermon on Joshua 1:5, the Rev. E. C. Armstrong, pastor of the Park Methodist Church, will tell of "God's Marching Orders" at the morning service. That evening, he will discuss,

"Unsearchable Riches of Christ," Ephesians 3:8.

Dr. Aisle H. Carleton, pastor of the First Methodist Church, will speak on "Subversive Inactivity," Matthew 12:30, at the morning worship. That evening, Dr. Orion W. Carter, district superintendent, will speak and new officers and teachers will be installed.

#### FIRST PRESBYTERIAN

Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, has chosen for his morning topic Sunday, "The Unborn Man Forgotten," II Kings 20:9. The choir will sing the anthem, "Blessed is He." That evening, the Rev. Hervey Lazenby, associate pastor, will discuss "More Than Conquerors," Romans 8:37. The children's choir will sing, "Early We Will Seek Him."

The Lees Baptist Church will have an all day service Sunday beginning with a sermon by the Rev. Roy O'Brien at 11 a. m. At 1:30 p. m. the song service will begin with Wayne Nance directing. The Rev. Hair of Roscoe will speak at 7:30 p. m. This will be the last service in which the Rev. W. P. Kirk, pastor, will be present. He has resigned the pastorate in Lees and will go to California to establish a church. He has been pastor of the Lees Church for 2 1/2 years.

#### CATHOLIC

Masses will be conducted by the Rev. William J. Moore, OMI, at 7 and 9:30 a. m. at St. Thomas Catholic Church. Rosary will be recited at 5 p. m.

The Rev. Paul Hally, OMI, will say masses at 8 and 9:30 a. m. at the Sacred Heart (Latin-American) Catholic Church.

#### FIRST CHRISTIAN

The Rev. Clyde Nichols, pastor of the First Christian Church, will tell of the "Keys of the Kingdom" at the morning worship service. His evening topic will be "Heaven's Back Door." From 2:30-5 p. m. there will be a Teachers Training Institute for all officers and teachers of District 4.

#### CHRISTIAN SCIENCE

According to Sunday's Christian Science Lesson-Sermon titled "Everlasting Punishment," you can know present freedom from evil, and experience full and abundant living today. Selections from "Science and Health with Key to the Scriptures," by Mary Baker Eddy and from Proverbs in the Bible will also be read.

#### CHURCHES OF CHRIST

Lloyd Connel, minister of the 14th and Main Sts. Church of Christ, will discuss "The Church Glorified," Ephesians 5:25-27, at the morning service. That evening, Floyd J. Spivey of Colorado City will speak while Connel is in Colorado City giving a lecture.

James Record, minister of the Ellis Homes Church of Christ, will preach on "The Relationships of a Christian" during the morning hour. His evening sermon topic will be "Acceptance." The Ellis Homes Church will have charge of the Sunday afternoon services at the VA Hospital for November.

At 4 p. m. Sunday, Record will speak on "Christ's Sufferings" at the hospital.

CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

Everyone is welcome to attend the Sunday School services of the Church of Jesus Christ of Latter Day Saints which are held at 10 a. m. each Sunday at the Girl Scout Little House, 15th and Lancaster.

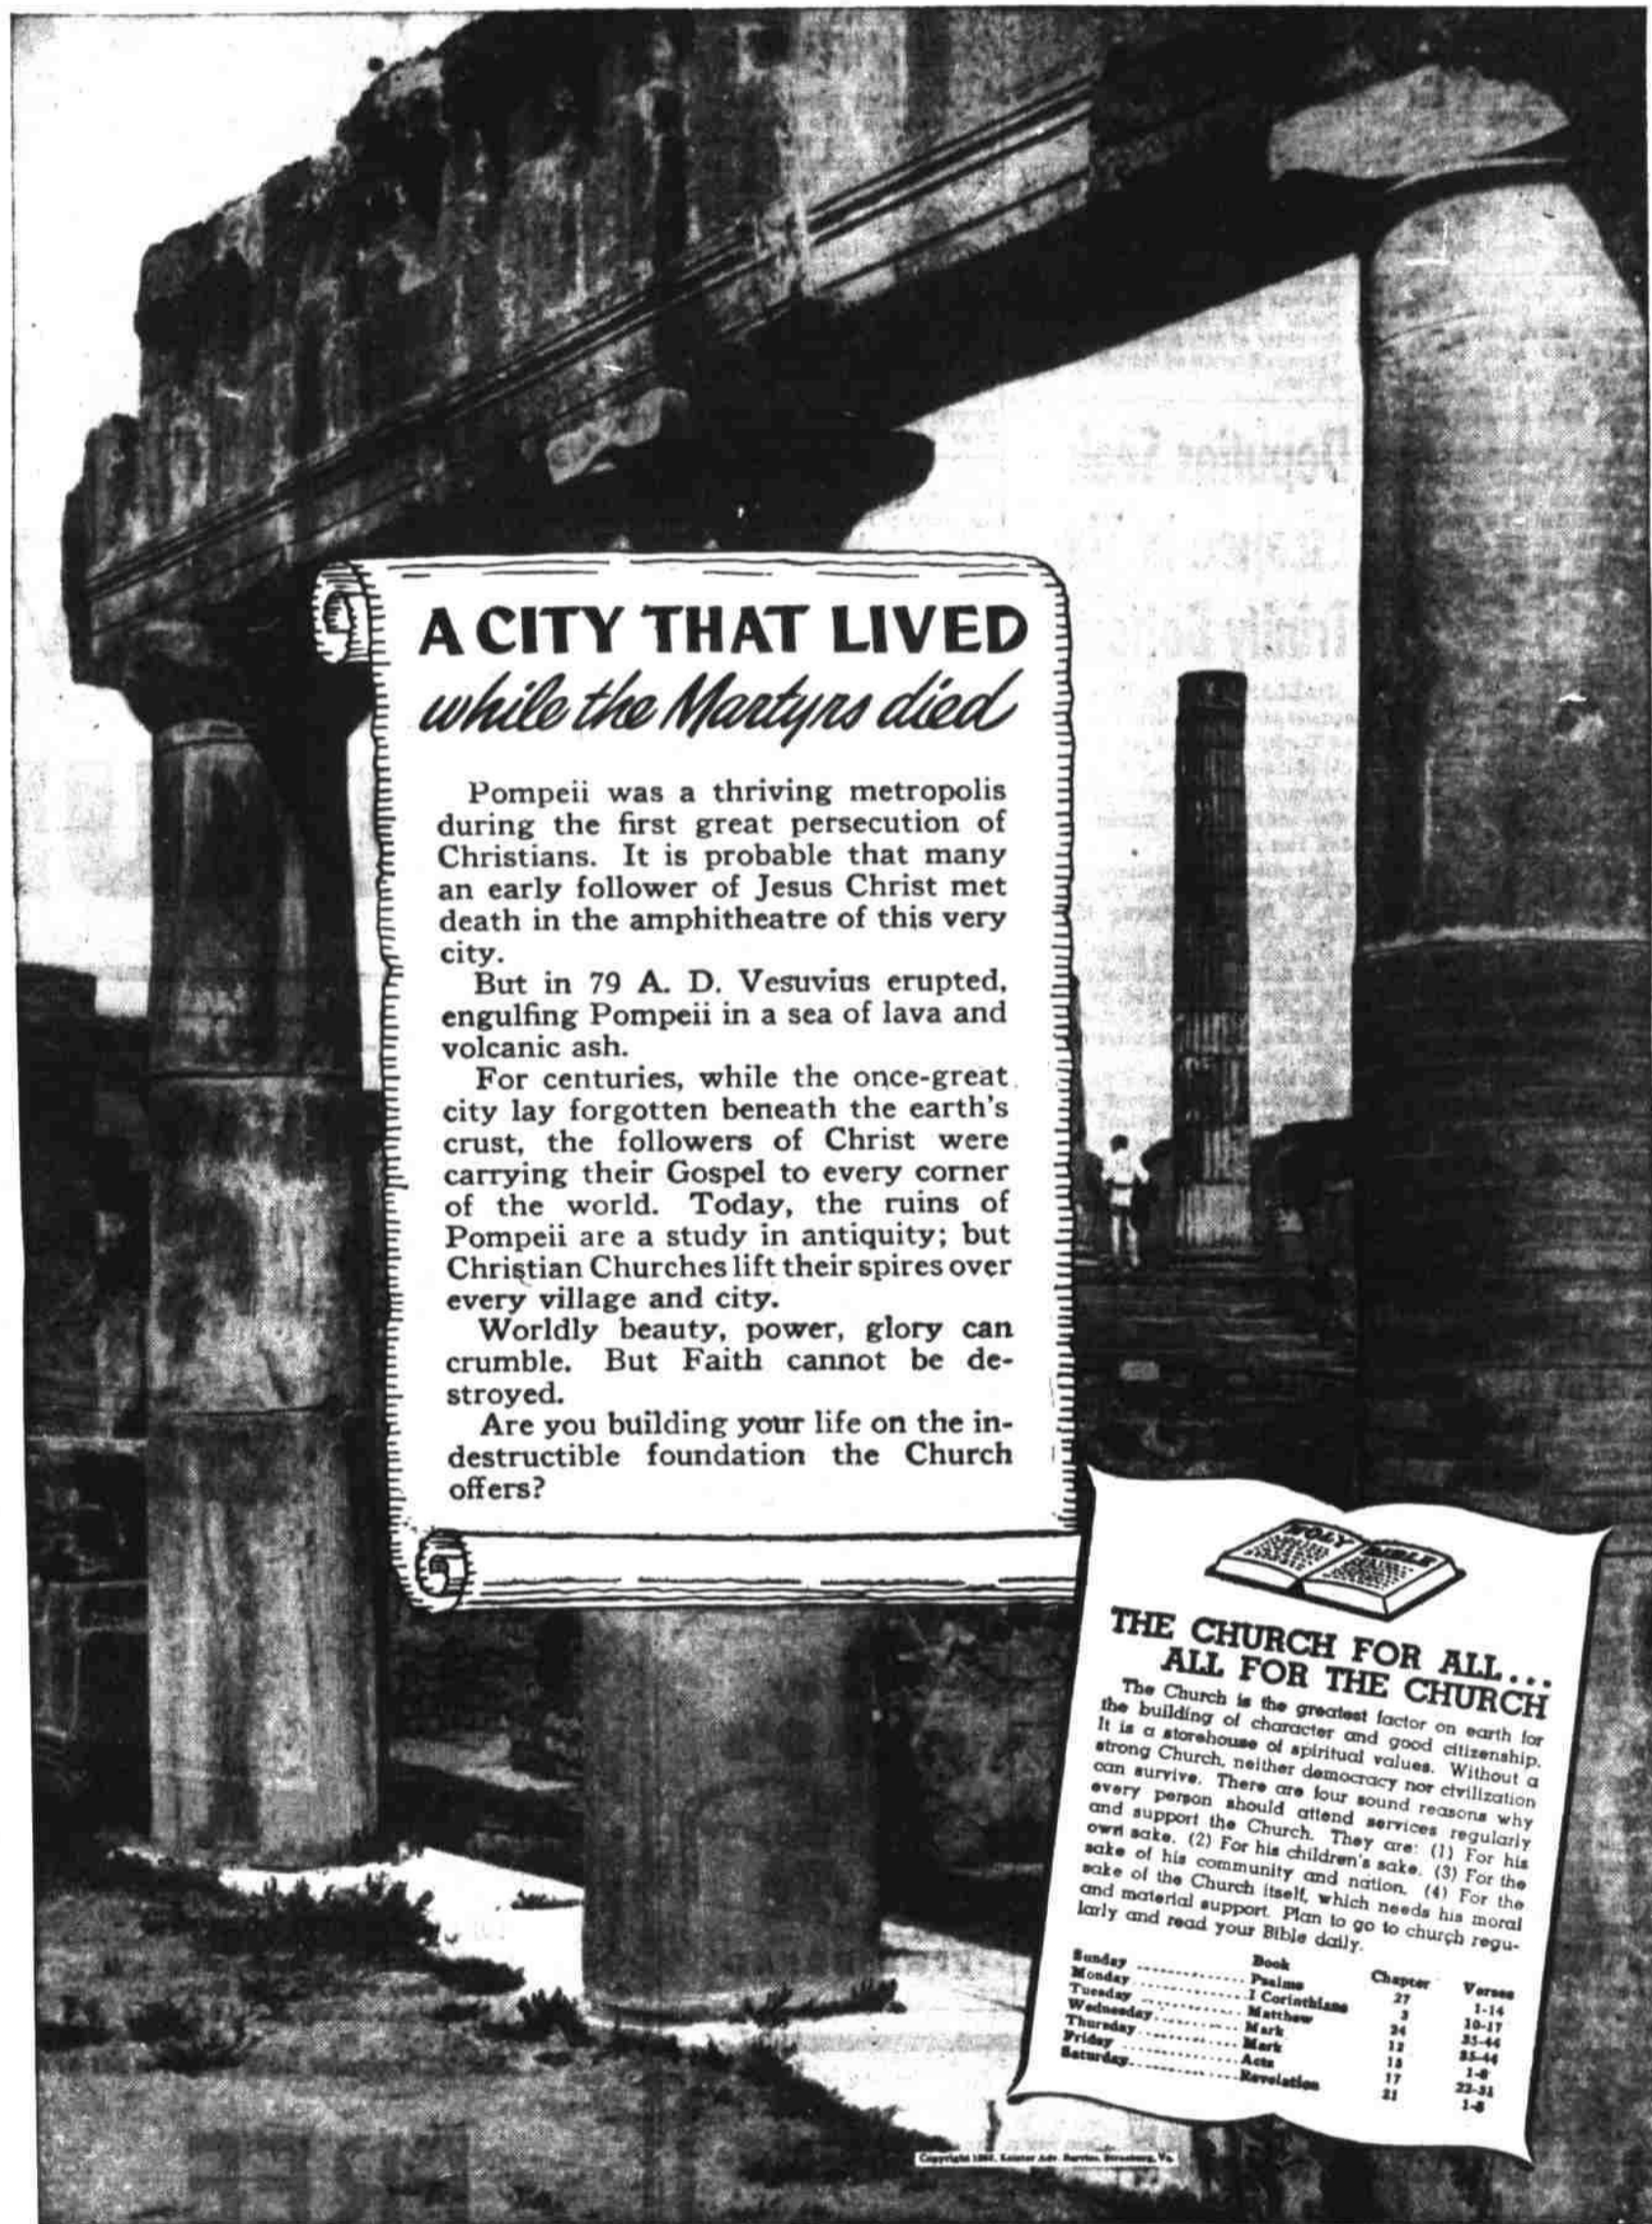

CHURCHES OF GOD

Sunday. The couple will feature the music of the guitar, accordion, ultra-harp, harmonica and electric Hawaiian guitar.

The Rev. W. E. Mitchell, pastor of the Galveston St. Church of God, will tell the morning congregation Sunday of "Faithfulness." His evening topic will be "The Scarlet Thread."

CHURCH OF THE NAZARENE

The Rev. Lewis Patterson, who has been pastor of the local Church of the Nazarene for the past four years, will preach his farewell sermon at the church Sunday. He has accepted the pastorate of the church in Kalvesta, Kan., and will leave early next week. During Rev. Patterson's stay in Big Spring, church and Sunday School attendance at the church has doubled and the floor space of the church has been doubled on a pay-as-you-go basis, incurring no indebtedness. He has served as president of the Big Spring Pastors' Association. The Rev. H. W. Stromman of Petersburg will become pastor of the local church, Nov. 23. The Rev. Marshall Stewart of Abilene will

## A CITY THAT LIVED while the Martyrs died

Pompeii was a thriving metropolis during the first great persecution of Christians. It is probable that many an early follower of Jesus Christ met death in the amphitheatre of this very city.

But in 79 A. D. Vesuvius erupted, engulfing Pompeii in a sea of lava and volcanic ash.

For centuries, while the once-great city lay forgotten beneath the earth's crust, the followers of Christ were carrying their Gospel to every corner of the world. Today, the ruins of Pompeii are a study in antiquity; but Christian Churches lift their spires over every village and city.

Worldly beauty, power, glory can crumble. But Faith cannot be destroyed.

Are you building your life on the indestructible foundation the Church offers?

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Blocher Killer Due To Die In Chair Tonight

HUNTSVILLE, Oct. 31 (AP)—One of the two men convicted of murdering the ragged founder of Progress, Tex., in a 13-cent robbery is to die in the electric chair shortly after midnight.

The condemned man is Lester D. Stevens, 51, Amarillo. His partner was Thomas Livesay, 30, also of Amarillo. Livesay was given a life sentence.

The State Board of Pardons and Paroles was reported studying Stevens' case today.

The two men were convicted of murder in the fatal beating of Joshua Blocher, 85, who called himself "The Old Devil of Bailey County."

Blocher was found beaten in a cotton field near Muleshoe, Tex., Aug. 13, 1951. Six weeks later, an estimated \$10,000 in moldering bills was found buried three inches beneath the dirt floor of his shack in Progress.

Stevens and Livesay accused each other of beating the old man to death. They admitted they robbed him together and got only 13 cents.

Blocher founded Progress in 1908 and spent most of his life trying to make the village grow into a city. He dreamed it would become the leading city on the Texas-New Mexico border. Once it grew to a population of a few hundred. Through the years it dwindled to a few houses along the highway between Muleshoe and Farwell.

# Veep Candidates In West; McCarthy Notes Hecklers

STERLING, Colo., Oct. 31 (AP)—Democratic vice presidential candidate John Sparkman, speaking in a normally Republican area, suggested last night his listeners ask themselves on election day "which party...has the interests of the American people at heart."

He pitched his talk here—to an estimated 1,300 persons—on the theme that the "Democratic Party is the party of the people—all the people."

At Washington, D. C., Sparkman, in a radio address recorded in advance for broadcast last night, said the Republicans haven't uttered "one constructive word" about where they intend to lead the country.

LOS ANGELES, Oct. 31 (AP)—Sen. Richard M. Nixon swung into a day of campaigning in his home county today after calling upon Gov. Adlai Stevenson to say whether he would retain Dean Acheson as secretary of state if elected President.

The Republican vice presidential candidate also charged that his wife and family had been included in a campaign "of character assassination in the worst low-blow Truman tradition."

MILWAUKEE, Oct. 31 (AP)—Sen. Joseph McCarthy of Wisconsin ran into what appeared to be an organized group of hecklers during a speech here last night. But he knew it was coming.

Midway during the Republican senator's talk, about 100 men arose

## FANTASTIC ESCAPE

# Kidnapper, Mate Nabbed By Police

FERNANDINA BEACH, Fla., Oct. 31 (AP)—James Francis Hill and a prison mate were recaptured at nearby Yulee today and two of the eight persons they kidnapped during an all-night race through Florida were freed.

Hill, 31, and his prison pal, James Douglas, 30, were nabbed at a roadblock on U. S. Highway 17, about 20 miles north of Jacksonville.

With them as captives were an Air Force man from Tampa, Pfc. Robert H. Tarrh, and a young woman, Miss Marilyn Cummings, Winfield, Ill. The desperados were driving the couple's car.

Their fantastic escapade began yesterday with Hill forcing John Trish, Buffalo, N. Y., to drive him to the prison camp near Bartow, Fla., where Hill held guards at bay with a pistol and set four men free. The four were Douglas, Hubert Gunn, Robert Key and Richard Schmidt. All have now been recaptured.

Hill was the last of three men sought for a two-day kidnap dash

through Georgia and Tennessee during which they held 20 persons at one time or another.

Virgil LeMay, 15, was the first captured and Charles Hopkins, another prison mate of Hill's, was arrested in Jacksonville Tuesday afternoon by an FBI agent.

Both LeMay and Hopkins said Hill was the ringleader. His kidnap victims said Hill called himself a "three-gun maniac."

The Georgia and Tennessee victims were robbed but not harmed.

After the road gang delivery Thursday, all six fled in Trish's car, doubled back to Bartow and split up on a side road. Douglas went with Hill. The two were former prison mates at Florida State Penitentiary.

The other three took off through the woods. Trish was set free.

Hill and Douglas next broke into the home of Mrs. C. E. Hoover, stole her rings and car and left.

About 10:30 last night they appeared at Haines City, abandoned Mrs. Hoover's car and kidnapped R. W. Woodward and his girl, Miss Mamie Grimsley. With the young couple begging to be set free, the convicts roared at breakneck speed over side roads headed north.

They crashed through a roadblock near Highland City.

At 2 a.m. Hill and Douglas released the boy and girl and kidnapped a man, his wife and child at Bushnell. The family was released after another wild dash northward and a pickup truck was commandeered.

The truck was abandoned near Starke. A car with a Virginia license was halted, however, and Tarrh and his girl, Miss Cummings, were their next victims. The desperados were driving this couple's car when halted.

The other three men freed by Hill were rounded up during the night. Bloodhounds led searchers to Schmidt, 34, soon after midnight. Next the bloodhounds sniffed out Gunn, 23, and he was picked up.

Key was nabbed by a farmer who had been searching for him. Key was armed with a rifle but the farmer pulled a pistol and the escapee surrendered.

**Baylor Loan Okayed**  
 WASHINGTON, Oct. 31 (AP)—The Housing and Home Finance Agency announced today approval of a \$14 million dollar loan to Baylor University, Waco, Tex., for construction of dormitories for 366 women students.

He seamed a bit surprised when you ask him how he's going to vote.

"I haven't missed voting for the past 89 years," he replies. "I have always voted the Democratic ticket and do not intend to bolt now."

The colonel—an honorary title conferred on him two years ago by the Texas governor—speaks in a quiet, easy way. You know his mind is alert, just as his build is firm and his complexion ruddy. He is very much alive.

He and his wife, Ella Mae, already are preparing for the birthday party. Ella Mae, 78, will do most of the work. Their nine surviving children and their many grandchildren and great-grandchildren will come here for an old-fashioned barbecue. The party will be Nov. 16, the first Sunday after his birthday.

Born Nov. 14, 1842, in Adawoma County, Miss., Williams joined the Confederate Army when he was 22 and served in Company C, 6th Division, Gen. Hood's brigade. He was "forage master"—he was responsible for scavenging food for his outfit. A few years ago he gave his musket to a youngster who wanted it to hunt rabbits with.

Typhoid has weakened his knees, and Ella Mae usually has to help him up and down the flat rocks which serve as steps to the porch. He sees out of only one eye, but sees well. His day begins early with a plug of tobacco before a 9 a. m. breakfast, more tobacco before his 4 p. m. dinner and a glass of milk and another plug of tobacco before retiring.

"Are you still here?" asked a friend who dropped by recently. "I'll still be around when most of you are gone," replied Col. Williams.

Annulment Is Sought In District Court

Joy Gregory Mann filed suit for annulment against Robert S. Mann today in 118th District Court. She alleges that Mann was already married at the time of their marriage.

Mann was indicted Tuesday by the Howard County Grand Jury to stand trial in 118th District Court on charges of bigamy. His trial is slated for the October term of court.

The annulment petition alleges that Mann married Miss Gregory on August 19, 1952, and that later his August bride found he was married to Lucille Mann, Carol C. Smith is Mrs. Joy Gregory Mann's attorney.

## FULBRIGHT STANDS-IN

# Stevenson Train Is Without Candidate

By JAMES DEVLIN  
 ABOARD STEVENSON SPECIAL (AP)—The Democratic presidential campaign trail rolled across the Eastern countryside today without a candidate.

Gov. Adlai Stevenson, the party nominee for the White House, dropped his politicking to fly back to Illinois to cope with a prison riot.

But his trail, pushed on with Sen. William Fulbright (D-Ark.) taking the role of stand-in at whistlestops through Maryland, West Virginia and Delaware.

Stevenson hoped to rejoin the campaign party in time to make four scheduled speaking appearances in New York City later in the day.

The suspension of his campaign tour came suddenly last night in Pittsburgh.

Only four campaign days remained before election as the governor decided his home-state problem superseded his quest for votes.

He reached the decision immediately after addressing a wildly cheering audience of 13,000 that packed Hunt Armory in the Pennsylvania steel center of Pittsburgh.

Stevenson appeared his usual jaunty self as he charged the "great crusade" of his Republican opponent, Gen. Dwight D. Eisenhower, had become "the great masquerade."

He pounded the theme, as he had in whistlestopping across Pennsylvania from Philadelphia to Pittsburgh, that the general had abandoned the principles of Abraham Lincoln and succumbed to the Republican party "Old Guard."

Then the governor took what appeared to be leisurely tour through the city, waving from an open convertible to supporters scattered along the streets as the clock neared midnight.

But once his motorcade reached the Pittsburgh Hotel, he rushed into a conference with members of his staff.

A report from Chicago that the governor would return to Illinois already had reached the hundred or so reporters traveling with him. The press room in the hotel buzzed with excited conversation at the surprise move.

The assignment of the reporters was to cover the candidate, and the question was how to accompany him if he took off in a single chartered plane.

Then came Stevenson's announcement, read by an aide:

"The governor was flying to Illi-

nols. He hoped and expected to rejoin his campaign party today.

There was room for one reporter and one photographer from each of the three wire services and one pool reporter from the newspapers to accompany Stevenson.

A police escort rushed the newsmen, including Don Whitehead of The Associated Press, back to the train to pick up their bags and then led the way to the airport.

The interruption in Stevenson's campaign came as he was swinging out as seldom before at the Republican candidate and the GOP record.

Stevenson said the Republicans were working to make the world "safe for hypocrisy."

"I suppose," Stevenson said, "it was by deliberate choice that the Republican candidate decided to abandon the Lincoln tradition which had been re-awakened in the Republican party last spring.

To be sure, he talked of Lincoln when he came to Illinois, as he did Gen. George C. Marshall in the East, but not in Wisconsin; as he did like a lion about civil rights in New York, and like a purring kitten in the South."

Stevenson said "every piece of evidence indicates that Sen. Robert A. Taft (R-Ohio) writes the candidate's domestic policy, except when he is in the East, and then someone else cuts the pattern to fit the cloth—mean the vote."

**Galveston Man Is Called Off Boat As Daughter Reported Ill**

NEW ORLEANS, Oct. 31 (AP)—A Galveston, Tex., man was called from a fishing boat off Louisiana's gulf shore today to return home where his infant daughter was reported stricken with jaundice.

The fisherman, Leroy Pelpaer, was aboard the Tom Ball, where-abouts unknown, when the emergency message was received by the Coast Guard. Radio stations in New Orleans and Grand Isle went into action to find the boat.

Humble Oil Co., reported the Tom Ball was operating off Wine Island, in Terrebonne Bay, about 75 miles southwest of New Orleans. The fishing boat was moored near the island.

Then the message was delivered by marine telephone and the skipper reported back that Pelpaer had left the boat and was enroute to Galveston. The Coast Guard here did not know how Pelpaer was traveling.

### Riding The GRUB LINE

By Franklin Reynolds

Lorin McDowell reports he has had to market 900 of the 1,500 head of cattle he shipped to South Dakota grass several months ago in an escape-the-drought maneuver. Four hundred head of the cattle have been placed on Kansas grass, supplemented with hay and cake, for the winter and Lorin has brought enough of them home to total the tally on the Glasscock Ranch at 328 head which includes the purebred Brahma herd he has been feeding there all summer. All the cattle he has saved from the block is the stuff, carrying the Brahma-Hereford cross upon which he is now also using registered Shorthorn bulls in an effort to develop a type of beef animal better adapted to West Texas ranges. For a while the outlook was pretty discouraging and it appeared Lorin might have to let most of the cattle go and thereby lose all progress he had made in the cross-breeding experiment over the last few years. He says the September rains have greened his range up some.

Work unit conservationists from 34 Soil Conservation Service units over a wide West Texas area have concluded a two-day conference held at the Settles Hotel. These men were from an area bounded roughly by the New Mexico line and El Paso on the west; Del Rio on the southeast; Sonora and Colorado City on the east; and Morton and Tahoka on the north. This area composes three of the new SCS areas.

Among the men conducting the conference were C. H. Tidwell and Howard Boswell, assistant state conservationists from Temple; George (Red) Morris, head of the regional SCS plans and projects division office at Fort Worth, and Jim Dobbs, SCS state administrative officer from Temple.

The purpose of the meeting was to discuss further decentralization of the SCS in order that more of the SCS funds can go into actual field work. The state organization underwent a change several months ago at which time a decentralization program was put into effect. Under this new plan, for example, W. S. Goodlett, of Big Spring, now area conservationist, has about two and one-half times as much area as he formerly had as district conservationist.

The three area headquarters represented at the Settles Hotel meeting were those at Pecos, Sonora and Big Spring.

Approximately 500 bales of cotton have been ginned to date in Howard County according to the weekly report. This is approximately 35 per cent of the 1,400 bales it is estimated will be ginned in this county, only 700 bales of which will be grown here.

Martin County has ginned 4,300 bales to date, or 28 per cent of the estimated 15,000-bale production. Mitchell County has ginned 460 to the date of the weekly report or 46 per cent of the estimated 1,000-bale production.

Some Howard County ginnings to date, by gins, are Guitarr Gin of Big Spring, 136; Planters at Knott 37; Co-Op at Knott 156; Guitarr at Knott 45 and Planters Gin at Luther 130 bales.

A corporate charter has been issued from the office of the Texas Secretary of State to the Milk Producers and Dairy Farmers' Co-operative Society of Big Spring, which is listed as engaged in co-operative marketing. This is a non-stock corporation to have a corporate life of 50 years.

The incorporators are listed as Randall Sherrill, Ransom Gallaway and R. P. Mayfield.

This organization is made up of dairymen over the area who have banded themselves together in an effort to protect their interests in maintaining a profitable market for milk and for the purpose of co-operatively buying feed for their herds.

Mayfield is president of the Tri-County Producers Association, membership of which is composed of dairymen over a five-county area, and he is also a member of the board of directors of the 26-county Central West Texas Milk Producers Association, which recently won a federal milk marketing order for the area.

D. B. Saville, who farms two miles west of Soash, is using his whirlwind terracer to construct terraces on lines that were run last year by SCS technicians. He staked out the lines so they wouldn't be lost and used them for contour guide lines this year as he goes forward with his conservation program.

Level ridge terraces have been completed on the farm of Chester Rallsback, four miles west of Fairview, and on the farm of Pete Buchanan, six miles northeast of Big Spring. Elevator type terracing machines were used in the construction of these terraces and water is going to have a hard time getting off these fields.

Terrace lines were being run this week on the farm of Clifton Grigg, just west of Acharly. He plans on building four miles of terraces, and his plan includes the use of some outside water that would otherwise come across and gully his field.

SCS specialists say that in spite of several factors tending to decrease the normal amount of terrace construction in the Martin-Howard Soil Conservation District, such activity has been increased in a large measure these past couple of weeks. The continued drought, they point out, had made construction almost impossible, especially on the tighter soils, but they say the moisture received in September has made it possible for contractors to do an excellent job on terraces now being built.

### UNCLE ALF TO VOTE FOR IKE

FRANKFORT, Ind., Oct. 31 (AP)—Alfred (Uncle Alf) Jenkins, who celebrated his birthday this month, says he is going to vote "for another general" Nov. 4.

Jenkins, a retired cattle buyer, says he cast his first vote in 1872 for Gen. Ulysses S. Grant. And he says he's going to vote for Gen. Eisenhower this time.

### Sanity Hearing Puts Off Death Of McCracken

SAN RAFAEL, Calif., Oct. 31 (AP)—Today's scheduled execution of Henry Ford McCracken was called off shortly after midnight by a court order to San Quentin Prison authorities to show whether the convicted child slayer is insane.

Acting Superior Judge N. Charles Brusatori issued the last-minute order in response to a petition to his home by McCracken's lawyer, James C. Nonroe.

The execution had been set for 10 a. m. in the state prison gas chamber. McCracken was convicted of murdering 10-year-old Patricia Jean Hull.

Judge Brusatori's order was an alternative writ of mandamus. It orders San Quentin Warden Harley O. Teets either to certify McCracken insane—making his execution illegal—or to show why this should not be done at a hearing at 10 a. m. Nov. 7.

McCracken, 34, hillbilly guitar player, was judged sane by psychiatrists and a jury after his conviction of the May 19, 1951, sex slaying.

Both the California and U. S. Supreme Courts had refused to review the conviction. McCracken was accused of mistreating and killing the Hull child after luring her into an auto court.

Yesterday, McCracken was questioned by prison psychiatrists. In addition, Sgt. Henry Jollivete of the Los Angeles County Sheriff's Office quizzed him about the sex killing of 6-year-old Rochelle Gluskoter, Los Angeles, in 1946.

### To The Voters Of Glasscock County Commissioners PRECINCT NO. 3

I want to call attention to the voters in Precinct No. 3 in Glasscock County that I will be write-in candidate for commissioner of that precinct in the general election Nov. 4. So far as I know I will be the only write-in. C. J. Baker has told me he will not be a candidate. So many have urged me to offer for this post, that I have consented to make the race. I have been in the county and precinct for 22 years and I believe I can make you the kind of a commissioner you want. I'll deeply appreciate your support and your helping spread the word to other voters in the precinct.

### Absentee Vote Check Of State Shows Records

By The Associated Press

Forecasts of record battling in Tuesday's general election are backed up by record numbers of voters casting absentee ballots for their favorites.

A spot check by The Associated Press survey shows new records for general election absentee voting in many counties. The rush to vote came from cities, towns, rural counties, and from every section of the state.

The deadline for such voting, in person or by mail, is Friday midnight. Early today they stood in lines to vote in several courthouses.

Absentee voting started Oct. 15 and has picked up almost daily. Deputy Clerk Dick Callaway at Fort Worth predicted an all-time high of 6,000-plus votes in Tarrant County. Wednesday the total had passed the 3,480 mark and votes were still rolling in.

At Houston the absentee ballots totaled 8,422 late Thursday, more than four times as many as were cast at the same time in 1948, the last presidential election year.

Thursday was Dallas' heaviest day so far of the absentee season with 510 votes tallied to bring the total to 3,955 compared to 2,200 at a similar time in 1948.

San Antonio's absentee vote totaled 2,968 late Thursday to more than double the 1,400 cast in 1948. It was the same story all over the state; Texans were making sure they cast a vote.

The state has a potential voting strength of about 2½ million and the Texas Election Bureau, newspaper sponsored unofficial vote-counting agency, has predicted a record vote of 1,800,000.

### Weather Over Texas Calms Down A Bit

By The Associated Press

Texas weather—which has been rambunctious recently without benefit of cloud—calmed down Friday. Temperatures were mild, skies continued clear and winds subsided.

Thursday the winds had kicked up dust and sent smoke from East Texas' forest fires over a large portion of Texas.

Friday morning, the wind had died down somewhat but there was a little blowing dust and Texas-arkana was the only place which reported smoke in the air. The Northeast Texas city had 2½ miles visibility.

No rain fell and none was sighted or expected soon.

There were these other developments in the weather picture: 1. Freezing temperatures early Thursday snapped power lines and left a wide area of East Texas, already wracked by forest fires, temporarily without electricity. In the Kirbyville area, 4,000 farm folks were without power for nearly eight hours.

2. Gov. Shivers urged Texans—hunters particularly—to stay away from the burning areas. He feared more forest fires would result from

careless smoking and careless handling of camp fires. He asked that trips into the wooded areas be confined to emergency business.

3. The state Defense and Disaster Relief Commission said 54 fires in the last 24 hours had burned 10,980 acres of pine. Headquarters of the state agency said the dry northerly made conditions serious in the northeast and southeast piney woods area.

In England there are 18 Smiths per 1,000 persons while in the United States 1 in every 100 persons is named Smith, says the National Geographic Society.

# Longhorns Seek 2nd Victory In Plainview

## Locals Favored In 1-AAA Bout

**1952 RECORDS**

Team	Wins	Losses	Ties
Brack	23	0	0
Anglin	17	7	0
Riverside	20	6	0
Brownwood	23	6	0
Talia	14	6	0
Lamesa	26	0	0
<b>Totals</b>	<b>146</b>	<b>19</b>	<b>0</b>

The Big Spring Steers take the field tonight in a rare role, that of a favorite.

The provincials have journeyed to Plainview, where at 8 p.m. they square away with Bob Russ' down-trodden Bulldogs.

Tho the Steers figure to scramble the Bulldogs, they're not taking their task lightly. Far from it. They've become aware the Bulldogs will be up for this one, emotionally up, at least.

Plainview is winless and going nowhere fast but the boys there have been told their coach is leaving the school system after this season and they're dedicating this game to him.

Between the two teams, they've won only one game but the Steers have played the better ball. The locals beat San Angelo the second game of the season and since that time have taken their lumps at the hands of Brownwood, Ysleta and Lamesa.

The Bulldogs, which had to rebuild anew this season, have been waxed by every opponent they've played. However, they've shown constant improvement and may be about ready to give some foe a tussle.

The Steers will run into as big a line as they've faced all season. From wing to wing, the Plainview forwards average 189 pounds per man. Biggest of the lot are the 225-pound Hubert Kaylor, right tackle, and right tackle Jimmy Jameson, 240.

Plainview has been running off the T but last week used the Single Wing extensively against Sweetwater.

The Bulldogs can be expected to throw a lot of passes. Don Sutterfield does most of the tossing for the Plainview team.

Big Spring is in fine physical trim for this one. Big Jimmy Ellison is back, ready to operate as a tackle berth.

Raymond Gilstrap, who was excited from last week's game with Lamesa because of a flair of temper, is determined to keep his temper and deal the Plainview backs misery from an end and guard position.

Other lads like Line Backer Buddy Cosby, Tackle Louis Stipp, Guards Bill Dorsey and Jackie Milam and others will dig in to try and repel the Plainview attack.

When Big Spring has the ball, Bobby Hayworth and Frank Long will direct the show and can call upon such able hands as Billy Martin, Doyle Maynard, J. C. Armistead, James Hollis, Brick Johnson and others.

**Starting lineups:**  
BIG SPRING — Raymond Gilstrap and Wayne Medlin or Jimmy Porter, ends; Louis Stipp and James Ellison, tackles; Bill Dorsey and Jackie Milam, guards; Norman Dudley, center; Bobby Hayworth, Doyle Maynard, J. C. Armistead and Billy Martin, backs.  
PLAINVIEW — Lester Ramsey and Red Jordan, ends; Hubert Kaylor and Jimmy Jameson, tackles; Kent Taylor and Bill Bristol, guards; Don Robertson, center; Rex Sutterfield, Lonnie Holland, Roy Benefield and Ben Smith, backs.

The largest attendance for any World Series game was 86,288 when the Boston Braves faced the Indians at Cleveland on Oct. 10, 1948.

The Steers will run into as big a line as they've faced all season. From wing to wing, the Plainview forwards average 189 pounds per man. Biggest of the lot are the 225-pound Hubert Kaylor, right tackle, and right tackle Jimmy Jameson, 240.

## FUMBLES HURT

# Wolves Beaten By Piper Club

HAMLIN — An alert band of Pied Pipers from Hamlin took advantage of Colorado City fumbles and a weak pass defense to trim the Wolves, 20 to 13, in a 5-AA conference game at Hamlin Thursday night.

The Wolves set the pace by scoring on a 72 yard opening kickoff drive, but faltered and allowed the Pipers to cross the double stripe twice in the second and once in the third quarter. The Wolves found their scoring magic again in the fourth for a single TD and were down on the Piper four as time ran out. One Wolf touchdown was called back as offsetting penalties nixed the play.

The Wolves took the kickoff on the 28 and marched 45 yards in 9 plays to the Piper 27. Don Maynard and Bud Windham alternating in ball carrying chores. On the third down, Jay McCallum drifted back and pegged a pass to Berman Corbell on the three. Corbell slowed to take the throw and wheeled and was over for the score. His try for point was no good.

In the last of the opening quarter and first of the second, fumbles nipped Wolf drives on the Hamlin 35 and on the Hamlin 9, and Hamlin's offense began to function. Owning the ball on their own 17, Hamlin's Jimmy Ray flashed thru the middle for 8 yards, a line play gained a yard and Ray lofted a long pass to Robert Fletcher, good for 29 yards, and duplicated it on the next play for 43 yards and the first Piper score. James Burkhardt's try for point was no good.

As the clock began to run out at the half, Hamlin opened another scoring drive that covered 84 yards. A stab at the line gained three, a penalty five, and Marvin Johnson passed incomplete into a welter of players on the 45. Interference was ruled, and on the following play, Johnson rifled a 25

yarder to Ken Kelley on the Wolf 30 and Kelley was stopped on the 10. Two line plays carried over, Burkhardt scoring from the six and converting to make the halftime score 13-6.

Midway in the third quarter, the Pipers covered a fumble on the Colorado City forty and scored in four plays. Glen Smith took a lateral on the 38 and raced to the 17. Jim Ray took a handoff and ran wide to score. Burkhardt's try for point was good and the score was 20 to 6 at the quarter ended.

Two minutes deep in the fourth, Colorado City scored on a seventy yard pass and ran play, but the play was cancelled and the ball went back to the 20. The Wolves failed to gain and Jimmy Shurtleff punted 58 yards. Hamlin fumbled and the Wolves recovered on the 18. This was the only Hamlin bobble of the ball game.

An eleven yard loss put the ball on the 29 and Billy Williams rifled a 19 yarder into the hands of Don Maynard and the latter scampered across. Corbell added the point to close out the scoring 20 to 13.

In the final minute of play Williams engineered a drive that began on the Wolf 30 and carried down to the four yard line as the final gun sounded. Maynard's runback set the ball on the Wolf 40. Williams passed to Corbell for 20 yards, a play lost five, and Williams faded past the midstrip to heave a long one downfield to Corbell on the 25. Corbell was almost away but was converged on at the four, and brought down by a pair of Piper defenders. Time ran out before the Wolves could fashion another play.

First downs favored the Pipers 8 to 7. The loss gave Colorado City two losses and a win to conference play, and the Pied Pipers two wins and a loss.

## Back Of Week

Charlie Hoag (above), Kansas halfback, was named The Associated Press back-of-the-week. Hoag, one of the best all-around athletes in football this year, ran for one touchdown, passed for another and was the key man in two more scoring drives in Kansas' 26-0 victory over SMU last Saturday. ## Milk Bowl Officials To Donate Services

ROSENBERG, Oct. 31 (AP)—Eight members of the Southwest Football Officials Association at Houston will work the 1952 National Milk Bowl football game here, Dec. 6.

Donating their services are Guy Sabastian, Bill Jeter, Maurice Baumgarten, L. J. Hallmark, Alton Harding, F. F. Wagner, Roy Dealy and A. B. Johnson.

The Milk Bowl game will pit the champion team of the Houston Variety Club League against Boytown, Neb.

The Washington Senators topped last season's home attendance figures by 4,000 when they drew 699,000 fans to Griffith Stadium.

## TEAMS PLAY IN PAMPA

# Westerner-Harvester Game Tops Program

By The Associated Press  
Lubbock's mighty Westerners, kingpins of Class AAAA, get the acid test Saturday afternoon—they play Pampa in a game that could decide if they again will be in the state schoolboy football finals.

The Lubbock-Pampa battle headlines a busy schoolboy schedule of more than 200 games in the four classes that play to state championships. It matches unbeaten, untied teams and will probably determine the District 1 title.

Down in District 5 of Class AAAA Wichita Falls, the third undefeated, untied team in Class AAAA, plays Waco, a tough and wary foe, in another highlight of the week.

Class AAA features the clash of Temple and Corsicana. It's the first big conference test for the high-flying Eagles of Temple, unbeaten, untied and unworried until now. Temple will be favored but when those two teams get together a lot can happen and often does.

Class AA has more standout games than any other class. In two instances undefeated, untied teams battle. Burkburnett tackles Quanah and Anson meets Stamford. Huntsville, unbeaten and untied, plays Humble, once tied but undefeated.

Class A features the battle of Itasca and Clifton, two of the 11

undefeated, untied, teams in this division. One team in the select circle—Missouri City—kept its record clear last night. The Class A power bumped Pearland, 26-0. In Class AAAA El Paso pulled closer to a District 2 championship score.

# MAXWELL WINS INITIAL MATCH IN MEXICO CITY

MEXICO CITY, Oct. 31 (AP)—Some fireworks were looked for today after favorites advanced without mishap yesterday in the first round of match play in the 27th annual Mexican Amateur Golf Tournament.

Defending Champion Frank Stranahan of Toledo, O., defeated his Mexican opponent, M. Burciaga, 4 and 2. Medalist Marion Hiskey, of the crack North Texas State College team, got by Bo Boos, Mexico, 2-up.

The low score of the day was turned in by Mexican veteran Percy Clifford, a former titleholder. Clifford easily eliminated Robert A. Walker, of South Bend, Ind., 6 and 5, and then went on to finish the 18 with a 66.

The other North Texas State entries came through in good shape over Mexican opponents. Monte Sanders defeated Pedro Sainza, 5 and 3. Billy Maxwell took Albert Villegas, 5 and 4, and Huster Reed eliminated Jack Sommers, 3 and 2. Jones Conrad drew a bye.

Chris Gers, Oklahoma City, had tough going against Bob Allen, former New England newspaperman who has settled in Mexico City and was playing his first

tournament. Gers was four-up at the turn, but Allen tied the count on the 18th, Gers winning the extra hole.

Today's round pits Sanders against Stranahan; Hiskey against Jack Sellman, Houston; Tex., Reed against Clifford; Maxwell against veteran Bobby Riegel, Houston; and Conrad against Jimmy McConagill, Shreveport, La.

European Champion Henri de LaMaze eliminated Enrique Sterling, Mexico, 4 and 3, yesterday and takes on Frank Patterson, also of Mexico, today.

IN GAME SATURDAY

Undisputed Leader Will Be Established In SW

By HAROLD V. RATLIFF Associated Press Sports Writer It's do or die for three teams in the turbulent Southwest Conference football race Saturday while in the biggest game—Texas vs Southern Methodist at Austin—an undisputed leader will be established.

Some 66,999 will crowd Memorial Stadium in Austin for the battle of unbeaten teams in which the tempestuous Southern Methodist passing attack is pitted against the grinding ground game of Texas.

stands as Arkansas goes after what would be its first victory in Texas in four years. While the conference shenanigans are going on, disappointed and disgruntled Rice will be shooting for an inter-sectional victory which it needs and which the conference could use right handily.

Bribe Case Figure

Louis Leonard Gluckfield, 21, of Hyattsville, Md., (above) poses on steps of U. S. Courthouse in Washington as he arrived for a hearing on charge of being a fugitive from a Maryland warrant alleging attempted bribery of Tom Cosgrove, University of Maryland offensive center, to hold down Maryland's score against LSU.

LOOKING 'EM OVER

With Tommy Hart

No where is good football officiating needed like it is in Junior High school and Ward School games. Arbiters, perhaps, should be quicker to call fouls down in the grades than in varsity games because the youngsters learn habits there that stay with them throughout their football-playing days.

Know why, when a game is forfeited, it goes into the records as a 1-0 score? The rule was established in the early days of the sport, when soccer rules prevailed, and a goal counted one point.

Jere Hayes, Dallas scribe, says Oklahoma University is pining to bolt the Big Seven and join the Southwest Conference, which isn't exactly a news scoop.

Hayes goes on to reveal the Sooners favor the move because of the Big Seven's stand on bowl games.

It could all change again before the season is out but Speedy Moffett, the Snyder High School grid mentor, is in better with the fans there than at any time since he assumed the coaching reins.

There's about as much future in flying a Kamikaze plane as there is in coaching the Los Angeles Rams.

VERNON COULD PICK UP ALL THE MARBLES District 1-AAA football fans are buzzing over the Nov. 21 struggle between Lamesa and Sweetwater at Lamesa, when all the blue chips, they say, will be showing.

Unless those clubs alert themselves to the challenge, though, Vernon could slip into the throne room through the back door.

COAHOMA — The Coahoma Bulldogs seek their fifth District 5-B football win in six starts here tonight when they take the field here against Robert Lee. Game time is 8 o'clock.

Coahoma is favored to win by several touchdowns but Coach Fred Salling has pinned his team to expect trouble pointing out that the Steers are one of the best club teams the Bulldogs have faced all season.

The Coahomans who have beaten every team on their schedule but Hermleigh are in good physical trim for the action. The Bulldogs operate off the T formation and throw a lot of passes.

Bill Read will do most of the passing and boys like Jerry Hoover, Jerry Springfield, Jimmy Spears and others are set to tote the mail.

Read's favorite targets are Billy Joe Cramer and Jack Owens, Coahoma's tall ends.

Robert Lee's best back is Norman Roberts, a lad who has picked up huge chunks of yardage in

all of the Steers' games this season.

A victory will keep Coahoma in the running but a loss would all but eliminate them from first place contention.

Comparative scores give Coahoma a big edge.

## Hobbs Trounces Divide, 52-13

DIVIDE — Hobbs tripped up Divide, 52-13, in a District 5-B football game played here Thursday night.

Glen Cavi and Earl Neves counted two touchdowns each for the winners. Ralph Hardin, Bynum Miers, Ken Rasco and Duntwood Hooper scored one six-point each for the winners.

Bill Etheridge and Rasco threw touchdown passes to Neves. Divide broke into the scoring column when Jimmy Cardwell ran a punt back 80 yards across the double stripes.

Benny Whiteside's one-yard plunge resulted in the other Trojan score.

## West, Park Meet In Grid Feature

West Ward and Park Hill play Central Ward the feature Ward School Football League game at Steer Stadium Saturday morning.

Park Hill is only half a game behind the co-leaders West and Kate Morrison and can entangle the stand by upending the West team.

The two teams clash at 10 a. m. East Ward and Central have it out in the 8 o'clock opener while Kate Morrison and College Heights clash at 9.

At 11 a. m. Airport squares away with Washington Place. In last week's games West defeated College Heights and Kate Morrison won over Airport to remain in a deadlock for the top spot. Each has won five games and lost none.

In other outings Central Ward nudged North Ward 7-0 while East Ward won over Washington Place 6-0.

In the Central-North battle, James Harrington made the touchdown while Jerry White added the extra point on a run.

## Pardee Shines In 34-22 Win

STERLING CITY — Jack Pardee led the Christoval Cougars to a 34-22 victory over Sterling City in a District Eight six-man football game here Thursday night.

Pardee accounted for all but two of Christoval's points. Jack Wyatt made good on a conversion try in a placement kick for the other Cougar points.

Gene Smith broke loose for 30 yards for the first Sterling score, which came in the third period. Bobby Blair added two points on a boot through the uprights.

Billy Blair added the second Sterling TD in the fourth. Shortly thereafter, Marshall Blair scored again for Sterling and Bob Blair added the extra point.

## Beaumont To Throw Party For Russell

BEAUMONT, Oct. 31 (AP)—They'll welcome Allen Russell to Beaumont as new owner of the Texas League franchise with a party Nov. 11.

The party, a hot dogs and cold drinks affair, is being put on by the eight-man sub-committee of the advisory board of directors of the ball club.

Invited to attend are J. Alvin Gardner, president of the Texas League; Ted Lyons, Detroit coach; Alvin Dark, New York Giants shortstop; Grady Hatton, Cincinnati second baseman, and other top men of baseball.

Al Vincent, veteran minor league manager who Russell has said is his first choice to manage Beaumont next season, also is due to be present.

A lively box seat ticket sale already is under way.

(Editor's Note: This is the last of a series of stories giving background on events leading up to the state House Crime Investigating Committee's decision to hold public hearings Nov. 6-7 on charges a widespread bootlegging exists in Texas.)

By BOB BRAY  
Amarillo City-Times Reporter  
(Written for The Associated Press)

AMARILLO, Oct. 31 (AP)—When the state House Crime Investigating Committee opens its public hearing on Texas' liquor traffic, it won't be a new investigation to Rep. Waggoner Carr, Lubbock.

The West Texas area member of the Crime Committee is well acquainted with the bootleg problem. He vigorously prosecuted liquor violators during a term as Lubbock County attorney and became well acquainted with other phases of the problem as an assistant district attorney.

Other members of the committee, which is to hold its public hearings in Amarillo Nov. 6-7, include Reps. Fred Meridith, Terrell, chairman; Charles Murphy, Houston; Horace Houston, Dallas, and B. Wood, Tyler.

Carr will act as chairman of the committee for the Amarillo hearings on appointment of Meridith, who said the young Lubbock attorney understands the problem better than other members.

It was Carr who recommended that the public hearing be held. His recommendation came after grand juries from both Potter and Lubbock Counties asked for the session and after the committee heard some testimony in a closed-door meeting in Austin.

Carr told newsmen "he would never be satisfied with anything less than a public hearing" and members of the committee backed his recommendation by signing subpoenas on at least 30 witnesses. Among those summoned are a number of bootleggers, liquor dealers and past and present employees of the state Liquor Control Board.

The Lubbock representative has been one of the key interrogators in all of the committee's former hearings. The committee thus far has held meetings to consider gambling and other organized crime in most of the major cities in Texas.

The committee was appointed March 8, 1951, and held its opening policy making session only two weeks later.

The committee, according to Meridith, was appointed for two purposes: "First, to conduct an investigation into reports of organized criminal activities in Texas, and second, to conduct an investigation of the enforcement of the criminal laws of the state by local officials."

Meridith pointed out that the di-
