Agnew Comes Home

HONOLULU (UPI) — Vice President Spiro T. Agnew, declaring that half the enemy forces in Cambodia have been eliminated, relaxed on a beach today at the end of his five-day tour of Asia. "Somewhere in excess of 50 per cent of all Viet Cong and North Vietnamese forces in Cambodia have been eliminated," Agnew told newsmen on the flight back home. He said the figure was "by the South Vietnamese estimate, and our estimate, and also by Cambodian estimates—and they should certainly be in a position to know." "There has been some resupply but the numbers are down."

What Are Your Plans For Labor Day?

TIM WOODINGTON, 18, son of Mr. and Mrs. J.B. Woodington, 700 E. Francis. "Eat, sleep, be merry and chase a lot of girls."

LINDA SNIDER, 17, daughter of Mr. and Mrs. Clyde Snider, 1112 Juniper. "Sleep through it."

DOUG DAVIS, 18, son of Mrs. H.D. Crutcher, 623 N. Sumner. "I'm open for suggestions. There's not a lot to do."

CONNIE KNIGHT, 17, daughter of Mrs. Christine Knight, 1929 N. Wells. "I'll know when it gets here."

HOOLY DEE THOMAS, 21-months-old daughter of Mr. and Mrs. R.D. Thomas, 2234 Christine. "Is that anything like Christmas?"

The vice president arrived on American soil after a direct flight from Bangkok Sunday that was broken only by a 90-minute refueling stop on the island of Guam. Agnew planned a two-day stay in Hawaii to rest and work on a report of his trip, which he will personally present to President Nixon on Wednesday at the Western White House in San Clemente.

Agnew's mission was to explain the Nixon administration's do-it-yourself policy of providing military assistance but not American troops for the defense of U.S. allies in the Far East. No U.S. Troops for Cambodia.

Agnew told newsmen on the flight home that American troops would not be sent back into Cambodia unless the security of U.S. forces in South Vietnam were threatened. Communists are "very much involved in Cambodia at the present time," Agnew said, adding, "I don't think that the major part of the fighting is destined to take place in Vietnam. I think there's much more going on in Cambodia."

"I reiterate that American forces will not be involved in the Cambodian fighting unless in the judgment of General Creighton W. Abrams and, of course, people who make the decisions, that the security of American troops is threatened," Agnew said. Thai officials in Bangkok agreed that Asia should be defeated by Asians and said they had no opposition to the withdrawal of U.S. forces. "Thai officials are extremely understanding of the American position," Agnew said.

Security Will Not Be Harmed
During his South Korean visit, Agnew assured South Korean President Park Chung Hee that U.S. plans to withdraw 20,000 of the 64,000 U.S. troops would not endanger the country's security.

Agnew announced that 54 U.S. Phantom jet fighter-bombers were being transferred from Japan to South Korea along with planes specially equipped to detect North Korean naval movements.

Agnew also announced that the Mideast crisis here Tuesday. He was meeting today with Sen. George Murphy, R-Calif., who recently returned from a visit to Israel.

The Tuesday meeting, to be attended by top Defense Department and State Department officials, was expected to focus on Israeli charges Egypt has taken advantage of the

Weekend Violence Across USA

By United Press International
Four policemen were shot, one fatally as he sat at his desk in Philadelphia. Four other policemen were wounded as they chased suspects through a Mexican-American part of Riverside, Calif. A newsman was killed in a riot that broke out during a rally in Los Angeles. In New York 2,000 young people, including a group of homosexuals, stoned police in a confrontation in Greenwich Village. These were some of the major instances of violence that plagued a number of American cities during the weekend. In Philadelphia, Sgt. Frank Von Collin, 43, was shot five

times and killed at his desk in the Cobbs Creek Park guardhouse Saturday night. Minutes earlier, a man hailed a patrol wagon driven by policeman James Harrington, 39. Harrington pulled over and the man shot him twice in the face. Sunday night, two highway patrolmen stopped a stolen car carrying two black men in West Philadelphia, the same neighborhood of the previous shootings. The patrolmen were wounded, one critically, in an exchange of gunfire. Later, a wounded man was arrested in a private home. Police arrested three men in connection with the Saturday night shootings and charged one with murder, possession of explosives and firearms violations. Police said he told them he belonged to a black group that had been "planning to kill pigs for several months." In Riverside, Calif., four policemen chasing two men through a Mexican-American area Sunday night were wounded by a shotgun blast. Earlier in the evening, 100 young persons had tried to barricade streets. Four men were arrested, one on suspicion of attempted murder. One-hundred miles east, more than 100 Los Angeles policemen used tear gas to break up a crowd of 500 persons Sunday night in the Mexican-American district of Wilmington, in the

second night of violence. At least 15 fires were set over a 12-square-block area and four persons arrested. **Ruben Salazar is Killed** Saturday night, in the same area, Ruben Salazar, a columnist for the Los Angeles Times and news director of Spanish-language television station KMEX, was killed when a tear gas shell fired into a bar to clear a crowd struck his head. Bombs caused light damage to the Washington Embassies of Portugal and Rhodesia Saturday night. Later, a note saying "we are an African people" and criticizing "exploitation of African people around the world" was slipped into a mail slot of the Associated Press. The New York City violence began Saturday night and early Sunday when 350 homosexuals marched from a rally for "gay power" in Times Square to Greenwich Village. Young people joined them in fights with police. In Chicago, two members of the Disciples Street Gang were arrested after somebody fired a shotgun at a parade led by the Black Stone Nation and injured three. The march celebrated the coming school season. During the search for the assailants another Philadelphia policeman was wounded today, the fifth in a 36-hour period. Patrolman Frank Eckman, a sharpshooter, was hit in the left leg by someone inside a heavily barricaded residence. The places raided included a Black Panther headquarters. Twenty-three persons were arrested. Chicago was the scene of two separate black gang shootings Sunday, police said. Eight persons were wounded when a group of youths fired at them with shotguns and handguns while yelling "Supreme Gangsters." Police said the "Gangsters" and the "African Snipers" are rival gangs in the South Side area. One youth lost an eye.

U.S. MIDEAST POLICE FORCE?

Nixon Says Speculation Might Hurt Peace Talks

SAN CLEMENTE, Calif. (UPI) — President Nixon today refused to speculate on whether U.S. troops might be part of a peacekeeping force policing a Mideast settlement. Such speculation, he said in a television interview, would be harmful to negotiations now under way at the United Nations between Israel, Jordan and Egypt. The President's remarks were taped in front of the Western White House Saturday and broadcast today CBS Morning News.

The President scheduled a full-dress review of the Middle East crisis here Tuesday. He was meeting today with Sen. George Murphy, R-Calif., who recently returned from a visit to Israel. Turning to domestic issues, the President said the mood of the nation was volatile, but he said domestic strife had been less severe this summer than two years ago and said he had

"his fingers crossed" that people were beginning to accept the fact that conflicts must be resolved through constitutional processes. "This is the great issue of our time," he said. Nixon left no doubt he saw the beginning of massive school desegregation this fall as a significant hurdle for the nation. Discussing the forthcoming November elections, Nixon declined to predict whether his hopes of getting a Republican majority in Congress would be realized. "I don't make any predictions until we get quite close," he said. "About the first of October I might have some ideas." Responding to another question, he praised the work of Vice President Spiro T. Agnew but refused to speculate on whether he would be his running mate in 1972. "Of course this is a premature question," the President said.

AFTER LEGISLATION

State Taxpayers' Pockets May Be Slimmer By \$400 Million

AUSTIN, Tex. (UPI) — Two tax experts believe the Texas Legislature will pass a record budget to be financed from the pockets of the state's taxpayers when it meets early next year. The gloomy picture was presented by Rep. Ben Atwell, D-Tex., and James McGrew, D-Tex., the director of the Texas Research League. Atwell is chairman of the House Committee on Revenue and Taxation. McGrew said the next tax bill could run as high as \$400 million. "We will probably have to raise more taxes when we did

in 1969," Atwell said Saturday. Last year's legislative tax bill was \$348 million, the highest ever. The legislator said it will be the legislature's responsibility to raise the money needed to finance such a budget. He would not speculate on what taxes might be raised. "Necessarily it will have to be some broad based tax or some combination of broad based taxes," he said.

The nobleman was the Marquese Camillo Casati Stampa del Soncino, who had vast holdings in Rome and Milan. The note, bearing the marquese's name, contained the phrase, "I die because I cannot tolerate your love for another man. I do what I have to do," police reported. The note was left on the top of a desk near the three bodies. "In the large drawing room decorated with rich paintings

and tapestries lay the 43-year-old marquese, a shotgun wound through the temple. Nearby lay the body of his 35-year-old wife, Anna, and that of a 25-year-old political science student, Massimo Minoretti. On the floor next to the body of the marquese was an empty 12 gauge shotgun, one of 15 such sporting weapons he kept on a rack in his study. Casati, who was portly and balding and wore long side burns, married Anna on June 13, 1959, after the death of his first wife, a dancer, Anna, tall, elegant and svelt. She died after obtaining a church annulment of her first marriage.

Plans Shaping Up For Alan Bean's Return

WHEELER (Staff) — There is one minor change in the course of Friday's celebration in Wheeler dedicating Alan Bean Avenue, according to Mayor Pete Burton. The barbecue following the dedication ceremonies will be served on the football field rather than in the gym. Mayor Burton said the change was made in the light of the impossibility of estimating the attendance and to make serving easier for the caterers. He said location would be no problem for visitors since the gym location had already been publicized and the playing field is next to it. Parking will be the same. The unveiling of the marker officially changing the name of Shamrock St. to Alan Bean Ave. will be at 6 p.m. at the corner of Texas and Shamrock Sts. This is the site of the old jail, currently the library, at the southeast corner of the courthouse square. Bean is flying to Fort Worth where he will be joined by his father for the trip by car to Wheeler.

Demand Suharto To Meet With Leader

THE HAGUE (UPI) — Amboinese Island youths shot their way into the Indonesian Embassy today, killed a police guard and said they would shoot one of three hostages they seized if Indonesian President Suharto does not agree to meet their leader in 48 hours. The Indonesian ambassador to Holland escaped when the youths invaded the embassy with sten guns blazing, but they seized his wife and the ambassador's two children in protest against Suharto, who is scheduled to arrive Tuesday. Amboina, one of the many islands making up the archipelago of Indonesia seeks to be an independent state in the side of the Dutch in the 1959 war of Independence. Police said the raiders, armed with sten guns and rifles and with what looked like a grenade, were on the terrace of the residence "shooting at anything that moved." The Dutch government ringed the embassy with troops and brought up two armored cars. The Amboinese, who fought on the side of the Dutch in the Indonesian war of independence, were thought to be members of the Badan Persatuan Assosiasi which seeks an independent Amboinese state in an Indonesian federation. However, Badan Persatuan officials said they had no knowledge of the raid. Suharto's visit, first by an Indonesian president since Holland granted Indonesia independence in 1949, has brought

unrest throughout Holland where there are about 30,000 Amboinese. Taswin Natandiningrat, the Indonesian ambassador, managed to escape today, but the raiders seized his wife and their two children, Ganesar, 15, and Priongung Djaja, 11. The group apparently took over the ambassador's residence to back their independence demands and to protest Indonesian President Suharto's state visit to Holland beginning Tuesday. The group, which police said included teenagers, arrived at the embassy residence this morning in three buses. Some of them were armed with sten guns.

Algerians Hijack Convair

DUBROVNIK, Yugoslavia (UPI) — Three Algerians waving pistols and a Molotov cocktail held a scimitar-like dagger to the throat of an Air Algerie pilot today and forced him to fly them to Yugoslavia where they asked for political asylum. The plane, a turboprop convair 640 with about 30 persons aboard, was ordered to Albania, but the tiny Communist country refused its permission to land and the pilot took the hijackers to Dubrovnik on the Yugoslav Adriatic coast, after stops in Sardinia and Italy. The pilot, identified only as Capt. Ieros, told officials, "I am utterly exhausted. I've been in that plane since 6 a.m. Sunday, a good deal of the time with a dagger at my neck. I need some rest." Yugoslav officials said it appeared the request for political asylum would be granted. The three Algerians, all described as about 30, refused to give their names. They seized the plane on a flight from Annaba, Algeria to Algiers.

Cambodian Battalion Blocks South Advance

PHNOM PENH (UPI) — The Cambodian government today rushed a battalion of its South Vietnamese-trained troops into the Srang area 26 miles south of Phnom Penh to block a possible Viet Cong advance on the capital from the town they captured Sunday. But the Communists blew a 10-foot deep hole in Highway 1 leading from Phnom Penh to Saigon, and attacked an orphanage in South Vietnam where they killed 10 youngsters and wounded 44 others. UPI correspondent Kate Webb, in a report from the Srang area, said the 600

government troops took up positions six miles from Srang on the Phnom Penh side of the town after the Sunday capture that followed three days of harassment. She said the battalion commander reported government officials traveling to Srang by car Sunday were captured and that there were unconfirmed reports of Cambodian soldiers captured when the Viet Cong moved in and set up headquarters in a Buddhist temple. Some Srang families were reported fleeing to Phnom Penh.

Dear Abby

By Abigail Van Buren

DEAR ABBY: A mother boasted that when she told her little four-year-old son that she didn't want him to play with the neighbor boy because "Billy wasn't nice," (he used bad language and his mother had a shady reputation) her son said, "But, mother, how will Billy ever learn to be nice if no nice boys play with him?"

Sweet letter, but it's a sad fact that when good and bad associate, it isn't the rotten guy who gets good, it's the good guy who gets rotten. In scientific language, each entity seeks the lowest energy level. It is related to the concept of "entropy," which is fact, not theory.

So, if parents want their nice boys to grow up to be decent adults, they shouldn't let them associate with hoodlums. And of course, the same holds true for girls.

Very truly yours, S.A.S.

DEAR S.A.S.: — I don't know much about "entropy," but I do know something about people.

It is virtually impossible to keep one's child from "associating" with neighbors and schoolmates—rotten and otherwise. All parents can do in an effort to rear wholesome, moral children is to teach them honesty, fairness and decency and to give them moral examples to follow.

Not all people who are exposed to the rottenness of others become rotten. Some have been known to exert their good influences on those less perfect, and make them better.

DEAR ABBY: What do you think of a woman who on her deathbed made her husband promise that after she died he would never marry? The husband is 58.

I honestly don't think this kind of promise holds water. What do you think?

HIS LADYFRIEND: Perhaps not. But it seems to be "holding" him.

DEAR ABBY: May I say a few words to all those sobs who agreed with the woman who said that a man should be able to come to the dinner table bare-chested in his own home if he so chooses?

I suppose in his own home a husband has the right to go around without bathing, shaving or using a deodorant? He may also eat with his mouth open, belch, curse, use foul language and dispense with all courtesies — and of course, come to the table naked from the waist up if he wants to. But in the interest of self-respect and

AFTER SCHOOL

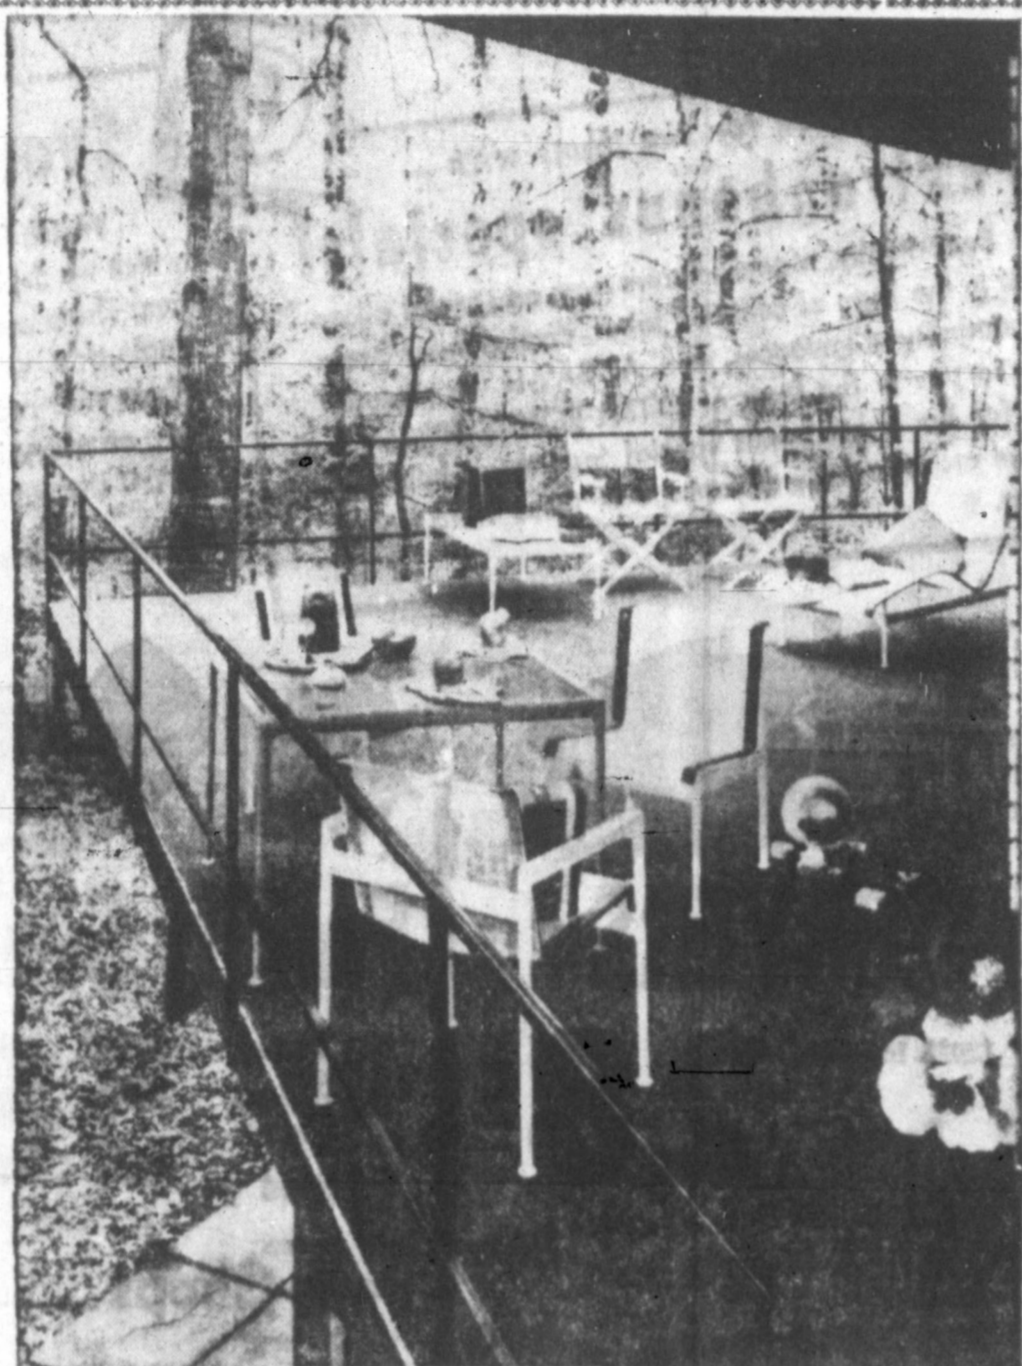

Hi, I'm Buffy Davis of TV's "A Family Affair" and I'm ready to go out to play. After school, I like to play "hide 'n seek" with the kids and climb trees and run races. My favorite after-school outfit is this patchwork, plaid double and straight-legged pants of 100% Acrilan made by Cinderella. With it, I wear a "Stop the Press" skirt because my mom finds it easy to take care of. I have fun with the double because I can pretend I'm a workman or even Robin Hood in it. Sometimes we're right in the middle of robbing the rich to give to the poor when my mom calls me home for dinner... Then, we have to start all over the next day...

MRS. R.C. DEAR MRS. R.C.: Everyone should enjoy a degree of informality in the privacy of his own home, but you make a valid point.

DEAR ABBY: I sit opposite a boy at work who I am gradually falling in love with. He is I am sure, unaware of my obsession as he thinks he is totally unattractive to girls.

I find him most attractive, though he is only 5 feet 3 and is slightly built. He only weighs eight and a half stone. I am well-proportioned myself, all ten and a half stones of me. We are also of different religions, which means so much here in Ulster, Ireland.

How can I get him to ask me out? Or do I do the asking?

JENNY in ULSTER

DEAR JENNY: Ask him. If opposites attract, you'll have yourself a beau.

POLLY'S POINTERS

Foil From TV Dinners Has Multiple Uses

By POLLY CRAMER

DEAR POLLY — We are pensioners and everything saved is a help. I keep all the foil dinners that come on frozen TV dinners, wash them and find they are perfect for wrapping potatoes to bake. I grease each potato, wrap in a foil square and put in the oven.

DEAR POLLY — Sarah wanted to know how to shred foam rubber to use for stuffing pillows. I cut large pieces into strips with a sharp knife, then shred the strips with the scissors.

DEAR POLLY — When I put my clothes in a new garment storage bag, I found the bag was much longer than needed. My mother suggested that I put a large box in the bottom to hold my extra sweaters. It saves drawer space and the box of sweaters weighs down the bottom of the bag for a neater look.

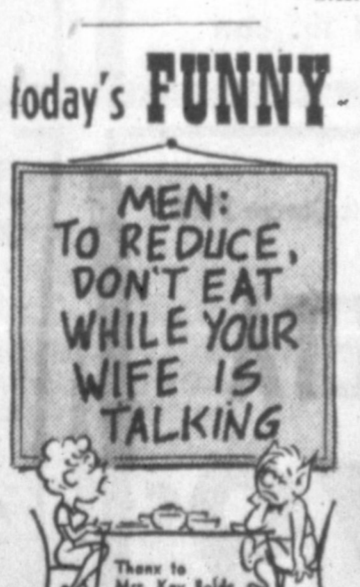

DEAR POLLY — The catch or spring holding the inside door tight in the freezer compartment of my refrigerator-freezer was broken off. The door didn't hold tightly to the rubber facing. I improvised a repair by using a piece of the children's modeling clay edged in at the latch. This holds the door tight and secure, yet it is pliable enough to release the door when it needs to be opened.

DEAR POLLY — When wood buttons on any garment get dull after dry-cleaning, I polish them with clear nail polish and they look as good as new.

DEAR POLLY — and GARDENERS — To pull out the roots of stubborn seedlings that crop up, use the slot in the end of a hammer. It's easy as pulling out a nail.

Polly's Problem DEAR POLLY — Some time ago I fastened pictures of my favorite movie stars all over the closet door with clear, gummed, plastic tape. I have now removed them and the tape left marks all over the door. Is there some way I can get these marks off without having to refinish the entire door?

Vows Unite Castleberry, Parker

WHEELER (Sp) — The wedding of Diana Lee Castleberry, daughter of Mrs. Florine Jackson of Wheeler, and Weldon Don Parker, son of Mrs. George Parker of Briscoe, was solemnized Saturday evening at 8 o'clock in the sanctuary of the First Baptist Church of Wheeler, with the Rev. Keith McCormick, pastor, performing the double-ring ceremony.

Mrs. Fred Jackson, grandmother of the bride, made the bride's wedding gown and the dresses of the attendants which were fashioned after the bride's dress. The church was decorated with baskets of white gladiolas and white tapers in wrought iron candle holders.

The bride carried out the tradition of something old, which was a pair of pearl earrings which belonged to her great-grandmother, and something borrowed, a handkerchief belonging to her aunt, Miss Linda Jackson. Something blue was a blue garter and something new, a penny in her shoe with the year of her birth.

As she entered the church she presented her mother with a long stem red rose, and as she left she gave her mother-in-law a long stem pink rose. Both mothers wore dresses of yellow and white accessories, with yellow corsages.

Mrs. Sylvia Lee, organist, played a prelude of nuptial

selections as guests assembled. She accompanied Ronald Rives, Dixie DeArment and Brenda Errington as they sang "Twelfth of Never". As the couple knelt at the altar Rives sang the "Wedding Prayer".

She was given in marriage by her uncle, Del Wayne Jackson of Wheeler with "her mother and I" avowal.

Bridal attendants were Debbie Blanton, maid of honor, with bridesmaids, sister of the bride, Misses Mary Faye and Patricia Ann Castleberry. Gary Parker, brother of the bridegroom was best man. Groomsman were Nelson Parker and Terry Daugherty. James Parker, nephew of the bridegroom, was ring bearer, and Miss Toni Willingham, cousin of the bride, was flower girl.

Candles were lighted by Gary Jackson of Wheeler, cousin of the bride, and by Ronald Lamb, a reception was held in the church parlor following the ceremony. Misses Debbie Clark of Golden, Colo., and Miss Vickie Gaines were at the serving table and Miss Linda Carol Jackson at the guest register.

The couple departed for Oklahoma City for a wedding trip. The bridegroom is employed by Lloyd Jones of Allison. Mrs. Parker is employed at a drive inn. She will be a senior at Wheeler High

School this year. He completed school at Briscoe in 1969 and attended United Electronic School in Oklahoma City.

How much milk does a pregnant woman need? Well, for good health before you are pregnant, you should consume two to three cups a day. While pregnant, you'll need four cups a day. Your need for calcium will be twice as much as usual. A quart of milk a day will give you three-fourths of the calcium you need, plus many other nutrients.

Carbohydrates are the sugars and starches in our food. They serve as sources of energy for our bodies and to maintain body temperature. The most common sources of carbohydrates include cereals and products derived from them such as breads and baked goods, breakfast cereals, rice and noodles — also most vegetables and fruits, sugar, jams, jellies, candy, and honey.

Breads and cereals are essential in good nutrition. They are one of the four food groups. You should get four or more servings of enriched or whole grain breads and cereals each day. These foods are even more useful when combined with animal protein, such as cornflakes and milk, a cheese sandwich, or spaghetti with meat sauce.

What do fats in our diets do for us? Fats supply a large amount of energy in a small amount of food — twice as much per gram as either protein or carbohydrates. They make our meals taste better, and more satisfying. Fats also help keep skin healthy by supplying essential fatty acids. And fats promote efficiency in our use of protein and carbohydrate.

Exercise is an important part of any weight control program. Burning up some of those calories in wholesome outdoor activity allows you to eat a more satisfying amount of food. Remember, too, a sound reducing diet includes foods from the meat group, the milk group, fruits and vegetables, enriched and whole grain breads and cereals.

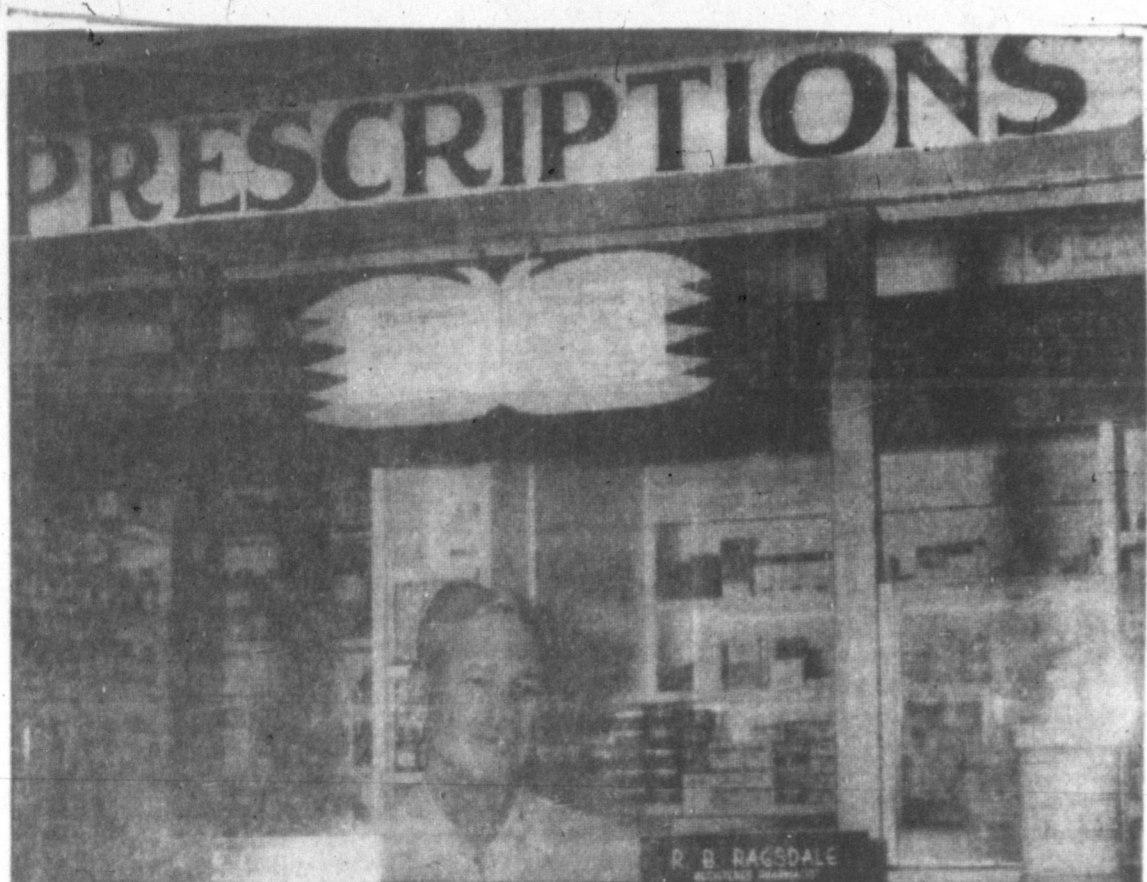

Sweet corn is one of the delights of our lives. (People look forward to the corn season each year with tremendous anticipation.) Well, in most areas, that time of year is here. Roasted or boiled, sweet corn is everybody's favorite. Just add butter and salt. The enjoyment and nutrition that corn offers makes it a great food.

The human body is composed of about two-thirds water, by weight. This high water-content of the body has been called "the sea within you." It is, literally, salt water plus essential substances in solution. Many of our best foods help supply the amount of water we need. Milk is one. And did you know tomatoes contain 93 percent water?

THE CAPABILITIES of the pharmacists of B and B Pharmacy, one of whom is R. B. Ragsdale, pictured above, are verified and very clearly marked by the quality and quantity of their work during the years since the pharmacy opened.

Customer Satisfaction Important At Ballard-Browning Pharmacy

Highly competent B and B pharmacists have been filling prescriptions to the best of their ability and to their customers' satisfaction from their stock of 10,000 medicines since B and B Pharmacy, located at Ballard and Browning, opened for business in 1953.

In that time, the B and B pharmacists have filled well over half a million prescriptions, said pharmacist R.E. Ragsdale.

Two pharmacists are on duty at all times at B and B Pharmacy, and are on call on Sundays.

B and B Pharmacy also offers "over-the-counter" medicines, carries Dr. Scholl's remedies, and is equipped to meet all everyday drug and first-aid needs.

In other departments, B and

B also carries quality stock to meet the demands of its customers.

There is a gift department at B and B Pharmacy which carries such things as costume jewelry, colognes, perfumes, glassware and billboards.

In the cosmetic department, B and B carries several well-known lines of beauty aids, which include Frances Denny, Dorothy Gray, Revlon, Bonne Bell, and Allercerme.

In women's fragrances, B and B stocks Nina Ricci, Lanvin, Crepe de Shine, Coty, Faberge, and Vitabath.

For men, B and B stocks goods to meet all shaving needs, and in men's fragrances, the pharmacy carries English Leather, in the regular or lemon-lime scent; "That Man," by Revlon; Old Spice; Robert Denny; Black Belt; and Signorick.

The hungry Pampans may eat his fill in the B and B Pharmacy coffee shop, where "Staff Breakfast" has been held for years. The shop serves lunches, sandwiches, malts, most any ice cream dish, and soft drinks.

Russel Stover Candies, Pangburns, and Ann Itaskas, hard candies may be purchased at B and B, with which, as with all purchases, B and B gives "S and H green stamps."

Seven employees operate the establishment, directed by F.L. Stone, owner, and Mrs. Lucille Foster, co-owner.

MOTORCYCLES FOR everybody but Mama is the order of the day in the family of Alvin Sharp, owner of Sharp's Motory Cycle Sales, 800 W. Kingsmill. Kevin, 6, on the left, is preparing to ride his "Mini Trail 50," while his daddy, Alvin, sits watching on his "Moto Sport 350" and his sister Janna, 9, sits on her "Mini Trail 70."

Cycling Becoming A Family Affair For Fun And Health

"If you want something to ride, get a Honda; if you want something to work on, get something else," declared Alvin Sharp, owner of Sharp's Motor Cycle Sales, 800 W. Kingsmill.

"Hondas," Sharp said, "are known for their reliability." They come in many sizes, ranging from the 50 and 70 cubic centimeter engines of the "Mini Trail 50" and the "Mini Trail 70" to the 750 cubic centimeter engine of the "Super Sports."

All Hondas have a "four-cycle" engine, which means that the oil and gas are not mixed together in the lubrication of the engine.

Wade To Head Mental Health

AUSTIN, Tex. (UPI) — Dr. David Wade of Gov. Preston Smith's staff Saturday was appointed to the \$36,500 job as commissioner of the State Mental Health and Mental Retardation Department.

Wade, a medical doctor, replaces Dr. John Kinross-Wright, who resigned April 28 after being told by the board to quit or be fired.

Wade has been serving as Smith's \$30,000-a-year director of comprehensive health planning. There were published reports circulating even before Kinross-Wright was fired.

Wall Street Chatter

NEW YORK (UPI) — Several things favor an extension of the current market rally, W. E. Hutton & Co. says. They are skepticism on the part of brokers and professionals, the fact that this is the time of year when the appearance of an assertive new trend is most likely to be psychologically potent, and evidence that Washington wants the economy and the market to improve. But the big thing, helping stocks is the better bond market and the continued softness in short-term interest rates, it adds.

Long-sidelined institutional investors are in a strong cash position, Goodbody & Co. observes, and "as it becomes increasingly evident that the 1969-70 recession has bottomed out, it would seem that stock prices have some catching up to do." Some profit-taking now, however, is only logical, the firm adds.

Trading Tigers Tops

"There is a price for every pocketbook from the tire trading tigers in the top of Texas," declared Ronald Cline, manager of Vaughn's Auto Service Center, 1800 N. Hobart.

"Vaughns offers a complete line of Uniroyal tires, featuring the Royal Master tire," Cline said.

The Royal Master tire is "the ultimate" in tires. It has a 40,000 mile treadwear guarantee.

Vaughn also handles Good Year tires, which are the only polyglass tire available on the market.

Complete automobile and farm equipment tire service is offered at Vaughns on a 24-hour seven-day-a-week basis. This tire service includes mounting; wheel balancing with an electronic wheel balancer which balances tires both statically (where the heavy wear will be) and dynamically (the sides to compensate for weaknesses which all tires here in the heavy wear area), and road service.

Vaughns road service crew is available any time, day or night. If there is a flat on someone's farm equipment, or if someone has a flat on the highway, men from the road service crew of Vaughns will come fix it if they are called.

The fine repair department at Vaughns specializes in the repair of breaks, front end adjustment, and tune up work.

Sinclair Petroleum products are available at Vaughns. The establishment also owns an automatic car wash next door.

Vaughn service men will vacuum and shampoo cars with any fill up.

Vaughns accepts any major credit card charge for tires and repair service, with twelve months to pay and no money down.

At Vaughns, Danny Strawn is assistant manager; Johnny Cook is the highly skilled mechanic who handles the outside tire service; and Milton McCowen is the wheel balancing specialist.

Odessan Loses Toolbox To Thieves

Phillip R. Neal, Odessa, reported to Pampa police Friday morning that a tool-box filled with tools had been taken from his pickup truck.

Neal said he missed the tools from the bed of his vehicle about 9 a.m. Friday morning. He told officers he arrived in Pampa Thursday night and was parked at various places before retiring at a local motel.

The box and the tools it contained weighed 300 pounds but the pickup was equipped with a hoist which the thieves could have used to remove the stolen property.

Police are investigating the incident.

Your Horoscope

FOR TUESDAY, SEPT. 1
YOUR BIRTHDAY TUESDAY: — Your view of your life and situation this coming year is set to be a shattering one. Actually your efforts to lead a normally healthy life contribute to the strength of your nation. Much of what you must do relates to the public good as much as to your own interests. Drop all old habits and activities which lead nowhere. Tuesday natives have a knack for good humor, spinning prodigious tales.

ARIES — (March 21-April 19): — Your impatience needs channeling into answers to all sorts of communications. Older people are remarkably helpful when asked. Realize you are neither alone nor lost in a mob.

TAURUS (April 20-May 20): — The temptation is to get away from it all. Steady progress can be achieved on the outer sector. Attend the needs of young people. Also health improvement programs.

GEMINI (May 21-June 20): — Now is the time to find answers to old questions, get help from organized groups, complete back work. Things settled long will never need redoing.

CANCER (June 21-July 22): — Determine that you be a productive day then get down to business. Your discipline in putting aside lengthy discussions make all the difference now.

LEO (July 23-Aug. 22): — You get results Tuesday from persistent efforts. The advice of parents are pertinent to what you are doing. Make that long-planned consulting financial move.

VIRGO (Aug. 23-Sept. 22): — Not much happens, but what does happen has special meaning. Private affairs are to be given close attention. Strive to improve emotional life.

LINCOLN (Oct. 23-Nov. 21): — You have a good chance to attend needs which have escaped notice. Act without discussion or announcement; simply do what has to be done and get on with it.

SCORPIO (Nov. 22-Dec. 21): — The advice and comfort of friends is helpful. Personal life should be kept in perspective. Don't think, not there. Many details can be cleared off something occurs to you for late attention.

SAGITTARIUS (Dec. 22-Jan. 19): — Make the best of a generally good day for career advancement, personal passion. Friends and fellow workers pitch in, give and get recognition.

CAPRICORN (Jan. 20-Feb. 18): — The results of your day's endeavor should be long with you. Start with reality and be consistent. Personal and creative projects are most favored.

AQUARIUS (Feb. 19-March 20): — Selection is the key to success Tuesday. Choose carefully. 25-75 most items there will be no second choice — then change night in to support what you have chosen.

PISCES (March 21-April 19): — On this quiet day, do a little in forward all your main interests. Group and marital interests are much benefited now with almost any activity.

New Books

- THE KENNEDY WOMEN - Pearl Buck; a handful of Kennedy women are left to lead a virtually fatherless generation. Can these women direct their sons and daughters back to greatness? Miss Buck's conjecture of what fate might await the "cursed" Kennedy clan is thoughtful, sobering and highly controversial.
