

Nixon Draws Bead On Nation's Ills

By MERRIMAN SMITH
UPI White House Reporter
WASHINGTON (UPI)—President Nixon proposed in his State of the Union message to Congress Thursday the most expensive program in history to combat pollution and crime.

Nixon's first State of the Union message also reported prospects for peace in Vietnam were "far greater today than they were a year ago."

Nixon's assessment of the peace outlook for the '70s was even brighter. He said, "America may have the best chance since World War II to enjoy a generation of uninterrupted peace."

In a largely domestically oriented message in which he foresaw America as "a society of large expectations," the President's dominant subjects appeared to be pollution, crime and inflation.

On pollution, he declared: "The program I shall propose to Congress will be the most comprehensive and costly program in this field ever in the nation's history."

He said the plan, to be submitted later to Congress, will include a national \$10 billion clean waters program to put modern municipal waste treatment plants "in every place in America where they are needed."

With reference to the fight against the growing crime rate, he said: "In referring to budget cuts, there is one area where I have ordered an increase rather than a cut—the request of those agencies with the responsibility for law enforcement."

Nixon said that would involve doubling in fiscal 1971 the federal expenditure for aiding local law enforcement—double the 1970 budget for this purpose.

"Freedom is the faculty which enlarges the usefulness of all other faculties."
—Immanuel Kant

Guerrilla Ground Fire Down USA 'Copters

SAIGON (UPI) — Guerrilla ground fire brought down two more American helicopters in fighting reported today, boosting to 15 the toll of U.S. 'copters downed in the past two weeks.

Figures supplied by the U.S. Command said the losses brought to 6,351 the number of aircraft—fixed wing and helicopters—lost in combat and to operational causes since Jan. 1, 1961.

A total of three crewmen were wounded in the two crashes Thursday, one near Katum 60 miles northwest of Saigon, the second in the A Shau Valley in South Vietnam's far northwest corner.

Military spokesmen reporting the losses said a total of four Americans have been killed, including a U.S. Army colonel, and 20 have been wounded in the 15 crashes during the past two weeks.

The latest 'copters went down during a day of what was described as light and scattered fighting that killed a total of 145 guerrilla troops and cost American forces two dead and 26 wounded.

One of the U.S. dead and 11 of the wounded were victims of 27 overnight rocket and mortar attacks fired into Allied targets by the Viet Cong and North Vietnamese headquarters said.

The U.S. Command called in B-52 bombers for four raids during the night, two of them against the U Minh Forest bivouacs of Viet Cong troops who attacked a nearby South Vietnamese marine base Thursday.

Command sent to armadas of B-52 bombers over the U Minh Forest today to bomb the hideouts of guerrilla troops who attacked a nearby South Vietnamese marine base Thursday.

War communiques reported light combat across the war zone otherwise Thursday, with 43 guerrillas slain against U.S. losses of one dead and a dozen wounded.

Thirteen rocket and mortar salvos hit U.S. and South Vietnamese targets during the night, causing casualties at only one of the sites, military spokesmen said.

The Thursday fighting included four small clashes on the approaches to Saigon from Communist camps along the Cambodian border. South Vietnamese troops in two skirmishes reported killing 21 Viet Cong near the border while losing one man killed and four wounded.

A third flareup saw guerrilla attackers wound eight Americans 28 miles north of Saigon and escape without an apparent loss. In the fourth, U.S. troops

lost one dead and four wounded in killing eight North Vietnamese 55 miles northwest of Saigon.

Military sources reported meantime that 50,000 Allied soldiers have gone on alert around the northern city of Da Nang following the capture of a

North Vietnamese colonel who revealed Communist plans to attack the city. South Vietnam's second largest.

The captive was described by the sources as a political officer in North Vietnam's 2nd army division, situated in the jungles south of Da Nang.

UNIDENTIFIED BOAT is spotted by an Israeli police patrol in waters six miles off the Gaza coast. Operating from the port of Haifa, the patrol boats are equipped with radar and light machine guns. Their job is to prevent infiltration by terrorists, check illegal fishing, stop smuggling and perform sea rescues.

PULLING ALONGSIDE, the Arabs are taken aboard the patrol boat and searched for arms. Each coastal patrol boat has a crew of six, all members of Israel's police force.

Pampa To Get Weather Break

Government weather watchers expect a gradual warming trend over all of Texas today, even though brooding clouds will remain through Saturday.

TO RUN FOR GOVERNOR

Eggers In Second Attempt For Post

AUSTIN, Tex. (UPI) — Republican Paul Eggers, in announcing his candidacy for governor of Texas, said Thursday he is going to try it again because the state's problems have gotten worse during the past two years.

Israel kept its commandos on the captured Egyptian Red Sea island of Shadwan today and sent waves of warplanes again on raids to Cairo's doorstep, military spokesmen in Cairo said.

The announcement of the air raids said Israeli jets hit Egyptian army camps 10 miles south of Cairo near Helwan, Egypt's main arms-producing center, and escaped safely.

It was the latest in a series of raids that have sent the shock waves of Israeli bombs rolling over the Egyptian capital. Other Israeli warplanes were said to have raided along the Suez Canal today.

CLEBANOFF
... In Saturday concert

Clebanoff's New Sound Here Saturday

The new sound of the Clebanoff Strings and Orchestra will be heard tomorrow night in concert at the Pampa Junior High School auditorium. Sponsored by the Pampa Community Concert Association as its second presentation of the 1949-70 concert season, Clebanoff and his company of 20 will offer an innovation in the concert field—virtually two programs in one. The first half of tomorrow night's program will be a classic string concert; the second half, adding piano, accordion, harp and percussion, will be on the "pop" side. Curtain time is 8 p.m.

Sinatra's Name Scratched From Demo Party Fete

MIAMI BEACH (UPI)—Singer Frank Sinatra facing a contempt charge in a New Jersey investigation of organized crime, has been withdrawn as a headliner at a big national Democratic Party social here next month.

Democratic Party chiefs in Washington told local planners Thursday that Sinatra was forced to cancel his appearance at the Democratic Party gala Feb. "because of a rescheduling of a motion picture in which he will perform."

Area Graduate Has Original Play Published

SKELLYTOWN (Staff)—Kim Alan Wheelley, son of Mr. and Mrs. Rex Wheelley of Skellytown, and 1964 graduate of White Deer High School, has recently had an original play published in "Dramatics." This is a monthly magazine of the International Thespian Society, which reaches hundreds of thousands of high school drama students throughout the world. Wheelley wrote the play, "The Barefoot Bag," while attending the University of Texas at Austin. The first production came when he began teaching in Santa Maria, Calif. last year. The play received excellent reviews at a play festival in Santa Barbara, Calif., and was produced last summer in Sussex, England prior to publication in "Dramatics."

Dairy Safe Rifled By Burglars

Theft of \$55 from a safe at the Hazlewood Dairy, 732 E. Frederic, was reported to police yesterday afternoon. Randy McClelland, manager, said the burglary occurred sometime between 6 p.m. Wednesday and 1:30 p.m. Thursday.

There was no sign of forced entry and apparently the safe was entered with a key, police said.

In other police news:

Officers were called to the Sav-U grocery in Coronado Center around noon yesterday where the store manager was holding a woman accused of shoplifting \$5.36 worth of merchandise.

The case was turned over to the county and Mrs. Louise Calloway, 1823 N. Nelson, pleaded guilty to theft under \$50 and was fined \$15 in Justice of the Peace Nat Lunsford's court.

Police Chief Jim Conner said a recent series of gasoline thefts from parked cars in the 500-block of N. Doyle had been cleared up with apprehension of several juveniles. No charges had been filed today.

Two young girls, reported by their parents as runaways, were located and returned to their homes.

Woman Incurs Minor Injury In Car Wreck

A Pampa woman was slightly injured and damage estimated at \$2,200 was done to two automobiles in a collision at N. Hobart and Kentucky shortly after 11 o'clock last night.

According to a police report, the car driven by Edward Bailey, 41, 2325 Navajo, was stopped at a red light when it was struck from the rear by an auto driven by Mrs. Joe T. Daniels, 45, 1905 N. Sumner.

Mrs. Daniels was cited for failure to control speed. Police said Mrs. Daniels reportedly was suffering from shock.

'Jaycee-ism' Described To Noon Lions

"I would not be so fortunate personally, financially or politically as I am today if I had not been a Jaycee," Jaycee President John W. Warner told the Noon Lions Club at their regular meeting yesterday.

Warner traced the history of the U.S. Jaycees and the Pampa Jaycees pointing out that the local club is celebrating 40 years of service to Pampa Jaycee Week, Jan. 18-24, commemorating the 50th anniversary of the U.S. Jaycees.

"The Jaycees offer opportunities for training young men and developing their leadership potential," Warner said. He pointed out that the Jaycees offer their members courses in public speaking and a special Leadership in Action course. "This course was developed by Success Motivation Institute for the U.S. Jaycees at a cost of \$75,000," he said. "Jaycees get to take this five week course in leadership development for only \$2." Warner continued. He then pointed out that the local club was selected as the number one club in the state and nation in 1968.

Liberals Oppose Anticrime Bill Because Of "Too Much Power"

WASHINGTON (UPI)—Over the strong opposition of a small band of liberals, the Senate was expected to pass today a tough anticrime bill which includes a provision allowing judges to impose 30-year sentences on "habitual" or "professional" criminals.

Led by Sens. Edward M. Kennedy, D-Mass., and Philip A. Hart, D-Mich., the liberals said the bill goes so far it endangers everybody's rights and gives federal prosecutors too much power.

The bill, and 12 other anticrime, pornography and narcotics measures sought anew by President Nixon Thursday in his State of the Union address, appeared in trouble in the House—and on the same grounds.

"Probably most of his crime proposals are unconstitutional and will never be passed," said Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, whose okay is needed before a crime bill can come to a vote. He made the comment immediately after hearing Nixon speak.

Prodding Congress to act, Nixon declared: "We in the executive have done everything we can under existing law, but new and stronger weapons are needed in this fight."

Other sections of the bill: Require the convening of special grand juries in metropolitan areas at least once every 18 months to investigate organized crime and government corruption; offer witnesses immunity against self-incrimination; provide contempt proceedings against recalcitrant witnesses; make it easier to prosecute for false testimony; grant protection from mob vengeance to witnesses; allow depositions from witnesses in danger of reprisal and outlaw racketeer infiltration of legitimate businesses.

Jaycees To Host Banquet Tonight

Tonight at 6:45 in the Pampa Country Club a reception for Mayor Mike Carlson opens a Pampa Jaycee project called "Meet the Mayor." Dinner will follow at 7:30. All young men in the Pampa area between 21 and 35-years of age are invited to attend, according to Milton Saltzman, Jaycee chairman.

"This is the first time such a project has ever been attempted in Pampa," Saltzman said. "We believe that young men will take a more active part in the affairs of their community if they are aware of the needs and opportunities." Carlson will speak on "Challenges Facing Young Men of Pampa."

Obituaries

RICHARD O. BOWERS
Funeral services for Richard Owen Bowers, formerly of Pampa, were held Wednesday at Ustick Funeral Home in Rocky Ford, Colo., with burial in Rocky Ford Cemetery.

Mr. Bowers died Sunday at Pioneer Memorial Hospital. He was born in Waco March 1, 1894, and was married to Jewell Looper in 1919 in Pampa. They operated a farm in Texas several years before moving to Rocky Ford in 1934. They moved to Roswell, N.M., in 1940 and moved back to Texas in 1947 to manage a ranch near Booker.

They couple celebrated their 50th wedding anniversary in September, 1969. Mr. Bowers was a member of a Baptist Church.

Survivors are his wife; four sisters, Mrs. Emma Black, Clyde; Mrs. Charles Mandeville, Mrs. Jack Patton and Mrs. Banks L. Cole, all of Pampa; and one brother, S.C. Bowers, Pampa.

Ordinary Citizen Important In Crime Fight

HOUSTON (UPI)—Attorney General Crawford Martin said Thursday the ordinary citizen is the man of the hour in the fight against growing crime.

Speaking to the Houston Chamber of Commerce, Martin said individual citizens can help stop crime growth by demanding law enforcement and committing themselves to law and order.

"We can insist on equal observance of the law, and never permit the idea to grow that one man or one cause is above it," Martin said.

"I can't say that any of these, or all of them put together, will have any dramatic effect on the crime rate in America right away. But I do believe that all of us, if we believe in our cause strongly enough, can create a climate in which crime will find it hard to grow."

Leaders ...

(Continued From Page 1) his predecessors. They said about one fourth of the cost of living increase he cited took place since Nixon took office.

How to get their point across on national television was bothering the leaders and they called a caucus of Democratic senators to discuss ways and means. Two of the networks had offered free time, but money for producing the show had to be found.

Want Fact-Faced Show Party strategists tentatively ruled out the one format that entailed no outlays: A speech by one or maybe two of the congressional leaders. They show that could reduce the issues and answers to visible form.

Meantime, their writers were digging into the files for material to bolster a summary statement by House Democratic Leader Carl Albert who said of Nixon's Thursday address to a joint session of Congress: "I am delighted that the President has finally come around to the position of the Democratic party. We welcome him to the ranks and assure him of our continuing cooperation in advancing those programs he now espouses which have long been advocated by Democratic presidents and Democratic congresses."

Key Club Offers Free Patriotic Bumper Stickers

Pampa Key Club members, along with several thousand members of other Oklahoma-Texas District Key Clubs, are endorsing a campaign to "Back America" with free Bumper stickers to persons wishing to express this sentiment.

Pampa Club turned in the first and largest order—2,000—in the District and they are now available to area residents.

The project is endorsed by the District Governor of Key Clubs, Randy Minnis, Denton, and Pampa club president, David Irwin, 2020 Christine, is in charge of local distribution.

A sticker may be obtained by contacting any Key Club member or calling 665-5629.

Buckets

(Continued From Page 1) headed by Adel Myer, will begin to count the results of the drive. A program through county-wide schools, the annual Mothers March and the Bucket Brigade are prime sources of revenue each year in support of the National Foundation.

In 1965 Harry Staufreher of Notre Dame's "Four Horsemen" backfield died at the age of 63.

In 1969 the worst flooding in 32 years hit California and led to declaring the state a disaster area.

Backstairs At The Whitehouse

WASHINGTON (UPI)—Backstairs at the White House: It seems no more than centuries ago when women gossiped about other women who changed the color of their hair. Now they're talking about men who may or may not cover up tinges of gray.

And who finds himself in the center of a current storm about hair coloring? President Nixon. Vera Glaser and Malvina Stepanov recently wrote of the President in their syndicated column, *Offbeat Washington*.

"Nixon prefers the lightest possible hair dressing. He rarely gets a manicure, massage, or shampoo. He uses no hair coloring."

Then into the fray stepped John Osborne in the *New Republic*, a weighty journal of largely liberal opinion which ordinarily would not suffer its engraven pages to be spotted with little newsy notes from the beauty parlor. Osborne vowed on personal eyeball knowledge that "he dyes his hair."

Osborne said he saw gray emerge at the President's hairline during a sweaty crowd reception in Gulfport, Miss., last year.

The White House reacted to Vera and Malvina with quizzical smiles. But there were eruptions, head-shaking and finger-pointing when the Osborne article appeared in a recent issue of his magazine.

Osborne, a dignified, scholarly gentleman who seldom writes about anything less substantive than the ABM controversy or relations with Red China, found himself being

Wall Street Chatter

NEW YORK (UPI)—Investment strategy of some large investors and institutions has been to concentrate purchases in technology areas with limited labor content and high earnings visibility, Bache & Co. observes. The decline last week in the glamor stock sector suggests that a small group had reached multiple levels that were extremely difficult to justify, even with favorable 1970 prospects, it adds.

Although there is likely to be some "anticipation of monetary developments" as early February draws nearer, Shearson Hamill & Co. does not see much immediate prospect for a change in investors' wait and see attitude. "The recent ragged performance, whereby some groups and individual issues do well and others do poorly," is likely to continue over the near term, it adds.

Overall, the firm says, the market should hold up well enough to engender greater courage among investors later on.

Nixon Orders Tons Of Food Shipped To Hungry Biafrans

WASHINGTON (UPI)—President Nixon Thursday ordered 40,000 tons of high protein food to be shipped to Nigeria every month for "as long as it is needed" to help prevent starvation in the former successivist state of Biafra.

Press Secretary Ronald Ziegler said Nixon acted after receiving a request for help from the Nigerian government forwarded to Washington by the U.S. aid mission in Lagos.

Ziegler said Nixon ordered the U.S. government to "meet these requests fully." In addition to the food, the United States will provide airplanes to help distribute it, Ziegler said.

In addition to the foodstuffs, Ziegler added, the United States would also supply 50 generators, 10,000 blankets and 10,000 hurricane lamps, all for use in hospitals.

To speed distribution, he said, the United States will transfer to the Nigerian government four U.S. C97 cargo planes now used by the International Red Cross in Cotonou, Dahomey.

Two other aircraft, U.S. DC6 cargo planes now in Iceland, will be loaned to the Nigerian government, Ziegler said.

Although operations of the six aircraft will be paid for by the United States, Ziegler said, they will be flown by Red Cross crews and will bear no U.S. Air Force markings.

Ziegler could place no dollar value on the monthly food shipments, but said they would continue as long as emergency food supplies were needed in the African nation.

Jaycees Pick Man Of Month

Jaycees named Don Swanson as "Jaycee of the Month for October" during the weekly Jaycee luncheon Tuesday at First United Methodist Church.

Swanson was named for his chairmanship of the group's Punt, Pass and Kick program.

Punt, Pass and Kick is a national program sponsored by an automobile firm and co-sponsored by Jaycees. About 150 boys participated in the first year of Jaycee involvement.

Hal Lilla, Pampa, presented a program of slides on Guatemala and explained the Central American country's historical background.

BUCKET BRIGADE

SATURDAY — 9AM to 4PM

BUCKETS RATTLING with change or rustling with bills will be the "sounds" at Pampa's busy intersections Saturday, as civic club members step forward to do their share toward collecting funds for the 1970 March of Dimes. Pictured here are Emmett Saltzman, left, City Chairman and Terry Brown, County Chairman for the March of Dimes Foundation, who are spearheading the campaign.

In the years since it was begun, the March of Dimes, with your help and contributions, has made it possible to prevent and almost completely wipe out polio as a menace to our welfare.

The March of Dimes still needs your help and your contributions to assure every child the precious birthright of health. That is why the month of January is set aside to ask public support of the March of Dimes' year-round programs of prevention, patient care, research, community services and education.

Two new breakthroughs have come about through these programs. The rubella vaccine is a dramatic triumph over the damage that often results to an unborn child when a woman contracts German measles during early pregnancy. The Rh vaccine has the potential to spare thousands of future citizens death in the womb or devastating handicaps because of Rh blood disease.

A state program will begin very soon to immunize school children six to ten years of age against German measles. Those from one to five years of age should be immunized by their parents. If parents are unable to pay for this immunization, the Gray County Chapter of the March of Dimes will. They continue to pay for the polio vaccine where parents are unable to afford it also. Cards are available in all Gray County doctor's offices for this service.

In order to stop German measles as acripper of infants, all children must be immunized against this disease so that they will not expose their mothers to it. Won't you help?

Give

The Lighter Side

WASHINGTON (UPI) — New products to look forward to in the 1970s:

Self-cooking hot dogs—Gone will be the need for pots, pans or grills for cooking frankfurters. These delectable sausages will come equipped with tiny filaments interlaced throughout the casings.

Plug the frankfurters into any convenient wall socket and the electric current will burn up the filaments, heating the meat in the process.

Remove from socket and served in a bun. With mustard.

Metal hoo-hos—Back in the days before somebody invented plastic, a consumer could buy an item in the durable goods lines with the reasonable expectation that it would be fairly durable.

Times have changed.

Improved Hoo-Hos

Durable goods now are made with new metal alloys guaranteed to last 1,000 years. But in order to save 5 cents on a \$700 item, the manufacturer uses little plastic hoo-hos to hold it together. The hoo-hos either break or wear out within two months and you are stuck with a \$700 lemon. Before this decade is over, science and technology should be able to develop a metal hoo-hoo, and civilization will be saved.

The portable civilization-saver—Civilization will not be saved by little metal hoo-hos alone, of course. Science and technology also will develop a lightweight, four-power civilization-saver that works on ordinary house current. Completely portable, it can be rushed anywhere in the world anytime it is needed. Which is frequently.

Prescription window panes—Have your eyes tested and then take the prescription to a glazier, who will install the corrective panes in your window frames at home. This will eliminate the necessity of putting on your glasses every time you want to look outside.

Ah, Technology!

In some cases, bifocal panes will be needed, with the upper sash for myopia and the lower sash for astigmatism. Depends on whether the thing you are looking at is close by or in the distance.

On The Record

CONGRATULATIONS:

To Mr. & Mrs. Ebbey Gene Freeman, 318 N. Ward, on the birth of a boy at 5:06 a.m. weighing 6 lbs.

Mr. & Mrs. Albert Thorne, Canadian, on the birth of a girl at 3:46 p.m. weighing 7 lbs 2 oz.

Texas Sodomy Law Declared Unconstitutional By Judges

DALLAS (UPI) — A three-judge federal court has declared unconstitutional the Texas sodomy law "insofar as it affects the private, consensual acts of married couples."

The judges' ruling did not touch directly on sodomy practiced by unmarried persons in public restrooms, for example, but the effect was to outlaw the entire Texas sodomy law.

The judges noted that the state sodomy law makes "no distinction between acts committed in public or private, acts committed homosexually or heterosexually or acts committed by unmarried or married persons."

Prosecutor Enjoined
The judges — District Judges William M. Taylor Jr. and Sarah T. Hughes and Circuit Judge Irving Goldberg — permanently enjoined Dallas District Attorney Henry Wade from enforcing the sodomy law.

Wade said he will appeal.
In Texas, sodomy is a catchall term applied to a broad range of sexual acts generally considered unnatural.

The case was brought before the court by Alvin Leon Buchanan of Dallas, a confessed homosexual who had twice been arrested in acts of sodomy with other males in public restrooms.

Charges Harassment
A married couple intervened, saying that Buchanan's suit did not protect the rights of married couples who wanted to practice sodomy in private.

The three judges said the right of married couples to engage in what might be considered unnatural sex acts was protected by the First Amendment, so long as they stayed in their own homes.

Since Buchanan's complaint was not based upon private acts, the judges said, a one judge court will have to handle his complaint that he and other homosexuals are being harassed.

Dr. Louis M. Hellman, assistant secretary of Health, Education and Welfare for population affairs, defended "the pill" before a Senate subcommittee investigating oral contraceptives.

But a former practicing physician, now a lawyer, charged that the pill had been "deviously promoted" to take attention away from its harmful side effects and accused Hellman of promoting it himself with "irrelevant analogies and misstatements of facts."

Hellman conceded that the pills cause certain body chemistry changes affecting such organs as the liver, thyroid and adrenal glands, and can cause high blood pressure and even alter the blood vessels.

Nevertheless, he said, "there is no evidence at this time that any of these drug-induced metabolic alterations pose serious hazards to health." Nor, he said, is there any evidence to link the pill to cancer.

"When the potential hazards and the value of the drugs are balanced, the Food and Drug Administration found that the ratio of benefit to risk was sufficiently high to justify the designation 'safe,'" Hellman told the subcommittee.

But J. Harold Williams, the doctor turned lawyer, said, "the pill has been promoted by devious devices which have lessened the impact of bad news on physicians and their prescription-buying patients. Medical reports adverse to the safety of the pill have been suppressed or delayed in many instances."

Williams, from Berkeley, Calif., who gave up his practice in 1960 to represent patients in malpractice suits against doctors, said Hellman himself was guilty of improper promotion of the pill.

"For example," Williams said, "Dr. Louis Hellman has been quoted many times as saying 'taking oral contraceptives is about as hazardous as smoking three cigarettes a day' and 'there is not even scant evidence to show correlation between the pill and cancer'."

He said such statements were "misstatement of facts" and "irrelevant analogies."

Nixon To Help Homebuilders

HOUSTON (UPI) — President Nixon could not be here in person Wednesday but he said, via a report read to the National Association of Homebuilders convention, he intends to help them in their fight against inflation.

Nixon said "extraordinary and unprecedented steps have already been taken" to stop the decrease in housing production. He said there are no easy answers to the housing problem in the United States and it will take time to solve it.

The White House report was read by Louis R. Barba of Short Hills, N.J., president of the NAHB. George Romney, secretary of Housing and Urban Development, also attended the meeting.

In 1948 Gen. Dwight D. Eisenhower said that he would 1952 he won on a Republican, not accept a nomination for ticket.

DESERT MANEUVERS keep Israeli army on its toes. In top photo, Commander-in-Chief Heim Bar-Lev, center, and other high-ranking officers observe action in the Sinai.

"It's like this, Mr. President—once you've seen one foreign country, you've seen 'em all!"

Crazy World Of Washington

WASHINGTON (UPI)—Backstairs at the White House: Liz Carpenter in her new book, "Ruffles and Flourishes," sheds brief, interesting light on the extent to which the White House goes to protect a President's security.

Mrs. Carpenter was staff director for Mrs. Lyndon B. Johnson in the last administration.

Much of the book is fun and games, but in one brief passage Mrs. Carpenter tells of her amazement at the "highly sensitive wiring" in the White House for protection of a President and his family.

Devices Alert Secret Service

"Hundreds of complicated devices to detect possible bombs alert the Secret Service," she writes. "On one occasion, a White House secretary who had undergone medical tests with radioactive materials for a thyroid condition set off the alarm system. In moments, she found herself surrounded by suspicious agents and a White House policeman with his pistol removed from its holster."

If this was the situation during the Johnson era, it is a safe assumption that security measures have been tightened and more sophisticated equipment is being used during the Nixon era.

Equally, it is a reasonable assumption that a president has no realistic comprehension of the measures taken, theoretically, for his protection.

When and if he does learn about it, a human factor comes in to play—how much of this electronic "protection," a polite word for surveillance, might be used from time to time to keep tabs on those who would sully his good name? Plainer yet, how much of this surveillance might be used out of presidential curiosity or, bluntly, to get a line on political opponents?

May Examine Revenue Tapes
For example, the White House does not have to go into court in order to examine revenue tapes on anybody's telephone.

These tapes by which the telephone company makes an automated record of every long distance call could be used to tell the White House virtually every toll call made to and from a given individual's telephone.

Furthermore, this business about telephone revenue tapes is far from hypothetical. This practice was followed on occasion during the Kennedy administration.

NJ Solons Said To Misuse Funds

WASHINGTON (UPI)—A federal grand jury indicted a former New Jersey State legislator and two other persons today on charges of misusing union funds — some of which were said to have been donated to Democratic political campaigns.

Former Assemblyman Joseph G. Biancardi and two others were accused of donating union funds to politicians and racketeers; of making overdrafts on their salaries and using union money for personal expenses—such as Biancardi's own election campaign.

Advance Farm Payments Hailed As Partial Victory By Price

The announcement that all farm program payments for 1970 will be made in July and early August was hailed by Congressman Bob Price as a partial victory.

"I have been working closely with Secretary of Agriculture, Clifford Hardin, since the Bureau of the Budget advised him that advance payments could not be made this year.

"The program announced by the Secretary will assure the voluntary diversion payments as well as feed grain and cotton price support, and wheat certificate payments will be made in July and early August. This will put most of the approximately \$3.3 billion in 1970-crop payments in producer's hands as much as two months earlier than usual," he added.

"While everyone connected with agriculture can certainly understand the need for advance payments, the Bureau of the Budget has ruled that a balanced budget is absolutely necessary to fight inflation which is hurting the farmer more than almost anyone. Consequently, this program for making farm payments after the beginning of the new fiscal year on July 1 has been instituted," Price said.

In 1937, 17 communists confessed that they had conspired with Leon Trotsky to undermine the regime of Josef Stalin.

In 1945 Congress ruled that all national elections shall take place on the first Tuesday following the first Monday in November.

Television In Review

HOLLYWOOD (UPI)—They smirked when Mrs. Cary Grant spoke of her acting career.

They laughed outright at the titles of her three motion pictures. One film was so pleasurable it was never released. The others were celluloid abominations. Even the ex-Mrs. Grant can't bring herself to utter the titles publicly.

It was with muffled amusement that Hollywood greeted the news that Dyan Cannon (this same former) Mrs. Cary Grant) was to star in "Bob and Carol and Ted and Alice."

The cast was headed by Robert Culp and Natalie Wood. Supporting them were Dyan and Elliott Gould—both unknown factors.

The movie is a hit, primarily because of Miss Cannon and Gould.

"I was delighted by the response," Dyan said the other day. "The phone began running. Suddenly I was being offered lots of movie roles."

Dyan has been mentioned among critics for a nomination for best supporting actress. Odds are she will make it.

But prior to the movie, Dyan was principally identified as being the former Mrs. Cary Grant. Grant has never won an Oscar and it would be ironic if his ex-spouse collected an award in her first real opportunity as a film actress.

Dyan, an exciting brunette with large, luminous eyes and a fetching smile, was playing

stock—"The 90-Day Mistress"—in Chicago when she was offered a test for her role as Alice at Columbia.

Has Offer From Universal
"I also had an offer from Universal to do a picture," she said. "But I decided to take my chances with the screen test."

"I don't think anyone took me seriously when I said I wanted to be an actress—before and after I married Cary. Now maybe I've changed a few minds."

Dyan was being modest.

Producers, directors and agents were astonished at the professionalism of Dyan's performance. It was as if Mia Farrow disclosed that her stage name is Raquel Welch.

Dyan need not return to the hustings for appearances in road company productions in the foreseeable future.

The new believers already have signed Dyan to a pair of movies, "Doctor's Wives" and "The Traveling Executioners."

MILK TOO ORDINARY

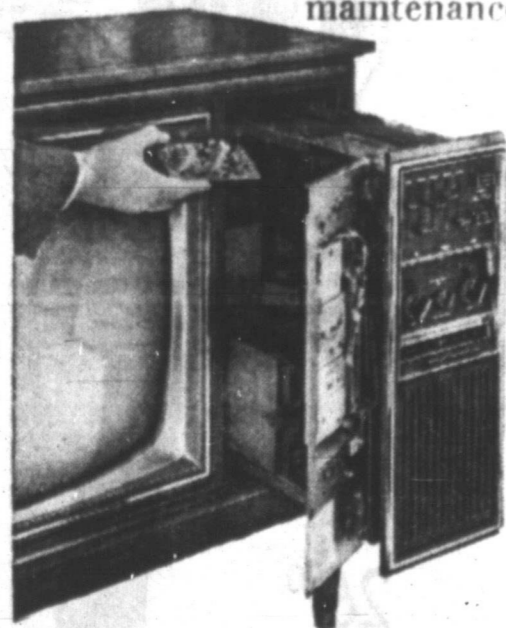

LONDON (UPI)—Milk as it comes from the cow may be too ordinary in the 1970s, a government report suggested Thursday.

The report said the dairy industry should consider flavoring milk with rum, whiskey and various fruits to boost sales.

Your Horoscope JEANE DIXON

SATURDAY, JANUARY 24
Your birthday Saturday. Your business in the coming year must be able to meet stiffer competition than ever or be supplemented with some additional venture. You are promised more authority, greater responsibility, and dedicated people to help attend to both. Make further and more imaginative plans for long-range goals. Saturday's natives generally have very keen minds hidden beneath shyness or modesty. Abstract beauty seems more attractive than physical expression for many of them.

ARIES (March 21-April 19): The lighter and more frivolous your attitude, the better. Take the day off from being serious and clown a bit with the children. You are eligible for a party—find one or get one going yourself.

TAURUS (April 20-May 20): Lay aside all matters related to problems and revel in a pleasantly sociable weekend. Gather your friends and loved ones for a quiet evening of good fun.

GEMINI (May 21-June 20): Stay with the young in spirit Saturday. Accept their terms, but avoid overloading your system with food and drink. The hours go into a long evening, so take a rest or a siesta somewhere midway.

CANCER (June 21-July 22): There is a symbolic meaning behind the events of the morning and a special reason for any visit you receive. Carry yourself with dignity and courtesy for the day, then follow your intuition for a much livelier evening.

LEO (July 23-Aug. 22): Everything is pleasant enough, but misunderstandings drift in if you get careless or start taking somebody for granted. Share sports and hobby interests with friends.

VIRGO (Aug. 23-Sept. 22): A

woman of rare insight may tell you something crucially important to your work and happiness. Listen well; repress the urge to reject uncomfortable views of your efforts.

LIBRA (Sept. 23-Oct. 22): A companion brings cheerful chatter, and a stroke of luck into your group. Window shop, but do not buy now. Organize some festivity for the evening, but avoid any pointed reference to the past and its tensions.

SCORPIO (Oct. 23-Nov. 21): Critical friends offer sterling advice; disregard the rude or cross manner, look at the basic sense and be guided. Your own initiative is the only way anything will get done. No new ventures, however—just the finer adjustments on already going enterprises.

SAGITTARIUS (Nov. 22-Dec. 21): Legal matters offer a confusing picture at the moment, but are mostly favorable over the long run. Go along with mate, regular companions; let them pick the sport and the place. Have fun.

CAPRICORN (Dec. 22-Jan. 19): Discretion is the keyword for Saturday, in all directions. Sensible effort will bring surprisingly good results, mainly in the evening.

AQUARIUS (Jan. 20-Feb. 18): Some different views occur to you. They seem surprising or improbable, but a little checking shows that others are ahead of you, have examined the field and found the same ideas. The evening promises to be much happier.

PISCES (Feb. 19-March 20): Serious business is best forgotten Saturday. Chores done early prepare the way for a midday break. Travel is most meaningful if it is merely sight-seeing, a search for beauty.

The Women's Page

WANDA MAE HUFF, WOMEN'S EDITOR

Friday, January 22, 1970

All set for the spring fashion voyage is the swinging jumpsuit costume (left). The long vest and gay chain belt provides dramatic interest. The printed pant costume will explode on the spring fashion scene in such outfits as the tunic top ensemble (right). Whether it's worn for resort vacations or an early spring stroll, this print provides flare-plus.

Passing 'Poker Faces, Frowns' Worry Panel Of 1970 Doctors

NEW YORK (UPI)—Turned-down mouths and grimaces, frowns and scowls. Poker faces and muddy looks. That's what Dr. George E. Burch, of New Orleans, sees when he walks down the street—any place in the nation. And it worries him.

The chairman of the department of medicine at Tulane University School of Medicine, participating in a panel discussion on "Medicine in the '70s," put it this way:

"I am worried because I think the people in this country are mostly unhappy. You look at them. You walk on the street and they all look to me like they're mad about something. I don't think it makes any difference what their state of health is if they are unhappy."

Dr. Morris Fishbein, editor of "Medical World News," moderated the discussion involving members of the publication's medical advisory board, all outstanding authorities in their fields.

Money is one thing most Americans worry about. You don't need an authority to hit on that. Taxes, cost of living, cost of being sick, cost of everything.

Dr. John H. Knowles, general director of Massachusetts General Hospital in Boston, had something uncheerful to say about money. He predicted that hospital costs will rise to at least \$1,000 a day, probably by 1980.

In the intensive care section of his hospital, costs range from \$300 to \$500 a day now. "So we will be easily to \$1,000 by 1980," he said.

Worry enough and you pave the trail to a breakdown. If it is severe enough, there's a mental hospital at the end of the road.

Dr. Francis J. Braecland, senior consultant at the Institute for Living in Hartford, Conn., spoke about breakdowns and the hospitals.

He thinks this is "a very grave situation that is going to become critical this coming year."

POLLY'S POINTERS
Re-Covering Recliners
Creates No Problems
By POLLY CRAMER

DEAR POLLY—I am answering Mrs. U.W.M. who wanted to crochet some beads. I have made many of these and hope my directions will help her. Take a spool of buttonhole thread the color of the seed beads you are going to use, put some glue on the end of the thread on the spool and let it dry. This will make it easy to string the beads onto the spool of beads on a 50-yard spool. String the beads. Then, with the end of the thread, chain five and join to form a circle. Single-crochet one stitch in each stitch in the chain. This will give you five single crochets. Then start putting a bead with each single crochet but do not join each round. Watch carefully to be sure you always have five beads on top as you work. Make the string as long as desired. For the tassels, string extra beads as long as you like and join the ends.

MRS. J.L.W.
DEAR GIRLS—I am sure you all realize this makes a long, beaded tubelike string and, if you have the patience for it (I have to admit I do not),

makes a most professional looking "robe." I have found they are not only good for wearing around the neck but I once brought some such strands while in Greece and used them for shoulder straps on a chiffon evening gown. Would also be great to use for a "string" belt on a very dressy dress.

—POLLY

Polly's Problem
DEAR POLLY—In the rest home where I live they put our pills in cute little paper cups that are about 1 1/2 inches wide at the top and an inch at the bottom. Can anyone tell me what we could make out of these cups?

—ETHEL

DEAR POLLY—We live in a mobile home but my Pointer would apply in a house just as well. Our dog scratches on the door when she wants to go out and this marred the finish. My husband thumbtacked two 9x9 squares of sandpaper on the bottom of the door (more could be used if you have a taller dog) and this not only saves the paint finish but wears down the dog's nails as well.

Dear Abby

By Abigail Van Buren

DEAR ABBY: My problem is not unique although I've never seen it in your column. After 10 years of marriage and two children, I still love my husband very much and think we have a good marriage.

He says he loves me too, and is very happy, but he also says that "variety is the spice of life," and he's pushing to get me to go along with the "husband-wife swapping" idea. Apparently this type of thing has become more widespread.

I suppose I should be grateful that he doesn't just go ahead and find somebody. At least, he keeps asking me if I'll go along with it so he won't exactly be cheating on me.

In spite of my repeated negative reactions, he persists on using the old argument that men need variety more than women. What do you think, Abby? I could use some support.

LOVES HIM
DEAR LOVES: When married couples agree that "variety is the spice of life," and then proceed to spice up their lives with that kind of "variety," it is the beginning of the end. Men don't "need" variety any more than women. What all civilized people need is not "variety," its decency and self-control. Tell him that when you promised to forsake all others, you meant it. And nothing has changed.

DEAR ABBY: I started taking flute lessons at school. I was doing just fine until somebody stole my flute.

Then I started taking clarinet lessons, and three weeks later some kid broke into my locker and stole my clarinet.

I am so mad I think I will forget about music lessons. Can you help me?

NO INSTRUMENTS
DEAR NO: Don't give up hope. How about piano?

DEAR ABBY: "PROUD WIFE" certainly has reason to be proud of her husband because he quit smoking and took up embroidery in order to "do something" with his hands. However, why did she find it necessary to defend his manliness? And what a poor way to defend it! As if fathering six children in six years is proof that her husband is "all man."

In my opinion, having children in this way shows him to be irresponsible — not manly. No one who is aware and concerned about the grave problem of overpopulation today (regardless of his ability to support a large family) could have such an attitude.

A man who sensibly limits his family to two or three children, and indeed a man who intentionally has no children at all, can be just as "all man" as a father of six or more. The survival of the world, including this country, may depend on changing the attitudes of many proud wives and husbands.

MRS. R.S.
FORT WAYNE, IND.
DEAR MRS. R.S.: Well said, my lady. Well said.

DEAR ABBY: I have no problem at the moment, but I do have a little story which I think will amuse you.

Have you ever heard "DEAR ABBY" used as an expletive? Well, I have. It was like this: In a local laundromat, a very nice appearing little white-haired lady at the washer next to me dropped some clean clothes on the floor. "Oh, brother!" she muttered, under her breath as she retrieved them. But when she dropped them again a few minutes later, she really expressed herself. "DEAR ABBY!" she signed.

NO PROBLEMS IN
DE LAND, FLORIDA
DEAR NO: Thanks. I've heard more graphic explosives.

African Violet Society Members Select Officers

Mrs. Charles Gilson installed new officers for African Violet Society during a recent meeting at Mrs. Lee Moore's home. Each officer was compared to a link in a chain as Mrs. Gilson conducted the installation service.

New officers are Mrs. Moore, president; Mrs. Gilson, vice president; Mrs. Holly Gray secretary; treasurer; Mrs. J.E. Carlson, historian and librarian; Mrs. R.F. Dirksen, parliamentarian, and Mrs. Norman Walberg, reporter.

Mrs. Dirksen presented the program on "Good African Violet Growers are Made, Not Born," and said "Horticulture is an art, not a science, according to Roy Kersey, author of amateur gardener books. Gardening is horticulture in all its ramifications. The successful practice of horticulture involves something that can not be defined as scientific."

"Good gardeners are not born but are made slowly. Plants are like children, amazingly unpredictable, happy or unhappy. To be a successful African violet grower, live dangerously once in a while and do what people say can't be done," Mrs. Dirksen said.

During the social hour, members served from a table covered with white linen and appointed with red glass were Mmes. J.E. Carlson, Charles Gilson, Evan Jones, V.N. Osborn, R.F. Dirksen, Norman Walberg and the hostess, Mrs. Moore.

Phi Epsilon Beta Members Present Chapter Reports

Members and pledges of Phi Epsilon Beta of Beta Sigma Phi met with Mrs. Garry Epperson recently for committee reports and a business session.

Mrs. Charles Hoskins will be chapter's representative to the scholarship committee meetings. Mrs. Don Hufstader presented a program on "Police Brutality." Members also discussed the Texas state convention which will be held June 26, 27 and 28 in Houston.

Hostesses for the program were Mrs. Carroll Russell and Mrs. Epperson. Others attending were Mmes. Dan Briggs; Terry Brown, Mike Clark, Ronnie Caldwell, Al Cross, Robert Danford, Richard Dorman, Eddie Edwards, Larry Filippo, Sammy Giddeon, Charles Hoskins, Don Hufstader, J.B. Jameson, Carroll Russell, Grady Savage, Robert Schaub, Harold Taylor, Dennis Wyatt and Bob Whatley and Miss Audrey Mollett.

Local Church News

First Baptist Church

Rev. Dan B. Cameron, pastor of the First Baptist Church, will be in the pulpit for both services of worship Sunday. He has chosen "Why Does God Hide Himself?" for his sermon topic at the eleven o'clock Morning Worship.

David Campbell, Minister of Music, will direct the Sanctuary Choir as they sing the anthem, "Send The Light," by Warren Angell with Roy Kornegay as baritone soloist. Mr. and Mrs. Campbell will sing "All the Way My Saviour Leads Me" by Bartlett. Miss Eloise Lane, organist, will play "O Faithful

Heart" by J. S. Bach for the offertory number.

"Storms of Life" is the subject the pastor has chosen for his sermon in the seven o'clock Evening Worship. The Youth Choir will occupy the choir loft. Soloist for the evening worship will be Joe Phillips. He will sing "A Child of the King" by Sumner. "O God, Thy Dying Love" by Lowry is the organ offertory selection.

The regular Wednesday evening schedule of activities will begin with the fellowship supper at 5:30 and will be

followed by Prayer Meeting at 6:15. The pastor will continue teaching the book of Hosea.

We are asking the members of church to join in an effort to secure help for Larry Parks, a young ministerial student in Wayland College, who is afflicted with Bright's disease. General Mills, working through the Kidney Foundation, promised to buy a kidney machine for Larry if his friends could collect 600,000 Betty Crocker coupons. If you have some coupons to help Larry Parks, please bring them to the church office.

Christian Science Church

"Speak ye every man the truth to his neighbour; execute the judgment of truth and peace in your gates." These words from Zechariah in the Responsive Reading of the

Lesson-Sermon on "Truth" will be read in all Christian Science churches Sunday.

A passage included in the lesson from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "The

question, what is Truth, is answered by demonstration, by healing both disease and sin; and this demonstration shows that Christian healing confers the most health and makes the best men."

First Presbyterian Church

Rev. Martin Hager, First Presbyterian pastor, will preach a sermon entitled "The Fear of Youth" at both the 8:30 and 11 a.m. worship services this Sunday. His text will be taken from Jeremiah 1: 4-12. Ruling Elder Charles White will serve as pulpit assistant at both the services.

At the 11 a.m. worship service the Chancel Choir will offer the anthem "God is Working His Purpose Out" by Shaw. Organist Fidelia Yoder will play "Prayer" by von Hiller, as the offertory.

The Senior High Fellowship will meet Sunday evening at 5:30 p.m. in the home of Jack and Peggy Felts for supper and a program. The Junior High Fellowship will not meet this Sunday.

The Trinity University Choir of Trinity University at San Antonio, will perform at the First Presbyterian Church Sanctuary this Friday, Jan. 23 at 8 p.m. Music for the program is drawn from Renaissance, Baroque and contemporary periods and ends with the ex-

perimental "Anthem for Apollo" written by poet James Dickey. Past year's performances have included the American Jazz Mass, an Argentine folk mass, and rock, mixed media, electronic and aleatoric music. The 43 members have performed in the San Antonio Grand Opera Festival, with the San Antonio Symphony Orchestra, and on television programs. Their singing has been broadcast on the Protestant Hour radio program for three years. The public is cordially invited.

Interim Pastor Called By Central Baptist

Dr. C. Gordon Bayless has accepted an interim pastorate call to the Central Baptist Church in Pampa. The pulpit, held by Rev. T.O. Upshaw for 12 years, was vacated Jan. 15 when that pastor took over a Convention post in Stamford.

The special called meeting Jan. 4 issued the call which was accepted by Dr. Bayless this week.

He is a native of Missouri and has pastored churches in Kansas City and Springfield, Mo., and pastored the First Baptist here from 1937 through 1942. In that year he moved to Dallas, and for nine years served as evangelist throughout the country.

In 1951 he accepted the pastorate of Central Baptist Church in North Little, Ark., serving there for 14 years before retirement.

Between pastorates he served for 17 years as an evangelist.

This, briefly, is the account of Dr. Bayless' past. He con-

Famous Gospel Team Slates Canadian Visit

The First Assembly of God Church of Canadian will host the Landstrom Team from Sisseton, S.D., Feb. 3 in nightly services to be conducted at 7:30 through Feb. 9, in the Church auditorium.

Rev. Lundstrom and his team have conducted crusades in churches of different denominations during the past 12 years.

The groups has appeared in 1,000 churches in the past decade since Lowell Landstrom was converted from the night clubs where he was the leader of his own dance band. He turned away from his promising career in the entertainment field to become an evangelist. He attended college four years and holds a B.A. degree from North Central Bible College in Minneapolis. He is also the composer of more than 100 gospel songs and hymns. He, along with the Team, has recorded six albums.

The pastor of First Assembly of God Church in Canadian, Bill J. Tims, extends a cordial invitation to all area residents to attend the six nights of song and message.

White Man Should Have Studied Indian Concept

By LOUIS CASSELS

White latecomers to the Western Hemisphere, since the time of Columbus, have tended to look down on Indians as a primitive people with a primitive concept of God.

This hoary label would not have endured if white men had made a real study of Indian religion.

But they were so busy preaching to the "savages" whose continent they were raping that they rarely stopped to wonder whether Red men might have something worthwhile to say to them in return.

Talks Instead of Listening

How much the white man have missed by talking instead of listening is indicated by a book which was first published way back in 1932 but only recently came to my attention.

Published by the University of Nebraska Press under the title, "Black Elk Speaks," it is a compendium of spiritual and secular wisdom from the lips of Ben Black Elk, a Sioux Indian philosopher who lives on the Pine Ridge Reservation in South Dakota.

It contains a prayer which Black Elk likes to say at night while standing on a high hill and facing West. In this prayer, God is addressed as "grand-

father" because that is the term of greatest respect known to the Sioux Indians.

Here is Black Elk's prayer, reproduced by permission:

"Grandfather, great mysterious one, you have been always, and before you nothing has been.

"There is nothing to pray to but you.

"The star nations all over the universe are yours, and yours are the grasses of the earth.

"Day in, day out, you are the life of things—

"You are older than all need, older than all pain and prayer.

"Grandfather, all over the world the faces of living ones are alike. In tenderness they have come up out of the ground.

"Look upon your children with children in their arms, that they may face the winds and walk the good road to the day of quiet.

"Teach me to walk the soft earth, a relative to all that live.

"Sweeten my heart, and fill me with light.

"Give me strength to understand and the eyes to see.

"Help me, for without you, I am nothing."

If Black Elk's concept of God is primitive, we should all be so primitive.

The Landstrom Team

Trinity Choir Concert Here

The 1970 annual concert tour of the Trinity University Choir from San Antonio will include a free performance in the First Presbyterian Church at 8 p.m. tonight.

Music for the performance, one of 14 in the tour, will be from the Baroque, Renaissance and contemporary periods of history.

The Trinity University Choir has performed with the San Antonio Orchestra, in the San Antonio Grand Opera Festival and on numerous television programs. For three consecutive years, the Protestant Hour radio program has broadcast its music.

The Weekly Message of Inspiration...

UNITED PENTECOSTAL CHURCH

Rev. H. M. Veach
United Pentecostal Church

United Pentecostal Church

Rev. A.M. VEACH

Judah was suffering so from the oppression of the Assyrians they were at the point of despair. The king's prayer brought the assurance from God we have in the text of II Kings 19:30. —And the remnant that is escaped of the house of Judah shall yet again take root downward, and bear fruit upward. This is picturesque of Christians today in a sin sick society. Let's explore some parallels of the two.

FIRST NOTICE—The remnant that is escaped—Not everyone who says, Lord, Lord will enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven. Matthew 7:21 Not all who start will finish the Christian race, but God be thanked for the faithful few (remnant) who are counted worthy to escape the calamity that this world is destined for.

SECOND NOTICE — Take root downward —Thank God for a faith to live by that wasn't started by man, but goes back to the very foundation of the world. Back to Calvary and to the Christ who died and died there. Back to the resurrection of Jesus Christ. Back to the day of Pentecost of Acts 2. Back to the beliefs and practices of the Apostles.

THIRD NOTICE — Bear Fruit Upward — It is the will of God that every Christian bear spiritual fruit. Not just to God, but bear fruit for God. Thus bear fruit upward. Be such a Christian that it will bring honor and glory upon Jesus Christ.

Pampa Meets Borger At 8 p.m. As Half Ends

RANDY MARSH

First half play in District 4 AAA basketball will end tonight with Monterey and Plainview fighting for the first half title and Pampa and Borger just hoping to salvage something of an otherwise disappointing season thus far.

The Harvesters host Borger, beginning at 8 p.m. and junior varsities from the two schools get the evening's event underway at 6 p.m. The Shockers will be seeking their third in a row and ninth win against four losses.

Monterey and Plainview are

led for the first half lead, both at 7-1, and the Plainview play Lubbock while Plainview hosts Coronado, who upset Pampa last week.

Rounding out the night's schedule finds Amarillo, just a game back from the lead, playing host to Tascosa and Caprock hosting Palo Duro.

Pampa, losers of three straight, will have its worst first half play ever. The Harvesters are 2-6 and 9- for the season. Borger is 5-3 and 17-4 and was upset Tuesday by Palo Duro, 65-63 in overtime.

The Bulldogs have size, experience and a hot offense that is averaging 66 points per game. But the Bulldog defense has given up 57 points per district game.

Five Bulldogs are averaging in double figures, including two returning starters, '57 senior Earl O'Steen at 11.8 and '62 Carl Taylor, a two-year starter carries a 12.1 average in district competition.

Senior Richard Coffey, a '60 returning letterman, is leading the Bulldogs with a 16.1 district mean and the other two star-

ters, both lettermen, Kenny Harper, '65 senior and Jimmy Head, a six-foot senior, carry 14.0 and 10.6 averages, respectively.

Pampa is led, of course, by '66 returning letterman Jim Gallman with a 18.5 average and sophomore Richard Bunton, who has leaped into the double figure mean at 10.2 points per contest.

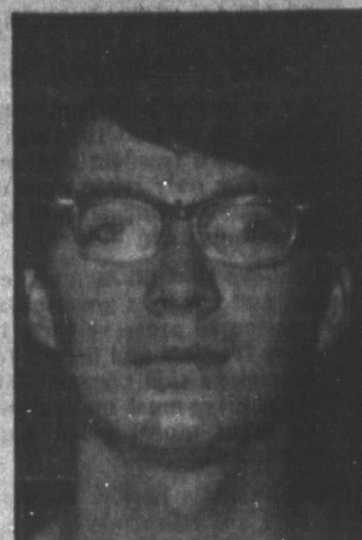

Among the other starters sophomore Mike Edgar carries a 7.1 average and seniors Randy Marsh and Jerry

Brunfield are at 7.0 and 3.6, respectively.

Coach Sterling Gibson will be giving everybody a look tonight and hopes to find his defense in better order than it has in the past three games.

Pampa has gone from the third best defensive team in the league, when they had given up just 51.2 points per game to a 54.7 defensive average.

Last year Pampa and Borger split their two games with the Bulldogs winning at home and Pampa returning the favor here.

Owens Gets Award

COLUMBUS, Ohio (UPI)—The Touchdown Club of Columbus holds its 15th annual awards dinner tonight with Steve Owens, Roman Gabriel and Daryle Lamonia scheduled to receive the most prestigious honors.

Owens, the Heisman Trophy winner from Oklahoma, will receive the Ohio Harley Trophy, given to the player voted the top college football player of the year by the national selections board.

Gabriel, quarterback of the

Los Angeles Rams of the National Football League, was selected as the outstanding player in the NFL by the board and will receive the Joe F. Carr Trophy.

Lamonia, like Gabriel a quarterback, was selected as the recipient of the Rozelle Trophy as the outstanding performer in the American Football League.

The selections board picked the University of Missouri to

get the Robert C. Zuppke Trophy, for the best college football team playing the most difficult schedule. Missouri Coach Dan Devine was to accept the trophy for the Tigers.

Phipps Receives Award
The Sammy Baugh Trophy, presented to the best college passer, went to Purdue's Mike Phipps, who received the award at a press gathering Thursday night. He had to return home Friday to make final preparations for his Saturday marriage.

The club presented its Governor's Trophy to Rick Middleton, Delaware (Ohio) Hayes High School. This award is given to the top vote-getter among linemen on the UPI All-Ohio team last fall.

Austin Holds No. 1 Ranking Ripping Tarleton 122-89

By United Press International
Stephen F. Austin, the nation's No. 1 ranked small college team showed its class Thursday night blitzing Tarleton State 122-89 in a Lone Star Conference game.

Tarleton was led by Steve Dean who poured in 41 points but a balanced attack was too much even for Dean's effort.

In other games Hardin Simmons, led by Cliff Harris and Roy Williams with 22 points each, whipped Centenary 86-76.

Ablene Christian College downed cross-town rival McMurry 58-54. West Texas whipped Trinity 82-74. East Texas Baptist beat Big State Conference rival St. Edward's 71-54.

Texas College beat Bishop 90-88. Harvey Huffstetler lead S. F. Austin with 23 points and was backed up by James Silas with 21. Three Lumberjacks scored 18 points and another marked

15.

It was the third game in a row in which S. F. Austin has had six persons in double figure.

The win ran the Lumberjacks' record to 15-0 overall and 9-0 in the conference. Tarleton is 4-12 and 1-7.

Hardin Simmons led 38-37 at the half with steady shooting by Harrison and Williams and 15 rebounds by Williams.

Centenary's Marshall Crawford had 19 points.

Hardin Simmons is 8-4 for the season. Centenary is 4-9.

Ronnie Hearne tallied 29 points for ACC and was aided by Ronnie Massey who scored 10 points and grabbed 16 rebounds for McMurry.

The win put ACC at 5-9, 10 points and grabbed 16 rebounds. Charles Tabb had 19 points for McMurry.

The win put ACC at 5-9. McMurry dropped to 7-9.

Six outstanding college quarterbacks will be honored by the club with a special year of college quarterbacks award. Scheduled to be honored were: Chuck Hixson, Southern Methodist; Rex Kern, Ohio State; Archie Manning, Mississippi; Jim Plunkett, Stanford; Joe Theismann, Notre Dame; and John Reeves of Florida.

John Vaughn, coach at the University of Mississippi, will receive an award as the college coach, still active, with the best record for the past 20 years.

Other Celebrities Honored
Other football celebrities to be honored were: Bobby Layne, former great pro quarterback; Art Rooney, founder and president of the Pittsburgh Steelers; Webb Ewbank, coach of the New York Jets; Gale Sayers, leading rusher in the NFL for the Chicago Bears; Carl Eller and Jim Marshall, both of the NFL champion Minnesota Vikings; and Calvin Hill, Dallas Cowboys' NFL rookie sensation.

Other top college football players scheduled to attend were: Ohio State's Jack Tatum; Mike McCoy of Notre Dame; Mike Reid of Penn State; Tennessee's Steve Kiner; and Jim Mandich of Michigan.

Baseball's Lefty Grove, Harmon Killebrew and Donn Clendenon, who started in the World Series with the New York Mets, were also to be honored.

University of Kentucky basketball Coach Adolph Rupp, swimmers Gary Hall and Mark Spitz, television personality Paul Christman, distance runner Martin Liguori, harness driver Del Inskrippe, Bronko Nauriski, Bob Suffridge, Fred Morrison, Jack Reynolds, Bobby Winkles, Bud Winter, Dave Williams, John Mahaffey and Pau Benedum were also among those to be honored.

Amarillo Wrestling

THURSDAY RESULTS
There was lots of Wrestling action Thursday night in Amarillo. The main event featured Terry and Dory Funk Jr. against "Mad Dog" Harley Race and the Beast. The first fall of this match was wrestled under regular tag team rules, which was won by Mad Dog and the Beast.

The second fall as wrestled under Texas Tornado Rules. This meant all four men in the ring at one time, with 2 referees. This second fall was won by Terry and Dory Funk Sr.

Coming Sports On TV

NEW YORK (UPI)—Nationally televised sports events for the week of Jan. 24-31 (all times EST):

Three Tied For Lead In Crosby Pro-Am Tourney

PEBBLE BEACH, Calif. (UPI)—Bert Yancey, Ron Cerrudo, Bob Murphy and Bob Goaly are tied for the lead in the \$150,000 Bing Crosby National pro-am at the start of the second round today. But you have to figure Murphy has the edge on the others.

And he has it for two very good reasons.

The first is that he matched them all with a five-under-par 67 in the opening round Thursday while playing Spyglass Hill, a real monster of a course that even frightens the pros.

The second is that he has a new putter, and it's working very well.

Yancey and Goaly got their 67s, matching 34-33, at Cypress Point, considered the easiest of the three Crosby courses. Cerrudo got his 67 at Pebble Beach, his favorite course and the scene of several of his amateur championships.

Today, they switch around. Murphy goes to Pebble Beach, Yancey and Goaly go to Spyglass and Cerrudo goes to Cypress Point.

None are all that secure anyway because Tom Shaw, Jim Wiechers, defending champion George Archer, George Knudson, Hugh Royer and Howie Johnson are only a stroke back at 68 and Arnold Palmer, Bob Dickson, Doug Sanders, Lee Trevino, Dave Stockton, Bobby Mitchell, Paul Harney, Johnny Pott and Paul Moran are tied at 69.

In addition, there are 18 players, among them U.S. Open king Orville Moody and Jack Nicklaus, tied at 70. Fifteen players, headed by Frank Beard and Dave Hill, are deadlocked at 71. Beard and Hill were the top two money winners on the tour last year.

Big "E" Wins Battle As Big Lew Wins The War

By United Press International
As one might have guessed, Elvin Hayes won the popularity contest and Lew Alcindor won the game.

The two young antagonists, who threaten to build their heated rivalry into the bitterest in basketball history, met Thursday night for the second time in the Houston Astrodome, site of Hayes' decisive triumph over Alcindor two years ago when both were collegians.

Alcindor, outscored 39-14 by Hayes that January night in 1968 when Houston upset UCLA, attained a measure of revenge in their latest encounter when he outscored in points and grabbed in rebounds to lead the Milwaukee Bucks to a 115-105 victory over the San Diego Rockets.

Hayes once again had the better of the scoring duel, collecting 29 points, but he fouled out with two seconds remaining in the third period and San Diego leading 85-83 at the time, was finished. Nevertheless, Hayes was voted the game's Most Valuable Player.

In the opening half of the National Basketball Association doubleheader at the Astrodome, Jerry West scored 40 points as the Los Angeles Lakers beat

RANDY MATSON LEADS FIELD Jaycee N.M. Track Meet

By United Press International
ALBUQUERQUE, N.M. (UPI)—Pole vaulter Bob Seagrren, who has a habit of setting world records in Albuquerque, and Randy Matson, the world's greatest shot putter, will lead a field of track stars competing in Saturday's Jaycee Invitational Indoor Track Meet.

Seagrren, a lanky Californian, has set three world records in competition at the Jaycee meet in past years, including the world's first 17-foot vault indoors—a 17-0 1/4 leap in 1966.

His other world marks at Albuquerque included a 17-2 leap in 1967 and a 17-5 3/4 vault last year.

Seagrren, who just missed clearing 18 feet in a meet earlier this month at Los Angeles, said he felt the 18-foot mark could be broken Saturday.

"I think the time is ready for an 18-footer. There are a lot of vaulters who can do it under the right conditions," Seagrren said.

Matson, the first shot putter

to toss the 16-pound ball more than 70 feet, will be a heavy favorite. A former Texas A&M great, Matson holds the world mark of 71-5 1/2 and has lost only four times in 204 competitions.

The meet will also feature hurdles sensation Willie Davenport, who has collected more current world records than any other athlete.

Davenport claims indoor hurdles records including the 45, 50, 60 and 70 yard events. Davenport, an Olympic gold medal winner, will be the defending champion in the meet's 60-yard race.

The distance events will be topped by an expected battle in the two-mile run among former world record holder Kerry Pearce of Australia, New Zealand's Rex Maddaford and young David Merrick of New Lenox, Ill., the first 16-year-old to run the indoor two mile in 9:00.4.

OUR CAPSULE POLICY
EVER STRIVING FOR THE TEXAS PANHANDLE
TO BE AN EVEN BETTER PLACE TO LIVE
Let Peace Begin With Me!

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands freedom and is free to control himself and all he produces can he develop his utmost capabilities.

We believe that all men are equally endowed by their Creator, and not by a government, with the right to take moral action to preserve their life and property and secure more freedom and keep it for themselves and others. To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guide expressed in the Coveting Commandment.

Taxpayer Strike Starting?

What with objections to the war in Vietnam, there appear to be some increases in the number of persons refusing to pay all or part of their federal income taxes.

Refusal to pay income taxes has been going on for a long time. Some individuals object to the idea of the income tax as theft of one's earnings. Others object to the things the politicians are doing with their money.

Then there are individuals like Austin T. Flett of Chicago, Mr. Flett for 12 consecutive years has filed a blank income tax return as a protest. He demands he be taken before a jury and tried so he can show that through "interlocking subversion" certain persons in government have violated the Constitution by favoring privileged groups. He contends such groups as cooperatives, labor unions and religious organizations "unlawfully escape, each year, the payment of a great many billions of dollars in federal income taxes."

A former insurance man, he has contended that the taxes he previously was forced to pay, in effect subsidized certain mutual-type, tax-exempt competitors. Most of the people like Flett have been shrugged off by the bulk of people as "odd," although some have expressed a grudging admiration for the man who has virtually dared the Internal Revenue Service to take him to court.

Chicken Every Day?

The U.S. Department of Agriculture has released some figures showing what we ate and approximately what we paid for it in 1969.

We may have griped all year about the price we paid for beef, but the department says we ate our share of it, 113 pounds per person, average. But we didn't consume quite as much pork and there may be a reason. As incomes rise our appetites get more "sophisticated" and being "sophisticated," people want beef because it is a prestige meat.

But the USDA statistics show that we also ate plenty of chicken. Consumption has doubled since 1946-49 and this year is expected to reach 47.1 pounds per person, average. Ten years ago we ate only 12 pounds.

Right there lies one of the most fantastic stories of our times in food history and private enterprise. It was in the late 1940s that chicken growers began learning how to really grow chickens on a volume basis, utilizing high efficiency feeds and ideal environments, and to bring the prices down.

Where Was Veep Then?

Vice President Spiro T. Agnew has made it unmistakably clear that a better balance in news reporting via the TV and radio networks, and by some newspapers, would be a good thing. We join him in that view. In fact, we can't think of anything at the moment that would give us greater pleasure than to see all those "liberal" commentators, spouting their socialistic tripe, balanced off with a number of "conservatives," a few "objectivists," "libertarians" and "individualists" and come to think of it, why not a "freedom philosopher" or two thrown in for good measure?

But that novel thought got sidetracked a bit. We started out to comment on a recent development and the vice president's curious silence with respect to it. President Nixon has come out strong for a "guaranteed income" bill; a socialistic proposal if there ever was one, and one that will finish wrecking our economy if ever really put into effect. And, as could have been predicted with almost absolute certainty, the networks pundits voiced the idea as if with one voice: their only objections being that it "wasn't enough."

All of which suggests the question, of course. If Mr. Agnew is for more balanced reporting, and is anti-socialistic, as he also claims, then where were his objections to the one-sided manner in which the networks acclaimed his boss' socialistic "guaranteed income" proposal?

Do we detect a little bias in the VP, himself, perchance? UPDATED BUMPER STICKER A friend spotted a thought-provoking modification of the old "Passing Side" and "Suicide" bumper sign on a truck the other day and the sticker on the left rear bumper read "Swish" and the one on the right bumper "Squish."

Spring Thaw in the Winter

CAPITOL EYE Impact Of U.S. College Graduates Is Exaggerated

By BRUCE BLOSSAT
WASHINGTON (NEA) — Though the nation's college campuses have been far quieter this year than last, a hangover notion persists from 1968-69 that college-educated Americans soon will dominate this country numerically and perhaps in many other ways.

It is not going to happen in terms of numbers. The college-educated may surely play disproportionately large roles in managing U.S. society — but it can be argued that they do this now.

The estimates for the immediate future, up to 1985, may contain some surprises for self-centered college youngsters who imagine they are soon going to swamp out everybody else. A study made for the Urban Affairs Council went beyond the college age to more broadly defined youth — all those Americans 14 to 25. There are presently some 39 million in this category, about twice as many as were in the bracket in 1900.

By 1985, the survey forecasts, this population age group is expected to reach 46 million. The gain sounds impressive, but the evidence is that most other age groups will also be growing substantially in that 15-year span.

The significant figure is a percentage calculation. Despite a predicted 7-million gain in numbers in the 14-25 age sector, the proportion of such youth to the total population will remain where it is now and has long been — around 20 per cent.

This column often before has scotched the idea that the U.S. population is growing steadily younger. For a time, some politicians were saying the median age was 25 years it was not. It was always higher. Today it is about 27.8 years, and by 1985 it will be over 28.

As for strictly college youth though the members initially enrolling have risen spectacularly to around seven million this fall (three times the total 20 years ago), the proportion of college graduates to the total population is not all that startling and apparently is not going to be.

Today, some 11 per cent of Americans are graduates from a four-year college course. By 1985, notwithstanding the prospect of higher youth numbers and still higher basic college enrollment, the percentage of college graduates in America probably will be only 14 per cent.

That hardly makes for prospective numerical dominance by the college-educated, defining that as persons with a full college education. There may be a good deal higher proportion of people with limited college schooling. But numerical domination ultimately will go to those in this country who are graduates of our high schools. Right now more than three-fourths of the nation's young do graduate at this level, and about 94 per cent of the high school age group — 14 to 17 — is enrolled in secondary schools.

As indicated earlier, the fully college-educated have a high potential for taking com-

The Doctor Says

By DR. W. G. BRANDSTADT

Menstrual Passage Of Clots Is Normal
Q — What would cause a woman, 20, not to menstruate for six months? Her doctor says she is not pregnant.

A — Several other readers have recently asked me this same question. The causes include severe malnutrition, anemia, tuberculosis, diabetes, chronic kidney disease, diseases of the thyroid or pituitary glands and chronic poisoning with lead, mercury or alcohol.

Q — What would cause me to have slight spotting of blood midway between menstrual periods?
A — This may be due to an ovarian tumor or a hormonal imbalance. You should have your doctor determine the cause.

Q — What causes blood clots in the menstrual flow accompanied by severe cramps? Is there anything I can do to prevent this?
A — The passage of clots occurs frequently enough to be considered normal. In some girls the cramps or dysmenorrhea are related to a fear of menstruation but other causes should be ruled out. These include pelvic infection, endometriosis and diseases of the ovaries. Elimination of the cause should bring lasting relief. Meanwhile, a hot pad and pain killers are your best bet.

Q — Would it be harmful for my daughter, 15, to use tampons?
A — No.

Q — What is Hirschsprung's disease? What can be done for it?
A — Persons with this disease have a congenitally enlarged colon (megacolon). It is aggravated by failure to go to stool at the first urge. In persons with this disease, tap water enemas should be avoided and ememas containing 0.7 per cent salt should be used instead. Mild cases require no treatment but, if the condition is troublesome, surgical correction is advisable.

Q — As soon as cold weather sets in my feet get cold and itchy. My doctor says I'm allergic to cold. Do you know of any relief for this?
A — Allergy to cold usually causes nasal congestion but it may cause hives. If this is the cause of your trouble, the antihistamines used for hay fever should give you some relief. But they will not cure you. On the other hand, you may have chilblain in which case hydrocortisone ointment applied twice a day may be helpful.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

WIT AND WHIMSY

Take all the experience and knowledge of 50-year-and-over men out of the world and there wouldn't be enough left to run it.

Inside Washington

New Mayor for Washington? — City in Trouble

JOHN GOLDSMITH
ROBERT ALLEN

WASHINGTON — The White House would like to get a new mayor for the nation's voteless capital — with a population of more than 800,000, of whom 74 per cent are Negro.

Mayor Walter Washington, who has held the \$40,000 job since 1967, is deemed sadly inadequate to cope with the city's numerous and increasingly explosive problems. In the hush-hush inner council discussions, it is readily acknowledged Mayor Washington is impeccably honest, a scholarly and kindly gentleman and sincerely well-intentioned. But while fully conceding these admirable personal qualities, strongly held against him is a long list of complaints as a demonstrably limited, fumbling and ineffectual administrator.

It is held that in temperament, training and capacity he lacks the decisive leadership and drive urgently needed to direct the turbulent affairs of the federal city. But replacing Mayor Washington is a lot easier talked about than done. That involves numerous personal and political obstacles and complications.

To begin with, Washington is a Negro holdover from the Johnson Administration. He was installed as mayor (official title commissioner) in a reorganization of the District government that the former President put through by executive order. When President Nixon took office, Washington was reappointed primarily for two reasons:

(1) No Negro was included in the Cabinet presented by the President in a nationwide telecast; (2) no acceptable replacement, especially a Negro, could be found for Washington.

The latter problem of finding a high-powered successor still remains. A number of names have been mentioned in the White House discussions, but none inspired any sparks. All are unknown quantities. On the other hand, while Washington has manifest shortcomings and weaknesses, he is a known quantity, congenial and conscientious, and is generally well-regarded by the capital's overwhelmingly predominant black population.

POTENTIAL BOOBY TRAP — This is where politics enters in a big way — on two scores: First — because he is a Negro and because of the circumstances under which he was reappointed. Mayor Washington can't be jettisoned out of hand. Before he can be replaced, a prestigious position has to be found and he has to be persuaded to take it — that is, agree to be "kicked upstairs."

Second, 1970 is a crucial election year that will determine the partisan control of the next (92nd) Congress and fill thousands of state and local offices throughout the country. The Nixon Administration, already under fire on racial issues has to tread very warily regarding Mayor Washington. Anything savoring of the ax would instantly be seized upon by political and racial opponents to rant and rage for ballot box retribution against the GOP.

So while there is serious talk in inner White House councils about the increasingly pressing need for a stronger and more forceful head for the District's government, it remains to be seen when and if anything is done about it.

A number of dynamic-headed dilemmas have to be solved, and that takes time. EAGER ASPIRANT — One ambitious prospect for Mayor Washington's job is City Council Chairman Gilbert Hahn Jr.

A prosperous lawyer, member of a prominent local mercantile family, and former District of Columbia Republican chairman, he was named head of the council by President Nixon. In that office he has consistently leaned over backward to conciliate the dominant black community and, on occasion, been stridently abrasive in dealing with others.

Among them is Mayor Washington. While there have been no public clashes between them, privately there are strains and tensions. Each would be glad to see the other go.

Why Hahn would want the thankless job of mayor is known only to him. While it pays \$40,000, he doesn't need the money. His mod-inclined wife is

unashamedly social, and that may be a factor. The mayor outranks the chairman of the City Council — albeit very little. Hahn's real ambition is to be named to the bench. It's possible he may think his chances of realizing that would be better as mayor than as councilman.

You never know how yearning politicians rationalize, and why. GRIM RECORD — Meanwhile, the capital's crime rate continues to soar, its budget to skyrocket and problems and difficulties to multiply in complexity and intensity. Whoever succeeds Mayor Washington will be confronted with a Pandora's box of grievous evils and tribulations.

Following are a few stark highlights from the record: In 1968, murders in the federal city reached a record high of 209 — 30 are still unsolved. In 1969, this shocking total soared to 292, with 44 unsolved. In the first two weeks of the new year there were eight killings, three still open.

Last week uniformed policemen were stationed in each of the city's 46 junior and senior high schools, following four shooting incidents in which one student was killed and two others wounded. In grade schools, teachers have been threatened and assaulted, students robbed of their lunch money and abused in other ways, and vandalism is rampant.

D.C. Library director Harry Peterson has officially notified Mayor Washington that many of the branch libraries will have to be closed unless immediate and drastic measures are instituted to put an end to "widespread disorders, harassment, theft and vandalism." Library personnel and patrons have been harassed and assaulted by packs of young Negroes, and books, typewriters and other equipment stolen. At least one instance an incendiary fire was set in a library restroom. Also, hypodermic needles have been found in several branch libraries. In one week, 18 separate disorders were recorded in 10 of the city's 19 branch libraries.

At the same time, Washington now has the largest police force for a city of its size in the U.S. — 4,100. This does not include more than 3,000 other security personnel — a special police force of 800 created by Congress last year to protect the 117 foreign embassies and missions, the guards of the scores of government buildings, the park police, Capitol police and White House police.

Despite this massive array of police, a report by the Senate D.C. Appropriations Subcommittee, headed by Sen. William Proxmire, D-Wis., scathingly declared, "The level of crime in the nation's capital is a national disgrace."

Equally denunciatory was the House Committee on the District of Columbia headed by Rep. John McMillan, D-S.C., on the city's steadily skyrocketing budget as follows:

"The facts" are almost unbelievable. In a very short period (1964-1969), the total D.C. annual budget doubled, from \$38.5 million in fiscal 1964 to \$73.8 million for fiscal 1969. During the same short time, the total federal payments to the District have increased 166 per cent. \$255 million for 1969 as compared to \$94.95 million in 1964.

"In practically every department and agency of the D.C. government, annual operating expenses have increased from 40 per cent in some agencies to as high as 109 per cent. Significantly, all this expansion and increase in expenditures for additional employees and services have occurred during a period when Washington experienced an actual loss in population.

"Not only does the city have one of the highest incomes per capita of any of our cities, but huge benefits from the payroll of many of the 215,000 federal employees who work in the District. The federal government, meaning the taxpayers of the whole government, are currently contributing over 36 per cent of the total annual operating expenses of the District of Columbia.

"Employment by the D.C. government has had astronomical increase, almost 100 per cent since 1964."

Hollywood In Review

HOLLYWOOD (UPI) — Pity you failed to send your home movies to Hollywood where they might have been nominated for Golden Globe Awards by the Hollywood Foreign Press Association.

Hardly anyone comes away empty handed.

This year the mustachioed, monocled handclappers, some recently off the boat from the old country, have nominated a standing army of performers, many movies and a variety of television candidates.

In all, the distinguished foreign press of Hollywood, has come out with 22 categories for their 1970 Golden Globe Awards.

In past years the group has been suspect. NBC got in a jam for television the presentations which may or may not have been rigged. Cries of innocence arose in a flabbergasting variety of foreign accents.

Eliminate Five
In the 27th year of Golden Globe Awards, however, the membership of heel-clicking, pomaded pompadors have eliminated five possibilities.

Out of the running are: "McKenna's Gold," "Castle Keep," "Medium Cool," "Downhill Racer" and "The Lost Man."

The reason: "The motion pictures in question were not screened for the Hollywood Foreign Press Association membership before the end of the calendar year in accordance with the association's by-laws."

A snub, nothing less, by the producers of the disqualified and shameful films.

Let this be a lesson to you home movie-makers who would vie for a golden globe; by all means have a screening for the foreign press.

Your chances might be enhanced if you serve libations, hot hors d'oeuvres, and assure appearances of the principals in your pictures at a preview.

Unlike the Motion Picture Academy the foreign press is not hidebound to hold its nominations to five per category. Thus, there are eight nominees for best actress in a musical or comedy.

In Low Comedy
This category is low comedy in itself with the following nominees: Ingrid Bergman, Dyan Cannon, Kim Darby, Patty Duke, Mia Farrow, Shirley MacLaine, Anna Magnani and Barbara Streisand.

They have nominated seven songs as the very best of 1969. Although the nominations have been made public, the best is yet to come. A poll is being taken in 45 countries to determine the world film favorite, an extra added attraction.

On top of all this the foreign press board of directors will select the winner of the Cecil B. DeMille Award. Presentations will be made Feb. 2.

Catastrophically, the gala ceremony will not be telecast.

GOES TO COURT
LINCOLN, Neb. (UPI) — Robert Heichenberg Jr., an Army veteran who was refused permission to enter Chadron State College because of a rule that "mustaches will be trimmed even with the mouth," has taken the case to court.

Heichenberg said that under the rule, Adolph Hitler's mustache would be all right but Mark Twain's wouldn't.

WHO ASKS WHOM?
CHARLESTON, W.Va. (UPI) — West Virginia's multimillionaire Secretary of State John D. "Jay" Rockefeller IV became ill and could not appear at the legislature's Finance Committee meeting to discuss his department's budget.

Committee Chairman Lewis McManus explained to the group that Rockefeller would appear later.

"Is he going to ask us for money or are we going to ask him?" quipped Delegate Albert Sommerville.

NO FIRE—JUST STEAM
HOUSTON (UPI)—Responding to a call Wednesday that smoke was pouring from the roof vent of an apartment, axe-carrying firefighters banged on the apartment door to evacuate the inhabitants.

The blushing young lady who peeked from behind the door assured them she was only taking a steam bath.

A thought for the day:
President Harry Truman said: "The responsibility of the great states is to serve and not dominate the world."
