Sandra Placed In Custody Of Youth Council

Judge Rules Girl Held In Murder Is Delinquent

SAN SABA, Oct. 27 (AP)—State Youth Development Council has to decide what to do with Sandra Peterson.

The 17-year-old girl, charged with the Hitchhiker murder of a Brady man, yesterday was declared a juvenile delinquent.

She was returned to custody of the McCulloch County sheriff to be held in jail until the council decides what to do with her. So was a young companion who has been held as a material witness in the case.

Judge Mack Miller ordered Sandra placed in custody of the council "for an indeterminate period, not to exceed Dec. 11, 1952."

The girl will be 18 Dec. 11 of this year. Under Texas law she can be tried for murder after that date.

Lewis Patterson of Austin in the roadblock Aug. 25. He had given the two girls a lift from the edge of Brady. They were arrested in San Saba the same day.

Judge Miller said the Youth Development Council told him in a telephone conversation from Austin it wanted Sandra held in McCulloch County until it decides whether to commit her to the state school for girls at Gainesville.

Loretta Fae was not tried in the aggravated assault case. Judge Miller said he learned she previously had been found a juvenile delinquent in Travis County (Austin) and was free on parole to her father.

He said Judge J. Harris Gardner of Travis County had indicated he would revoke the parole, thus returning Loretta Fae to custody of the Youth Development Council.

Minford McCoy of Merkel testified he gave Sandra and her companion a lift from Lampasas and was going as far as Lometa.

But, he said, that when they reached Lometa the girls forced him at gun point to drive on to San Saba. There the girls got out.

Cotton pickers in Area Get 25 Cents More Per 100 Lbs.

Prevaling rates for cotton picking in this area have advanced by 25-cents per hundred pounds, based on a survey conducted Oct. 19 by the San Angelo office of the Texas Employment Commission, it was learned today.

For Howard counties, it meant an increase from \$1.50 to \$1.75 per hundred for pulling bolls.

Truman Keeps Out Of Strike Situation

Half Of County Cotton Crop Already Baled

Approximately half of Howard county's estimated 40,000 bale cotton crop has been harvested, according to weekly ginning reports compiled by the Texas Employment Commission.

A total of 19,894 bales had been ginned through last week as an estimated 48.5 per cent of the 1949 harvest was completed, the report said. All gins in the county were operating on a 24-hour schedule. This year's crop is about 80 per cent open.

Cotton in both Mitchell and Martin counties was also reported approximately 80 per cent open, but both still lagged behind Howard in the number of bales ginned through last week.

Mitchell county gins had processed 16,965 bales of an expected 35,000 as farmers completed 48.4 per cent of their harvest. Fields in all counties are drying rapidly following rains over the weekend and cotton picking operations have been resumed in practically all sections.

Howard county farmers still were requesting additional labor at mid-week with some 2,000 workers wanted on 46 orders. Eight crews of 12 pickers each were placed through the TEC last week.

Mitchell county needs an additional 1,000 workers. Only two crews were placed there last week. Martin county reported requests for another 1,500 workers. Fifty were placed on Martin farms by the TEC.

Approximately 2,500 graders are expediting harvest operations in Howard and Martin counties. Prevailing wage quoted by the TEC was \$1.75 per 100 pounds for pulling cotton.

Streetcar Consoles Menaced By Utility Hearing In Capital

WASHINGTON, Oct. 27 (AP)—Does a street car company have a right to turn its vehicles into rolling juke boxes?

Does a mellow waltz or a bit of bebop soothe and relax the harassed traveler?

Or does it bring out the beast in him?

The Public Utilities Commission of the District of Columbia, aims to get some answers to these and kindred questions today at a public hearing on the capital transit company's recent trial installation of short wave radio receivers on some of its street cars and buses.

The straphangers' consoles have been in operation several months on some routes. An FM station broadcasts a selected program to them—weather reports, news summaries, a snatch of a tune.

\$37,000 IS GOAL Groehl To Spearhead County Chest Drive

Howard county's 1949 Community Chest solicitation will be spearheaded by Ted O. Groehl, a wheelhorse on such civic undertakings.

Date of the drive is to be fixed shortly, at a meeting of the Chest directorate, which group at the same time is expected to approve a campaign budget of \$37,000, the same figure he asked, and raised, last year.

This figure will be recommended to the board by a special budget committee headed by R. T. Piner, which Wednesday night surveyed fund requests of various social and welfare agencies.

No organization asked more than last year, although most of them pointed out that services are more demanding due to expanded population and program improvement.

Due to share in the Chest distribution at the conclusion of the parent-organization's drive are the Boy Scouts, Girl Scouts, Salvation Army, YMCA and the local club of Alcoholics Anonymous. A small contribution to the national USO campaign will be considered if the campaign goal is met.

And confidence that it will be met was expressed by Groehl, in accepting the assignment as general chairman of the campaign.

Due to much service in previous fund solicitations, Groehl at first said he couldn't accept the job, but later said that he regarded it as a civic duty he could not overlook.

R. E. Tollett, president of the Chest association said, "we realize Mr. Groehl is making heavy sacrifice to take over the organization and direction of this effort."

The only compensation we can give him, as Chest supporters and as citizens, is to be ready to work actively and promptly when he and his assistants call on us, and to respond generously when the formal appeal is made for funds which will carry on the vital welfare services of this county for another year."

TED O. GROEHL

President Sets No Deadline On Mediation Talks

Intervention Reports Denied By Secretary

WASHINGTON, Oct. 27. (AP)—The White House said today President Truman has set no deadline on mediation efforts in the steel-coal disputes and is "keeping hands off" for the present.

Charles G. Ross, presidential secretary, described as "entirely without warrant" reports that Mr. Truman planned to intervene in the strikes if they were not settled by the week end.

Ross said Mr. Truman authorized him to say the president has not discussed the strike situation individually with any member of the cabinet.

The President may have mentioned it at a cabinet meeting, Ross said.

A cabinet officer told reporters yesterday that the President had decided to step in if the strikes were not settled by this week end. He asked not to be publicly identified by name.

Ross said the President has kept abreast of the progress of conciliation efforts through John R. Steelman, his assistant, who has been in touch with them through Cyrus Ching, federal mediator director.

The strikes are still in the hands of the mediation service, Ross emphasized.

Ching was reported trying to get Philip Murray, president of the CIO, and head of its striking steel workers union, to negotiate directly today with the U. S. Steel Corp. in New York.

Part Of Camp Hood To Be Air Base

TEMPLE, Oct. 27. (AP)—A part of Camp Hood becomes "Gray Air Force Base" Nov. 1.

"We appreciate them thinking that much about Robert," said the mother of the boy for whom the base is named.

Capt. Robert Manning Gray, killed in India. That was six months after he flew with Jimmy Doolittle's Tokyo raiders.

WOULD CUT OFF AID TO REBELS

UN Committee Gets Proposal To End Civil War In Greece

LAKE SUCCESS, Oct. 27. (AP)—A four-power proposal to bring peace to Greece by cutting off aid to Greek rebels was thrust before the United Nations today.

If the plan is carried out, it might also have the effect of forestalling any possible attacks on anti-Kremlin Yugoslavia from Soviet satellites Albania, Bulgaria, and Romania.

A resolution presented to the UN Political Committee by the United States, Britain, Australia, and China, called on all countries to keep arms or other war material from getting to Albania or Bulgaria as part of the UN's anti-Kremlin policy.

There were widely published reports last week that the Greek guerrillas — their cause lost — were being moved from Greece to countries surrounding Yugoslavia, as part of the UN's anti-Kremlin policy.

Outright condemnation of Albania, Bulgaria and Romania is asked in the resolution because of the past aid given by the three Soviet satellites — which are not members of the UN — to the Greek guerrillas. Yugoslavia is believed to have stopped aiding the guerrillas whose leaders sided with the Russian-led Cominform.

The political committee was supposed to take up a report of a special UN Balkans Commission at the beginning of the week.

For three days it wrangled over Soviet and satellite charges that Greece was engaged on a new wave of terrorism and political executions and it took the committee until late last night to decide it had no right to interfere in Greece on that score.

It still had to vote today on Ecuador's proposal asking Assembly President Carlos P. Romulo to negotiate with the Greek Government for a suspension of execution of sentences against political prisoners, so long as a special Balkan conciliation commission, which Romulo heads, continues in existence.

The resolution's plea for re-establishment of diplomatic relations with Greece by the Balkan countries is expected to be followed by an announcement that Yugoslavia will send an ambassador back to Athens.

The resolution asks for repatriation of people displaced by the Greek civil war. Another resolution condemns the use of Greek

children in guerrilla ranks and asks those countries that have Greek child colonies to list them with the International Red Cross and return them.

Egg Quotations Dip; Coffee Prices Soar

By The Associated Press

Sharply rising coffee prices and skidding quotations for best grade eggs topped the farmer food news this week as meat prices continued irregular and most produce items held about steady.

Coffee was up five cents a pound or more in many markets as big roasting concerns and retailers were forced to meet higher prices for imported coffee beans. The green beans which roasters could buy at around 26 cents a pound early last spring were hard to find at 46 cents this week.

During the 1930's the world supply of coffee greatly exceeded the demand and prices fell so low that many plantations were abandoned. But then consumption started increasing sharply, and traders say this year world demand is about equal to maximum potential production.

Two minor accidents were reported in Big Spring late Wednesday.

Mrs. R. A. Trantham, 911 W. 8th street, was taken to a local hospital for treatment of minor injuries following a mishap at the 9th and Scurry intersection. Drivers of the vehicles involved were R. A. Trantham and C. R. Marble, Big Spring Hotel, police said.

Vehicles driven by C. O. Wagley, 6639 Urban street, Houston and Horace G. West, 1210 E. 4th, Big Spring, were slightly damaged in a collision at 4th and Scurry.

Electric Explosion

YORK, Eng. Oct. 27. (AP)—An electricity plant exploded today with a roar heard five miles away. Five employees were hurt and one is missing.

Minor Accidents Reported In City

City Man Awarded \$43,680 In Suit

FORT WORTH, Oct. 27. (AP)—L. M. Parker of Big Spring has been awarded \$43,680 in a damage suit against the Texas and Pacific Railway Co.

Parker had requested \$90,000 for injuries received in an accident July 13, 1946, at Big Spring, where he was employed as a switchman. His right leg was amputated below the knee.

Parker, a veteran switchman, sustained loss of his right leg when wheels of switching locomotive passed over the member as he was leaving a wrecker in the west end of the T&P yards here.

Ackerly Gin Worker Is Charged With Assault To Murder

Lamesa, Oct. 27. — Charges of assault with intent to murder have been lodged in Dawson county against Robert Murray, Ackerly gin worker.

Murray was charged as the result of firing of a shotgun by an unidentified man into a group of Latin-American cotton harvesters Sunday at 11:30 p. m. in Ackerly.

OCTET ARMED TO TEETH

Eight Felons Sought In Desperate Prison Break

WILMINGTON, Del., Oct. 27. (AP)—A widespread manhunt was on today for eight convicts who escaped from the New Castle County Prison with guns and ammunition taken from the jail arsenal.

The eight—led by a 20-year-old life term prisoner—made a daring break through the prison's front gate last night after locking up Guard Capt. Harry Harrington and using another guard as a shield.

A burst of machine gun fire from a prison tower failed to stop them. Five of the escapees were reported to have boarded a Pennsylvania Railroad freight train bound for Reading, Pa. Two others forced J. L. Elliott, a stationary store clerk, to drive two blocks in his own car and then shoved him out before driving off.

Harrington's version of the escape gave these details: Shortly before 8 o'clock last night the prisoners were taken back to their cell blocks from the exercise yard.

Danny Norris, 26-year-old life term convict of slaying Wilmington Detective Thomas Conaty on Christmas, 1947, asked Harrington for an aspirin. The convicts then jumped Harrington and Guard Harry Beck.

The two guards were marched to a cell and locked in. During the scuffle, Beck sustained slight head injuries when he was struck with a window sash weight.

from the printing shop where Norris worked.

As Lynch opened the door, he was seized and marched past the office of Warden Elwood H. Wilson to the prison arsenal. There, the convicts used Lynch's keys to open the arsenal door and took a quantity of guns and ammunition.

Handcuffing Lynch, the men marched in single file prison fashion toward the gate house with Lynch at the head of the line, a pistol in his back.

One of the convicts pressed the button controlling the electrically-operated gate and the parade moved out into the open.

Thrift Reported

Ted Smith 505 E. Broadway, Sweetwater, reported the theft of several articles of clothing and a pistol here last night. The items were taken from his car parked in the 200 block of Scurry street prior to 8 p. m.

Canales Succumbs To Heart Attack

Arrangements are pending for Victor Canales, 71, who died of a heart attack Wednesday morning near Ackerly.

Canales, who farmed the John Hale place, had gone to the cotton field early Wednesday morning when he slumped suddenly. A coroner was summoned from Stanton and a verdict of death from heart attack was entered.

East Berlin Police Chief Is Arrested

BERLIN, Oct. 27. (AP)—The British-licensed Telegraph claimed today that Paul Markgraf, notorious East Berlin police chief, is under Soviet arrest in a suburban jail.

Search For Missing Plane Intensified In Northeast Texas

PARIS, Oct. 27. (AP)—Planes were out over Northeast Texas particularly around Troup, again today searching for plane missing since Friday night with two men aboard.

Lamar county Sheriff Willie Lane said he is convinced the plane was not in the area around Paris and on up to the Red River. In Dallas, the civil air patrol said was intensifying its search.

Aboard the plane were George H. Harrington, 44 Houston geologist, and Pilot Orville A. Switzer, 31. They were en route from Tulsa to Houston.

"We've had two very good leads from persons who heard a plane in distress Friday, night near Troup," said Lt. Wilson Goss of the CAP.

Troup is nine miles southeast of Tyler and approximately 100 miles south of Paris.

Twenty planes from the Oklahoma Civil Air Patrol were searching today in the Kiamichi Mountains of southeastern Oklahoma.

PRESIDENT SIGNS MINIMUM WAGE LAW — President Truman signs legislation raising the minimum wage from 40 to 75 cents in Washington. Patterns Are 20 Cents Each. An extra 15 cents will bring you the Needlework Book which shows a wide variety of other designs for knitting crocheting and embroidery; also quilts, dolls, etc. Free patterns are included in book. Send orders with proper remittance to Needlework Bureau, Big Spring Herald, Box 229, Madison Square Station, New York N. Y.

RIBBON RAMBLINGS By Mildred Young

If we don't find one means of getting rid of our money fast and furious, we'll find another. This year's annual compilation of figures released by the National Woman's Christian Temperance Union reports that Americans spent more money for meat than for liquor during the past year. But expenditures for alcoholic beverages exceeded those for milk and dairy products, jewelry, church contributions, soft drinks, beauty parlors and a lot of other things. And their expenditures for meat did not equal by \$2.6 billion, what they spent on gambling. Ever stop to think what the largest item in your budget was for last year, last month or last week? It might be that your expenditures and your sense of values are altogether different.

Magazine publishers keep reminding us that it's getting close to Christmas. They also seem to be paving the way for people who aren't interested in facing the Christmas crowds to do their shopping in the quietness of their own homes. One list of special magazine shoppers includes some 74 magazines. This is a nice service to shoppers who have friends that are interested in certain types of publications and welcome such gifts with a good deal of pleasure. But shoppers should beware that they do not lose some of the Christmas spirit in the "baphazard" showing which such promotions encourage. Publications of various sorts can well appear on the Christmas shopper's list, but not at the expense of the "personal touch." Whatever you give this Christmas, it will be well to take time to make a selection with some definite consideration of the person who will be on the receiving end.

Plow And Halter Club Organized By College Group

Members of newly organized Plow and Halter club made plans to conduct their initial social event at a Western dance in the Howard County Junior college cafeteria Thursday, Nov. 3, at 8 o'clock. It was announced at their business meeting Wednesday.

During the session, a club emblem was selected. It will feature a halter with a small plow in the background. Sonny Shroyer and Carl Morgan were named as committee members in securing the first emblem. Club colors of brown and pale green were selected. Bill Sewell, Harold Simpson, Ed Lovless and Jimmie White were appointed as a committee to compose the club constitution and to have it ready for revision at the next meeting.

Carroll Choate was elected as chairman of the Western dance committee. Other committee chairmen include Jimmie White, chairman of decorations; Bill Sewell, committee. Other committee chairmen.

All-teen agers and their dates are requested to attend the Western dance.

Refreshments were served to the following: Mrs. T. J. Mitchell, Mrs. F. M. Ward, Mrs. L. E. Worthan, Mrs. Arlene Mitchell and the hostess.

Mary Martha Circle Club Has Quilting

East Fourth Baptist Mary Martha Circle held an all day quilting and luncheon at the church. Those present were Mrs. Dattor Johnson, Mrs. Lev Nuckles, Mrs. Melvin Good, Mrs. J. D. Kendrick, Mrs. R. H. Harter and four visitors, Mrs. Bill Sandridge, Mrs. O. B. Warren, Mrs. Joe Chapman and Mrs. Mason.

Woodman Circle To Meet

Announcement is made that the Howard Grove No. 663, Woodman Circle, will meet in the WOW hall at 7:30 p. m. Friday. Officials are emphasizing the importance of the meeting and urging all members to be present.

Man Burned To Death In Truck Crash

SAN ANTONIO, Oct. 27 (U)—One man was burned to death and another critically injured in a three-wheeled truck crash six miles east of Seguin on the Luling Highway this morning. Guadalupe County officers reported. The dead man was identified by Constable Charles Grimm as Charles Walker Davis, 40, San Antonio. His companion, identified as Marvin Haas, was reported in a critical condition at the Seguin hospital. Robert Alexander Delgado of Port Arthur and Ward Kilgore of Austin, who escaped injury, were listed as drivers of the other two trucks.

Garden City News Notes Include Activities Of Organizations-Clubs

GARDEN CITY, Oct. 27 (Sp)—Mrs. E. M. Teele brought the devotional at the joint meeting of the Woman's Society of Christian Service at the First Presbyterian church Monday afternoon. Mrs. A. J. Cunningham taught the lesson. Those present were Mrs. R. L. Bowman, Mrs. E. M. Teele, Mrs. Tom Asbill, Mrs. A. J. Cunningham, Mrs. J. C. Cunningham, Mrs. Joe Williams and Mrs. A. C. Durrant.

Members of the local Brownie organization prepared a window display for the drug store in observance of Girl Scout week at their regular meeting Tuesday afternoon. Christmas cards were distributed to the group to be sold. Attending the meeting were Lynda Ruth Balenger, Lynda Ann Mohler, Patty and Shirley Coomer, Janie Tatum, LaVon Smith, Daria Kay Cook.

Mrs. J. D. Jones Is Named Honoree

Mrs. J. D. Jones was complimented with a gift shower in observance of her birthday at the meeting of the Stitch A Bit club in the home of Mrs. G. C. Morehead, 104 Lincoln, Wednesday. Sewing comprised the entertainment. Floral arrangements of red roses and chrysanthemums were placed at vantage points in reception rooms.

Refreshments were served to Mrs. Tip Anderson, Sr., Mrs. Raymond Covington, Mrs. Ross Boykin, Mrs. J. D. Jones, Mrs. H. J. Agrie, Mrs. Ray Smith, Mrs. Johnny Knox and the hostess, Mrs. Morehead.

Mrs. E. C. Dodd Elected Delegate To Garden Meet

Mrs. E. C. Dodd was elected as the local delegate to the state executive board meeting to be held in Corsicana on November 10 when the Big Spring Garden Club met for their monthly business session in the home of Mrs. J. Gordon Bristow, Wednesday afternoon.

Other business included plans for the spring flower show to be held next March or April. Members also discussed methods to beautify service stations and other business grounds located on highways within the city limits.

Yellow chrysanthemums and yellow and white shasta daisies and tapers formed the table decorations. Refreshments were served to the following: Mrs. Curtis Driver, Mrs. J. Gordon Bristow, Mrs. R. E. Salterwhite, Mrs. James T. Brooks, Mrs. A. C. Bass, Mrs. H. C. Stipp, Mrs. J. C. Pickle, Mrs. Frank Wilson, Mrs. E. C. Dodd, Mrs. J. F. Skalkicky, Mrs. J. C. Lane, Mrs. Robert Stripling, Mrs. L. E. Phillips, Mrs. Brown Rodgers, Mrs. J. D. Elliott, Mrs. J. E. Hardesty, Mrs. B. L. LePevre and Mrs. D. M. Penn.

State Street Baptist Group Has Social Meet

State Street Baptist WMA members met at the home of Mrs. Clyde Wyatt for a social and business meeting. Mrs. T. J. Mitchell and Mrs. E. M. Ward read poems. Bible games were played.

Mary Martha Circle Club Has Quilting

East Fourth Baptist Mary Martha Circle held an all day quilting and luncheon at the church. Those present were Mrs. Dattor Johnson, Mrs. Lev Nuckles, Mrs. Melvin Good, Mrs. J. D. Kendrick, Mrs. R. H. Harter and four visitors, Mrs. Bill Sandridge, Mrs. O. B. Warren, Mrs. Joe Chapman and Mrs. Mason.

Woodman Circle To Meet

Announcement is made that the Howard Grove No. 663, Woodman Circle, will meet in the WOW hall at 7:30 p. m. Friday. Officials are emphasizing the importance of the meeting and urging all members to be present.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcontra DDM tablets are safe. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcontra, the original grapefruit juice tablet, takes off fat quickly, safely and you see no signs.

Here is proof Here is what Mrs. H. T. Bishop, Route 2, Stamford, Texas, wrote us: "I am very glad to endorse Barcontra, as it has saved my slender shape and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way. I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to reduce, but wasn't losing much weight until I found Barcontra. I began taking it and could soon tell the difference in the way I felt and the weight I was losing. I weighed 190 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I was truthfully surprised to see where, alone it did so much for me."

At all druggists If you are overweight you want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcontra. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoons twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

Cigar Band Society Doesn't Use Weed

PHILADELPHIA, Pa. — There was a noticeable lack of smoke at the annual convention of the International Cigar Band Society, President Grover Grady, of Waukesha, Wis., explained that about 30 per cent of the Society's members don't smoke.

President Grady, a middle-aged mechanic, and his wife brought along what they called their master collection, dating back to 1900. The collection includes eight complete sets bearing the likeness of U. S. Presidents. Mrs. Grady also has a complete set of German rulers, from 1774 to the late Kaiser; a set of 99 flags of the world, and a set of 50 state shields. Another set displayed by Mrs. Grady was imprinted with the face of playing cards. There was enough variety for one complete deck.

Grady said members get their bands by swapping or writing direct to manufacturers. Some buy cigars and give them away after removing the bands.

BIGGER, BETTER FILIBUSTERS PLANNED

Congress Girds For Renewed Fight On Civil Rights Bills

WASHINGTON, Oct. 27. — The Senate seems likely to face an endurance contest early in its next session as a result of President Truman's new call for action on civil rights legislation.

With the President making it plain he intends to renew his demand for passage of such laws, sides of southern Democratic senators were reported already working on filibuster material.

Sen. Myers of Pennsylvania, the assistant Democratic leader, conceded frankly that a filibuster is in prospect when leaders try to call up anti-poll tax, anti-lynching and anti-job discrimination bills.

The Senate now has in effect a rule under which 64 of the 95 senators must be present and vote "yeas" to adopt a petition to close debate. If only 63 voted "yes," the proposal would lose. That's what the southerners count on in their preparations for a filibuster.

Sen. Olin D. Johnston (D-SC) already has served notice that he will talk until he drops to prevent passage of any of the bills on the civil rights program. Sen. Louis (D-La.) has indicated he also plans to unlimber his vocal chords in this connection.

President Truman laid the background in a New York City speech this week for an enlarged appeal to Congress to act on the civil rights question.

Mr. Truman said in his United Nations speech that the countries behind the Soviet Iron Curtain are suppressing human rights and freedoms. He added that nations "have learned that disregard of human rights is the beginning of tyranny and, too often the beginning of war."

He said, too, that "we believe strongly that the attainment of basic civil and political rights for men and women everywhere — without regard to race, language or religion — is essential to the peace we are seeking."

The President's friends in Congress are expected to expand the argument that this country is being hampered in its conflict with Communism because some segments of the American population are denied equal rights in the practical application of democracy.

In the next session, the administration is expected to center its efforts on attempts to enact anti-lynching and anti-poll tax bills into law.

A Fair Employment Practices Commission measure is pending on the Senate's calendar, but Sen. Keafauer (D-Tenn) told reporters he doesn't think it ever will be passed.

Keafauer said this bill is opposed not only by southern Democrats but by northern members of both parties who contend it would put the government in a position to tell employers all over the country whom they should hire and fire.

State Hospital Employee Training Advocated For Better Treatment

Training of employees of state hospitals may be one way of increasing the effectiveness of treatment of those with mental illness, Leslie O'Connor, College Station, told Lions here Wednesday.

O'Connor is here conducting a course of training for employees of the Big Spring State hospital. The course is in cooperation with the Texas A. & M. division for industrial education. Objective of the course, he explained, is to get maximum cooperation through assignment understanding to the end that it will have a better effect on patients. Aides are in contact with the patients more than the doctors, under whose orders they work, and therefore have an opportunity to be of great help to patients, said O'Connor.

He said progress was being made in public understanding, citing the transition from "inmate" to "patient" in the thinking of the masses. Under proper conditions, he said it was possible for four out of five patients to obtain adjustments which would enable them to be discharged from the hospitals.

Understanding between the community and the institution is as vital as between employees and their supervisors he added. Texas is aiming at higher standards in eleemosynary institutions, according to O'Connor. The U. S. public health department has been invited to begin a survey on Nov. 7 of Texas eleemosynary units with the view of raising standards.

Solons To Attend 'Party Of Year' At Mineral Wells

MINERAL WELLS, Oct. 27. — Now that Congress has adjourned, members of the Texas delegation will be in a position to attend the "Party of the Year" here Friday, as guests of honor, and several have accepted.

"Speaking as an individual," said George Ritchie, one of the hosts, "I feel the entire Texas delegation in Congress has done an excellent job during the session just closed and we hope that all of them will attend the party honoring them and our other state officials."

"Outstanding work for the nation and Texas has resulted from the efforts of George Mahon of Colorado City, a member of the Appropriations Committee in providing for a large modern Air Force. Senator Lyndon Johnson has done a great work in preventing Leland Olds from again being a member of the Federal Power Commission, in my opinion," said Ritchie.

Governor Allan Shivers, Railroad Commissioners Ernest Thompson and Olin Culbertson and numerous other executives of the state government have signified they will attend and a good response is being received from the citizens, numbering approximately 2,000 to whom invitations have gone out.

The affair will begin with a get-together at 5 p. m. in the water pavilion of the Baker hotel and will be followed with an indoor barbecue and an informal program. Hosts are ten outstanding citizens from over the state and ten Mineral Wells men.

Truman Hails Hike In Minimum Wage

WASHINGTON, Oct. 27. — Truman Wednesday signed legislation raising the minimum wage from 40 to 75 cents an hour and called it "a major victory" for his administration.

In a statement, Mr. Truman expressed "joy" that the legislation exempts some workers who previously had been covered by the Fair Labor Standards Law.

He added: "But the improvements made by the new law will go far toward achieving our basic purpose of assuring minimum labor standards necessary for health, efficiency and general well-being of workers."

"The enactment of the fair labor standards amendments of 1949 is a major victory in our fight to promote the general welfare of the people of the United States," he said.

The President called labor leaders and others to the White House for the ceremony signing the measure.

The new pay "floor" for workers in interstate commerce becomes effective in 90 days. Congress members have estimated the 35-cent-an-hour increase in the minimum rate will hike the pay of up to 1,800,000 workers now getting less than 75 cents an hour.

Light Bollworm Infestation In Area Reported

More than half the cotton fields in Glasscock and Midland counties and in the southern parts of Howard and Martin counties show light pink bollworm infestations, G. W. Chowns, Department of Agriculture entomologist here, said Wednesday.

Green boll inspections now being conducted in the four counties have revealed the infestation, Chowns said. Most worms found have been in the early stages of development. An extremely small number of full grown larvae have been discovered by inspectors.

Chowns said it was still too early to compare the current infestation with that of last fall. At this time last year, a pink bollworm generation was further advanced than the one is at present, he stated.

The infestation is considerably lighter in the northern sections of both Howard and Martin counties than it is in the other parts of the four counties being examined. Bureau of Entomology inspectors working out of the office here are to continue green boll, open boll, and gin trash inspections throughout West Texas, Chowns said.

Quarantine restrictions for the control of the insect were inaugurated in this area last year. The burning of all gin trash and sterilization of planting seed are the principal steps being taken to eliminate the pink bollworm.

All gins in the quarantine area are required to burn cotton hulls and other trash, killing many of the bollworms, Chowns said. Others are done away with through the sterilization of cottonseed. Temperatures above 150 degrees for any appreciable period of time are fatal to pink bollworms and destroy eggs.

High School Girls Find Knife-Wielding, Car Theft Risky

CHICAGO, Oct. 27. — Four knife-wielding high school girls tried their hands at kidnaping and car theft Tuesday but ended up in the juvenile home.

They told Capt. Walter Healy that they were playing hooky from school and wanted an automobile ride because "it was such a nice day."

Mrs. Dorothy Hurley, 41, wife of a packing company executive, told Healy the girls forced their way into her car in front of her south-side home. She said one of the girls pressed "something sharp" against her side and instructed her to drive west.

About five miles away, she said, the girls showed her a knife with a three-inch blade and ordered her out of the car. Mrs. Hurley snatched the keys from the car and ran, screaming for help.

The girls also ran into an alley but were seized by police.

Police withheld names of the girls because of their ages, but they said one is 16 years old, the others 15.

We provide helpful funeral facts before or at the time arrangements are made.

From where I sit... by Joe Marsh

Now They're Sitting Pretty

Squint Miller, who's working as a telephone lineman, was telling me about some birds that got into a fight with his company.

Seems a couple of woodpeckers set up housekeeping in a telephone pole. Nobody minded them living there, but they kept pecking at the wires—causing one short circuit after another.

Finally, the telephone people—who had nothing personal against the birds—just stopped up the hole where they lived. But they kept coming back. At last, the company

decided that pole to the woodpeckers and set up a brand-new one for their own use!

From where I sit, we'd all be better off if we were as tolerant with our own kind as that telephone outfit was with the woodpeckers. Let's consider the other fellow's point of view—whether it's his right to live where he wants, or to enjoy a friendly glass of temperate beer or ale when and if he pleases.

Joe Marsh

CALL FOR PHILIP MORRIS

Big Spring Schools To Dismiss Dec. 20 For Christmas Holidays

Trustees of the Big Spring Independent School District Wednesday advanced the dismissal date for local schools for Christmas holidays.

At a called meeting Wednesday noon, the board ordered Christmas holidays to begin after close of school on Dec. 20. Previously, the date had been listed in the handbook as Dec. 23, only two days prior to Christmas. It was felt that this would make it impossible for several teachers and students to make long trips by Christmas day.

This action showed back the closing of school by three days in May, putting it at the present time on May 24. Schools will be held as usual on Nov. 31.

Capitola Cannon, formerly of Galveston, has been extended a contract as an elementary teacher by the board. She has 10 years experience in the field.

The board adopted a resolution directed to the State National bank on those authorized to sign checks disbursing district funds. It also authorized administrators to proceed with plans to convert from fuel oil to natural gas for heating the Airport school. The superintendent, one of 50 invited to a state health department meeting Nov. 24 in Austin, was authorized to make the trip (at state department expense) and to visit two days in the Austin schools.

Two clerical errors in the tax roll were ordered corrected. Pat

Murphy, business manager, said that Lakewood school was due for occupancy, probably Monday, by the Negro school children. Matter of a hand trip to Abilene was deferred, pending a check of transportation. Advancing of the game time to the afternoon by Abilene authorities has complicated plans.

Grandmother Is Freed After 26 Years In Prison

DETROIT, Oct. 27. (AP)—A brand new future awaited 65-year-old Mrs. Maude Cushing Storick today. Pardoned after 26 years in prison, the dark-haired grandmother appeared content to resume housekeeping or "rest for a while."

Mrs. Storick, convicted of murder in her first husband's poison death, was pardoned by Gov. G. Mennen Williams Tuesday. She had been sentenced to a life term.

As she left the Detroit House of Correction yesterday Mrs. Storick was embraced by the second husband who waited for her all those years.

"You look just like a bride," he said. The husband, Emory, a Coloma, Mich., resort man, had helped Mrs. Storick in her long battle. The two had married a month after the first husband's death.

Mrs. Storick always maintained her innocence. She blamed her jury conviction in part on "small town prejudice" because she remarried so soon after her first husband's death.

Mrs. Storick said that in her new freedom she intends first to spend as much time as possible with her three sons and her grandchildren.

CIO Confident Of Quelling Any Insubordination

CLEVELAND, Oct. 27. (AP)—CIO leaders were cocky Wednesday about their ability to quell any left-wing revolt at the annual convention next week—and to beat out any pro-Communist rebels if necessary.

CIO President Philip Murray announced a hand-picked slate of committees which will pass on the controversial left-wing issues which threaten to tear the 14-year-old CIO right down the middle.

At least 11 unions led by so-called left-wing leaders could be tossed out of the CIO. However, most delegates assembling for the convention starting Monday believed only two or three unions actually would take the brunt of the anti-Communist feeling which has built up in the CIO since V-J day.

The 11 leftist-led unions are: United Electrical Workers, United Public Workers, Office and Professional Workers, International Longshoremen's and Warehousemen's Union, Marine Cooks and Stewards, Farm Equipment Workers, Fishermen and Allied Workers, Fur and Leather Workers, American Communications Assn., Food, Tobacco and Agricultural Workers, and Mine, Mill and Smelter Workers.

Longshoremen Prepared To Strike Tuesday

GALVESTON, Oct. 27. (AP)—Ten thousand longshoremen from Lake Charles to Brownsville are scheduled to strike at 12:01 o'clock next Tuesday morning.

Frank Yeager, a union official, last night said the strike vote was taken at a union meeting which followed breakdown of negotiations with the Houston and Galveston Maritime Assn.

Yeager is Gulf Coast president of the South Atlantic and Gulf Coast District of the International Longshoremen's Assn.

The Longshoremen had asked a 22 cent hourly pay raise and increased vacation pension and welfare concessions. Yeager said. Present pay is \$1.78 an hour plus differentials on certain cargoes up to \$2 an hour.

John R. Dunn, spokesman for the maritime association, refused to comment on Yeager's announcement.

J. G. Tompkins, vice president of the Gulf Division of Lykes Bros. Steamship Co., said the negotiations ended at 5 o'clock. He expressed surprise at Yeager's strike vote announcement and said he knew nothing about it from the union.

He said the Maritime Assn. had offered to renew the old contract which expired Aug. 21.

Babe Assumes Links Post

CHICAGO, Oct. 27. (AP)—Babe Zaharias has become the first woman to fill a man's shoes as head professional of a golf club.

She did it for a minimum of \$20,000 per year, a private airplane and room for George in the clubhouse's private quarters.

Whether George, her 200-pound, ex-wrestler husband, will forsake his boxing and wrestling promotions in Denver, Colo., to climb into her lap of luxury, is not known.

Anyway, there's space for him at Swankey Skycrest Country Club, a 36-hole layout where Babe takes over as pro Feb. 1, 1950, and will live.

She succeeds affable Jerr Glynn, who taught her most of what she knows about golf a decade ago.

Eugene Dyer, president of Skycrest and owner of a radio station chain, said he got the idea to hire her two years ago during the women's Western Open at his club.

"She autographed a program for me," he recalled, "and she wrote: 'This is the most beautiful clubhouse and golf course I've seen.' The course, one of the few in the country to have its own private landing field for aerial commuters, proved a nemesis for Babe and she lost the tourney to Patty Berg in the finals. She complained bitterly during the pressure-packed match about a low flying little single-seater plane that kept dropping overhead, apparently piloted by some member who wished to avoid the crowds."

FLOOD WATERS—High water washed this car one-half block against this foot bridge in a heavy rain at San Antonio. The heavy rain flooded low areas in the city, drowning two persons and keeping firemen and policemen busy evacuating families from their flooded homes. (AP Wirephoto)

Municipal League Hits Civil Services, Minimum Pay Laws

GALVESTON, Oct. 27. (AP)—The Texas League of Municipalities wants the legislature to repeal the firemen's and policemen's civil service and minimum wage laws.

These acts take away local self government of Texas cities and towns, a resolution passed yesterday declared.

The league ended its annual convention by electing Mayor George D. Barber of Mineral Wells as president and picking San Antonio as the 1950 convention city.

It also passed a resolution asking that acts of the Legislature affecting city governments be evaluated first by the league's legislative or executive committees.

Charles H. Oeller, Galveston commissioner of streets and public property, was named vice-president of the league. New trustees are Mayor Gene Klein, Amarillo; Mayor A. P. Brown, Odessa; Mayor Edgar Egan, Fort Worth; Councilman Charles E. Winfield, Houston; City Manager C. O. Summey, Longview; Mayor Dale Washburn, Dallas; and retiring president, H. P. Kuerer, Dallas city attorney.

Scholarship Program For Non-Vets Asked

KANSAS CITY, Mo., Oct. 27. (AP)—U. S. Education Commissioner Earl James McGrath today proposed a \$30 million-a-year scholarship program for more than 400,000 non-veteran college students.

McGrath also suggested a system of federally guaranteed loans to college and university students similar to those now available to World War II veterans.

The two proposals, he said, would be a start toward a program to provide higher education to "the full two million or more of persons with college abilities who do not now get to college."

McGrath called the proposals a "civilian bill of rights comparable to the GI Bill of Rights."

He outlined the proposals, prepared by the office of education as

the possible basis of federal legislation, in an address prepared for delivery before the Assn. of Land Grant Colleges and Universities.

The proposals call for scholarships of \$600 a year for undergraduates and \$1,000 for graduate students, sailed upward for those with dependents.

McGrath estimated that the proposed fund would provide scholarships for 400,000 undergraduates and about 37,500 graduates and professional school students. "Academic promise and ability" would be the measures of eligibility.

UP TO \$150 PER ACRE

County Farm Land Still Sells Well

Howard county farm land, high in price since 1942, still brings a healthy price on the market where any can be found for sale.

Farming land in the Big Spring area has been priced as high as \$150 per acre, a survey of real estate dealers here shows. Even at that price, few sales are made, realtors say. Of course, not all prices are that fancy by any manner of means.

Several factors were credited with increased land values in the past six or eight years. Government support of farm commodity prices, increased oil activity in the area, good crops, and better farming methods and equipment have helped to more than double the value of land in the county since 1942, farm and ranch dealers agreed.

Most coveted land in the county, according to realtors, is the rich sandy loam found in Ackerly, Lomax, Knott and Elbow communities. Some land has sold in those sections recently for peak prices.

Tight black land in other parts of the county commands up to \$100 per acre. Cheapest farm land is the sandy soil west and east of

Big Spring which is quoted at from \$40 per acre up.

Hopes for oil production in the northern section of Howard county practically prohibit the sale of land there. Owners almost universally reserve as much as 80 per cent of oil and mineral rights when sales are made, real estate dealers report.

Land ordinarily brings a price in keeping with the return it is likely to yield, one realtor said. This year's bumper cotton crop, together with governmental support of prices, has made farmers extremely reluctant to dispose of land.

Better farming equipment, capable of reaching deep into the ground and stirring rich sub-soil, and reduce wind erosion has increased the production of land in the last decade, he said. Chances for immediate pay off are better than they have ever been; consequently, prices are higher.

Fire Marshal Seeks Cause Of Explosion

DALLAS, Oct. 27. (AP)—What caused an explosion that ripped apart a four-apartment building and injured 14 persons?

Fire Marshal W. G. Burns headed an investigation seeking the answer to that question. The blast wrecked the building in a housing project late Tuesday night. Five persons were hospitalized today. Fire Battalion Chief Jack Johnson said a heavy concrete sill probably saved the lives of all occupants.

"It kept the heavy roof from going all the way to the floor."

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you just sprinkle a little FASTEETH. The alkaline tooth-salt powder on your plates holds false teeth more firmly so they feel more comfortable. Does not smog. Checks "white color" (identical breath). Get FASTEETH at any drug store. (Adv.)

Wildlife Group To Be Fed Wild Game At Party

MARSHALL, Oct. 27. (AP)—Antelope, elk and moose meat will be on the menu when more than 1,000 sportsmen and their families come here next Tuesday for the annual barbecue of the East Texas Wildlife Association.

The meat is being donated by Marshall hunters. The wildlife group, with some 1,800 members scattered about the great Piney Woods area, has made elaborate plans for entertainment and contests to add to this year's program.

The afternoon will be devoted to a hunting dog show and various contests. Old-time dancing will provide the evening's entertainment.

Rewriting Of Fire Escape Law Recommended

AUSTIN, Oct. 27. (AP)—Rewriting of the Texas fire escape law was urged yesterday by the president of Austin's board of education.

R. W. Byram said the 20-year-old law is impractical and obsolete.

State Fire Insurance Commissioner Paul Brown earlier this week threatened court action against school boards which fail to provide fire escapes as required by the law for all school buildings higher than one story.

Byram said it would cost Austin more than \$37,000 to comply with the law as now written.

Fireproof interior stairways now being built are much safer than fire escapes, Byram contended, but the old law requires the outdoor escapes regardless.

"I would like to see the January session of the Legislature modernize the law and then see that it's enforced," Byram said.

Tokyo Population Up

TOKYO, Oct. 27. (AP)—Tokyo's population was 5,510,701 on Sept. 1, the metropolitan government announced today. This was an increase of 340,709 since Jan. 1.

If you are afraid of rice, boiling over, grease the top of the pot inside around the rim. The boiling liquid will go no higher than the greased ring.

Engel Curses In Swindling Trial

CHICAGO, Oct. 27. (AP) — Sig-mund (Sam) Engel, whose smooth talk landed him in jail on a half dozen charges of swindling women, cursed and screamed in criminal court yesterday.

"You're a bunch of crooks, G—D—H, I'm being framed," the 73-year-old roving Romeo screamed to state prosecutors and police. The jury hearing Engel's love swindle trial was leaving the courtroom as Engel blew up. Only a few minutes earlier Judge George M. Fisher had left the bench.

Engel's outburst followed testimony by Mrs. Annette Kubiak, a South Bend, Ind., widow, that Engel married her, took \$5,000 from her and then disappeared. "You scoundrel," Engel shouted words in her mouth," Engel shouted at L. James Oakley of the state's attorney's police.

Edwin T. Breen, first assistant state's attorney, fanned Engel's resentment by asking him: "How do you like it, now that you're on the receiving end?"

Attorneys for the ordinarily dapper little man urged him to be quiet as they led him from the courtroom.

Still spitting, Engel's parting shot at the prosecutors was "you're all a bunch of G—D—crooks."

Mrs. Kubiak, 39-year-old blonde beautician, testified she married Engel in October, 1948, one week after she met him in South Bend. She said she knew him as Paul Moore, and he told her he was a wealthy attorney for Howard Hughes, film producer and industrialist.

About the wedding, Mrs. Kubiak said: "It was beautiful. Mr. Moore just cried. He was happy to find someone as wonderful as I am." A day after the marriage, she testified, Engel disappeared—taking the \$5,000 she had given to him after selling her home. Her testimony was much like that told Tuesday by Mrs. Reseda Corrigan, also 39 and a widow. Engel is being tried on a charge of swindling Mrs. Corrigan of \$3,700 after promising to marry her. James Brown, assistant state's attorney who heads the prosecution, said he will call as witnesses several other women he said Engel married and swindled.

Johnson Says U. S. Can't Afford Competing Services, Duplication

NEW YORK, Oct. 27. (AP) — Secretary of Defense Louis Johnson said last night that America cannot afford the luxury of a defense set-up composed of competing services with duplicating roles.

"Honorable roles and missions are assigned to each of the three services," he said. "Each gets the part it is best qualified to do in the opinion of the joint chiefs of staff."

And he added: "This does not necessarily mean that each is directed to do what he would best like to do. Nor do the plans allow for the luxury of competing and duplicating roles to be paid for out of the pockets of the American taxpayer, whose tax burden is already approaching the rock bottom limit."

Johnson used his place on the New York Herald Tribune's forum

Bradley Warns War Can Strike Quickly

MONTGOMERY, Ala., Oct. 27. (AP) — National guardsmen were set to wind up their 71st Conference here today after hearing a warning from Gen. Omar N. Bradley that war could strike suddenly.

Bradley told delegates to the conference yesterday that "miscalculation or unfortunate incident" could lead to war without warning and that "the Guard should be ready to move home divisions to combat areas upon short notice in event of mobilization."

The chairman of the joint chiefs of staff said he did not think war is inevitable. He pointed out, however, that the United States probably won't have the time to mobilize that it had in past conflicts.

"It's up to you, you members of the National Guard," he said, "to prepare yourselves to be ready for action much more quickly than you have ever had to before."

Gen. Bradley, who was feature speaker at yesterday's meeting, declined to plunge into the scrap over federalization of the Guard but repeated that he felt it would be impracticable at present.

He also avoided discussing the recent Air Force Navy squabble, but told a news conference that "the quicker all services begin to function as a unified team, the better off everyone will be."

The conference issued another blast at federalization. It adopted a resolution strongly opposing the removal of National Guard control from the states.

Sen. Hill (D-Ala.) joined Gen. Bradley in an appeal to end inter-service bickering.

Mother Stabbed To Death On Way Home From Factory

CHICAGO, Oct. 27. (AP) — A 26-year-old mother was fatally stabbed last night after she had been attacked less than a half block from her home.

Mrs. Mary Lochiro, returning home from her factory job, collapsed in the arms of her stepfather after she had staggered to his grocery store at 921 South Damen Ave. She died an hour later in a hospital.

She was cut severely on her throat, hands, face, tongue, arms and breasts. Police expressed belief she had been the victim of a purse snatcher. Her purse was not found.

Police said the knife slayer apparently attacked Mrs. Lochiro in front of a playground near her home. There was a large pool of blood at that spot and zig-zag trail of blood led to the store of her stepfather, Frank Greco, 38, where she collapsed.

Mrs. Lochiro's husband, Joseph, 27, a hotel fireman, was at work. Her two children, Samuel, 3, and Patrick, 14 months, were with her mother, Mrs. Greco.

FARMER WHO RAN AMOK

This is a recent picture of Joseph Runyan, 57-year-old Waterford, Mich., farmer who ran amok in Waterford firing shotgun blasts at patrons of two taverns. Ten persons were wounded. (AP Wirephoto).

Y Group Sets Carnival

Junior YMCA members will have a Halloween-carnival at the Y Friday beginning at 7:30 p. m. Entertainment will include games, a spook room, fortune telling and apple bobbing. Hot dogs and cold drinks will be on sale.

Proceeds will go to the organization's Christmas and spring picnics. Activities are open to all children of the city.

Had RHEUMATISM* So BAD That He Had To Quit Working

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

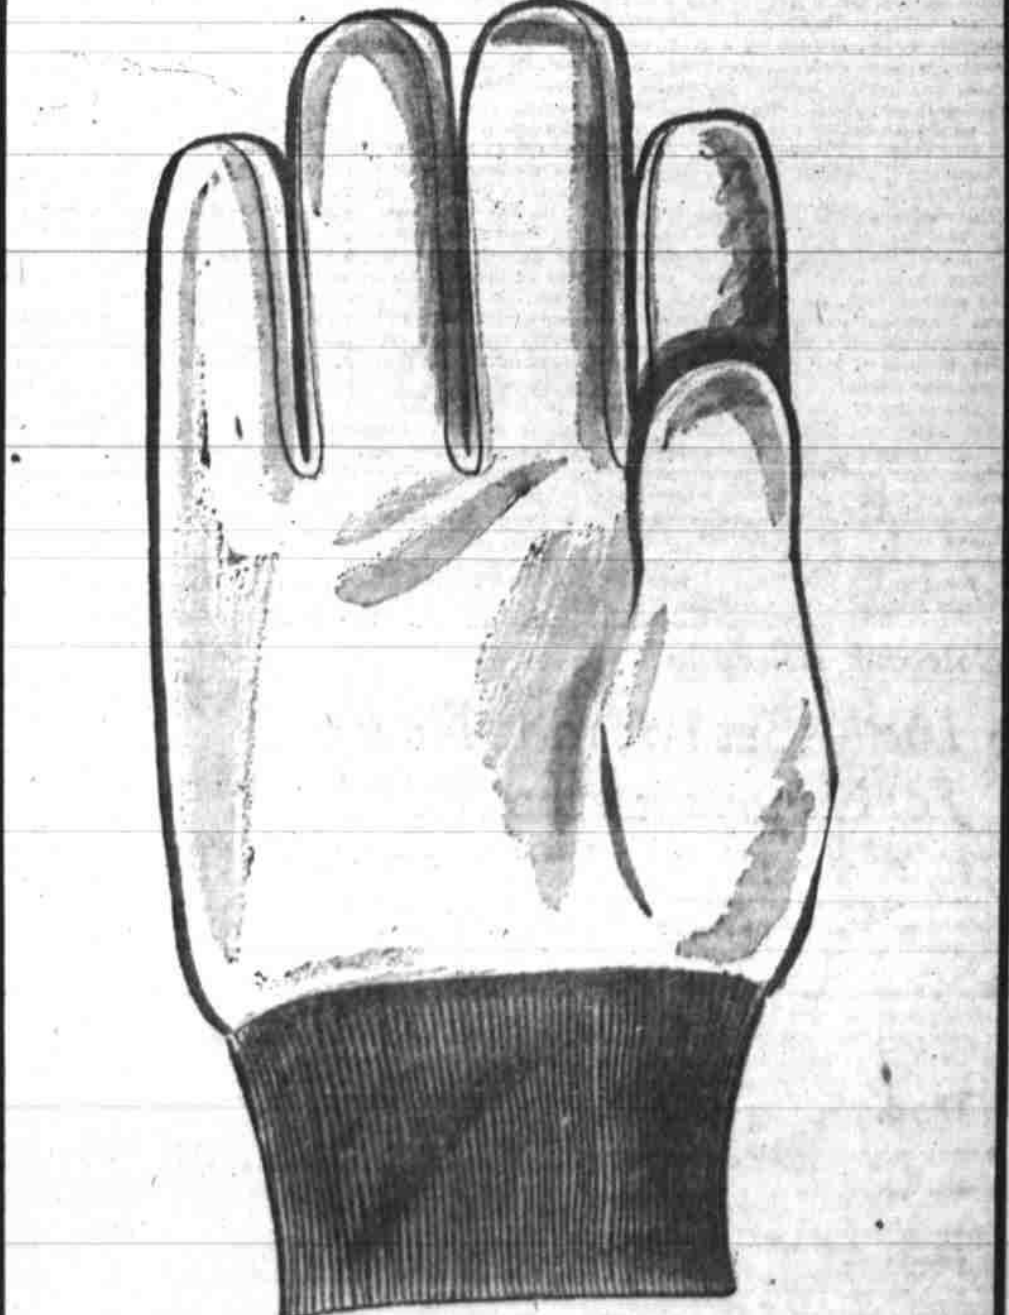

Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The La Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

Civilians Will Find An Atomic War Is Much Rougher On Them

The first official report to be published on the effects of atomic bombing was that made in Mexico City this week to the 12th International Congress of Military Medicine and Pharmacy, by Major Albert J. Bauer, of the U. S. surgeon general's office.

At Hiroshima, only 15 deaths in 100 came from the mysterious radiation sickness. Most of the others were from common injuries such as come from any explosion. Fire and burns are called by Bauer and Hogness the greatest hazards of the bomb. The flash itself is so intense that it can ignite materials a mile and a half away.

Wise Thing To Check Your Home For Rigors Of Winter Season

Dallas has reported an explosion that destroyed an apartment house and caused extensive injuries. While no cause has been found, character of the blast would point toward an accumulation of gas.

It may be that there was some other reason. But the incident does point to a seasonal need on the part of occupants of residential and business houses. This is an autumnal inspection or check to determine the readiness of the plant for winter weather.

Capital Report-Doris Fleeson

MacArthur Directing Japan's Recovery Like A Statesman

TOKYO. (By Airmail) — An early directive, never repealed to General MacArthur from the joint chiefs of staff told him that he had no direct concern with Japanese economic recovery beyond keeping the country above the disease and unrest level.

It is also pressure by business which is either pinched directly or fears the precedent of such wholesale anti-monopoly, anti-cartel reforms. Above all, and giving the other elements more room to maneuver, the increasing communication of the Orient now gives Japan a peculiar importance as an American foothold. It is argued that it is now more important to have Japan a going concern than it is to purify her completely.

Historic work this has been done here in a successful occupation for which the victor has so far picked up the check.

He has been loyal to his people here and supported their efforts to implement the directives handed him; they return him an unusual fidelity and are eager to spare him any criticism. It is perhaps no very cynical asperity to suggest that some realize that could get someone very much worse to oversee political, social and economic moves.

This is the familiar pattern of the New Deal which the reforms initiated here closely resemble. Now comes the era when "recovery must follow reform."

It is interesting that a professional soldier should so successfully direct such an operation. The General says he never lived away from the sound of a bugle until he moved into the American embassy. But he takes an honored place among America's versatile new breed of military statesmen—General Marshall, Eisenhower, Bradley, Smith, and Admirals Leahy and Kirk.

KEEP HIM BEHIND IT

Merry-Go-Round-Drew Pearson

FDR's Grandson Regards Certain Beds In The White House As Family Property

WASHINGTON — Congressman Franklin D. Roosevelt, Jr., has an 8-year-old son named Christopher who may turn out to be another chip off the old block.

Nehru spent 13 years in a British jail, considers Russians more Asiatic than European, governs a people who are not much more than one rice bowl ahead of starvation.

"There's still much to be done and we'll need all the popular support we can muster to enact this pending legislation."

When Christopher arrived in Washington, his father drove him about the capital then tried to park to go inside a government building. Only a tiny space was available, so Roosevelt asked a policeman if he could park in a restricted area. The policeman, noting FDR, Jr.'s congressional license plate said okay. As Roosevelt and his son got out of the car, Christopher turned on the traditional Roosevelt grin, looked up to the policeman and said "Officer, meet my congressman."

U. S. diplomats don't expect to change this point of view overnight, realize that Nehru couldn't possibly announce, while here, that he will lead an anti-Soviet bloc in the middle of Asia.

White House and Strikes—all sorts of pressure has been brought on President Truman to intervene in the steel and coal strikes, including appeals from such powerful Democratic leaders as Mayor David Lawrence of Pittsburgh, Jack Arvey of Chicago, and Chairman Boyle of the Democratic National Committee. They wanted him at least to issue a statement asking the steel companies to accept the findings of his own fact-finding board.

INSURANCE LOBBY Congressman Walter A. Lynch, New York Democrat, and a conscientious member of the ways and means committee will head a subcommittee to investigate an important loophole in the tax laws whereby life insurance companies do not pay income taxes.

He confided this to Representative Frank Karsten of Missouri and Mel Price of Illinois when Karsten reminded him that the toughest battles—increased taxes, civil rights, aid to education—were to be fought in the January session.

President's Friend—The Press doesn't say much about it, but he is a little peeved at his old Senate friend, Mon Wallgren. Truman wanted Wallgren to accept a recent appointment as head of the National Security Resources Board and go through another Senate fight for confirmation next year.

Hollywood-Bob Thomas

John Garfield Planning Americanized "Peer Gynt"

HOLLYWOOD, Oct. 27 (U. S. — John Garfield, back at work after a serious injury, is making plans for an Americanized "Peer Gynt" on the stage.

John Garfield, back at work after a serious injury, is making plans for an Americanized "Peer Gynt" on the stage.

Philip Murray, leader of the striking CIO steelworkers, and John L. Lewis, leader of the coal miners, hate T-H. If he used it, Mr. Truman probably would lose the friendship and backing of Murray who supported him in the 1948 elections.

NEUTRAL NEHRU Some people were disappointed when Prime Minister Nehru of India issued his statement that India would take no sides in the cold war. In view of India's strategic position between the East and the West, his words fell with the unswerving reverberation of a rock on a polished ballroom floor.

Joan Crawford has stopped work on her schoolmarm yarn until she finishes "The Victim." She still hopes to make it. Her plans for a musical are up in the air, but she would like to try a comedy, as a change from her steady dramatic diet.

Thoreau's Definition Of Wealth Still Holds Good After Century

Henry David Thoreau wrote that one is wealthy according to the number of things one can do without. Unlike many other philosophers, however, he practiced what he preached. He built a small cabin on the shores of Walden Pond, in the woods near Concord, Mass., and lived there alone for the rest of his life.

he rent a \$50,000 house in a fashionable suburb. Naturally, she had her way. Although Jones' salary as vice-president of the oil firm was over \$10,000 a year, he soon found himself in the red. The rent of the suburban mansion drained away nearly \$2,000 annually, but that was only a drop in the bucket compared with his other expenses.

Your true philosopher is no crabbed misanthrope; on the contrary, he is happier than the majority of men because he can take the good things of life along with the evil. Thoreau, in particular, never permitted his hardships in the woods to sour him, while youthful clashes with authority merely served to deepen his sympathy for suffering humanity.

The inevitable crash came. One day Jones received notification from the president of his firm that he, as well as all other vice-presidents, would have to take a salary cut, owing to a slump in the oil business. Jones replied that his salary already was inadequate, and submitted his resignation in such an offensive manner that it was accepted instantly.

Affairs Of The World-DeWitt MacKenzie

Attlee On Horns Of Dilemma In British Economic Crisis

BRITAIN'S SOCIALIST PRIME MINISTER Attlee is in the uncomfortable position of the fellow who is damned if he does and damned if he doesn't.

when the time of disclosure arrived in the House of Commons Monday the cannon-cracker proved to be something of a squib. The terrific slash was only an eight per cent cut. This was such an anti-climax that the general public not only was surprised but was worried for fear the government program isn't drastic enough to meet one of the gravest economic crises the nation ever has experienced.

THE FORMULA ACCEPTED FOR THIS safeguard was to slash the government's budget of \$7,240,000,000, which was heavily laden with socialist welfare projects and defense measures. While this cut was being figured out by the experts, the government made the public flesh creep with warnings of how drastic the slash would be and what sacrifices it would involve.

ALL THE MAJOR NEWSPAPERS, EXCEPTING the laborite Daily Herald of London, condemn the proposals as inadequate. Moreover the cuts aren't in keeping with the measures for which the nation had prepared itself.

The Nation Today-By James Marlow

Truman Has No Power To Stop Coal, Steel Strikes Altogether

WASHINGTON, (U. S. — THE COAL STRIKE started Sept. 19, the steel strike Oct. 1. What can President Truman do to stop them?

the injunction. Let's say that he does that in these cases. The strikes are supposed to go back to work. Then the companies and the unions are supposed to try to reach an agreement.

Couldn't the President use T-H all over again to interrupt the strikes another 90 days and so on?

THEN THE NATIONAL LABOR RELATIONS BOARD (NLRB) steps into the picture, arranging for a vote by the workers.

Over the week end Murray said he thought Mr. Truman would be unfair to use T-H to force the steelworkers back to work, interrupting the strike.

Five days after the vote is taken, the NLRB must make the result known to the attorney general. Then he must ask the judge to end the injunction. The attorney general has no alternative. The injunction is lifted. It could not last more than 90 days under the law.

Today's Birthday

PERESA WRIGHT, born Oct. 27, 1918 in New York City, daughter of an insurance man. This American actress has chalked up both stage and screen success. Her performance as the daughter-in-law in Mrs. Miniver won her the 1942 Academy award, and other work in "The Little Foxes" and "Shadow of a Doubt" brought applause. She appeared in a series of high school plays in Maplewood, N. J., took summer study at the Wharf Theater in Provincetown, Mass., understudied Dorothy McGuire as Emily in "Our Town" and later played the part on tour. She came to Broadway in "Life with Father" and in time moved on to Hollywood.

Radio-Atoms Throw New Light On Blood Disease

By ALTON L. BLAKESLEE
Associated Press Science Reporter
NEW YORK, Oct. 27. — Radioactive atoms are turning up new findings about anemia and other blood diseases, and even make it possible to predict whether some people are going to become anemic.

The findings are part of the growing harvest of medical knowledge coming from studies with radio-atoms made in atomic ovens. They were described by Dr. John H. Lawrence, director of the Donner Laboratories, University of California, Berkeley, in an address at the New York Academy of Medicine.

Human blood is made radioactive by injections of radio-iron. The iron atoms can be traced as they circulate, or as they are used in making new blood cells in the bone marrow.

Grimy Pittsburgh To Have Its Face Lifted

By JAMES L. HOLTON
Associated Press Staff
PITTSBURGH, Oct. 27. — The grimy, cluttered city that calls itself the steel capital of the world may be a glistening example of ultra-modern architecture and urban

planning in another decade or two. Pittsburgh's city fathers and a group of far-seeing businessmen plan a \$700 million face lifting job that will range from a streamlined business and shopping center downtown to a network of super highways in the suburbs.

pretty well tells the "how" and "why" of the city's face-lifting aspirations. It's a story that can be told in Pittsburgh's three nicknames. Today it is called the steel city. That moniker came into more common usage with the virtual disappearance of the "Smoky City" tag. A near-miraculous program just about put an end to the night-like pall that used to be thrown over the area by the scores of steel mills and other industrial plants.

The most energetic of the projects will sweep clean a 50-acre area running eastward from the famous Golden Triangle's Point—where the Allegheny and Monongahela Rivers meet to form the Ohio—to Stanwix Street, more than a half mile away.

Before the stacks that puffed out these man-made clouds were built back in the days when Pittsburgh was a frontier town—it was called the "Gateway To The West."

NAME Durkee's OWN GRADE AA MARGARINE

There's a Big Difference—Prove it Yourself!

Now you can be sure your margarine measures up to the most rigid standards of flavor, texture and purity. Ask for Durkee's own GRADE AA brand! ACT NOW! CONTEST ENDS DEC. 31

these studies show that iron is going into the new red cells, and there must be something wrong with the length of life of the red cells which are made.

Development of anemia can be predicted a month or two in advance in people who aren't making red cells normally, the radio-iron tests can show whether the bone marrow factories are working properly and how their bodies are handling the product.

In leukemia, the body produces far too many white blood cells. Usually there is anemia, too. Many experts thought the abundance of white cells interfered with the making of red cells. Dr. Lawrence said. But the radio-iron studies so far show that red cells are made at the normal rate, or even faster. There has to be some other explanation for the anemia.

In another disease, polycythemia vera, the body produces too many red cells. The radio-iron tests showed some patients were making them at five times the normal rate. This means that their bodies

must also be destroying red cells very rapidly, or else the high production rate couldn't go on very long.

Samples of human blood have been labeled with radio-phosphorus, and then injected back into the person. This supplies a very accurate test for telling how much circulating blood a person has, he reported.

Drinks or injections of radioactive water, made with radio-hydrogen, give a quick means of determining the total amount of water in the body. This test can be useful in treating some heart and kidney diseases in which the water balance of the body becomes upset.

Clues to some puzzles of how and why people grow old are promised by other radio-atoms, including nitrogen. Marked differences have been found in the bodies of young and older people handle or exchange and inert gas like nitrogen, Dr. Lawrence said. This difference is apparently bound up with the aging process.

Hormones, vitamins, drugs and foods are being labeled with radio-carbon to learn how the body uses these materials.

Hardin Jones of the Donner Laboratories, using certain foodstuffs containing radio-carbon, found that mice with tumors and healthy mice

differ in the rate at which they produce carbon dioxide. This finding might lead to a test for cancer.

With the aid of radioactive atoms, medical research now is approaching a new period. Dr. Lawrence said. More attention will be paid to how the body handles various chemicals in health and disease. The findings can lead to better treatments, to better tests for disease.

Cheese Is For Zest; It's Plentiful Now

By CECILY BROWNSTONE
Associated Press Food Editor

Good news for cheese lovers! Cheese is one of the dairy foods now in plentiful supply. You'll find all sorts of fascinating varieties in markets all over the country. For dessert or an evening party arrange grapes and pears and salted crackers on a tray with an assortment of cheese. Or arrange a tray of wedges of blue-cheddar, and Munster cheese, a baby Gouda (sliced part way through), a roll of smoked cheddar, and a pineapple cheese (in the center), with the top cut off in a scalloped design.

For a luncheon menu try the following pancakes prefaced with a hearty soup:

Cottage Cheese Filled Pancakes
Ingredients: For Filling—1 pound dry cottage cheese, 3 egg, dash of salt, 2 tablespoons sugar, 2 tablespoons finely crushed cracker crumbs or cracker meal. For Batter: 2 eggs, 1 cup cold water, 1 cup sifted all-purpose flour, 1 teaspoon salt. Butter for frying, sour cream, currant or guava or peach plum jelly.

Method: Prepare filling first—press the cheese through a strainer, add the egg, salt, sugar, and cracker crumbs or cracker meal and mix well.

To make the batter—Beat the eggs well in a mixing bowl with an electric mixer or rotary beater; add the water and beat again to combine. Add the flour gradually, and the salt, beating to make a smooth batter. (Strain batter if necessary, pressing out any flour lumps.) Heat about 1/2 teaspoon butter in a 6-inch aluminum skillet over low heat until very hot. Pour in just enough batter (about 2 tablespoons) to cover bottom with a thin film; lift the pan from the heat with the left hand as you pour and tilt and swirl batter around bottom of pan so it will run evenly. Cook over low heat until pancakes are set—about 1 minute, if should not brown. Turn out on waxed paper, fried side up, to cool. When all pancakes have been turned out place 2 level tablespoons of the cheese mixture in the center of the fried

side. Fold lower half of pancake over cheese, fold over side sections next pressing them down, then fold over onto remaining section. When ready to serve put about a teaspoon of butter in the skillet over low heat, then carefully put in 4 of the pancakes. Fry slowly until they begin to get golden brown, then turn and fry on other side. Keep hot while you fry other pancakes. (Or use large size skillet and fry as many as possible at once.) Serve immediately with sour cream and jelly. Makes 12 pancakes.

Waffles Are Good

A recipe to keep within "peeking distance" of the cook's realm is this one for rice waffles, a treat that will call for "repeaters" during the fall and winter season. Rice waffles may be served with honey and melted butter, with maple syrup or simple white corn syrup. They may be served with broiled ham or as a foundation for creamed meat dishes. Waffles are inevitably a part of the breakfast menu when "specials" are in order; they make a party of Sunday night supper; they are a quick last-minute dish, so, keep cooked rice in your refrigerator and you'll be ready to make waffles that are truly different.

Ingredients: 1 cup sifted flour, 2 teaspoons baking powder, 1/2 teaspoon baking soda, 1/2 teaspoon salt, 1 tablespoon sugar, 3 eggs, separated, 1-3 cup melted shortening, 1 1/2 cups buttermilk, 1 cup cooked rice.

Preparing the Fluffy White Rice: Put 1 cup of white rice, 1 teaspoon salt and 2 cups cold water in a two-quart saucepan. Cover with a tight-fitting lid. Set over a hot flame until it boils vigorously. Then reduce the heat as low as possible and simmer for 14 minutes more. During this time the rice will absorb the water and come out deliciously tender. Remove the lid to permit the rice to steam dry. Lift rice with a fork to test its consistency. Never stir rice while cooking—and the grains will be separate and tender. Makes approximately 3 cups fluffy white rice. Keep left-over-cooked-rice in a covered bowl in refrigerator—you'll find it handy next time you are in a hurry to fix a quick meal. **Method:** Sift dry ingredients together. Beat egg whites and egg yolks separately. Combine shortening, beaten egg yolks and buttermilk; then add to dry ingredients, mixing well. Fold in rice and stiffly beaten egg whites. Bake in hot waffle iron until browned. Makes 8 waffles.

Curry Sauce Adds Taste To Dishes

There's nothing like a good sauce to add tastefulness to a meal. Curry Sauce goes well with the menu given below:
Stuffed Eggs Curry Sauce*
Steamed Broccoli Sweet Relish
Hot Popovers
Blueberry Grunt Beverage
(Recipe for Starred Dish Follows)
CURRY SAUCE
Ingredients: 2 tablespoons butter or margarine, 2 tablespoons cornstarch, 1 tablespoon curry powder, 1 cup chicken or shrimp stock, 1/2 cup thin cream, salt and pepper (to taste).
Method: Melt butter or margarine over moderate heat; remove from heat and add cornstarch and curry powder. Work well with back of

wooden spoon until smoothly blended. Add chicken or shrimp stock gradually, stirring smooth as you do so. Stirring constantly, cook over moderate heat, until mixture thickens and comes to a boil; boil 1 minute. Remove from heat and stir in cream thoroughly. 1 tablespoon at a time. Add salt and pepper to taste. Serve hot around stuffed eggs. Makes 1 1/2 cups sauce, enough for 5 servings, using 3 egg halves for each serving. **Note:** This makes a medium-hot curry sauce; if a lightly flavored sauce is preferred, use 1/4 teaspoon curry powder.

If 1 teaspoon of vinegar is added to the cup of rice while it is cooking, the kernels will be chalk white and the rice will not stick to the bottom of the pot. This will help, too, in making the kernels stand apart.

Gandhi Slayers To Be Executed

NEW DELHI, India, Oct. 27.—The home ministry announced today that N. V. Godse and Narayan Apte will be hanged Nov. 15

for the assassination of Mahatma Gandhi in January, 1948. Godse, who shot Gandhi, and Apte were convicted of the assassination conspiracy and sentenced to death last February by a special court in Delhi's Red Fort. A home ministry spokesman said Delhi Session Judge S. S. Dulat had

signed the warrants for the execution. The warrants are being sent to Ambala jail where the hanging will take place unless clemency is granted.

Five other convicted conspirators were sentenced to life imprisonment. One defendant was acquitted.

ROGER'S
RECIPE OF THE WEEK
By Mary Lee Taylor
Dutch Apple Cake
Breakfast: October 29, 1949
1/2 cup sugar, 1/4 cup sugar, 1/2 teaspoon salt, 1 well-beaten egg, 2 tablespoons water, 2 cups peeled, sliced apples, 2 tablespoons melted butter or margarine, 1 1/2 cups biscuit mix.
Turn on oven; set at moderate (375° F.). Grease a deep 8-in. cake pan. Mix 1/2 cup sugar with cinnamon. Stir in 1 tablespoon milk and the melted butter. Let stand. Put biscuit mix into bowl. Stir in remaining 1/2 cup sugar. Stir in quickly mixture of beaten egg, remaining 1/4 cup milk and the water. Spread in greased pan to very edge. Cover with sliced apples. Arrange raisins on apples. Spoon cinnamon mixture over top. Bake on bottom shelf of oven about 35 minutes, or until top is light brown. Serve warm.

BOOM WAS FANTASTIC, UNREAL

Glittering, Golden Twenties Ended In Black Depression

No matter how you look at it, that summer of 1929, America was a good, exciting and comfortable place to live in.

It was only later, months later, that you looked back and saw how fantastic and unreal the whole thing had been.

Sure, prohibition was in full swing, and there was always the chance you'd get some bad stuff. But speakeasies were considered by many daring fun. All that gangster stuff wasn't pleasant, but it was thrilling if vicarious, adventure for newspaper readers.

Skirts were high, almost as high as the dandy old stock market. Shingled hair, well slicked down, was the rage and the girls wore light fitting cloche hats that gave a final touch to the smart, skinny "boyish" figure. The plus fours men affected on the golf course were very smart indeed.

The word "flapper" was passe and the young ones had taken to buckling their gaiters again. But hip flasks, open roadsters with noisy cutouts and racoon coats were almost required equipment for collegians.

There was a veritable olympia of American gods and goddesses. Blond, shy Charles A. Lindbergh and his feminine look-alike, Amelia Earhart, were hero and heroine of the skies. There was little miss poker face, Helen Wills, and tall Bill Tilden, queen and king of the tennis courts. The great Babe Ruth and newly retired Jack Dempsey reigned in splendor over the galaxy of champions.

Greta Garbo ruled the movie world, an upset world in which the new talkies were coming into their own. Millions of women fondly remembered Rudolph Valentino, only three years dead. People were talking about the peccadillos of the elderly "Daddy" Browning, recently parted legally and expensively

from his "Peaches."

There was a curly haired young man with a nasal voice and a megaphone inspiring a new word, "crooner." Amos and Andy the happiness boys and Jessica Dragonette were helping put a radio in every American home. People were getting tired of the Charleston, the Black Bottom and even Gilda Gray's shimmy, and social dancing was getting back to the conventional cheek-to-cheek.

Brassy "Texas" Guinan had achieved a national reputation for her big, loud New York night club where folks loved to be called suckers. Salesmen were really selling automobiles, and they still had touring cars. Autos were high, wide, handsome and shiny and those new balloon tires made driving a lot more comfortable.

The man in the White House was an engineer, the first since Washington. Herbert Hoover of California had succeeded silent Cal Coolidge of Massachusetts, swept in on a landslide of confident votes for big business. From the big house on Pennsylvania Avenue down to the smallest shop, there was a wonderful feeling that everything in the world was just fine, and getting better all the time.

"Given a chance to go forward with the policies of the last eight years, we shall soon, with the help of God, be in the sight of the day when poverty will be banished from this nation," President Hoover confidently proclaimed.

And it didn't seem to be an overstatement. Oh, yes, there had been the unfortunate boom and bust in Florida a few years before. And there were a few grim-faced prophets of doom.

But all you had to do was look at those stock market reports. Business was doing nicely and the money men knew what they were doing. If you were smart, you just watched and cut yourself in on the easy money. Everybody else was doing it.

Newspapers were full of big financial doings: mergers, stock splits and the rest of it. Everybody read the financial pages and everybody was talking the stock market.

Everybody. Women lounging on beaches in discreet one-piece bathing suits talked knowingly of allied this and consolidated that. Nearly everyone was right up to the ears in the market. On margin—some times only 10 per cent down—you couldn't lose.

It really was so easy. And everyone was so nice and helpful. They wanted you in, and you couldn't help but pick up a bundle. Start with a few dollars, make your pile, sell at the peak.

That was the summer of 1929. That was the way of life. Homes were full of new furniture, not too

comfortable, but very smart with all that stainless steel and chrome, walls covered with new, odd—and smart—cubism stuff. Women were working overtime to look sophisticated. There was a time for books, "The Bridge Of San Rey," "All Quiet On The Western Front," "The Art Of Thinking."

If books, movies or radio palled, there were the country clubs, the tinsel of the night clubs and the blare of the jazz bands to keep life from getting dull—although it was smart to be blasé.

It was a great little world and day by day, it was going to get greater. Stocks had gained billions in value. In ten years there had been a 93 per cent increase in the national income. Production of goods and services had almost doubled.

If you looked sharp behind the dazzling blinding gaudy beauty of it all, you might have noticed that England hadn't had such a good year, or that there was an increasing number of bank failures. But those were little things.

In the late summer things started to slow down a little. Nothing drastic, you understand, and it didn't seem to bother those millions of small investors working happily on margin. It was a sort of resting period, they thought, if they thought about it at all.

Then, in a final spurt, the market climbed to an all-time high. The Dow-Jones average of certain industrial stocks reached an unbelievable 381.

The break started in September. At first it wasn't even alarming. In fact, it didn't seem like a break, just another breather. Toward the middle of the month stocks recovered briefly, but "liquidation" started. It wasn't panic selling, not at first anyway, just some people getting rid of their stock. But they weren't the small investors, the truck drivers and widows, the grocery clerks and stenographers.

They were engulfed a few days later, Thursday Oct. 24. Quite simply, the bottom dropped out of the market when it opened for business that morning. Panic rolled suddenly like a tidal wave across the exchange floor and flooded out across the nation.

A white-faced, numb and frightened crowd gathered around the dignified old Exchange Building. Everywhere men and women saw the future slipping away from them. They picked up telephones to hear once suave, now curt and hoarse brokers demand "more margin, more margin." And of course there was no more margin—unless they tapped those meager savings. Many had already tapped and drained them.

That was only the beginning, but even then there was hope that something could be salvaged. At noon, the giants of the money world gathered secretly to plan emergency repairs. By that time U. S. Steel, once a towering 261, was down to 194 and General Electric, which had been 400 and more, had dropped to 283. In the afternoon, the man who was known as the J. P. Morgan broker went into the exchange and put in a stout bid for steel.

The bankers, the money men, had come to the rescue. People breathed easier. Confidence was in the air. The market rallied.

But the rally was short-lived, for the patients' health was really bad. Five days later came black Thursday, Oct. 29. That was the record-breaking day 16,419,000 shares of stock changed hands. Panic orders snowballed into the exchange; sweating men in shirtsleeves found it impossible to keep abreast of the frenzied activity. Long after the market closed, tickers clattered out the bad news.

Auburn Auto dropped 60 points in a day. Du Pont plummeted 34. American Telephone and Telegraph lost 28 points in a few hours. Some men took their lives as they found themselves completely wiped out. Thousands sought desperately to find money to cover their margin investments. Rich men and poor men alike faced the future without a penny.

But black Thursday was not the end. That came a couple of weeks later, rock bottom, on Nov. 13. The Dow-Jones average of leading industrials had dropped 183 points in 10 weeks. That shocking figure summed up better than anything else what had happened to a flimsy paper edifice of riches which everyone had talked themselves into believing was solid granite.

It was the end of an era, as well as the end of the fabulous decade of the 20's.

With the dawn of 1930 apple stands were appearing on street corners. There was a bitter song on American lips: "Brother, Can You Spare A Dime?"

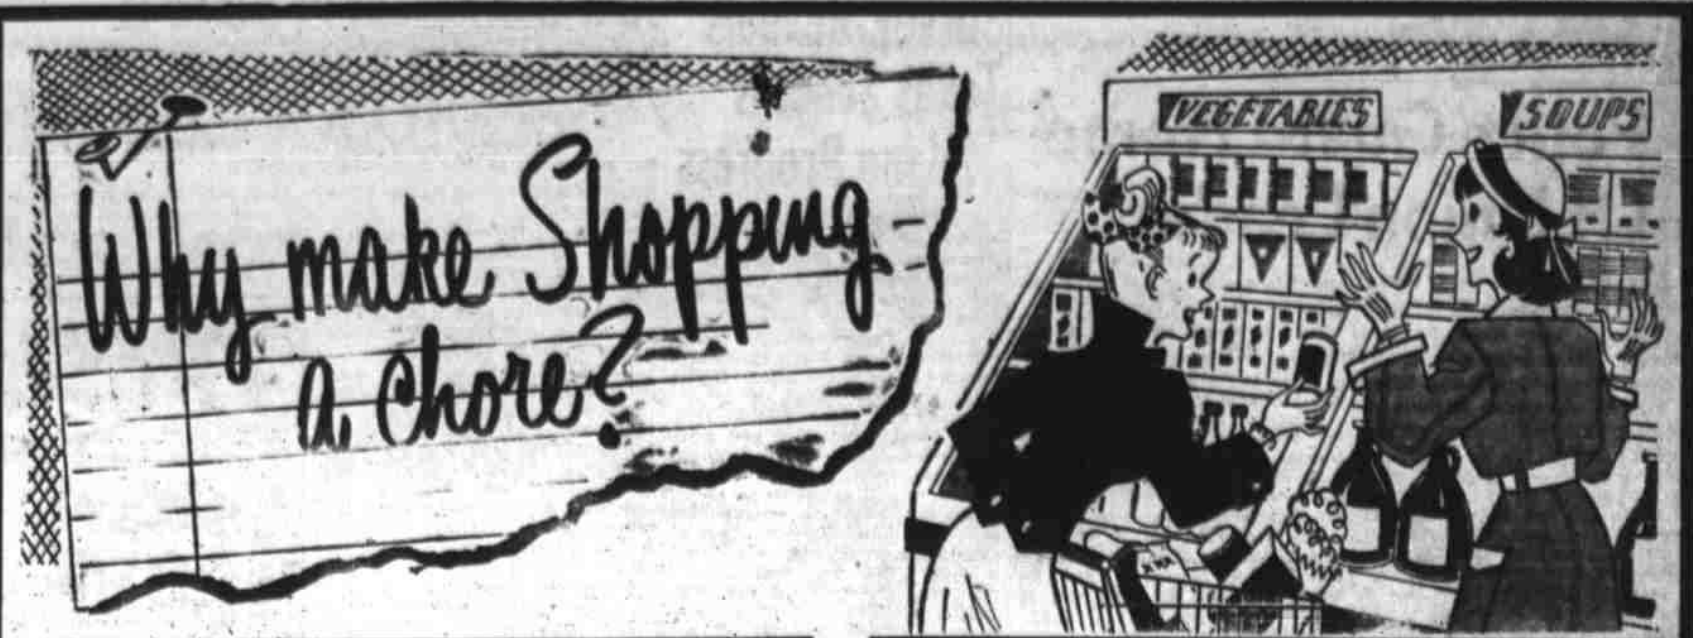

The great depression had begun.

ATTACK ON LIFE FEARED Police Guard Home Of Union Leader

DETROIT, Oct. 27. (AP) — Police, mindful of the attacks on the lives of Walter and Victor Reuther, guarded the home of a third CIO United Auto Workers leader today.

A guard was posted at the residence of Kenneth Bannan, national Ford director for the union, after a prowler was reported seen at his house last night.

Within the last 14 months attempts have been made on the lives of Walter Reuther, UAW president and his brother Victor.

Both the Reuthers were shot at their homes by an assassin who fired a shotgun through a window. Victor was blinded in the right eye. Walter almost lost the use of his left arm.

The shootings have never been solved.

Police, however, appeared inclined to deprecate last night's incident.

They took this view despite the fact that Bannan once was described in an unconfirmed report to police as "next on the list."

Bannan said his son, Kenneth, Jr., 12, and a playmate, Ronald Dickson, 14, told him they saw a "tall, thin" man leave an automobile and look in at a window of the Bannan home.

The boys said that when they came up to him and asked his business, he left, saying he had the wrong address. The boys said he carried a brief case.

Bannan called police.

"I don't know why anyone should be gunning for me," Bannan said. "but I'm not taking any chances."

Police Inspector Joseph Krug said any assailant would not have "given himself away in such a crude way."

Survey Reveals Texas Schools Making Progress

AUSTIN, Oct. 27. (AP) — Long strides for Texas schools during administration of State Supt. L. A. Woods are claimed in a survey report released by Woods yesterday.

The survey was made by Miss Myrtle L. Tanner, director of the education department's division of information and statistics, Woods said.

During the years 1933 to 1949, after Woods took office and prior to the foundation school program this year, increases were claimed by the survey as follows:

Salaries — Superintendents, 130 per cent; administrative personnel, 153 per cent; white classroom teachers, 204 per cent; Negro classroom teachers, 269 per cent.

College training of school personnel — superintendents, 41 per cent; administrative personnel, 54 per cent; white classroom teachers, 103 per cent; Negro classroom teachers, 263 per cent.

Amount invested in school property — white, 77 per cent; Negro, 143.6 per cent.

Cost of transportation — 68 per cent.

Per capita cost — 216 per cent.

State apportionment — 243 per cent.

A 46 per cent decrease in number of common school districts was reported for the period.

Italy's Defense Budget

ROME, Oct. 27. (AP) — Italy's largest postwar military defense budget, amounting to nearly \$500 million, was approved last night by the Italian senate and sent to the chamber of deputies.

Chapin Pays Call

AMSTERDAM, Oct. 27. (AP) — Selden Chapin, new United States ambassador to The Netherlands, presented his credentials today to Queen Juliana.

Franco Winging Home

LISBON, Oct. 27. (AP) — Generalissimo Francisco Franco took off by plane to return to Spain today after a five-day state visit to his Portuguese neighbors.

New Mexico Girl Seeking Heat For School Classroom

WASHINGTON, Oct. 27. (AP) — A New Mexico school girl is appealing to her senator for help in getting her classroom heated so she can "learn something" before she graduates.

The schoolhouse at Mora burned down a year ago, and since then her class has been meeting in an court house, she wrote Sen. Chavez (D-NM).

The letter said:

"We have been dismissed several days this week on account of that we couldn't stand the cold. . . so now while I think about whether or not we will have school tomorrow I thought you could help us since I heard what you have done for the hot lunches.

"I don't mind going home in the morning, but I will finish school this year and I wish I could learn something."

Chavez is in Europe, but his son and executive assistant, Don Chavez, Jr., is taking up the matter with school officials at Mora. He is keeping the student's name out of it.

Bear-Eagle Game On Screen Here

Action pictures of the National Pro league football game between the Chicago Bears and the Philadelphia Eagles will be screened at the Ritz theater here today, Friday and Saturday.

Clifton Patton, former Big Spring player now with Philadelphia, is among those to be seen.

Sonny Barnett Appears In Radio-Movie Parts

Sonny Barnett, grandson of Mrs. Joe Barnett, 410 Nolan, will appear on the Screen Guild program this evening opposite Jane Wyman. He will also be heard over the Joan Davis show Friday evening and will be featured in the movie, "Father Was A Fullback," with Fred MacMurray and Maureen O'Hara. The movie will appear at the Ritz theatre Sunday and Monday.

JUKE-BOX ACCENT IN 'VOICE' IS ACCLAIMED BY OTHER COUNTRIES

NEW YORK, Oct. 27. (AP) — The "Voice of America" got a juke-box accent six months ago — and they're carrying it up in the far away places.

Sometimes the "Voice" is Bing Crosby. Sometimes it's Frank Sinatra. And sometimes its heart belongs to daddy.

Because baby, even if it's a cold war outside, you gotta tell 'em how things are in Glueca-Morra.

Which proves that what's good for East St. Louis will work in Surinam — and there are lots of old cowboys along the Rio Danube.

Anyway, the big State Department international broadcasting service has been pumping out American popular music as an experiment, and it looks like Disc Jockey Martin Block has hit the international jackpot.

At least his fan mail would drive a stamp collector mad.

The "voice" backed into the popular field in a big way six months ago, and Block volunteered his services. A weekly half-hour program was beamed to Europe, the Far East, and Latin America. It's called International Make Believe Ballroom.

Block runs his program in strict disc jockey style, with lots of gag and chatter about musicians. But the commercials — this is Uncle

Sam's sustaining program. Before long Block was getting more fan mail than any other "voice" program — and some of the writers were real gene guys and gals.

There was the girl in Asam who wanted "Buttons and Bows" and the young German who asked for the "Two O'Clock Jump."

A Catholic priest from Panama wrote that Bing's voice seems up to par, and Madeline from Mar-

tinique wants someone to write music for her lyrics.

The "voice" doesn't report any letters from behind the Iron Curtain — where the Russians have been holding some airway jam sessions of their own.

But Block isn't worried. It'll take more than jamming to comb that man right out of their hair.

Sausage, meat balls and chops are attractive when they are placed on a mound of rice.

Coahoma, Seagraves Meet This Evening

COAHOMA, Oct. 27.—The Seagraves Rams, led by fleet backfield ace Roy Dale, invade Bulldog field tonight for an inter-district clash with the Coahoma eleven.

The Bulldogs, slowly recovering from a rash of injuries to several starters, are anticipating plenty of competition from the Rams. Though only medium in weight, Seagraves boasts a seasoned lineup with nine of the starters being experienced seniors.

Dale, 165-pounder with quite a reputation for open field running, is expected to spark the Ram attack. Judging from comparative scores, Seagraves hold a slight advantage over the Bulldogs. The Rams defeated the Big B team, 7-0, while the Coahoma squad dropped a close contest to the same eleven, 6-0.

Coahoma should be returning to the peak at which it defeated a strong Abilene B team several weeks ago, but Jack Wolf, 220-pound fullback, has been permanently side-lined with a broken leg.

Bobby Cathey, halfback, still favors injuries sustained in last week's clash with a tough Hermleigh team, while Maurice Stockton and Gary Hoover are recovering from old injuries. R. J. Echols, quarterback, who has been bruised eye, is expected to return to the Bulldog lineup for the Ram tilt.

Edwin Dickson, end, who missed the Hermleigh game, is still ailing and will probably see little if any action against Seagraves.

Jimmy Knight, 135-pound fullback replacement for the giant Wolf, has been running with both power and deception in practice sessions during the past week, Coach Ed Robertson said. He will probably start against the Rams tonight.

Other probable starters for the contest are Paul Sheedy, right end; Gary Hoover, left end; Jimmy Minchew, right tackle; Max Thomas, left tackle; Bill Bennett, right guard; Elton DeVaney or Maurice Stockton, left guard; Rodney Cramer, center; R. T. Echols, quarterback; Wendell Shive and Bobby Cathey, halves; and Knight.

BAYLOR'S PASS CATCHER—Fireman J. D. Ison (above), 6' 3" and, is one half of the hottest passing combination in Southwestern Conference football these days. Fireman Ison—he got the name from working on a railroad in his home state Kentucky—has caught 24 out of 27 passes tossed his way by quarterback Adrian Burk for 260 yards this season. He has scored three touchdowns, Saturday he will match pass-catching with Texas Christian's lanky wingman, Morris Bailey, who has caught 28 passes for 412 yards. (AP Wirephoto)

Yearlings Score Early To Take 13-7 Decision From Loraine

The Big Spring Junior high school Yearlings fought off a late Loraine rally to win a 13-7 decision in a game played here Wednesday evening.

Billy Martin traveled 75 yards for the initial Yearling score, just

beating a Loraine back to the promised land. The Big Spring youth followed his interference smartly until he hit the sideline, then went out on his own.

His blockers proffered him a shield again around the 20 but one of the enemy backs slipped through and felled him just as he crossed the double stripes.

Clyde Hurst added the point on a run around end, then scored the second touchdown on a 24-yard sprint in the second period.

Lorraine tallied late in the fourth period when Richard Blair powered his way over from inside the five yard stripe and Raymond Turnbow added the extra point.

Less than a minute of play remained and the Yearlings all of whom are in the eighth grade or lower, held onto the ball until time ran out.

Lorraine threatened early in the game when Turnbow reversed his field and almost got away but he was bowled over around the Yearling 20 and the visitors found they could not penetrate the locals' line.

Score by periods:
BIG SPRING 7 6 0 0-13
LORLAINE 0 0 0 7-7

Starting lineups:
BIG SPRING—Medlin and Mayhew, ends; Porter and Dabney tackles; Mason and Thompson, guards; Pachall, center; Blalack, Hurst, Martin and Bishop, backs.
LORLAINE—Willis and Chelsey, ends; Clifton and Harris, tackles; Hildebrand and Landers, guards; Lamberr, center; Ha' Blair, Turnbow and Johnson, backs.

Troubles Arrive For SMU Ponies

DALLAS, Oct. 27. (AP)—Southern Methodist's football luck ran out—all at once.

For two years the Methodists were free of injuries to key men. Then Doak Walker, All-American quarterback, went to a hospital with the flu.

The Mustangs carried on and won from Kentucky in an upset. Then the rains came. Frank Payne, who stepped in for Walker, broke a finger.

Fullback Dick McKissack bruised a foot. Halfback Kyle Rote got a sprained wrist.

These three jolts came this week. All are expected to be ready to play Saturday against Texas but whether any man go at top speed is problematical.

Forsan Baseball Team To Get Cup

The Tri-County League Sportsmanship award will be presented Wes Robertson and his Forsan baseball club at a banquet at the Forsan school cafeteria set for 7 p. m. today.

Robertson and the baseballers will be special guests at the dinner along with officers of the Tri-County league, including President Jack Lamb, Vice-President Johnnie Walker and Secretary Johnny Dibrell.

The event is being staged by the Forsan Service club.

LOOKING 'EM OVER

With Tommy Hart

Ray McCullough, the football referee who bore the brunt of Kentucky Coach Paul Bryant's verbal lashings following the Wildcats' game with Southern Methodist last week, was one of the lecturers at Clarence Fox's Coaching school here a couple of years ago.

Ray is considered one of the most capable arbiters in the great Southwest, is always in demand as an official. He's to work two more games for SMU, the Nov. 5 clash with Texas A & M in College Station and the Dec. 3 engagement with Notre Dame.

In addition, he's been lined up to call the Rice-A&M clash in Houston, the William & Mary-Arkansas encounter at Little Rock Nov. 19, the Texas A&M setto in College Station Nov. 24 and the Rice-Baylor go at Houston two days later.

Coaches should temper their attacks on officials. If not stop them altogether. The work of the arbiters may not measure up to expectations but they usually give their all, and what more could you ask of anyone?

In a few years, the sports arbiter may become as extinct as the dodo bird unless the schools act to help his lot.

BAIRD HIGH IN PRAISE OF MCMURRY SOPH

Ray Baird, the Big Spring Junior high mentor who watched the McMurry-ACC struggle in Abilene Saturday, says Bobby Johnson, McMurry sophomore, is one of the best collegiate backs he's seen in a long, long while.

Baird compares Johnson favorably with Brad Rowland, the great Indian back who is a good bet to rate the Little All-American club.

Not many people know it but El Paso has a fourth high school now fielding teams in the Texas interscholastic league's athletic program. It is Thomas Jefferson high, which began its football history with a 13-7 victory over Anthony, N. M., last Sept. 23.

Local followers of Texas Christian university football teams may be wondering what happened to Gilbert Bartosh, a crack grid prospect who played freshman ball at the Fort Worth school last year.

Coach Dutch Meyer has Bartosh on his squad but hasn't played him yet, may get him to delay his varsity debut a year so that his eligibility can extend through the 1952 season.

NOT ALL SANDIES SOLD ON WESTERNERS

Amarillo high school suffered a rough-awful licking at the hands of the Lubbock Westerner football team last weekend but not all the Sandies thought Pat Patton's gang will have an easy romp with Odessa in their all-important District 3AA game Nov. 11.

As a matter of fact, several of them foresee an Odessa win if the Bronchos enter the game determined to win.

One of that school of thought is Jack Newby, a seagational Amarillo back, who stated:

"If Odessa is steamed up, the Bronchos might beat Lubbock. But if they play an 'average' game, Lubbock should win."

Doc Williams, a Sandie guard, said he thought the Odessa line hit harder.

SAN FRANCISCO FLASH IS FROM TEXAS

Ollie Matson, the University of San Francisco backfield ace termed by many observers the hottest prospect in years in that sector, is a native of Texas. He was born in Trinity, Tex., didn't go to California until 1945.

Matson has turned in touchdown runs of 92, 39, 60, 14 and 80 yards in games for the Dons this season.

Chandler Orders That Bill Southworth Be Given Full Share In Series Money

VERSAILES, Ky., Oct. 27. (AP)—There's one assist-baseball statisticians won't record this season. It came from Commissioner A. B. Chandler.

The boost was a financial one for Manager Billy Southworth of the Boston Braves.

The commissioner announced at his home here he had directed that Southworth receive a full share of the World Series money earned by the fourth-finishing Boston club.

Southworth, the commissioner said, was voted only a half share by the Boston players. A full share was worth \$31,000 for the Braves.

"Havely do we find an injustice," said Chandler, "but if we do we correct." He explained there had been other such cases previously.

Clubs in each league finishing

Texas Elevens Maintain Edge Sectionally

By The Associated Press

Intersectional play for Texas high school football teams has about run its course for the season and this state again is on the winning side of the ledger.

To date 19 teams from other states have been played with Texas winning 12 games and the intersectional foes taking seven.

Only Oklahoma has bested Texas, winning two and losing one. Arizona has won two and lost two. Louisiana has been unable to count at all, dropping two games, while New Mexico has tried seven games and won only two.

Three Mexico teams have been played with two victories against one loss.

This week Texas has the opportunity to draw even with Oklahoma. Berger plays Elk City, Okla., at Forger Field's night. It is the only intersectional game on the schedule for the week.

Mostly, this week concerns conference games as the directors of the City Conference and Class AA start moving toward crowning champions.

In class AA Childress plays Vernon in District 2, a clash of unbeaten teams in conference play. Denison engages Paris at Paris in District 7, another battle of undefeated teams. Corpus Christi goes to Kerrville in District 14, of the top title contenders.

Walker May Get In Texas Game, Matty Bell Says

By WILBUR MARTIN
Associated Press Staff

Gridders To Race Against Horses At Carnival In Forsan Saturday

Horse will be pitted against man in a special race to be run as a feature of the P-TA Halloween carnival at Forsan Saturday.

Wayne Huestis and Bob Creelman jet-propelled members of the Forsan high school football team.

will be matched in sprints with horses owned by Walter Gressett and Rip Bailey on a track laid out on the old Continental baseball diamond.

The participants will dash 50 yards, reverse their field and come back to the original point.

There, of course, is much speculation in Forsan as to the winner. Man ordinarily is no match for a horse on a straight-away race but he does get away more quickly than a steed and can make a turn faster.

Admission prices have been pegged at 25 and ten cents for the race. The event is booked for 5 p. m.

The remainder of the carnival will take place at the Forsan school grounds from the event will be used to further P-TA projects.

Odds Are Small On Horse Race

BALTIMORE, Oct. 27. (AP)—You pay your money and take your choice, but it won't make much difference financially either way in tomorrow's Pimlico Special.

The odds on both Coaltown and Capot are going to be small.

They'll start off officially at 3 to 5 (you put up five to get back eight) on Coaltown and even money on Capot. That will be the morning line according to Sam Keller, Pimlico's prize-maker.

After that, the winning payoff will be determined by the bettors, and they aren't expected to change it much. There's strong sentiment for both colts on the eve of the 15th renewal of the Special.

While the odds may be small, there is a big stake in the race—even bigger than the purse of \$15,000 to the winner. It's the "horse of the year" title.

Calumet voluntarily put the title on the line by agreeing to run Coaltown alone and keep Ponder out of the special. Both were eligible, but Greentree Trainer John Gaver said he wouldn't start Capot against the Calumet pair.

Coaltown had "horse of the year" honors sewed up, but if Capot beats him tomorrow it's not going to be so certain. Particularly since Capot whipped Coaltown Oct. 5 in the Synony Milk.

If he does it twice in a row Capot probably will knock off two 1940 titles at one swoop. So far he's been vying with Ponder for designation as the best three-year-old and undoubtedly will take that honor also by beating the four-year-old Coaltown.

Two Soldiers Caught By Texas Rangers

JASPER, Oct. 27. (AP)—Two fugitive soldiers were held in jail after they were caught in a wooded area by Texas Rangers, highway patrolmen and six county sheriffs.

Sheriff R. C. Pace of Jasper said the men were wanted for theft of a pickup truck in Houston, three burglary counts here, and four burglary counts in Polk County.

He said they were armed with two guns when captured yesterday afternoon.

Doak Walker may play briefly for Southern Methodist University Saturday, but only on offense.

This was the word yesterday from Coach Matty Bell, who also revealed the top substitute for his All-America quarterback won't see action against Texas.

Bell said Frank Payne's broken finger will keep him on the bench. He worked a backfield yesterday that included John Clampton and Rusty Russell Jr. in the quarterback position.

Walker, hospitalized with the flu for several days, was released yesterday.

With the "Donbos" in the lineup, even briefly, the Mustangs' chance of beating the Longhorns look brighter.

Despite its 20-7 victory over Kentucky and Texas' 15-17 loss to Rice, the Longhorns will probably be the favorite Saturday.

Texas Coach Blair Cherry had his team work on past patterns yesterday, indicating the Longhorns will try the overhead route to beat SMU.

Most of the other members of the Southwest Conference polished all phases of their attacks. They'll start tapering off for this week's games today.

Rice, the current favorite to top the conference crown, has three players on the doubtful list for the Texas Tech game. Center Gerald Weatherly, Guard S. J. Roberts and Back Van Ballard are the ailing Owls.

Bob Woodruff, Baylor's usually jolly coach, sang a mournful tune yesterday.

"I don't see how we can possibly stop them," he said of Texas Christian University. "We don't have enough time to prepare for their single and double wing formations."

All of the Bears' opponents this season have used the "T" formation. Baylor has licked every one of them. The players will be in top physical shape for their first encounter this year against a team that does not use the "T."

No. 1 TXL Shut Down At 9,920-Foot Depth

Shell No. 1 TXL, north-central Glasscock county deep exploration was shut down for orders Thursday at 9,920 feet in dolomite and lime.

Located 2 1/2 miles northeast of the one-well Garden City pool producing from the Mississippian, Shell No. 1 TXL had shows in the Mississippian, probably too light for production, and missed in the Ellenburger top. It is 918 feet from the north and 660 feet from the east

Tito To Resist Domination By Soviet Russia

BELGRADE, Oct. 27. (AP)— Marshal Tito last night promised to "fight enduringly" against Russian attempts to dominate Yugoslavia.

"We know," said Tito, "that in this struggle we are fighting for a great, just cause that will have tremendous historical significance for the future and that this is the true, correct relationship among the Socialist states."

Tito sounded this serious note after a day in which a Moscow newspaper accused him of lavishing diamonds on an "American spy," named as the Yugoslav-born Metropolitan Opera soprano Zinka Kunc Mihonov.

Stray Calves Upset Life Of Farm Woman

CHAMPAIGN, Ill., Oct. 27. (AP)— Six stray calves have upset the serene farm life of Mrs. Nelson Dinkie.

Undergoes Surgery

Joe Blum, manager of Shaw's Jewelry, was resting as well as could be expected Thursday following surgery. He had entered the Big Spring hospital for surgery to correct a venal condition. An emergency appendectomy became necessary at the same time.

Pump Demand In Area Reported To Be Increasing

Demand for pumps is on the increase in this area, and O. L. Williams, Johnston dealer for more than a score of West Texas counties, is anticipating many installations.

At the present time, emphasis has been on the jet type pumps for tank and pressure systems. Receipt of a supply of galvanized pipe has opened this field.

With the crop out of the way, Williams anticipates further expansion in the larger turbine type pumps delivering 2,000 gallons per minute. Already he has more than 30 of these bigger units in operation along the expanding irrigation belts notable in Martin county.

These have the impeller at the bottom, boosting great volumes of water to the surface. Most are powered by gasoline engines, although gas, butane and electric units are available depending on the wishes of the producer.

Williams has been in the water well business for the past seven years. He specializes in turn-key contracts, sub-letting drilling, testing output of the well and prescribing units accordingly. With power units installed, the job is turned over to the customer ready to use.

Cable Hereford Farms Sale Will Be Held Dec. 1

Date for the I. B. Cauble Hereford Farms sale has been set for Dec. 1.

Rexie Cauble, associated with his late father for five years in Hereford breeding, said that more than 50 head of fine registered dams and bulls would be entered.

There will be 25 cows, 15 yearling heifers, 12 fall bull calves, and one herd sire, Young Mischief, by the great President Mischief. This sire was on display briefly during the recent Howard County Fair.

Catalogue on the sale is due to go to press soon. West Texas Livestock Auction company's plant northwest of the city will be the scene of the sale, starting at 1 p. m.

Admiral Succumbs

BIGGLESWADE Eng., Oct. 27. (AP)— Adm. Sir Lionel Halsey, 77, chief of staff for the Prince of Wales' world travels—just after World War One, died here yesterday.

Undergoes Surgery

Joe Blum, manager of Shaw's Jewelry, was resting as well as could be expected Thursday following surgery. He had entered the Big Spring hospital for surgery to correct a venal condition. An emergency appendectomy became necessary at the same time.

Ford Pension Plan Okayed

DETROIT, Oct. 27. (AP)—The automobile industry marked another milestone in its labor relations history today.

Ford's \$100-a-month pension plan, first in the industry, was approved.

Applying to Ford's 115,000 production workers the plan was accepted in a vote by the Ford rank and file membership of the CIO United Auto Workers.

Unofficially estimated to cost \$30 million a year, the plan will be paid for entirely by the company.

It is the major part of a 30-cent an hour package and in general follows the recommendations of President Truman's fact-finding commission in the steel dispute.

For the time being at least its approval assured peace in the auto industry.

Pensions have been the UAW-CIO's No. 1 objective in its 1949 bargaining drive. A wage increase was sidetracked at Ford in favor of pensions.

Late last night the union announced "overwhelming" approval from the rank and file.

This was based to large degree on the vote at Ford's big Rouge plant. Previously, however, the vote in others of Ford's 50 factories was said to be running heavily in favor of acceptance.

Rouge's key vote was announced as 32,392 in favor as against 7,130 opposed.

The Ford plan provides that a worker who retires at age 65 after 30 years' services will be paid \$100 a month, inclusive of social security benefits.

Retirement at 65 is voluntary. At 68 it is compulsory.

Under the new approved new contract with the UAW, the company will contribute 8 3/4 cents an hour to the pension plan. The worker pays nothing.

The company will apply the remainder of the 30 cents package to health and welfare benefits, the so-called fringe terms of the contract.

There is no wage increase. The auto workers' average pay is about \$1.65 an hour.

84 Firms, Corporations Charged With Conspiracy On Loan Rates

SAN ANTONIO, Oct. 27. (AP)—No trial date has been set in the government's charge that 84 firms and corporations conspired to set small loan rates.

The charge against the firms in 23 states, mostly in the South, Southwest and West, was filed in U. S. district court yesterday. Asst. U. S. Atty. Gen. Herbert A. Bergson filed the bill of particulars.

The government accused the firms and corporations of conspiring to fix interest rates and charges on small loans at an average of about 80 per cent.

A federal grand jury here in 1944 returned indictments against 115 defendants. They were charged with conspiracy to violate the Sherman Anti-Trust Act by agreeing to fix interest rates on small loans.

In August 1948, the court granted a severance to each defendant and reduced the number to 84. At the same time it asked the government to file a bill of particulars.

The file submitted by Bergson involves Jerome Rufus Dewitt King and John M. Ogden, who with others are co-owners of two large chains — the United Operative Co. of Atlanta and the Triangle Security Trust of Nashville.

China Nationalists Claim Big Victory

CHUNGKING, Oct. 27. (AP)—Chinese Nationalists today trumpeted news of their biggest military victory since the Communists crossed the Yangtze in April.

They said government forces had wiped out fully 20,000 Red invaders of Chimen Island northeast of Communist won Army on the south central coast. And 4,000 others were taken prisoner, including Gen. Chu Shaoching.

Neutral sources who have heard sweeping Nationalist claims before, granted that some sort of victory had occurred, although possibly not on the scale portrayed.

Chimen is important as a useful jumping off base for any Communist attempt to storm the Nationalist island fortress of Formosa, about 120 miles to the east.

Mystery Flame In Sky Reported By New Yorkers

BUFFALO, N. Y., Oct. 27. (AP)—A mysterious "something," which gave off a bright light, shot through the sky tonight, numerous observers reported. Descriptions varied widely.

Deputy Sheriff Charles Trold said he saw "a big spot of blue."

"It turned white like the sun," he said "It lasted long enough for me to have a good look. It was so big it lit up a whole park and the street I was on was bright as day."

David E. Lewis, an amateur sky gazer, said he saw "a green ball of fire shooting through the sky he said, and traveling from east to west."

Mrs. Elizabeth Webster said she was chatting with a neighbor in her back yard when she saw what looked like "an immense skyrocket" to her.

Two guards at the Bell Aircraft Corp. plant near Niagara Falls, Leo V. Moynihan and Charles W. Hoagland, said they sighted what appeared to them to be a blue flame "falling out of the sky."

A Bell spokesman said one of the firm's engineers reported seeing what looked like "a blue wing tip of an airplane, but that it was traveling too fast through the sky to have been attached to a plane."

The Buffalo Courier-Express quoted a Bell official as saying "some tests" were under way at the plant last night.

George Davis, Buffalo science museum astronomer, said "it" might have been meteors.

Wartime German Commander To Be Released By Reds

BADEN-BADEN, Germany, Oct. 27. (AP)—Field Marshal Friedrich Von Paulus, wartime German commander, will be released from a Russian prison camp within two months, his family said yesterday.

Mrs. Olga Von Kutzenbach, the marshal's widowed daughter, said a postcard mailed from a camp near Moscow, brought the news that Von Paulus would be home "by the end of December." The marshal wrote that many of his fellow prisoners also were leaving the camp.

Von Paulus, who surrendered the remnants of a German army of 330,000 men at Stalingrad, included a written denial of rumors he was training a "free German army" of Red German prisoners who would ally themselves with Russia.

After his capture, Von Paulus criticized Hitler in broadcasts from Russia.

Iron Lung Fund Hits \$939.31 Mark

Three additional contributions raised the VFW Iron Lung Fund total to \$939.31 Thursday.

Included were Wilbanks Bros Drilling Co. \$25, S. M. Winham \$10 and an anonymous gift of \$2.

Proceeds from the fund will be used to purchase a second public service respirator. Jaycees are sponsoring with the VFW. Checks, payable to VFW Iron Lung Fund, may be left with the Herald.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION For Coughs, Chest Colds, Bronchitis, etc.

Harrison Receives Cadet Commission

In high school he was a member of the National Honor Society, Nu Sigma and the Hi-Y club.

Course Completed By Pvt. Stevenson

Pvt. Billie D. Stevenson, son of Mr. and Mrs. William E. Rayburn, 2004 Scurry Street, was graduated from the surgical technician procedure course just concluded at Medical Field Service School.

One of the units composing Brooke Army Medical Center at Fort Sam Houston, Texas, the Medical Field Service Schools trains both officers and enlisted personnel for medical service in the Army.

'Peeping Toms' Still Ogle Godiva

COVENTRY, Eng., Oct. 27. (AP)—The've had to put a fence around Lady Godiva's statue. It's to keep the peeping toms away.

A statue showing the lady clad only in her tresses and sitting side saddle on a horse, was unveiled last Saturday by Mrs. Lewis Douglas, wife of the U. S. ambassador.

Almost at once crowds wanting a closer look began trampling over the surrounding turf. City officials put up a three foot high barricade yesterday to save the grass.

Godiva rode forth in the nude, legend says, some 900 years ago to shame her husband, the lord of the town, into giving tax relief to the people. The townspeople went indoors to let the lady pass unseen. But one man looked and was struck blind. His errand ways gave birth to the term peeping tom.
