TYLER PACES TEXAS OPEN

SAN ANTONIO—(AP)—Ed Tyler of Houston paced the Texas Golf Association's senior championship tournament into semi-final play today, ousting Ross Frank of Dallas, 4 and 3, yesterday.

Tyler, playing from the River Oaks Country Club, won medalist honors in the 11th annual State Tournament.

Willie Hunt, 1943 champion, downed Col. Ed D. Irons of Fort Worth, 3 and 2, to move into the semi-finals, while C. T. Garth of

Out-manned and out-charged by the Vernon Lions last week, the Pampa Harvesters will face a still more potent grid foe in the Wichita Falls Coyotes, in Wichita Falls tonight. The Coyotes, coached by Joe Guiding and Hunter Kirkpatrick, have been ranked by state sports writers as the number two team in the State Interscholastic League. They are ranked second only to the Odessa Broncos, 1946 defending state champions.

With six changes in the starting line-up from those that faced the Vernon Lions last week, and extensive drills throughout the week, the local gridrosters should make a better showing against the power-lined Coyotes.

The Harvesters will line up against a team that will be fielding 10 out of 11 lettermen from last year's Coyote team. The one exception will be in the backfield, where Jim Bosworth will be running in the place of Jimmie Lawrence, who is on the injured list. Five of the starters, Alfred, end; Hill, tackle; Clark, guard; Jones and Woods, backs, were regulars on last year's team. Art Bert Clark, made District 2A, all-district eleven, and Barlow Hill and Dub Jones made the all-district second team.

Minus the services of quarterback Charlie Laffoon, the Harvesters left Pampa this morning ready to meet the heavier foe. The locals average 167 points, while the Coyotes average 172. On the line the Harvesters average 176, the Harvesters 172. And in the backfield the hosts have the biggest weight advantages, they average 168 in the backfield while the Green and Gold runners average 159.

Turning in Laffoon's spot as the main under in Coach Tipp's offensive T will be Lamar Lively, a 165-pound substitute quarterback, who has one year left of eligibility. Jimmy Wilson, who saw little service against Vernon last week, in his first appearance in a Harvesters game will more than likely see more action than he did last year. However, Coach Tipp has announced that Alfred and Williams will be starting in the backfield positions. Carl "Red" Maves, who has scored 41 points for the locals this fall this season from the backfield slot has been shifted to fullback.

Babe Ussel—Loses First in 19 Starts

FORT WORTH—(AP)—The armor of invincibility that had been built up by Babe Didrikson Zaharias through one of the most amazing careers of sport was cracked slightly at the seams today—and a 106-pound Dallas matron, Mrs. Betty Nims White, was the reason.

The great champion athlete, American and British champion and victor in 19 straight tournaments, met defeat in the quarter-finals of the Texas women's open yesterday.

Mrs. White sank a six-foot putt on the 18th green for one of the greatest upsets in golf history.

A heavy cold bothered Mrs. Zaharias.

"I'm glad it's over. I didn't want to play tomorrow," Mrs. Zaharias said huskily after congratulating Mrs. White.

Complaining of a cold and playing with a temperature she said was 101 degrees, Mrs. Zaharias declared, "I should have defaulted. You can't play your best when you're feeling like that. I ached and felt sore all over."

"Now," she said, "I'm going to bed for couple of days and get over this cold."

Mrs. White took the advantage on the first hole when a penalty cost Mrs. Zaharias a stroke. She clung to a slender lead most of the match.

Tears streamed down Mrs. Zaharias' cheeks as she watched Mrs. White fire her six-foot putt on the final green to clinch victory. She was competing for her third open title and was making her initial appearance as a professional in her native state.

Mrs. White will meet Carol Dinger, Tiffin, O., in semi-final play today. Miss Dinger defeated Polly Riley, Fort Worth, one up.

The other semi-final match pits Betty Jamson, San Angelo, Tex.,

Classen Picks Army Over Illinois Eleven

By HAROLD CLAASEN

NEW YORK—(AP)—Army's unbeaten string will have to stop sometime but it will carry on through tomorrow when the Cadets meet Illinois in Yankee Stadium before some 71,000 spectators—at least that is the opinion of this forecaster, who last week had 49 winners and nine losers.

Both teams have potent lines with backfields that are above average. Both are regarded primarily as defensive units.

But Army has three things in its favor: First, the game will be played in Yankee Stadium, virtually the Cadets' home field; second, Army remembers that Illinois' got the Rose Bowl bid a year ago when the Cadets believe they deserved it; third, protecting that 30-game unbeaten streak has become a West Point religion.

Other selections:

Southern Calif.—Ohio State; even if you toss out the Buckeyes, surprise loss to Purdue last weekend, the Trojans still would rate the call.

Yale—Columbia; Columbia, in a scoring thriller.

Pittsburgh-Michigan; For the third straight weekend, Pittsburgh will be defeated and Michigan will triumph.

Harvard-Virginia; Harvard teams are the toughest in November—and this is early October, Virginia, Princeton—Rutgers; Princeton makes its third appearance at New Brunswick tomorrow—and will be beaten a third time.

Notre Dame-Purdue; You can't expect Purdue to perform miracles every Saturday, Notre Dame.

Duke-Navy; George Clark will see to it that the midshipmen suffer another defeat, Duke.

California-Wisconsin; Pappy Waldorf at California has a real football team.

Tulane-Rice; The Owls have completed their tour and now settle down to business, Rice.

Mississippi-Vanderbilt; The Commodores haven't seen the likes of the Conery-to-Peale passing combination, Mississippi.

Indiana-Iowa; If the Hawkeyes are to save anything from a sea of defeat, it will be such a high note, this is their chance, Iowa.

Kansas State-Boston College; Another defeat on the Kansas State string, currently the longest reverse streak owned by a major college, Boston College.

Skippping over the rest in a hurry:

FRIDAY

All but Three Major League Teams Have 1948 Managers Set

NEW YORK—(AP)—With the exception of Brooklyn, Cleveland and the St. Louis Browns, the managerial picture in baseball's Major League is set for the 1948 season.

While the World Series monopolized the baseball news during the past week, most of the clubs set their houses in order by either signing new managers or extending the terms of incumbents.

The Washington Senators became the third club to appoint a new manager for 1948 when they signed Joe Kuhel, former star first baseman, to a one-year contract yesterday. Kuhel replaces Ossie Bluege who moved into the front office.

Other changes which took place during the series was Joe McCarthy, former leader of the New York Yankees, linking a two-year document to lead the Boston Red Sox and Billy Meyer to pilot the Pittsburgh Pirates for a similar stretch. McCarthy succeeded Joe Cronin who also moved upstairs while Meyer replaced Billy Herman, whose contract was bought up by the Pirates.

Almost overshadowing the changes in managers by the Pirates and Red Sox was the revelation by the Boston Braves and Chicago Cubs that they had retained Billy Southworth, former leader of the New York Yankees, linking a two-year document to lead the Boston Red Sox and Billy Meyer to pilot the Pittsburgh Pirates for a similar stretch. McCarthy succeeded Joe Cronin who also moved upstairs while Meyer replaced Billy Herman, whose contract was bought up by the Pirates.

Eddie Dyer was rehired for a year by the St. Louis Cardinals while Ben Chapman of the Philadelphia Phillies, Mel Ott of the New York Giants and Johnny Neun of the Cincinnati Reds are working on holdover contracts with O's, tenure not over until 1950. Neun and Chapman terminate their contracts at the end of the 1948 season.

Bucky Harris of the world champion Yankees also is working on a holdover contract as are Ted Lyons of the Chicago White Sox and Muddy Ruel of the Browns.

Perryton B Squad Downs Gorillas 19-7

The Pampa Gorillas dropped their second game of the season yesterday afternoon, when they were defeated by a more experienced Perryton "B" team 19-7 in Perryton.

The accurate passing of Perryton quarterback Tommy Pletcher to left half back Dean Slaughter was the main punch in the Perryton attack. For Pampa, the locals were without doubt against their toughest foe this far in the season. The Gorillas played an excellent game but they were no match for the highly touted Rangers.

Substitute quarterback, Michael Rowe, although playing only a small part of the game, was the highlight in the Gorilla ground game. Rowe was mostly responsible for the only Gorilla tally, as he blasted the line for 46 yards, being stopped only inches away from pay-

dirt. Richardson scored on the next play and Hindley went over for the extra point.

The Rangers scored in the first few minutes of play when the pass combination of Pletcher-to-Slaughter netted 36 yards and the line counter. Slaughter converted to give Perryton a 7 point lead. The Gorilla line then settled down to work and allowed the Rangers exactly nothing for the remainder of the first period as the half ended with score still 7-0.

The third quarter brought the Gorilla score and the game took on the atmosphere of being a close one, but the Rangers soon let the visitors know that they were far from through with their scoring.

Pletcher-to-Slaughter again paid off and the home-owners soon racked up another score with the extra point being blocked.

Leading 13-7 the Perryton boys were not satisfied with their 6 point lead with Pletcher, this time, being the scorer as he cracked the line from the Pampa 6 yard line for the final score as the game ended, leading the score 19-7 in Perryton's favor.

The Gorilla line, usually made up of Taylor, English, Bohannon, Runyon, Smith, Roche and Allison, completely outcharged and outguffed the Perryton boys and limited them to only 8 first downs while collecting 7 themselves. Unyielding relief was offered these boys by Tennant, McPherson and Boswell, who also played an excellent game. In the backfield, Richardson and Gillis alternated at the fullback slot while Cooper, Hinkley, Robbins and Rowe kept the running attack going. The Gorillas failed to complete a forward pass and had one touchdown called back when Hinkley skirted end for 27 yards and a counter, but the Gorillas were off-side on the play.

RICHARDS TO MANAGE ALL-STAR

DALLAS—(AP)—Paul (Sleepy) Richards, former Detroit Tiger catcher, will manage the Texas All-Stars in a game against Bob Felley's Major League All-Stars here Sunday night.

Richards managed the Buffalo club which went to the finals of the International League play-off this year.

And yet men wait

They had just brought the last dead man up from the mine. Clutching in his hand was a crumpled piece of paper. It was a message from the dying to the living.

"Be sure to have the baby baptized—and go to church!" That was all there was time to say. But in the face of death nothing seemed more important.

Why is it that people will wait until death to say the things they know they should say—and to do the things they know they should do?

The whole creation shouts: there is a God! Every human heart attests: all men are sinners. Every human conscience warns: there will be a judgment! And yet men wait.

Now is the time to prepare for death. "Repent and believe the Gospel!" "Believe on the Lord Jesus Christ, and thou shalt be saved." "He that believeth on the Son hath everlasting life."

Local Church Taking Part in Observance

On October 12 the Church of the Nazarene located at 500 N. West St., will join in a denominational-wide observance as a Renewal of Covenant Sunday. The following day, October 13, marks the beginning of the 40th year for the Church of the Nazarene as an organized Protestant denomination.

It was October 13, 1908, at Pilot Point, Texas, that a small group of ministers and laymen met to consummate the union of several groups of people from the East, the West, and the South sections of the United States. Leading the movement was Dr. Phineas F. Bresee, then pastor of the First Church of the Nazarene in Los Angeles, and who was one of the three general superintendents elected at this gathering to head the church.

From this small group numbering only 10,000 members scattered in 228 churches, the Church of the Nazarene begins its 40th year with nearly 750,000 established churches in the United States, Canada, and the British Isles, and well over 200,000 members. The denomination is operating mission stations in twenty-five foreign areas, approximately 200 missionaries and 1,000 native workers.

Mrs. La Roe will address the women of the Presbyteries at 4:30 p.m., and her husband will be in the pulpit at the First Presbyterian Church, Amarillo, in the evening. He will also appear in the pulpit at 10:50 a.m. A buffet supper will be served at 6:30 p.m.

The moderate membership of the General Assembly is the highest honorary office in the Presbyterian Church in the nation. The moderator has great prestige and power in the church.

Dr. Douglas Nelson, pastor of the Pampa church, said there will be a nursery for young children at both the morning and the evening services at the Amarillo church for those parents who wish to attend.

SUNDAY SCHOOL LESSON

CHRIST, THE MINISTER OF BETTER THINGS
Scripture: Hebrews 4:14-16; 7:26-27; 9:23-28; 10:11-14
BY WILLIAM W. GILROY, D.D.
The topic of this lesson for young people and adults is "The sufficient Christ" and that phrase accurately characterizes both the letter and spirit of the Epistle to the Hebrews. The Epistle to the Hebrews has a deep sense of the spiritual heritage of Israel. "God," he writes, "at sundry times and in divers manners, spake in times past unto the father by the prophets." In those last days, he records the story of the men and women of faith in a way that makes a lover of Jesus and of His workman could have done. He is convinced of God's promise and of His power to fulfill it.

This Is Happy

By PEGGY DERN
© by Peggy Dern. Distributed by NEA SERVICE, INC.

THE STORY: Happy Brandon has just gotten a job as secretary to Steve Landers, hard-bitten war correspondent and prophet of doom. Steve prefers working in Happy's one-room apartment to his own office. At a cocktail party, Happy meets George Harrell, southern aristocrat and gentleman farmer. Steve warns Landers when Harrell takes Happy to dinner. But Harrell's interest in Happy appears casual until the day he asks if he might bring his mother and sister to meet her. Happy tells Steve she is scared.

BEFORE noon the following morning, a florist's messenger arrived with a huge box filled with white and rose and lavender stocks, and a potted gardenia, white with blossoms, with here and there a small, cone-shaped green-white bird. The card, of course, was George's. Pink-checked and bright-eyed, Happy arranged the stock in a low black bowl for the top of the bookcase; the gardenia went on the table.

A caterer's man brought in tiny sandwiches and beautifully iced cakes, and when Happy was dressed and ready for her tea party, she stood in the doorway and tried to imagine herself a stranger, getting a first glimpse of the room; and she had to admit that it was cheerful and cozy. Promptly at four-thirty the Harrells arrived. George, beaming at Happy in her simple green crepe frock, a matching ribbon in her hair, greeted her warmly. Beside him stood a woman not quite as tall as he, slender and gracious, with a delicately made-up face that gave the lie to her white hair, and a girl perhaps a year younger than Happy, blonde and plump, with a chubby young face.

Mrs. Harrell was pleasant, and Joyce was as gay and friendly as a puppy. When the guests had yielded up their wraps and were seated, Timmy made his entrance, so much on his best behavior that Happy eyed him fondly.

For high priest, inasmuch as He has offered Himself a sacrifice, once for all. An insistent question I think, concerning that there was something incomplete, and a promise unfulfilled. Saints and prophets obtained a good report through faith, but received not the promise; God having provided some better things for us, that they without us should not be made perfect" (Hebrews 11:29-40).

To the Ladies:
A lot of women will tell you that there are more important things in this world than husbands.
A Negro pastor in Texarkana was moved to West Texas. His wife worked as a maid. Naturally, her employer was worried until the maid said:
"No, mam, I ain't with the reverend no more. He wanted me to sell my house and move out there with him, but I told him, no siree. I figured it would be a heap easier to get a new husband here than a new house in West Texas."

"This that's all settled," she said briskly. "Shall we all go down together? Joyce and I are leaving about the first—a few days earlier, if possible. You are going then, George?"
"I'll come down with Happy," he answered cheerfully. "And Timmy," he added.

HAPPY was hard at work retyping the final draft of his book when Steve arrived the next morning.
"How was the pink tea-fight?" he asked politely as he dropped into his favorite chair and stretched his long legs out.
"Oh, Steve, it was grand! They were so nice—"
"Well, why shouldn't they be?" he snorted.

"They have invited me to spend a month at Guale," she said quickly.
"Oh, they have?"
"Would you mind if I went?" Happy asked impulsively.
"I? What have I got to do with it?"
"Well, after all, there is a sort of rumor going around that you are my ooss, that I work for you."

"Not for me, Happy—with me," he snapped at her, and then went on curtly, "When were you planning on going?"
"They want me to spend February with them."
"Oh, if you're going to be away from February on—"
"Only for the month of February."
"You honestly think that once he's got you down there he'll ever let you get away again? Happy, your innocence would make the angels weep."
Happy's cheeks were scarlet, her eyes hot with resentment.
"I was invited to spend February. I'm not the man who came to dinner and stayed two years!" she flashed. "Of course I'll come back."
He nodded. "Well, it's possible, I suppose," he said carelessly. "My agent has been trying to get me to sign up for a lecture tour. I'll tell the bloke he can make it for February."

The Nation Today

By JERRY KORN
WASHINGTON —(AP)—The United States is hoping to supply about half of all the wheat imported by the world's hungry nations this year.
But the government is having a hard time scraping together that much wheat—about 14,000,000 tons, or 570,000,000 bushels. So far it is almost 100,000,000 bushels short of this goal.

And even if it succeeds in exporting that much, the people of those nations will eat between 10 and 20 percent less bread than they did last year. And they didn't eat much then.
This is the picture:
During the war, wheat harvests fell far below normal. Farmers were fighting instead of farming. Many farmhands became battlefields. Little farming equipment was manufactured.
Last year, when the wheat-growing countries were starting to rebuild their agriculture, grain crops were only about 75 percent as large as before the war.
And this year, when they were expected to increase, they were hit by the worst weather in years. As a result, the 1947 European wheat crop was about 18 percent smaller than the 1946 crop.

That meant that countries like the United States, which raise more wheat than they can use, had to make up the difference.
American farmers harvested more wheat this year than ever before in the country's history: about 1,400,000,000 bushels. In addition, there were about 100,000,000 bushels left over from last year.
But that still wasn't enough.
1. About 510,000,000 bushels are needed to feed people in this country.
2. Another 87,000,000 bushels are needed as seed for next year's crop.
3. Although only 180,000,000 bushels of wheat were used to feed livestock last year, this year it has been estimated that the total may reach between 350,000,000 and 400,000,000.
4. Most of the 100,000,000 bushels carried over from last year are scattered over the country. Officials say it would be too expensive and too difficult to collect them.
That leaves less than 500,000,000 bushels of wheat to send overseas.
President Truman wants to increase that amount to about 570,000,000 bushels.

Sixty-Four Herefords Sell for \$20,495 in Four-Day Annual Sale
WACO —(AP)—Sixty-four registered polled Hereford cattle were purchased here last week at a total price of \$20,495, climaxing a four-day annual statewide sale of the Texas Polled Hereford Association.
Average price per head was \$320 with 36 bulls selling for an average of \$280 and 28 cows and heifers drawing an average of \$377 each.
Highest price for a single cow was \$1,000 paid by A. L. Kramer of Dallas for a cow offered by M. E. Fry and Sons of Cisco.
Second highest price of \$900 was paid R. A. Halbert of Sonora by Dr. Meason of Henderson, W. Taylor and Son of Broadview, Canada, paid \$710 for a registered cow for the third highest price.
W. R. Gollhar of Whitney paid the Hill Polled Hereford Ranch of Fairfield \$400 for a cow.
Mitchell Linscott of Huntsville, Ala., paid \$635, the best bull price, for Bo Silver, consigned by High E. White of Killeen.
Henry Fuzzell of Dallas paid \$510 for Domestic Mischief 124th, consigned by Jim and Fay Gill of Coleman.
Other sales included \$780 for two cows and a bull paid by E. W. Acco, Georgia cattle raiser.
Between 1932 and 1945 American railroads abandoned 20,981 miles of main line track.

Will Choose Pathe News Roosters at Oklahoma Poultry Show Dec. 2-8

OKLAHOMA CITY —Designation of the Oklahoma State Poultry Show, to be held here Dec. 2 to 8, as the site of an international contest to choose a rooster suitable for use on the main title of Warner-Pathe News was announced jointly last week by Gov. Roy T. Turner and E. M. Warner, president of Warner Bros. Pictures.
The contest will climax a long and intensive search for a successor to the rooster, which has appeared on the main title of Pathe News in theaters throughout the world for nearly 40 years.
With entry blanks due for distribution through poultry and farm organizations and through Warner Brothers distributors and theatres, entries are expected to run into the thousands, with roosters converging on Oklahoma City from every state in the union and several foreign countries.
Contest finals will be held in Oklahoma City's 6,000-seat Municipal Auditorium on the night of Dec. 8 after the huge field of entries has been trimmed to 12 roosters. The event will be staged with the traditional Hollywood fanfare and showmanship and will be attended by a galaxy of Warner Brothers executives and celebrities from New York and California.
Owners of the first, second and third place winners will receive cash prizes and trophies from Warner Brothers Pictures. The grand champion of the contest will be filmed in color and in black and white as the probable successor to the Pathe rooster.
"We want to find the best rooster in the world, combining standard breeding with photographic qualities and outstanding performance," Harry Warner said. "We want a rooster that can strut and crow."
"During the past summer, our cameramen roved the country trying to find the rooster we want. When one of them was in Oklahoma, Governor Turner was invited to produce an Oklahoma rooster which would meet our requirements. The Governor agreed that our invitation had come during molting season and that Oklahoma roosters were not in full plumage.
"He suggested that we obtain the world's finest rooster by holding this contest and invited us to hold it in Oklahoma. We liked his idea, but we didn't accept his invitation until we were convinced that the Oklahoma show offers the best facilities for our purposes."

Farm Product Market Continues to Rise

AUSTIN —(AP)— Farm products, with only three exceptions, brought continuing higher prices to Texas farmers during the August 15-Sept. 15 period, the United States Department of Agriculture reported today.

Wheat, hogs and butterfat prices increased sharply. Cotton, cowpeas and rice were the only items priced lower than in the previous month.
Significant gains were chalked up by all feed grains, livestock and dairy and poultry products, the USDA said.
A 37-cent advance boosted wheat to an average of \$2.41 per bushel, corn and oats hit all-time highs as 12 and 14 cent advances shoved the price to \$2.09 and \$1.08 per bushel, respectively.
Rice declined 27 cents from the prior month average of \$2.43 per bushel as early varieties reached the market.
Hogs led the upward spiral of meat prices, averaging \$26.30 per 100 pounds for a new record high.
Eighty percent of the world's supply of cork is produced by Spain. Fire Prevention On Farm Stressed
COLLEGE STATION —National observance of Fire Prevention Week has brought out the startling fact that 100 farm fires occur in the United States each day, killing ten farmers.
The Texas A. and M. College Extension Service is cooperating with the National Fire Protection Association and the U. S. Department of Agriculture, in an attempt to cut down this loss of life on farms in Texas, and is urging farm people to guard themselves and their farmsteads against fire.
What are the most dangerous causes of fires?
The careless smoker still is Public Enemy No. 1, on the strength of his smoking in bed and in the barn and discarding lighted cigarettes and matches. The thoughtless housewife ranks second on the list, by continuing to cook papers, magazines, old clothing, broken toys and discarded furniture away in the attic, closets, basement, the barn and other buildings.
Dangerous storage of gasoline and kerosene, and the use of flammable cleaning fluids take a high toll of life and property.
Children playing with matches cause 26,000 fires annually.
Dirty and improperly operating lanterns are a big threat, as well as the dust and cobwebs around motors, appliances and frayed electric cords.
The Extension Service is asking farm people to remember this: that every tenth fire that breaks out on a farm results in a death.
McLean Farmers Fear Weather Damage to Ungathered Cotton
County Agent Ralph Thomas says cotton pullers are still needed in the McLean area. At noon Tuesday 200 bales of cotton had been ginned at McLean. All of this cotton has graded strict middling or better by government cotton classes.
Thomas says farmers are anxious to get the cotton pulled before it is damaged by the weather. He said that a rain on the cotton would

When There's Another War You'll Know It!

Two or three years ago the familiar echo was, "Don't you know there's a war on?"

A variant of that phrase came into vogue here yesterday.

For some inexplicable reason a rumor spread through town in a matter of minutes. On every corner one was greeted with, "Did you hear Russia has declared war?"

Personnel at the Pampa News with calls, even though all were assured such was not the case, that wire services had carried no such information.

C'est le guerre... we hope not.

Republicans Called on To Draft MacArthur

NEW YORK.—(P)—The American people "should demand that the Republican Party nominate General Douglas MacArthur for the presidency," J. E. McDonald, Texas Commissioner of Agriculture, said here yesterday.

"The gravity of the present situation demands the leadership of a man who has fully demonstrated his ability as an outstanding soldier, statesman and leader," McDonald said in a statement.

McDonald, here on business, also said:

"As a native Texan, I'm a Democrat in heart. In this struggle between communism, democracy and Christianity, I'm an American ready to join hands with every other American to defend our American way of life."

"During recent months I have been in many states from New York to California. I have found a strong and growing sentiment that General MacArthur be our next president. In Japan, he has eliminated the communistic threat, brought order, peace and liberty to these people."

The League's resolution last night said the decision to use troops and money to back up Palestine's Arabs was intended to counterbalance what the Arabs called "terrorist organizations and Zionist forces which threaten the security of Palestine Arabs."

It called upon the four states which border directly on Palestine—Egypt, Trans-Jordan, Syria and Lebanon—"to take military precautions on Palestine boundaries."

Bolshevism

Russia alone. They had a vision of communizing the whole world and they appropriately labeled this idea "world revolution."

The next step was obvious. There must be a Bolshevik organization of experts who would act as a general staff for world revolution. So the Third International, or Comintern, was created. Its business was to pick the soft spots for revolution and engineer the upheavals.

The Reds got so bold and troublesome that the United States withheld recognition of the Soviet Union until 1933 when Roosevelt acceded it upon Red pledges to be-

bound from Honolulu, carried 3,028 bodies. In addition to the Pearl Harbor dead, the ship also bore some who died in later battles in China, India and Burma.

In all, nearly 300,000 Americans lost their lives in World War II. Actually the conflict cost more—the figure does not include the missing or those who died as prisoners. The Honda Kato and a transport from Europe, due in New York Oct. 25, are the first of many—for officials say three-fourths of all Americans who died abroad probably will be returned for burial.
