By MIKE SULLIVAN

## What do you think of Nixon's Cambodian edict?

MRS. BILL GRAY, 1807 Chestnut: "I think he did the right thing, but it was no surprise."

MRS. SHIRLEY NICKOLS, 2234 Mary Ellen: "I stand with him. I hope it's for the best."

D. D. WHEAT, 118 West Foster: "The only way to win the war is to use the power that we have."

SHEILA HICKEY, 105 East 27th: "I don't think it will help end the war, just get us more involved in it."

LINDA WILLIAMSON, 2201 Beech: "I think it will only prolong the war."

# New Day Dawns For GOP Senate Hopes

DALLAS (UPI)—When Lloyd Bentsen Jr. of Houston defeated incumbent Sen. Ralph W. Yarborough in the Texas Democratic primary he started a job future Republican senatorial candidates hope they can finish.

The defeat of Yarborough after 13 years in the Senate, was an accomplishment the national Republican party hoped it could pull off—along with the political demise of another dozen liberal U.S. senators.

Bentsen, a Houston millionaire mounted a saturation campaign against Yarborough in

the news media and ran well ahead of the veteran senator.

**Latest Tally**  
The latest results showed Bentsen leading 803,441 votes to 714,692 for Yarborough with all but 24 of Texas' 254 counties reporting complete returns. The officials voting turnout ran below earlier estimates and reached only 1.5 million, far below what Yarborough said he would need to win.

"We had hoped for 2 million, we begged for 1.8 million. That was the minimum with which we could win," Yarborough said. "Widespread crossovers by Re-

publicans in the Democratic primary hurt us badly. We had specific reports from many precincts where very few voted in the Republican primary. The election judges knew them to be Republican but they voted in the Democratic primary."

Yarborough said he would support Bentsen in the coming general election.

**Party The Difference**  
Bentsen said he did not want to get into the issues of the general elections yet, but the main difference between him and U.S. Rep. George Bush, R-

Tex., was that "he's a Republican and I'm a Democrat."

Bush easily defeated Dr. Robert Morris of Plano by a 7-1 margin in the Republican senatorial primary. Paul Eggers of Wichita Falls won the Republican gubernatorial nod over Roger Martin by an even larger margin and will meet incumbent Gov. Preston Smith in the general election.

**Another Upset**  
In another Democratic upset, former state legislator Robert L. Armstrong of Austin defeated Matt Davis of Texas and Hawthorne Phillips of

Land Commissioner Jerry Sadler and another challenger, Fred Williams of Houston, and won the primary race without a runoff.

In other statewide contests in the Democratic primary, Attorney General Crawford Martin made a step toward a third term by defeating District Judge David Brown of Sherman by a 3-1 margin; Railroad Commissioner Ben Ramsey defeated Connie Lawson of Taylor 4-1; James G. Denton of Amarillo defeated Matt Davis of Texas and Hawthorne Phillips of

Austin for the state Supreme Court but must face Phillips in runoff.

**No Challenge**  
Lt. Gov. Ben Barnes and other state office holders were not opposed in their primary races.

Bentsen, a wealthy former congressman from Texas' Lower Rio Grande Valley, saturated the state with his campaign attacking Yarborough's support of the antiwar moratorium, backing Eugene McCarthy for President, voting against G. Harold Carswell for the Supreme Court

and his votes on such issues as school busing and the volunteer prayer amendment.

Yarborough complained he did not have enough money to carry on an effective campaign. "I've got more debts and more notes to sign from this campaign than I've had in all the others," he said.

The senior Senator, who now gives up that title to John G. Tower, R-Tex., won his seat in a special election in 1957. He beat two strong challengers in 1958 and 1964 and was traditionally a labor-minority candidate.

## Political Victors Face Hot Summer

Only 4, 127 of Gray County's 13,790 registered voters turned out to vote in Saturday's primary elections.

Though voting was light, area candidates for several county jobs ran neck-in-neck with each other and will face one another in run-off elections June 6.

Of widest interest locally, was contests for two county commissioner seats.

For Precinct 2 commissioner, Democrats Don Hinton (736 votes) and W. C. Epperson (659 votes) will face each other in a June 6 run off. The run-off winner will face Republican Incumbent Vernon Watkins in the general election in November.

Other Democratic candidates for the Precinct 2 post were Clyde Carruth, 531 votes, and George Thompson, 375 votes.

In another hotly contested race for county commissioner, Precinct 4 Democratic incumbent Truitt Johnson and opponent John Dwyer polled almost the same number of votes in their bid for the Democratic party's nomination for the job.

Dwyer had 143 votes to Johnson's 142. The two will face each other in the run-off. There is no Republican candidate for the post.

Other Precinct 4 candidates were Hershel McCarty, 104 votes; Chester Bohlar, 35 votes; Ted Simmons, 93 votes; Joe Billingsley, II, and H.E. Easton, 32.

Gray County voters cast a total of 3,297 votes for four candidates seeking the post of state senator from the 31st District.

Jack Hazelwood collected 1,578 of the county's votes and will face Max Sherman in the June runoffs. Sherman polled 840 county votes. Both men are Amarillo attorneys.

The runoff winner will face Republican Malouf Abraham in the general election. Sen. Grady Hazelwood of Canyon is vacating the seat.

The total district vote count was 16,229 for Hazelwood and 13,548 for Sherman.

Other candidates for the post were Walter Knapp, 6,451 votes; and Mrs. Nancy Moyer, 3,922 votes.

Also to be decided in the runoff is the Democratic nominee for state representative for the 79th district.

Jim Trooper of Higgins and Phil Gates of Lefors polled 3,193 votes and 2,020 votes, respectively.

Though official figures were not available this morning, indications are the winner of the runoff will face Republican Bill Nix in the general election.

The following is a breakdown of voting by precinct for both the Republican and Democratic parties. Figures show total ballots cast in each precinct and the number of votes candidates in the most interesting races polled. Uncontested candidates within either party are not listed.

**DEMOCRATIC**

# Supreme Court Begins Death Penalty Probe

## Sadler Defeated For Renewal Of Land Office Job

By ASHLEY P. CHESHIRE  
DALLAS (UPI) — Robert L. Armstrong, a quiet former legislator from Austin, cranked-up a determined statewide campaign and defeated five-term veteran Land Commissioner Jerry Sadler.

Armstrong ran well ahead of Sadler and Houston public relations executive Fred Williams Saturday and will not have to compete in a runoff.

Sadler, a crusty, outspoken East Texan and the only state official in Texas history to be reprimanded by a branch of the legislature, refused to campaign actively in the race because he was "too busy working to worry about that."

### Fourth Attempt

Williams attacked both candidates saying he should be voted into office because he was "the only Democrat with guts enough to challenge Sadler for 10 years." Williams' primary attempt was his fourth. He accused Armstrong of aligning himself with political factions in South Texas in order to gain support.

## Bomb Blasts Draft Board

NORMAN, Okla. (UPI) — Arsonists tossed a fire bomb at the draft board headquarters today shattering the window and causing minor damage inside.

At first authorities thought the blast was caused by dynamite. But Fire Chief Zona Clark said it was caused by a kerosene fire bomb.

Clark said there was little wreckage inside the building although the smoke caused some damage. The curtains surrounding the shattered window were singed.

Norman is the site of the University of Oklahoma.

Police broadcast the descriptions of two automobiles the occupants of which were wanted in connection with the explosion reported at 4:52 a.m. (CPT).

Police chased one suspect on foot but the suspect got away. Officers said the suspect turned on the officers and was believed to be armed. But he did not fire, officers said.

The area around the draft board headquarters was deserted when the blast ripped the building and no one was injured. Roadblocks were set up within minutes of the explosion and agents of the Federal Bureau of Investigation and the state crime bureau were put on alert.

## 500 Prisoners Await Ruling In Death Cells

WASHINGTON (UPI) — The Supreme Court today opened an inquiry into capital punishment that could affect about 500 prisoners sitting in death row cells.

The court met to hear arguments on two questions raised by William Maxwell, 31, a Hot Springs, Ark., Negro convicted of raping a white woman.

—Should a jury decide guilt and punishment at a single sitting known as the single-verdict procedure?

—Should a jury have absolute discretion to impose a death penalty "uncontrolled by standards or directions of any kind?"

Although 41 states still execute prisoners by electrocution, hanging or the gas chamber, the last execution was June 2, 1967.

Capital punishment is being abandoned throughout the world and the court has been urged to rule the death sentence is "cruel and unusual punishment" forbidden by the Constitution.

Today's proceedings did not address that contention but they bear directly on the way the state reaches its decision to execute.

All but five of the capital punishment states—California, Connecticut, Pennsylvania, Texas and New York—have single-verdict procedures. In the five which don't, the jury first finds guilt or innocence, then meets out punishment in a separate proceeding.

The nine states which do not have the death penalty are Alaska, Hawaii, Iowa, Maine, Michigan, Minnesota, Oregon, West Virginia and Wisconsin.

**10 Cases on Docket**  
Among appeals of capital punishment cases on the Supreme Court docket awaiting the outcome of Maxwell's appeal is a petition by Richard Speck, convicted of the murder of eight Chicago nurses in 1966, and one by Marie Hill, a Negro teen-ager of Raleigh, N.C., who was convicted of the armed robbery murder of a white grocery proprietor in Rocky Mount, N.C.

The NAACP Legal Defense Fund, representing more than half the nation's condemned prisoners, argues the single-verdict procedure forces a defendant to surrender his rights under the 5th Amendment to the Constitution.

"If he wishes to address personally the jurors solely with respect to their decision whether he shall live or die, he can do so only at the price of taking the stand and thereby surrendering his privilege," the fund contends.

Eggers was opposed Saturday by a former naval officer, Roger Martin of Gainesville.

Paul Eggers of Wichita Falls won the GOP nod by an even bigger majority and will again face Gov. Preston Smith, unopposed in the Democratic primary, for the governor's seat.

Eggers was opposed Saturday by a former naval officer, Roger Martin of Gainesville.

## Apathy Defeats Liberal Voters

DALLAS (UPI) — Liberal Democrats running in Saturday's primary were defeated because liberal voters did not go to the polls.

Two prime examples of this can be found in the races of Sen. Ralph W. Yarborough and Mike McKool. Yarborough lost his U.S. Senate seat when Lloyd M. Bentsen Jr., defeated him in the primary. McKool lost to U.S. Rep. Earle Cabell who is seeking re-election.

Yarborough said flatly Sunday voter apathy defeated him.

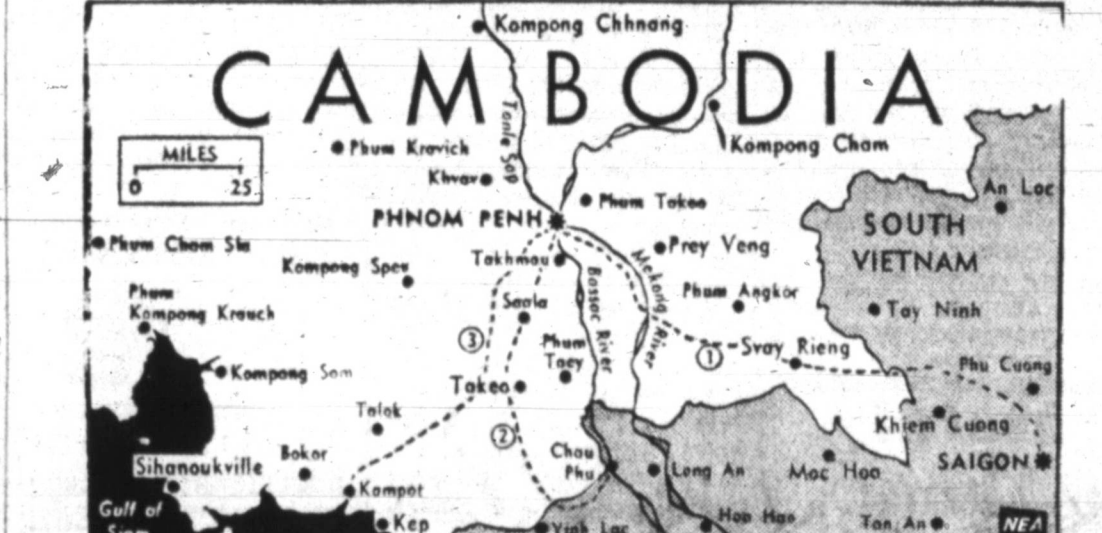

"We hoped for 2 million (votes), we begged for 1.8 million," Yarborough said. "That was the minimum with which we could win."

Only 1.5 million of the state's 4 million registered voters went to the polls Saturday.

One of the biggest sections of the state to show voter apathy was in East Texas, a longtime Yarborough stronghold.

The McKool-Cabell race went as expected with Cabell getting his strength in the conservative northern sections of the 5th Congressional District and McKool getting the support of the minority groups who live in the southern part of the district.

For instance, in one predominantly Negro section of the district, McKool beat Cabell by a 7-to-1 margin. But only 24.5 percent of the 21,156 eligible voters cast ballots. In the northern sections, however, 39.7 per cent of Cabell's conservative supporters turned out and gave him a 6-to-1 edge.

MAJOR BATTLEGROUND in the expanded Indochina conflict stretches along the Cambodian-Vietnamese border. Viet Cong resisting efforts to dislodge them from long-held base areas threaten Cambodia's capital, Phnom Penh. Key points are major highways 1, 2 and 3 (broken lines).

## Guerrillas Launch 'Human Wave' Fight

PHNOM PENH (UPI)—Viet Cong and North Vietnamese troops drove westward today to within 30 miles of Phnom Penh after making a leisurely crossing of the Mekong River by ferry at the town of Neak Leung, captured Sunday in a 15-minute fight.

A Cambodian spokesman said the westward move along east-west Highway 1 was the most serious threat yet to Phnom Penh. But battalion commander Maj. Leavkar told UPI correspondent David Stuart-Fox at the nearby village of Koki Thom: "They shall not pass."

The Communist troops, apparently under pressure from South Vietnamese and U.S. troops moving into Svay Rieng province, another 50 miles to the southeast, seized the village of Kompong Phnom, two miles past the ferry point, today.

Other forward units were on the outskirts of Koki Thom, another six miles upriver from the point where Highway 1 crosses the Mekong. The government established its main defensive line at Samrong, three miles farther back on Highway 1.

The Cambodians said two battalions (about 800 men) were cut off on the east side of the Mekong but were in radio contact with other units on the west side.

Two members of the fallen Neak Leung garrison said they changed into civilian clothes Sunday and made the ferry crossing with the Viet Cong, then rejoined Cambodian forces on the west side. It is that kind of a war.

A government spokesman said the Communists captured Neak Leung in the first human wave attack of the Cambodian conflict.

The fall of Neak Leung and Kompong Phnom virtually cut the flow of supplies from Phnom Penh to Cambodian troops fighting along the Vietnam border, consolidating the Communists' hold on the eastern third of Cambodia.

Field reports said the estimated 1,000 guerrillas were moving westward from the crossing this morning, apparently unopposed.

The purpose of the drive was unclear, although it was thought to be aimed either at cutting communications between the capital and the southern coast or at threatening Phnom Penh itself.

Neak Leung, a town of about 5,000, is on the east bank of the Mekong on Highway 1, the main route linking Phnom Penh with Saigon. Too, it is astride the junction of Highway 1 and Highway 15, a major north-south artery.

The ferry crossing there are no bridges across the river in the area—had been the only place where the government could get its supplies across the Mekong except by air.

## Allied Forces Battle Communists Inside Cambodian Sanctuaries

SAIGON (UPI)—The two allied task forces in Cambodia have reported killing 1,826 Communist troops while capturing 41 trucks, 220 tons of rice, 5,000 weapons and 10 tons of medical supplies. It was described today as only a scratch on the surface of the long-time guerrilla sanctuary.

"It's quite evident that they (the Viet Cong and North Vietnamese) had been using those areas in the way we had been describing," a senior American official said in Saigon. "And it hasn't finished by a long shot."

Field reports put American losses in the Fishhook at 11 dead and 38 wounded, with South Vietnamese casualties in both operations estimated at

100 dead and 300 wounded. The breakdown on guerrilla deaths was given as 1,111 in the Parrot's Beak and 715 in the Fishhook.

Dear Abby

By Abigail Van Buren

DEAR ABBY: Last night my husband, who usually comes home between 6 and 6:30 p.m., came home at 10:45! I was nearly out of my mind worrying that maybe he was lying in a ditch, in a hospital, or even in jail. It so happened he was tied up with his boss, but he certainly could have called.

I told him I thought he was selfish and inconsiderate not to have called me. He said, "You are not my mother! What was I supposed to do, ask my boss to excuse me so I can call my wife?"

Abby, if I'm wrong tell me. But shouldn't a man call his wife if he can, and let her know he's going to be home later than usual?

NADINE

DEAR NADINE: Yes. And he should let her know if he's going to be earlier than usual, too.

DEAR ABBY: I have a 13-year-old son I am raising alone as his father was killed in an accident two years ago. Dick (I'll call him) has always been a shy, but well-behaved boy.

I don't believe in physical punishment, but my husband used to spank him if he did something wrong. Lately all Dick talks about is "punishment." I overheard him telling a friend that if he got bad grades in school I would take a razor strap to him — which is certainly not true. Yesterday he asked me to "time him as he ran around the block," and if he didn't make it in a certain number of minutes, I could "beat" him. He failed, but I told him he made it.

He has written papers for school saying you should not "spare the rod." What should I do? Punish him? I'd take him to a doctor, but he is normal in every other way.

MOTHER

DEAR MOTHER: Your son is asking for punishment! Discuss this with your family doctor (or school psychologist, if one is available). Children sometimes feel the need for punishment and provoke it by anti-social behavior. (Or he could be a "normal" boy who desperately misses his father — spankings and all.)

DEAR ABBY: If I knew your home address, I would fill your

house with flowers! You had a "CONFIDENTIAL" in your column which read, "To Dragging in Cleveland: Never mind your sinuses. Send your sister to Arizona and you'll feel better."

I live in Cleveland, and I have been indeed "dragging" for some time because I have an older sister who wants to live my life for me. I am 50 years old, but my sister still treats me as though I were 9. My psychiatrist told me to "tune her out," but that is not easy after so many years of listening to her.

Well, my sister winters in Arizona, and the earlier she leaves, the better I feel. She saw the "confidential" in your column, and was sure that I had written to you (I didn't), and that was your answer. She hasn't spoken to me since. My profound gratitude.

## What Do Many Doctors Use When They, Themselves, Suffer From Hemorrhoids?

A survey among doctors showed 85% of the doctors reporting either use Preparation H themselves or recommend it for their families.

Preparation H gives prompt, temporary relief in many cases from pain, itching of tissues and actually helps shrink swollen

tissues of hemorrhoids caused by inflammation and infection. It also lubricates to help protect the inflamed, irritated surface area and helps make bowel movements less painful. There's no other formula for hemorrhoids like Preparation H. Ointment or suppositories.

**Self Medication Is A Potential Danger**

Even physicians are far from agreement about the practice of self-medication. If everyone went to their doctors at every sign of illness it would be impossible for the medical profession to handle the deluge of patients that would descend upon them. The more seriously ill would suffer most for there would not be enough of the time needed for them.

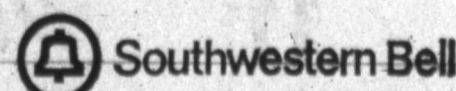

But, self-medication must be carried out wisely. One good rule is — if certain symptoms keep returning, it is time to have your doctor find the cause. When we notice a customer is often buying a particular non prescription remedy we will always suggest that they should see their doctor.

YOU OR YOUR DOCTOR CAN PHONE US when you need delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for service and charge accounts.

# Playoff Win To Nicklaus

DALLAS (UPI)—The classic daylong, 36-hole head-to-head duel between gold titans Arnold Palmer and Jack Nicklaus was script material for the storybooks, and it was really too bad for the millions of weekend hackers sitting enthralled in front of their television sets that it had to end.

But Nicklaus, after falling back into a tie at six-under 274 with old friend and rival Palmer at the end of regulation play in the Byron Nelson golf classic, had a formula he thought would end the sudden death quick. The formula worked.

For only the fourth time in their careers, Palmer and Nicklaus confronted each other head-on with a golf title at stake. Nicklaus now leads, 3-1, in this seldom-renewed series. During two tours over the par 35-35-70, 7,000-yard long Preston Trail Golf Club course Sunday, Nicklaus fought his own game and a pro-Palmer

thrang of 35,000. Nicklaus would first rush to lead, and seemingly be on the way to a one-sided victory. Then he would hit a series of un-Nicklaus shots and Palmer would have new life.

The drama of the day came down to the 72nd hole and the first hole of sudden death. Nicklaus came out the loser on

Jack Nicklaus

the 72nd hole, but he was triumphant on the first hole of the playoff and walked off with the \$20,000 first prize. Palmer's second-place finish was good for \$11,400.

Young John Schroeder who played the final two rounds with Nicklaus and Palmer, withstood the pressure to finish a stroke behind at five-under 275 in a tie with late-charging Lee Trevino. Each took home \$9,900.

Randy Wolff was lone at 276 in fifth place, and won \$4,100.

Nicklaus and Palmer went to the 15th hole, a 555-yard, par-5 affair, to start their sudden death playoff. The hole is marked by two ponds at the corner of a dogleg 260 yards-off the tee.

"I felt I had the advantage over Arnold," Nicklaus said later. "I decided to try to knock it over the edge of the water. I thought if I could make a birdie I could win, and I wanted to end it quick. I didn't want to play the 16th hole (where the approach shot must be carried over water)."

Nicklaus succeeded in putting his drive where he wanted to, 30 yards ahead of Palmer. That forced Palmer into a crucial decision. He knew he had to get the ball close to the green, and to do so he chose to hit a driver off the fairway. He half topped the shot, winding up 60 yards short of the green.

"Jack was in position that he could get it up to the green with a three wood," Palmer said. "I didn't hit too good a lie. And then I hit a very poor chip."

### Chamberlain Wants NBA Title For NY

By MILTON RICHMAN  
 UPI Sports Writer  
 NEW YORK (UPI)—Next time Wilt Chamberlain comes on your TV screen look a little closer.

You'll notice a different Chamberlain. There's something he wants now and wants badly, and when Wilt Chamberlain wants something he takes on some of the qualities of a tidal wave and a great many things get swept away before him.

What Chamberlain wants most right now is that ball game between the Los Angeles Lakers and New York Knicks at Madison Square Garden tonight. Jerry West and the rest of the Lakers want it a great deal because a win here on the Knicks' home floor would give them a tremendous edge psychologically as well as mathematically—three games to two, and make it possible for them to wrap up the whole thing in Los Angeles Wednesday night. But nobody wants it all more than Chamberlain.

Able a ballplayer as he is, Chamberlain has been subject to criticism ever since entering the league 10 years ago. It doesn't matter he's the greatest scorer in NBA history or that he revolutionized the game's

economic system with a yearly salary estimated as high as \$333,333. He still is a prime target.

"For that kind of money," some say, "he ought to be able to sink a couple fouts."

"Where was he when it counted last year?" others ask. "In those last minutes of the final championship game with Boston?"

Wilt Chamberlain was on the bench then with a damaged knee that's where he was, and there were those who still feel he should've been out there playing against the Celtics giving it everything he had left, the same way Jerry West did. "West once broke his nose, had it packed and played the entire game," one of Wilt's critics reminds. "Chamberlain sits down if his spirit is broken."

That's not really true and maybe that's why winding up with a winner now is so important to Chamberlain. Only a few months ago he underwent knee surgery and his own doctor said he would never play again this season. But he is playing and what's more, he's having a great series, sweat band around his forehead and all.

### Memphis Tips Giants, Albuquerque In Lead

By United Press-International  
 Righthander Larry McDowell pitched eight innings of shutout ball Sunday before he got in trouble in the ninth inning against Arkansas. But reliever Jim Strickland saved the win for McDowell and boosted the Albuquerque Dodgers into first place in the Western Division of the Texas League.

Albuquerque moved into the top spot with the help of El Paso's loss to the San Antonio Missions and Shreveport's twin sweep over the Dallas-Fort Worth Spurs.

In the only other game, the Memphis Blues maintained their firm hold on first place in the East by easing by the hapless Amarillo Giants.

The Dodgers scored two runs in the bottom of the second inning and was all they needed as McDowell, who finished last season with a 10-9 record, kept the Travelers from pushing across any runs. But McDowell finally ran into trouble in the ninth when Arkansas scored its only run and Strickland was needed to save the Dodgers' 3-1 win.

The Missions scored four runs in the first three innings and Chester Stephenson kept El Paso out of distance in San Antonio's

### Kaline Paces 6-5 Tiger Victory

By FRED McMANE  
 UPI Sports Writer  
 Al Kaline describes the success of the Detroit Tigers this season as a bit "weird," but there's nothing supernatural about his own contribution.

The 35-year-old outfielder's latest contribution came Sunday when he slammed a two-run homer and a run-scoring single to pace the Tigers to a 6-5 victory over the Chicago White Sox.

"We have really been involved in some odd games this season," said Kaline, who leads the Tigers in batting with a .337 average and in runs batted in with 19. "Some of the games have been hard to believe. Take today for example. We only get six hits and the White Sox get 19 and we wind up winning. But that's the way it's been all season."

The Orioles lost to Minnesota, 4-3; Cleveland topped Kansas City, 6-3; New York swept Milwaukee, 8-7 and 4-2; and Oakland beat Washington 3-1, then lost, 6-4, in other AL action. California at Boston was postponed because of rain.

## PIRATES FALL, 11-7

### Bench Sparks Reds To 5th Straight Win

By FRED DOWN  
 UPI Sports Writer

Johnny Bench is flexing his muscles and that means that the worst may yet be in store for the Cincinnati Reds' National League rivals.

Bench, who has raised his average from 1.241 to .289 in last four games with seven hits in 10 at bats, hit a homer and two doubles Sunday as the Reds defeated the Pittsburgh Pirates, 11-7. It was the Reds' fifth straight victory and made Jim Merritt a six-game winner with relief help from Tony Cloninger and Clay Carroll.

The Houston Astros defeated the St. Louis Cardinals, 8-1, after a 7-4 loss, the Los Angeles Dodgers routed the Montreal Expos, 15-1, the Philadelphia Phillies downed the San Francisco Giants, 5-4 and 13-6, and the New York Mets topped the San Diego Padres, 3-2, after losing, 4-3, in 10 innings in other games. Chicago at Atlanta was rained out.

Rookie Jerry Johnson, just called up from Tulsa, pitched three shutout relief innings to preserve the victory for Nelson Briles and enable the Cardinals to snap a four-game losing streak in the first game of their doubleheader. The Astros gained a split when Denny Lemaster pitched a five-hitter behind a 15-hit attack.

Bill Grabarkewitz drove in five runs on two doubles and a walk and Von Joshua also had

three hits for the Dodgers, enabling Claude Osteen to win his third game of the season. Steve Ranko was routed in 2 innings and suffered his third loss in four decisions for the Expos.

Johnny Briggs' 13th inning homer and Joe Hoerner's four innings of shutout relief pitching enabled the Phillies to win their first game at San Francisco.

### Stars-Rockets Clash Tonight

ANAHEIM, Calif. (UPI)—Little Mack Calvin leads the Los Angeles Stars against Spencer Haywood and the Denver Rockets tonight in the third game of the American Basketball Association Western Division playoff finals.

The best-of-seven game series which is tied at one victory apiece, moves to Long Beach, Calif., Tuesday night. Calvin, the Stars ace rookie guard from University of Southern California, scored 25 points in his team's 114-105 win at Denver Friday night. The Stars' triumph snapped the Rockets' 24-game home court winning streak.

Los Angeles will be without rookie forward Willie Wise, who averaged 15.2 points and 11.6 rebounds during the regular season. Wise has been declared out of the playoffs because of a bone spur on his ankle that probably will require surgery.

Calvin and Haywood, the ABA's Most Valuable Player this season, are their teams' leading scorers in the series. Haywood has 79 points in the two games while Calvin has 58. In Wise's place, Stars' Coach Bill Sharman plans on starting either George Stone or Tom Washington.

The series will return to Denver for game No. 5 next Thursday night. Denver beat Los Angeles nine out of 12 times in regular season play.

### Harvester Club Session Tuesday

The Harvester Club will hold a planning meeting at 8 p.m. Tuesday in the new Harvester field house to outline the year's activities and to organize the coming membership drive.

All interested persons are invited to attend the meeting and tour the new athletic facility.

## Postal Reform And Union

It would appear that some sort of "postal reform" legislation will go through the Congress. The President of the U.S. and Postmaster General Blount are behind a proposal to make the Post Office Department an independent operation, which supposedly would be largely self-sustaining, and a proposed additional 8 percent increase in pay was held out to the postal union people as a part of the settlement of the recent illegal strike.

But there's another part of the "reform" that has independent workers and the National Right to Work Committee upset. It's the proposal that would authorize a union shop agreement which could force all postal employees into the union regardless of their wishes.

Dave Denholm of the Right to Work Committee said many of the postal workers who refused to go out on strike were not union members. "If they are forced to join a union as part of the settlement, they will be penalized for obeying the law."

Up to now, employees of the national government have been permitted to join unions but have been protected from a compulsory membership. However, under the new bill, the postal workers would be denied the right to remain out of the union if a union-shop contract is signed.

## There's No Turning Back

Many rational people of our acquaintance who have analyzed the so-called Social Security program, see its moral depravity and economic absurdity, and predict its ultimate collapse, nevertheless, shudder at the thought of abolishing it outright. Once such a course is taken, they point out, there is no turning back until the last bitter dregs of the potion have been drained.

And we, despite the obvious fact that the longer the program continues the worse the final result will be, must admit that they are probably right. After more than three decades of Social Security and millions upon millions of people paying into the program all these years in the mistaken belief that government will take care of them in their old age, if Social Security were abolished tomorrow the nation would probably burst into flaming revolt the next day.

Such are the inevitable consequences of listening to politicians and other smoothsayers promising "pie in the sky."

And one would think that the powers that be might have learned something from the horrible example of the now bankrupt Social Security experiment; enough, at least not to saddle the people of this country with another program which, by its very nature, must be even more immoral, oppressive, and fiscally impossible, and which, like Social Security, once embarked upon, will be virtually impossible to stop.

The reference, of course, is to the so-called guaranteed income or family assistance plan being pushed by Nixon, your

## Democrats Still Badly In Need Of A 1972 Candidate

By BRUCE BLOSSAT  
Washington Correspondent

WASHINGTON (NEA) — No responsible spokesman in the Democratic party seems to believe that some strong newcomer is going to emerge from the 1970 elections to join the party's already well-known small cluster of 1972 presidential prospects.

Either for public utterance or in private, party officials and top-name Democrats keep coming up with the same roster: Sen. Edmund Muskie of Maine, Hubert Humphrey, Sen. George McGovern of South Dakota and, more often recently, Sen. Edward Kennedy of Massachusetts, notwithstanding the more recent handicap of the 1969 Chappaquiddick incident.

Now and then the name of husky Sen. Harold Hughes of Iowa is added, but generally he is seen as a long-range possibility.

When I listen to these recitals, I sense a considerable unease in the party hierarchy that the list is not stronger. Aside from all their other problems, the Democrats recognize that they have a serious leadership lack.

When they mention Humphrey, they make him sound almost like a default candidate to be offered up if President Nixon should seem unassailably strong in 1972. In one big eastern state, a long list of candidates for state offices this year, when queried about Humphrey, indicated to a regularly convened party group that without exception they would oppose him. Some of them had backed him in 1968.

McGovern and Hughes usually are dismissed as positioned too far leftward, as too rigidly set in that part of the spectrum, to be able to gain broad party support.

In Hughes' case, this is clearly regretted by many, for they see him as properly tough, as exhibiting the rugged strength required of leadership in these difficult times.

It usually comes down to their saying Muskie is the obvious leader, though he leaves a lot of influential Democrats still doubtful of his real grasp of world issues and his capacity to pursue all the key issues with sufficient force.

Ted Kennedy's re-emergence as one of the "mentionables" seems to reflect two things — the passage of time since Chappaquiddick and his restored self-confidence, plus the evident unhappiness of so many in the party with the visible alternatives.

## Inside Washington

Senate Committee Stalling  
POW Compensation

WASHINGTON — The Senate's protracted bickering over appointees to the Supreme Court is proving costly to U.S. prisoners of war in the Vietnam conflict.

A House-passed bill to pay these POW \$2.50 in additional compensation for each day of captivity has been stymied for nearly a year in the Senate Judiciary Committee due to its vehement preoccupation with appointees to the Supreme Court.

It is virtually certain that if the measure could get before the full Senate it would be as speedily and overwhelmingly approved as it was by the House. That chamber unanimously passed the legislation by a voice vote May 28, 1969. It had previously been unanimously recommended by the House Interstate and Foreign Commerce Committee.

Ever since then, the bill has been stalled in the Senate Judiciary Committee because of its complete absorption with the controversies over President Nixon's selections to the Supreme Court.

The committee's staff has made a report strongly urging approval of the POW measure. But the committee has never gotten around to doing anything about it, and the legislation has been gathering dust for months on the so-called "unfinished business" calendar.

A check of the 17 committee members (10 Republicans, 7 Democrats) disclosed no opposition to the bill. Also, practically no interest in it.

Several committee members didn't even know it is pending in the Judiciary Committee, they expressed surprise when informed of that, and under prodding promised "to look into the matter."

WHO'S BLOCKING IT? — Foremost among committee members concerned about the POW bill are Senators Edward Kennedy, D-Mass., Birch Bayh, D-Ind., and Joseph Tydings, D-Md.

All are militant liberals, stridently vocal opponents of the Vietnam war, and leaders of the drives that blocked the confirmation of Judges Haynsworth and Carswell to the Supreme Court.

Each also is an avowed aspirant for President. The ambitious Indianan already is busily handshaking and campaigning for the 1972 nomination. He frankly admits he would accept either place on the Democratic ticket, but naturally would prefer to be the standard-bearer.

Kennedy too was an eager presidential candidate until last year's Chappaquiddick incident. For a while after that still-puzzling affair, he seemed to relinquish White House hopes. But lately Kennedy has shown signs of having revived these ambitions and again working at them. He has greatly expanded his speaking schedule, and the range of topics on which he is politicking.

The \$2.50 a day in additional compensation for POW is based on \$1 for inadequate food, and \$1.50 for inhumane treatment. This extra pay for victims of the Vietnam war is the same as that for POW in World War II and the Korean conflict.

Rep. William Scherle, R-Iowa, who played a leading role in putting the legislation through the House, is urging the public to bombard members of the Senate Judiciary Committee with vigorous protests over the protracted failure to act on the bill.

It is Scherle's belief that if there is enough public outcry against the delay the committee will report the measure to the Senate, where its speedy enactment is certain.

"The American people have strongly evinced their concern over the treatment of our prisoners of war by the Communists," said Scherle. "I am absolutely sure that once the public is apprised of what is happening on this extremely desirable bill in the Senate Judiciary Committee, it will force the committee to stop its unconscionable stalling and act. That's long overdue."

That is why I am urging everyone to write these senators to let them know they want action on this bill without further delay. If enough people will take the time and trouble to write, the results will be fast and effective. So by all means, sit down and write immediately.

Under the measure, no POW would receive the additional compensation if he "voluntarily, knowingly and — or without duress gave aid, collaborated with, or in any other manner served the Communist forces."

### The Doctor Says

By DR. W. G. BRANDSTADT

#### Protruding Spinal Disk Cause of Sciatica Pain

Q—I have such pains in my hip and going down my leg I can hardly walk. Indocin doesn't help and exercise makes it worse. What do you advise?

A—You probably have sciatica, in which case the pain is caused by a protrusion of the disk between two vertebrae at the lower end of your spine. If heat and rest don't relieve the pain, injection of the ruptured disk with hydro-cortisone should help. Some surgeons prefer to remove the protruded portion of the disk or dissolve it with a digestive enzyme.

Q—How does saltpeper effect the male sex organs?

A—Potassium nitrate or saltpeper has been used to reduce sexual desire in the past but has been found to be ineffective for this purpose.

Q—Will any medical test reveal the presence or absence of male and female hormones? In case of an imbalance, can it be corrected?

A—The estrogen level is indicated by a test for estrofin in the urine. The 24-hour excretion varies from 10 to 35 micrograms in a menstruating woman. It is much lower in a menopausal woman and only 0.8 microgram in men. The androgen level is indicated by a 24-hour test for 17-ketosteroids in the urine. In men, the normal level is 10 to 24 milligrams. This level gradually decreases after age 50. In women the normal level is 6 to 14 milligrams. There is always some of both the male and female hormones in both men and women.

Most large hospital laboratories make these tests. If an imbalance is causing a problem, it can be corrected by giving the male or female hormone.

Q—Is it possible for a woman to determine her ovulation time within a few hours of its occurrence?

A—Ovulation is now believed to occur 10 (not 14) days after the onset of a menstrual period. It is associated with a drop in body temperature. Some women feel a twinge of pain in the lower abdomen at the time of rupture of the egg follicle but this is not a reliable sign.

Q—I have been taking quinine twice a week to prevent cramps in my legs. Since starting this my colds are very mild. Could the quinine do this?

A—Although this drug has been used to treat colds in the past, it has no preventive or curative action except against malaria.

## Major Blows In Cambodia, Laos Rough On North Viets

By RAY CROMLEY  
Washington Correspondent

WASHINGTON (NEA) — Ironically, Hanoi's military victories in Laos and Cambodia helped make possible President Nixon's decision to remove more troops from Vietnam in the next 12 months.

For one, the North Vietnamese attacks directed inward against Cambodia have enabled allied units to covertly raid gigantic North Vietnamese and Viet Cong supply bases in that kingdom, seriously crippling Hanoi's ability to mount sustained major attacks in South Vietnam's Delta for some time to come.

The rapid North Vietnamese advance in northern Laos has left Hanoi with long, exposed supply lines, vulnerable to repeated attack by Meo guerrillas and Lao-American air strikes.

Using a technique learned in South Vietnam, as Hanoi's troops advanced westward in Laos, American planes and other transport were jam-packed with every native citizen who could be pulled out of what was to become North Vietnamese territory.

This was the equivalent of scorched earth. Without sufficient local people in the areas they occupy, the Hanoi men are short of porters, young men to conscript into their labor battalions, farmers to cultivate crops and households to tax.

This makes it necessary for the North Vietnamese to bring in more of their supplies from North Vietnam. It ties up a greater share of their troops in occupation and housekeeping. It drains their mobility for the war in the south.

All in all, the situation in Laos and Cambodia has thus given the U.S. and our allies new opportunities for major blows on North Vietnamese and Viet Cong supplies, the first of which was launched last Friday.

In this kind of war, it is frequently more important to destroy rice, ammunition and weapons than to kill enemy troops.

Hanoi's supply problem grew more troublesome some time back when the North Vietnamese and many Viet Cong shifted to imported Chinese and Russian weapons. It grew even worse when the heavy exodus of men and women from Viet Cong territory in South Vietnam cut Communist rice production heavily.

Hanoi's supply line south is tenuous at best. It has been made more difficult by Lt. Gen. Lon Nol's closing of the port of Sihanoukville to imports for Hanoi's troops.

The amount of fighting the North Vietnamese and Viet Cong can do is directly related to their supply of ammunition, weapons and rice. If these can be cut in half, their attacks will be cut in half. It's as simple as that.

TAPS is the nickname for the 800-mile Trans-Alaska Pipeline System which the oil industry wants to build to carry oil from Alaska's North Slope oilfields to the port of Valdez.

And "taps" is just what the pipeline could mean to much of Alaska's wildlife and wilderness, say aroused conservationists, who have succeeded in delaying construction of the pipeline pending a deeper investigation of its possible environmental effects.

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family—tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Extra Cash Plan that...

**Pays you \$400.00-a-month tax-free cash whenever you are hospitalized.**

What a blessing it is when you know you have an extra \$400.00 cash coming in every month—beginning the very first day you enter the hospital.

Now, this low-cost Plan, from National Home, enables you to enjoy this protection at once, FREE. Yes, we will provide the first month's coverage for your entire family without cost... to prove the value of this wonderful extra-cash protection for you and your loved ones. Then, if you wish, you may continue at the low rates shown below.

**The added protection you NEED!**

All benefits of this \$400.00-A-MONTH National Health Plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Spend the money as you see fit—for hospital or doctor bills, mortgage payments, to replace savings—or any necessary but costly extras not covered fully by usual hospital policies.

Everything costs more these days (need we tell you?) and hospital care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, most have found it does not cover all bills that pile up when sickness or accident strikes. That's why National Home developed low-cost Extra-Cash Protection that helps you pay hospital costs or other expenses.

You get your \$400.00 per month cash TAX-FREE from your first day in the hospital, and as long as you are confined there, even for life, if necessary. And, when you and your insured spouse are hospitalized at the same time for an accidental injury, this National Health Plan pays you an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive an EXTRA \$400.00—\$800.00 a month. Your spouse receives not \$400.00 but \$800.00 a month. That's \$1,600.00 in all, in cash payments to you (when under age 65) every month starting the day you go to the hospital for as long as you both remain there.

**PAYS \$400.00-A-MONTH CASH for each accident or illness—beginning the very first day in the hospital and continuing for life, if necessary!**

**PAYS \$200-A-MONTH CASH for the first three months, if you're 65 or over. And, a full \$400.00-A-MONTH CASH thereafter—even for life!**

**PAYS \$1,600.00-A-MONTH CASH when both husband and wife are hospitalized at the same time (when under age 65) for accidental injury for as long as both remain in the hospital—even for life, if necessary!**

**PAYS up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.**

**PAYS \$400-A-MONTH CASH for each pregnancy requiring a hospital stay, when both husband and wife are insured and have Coverage for Children and Maternity Benefits. Coverage begins the very first day in the hospital.**

**PAYS \$400.00-A-MONTH CASH for a Registered Nurse if your doctor has you hire one within five days following a covered hospital confinement of five days or more.**

## 65 OR OVER? YOU COLLECT IN ADDITION TO MEDICARE BENEFITS.

We have designed this Plan as the important addition to whatever is paid by Medicare—or health insurance you may have with any other company. Remember, all checks will be sent directly to you (not to the doctor or hospital) to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. In addition to any benefits you may receive from Medicare, this National Health Plan pays you \$200.00 a month for the first 3 months, and a full \$400.00 monthly while hospitalized thereafter... even for life, if necessary!

**We can never cancel your Policy!**

You can count on this wonderful protection no matter how old you get or how many times you collect from us. Your Policy guarantees that we cannot cancel your protection after you've made a lot of claims or become old—or for any other reason whatsoever. It is GUARANTEED RENEWABLE FOR LIFE! And that's not all. Suppose you have a growing family, this Plan (NH-10-669)...

**Pays you \$400.00-a-month cash Maternity Benefits!**

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? When both parents along with their dependent children are covered by this Plan, a Maternity Benefit can be added to your basic Policy. Now, if both husband and wife are insured, you get extra cash to use any way you wish. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you are paid for every day of your confinement at the rate of \$400.00 a month.

**All these added cash benefits.**

**Added cash benefit:** Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs any time within 90 days of the accident. The loss of a limb or eyesight is terrible. Nothing can replace the loss, but a \$1,000.00 or \$2,000.00 check helps bring peace of mind during the period of adjustment.

**Added cash benefit:** Choose Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from age one month through 18 years will be covered, too! This National Health Plan pays at the rate of \$240.00 a month cash, when your youngster is hospitalized... for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$240.00-a-month cash, month after month, while the child is in the hospital.

**Added cash benefit:** If your doctor says you need a Registered Nurse full-time within five days after you come home and such a nurse is actually employed, we'll pay you benefits of \$400.00 a month. These extra benefits continue for the same number of days that you were in the hospital—even up to 12 full months and total payments of \$4,800.00!

**We pay your premiums when you are not able.**

Should you—the person to whom the basic Policy is issued—be hospitalized for 8 consecutive weeks or more, this National Health Plan WILL PAY ALL PREMIUMS THAT COME DUE FOR YOU AND ALL COVERED MEMBERS OF YOUR FAMILY WHILE YOU ARE CONFINED TO THE HOSPITAL BEYOND THE INITIAL 8-WEEK PERIOD. Then, if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, we will again PAY ALL PREMIUMS WHILE YOU ARE IN THE HOSPITAL—for the total confinement! This means you pay no premiums, yet your full protection remains in force.

**These are the ONLY exclusions!**

Your National Health Plan Policy covers every kind of sickness or accident except conditions caused by: act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy... during the first 2 years only.

**Nationally known and respected.**

This is the kind of outstanding protection you have read about in *Reader's Digest*, *Parents*, *National Geographic* and other leading publications. The special plans offered by the National Liberty Corporation group of companies are today helping policyowners in all 50 states—and many foreign countries—paying benefits at the rate of more than \$1,000,000.00 a month.

**Outstanding Americans like these recommend National Health Plan**

**LT. GEN. W. K. HARRISON, U.S. Army (Retired):** "People benefit in many ways when they purchase insurance direct by mail from National Home Life Assurance Company. They save money through lower rates. No salesman calls. And no medical examination is required. I consider it a sensible, economical way to increase one's health protection in these days of mounting hospital and medical costs."

**JEROME HINES, leading bass with the Metropolitan Opera Company:** "It seems to me that the concept of health insurance by mail is a very sensible one. It's quick, easy and economical. Nobody makes surprise visits to your home to ask personal questions. There's no medical examination. And costly processing charges are eliminated. The U.S. mail does the work for you. This means more protection at less cost. I congratulate National Home Life Assurance Company for meeting a real need."

**DR. E. STANLEY JONES, internationally known evangelist, author, missionary, statesman:** "In offering low-cost health insurance by mail, you are rendering a valuable service to thousands of people who have no other opportunity to avail themselves of such protection. It's reassuring to know that policyowners insured by the National Liberty group are receiving more than one million dollars a month in benefits."

**Grateful Policyowners write...**

"Received your check for \$880.00. I appreciate having the money sent directly to me so I could decide how to use it."  
NICHOLAS CRIST, Green Bay, Wis.

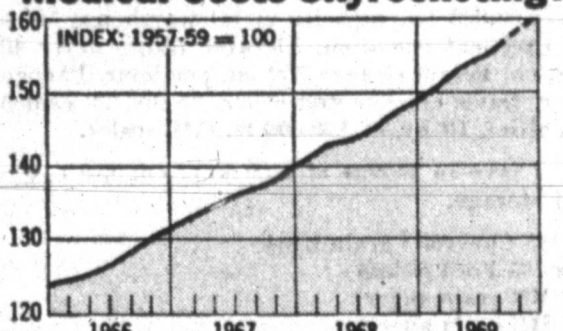

"It was wonderful to receive your check for \$555.00. I'm very pleased. It paid real well."  
MRS. BESSIE GEISINGER, Kansas City, Mo.

"Everyone should have your coverage. I know I wouldn't be without it."  
WALTER TUCKER, Fayetteville, N.C.

**Why you must act before the date shown on your Enrollment Form—just a few days from today.**

Why do we give you so little time to enroll in this Plan—only a few days? Because this is a limited Enrollment Period—and we must receive your Enrollment Form some time at all the others in order to pass on to you the savings that come from processing many policies at one time. This highly efficient "mass enrollment" method enables us to give you the broadest coverage at the lowest cost. We mail you the Policy as soon as we receive your Enrollment Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it, if you wish, to someone you trust: perhaps your lawyer, accountant or doctor. Better still—show it to your own insurance man... even though he may be working for another company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

## Medical Costs Skyrocketing!

MEDICAL CARE COSTS rose in September, 1969, to 157.6% of the 1957-59 average from 156.8% a month earlier. These costs are components of the Government consumer price index.

**HERE ARE YOUR LOW RATES.**

The following rate chart shows how little it costs, after the first month, to cover yourself, your spouse or any other adult dependent. Each adult, 16 or over, pays the rate shown for his or her age. Naturally, at these low rates, we can issue you only one policy of this type.

| Age at Enrollment | Monthly Premium per Adult |
|-------------------|---------------------------|
| 16-44             | only \$3.45               |
| 45-49             | only \$3.95               |
| 50-54             | only \$4.45               |
| 55-74             | only \$4.95               |
| 75-79             | only \$5.95               |
| 80 and over       | only \$6.95               |

**\*Only \$1.90 more per month covers all your dependents...**

from the age of one month through 18 years. And then if you wish, just add 95¢ monthly to that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular monthly premium shown here (for age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next. Once you have enrolled in this National Health Plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

**Act NOW—'Later' May Be Too Late!**

Your family is protected for entire first month—FREE! TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

National Liberty Corporation brings you the Washington Report daily over more than 300 stations coast-to-coast.

## THESE IMPORTANT QUESTIONS AND ANSWERS

Tell us how National Home's EXTRA CASH HOSPITAL PLAN gives you the protection you need—at amazingly low cost!

- How much will my Policy pay me when I go to the hospital? \$400.00 per month. If you're 65 or over, you collect cash benefits on top of any Medicare benefits. \$200.00 a month for the first 3 months, and \$400.00 monthly while you remain continuously hospitalized afterwards. You collect cash not just for yourself, but for all Covered Members of your family when they are hospitalized.
- May I enroll if I am 65 or over? Yes, you may. Folks any age are welcome to enroll—there is no age limit! Members 65 or over—even over 100—are age \$200.00 a month for the first three months, and a full \$400.00 a month thereafter. Naturally, it's in addition to Medicare.
- Do you pay me cash when my children go to the hospital? Will any children we have in the future be protected, too? You collect \$240.00-a-month cash any time your child goes to the hospital, when Coverage for Children is added to the basic Plan each time any dependent, unmarried child (age 1 month through 18 years) is in the hospital for sickness or injury. And if you have a growing family—as soon as your new-born child is one month old, he, too, is covered—automatically—at no additional cost to you.
- Will you pay \$400.00-a-month cash—even for maternity care? Yes! Some health plans don't cover pregnancy. But we do, when both parents are enrolled and have added Coverage for Children and Maternity Benefits to the basic Plan. You collect cash benefits at the rate of \$400.00 a month for any pregnancy, childbirth or miscarriage that results in a hospital stay.
- When do I collect \$2,000.00 extra cash for accidents? We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—even if the loss occurs as long as 3 months after the accident.
- Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition? Don't worry! You still collect the regular cash benefits provided by your Policy for as long as your confinement lasts.
- If I'm hospitalized less than a month—do you still pay cash benefits? Yes! We pay you for every day you're in the hospital. And there's no "waiting period" before you start collecting.
- Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered? Yes, you are! Should you—the person to whom the basic Policy is issued—be hospitalized for 8 consecutive weeks or more, this National Health Plan will pay all premiums that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 8-week period. You aren't expected to pay us back, either.
- How do I go about submitting a claim? We invite you to contact Cash Benefits Headquarters direct. Whether you want to submit a claim or just ask us a question, don't hesitate to contact us. As a National Health Plan Member, you are entitled to prompt, courteous and direct attention at all times... and you will get it.
- Does this Plan pay in the hospital? You will be covered in the hospital of your choice except a U.S. Government hospital or a nursing or convalescent facility.
- Now tell me what's the "catch"—what doesn't my Policy cover? Get ready for a welcome surprise: Your Policy covers every thing except conditions caused by: act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your Policy—but even this last "exclusion" is done away with after you've been a policyowner for only two years. Everything else is definitely covered.
- What are the requirements to enroll in this Extra Cash Hospital Plan? You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and to qualify during this Enrollment Period, you must enroll before midnight of the date shown on the Enrollment Form.
- Besides saving money—are there any other advantages of joining this National Health Plan during this Enrollment Period? Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Enrollment Form in the corner of this page. Also, during this Enrollment Period there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your Policy!
- How do I enroll? Send no money. The first month's protection for your entire family is FREE! Simply complete and mail the brief Enrollment Form to: National Health Plan, Valley Forge, Pa. 19481.

## NO-RISK OFFER

We will send you National Home Policy by mail. Examine it carefully in the privacy of your own home. Show it, if you wish, to your own insurance agent, doctor, lawyer or other trusted adviser.
