## Offshore Wells **Producing For** Earth Company

DALLAS - Earth Resources Company has acquired seven producing wells in the offshore Breton Sound area of Plaquemines Parish, Louisiana, Dan M. Krausse, president, has announced. The acquisitions, consummated in two transactions, were for a total consideration in excess of \$1 million. The newly acquired properties are currently producing at a rate of 400 barrels of oil per day, Krausse

In one transaction, the Company acquired from Despot, Inc. three wells located on 642 acres of state leases.

Earth Resources acquired five wells, including one which is temporarily inoperative, from Edwin L. Cox, an important Dallas-based operator, in the second transaction.

"These purchases are further steps," Krausse continued, "in our oil property acquisition program aimed at providing additional sources of crude oil for our wholly-owned Delta Refining Company and, thus reducing its vulnerability to changes in crude oil prices."

One of the major problem. which has faced the United States in its conduct of the war in Vietnam has been the sanctuary afforded Communist troops by Cambodia. Although Prince Sihanouk's government was officially "neutral," in fact it followed pro-Communist

On March 18, however, an anti-Communist coalition in the Cambodian Parliament voted Sihanouk out of office and took control of the government. An official dispatch from the new government gave the reasons for its opposition to Sihanouk: 'His policy consisted of authorizing the Viet Cong to be installed on Cambodian territory to commit various extortions to previously mistakenly enacted detriment" of the Cambodians.
