Fire Causes Pampa Widow, Grandson To Start Over'

By DORIS E. WILSON
News Staff Writer

Flames licked through a modest, white stucco house at 621 S. Russell shortly after 11 a.m. Tuesday and consumed all of the worldly possessions of a Pampa widow and her 16-year-old grandson, whom she is rearing.

Mrs. Etta Mae Williams, who is a day-out cleaning lady, was at work when a friend brought her news of the fire.

It had been tough-sledding before the fire, making ends meet, but now that Mrs. Williams is faced with "starting all over again" the task seems almost insurmountable.

The fire, which started in the living room, destroyed all of the living room furniture, made a

fiery path into the bedroom consuming clothing and bedding.

Pampa High School classmates of Mrs. Williams' grandson, Donnie Proctor, have started a fund for the two-member family. And other friends have rallied around to help as much as they can.

Mrs. Williams said Thursday some of the kitchen appliances are salvagable, but they are heavily charred "and will take a lot of scrubbing to see if they are usable."

Mrs. Williams, a Pampa resident since 1951, faces the new challenge with her usual cheerfulness and courage. "We will make it some way," she said smiling.

Men Sent To Put Out Local Fires

The Pampa Fire Department sent one unit to each of three fires last night in Pampa.

The first alarm, at 10:08, was a fire in a 1964 Ford parked in the 800 block of West Brown. The car was owned by Charles Gilbert, no residential address given. The fire was caused by a flooded carburetor and there was heavy damage to the wiring under the hood, according to a fire department spokesman.

A grass fire occurred at 2118 N. Sumner at 3:57 p.m. There

was light damage to a fence and no cause was listed. Fire department records show the house as being owned by Helen Seitz.

Another car fire happened at 4:50 p.m. at 124 Osage. The make and model of the car was not on fire department records, but the owner was listed as being David Blackmon, 1124 Neel Rd. The fire was caused by a leaking gas line and there was light damage under the hood.

BACK IN WASHINGTON

Nixon Explores Tense Mexico Trade Set-Up

WASHINGTON (UPI)—President Nixon, back in Washington after a 36-hour trip to Paris that saw him exchange "pleasantries" with Soviet Premier Nikolai V. Podgorny, scheduled a meeting with Mexico's president-elect today.

Nixon and Podgorny met in a brief but cordial encounter during a reception at Paris' Elysee Palace following memorial rites for Gen. Charles de Gaulle Thursday attended by more than 100 statesmen. Nixon also conferred for 41 minutes with French President Georges Pompidou—it was a "courtesy call" that included an exchange of views on the Middle East—before flying back to the United States.

White House Press Secretary Ronald L. Ziegler said Nixon exchanged "pleasantries" with Podgorny as the two leaders mingled with other guests in the gold and blue Elysee salon.

They edged toward each other and shook hands, and Nixon asked Podgorny where he came from. The Soviet leader said he was from the Ukraine and added the only cities he had visited in the United States were New York and Washington. According to

Ziegler, Nixon replied by recalling his own visit to Moscow and said it was not typical of the Soviet Union any more than New York and Washington are of the United States.

The two leaders spoke for 11 minutes, during which time Indian Prime Minister Indira Gandhi joined them with the laughing comment, "Can a smaller country get in on the conversation before the two big countries have made all the decisions?"

Nixon planned today to entertain President-elect Luis Echeverria at a private luncheon in the White House family suite starting at 1 p.m. EST. They were expected to explore increasingly tense trade relations between the United States and Mexico in their private talks.

Former Pampan Given \$80,000 For Injuries

A 31st District Court jury here yesterday brought in a verdict awarding \$80,000 damages to F.L. Denton, former Pampa man now residing in Lelia Lake, for injuries resulting from an accident March 6, 1968, while working as a switchman for the Santa Fe Ry. at the Cities Service loading dock in Pampa.

Denton was spotting cars at the loading dock when overcome by a vapor which caused him to fall and hit his head on an iron rail.

The plaintiff alleged in his petition that he suffered permanent loss of hearing and dizziness resulting from injury to his left ear.

Judge Grainger McIlhenny presided at the trial which began Tuesday and ran through yesterday.

The plaintiff was represented by attorneys Wayne B. Barfield of Amarillo and Denning Schottman of Fort Worth.

A.B. Bankins of Amarillo was the defense attorney and attorney Bill Waters of Pampa represented Cities Service.

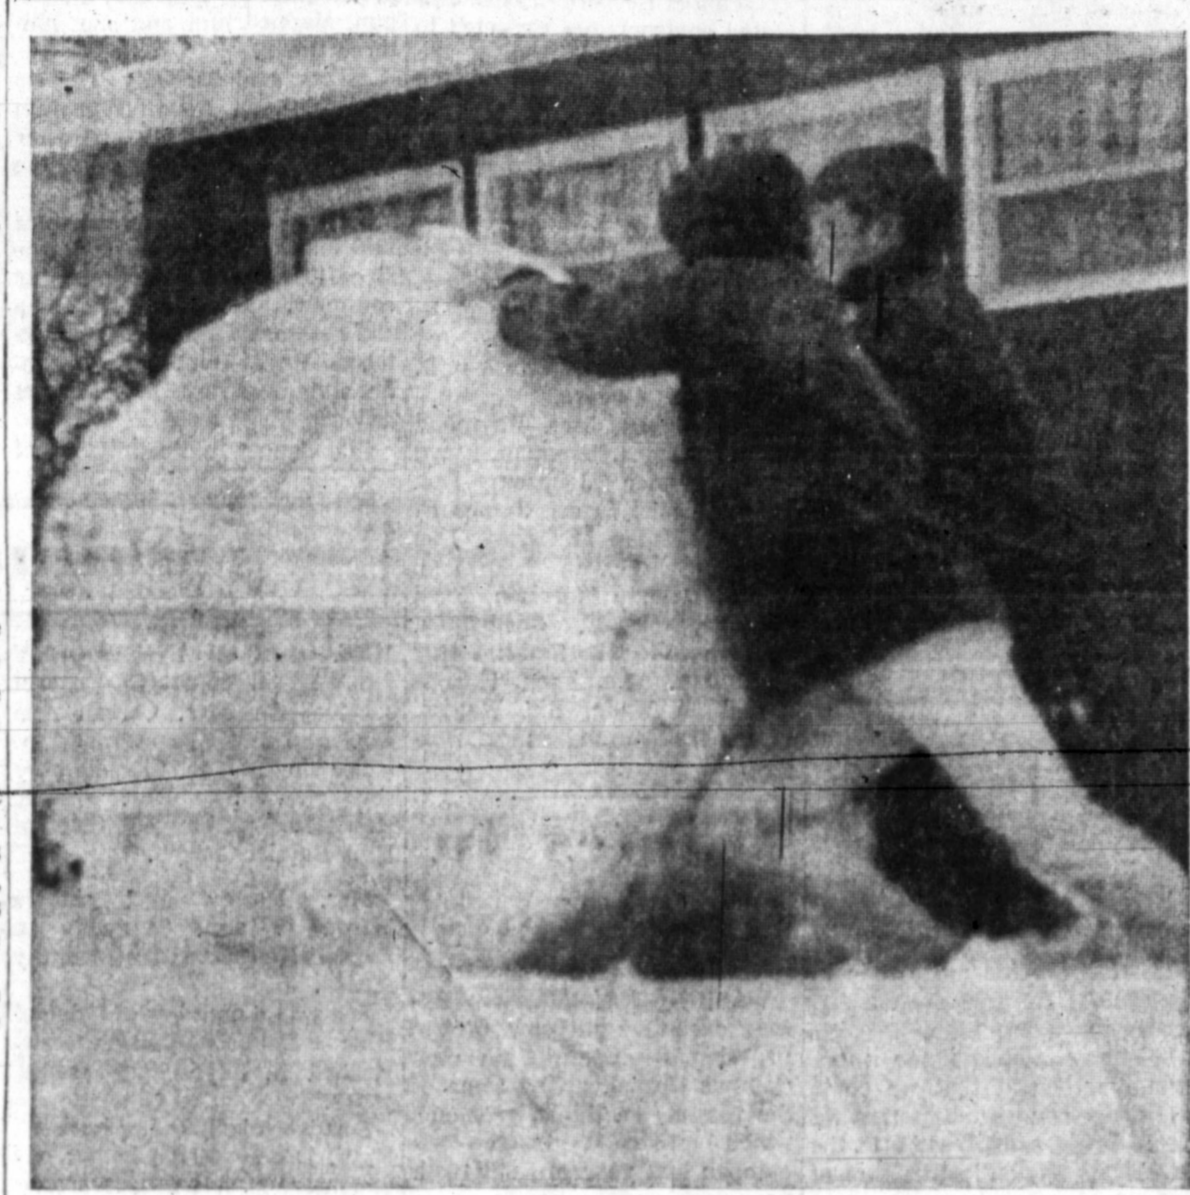

Unemployment In California Over 7 Per Cent

CORONA, Calif. (UPI)—Unemployment in California is slightly more than 7 per cent, but the owner of Glen Eden Sun Club near here is having difficulty finding someone to run a snack bar which grosses \$20,000 a year.

Owner Ray Connatt said, "We have had any number of inquiries and two or three men came out who knew the restaurant business."

"They appeared interested and were going to go back to get their wives. They never showed up again," he said. The club is a nudist colony and snack bar customers are, of course, bare

GM, UAW Agreement Now Subject To Local Approval

DETROIT (UPI)—With the General Motors-United Auto Workers agreement now subject to ratification by union locals, it seemed likely today full settlement of contracts with the automotive "Big Three" won't come until after New Year's Day.

UAW President Leonard Woodcock made it clear Thursday he has no plans to take the package, tentatively agreed upon Wednesday and recommended for ratification Thursday, to Ford Motor Co. and Chrysler Corp.—until after it is ratified by GM workers.

The union's 350-member GM Council followed Woodcock's recommendation and approved the new pact on a four-to-one show-of-hands vote, although he said it fell short of his expectations.

January Deadline Seen
The vote was the first step necessary in the union's process leading to ratification by the 375,000 UAW members at GM who have now been off the job 60 days. The rank-and-file members will begin balloting next week with a deadline set for Nov. 20.

As it did when GM was the strike target, the union will set a strike deadline for the other companies. With Thanksgiving ahead and two weeks of bargaining time usually allowed before setting a strike deadline, that deadline either would have to be around Dec. 15 or after the beginning of the new year.

formula, there will be no limit on how high the increases could go. The first adjustment will be made on Dec. 6, 1971, and then on a quarterly basis after that.

Employees with 30-years' service will be able to retire at age 58 with a \$500-a-month pension after Oct. 1, 1971. The

Woman Bursts Into Tears After Probated Sentence
HOUSTON (UPI)—Mary Elizabeth Clodfelter burst into tears, hugged her screaming children and rushed to the jury box to embrace two women among the jurors who sentenced her Thursday to 10 years probation for hiring a gunman to kill her husband.

"I just thank God," the 41-year-old mother of three sobbed. "I thank the jurors for being so understanding and giving me this chance. I can't find the words right now."

A few hours earlier, the jury found Mrs. Clodfelter guilty of hiring Wesley Leon Colbert to kill her husband, Anthony Wayne Clodfelter, 47. Clodfelter was shot through the head Jan. 8 in his used car lot office shortly after his wife called and pleaded with him to come home because his life was in danger. He laughed the warning off.

pension will be reduced 5 per cent for each year below age 58. Effective Oct. 1, 1972, workers with 30 years' service will be able to retire at 56 with a \$500-a-month pension, reduced by 8 per cent for each year below 56.

Commissioners also approved Gray County Sheriff Rufe Jordan's request for a teletype typewriter as a communication link with the Austin Crime Bureau. The teletype typewriter would be shared with the City Police Department, with the rental fee expense distributed equally between the city and county.

Jordan also said a county jail inspector visited here in mid-October and determined the county jail met most of the standards, but the inspector recommended the cells be made larger and that mental patients and first time offenders be segregated from convicted criminals.

There will be no dress code in effect at the County Court House following an expression of opinion from the four County commissioners, who decreed feminine county employees will be allowed to wear pant suits if they so desire.

Charlie Thut, county clerk, and Ola Gregory Cobery, county treasurer, both asked for audit of books before they leave office. The request was approved and granted by the commissioners.

Gray County Okays Phase 2 Airport Changes

Phase two improvements at Perry Lefors Airfield, approved in a \$300,000 bond election by Pampa voters Nov. 13, 1967, were approved by Gray County Commissioners today. County Engineer Gene Barber was instructed to proceed with the necessary arrangements.

County Judge Sherman Lenning Jr. said \$300,000 remained in the fund for improvements. Barber was instructed to make application to the Texas Aeronautical Commission and the Federal Aviation Agency in Albuquerque, N.M., for matching funds.

Barber said plans called for lengthening the northeast-southwest runway to 4,500 feet long and 75 feet wide with the necessary markings and drainage.

This will provide a crosswind runway for the safety convenience of planes landing here," he said. Approval of application for funds from the two participating agencies TAC and FAA, will bring the total funds available to about \$110,000.

Ralph Prock, president of the Airport Board, and FAA representative Jim Biscamp of Albuquerque, gave their approval to the proposals. Tabled for later discussion were appointments to the airport board to fill vacancies caused by the resignation of Gordon Lyons and expiration of term of Ray Chastain.

Also tabled was a motion by outgoing commissioner Vernon Watkins that tenure or over tenure county employees be given a three weeks vacation since there are no pay raises possible. Watkins said this motion is for employees of 10 years or longer.

Three weeks should be given during the time of year when it would not be necessary to hire part time employees to fill the vacation vacancies," he said.

Establishment Of Ties With Cuba Hits OAS

SANTIAGO, Chile (UPI) Marxist President Salvador Allende announced establishment of full relations with Havana Thursday night, breaking an Organization of American States (OAS) quarantine of Cuba.

In a national television broadcast on his ninth day in office, Allende said Chile was re-establishing diplomatic, commercial and cultural relations with the Fidel Castro regime. He said the OAS sanctions were illegal and unjust.

Among the OAS states, only Mexico and Jamaica previously recognized Cuba. Mexico never complied with the quarantine and Jamaica had established the relations before becoming an OAS member.

The military governments of Peru and Bolivia have hinted they are considering ties with Cuba, but have not acted. Venezuela has also indicated it might take such a step but would do so only after consultations within the OAS.

Allende also has promised prompt establishment of relations with Communist China, North Vietnam, North Korea and East Germany.

Allende's announcement fulfilled a pledge he made while campaigning for the presidency. He said details were worked out by Foreign Minister Clodomiro Almeyda of Chile and Cuban Economy Minister Carlos Rafael Rodriguez, who headed the Cuban delegation to Allende's inauguration Nov. 3.

"Upon establishing normal relations with Cuba, the government of Chile does not ignore its obligations under international and regional treaties which it proposes to respect, carefully," Allende said.

He said, however, the OAS sanctions against Cuba were "without juridical and moral foundation" because they were not authorized under the Inter-American Mutual Defense Treaty nor approved by the U.N. Security Council.

DETROIT (UPI)—A 1,500-year-old rule that priests of the Roman Catholic church must remain unmarried has come under new attack as nearly half of all diocesan priests in Michigan went on record in favor of ending "mandatory celibacy" in the church.

Of the 1,545 priests in Michigan's five Roman Catholic dioceses, 972 responded to questions submitted by an ad hoc group of 10 priests.

Asked, "Do you believe the church should continue the law of mandatory celibacy" nearly two-thirds—625—answered no, 333 said yes and 14 had no response.

The survey was taken in August and released Thursday.

Agnew Says GOP Undersold Its Campaign

WASHINGTON (UPI)—In a major assessment of GOP strategy, Vice President Spiro T. Agnew has strongly endorsed the much-criticized campaign waged by the Republicans in the midterm elections.

"Where it fell short of our hopes," Agnew said, "I concede only that we understand our message, for it was a good message for Americans and the right message for America."

In his first speech since the balloting, Agnew told a fundraising dinner in his honor Thursday night that he rejected the idea the GOP campaign should have been conducted only around the sterling qualities of our candidates.

"Well, that kind of noncampaign, in the face of such a dismal record, has never been before waged in America," the vice president said. "Those who urge it upon the Republican party are no friends of ours, and assuredly they are not friends of our President."

The \$150 a plate dinner drew many Republican luminaries, including Mrs. Dwight D. Eisenhower, eight cabinet members, and Mrs. Martha Mitchell, who introduced Agnew.

President Nixon, returning from Paris, sent a telegram lauding Agnew as "one of the most able and dedicated Republican leaders I have ever known."

Agnew said the GOP "made political water run uphill" in the off-year elections and added "no thinking Republican should let professional detractors in or out of office brainwash him into thinking otherwise."

Snow Cancels Football Contest

The seventh grade football contest scheduled for tomorrow afternoon at 2:00 p.m. has been canceled due to the inclement weather.

Rescheduling plans will be announced at a later date. The Harvester-Sandie Game will be played tonight come snow or high water.

Boy With Many 13 Goes To School As Usual Friday

SAN ANTONIO, Tex. (UPI)—The mother of Milton James Jr. says she is going to send her son to school as usual Friday in spite of her superstitions.

Young James will be 13 years old that day—Friday the 13th, has home room number 13 at Pat Neff Junior High School, travels 13 miles one way to school, has file No. 13 in his English class and has 13 letters in his name.

Although he broke an arm in elementary school football and often banged into walls before he got glasses (none of these on Friday the 13th) young James isn't superstitious and doesn't think he'll have any problems Friday.

That is, unless our English teacher calls on me to tell about Friday the 13th, its origins, etc." he said. "I'll be in trouble if she does."

U.S. Hijacker Sentenced In Rome For 6 Offenses

ROME (UPI)—Raffaele Minichiello, pictured by his lawyers as a modern day Don Quixote and called a "good boy" even by the prosecution, was sentenced Wednesday to seven and a half years in prison on charges arising from the world's longest airline hijacking. He could, however, be free in little more than two years. A three-man Italian court sentenced Minichiello for six offenses, ranging from kidnapping to illegal possession of arms, that he committed after landing in Rome a year ago in the Trans World Airways airliner he had hijacked from Los Angeles. The Italian-born, former Seattle resident took an Italian police official hostage in an attempt to escape after landing. He was not tried for the actual hijacking. The court's sentence was a year and one month longer than that requested by the prosecution, but he was given credit for the year already spent in prison and two more years were subtracted for "extenuating circumstances."

Testimony In My Lai Trial To Be Resumed

FT. HOOD, Tex. (UPI)—Defense testimony in the My Lai trial of S. Sgt. David Mitchell is scheduled to resume Monday after a 25-day recess to allow the Louisiana soldier's top defense attorney to recuperate, after he collapsed from exhaustion. The attorney, colorful Baton Rouge criminal lawyer Ossie Brown, is expected to open Mitchell's defense by attacking the validity of two prosecution witnesses who testified against Mitchell. Mitchell, 30, is charged with assault with intent to murder 30 Vietnamese civilians "more or less" at a ditch in My Lai village as his America division unit swept through the area on March 16, 1968. The key figure in the alleged massacre—Lt. William Calley—may be subpoenaed to testify in Mitchell's defense even though Calley is scheduled to go on trial Mon. at Ft. Benning, Ga., on charges of murdering 102 Vietnamese nationals at My Lai.

Soviet Author Gets 3 Years For Book

MOSCOW (UPI)—Andrei Amalrik was convicted Thursday of slandering the state in his book "Will The Soviet Union Survive Until 1984?" and sentenced to three years in a labor camp, friends reported. In his book, which was published in the West, Amalrik predicted war with China that would lead to the collapse of the Soviet state. He said the Soviet Union already is "distinguishing itself and disintegrating like sour dough," and said that sometime between 1980 and 1984 it would explode in "anarchy, violence and intense national hatred." The sources said Amalrik, 31, was convicted by a court in Sverdlovsk of "preparing and disseminating falsehoods derogatory to the state" and specified that he kept under a "stern regime" during his detention.

The Lighter Side

By DICK WEST
WASHINGTON (UPI)—A book purporting to cast new light on the 1937 disappearance of Amelia Earhart has been greeted with a certain amount of skepticism, but it sounds perfectly plausible to me.

The authors, two former Air Force officers, report that Miss Earhart was captured by the Japanese while on a spy mission for President Franklin D. Roosevelt, was held prisoner in the Imperial Palace in Tokyo for eight years and then was released in 1945 as part of a secret deal with Emperor Hirohito.

So what else is new?

This version comes as no great surprise to me because it ties right in with a theory of mine concerning another vanishing act—namely, the disappearance of Judge Crater.

Two Stories Fit Together

Indeed, I am now convinced there was a direct connection between the famed aviatrix and the New York Supreme Court dropout. Consider these facts: Judge Crater was last seen on the evening of Aug. 6, 1930, getting into a taxicab in midtown Manhattan. Although

New York cab service is notoriously bad at times, it is generally conceded that even allowing for extraordinarily heavy traffic Judge Crater should have reached his destination by now.

(If, of course, he had boarded the Long Island Railroad, it would be taken for granted that he was still en route.)

In the absence of evidence to the contrary, it may be assumed that the judge deliberately stepped into oblivion. And since there was no apparent reason for such action, it may further be assumed that he was beginning some sort of secret mission.

Inevitable Conclusion

Here the water gets a bit murky. But bear in mind that Crater had been appointed to the court by Franklin Roosevelt, then governor of New York.

Also bear in mind that Roosevelt previously had served as assistant secretary of the navy. And further bear in mind that Japan bombed the Navy at Pearl Harbor.

Fitting these pieces together, we are led to conjecture that the Navy arranged through Roosevelt to send Judge Crater on a secret mission to Japan. Subsequently, the Japanese got wise and incarcerated him.

Roosevelt, by this time in the White House, then assigned Miss Earhart to try to find out what happened to Judge Crater. It's a wonder somebody didn't figure all of this out sooner.

Freshmen Solons Urged To Vote On Tax Bill

AUSTIN, Tex. (UPI)—Freshmen legislators were warned Thurs. that they will have to vote on a tax bill and put themselves on record on a number of other controversial issues during the 1971 legislative session.

Twenty-five of the new house members and one of the three incoming senators attended an orientation session on state government and legislative activities at the capitol.

Heads of state agencies laid out the major problems lawmakers will be facing—revision of the criminal code, welfare crisis, redistricting, liquor by the drink and taxes.

"Let me assure you that the way things stand now there will be some kind of tax bill," Tom Keel, director of the Legislative Budget Board, told the new members.

Dear Abby

Van Gorp

DEAR ABBY: When my husband and I were married in 1930, my parents couldn't afford to give us a wedding present...

DEAR ABBY: I know exactly what "TIRED" is trying to say because I have the same kind of husband...

A few days ago a youth came to my home and my husband, without realizing the history of that tea table, sold it for five dollars to the boy who then sold it to the wife of a Navy recruiter...

For years I have tried, without success, to teach my husband to be a little more considerate, subtle tender and patient...

I am bursting with affection. I kiss the kids, the dog, and the cat. I even kiss the parakeet. But not my husband, because he doesn't give me a chance.

FRUSTRATED IN SAN JOSE

DEAR ABBY: Please give "TIRED" a message for me! Women make a big mistake when they allow themselves to be trapped by routine...

DEAR MINNESOTAN: No, I don't know anyone else who could. It's hard to believe there are such people in the world.

DEAR ABBY: I think the help "TIRED" cure her overly amorous husband. Every time he gets lovey-dovey, go right along with his suggestion and ask for more...

My first wife had to have everything just so. First she'd put her hair up. Then she'd take off her makeup. Then she'd check the doors and windows...

Church Unit Has Biblical Study

The Zelma Northcutt Bible Study Group of the First Baptist Church met Wednesday in the home of Mrs. John Gikas...

The group voted to send a donation for Thanksgiving to Zelma Northcutt, whose husband is pastor of the First Baptist Church, Shelby, Mont.

Announcement was also made concerning the Week of Prayer, which will be Nov. 29-Dec. 6. Members attending were Mrs. Orval Batson, Reggie Brown, John Gikas, Lizzie Henry, Ed Langford, Rupert Orr and Hugh Shotwell.

Life Expectancy Of Britons Has Risen

LONDON (UPI)—Figures released today by the Registrar-General show life expectancy at birth has risen to 68.7 years for British men and 74.9 for women.

These are increases of 7 years for men and 1.2 years for women compared with 10 years ago, a quarterly report said.

Decorative Sheets Lead Several Useful Lives

Sheets are no longer a sleepytime matter. In brilliant tones, sophisticated all-over designs and kingly sizes, they are being stitched into curtains, tablecloths and other decorative accessories...

HERE'S ONE-ROOM living on a tight decorative budget. Burlington's Caper sheets are used for fabric furnishings, including the cabinet interiors for hideaway beds...

Did you ever think of using a sheet over, instead of under, the bedclothes? Make a dust ruffle by splitting two sheets lengthwise and gathering to the right size onto a piece of sheeting cut to fit under the mattress...

The new no-iron sheets are great for table coverings, too. A double sheet will cover a small, round, bedside table 27 inches high and 26 inches in diameter...

In the room shown the sheeting fabric was used to line the interiors of the cabinets which hide the foldaway beds, as well as on the table, on the beds and at the windows. Sheeting also may be stapled or glued directly onto wood...

The cabinet housing the hideaway beds is set up for stereo, television, books, accessories and miscellaneous storage behind color-mated drawers and bins. It all adds up to a highly decorative, inexpensive formula for one-room living.

NEWPORT, R.I. (UPI)—Four Newport County communities and the Newport Naval Base had a power failure Monday on the fifth anniversary of the great northeast blackout.

NEWPORT, R.I. (UPI)—Four Newport County communities and the Newport Naval Base had a power failure Monday on the fifth anniversary of the great northeast blackout.

For a added overnight protection, try a moisture cream, a highly concentrated combination of rich emollients and natural moisturizers. Aging skins, in particular, will find that a moisture cream smoothes away facial dryness and wrinkles.

Clean the skin well at bedtime and then apply the cream to face and throat, using gentle upward strokes. Smooth upward across the forehead and around the eyes.

Both cream and lotion products should be used daily—the only efficient, easy-to-use safeguard against natural and artificial drying of the delicate facial skin.

A moisturizer should always be used the year around because a woman's skin can never have too much protection.

Teenage Drivers Take Lead In Nation's Car Ownership

NEW YORK (UPI)—Increasingly the person behind the wheel is the teen-ager.

Safety officials estimate that 20 per cent of the nation's drivers are in the teen bracket. They predict that by 1975, over two million high school students will own cars.

All of which brings up the matter of safety and who is the better driver, the boy or the girl? One automotive concern set out to find the answer with questionnaires to 2,335 driving instructors in 600 high schools across the nation.

Fifty-two per cent gave the safety nod to the boys, 48 per cent to the girls. That accolade for the woman driver growing up ought to put to rest future gags about dames behind the wheel.

The boys start out ahead of the girls because they become interested in a car at an earlier age, the instructors agreed.

Boys have more opportunity than girls to learn the fundamentals before they are enrolled in driver education courses. Many male students tended to be more mechanically minded than the girls.

But the study, conducted by the Chrysler Corporation, showed why the girls' advantage is fading. They take their lessons much more seriously than the boys; they seem to be eager to learn, they apply themselves more to learning skills.

In all, the instructors reported both sexes take the courses seriously. One instructor observed, however, that the teenage ego is around. "We watch for overconfidence, the cocksureness, the I-know-it-all boast to assert itself," he said.

"And when it does ... we try to nip it in the bud, to put a brake to it, so to speak, at the very start. Fortunately, these students are in a small minority."

In general, the report continues, highway safety authorities

ties, police officials, lawmakers, insurance companies and motor vehicle bureaus estimate that of those taking driver education courses, upwards of 60 per cent have fewer violations and that 30 per cent have fewer accidents than those who have not had formal instruction.

Another objective of the automotive survey was to find what measures could be instituted to improve student driving. Sixty-seven per cent of the instructors suggested stricter law enforcement. Some recommended that teen-agers be treated as adults in traffic court.

A third of the instructors advocated stricter fines and a little more than 50 per cent stressed that laws regarding revocation or suspension of licenses be made more severe.

Another objective of the automotive survey was to find what measures could be instituted to improve student driving.

Church Of Christ, Scientist

Peace and love are actually available to everyone. This is a theme of the Lesson-Sermon. "Mortals and Immortals" to be read Sunday at Christian Science churches. "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new," the Golden Text from II Corinthians states. One of the passages to be read from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "This scientific sense of being, forsaking matter for Spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought and action, a more expansive love, a higher and more permanent peace."

Zion Lutheran Church

Sunday will be observed as Commitment Sunday at Zion Lutheran Church. Each communicant member is asked, during the service, to make a definite commitment of the time, ability and money entrusted to him (her) by God. The Pastor of Zion Lutheran Church, the Rev. Melvin G. Herring, will deliver the commitment sermon, "A Tangible Religion". Holy Communion will also be celebrated in the Worship Service. The Loyalty Callers will meet at 6:30 p.m. for a brief training session before making calls on members who are not present for the morning Commitment Service.

First Christian Church

Rev. Ralph T. Palmer will deliver the morning message for Worship at 10:50 a.m. Sunday. He has chosen for his Sermon Topic "Our Top O' Texas Church" with scriptures selections from John 15:1-17. The choir under the direction of Miss Rosemary Lawlor and accompanied by Mrs. John Gill will present the Anthem. The Snack Supper will begin at 5:30 p.m. Sunday followed by the Youth Groups at 6 p.m. Wednesday, 9:30 a.m. will be the Monthly General for our Christian Women's Fellowship. All ladies of the Church are invited to attend. Mrs. J. Stanley Hill, president, will preside. The Elders of the Church, E. E. Shutz, Chairman, will meet at 8 p.m. in the Church Library.

Central Baptist Church

Members of the Central Baptist Church are expected to gather more than 600 in attendance Sunday morning to hear their pastor, Bryan G. Halliburton. He will use the subject, "Let's Demonstrate." The choir under the direction of S. L. Tate will present "All Hail The Power". Mrs. LaWayne Hogan will sing a solo. "I Will Pilot Thee" as the special music. Mr. Tate recently became the music and education director of the Central Baptist Church. He was formerly with the Sherwood Baptist Church in Odessa. During the evening service, which begins at 7 p.m., the church will hear their pastor speak on the subject, "Compromise With Circumstances". The choir will sing a choral arrangement and a solo will be presented by Mr. Tate. One of the activities of the week will be an ice skating party for the youth of the church. They will leave the church at 6:00 p.m. on Tuesday to go to the Civic Center in Amarillo where they will enjoy a fine evening of recreation.

First Baptist Church

The First Baptist Church begins its six-day revival this Sunday. The pastor, Dan B. Cameron, will be the preacher and Homer Tankersley will be the singer. Rev. Cameron will preach on "The Second Coming of Christ" the entire week of revival beginning with the eleven o'clock morning worship Sunday, the seven o'clock evening worship, and nightly at 7:30. Mr. Tankersley, who is a resident in Dallas and resides with his family in Clovis, N.M. He has been a performer on radio and television, and now operates a unique men's clothing store in Clovis and is also the minister of music for the Central Baptist Church. He has made a number of recordings and presently records for the Beam Record Company. Visitation for the revival will be each day prior to the services. The Wednesday evening fellowship supper is from 5:30 to 6:15, and the regular 7 p.m. activities follow: the Sunday School Departmental meetings, Mission's Friends, and choir rehearsals, and then at 7:30 the revival service.

First Presbyterian Church

"Many Adversaries" is the sermon topic for Rev. Martin Hager, First Presbyterian Church pastor, at both the 8:30 and 11 a.m. worship services this Sunday. Rev. Hager will use I Corinthians 16:1-9 as his "Neumark" Hymnal No. 344" by text. Ruling Elder Lewis Hackley will serve as the pulpit assistant for both worship services. This Sunday is Stewardship Sunday. Donnie Jones, Church organist, will present for the Voluntary, "Voluntary on 'Neumark' Hymnal No. 344" by Young, The Sanctuary Choir, under the direction of Mrs. Carol Mackey will sing the Anthem, "O God Our Help in Ages Past". The Senior High Fellowship will meet in the auditorium of the Church for the 4 p.m. meeting of the Crisis Intervention Program for Pampa.

First Church Of Nazarene

Dr. Charles Strickland of Colorado Springs, Colo., will be guest pastor in weekend revival services at Church of the Nazarene. He will speak at 7:30 p.m. tonight and in both of the services Sunday. Nursery facilities will be provided at all services. Monday evening Rev. Warren Rogers of Highland Calif., will be guest speaker at 7:30 p.m. The international evangelist from Detroit sings, preaches, plays musical instruments and sings duets with himself. Rev. Rogers is well known in the Church of the Nazarene. For over a quarter of a century, he has appeared in camp meetings and revivals in all parts of the nation.

PEACE WITHIN
During the first World War some soldiers found in a house that was torn to pieces by shell-fire, a caged canary. Pinned to the cage was a note: "Please take care of the bird." One of the soldiers, writing home, said, "The last time we went into the trenches the little canary was almost black with smoke from the bursting shells, but it seemed as cheerful as ever. It's quite happy and sings beautifully."
Paul and Silas lay in a Roman dungeon, their feet fastened in stocks, their backs sore and bleeding from the stripes given by the Roman soldiers; but in the midnight of their trouble, in the blackness of the prison in the hour of physical helplessness pain, they were heard to pray and to sing. The prisoners heard them. Never beforehand those gloomy walls echoed to a divine song. But now things were changed. The peace of God rose above all earthly circumstances — conqueror over some of the hardest experiences in human life.
At the midnight hour, on that last night of freedom, the Man whom the world had already destined to die, could turn in the blackness and say, "Peace I leave with you, my peace I give unto you."
This was a divine legacy — better than millions in gold and silver, better than the world's fame and renown; better than all its jeweled crowns and royal mansions! It was something the world cannot give — something it cannot take away.
Let no circumstance rob you of the peace bestowed in the divine legacy.
"The Lord bless thee, and keep thee; the Lord make to shine upon thee, and be gracious unto thee: The Lord lift up his face up his countenance upon thee, and give thee peace." Numbers 6:24-25.

LIVING THE PAST, PRESENT AND FUTURE is the goal of social studies teachers for students participating in Baker Elementary School's Environmental Lab, the first of its kind in the Pampa school system. Students using the student-research center room are LaPrinia Richardson, who works on a chart of five major Eras of Time; Debbie Moore, studying costumes of American Indians; Terry Green, sitting before palm trees and a lighted, simulated campus for his lesson on nomadic desert tribes, and Glen Black, completing a chart of early marine life. (Staff Photo)

Social Studies Become Living Experience In Baker School

By WANDA MAE HUFF
N. J. SMITH

Children participating in Baker Elementary School's Environmental Lab have no traditional student desks, but learn their Social Studies lessons sitting on mats under palm trees or around a make-believe campfire.

"Environment has to be created for children to live knowledge. In the environmental lab, we combine the children's natural curiosity with all disciplines of social study and don't use the one textbook approach. As the subject changes, we constantly change the atmosphere of the room to have the lab environment fit the current subject matter," Jerry Cronister, elementary education coordinator, said.

The lab is available to all students of Baker School and to students from other Pampa schools on a shared basis. Social studies teachers who use the lab are not confined to traditional teaching methods, or to the formal atmosphere of a traditional classroom.

The room lends itself to the inquiry approach to education in which teachers work toward teaching children to form their

own questions on the subject, and to seek their own answers with research charts, maps, books and teacher guidance, he said.

"We use films, discussions, records, tape sessions, overhead projectors, maps, newspapers, globes, and student-teacher collections for class lessons, but we teach with an informal, student-research centered approach," Mrs. Vera Eubanks, a Baker School intermediate teacher said.

"If we're studying about early American Indians, or nomadic European desert tribes who didn't use chairs and desks, we sit on the floor or on mats like they did," she said.

Visitors to the environmental lab this week may see children sitting on mats around a campfire in front of palm trees studying life of the nomadic Arabians, or other children drawing pictures of prehistoric animals on charts and recording data on the five geological eras and their dominant life forms. Other children may be sitting on a large floor map of the United States placing replicas of Indian homes and artifacts on the areas where those Indians lived, and another group may be examining fossilized rock from an earlier age when men lived in caves.

"In studying a particular

subject like early man, the children assume the identity of various early groups, acting out their ways of finding fire, and cooking food by fire for the first time. By actually living the parts of their lessons in anthropology, the children get the feeling of how prehistoric man actually lived," Cronister said.

"Just reading about the pyramids of Egypt, wagon trains crossing Pikes Peak, or the history of the Leaning Tower of Pisa, and gondolas in canals of Venice are not enough. You have to create the environment of the place and time for children to really live that time in history," he said.

Other environmental labs of different types are located at Carver Center and Wilson Elementary School; and others may be created when space is available in other Pampa elementary schools, Cronister said.

Wall Street Chatter

NEW YORK (UPI)—The market is in a good technical position to extend the advance sparked by the tentative settlement of the auto strike and the cut in the Federal Reserve Board, discount rate, according to E. F. Hutton & Co. The company said "the rally is not a flash in the pan because the market has been groping for good news all along."

Walston & Co., assessing the market's initial surge Wednesday, said it was an emotional rally and, lacking strong follow-through at the close, could attract profit taking in the next day or so and possibly kill off a chance for the Dow Jones industrial average to launch a successful drive to the 800 area.

Standard & Poor's said the market probably will lean to the plus side over the near term because "in view of what we have seen recently the G.M. settlement could lead to an improvement in business in the first half."

BUOT-IN AERIAL

BOURNEMOUTH, England (UPI)—Police called to a laundromat to investigate reports of "voices" coming from a washing machine found that they were actually police radio calls. Engineers said the machine's copper bowl was acting as an aerial.

Campus Report Will Serve As Guideline For Higher Education

WASHINGTON (UPI)—HEW Secretary Elliot L. Richardson says the report of the President's Commission on Campus Unrest will serve as a guideline for new federal involvement in higher education. It was the first favorable comment on the report from the Nixon administration.

U.S. Casualties In Vietnam Drop To Lowest Level

SAIGON (UPI)—American battlefield casualties dropped last week to the lowest level in more than five years, the U.S. command announced Thursday. A spokesman said 31 servicemen were killed in action and 104 wounded for a total of 135 battlefield casualties in the seven days that ended last Saturday.

It was the lowest casualty toll in a single week since Oct. 23, 1965, when 84 American troops were killed or wounded.

The latest report brought the total U.S. war dead in Vietnam to 43,959 and the wounded to 291,559. The first casualties were in 1961.

called the report "fair on balance ... valuable and useful."

Other administration-connected officials, including Vice President Spiro T. Agnew, have criticized the report, and President Nixon has said nothing about it.

The report blamed both students and peace-keep authorities for violence on college campuses, and called for a national campus cease-fire. Its most controversial recommendation was that Nixon should take the lead in restoring peace to the campus.

But Richardson concentrated his remarks Wednesday on the less noticed sections of the report dealing with educational reforms.

"The decline of teaching, the growth of the multiversity and the loss of mission (in higher education) which the Scranton Commission describes are out-

standing examples of the unintended consequences of federal involvement," said the secretary of health, education and welfare.

"When we consider the issues of new forms of federal support in the months ahead, we must study these sessions very carefully," he said.

Richardson said "the commission, named for its chairman, former Pennsylvania Gov. William Scranton, and "eloquently discussed the challenge of higher education reforms."

"The conclusions and suggestions of the commission have received my closest scrutiny and will continue to be reviewed at the highest levels of government," he said.

Richardson made his remarks at the closing session of a three-day convention of the National Association of State Universities and Landgrant Colleges.

PAMPA DAILY NEWS

PAMPA, TEXAS 63rd Year Friday, November 13, 1970

JEANE DIXON

Your Horoscope

FOR SATURDAY NOV. 14, 1970
Your birthday Saturday, Recognition in your particular field may come this year. You have many factors from outside converging to help your struggle for improvement. Self-promotion should be a part of your daily effort, with the goal of increasing your position. Emotional life promises many bright moments. Saturday's natives for all their impulsive, restless, nature, do love their homes. Many are poets, painters, astrologers. ARIES (March 21-April 19): This is an intellectual day of fresh ideas. Relatives can be dealt with readily at the moment. New acquaintances are interesting, probably predatory. An extra effort makes a disproportionately large impact. Taurus (April 20-May 20): Personal ideas are strongly favored. GEMINI (May 21-June 20): Your interest in mental energy generates curiosity, perhaps a restless urge to move on to greener pastures. The evening brings romantic interest. CANCER (June 21-July 21): Whatever you do not quite understand is now open to you investigation. Confidential matters should move with dispatch out of public view. New ideas need further work. LEO (July 22-Aug. 22): Make a count of those favorably disposed to your plans. A search for new ideas, fresh contacts makes possible a long step toward fulfillment. VIRGO (Aug. 23-Sept. 23): There should be some way for you to improve your status. Saturn's original methods at work are tested and more than likely turn out rather well. LIBRA (Sept. 24-Oct. 23): Look for better information early in the day. Revise details of personal plans; something you skipped over in the past now needs attention. Career efforts are productive. SCORPIO (Oct. 24-Nov. 21): You are much freer to act without having to persuade people that you are justified. Seek hidden assets, unused talents. Think of possible changes of direction. SAGITTARIUS (Nov. 22-Dec. 21): Teamwork easier is Saturday. Make full use of it in both work and play. You stand to learn something important from close co-operation with your friends. CAPRICORN (Dec. 22-Jan. 19): Get an early start on week-end chores. Attend any health care matter. Invest some time in your favorite hobbies, adding a new factor. AQUARIUS (Jan. 20-Feb. 18): Personal plans advance well. People and conditions are quite reliable. Experiments work out differently than expected, so you have a new angle to try. PISCES (Feb. 19-March 20): Take a good look at your home. Reflect on what might increase its value or its usefulness. Get busy and do what you can; make plans for later efforts.

Angela Davis Indicted On Three Counts

SAN RAFAEL, Calif. (UPI)—Marin County grand jurors returned murder, kidnaping and conspiracy indictments Tuesday against black militant Angela Davis and a convict involved in a courtroom escape attempt that cost four lives.
The indictment declared that Rouchell Magee, 31, a San Quentin prison convict, fired the shotgun blast that killed Superior Court Judge Harold Haley, 65, on Aug. 7 and that the conspiracy was aimed at freeing three convicts charged with murdering a white guard.
Miss Davis, admitted Communist and onetime UCLA faculty member, was captured by FBI agents in New York and is fighting extradition to California.
Both Miss Davis and Jonathan P. Jackson, 17, who smuggled guns into the Hall of Justice, were present in the courtroom the day before the fatal shooting, the indictment declared.
Judge Haley, Jackson, convict John D. McClain, 37, and convict William Christmas, 27, were killed in the unsuccessful escape attempt which started while the judge was trying McClain on a charge of assaulting a San Quentin guard. Christmas and Magee were present as witnesses.
Among witnesses called by grand jurors was Assistant District Attorney Gary W. Thomas, who was shot in the escape attempt and is paralyzed from the waist down.
Testimony was ordered sealed is not to be opened until 10 days after Miss Davis is arraigned.

WORLD ALMANAC FACTS

Today projects are underway to bring back the electric automobile because of increasing air pollution. The World Almanac recalls that the first electric car was built in 1892 by Morrison & Schmidt in Des Moines, Iowa. Powered by 24 storage-battery cells, the four-horsepower car carried 12 people at a speed of 14 miles per hour.

West Texas Striking Out At Bowling Green

CANYON, Tex. — West Texas State University's Buffaloes, their eyes set on rebounding from their first shutout in 33 games, travel to Bowling Green, Ohio, for a Saturday afternoon game against Bowling Green University.

Western Michigan's big and physical Broncos blanked the Buffaloes, 20-0, Saturday afternoon in Buffalo Bowl. It was the first shutout handed to a Joe Kerbel-coached football team since a 40-0 beating by New Mexico State in the 1964 season.

Kerbel's Buffaloes will finish the season without the services of 218-pound junior fullback Ramese Falefine, presently the club's second leading rusher.

Falefine injured his left knee against Western Michigan and underwent an operation Sunday morning. He had carried the ball 131 times for 506 net yards this season and scored six touchdowns.

"We are sad at the loss of

Ram for the year, but we are also pleased that the operation appears to have been highly successful," said Kerbel.

The Buffaloes will carry a 5-3 record into Saturday's clash with Bowling Green, which is suffering through its first losing season since 1954. Bowling Green's Falcons have a 2-5-1 record and are closing their season with Saturday's game.

Rocky Thompson rushed for 74 net yards Saturday and now has 725 yards for the season. He also leads the Buffaloes in scoring with 66 points.

Quarterback Ed Holwig and split end Daryl Wynn entered West Texas State's career leaders in their departments Saturday. Holwig hit on 19 of 37 passes to increase his season's total of 75 completions.

That ties the 6-4, 215-pound sophomore from Highspire, Pa., with Bobby Lane for sixth place among career leaders in passing completions. Lane, who graduated in 1952, had 75 completions in 207 attempts. Royce Hillman, a 1956 graduate, had 97 career completions for fifth place, so Holwig has a shot in the final two games of taking over that slot.

Bowling Green and West Texas were both beaten by 20 points by Western Michigan. The Falcons fell, 23-3, to the Broncos earlier this year.

Time Runs Out Ending Reaper-Rebel Game In 20-20 Deadlock

By STEVE BOHLANDER
News Staff Writer

Robert E. Lee's Rebels failed to score after a 51 yard drive to the Reaper two yard line, ending the annual Reaper-Rebel clash in a 20-20 tie Thursday night in Harvester Stadium.

The Reapers opened the ball game by receiving the kick-off and returning it to their 27 yard line. There on constant running by Terry Moore, Fullback, they picked up the first down on the Reaper 38.

Number 44, Steve Mathis, a Reaper halfback with strong running abilities carried to the 42 before being hit by the strong right half Kelly Newman assisted by Kyrle Ferrell defensive split end for the Rebels, who forced the fumble.

Ed Townsley, Rebel fullback recovered the loose ball giving the Lee team a first and ten on the Reaper 44. Quarterback Chuck Reeves playing the option to its fullest moved the ball to the Reaper 33 with assistance from his Right Halfback Joe Johnson.

Jack King, Rebel back moved on down to the Pampa Junior High 31 on a short gain. From the 31 the pitchout went to Teddy Riddle the Left Halfback.

Riddle went right on the outside sweep and into the end zone giving the Rebels their first score of the contest. Five fifty-six remained in the first quarter when Reeves placed the extra points between the uprights. The Rebels led 7-0.

The Reapers caught the ball on the 27 and in a series of seven plays, six first downs scored in a four yard run by David Nipp, Reaper Fullback, Nipp had rushed for a total of 20 yards in the 73 yard drive with Mathis getting 28 and Toddy Black quarter back for the P.J.H. team gaining 14 on a keeper.

Phil Schaub offensive and defensive tackle for the Reapers tried the extra point with nine fifty-six left in the second half, but to no avail. The kick was off to the right.

The Reapers received a lucky break when the Rebels were unable to control the ball on the kick-off enabling Kim Snell to cover the ball on the Rebel 44.

The Reaper team was thrown for losses by the fired up Rebel defense back to their 43 yard line. A punt was the called play, but a holding penalty against the Rebels brought the ball back to their 28 for a Reaper first down.

Riddle came through for the Rebels with a pass interception on the fifteen bringing the ball

back to the Rebel 21. The Rebels were in control again. The Reapers' defense tightened up and held the Rebels to short gains forcing the punt from their 27. Phil Schaub blocked the attempted punt setting up the second P.J.H. touchdown.

The blocked ball was recovered on the 19 yard line with Moore and Mathis moving the ball to the Rebel one. From the one Nipp went in for his second TD of the evening on a one yard dive.

The Reapers tried for the two point conversion but were caught short of the goal line. The score read Reapers 12-Rebels 7 with 4:46 remaining in the half.

Reeves, showing running excellence along with abundant blocks by the Rebel offense ran 75 yards for a kick-off return touchdown just 13 seconds after the Reaper score. The Rebels moved back into the lead 13-12 after the extra point failed.

P.J.H. started from their 29 and moved to the fifty before losing the ball on a backfield mix-up resulting in a fumble recovery by Newman.

The Rebels revived by their kick-off return and the hapless fumble by the Reapers drove the ball down to the Reaper four from the 49. Three seconds remained in the half when time ran out. The Rebels led 13-12.

The second half started with the Rebels on their 44 moving the ball deep into Reaper country on runs by Johnson, Reeves, Joe Curtis, the left halfback, Riddle, and King. Their desperation drive came to a screaming halt on the Reaper six yard line.

There the Rebels were forced to give the ball up on downs. The Reapers struggled through their four, were thrown for a yard less and managed to move out to the five before being forced to punt the ball away.

The ball was recovered on the Reaper 43 by an inspired Rebel team. Johnson carried to the forty for a three yard gain. King dodged his way to the 35, the hand off went to Curtis down to the 32 where a fourth and inches situation faced the Rebels.

Reeves went up the middle on a keeper spinning his way to the 29 and a first and ten. Two quick penalties brought the ball back to the 29. The first was a holding penalty against the Rebels placing the ball on the 44. The second was a pass interference against the Reapers bringing the ball back to the original line of scrimmage. The only loss to the Rebels was precious time consumed in the two plays.

At the 29 the Rebels lost control of the ball on a fumble by Reeves. The Reapers recovered with twenty-two seconds left in the third quarter.

The fate of fumbles was following closely behind the Reaper line as on the first play they too lost the ball when James Hoskins retrieved for the Rebels giving them the ball with sixteen seconds left in the third quarter.

A first down in two plays brought yet another Rebel drive to life as Reeves took his team to the fifteen setting up another Lee score.

On a pass from the 14-16 the five Newman advanced the Rebels to a shot at pay dirt. Johnson dug in and on a good second effort after breaking two tackles by Moore and Minnick plowed the final five yards for the last Rebel touchdown.

Reeves' kick for the extra point was good giving the Rebels a 20-12 lead.

The Reapers still had holes in their hands as they lost the ball to the Rebels on a fumble recovered by Ed Townsley. The REL team took over on the 45.

Their desperation drive had driven inside the 20 yard line to the Reaper-16. There the drive bogged down giving the Reapers the ball on their 16.

Mathis picked up four yards to the twenty just before Moore plowed the middle for a 39 yard gain. The Reapers were advancing on the Rebel Stronghold.

Picking up two first downs on rushing along with a penalty first given by the Rebels moved the ball to the Rebel six. Moore gained four moving in for the kill down to the two.

Nipp on a delayed handoff for the score with two minutes left to play. The score read 20-18 with the Reapers needing the two point conversion to tie the ballgame.

Nipp on a delayed handoff swung around the right end giving the coaches a bad case of nerves as the score read 20-20.

The final kick off was short with the Rebels almost losing control on their 47. King crossed the 50 to the Reaper 47 with time running short.

The option, which Lee had been using like an old dishrag, moved the ball on a quarterback keeper to the Reaper eleven. Curtis picked up three yards on the hand off and thirty one seconds remained in the game.

Another attempt up the middle brought no gain and used up the time. With about 15 seconds left in the game Reeves kept the ball and gained two more yards down to the Reaper four.

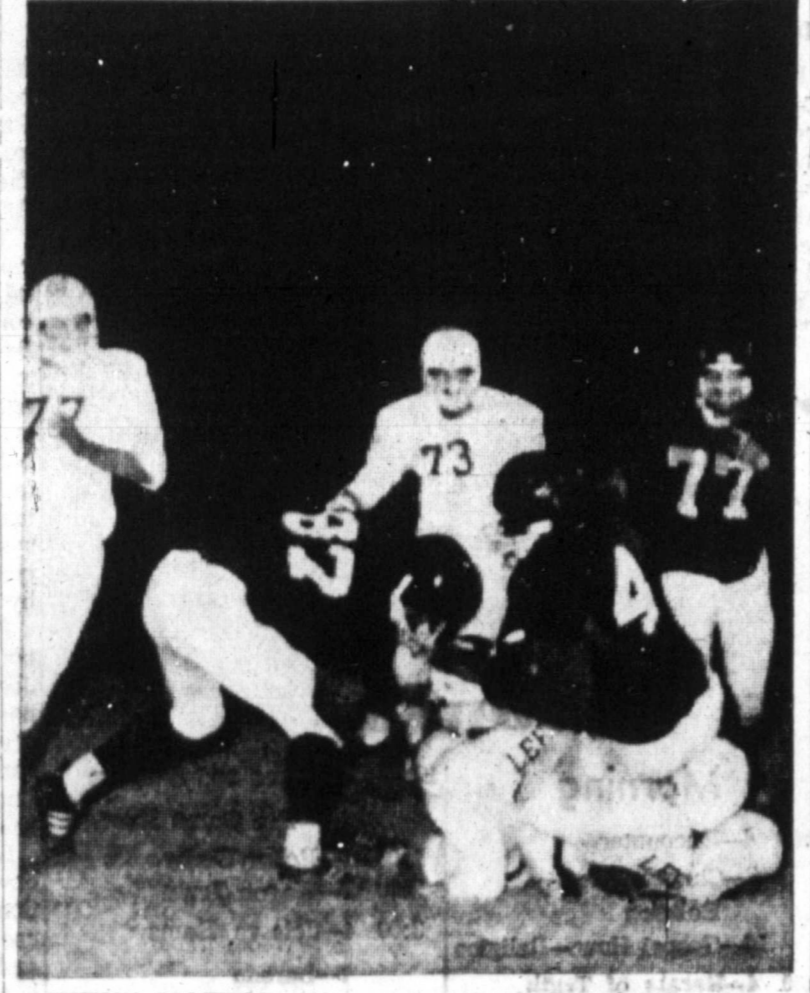

Time outs were gone for the Rebels and the clock kept running. Before the Rebels could gain the final four yards and a touchdown play time ran out. The two teams battling for second place in district had tied 20-20.

SCORE BY QUARTERS

REBELS	7	6	6	7	20
REBELS	7	6	6	7	20

Razorbacks Win

The Robert E. Lee Wolverines defeated the Reaper B-Team Thursday afternoon 8-0 in Harvester Stadium. Rick Jennings scored on a four yard run with John Townsley making the two point conversion.

STEVE MATHIS (44) carries the ball to the five in a third quarter play during the 20-20 Rebel-Reaper game Thursday night. Wayne Bruce (66) makes the tackle as Ricky Thomas (87) rolls in on the block for the Reapers.

Harvester Reflections Into Past... Finds Sweet Memories

The 1970 Pampa Harvester game pits the Harvester against the Amarillo Golden So's. It opens tonight at 7:30 in Harvester Stadium.

Both the Harvester and the Sandies have 6-3 seasons but the Harvester are virtually out of the district race, at 2-2. The right combination of wins and losses this weekend could give the Green and Gold another shot at the district title, but the Harvester will probably have to settle for the role of spoiler to Amarillo High's district hopes.

Regardless of tonight's outcome the 1970 Harvester have achieved the first winning season in 17 long years.

The Harvester were moved up to District 1-AA in 1930. Pampa had a good season that year but lost to the Sandies, 2-0, in mud about four or five inches deep.

The Harvester won 13-6 the next year but that first game set the trend. The Harvester have won only 11 of the 40 encounters since 1930. Amarillo has won 28 and there was one 14-14 tie in 1959.

The next year, 1960, the Harvester were winless in 10 outings. The 1961 game between the Harvester and Sandies was a team that was winless

14-7 lead over Pampa. The Sandies kicked off. Kenny Hebert grabbed the ball on the Pampa 20 yard line and headed for paydirt.

Twisting and dodging like the ghost of Notre Dame, he broke into the clear. He had to outrun two determined Sandies who were on his heels. One could almost hear the sound of his cleats biting into the earth as, with an obvious exertion of every ounce of his energy, he scampered across the goal line for the second Harvester score.

The Harvester lined up to kick the extra point that would tie the game. Hebert turned the amazement of the Pampa fans into hilarious astonishment when, taking the snap from center, he faked a kick, faded back, was almost tripped, started around left, then tossed the ball to Butch Crossland in the end zone for two points and the ball game. There was a moment of breathless silence when Crossland dropped to the ground after catching the ball. The fans were not sure it was a scoring catch until the official hiked the success signal.

There was time left to kick to the Sandies whose determined effort to come back was to no avail. The Harvester had their night of victory and tie

Excitement was high in Pampa on October 13, 1961. The Harvester had lost their regular coach in mid-September so Weldie Price took over as the Pampa head coach.

Pampa didn't even score in the 1961 season until the fourth game of the year when they lost 41-6 to Tascosa. The next game the Green and Gold held the Monterey Plainsmen to 14-0 win. The next game was the Sandie game.

Amarillo was picked to win that game by two or three touchdowns. One Amarillo sportswriter predicted that the game would be the "easiest of the season for the Sandies."

The game started and the Sandies soon found out that the Harvester were no pushovers. Halfback Mike Stewart scored for the home team in the top of the second quarter for the first touchdown of the game. That stirred the stands in Harvester Stadium until they shook—the Harvester had scored against the Sandies!

What a surprise! Kenny Hebert kicked the extra point and the "underdog" Harvester owned a 7-0 lead over their arch-rivals.

Amarillo scored their first with 2:04 left in the game, held

Hooples Own Predictions

MAJOR AMOS B. HOOPLE
Fearless Forecaster
Egad, friends, the schedule this week is loaded with top flight attractions so we had best get right to the selections.
The Ohio State Buckeyes (7-0) and the Michigan Wolverines (6-0) running full tilt on a collision course will tune up for their showdown engagement slated for Nov. 31. By whipping Purdue and Illinois respectively. The talented Buckeyes, who have been winning despite some kaff-kaff, spotty performances, will vanquish the Boiler-makers, 26-12, on the latter's home grounds.
The Michigan lads will have a little easier going as they trounce undermanned Iowa by a 47-0 count. And then it's on to Columbus to settle the Big Ten race and the Rose Bowl representative. But more of that next week!
Another very interesting battle in the Midwest pits invading Georgia Tech (6-2) against undefeated (7-0) Notre Dame. The Irish, whose sterling week-after-week performances entitle them to their No. 1 rating in the country, will maintain their 40-plus points-per-game average as they demolish the 'Ramblin' Wreck, 44-15—unk-umph!
Texas with 27 straight wins and Toledo boasting 20 in a row should add to their strings. The Hoople System sees Texas winning another close Southwest Conference clash, 27-17, over TCU.

Mobeettie Girls Trounce Sweetwater For 43-35 Win

The undefeated Mobeettie Girls added another victory to their win list when they defeated the Sweetwater, Oklahoma, Bulldogs Tuesday. The game was fairly well a toss up after the first half with tie scores showing on the board in both the first and second quarters. Mobeettie gained three points in the third quarter and went on to win the game 43-35.

The Sweetwater boys got revenge on the Mobeettie win however in the second game of the doubleheader with a 45-47 downing of the boys team.

Stan Perry was the high scoring man on Sweetwater's team with a double figure 29. Nelson Medley, a sophomore on Mobeettie's team also scored in the double bracket with a 14. The Mobeettie boys team has not won a game this season.

U.S. Expects Resumption Of Talks As Ceasefire Extended

WASHINGTON (UPI) — With the Middle East ceasefire extended until early February, the Nixon administration is moderately hopeful that peace talks between the Arabs and Israel can be resumed in the not-too-distant future.

Secretary of State William P. Rogers and his top aides are awaiting with interest the major foreign policy statement which Israeli Prime Minister Golda Meir is expected to make in mid-November.

U.S. officials believe they have detected a number of indications which may suggest Israel is softening its earlier demands for a rollback of the Egyptian missiles which were apparently placed west of the Suez Canal in violation of the Mideast ceasefire arrangements.

Rogers returned last Saturday from a brief visit to New York where he met Israeli Foreign Minister Abba Eban and Egyptian Foreign Minister Mahmoud Riad. He said he had "some hope but nothing imminent" that the peace talks can be resumed.

Administration aides were inclined to believe that Israel, having received sizeable military supplies from the United States, is now feeling itself in a strong position, militarily.

Although there may be a shift taking place in the Israeli position, there remains a very considerable problem of how to restore sufficient confidence among Egypt, Jordan and Israel to allow peace talks to resume.

U.S. diplomats believe some kind of new formula must be developed to get the parties talking once again. But so far, no formulas have been developed.

Rogers told UPI recently his hope for a resumption of the

talks was based largely on "the logic of the situation." Other officials said there was a growing amount of evidence to show that both Israel and Egypt were benefiting from the current ceasefire and were losing interest in resuming hostilities.

NIGHT COLLEGE NEEDED

HOUSTON (UPI) — School Supt. George G. Garver has proposed a community college that would teach junior college courses meeting at night in existing high school classrooms. He said Houston is the only city of its size in the country without a community college program.

MEDEIROS BEGS OFF

SAN JUAN, Tex. (UPI) — Archbishop Humberto S. Medeiros of the archdiocese of Boston said Wednesday he cannot address a Nov. 12-15 seminar for family farmers and the farm workers institute because of pressing business in Boston. "I know how disappointed Archbishop Medeiros must be," said the Rev. Robert S. Flores of the Texas Conference of Churches' valley services project. "The plight of the small farmer and farm worker in the Rio Grand Valley has been very close to his heart."

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
The Jordanian civil war, and its aftermath appear to have had a sobering effect upon the Palestinian commandos, whose leaders had come to regard themselves above individual Arab governments.

The war proved costly to the commandos in men and material and it enhanced the confidence of King Hussein's Bedouin troops, who would like to take the commandos on again should the opportunity arise. In the shaky truce between the two sides the fedayeen, as the commandos usually are called by their Arab sympathizers, complain they constantly are being provoked by Hussein's desert forces.

Possibly by coincidence and not directly related to events in Jordan, the commandos also have been coming under new pressures from Lebanon, which ranks next to Jordan in the importance of its bases used by the commandos against Israel.

Lebanese border villagers have staged protest demonstrations against commandos who use their villages as sanctuaries and the government has demanded that the commandos cease firing rockets into Israel from Lebanese soil.

Tightening Discipline
The result has been a move among guerrilla leaders to shake up their organization and to attempt to improve their relations with the Lebanese government.

At a meeting in Beirut presided over by Yasir Arafat, head of the Palestine Liberation Organization, coordinating body of the 10 main guerrilla groups, the leaders decided their men no longer would wear uniforms and carry arms in public in Lebanon.

It also was decided to reduce

the number of commando offices maintained in Lebanon's 15 refugee camps, the main sources of commando recruits, and to eliminate fund-raising by the individual groups against whom there have been charges of strongarm tactics.

The overall effect, it was hoped, would be to tighten discipline and to re-establish the commando image as idealistic action fighters against Israel and not against other Arabs.

Possible Purges
Within the various commando organizations there also have been calls for a purge of leadership.

A ranking spokesman for Al Fatah, which is the strongest of the guerrilla groups and is headed by Arafat in addition to his duties with the Liberation Organization, has "been dismissed" because he stayed behind in Beirut during the fighting in Jordan.

Action also is expected to be taken against Arafat's No. 2 man in Al Fatah because he surrendered and offered to help implement a truce.

These are not the only difficulties being experienced by the commandos and the governments lending them their chief support.

The commandos have not been able to replace all the arms and ammunition lost during the fighting.

The future of Iraqi troops whose inaction during the civil war remains in doubt made them an object of ridicule. An undetermined number of Syrians rounded up during the fighting are reported being held by Jordan as hostages for use in prisoner exchanges and in possible future disagreements with Syria over the latter's support of the commandos.

Billion-Dollar Businessman Starts New Career In Film Making Industry

LONDON (UPI) — When a man who successfully runs a billion-dollar business turns to films it is only natural that many in that ailing industry should be anxious to learn his formula for restoring it to health.

Edgar M. Bronfman flew into London by private jet recently to see what progress his Sagittarius Productions is making, both in completing films on its current schedule and in advancing its own marketing techniques.

Sagittarius is not Bronfman's first essay into films. He fought a battle of millions with financier Kirk Kerkorian for control of Metro-Goldwyn-Mayor. "When Kirk came in I walked out," he said. There is still regret that he did not get the chance to implement his ideas on that struggling screen giant.

Bronfman is president of Joseph E. Seagram and Sons and vice-president of the Canadian parent company, Distillers Corp.-Seagram's Ltd. (1969 net sales \$1,127,114,000). He is 41, tall and handsome — in fact pretty close to the Hollywood idea of what a dynamic young tycoon should look like.

He describes Sagittarius "an ambitious and aggressive young company" organized on one concept—making films for television—and switched to the concept of making films for theatres. The company is wholly owned and finances its own product, giving it considerably more leverage than the average independent.

His Methods Explained
"With three films finished and four in preparation we're being described as one of the firms coming up behind the majors," he said.

Bronfman likes films but he sees them primarily as investments yielding good returns over long periods both in cinemas and on television. In a chat at the Seagrams company flat here he outlined this method of operation for Sagittarius:

Avoid "now" pictures. A film takes 18 months from script to showing and by then most "now" pictures have already been dated. Stick to timeless subjects, always remembering that the cassette market also will demand that kind of material.

Example: Sagittarius has just done Charlotte Bronte's "Jane Eyre" with George C. Scott starring. This is a 50-40 coproduction with NBC-TV, which has TV rights for the United States. Bronfman has theatrical rights elsewhere. "Melody," a film aimed at the young with Jack Wild of "Oliver" and the musical group The Bee Gees, is another of the completed "timeless" films.

No huge salaries to stars — "deferments is the name of the game."

Stay Within Budget
Make sure that when there is a profit on the books it goes without delay to those who have shares in it. This has not always been Hollywood practice.

Arrange deals for distribution of the films area by area around the world, aiming for a guarantee at least equal to the cost of production to Sagittarius. With that in the kitty there is very little financial risk, providing the films are brought in on time and on budget.

Bronfman said he would see to that and he added that another important item was collecting the right kind of creative talent.

"You can't have one man in charge of production," he said. "You can't have one opinion. We encourage people to come in and discuss with us. We are not the sole arbiters of film taste."

ONE-TRACK ELECTRIC COLUMBUS, Ohio (UPI)

—Franklin County Common Pleas court thinks it may have a sex-cramped computer on its hands.

The computer was asked recently to print out 100 names of prospective jurors from voter registration lists. It came up with 100 women.

"At no place in the computer are male and female names divided," said Jury Commissioner William Carpenter, "but this week's selection is just weird."

REAGAN APPOINTED
WASHINGTON (UPI) — Sen. John G. Tower, R-Tex., announced Wednesday Billie R. Reagan has been appointed regional commissioner of the Office of Education's region 7. Reagan was superintendent of schools in San Antonio.

\$115-FAMOUS PANTS

SACRAMENTO, Calif. (UPI) — An advertising salesman purchased a pair of Clark Gable's khaki trousers on a high bid of \$115 Thursday.

Gordon Dishington, 28, employed by the Sacramento Union, outbid his nearest competitor by \$5 in a garage sale to raise money for the North Highlands Seventh Day Adventist Church here.

WASHINGTON (UPI)

—Sen. John G. Tower, R-Tex., announced Wednesday Billie R. Reagan has been appointed regional commissioner of the Office of Education's region 7. Reagan was superintendent of schools in San Antonio.

Television In Review

By HICK DU BROW
HOLLYWOOD (UPI)—Fred Astaire was the object of one of the most touching shows of audience affection in the history of television when he appeared on the ABC TV Dick Cavett program that ended in the wee hours Wednesday morning.

It was as though the spectators on hand wanted, most appropriately, to thank Astaire in person for the decades of unparalleled dancing, quiet elegance and sense of pleasurable uplift he has provided for theatregoers around the world. And fortunate was the viewer who turned in Cavett and was party to the affectionate audience tribute.

It started when Astaire entered at the beginning of the 90-minute outing, for which he was the sole guest. He was preceded by a film clip showing a dance routine from one of his old movies. And when he followed by walking on in person, there was thunderous applause that lasted so long that neither he nor Cavett could do anything but wait for it to subside.

minutes of show business that was pure electricity—a memorable broadcast, one for the archives, in which Astaire sang wonderfully, hoofed equally well and chatted engagingly about his career, revealing, from a television viewpoint, something as moving as his performance: that extraordinary sense of decency and modesty that has been par of his human appeal for all these years.

That, of course, was the deep down reason for the audience affection on the Cavett show. And, finally, when the broadcast neared its end, and Astaire said good-night, the spectators rose in standing ovation that was emotional, justified, highly satisfying and very touching.

For viewers who have become hardened but not sympathetic to this publicity-crazy age in which small-talent oafs blow their own horns and bare their souls on talk show after talk show, Astaire's shy reactions to discussing himself were like warm brandy on a cold winter's night.

FTC Urged To Impose Strict Guidelines For Cigarette Ads

WASHINGTON (UPI)—The Federal Trade Commission (FTC) was told today the cigarette industry has quietly dropped its self-regulation of advertising and is pushing more and more themes linking smoking to health, fresh air, fashions, sports and sex.

The complaint came from Warren Brarer of New York, who urged the FTC to impose strict guidelines for cigarette ads before Jan. 2 when a ban on broadcast cigarette commercials goes into effect.

Brarer said cigarette makers may triple advertising expenditures in newspapers, magazines and billboards, to perhaps \$150 million.

"The industry's cigarette advertising code disbanded as of Aug. 1, leaving not even that weak form of regulation overseeing the claims and promotions used in cigarette promotion," Brarer said in a petition to the FTC.

"... claims and depictions implying health benefits which have been precluded by the industry's own code now run rampant... if these themes and representations enjoy unfettered license, they can readily negate and offset the new health warning (on cigarette packages) and broadcast ban."

Brarer formerly managed the New York office of the National

Association of Broadcasters Advertising Code Authority. He supervised a broadcast industry study of cigarette advertising which criticized many themes used. The study was not released until Brarer quit the NAB and disclosed it in June, 1969.

RIVERSIDE, Calif. — Sen. Strom Thurmond, R-S.C., addressing some students at the University of California at Riverside after they threw garbage at him:

"Just a handful wish to make a spectacle of yourselves. If you all knew how ridiculous you look, you'd go home."

3 Armed Men Rob Texas State Bank Of \$76,000

CORPUS CHRISTI, Tex. (UPI)—Three armed men robbed the Texas State Bank of an estimated \$76,000 Thurs. just after opening time and escaped leaving 12 bank employees locked in an empty vault.

"They virtually cleaned the vault out," a policeman said. Police reports placed the amount taken.

Police refused to release any information concerning how the

robbers entered the bank except to say the employes were herded into the vault as they came to work. No one was injured.

Police said they were looking for three men who made their escape in a dark blue 1964 model car. The car reportedly had an Oklahoma license plate.

A local locksmith was called to open the vault and free the employes.

ANOTHER LEMON

COLUMBUS, Ohio (UPI)—When rust appeared on the body of his new car after only a year, an unidentified motorist here staged a silent protest demonstration.

He left the car in a parking lot facing the busiest intersection in the city, and flanked it with signs pointing to each spot of rust. The car drew a lunch hour crowd Monday.

Large signs pointed to large rust spots, small signs to small spots, and on the roof, stood a large yellow sign cut in the shape of a lemon.

3 Pc. Bedroom In Beautiful Solid Oak

Have a bedroom you'll display with pride, a bedroom that still will be beautiful after years of use... sturdy oak with a warm, handrubbed finish to bring out the rich grain. You get the triple dresser with drawers on no-stick nylon glides, framed mirror and full-size headboard at a price that is as exciting as the design. Inset tops of mar-proof black vinyl and black vinyl headboard panel are stunning high-lights that add too the good looks and long life.

3 Pc. Group **\$218**

NIGHT STAND extra only \$44 CHEST extra only \$98

3 Pc. Spanish Inspired Sectional

Rich, sumptuous gold & white velvet... wondrous comfort... this Spanish-inspired sectional will give you an extra touch of drama and luxury. Reversible button-tufted seat cushions simulated slate on corner and end tables, accented with intricate rope turnings. Two separate pieces with matching corner table.
