

The Silent Majority

By ELLIS FINCH

Which do you prefer The Midi or Mini? Why?

JUDY LANKFORD, 14, 2626 Navajo: "I prefer the mini. I think it is here to stay as the boys all like it."

JANE SEXTON, 14, 409 Doucette: The mini! It will stay in style as both boys and girls like it far better."

BRENDA WINTERS, 14, Rt. 1: "A majority of the girls like the mini more than the midi. Personally, I think it is here to stay and I'm glad."

DARLENE DAVIS, 14, 1029 Neel: "Everyone likes the mini better. I know I do. I think it will be here despite fashion designers."

TOD CLAYTON (only male questioned): "Oh man!"

The gospel of salvation according to Marx has promised much but has delivered little except starvation and oppression.—Edward P. Coleson

WEATHER

PAMPA AND VICINITY—Forecast calls for increasing cloudiness this afternoon with fair tonight and Tuesday. Little warmer today with mid 80's called for today and tomorrow. High Sunday 81; low last night 62. Low tonight mid 50's. Southwesterly winds 12-22 miles per hour.

Civil War Threatens In Bolivia

MAYOR INTERVENES

Hostages Released From Tombs Prison

NEW YORK (UPI)—Mayor John V. Lindsay intervened personally to obtain the release of the last of 27 prison employees today and spent seven hours inside prison walls listening to the grievances of the convicts who had held them as hostages.

The personal effort of the mayor to end the four-day rebellion began Sunday night and did not end until 10 a.m. today when a weary Lindsay emerged from the red brick Queens House of Detention at Long Island City, the first of the prisons to erupt and the last to be contained. He had visited the Manhattan House of Detention earlier.

A hard core of 35 inmates maintained a siege behind locked doors on the top floor of the 86-year-old Long Island City prison, the oldest in New York City, but officials said they were "isolated" and no immediate effort was planned to remove them.

The holdout prisoners charged that despite Lindsay's guarantee of no reprisals guards were beating inmates who surrendered. Pictures taken by a UPI photographer showed at least one inmate being beaten by guards in the prison yard.

The other inmates released their prisoners early today in response to Lindsay's radio appeal and his promise to grant them amnesty and personally hear their complaints.

TWO MEAT EXPORTERS from Paris, France, M. Auroy and M. Quibier, center, toured a Pampa meat packing plant, Pampa Celanese and Cabot plants, feed yards, and a cattle ranch today before continuing on their tour of United States meat processing operations. Tour guides here are Henry Newman, left, Armour Company manager in the Pampa packing plant; and Sam Thomas of Amarillo. (Staff Photo)

Attempted Coup B Air Officers Fails

LA PAZ, Bolivia (UPI)—President Alfredo Ovando met twice today with the Bolivian army commander who tried to overthrow him on Sunday. They reached no agreement and government leaders expressed fear of possible civil war.

Gen. Rogelio Miranda, who commands the Bolivian army and is armed forces chief of staff, demanded Sunday that Ovando resign and turn the government over to a military junta.

Ovando, who was absent from the capital at the time, hurriedly returned to receive cheers of an airport crowd and later appeared in La Paz's Plaza Murillo to declare that he would continue to hold "the destiny of the country."

No shots have been fired and both sides desire to avoid an armed clash.

Ovando and Miranda met twice this morning in the Vatican Embassy but agreed only to meet again later today.

The military situation appeared to be a stand-off. The rebel officers led by Miranda are barricaded in La Paz's Miraflores garrison surrounded by soldiers loyal to Ovando. The Bolivian air force, which is equipped with World War II Mustang fighters, has declared its solidarity with the president.

Government sources said the political crises triggered by the uprising have been resolved but the threat of war will continue until the military situation is clarified.

The rebels issued a manifesto demanding a return to democratic government via free elections arranged during a brief interval of a junta government.

Ovando, a 52-year-old former armed forces commander, has governed the country as dictator since Sept. 25, 1969, when he led a bloodless military coup that ousted former President Luis Adolfo Silas.

Miranda's group broadcast manifesto early Sunday morning demanding that Ovando resign and turn the government over to a military junta. They accused Ovando of trying to impose a "totalitarian regime."

"This movement is massive," they said. "The army commander is backing it because it obeys the will of the majority and coincides with our opinion."

"We want no more caudillos (strongmen) in this country," the rebel officers said.

Ovando was reported to have been supported by most younger army officers, the special forces, Bolivia's equivalent of the Green Berets, and the air force. The president was in Eastern Bolivia when the rebels made their move. He returned at nightfall.

FOLLOW HIS STEPS

Nasser's Successor To Be Named Soon

By United Press International The Egyptian parliament was expected to nominate a successor to President Gamal Abdel Nasser this week, possibly as early as Wednesday. The government already was pledged to follow in Nasser's footsteps, no matter who was chosen.

First steps towards choosing the successor were being taken today at a meeting of the 150-member central committee of the Arab Socialist Union (ASU)—Egypt's only political party. It was expected to outline its views tonight, then the national assembly will meet Tuesday to discuss the problem.

Under the Egyptian constitution, the national assembly must nominate the president by a two-thirds majority. A simple majority in a national referendum is necessary to confirm him to office.

The two top contenders are interim President Anwar el Sadat and former Prime Minister Aly Sabry, a leftist who appears to be the favorite of the Soviets.

In Amman, the Jordanian government warned it would use force against Palestinian guerrillas who refuse to withdraw from the capital with their weapons. And in Damascus, a guerrilla spokesman said the Palestinians emerged from the Jordanian civil war with the renewed right to operate freely in Jordan and use it as a base for attacks against Israel.

An official report from the Jordanian government said 700 soldiers, guerrillas and civilians were killed in the 11-day civil war and 1,300 were injured. During the war some estimates said as many as 20,000 were killed and wounded.

Israel said two of its army lieutenants were killed by an explosion on the east bank of the Suez Canal when their military vehicle hit a mine.

It also was announced in Tel Aviv that Premier Golda Meir would attend the 25th anniversary session of the U.N. General Assembly in New York this month. This raised the possibility of talks with Arab leaders on the Middle East crisis.

CONG KILLS 27

Fighting Flares Along Highways

SAIGON (UPI)—Viet Cong terrorists killed 27 persons in a series of attacks on a funeral procession, a restaurant and a private home in the Saigon area. Fighting flared today along two of Cambodia's major highways.

Guerrillas threw a grenade into a line of mourners at a funeral 35 miles southwest of Saigon late Saturday night. The explosion killed 12 persons and wounded 10.

Most of the dead and injured were regional force and popular force—militiamen who were burying one of their comrades slain in battle.

Terrorists Sunday night set off a bomb in a restaurant near the Thu Duc district town eight miles north of Saigon, South Vietnamese military spokesmen said.

Six civilians, a policeman and three soldiers were killed and five persons wounded. Five civilians were killed and

two others wounded early today when Viet Cong fired a B40 rocket-propelled grenade and threw a hand grenade into a house 20 miles west of Saigon.

Informed U.S. military sources said Sunday Adm. John S. McCain Jr., U.S. Pacific commander, is discussing the possibility of increasing American air strikes over Cambodia. McCain has been in Phnom Penh since Saturday meeting with Premier Lon Nol and other Cambodian officials.

Military spokesmen said heavy fighting broke out early today on Highway 6 and Highway 4, two of Cambodia's main roads.

Air strikes were called in to support ground forces near Sre Klong, 60 miles southwest of Phnom Penh.

Four Cambodian troops were killed and 14 wounded in fighting with Communist troops on Highway 4 at a point 52 miles north of Phnom Penh.

Frenchmen Here To Look Over Cattle Business

Two westernized Frenchmen made an almost non-stop tour through Pampa today inspecting a packing plant, feed yards, and a cattle ranch as part of their tour of United States meat processing operations.

The men were invited to the Panhandle area by Rep. Bob Price, who met representatives of France at the American Meat Institute Convention in Chicago, Ill. Price invited the Frenchmen, M. Auroy and M. Quibier, to tour the Panhandle area and plans to visit them in Paris when he makes his Western Europe trip in 60 days.

Auroy and Quibier are the largest importers of meat varieties in France and supply 10,000 retail outlets, according to Horace Scott of Amarillo, who accompanied the men here on their Pampa tours.

Henry Newman, Pampa manager for Armour Company, and Harvey Lewis, manager of the Pampa meat packing plant, conducted the meat packing plant tour, which included demonstrations of all meat processing operations here.

After the Pampa tour, the Frenchmen are en route to Denver, Colo., Sterling, Colo., Omaha, Neb., Saskatoon, Canada, Toronto, Canada, and Chicago, Ill., where they will attend the American Meat Institute Convention in two weeks. After the convention they will return to Paris.

"As tokens of their trip, Price presented the pair with Texas-size stetsons to wear when they go horseback riding in Paris on their western-style riding gear," Scott said. "They bought a complete western outfit, saddles and all to take home."

COMMISSION TO MEET VATICAN CITY (UPI)—The international theological commission appointed in 1969 by Pope Paul VI will convene Monday to discuss doctrinal issues under consideration for the past year, the Vatican said Saturday. The 30-member commission includes some of the Roman Catholic church's top theologians.

40,000 ACRES BURNED

California Fires Finally Contained

SAN BERNARDINO, Calif. (UPI)—A 40,000-acre fire in the San Bernardino Mountains was contained late Sunday—the last of a destructive two-week series of brush and timber blazes that scarred the state.

As mop-up operators were conducted from Monterey to San Diego, the toll stood at 13 dead, more than half a million acres charred, and nearly 700 structures destroyed, including 400 homes.

The rash of fires, aided by dry weather and hot desert winds, also brought a threat by state forestry firemen to go on strike.

Most of the firemen fighting the Lytle Creek blaze in San Bernardino Mountains were sent home. That blaze started last Monday, was nearly contained once, but was whipped out of control by winds

until fire fighters finally got the upper hand Saturday.

In nearby Los Angeles County, some hot spots were reported in Malibu Canyon, but fire officials said they posed no threat.

In San Diego County, the coroner's office attempted to identify three bodies found during the weekend. Authorities said the three persons died in the 185,000-acre Laguna blaze, largest in state history. That fire was contained Friday.

Five other persons were killed in a helicopter crash en route to battle a blaze in Los Angeles County and five persons were killed in the Malibu-Chatsworth blaze.

In Northern California, firemen contained flames which burned through one of the state's spectacular redwood forests.

Agnew Has Luncheon Date With Senatorial Hopeful

NEW YORK (UPI)—Vice President Spiro T. Agnew is scheduled to attend a luncheon here today. James L. Buckley Jr. would "welcome" an endorsement. Charles E. Goodell thinks it amounts to a "purge" that could "boomerang."

Agnew, who has been campaigning throughout the nation for Republican candidates in the upcoming November elections, is to attend a private luncheon for Buckley, the Conservative Party candidate for the U.S. Senate seat held by Republican Goodell.

The luncheon was organized by more than 100 conservative Republicans to garner funds for New York State candidate who support the policies of the Nixon administration.

"I have not asked for nor sought his (Agnew's) support," Buckley said Sunday, "and I don't know whether or not he will endorse me," but he said

he would "welcome" it and had little fear it would "boomerang."

Buckley made his remarks on WNBC, local NBC outlet.

Agnew has called Goodell a "radical liberal" who "has left his party." Goodell has voted against the Nixon administration on several key issues including military spending, Viet-

nam and two Supreme Court nominations.

"The vice president obviously has in mind hurting me, and purging me," Goodell said Sunday. "Well, purges in the past have had a way of boomeranging."

Goodell was appointed by Gov. Nelson A. Rockefeller to fill the seat of the assassinated Robert F. Kennedy. Agnew originally supported Rockefeller for President in the 1968 race. Goodell spoke on the Metropolitan radio news program "Profile."

12,000-MILE ODYSSEY

Nixon Comes Home From 9-Day Trip

DUBLIN (UPI)—President Nixon flew home today, ending a 12,000-mile European odyssey with a promise at the gravesite of his Irish forebears to strive for "a full generation of peace" in the world.

His topcoat still damp from a sudden downpour in the lush green meadows of County Kildare, Nixon bade farewell to New York-born President Eamon de Valera of Ireland and Prime Minister Jack Lynch and headed for Washington aboard his jetliner, Air Force One.

His visit to Ireland was marked almost everywhere by cheering crowds of both adults and children. It was marred only by anti-Vietnam demonstrations during the weekend in Dublin and the tossing of three eggs at his limousine today as he drove through Dublin streets.

Throughout his nine-day tour, Nixon stressed the U.S. commitment to strength in the Mediterranean and renewed efforts to arrange negotiated settlement of the Arab-Israeli conflict.

Noting that his mother Hannah Milhouse, was a pacifist, Nixon said his goal was to give the world something it has not had in this century—"a full generation of peace."

He vowed to work for peace, but said the United States would not shirk its responsibilities to itself or friendly nations.

The President also plans to address Americans some time this week on new U.S. peace initiatives in Vietnam, which he discussed Sunday with his bargaining team at the Paris talks.

On his way to a round of final conferences with Irish officials and a state luncheon at Dublin Castle before flying home, the President moored 27 miles past cheering, flag-waving crowds and dedicated a memorial marker in a cow pasture at Timahoe that contains the remains of his Quaker Milhouse ancestors.

"The greatest contribution I could make in office would be to bring peace to the world," he told a chilled crowd of 400 persons.

Noting that his mother Hannah Milhouse, was a pacifist, Nixon said his goal was to give the world something it has not had in this century—"a full generation of peace."

He vowed to work for peace, but said the United States would not shirk its responsibilities to itself or friendly nations.

Shirt Size 97 Missing At Fair

DALLAS (UPI)—Missing. One shirt. Size 97 extra-long. Weight 110 pounds. Value \$2,000. Please notify Big Tex if found.

Big Tex is the huge familiar mannequin that has become the symbol of the State Fair of Texas. This year, however, he may have to stand on the midway naked from the waist up.

Fair employe Jack Bridges, 61, said Sunday he parked his truck, containing Big Tex's new set of duds, to go into a cafe to get a sandwich. When he returned the three-foot-square box containing the shirt was gone.

Police said they have no idea who the suspect is or why he would want such a garment.

WILL VISIT HOSPITALS

HOUSTON (UPI)—Twenty-nine physicians from 20 German cities will visit Houston hospitals Tuesday and Wednesday to learn more about the hospital and health facilities.

Plane Tragedy Seems Unreal To Coach

SILVER PLUME, Colo. (UPI)—Gary Thompson, head basketball coach at Wichita State University, sat in the hospital chair, holding a steaming hot cup of coffee in his hands and shaking his head in disbelief.

You keep waiting for the plane to turn, saying it was a plane, Thompson said.

But the coach knew it was no joke. He had just seen some of the 11 survivors of the plane crash which carried 29 persons to their deaths in Colorado's Rockies Friday.

The dead included 13 members of the Wichita State football team, 13 school officials, including the head coach and athletic director and their wives, and three crew members.

Thompson flew to Denver to meet with the survivors of the plane crash, most of whom were reported in satisfactory condition. Other relatives and friends also traveled to Colorado. Some had lost loved ones.

The task of sifting through the plane's wreckage and attempting to identify remains

were going on Sunday near Silver Plume, 55 miles west of Denver, and at Idaho Springs. The twin-engine charter plane apparently was flying a scenic route through the Rockies and toward Logan, Utah, for a game with Utah State when it crashed.

The aircraft may have been attempting to land on a nearby highway when it suddenly veered, clipped the tops of a tall cluster of pines and burst into flames.

The remains of the victims were removed Saturday and were taken to a temporary morgue in a Highway Department garage at Idaho Springs. The local coroner, a dentist and six FBI men worked Sunday to identify the bodies.

Throughout the state of Kansas, flags flew at half staff today and all classes were cancelled on the Wichita State University campus.

Cessna Football Stadium, where the dead had spent much of last week preparing for Saturday's football game, was to be the scene of an evening public memorial service.

Both 'Sides' Blamed For Kent U Fiasco

WASHINGTON (UPI)—The President's Commission on Campus Unrest blames the deaths of four students at Kent State University last May 4 on violent and criminal action by war protesters, and unjustified, indiscriminate gunfire by the National Guard.

The commission, in a special report issued Sunday, found much to blame and little to excuse on both sides in the tragedy which shocked the nation and galvanized the war protest movement last spring. The panel said war protesters on the Kent State Campus students and non-students alike acted in an intolerable fashion and it repeated a statement made in its major report one week earlier:

Violence by students on or off the campus can never be justified by any grievance, philosophy or political idea. There can be no sanctuary or immunity from prosecution on the campus. Criminal acts by students must be treated as such wherever they occur and whatever their purpose.

Table with columns for various stock indices and prices, including NY, AMEX, and Bond Market.

Car-Train Crash Kills Four, One Other Injured

AMARILLO, Tex. (UPI)—A car and a train collided Sunday at a railroad crossing not equipped with a warning light killing four persons and critically injuring a fifth.

It was the same crossing where four persons were killed last December in a similar accident. Sunday's accident at the Amarillo city limits happened at 9 p.m.

The car, with five persons inside, collided with a Santa Fe freight train.

The dead were identified as Travis Reagan Jolly, 40, of Groom; Charlotte Bayliff of Amarillo; Harold Edward Tate, 40, of Groom; and Woodrow Ronald Poole, 55, of Amarillo.

Bob Eugene Bayliff, 39, of Groom, was critically injured in the accident.

HONOR IKE

POISSY, France (UPI)—A thoroughfare in this town near Paris was renamed "Avenue of President Eisenhower" Saturday in memory of the late U.S. President and commander of Allied forces in Europe during World War II.

Mrs. Jeannie Garrett, District Nine president of the VFW auxiliary will be the guest of honor at the Tuesday, meeting of the auxiliary in the VFW Hall. The meeting will start at 7:30 p.m.

Audie Murphy Goes On Trial

LOS ANGELES (UPI)—Audie Murphy, America's most decorated soldier in World War II and former motion picture star, goes on trial today on felony charges including assault with intent to commit murder.

Murphy, winner of the Medal of Honor and numerous other decorations for his battlefield exploits in Europe, was arrested May 18 following a backyard brawl with a dog trainer.

The trainer, David Gofstein, 51, said Murphy and another man, said to be a former boxer, confronted him at his home in Burbank. He said the pair appeared on behalf of a woman friend who complained Gofstein had overcharged her for training her dogs.

The trainer said Murphy pulled a pistol and fired a shot at him which missed.

Murphy subsequently entered a plea of innocent to two counts of possession of a blackjack, one count of battery and one of assault with intent to commit murder.

Lee Udall Tell All!

NEW YORK (UPI)—Lee Udall, wife of former Interior Secretary Stewart L. Udall, has kept a secret for a number of years.

She was the one, not Ethel Kennedy, who pushed historian Arthur M. Schlesinger Jr. in to the swimming pool during a party at Robert F. Kennedy's Hickory Hill home in Virginia.

"I was dancing by and he was standing there holding forth and looking so Arthurish," Mrs. Udall told Times magazine which reported it Sunday. She said "something came over me."

"I just stuck out my arm and pushed him in and danced away. He never knew," she said.

Efforts To Stamp Out Dread Rubella Undertaken In Pampa

The date for the Rubella Vaccine Clinic to be sponsored locally by the Gray County medical Society, Pampa Independent School District, and the Gray County Chapter March of Dimes, was given incorrectly in Sunday's article.

The clinic to be held for school children in the various elementary schools will be Tuesday, Oct. 13 during the morning hours and for pre-school children during the afternoon hours of the same day in Carver Educational Services Center, 321 W. Albert.

Local doctors and nurses will donate their time augmented by volunteers from several civic organizations.

Permission slips will be sent home by school children, ages six through 10 on Oct. 6th. A permission slip for pre-schoolers will appear in the Pampa Daily News this week. Both must be completed and returned to the school nurse, Mrs. O.C. Penn, before the vaccine will be administered.

There is no charge for the immunization but is being made possible through the efforts of the sponsoring organizations.

Children ages six through 10 will be given the vaccine with air guns on Oct. 13 at Travis, Lamar, Austin and Baker from 9 a.m. to 10 a.m.; and at Mann, Houston, Wilson from 10:45 a.m. to 11:45 a.m.

The pre-school age group, one through five, will receive immunization at Carver Service Center from 1 p.m. through 5 p.m. on Oct. 13.

A spokesman for the three sponsoring organizations emphasized the urgency for all children in the stated age

groups to receive the vaccine. "Rubella (German Measles) strikes unborn babies like a thief in the dark, causing birth defects and death. Rubella is a cruelly misleading disease totally different from regular measles.

Outwardly Rubella appears to be a mild harmless common three-day childhood infection ... no problem! But deep beneath the surface, when Rubella infects a pregnant mother and her unborn baby ... Rubella is deadly."

There is no charge for the immunization but is being made possible through the efforts of the sponsoring organizations.

Children ages six through 10 will be given the vaccine with air guns on Oct. 13 at Travis, Lamar, Austin and Baker from 9 a.m. to 10 a.m.; and at Mann, Houston, Wilson from 10:45 a.m. to 11:45 a.m.

The pre-school age group, one through five, will receive immunization at Carver Service Center from 1 p.m. through 5 p.m. on Oct. 13.

A spokesman for the three sponsoring organizations emphasized the urgency for all children in the stated age

Obituaries

C.E. SMITH Funeral services for C.E. Smith, 82, will be held at 9 a.m. Tuesday in Baum Carlock Funeral Chapel in Mineral Wells with graveside services at 4 p.m. Tuesday at Memory Gardens in Pampa.

Mr. Smith died of a heart attack Sunday at his home in Possum Kingdom.

He was born Aug. 29, 1888. He was a plumber and owner of Smith Plumbing in Pampa from 1940 until he retired and moved to Possum Kingdom in 1955.

Survivors are his wife of the home; two stepsons, Bill Fricke of Pampa and Jimmie Fricke of Seattle, Wash.; two stepdaughters, Mrs. Lee Hewitt of Mineral Wells, and Mrs. Frank Turpen of West Virginia, and six grandchildren.

W.D. McEntire Funeral services for Weldon D. McEntire, 45, will be held at 2 p.m. Tuesday in Carmichael-Whitley Colonial Chapel with the Rev. Earl Maddux, pastor of Fellowship Baptist Church of Pampa, officiating. Burial will be in Fairview Cemetery.

Mr. McEntire died Saturday in a one-vehicle accident near Spearman.

MRS. HATTIE SEIBER Funeral services for Mrs. Hattie v. Seiber, 90, will be held at 3:30 p.m. Tuesday in Carmichael-Whitley Colonial Chapel with the Rev. E. Lee Stanford, Dimmitt, officiating, assisted by the Rev. B.D. Creecy of Ardmore, Okla. Burial will be in Miami Cemetery.

Mrs. Seiber died Sunday at Highland General Hospital after a lengthy illness.

She was born Jan. 16, 1880, in Kansas, and moved to the Texas Panhandle in 1896. A Miami resident most of her life, she was the widow of J.L. Seiber, who died in 1936. She was a member of the First Presbyterian Church of Pampa.

Survivors are three nieces, Mrs. Lora Barber of Pampa, Mrs. Teenie Atkins of Dallas, and Mrs. Alice McKee of Beverly Hills, Calif., and one son-in-law, J.H. Dickerson, St. Louis, Mo.

City Shuts Water Off

ALTOONA, Pa. (UPI)—It was a dry weekend at the Penn Alto Hotel.

The city turned off the hotel's water supply after the management refused to pay a \$4,800 quarterly water bill. John Hall, assistant manager of the hotel said the bill included a 143 per cent increase the hotel considered to be unwarranted.

Investigation continues into the disappearance of \$50 in cash and an automobile from a Pampa home Sunday.

B.I.I. Robertson, 845 E. Frederick, told officers the money and car were missing when he returned from a fishing trip Sunday afternoon.

According to reports filed by police, they first received a call from a neighbor who was watching the house during the occupant's absence. The caller, notified authorities she had noticed the door to a chickenhouse kicked open and another door to a garage open.

Officers arrived to find Robertson had returned. He said someone had entered a rear window to make off with the cash. The auto was taken from a car port alongside the house.

Every effort is made to strengthen the ideals and morals of young people who come in contact with The Salvation Army, and this done through Sunbeams, Girl Guards, and Junior Soldiers. There are trained supervisors who work with these kids.

These are some of the problems solved with the help of the United Fund, thru the Salvation Army in Pampa.

Some Auto Workers Go Back To Jobs

DETROIT (UPI)—The first of some 7,000 United Auto Workers return to their jobs at two Detroit-area General Motors plants today for the first time since Sept. 14.

But for nearly 400,000 other GM workers in the United States and Canada, a 21-day-old strike dragged on with both company and union bargainers hoping to step up the pace on settlements at the local level.

By early today, only 16 of 155 local bargaining units had new agreements. That left bargainers still without separate national contracts in the United States and Canada and seven Canada.

With only sporadic movement at the local level, despite pressure from the national levels of the UAW and GM, talks at the national level were at a standstill. Union and company bargainers were at the General Motors Building here Sunday morning for about four and a half hours. But they did not sit down at the main bargaining table and spent the time trying to keep in touch by telephone with local bargaining units around the country.

Some 1,100 workers were called back to their jobs at the Detroit Diesel-Allison Division plant in Detroit and 400 at another Detroit diesel plant in suburban Wayne. On Saturday, the UAW members overwhelmingly approved local pacts and the UAW took the plants off the strike list since they manufacture diesel engines for other companies.

Their return also meant 150 employees of the GM Foundry Division plant in Bedford, Ind., could be called back to work to manufacture aircraft engine casings for the two Detroit diesel plants. The Bedford plant was not closed by the strike but there had been no work and the men were laid off.

Surviving are his wife, Patti DisCepolo Lang; two daughters, Kimberly, 6 and Stacey Lynne, infant, of New Port News, Va.; his mother, Mrs. Louise W. Lang of New York City, and his uncle, Dr. Carl M. Lang of Pampa.

Band Plans Another Feed

The Pampa Band Boosters are offering tickets at \$1.00 for adults, with children under six free, for a Child-Stew Supper to be held in the High School Cafeteria, Tuesday Oct. 13 with serving from 6 to 9.

Drinks are included with the tickets, however, desserts donated by Band mothers, are extra. Tickets may be obtained at B & B Pharmacy, Montgomery Ward Plumbing and Heating Department, from the students in band or at the door.

Proceeds from this supper will be used to supplement costs of their trip to Chicago. There the band will perform for over 2,000 band directors from all over the U.S.

The music the band will be playing will be new 20cm position, composed by leading artists.

Pampa is one of five high schools and two junior high schools in the United States asked to perform in the Midwest Band and Orchestra Clinic.

Mrs. Kenneth Gigg, chairman of the supper and Mrs. N.L. Nicholl, Bill Workman, Kenneth Gigg are in charge of arrangements.

Mrs. Kenneth Gigg, chairman of the supper and Mrs. N.L. Nicholl, Bill Workman, Kenneth Gigg are in charge of arrangements.

Mrs. Kenneth Gigg, chairman of the supper and Mrs. N.L. Nicholl, Bill Workman, Kenneth Gigg are in charge of arrangements.

ABOVE-THE-KNEE SKIRTS STILL BIG FAVORITE NEW YORK (UPI)—Above-the-knee length. Only 6 per cent overwhelming favorite among women participating in the New York Daily News' skirt-length poll while below-the-knee lengths have lost appeal during the past eight months.

Of the 22,494 women who participated in the latest poll, released Sunday, 83 per cent favored the above-the-knee length. Only 6 per cent favored the lower style, a 2 per cent drop since a poll in February. Seven per cent of the women said they were wearing pants 3 per cent said they wore skirts of all lengths and one per cent said they wore them just at the knee.

BRITISHER KIDNAPED FROM MONTREAL HOME MONTREAL (UPI)—James R. Cross, senior British trade commissioner here, was kidnaped from his home today, the trade commission office reported.

A spokesman for the trade commission office said the kidnapers took Cross from his home at 8:20 a.m. (EDT), in the presence of his wife, and that Montreal police were working on the case.

"This was followed by a call to our office," the spokesman said. "We will make no further comment or release any other details at this time."

Your United Fund In Action

The Salvation Army, well-known for its help in times of national disaster, also meets an everyday need in its own community. The Salvation Army through the United Fund in Pampa is out to open new ways of hope for people in need, first with love and compassion, counseling and planning.

The lonely, homeless transient man seeking employment or trying to run away from his problems; or a man who needs a helping hand or a second chance.

Seldom a day passes and never a week, but that the Salvation Army 701 S. Cuyler, offers a helping hand to a transient or someone just passing through.

The man who came running to our office just as we were closing, his car broke down and needed a fuel pump. This was secured the man installed it himself and was on their way. He will look back at Pampa as a community with a heart, that helps people when they need it most.

The 13-year-old boy who went to camp and got to fish and ride a horse for the first time in his life.

A boy taught to play football, and encouraged to play in school, went on to high school and made the team captain his senior year, and was the only one in his family to finish school.

The family was lost their home and everything they owned in a fire, was given furniture, kitchen appliances and clothing. Also, the army furnished the transportation to move this furniture to their new location.

Every effort is made to strengthen the ideals and morals of young people who come in contact with The Salvation Army, and this done through Sunbeams, Girl Guards, and Junior Soldiers. There are trained supervisors who work with these kids.

The Conformists.

The 65,000 people at Southwestern Bell are conformists.

We try our best to conform to your needs and desires for telephone service. Sure, we have our differences—in background, training and skills. But each

of us shares a common goal, providing the service you want when you want it. And we do try

to conform to our motto. We may be the only phone company in town, but we try not to act like it.

By Abigail Van Buren

DEAR ABBY: I am French born, and after nine years in the United States I am puzzled beyond description with American men. I don't understand them. Abby, nine years ago I married an American man, and I cannot go into details here about what life was like with him. I wanted to die. Anyway, I just don't know where I went wrong, and neither does anybody else know. I've been alone for five years with my son, age six. I am now 35 and have given up on ever meeting a nice man, and your advice is the last I am going to seek from anyone.

I am college educated, fluent in three languages and I am a nice woman. I love to wait on a man, love to care for a home, I love children. I love to cook, I love to laugh, and I love people. What is wrong with me, Abby?

How do I get to meet a man? I am going to church, to school (again), even tried Parents Without Partners, and I meet only women who, like me, are lonely. In the last year I had two dates, arranged by respectable friends. In both cases the men tried to rush me into bed, I am not lying to you. Nobody wants a virtuous woman, Abby. If I am wrong, please tell me!

DEAR DISILLUSIONED: You are wrong! Don't let two fouls put you out of the game. You have a lot to offer. If possible, change your scenery, take a trip, immerse yourself in volunteer activity, and tell your friends you are still looking.

DEAR ABBY: Please help me. I don't know if I am going crazy or not. A year ago I was standing in line at the supermarket and suddenly I felt that I just had to get out of there or I would scream or faint or something. I left my cart and ran out the door. I was so embarrassed. Since that time I haven't been able to go into a supermarket without my husband. I can't go into the bank or into elevators alone

either. Now I'm making excuses so I won't have to go to parties or out to dinner.

I have a nice home and family, and I keep making excuses so I won't have to go out. The crowds do not bother me, I just have the fear that I will panic again.

Don't tell me it's all in my mind. I know the feeling, and it is very real and terrifying. Outside of this problem I am a good wife and mother. Have you ever heard of anyone else having this kind of problem? God bless you for any help you can give me.

NO NAME, PLEASE

DEAR NO NAME: Many people have had this problem, and it is indeed a very "real" one. Your fear of experiencing the same "panic" is the problem. If you "know" you will panic, you will. Please talk to your doctor. He can recommend help for you. These fears will not disappear. You must face them, understand them and defeat them. You can do it. Others have. God bless.

Study Club Has Nature Program

MOBETTIE (Sp) - The Mobettie Fort Elliott Study Club met at the home of Mrs. Edith Dunn, Mrs. Cecil Denson, president, was in charge of the meeting, with Mrs. Clarence Dyson and Mrs. Herk Atkins in charge of the program on "Facts and Fantasies of Nature."

Those present were Mrs. E.E. Johnston, Mrs. Edith Dunn, Mrs. Herk Atkins, Mrs. Murrel Trout, Mrs. J.T. Johnston, Mrs. Thelma Dunn, Mrs. Cecil Denson, Mrs. Clarence Dyson, Mrs. Jess Patterson, and Mrs. Lorena Sims.

The next meeting will be held at 2 p.m. Tuesday at the home of Mrs. Bob Galmor. Mrs. Jess Patterson will present the program on "Miracles of the Medical Profession."

Scouting Scoops

Many new troops have been organized in Pampa this Fall and a number of new leaders are working in Quivira Girl Scout Council. Serving as Neighborhood Chaimen are Mrs. Wayne Hampton, Highland Neighborhood; Mrs. Carroll Jones, Sunrise Neighborhood; and Mrs. Eugene Turner, Sunset Neighborhood.

Mrs. Huey Prater is the new leader of Junior Troop 60. Assisting her is Mrs. Douglas Cunningham. The troop began the year's activities with cooking lessons from Mrs. Horace Prince.

Mrs. Glenn Knight has assumed leadership of Junior Troop 18. Her assistants are Mrs. Darville Orr and Mrs. David Dameron. Troop Committee members are Mrs. Phil Rapstine and Mrs. Wiley Reynolds, Jr.

Mrs. Robert LaFon is the new leader of Brownie Troop 29. Assisting her are Mrs. George Meador and Mrs. Eugene Reed. Mrs. Jack Scott is the new leader of Junior Troop 90.

Senior Troop 2 is continuing under the advisement of Mrs. J.P. Brumley. Assisting with the troop are Mrs. Richard

Swimwear Sty lists Remember Mo desty

LOS ANGELES (UPI)—Not as many women are going to take off their clothes in public next Summer.

Although Catalina was showing more girl and less suit in its designs for Spring 1970, most of the beachwear manufacturers were keeping the customer covered up.

Cole of California told fashion editors attending the California Fashion creators annual press week here that nakedness was no longer news, and it was returning to a more down to earth, realistic approach to swimwear.

After all, if women really drop their hems to mid-calf this winter they may feel somewhat shy about baring their bodies on the beach next Summer.

Suits came with coordinated caftans, ankle-length beach coats, tunics, fringed ponchos which doubled as skirts, and ankle-length sarongs.

Many of the wraps were fancy enough to use as hostess costumes. There were some new fabrics for swim gear—panne velvet, an acetate combination which looks like suede, and cloth-backed vinyl for a leather affect.

Luis Estevez, designing a new collection, showed a leather-look bikini topped with a motorcycle jacket trimmed with gold studs.

Sea Fashion of California had a three-piece suede vest set with a bikini worn under the cowboy style vest.

Catalina had a sleek cotton

backed vinyl wet-look bikini with a short slicker to wear over it.

Sandcastle showed a group of nautically inspired suits topped with floor length see-through viole maxi-coats.

Bill Blass Swimwear, for those with better than average figures, featured a long sleeves maillot suit buttoned up the front with silver buttons, topped with a long wrap skirt in polyester jersey.

Cole of California showed body sculpture suits—sleek and simple body hugging suits in soft knit and supple jerseys.

Elizabeth Stewart had a sexy water velvet with boucle terry jersey, one piece draped and sashed suits, with laces crossing up the very bare back.

Make First Midi Skirt With Shirtwaist Blouse

By JOANNE SCHREIBER

It's inevitable. You know you're going to make a skirt in the new longer length. You'll make it of a wonderful tweedy wool; you'll look for a pattern that gives a long look through front buttoning; you'll wear it with a sensational wide belt, high-vamp shoes and darker stockings—and you'll look like a million.

Here's the best pattern you

working with the new snakeskin vinyls, to make a terrific rain suit of pants and cape. To order your new midi skirt pattern, send 65 cents for Sue Burnett Pattern No. 1410, in sizes 8 to 18. The midi length takes only 1 1/2 yards of 54-inch fabric, white

This midi pattern, this handy dressmaking tip, and dozens of other bright sewing ideas for fall are all in the new issue of Basic Fashion, available exclusively to readers of this newspaper. The Young Originals designs, created by students from the Fashion Department of Stephens College, Columbia, Mo., offer a fresh outlook on current fashion. Slimming styles for larger figures are shown in the Grace Cole designs, and a special Togetherness section features look-alikes for mothers and tiny daughters. Children, lingerie, gifts and separates are represented in easy-to-order patterns. As a special bonus, instructions for a fashion-right poncho (no pattern needed) are included, plus directions on

working with the new snakeskin vinyls, to make a terrific rain suit of pants and cape.

To order your new midi skirt pattern, send 65 cents for Sue Burnett Pattern No. 1410, in sizes 8 to 18. The midi length takes only 1 1/2 yards of 54-inch fabric, white

New trick for lengthening a circular skirt pattern: Strips of paper mark length on side seams. Use chalk and ruler to make line between them parallel to former hem edge.

The blouse needs 2 1/2 yards of 45-inch material for the ruffled version. For the Fall and Winter issue of BASIC FASHION, with its free-pattern coupon, poncho, instructions and up-to-the-minute sewing tips, send an additional 65 cents. To order, write to Stitchin' Time, in care of this newspaper, Box 503, Radio City Station, New York, N.Y., 10020. You'll receive your passport to important Fall fashions.

Outdoorsmen Like Giant Houseplants

WASHINGTON, D.C. (Sp) — Is there a big man in your life who loves the big out-of-doors? And are you looking for a special way to please him?

One large houseplant can convey an astonishingly strong impression of nature. There is no better way to bring an outdoor, woody feeling straight into your home.

Many little plants in many little places may have been satisfactory beauty spots in grandmother's house. Not so today! Grandfather, after all, had the beauty of woods and fields all about him. But contemporary husbands yearn for landscapes while working and living amid restrictive cityscapes, so the sweep and drama of one large houseplant is infinitely more pleasing to the eye.

The variety of giant houseplants is impressive. Place any one of these tropical beauties in even the drabest corner, add a comfortable chair, adequate lighting, a table and several books, and you have created a strikingly beautiful natural sanctuary right in your home.

The massive green jungle look is instantly possible with the majestic monstera plant, a native of South America which adapts surprisingly well to home growing conditions. A climbing plant that can grow a towering eight or 10 feet tall, monstera tolerates any exposure but direct sunlight.

For sheer elegance and grace combined with height, no houseplant can excel the paradise palm, or kentia fosteriana.

Women Educators Organize Regional Society Meeting

Delta Kappa Gamma, international honorary society for women educators, will sponsor a regional meeting Saturday at Clarendon Junior College with Mrs. Louis Hill, president of Beta Delta Chapter, in Pampa participating.

About 180 members of six chapters are expected to attend the program with Gamma Kappa Chapter as hostess. President of other chapters are Mrs. Calvin Murray, Theta Delta of Panhandle; Mrs. Homer Tribble, Gamma Kappa of Memphis; Mrs. John P. Benvard, Gamma Theta,

Borger; Mrs. Ray Vinyard, Gamma Xi, Dumas, and Mrs. J.W. Bookelman, Eta Alpha, Follette.

Mrs. Evelyn Laney of Amarillo, area director, and Dr. Madge Davis of Wichita Falls, past state president, and present chairman of international scholarship committee, are co-directors.

Mrs. Claudia Everly, Theta Delta Chapter, Panhandle will report on the international convention. Other program topics will be investments, trust funds, wills, property rights of women, social problem of drug addiction, social problems of the

handicapped, and trends in education. Theta Delta Chapter will present the music program will be Mrs. Ruby Ruddick, Mrs. Elena Donald and Mrs. Mary Dean Dozier. The day's events will include a luncheon, with Dr. Madge Davis as speaker—and a dinner in honor of presidents, vice presidents and directors participating in the regional meeting.

POLLY'S POINTERS Pencil Sharpener Solves Knotty Needle Problems

By POLLY CRAMER

DEAR POLLY— Perhaps someone can tell me how to curl my long dnyel fall. I have tried hair-setting jell and rollers but to no avail. Please help me!

—GERI

DEAR POLLY— I needed a pair of double-pointed and regular knitting needles of the same size and could not find any double-pointed ones to buy. I had two pairs of regular ones that size, one metal and the other plastic, so I took the plastic pair, cut them in half and made points on both ends by sharpening with a pencil sharpener. After smoothing them with a file, they worked just fine.

—MRS. C.E.W.

DEAR POLLY— I am short and my kitchen cupboards seem very high. I keep a pair of utility tongs in the top drawer with my silverware. When I want to reach a package of cereal or other boxes on a top shelf, I use the tongs to save getting the step stool out each time.

—SHORTY

DEAR POLLY—I am answering Lahoma, who wanted to know how to join octagonal quilt pieces. Lay four pieces down in a square and sew together the four sides that touch, leaving an open square in the middle of the four. Fill this in with a square of fabric cut with sides the same as the sides of the octagonal pieces. When the entire quilt is pieced together this way, to the desired size, fill in around the edges with triangles cut from more of the same squares that have been used to join it all together.

—ETHEL

DEAR GIRLS— Many thanks to the hundreds of you who sent this same, and doubtless only, solution to Lahoma's problem. ANN P. offered another bit of good advice. When sewing the pieces together, do not sew to the edges but leave one-fourth-inch free at each end of the piece. She also suggested that this be done on the sewing machine.

—POLLY

MRS. EVELYN LANEY

Club Council Hears United Fund Story

In the October meeting of Council of Clubs, Kay Fancher and Frank Cuberson explained the need for United Fund contributions and the need for a Civic Center.

Fancher stressed the fact that an upcoming bond election for the proposed center is not a tax increase, but merely a means by which the money can be borrowed to complete the financing.

Carolyn Stroud, representative of Gristown, Borger, showed slides of Gristown, including the girls preparing meals, cleaning their homes and working in the vegetable garden, which supplements a great deal of their food.

The meeting was attended by 13 members and four guests.

National Book To Recognize Former Pampans

Mrs. H.E. McBride, the former Marilyn Kay Steele, of Dallas has been named to the 1970 edition of "Outstanding Young Women of America."

Mrs. McBride is the daughter of Mr. and Mrs. N. Dudley Steele, 1901 Dogwood.

A speech and history teacher in Woodrow Wilson High School in Dallas, she was selected last Spring as one of the outstanding young educators of Dallas by the Junior Chamber of Commerce. She has attended North Texas State University and Southern Methodist University.

In recognition of her national honor, Mrs. McBride will receive a certificate of merit. The sixth annual program is designed to recognize abilities of women between the ages of 21 and 35 who are outstanding in their communities.

SOME FREE ADVICE ABOUT "FREE ADVICE" Very often instead of consulting a physician about an ailment... MALONE PHARMACY CORONADO CENTER PAMPA, TEXAS

Nothing moves troops like The Daily Bugle.

The sound of a powerful ad opens up people's eyes. And minds. It stirs them. Starts them marching in to buy your product. And often at less cost-per-thousand to you than any other person-to-person message.

(The Classified Section is one example. Remember how disappointed you were the day you called on that Want Ad, and found out the item had just been sold?)

Print bugles like that. Sharp and clear. Which is just the call to action you need when your adversary is public inertia. And it generally is. Newspapers. Magazines. Brochures. Mailings. These are all print. And they all work to muster the troops. Use them.

It'll be a monumental campaign, General.

DON'T YOU READ BEFORE YOU BUY?

Your Horoscope

FOR TUESDAY, OCTOBER 6, 1959
Your birthday Tuesday, your year is somewhat uphill, with great rewards for consistent effort. There is a heavy responsibility for the affairs of others, along with more authority. Romantic expressions must occasionally be subordinated to career needs, but in general are more extensive and meaningful. Tuesday's natives often hold progressive, sometimes avant-garde ideas. Marriage for these people means an emotional challenge.
ARIES (March 21-April 19): Pressure provides you with strong emotional drive to hold your nerve. Security, Assurance and tact make all the difference. Care in promises is indicated.
TAURUS (April 20-May 20): It's about time for a general confrontation, except that the temptation to overdo is powerful. Gambling of any sort is riskier than normal. Let financial dispositions alone.
GEMINI (May 21-June 20): You can readily find disputes with careless comments; say only what you mean. It may seem that Monday's progress was just too much to keep intact.
CANCER (June 21-July 21): Give others the chance to get into step, as a hasty error may be costly. Give matters the moment, Wednesday brings better answers.
LEO (July 22-Aug. 22): You're views counter disagreement and strain some relationships. Order people cause problems. Contracts, legal arrangements or touchy, require close scrutiny.
VIRGO (Aug. 23-Sept. 22): Some matters lack perfection. You need not do much about most of them. Make the best of a flawed and incomplete world, forgiving yourself and others for imperfection.
LIBRA (Sept. 23-Oct. 22): On all sides people seek cooperation. Your calm self-assurance radiates well, helps keep your working environment stable and peaceful.
SCORPIO (Oct. 23-Nov. 21): Keep details of plans confidential; whatever is explained attracts contradiction. Assume no one knows now. Careful matters are the only ones worthy of personal conflict.
SAGITTARIUS (Nov. 22-Dec. 21): Keep emotional reactions out of material transactions—the fact that you may want something does not make it available. Pace yourself to avoid both haste and delays.
CAPRICORN (Dec. 22-Jan. 19): Secret deals are offered, but unlikely to work out. People you know, but not very well, are remarkable for surprises. Bring home something that symbolizes your deeper feelings.
AQUARIUS (Jan. 20-Feb. 18): Tuesday tests your working theories; may show you an exception or needed revision. Group resources, quite sensitive, should be left to rest in security.
PISCES (Feb. 19-March 20): Feel your way through Tuesday's guided by emotional preference and intuition which comes in strongly if needed. Let your own serenity come forth in tactful patience.

Wall Street Chatter

NEW YORK (UPI)—Within several weeks a steady stream of third quarter earnings releases will begin to appear. E. F. Hutton & Co. says acceptance of these results will have a bearing on the course of the market over the next few weeks and also will tend to keep investors on the sidelines over the near term.
The Dow Jones Industrial average has been moving sideways now for over a month, reflecting an interplay of international uncertainties, easier money and mixed economic news, Goodbody & Co. noted. Obscured by the average, however, Goodbody said, is the fact that a number of individual groups, such as the oils, stocks related to residential construction and home furnishing, and certain technology issues, have been enjoying miniature bull markets of their own.
CREAM? SUGAR? SHADES?
ASH: England (UPI)—Thomas Coleman won a \$33.60 tax cut because the sun's reflection off a neighbor's greenhouse means his family must wear sunglasses at breakfast.

Big Reds Lead By Two

Birds Can Sweep Twins

By IRA MILLER
UPI Sports Writer
CINCINNATI (UPI)—Maybe the Cincinnati Reds really are a "push-button" team. At least they are finding the right buttons.

The Reds came home today needing one more victory to eliminate the Pittsburgh Pirates and win the National League pennant, and even manager Sparky Anderson had to wonder if they could turn it on and off at will.

"A lot of the writers were saying we could push a button and turn it on when we wanted to win," Anderson said. "At the time, we weren't going so well, but we were still far ahead in the division, and I told the players that if we could push a button and win, it was time to do it."

Sunday, the Reds beat the Pirates for the second straight day, 3-1, at Pittsburgh, to take a two-game lead in the best-of-5 pennant playoff.

Today's game and any others that may be needed will be played here at Riverfront Stadium and, though the Reds aren't claiming it's over yet, the Pirates know they are down.

They've Got Problems
The Pirates got themselves two well-pitched games over the weekend, but neither was good enough, and today they had problems.

Bob Moose, the scheduled Pittsburgh starter, has had an ailing arm and Manager Danny Murtaugh said he would not decide until near game time whether Moose, 11-10, or Bob Veale, 10-15, would pitch. Tony Cloninger, 9-7, will go for the clincher for Cincinnati.

As in Saturday's 3-0 game, it was not the Reds' feared power that made the difference Sunday.

This time, it was Bobby Tolan's speed.
Tolan hit a homer, but it was his two singles and three runs scored that really were decisive, because apart from his home run both the other runs were produced by his legs.

In the third inning, Tolan singled, stole second, continued to third when catcher Manny Sanguillen threw into center-field and scored on a wild pitch by losing pitcher Luke Walker.

He homered in the fifth, then singled and raced home on Tony Perez' double in the eighth, stumbling across the plate after hesitating at third and slightly injuring his left ankle along the way.

"I didn't think they'd send me in, especially on an arm like Stargell," Tolan said.

Umpires Call Temporary Truce

PITTSBURGH (UPI)—A temporary truce rather than a lasting peace has settled the dispute between striking umpires and major league baseball for the duration of the pennant playoffs, and the issue could come up again before the start of the World Series.

The agreement reached between the Major League Umpire's Association and baseball's hierarchy here in Minneapolis-St. Paul Sunday guaranteed only that the umpires would work while crease demands continue in "good faith."

"We reached a good faith agreement," said Doug Hovey, one of the striking umpires who boycotted the opening game of the National League playoffs between Cincinnati and Pittsburgh.

Leverich threw to Lewis for the two point conversion.

Dumas scored once more in the fourth quarter, but came out on the losing end of a 20-13 score.

SCORE BY QUARTERS:
RAZORBACKS 0 12 8 0-20
IMPS 7 0 0 6-13

"Sanguillen was in front of the plate and I didn't know which way I'd have to go."

His left ankle immersed in a plastic bucket of ice water, Tolan said he expected to be in the lineup today.

Lefthanders Jim Merritt, 7-0 against Pittsburgh in two National League Seasons, and Don Gullett shut the door on the Pirates, Gullett with a 3-13 inning hitless relief job.

Packers Head NFC Action

By United Press International
Given up for dead after a 40-0 shellacking at the hands of the Detroit Lions two weeks ago, the Green Bay-Packers burst back into the thick of things in the National Football Conference Central Division Sunday by stunning the previously unbeaten Minnesota Vikings, 13-10.

In other NFC games Sunday, St. Louis defeated Dallas, 20-7, Atlanta edged San Francisco, 21-20, New Orleans bested the New York Giants, 14-10, Washington knocked off the Philadelphia Eagles, 33-21, and in an inter-conference clash, Los Angeles walloped San Diego, 37-10.

Chicago is at Detroit tonight (ABC-TV).
The Packers, used a bonding-grinding defense and a brilliant 101-yard kickoff return by Dave Hampton to subdue the previously unbeaten Vikings.

The Green Bay defensive front four of Bob Brown, Mike McCoy, Rich Moore and Lionel Aldridge harassed Viking quarterback Gary Cuozzo and dumped him six times for 39 yards in losses. A pair of field goals by Dale Livingston put the Packers in front 6-0 and the Vikings were never able to overcome the stout Green Bay defense.

In another revival movement, the St. Louis Cardinals served notice to the Dallas Cowboys that this year they may be for real. A pair of touchdown passes in the second half by quarterback Jim Hart plus a

pair of field goals by Jim Bakken left the Cowboys for dead as St. Louis grabbed a share of the Eastern Division lead.

Luck ran out for the San Francisco Forty Niners and placekicker Bruce Gossett as a 19-yard field goal with three seconds remaining missed, and the Atlanta Falcons escaped with a narrow 21-20 win. Gossett had previously connected on 27 and 43-yard attempts.

A blocked punt at the two-yard-line that led to a touchdown and an intercepted pass in the end zone by the New Orleans Saints dealt the New York Giants their third straight loss.

The Saints' Doug Wyatt blocked Bill Johnson's punt and Al Dodd grabbed the ball and lunged into the end zone with the decisive score.

Washington Redskins quarterback Sonny Jurgensen hit on a pair of touchdown passes and placekicker Curt Knight added four field goals as the Redskins presented Coach Bill Austin with his first win. Halfback Larry Brown also contributed to the Washington cause with 104 yards gained rushing against the Eagles.

In an inter-conference clash the Los Angeles Rams had little trouble with the San Diego Chargers. Roman Gabriel threw two touchdown passes to Jack Snow as Los Angeles breezed to a 37-10 triumph. The Rams' defense contributed solidly by intercepting four of Charger quarterback John Hald's passes.

Shaw and the running of O.J. Simpson. The Jets, who have won only once at Buffalo's War Memorial Stadium in their history, held a 31-20 lead in the fourth period but had it wiped out within a span of two minutes.

The loss was extra hard on the Jets as they lost fullback Matt Snell for the remainder of the season because of a ruptured Achilles tendon and tackle Roger Finnie for at least three weeks with a dislocated tendon in his left ankle.

Earl Morrill and John Unitas combined their quarterbacking talents to spark the Colts triumph. Morrill hit Eddie Hinton with a 13-yard scoring pass in the first quarter and Unitas, who replaced Morrill in the fourth quarter, found Roy Jefferson on a 55-yard TD pass with just 1:52 remaining to nail down the victory.

The Patriots, who did not employ newly acquired quarterback Joe Kapp, managed to lose their two star running backs during the course of the game. Fullback Jim Nance left in the first half with a leg injury and halfback Carl Garrett was ejected from the game along with Baltimore linebacker Mike Curtis during a second-quarter brawl.

Sunday, on the heels of a 10-6 rout Saturday, left the Orioles with a 2-0 lead in games and needing only one win to reach the World Series for the second straight year.

The handsome, sideburned Palmer was Manager Earl Weaver's third-game pitcher against 19-year-old rookie Bert Blyleven (10-9) for the Twins, unless Manager Bill Rigney made a last-minute switch to veteran Jim Kaat (14-10).

All the signs indicated only miracle could save the Twins. "Feel good?" trumpeted Frank Robinson, Orioles slugger who often is their spokesman. "Sure, I feel good. I'd feel good going into hell with a 2-0 lead in a best-of-five series."

The one ray of hope for the Twins could be that Palmer did not beat them during the regular season and they beat him twice. But Palmer says he's changed his pitching since he last faced them the last time back in July. The righthander said, "It was upsetting the rest of my delivery."

Despite the lopsided final score, the Orioles found themselves in a tight game for a while Sunday when their early 4-0 lead had been shaved in the fourth inning by 4-3 by a Lesar Tavern those who Killebrew and a solo homer by served up on consecutive pitches by Orioles lefthander Dave McNally but they were close to being the only bad pitches he served all day.

McNally bore down hard after that and protected the narrow margin with clutch pitching until the Orioles took the pressure off him by staging a seven run uprising in the ninth inning to make it a runaway.

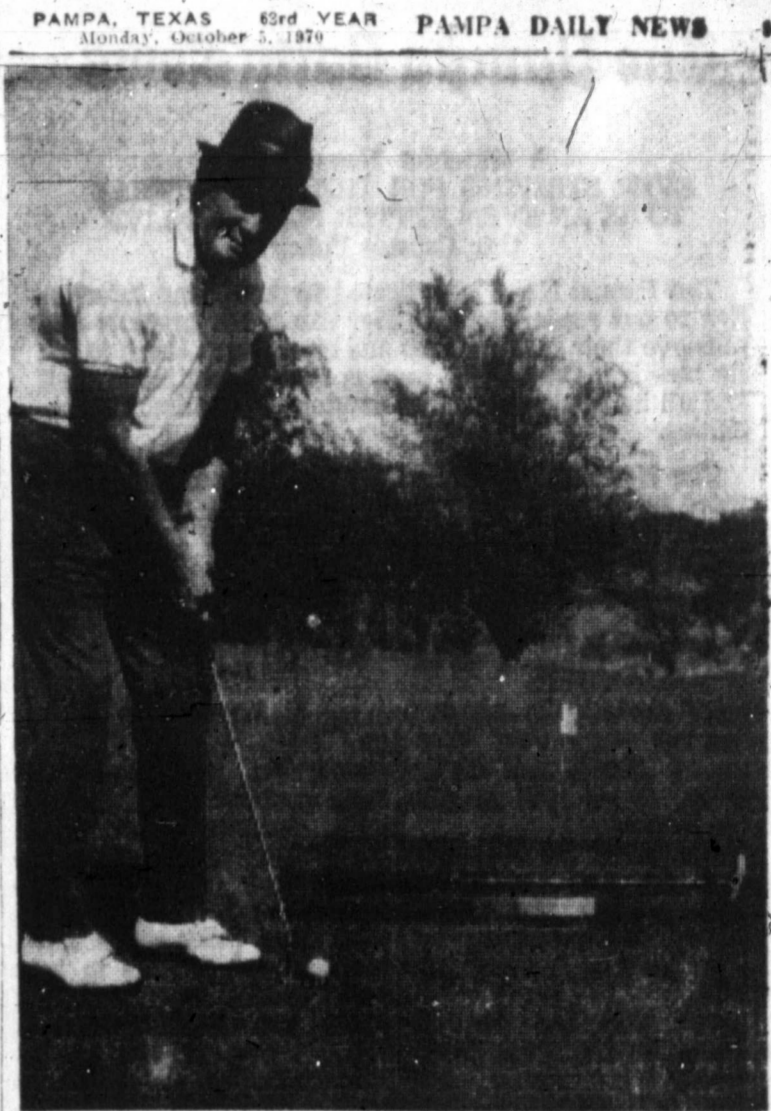

Stan Williams walked in the fifth inning, moved to second a single by Cesar Tovar and headed for home with what would have been the tying run at 44 when Leo Cardenas also singled. But a strong throw by leftfielder Merv Rettenmund cut him down at the plate.

"I just can't run that good any more," said Williams. "I thought I could have made it, or I wouldn't have tried."

Williams' failure to tie the game eventually forced him out of the game for a pinch-hitter, and after that the Orioles romped.

BERKELEY, Calif. (UPI)—Third seed Nancy Richey pulled the upset of the Pacific Coast International Open tennis tournament Saturday by coming from behind to defeat No. 1 seed (Bill) Jean King.

Miss Richey, of San Angelo, Tex., blasted past Miss King 7-5 in the opening set and fell 5-7 in the second set. Then Miss King, of Long Beach, Calif., fell out of contention for the tournament title by succumbing 6-4 to Miss Richey in the final set.

MR. HASKELL "Hack" McGuire of 2506 Mary Ellen won this putter plaque for taking first place in the recent Grand Dads Golf Tournament at the Pampa County Club Golf Course. (Staff Photo)

HAPPY GOLFER!—Mrs. Tom Greenwood, 1935 Grape, is especially happy since she scored a hole-in-one last Thursday on the sixteenth hole of the Pampa Country Club. Mrs. Greenwood says she used a 7 iron. (Staff Photo)

Cesar Sanudo Wins Azalea Open, His First Victory

WILMINGTON, N.C. (UPI)—Isn't every day you find a golfer who attributes his tournament success to his own luck?

That's the way it was today as Cesar Sanudo sees it. Sanudo, a 26-year-old native of Mexico, bogeyed the first hole Sunday, but he played it so well he gave him the boost he needed and when the chance came, he grabbed the lead to win the Azalea Open—his first tournament victory.

Sanudo fired a four-under-par 67 for a 72-hole total of 269 and a one-stroke margin over Bobby Mitchell, who blew up on the final three holes after seemingly having things decided.

Mitchell led by four going into the final round and after he eagled the 15th hole, it appeared to be all over. Then, disaster struck. Mitchell, also seeking his first tournament victory, bogeyed the last three holes and dropped back with a one-over-par 72 and a 270.

Junior High Roundup

Pampa Jr. High Ninth Grade Reapers
Coach Harold Moore's ninth grade Reapers showed a lot of good defensive work in posting a 21-8 win over River Road Jr. High of Amarillo in a game played here last Thursday.

Steve Mathis started the Reapers' scoring with a six yard run in the first quarter. Ricky Smith kicked the extra point.

The Reapers kept their lead until late in the fourth quarter. Then, with 1:34 left in the game, River Road completed a sustained drive for the score.

A two point play made the score 8-7, River Road.
River Road kicked off. Toddy Black, quarterback, connected with Ricky Smith to keep a Pampa 50 yard drive going. A 12 yard Black-Smith touchdown pass put Pampa Jr. High ahead 13-8. Black hit Smith again to make the score 15-8, Pampa.

In his first football season, defensive right halfback James Ray reached the pinnacle of defensive glory. Ray intercepted a River Road pass and ran it back 45 yards for the touchdown. Phil Schaub's kick was no good, but Pampa Jr. High won the game, 21-8.

SCORE BY QUARTERS:
PAMPA 7 0 0 14-21
RIVER ROAD 0 0 0 8-8
Pampa Junior High's eighth grade was open.

Robert E. Lee Ninth Grade Rebels
Liberal South Junior High welcomed the visiting Rebels last Thursday, but wished that Lee coach Dennis Pasley had left a boy named Joe Johnson at home as the Rebels won, 51-16.

Johnson, playing right halfback in the Wishbone T. offense,

tallied five touchdowns on runs of three, 10, 20, 23, and 65 yards.

Chuck Reeves scored two touchdowns on runs of 45 and 58 yards and Joe Curtis completed Lee's touchdown fever with a 40 yard run.

Ed Townsley, Jack King, and Carle Ferrell completed the scoring with punts after touchdowns. Coach Pasley understated very nicely when he said, "The offensive line blocked well."

SCORE BY QUARTERS:
LEE REBELS 0 16 28 7-51
LIBERAL SOUTH 10 0 0 6-16

Eighth Grade Razorbacks
Robert E. Lee's eighth grade Razorbacks hosted the Dumas Imps at Lee Field last Thursday and won, 20-13, for a 3-0 season.

Dumas scored first on a 60 yard punt return.
The Razorbacks came back in the second quarter on scoring runs by David Smith and Tim Thornburg for 50 and 60 yards, respectively.

Both extra point attempts failed and the first half ended 12-7, Lee.

At the top of the third quarter, Lee quarterback Rick Leverich threw a pass to Deane Lewis. Lewis ran a five pattern and, behind good blocking, broke into the open for 65 yards and the td.

Leverich threw to Lewis for the two point conversion.
Dumas scored once more in the fourth quarter, but came out on the losing end of a 20-13 score.

SCORE BY QUARTERS:
RAZORBACKS 0 12 8 0-20
IMPS 7 0 0 6-13

Broncs Pace AFC West

By FRED McMANE
UPI Sports Writer

Coaches by Lou Saban, the Denver Broncos made it three victories in three outings Sunday by surprising the defending world champion Kansas City Chiefs, 26-13, and have taken over sole possession of first place in the Western Division of the American Football Conference.

It was the Broncos' fabulous defensive line plus the kicking of Bobby Howfield that upended the Chiefs. Denver's front four of Rich Jackson, Dave Costa, Pete Duranko and Paul Smith got to Kansas City quarterback Len Dawson seven times and dropped him for losses totalling 76 yards. The defensive line also forced three interceptions and two fumbles.

Howfield, meanwhile, kicked four field goals, including three in the final quarter.

In other Sunday action, Buffalo upset New York, 34-31; Baltimore downed Boston, 14-6; and Houston edged Cincinnati, 20-13, Miami upset Oakland, 20-13, and Cleveland squeaked by Pittsburgh, 15-7 in Saturday games.

Buffalo pulled the upset of this day by turning back the Jets behind the passing of rookie quarterback Dennis

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE
Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Criminals Are Winning

Crime continues to submit a higher bill every year. There are more crimes, and the list goes up, up — both in lives and in money.

There seems to be little regard for the concept of private property anymore. If somebody has something you like, go after it; and any way possible.

Human life has lost its premium. People shoot people nowadays, the same way Pilgrims shot turkeys a couple of hundred years ago.

If something drastic is not done to reverse the situation, the time is not far off when the criminal will take over completely. Sound a bit far-fetched? Maybe so, it's not going to be easy to reverse the trend.

A recent news story indicated that there is a murder every 36 minutes in the U.S. That's approximately 48 a day — one for each of the 50 states.

J. Edgar Hoover probably knows more about crime and criminals than any other living person. In a recent issue of the FBI Law Enforcement Bulletin he said:

"There is something distressing about free people having to restrict and alter their daily pursuits and activities because of brazen criminals.

"Is it right that bus passengers in many metropolitan areas must always have the exact fare because bus drivers can't carry money to make change without being robbed? Is it right that motorists in some cities must buy gasoline in amounts, for which they have exact money, or use credit cards, to keep station attendants from being held up by thugs? Is it right that downtown merchants in some areas should lose their customers, and perhaps their businesses, because citizens are afraid to venture into crime-infested streets?

"Let us face it. Are we, as a free society under the rule of law, shaping our own destiny, or are we being pushed and boxed in by those who defy the law and have no respect for the rights of others?

"The truth of the matter is that more and more of our nation's total energy and effort is needed to protect people against crime. For instance,

Against Your Interests

Beware of the man who propagandizes for intensification of political action and the

more theft-prevention devices are being installed in new automobiles. More homes are being equipped with bigger and more complex door locks.

Banks are taking action to reduce the amount of cash exposed to bank robbers. In some cities, police patrol school corridors and grounds to keep troublemakers from disrupting classes and assaulting students.

The list goes on and on. We are attempting, in effect, to erect a protective barrier between society and the criminal.

However, history dating back to Biblical times teaches us that high walls as such do not necessarily provide sanctuary. If we are to find relief from crime, we have to shore up our legal walls to prevent lawbreakers from slipping back and forth through loopholes to prey on the public and then hide behind legal sanctions to avoid just and adequate punishment. If we are to contain the spiraling crime rate and bring a higher degree of security back to the law-abiding citizens, then we must make justice swift and certain.

In spite of what some courts and legal theorists may proclaim, justice is all-inclusive; it means justice for the victims and the public as well as for the accused.

"Soon, we will have to stop granting concessions to marauding criminals and stop reshaping our lives to conditions thrust upon us by excessive crime. I am fully convinced that one of the most effective moves we could make to combat crime in the 1970s would be to speed up and improve our judicial processes so that the time element between a criminal violation and its disposition in court is sharply reduced. The old truism notwithstanding, it would appear that not all criminals and their attorneys today believe that justice delayed is justice denied.

"Let us stop reacting aimlessly to the pressing demands of the lawless. Rather, let us start applying the legal remedies and safeguards of the law which is meant to penalize those who break it, not those who abide by it."

Yes, let us; let us apply the "safeguards of the law" before the vigilantes are given further excuse for applying their own remedies.

Problem For Space Science

Chagrin of the space-science community at the latest cut-backs in funds and programs is understandable enough.

The elimination of two more moon landings—down three now, not counting unsuccessful Apollo 13, from the original 10-mission schedule — will mean a savings of some \$42 million, but also a rejuggling of lunar exploration priorities and the inevitable canceling of some treasured experiments.

But there are still four landings on the schedule through mid-1972, plus Skylab, the prototype space station in permanent orbit. And even after the congressional cuts, the space budget is still \$3.2 billion for the current fiscal year, scarcely a starvation diet when a mounting federal deficit is going no one knows how high.

NASA chief Dr. Thomas O. Paine says the cuts mean 700 of his own people will have to go plus some 2,300 employees of the agency's civilian contractors.

No one, apparently, is immune from the ax. At least seven, and possibly more, of the German rocket experts brought to the U.S. a quarter of a century ago—the famed Werner Von Braun team, the naturalized founding fathers of the American space effort, so to speak—are among those being let out.

In a generally ailing aerospace industry — midsummer employment down more than a quarter of a million from a 1968 high of 1,418,000 — the purely space segment stands out as a disaster area.

With NASA now down to about 30,000 and its civilian associates dropping to 142,000, according to Paine's estimate, total space employment has been cut in half. At Cape Kennedy, two out of every five jobs are gone. All in a short three years.

This state of affairs is scarcely a secret. The media has kept us informed of the laid-off engineers operating dairy stands, the mathematicians taking care of the house while wives work.

The tragedy of unemployment stalks the aerospace industry, including plants in Orange County.

Yet, we cannot consistently deplore both federal deficits and cuts in the aerospace program. Indeed, a great many Americans are not entirely satisfied that any worthwhile purpose has been served by the billions spent on putting man on the moon when we haven't been able to figure a way to keep hijackers off airplanes. Maybe some of that high wattage brain power laid off by the AEC can turn its attentions to that problem.

H. L. Hunt Writes

A CLASSIC DELAY

The state of California has finally won its battle to extradite Charles Watson from Texas to face trial in the celebrated Sharon Tate case. The legal war of extradition raged for about a year after California authorities announced they had solved the gruesome slaying of Miss Tate and others.

It isn't the purpose of this column to comment on the guilt or innocence of Watson. That is a decision for a jury after hearing all the evidence in a trial court. Nor is it the purpose here to criticize the laudable counsel of the defendant. Actually, that counsel has done a classically skillful job in delaying Watson's return to California. He has gone into state appellate courts and federal courts seeking writs that would keep the defendant in Texas.

But our concern here is the variation of unrealistic legal remedies offered an accused person in such circumstances. The legal matter, it would seem, involves two states. Normal procedure involves the governors of the two states concerned. In Texas, a court of law must explain the charges and the rights of the defendant and then the wheels of extradition are put into action. Guilt or innocence is not material. What is material is the evidence of the indictment and the legal right of custody submitted by the transfer agencies.

But our legal system, as it is now constituted, offers all sorts of possibilities for the defendant to attack the proceedings of extradition. The law makers of our nation would do well to ponder an elimination of some avenues of appeal. Once in the state of jurisdiction, all the cogs of the legal system can be made to grind. The trial court should be the scene of the main legal battle.

With Some Reservation

By INJUN WOODY

We don't have enough troubles in this country — we have to import some. That vice-president of S. Vietnam, K.O. Ky come over to throw his few sparks into the tinder....

Today, hot-footing it to another country and running off at the mouth goes hand in hand with the body politic....

Ky thinks this will help him in his running for president in Vet-Nom next year which shows he is learning fast from our own politicians. But the U.S. government ain't going to be glad to see him. In fact they sent him a very cordial invitation to stay home....

But that Rev. Carl McIntire invited Ky to come. Reverends nowadays are more involved in the congressional record than in the Bible. They once led in the "March to Calvary" — they now lead in the march to Washington, and grovel at the tower of Babel....

McIntire says, "It will be a great gathering of the Hawks. We're going to get together and have a good time!"

It all sounds like a wonderful sermon, don't it. Ministers used to take a text and preach for it — they now take a pretext and reach for it—

The servants of God have, in too many cases, become godless servants of bureaucracies. If they see a world problem they don't understand they figure they might as well Christianize it....

WORLD ALMANAC FACTS

The bloodhound is a large breed of dog with an unsurpassed ability to follow elusive scents. The World Almanac notes that the European aristocratic class placed much attention on the breeding of the dog, causing it to become known as "blooded" hound. The bloodhound is gentle by nature and will not attack a man it is trailing unless trained to do so.

STRAIGHT TALK: The Point Of No Return

By TOM ANDERSON

Many Americans have been brainwashed by the commentators into thinking that the main cause of the campus unrest is the Vietnam war; that the campus turmoil is not organized. The campus revolution is as highly organized as the Normandy Landing. The headquarters for it is in Prague, Czechoslovakia. In Prague, the so-called "International Union of Students" financed and run by Moscow, pulls the strings. And ironically, most of the student puppets reacting throughout the world don't even know that comrats in Prague, specifically assigned to specific nations, call the tune for the destruction of the Free World.

Stokely Carmichael advises: "Revolution never begins until you seize power. You've got to seize power. The period coming before a revolution is called armed struggle. That's what we're beginning to get engaged in in this country...."

Traitor Carmichael has nominated Adolph Hitler as "the greatest white man." Coming from Carmichael, that is understandable. He is a Marxist, Marxism and Fascism are soul brothers. Criminal Carmichael is back in America urging students to emulate "the revolutionary leaders of history — Marx, Lenin, Ho Chi Minh," in order to formulate their goals and tactics. For the past year or so Carmichael has been in Africa, trying to communicate it.

Black Panther Eldridge Cleaver cries: "America is up against the wall. This whole apparatus, this capitalistic system and institutions and police... all need to be assigned to the garbage can of history... if we can't have it, nobody's gonna have it. We'd rather provoke a situation... that will disrupt cities and the economy so that the enemies of America could come in and pick the gold from teeth of these Babylonian pigs... We have to destroy the present power structure in the U.S.; we have to overthrow the government!"

SDS chairman Mark Rudd admonishes students: "You're fools if you don't get your guns and join the Revolution."

Professor Staughton Lynd proclaims: "We need to find ways to lay siege to corporations." Devereux Kennedy, when chairman of the W.E.B. DuBois clubs (Communist) stated: "What I mean by revolution is overthrowing the American government... I'll tell you the steps I think will be needed...."

The criminal anarchist traitor Jerry Rubin has warned the American people: "... We tell America that if they try to kill Bobby Seale, every single campus in this country is going to fall... we've got to tell Americans that if they lay one hand on Bobby, every campus from Northeastern to Berkeley is going to burn."

Why aren't the Panthers, the "Weathermen" and all other criminal traitors, including the Marxist professors arrested and tried for treason? And then hung? Because the "Liberals" in government, press, church and education are also against our free, capitalist republic and want it destroyed. Traitor Cleaver, now a fugitive from

Your Health

By Dr. Lawrence Lamb

Wartime Food Scarcity Helped Dieters' Health

What if you already have fatty deposits in the arteries from "civilized" living? Often you can reverse the process if you haven't already had too much damage to your arteries, heart and brain.

During World War II, when the Germans occupied the Lowlands and Scandinavia, food was rationed, markedly restricting fat and calories. Eggs were difficult to get. There was a dramatic decrease in heart disease in the occupied countries.

Germans held prisoner in Russia were put on a diet containing less than 8 per cent fat (Americans eat well over 40 per cent of their calories as fat). Many of these prisoners were autopsied and they had no significant evidence of fatty deposits in their arteries.

Food was still scarce in Germany after the war and it was almost impossible to find a good case of heart disease caused by fatty deposits in the arteries to demonstrate to medical students. Once the old living habits were resumed in Germany, the Lowlands and Scandinavia, the rate of atherosclerosis soared beyond the prewar levels.

A similar decrease in artery disease was observed in Johannesburg, South Africa. When white, prisoners were jailed and fed the Bantu diet for a long time, evidence of heart disease disappeared.

When people from races apparently free of the disease are absorbed by civilization, they develop atherosclerosis. Oriental people in the U.S., eating and living as we do, have a high incidence of heart and vascular disease.

In the Jewish culture, when the primitive Yemenite Jews were absorbed by Israel, on the average they gained 20 pounds (not muscle but fat). Of course, they developed fatty deposits in their arteries and began to have a lot more heart attacks.

What does all this mean to you? It is very simple: By adjusting your living patterns you can do something about preventing fatty deposits in your arteries. If you already have deposits the adjustment could help reverse the process. You can decrease the possibility that you will have a heart attack, a stroke or senility.

On the other hand, continued indulgence in too many calories of the "wrong kind, not enough physical activity and the wrong habits can speed you to premature aging, disability and even death.

Please send your questions and comments to Lawrence E. Lamb, M.D., in care of this paper. While Dr. Lamb can't answer individual letters, he will answer letters of general interest in future columns.

Inside Washington

Harrier Procurement

JOHN GOLDSMITH Harrying Marines **ROBERT ALLEN**

WASHINGTON — Chairman George Mahon, D-Tex., and his House Appropriations Committee, are opposing component production, in the United States, of the British-designed fighter plane, Harrier, and have directed the Marine Corps to buy the planes in Britain.

That puts Mahon and his colleagues at odds with Chairman L. Mendel Rivers, D-S.C., and his House Armed Services Committee. The Armed Services Committee directed the "Continental" limits procurement when it first authorized purchase of a few Harriers last year.

The Marines are in an awkward position. They want more Harriers, a V-stol aircraft which takes off almost vertically by rotating its powerful jet engines. The plane is well equipped for providing close air support to Marine ground units.

Despite its valorous battlefield history, however, the Marine Corps does not want to be in the middle between congressional powers Mahon and Rivers and their two committees—each of them important to the operations of the Corps.

The Mahon committee is in the picture somewhat unexpectedly at present. Because the defense money bill is still pending, the Appropriations Committee was asked to clear a \$9 million sum in advance to keep British production lines at work on the Harriers.

Mahon has responded by insisting that the planes be procured in England rather than through a U.S. licensee of the British producer — Haker Siddeley.

25 PER CENT MORE COSTLY — As we reported in early spring, the U.S. licensing arrangement adds about a quarter — 25 per cent — more to the cost of Harrier production. The Pentagon says \$24 million of a \$96 million total, earmarked for purchase of 18 Harriers this year, could be saved by buying in Britain.

There has always been opposition, however, to the purchase of weapon systems abroad. This time there have also been claims that the purchase here will protect jobs and help the balance of payments problem for the United States Treasury.

When it approved an initial purchase of a dozen Harriers, the House Armed Service

Committee served formal notice that it would authorize further purchases of the 6B Harrier — "unless produced within the United States."

As a result of that edict, Hawker Siddeley reached agreement with McDonnell Douglas for production here virtually the entire plane except for the power plant. Industry sources say the British firm shopped around for a licensee and that the agreement with McDonnell Douglas was coincidence.

The Marine Corps had called procurement of 17 Phantom fighters — made McDonnell Douglas — when decided to buy the Harrier a close support aircraft.

The interests of McDonnell Douglas have brought Stuart Symington, D-Mo., the controversy on behalf of Missouri-based planemaker Symington is trying to find way around Mahon's buy-Britain economy edict.

Note: Additional "buys" Harrier fighters are anticipated in future years. Possible savings involved, over years, go far beyond this year's \$24.2 million.

MINUTEMAN TEST — Air Force still has plans a "live" test of an operational Minuteman missile, across Northwest and into the Pacific but the prospects are more a more remote.

As we reported more than year ago, such a test might carry "destruct" devices and the Air Force has mapped a trajectory which would a highly populated areas.

However, the first stage of the minuteman falls to earth in the atmosphere and could damage. So far, no destructive device has been designed which would not produce a show of hardware from a missile which had to be destroyed it should go off course.

Moreover, the path of errant missile, fired in Montana or North Dakota might mistakenly cross Canada and add international complications to the hazards such a hardware shower.

Air Force experts are unhappy that the ready for of Minuteman missiles cannot be tested realistically. Some of the experts are conceding, however, that the long-projected operational tests do not appear possible now.

Question Box

(We invite questions on economics and the proper form of government which will not injure anyone.)

QUESTION:—Does the planned economy of socialism always lead to tyranny?
ANSWER: We believe that inevitably it must. Henry Hazlitt, in his book "Man vs. The Welfare State" quotes Gustav Cassel, the eminent Swedish economist who, 33 years ago, explained how "planned economy," if long enough continued must lead to despotism.

"The leadership of the state in economic affairs which advocates of planned economy want to establish is, as we have seen, necessarily connected with a bewildering mass of government interferences of a steadily cumulative nature. The arbitrariness, the mistakes and the inevitable contradictions of such policy will, as daily experience shows, only strengthen the demand for a more rational coordination of the different measures, and therefore, for unified leadership. For this reason planned economy will always develop into dictatorship."

We see this happening in this country even now. More and more the bureaucracies issue conflicting ukases and follow contradictory policies and as the people become more and more confused, the cry for the

government "to do something gets louder and louder. As case in point, the Dept. of Agriculture subsidizes the growing of tobacco, another government agency promotes its sale overseas, another attempts to prohibit the tobacco companies from advertising cigarettes and if it can't prohibit the advertising, wants to dictate its content. And a recent news story reported that Emerson Foote, speaking to the National Conference on Smoking and Health asks the U.S. government to consider making cigarettes illegal.

It takes power to control the lives of individuals in such things, and when that power gradually becomes concentrated in the hands of one man or one small group of men, you have a dictatorship.

Political power cannot do anything except wield political power—to the advantage of those who have the power and their friends and cronies and to the disadvantage of everyone else. A politically planned economy must lead to dictatorship with its advantages for the few and its disadvantages for most, but a free economy leads to advantage for everyone, because the seller must always satisfy the buyer.

AN EQUAL OPPORTUNITY EMPLOYER

Crazy World Of Washington

WASHINGTON (UPI)—The "what if" guessing has started among both Democrats and Republicans about control of the Senate in 1971.

The script for their speculation goes this way:—The GOP in the Nov. 3 elections posts a net gain of six seats—one short of the number needed, with the tie-breaking vote of Vice President Spiro T. Agnew, to put the Senate under Republican command next year.

—Sen. Harry F. Byrd Jr., is reelected in Virginia as an independent.

—Massive pressure is applied to Byrd from his friends in both parties to vote with them to organize the Senate in January.

If a reelected Byrd should remain mum as former Sen. Frank J. Lausche did in 1956, the country would not know until two months after the election which party would control the Senate.

Despite his exit from the Democratic party, the man long known as "Young Harry" is favored to win reelection in a three-way contest for the Senate seat occupied by him for five years and by his late father for 32.

Senate Democrats now appear confident that Byrd would vote with them next January. They doubt that he would vote to strip away the power held by such friends and allies of his father as Sen. Richard B. Russell, D-Ga., chairman of the appropriations committee, and John C. Stennis, D-Miss., chairman of the Armed Services Committee.

When he announced last spring that he would run as an independent, Byrd's Republican friends were confident that he would vote for GOP control of the Senate. These expressions of confidence have now turned to expressions of hope.

Virginia Republicans who wanted to draw Byrd into their party tried and failed to get him the senatorial nomination or to persuade the state GOP convention to nominate non-candidate Gov. A. Linwood Holte, a Republican, refused to buy these proposals, unless Byrd declared himself a Republican.

Ray L. Garland, a relatively obscure state legislator, was nominated by the GOP. George C. Rawlings Jr., a liberal former state legislator, won the Democratic nomination in a primary contest.

Byrd is campaigning quietly and shrugging off invitations to debate his rivals. Why should he debate, he asks, when everyone knows where he stands.

The voters of Virginia do not know where he stands on one of the big questions of 1970: Which party will control the Senate next year?

Back in 1956, Lausche put out the word that he might vote for Republican control of the Senate if his vote would be decisive and if President Dwight D. Eisenhower should be reelected. He was then Democratic governor of Ohio and a Democratic nominee for the Senate. As Governor, he said, he had trouble dealing with a legislature controlled by the opposition party.

Eisenhower easily won reelection, but Lausche voted to keep the Democrats in control of the Senate. He kept his decision secret until the new Senate convened. His was the deciding vote.

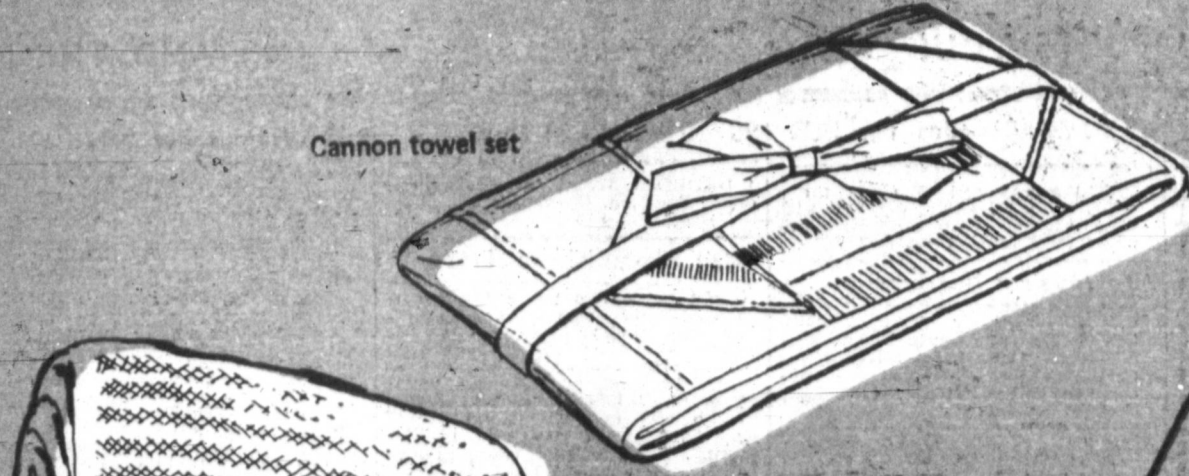

In Byrd's Virginia, like other Southern states, the GOP is becoming a robust competitor for the Democratic party. It has one of the three Republican governors in the 11 states of Confederacy.

It has none of the three Republican U.S. Senators in the South, but it is the first Dixie state in which the GOP has won half the seats in the national House of Representatives. A Republican majority in its 10-member House delegation is likely after the Nov. 3 elections.

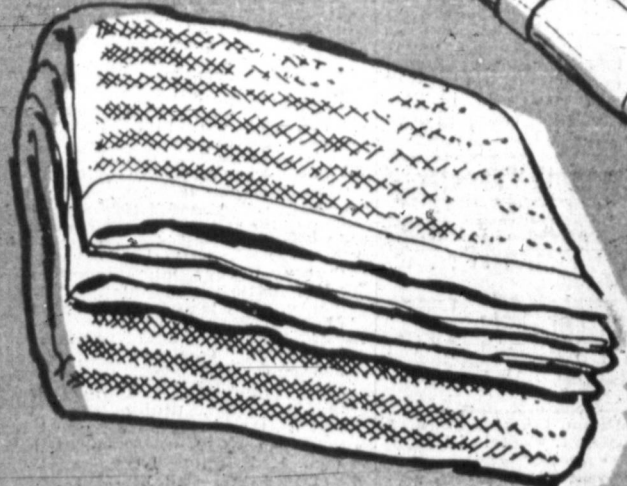

PEARLY VICTORIOUS
EMSWORTH, England. (UPI)—Thieves with a gourmet taste have stolen more than 3,000 oysters from the local fishermen's association shellfish beds, police reported.

DRIVING NO MORE
LONDON (UPI)—A judge has banned driving instructor Byron Moffatt Walker, 34, from driving for eight years after he was found guilty of giving a girl pupil a lesson while drunk. Walker told the court he did not realize the girl was in the dual control car until it crashed.
