

HOLLYWOOD PROBERS REFUSED INFORMATION

Polish Guards Fail to Halt Mikolajczyk

WARSAW, Poland—(AP)—Premier Josef Cyrankiewicz told the Polish Parliament today that the Polish frontier guards had prevented 35,000 persons from illegally leaving the country this year but that opposition leader Stanislaw Mikolajczyk had managed to flee.

The Premier said nothing, however, to clarify how Mikolajczyk, the leader of the Polish Peasant Party, had made his way out of the country or his present whereabouts.

Previously there had been speculation in some quarters that Mikolajczyk might have been apprehended while attempting to cross the border. The opposition leader, who apparently fled Poland in fear of his life, had not been definitely located since he dropped out of sight 10 days ago with a party of seven friends. There have been unconfirmed reports that he already was in Britain, or was on his way there via Sweden.

Cyrankiewicz declared that Mikolajczyk fled all his hopes of "foreign intervention" in Poland and had vanished. Mikolajczyk had "isolated himself from the Polish people," the Premier of Poland's Soviet-supported government added.

Cyrankiewicz also told Parliament that Mikolajczyk's exit from the Polish political scene would clear the atmosphere and promote the efforts of what he described as the "Democratic parties" in striving for peace and prosperity for the Polish people.

Earlier the government controlled press predicted that Poland was headed for a long period of prosperity because Mikolajczyk had gone away.

During a long discussion at the opening session of Parliament of the nation's internal and international position, the Premier referred to "coal, eggs, fish and another article—Mikolajczyk"—as being among Poland's major exports.

Cyrankiewicz then warned the

More Screen Figures Cited for Contempt

WASHINGTON—(AP)—Two more screen figures were cited for contempt by a House un-American Activities Subcommittee today, raising to six the number now facing this accusation.

The committee acted against Samuel Ornitz, a writer, Herbert Biberman, a producer and director.

Called as witnesses in the committee's reds-in-Hollywood investigation, these figures refused to answer questions. They took the same stand four writers had taken earlier—that the committee had no right to inquire into their affiliations or political beliefs.

SUPER BABY Toney Marie Christine, 20-months-old, who gained national prominence eight months ago when she weighed 42 pounds, now weighs 54 pounds. She and her parents recently moved to Hutchinson, Kans., from Arkansas. Toney wears size six dresses and size seven shoes.

The eighth day of the committee's hearings was launched with a statement from Chairman Thomas (R-N.J.) that it won't stop "until all the Communists in Hollywood are exposed," but immediately ran into difficulties.

Before calling Screen Writer Sam Ornitz as the first witness, Thomas read a prepared statement in which he said "have sought in every manner to divert this committee from its main course of inquiry."

Ornitz is one of 19 writers and workers represented by Robert W. Kenny, Los Angeles attorney. Four of the 19 already have been cited for contempt for failing to answer committee questions as to whether they are Communists.

Ornitz worked on "It Can Happen to You," "Two Queens" and "The Man Who Reclaimed His Head."

Kenny, called before the committee yesterday, declined to say whether he had advised his clients not to answer certain inquiries. He said it would be unethical for him as an attorney to disclose what he and a client had told each other.

Thomas said there can be no doubt that the four already cited—Dalton Trumbo, John Howard Lawson, Alvah Bessie and Albert Maltz—are Communists and "have been Communists for a long while and they will continue to be Communists serving not the best interests of the United States but the best interests of a foreign government."

Ornitz was dismissed from the stand after a few minutes when he refused to say whether he belongs to the Screen Writers Guild.

Ornitz left the stand shouting vainly at the committee as Thomas bent with his gavel to restore order.

His refusal to answer questions followed the pattern set by the screen writers who had been called previously.

Ornitz, a short, heavy man, asked permission to submit a statement before he testified. Thomas looked it over and refused the request. He called it "clearly out of order" and "another case of vilification."

His refusal left the stand committee investigator, Louis J. Russell, produced a photostatic copy of a Communist Party registration card No. 47181 dated Dec. 2, 1944, and made out in the name "Sam O." identified as a motion picture writer, Russell said a code he obtained with the card showed that Sam O. was the Communist Party registration of Samuel Ornitz.

Official Declares Probe Will Curb Newsprint Output

MONTREAL—The inquiry by the United States Department of Justice into affairs of Canadian firms "must inevitably discourage expansion of newspaper production," it was declared here Oct. 20 by R. M. Fowler, president of the Canadian Pulp and Paper Association.

Addressing the Canadian Club of Montreal, Fowler emphasized "that the issue is not primarily a newspaper issue at all—it is a question of Canadian sovereignty rights in which every Canadian is concerned."

The procedure adopted by the Department of Justice, Fowler commented, is "in striking contrast to the co-operative relations that exist between the Canadian newspaper industry and the publishing industry in both the U. S. and Canada."

Newspaper manufacturers of Canada have nothing to hide, Fowler stated, but each one of those subpoenaed "is apparently unwilling to submit tamely to jurisdiction of a foreign court."

"Many Americans," he asserted, "seem to feel that their Attorney-General has, in these proceedings, been the victim of poor advice." He referred to the subpoenas as "a contentious and irritating subject."

Wedding Day Will Be Postponed for Accident Victim

FORT WORTH—(AP)—Former paratrooper Arthur J. Staggs, 27, of Fort Worth will not be able to walk down the aisle at the wedding site and Gladys Graves of Weatherford had planned for today.

The veteran of combat action in France lies in a hospital bed today. He was hit by a railroad tank car yesterday. Both legs were mangled. The left was amputated above the knee. The right below the knee.

Hospital attendants said his condition was "fair."

His bride-to-be waited at his bedside and calmly declared: "As soon as he has recovered I want us to marry."

Corpus Christi Finds No Takers for Bonds

CORPUS CHRISTI—(AP)—The Corpus Christi City Council today faced the problem of disposing of \$4,480,000 in bonds voted Oct. 4.

The bonds were put on the market yesterday but no bids were submitted because of recent bond market fluctuations.

Land Board Will Assist Surveyors

A Land Board, composed of six members and two alternates to meet with the tax survey engineers in an advisory capacity, was selected yesterday afternoon at a joint meeting of the school board and the Pampa School Board after a long session over the names of 15 suggested business and professional men.

Named to the board are: Irvin Cole, C. A. Burton, John Haggard Ivy, Duncan, DeLea Vicars, and John Pitts, Alternates: Lynn Boyd and Fred Thompson.

The purpose of the board is to act in an advisory capacity with the engineers in setting down the values of ground lots by the running front foot; finding the highest lots in the business and residential sections and then tapering off from those points. Cole, who lives outside the city limits was selected by the School Board because of school district lands outside of the city that will come under the survey.

The board will first meet with the engineers Tuesday night in the City Commission Room, City Hall, to initiate discussions on land values. The board will meet with the surveyors on Wednesday and Thursday. However, the board will not be called on to deliberate upon the construction costs of buildings as they will be figured by the engineers at a 1941 and 1942 cost level.

The creation of this board was first suggested to the City Commission by the Southwestern Appraisal Company on the grounds that its working with the engineers would produce an even more thorough equalization of city and school taxes.

Mayor C. A. Huff commenting on the appointments said: "The surveying of these men on the Land Board is as important to the well being of our city as the services of any jurist, city or county commissioner or school board member. We have spent much time in coming right down to the finest degree of accuracy in appointing this board to be sure that we have secured as good an all around representation as was humanly possible."

The commission pointed out that the findings of the survey engineers will be presented to the 1948 Board of Equalization for their use when they meet next year and hold their public hearings.

In the meantime the survey engineers have been at work in the city, laying out the blocks and working on their business and construction value.

Communists Lose Half of Their 18 Seats in Election

COPENHAGEN—(AP)—Premier Knud Kristensen called his cabinet into session today to decide its course after parliamentary elections yesterday in which no party gained a majority and the Communists lost half their 18 seats.

Political leaders were known to be reluctant to form a new government.

Kristensen's right-of-center Agrarian party gained 11 seats but had only 49 of the 148 in the lower house. Some speculated that Finance Minister Thorvald Kristensen might form a new cabinet, or that the anti-socialist parties might form a coalition government without the Socialists and Communists.

The leftist Social Democrats displaced the Agrarians as the leading party, winning nine additional seats for a total of 57. Some politicians speculated that they might form a new government if assurances of support from other parties except the Communists could be gained.

With the count of ballots complete in 76 of Denmark's 117 election districts, the Communists polled 46,992 votes, compared to 93,533 votes in all districts in 1945. All the parties except the National Unity Party were running ahead of the Communists in the popular vote count, with the Social Democrats and the Agrarians far out in front.

Most observers attributed the Communist slip to two causes: (1) their recent demands of a purge of the Danish government, and (2) recent Communist moves in other European countries.

Members of the Folketing customarily are elected for four years, but yesterday's election was necessitated by the downfall of Kristensen's government on Oct. 4 after the Folketing voted no confidence in his coalition cabinet.

U. S. Pondering Increase in Greek Military Mission

WASHINGTON—(AP)—Government officials are considering an increase in the American Military Mission to Greece as a means of helping the Greek Army prepare for a cleanup offensive against the Communist Guerrilla forces.

Authorities said the present mission, totaling 40 officers and men, now appears to be too small to do an adequate job. The mission's assignment has been to help the Greek forces assemble United States equipment being furnished them under the "Truman Doctrine" aid program and to help the Greeks in the use of this equipment.

These authorities flatly denied, however, that there is any thought now of sending American troops to Greece or of having any American officers participate in Greek combat operations, as was reported from some European capitals last weekend.

The belief here is rather that an increase in the military mission would simply speed up the work already undertaken and give the Greeks a morale boost in launching the offensive, probably some time this winter.

An offensive is considered essential to ring the Guerrilla fighting under control and restore to Greece the minimum political stability which officials say is necessary to enable the nation to undertake an effective recovery program.

In this sense this estimate of the situation which is now the predominant official view, recognizes the failure of a theory widely held here earlier in the year. That was that if a liberal Greek government could be persuaded to offer an amnesty to members of the Guerrilla movement, the Guerrilla forces would disintegrate and only the Communist core would remain.

However, persons most familiar with the situation in Greece now concede that the amnesty offered several weeks ago has not succeeded. The reason given is that the Communist discipline in the Guerrilla forces is too strong.

This has led authorities here to decide that the only solution to the Guerrilla problem is a military operation. The amnesty offer expires November 15.

Many Injured in Fight Between Reds and Police

PARIS—(AP)—Unofficial counts of the number injured in last night's bloody, head-cracking street fight between Communists and Paris Police ranged today from 40 to 300.

The riotous street brawling, the first major political street battling in Paris since the bitter conflicts of 1936, occurred only a few hours after the Communist Party's Paul Ramadier opened his government's fight for life in the National Assembly, summoned into special session to deal with France's vexing political and economic problems.

Communists estimated to number about 35,000 responded to a call in their newspaper L'Humanite to break up an anti-Communist meeting in the Place d'Etoile, sponsored by former senator Gustave Guathrot.

They besieged the meeting place and broke through car police lines and a wooden barricade before police drove them off.

The meeting, attended by 1,500 persons, was held and ended early today.

Estimates of the number injured ranged in the Paris press to as high as 150 on each side. An official police statement said eight officers had been hurt.

The assembly, which yesterday heard Ramadier attack both the Communists and Gen. Charles de Gaulle, was in recess until tomorrow when it was expected a vote of confidence would be taken.

Most observers thought Ramadier would be able to win by a small margin.

Solon Says Rationing 'Might Be Feasible'

WASHINGTON—(AP)—Republican Senator Buck said today restoration of wartime food rationing on a limited scale "might be feasible" in order to aid Europe.

The Delaware lawmaker turned thumbs down on return to any form of price control.

Buck is a member of the Senate Banking Committee. This group and its House counterpart will consider the price-curling program which President Truman has announced he will lay before Congress at the special session opening Nov. 17.

Mr. Truman has not disclosed details of the plan, but he recently termed rationing and price controls the methods of a police state.

But Buck told a reporter: "I think rationing of certain consumer goods might be feasible if we are going to be able to help Europe. I have in mind such products as are in demand for export, among them some kinds of meat, as well as butter and lard and shortening."

The Delaware Republican said, too, that some sort of producer rationing should be set up for wheat, steel and perhaps lumber.

"As I see it," Buck added, "we've got a choice of only two things. Either we must curtail our shipments abroad of food and other things, or we must find a way of taking the pressure from prices at the source by a system of fair distribution of commodities in demand abroad."

Reminded that Chester Bowles, former OPA boss, recently told a Congressional committee it would take at least six months to set up a rationing program, Buck said that makes no difference.

"We are contemplating long range aid to Europe under the Marshall Plan. That means there probably still will be a lot of pressure six months from now. So there is time to set up a rationing program."

Buck added that in the meantime there should be "a thoroughgoing educational program" on the reasons for rationing.

"The American people haven't been sold on the need to deny themselves in order to send food abroad. There is a big job to be done on that score."

Food conservation chief Charles Luckman echoed the view of the aid bill.

He said that "if the Citizens Food Committee is to help the hungry people of Europe during the coming months" it must meet by January 1 the government's goal of saving 100,000,000 bushels of grain for shipment abroad.

While voting belief that the deadline is a bit tight, Luckman added that still new conservation measures may be required.

A committee spokesman emphasized that when Luckman told New York reporters of his confidence that the grain-saving target will be met by year's end he did not mean to predict an end to meatless and poultryless days by that date.

One slight hitch has developed

Survey of Water Supply Proposed

The serious water shortage for Pampa over the last two summers and the present overload in the Engineering Department with routine work plus the sewer extension and paving projects resulted yesterday in the City Commission's action to call in representatives of three engineering firms to bid on a survey of future water well locations for the city.

The engineers were told by the commission that they wanted future locations spotted with the water analyzed as to its softness and usability.

The firms, Hatfield and Hatfield, Amarillo; Roberts and Merriman, Lubbock; and Parkhill, Smith and Cooper, also of Lubbock spent the major part of the afternoon with the commission in discussing the survey. Each of the three will present bids at a later date to the commission.

The discussion of a possible human ordinance was brought before the commission, following reports of the humane officer that many unlicensed dogs are running loose on the streets. The canines, it was reported, would seek the safety of their own back yard when chased by the officer. According to City Attorney Bob Gordon, the humane officer may take the dog out of his yard, but not out of the house. All dogs must be vaccinated against rabies before a license will be issued, city officials said. They added that too many dogs are left to run around their own yard, but never stay there.

City Manager Steve Matthews hinted that the city is going to crack down on unvaccinated and unlicensed dogs running free. He said the City Commission will be the civic duty of every dog owner to have his pet vaccinated against the disease for the protection of children and adults in the immediate neighborhoods.

Moving to cooperate with the President's food conservation program the following were appointed as the Local Citizens' Food Committee yesterday by the City Commission: Chairman Lieb Langston, Mrs. Paul Hui, Jimmie McCune, Joe Fisher, Mrs. Roy Chism, Rev. B. A. Norris, Frank Wilson and Fred Thompson.

Approval of the first plumber's bond, under the new state plumbing license law, was passed by the commission. The applicant was the Garrett Plumbing Company, connected with the Pampa Supply Company.

Girls Scouts to Give Lions Club Program

Local Girl Scouts, under the direction of Miss Marie Stedje, will be in charge of the program at the weekly noonday luncheon of the Lions Club to be held tomorrow in their regular meeting place, the basement of the First Methodist Church.

FOUR EXECUTED

ATHENS—(AP)—Four members of an armed band which recently attacked a village 12 miles north of Athens and killed one villager were executed by a firing squad at dawn today. About 100 persons witnessed the executions.

Texas Farmers Seek Help of Statisticians

COLLEGE STATION—(AP)—Farmers of Matagorda and Wharton Counties have appealed to state and federal farm statisticians for help in preventing recurrence of an estimated \$200,000 loss caused this year to cotton crops when nearby rice fields were diked with a new weed-killing chemical.

H. D. Madsen of Danevang, president of the Matagorda County Cotton Farmers Protective Association, told a conference here yesterday that the chemical (2,4-D) drifted into cotton fields as far as 25 miles away.

Other speakers said some fields were so badly damaged that no attempt was made to pick the cotton crops.

Enactment of Anti-Poll Tax Law Is Urged

WASHINGTON—(AP)—A committee appointed by President Truman proposed today that racial segregation be wiped out of American life "now."

Mr. Truman's committee on civil rights, headed by President Charles E. Wilson of the General Electric Company, made 35 recommendations on explosive subjects in the whole civil rights field.

It urged the enactment of federal anti-lynching, anti-poll tax, and fair employment practice laws—three issues which have torn Congress with bitter struggles.

It recommended that Congress and the state legislatures outlaw segregation and discrimination based on race, color, creed, or national origin, in such places as trains, buses, schools, hospitals, theaters, hotels, restaurants, the armed services, and private employment.

It proposed that the states outlaw "restrictive covenants" by which property owners bind themselves not to sell or lease to "undesirables."

The 15-member committee said these measures and many others, are needed to bring the nation nearer to full realization of "the American way" of freedom and equality.

"We need to guarantee the same rights to every person regardless of who he is, where he lives, or what his racial, religious or national origins are," the report said.

It declared "the time is now" for three reasons: moral, economic, and international.

The committee's view of the international aspect was that "the United States is not equal" in the final triumph of the democratic ideal is not so inevitable that we can ignore what the world thinks of us or our record."

Concerning segregation—the separation of a minority from other people—the committee said the "separate but equal" idea as when a state has one school system for white persons and another for colored persons.

U. S. Opposes Red Demand for Korean Delegate

LAKE SUCCESS—(AP)—The United States today opposed a Russian demand that elected representatives of the Korean people be invited here to participate in United Nations debate on Korean independence.

An American spokesman said the Soviet proposal was "unnecessary and apparently designed to delay and perhaps bar action on the case at this session of the General Assembly."

Andrei A. Gromyko, Soviet deputy foreign minister, laid the representation proposal before the assembly's 47-nation Political Committee last week. A demand that the U. N. order withdrawal of all American and Russian troops from Korea by Jan. 1.

In bringing the case, one of Secretary of State Marshall's major proposals before the current assembly, the United States asked that the U. N. set up a commission to supervise elections in Korea within five months. Withdrawal of Red Army troops from Northern Korea and American soldiers from the Southern sector would follow the establishment of a government through these elections.

American delegation sources meanwhile reported that Marshall was transferring his headquarters back to Washington today after six weeks here. It was explained that the move was necessary to allow the secretary to make preparations for next month's special session of Congress and the meeting of the Big Four Foreign Ministers in London Nov. 25.

With Marshall gone, Warren R. Austin, permanent U. S. representative to the U. N., heads the delegation.

The American delegation also was opposed to Russia's scheme on troop evacuation from Korea on the grounds that withdrawal of forces before establishment of a government would create a "vacuum." Britain supported this position in debate yesterday and said "chaos" might follow any such step.

WASHINGTON — The excuse offered by several eminent, inveterate polluters of the Hollywood-White House-Kremlin Axis, that they didn't know they were hosts to communism in the United States, is a fair example of the contempt of this rogue industry for the intelligence of the American people. On the basis of a long and profitable experience, during which the movies have mocked the decencies and inhibitions of the American natives and sneered at every political ideal, this attitude is justified. These men sell phantoms originally intended for the innocent amusement of the people. There is a mechanical elaboration of a hand-shadows on a sheet by which the fathers of the American generation next before entertained the children until nine o'clock curfew.

It is unthinkable that any such household magician projected any moral or political correction, but the sacred cannot be said of Hollywood. In this way, the movie industry became a commercial and political giant, won entrance to our presidential palace and even put Roosevelt under obligations by loans and other favors to his family. Statesmen considered the political whims of a vulgar, including mining castle garden greenhorns of 50 years before. Tendril daughters of the common man strewed themselves in their way and the government of the proud United States besought such people to make movies which would help to save the nation from the Nazi, as though the Americans had been reduced to this to save their lives.

The proposition here was that even though Russia was Germany's natural enemy, nevertheless Russia might quit the war and join Hitler against us if our country did not constantly feed the political whims of a vulgar, including mining castle garden greenhorns of 50 years before. Tendril daughters of the common man strewed themselves in their way and the government of the proud United States besought such people to make movies which would help to save the nation from the Nazi, as though the Americans had been reduced to this to save their lives.

The proposition here was that even though Russia was Germany's natural enemy, nevertheless Russia might quit the war and join Hitler against us if our country did not constantly feed the political whims of a vulgar, including mining castle garden greenhorns of 50 years before. Tendril daughters of the common man strewed themselves in their way and the government of the proud United States besought such people to make movies which would help to save the nation from the Nazi, as though the Americans had been reduced to this to save their lives.

In time, Hitler came along, practicing the same persecutions, and Stalin's reputation prospered even more in Hollywood. That Stalin presently joined Hitler for a season is a trivial matter. In due course, Hitler kicked him in the flank as he stooped to stuff his pants in his boots and so by Hitler's error, Russia was purified of treachery and became a trustworthy ally of the U.S.A.

Not much of the information elicited in the current hearings by the Thomas Committee on un-American Activities is actually new. The same characters identified last week as Communists in Hollywood devoted to the conquest of the United States by Moscow, had been named in the records many times before. Most of them are natives of the United States, but some are hisping interlopers who have trouble with our language. Of the natives, about one in four goes under an assumed name adopted for purposes of disguise, and as George Sokolsky often writes in honest scorn, for reasons of shame.

As to the refugees or displaced persons in the Communist front it should be remembered that Breckenridge Long, one of the late Roosevelt's political backstairs staff, once testified secretly before a committee of the House that he gave preference to writers of this type, and other esthetes and intellectuals, in arranging flight to the United States. He wasn't bothering to rescue farmers, carpenters or bakers. Their

lives, by some standard of values, were less precious, not that we had too many farmers, carpenters or bakers or needed any more writers, actors and lecturers, particularly evil ingrates now found in the Communist conspiracy against the people who gave them asylum.

There are a few plain truths which fell on the floor in the commotion at the public hearings last week and need to be picked up.

One magnate, in a glow of that political emotion called "democracy" or "socialism," both counterfeits, said he abhorred Communists and would fire them if he could but did not dare can a man on a mere suspicion of bolshevism. Not only would this invite a libel suit, an expensive business win or lose, but it is almost impossible to get rid of an offensive employe under our labor laws and union rules.

A few nights later, finding myself in the wise company of a lady a few years past renown in the Hollywood make-believe, I was disillusioned to hear her say that a movie magnate hadn't had much trouble firing her and several others whom I recall as equally toothsome.

Mr. and Mrs. Luther Pittman visited Sunday with their son, Luther Nile Pittman, who is a patient in an Amarillo hospital.

Mrs. Charlie Todd of Los Angeles, Calif., visited last Sunday with her niece, Mrs. A. J. Dwyer. She was en route to Kansas.

Mr. and Mrs. E. O. Dennis and daughter, Diana, of Oklahoma City visited last weekend in the home of Mr. and Mrs. Pete Fulbright.

R. W. Pierson and family of Woodward, Okla., visited last Saturday and Sunday in the home of Mr. and Mrs. F. A. Pierson.

Visitors last Friday were Mr. and Mrs. John Haynes and Mr. and Mrs. Bill Fannon and son of Pampa and Mrs. Addie Morse of Shamrock.

Mr. and Mrs. A. L. Morgan of Amarillo visited last Sunday with Mr. and Mrs. Gene Woodrome and other friends.

Wendell Smith attended an IOOF meeting in Shamrock Monday evening.

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morose, snappy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance.

Also, SSS Tonic helps build-up non-toxic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood, you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-eating of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and health. Don't wait! Join the host of millions of people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

whenver they decide to. All they need do is draw the list of Communists, initial it and pass it around and never pay one of them another dollar. They will scream that this would be a conspiracy and that they could be sued, prosecuted and punished, but that is all a fraud. They have done the same thing in the past to hundreds of men and women but for other reasons, including the deadliest political reason of them all in the beautiful and horrid, hilarious and hateful world of our commercial entertainment. I refer to the sin of "fascism." Many a forthright American has been damned to the bleak Siberias of oblivion on the mere malicious report of some Communist that the accused had called some vermin a name too well deserved.

McLean News

McLEAN—(Special)—Miss Patty Ruth Rippe left Sunday for Oklahoma City where she is a student at Oklahoma City University. She attended a family reunion here over the weekend.

Mr. and Mrs. Luther Pittman visited Sunday with their son, Luther Nile Pittman, who is a patient in an Amarillo hospital.

Mrs. Charlie Todd of Los Angeles, Calif., visited last Sunday with her niece, Mrs. A. J. Dwyer. She was en route to Kansas.

Mrs. J. B. Tanner and Mr. and Mrs. Porter Wilson of Fort Worth spent last weekend with their sister and aunt, Mrs. C. B. Rice. Mrs. Tanner remained for a longer visit.

Mr. and Mrs. Billy Thompson of Memphis were visitors last Sunday with Mr. and Mrs. Lester Campbell.

Mr. and Mrs. Horace M. Petty of Eldorado, Okla., were visitors last week in the home of his brother, Luther Petty and family.

Mr. and Mrs. E. O. Dennis and daughter, Diana, of Oklahoma City visited last weekend in the home of Mr. and Mrs. Pete Fulbright.

R. W. Pierson and family of Woodward, Okla., visited last Saturday and Sunday in the home of Mr. and Mrs. F. A. Pierson.

Visitors last Friday were Mr. and Mrs. John Haynes and Mr. and Mrs. Bill Fannon and son of Pampa and Mrs. Addie Morse of Shamrock.

Mr. and Mrs. A. L. Morgan of Amarillo visited last Sunday with Mr. and Mrs. Gene Woodrome and other friends.

Wendell Smith attended an IOOF meeting in Shamrock Monday evening.

ORDER-DANUBE CANAL PLANNED

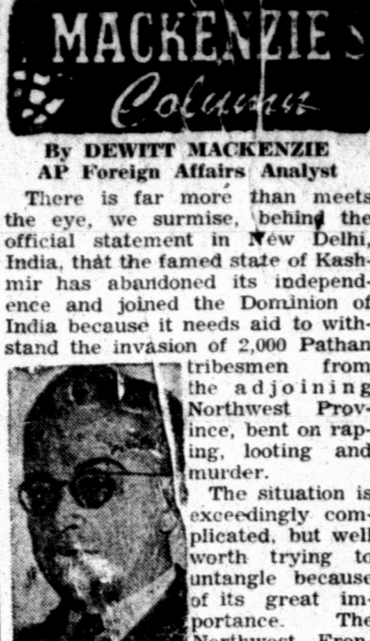

FRAGUE (AP)—Plans for an Oder-Danube canal were discussed at a meeting of the Moravian River and Canal Council at Prerov and it was announced that a special study group would be formed before the end of the year to consider the project.

Negotiations also are in progress with Austria on the proposal and the Czechoslovak government has appropriated five million crowns (\$100,000) for preliminary work on a Danube-Oder-Elbe project.

DEWITT MACKENZIE AP Foreign Affairs Analyst

There is far more than meets the eye, we surmise, behind the official statement in New Delhi, India, that the famed state of Kashmir has abandoned its independence and joined the Dominion of India because it needs aid to withstand the invasion of 2,000 Pathan tribesmen from the adjoining Northwest Province, bent on rapping, looting and murder.

The situation is exceedingly complicated, but well worth trying to untangle because of its great importance. The Northwest Frontier Province has a Moslem population and is incorporated in the new Moslem Dominion of Pakistan. There has been bitter feeling between Pakistan and Kashmir because, while most of the state's population is Moslem, it is ruled by a Hindu Maharajah who has declined to join Pakistan.

He refused to join the Hindu Dominion of India, for that matter, and maintained an independent status until yesterday when Shiek Mohammed Abdullah, president of the National People's Party of Kashmir, declared that the invasion was an attempt to coerce the state into joining Pakistan, and the Maharajah announced: "I have no option but to ask for help from the Indian (Hindu) Dominion."

The Maharajah, by the way, is the Prince Hari Singh who was involved in a sensational law case a score of years ago in London when he was heir to the throne, then occupied by his uncle. The Prince got mixed up in one of those "unhand my wife, you villain" blackmailing schemes, and paid hundreds of thousands of dollars before he became fed up and called in the authorities.

Well, the clash between Moslem Pakistan and the Hindu Maharajah may explain the invasion by the Moslem Pathans. However, I don't believe that's the whole story. Having spent considerable time in Northwest India, my thoughts instinctively jump to Afghanistan which is connected with India by the famous Khyber Pass.

Afghanistan lies up against Soviet Russia on the north, and long has been much under Communist influence. Ever since the Bolsheviks came to power they have been trying to infiltrate India through Afghanistan.

Last summer when the British were organizing the two dominions of Pakistan and India, and were preparing to withdraw from the sub-continent, they received a note

Housing Hearing Closes in Dallas

DALLAS—(AP)—Sen. Joseph R. McCarthy (R-Wis.) closed a joint Congressional housing hearing here yesterday with the prediction that the principal shortages in building materials could be whiped within the next year—"if there are no serious strikes in the steel and gypsum industries."

"We will have plenty of materials to apply to any type of building program," he said.

Near the end of the one-day hearing, McCarthy and Rep. Wright Patman, Texarkana Democrat, differed over Congressional extension of rent controls.

The senator endorsed extension of controls past next March but called for orderly decontrol at the discretion of local rent boards.

Patman said he favored extension only if the housing shortage was still "very acute" next spring.

Since then the Pathans—wild frontier tribesmen who live by killing and plunder—have been causing much trouble. True, they have been acting up for generations. However, it's a striking coincidence—if it is coincidence at all—that the Pathans should now be raiding Kashmir, adjoining the Northwest Frontier Province.

RACED FOR IT

On the very same day that Alexander Graham Bell filed application for a patent on his telephone, Elisha Gray filed papers for a similar device. Bell, however, was granted the patent.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungly weight and helping to bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of liquid Barcostrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

All wool mixed tweed with or without pleats. Zipper fly closing. For dress or business wear. 28 to 44.

Illinois Win Over Michigan Will Set Big Nine in Three-Way Tie

Wrestling Opener Set for Tomorrow At Sportatorium

Two main events will highlight Promoter Vic Burnett's Sportatorium opening tomorrow night at 8 o'clock when wrestling will return to the local sports scene after an absence of many years. The two events will pit "Sailor" Parker of Jackson, Miss., against Jack Pappenheim of Abilene, Texas; and Gene Blackley of Anson, Texas against "Ace" Abbott of Troutdale, Ore.

Both of these feature events will be the best two out of three falls, with a one hour time limit. Ken Mayne of Salt Lake City will be the referee.

Burnett announced this morning that throughout the season the Sportatorium will feature the nation's top-notch wrestlers, which will include such prominent grid and groomers as Lefty McGuirk, the junior heavyweight champion of the world, Ray "Big Train" Clements, George Curtis, "Handsome Hank" Harrell, Stocky Kneilson and Al Szasz.

McGuirk delighted 2,000 Armilla wrestling fans last week by taking two straight falls from Clements.

What Do Rickey and Durocher Talk About?

BROOKLYN (AP)—What does self-titled "father and son" team and Branch Rickey and Leo Durocher talk about during those mystery confabulations in the Dodgers' office these days?

The big question in baseball circles is, of course, whether Durocher will be back to manage the Dodgers next year, now that his suspension for the 1947 season has been terminated officially by Commissioner A. B. Chandler.

"They discussed a matter personal to Leo and having nothing to do with baseball," Harold Parrott, secretary of the Brooklyn Baseball Club, announced after an hour-long session yesterday.

Soils that are too low in organic matter usually produce poor crops.

Weekend's HS Grid Duels Should Mark District Favorites

By The Associated Press
Leveling up games will be played all along the line in Texas schoolboy football this weekend—battles that will establish favorites in every district.

The so-called Big Four—Wichita Falls, Odessa, Longview and Corpus Christi—will have things pretty easy. Odessa and Longview don't even have games. Wichita Falls plays down-trodden Quanah and Corpus Christi entertains Lake Charles, La.—a game counting nothing even though the Louisianians are tougher than their record indicates.

Only one of the state's undefeated, untied teams appears in the line-up. That is Corsicana, which plays Waco at Waco Friday night in a contest that will indicate the district favorite.

Other teams with perfect records are Austin (El Paso) and Marshall. Austin plays Bisbee, Ariz., and Marshall meets Henderson.

Important conference games are scheduled in five districts. In District 1 Plainview and Borger, unbeaten in conference play, get together. It is the same with Childress and Vernon in District 2, Waco and Corsicana in District 3, Bryan and Jacksonville in District 12 and Lamar and Jeff Davis in the Houston district.

There are 45 games on the week's schedule, 39 of them conference affairs. There are two inter-sectional tilts—the Austin (El Paso)-Bisbee and Corpus Christi-Lake Charles affairs. Texas high schools have run up a gaudy record in inter-sectional play this year, winning 19 games out of 25 with outside teams. There have been four losses and two ties.

Funeral Services Set For Football Fatality

GALVESTON (AP)—Funeral for William Carl (Billy) Hempel, 16, who died yesterday of injuries received Friday night in the Galveston-Orange High School football game, were to be held here today at the Grace Episcopal Church at 4:30 p. m.

An honor group of officials and students from Orange will attend the funeral. Classmates of young Hempel at Ball High School will attend in a body.

J. Davis Hill, superintendent of public schools in Galveston, announced last night that he had scheduled for Friday night in Beaumont had been cancelled because of Hempel's death.

The youth was playing his third year on the East High School squad. Last year he won letters in football, basketball and baseball.

Survivors include the parents, a brother, R. E. Hempel III, Texas A and M college student, and a sister, Dolores.

BOWLING

In the Ladies League last night, at the Pampa Bowling Alleys Hughes-Pitts won two out of three games from the Court House Cafe; Clegg Funeral Home won two out of three from Reeves Oldsmobile; O. K. Tire Shop won two out of three from Heard's Creamery; and Zales won two out of three from Behrmans.

Doris Lively, of the Heard's Creamery team, rolled a bowled high three game series with a 485.

Major Neither Horse Nor Juvenile, But He Has Been Called Both

By MAJOR AMOS B. HOOPLE
Inventor of Pinch Signals
Egad! Your prognosticator feels that he is in line for a few salutes of congratulation—just figuring up roughly the other day, with all of the returns not in, I computed my seasonal average to date at \$20.

(Editor's Note: We figured it too, and the answer we got was \$18).

Consider this average in the light of other performances and you obtain a glowing appreciation of my splendid performances. Since Ty Cobb left the majors, very few big leaguers have managed to hit .400. Great horses like Armed and Stymie have no better percentage. I'll wager—in fact, the few—Major I have placed a bob or so on those steeds they have invariably lost. Even Man o' War lost a race as a two-year-old.

Your prognosticator is neither a horse nor a two-year-old, though he has been called by those names by his beloved spouse, Martha (playfully, to be sure).

Now you may proceed to scan the forecast of games of Nov. 1:

Rutgers 12, Harvard 6
Penn. 12, North Carolina 14
Yale 22, Dartmouth 7

Texans Dominate Scene in Washingtonians' Camp

By TEX EASLEY
WASHINGTON (AP)—Texans dominate the scene around the Washington Redskins pro football camp, and it's not all just because of Sammy Baugh.

The Texas State Society of Washingtonians plans to honor the Texans on the Redskins team at a dance Saturday night, and besides Baugh there are a half dozen others to be honored.

Incidentally, the players live under strict training regulations which among other things require them to be in bed by 10:30 on Saturday nights. The Redskins Club President George P. Marshall has agreed to make an exception this week provided they make their appearance at the dance brief and get home quick.

The exception probably was easier to get for the reason that Marshall himself is a Texan by marriage and adoption. His wife is the former movie actress Corinne Griffith of Texarkana, and he has personally been close to Texas sports since he helped stage the Texas Centennial Celebration.

Although Sammy Baugh is now in his eleventh year of pro football, since joining the Redskins after leaving TCU, he's going stronger this season than ever before. Redskins press agents hail him as the greatest pro of all times, and you can get support for that belief from virtually everyone among the 36,000 fans who pack Griffith Stadium on the Sunday afternoons the team plays at home.

Dick Todd, a '39 output of Texas A. & M. College, is probably next in line in popularity among Washingtonians. While Baugh quarterbacks the Redskins, Todd plays a bangup game in halfback position. The pair are close friends, too, for they are roommates at the Roosevelt Hotel where most of the team lives.

Occasionally Mrs. Baugh comes up from their ranch home near Rotan in West Texas during football season. Todd is a native of Thrall and now resides in Crowell.

Another Texan is Ki Aldrich, the big Redskin center from Fort Worth who came out of TCU in 1941. Team officials say he's an "inspirational leader" when the going gets hot.

Others on the team include George Wilde, A. & M. '47, a halfback from Olney, Henry (Demp) Harris, University of Texas, '47, who plays tackle and half originator from Camden, Ala.; Harvey Jones, Baylor U., '44, a halfback from Beaumont, and Jack Jenkins, fullback from Texarkana, who went to Vanderbilt.

Two other Texans who were in training with the Redskins out in California before the season opened, but are not now with the club are Leon McCormick, center, who comes from Eldorado and went to Baylor, farmed out to the Wilmington, Del., Clippers; and Paul Grayson, a Fort Worth boy who went to Allen Academy at Bryan, and recently retired from pro football.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK (AP)—If there's any extensive debate at the winter baseball meetings this year, especially will be over the privilege of spending too much money... although Red Trautman, boss of minor league baseball says the new bonus rule "has worked out very well." Southern Association president says the new rule is the Phillies have come out against it... according to Trautman, "it has eliminated in a measure at least the wild orgy of spending, where spending was the result of enthusiasm rather than judgment."

Purdue enters the picture because it upset Illinois 14-7 last week while Michigan remained undefeated by edging Minnesota 13-6.

The underrated Boiler-makers are in the enviable position of not having the Wolverines on their schedule. Already with triumph over Ohio State and Illinois, after losing their opener to Wisconsin, they face Iowa Saturday, then Minnesota and Indiana.

After Michigan, Illinois meets Ohio State and Northwestern. The Wolverines have Indiana, Wisconsin and Ohio State on their schedule.

If Illinois beats Michigan and not then whip the remainder of their opponents, and if Purdue is all victorious—that would leave Purdue, Michigan and Illinois each with a record of five wins and one defeat.

TCU Taking Full Advantage of New Substitution Rule

FORT WORTH (AP)—Coach Dutch Meyer of TCU is taking full advantage of the free substitution rule. He has developed a flock of specialists who run in and out of the game so much that few spectators know just who is on the field—and sometimes the coaches don't either!

Talback Carl Knox, who does practically all of the TCU punting, deserves the classification of "Specialist, First Class." Carl has a bad knee and Coach Meyer won't risk him on any other than punting duty.

Knox has made 57 of his team's 60 kicks and has a season's average of 38.3 yards. Against Oklahoma A. & M. he got off a boot of 94 yards, the longest in the nation this season. He is in only on punting downs.

Then there's Wayne Pitcock, listed as a blocking back on the TCU roster, but who appears almost entirely in the role of kicking off and making point-after-touchdown tries.

Charlie Jackson gets into the lineup chiefly on defense, going in for Fullback Pete Stout, who appears only when the Frogs have possession.

Two centers are used in the same way—Doug Brightwell on offense, Doyle Malone on defense.

ROBINSON VICTOR OVER WILSON IN TTH ROUND TKO LOS ANGELES (AP)—World Welterweight Champion Sugar Ray Robinson of New York toyed through six rounds of a scheduled 10-round non-title fight with California Jackie Wilson last night and then, after the referee asked for more activity, unopposed some dynamite in the seventh and won by a technical knockout.

ONE-MINUTE SPORTS PAGE

Baylor and Texas A and M are cooking up a new football rule, but are not now with the club are Leon McCormick, center, who comes from Eldorado and went to Baylor, farmed out to the Wilmington, Del., Clippers; and Paul Grayson, a Fort Worth boy who went to Allen Academy at Bryan, and recently retired from pro football.

LOCKE AND FERRIER TO TOUR AUSTRALIA
SYDNEY (AP)—The sensational Bobby Locke, South African golfer who tore U. S. courses apart this year, with two Australian titles, along with Jim Ferrier, former Aussie champion who won the coveted U. S. P.G.A. title this summer.

Locke and Ferrier will tangle with little Norman Von Nida, Australian whose game is at its peak, in a series of matches in the Down Under land.

SECOND CONTACT SOUTH BEND, Ind. (AP)—Bill Gompers, right halfback from Wheeling, W. Va., is the second Notre Dame football player in as many years to wear contact lenses on the field. Last season John Mastrangelo, great guard, tried the lenses with success.

CORNHUSKERS HUSKY LINCOLN—Nebraska's first football team averages 198 with a 213-pound line.

The world has done more mining in the last 40 years than in all previous history.

Youth Stricken on Basketball Court

LUBBOCK (AP)—Richard Arlen Rainsback, 16, died last night shortly after he collapsed on the basketball court of New Home School in Lynn County during a game between New Home and Roosevelt School.

Artificial respiration was applied but young Rainsback was pronounced dead on arrival at a Lubbock hospital.

The youth, a member of the Roosevelt School team, was the son of Mr. and Mrs. George Rainsback.

BARNEY'S FIRST LOSS

UNIVERSITY, Miss. (AP)—Barney Frode, Ole Miss' big left end, played his first losing game in four seasons—32 games—when Mississippi bowed to Vanderbilt, 10-6. He was a member of Army's undefeated teams during the past three campaigns.

Harvesters Work Grimly for Clash With Brownfield

It will be a determined bunch of Pampa Harvesters that will battle the Brownfield Cubs Friday night at Harvesters Park. The local team, which lost a heart-breaker last week to the Plainview Bulldogs in the last minutes of play, will be out to prove to local fans that they have more than just a mediocre ball club, with a record of three wins and three losses, for the season.

The Cubs and the Harvesters, both, lost their District 1AA conference opener last week. Coach-Ed by Harold Crites and Toby Greer, the Cubs were leading the Amarillo Golden Sandies 7 to 6 during the third quarter last week, only to be overthrown and lose 20 to 7. The Sandies are pre-season favorites to repeat as District 1AA champions.

Although the Harvesters will be at least a two touchdown favorite come Friday night, the Brownfield line led by all-star Jerrre Price, and a backfield that is considerably heavier than the locals, this second conference clash for both teams should prove to be a nip-and-tuck affair.

Price, a 195 pound tackle, made the all-district eleven last year and was mentioned by many sports scribes on all-state teams.

The Cub backfield, which will average 167 pounds per man, will be 10 pounds heavier to the man than the Green and Gold runners who will average 157 pounds per man.

High School Completes 1st Part of Extensive Intramural Program

The first phase of an extensive intramural program at Pampa High School ended successfully last night at Harvesters Park. The physical education instructors are sponsoring intramural athletics this year in football, basketball and track and are considering speedball.

Last night's championship football game saw the fourth hour physical education class defeat the third hour class by a 26-6 score in a rough and tumble pass-touch game. The score was 12-6 at the end of the third quarter before the fourth hour team began their 14 point scoring spree.

These two teams earned the right to meet each other in the finals by defeating all competition in preliminary battles Monday night. The fourth period had defeated the first period 19-0 and the third period eked out in their game with the fifth period by a 2-0 count.

Coaches Dick Livingston and John Bond, chose three sports writers from the "Little Harvesters" sports staff to select an all-star eleven. Bill Kribbs, Jimmy Cox and Gene Garrison attended all games and presented the following all-star team:

Jimmy Crouch, left end; Derrell Patrick, left tackle; Keith Payne, left guard; Buddy Smith, center; Jack Ward, right guard; Billy Holt, right tackle; Dick Dillon, right end; Malcolm Fagan, quarterback; Paul Hulsey, right halfback; Bob Nash, left halfback; and Stanley Stein, fullback.

Major Neither Horse Nor Juvenile, But He Has Been Called Both

By MAJOR AMOS B. HOOPLE
Inventor of Pinch Signals
Egad! Your prognosticator feels that he is in line for a few salutes of congratulation—just figuring up roughly the other day, with all of the returns not in, I computed my seasonal average to date at \$20.

(Editor's Note: We figured it too, and the answer we got was \$18).

Consider this average in the light of other performances and you obtain a glowing appreciation of my splendid performances. Since Ty Cobb left the majors, very few big leaguers have managed to hit .400. Great horses like Armed and Stymie have no better percentage. I'll wager—in fact, the few—Major I have placed a bob or so on those steeds they have invariably lost. Even Man o' War lost a race as a two-year-old.

Your prognosticator is neither a horse nor a two-year-old, though he has been called by those names by his beloved spouse, Martha (playfully, to be sure).

Now you may proceed to scan the forecast of games of Nov. 1:

In Only Three Games in Three Seasons Has Johnson Lost a Pass

ABILENE (AP)—In only three games in three years has Al Johnson, Hardin-Simmons passer, failed to keep the ball away from the opposition.

In 1946 he had two passes intercepted. Last year he had none. Last Saturday Arthur Tait, Mississippi State end, gathered in one of his tosses—the first interception in 45 throws this season.

COULTER AT END
NEW YORK—The New York football Giants shifted Tex Coulter from left tackle to left end, where his pass-catching talents will add punch.

TCU Taking Full Advantage of New Substitution Rule

FORT WORTH (AP)—Coach Dutch Meyer of TCU is taking full advantage of the free substitution rule. He has developed a flock of specialists who run in and out of the game so much that few spectators know just who is on the field—and sometimes the coaches don't either!

Talback Carl Knox, who does practically all of the TCU punting, deserves the classification of "Specialist, First Class." Carl has a bad knee and Coach Meyer won't risk him on any other than punting duty.

Knox has made 57 of his team's 60 kicks and has a season's average of 38.3 yards. Against Oklahoma A. & M. he got off a boot of 94 yards, the longest in the nation this season. He is in only on punting downs.

Then there's Wayne Pitcock, listed as a blocking back on the TCU roster, but who appears almost entirely in the role of kicking off and making point-after-touchdown tries.

Charlie Jackson gets into the lineup chiefly on defense, going in for Fullback Pete Stout, who appears only when the Frogs have possession.

Two centers are used in the same way—Doug Brightwell on offense, Doyle Malone on defense.

ROBINSON VICTOR OVER WILSON IN TTH ROUND TKO LOS ANGELES (AP)—World Welterweight Champion Sugar Ray Robinson of New York toyed through six rounds of a scheduled 10-round non-title fight with California Jackie Wilson last night and then, after the referee asked for more activity, unopposed some dynamite in the seventh and won by a technical knockout.

Subsidies for Nation's Mines Being Sought

EL PASO - (AP) - Subsidies, aimed to keep mines in operation and build up strategic stockpiles, may be in a "dynamic" minerals program to be presented Congress, Sec. of Interior J. A. Krug declared here.

Krug told the American Mining Congress yesterday that the program would be submitted by the Truman administration. He indicated that the several subsidy proposals under consideration would be for the purpose of keeping mines operating and to build up reserves.

Rep. Fred A. Hartley Jr. (R-N.J.), co-author of the Taft-Hartley Labor Law, was to follow Krug today as featured speaker at the congress. Krug further told the miners that he planned to name a minerals council to advise the Congress and the President "in the further development of a sound national minerals policy."

He said action is imperative to remedy a situation that has caused procurement of minerals for strategic stockpiles to fall far short of the objectives. He also added that "a number of domestic mineral mines have shut down."

"The administration will present to Congress a dynamic minerals program, including, I expect an accumulation of those programs of the U. S. Geological Survey and the U. S. Bureau of Mines, which are essential to the assistance of private industry," he said.

"Overseas stockpiles should not be relied on to the extent of letting them go for a moment, in desperately seeking domestic sources for all our requirements." Financial and tax problems were termed the most serious obstacles for development of the mining industry in Mexico and the principal cause depression, by Gustavo P. Serrano, president of the mining chamber of Mexico.

Serrano told the congress that Mexico needed labor legislation which would establish a balance of power between employer and union and stop the power of each to destroy the other. Eduardo Bustamante, undersecretary of the Mexican treasury, said Mexico welcomed foreign capital in its mining industry, provided the capital recognizes Mexican laws and needs.

"People of Mexico feel that returns derived from mining should be kept largely in that country," he said. He emphasized that the Mexican government did not deny the right of invested capital a fair return on its investment. He said an honest effort was lacking on the part of the mining enterprises in Mexico for building up a manufacturing industry to supplement mining, thus providing further large scale employment and industrialization.

Union Officials Are Robbed at Bus Stop

SHREVEPORT, La. - (AP) - Two officials of the union striking against the Southern Bus Company, Inc., reported to police last night they had been robbed of \$8,800 they planned to pay strikers as strike benefits. One Debate, president of Division 1127, Amalgamated Association of Street Car, Electric Railway and Motor Coach Employees of America, (AFL), and Louis Finley, secretary-treasurer of the Shreveport local, told police an armed man robbed them of the money when they stopped their car for a traffic light.

1,000,000th BENDIX KNOWS THE ANSWERS

1 WHAT IS THE THRIFTIEST WAY TO GET CLOTHES CLEANEST?

Use a small amount of soap in a small amount of hot water. That's exactly how the 1,000,000 Bendix Washers now in use are piling up big savings for their happy owners.

2 WHAT IS THE SAFEST WAY TO GET CLOTHES CLEANEST?

In the Bendix, clothes are gently tumbled—hundreds of times—in and out of the suds. No agitator wear and tear.

3 WHAT'S THE EASIEST WAY TO GET CLOTHES CLEANEST?

The Bendix thoroughly washes, rinses and damp-dries the clothes... automatically. Just put in the clothes, set the dial, add soap... and you're through.

4 HOW CAN I BE SURE THE BENDIX IS THE BEST?

One of the million lucky Bendix owners is a neighbor of yours. Just ask her what a wonderful bargain the Bendix is!

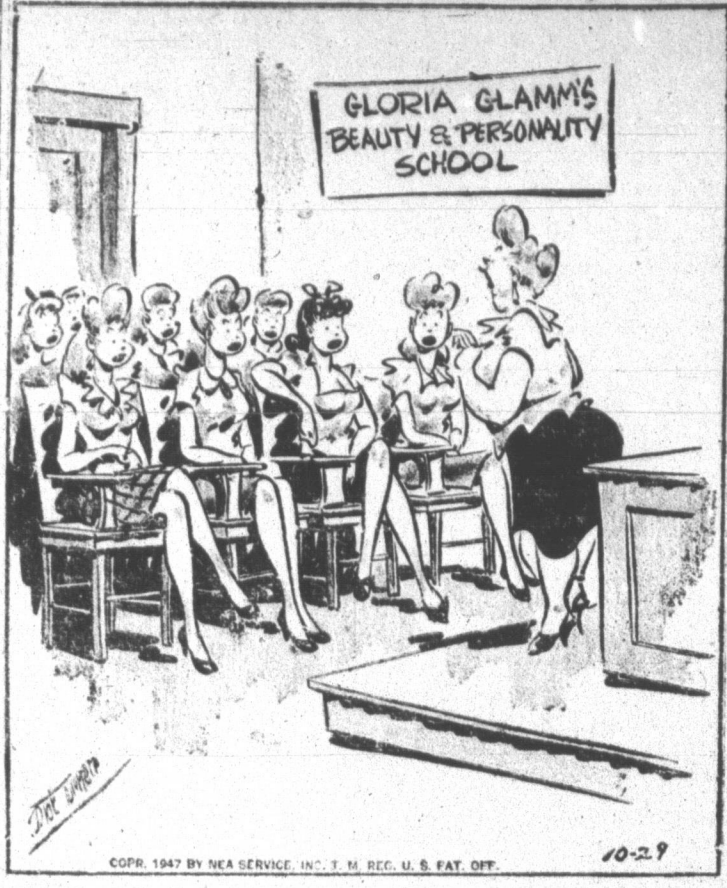

LEARN ABOUT OUR EASY PAYMENT PLAN!

CARNIVAL

BY DICK TURNER

"And to the first graduate to get married we give a free scholarship for our course, 'How to Hold Your Husband Up!'"

POLISH

(Continued From Page 1) Catholic Church hierarchy in Poland that any further attacks against his regime would be met with "prompt reaction" by the government.

Obviously referring to the Catholic bishops' recent pastoral letter attacking what it described as the lack of freedom of speech, press and conscience in Poland, the Premier said that the government would tolerate constructive, but not untrue destructive criticism.

He did not elaborate upon what the government would do if the attacks against the regime in the Catholic press and pulpits continued. There were unconfirmed reports, however, that the government might consider taking over church-owned agricultural lands to be parcelled among the peasants.

Cyrankiewicz said Poland desired to effect a new mutual assistance pact with France. This, he explained, would bolster existing pacts with the Slavic countries and thus form a unified barrier against the possible rebirth of German aggression.

Government-controlled Polish newspapers unanimously blamed Mikolajczyk for everything wrong in Poland—from the drought to intolerable living conditions.

POLL TAX

(Continued From Page 1) other for Negroes, "is one of the outstanding myths of American history" because:

"It is almost always true that while indeed separate, these facilities are far from equal."

The committee criticized, without naming names, what it called "irresponsible opportunists who make it a practice to attack every person or group with whom they disagree as 'Communists.'"

It said "we cannot let these abuses deter us from the legitimate exposing of real Communists and real Fascists," and added that "the same zeal" must be shown in defending our democracy against one group as against the other.

The committee said "public excitement about Communists" has gone far beyond good judgement and calmness, and "a state of near-hysteria now threatens to inhibit the freedom of genuine Democrats."

Concerning federal employees, the committee said the government has a duty to dismiss disloyal workers, but their civil rights must be protected, and procedures should be worked out for his protection.

The 17-page report was made public by the White House.

Legal Records

Marriage Licenses

Marriage licenses were issued yesterday in the office of County Clerk Charlie Pout to Elwyn W. Kelly and Jo Ann McAlams, and to E. D. Dumans and Janelle Teague.

Downtown Stores Display Work of Local Girl Scouts

Girl Scouts this week began displays in windows of downtown stores, emphasizing scouting activities during national Girl Scout Week, Oct. 26 through Nov. 1. Dr. Douglas Nelson will give an address on Scouting to-night at 8:15 over KPND.

Exhibits downtown are as follows: Camp scene at Smith Shoe Store, Troop 7, led by Mrs. R. P. Bowerman; Camp scene, at J. C. Penney Co.; Troop 2 led by Mrs. Noel Dalton, miniature Brownie camp, at Berry Pharmacy, Troop 19, led by Mrs. W. A. Claunch; pictures of Girl Scouts of Troop 20 at work and at play, Smith Studio, Troop 20, Mrs. R. H. Nestiel; stop, look and listen, at Wilson Drug, Troop 9, led by Mrs. Earl Murphy.

Prizes are being offered to Troops having winning displays, with displays to be judged Saturday. First prize is \$15, second \$10, with third prize \$5. Contributions made yesterday to the fund drive are as follows: Leder's Jewelry \$10, Pampa Pawn Shop \$5, Thompson Hardware \$25, Crystal Palace \$10, Empire Cafe \$5, Duchess Beauty Shop \$2, Simmons \$5, Berry Pharmacy \$10, Pampa Hardware \$10, Gray Co. RATIONING

(Continued From Page 1) in the Luckman drive to conserve grain, but officials said they do not anticipate that it will do any appreciable damage to the program.

A Kentucky judge ruled the Citizens Committee has no authority to force distilleries to shut down for the 60-day liquor making holiday which started at midnight Saturday. Luckman's top aide, Vice-Chairman Austin Fisher, noting that

JEFF D. BEARDEN
Representing
THE FRANKLIN LIFE INSURANCE CO.
Phone 47 Pampa, Texas

more than 60 percent of the nation's distilling capacity has closed down, said he does not expect this case to have any great effect since the holiday is a voluntary one.

Meanwhile, Senator Fulbright (D-Ark), said in an interview here that some organization like the government's Reconstruction Finance Corporation might be set up as part of the long-range European recovery program to work out loans under a plan which would contemplate repayment.

NAMED FOR PLANET Uranium, the important element used in atomic experiments, was discovered in 1782 and its discoverer named it in honor of the planet Uranus, which had become known only eight years before.

Much once-fertile land in Iran, Syria, Greece, Italy and North Africa has become barren because of erosion.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK—(AP)—Alcohol is variously regarded as a temporary passport to a golden realm of good will, a crutch for the inferior and fearful, and a ticket to perdition.

But wherever it is used, or for what purpose, it develops its own ritual.

In Paris if you are host and order a bottle of wine for your guests—and if you don't, what an opinion they would have of you!

If you don't have a real knowledge of wine, you only make yourself ridiculous by pretending.

When the wine arrives, the waiter pours a small portion in your glass and waits expectantly.

Those women who serve as Girl Scout leaders, the men and women who either individually or through their community organizations...

The Girl Scouts of Pampa need more older friends to volunteer as leaders and sponsors for the girls that are still waiting for a chance to join...

The American farmers must resist the natural tendency to feed bread grains to animals at a time when coarse grains are scarce...

FIRE AND FOOD FOR EUROPE

WASHINGTON (NEA)—Debate on whether the United States can afford to furnish Marshall Plan aid to Europe is apparently headed for long and bitter quibbling. This is indicated by preliminary and entirely unofficial comparisons of the first two reports on this subject...

NATIONAL WHIRLIGIG

news behind the news

By RAY TUCKER

RAPID CITY, S. D. — Social, economic and political experiments which the American Congress has refused to approve have been set up in three occupied countries—Germany, Austria and Japan—by the United States Military Government's office of Civilian Affairs...

As practiced in Austria, this method of election means that the Communists, who follow Moscow's anti-American policy, are assured of representation in the Landtag. And, since the Cabinet is made up on the basis of legislative strength, it means that the "Reds" are entitled to a voice, place and influence in the Vienna government.

PROTESTED — When several members of the Herter Investigating Committee which Speaker Martin sent overseas for an independent Congressional checkup on Western Europe's needs and financial demands under the Truman-Marshall Plan, protested against this political arrangement...

Our civilian governors overseas, few of whom ever held elective or appointive office in the United States, are fully as hardboiled as are Stalin's strong-arm squads and dictatorial in their own way...

GERMANY — In Germany, American representatives are trying but another "guinea pig stunt," as it was described to Speaker Martin, known as "social insurance." It is a far broader program than what our Congress has enacted in their own way...

Numerous German economists and businessmen appeared before the Herter Committee to protest this imposition of "iron curtain" plan upon them. It was costly...

LOOKING AHEAD

By GEORGE S. BENSON

ON WAITING FOR GEORGE

My name happens to be George. But today I would like to use these paragraphs in presenting the thoughts of a friend of mine named James, who writes about another George, the George that everybody waits for. Our guest writer is Dr. James W. Fifield, Jr., a minister on the west coast. An inspirational religious leader for many years, Dr. Fifield is also a leader in his community's civic life.

"Most everyone I know thinks the world is in a mess. They think that trends in our country are wrong, that we are threatened and that we are waiting for George to change them."

"At a conference of business executives recently there was discussion concerning relations with Russia, and concerning United Nations difficulties."

"George is you and me and others like you and me, who have contributed to the problem by our lack of a personal sense of responsibility. We have let elected officials and others run things for us and have not even voted."

"I've struck it rich, daughter! A big placer mine on Upper Coffin Creek!"

"GENTLEMEN, I APPRECIATE THE FACT THAT YOU ARE MY NEW STOCKHOLDERS AND THANK YOU VERY MUCH FOR THE MONEY THAT SAVED MY SHOW FROM BANKRUPTCY. BUT..."

U. S. Army Sets Up New Program

A new educational program, recently set up by the United States Army and called the Preselected School Plan, is being put into force for high school boys who want to make the U. S. Army a career...

The new plan is devised to give those boys entering the Army a goal to shoot at if they possess the necessary qualifications. A high school graduate entering the Army and possessing a high degree of intelligence will be given an opportunity to attend the six weeks Potential Leadership Course...

489 Bales Cotton Ginned at McLean

McLEAN (Special)—Two gins of McLean had ginned a total of 489 bales of cotton on Wednesday of last week. The ginners stated that the grade of cotton was still holding up well.

S. R. Jones, manager of the McLean Gin, said that he had shipped a total of six cars of maize, and is expecting one or two more cars. He is buying the grain for the Paul Allison Company of Fort Worth.

But, in trying to meet the temporary shortage, the U. S. may fall down flat. There is a world shortage of nitrogen. The U. S. itself is this year expected to import 80,000 tons from Canada and 100,000 tons from Chile.

Gray-Wheeler Medical Group Hears Review By Shamrock Woman

Mrs. M. E. High, Oscar Huff and McField McDaniel were hostesses to the Gray-Wheeler Medical Auxiliary at their regular meeting Tuesday evening, October 22, in the home of Mrs. High. Dinner was served to members and several guests. Mrs. High introduced Mrs. Bedford Harrison of Shamrock, who reviewed the Book, "The Years of the Locust."

The book written by Louisa Grace Erdman, a Texas author, is the story of an elderly man who was the "lodestone" drawing the entire community to him and influencing their lives and sense of values. The setting is in rural Missouri and the time actually covered in the story is the brief period between the time the telephones on a party line begin to ring to carry the message of "Uncle Dade's" death until the caretaker leaves the cemetery after the funeral.

The story depicts vividly how the main character erected his own monument in the form of intangibles. His philosophy was that the best kind of a monument that can be erected to any person is for those who remain after he is gone to continue some good act that was habitual with him.

Special guests of the Auxiliary were Mesdames Loyd Hicks, George Snell and Emily Reed Hicks. Members present were the hostesses and Mesdames Charles Ashby, Malcolm Brown, Karl Pieratt, R. D. Falkenstein, Calvin Jones, Frank Kelley, Julian Key, Marvin Overton, J. W. Purviance, H. L. Wilder, Ed Williams, Pampa; H. E. Nicholson, Sr., H. E. Nicholson, Jr., Wheeler; L. R. Devanty, Shamrock.

FIRST CHRISTIAN CHURCH VISITORS

The following were visitors at the First Christian Church last Sunday:

Mr. and Mrs. T. D. Kiser Blackwell, Okla.; Mr. and Mrs. F. S. Parker, Miami, Texas; Mesdames Robert Oxley, Danora, Pa.; C. F. Clegg, Barnesville, Ohio; William Wineland, Grayville, Ohio; R. F. Favors, Plover, Texas; Rosa Corfe, Miami, W. C. Lyles, Berger, H. D. Meadows, Perryton, and Misses Joyce Hankins, Skellytown, Lowanna Sparks, Canyon, Olive Anne Gee, Oklahoma City, and Mary Thomas Hancock, Oklahoma City.

American Legion Auxiliary Will Meet in Amarillo

The Eighteenth District American Legion Auxiliary Convention will take place in Amarillo Saturday and Sunday, Nov. 1 and 2. Mrs. L. K. Stout, Fifth District president will preside. Mrs. Roy Sewell is chairman of the distinguished guest committee. Mrs. E. E. McNutt will act as secretary at the meeting.

Mrs. Hupp Clark will be chaplain and Mrs. W. L. Heskey will be sergeant-at-arms.

Registration will begin at noon on Saturday in the Herring Hotel. Saturday evening there will be a banquet followed by a dance.

Sunday the Auxiliary will have a joint meeting with the American Legion at 9:30 a. m. At 11 each member will be free to attend church services any place in the city.

At 2:30 there will be a business session of the American Legion Auxiliary at the Legion Home.

Hopkins HD Club Planning Pie Supper

The Hopkins Home Demonstration Club had a called meeting last Tuesday at the Community Hall with Mrs. Ray Longley in charge.

The nominating committee reported the following officers for next year: president, Mrs. P. H. Rice; vice-president, Mrs. W. E. Melton; secretary-treasurer, Mrs. R. W. Orr; council representative, Mrs. Joe Stone.

Plans were made for a pie supper for husbands and children on Nov. 1.

Refreshments of whipped jello and coffee were served. The next meeting will be held with Mrs. Vern Savage on Nov. 11.

Local Girl Joins Music Fraternity

DENTON — Miss Bonnie Nell Horace, daughter of Mr. and Mrs. Horace DeBee, 408 N. Somerville, has been initiated as a member of Sigma Alpha Iota, national honorary music fraternity, at Texas State College for Women where she is a Junior.

Candidates for admission into the organization must have a "B" average in music studies, a "C" average in other college work, and ability in voice or instruments.

A Piano-Music education major Miss McBee is a member of the Modern Choir.

'Fun Nite' Entertains Visitors to Grid Game

McLEAN — (Special) — "Fun Nite" for the teenagers was sponsored by the Sophomore Class of the McLean High School last Friday night at the American Legion Hall, following the McLean-Wellington football game.

Members of the Wellington team, the Wellington band, and the pep squad were guests.

Hostesses for the evening were Mrs. George Graham, Mrs. R. G. Mowry, Mrs. Grace Windom and Mrs. Odell Mantooth.

Five Chapters of Delta Kappa Gamma Meet in Pampa To Find Ways of Improving Teaching Profession

Ninety-three members from five chapters of Delta Kappa Gamma, women teachers' organization, assembled for a regional meeting at the local high school Saturday, Oct. 25. Mrs. Julia Dean Evans, Pi Chapter, Amarillo, was general director, with Mrs. L. K. Stout, president of Beta Delta, the local chapter, acting as co-director.

Registration and a coffee from 9 until 9:30 were followed by a general assembly. Chapter presidents—Miss Louise Orr, Pi; Mrs. Rowden Jefferies, Gamma Kappa; Mrs. Walter Travis, Gamma Xi; Mrs. Nedra Shinn, Gamma Theta, and Mrs. Stout, Beta Delta—and those appearing on the program were platform guests. Miss Orr, chairman of the assembly, spoke briefly on "Let Us Meet Our Responsibilities." Miss Carmen Elm, Pi, gave the highlights of the national convention held in New York.

"Important Facts and Procedures Relative to Delta Kappa Gamma" was the topic for a panel discussion. Miss Alma Hall, chairman, assisted by Miss Ida Lee Cope, Mrs. Agnes Branson, Miss Oradel Nuhn, Miss Jewel Davis, and Mrs. Nannie Enloe, discussed transfer of membership, dues, teacher good will service, world federation of teachers, and world Christmas festival. Members of the panel were of the Pi chapter.

"How Can We Interest Superior Teachers?" and "Are We Worth Our Salt?" were two timely subjects discussed by Mrs. Leonard Ross, Gamma Theta, and Mrs. B. A. Wulfman, Gamma Xi, respectively.

Mrs. Stout reported on her recent visit to national headquarters in Austin. Realizing, from her report, the need for a permanent building to house national headquarters, the members adopted a resolution to the effect that an architect be hired and plans be drawn up for a permanent building and that a building fund be started. Copies of this resolution will be forwarded to Austin.

Initiation of new members followed the general assembly. Seven were initiated into Gamma Xi, Delta chapter, and one into Gamma Theta, Berger Chapter. Miss Lillian Mullinax, Beta Delta, was chairman of the initiation ceremony.

Mrs. E. L. Hunter, dean of girls and assistant principal of Horace Mann Junior High, Amarillo, and past president of Pi, gave the luncheon address; "Let Us Preserve the Spirit of Delta

Pre-Nuptial Shower Is Given for Miss Upham

LEFORS — (Special) — Miss Juanita Lou Upham, bride-elect of Edward C. Vincent, Lefors, was honored with a pre-nuptial shower Wednesday evening in the home of Mrs. Claude Stanton. Hostesses were Misses Connie Garber, Bobby Hedrick, Leah Rath, Jo Ann Johnson, Len Hatfield, Jo Alice Tubbs and Mesdames R. F. Milner and Stanton.

The honoree was presented with a corsage of carnations in her chosen colors of yellow, blue, and white. Mrs. Maurice Upham, mother of the bride-elect, and Mrs. C. E. Vincent, mother of the groom-elect, were given corsages of twin white dahlias.

Those participating in the shower were: Mesdames C. H. McCullick, M. G. Armstrong, R. C. Ogden, Ray Caruth, Floyd Hines, W. C. Breining, Newton Daniel, Een Garber, A. C. Houchin, Myrtle Hilton, W. E. James, F. K. Webb, B. L. Webb, M. L. Johnson, Hershell McNabb, Hennie Spear, W. H. Massey, E. S. Carr, W. C. Houchin, L. W. Upham, Vern Ferguson, W. R. Conley, E. W. Killian Home Is Setting for Esters

The Ester Club met Monday evening at the home of Mrs. J. E. Killian, 622 N. Starkweather with Mrs. Evelyn Patterson, Miss Tessie Mae Killian and Miss Freda Worley as co-hostesses.

Mrs. H. M. Cone presided over the business meeting.

The Halloween motif was carried out in the decorations. Refreshments of salad, cookies and punch were served.

Fifteen were present, including two guests, Mrs. F. T. Doyle and Mrs. Lela Cobb.

Friendship Class Group 1 Has Tea

Group 1 of the Friendship Class of the First Methodist Church met Monday evening with Mrs. Roy Bourland, with Mrs. Frank Wilson and Mrs. J. G. Cargile as co-hostesses. Mrs. Wilson presided over the business meeting during which it was voted to have a party once a month. The next party will be held with Mrs. Bob Campbell, with Mrs. Henry Butler as co-hostess.

The lace-covered table was decorated with nasturtiums and the Halloween motif. Mrs. Butler presided at the registers. Mrs. Ruth Spearman, a guest, poured tea and Miss Nina Spearman, another guest, played several piano selections.

There were 15 ladies present, including the two guests mentioned and Mrs. J. D. Leveitch.

Horace Mann P-TA Announces Annual Feast and Fun Night

The Horace Mann Parent-Teacher Association is sponsoring its annual "Feast and Fun Night" Thursday, October 30.

Dinner will be served in the cafeteria dining room which will be open at 5:30. Hot dogs, pie, ice cream, coffee, and cold drinks will be served in the auditorium.

Varied attractions are planned to entertain both children and adults. The crowning of the carnival king and queen will be the closing feature of the program. The public is invited.

Mrs. Raymond Jeffreys Is Shower Honoree

A shower for Mrs. Raymond Jeffreys was given by Misses Nita Taylor, Catherine Standish, and Doris Spoonmore last Thursday evening in Miss Spoonmore's home at 605 N. Ward.

Punch and cake were served and corsages of pink carnations and white baby mums were presented to the guests. A color scheme of pink and white was carried out in the gifts. The cake was white topped with a miniature bride and groom.

The honoree received her courtesy in absentia since she is now residing in Williams, Ariz. Her mother, Mrs. H. E. Symonds, and sister-in-law, Miss Barbara Jeffreys, received the gifts in her behalf.

Ladies present, in addition to those mentioned, were Misses Virginia Snider, Louise Standish, Reba Fagan, Jeanne Smith, Jeanne Fagan, Mary Spoonmore and Mesdames Mary Ellen Collins, J. M. Atchison, J. H. Spoonmore and C. L. Mayo.

The honoree is the former Virginia Symonds, daughter of Mr. and Mrs. H. E. Symonds, 413 S. Houston.

BETHANY CLASS MEETS

The Bethany Class of the First Baptist Church held their social and business meeting in the home of Mrs. J. B. Barrett.

Mrs. P. G. Turner, vice president, was in charge of the business and Mrs. Virgil Mott led the devotionals. Visitors were Mrs. Chapman, Mrs. Mott's mother, and Mrs. J. H. Hayers. There were 25 ladies present.

The Cape of Good Hope was first named "Cape of Storms" by early Portuguese navigators seeking a sea route to India.

Local Airport Is Given Rating of 'Above Average'

The Pampa Municipal Airport, along with 27 other Texas airfields, has been given an "above average" rating in a check survey made by the Aircraft Owners and Pilots Association, Washington, D. C., a bulletin issued recently by that organization said.

The survey made by the association covered over 1,577 airports from coast to coast to note improvements made to increase the civilian pilot's code of "Safety—Service—Courtesy."

J. B. Hartnuff, Jr., general manager of the AOPA, stated that the "above average" airports in North America have increased from 443 to 627, or a gain of 50 percent, since mid-summer. The new "superior" rating has been won by 60 other fields.

Some of the improvements made on the local field to gain for it the "above average" rating were: the establishment of a new gasoline dispensing unit, additional private hangars, added care of the runways by mowing and controlling weeds, and a closer harmony by everyone working and using the field. The field itself and its facilities are inspected

OUR BOARDING HOUSE WITH MAJOR HOOPLE

AND THEN HE CAN STAY IN BED ALL DAY—

once a month by the Civil Aeronautics Administration and a weekly lighting inspection made by Edgar Anderson, local representative of the CAA. Because the field was wisely chosen on a rolling terrain, no mounds remain after a heavy rain. This is caused by the rain washing away. In addition the land used by the birdmen has never been plowed up for farming and is in the same natural state as when Nature first laid it out.

The nationwide checks of airports were the result of demands by 40,000 members of AOPA for better flying facilities and backed by many newspaper and wire service accounts of the bysinal situation in American aeronautics. The AOPA answered the pilots, and the many challenges of the press, and came up with the spot checks. Virtually overnight, op-

erators, both small and large, started taking remedial steps immediately to better their operations both in the air and on the ground.

Amarillo's two large airfields were also given the above average mention as well as, the two fields located at Lubbock.

McLean Red Cross Officials Named

McLEAN (Special)—New officials for the McLean Chapter of the American Red Cross have been selected.

Clee Meharg was chosen unanimously as chairman of the chapter. Meharg will succeed Ruel Smith, who has held the chairmanship for the last year. New vice chairman of the chapter is Charles Cousins.

New home service chairman will be Boyd Meador, succeeding Roger Powers; new roll call chairman, Maurice Mullanax, replacing George Graham; Ann Wilson was named chapter treasurer; Lester Campbell was reelected publicity chairman; Earl Stubblefield was chosen as disaster chairman.

HAS HUGE FORESTS In the United States, farm woodlands alone have a greater area than the combined forests of Finland, Italy, Norway, and Sweden.

"Tomorrow . . . Rain or Shine?"

"Love to, Dearest Mine!"

It's a last minute call . . . but you're ready for any dress emergency if you have had your fall suit and topper expertly dry cleaned here. Low cost.

THIS HALFBACK'S EYES WERE Trained AT HOME

In football, and scores of other activities, good eyesight is important. AND GOOD LIGHT IS IMPORTANT TO GOOD EYESIGHT.

School children need good light when they study more than at any other time. To protect their eyes and help them make better grades, make sure they have correct lighting.

But more than that, eyes protected in youth by good lighting, are more apt to stay bright and undimmed through the years to come. Both for today, and tomorrow it's important for you see TODAY that your children have better light for better sight.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.
