N.J. Plant Fire Said Caused By Act Of Sabotage

LINDEN, N.J. (UPI)—A telephone threat to the Humble Oil Refinery here would "burn, baby, burn," and a second message claiming credit for the million-dollar explosion while flames still lighted the night sky indicates "sabotage," says the mayor of this industrial city.

Mayor John T. Gregorio said of the tremendous blast that jolted the New York metropolitan area late Saturday night: "commander of the Police Department, and in my opinion, with the facts at hand, we feel this was a deliberate act of sabotage."

There had been reports a light plane or helicopter was seen over the refinery a few minutes before the blast. The Linden police said today, however, that "investigation disclosed the plane was there legitimately."

Special teams of detectives from the state police came in to assist the local department and a spokesman for the FBI in Washington said, "We're on the scene from time to time and in authorities."

Whatever caused the explosion, its impact was tremen-

West Germany And Poland Sign Goodwill Pact

WARSAW (UPI)—West German Chancellor Willy Brandt today signed a treaty with Poland recognizing the Communist nation's controversial Oder-Neisse border, subject to the Bonn parliament's approval.

Premier Jozef Cyrankiewicz signed the document for Poland in the ceremony.

Bonn government spokesman Conrad Ahlers said as soon as the good will treaty is ratified West Germany and Poland will establish diplomatic relations.

Ahlers told newsmen of the decision to exchange ambassadors after a "dinner table discussion Sunday night between Brandt and Wladyslaw Gomulka, the Polish Communist party leader.

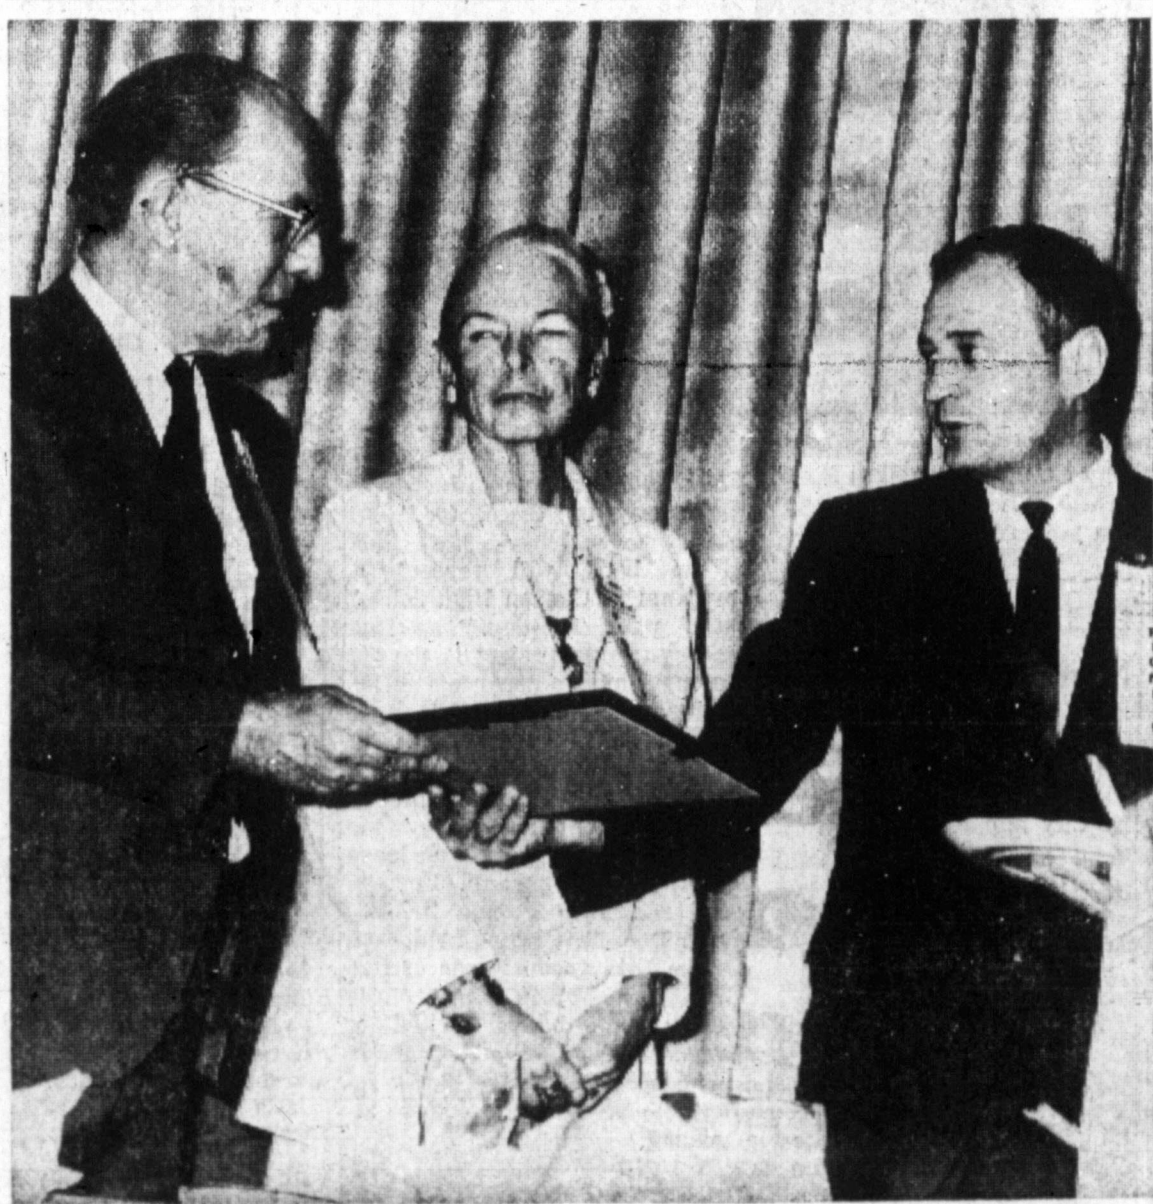

"There is a connection between the Berlin question and the ratification of the Polish-West German treaty as far as timing and content are concerned," Ahlers said.

"As far as one can foresee, we will have a Berlin solution before there is a technical opportunity to put the Warsaw and Moscow treaties before the Bundestag," he said.

It was the first visit to Poland by the head of a West German government.

Pope Paul VI Reported Planning To Abdicate

No Vatican Comment; Pontiff Mum On Rumor

PLAQUE PRESENTATION — Roy Sparkman, right, vice president of the Pampa Chamber of Commerce, presents honorary Gray County Citizenship plaque to William Gray Sears and his wife of Houston. Sears was the only representative of the Gray family at yesterday's Pioneer Heritage luncheon here. Sears is a great-great grand nephew of Judge Peter W. Gray whose 151st birthday anniversary the affair commemorated. (See additional photo on page 2)

VATICAN CITY (UPI) — Pressure is building on Pope Paul VI to deal with wide-spread and persistent speculation he plans to abdicate. So widespread is gossip and published speculation that the influential La Stampa of Turin said Sunday the 73-year-old pontiff might go into a Benedictine monastery. No Pope has abdicated since 1294.

Helping fan the reports are magazines and newspapers quoting unnamed "high level" and "authoritative" Vatican officials. The official reaction was no comment, which in itself set off a new round of speculation.

The Pope ignored the subject Sunday when he made his first public appearance since returning from a historic trip to Asia and the Pacific.

Instead, he deplored the passage of an Italian divorce law, which he attacked several times before setting off for Asia. It was passed while he was gone.

He also discussed his travels and commented for the first time in public about the unsuccessful attempt on his life by a Bolivian painter in Manila.

On divorce, the Pope said: "We cannot hide from you our sorrow at the news which reached us during our journey of the approval given to the law which intends to introduce divorce even in Italy."

The largest crowd in St. Peter's Square since Easter — it was estimated at 100,000 by Vatican officials — and 50,000 by newsmen — did not react when he mentioned divorce.

TO AVOID STRIKE

UAW, Ford Striving To Reach Accord Before Deadline Ends

DETROIT (UPI) —Facing two union-imposed deadlines, negotiators for Ford Motor Co. and the United Auto Workers strove today to reach agreement on a new national contract in time to avoid another crippling auto strike at midnight.

The bargaining, unlike that in the days preceding the UAW's 67-day strike against General Motors, moved along at a leisurely pace.

This led some observers to believe that the negotiators had worked out a timetable which would allow them to complete all the work on the pact before the first deadline — 9 a.m., when the union's 200-member Ford council was scheduled to meet.

Before a tentative settlement can be presented to Ford's 166,000 UAW members for ratification, it must be approved or rejected by the council.

The second deadline was at midnight. The UAW said it would strike Ford at midnight unless agreement was reached on a pact that equated or bettered the union's contract with GM.

Both sides already had agreed to a wage and fringe benefit package similar to the one contained in the GM contract. Ford workers would receive an average 51 cents an hour wage boost in the first year of the contract and 3 per cent increases in the succeeding two years.

The main roadblock to final settlement was the date when the raises would become effective. The union demand was that the entire 51 cents be made retroactive to Sept. 15, the expiration date of the old contract. The company wanted 25 cents of that paid only after the national and local settlements had been ratified.

Even with a new contract, Ford, shut down for 66 days by a UAW strike in 1967, could be hit by local plant strikes which eventually could close down all the company's operations.

There were still 32 of 99 local bargaining units without separate agreements and the union

has given them the right to strike if their differences are not resolved. Altogether, some 63,000 Ford employees are working at plants where settlements have not been reached.

Neither UAW President Leonard Woodcock or chief Ford negotiator Malcolm Denise, who headed their respective bargaining teams during the final days of talks, would comment on the degree of progress.

County Commissioners In Special Session Discussing Budget For '71

Gray County Commissioners Court was in session this morning in a special called meeting to discuss the proposed county budget for 1971.

The proposed budget listed expenditures totaling \$1,341,370.86. The county is operating on a current budget of \$1,320,562.68. The proposed operating costs shows the county to have a deficit of \$96,212.23 for the coming year.

Representatives of Phillips, Southwestern Public Service, Cabot, Celanese and Texaco were present at the hearing and voiced a unanimous desire that a tax equalization and revaluation of property be undertaken by the county before it seeks to raise revenue by taxation on an across-the-board percentage basis.

County Judge Sherman R. Lenning Jr. expressed a desire to meet with incumbent County Judge Don Cain and newly elected Commissioner Don Hinton before further proposals or motions were presented to the court.

Gray County voters have turned down the equalization and re-districting plan drawn up by the court and, a new course of action must be outlined to assure operating funds.

The court also heard a request by the McClellan Creek Watershed Project.

Mickey Black, representing the group as a member of the Soil Conservation District, requested that the court consider the proposed construction of twelve structures to control water along McClellan Creek in Carson and Gray Counties.

Black stated that the Washington grant for construction has not yet been received, but that the November, 1967 agreement signed by county commissioners states that Gray County will be responsible for easement funds when the project is begun.

No date was set for a budget approval meeting.

Swiss Envoy Kidnaped In Brazil

RIO DE JANEIRO (UPI)—Swiss Ambassador Giovanni Enrico Bucher was kidnaped today in a swift commando-style ambush on a busy traveled street as he was riding to the embassy office building.

About six shots were fired in the attack, and the ambassador's bodyguard, identified by the Swiss Embassy only as a man named "Helo," was wounded, a spokesman said.

Bucher, 57, is the fourth foreign diplomat to be kidnaped in Brazil in the last 14 months.

Witnesses said a gray Aerovilla and a blue Volkswagen swerved in front of the ambassador's car as it was traveling on Conde Baependi Street, a short, 30-yard long street jammed with heavy traffic.

A third car pulled up beside the ambassador's blue Buick sedan and took the diplomat away, witnesses said. It was followed by still a fourth car, a Volkswagen.

The getaway cars were last reported seen in the neighborhood of the Maracana Stadium, the largest soccer stadium in the world. Police threw up roadblocks on streets leading to the neighborhood, creating traffic jams.

The chauffeur of the ambassador's car, Hercilio Geraldo, told UPI that when the commandos thrust firearms through the window, "I saw death coming. That is not something pleasant, no, sir."

300 PRESENT AT LUNCHEON

Appreciation Week Celebrated; Texans Urged To Keep Heritage

By HARLAN HYSMITH
News Staff Writer

History is just one generation from being forgotten, Charles Woodburn, president of the Texas State Historical Survey Committee told the audience of nearly 300 at the Pioneer Heritage luncheon Sunday in Coronado Inn.

The luncheon kicked-off dedication ceremonies commemorating the 151st birthday of Judge Peter W. Gray (1819-1874), for whom Gray County was named.

It also ushered in Gray County Historical Appreciation Week.

Tracy Cary, president of the Gray County Historical Society and chairman of the Gray County Historical Society and chairman of the Gray County Historical Survey Committee, served as master of ceremonies. The Pampa High School Key Club provided a color guard for the banquet and dedication ceremonies and the Pampa High School Concert Choir, under direction of Bill Davis, provided dinner music.

Woodburn, an Amarillo resident, currently is president of the 18-member Texas State Historical Survey Committee appointed by Gov. Preston Smith. It was formed in 1953 by the state legislature to (See SYNOPSIS, Page 2)

President's New Cabinet Nominee Attacked By Conservation Group

WASHINGTON (UPI) —A conservation group said today Rep. Rogers C. B. Morton, President Nixon's choice for interior secretary, has a "terrible record" in House roll call votes on key conservation issues.

The League of Conservation Voters released a chart rating the 435 House members according to their votes on 10 issues during the past 10 years.

Morton's score was minus 14. Only 40 House members had lower scores, although many had fewer years in Congress than Morton and hence fewer opportunities to accumulate plus or minus points.

"On the public roll call votes, he's got a terrible record on conservation issues," Marion Edey, league chairman, told UPI. "He got a dismal score on the league chart. He was either absent or wrong for all the votes we chose as critical."

Morton, a four-term Maryland Republican, has served nearly two years as Republican

Pampa Police Raid Drinking Session Party

Pampa Police received an early morning call Sunday reporting all-night parties had been in progress at a West Pampa home Friday and Saturday. Investigating officers arrived at the house shortly before 5 a.m.

As officers entered the residence from the front door, a male left by the back door and escaped questioning by driving away in an automobile believed parked in the alley. Officers reported that the empty beer and wine containers indicated several persons had been involved in a drinking session in the house. The report states that three juvenile females were later questioned concerning the incidence and released to parents or guardians.

Other calls received by the department included the report of gasoline stolen from a vehicle parked in front of a residence located at 2334 Navajo. Ray Woodward reported that the theft occurred sometime Friday night.

George Clark reported to officers that a battery, valued at \$30 had been removed from his vehicle parked in the 1600 block of W. Wilks. The theft allegedly took place sometime between 6 p.m. Saturday and 9:15 a.m. Sunday when the battery was discovered missing.

PHS Journalists Win State Honors

Pampa High School student publications won three top awards and six students received individual honors at the Texas High School Press Association conference in Denton this weekend.

The Little Harvester won the state champion award in weekly printed newspapers for the second consecutive year. The Harvester was named winner of the All Texas award for publications in the 1,000 to 1,500 student enrollment category. The Prairie Gold, student literary magazine, received a certificate of merit award.

In individual entries, Debbie Parker, daughter of Mr. and Mrs. Bruce L. Parker, won third place in the state for society stories and fourth for features.

Little Harvester stories named for the Cream of the Crop, the best entries from all over the state, were by Kay Foster for two editorial columns and a news story; Anne Dingus, two editorial columns; Larry Akers, a news feature; Debbie Parker, society story and a feature; Peter Pinon, sports story; and Rickey Wright, two sports columns.

Their parents are Mr. and Mrs. R.G. Foster, Mr. and Mrs. William Dingus, Mr. and Mrs. Robert Akers, Mr. and Mrs. J.C. Wright and C.M. Pinon.

Lonnie Ward, son of Mr. and Mrs. Jack Ward, and yearbook editor, was vice president, and presided for two yearbook sessions.

Miss Elizabeth Hurley, publications sponsor and journalism and advertising instructor participated in a panel on newspaper publications.

Nativity Scenes To Be Lighted In Central Park

The official lighting ceremony for Pampa's traditional Nativity Scenes display during the Christmas holidays has been set for 6:30 p.m. Thursday, Dec. 17, in Central Park.

The event, arranged by the Truteens Club under sponsorship of Mrs. Thelma Bray, includes the lighting of seven life-size, oil-painted scenes depicting the birth of Christ.

It has been an annual production in the park since 1947. The Christmas scene lighting is open to the public and has always attracted large crowds to the park.

Federal Workers May Get Annual Pay Increases

WASHINGTON (UPI) —Congressional negotiators this week hope to pave the way for a system of automatic annual pay increases for federal workers.

A conference committee, meeting Tuesday, was expected to recommend a bill for a new 6.2 per cent pay boost on Jan. 1 — the second of its kind in a year — while a plan to require the President to grant annual increases becomes fully effective.

The total federal payroll, including military and civilian workers, is expected to reach the \$50 billion figure for the first time by June 30.

The automatic pay bill, according to its chief architect, Rep. Morris K. Udall, D-Ariz., is designed to keep federal pay at the same level as that paid for comparable non-government work.

The comparability would provide that federal workers themselves, through their representatives, recommend the amount of their increases subject to review by a White House official and a citizens advisory committee. The President could agree with the recommendations and they would become effective automatically each Oct. 1. If he changed them, however, Congress would have 30 days to veto his action.

HONORED GUEST — The Hon. A. J. W. Hockenbuhl, right, British consul general in the U.S., is introduced by Tracy Cary, president of the Gray County Historical Society, just prior to the consul general's reading of the Texas State Historical marker inscription at the dedication of the White Deer Land Museum yesterday. (Staff Photo)

Synopsis Of Peter Gray's Effect On State History Is Presented

(Continued From Page 1) provide leadership in historical preservation.

"Our committee has four main objectives," Woodburn said, to provide a department of research, restore and preserve Texas landmarks, establish museums and support archeology in Texas.

The committee has achieved a measure of success in these four areas. In 1963 a concerted effort was begun to certify and erect official historical markers in Texas. There are now some 5,700 markers disclosing documented information concerning the heritage of the Lone Star State.

There were only 80 historical museums in the state in 1964. Today there are over 300 state and local museums. Most of these historical shrines are county museums similar to the White Deer Land Co. Museum in Pampa.

In the field of archeology the committee is extremely concerned, Woodburn stated, in searching and digging areas of destruction, such as land which will be flooded for reservoirs, etc.

In summing up Woodburn spoke of the Texas Antiquities Code which was pushed by the Survey Committee and has been recently made into a law by the Texas legislature. The code was spared by the Spanish Galleon treasure hunt off the Texas' coast near Padre Island.

The distinguished guest of honor at the banquet was the Hon. A. J. W. Hockenbuhl, consul general of Great Britain in the U.S. for Texas and five other southern states. Hockenbuhl resides in Houston.

The Consul General opened his brief remarks by mentioning areas of Texas pride such as N.A.S.A., the University of Texas football team, and saying that residents of the Lone Star State do not have to rely on "Texas Mythology."

Hockenbuhl said "our sense of purpose has been eroded" and issued a challenge to all generations to perpetuate the Texas heritage as a legacy and to foster discipline by example.

The Consul General then presented copies of historical documents to Cary, communicatives from British representatives to England concerning matters ranging from the Mexican War to British recognition of the Republic of Texas to the secession of Texas from the union.

The Hon. William Gray Sears of Houston presented a synopsis of Peter Gray's effect on Texas' history. Sears in great-grand-nephew of Judge Gray and represented the Gray family at the ceremonies.

The life of Judge Gray, he said, can be summed up by the statement of Oran M. Roberts, then the Chief Justice of the

Texas Supreme Court, at Gray's death in 1874.

"At that time Judge Roberts said that Gray had been a good man, an eminent lawyer, a just and enlightened judge, a patriot and a good Christian," Sears said.

The program at the Coronado Inn was concluded with the dedication of the portrait and biography of Perry LeFors. Mrs. Albert H. Doucette (nee Vera LeFors) cut the ribbon and the Hon. Carl Wall, mayor of Lefors, read the inscription. A plaque honoring the Catholic community in Gray County was also dedicated.

From the Coronado Inn the luncheon crowd moved to the Pioneer Cottage museum and Park, Starkweather at Yeager. Mrs. Wiley P. Vincent cut the ribbon to dedicate the cottage. Robert Carr Vincent, president of the Panhandle-Plains Historical Society, read the inscription. Three generations of Vincents lived in the cottage. The McLean High School band under the direction of Jerry W. Jansa provided special music.

The Peter W. Gray Monument and Portrait were officially unveiled next by William Gray Sears at the Gray County Courthouse.

Portraits of Gray County's Judges were unveiled by family representatives in the County Courtroom on the second floor of the Courthouse. The portraits were officially accepted by District Judge Grainger McIlhenny.

The Historic Gray County Area Monument was dedicated next. Boyd Meador, mayor of McLean, and Carl Wall, mayor of Lefors, assisted Tracy Cary in the ceremonies. Harris Brinson directed the Pampa High School Band at the site.

The final dedication scene Texas State Historical Marker and the White Deer Land Museum. The Pampa Commandery Knights Templar and members of the three Masonic Lodges of Gray County provided an Honor Guard for the occasion. Blake Laramore, District Deputy Grand Master represented Hon. Joe W. Steed, Most Worshipful Master of the Grand Lodge of Texas, Ancient Free and Accepted Masons, in the ribbon-cutting.

Consul Hockenbuhl read the inscription on the marker and Mrs. Laura Hobart Fatheree of Pampa and Mrs. A.C. Green of Borger, daughters of T.D. Hobart and C.P. Buckler, pioneer manager's of the White Deer Land Co., officially opened the museum.

The Robert E. Lee Junior High Band, directed by Joe DiCosimo, concluded the day's ceremonies with the playing of "America," after which the museum was opened for visitors.

Changing Of Street Names To Be Topic

An explanation of proposed name changes for certain Pampa streets will be explained by City Manager Mack Wofford at a meeting of the Chamber of Commerce highway committee at 10 a.m. Wednesday in the chamber conference room.

Fred Thompson, committee chairman, said the session also will include other business and general information concerning highway improvements in Pampa and the immediate area.

Twenty-Two Go To Trial On Voting Fraud Charges Today

BROWNSVILLE (UPI)—Twenty-two persons — including the Starr County sheriff and chief deputy, a county commissioner, a county clerk and a school board trustee—go on trial today on voting fraud charges in connection with the May 2 Democratic primary.

Band Schedules Public Concerts Of Chicago Music

Pampa High School Band will present two programs this week before leaving on its six-day trip to Chicago to the Mid-West National Band and Orchestra Clinic.

"We're still at least \$2,000 short of the money needed to finance the trip. We have about \$13,000 of our \$15,000 goal, and to pay for transportation, food and lodging for the six days we can't get by on less than \$14,000," Harris Brinson, PHS band director, said.

"Since band students have already worked to raise money for their trip, and have earned the recognition, we were hoping they wouldn't have to help pay their way up there, too," he said.

The band will present a program at Canyon High School at 7 p.m. Tuesday. The last money-raising project is the 90-minute Chicago performance for Pampans at 8 p.m. Friday at Pampa Junior High School.

About 30 adult sponsors, parents and official faculty members will accompany the band on its trip. They will leave by train at 1:22 a.m. Dec. 16 and return to Pampa by 4:30 a.m. Dec. 21, Brinson said.

The PHS group is one of five high school bands and three junior high bands invited to attend the clinic and perform in concerts for the 8,000 international band directors attending.

To Fires Reported

Two grass fires were reported yesterday in Pampa area.

The first fire occurred at 12:58 p.m. at 1213 E. Kingsmill. The cause was unknown and there was no damage, according to a fire department spokesman.

The second fire broke out at 6:13 p.m. at a machine shop on Rham Street, causing no damage.

The defendants are accused of conspiring to injure and suppress certain voters prior to and during the primary election.

They include Sheriff Rene Solis, Starr County commissioner Amando Pena, county clerk Jose S. Hinojosa, chief deputy Raul Pena, school board trustee Heberto Barrera, constable Reynunzo Alvarez, county employes Raul Villarreal and Santiago Clark and nine notary publics.

Optimist Club To Host 2 PHS Teams

The Pampa Optimist Club will host the Pampa High School Harvester and Shocker football and basketball teams to a hamburger supper at their regular meeting at 6:30 tonight at the Optimist Boys Club building, 601 E. Craven.

Sgt. Jim Dalrymple and Patrolman Kenneth Evans of the Texas Department of Public Safety will present a program on narcotics.

News Brief

PHOTOG RELEASED PHNOM PENH (UPI) — A Korean television cameraman captured Nov. 22 when Communist troops overran a battalion of Cambodian paratroops was released by the Viet Cong today.

The Cambodian High Command said Joseph Lee, 37, was with Cambodian troops in the field, but declined to say where. He is the eighth journalist to be released by the Communists after being captured in Cambodia. Seven others have been killed and 17 are listed as missing.

BOMBS THROWN

PERTH, Australia (UPI) — Two gelignite bombs were thrown onto the deck of the Soviet freighter Novgorod early today. The blasts slightly damaged the ship's decks.

Police said two young men were spotted running from the wharf area after the explosions. The 9,150-ton ship was loading wool and is scheduled to sail for the Soviet Union Wednesday.

SMITH INTERVIEW

WASHINGTON (UPI) — Gen. C. Smith, chief U.S. negotiator in the arms limitation talks with the Soviet Union says it would be neither surprising nor discouraging if the current round of talks at Helsinki produces no agreement.

"In any event, there should emerge from the Helsinki phase a clear indication as to whether an agreement is possible," Smith said in an interview in U.S. News and World Report.

1300 TAKE TESTS

LOS ANGELES (UPI) — More than 1,300 persons lined up during the weekend to take a Civil Service test for 112 maintenance laborer jobs—100 of which will not be available until April.

"Only about one dozen jobs are vacant right now," a city personnel official said Saturday. "We will be using about 100 from the list beginning in April."

Maintenance laborers, who perform unskilled manual jobs, start at \$540 a month for the city.

Obituaries

WILLIAM RICHARDSON Funeral services for William Jewel Richardson, 50, will be held at 10 a.m. Tuesday in Duenkel Funeral Home Chapel with the Rev. Edwin Boyte, pastor of Calvary Baptist Church, officiating. Burial will be in Elmer, Okla., at 2:30 p.m. Tuesday.

Mr. Richardson died Saturday at Veterans Hospital in Amarillo.

JESSE HALL

ALLISON (Staff) — Funeral services for Jesse Adams Hall, 51, will be held at 2:30 p.m. Tuesday in Allison School Auditorium with burial in Wheeler Cemetery directed by Wright Funeral Home of Wheeler. Joe Jukes, minister of Allison Church of Christ, will officiate.

Mr. Hall died Sunday in Parvew Hospital in Wheeler after a lengthy illness.

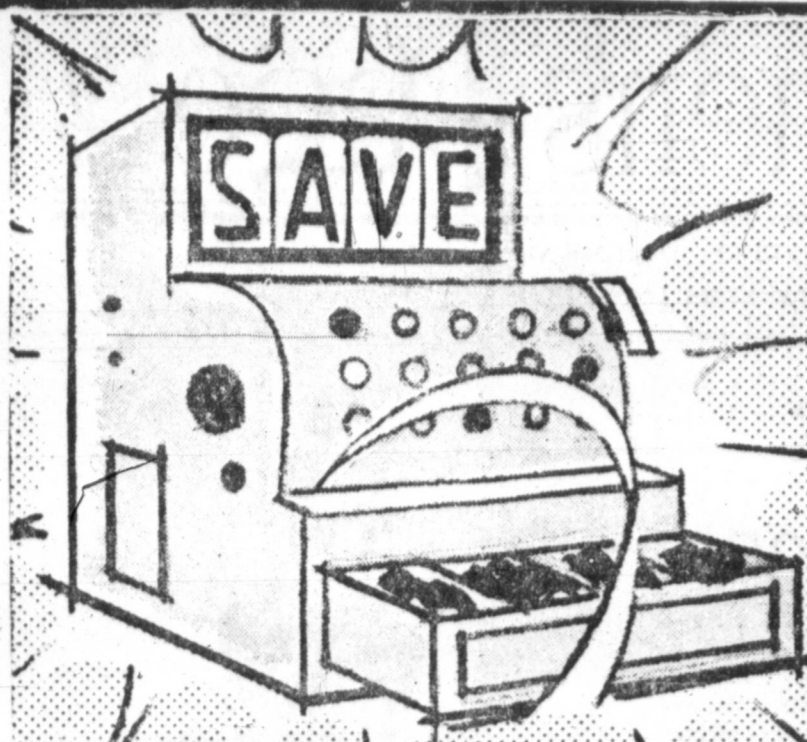

He was born in Woodbury, Tenn., and had lived in Allison since 1959. He was a farmer and was a member of Allison Church of Christ. He was a World War II veteran, and was married to Violet Alene Neal in 1942 in Sentinel, Okla.

Survivors are his widow; five sons, Charles and Sherman, both of Pampa, Thurmond of Fort Hill, Okla., Roy Dale of Clarendon and Jerry of Fort Ord, Calif.; three brothers, Rayburn of Pampa, Vernon and James, both of Allison; three sisters, Mrs. Ruby Wallace, and Mrs. Evelyn Dukes, both of Allison, and Mrs. Lavelle McMillion of Tulsa, Okla., his mother, Mrs. Ella Hall of Elk City, Okla., and four grandchildren.

WASHINGTON — Gen. Benjamin O. Davis, chief of the U.S. Sky Marshal force, commenting on the effectiveness of anti-hijacking methods: "Today I know that we can prevent through passenger screening the transportation-to-Cuba type hijacking."

Flowers Decorate In Santa's Season

NEW YORK, N.Y. — Scarcely a reminder is needed that it's time to start preparations for the Christmas holiday season. Across the country new furnishings have been selected, and thoughts are wandering toward new and interesting decorative treatments. Still, one of the simplest and least expensive methods available to the consumer bent on sprucing up the interior of her home for the holidays is the use of fresh flowers.

Fresh blossoms are a part of Christmas lore and decor around the world. And, when it comes to holiday trimmings, florists design experts suggest adding unexpected dimensions of wit and fancy to floral arrangements.

How? First, eliminate the cliché look of the usual vase structures as floral vessels. Instead, substitute off-beat "non-containers" to achieve design character in every room of the house.

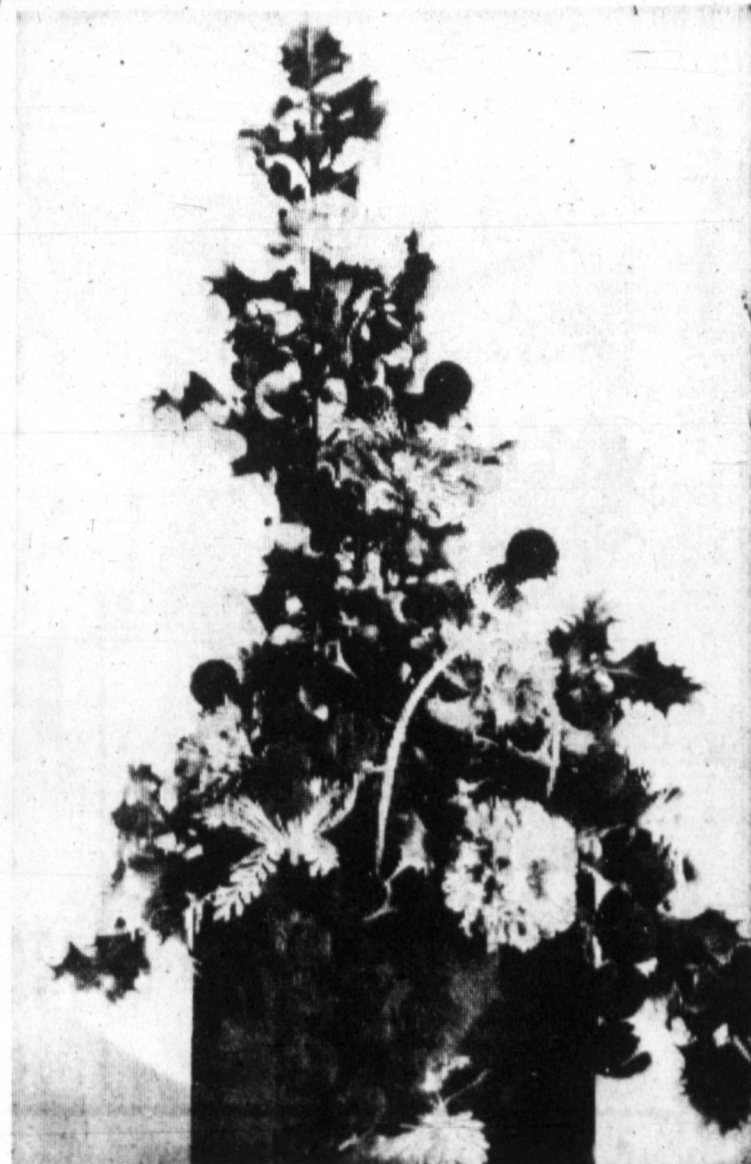

For example, unusual floral arrangements can be fashioned by manipulating such items as:

boxes... straw hats... anywhere lampshades... a kitchen colander... straw baskets of all kinds (wine basket, bread basket, sewing basket, waste basket, etc... yes, even colorful shopping bags!

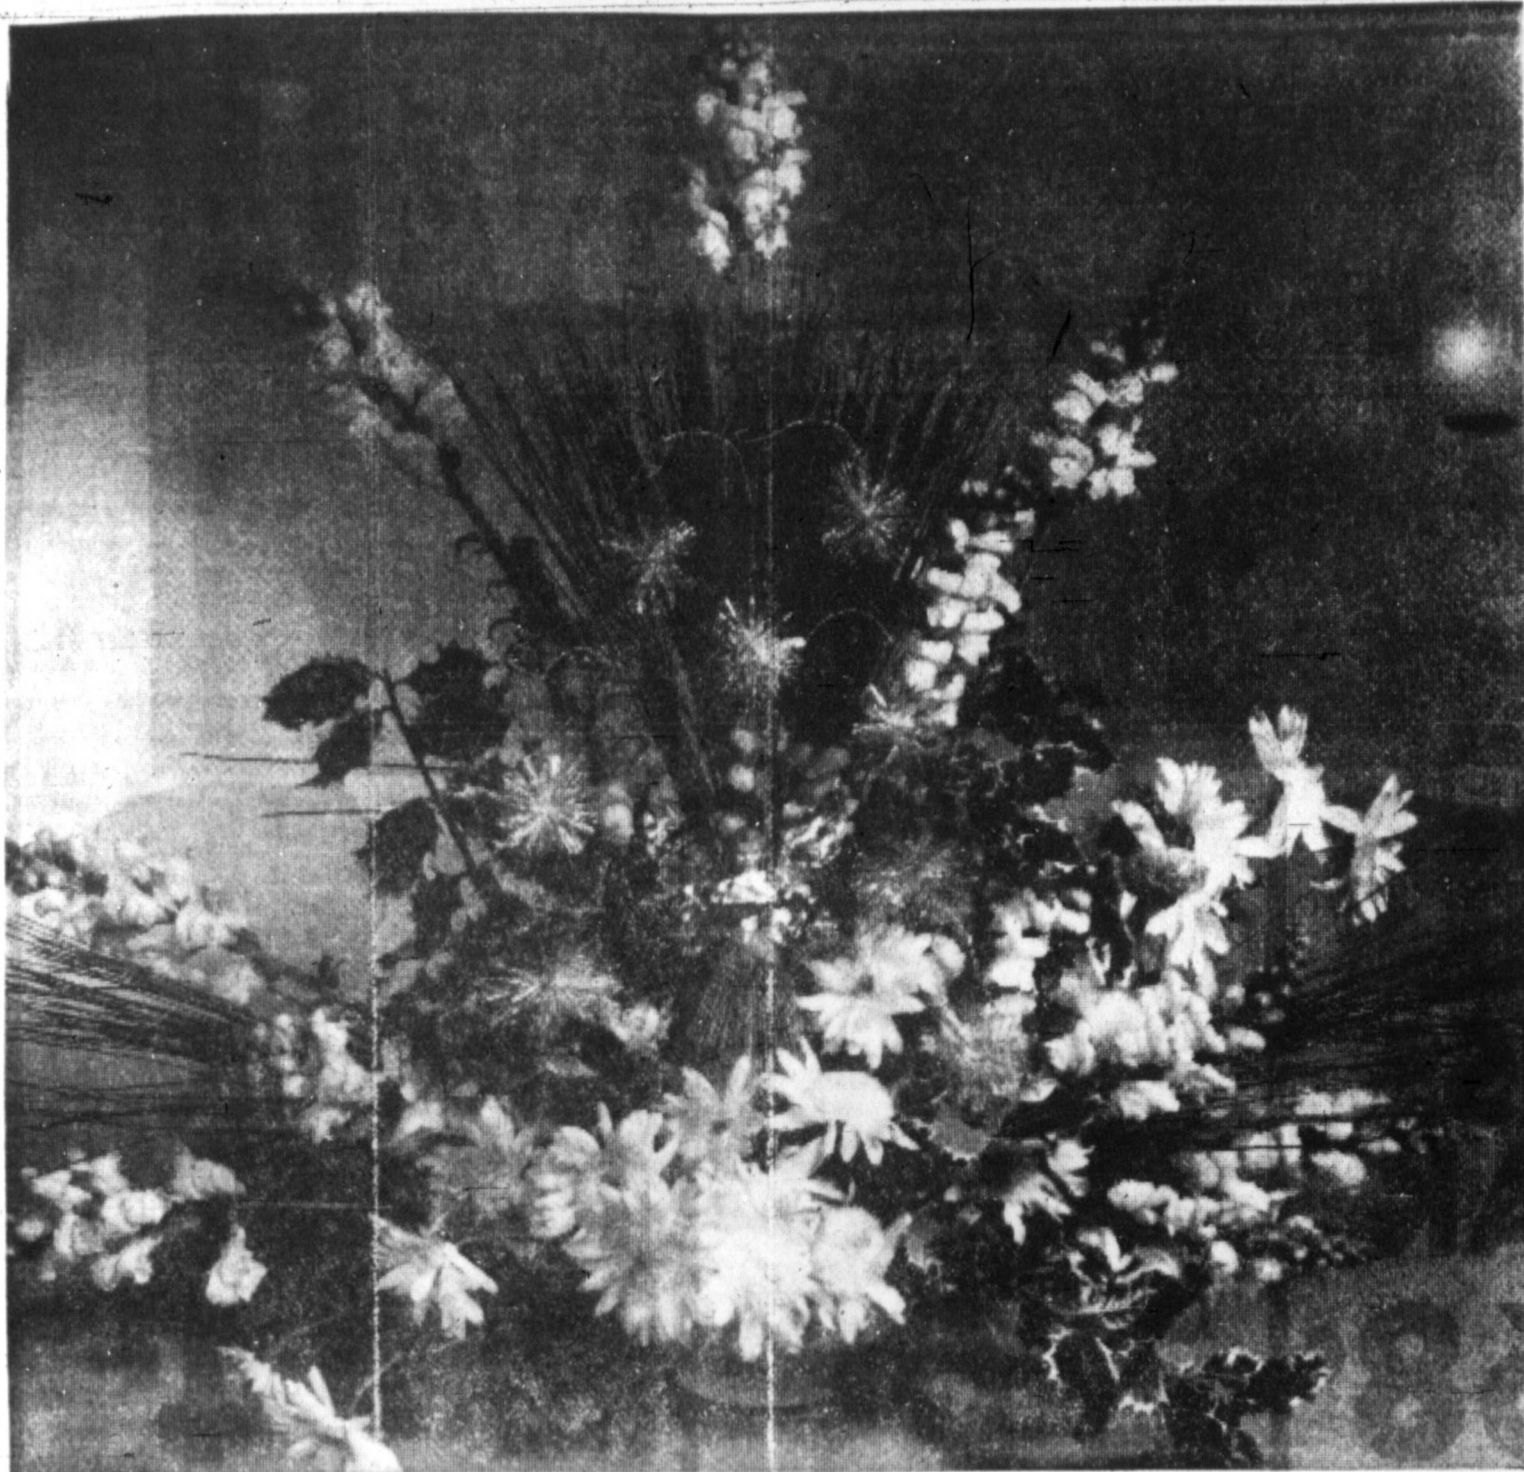

Actually, the list of possibilities ends only with your imagination. If you're stopped for fear these "non-containers" won't hold water, guess again. Designers cleverly handle the problem by lining your chosen vessel with a familiar kitchen helper... plastic-bags-on-rolls more commonly known as Baggies.

Florists note that these versatile plastic bags, available in a variety of sizes, provide the perfect water proof liner for any "non-container" your fancy chooses.

So, don't hesitate. Many unusual, and surprisingly everyday objects are regularly brought to florists all over the country by customers who wish to be provided with a distinct touch of the different in their floral arrangements.

NON-CONTAINERS can provide an unusual touch of fancy to holiday arrangements. The trick is to use plastic bags as a water-proof liner for the chosen vessel. When is a shopping bag not a shopping bag?—when it's filled with fresh red and white carnations, holly berry leaves and red cotton Christmas balls for placement at a buffet, mantel, or to be hung on any wall.

IT'S THAT SPECIAL TIME OF THE YEAR AGAIN...When children of all ages began conjuring visions of all the familiar association of the season: a stable in a far-away land; three Wise Men; ornamental trees; and Santa with his indispensable Rudolph. In keeping with the visions and to compliment

the mood and spirit of Christmas, floral designers suggest the radiant arrangement above to enhance holiday tables or add a dash of sparkle to a quiet corner. Encircling the "angel" tinsel tree are holly, snapdragons, Anemone mums and scotch broom foliage.

Dear Abby

By Abigail Van Buren

DEAR ABBY: For years my husband brainwashed me into believing that the only thing money was good for was to invest it in order to make more money. It made sense to me, and for many years that is exactly what my husband did with his money, while we went without luxuries we could have well afforded.

However, now that we have more than enough security for our "old age," I think it is time we enjoyed a few luxuries. My husband totally disagrees with me and still insists on "investing" all our money.

Your previous advice to consult a marriage counselor did not work. In the first place, my husband is smarter than any marriage counselor and in the second place, he says they are only after his money. He may listen to you, since your advice is free.

DESPAIRING WIFE
DEAR WIFE: Don't bet on it. And why should he? He didn't ask for my advice, you did, so here goes:

Lady, you can catch more flies with honey than vinegar. And if at this stage in your life you can't inspire your husband to want to provide you with the luxuries you can well afford, you're in trouble. It seems rather unbecoming for a wife to consult a lawyer about how much of her husband's assets she is entitled to under the law, but it's an idea. And don't worry about his divorcing you. In your state, it's too expensive. So hold tight. You may outlive him.

DEAR ABBY: I enjoyed all those letters from the different preachers telling how they felt about babies crying in church. Little ones can be quite annoying when they set up a holler and their mothers don't take them out, but I will tell you what disturbs me even more, it's folks who go to sleep

in the middle of the sermon and snore.

JACKSON, MISS.

DEAR JACKSON: If too many people go to sleep during the sermon—and snore, somebody should wake up the preacher!

DEAR ABBY: My sister, Lee, is in her early 50's. She is a very attractive divorcee who has been seeing a rather well-to-do married man. This man (Lee says) has promised to marry her when he gets his divorce, but no one knows when that will be.

Our family is concerned that Lee will be accused of breaking up with this man's home, although Lee assures us there is no danger of that.

We feel Lee is cheapening herself by going with this man while he is still married. Also, if he doesn't get divorced and marry her, she will have wasted a lot of valuable time. In the meantime, we're afraid people will talk. What should we do?

LEE'S CONCERNED FAMILY

DEAR FAMILY: You shouldn't do anything, having already told Lee what you've told me. If Lee is accused of breaking up a married man's home, or gets herself talked about, it will be her problem.

DEAR ABBY: I was pleased to read in your column that there are dog psychiatrists who can help trouble pets. My problem is that I have a wire hair terrier who desperately needs psychiatric help, but the poor thing isn't allowed on the couch R.E.L.: COLUMBUS, OHIO

POLLY'S POINTERS

Masking With Newspaper Saves Paint-Removal Job

By POLLY CRAMER

DEAR POLLY—I am thrilled with a labor-saving Pointer I discovered while doing some interior painting. This was especially good in my tiled bathroom as it kept the paint from getting on the tile, fixtures, etc. I took one-inch-wide masking tape and put one-half of its width, lengthwise, on a sheet of newspaper and the remaining half around the edge of the tile. I continue with this newspaper on down the tile wall, covering the tub, sink, etc. This gives a tiered effect. It takes little time and is well worth it as there is no paint removal job when I am finished. I plan to use these newspaper "drapes" on my kitchen cabinets when I paint there and to cover the brick fireplace wall, too.

—ETHEL

Polly's Problem
DEAR POLLY—I would like to know if anyone has had experience painting leather chairs. I have a large one I would like to paint and would appreciate any advice.

—AGNES

DEAR POLLY—When buying garment bags I always choose the full-length size as I can store clothes and then have space left for blankets or sweaters. The garment bag that stores my best clothes also holds the matching shoes and hand bags in the bottom. There are many items that can be stored and kept dust-free and moth-proofed (with the aid of crystals or cakes) in a full-length garment bag.

—DELORES

DEAR POLLY—Diapering baby can become a bit difficult when the pins will not easily

go through several thicknesses of cloth. Sticking the pins in a bar of soap (a previous Pointer) worked but it soon began to chip and I had an unsightly mess. I finally melted some household wax and poured it into one of the many cute ceramic planters I had received while in the hospital. Now I stick the pins into the wax when changing baby and they slip easily through the diapers. The wax does not crumble and the planter is an attractive addition to the nursery.

—MRS. S.Y.

DEAR GIRLS—I can imagine many of our ingenious readers latching onto this idea and making attractive wax-filled containers, with diaper pins stuck in, to give for inexpensive but very attractive and different baby-shower gifts.

—POLLY

PLASTIC, WATER-PROOF liners in a colander create a decorative conversation piece, ready to bring a note of Christmas cheer to the usually forgotten kitchen, especially if the colander is filled with nuts, holly berry leaves, Christmas ornaments and pine sprigs, and tied with burlap ribbon.

Study Club Has Wheeler Meeting

WHEELER (Sp)—The Progressive Study Club met in the home of Mrs. Paul Green for their Thanksgiving meeting as Mrs. Ida Farmer, President, conducted the business-meeting. Mrs. Doreen Owens reported on the project committee and said \$25 was given to the Wheeler Chamber of Commerce for the Christmas lights. At the next meeting gifts are to be brought to send to patients at the state hospital at Wichita Falls.

Refreshments were served to

Mmes. Hattie Lee, Ida Farmer, Irma Kirk, Novella Vanpool, Pauline Hefley, Jewell Moore, Em Weatherly, Inez Lancaster, Dorees Owens, Amelia Sims, and the hostess, Anna Green.

What Is A "Want Book"?

Did you ever wonder how a pharmacy is able to keep up with the thousands of different items it must keep on hand for its customers? We have a special book, called the want book, and any time someone sells a product and sees that the stock of that product is running low they enter it in the daily "want book".

At least once a day we contact the drug wholesaler, and have the products we need delivered immediately usually on that same day. In this way we are rarely out-of-stock of any item, whether it be a prescription drug or one of the many other health aids we carry.

YOU OR YOUR DOCTOR CAN PHONE US when you need delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Area Residents Attend Meeting Of Review Club

WHEELER (Sp)—The Thursday Review Club met in the home of Mrs. Vivian Talbot with Mrs. Ed Uri Luttrell as co-hostess. Mrs. Berniece Hall introduced Cleve McMillion, Conservation Agent for the local ASC office.

Dorothy McIlhenny presided over the short business meeting as birthday calendars were distributed. Names were drawn for the Christmas Party to be held in the home of Mrs. Sylvia Lee, Dec. 10.

The hostesses served refreshments to Dot Hefley, Paula Britt, Sylvia Lee, Patsy Rarden, Berniece Hall, Wilma Hefley, Geraldine Hollis, Dorothy McIlhenny and JoAnn Millett.

SPEED READING COURSE SET FOR PAMPA

One Million Words? In a Single Week? Can YOU handle that?

Yet, if you are a student or an average person in a position of average responsibility you are expected to read up to, and in many cases even more than, one million words in a single week. Think of the flood of printed material you must cope with daily. There is more and more material in print every day — and more and more people, including you, have read it.

How rapidly DO you read? And more importantly, how well do you understand and retain what you have read? Is it a chore for you to read a book? Do you back-track repeatedly? Let your mind wander to other things? Silently pronounce words to yourself as you read? If you do any of these, chances are that you not only need but would profit greatly from the Speed Reading Academy's course in Rapid Reading which is set for discussion at Pampa.

Mr. Wayne D. Scott, SRA president, said arrangements have been made to offer SRA's exclusive 7-week, 21-hour Rapid Reading course to a limited number of students in Pampa.

The course is designed primarily for the college-bound high school student, the college student and professional — but anyone over 13 years of age of average intelligence, and without visual weaknesses can quickly master the speed reading techniques of the S.R.A. Method.

The average college student today reads anywhere from 150 to 250 words per minute, retaining about 50 per cent or less of what they have read. Mr. Scott said, "We guarantee that you can learn to read 1,000 words per minute, or more, with better comprehension, retention and enjoyment or your tuition will be refunded."

Thousands of people who have completed the course have an average reading speed of 2,000 words per minute, with 80 per cent or better comprehension. In order to enroll in the course — you must attend one of the free orientation lectures mentioned below and the reading counselor will explain the course in detail — and give you a brief reading test to determine your present reading speed and comprehension.

Most people are shocked to find how slowly they actually read and how low their rate of comprehension really is. How do YOU rate as a reader?

Students enrolling will be required to attend one class per week for seven weeks. Classes are limited to twenty students — and class places will be filled on a first come, first served basis.

A series of one hour orientation lectures to acquaint interested persons will be held in Cibola Room of the Coronado Inn, 1101 N. Hobart St. on Monday, Dec. 7, at 7:30 p.m.; Tuesday, Dec. 8, at 7:30 p.m.; Wednesday, Dec. 9, at 7:30 p.m.; and a final meeting on Sunday, Dec. 13, at 2:30 p.m.

Solon Blames Nixon For Loss In Primary

AMARILLO, Tex. (UPI) — Sen. Ralph W. Yarborough, D-Tex., said Saturday his defeat in the Democratic primary was caused by the Nixon administration, the same administration that is "destroying the agriculture economy of America."

"It is time to throw out those who are destroying the agriculture economy of America," Yarborough said.

A 14-year Senate veteran, Yarborough was dumped in the primary election this year by now Sen.-elect Lloyd Bentsen, Jr., a conservative Houston millionaire who attacked Yarborough's liberal voting record.

Yarborough, however, blamed his defeat on his support of strong farm legislation opposed by "the anti-farmer Nixon Administration."

"Emotional Issues" — "This year farmers across this country have allowed the media experts and smear artists to turn them against those men who have fought and worked for their interests by raising false emotional issues that have no bearing on the real issues of today," Yarborough said.

"It is time for farmers ... to join with their natural allies, the struggling factory workers and the victimized consumers and the embattled city dwellers and vote for honest men who are dedicated to working for the people and not living off them ..."

"It is time to elect Peoples' Democrats, not just people who call themselves Democrats ... in short, it is time for farmers to raise less corn and more hell."

Yarborough also called for the resignation of Agriculture Secretary Clifford Hardin.

"Lack of Concern" — "The present administration and the secretary have shown an incredible lack of concern for the small farmers," he said. "The secretary, who is alleged to be an expert in agriculture, has made sweeping and callous decisions striking at the very heart of farm policy."

He said Hardin cut wheat allotments by 12 per cent, cancelled the advance feed grain payments and refused to spend funds appropriated by Congress.

POWERFUL PLUNGER CLEARS CLOGGED TOILETS

TOILEFLEX® Toilet Plunger

Unlike ordinary plungers, Toileflex does not permit compressed air or messy water to splash back or escape. With Toileflex the full pressure plows through the clogging mass and switches it down.

- SUCTION-RING STOPS SPLASH-BACK

MIRACLE PRICES

Nothing moves troops like The Daily Bugle.

The sound of a powerful ad opens up people's eyes. And minds. It stirs them. Starts them marching in to buy your product. And often at less cost-per-thousand to you than any other person-to-person message. (The Classified Section is one example. Remember how disappointed you were the day you called on that Want Ad, and found out the item had just been sold?)

Print bugles like that. Sharp and clear. Which is just the call to action you need when your adversary is public inertia. And it generally is. Newspapers. Magazines. Brochures. Mailings. These are all print. And they all work to muster the troops. Use them.

It'll be a monumental campaign, General.

DON'T YOU READ BEFORE YOU BUY?

Archaeologists Still Unable To Answer Whether King Arthur Was A Real Person

LONDON (UPI)—For five years archaeologists have been trying to answer the questions of whether King Arthur was a real person and whether the Camelot of his Knights of the Round Table was the great hill fort of South Cadbury.

Now the digging is over but the questions remain.

And Leslie Alcock of the Archaeology Department of University College at Cardiff in Wales is settling down with his staff to months and perhaps years of studying thousands of bone, stone, metal, glass and pottery fragments and thousands of photographs.

There have been no spectacularly obvious finds at Cadbury Hill but from hundreds of holes in the bedrock, stins in the soil and a small section of stone wall, Alcock and his staff, like archaeological detectives, are deducing the sequence of life on a mound occupied by humans for an estimated 4,000 years.

Reading the meager clues the archaeologists believe Cadbury, a thriving Celtic town, fell to a Roman massacre in 44 or 45 A.D. — because of a dozen or more men, women and children were found at the gateway

alone. On later levels there was dating from late in the 6th century—about 40 years after the death of Arthur—if there was an Arthur.

Study of this road showed it was a repair job to an earlier road which might have been built during the time of Arthur himself. Signs of a large hall—called the feasting hall—were discovered last year and this also dates from the presumed time of Arthur, roughly 500 A.D.

Archaeologists on the site say that if Arthur had lived he would have feasted with his men in the timber hall and ridden out to battle through the big timber gate which is of a type not yet found anywhere else in Britain.

Mainly About Lefors

By PAT BURK

Mrs. Walter Wooten passed away in Okla. She was Mrs. Watler Elliott's father's oldest sister and an aunt of Verli Williams.

Mr. and Mrs. Spencer Presley had as guests Thanksgiving Day Mrs. Presley's sister, Mr. and Mrs. J. H. Brawley and Sara from Duke, Oklahoma.

Mr. and Mrs. Bill Wall have sold their home to Mr. and Mrs. Floyd McMinn and have moved to Abilene, Texas.

Mr. and Mrs. C. C. Mullins have moved back from Illinois into their home on 3rd street.

Mr. and Mrs. Clark Webb have bought the George Smith's home.

A drama that is an excerpt from the "Glass Menagerie" will be presented Wednesday, the 9th for judging. It is directed by Mrs. Lloyd McKnight who is doing her student teaching in the Lefors English Department. The all-senior cast includes Martha Carlton, J. B. Bradley and Jerry Hollenshead. Doris Carlton is the prop director.

Wedding shower for Linda Jernigan Bridgeman was held Thursday evening at the home

BANGKOK (UPI)—The official death toll attributed to Tropical Storm Ruth stood at 30 today and officials said more heavy rain was expected.

Government boats and helicopters were carrying aid supplies to remote villages.

VATICAN CITY —Pope Paul VI, commenting on the passage of an Italian divorce law during his first public appearance

since returning from an historic trip to Asia and the Pacific. "We cannot hide from you our sorrow at the news which reached us during our journey of the approval given to the law which intends to introduce divorce even in Italy."

Foreign News Commentary

By United Press International
Last Germany plans to increase trade contacts with Latin America as part of the Communist state's campaign for international diplomatic recognition, according to diplomats in Berlin. An important feature will be the training of Latin American scientists and technicians in East Germany and the exchange of technical information and experts. Guenter Wetuschat, a top official in the East German Trade Ministry, says he wants to triple trade with Latin America in the next few years.

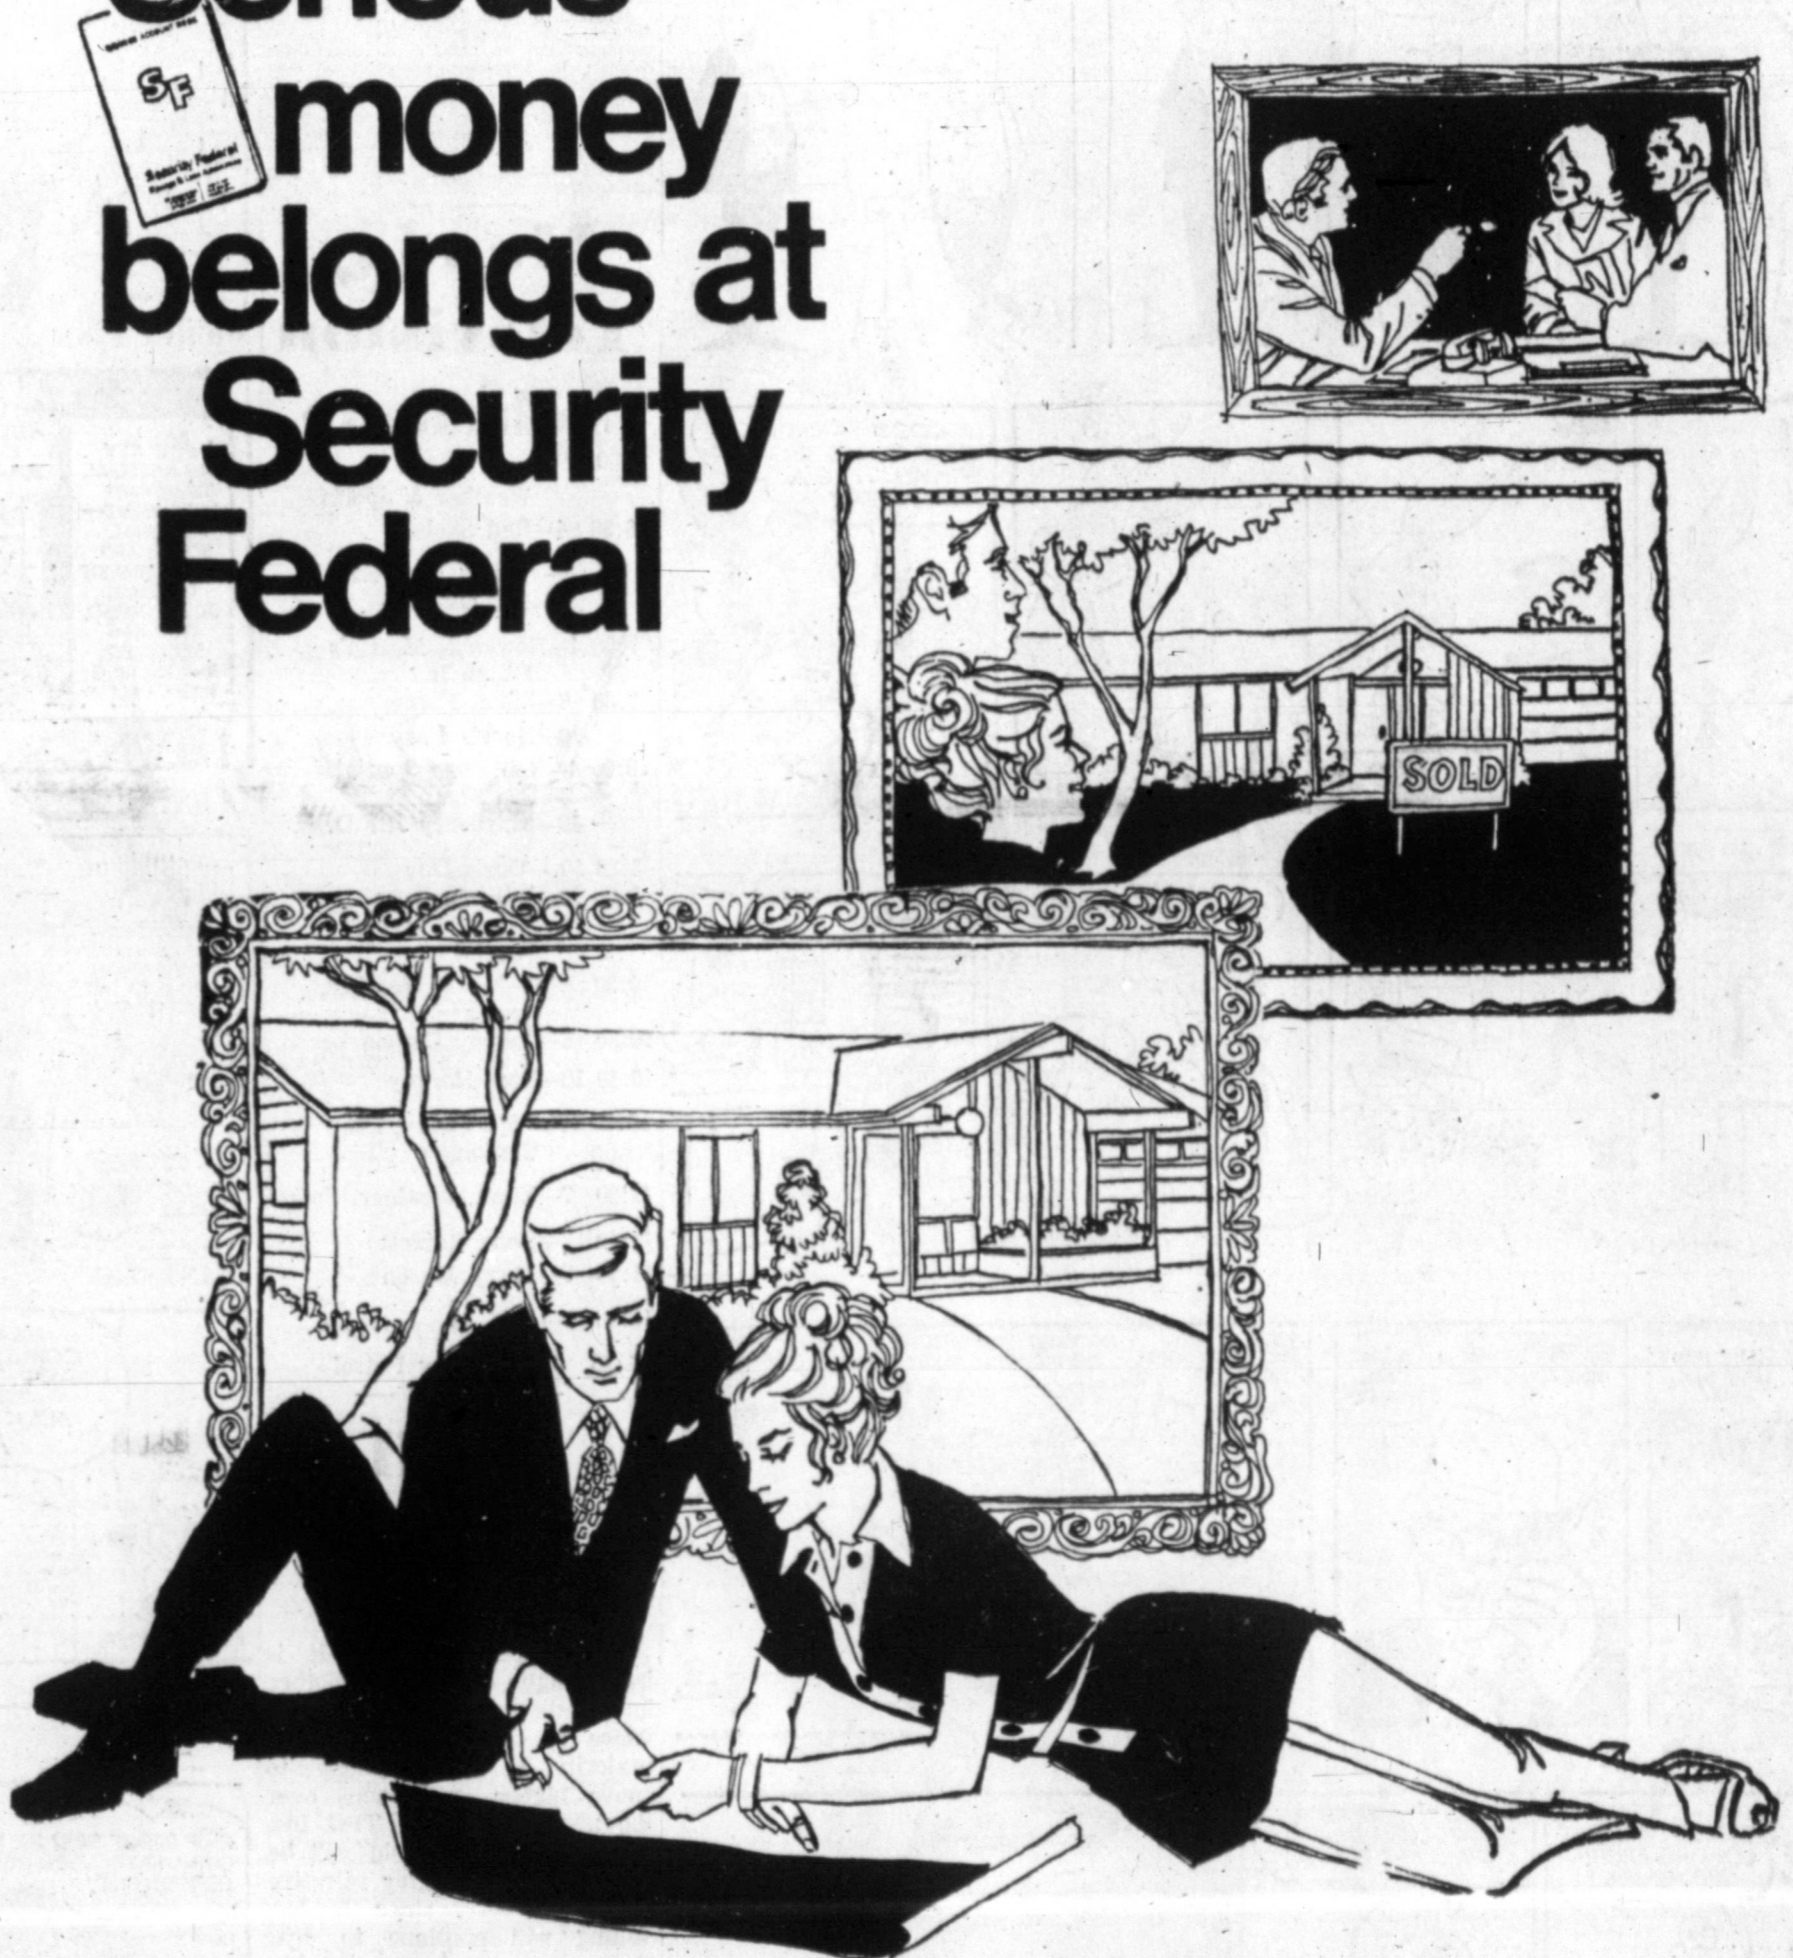

France and the H-Bomb
French military experts have now mastered the technique of miniaturizing the atomic trigger for hydrogen bombs, according to an advisory from Paris. As a result, President Georges Pompidou is reported to have authorized the start of regular production of H-bombs to replace the French arsenal of Hiroshima-strength atomic bombs by 1975.

Soviet Budget
The Supreme Soviet—Russia's parliament—meets this week to approve a budget for a new five-year plan. Delegates are expected to vote increased appropriations for both guns and butter. The gap between allocations for industrial and consumer goods—still very wide—probably will be narrowed slightly.

NATO Naval Buildup
The United States and its NATO allies are planning to increase naval strength in the Mediterranean to counter Soviet penetration of the Middle East. There has even been talk of establishing a separate, standing NATO Mediterranean force to meet the Russian challenge. Part of the plan includes assignment of a helicopter carrier to the U.S. 6th Fleet.

By United Press International
NEW YORK—FBI Director J. Edgar Hoover, asserting the late Dr. Martin Luther King Jr. never should have received the Nobel Peace Prize: "He was the last one in the world who should ever have received it."

Your Horoscope

FOR TUESDAY, DEC. 8, 1970
Your birthday: The year ahead is an interesting, often exciting transition period to more profound self-expression, with many experiments. Your personal program will need several revisions before you are settled, sometime in the middle of next year. Your view of life change with experience. Self-improvement comes from your inner drive. Tuesday's native has special gifts of persuasion which are seldom well-cultivated.

ARIES (March 21-April 19): Do things in style Tuesday, taking things seriously, as decisions made now are certain to require revision, perhaps reversal later. Know your limits. An old arrangement fails to be replaced eventually by a system that works better and brings you higher earnings.
TAURUS (April 20-May 20): You persuade people more effectively by a soft-sell approach. An old arrangement fails to be replaced eventually by a system that works better and brings you higher earnings.
GEMINI (May 21-June 20): Your life full of sound and oomph—relieving pent-up feelings and releasing ideas to see if they work. Most of them don't really common sense, prevail or finally succeed.
CANCER (June 21-July 22): Events move quickly Tuesday perhaps to take some other track Wednesday. Risk along, taking for granted that nothing is going to remain as it now seems.
LEO (July 23-Aug. 22): There is another side to any story heard now. Use your own theories, but do more listening. The other side may be glad that you followed a conservative course.
VIRGO (Aug. 23-Sept. 22): Think in terms of temporary expedients, as more lasting arrangements are not likely to stand up under changes Wednesday. Nothing related to safety can be neglected now.
LIBRA (Sept. 23-Oct. 22): Instead of carrying the initiative, let the other fellow, whether competitor or partner, bring matters to you. Avoid speculative moves, permanent promises.
SCORPIO (Oct. 23-Nov. 21): Concentrate on routines which are well set. Interesting discrepancies abound in stories told by people claiming to have all the answers. Check the facts.
SAGITTARIUS (Nov. 22-Dec. 21): Take interruptions in stride. Your work Tuesday is applied in some way you had anticipated. Resolve to clarify your status Wednesday.
CAPRICORN (Dec. 22-Jan. 19): For a change, let others do the organizing, keep yourself off the list of critics, too. This you miss responsibility for things you would like. Make this a high-consciousness day.
AQUARIUS (Jan. 20-Feb. 18): Look for defects in long-established theories, customs. Realize there's no immediate solution to anything except your own personal activity.
PISCES (Feb. 19-March 20): You easily wander into saying the wrong thing Tuesday so just mark time. Find the weak spots in your schemes, and give yourself oversight to come up with revisions.

Wall Street Chatter

NEW YORK (UPI)—It is increasingly clear that another intermediate stock market advance is developing, with the majority of issues likely to move higher on balance over the next few weeks, TPO Inc. says. Purchases should still be made only on a highly selective basis, however, since tax-loss selling will continue to drag down numerous issues, it adds.

The current vogue of utility stocks is based on the twin assumptions—that they are depression-proof and that their prices are responsive to falling interest rates—but there are reasons to be wary of the utilities, Hoppin, Watson & Co. says. Many have lost real investment quality during the past two years, in some cases permanently. The threat of massive future anti-pollution expenses hangs over the industry, the company adds. And to top it off, the industry is subject to "bureaucratic regulatory control," the inherently destructive character of which "is so eloquently shown in the current plight of our entire transportation industry."

29 YEARS GONE

Rusted, Sunken Battleship USS Arizona Still Rests On Bottom Of Pearl Harbor

PEARL HARBOR (UPI) — The rusted, sunken battleship USS Arizona still rests on the bottom of the harbor here — a reminder of the attack 29 years ago today by 353 Japanese warplanes that opened World War II for the United States.

The U.S. Navy held no official ceremony to commemorate the 2,409 Americans killed in the attack, but survivors were to attend solemn rites in which floral wreaths are placed on the water at the USS Arizona Memorial.

on Dec. 7 because all the nation's war dead are honored on Memorial Day.

The Arizona Memorial has been visited this year by more than 300,000 persons, including thousands of tourists from Japan.

The attack started at 7:55 a.m., Hawaii time, as 353

Japanese warplanes armed with bombs, torpedoes and bullets swooped over the harbor and nearby airfields in wave upon wave.

As the bombs fell and American fighting ships exploded, flaming oil spread across the water and the giant harbor became an inferno. Of 2,409

Americans killed, more than 2,000 were sailors and more than half of them were aboard the Arizona. Eighteen of 45 U.S. warships were destroyed or badly crippled. Only 38 of 394 American planes got off the ground and 10 of those were shot down.

The attackers, whose losses included 55 airmen and 29 planes, failed to strike any American submarines or aircraft carriers, vessels which came back to haunt the Japanese in the war in the Pacific. While Pearl Harbor was a smashing victory for the invaders, historians and even Japanese leaders were later to label it a mistake.

Adm. Isoroku Yamamoto, commander-in-chief of the imperial Japanese navy, reported to have said: "I fear all we have done is to awaken a sleeping giant and fill him with a terrible resolve."

Hollywood In Review

By VERNON SCOTT
UPI HOLLYWOOD CORRESPONDENT
HOLLYWOOD (UPI) — Oops! Andy Griffith, one of the most popular figures in television, returned to a weekly series this season in "Headmaster" and bombed.

No copouts for Andy. He and

his associates, Dick Linke and Aaron Ruben, composed the following explanation:

"We tried something and it didn't work — it's as simple as that. The concept, we all felt, was a good one. Whether it was the proper vehicle for Andy is certainly open to question. It doesn't matter. The idea didn't work, and we now are at work on an entirely new format in which we will present Andy as a figure we are sure will have a far wider audience acceptance — a man with roots in his native south ..."

He was Square Peg

In the title role of "Headmaster" Andy played a man faced with the problems of high school youths — drugs, generation gap and all the rest.

The new \$5 coupons will be bound into books with a total value of \$30, and the present \$20 books of \$2 coupons will be discontinued.

USDA's Food and Nutrition Service, eligible low-income families can exchange the amount of money they normally spend on food for food coupons that are worth more.

The new \$5 coupon will be introduced to improve the operating efficiency of food coupons each month.

Food buying bonuses paid to the 8,800,000 people taking part in the program in October totaled \$125,800,000 — five times the bonus payment in November, 1969, before the program was improved.

The new, larger-denomination coupon will reduce the number of coupons needed to operate the program. It also will make handling of food stamp coupons more practical and convenient for the participants in the program, for the offices which issue the coupons to participants, for the retail food stores that take the coupons in trade, and for the banks which redeem them.

Under the Food Stamp Program, administered by

"I thought it was my fault because I'm slow to change. But the real problem was I was uncomfortable in the part.

"One day I sat down in that living room set and had a physical reaction. I felt so ill at ease I wanted to run out of there.

"Even though I was a teacher once myself, I'm not at home in an academic atmosphere. I realized that after we'd filmed the second episode in the series.

"I called Aaron Ruben the following day and said I didn't know what changes we should make. Aaron said if I felt uncomfortable he'd be a fool to force me to continue in the role.

USDA To Issue Food Stamp Coupon In \$5 Denomination

A new \$5 food coupon soon will be issued to participants in the U.S. Department of Agriculture's Food Stamp Program. The new coupon, maroon in color, will be used along with the present 50-cent and \$2 coupons.

People who cook with pride cook with GAS. Mrs. S. M. Smith does.

Some of the world's best cooks are found in the kitchens of America. But, good cooks don't just happen. They work to make themselves good, and they give themselves every cooking advantage possible... like gas range cooking.

Besides being the most economical way to cook, gas is also predictable. You always know just how much heat you're getting

because you can see the flame. And, precise temperature control is what nine out of 10 professional chefs agree makes the difference between outstanding cooking and just plain cooking. Gas gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Smith's favorite recipes.

RICE WITH QUAIL OR DOVE CASSEROLE

Mrs. S. M. Smith, 1300 Runnels, Big Spring

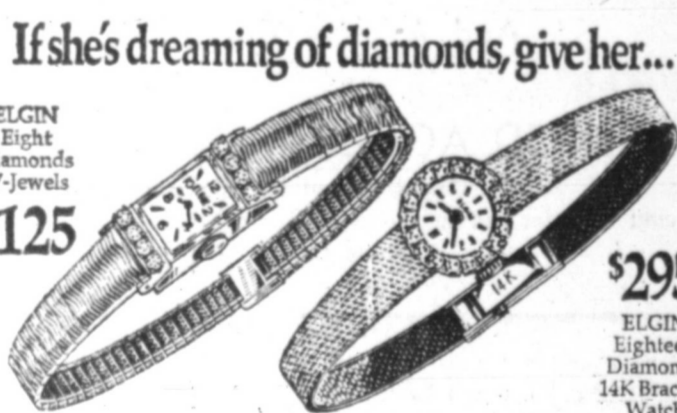

- 5 cups cooked rice (as directed on package)
- 4 sticks celery diced
- 4 diced pimentos
- 2 cans mushroom soup (undiluted)
- 1 small onion—grated
- 1 cup grated cheese
- 1 green pepper cut very fine
- 4 or 5 cups cooked quail or dove (cut in cubes)

Place 6 or 7 birds in a baking pan. Cover with water, add 2 sticks of butter, salt, pepper, 1 bay leaf, a sprinkle of rosemary. Cover. Place in oven and bake at 350 degrees for about an hour and a half or until tender. Cool and cube. Place in buttered casserole—rice, quail, pepper, onion, and pimento. Pour two cans of undiluted mushroom soup over mixture. Top with grated cheese. Cook in uncovered dish for about 45 minutes at 300 degrees. Serves 12 people. (chicken or turkey may be used)

Give her the watch of her dreams!
