Hospital Guides Direct 1000 Through New Wing

About 1,000 visitors toured the new \$1,442,119 west wing of Highland General Hospital Sunday after six hospital, county and Chamber of Commerce officials officially cut the ribbon to officially open the new wing.

Featured speaker was Gene Imel, president of the county hospital board. Others participating in the ceremony were Mayor Milo Carlson, County Judge S. R. Lenning Jr., Wes Langham, hospital administrator; Roy Sparkman, vice president of the Chamber of Commerce, Dr. Carl Lang,

PHS Band To Leave For Chicago Midwest Band, Orchestra Clinic

Pampa High School's band students and sponsors will be up before dawn Tuesday to board the Chicago-bound train for the National Midwest Band and Orchestra Clinic.

The band is sponsoring its trip by contributions, candy, and fruit cake sales, a carnival, concerts and other student fund-raising activities. About \$12,000 had been raised before the Friday night concert in which \$500 was collected in ticket sales.

The Friday night concert audience reacted to the band's 90-minute Chicago music concert performance by giving the band and its conductors a standing ovation, with particularly strong applause for the band's last selection, "Music for Prague, 1968." The last selection, an extremely difficult contemporary work, taxes each instrument and performer, since it requires precision performance from each.

Band students will be sponsored on the Chicago trip by 11 faculty members with 15 parents, one foreign exchange student, Regina Stuechi from Brazil and Kathy Pierce from England who is visiting a Rotarian family.

The group will leave Pampa at 1:22 a.m. Tuesday and return home at 4:30 a.m. Dec. 21.

Guest conductors at the Chicago performance on Thursday will be Joe DiCosimo, Robert E. Lee Junior High school band director; David Robertson, Pampa Junior High

U.S. Will Pull Out 7,000 More Troops By Dec.

Phase 5 Program Fulfilled Ahead Of Time Schedule

By BERT W. OKULEY
SAIGON (UPI)—The U.S. Command said today President Nixon's Phase 5 troop withdrawal program has been completed three weeks ahead of schedule, reducing the number of American GIs in Vietnam to 343,700 men.

It left the lowest number of American troops in the war zone since October of 1966.

President Nixon's latest withdrawal program had called for leaving no more than 344,000 Americans in Vietnam by Christmas. U.S. Command sources said 7,000 more troops would be pulled out by Dec. 31.

The peak number of Americans in the war zone was 543,400 in April of 1969. Slightly more than 200,000 have been withdrawn since then.

Allied communiques said terrorists threw a grenade into a crowd watching television in Mekong Delta village Sunday night, killing four Vietnamese civilians and wounding 46. In another attack, a bus loaded with American GIs in Saigon was hit by a firebomb which exploded in the street without causing injury.

UAW May Request Chrysler To Give GM-Ford-Type Pay

DETROIT (UPI)—United Auto Workers negotiators said they would ask Chrysler Corp. today for a firm, three-year wage offer similar to those won by the union at General Motors, following a 67-day strike, and Ford Motor Co.

The Ford and GM settlements will give UAW members who made \$9,000 per year under the old contract between \$12,000 and \$13,000 in the third year of the new agreement. The union also won unlimited cost of living allowances as protection against inflation and \$500-per-month retirement pay after 30 years service at age 55 in the first two years and age 56 in the final year.

Douglas Fraser, director of the UAW's Chrysler Department, also said he will insist that the smallest of the big three automobile manufacturers make its offer retroactive to Nov. 2.

In its tentative agreement with Ford, still to be ratified by the rank-and-file membership, the union won a 26-cents-per-hour wage increase retroactive to Sept. 15, when the old contract ran out, and another 25-cents-per-hour boost retroactive to Nov. 2.

In the Chrysler bargaining, both sides have set Friday as the target date for a new agreement. If no settlement is reached by then, the union would recess the talks until after the new year unless the two sides were very close to reaching an agreement, Fraser said.

LONDON (UPI)—A restaurant furniture company says a survey which interviewed 200 men between 15 and 22 years old showed most preferred to woo their dates by electric lighting in the center of a busy restaurant rather than by candlelight in a secluded alcove.

Israel May Rejoin Deadlocked Talks

AT PRE-HOLIDAY TESTIMONY

Defense Stressing Calley Went Along With 'Legal Act Of War'

FT. BENNING, Ga. (UPI)—The defense, seeking to prove Lt. William L. Calley Jr. went along with "a legal act of war" in the massacre of 102 civilians at My Lai, was expected to call most of its witnesses in the final pre-holiday week of testimony beginning today.

The trial will be recessed Friday and will not reconvene until Jan. 11 because of the difficulty of defense witnesses in getting transportation during the Christmas and New Year's season.

Col. Reid W. Kennedy, the presiding judge, told the six-officer jury testimony would continue until Friday and that "all other witnesses" would be directed to be present on Jan. 11.

That announcement seemed to indicate the defense would put on most of its witnesses this week and would have only a few—including the defendant

operation at My Lai on March 16, 1968. One defense witness has said he overheard the task force commander who if there was return fire the Americans would "level the village."

Another said the My Lai region had been a hotbed of Viet Cong resistance in previous American sorties there, that officers had concluded civilians "had something to do" with previous failures, and that the company in which Calley commanded a platoon had been ordered "not to let civilians get behind them" less they became snipers.

Two other witnesses, former helicopter men, testified they had seen bodies, on the day of the assault, in or near the village.

Gray County Commissioners approved the county budget late this forenoon and agreed to increase all property valuations from \$56 million to \$74 million dollars to cover the \$97,000 deficit in the operations schedule. The court left the method of the new valuation open for further study.

Calley is charged with the premeditated murder of 102 Vietnamese civilians in an

Decision Probably Will Be Taken At Full Cabinet Meet

Moscow Accuses U.S., Israel Of Torpedoing Talks

By United Press International
Israel may decide to rejoin stalled Middle East peace talks within the next two weeks, diplomatic sources in Jerusalem said today. The decision could come at next Sunday's cabinet meeting.

Defense Minister Moshe Dayan returned home following meetings in Washington with President Nixon, Secretary of State William P. Rogers and Defense Secretary Melvin R. Laird. He told newsmen the conditions were not yet ripe for resumption of the indirect talks with Jordan and Egypt under the sponsorship of U.N. mediator Gunnar V. Jarring.

Despite Dayan's remarks, the diplomatic sources said it was almost certain Israel would decide to resume the talks. The decision probably will be taken at the next full cabinet meeting, on Sunday. Foreign Minister Abba Eban is due to leave shortly for London so all top government officials will not be available until Sunday.

ENDING WEEK-OLD CRISIS

British Power Supply Workers Agree To Terminate Slowdown

NEW YORK (UPI)—A tipoff by federal investigators to the possibility of corruption within the Hughes financial empire in Nevada led Howard Hughes to a Bahamas retreat and his firing of several employees, Time magazine said Sunday.

The magazine also speculated Hughes may be planning to sell several Las Vegas hotels and to surrender Air West, a regional airline, in hopes of regaining control of Trans World Airlines.

Hughes' Thanksgiving eve flight aboard his Hughes Tool Co. jet to a \$1,000-a-day suite on the ninth floor of the Britannia Beach Hotel on Paradise Island had been planned for two months as a means for Hughes to watch his Las Vegas holdings from a distance, the magazine said.

Robert Maheu, Hughes' chief aide in Nevada, was in charge of many operations which "were not paying off as handsomely as expected." Maheu is fighting an attempt by Hughes Tool Co. to fire him.

"Huge kickbacks, it was said, were received on the purchases of old and largely worthless Nevada mining properties, for which Hughes had paid \$2 million more than they were worth," Time said.

Investigators to check up on Maheu.

"At about the same time, various agencies of the federal government, the state of Nevada, Clark County and Las Vegas were all prying into the Hughes' businesses," Time said.

Sen. Tower Honors Key Patrons Of Payne-Kirkpatrick Memorial

OKLAHOMA CITY (Sp1)—U.S. Senator John Tower of Texas paid tribute yesterday to Mrs. Nona S. Payne of Pampa, Tex., and Mr. and Mrs. John E. Kirkpatrick of Oklahoma City, principal benefactors of the new Payne-Kirkpatrick Memorial Bldg. at Western Heritage Center at the National Cowboy Hall of Fame here.

Tower was the principal speaker at the official opening ceremonies at the memorial which is the shrine of a famous American monument, the heroic "End of the Trail" statue by James Fraser and the studio collection of the late sculptor and his wife.

The senator and U.S. Representative Bob Price of Pampa joined with other prominent Westerners and Texas Panhandle residents to honor Mrs. Payne and the Kirkpatricks.

Senator Tower spoke of the heritage of the West's pioneers such as Mrs. Payne's late husband, David D. Payne, Miami, Tex., rancher, whose memory the new building honors. Mr. Payne died in 1965 just three years before his 100th birthday.

Payne was born in 1871 in Texas, and his father was a descendant of a signer of the Constitution. David Payne started in the cattle business of one cow with his partner brother. He built the extensive Canadian River Ranch with many years of hard work.

In 1940 Payne married Nona Shelton Wilcoxson, also of pioneer stock, and together they continued in the livestock business until Mr. Payne's retirement at the age of 88.

Mrs. Payne shared with her husband an affection for the West, always maintaining a sense of gratitude for pioneer values of life.

The National Cowboy Hall of Fame is a center of Western art and historic objects, with an impressive collection of art by the late cowboy artist Charles Russell, rare frontier art by Charles Schwepvogel, Frederic Remington, and many other early and contemporary Western artists, plus the real objects of Western life. Besides its permanent exhibit programs the Center sponsors the annual Western Heritage Awards, an annual Cowboy Artists of America Exhibit and co-sponsors National Finals Rodeo.

Opening of the Payne-Kirkpatrick Memorial building the most important addition to the Hall since opening of the \$3 million dollar Center in 1965. The ceremony yesterday included a week of special events at the Hall in conjunction with the National Finals Rodeo.

Howard Hughes 'Spirited Away,' —Ex-Aide

LAS VEGAS, Nev. (UPI)—"spirited away" from under his protection by security guards employed by Hughes Tool Co. of Houston.

Nine days after Hughes reportedly left for the Bahamas, the board of directors of Hughes Tool fired Maheu.

Out-of-State Witness
Maheu's attorney, Morton Galane, told Clark County District Court Judge Howard Babcock near the end of a court session Saturday that a witness has been found who was present when Hughes departed this gambling spa Thanksgiving eve—exactly four years after his arrival.

Maheu contends Hughes was

The lawyer would not identify the witness.

Another witness scheduled to appear was Charles A. Appel, expected to testify that the Howard Hughes signature on a proxy used by Hughes Tool in ousting Maheu was "a duplication."

However, Chester C. Davis, tool company counsel and leader of the group which fired Maheu, said he had a witness to the signing of the proxy by Hughes.

Company Lacks Authority
Maheu claims he was fired by Hughes, and that Hughes Tool Co. lacks proper authority to fire him.

Maheu has testified that he once told Hughes in a 1968 telephone conversation he had offers from two companies to better himself financially. He said he was considering resigning but Hughes "begged me not to."

Maheu said, "He made me promise I would not accept or ever leave him. I was told it was his understanding that we would be together the rest of his life and my life."

However, Maheu also said that during his four years with Hughes in Nevada he never had a "face-to-face conversation" with his boss.

In Moscow, the Communist party newspaper Pravda said the United States and Israel planned to "torpedo" the Middle East talks before they even began. It said the United States guaranteed long-term arms shipments to Israel "in order to make the balance of forces in the Middle East tip in favor of Israel."

In London, the Sunday Times said Israel has started transporting Arab oil to Communist Eastern Europe via a new Israel pipeline that bypasses the Suez Canal. An Israeli government spokesman refused to comment on the report, which said the multimillion dollar operation "has the blessing of Russia and the connivance of Arab governments."

In Jordan, the government and a Palestinian guerrillas sought to work out details of a new peace initiative. A meeting of senior officials of both sides was called to implement compromises arranged by the Arab truce team in weekend talks. These called for a general exchange of prisoners and a pullback from the flashpoints of the latest fighting.

Success of the accords hinged around the town of Jerash in Northern Jordan which has been the center of a series of clashes between the guerrillas and government troops.

In Cairo, President Anwar Sadat reaffirmed that Egypt will not renew the Middle East cease-fire which expires Feb. 5 unless it gets a timetable for the withdrawal of Israeli troops from Arab lands.

Dear Abby

By Abigail Van Buren

DEAR ABBY: I am going to leave the right and wrong up to you. I took two ladies to a nightclub for an evening of dinner and dancing. I danced with Lady No. 1 and everything was okay. Then I asked Lady No. 2 to dance and she refused, saying she hadn't danced in a long time because her husband had been dead only two years and she was still sort of "in mourning." I let this pass, but later on in the evening I asked her if she cared to dance, and again she refused saying, "Oh, you two go ahead and dance."

No sooner did she get the words out of her mouth when a man who was a perfect stranger to me — and I am sure to her, too — came up to our table and asked Lady No. 2 to dance, whereupon she bounced off her chair as if she had a spring under her. I felt insulted. How would you have felt?

DEAR K.K.: Insulted. But don't hold a grudge. The stranger actually performed the lady a great service. He officially terminated her "mourning" period.

DEAR ABBY: Here I am in the nation's capitol, involved in solving some serious problems and I am unable to solve one of my own. I am a bachelor, slightly over 50, who has

completely lost his heart to a young woman. I want to marry her and I early popped the question last evening but walked away without doing so. The reason: her house is filled with so many little "things," it looks like so much junk in a secondhand store. I am sure I could never live with all that clutter. Also, since I am in public life, I would be embarrassed to entertain my associates in such surroundings.

DEAR ABBY: I, an old lady of 89, agree with your correspondent who wished her incurably ill mother to be released from her suffering. At the present time when unable to effect a cure, a physician often employs artificial means to extend the life of a hopelessly

ill patient. But prolonging life without prolonging good health is a dubious blessing, and no victory over the grim reaper. It only adds to the patient's ill being and puts a strain on the family, all too often depleting them, physically, mentally, emotionally and financially by long, loving, but useless nursing.

WORLD ALMANAC FACTS

During the 1920s Gen. William Mitchell proved that bomb-carrying planes could sink battleships, and warned of Japan's air strength and the possibility that she would attack without warning. The World Almanac notes. After a dirigible crash, Mitchell made charges of incompetence and criminal negligence against the War and Navy Departments. He was court-martialed.

Las Pampas DAR Recognizes Youth

Mrs. W.S. Dixon, vice regent, presided over a recent meeting of the Las Pampas Chapter of Furr's Cafeteria. Honored guests were the DAR Good Citizen girls and their mothers. Miss Mellie Bird Richey, chairman of the project, introduced the girls who were chosen by a faculty committee of their respective schools on the basis of their qualities of dependability, leadership, service and patriotism.

Those chosen were Diane Hughes, daughter of Walter Hughes of Lefors; Anita Wieburgh, daughter of Mr. and Mrs. C.L. Wieburgh of Groom; Cynthia Manning, daughter of Mr. and Mrs. John of Wheeler and Vanessa Arthur, daughter of Mr. and Mrs. William L. Arthur of Pampa.

SPEED READING COURSE SET FOR PAMPA

One Million Words? In a Single Week? Can YOU handle that? The average college student today reads anywhere from 150 to 250 words per minute, retaining about 50 per cent or less of what they have read. Mr. Scott said, "We guarantee that you can learn to read 1,000 words per minute, or more, with better comprehension, retention and enjoyment or your tuition will be refunded."

Thousands of people who have completed the course have an average reading speed of 2,000 words per minute, with 80 per cent or better comprehension. In order to enroll in the course — you must attend one of the free orientation lectures mentioned below and the reading counselor will explain the course in detail — and give you a brief reading test to determine your present reading speed and comprehension.

Most people are shocked to find how slowly they actually read and how low their rate of comprehension really is. How do YOU rate as a reader? Students enrolling will be required to attend one class per week for seven weeks. Classes are limited to twenty students — and class places will be filled on a first come, first served basis.

A series of one hour orientation lectures to acquaint interested persons will be held in Cibola Room of the Coronado Inn, 1101 N. Hobart St. on Monday, Dec. 7, at 7:30 p.m.; Tuesday, Dec. 8, at 7:30 p.m.; Wednesday, Dec. 9, at 7:30 p.m.; and a final meeting on Sunday, Dec. 13, at 2:30 p.m.

Mr. Wayne D. Scott, SRA president, said arrangements have been made to offer SRA's exclusive 7-week, 21-hour Rapid Reading course to a limited number of students in Pampa. The course is designed primarily for the college-bound high school student, the college student and professional — but anyone over 13 years of age of average intelligence, and without visual weaknesses can quickly master the speed reading techniques of the S.R.A. Method.

In conclusion she discussed influences of television on the viewing public, and said "The broadcasting of violence and lawlessness which is committed by a small segment of our society presents an untrue picture to other countries of the world who believe what they see on television. Many of these

Imaginative Gadgets Make Christmas Non-Traditional

By CAROLYN A. BOWERS
 NEW YORK (UPI) — Forget

the cravats and chocolates this Christmas. Yule gifts don't need to be traditional. A whole new experience awaits the shipper who dates to be imaginative.

An honest-to-goodness dinosaur bone encased in lucite is one off-beat possibility. It comes complete with papers of authentication.

A chrome-plated bone makes an ideal paperweight for the busy executive. For the "not so busy" type, there's the "nothing box." It does just that.

Eight eyes blink in unrelated patterns for about a year, then it's finished — just in time for a replacement next Christmas.

Another intriguing item is the "infinity cube."

Any object placed inside seems to go on forever.

The insomniac in your circle would take pleasure in a gadget that helps induce sleep and relaxation with the sounds of surf and rain.

For the unliberated lady, there's a trash masher. It compresses household garbage — including bottles and cans — to one-fourth its original size.

Music boxes make ideal gifts, and they don't have to be mundane. For example, there's the Richard Nixon box. Wind it up and a figure in the

presidential image does a jig to ta-ra-ra-boom-de-ay.

Now, how about something for yourself? If you're a poor optimist one store offers a \$10, two-foot high, ready-for-planting potted oak tree.

"The optimist takes the long view and plants an oak tree to become his family's living heirloom," the store said. For the rich pessimist, an ark

is ideal. It comes complete with 92 mammals, 10 reptiles, 26 bird, 14-fresh water fish and 38 insects. All for only \$588.947.

"The pessimist prepares for any eventuality," the store said.

Delivery is in four years. If none of these suggestions interest you, cravats may still be the best cop-out. One manufacturer offers a gem-studded number for \$250.

A MINIATURE CHRISTMAS TREE, a wreath, a delicate angel and a nostalgic stocking-pantalete are among the items which can be made from ruffled crepe paper streamers, using a new technique devised by the Singer Co. Decorations are suitable for class and church projects, as well as home decorations.

4-H IS ALSO FOR URBAN YOUTH — An effort to appeal of the statewide program will be enhanced, he said. Urban youth already are conducting many projects which are adapted to their use and others are being planned.

Your Horoscope

FOR TUESDAY, DECEMBER 13, 1970
Your birthday Tuesday: An energetic year opens collecting the results of your past seven years of work and study. Your viewpoint and values become more pragmatic. You are inclined to discard anything that no longer produces you and tend to become more possessive, more demonstrative. Tuesday's natives are endowed with faith, hope, and charity.

ARIES (March 21-April 19): Get right out, go after important facts, particularly those which lead to other prospects. Then seek expert advice. Attend to maintenance of your home.

TAURUS (April 20-May 20): Show your finest sense, stay a good humor. Cooperation is available, including some you haven't asked for. Find some creative project for the pleasure of your loved ones.

GEMINI (May 21-June 20): Schedule, budget, avoid practical features of your career, effort are all amenable to earlier settlement in the morning. Pursue fresh projects vigorously.

CANCER (June 21-July 21): Get family and group ventures rolling. You can purchase needed items with more economy and effectiveness now, perhaps even find a mass bargain.

LEO (July 22-Aug. 22): Your day is beyond prediction. Things that go away are all subtle, issues which do not concern you, or excite the attention of people who should know better.

VIRGO (Aug. 23-Sept. 22): To keep up with the others, you have to get early and try harder. It's planning time again, with new factors to consider. Relatives bring a surprise.

LIBRA (Sept. 23-Oct. 22): Ask for a raise if you're overworked; apply for improvements of working conditions. Arrange interviews. Your energy level will stay up if you enjoy what you're doing.

SCORPIO (Oct. 23-Nov. 21): Present your services to people and in places where positive reactions can be expected. Travel related to group or community activities are well favored.

SAGITTARIUS (Nov. 22-Dec. 21): Get directly to the issues. You have several choices open, select a definite pathway and move. A search turns up misadventures.

CAPRICORN (Dec. 22-Jan. 19): Share the leadership now, listen to others' ideas. You can pool resources and save on purchases. Circumstances require adjustment of home schedules.

AQUARIUS (Jan. 20-Feb. 18): If you have special information, use it for all it's worth just think it through before you start. Don't make a snap about trips, shop for items in short supply.

PISCES (Feb. 19-March 20): You can do something to alter the direction of your career. Review the possibilities, get to work. You may be encouraged to do more for your community.

ONE-TIME HERO OF INDOCHINA WAR

Giap's Image In Hanoi's Hierarchy Steadily Fading

By DAVID J. OESTREICHER United Press International

North Vietnamese Defense Minister Vo Nguyen Giap was the hero of Dien Bien Phu and the architect of the Communist war in Laos, Vietnam and Cambodia. But his hero's mantle appears to have worn thin since failure of the Communist Tet offensive in 1968.

Giap, now 60, has all the old titles but little of honor heard these days and diplomatic sources in London told UPI correspondent K. C. Thaler this week that Giap's influence in the councils of Hanoi appears to be steadily fading.

This thesis was reinforced in private conversations conducted

by UPI correspondent George Sibera with North Vietnamese officials in Paris who say Giap's importance in the Hanoi hierarchy has diminished since the death of President Ho Chi Minh, his old friend and protector, in September, 1969.

In Saigon, UPI correspondent Margaret Kilgore reports no firm evidence that Giap has been replaced or downgraded in position as Hanoi's foremost military leader despite occasional rumors to that effect.

Giap Still Listed

Most recently, Giap was listed by Hanoi Radio as among top officials bidding farewell on Nov. 23 to Penn North, Prime minister, of the Cambodian

government in exile, at the end of a Hanoi visit.

Correspondent Sibera reports that the last time Giap was mentioned in a major statement was in an interview he granted a year ago to Europeo, an Italian magazine, in which he was quoted as saying that he would not hesitate to sacrifice thousands of men and permit the war to go on for years in order to score a victory over American forces. He admitted 500,000 already had died.

North Vietnamese officials subsequently claimed that Giap had been misquoted and actually did not give an interview.

Giap masterminded the defeat of French Foreign Legion

naires at Dien Bien Phu in 1954 and served as Ho's minister of interior in the early days of the Hanoi regime before moving up to defense minister and chief military strategist.

The tactics Giap used at Dien Bien Phu are generally regarded as classics of modern warfare. He sent a ragtag army of guerrillas against a far better equipped force of 12,000 French troops manning a heavily fortified garrison in the mountains 110 miles west of Hanoi.

Giap's men, who packed artillery and ammunition into the hills on bicycles they pushed up the slopes, laid siege to the fortress and, in an epic battle that lasted 56 days, overran it in a humiliating defeat that brought France to its knees in Indochina. The war ended a few weeks later.

Strategy Less Effective

Giap's strategy in the 1968 Tet offensive in South Vietnam was far less effective, and many observers believe he took the blame for its failure.

Areas of Saigon and Hue.

South Vietnam's second largest city, were held by North Vietnamese regulars for a time, but the offensive finally fizzled under massive counterattacks by the Allies.

The dry season is now arriving in Indochina, and it has always been a traditional time for Communist forces to go on the march. There are increasing indications that Giap and his lieutenants are planning something for the early part of 1971.

Giap is certain to play a part in that strategy. But the best evidence is that he is not calling the shots with the same authority he wielded in the past.

SOUTHERN CORN BLIGHT—

Losses in Texas during 1971 to this disease were minimal. Serious infections were noted in only a few fields but there is a good chance of more trouble in 1971, reports Dr. C. Wendell Horne, Extension plant pathologist. If corn in 1971 is planted on the same land as in 1970 and the disease was present, Horne recommends the corn stubble be deep plowed in order to remove as much of the fungus as possible, and that the grower learn as much as possible about the disease so production methods can be adjusted to reduce damage. If a resistant hybrid is available for planting, it should be used, but demands are expected to exceed seed supplies, he said.

People who cook with pride cook with GAS.

Mrs. Viola Jordan does.

Some of the world's best cooks are found in the kitchens of America. But, good cooks don't just happen. They work to make themselves good, and they give themselves every cooking advantage possible... like gas range cooking.

Besides being the most economical way to cook, gas is also predictable. You always know just how much heat you're getting because you can see the flame. And, precise temperature control is what nine out of 10 professional chefs agree makes the difference between outstanding cooking and just plain cooking. Gas gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Jordan's favorite recipes.

CHICKEN CHOW MEIN

Mrs. Viola Jordan, Gray County Courthouse, Pampa

5 lb. chicken (I sometimes use a large, fat fryer)
1 medium-sized onion
1 small can mushrooms (chopped)
1 small package spaghetti
1 no. 2 can tomatoes
1 cup ripe olives (chopped)
3 tbs. Worcestershire Sauce
1 button garlic
1/2 lb. grated sharp cheese

Cook chicken with one button garlic until tender. Cool and bone chicken. Cook spaghetti in plain water. Saute onions, add tomatoes with a pint (2 cups) of broth. Make a paste of 2 tablespoons of flour and cold water and add to onions and tomato mixture and simmer 30 minutes. Add chicken, mushrooms, olives, spaghetti. Sprinkle grated cheese on top of mixture and bake in a large baking dish for 30 minutes in a hot gas oven (400 degrees). Serves 10 to 12.
