

### Baptists Plan For Big Clinic

Teams prepared to hold clinical studies with Baptist churches in the Big Spring association, will take to the field this week as a prelude to the 18 central simultaneous training schools next week.

Goal for the association simultaneous training schools has been set at 1,300, of which Big Spring is seeking attendance of 300. Odessa and Midland have asked quotas of 400. Last year Big Spring enrolled 250, which enabled the association to meet a quota of 200.

### January Weather Was Sub-Normal

Winter weather came to the Big Spring area in January with a mean minimum three degrees below the normal and 22 days of freezing or lower temperature.

### Hill On Leave

Darmand Hill, S-1c, arrived Friday to spend a 30-day leave from his station in Bremerton, Wash.

DALLAS, Feb. 2 (AP)—New and used federal government-owned telephone and telegraph equipment is being offered for sale by the War Assets Corporation, the RFC subsidiary designated by the Surplus Property Administration to sell this type of property in the interest of reconversion.

### CAPITOL BURNS WITH REAL BLAZE

WASHINGTON, Feb. 2 (AP)—Firemen were called to the capitol today to extinguish a minor blaze in a room directly under the dome.

### Polio Campaign Fund Is Upped To \$1,507.63

Prospects continue bright for a total of more than \$2,000 in the March of Dimes polio campaign, as the total was raised to \$1,507.63 by a \$178.96 collection taken at the State Theater Friday night.

### Jap Government May Charge Tojo

TOKYO, Feb. 2 (AP)—The Japanese government may join the Allied powers in accusing former premier Hideko Tojo and others of its own former leaders of responsibility for the Pacific war.

In the International war guilt trials, the Allied nations are the complaining parties. Should the Japanese government participate in the Tokyo trials, it would be only after approval by MacArthur and would be a distinct departure from the Nuremberg procedure.

### Monday Decision Seen In Housing

WASHINGTON, Feb. 2 (AP)—The House Banking committee today set the Monday crucial decisions bearing on the problem of housing for veterans at prices veterans can pay.

### Butane Gas Blast Cause Of Blaze

Fatalities may have been averted by a quirk of fate Friday afternoon when a butane gas bottle exploded, setting fire to the home of N. B. Davidson in the 500 block of Northeast 14th street.

### Bradley Backed By President

WASHINGTON, Feb. 2 (AP)—President Truman backed Gen. Omar N. Bradley "to the hilt" today in the Veterans' Administration's feud with the American Legion over the handling of veterans problems.

John Steele, national commander of the Legion, said in a letter to all congressmen yesterday that there had been a "tragic breakdown" in the Veterans Administration under Bradley, that Congress should investigate, and that VA needs a "seasoned business man" at its head.

JAP WAR ORPHANS—Sober-faced Jap war orphans at the Angel Guardian Home in Kumamoto, Japan, "stand inspection" for Marine Pvt. Louis L. Miller (left), Brooklyn, as Sister Saint Paul (right) smiles in behalf of her shy little charges.

UNKNOWN SOLDIER TOMB—A Greek evzone stands guard at right as passers-by pause before a carving on the tomb of the Greek unknown soldier in Athens.

### Capacity Crowds Hear Dr. Morgan

The congregation overflowed the auditorium of the Presbyterian church Friday night for the concluding talk by Dr. F. Crossley Morgan on the "Second Coming of Christ."

Dr. Morgan has been called one of the most powerful speakers ever to appear locally by both ministers and laymen. He was brought here by the Big Spring Pastors' association.

### Clark

ble spirit and brilliant conduct of these operations were important factors x x x . . .

### Boyle Promoted

Dr. Frank Boyle, formerly of Big Spring and now on terminal leave from the US Army, has been promoted to the rank of lieutenant colonel.

### Heavy Stockholder To Work For Merger Of Three Railroads

MIAMI, Fla., Feb. 2 (AP)—Edward N. Claughton, one of the largest stockholders in the Missouri-Kansas-Texas (Katy) railroad, said today that he had acquired large common stock holdings in the Chicago & Eastern Illinois and Chicago & Great Eastern Railroads, and that he intended to work for a merger of the three properties.

The combined assets of the properties approximate \$440,000,000. If they were to be combined, a new system with some 5,500 miles of track, tapping some of the richest agricultural and mineral wealth of the nation, would result.

### Delay Foreseen For Strike Bill

WASHINGTON, Feb. 2 (AP)—Congressional leaders said today they expect several weeks—perhaps longer—to elapse before any strike-control legislation actually goes on the books.

### Weather Forecast

BIG SPRING AND VICINITY: Increasing cloudiness today, not quite so cold.

### Poll Tax Tabulations Show 5516 Paid Votes

Final tabulations show 5,516 would-be voters paid poll taxes and 977 secured exemptions at the tax collector's office in the courthouse.

Returns include all the payments made through the mail and post-marked not later than midnight, January 31. It would indicate 6,483 potential voters not including a large vote from veterans, exempt from registering at the tax office.

### Flier Identified

TEXAS CITY, Feb. 2 (AP)—A navy flier whose body was recovered from Galveston Bay after his Helldiver plane crashed into the water Wednesday night, has been identified as Lt. Ralph Gordon Brownell, whose wife lives in Chicago, Ill.

### Weather Forecast

BIG SPRING AND VICINITY: Increasing cloudiness today, not quite so cold.

### The Week

decline in the number of poll taxes was that two years ago was a presidential election year—this is not.

There was no mistaking the building trend. January turned up with a \$105,000 total, putting the year off to a good start.

Stanolind shapes up as the most active operator in oil exploration in this immediate area this year.

We hear a gentle rumor that some county officials are toyng with the courthouse idea again—but this time with remodeling in mind.

### "Y" Campaign Gains Steam

A drive concentrated in the residential area of Big Spring for the YMCA is making "creditable progress under the direction of Mrs. Ray Clark and several group captains.

Some butterflies wings are shingled with more than a million scales.

### FACTS ABOUT COLDS

January and February are peak months. America loses 100,000,000 working days annually due to colds. Children under 10 have twice as many colds as people in their 20's. Middle Westerners have more colds than people in coastal areas. Office workers have nine times as many colds as taxi drivers. Men have more colds start on Monday than on any other day in the week. There are 400,000,000 colds every winter—three for each man, woman, and child in the nation.

### Pair Draw Long Jail Sentences

FORT WORTH, Feb. 2 (AP)—Prison sentences totaling 396 and 198 years respectively were added to terms already standing against John Eugene Jurgenson, 38, and Nolan V. Thompson, 54, paroled convicts on their pleas of guilty today in criminal district court to charges of robbery. Jurgenson received sentences of 99 years in each of four robbery cases. Thompson got 99 year terms in two cases. They were involved in Fort Worth robberies in November and December. They were arrested by Fort Worth city detectives Jan. 13 at a Weatherford tourist camp. City Detective A. C. Howerton said Saturday that hold orders for the pair have been received from San Antonio, Waco and Austin. Jurgenson was paroled last June from sentences totaling 372 years. His new total is 768 years. Thompson served seven sentences dating from 1913 and was on parole from one sentence at the time of his arrest.

### Chief Executive Says Civilians Should Sit On Bomb Control Unit

WASHINGTON, Feb. 2 (AP)—President Truman said today that a commission for the control of atomic energy "should be composed exclusively of civilians." He also said "the government must be exclusive owner and producer" of materials used in this field of new-found power. Mr. Truman made known his attitude in a letter to Chairman McMahon (D-Conn) of the senate atomic energy committee.

### Cub Scout's Banquet Date Moved Forward

Cub Scout pack 13's Blue and Gold banquet date has been changed to Thursday, Feb. 7. H. D. Norris, scout executive announced Saturday.

The event will be held in the basement of the First Methodist church, and will get underway at 7:30 p. m.

Three short technicolor films entitled, "A Cub in His Home," "A Cub in His Den," and "A Cub in His Pack" will be shown.

A "pot luck" meal is to be served by each den individually, and parents of each den are asked to help furnish food for their respective organization. Drinks, bread and dessert will be furnished by the Cub Scout fund.

The banquet will be the first pack meeting of the year and it is important that as many parents as possible attend. D. M. McKinney, cubbing commissioner, said. The films are being shown especially for their benefit, although they will be of interest to the Cubs also.

CHEERING DOOMED LAD—A harmonica quartet from Philadelphia plays cheering music for Leonard (Buster) Roos, Jr., of Parkerton, N. J., whose doctor says he is doomed from cancer. Left to right, Tom Wynn, Harold Harmon, Paul Rich, "Fuzzy" Feldman, Leonard and the latter's mother.

### Since Its Reopening

## 'Library' Experiences Upswing In Business

Circulation, new enrollments, and new volumes have all increased in the Howard county free library since its reopening on January 14. Mrs. Inez Ragsdale, county librarian, reported Saturday.

When she took over duties of librarian, the two book rooms of the old city hall building on the courthouse lawn were in dusty disorder, stacked high with books returned through the window after business was closed for the lack of a librarian.

In that short time books had become overdue, and patrons had given up coming by to gain entrance in a locked room. However, the library, though resting, was not dead. During that time the USO had donated some 300 volumes, the people of the county had contributed over \$1100 to a library fund, and the state had promised the county judge the use of about 2000 volumes.

Mrs. Ragsdale swept out the dust, stacked the books, checked the overdue files, made card index cards for the USO books and encouraged everyone who came in to make more complete use of the library. The results, she said, are gratifying. In the last ten days, the circulation has doubled, 82 more persons have filled out library privilege cards and most of the overdue books have found their ways to the shelves. Children hesitant to continue borrowing after losing a book have been welcomed and assured they could make good the loss by the donation of another book in readable condition.

"The purpose of a free library would be defeated if anyone were denied use for one carelessness," Mrs. Ragsdale believes.

Now the library is fairly well stocked with fiction to fill the needs of most of its patrons, over 75 per cent of whom are children. Its major lack is non-fiction and reference material, especially encyclopedias. Mrs. Ragsdale discovered.

Checking with Judge James T. Brooks and Henry Norris, custodian of the donation fund, she has announced that by far the greatest share of the money will be spent for reference books. On the present list are Encyclopedias. Persons desiring purchase of any other special references are asked to make suggestions at the library. A complete magazine subscription has been planned with as many periodicals as possible selected.

ected for both readability and information to appear on the shelves. At the present time very few are received and far less are stacked for use.

A donation of National Geographic, all the issues from 1939 through 1945, has been placed on the shelves for use inside the library.

Acceptance of the books from the state will have to wait for about a month, Mrs. Ragsdale said, until she has arranged her cards and shelves to make room for the extra volumes.

### Enlistees Can Choose Stateside Service

Men reenlisting in the Army through the local Army recruiting service in the basement of the post office may now choose their initial assignment within the United States, a directive from the War Department has announced.

Previously those who signed up for three years were permitted only to choose their overseas theatres. Now they can select any post, camp or station and any Army organization stationed there.

The department hopes this new inducement along with the recently announced policy to allow men discharged 90 days in which to reenlist and keep their rating should cause many more eligible men to return to military life.

Two local youths have joined the Army through the service in the past week. Kenneth Atwell and Eugene Sterling chose service in the air corps in Europe for three years. Cecil Forrester White reenlisted for three years as a master sergeant.

Erection of new churches and refurbishing the battle-scarred ones of Europe would cost an estimated one and one half billion dollars.

### Airline Landings Show Brisk Rise

Commercial airline landings experienced a brisk rise during January, totaling 559 for the month.

Of the number, American Airlines reported 501 landings. There were 124 regularly scheduled stops, 181 on crew change flights, and the balance fuel and emergency stops due to weather, etc.

Continental Air Lines reported 58 landings during the month, all of the scheduled ones.

The U.S. Flying Service private port had 166 landings by transient planes during the month, of which 48 put up for the night. Johnny Underwood, manager, said an average of two people per day stayed overnight during the month.

### Reduction In Feeding Stock Recommended By Secretary Anderson

WASHINGTON, Feb. 2 (AP)—Secretary of Agriculture Anderson asked farmers today to reduce feeding of hogs, beef cattle, chickens and turkeys in order that the nation's milk production may not suffer from the feed grain shortage.

At the same time he told farmers they are ill-advised to hold beef cattle in expectation of higher ceiling prices.

"I know of no plan to raise the ceiling price on cattle," he said in a speech prepared for (NBC) broadcast.

"The nation needs meat; it is in the national interest to set our meat packing plants operating up to capacity; and even more important, animals held on the farm or in the feed lots are robbing us of feed that we are going to need most desperately during the coming months."

### RED CROSS DRIVE TO BE DISCUSSED HERE FEBRUARY 9

Arthur Stallings of Lomax, chairman of the Red Cross fund drive for rural areas in the county, has called a meeting of community chairmen for Saturday, Feb. 9 at 2:30 p. m. in the District court room. H. D. Norris, chairman of the fund drive for the Howard-Glascock chapter, reported Saturday.

The drive in rural sections will be concentrated in February, Norris said, since those people usually are busier during March. Last year every rural community but one was over the top by March 1.

### Imports Come Too High

LONDON, Feb. 2 (AP)—British housewives, angered by the disappearance of American dried eggs from their markets, were told by Food Minister Sir Ben Smith today that the imports were stopped because they cost too many American dollars.

Sir Ben said he would try to get more dried eggs from Canada.

The 400,000,000 people of India have more than 100 different languages.

**By PERSONNEL DEPT.**  
Huff Peters, son of Mr. and Mrs. Otto Peters, Sr. and former Cosden employe, arrived home Friday. He has been discharged from the army, after serving 3 years and 4 months in the air corps.

R. J. Barton was in the hospital Friday and Saturday of the past week and will be off from work for a few days due to a respiratory infection.

Word has been received that O. O. Craig is now in the states. Mr. and Mrs. Eugene Peters have returned to their home in Cleveland, after spending last weekend with Mr. and Mrs. Otto Peters, Sr.

Various employes in the office, bulk sales, production and refinery departments enjoyed a stag barbecue prepared by the tank car department Tuesday. The honor guest was B. H. Roth, one of the company directors from New York. Mr. Roth was a visitor in the office Tuesday and Wednesday.

The following former employes have returned to work after receiving their discharge from the armed services: Clinton H. Harrison, Raymond E. Digby and Willard W. Hendrick.

"Mickey" Bradley resumed her work in the office Friday after resting a few days since receiving her discharge from the WACs. R. L. Tollett was in Dallas and Fort Worth Monday and Tuesday, attending a meeting of directors and other company business.

Helen Duley and her brother, Lt. Frank P. Duley, spent last weekend in Tyler, visiting relatives and friends.

Mrs. A. V. Karcher returned Tuesday from Fort Worth after spending the weekend with her sister-in-law, Mrs. G. J. Brown.

The stork brings news to Glynn Jordan of a 7 lb. 5 oz. Blair Ax-tell arriving at the home of Fred Mitchell in Oklahoma City.

Russell and Freda Hoover were visiting in the office Thursday. Russell has recently returned from a tour throughout the Pacific, as part of the army.

Mr. and Mrs. Grimes returned Thursday from Ponca City, Okla., after being called to the bedside of Mrs. Grimes' brother, Dewey Sherbon. Mr. Sherbon's condition is better.

Cosden polo team is scheduled for a game in Morton this afternoon. Dr. Bennett, Rip Smith, Tom Mather and Ernie Barron will carry the colors for Cosden.

**Harry Dorman Jr. Receives Discharge**  
S Sgt Harry L. Dorman, Jr., arrived Saturday morning with his discharge out of the 7th air corps at Tyler.

Set Dorman entered the service in 1942 and served on Hickam Field, Hawaii. He had been in the service for three years, two of which were overseas. His wife is the former Glenna Josey. They plan to make their home in Fort Worth.

### Trainmen Ladies Accept Three New Members Friday

Three new members were accepted for the Ladies Auxiliary to the Brotherhood of Railroad Trainmen when members met Friday in the WQW hall.

The meeting was conducted by Mrs. M. C. Knowles, and the ladies accepted included Mrs. Harold Meador, Mrs. Ross Martin and Virginia Cochran.

Members present were Mrs. R. O. McClinton, Mrs. J. P. Meador, Mrs. B. N. Ralph, Mrs. M. C. Knowles, Mrs. Joe Burnam, Mrs. Frank Powell, Mrs. Joe Tuckness, Mrs. A. J. Cain, Mrs. E. O. Hicks, Mrs. S. A. Wilson, Mrs. Albert Smith, Mrs. C. A. Schull, Mrs. Edna McCoslin and Mrs. Martha Harding.

### Homeless Vets May Now Age In Wood

**DES MOINES (AP)**—Wooden grain storage bins used during the 1930s when Iowa was glutted with a corn surplus now are going to be offered for sale to veterans for use as houses.

R. H. Kenworth, Des Moines builder, said he had purchased 240 of the 14x24 foot bins from the US department of agriculture at 13 Iowa towns and would offer them to central Iowa war veterans.

The price "as is," along with plans for converting them into houses, is \$325. He estimated that converted into modern small houses the cost would be about \$2,800 exclusive of the lot.

### Capt. J. B. Freeman Is Reported Dead

Mrs. Kathaleen Freeman was notified Saturday that her husband, Capt. J. B. Freeman, reported missing for five months, has been declared dead.

No details were given but the war department message said a letter would follow. Mrs. Freeman has been staying with her parents, Mr. and Mrs. W. A. Underwood.

Capt. Freeman, a bombardier-navigator, was reported missing on a flight near Luzon on Sept. 10. At that time extensive searches were made for the plane on which he was a passenger but no trace of it was found.

**EXCHANGE RATE FIXED**  
WASHINGTON, Feb. 2 (AP)—The Italian government has fixed a new exchange rate of 225 lire for one US dollar for US armed forces and government agencies, it was announced today.

The previous rate was 100 lire for one dollar.

**INCREASE IN PRICE**  
WASHINGTON, Feb. 2 (AP)—The government announced today an increase in growers' prices of cucumbers and fresh lima beans for processing in the 1946 pack.

Lima bean prices were advanced \$5 a ton and cucumbers were upped eight cents a bushel.

Enough uranium to make 10,000,000 bombs the size of the one that fell on Hiroshima is owned by Belgium, Canada, Czechoslovakia and the United States.

### Guests Honored At J. C. Douglass Home

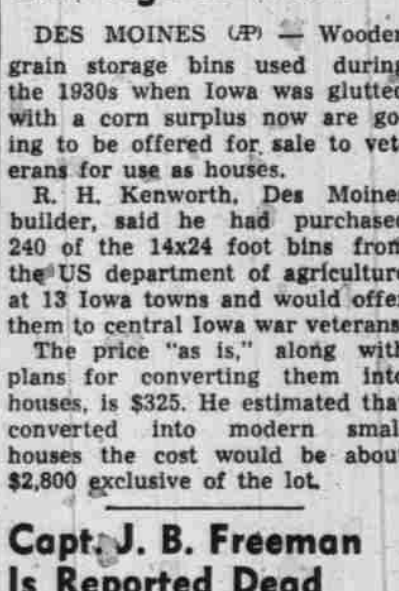

Maj. and Mrs. William I. Waters, who are the weekend guests of her sister, Mrs. J. C. Douglass, Jr. and Mrs. Lucille Hambrick, were honored at a Saturday evening party at the Douglass home.

Mrs. Waters is the former Gertrude Griffin and was a captain in the WAC overseas when Maj. Waters was freed from a Japanese prison camp. They met and were subsequently wed on Guam. Other honor guests were Capt. Ed. Tucker, also in the medical corps with Maj. Waters and in the prison camp with him, and Lt. Col. Louise Salter, who was chief of the army nurses in the Mediterranean theatre for three years.

**WED IN CORPUS CHRISTI**—On January 9 Dimple Sue Hunter, daughter of Mr. and Mrs. William A. Hunter of Coahoma, became the bride of Clyde R. Simpson of Corpus Christi. The vows were exchanged at South Buffalo Methodist church in Corpus Christi.

### Call Of The Wild Too Wild For Last Man

**HOQUIAM, Wash. (AP)**—Sixty-nine-year-old Elliott Anderson, last living member of the Osette tribe, has been disclosed as the sole owner of an Indian reservation at the tip of Washington's Olympic peninsula.

Anderson came into possession of the reservation, a mile square of timbered land near Neah Bay, back in 1936 when the only other survivor of the Osettes, Charles Weberhard, died.

It's too lonely for Anderson on his reservation so he lives with members of the Makah tribe, also near Neah Bay.

### Squirrels Make Car Home, Sweet Home

**CUMBERLAND, Md. (AP)**—For three and a half years the automobile was propped up on jacks because of wartime gasoline and tire restrictions, then the owner decided to sell to a Philadelphia physician.

Just to assure the doctor that everything was in good running order, the owner lifted the hood. He found:

1. A squirrel's nest.
2. A pile of nuts.
3. Two birds, nesting comfortably against the motor.

**TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT**

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple: It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug store and ask for four ounces of liquid Barcenerate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back a luring, curvy and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active. Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Barcenerate home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results. Why not slim down your figure without a lot of fuss and bother? Try the Barcenerate way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barcenerate doesn't show you the sensible way to lose weight, your money will be refunded.

### On Five Day Week

AMARILLO, Feb. 2 (AP)—Glenn Berry, General Mills official, announced here that the company employees in Amarillo and Wichita Falls yesterday went on a five-day week in order to stretch the diminishing wheat supply.

Berry said the General Mills now has only 25 days supply to operate both plants.

### No Milk Shortage

AMARILLO, Tex., Feb. 2 (AP)—There will be no milk strike in the Amarillo area, milk producers decided in a meeting here yesterday.

Local producers are sending two delegates to confer with a Department of Agriculture representative at a meeting of the Texas Dairy Products Association producers in Galveston Tuesday.

## Plan For Liquidation Of Crescent Public Service Company Approved

The Securities and Exchange commission Friday gave its approval to an amended liquidation and dissolution plan of the Crescent Public Service company, Wilmington, Del.

The commission, on Jan. 22, gave the company 15 days in which to amend its plan, which calls for the sale of two subsidiaries, Empire Southern Service company, Big Spring, and the Colorado Central Power company of Denver, Colo.

Crescent's third subsidiary is central Ohio Light Power company, which operates in Findlay and Wooster.

In its amended plan, Crescent modified its exchange offer to holders of income bonds to provide for receipt of 30 shares of common stock of Central Ohio plus \$80 in cash instead of 30 shares and \$180 in cash for each \$1,000 income bond held. The SEC said the original plan gave bondholders

"more than the fair equivalent of their bonds and would be unfair to the common stockholders of Crescent."

As modified, when the bondholders are notified of the availability of the offer, they are also to be notified of the decision of officers, directors and affiliates of Crescent as to whether they will accept or reject the exchange with respect to their holdings. Crescent reserves the right to amend the plan until an exchange offer is made.

Remainder of the SEC decision dealt with Crescent and its Ohio subsidiary. No reference was made to Empire Southern Service, which presumably was to divest its Crescent affiliation. In the meantime, however, an outside bid for the property had been made to SEC.

Angel M. Gonzales and Delfino Sosa, both of Big Spring.

## Colorado City's Dischargees Arriving In Bunches; Vets Of All Theaters Home

COLORADO CITY, Feb. 2.—Among the most recent arrivals home from war theaters is Cpl. Charles Brady Warren, son of Mr. and Mrs. Dale Warren, Colorado City, and husband of the former Virginia Reese. Cpl. Warren arrived this week from the South Pacific where he saw air corps duty in the Philippines and on Okinawa. He entered service in April 1944. His wife and their two small daughters, Carolyn and Charla, have made their home in Colorado City during his military service.

Also back with a discharge from duty is T-4 Jay Hooks, son of Mr. and Mrs. A. J. Hooks of the Buford community. Hooks was with the 78th Lightning Division in Belgium and Germany, and has the ETO ribbon with three battle stars, the victory ribbon, and good conduct medal.

Separated from Army Air Forces at Fort Bliss this week is S-Sgt. Walter B. Grubbs, son of Mrs. Esther Grubbs, and one of three brothers who enlisted in the AAF together. His older brother, Gilbert, was discharged after service with the 8th AAF. S-Sgt. Walter Grubbs was with the 385th air service group in Far Eastern Air Force for 13 months and was stationed in New Guinea, Leyte, Luzon, Ie Shima, and finally in Japan.

Earl Clifton Nowell, veteran of a year's ETO service with the Military Police, 508th battalion, received his final discharge at Camp Fannin. He is the son of Mr. and Mrs. W. H. Nowell, Spade community, and the husband of the former Adeline Ellis.

Two of the sons of Mr. and Mrs. Gordon Coe, route two, have been honorably discharged from duty. The third son, Buford, is still in Manila. At home are Melvin E. Coe, RM second class, who served for 27 months with the Navy in the Pacific area as a member of the crew of the battleship, Maryland. He was awarded three bronze battle stars and one Silver Star. His brother, Floyd M. Coe, T-5, was wounded during the Battle for Germany, and recently received a medical discharge. He holds the Purple Heart and one battle star for his ETO ribbon.

Jack McCrocle, boatswain's mate, second class, USN, and his

brother, Spencer, seaman second class, have completed their military service and received point discharge. They are sons of Mr. and Mrs. D. P. McCrocle. Jack served for two years in the Pacific area. Spencer, for two years at San Francisco.

Other recent returnees are Sgt. Robert H. Ratliff Jr., son of city attorney and Mrs. R. H. Ratliff, who served in England, France, and Belgium, and Cpl. Alfred Edgar Maddin, son of Mr. and Mrs. Lucian Maddin, who was stationed in England, France, Holland, and Belgium. Both boys will enter college.

Expected home soon are Lloyd O. Thomas, husband of Mrs. Norma Thomas, a seaman first class, and Irvin Grant, T-5 Army veteran.

S-Sgt. Harold Eudy Smith, son of Mr. and Mrs. Chester Smith, and husband of the former Dorothy Carpenter, a recently returned veteran, who holds the Purple Heart, combat infantryman badge, and APTO ribbon with two battle stars, has entered Texas A&M college where he will begin study toward a degree in petroleum engineering. Smith, wounded by mortar fire, when attached to the 25th Division and taking part in the invasion of Luzon, also served in New Caledonia, Guadalcanal, Leyte, and Japan. He is a 1942 graduate of high school here and an ex-football player.

Guest of his parents, Mr. and Mrs. Frank Smith, Sr., this week is Flight Officer John Ellis Smith, who for a year flew a C-47 in the Army airline of India, Burma, and China. While overseas Smith was stationed in Calcutta. He is on terminal leave and expects a final discharge in March. He was a civilian flying instructor at Safford and later at Fort Stockton before entering the air forces of the Army. He holds the Air Medal, the Asiatic-Pacific ribbon with two battle stars and the victory ribbon. His brother, Frank Smith, Jr., who served with the Navy as pharmacist's mate, has been released from duty and is now at home in Presidio.

**Proleterian Bandits**  
NEW YORK, Feb. 2 (AP)—Three men thrust their way into a downtown restaurant today, waved pistols menacingly and said it was a stickup.

After emptying a cash register of \$80, the men ordered six patrons—all workmen—into the kitchen. One of the workers resignedly reached into his pocket, pulled out his week's pay and held it out to the holdup men.

The trio refused it, saying: "We don't want your money. You're just workmen like ourselves."

The three men then fled.

"Heaven with a Fence Around It," a dramatic sound movie showing the responsibilities of civilians to returning veterans will be shown at Gay Hill school Feb. 6 at 8 p. m., Knott school Feb. 7 at 8 p. m., and Garden City high school Feb. 8, at 7:30 p. m., T. H. McCann, local Sinclair agent, has announced.

Franco Must Make Political Changes

MADRID, Feb. 2 (AP)—Crystal gazers who try to divine the political future of Spain find the glass clouded but this much is clear:

There is a major change in the making and this is an anxious moment.

The outlawing of the Franco regime by the Big Three in the Potsdam declaration has put the generalissimo on a tough spot. As I see it he has his choice of three courses:

1—He can bare his head to the Allied storm in defiance.

2—He can retire from the picture altogether.

3—He can try to find a solution which would give Spain a new regime but would at the same time permit him to turn over the reins of government without too much loss of personal dignity.

The monarchists have chosen this critical time to intensify their drive for a restoration of the kingdom, with pretender Don Juan on the throne. The Republicans are straining every nerve through their organizations outside the country to bring about overthrow of Franco.

The generalissimo is hard pressed. Undoubtedly midnight oil is being burned in his study in the palace at El Pardo.

There's no doubt in my mind that the generalissimo is anxious to find a dignified way of placating the Allies. I believe that the situation is developing along the line of the third alternative; that is, a possible restoration of the monarchy under which he may hope to occupy some nonpolitical position of distinction.

Reestablishment of the monarchy presumably is the only change of government which Franco would consider willingly.

I have reason to believe that for some time El Caudillo, as the Spanish call him, has quietly been discussing restoration of the throne with Don Juan through go-betweens.

We may expect developments in connection with this project in the immediate future, though the generalissimo isn't inclined to rush matters.

There's one absolutely vital item which we shouldn't overlook in analyzing the situation. No government—no matter what its complexion—could tarry on successfully unless it has full control of the army.

This is equally true whether Franco tries to hang on, whether

the monarchy is restored, or whether the republic is reestablished. One hears no doubt voiced about the loyalty of the army to Franco, and in that loyalty there rests a very delicate question. I've pointed out that he likely would be willing to turn the government over to a new monarchical regime if he could do so without loss of dignity. This would mean that he would have to use his full influence to insure that the monarchy had the support of the army.

Well, it would be strange if he didn't ask that he be retained as commander of the military forces in exchange for his political title of chief of state.

And what would be the alternative? Nobody knows.

Death Car Dies

CHICAGO, Feb. 2 (AP)—Herman Brown, 39, was indicted by the federal grand jury on a charge of transporting a stolen car across state lines in violation of the Dyer act.

The indictment charged that Brown wanted to visit his girl friend in Philadelphia and had stolen a hearse owned by a funeral home. The hearse, however, went "dead" at Epos, Ind., and Brown abandoned it.

Most Of New C Of C Members Newcomers To Big Spring

A total of 60 new members have joined the Big Spring chamber of commerce since Jan. 1. J. H. Greene, manager, reported Saturday.

About 75 per cent of these are new business concerns or business men recently coming to Big Spring, Greene said.

Recent joiners include L. A. Lee, Cy Bishop, Dove's Leathercraft Shop, Walter Phillips, Edwards Heights Food Store, Motor and Bearing Service, Capt. Olvy Sheppard, Federal Tank company, Gray Tractor and Equipment company, Stanford Thigpen, J. B. Apple, Hill Furniture and Cabinet company, Howard Forrester, Paul Dr. et. J. E. Fort and Carl Sapper.

SWARTZ'S

Two services have been added at McEwen Motor Company, where Fred Eakers, formerly of the Buick agency in Dallas, is in charge of Bear front-end aligning equipment recently installed. Eakers is a specialist in his field. V. D. Shaw is in charge of the newly installed equipment for making tailor-made seat covers and upholstery.

Sue Billingsley, manager of the Salle Ann Shop is spending the weekend in the "city of flowers"—Tyler.

E. J. (Coop) Cooper has purchased the Keith Feed Store and will operate it as the Cooper Feed and Hatchery. After six years in the army air corps, Cooper recently was notified of his promotion to lieutenant-colonel while on terminal leave. He can laugh now about his experiences including six days adrift on a raft after crashing into the Pacific ocean. The Coopers (wife and baby, too), hail from Wisconsin, and his decision to locate in Big Spring came after he had looked over most of the United States. Besides complete feed lines, including Red Anchor products, Cooper will operate an 8,000 egg hatchery soon, featuring Rhode Island reds and white leghorns.

Another newcomer to the Big Spring business horizon is Roscoe Gray, formerly of San Angelo, who has purchased the J. I. Case tractor and implement business from W. R. Puckett. Gray will continue at the 115-117 W. 1st location, having purchased a 50-122-foot brick building at that address, and will operate as Gray Tractor and Equipment company. Member of a well known Tom Green county ranch family, Gray only recently completed four and a half years in the armed forces. He is married.

SOFTENS THE SILHOUETTE

Week's Business Roundup

Building Permits Far Above January 1945

A good year's start was made for city building permits during the month of January. The number of permits issued almost doubled the same period in 1945 and the total value amounted to almost five times the figures of one year ago.

Permits for the past week numbered 17 for \$19,065 in value. Included this week was a residential project C. L. Rowe is getting underway. He is erecting three prefabricated dwelling houses in the 200 block of Park street in Washington Place. The houses contain four rooms each.

Newest business construction recorded is for a store building to be erected by O. L. Nabors at 1701

Gregg. Nabors is shifting his beauty shop, now at that address, to face 17th street, and the new structure will face Gregg.

Some idea of the influx of new business concerns may be taken from the list of new members of the chamber of commerce who have joined since Jan. 1. Of 60 new members, about 75 per cent are new businesses or business men who have recently established residence in Big Spring.

Warranty deeds filed in the county clerk's office during the month of January almost reached the half million dollar mark, with an unofficial total of \$480,204.08. Practically all types of property were included, with residential, farm and business holdings all entering the record. Two dozen instruments were filed during the past week, for a total of \$84,255.58.

Another indication that general financial condition of the city and county populace is good is the record of tax receipts. In Big Spring city and school tax payments established records this week, and county payments topped previous marks several days ago.

Livestock continued to hold a place at the front in business transactions during the week. For the second consecutive week more than 900 animals were sold via the auction ring at the Big Spring Livestock Commission. Total number of cattle sold there during January amounted to well over 2500. Throughout the month the market was steady to strong in all types. Few hogs have been sold, but practically all consigned brought ceiling price.

Doctor Wins Award

DALLAS, Feb. 2. (P) — The title of Dallas' outstanding young man of 1945 went to Dr. Warren Andrew, 35, associate professor of histology at Southwestern Medical college.

At a dinner here last night, Dr. Andrew was presented the Dallas Junior Chamber of Commerce Distinguished Service Award.

Last Roundup

HAVRE, Mont., Feb. 2. (P) — Tired of residents' complaints of horses roaming the streets, police here staged a "last roundup."

Officers roped 25 head bearing 20 different owners' brands. They plan to sell the animals at auction Monday unless owners redeem them by paying feed bills and roundup "charges."

TILE PRINT — Designers went into a huddle with some building material and came up with this new tile print which is draped around Model Adrian Storms.

Wages For Cotton Workers May Be Determined At Austin Conference

By PAUL BOLTON

AUSTIN, Feb. 2. — If somebody can be found to speak out for the farm laborers, there may be action at a meeting in Austin in March on whether farm wages shall be controlled during the 1946 season—and when you speak of farm wages in Texas you mean cotton harvesting.

The United States Department of Agriculture's wage board has held one meeting in Austin and in an attempt to get representation from the laborers, invited representatives of the AF of L, the CIO and—of all groups—the Brotherhood of Railway Trainmen. But these three groups all disowned any ability to speak for the cotton picker.

They did point out that any meeting for the purpose of discussing a wage policy wouldn't be very effective or certainly not very democratic if the people whose wages were to be pegged were not present.

The March meeting may also see the Texas board make a recommendation on a permanent policy. The wage board—which operated with some degree of success last season particularly—will expire June 30th; if operated under a temporary federal law.

One of the things that made it work pretty good was that the cotton picker was saved the trouble of shopping around since all farmers in a wage-fixed area paid the same price for picking.

The USDA wage board has made what it calls "suggestions" for a permanent wage stabilization program, bolstered by figures showing that labor is by far the largest single item of cost in farm production.

The board says that such a stabilization program "will prevent inflation and deflation in the supply of labor and wages paid for production, harvesting and marketing... as well as stabilizing the movement of labor and preventing unfair competition... It will bring about a full utilization of all available labor at wage levels fair to both producers and laborers."

The recommended permanent program would very closely follow the lines of the present temporary setup. While the administration would be vested in the federal secretary of agriculture, the actual local administration would be the responsibility of a state wage board, assisted by advisory committees of farmers and laborers.

As applied to any given area, no wage stabilization program would be put into effect until "a sound educational program" has been conducted among growers and laborers in the area, and everybody has had a chance to speak their minds. A public hearing would be

called, at which 51 per cent of those present must favorably recommend the proposals.

The wage board would be given the power to punish violations of whatever ceilings are voted in. Evasions would be defined as all possible ways of paying a laborer more or less than the stabilized price. Penalties would be such as "to insure compliance and enforcement with a minimum amount of effort and expense" and possibilities suggested were:

1. That when payments are made in violation of the wage rates, the entire amount of these wage payments be disregarded in calculating deductions under the income tax law.

2. That the violator sacrifice all eligibility to any federal subsidies, benefit payments, government loans or other federal farm aid.

Anent a recent summary in these columns concerning Dr. Homer Price Rainey's repugnance to criticism—in the event he becomes a candidate for governor—the former university president remarked:

"After all, anybody who ever pitched baseball in the Texas league gets fairly injured to razzing. My first game, for Galveston, was played in Houston, and I got it from the beginning to the end of the game."

"Did you win?"

"Yes, my recollection is that the score was 5 to 2."

Which, it may be observed, is a somewhat greater margin of victory than anybody could possibly anticipate in a Texas political race.

Cotton Broker Dies

NEW ORLEANS, Feb. 2. (P) — Funeral services were planned here Saturday for Cecil Hardy Huey, 51, cotton broker and former national chairman of the cellulose unit of the War Production Board.

Huey, a native of New Orleans, died here yesterday after a long illness. He lived for many years at Houston, Tex.

Survivors include his wife and a son, Cecil Hardy II.

Lion Membership At Record High

The birthday month of Melvin Jones, founder of Lions International, was celebrated in a big way by the Big Spring Lions club, tabulations from the traditional January membership campaign showed Saturday.

According to Jake Douglass, secretary, 27 members were added to the rolls. Of this number, 21 were new members, five transfers, four re-instatements, and seven members returned from the service.

This gives the club a membership of 127, the greatest in its history.

CONVENTION ENDS

DALLAS, Feb. 2. (P) — Members of the National Association of Broadcasters, 13th district, ended their convention here yesterday.

PRINCESS—Princess Elizabeth of England, (above) elder daughter of King George VI, is heiress presumptive to the British throne.

Four Fliers Die In Plane Crash

GUADALAJARA, Mex., Feb. 2. (P) — Four fliers were killed at Zapopan about five miles northwest of here yesterday afternoon when their planes collided in the air.

The airforce command listed the dead as pilots Victor Manuel Lucido Caballero and Daniel Rodriguez Diaz, and Mechanics Octavio Aguilar Andrade and Gustavo Pena Pelayo.

All four men were burned beyond recognition when the planes burst into flames after they struck the ground.

The planes were on a routine practice flight. They had just arrived from the Naval Air Station at Corpus Christi, Tex.

How to PREVENT a Big Doctor Bill

If you're not that half-well-half-sick type, don't drag along for another day. Go at once to your physician. Let him make a careful, thorough check-up—and when you have his diagnosis, do as he recommends. There's too much of importance to be done these days to miss out through "half-way health."

RADIO NOTES

Good listening and good learning are due to be sent over the airwaves this afternoon with a delightful Judy play, light Lunt drama, and a racketeer expose. Jimmy Blair will be guest singer on the Mary Small-Junior Miss Show at 3:30 when Judy misinterprets a little matter of perfume on her father.

As a literary playboy, Alfred Lunt must decide whether to marry a wealthy, middle-aged woman or a young, but poor one who sets him tingling in "The Second Man," comedy selection for the Theatre Guild of the air tonight at 9 o'clock.

"Don't Be a Sucker" warns the program at 7:30 dedicated to uncovering the methods of unscrupulous persons who deprive vets of their money by setting up fake colleges and universities. It reveals the workings of non-accredited correspondence schools and how they take in trusting boys.

Psychological Drama Stars Tierney, Wilde

Hailed as the first psychological drama ever to be filmed in Technicolor, starring Gene Tierney in her most important role to date, Cornel Wilde in his first modern romantic part, and Jeanne Crain in her first adult screen assignment, "Leave Her to Heaven," 20th Century-Fox's film version of the dramatic Ben Ames Williams best-seller, opens today at the Ritz Theatre.

The story of a girl who wanted, above everything else, a complete monopoly on the thoughts and interests of the man she loved became one of the most widely discussed books of the year when it

A candidate for the screen's most malicious woman is Gene Tierney, pictured above with Cornel Wilde. In "Leave Her to Heaven," appearing at the Ritz theatre today and Monday, takes the role of the psychopathic young wife, Ellen Berent.

climbed to the top of the best-seller lists and rolled up a total of nineteen million readers. In bringing it to the screen, Darryl F. Zanuck let out all stops, giving Producer William A. Bacher the green light with a heavy budget to allow for Technicolor photography by Leon Shamroy.

Gene Tierney plays the subtle psychopathic young wife, Ellen Berent, who will stop at nothing—even murder, to be loved as completely as she loves. Young, beautiful and lovable—yet a psychopathic demon, passionately warm and murderously cold by turns, the role of Ellen has no precedent on the American screen.

Cornel Wilde is seen as the man who inspires Ellen's possessive passion and rolled up a total of nineteen million readers. In bringing it to the screen, Darryl F. Zanuck let out all stops, giving Producer William A. Bacher the green light with a heavy budget to allow for Technicolor photography by Leon Shamroy.

Jeanne Crain, who has had a sensational rise to stardom, is seen in her first adult role. In addition to her newly won stardom, she is now given the opportunity of winning dramatic maturity in the difficult role of Ruth Berent, Ellen's younger sister who falls in love with her brother-in-law.

Vincent Price heads the outstanding supporting cast of the picture which also included Mary Phillips, Ray Collins, Gene Lockhart, Reed Hadley, Darryl Hickman and Chill Wills.

Star-Quartet Has Roles In 'Weekend At Waldorf'

The combined followings of the top quartet in the all-star, modernized and Americanized edition of "Grand Hotel" included just about everybody who goes to picture shows and will certainly include the audience at the new State Theatre today and tomorrow when "Weekend At The Waldorf," starring Walter Pidgeon, Ginger Rogers, Lana Turner and Van Johnson, is showing.

Like its antecedent this film tells several stories inside the master narrative about life in a metropolitan hostelry, balancing each against the other with nicety of judgement, but this version is as much better as the cinema of today is a much better than that of 1932. For anyone's money, it's top merchandise.

The play makes utmost use of the personalities involved without penalizing any of them in behalf of the others. This was no small undertaking, nor was it a simple matter to keep three principal stories rolling simultaneously in a pattern which links them only incidentally. On all these off-screen artisans the picture bestows distinction.

Two love stories make the principal claim upon interest, and either of them would have sufficed independently for a Grade A attraction. In one, Ginger Rogers and Walter Pidgeon, as actress and war correspondent, meet under unique circumstances and work out their romantic equation largely in humorous terms.

In the other story Lana Turner and Van Johnson meet under equally novel circumstances and work out their romance in terms of complete and sometimes touching seriousness.

In a third story Edward Arnold attempts to bilk a visiting potentate in an oil swindle which fails, and in still another Phyllis Thaxter weds the right man after doubting him somewhat. Shutting between these stories, Robert Benchley and Keenan Wynn supply spot humor which sparks the proceedings at appropriate intervals, the former serving also as off-screen narrator now and again. An extremely useful extra factor is Xavier Cugat who plays not only his violin but also a part, and whose orchestra and entertainers figure in the single musical production number. In breadth of appeal, the picture excels most top attractions and in craftsmanship, polish and "know how" it's got everything in the book.

THE WEEKS PLAYBILL

RITZ Sun.-Mon.—"Leave Her to Heaven," with Gene Tierney, Jeanne Crain, Cornell Wilde.

Tues.-Wed.—"Shady Lady," with Charles Coburn, Ginny Sims. Thurs.—"Neh In Her Diary," with Jon Hall, Peggy Ryan.

Fri.-Sat.—"Both Barrels Blazing," with Charles Starrett.

Broadway

BURLESQUE QUEEN'S NINTH MATE OUT; LOOKS FOR 10TH

By JACK O'BRIAN NEW YORK — The ninth marriage of Lois DeFee, 6 foot, 4 inch Brunette of Burlesque, is on the rocks, the big gal told me the other morning in Leon and Eddie's.

Married last Feb. 4 to Capt. Hugh M. Roper of the Army Air Forces, a big, handsome guy who towers a full inch over the sky-scraping flamin', Lois sorrowfully informed me that she had had enough of her ninth mate, that she had left him but that she had nothing bitter to say about Hugh.

"There are no hard feelings," said Lois. "He's a wonderful guy. But for reasons of my own—and they're good ones — there's no use going on."

Lois' theatrical career has been almost as varied as her marital history. She started as a lady bouncer in Leon and Eddie's and progressed from that athletic pursuit to various show girl jobs, finally becoming a burlesque headliner. In her various strip-teasing appearances she is billed as "Superwoman." She has become very popular among students of the peeling school of entertainment, for she is a young lady of considerable talents peculiar to her profession. And when a lady is 6 foot 4 inches of good figure and facial attractions, burlesque manages to provide a neat living. Lois commands \$1,000 a week for just dropping various feminine reinment about a stage these days.

Despite her recent marital crack-up, Lois still insists she is looking for the "right guy." Her search for an ideal mate once even led her to try marriage with a midget, 3-foot, 11 inch Billy Curtis, back in 1938, a partnership which lasted a little bit short of one day.

When she married Hugh Roper a year ago, Lois believed she had found the right fellow. He even was taller than she, and without elevator shoes, he'd had an heroic

war history, with 50 B-25 missions over China, and Lois boasted prettily about her pilot-husband's exploits, just like any other young bride.

Before she met Hugh, Lois had adopted a little girl. After they were married, they adopted a little boy, Lance, when he was only ten weeks old. Everything looked pretty idyllic. Until now.

Lois wouldn't talk about a divorce, although she intimated that one probably would follow. She pointed out that she has no aversion to divorce on any grounds, since she has utilized the practice eight times previously.

This marrying gal, considerably younger than Peggy Hopkins Joyce and quite a bit ahead of the latter lady, who has garnered a notable reputation for her bridal brigade despite the fact that she's been espoused but five times, a measly handful alongside Lois' matrimonial multiplicity.

After this ninth nuptial fiasco, you'd think a gal like Lois would give up. But no. Positively, she said, she will keep on looking. "I'm bound to find the right guy yet," she said. "Then I'll quit believing in divorce."

One theory as to why engagement and wedding rings are worn on the third finger of the left hand is that the Egyptians believed a

vein ran from that finger directly to the heart.

### DALLAS-ANGELO LANE SERVICE BEGINS SOON

DALLAS, Feb. 2 (AP) — L. H. Jedd, vice-president in charge of office of Westland Airlines, said the company plans to start daily passenger service soon between Dallas and San Angelo. The new airline has been flying from San Angelo to Fort Worth for two months. Jedd said that Westland plans to add stops at Brownwood and Stephenville in about 30 days.

### Hebronville Man Plans Campaign

BROWNSVILLE, Feb. 2 (AP) — The Brownsville Herald said that Will H. Yeager of Hebronville would be a candidate against Rep. Milton West of Brownsville for the post of representative from the 15th congressional district. Recently discharged from the Army with the rank of major, Yeager said he expected to start campaigning soon. He is a cattleman and a native of the Rio Grande border.

## Hockley County Wildcat Has Show, Gaines Pool Widened

By JOHN B. BREWER

SAN ANGELO, Feb. 2—Recovery of oil and gas-cut mud by a wildcat in Hockley county and by a northwest outpost to the Doss pool in Gaines county, and indications of light production from the San Andres by Skelly No. 1-Z University, Andrews county wildcat, were among principal West Texas developments this week. Terry, Andrews and Mitchell counties listed locations for a wildcat each and a Runnels county wildcat that spudded in November resumed drilling. Stanolind No. 1 Mike Veretto, Hockley wildcat in the northwest corner of labor 7-79-Val Verde CSL, two miles west of Levelland, recovered 225 feet of gas-cut drilling mud and 390 feet of oil and gas-cut mud on a drillstem test of the San Andres from 4,744-4,889 feet that lasted two hours and 20 minutes. It then made a Lane-Wells survey. Humble No. 1 M. S. Doss in Gaines, C SW SW 1-A24-psl, 3-4 mile northwest of the Doss pool, drillstem tested from 6,069-6,265 feet for 1 3-4 hours and recovered 1,120 feet of oil and gas-cut drilling mud. It cored ahead.

Andrews Test Swabs Skelly No. 1-Z University in southwestern Andrews when bottomed at 4,430 feet swabbed 14 barrels of oil, cut seven per cent by acid water, in six hours after acidizing the San Andres with 1,000 gallons. Scheduled to explore the Ellenburger, it drilled ahead. Location is in the northeast quarter of section 10-11-U, 1 1-2 miles west of the West Andrews (San Andres) field and two miles south of the Marlin field, which has a Clear Fork and a McKee (Simpson) producer. Atlantic No. 1-D TXL half mile south-southeast extension to Devonian production in the triple-play TXL field in Ector county, was finished with a daily flowing potential of 1,366.08 barrels of oil. Production is from perforated zones at

7,790-7,820 and 7,840-7,910. The well is in the C NW SW 33-45-15-T&P. Texas Gulf Producing Co. staked No. 1 W. H. Collyns, projected 5,000-foot wildcat for San Andres pay, in Terry county, 2,015 feet from the north, 1,980 feet from the east line of section 4-W-psl, four miles southwest of the Slaughter field. Stanolind prepared to start No. 1 B. F. Dunn, slated 5,700-foot wildcat in extreme northwestern Mitchell county, C SW NE 64-20-Lavaca Navigation Co., eight miles southwest of the Sharon Ridge pool. Dawson Well Has Show Seaboard No. 2 Sprayberry, north offset to Seaboard No. 1 S. F. Lee, eastern Dawson county strike and the first of the year in West Texas, showed oil in the San Andres in drilling to 3,734 feet in lime. It cemented 5 1-2 inch casing at 3,689 feet and was drilling plugs to test. Pay in No. 1 Lee was from 3,730-95 feet. No. 2 Sprayberry is in the southeast

corner of section 38-34-5n-T&P. Seaboard staked No. 3 Sprayberry, 440 from the south, 493 feet from the west line of section 37-34-5n-T&P, a 933-foot east offset to No. 2 Sprayberry. It is scheduled to drill 3,800 feet. In asking a new pool designation, Seaboard suggested that it be named Sprayberry. Magnolia No. 1-A E. O. Cowden, second well in the Dollar Hide (Devonian) pool in southwestern Andrews county, flowed 173 barrels of 40.3 gravity, pipeline oil in 24-hours for completion. A perforated section at 7,977-8,015 feet had been acidized. The well is in the C NE SW 7-A55-psl, quarter mile west of the discovery. Humble spotted No. 1 J. G. Gaines and others, proposed 10,500-foot wildcat in northwestern Andrews county, C NE NE 14-A49-psl, nine miles southeast of Eunice, N. M., where there is Ellenburger production.

Deep Exploration Mid-Continent started No. 7-11 University, slated 11,000-foot test in Andrews C SW NW 29-13-U, 2,900 feet southwest of the firm's No. 3-11 University, Ellenburger discovery in the Fullerton 8500 (Devonian) field. Stanolind No. 4-0 University, C NE SW 20-13-U, 3-4 mile northwest of Mid-Continent No. 3-11 University, applied for a permit to continue to 11,000 feet to explore the Ellenburger. It had passed 8,661 feet on a 9,000-foot permit. Fullerton will drill No. 342-A H. M. Wilson, 2,035.2 from the north, 602.2 feet from the east line of section 16-A32-psl, half mile east of its No. 322-A Wilson, first Ellenburger well in the Fullerton district, on the west side. Phillips No. 1 Eidsen, Ector wildcat one mile west of the north part of the Penwell (San Andres) pool, C SW NE 25-B-15-psl, recovered 10 feet of clean oil on a drillstem test from 4,669-4,738 feet. It drilled ahead below 5,298 in lime. Honolulu No. 3-A-9 Hudson in section 9-P-psl in Cochran county showed 100 feet of oil in drilling to 5,134 feet and was to acidize. It is a quarter mile east of No. 1-A-9 Hudson, which extended the Slaughter field southwest. Texas Gulf Producing Co. No. 1 C. S. Dean in league 113-Potter CSL showed 500 feet of oil in drilling to 4,948 in lime. It is one-third mile southwest of the same firm's No. 1 Slaughter, a producer three miles west of the Dean sector of the Slaughter field.

Kerlyn No. 1 John A. Fetter, southwestern Lubbock county wildcat C NW NW 17-CB-C&M, cored Permian dolomite between 5,878-5,911 feet that bore a sulphur odor, and, according to unofficial reports, showed water. It drilled ahead.

General Will Speak To Texas Sportsmen WACO, Feb. 2 (AP) — Brig. Gen. E. H. Marks of Dallas, division engineer of the Army, and Asa Shannon, supervisor of recreational features of the Corps of Engineers' dam projects, have accepted an invitation to speak at the statewide convention of Texas sportsmen here March 1 and 2. Grady Hill of San Angelo, convention program chairman, said sportsmen are vitally interested in the recreational potentialities of the \$112,000,000 in dams and water facilities in Texas.

**SUN SUIT** — Old-fashioned elastic rompers with elastic in the legs and top, to be worn for sunning and play, were featured in a New York display of spring fashions.

**Slip Of The Tongue** NEW LONDON, Feb. 2 (AP) — A Main Street grocer gave his old customers the pass word "uranium" which assured them some butter when and if he had it. Yesterday, a school teacher, accompanying a friend into the store, used the word in her conversation. The clerk, overhearing, reached beneath the counter and handed her a package. "That will be 55 cents," he said. The teacher was taken by surprise. Her friend took the butter.

**Near-Beer** TELER, Feb. 2 (AP) — Foam on the Neches river was a bit thicker yesterday. A broken wheel plunged 21 cars of a Cotton Belt freight train into the stream near here. Five of the cars were laden with beer.

### Dr. G. E. Peacock On Malone-Hogan Hospital Staff

George E. Peacock, M. D. 32, was announced Saturday as a member of the Malone & Hogan Clinic-Hospital staff. A graduate of Baylor University School of Medicine in 1937, Dr. Peacock did his interne work in West Baltimore General Hospital at Baltimore, Md. He had two years post-graduate training on obstetrics and gynecology at Florence Nightingale Maternity hospital, Baylor University, Dallas. Later he was in charge of obstetrical and gynecological departments at the Fort Sill station hospital, Fort Sill, Okla., for a period of two years.

### Mexican Small Arms To Be Inventoried

MEXICO CITY, Feb. 2 (AP) — The War Department ordered an inventory today of all small arms held by federal troops and limited each soldier to 25 cartridges for each small arm. The department asserted flatly that federal troops were not police, although "civilian authorities frequently call upon federal forces to maintain peace and act as policemen." State governments, the department said, maintain adequate police power without the necessity of calling in federal troops. Although there was no mention of the Leon shootings of last month during which 30 were killed and 300 wounded, the department apparently had that incident and other political disorders in the state of Tamaulipas in mind.

### Been Somewhere?

EUGENE, Ore., Feb. 2 (AP) — A man was fined \$50 and allowed to go free to raise the money. He raised it too. The fine was assessed 18 years ago. The \$50 money order arrived yesterday.

**Wolf At The Door**

TULSA, Okla., Feb. 2. (AP) — The wolf apparently is right at Tulsa's front door. Heretofore held in more re-

mote parts of the state, the next wolf hunt, scheduled for the weekend, will start just three miles north of the city limits, R. E. Rist of the Claimmen's Association announced.

**Anti-Riot Equipment In Use Here Copes With Any Type Disturbance**

A new kit of special equipment, described as the most effective available, now provides the Big Spring police department with means of coping with any type of disturbance up to full mob riots. Not only can large disturbances be curbed swiftly and with minimum injury to both officers and participants, but the equipment is adaptable to many other uses, Chief A. G. Mitchell said. For example, if police should have occasion to chase a pest in an automobile, they can use a gun and cartridge from the kit to fire over the fleeing vehicle, and gases released from the cartridge will make it necessary for the operator to bring the machine to an immediate halt. This is much more satisfactory than firing at the driver or the tires of the car with ordinary weapons, Mitchell said. The gun has a long range, and effectiveness is practically "letter-perfect" up to 300 yards. There are flare shells for use in night

searches over large areas, which shoot up to 500 feet high and float down slowly by parachute, illuminating brightly an area three quarters of a mile wide. Another shell called "fift rite" consists of a tumbler type projectile, which is capable of penetrating an ordinary door or window with ease. A time fuse explodes the missile, releasing gases. A spray gas shell, which also is fired from the gun, is capable of spraying a mob of 500 people with gas. Hand grenades in the kit have special heating devices, making it impossible for anyone to pick them up and toss them back at officers. The police department also has other riot equipment, including machine guns, Mitchell said, but the new equipment is much easier to handle and incurs no lasting injuries. Mitchell estimates that the department now can thoroughly dispose of a mob of 1,000 without permanent harm to anyone. The entire kit can be transported in one squad car.

**Opportunity— TEXANS THINK OUTLOOK GOOD, STATE HAS BEST POSSIBILITIES**

(Copyright, 1946, by The Texas Poll) With the war behind them and a new year ahead, most Texans today are in an optimistic mood. But their views of the long future is often full of apprehension; many people are already resigned to hard times after a few good years of postwar prosperity. Here are the results of a preliminary survey conducted by the Texas Poll in the course of re-establishing its scientific samplings of the state. The Poll will soon resume publication of its weekly reports on Texas public opinion. Exactly what will happen economically in the next few years the public, of course, cannot predict, but civilian morale will have a powerful influence in shaping conditions as reconversion goes forward. These are the salient points in this analysis of public opinion, as tabulated from interviews with people in all walks of life in every section of the state. The questions put to people and the results follow: "In the next two or three years, do you think times will be good in Texas, or not so good?"

Better ..... 53%  
Worse ..... 7%  
About the same ..... 35  
Don't know ..... 5  
"Of all the forty-eight states, which one would you say offers a war veteran the best opportunities to get down and make a living?"  
Texas ..... 83%  
California ..... 9  
(All others less than 1 per cent each.)  
"Some people say Texas should have more manufacturing now that the war is over. What do you think will be the best thing for Texas—to try to develop more factories, or to try to develop mostly as a farm, cattle and oil state?"  
More factories ..... 52%  
Mostly farm, cattle, oil ..... 19  
Both ..... 25  
No opinion ..... 4  
"Forty-four per cent (19 plus 25) thus, would retain Texas's basic industries of agriculture and beef and oil production as prime factors in the economy of the state, but it is obvious that those who cannot envision Texas as a manufacturing center are only a small minority."

**Crash Kills Two**

SEMINOLE, Tex., Feb. 2. (AP) — James Black, 18 of Hobbs, N. M., and Leo Gene Cummings, 19, of

Seminole, were killed late yesterday afternoon when a small training plane crashed at an emergency landing strip two miles west of here.

**Farm And Ranch News**

By WACIL McNAIR

Bill Strom, the Perry, Oklahoma, lad whose fat lamb won Denver's National Western Stock Show grand championship, is a nephew of Carl Strom, Big Spring real estate agent. Carl tells us that young Bill's experience with livestock started at the age of two, when he (Carl) gave him a young heifer calf. Attaining the ripe age of about seven, Bill switched from calves to sheep, and has continued with them through numerous 4-H club projects and stock shows. His animals have shown in Chicago, Kansas City, Tulsa, Oklahoma City, Wichita, Kansas, and many other lesser exhibitions, and he has most always managed to place in the top three.

Bill is studying animal husbandry at Oklahoma A&M college, where he is a freshman. He loaded his lamb in a box car at Stillwater for the trip to Denver, and made the trip himself in the same car with the animal. The lamb weighed 90 pounds and sold for \$250 per pound for an aggregate of \$225.

Several Howard county Hereford breeders were active in buying at the Saunders-Cope "Last Roundup" sale in San Angelo Wednesday. Local purchasers of consignments from the C. C. Saunders Herd were as follows: O. E. Hamlin, Mystic Premier, bull, \$300; Alex Walker, Mystic Domino Lady, female, \$125; E. W. Lomax, Donna Agnes, female, \$385; Tom Roden, Dorano Domino, female, \$480; O. H. McAllister, May Domino, female, \$475; Rexie Caulte, Donna Agnes 11th, female, \$800; and S. F. Buchanan, Capitola Princess, female, \$90.

Hamlin also was the only local buyer to purchase a bull from the C. E. Cope consignment. He bought Master Timberline for \$345. Females purchased were Lena Queen, \$1,000, Capitola Jewel 2nd, \$225, and Capitoleen, \$325, all by McAllister; Blanch Peveril A, by E. W. Lomax for \$400; Bell Paladin 21st, \$335, and Donna Blanchard, \$335, by Walker.

Mitchell county plans to award about \$2,000 in prizes at its 9th annual 4-H club livestock show, which begins on Monday, Feb. 18. The 1942 event topped all pre-

vious contests, but the Colorado City chamber of commerce, which is official sponsor, hopes for a new record this year.

Farmers of the Balmorhea irrigated valley of Reeves county are raising a record for low-cost beef production. About 7,000 acres planted to alfalfa and small grain last fall are supporting a population of about one cow or steer calf to each acre of this crop land this winter. Feeding a supplement of a small amount of cottonseed meal and cake, Balmorhea farmers are obtaining gains of two pounds daily at a cost of about three cents a pound.

Meat may be frozen at temperatures as low as 40 to 114 degrees below zero in the future should the resulting tenderness prove worth the extra cost, Roy W. Snyder, meat specialist of the Texas A&M college extension service, has predicted. Beef frozen at 18 degrees and then thawed is about nine per cent more tender than comparable unfrozen beef, he said. Research workers for the USDA have found that beef frozen at 114 degrees was 29 per cent more tender than unfrozen beef, due to action of ice crystals. The ice crystals form from the water content of the meat and break the fiber.

Pasture grass seed may be purchased under the conservation materials program of the Production and Marketing Administration, B. F. Vance, state director of PMA's field service branch, has announced. Eligible farmers can obtain a seed purchase order from the county ACA office where the purchase order plan is in operation. When he buys his seed, the farmer pays the difference between the cost of the seed and the conservation practice payment and turns the purchase order over to the merchant for the balance. Generally speaking, the conservation practice payment amounts to about 80 per cent of the cost of the seed, Vance said.

**Population Doubles**

FLAGSTAFF, Ariz., Feb. 2. (AP) — For several years a sign about 30 miles east of Flagstaff has read: "Meteor City, population one." But that's all changed now. "Lonesome Jack Newsome, the sole resident, married Goldie Moman of Andalusia, Ala., last week. The sign now reads: "Meteor City, population two." Comments Jack: "We have left room on the sign for further changes—maybe we'll even have to get a larger sign."

**A Vital Message To Men Who Feel Old**

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verve and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

# Meet Your New Maid!

## YOU'LL SAVE TIME, WORRY, WORK WITH YOUR NEW GAS RANGE

Soon, very soon—you'll be able to enjoy a new kind of Gas Range in your easier-to-live-in kitchen. It will run by clockwork, turning on and off without a thought from you. With it, you'll have just the kind of heat you need—for baking, for broiling, for roasting—automatically.

And it's a heat that doesn't vary, because UNIFORM TEMPERATURE is maintained thruout oven baking and roasting, or top-of-stove cooking. This uniformity of temperature means that gas cooking assures you of better cooking results. Plan now for your NEW MAID.

### Boys Meet Girl

SHREVEPORT, La., Feb. 2 (AP) When a Centenary college class in freshman English met for the first time, the instructor found the class consisted chiefly of veterans—and one girl. The instructor, undaunted, introduced each boy in turn to the girl.

"Now," said one vet to the teacher, "make the married ones stand up, so they'll know which is which." The teacher obliged.

# WE'RE GROWING TOO....

We're proud to have our share in the phenomenal growth of business and industry in West Texas... current building permit records are confirmation of our belief that this area is the most enterprising and progressive territory in the state.

In spite of current restrictions on lumber, scarcity of supply, and other restraints on sales, our circle of new friends and customers grows every day... and our many repeat sales prove that Chambers' quality merchandise and Chambers' low prices are meeting with full approval.

Keep your plans growing, too... don't mark time during the trying wait for plentiful supplies. Repair where it's needed and remodel to suit your convenience; get your material from Chambers and save!

### INSULATION BOARD

Build needed closets of Gold Bond Half-Inch Insulation Board... or make a spare room of the waste space in your attic. Can be finished in various ways... textured, painted, or papered. Panels come in two sizes... 3x7 feet and 4x4 feet. Easy to cut and install.

### HEXAGON SHINGLES

First grade 167-lb. asphalt shingles, coated with color-fast slate granules. Lasting protection and fine appearance at low cost, together with manufacturer's 10-year guarantee, make this your best roofing buy.

### ROLL BRICK SIDING

The best, quickest and most economical way of making a major improvement in your home!

This siding is composed of heavy, asphalt-covered felt base, with color-fast surface of slate granules; impressed with black mortar lines which give it the appearance of real brick.

Quickly and easily applied over any frame house, it eliminates painting costs and sidewall repairs. Fire-resistant, it lessens danger from flying sparks.

### Retire At 79 If a Bachelor

LYNN, Mass. (AP)—Robert Yee, 79, is on the way home to his native China, boastful that every customer who patronized his laundry shop in the past 56 years got his shirt back whether or not he had his "checkee."

Yee left his family in Canton in 1890 to seek his fortune in this country.

"Time I go home," he said as he closed the door of his tiny shop for the last time. Otherwise modest, he claims, "I was the best laundryman in the city. If the customers lost checks, I never have argument. Always give them their clothes."

With a knowing smile he explains that he remained a bache-

lor "to save my money," and maintains that when he converts his money to Chinese currency he will be "practically a millionaire" (Chinese style).

The first of a series of large air shipments of printed matter recently left La Guardia Field for Chicago, comprising 50,000 copies of a publication delivered in 20 air shipments, according to Railway Express.

### Inmate Tests 'Break' While Testing Brakes

JESSUPS, Md. (AP)—Superintendent J. Leroy Wright reported that an automobile brake testing ob apparently gave an inmate of the House of Correction ideas for a "break."

Wright said Luther Boggs, serving two years, and a guard were adjusting the brakes, and the

guard told Boggs to drive the car around the circle fronting a main building.

Boggs drove into the circle, then kept going. The sheriff at Bel Air, 50 miles away, nabbed Boggs several hours later.

In one day 25,000,000 paper bags are produced at the world's largest kraft paper mill and bag factory at Savannah, Ga. It takes 32 freight cars to ship them away.

### How Boy And His Dog Out-Fox Little Foxes

HAGERSTOWN, Md. (AP)—Nelson Donahough, 15, trained his little fox terrier Tippy to go right into the holes and chase out Reynard. Tippy went into one hole, sounds of a violent struggle were heard, then a large red fox ran out so fast the surprised Nelson

didn't have time to level his gun and shoot.

But Tippy gave his master another chance, for a few minutes later he emerged dragging another fighting fox. This time, Nelson was ready, and after the animals became untangled, the boy bagged his fox with one shot.

During the Middle Ages and the Renaissance, wedding rings were set with gems.
