U. N. Debate On Palestine Nears Climax

LAKE SUCCESS—(AP)—The long drawn out United Nations debate on the Palestine problem was expected to come to a head this week with the formal presentation of two completely different plans for the future political, economic and social makeup of the Holy Land.

The special 57-member U. N. Palestine Committee, called upon by Chairman Herbert V. Evatt of Australia to meet twice today, was hopeful of receiving reports from its two subcommittees before the end of the week.

The sub-groups—one composed of nations favoring the partition plan and the other made up of nations which seek an independent Arab country in Palestine—were long overdue in presenting their reports on Oct. 29.

The six Arab countries in the U. N.—Egypt, Syria, Lebanon, Iraq, Saudi Arabia and Yemen—are staunchly opposed to any proposed solution which would divide Palestine into two separate Arab and Jewish nations. They also question the competence of the U. N. to attempt to enforce such a plan, even if it should receive the necessary two-thirds majority vote in the General Assembly.

The U. S. and Russia, in a compromise move for implementing partition sought to have Britain end her mandate over Palestine by May 1. The Soviet-American plan set July 1 as the day of independence for the proposed two new countries.

However, Britain announced last week that British troops could not be withdrawn completely from the Holy Land until Aug. 1.

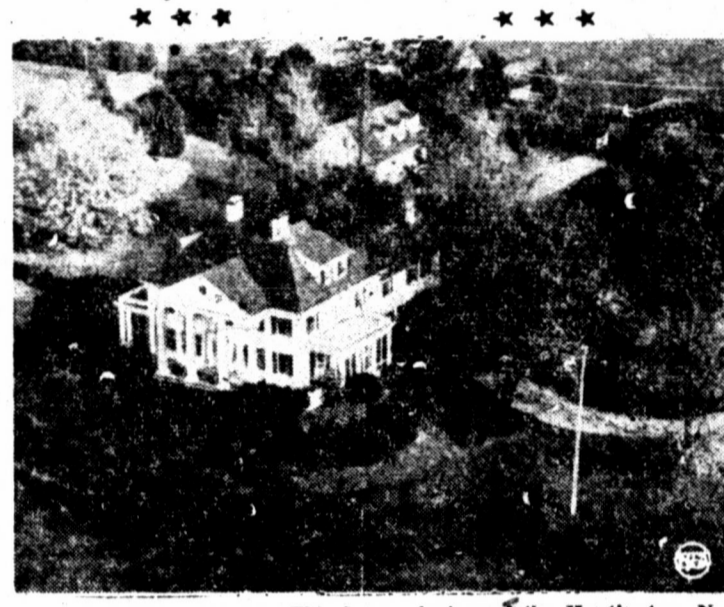

Temperatures Near Freezing Expected
Precipitation here this morning was 28-inch, according to officials at the local weather office, who added the slow rain would probably continue until early tonight, with temperatures slated for near freezing tonight, adding Tuesday will be partly cloudy.

Meyers Takes Over Hot Seat

GEN. MEYERS' HOME—This is an airview of the Huntington, N. Y., home of Maj. Gen. Bennett Meyers, whose securities transactions are under investigation by a Senate Committee in Washington. Meyers purchased this home after his retirement, following end of the war.

WASHINGTON—(AP)—B. H. LaMarre, president of Aviation Electric Company, testified today that although his salary in 1941 was carried on the company's books as \$31,000, approximately \$28,000 of this sum was paid to Maj. Gen. Bennett E. Meyers.

LaMarre, who had testified that Meyers took him from a \$35 a week job and installed him as head of the company, undertook to explain the complicated bookkeeping arrangement on salary, but Senator Ferguson (R-Mich.) took over and summed it up this way: "Meyers instructed you to pay the salary out to yourself, pay the income tax and then give the rest of the money to him."

LaMarre said he removed Meyers' name from the articles of incorporation at Meyers' direction. He had testified earlier that he was brought into the war contract company to "protect" Meyers' financial interest in the company.

LaMarre said he had a \$35 a week job and his wife was secretary to Meyers when the army officer gave him the job with the Dayton concern.

LaMarre said he thought it was some time in 1943 that he removed Meyers' name from the firm's records. Chairman Ferguson (R-Mich.) wanted to know whether Meyers explained why he wanted his name removed.

LaMarre testified that Meyers put up the \$500 for the original capital investment, although the 600 shares of stock were not issued in his name, and that he later paid bills approximating \$6,000 and received six percent demand notes in return.

LaMarre testified that Meyers made the original entries in the firm's books at his home at Wright Field, Dayton, in LaMarre's presence.

Committee Counsel William P. Rogers asked him: "There was no department in the Meyers' office, was there, and he owned all the stock?"

Lone Juror Selected For Crawford Trial

One lone juror was accepted for duty in the murder trial of Jesse Lee Crawford, 34, charged with the killing of his former wife, Bertha Bostick, here on July 4.

The special venire list of 120 jurors was whittled down to 55 by excuses. Three granted excuses this morning were school bus drivers while others were turned loose because of sickness at home or for emergency business reasons.

Group interrogation of the jurors was begun by Judge Lewis M. Goodrich at 10 a. m. Several out-of-town jurors had to be slain in his room in the palace by a former naval lieutenant.

Following Ananda Mahidol's death from a gunshot wound in June, 1946, a medical inquiry commission, including American, British and Indian physicians said that death could have been suicide, assassination or an accident.

Time Running Short For Contributions To Friendship Train
Rev. B. A. Norris said this morning very little time is left to collect between \$4,500 and \$5,000 needed to sponsor a car of cereal in the Friendship Train, since donations must be in by Wednesday afternoon.

Statistics from the Nation Stevedoring Institute indicate the American people, with the greatest national income in history, are giving less money than ever on a per capita basis, for church and charity.

Training School Inmates Refuse Offered Freedom

GATESVILLE—(AP)—A teen age boy "pretty steady on his nerves" forced his way into Gatesville Training School for Boys near midnight last night but fled nervously after several inmates, including a buddy, refused freedom under cover of his gun.

The youth, who Sheriff Joe White said was a former inmate, walked coolly into the office of Night Watchman Howard Southland in the three-story building housing Co. B.

Pointing a gun at Southland, the well-dressed boy ordered: "Let's go upstairs and unlock that cage."

Southland, unarmed, nodded his head, and the two started up the steps, the night watchman in front.

"He gave me orders to lay on the floor," Southland said, "but if I'd had a chance I would have knocked him down those stairs, but all I had was my fist."

"I didn't lay down, I sat on the floor. He held his gun on me with one hand and shook a boy in a bunk with the other."

"He pulled the cover off him, but the boy pulled it back on," Southland said.

Would-Be Killer Reported Hunting King Phumiphon

BANGKOK, Siam—(AP)—A spokesman for the military regime which seized control of the Siamese government in a bloodless coup last week warned today that a would-be assassin is en route to Lausanne, Switzerland, where King Phumiphon Aduleit is now staying.

The spokesman said an attempt to assassinate the 19-year-old King had been planned as part of a conspiracy to overthrow the monarchy and set up a republic.

The spokesman said an attempt to assassinate the 19-year-old King had been planned as part of a conspiracy to overthrow the monarchy and set up a republic.

A message has been sent to King Phumiphon advising him that the man assigned to the mission of killing him already has reached Europe, the spokesman added. He said the government had asked European authorities to try to intercept the would-be killer.

Defense attorneys, Aaron Sturgeon, former District Judge W. R. Ewing and J. W. Spivey, Jr., of Borger entered the sheriff's office shortly before Crawford arrived. The special venire list of 120 jurors was whittled down to 55 by excuses.

Chief Lays Down Ten-Point Program

WASHINGTON—AP—President Truman asked Congress today to restore authority for rationing important consumer goods and imposing wage ceiling once more.

The Chief Executive handed his combined program for helping Europe and fighting inflation to the special session of Congress as it met to consider those two allied problems.

The President laid down a ten-point program of what he called "drastic measures" to halt the tide of rising prices.

While urging continued voluntary attempts to combat inflation, Mr. Truman proposed that Congress legislate to:

1. Authorize "consumer rationing on products in short supply which basically effect the cost of living."

2. Authorize "price ceilings on products in short supply which basically affect the cost of living or industrial production and to authorize such wage ceilings as are essential to maintain the necessary price ceilings."

3. "Extend and strengthen rent control."

4. Authorize allocation and inventory control of scarce, cost of living commodities.

5. Authorize regulation of speculative trading on commodity exchanges.

Report Made on U. S. Relations In Arabian Oil

WASHINGTON—(AP)—Declaring that more and cheaper oil for Americans might be involved, a Congressional committee checked to Attorney General Clark today its findings on the Arabian Oil companies of four United States companies.

Chairman Brewster (R-Maine) wrote Clark that evidence assembled by the Senate War Investigating Committee indicates: "The oil in question could be laid down in New York harbor for approximately one-half the current price and might contribute very materially to easing the growing shortage of petroleum in the eastern United States."

The expectation, however, is that the oil probably will be assigned only to Europe and the Far East to avoid cross-hauling with present United States imports.

There is "some doubt" whether the interest of the United States in the handling of these oil reserves and their possible impact on world peace will receive primary consideration.

Hence Brewster said it had been decided to refer the whole subject to the Justice Department for "whatever exploration and action" Clark might deem warranted to assure "appropriate protection" of American interests.

Brewster was referring to testimony developed by the committee at its recent inquiry into whether the Navy was charged excessive prices for petroleum by the Arabian American Oil Company (ARAMCO).

This firm, which holds concession rights to vast Arabian oil fields, is owned jointly by the Texas Company, Standard of California, Socony-Vacuum, and Standard of New Jersey.

During the hearings, Brewster raised the question of whether there was any violation of the anti-trust laws in this joint ownership. Company officials said there was not.

Shamrock Youths Are Injured in Accident

SHAMROCK—(Special)—Three Shamrock High School football players and three pep squad members were injured Sunday night when their car crashed into a street truck on South Main Street here, during the rain.

Rita Price is in the Shamrock General Hospital suffering from a head injury and shock. The football boys, all backfield men, received first aid. Bobby Pech sustained severe lacerations of the tongue, lip, and chin. Eural Ramsey a mashed nose, and lip cut; and Captain Bob Lile, who suffered a broken wrist in Friday night's championship game, had the splint on his arm cracked and had to have the injury redressed. Doris Betenbough sustained cracked tooth and Wanda Ramsey a bruised lip.

Rev. B. A. Norris said this morning very little time is left to collect between \$4,500 and \$5,000 needed to sponsor a car of cereal in the Friendship Train, since donations must be in by Wednesday afternoon.

Last spring when Higgins was blown away people of the Pampa area made voluntary gifts of \$18,000, Rev. Norris said. He emphasized that this is also a disaster appeal, "only the disaster, this time is hunger and the tornado was World War II."

It was brought out there is a relationship between the Freedom Train and the Friendship Train. Each is concerned with good will and good citizenship; each is concerned with freedom. The Freedom Train is underscoring the importance of freedom from tyranny and the Friendship Train is emphasizing the need of freedom from hunger and want.

Penn, Ga. Tech, Utah Topple from Unbeaten

NEW YORK—P—The odds today were against all of the "big four" of college football—Notre Dame, Michigan, Penn State and Southern Methodist—staying unbeaten and untied for the balance of the campaign.

Not a week has gone by without one of the major teams being knocked off the unbeaten and untied list. Last Saturday, for instance, Penn, Georgia Tech and Utah were sent sprawling off the spotless perch. SMU had a close call, coming from behind to win.

As it stands now SMU, with eight straight wins, is in the most precarious position of the current list. The Mustangs, downed Arkansas 14-6 last Saturday, still have to hurdle troublesome Baylor next Saturday and Texas Christian the following week.

The next toughest job confronts Notre Dame, winner of seven games. The Irish, who either took it easy or were hard pressed when they emerged with a 26-9 win over Northwestern Saturday, face a real test in what will probably be called "the game of the year" when they engage Southern California on Dec. 6. During the interim, Notre Dame will take on off-subdued Tulane in a breather. The Bruins also are unbeaten, although their record is marred by a 7-7 tie with Rice. They have won six of seven games. Michigan and Penn State are almost certain to end the regular campaign undefeated. The Rose Bowl-bound Wolverines should make it nine in a row when they meet a deflated Ohio State team in their final game of the season next week. Ditto for Penn State which meets off-beaten Pittsburgh next Saturday.

In addition to Southern California, Penn and Kansas remain unbeaten although tied among the major eleven.

Three Teams Tied for 3rd Place in Border Conference Standings

By The Associated Press
The Buffaloes of West Texas State and the Sun Devils of Arizona State (Tempe) today were uncomfortable occupants of third place in the Border Conference standing, along with the University of Arizona Wildcats.

The Tempe and West Texas crews clash next Saturday in a conference tilt at Canyon. Arizona's conference schedule is completed.

The three-way tie for third place resulted from Arizona's hard-won 26-13 victory over the Sun Devils Saturday while the unbeaten Hardin-Simmons Cowboys blanked Texas Mines 16-0.

That left the Cowboys with a 4-0 won-lost record in conference play and made virtually certain that the conference crown will either remain with the Cowboys or go to the Texas Tech Red Raiders, winners of both their conference starts.

The Cowboys and the Raiders are slated to meet at Lubbock, Nov. 29.

New Mexico, who edged Drake 8-7 in an upset at Albuquerque Saturday, is rounding out the conference card, the New Mexico Aggies visit the Miners at El Paso.

Arizona, which is at home to Marquette University.

Baylor Next in Line to Try Undefeated SMU

By The Associated Press
Baylor's bouncing Bears try their hand at stopping undefeated, untied Southern Methodist University Saturday and if they must the chance, the Ponies clinch a tie for the Southwest Conference championship.

The only other game this week has Rice and Texas Christian University fighting for third place. Bob Woodruff's Bears bounded back from their sound licking by Texas to upset Tulsa, 7-6, last week.

All-America candidate Doak Walker and his agile teammates Gilbert Johnson and Dick McKissack kept the Mustang special from stalling against Arkansas. The 14-3 decision was in keeping with Southern Methodist's scoring record. It has averaged slightly less than 18 points per game in eight played and less than 14 against four conference foes.

The University of Texas and Texas A&M rest for their annual Thanksgiving Day classic. Texas stands to the Southern Methodist for the title if it can beat A&M and either Baylor or Texas Christian upset the Mustangs.

Last week Texas hit probably its peak for the season in blasting Texas Christian, 20-0.

Rice unleashed its pent up feeling against A&M, 41-7, to record the biggest margin in the two schools' grid history.

The Owls will be strong favorites over the Horned Frogs, despite a 7-0 Fort Worth, Texas, Christian's home.

Arkansas, co-champion with Rice last year, plays its final game Thanksgiving Day against Tulsa. The Razorbacks ended with only one conference win, one tie and four defeats.

If Southern Methodist takes both of its remaining games, the Mustangs will win their first title since 1935.

Walker boosted his season scoring to 80 points last week, 28 better than Bryan Gillary of Texas. Clyde Scott, Arkansas, Bob Goode, A&M Pete Stout, TCU, and Randall Clay, Texas, are bunched behind with 36 points.

Iowa Halfback Bucks Broken Neck

AP News-features
IOWA CITY, Ia. — For a Iowa player who has had five years of his football days were over because of a broken neck, Enlen Tunnell, Iowa's Negro halfback, is enjoying a mighty healthy tridion career.

Tunnell suffered a fracture of two vertebrae as a University of Toledo player in 1942. Doctors said his playing days were over, but two years later Tunnell captained the San Francisco Coast Guard team and was named All-West Coast service halfback.

Interested in Iowa by Jim Walker, a tackle on Iowa's 1939 team, Tunnell came to Iowa for the 1946 season and just about dominated the Hawks' offense. He was first in total offense, first in passing and third in rushing.

Tunnell, whose home is in Garrettsville, is doing a repeat performance this fall. Going into the November end of the schedule, the Negro star had a 6.3-yard average per carry, led the team in pass receiving and had scored four touchdowns.

Texas Today

Co-eds will tell you that dormitory hostesses are traditionally stern and unyielding, but there's one at Hardin Simmons University who has a sense of humor. Fortunately, Mrs. H. R. Arrant, hostess of Smith Hall, telephoned a dormitory for Mrs. Cova Collier. The senior co-ed who answered the phone said:

"This is heaven. Which one of the little angels do you want to speak to?"

"There was a pause, and then Mrs. Arrant said seriously: 'I want to speak to Saint Collier, please.'"

And speaking of co-eds, Sidney Hamilton, professor of education at North Texas State College, would like to set them straight on this "melt-in-shining armor" business. "Knights in the old days couldn't hold a candle to today's college men," he said after measuring armor at the Smithsonian Institute. During the last 100 years, men have increased 10 inches in height.

Freshmen are one inch taller and eleven pounds heavier than they were just one generation ago, says Mr. Hamilton.

He advises co-eds to pay more attention to today's average college man, and quit dreaming about Sir Galahad and his like.

From co-eds to kiddies is an obvious change of subject.

The Texas and Pacific Railroad now offers a "little folks menu" on its dining cars. The menus are novel, in the form of a locomotive. Further, it offers smaller portions of food, at proportionate savings to parents' pocketbooks.

The purpose, says William T. Lyons, of the T&P, is to appeal to appetites of children, save money for their parents, and save food, thus implementing the nation's food conservation program.

Seven District Champions Have Been Determined in HS Football

By The Associated Press
Seven district champions have been determined while two and possibly three more will be crowned this week in Texas schoolboy football.

The other six won't be decided until next week unless there are some startling upsets that could unexpectedly ease a team or two into the title throne.

Ready for the opening of the state play-off in December are Amarillo, District 1; Odessa, District 3; Austin (El Paso), District 4; Arlington Heights (Fort Worth), District 7; Longview, District 11; Lufkin, District 12, and Goose Creek, District 14.

Going on the line this week will be the championships of Districts 2, 6 and 16.

Vernon plays Wichita Falls for District 2 honors at Wichita Falls Friday.

Highland Park of Dallas and Denton settle District 6 at Denton Friday.

Hartlingen and Brownsville get together at Brownsville in District 16 Friday to determine whether Hartlingen takes the title or if it ends up in a three-way tie—that is, unless Kingsville should lose to Robstown.

If Hartlingen wins, the Cardinals will have the title with an unbeaten record. But if Brownsville and Kingsville win, Hartlingen will wind up in a deadlock for the top. In season play, Hartlingen beat Kingsville while Kingsville licked Brownsville.

The District 9 race, now in a virtual four-way tie, can be cleared somewhat as the four leaders meet—Breckenridge playing Mineral Wells and Weatherford tackling Brownwood.

There is no way to clear up District 10 where Waco and Corsicana are tied for the lead (not counting unbeaten but once-tied Temple which is ineligible for the title). Waxahachie tied Temple and is waiting to see what Corsicana and Waco do against the Wildcats. If both lose, Waxahachie would win but if both or either won Waxahachie would be out of it and the one that won from Temple would be champion.

If both won Corsicana would take the title since it beat Waco.

Austin plays Corpus Christi in an important District 15 game. Corpus Christi, Austin and Breckenridge, however, has the inside track. Since the Eagles beat both Corpus Christi and Austin, they can win the title by going on undefeated in their remaining two games.

Only five unbeaten teams remain in the state and two of those have been tied. With perfect records are Wichita Falls, Odessa and Longview, the latter unscored on in nine games. Goose Creek and Forest (Dallas) are undefeated but have each been tied. Odessa is the leading scorer, having rolled up 324 points in nine games.

SOAR NEW CAGE COACH

PROVIDENCE, R. I. — Hank Soar, formerly of the New York football Giants and currently an assistant football coach at Rhode Island State, is coaching the Providence Steamrollers in the Basketball Association of America.

The Ball Goes Home

Wallace Wade, left, presents to Frank Thomas the football won by the Duke coach's Alabama squad for its 20-19 victory over Washington in the 1926 Rose Bowl game. The Tide of 1925 was the first of five teams—three at Alabama and two at Duke—taken to the Tournament of Roses by Wade. Athletic director Thomas succeeded Wade as the "Bama" coach when the latter moved to Durham. He took three teams to Pasadena. Presentation took place on Thomas' return to Tuscaloosa after three months in Duke Hospital.

S. M. U. STILL TOPS CONFERENCE—The Southern Methodist Mustangs remained undefeated after a 14-6 win over the Arkansas Razorbacks. Dick McKissack (88) goes through center of the line for two yards in the second quarter. He was stopped by Duval Thornton (71) and Tracey Scott (14, of Arkansas). (NEA Telephoto).

Ben Hogan Blasts Method of Ryder Cup Selections Prior to PGA Meeting Today

CHICAGO—(AP)—The Professional Golfers' Association today opened a discussion-torn annual meeting in which Ben Hogan demands a thorough airing of an alleged "sneak attack" campaign against President Ed Dudley and Vice Ghezzi faces possible expulsion for a blast at the method of Ryder Cup selections.

Hogan is determined—with a strong hint of throwing a punch or two in righteous indignation—to get a showdown on "utterly false" accusations that:

1. He is lined up with Dick Metz and Horton Smith in a faction which seeks to oust Dudley as president and is booming Smith for the post in the annual election scheduled tomorrow. Dudley has been PGA president for five years.

2. He was burned up when "refined" Byron Nelson, his former Texas golfing buddy, was named on the Ryder Cup team which trounced Britain at Portland, Ore., Nov. 2-3.

Also on the Ryder Cup subject, Ghezzi tossed another stick of dynamite at the already strained assemblage of Professional Golf's hierarchy last night with a charge he was "robbed" of a chance to play on the American Squad and also that the PGA Tournament Committee did a "secret" about-face on its policy against "treated" scorings on club faces.

George Snelcher, chairman of the tournament committee, promptly said the Ryder Cup selections were fair and that there was nothing mysterious about the PGA's decision to let players swing with the type of club facings they preferred.

Snelcher said the Ghezzi's complaint would be heard by the executive committee today, but that he might be expelled from the PGA for telling his woes to the press, "violating the code of ethics."

Hogan, specifically was gunning for Freddie Corcoran, PGA tournament bureau manager, who last year was involved in what Corcoran described as a "sneak punch" attack by Metz during a California tournament.

Blaming Corcoran for starting rumors of both his purported enmity towards Dudley and his peevishness at Nelson, Hogan challenged Corcoran by telephone to meet him face-to-face here.

Corcoran, who may or may not show up during the three-day session, described Hogan's charges as "utterly false" when interviewed at New York last night, thereby using the same phrase Hogan flung at the accusations he claims Corcoran circulated.

"The statement that I am sore about Byron being on the Ryder Cup team is malicious, mean and ridiculous," said little Ben, asserting that "a rigid and fair point system" automatically put Nelson on the team.

Lord Byron, himself, said from his Roanoke, Texas farm, that he was not involved in the political squabble and could not be linked to either side of the quarrel. The Chicago meeting, Nelson said, probably will "wind up in a nice, peaceful affair with principal attention devoted to setting up a better method of financing our tournament and publicity bureaus."

Scramble on to Find Family's 4th Center

AP News-features
LUBBOCK, Tex.—The question in Southwest football circles is "who will get that fourth Williams center up at Phillips High School?" It won't be answered for three years, however.

The lad is Jimmy Williams, 25-year-old six-foot, three-inch 170-pound pivot man.

Before him have been three brothers—Bill, Bobby and Bobby Tech where he has been alternating with Tuffy Nabors. Don also is at Tech, where he is a freshman. He is too good to be sidelined while Bobby and Nabors play, so Coach Dell Morgan made him into a tackle.

Then there's Clint, who is the center for West Texas State College.

Bobby left Phillips High in 1942. Clint stepped in at Phillips in 1943. Then came Don—and now Jimmy.

College coaches rather believe Jimmy will be the best football player of the four.

Five Teams Share Chances of Bids To Orange Bowl

MIAMI, Fla.—(AP)—Five powerful football teams share equal chances of receiving a bid to the 1948 edition of the New Year's Day Orange Bowl game.

Orange Bowl President John G. Thompson said that the committee had narrowed the field to Alabama, Georgia Tech, Texas, North Carolina and Virginia.

Alabama meets LSU Saturday, Virginia tangles with North Carolina and Georgia Tech meets Georgia on Nov. 29; and Texas faces Texas A&M Thanksgiving Day.

Miss Sarah Louise Willis Marries Mr. Wells in Double-Ring Ceremony

WELLINGTON—(Special)—Miss Sarah Louise Willis, daughter of the late Mr. and Mrs. Vander Willis, became the bride of Henry Deskins Wells, son of Mrs. Lucy B. Wells and the late Henry Wells at the First Baptist Church in Wellington on Sunday morning, November 9.
 The Rev. Howard Jones, pastor of the church, performed the double-ring ceremony before an altar decorated with greenery and flanked by baskets of white chrysanthemums. Candelabra holding white cathedral tapers formed a background for the altar.
 Preceding the ceremony, Mrs. John C. Harper, organist, gave a short recital and accompanied the Rev. Noel Bryant, pastor of the First Methodist Church who sang "The Lord's Prayer." Mrs. Harper also played the wedding march from Lohengrin for the professional.
 The bride, given in marriage by her cousin, Heber Brantley, wore a two-piece dress of blue-gray styled with softly-tailored lines, and gold embroidered sleeves. Her matching hat was in the cloche style with veil and metallic trim, and she wore a corsage of orchids.
 Miss Diane Wells, daughter of the groom, attended the bride as maid of honor. She wore a sand dress styled with a front peplum and short sleeves, and her accessories were black. Both her hat and dress were trimmed with gold sequins and her corsage was talisman roses.
 The groom's nephew, James Sullivan, attended him as best man. Howard M. Frost, brother-in-law of the bride and J. W. Wells cousin of the groom, were candle lighters.
 Following the ceremony, a reception was held at the home of Mr. and Mrs. Heber Brantley. The lace covered table was centered with a bowl of white chrysanthemums tied with blue ribbons and silver bells and flanked by candles in crystal holders.
 The bride and groom cut the first piece from the white three-tiered cake, after which Mrs. China Smith and Miss Harriet D. Wells, sisters of the groom served coffee and cake to the guests.
 For the wedding trip to San Antonio, the bride chose a golden-brown suit with brown accessories and wore a corsage of orchids.
 Mrs. Wells was graduated from the Wellington High School. She received her bachelor of science degree from East Texas State Teachers College in Commerce. She has taught school in Wellington, Pampa and Odessa. Mrs. Wells is a member of Delta Kappa Gamma, national honorary education sorority, and is a former member of the Wellington Business and Professional Women's Club and former vice president of the Classroom Teachers Association in Pampa.
 Mr. Wells was born and reared in Wellington. He was graduated and received the bachelor of journalism and bachelor of arts degrees from the University of Texas. Upon graduation, he returned to be associated with the Wellington Leader, and later he assumed full ownership and management. Mr. Wells is a former president of the Panhandle Press Association and former vice president of the Texas Press Association. He is a leader in civic and business life in the Wellington trade area.

Sadie Hawkins Banquet Is YWA Social Affair

The YWA of Central Baptist Church held its annual banquet Thursday evening in the home of a Sadie Hawkins Banquet. Everyone was dressed in dogpatch style. The program was in the shape of a pig and both the program and menu were written in dogpatch language. The tables were covered in white and decorated with cornucopia of Lil' Abner. The place cards were adorned with the pictures of the heads of Daisy May and Lil' Abner.
 The mistress of ceremonies was Miss Evelyn (Hamlet) Patterson. The invocation was pronounced by Mr. Garner Johnson (Pappy Yokum) and the benediction was pronounced by Mrs. Garner Johnson (Mammy Yokum). Group singing was led by Miss Freda (Stupefytin') Worley. Special music was given by Misses Jewel Beckhorn, Evelyn Lewis, and Rose Mary Derring.
 Freda Worley gave a reading and Rose Mary Derring recited a poem. A short devotional was given by Freda Worley.
 The Sadie Hawkins menu for the banquet consisted of kickapoo joy juice, catfish eggs, pervasive turnips, pork chops, stewed eyeballs, corn pone, skunk cabbage, blood puddin', and moonshine.
 The next meeting was announced as a covered dish supper meeting at the home of Junita Prescott, 315 S. Ballard, Nov. 17 at 6:30. The group will go from there to the revival services at the church.
 Those attending were Evelyn Patterson, Fara Mae Roenfeldt, Junita Prescott, Tessie Killian, Norma Jean Killian, Reva Rhea Killian, Patsy Williams, Derral Davis, Jack McPeak, Ednie Morrison, Freda Worley, Neal Stovall, Cecil Roenfeldt, Billy Joe Estes, Mary Frances Jones, Gary Cooper, Morris Taylor, Jerry Guinn, Charles C. 4-Wheel Drive for Tractor Work
 "The world's most modern tractor" — that's what owners call the Universal "Jeep." Its 4-wheel drive gives steady-gaited pulling power at speeds of 2 1/2 miles per hour and up. It's easy to drive... less tiring... more comfortable. And when field work is done, the "Jeep" is ready to speed up a score of other farm jobs.

AMERICA'S MOST VERSATILE FARM TOOL — THE UNIVERSAL 'Jeep'
 The Universal "Jeep" works for you the day 'round, the year 'round — hauling, towing, doing tractor work and powering farm equipment. Its cost is spread over more jobs, saving you money as well as time. Let us show you how this versatile farm tool fits your needs.

2-Wheel Drive for Hauling Jobs
 With 2-wheel drive for time-saving speed on the highway — plus 4-wheel drive for mud, ice and slippery fields — the Universal "Jeep" has an operating range that meets your hauling and towing needs. The "Jeep" hauls 1200-lb. loads and tows 5000 lbs., with reserve for grades. The Universal "Jeep" is built to stand up under hard use.

Do We Realize What We Have?

A Pampa citizen, who served in both World Wars, called the other afternoon. He said he had a gripe. He did. Armistice Day, he explained, he saw about five flags flying in the downtown district. Even fewer, proportionately, were found in the residential district.

It was this citizen's opinion that we forgot in peacetime, if this may be so called, the sacrifices we have made in war.

At any rate, a few more flags would help us to hold dear the things which so many of us now take for granted.

Gracie Reports

Did you read that terrible statement those psychology professors made that people start to get old at 26? They claim to have tested the handclaps of more than 600 workmen and that, from the age of 26 on, they found the claps got weaker. I say that doesn't prove a thing. If they wanted to test handclaps they should have used politicians. George says some of those old birds over 60 can wring your arm off.

Another thing, a man can change age very quickly. I've conducted a series of tests on my husband which showed that he sinks to the strength level of a man of 80 if a lawnmower is put in his hand, and bounces back to that of a youth of 20 if handed a set of golf clubs. The professors also said that a man thinks slower after 28. Don't you believe it. An experienced middle-aged married man can think up excuses much quicker than a young newlywed.

So They Say

America must remain militarily strong to give the world time to achieve stability and lessen the threat of a new World War which may strike with lightning speed.

Steel today is the equivalent of gold because both can equally be used to purchase imports, and it must, therefore, be preserved and utilized to the best advantage.

Words must have no relation to actions—otherwise what kind of diplomacy is it? Words are one thing, actions another. Good words are a mask for concealment of bad deeds. Sincere diplomacy is no more possible than dry water or wooden iron.

IS A SHAKEUP COMING? by Upton Close

A TOTALITARIAN CHURCH
The Federal Council of Churches of Christ, claiming to speak for 25,000,000 Protestants, has often been branded as a Communist front by some of the ministers and laymen it purports to represent, is more active than ever before in politics and promoting what its top men call a World Church.

The few dominating personalities in this enormous and admittedly influential group have carried their radical politics so far that the biggest split in its 49-year history appears to be shaping up.

Way back in the early years of this organization's history it was in fact the voice of Protestantism. By 1925 a few nationally known church leaders of Marxist political persuasion, strong New Deal supporters, had got control.

The Congressional Record of August 17 of that year shows that even Naval Intelligence took cognizance of the radical activities of the Council. Said Naval Intelligence:

"It (the Council) probably represents 20,000,000 Protestants in the United States. However, its leadership consists of a small radical group which dictates its policies. It is also extremely active in any matter against national defense."

A few months ago J. Edgar Hoover, head of the FBI, made a public statement calling attention to Communism in the churches. I do not recall that he identified any individuals or organization,

NATIONAL WHIRLIGIG the news

BY RAY TUCKER
WASHINGTON — "What do you think of Charles Luckman's performance as food administrator?" asks T. G. of Gridgeport, Conn.

Answer: A blunt question like that deserves a blunt answer. Despite all the official pronouncements, I doubt if the save-food program so far has provided extra victuals as far as Europe is concerned.

The declaration of a poultryless day, which was made against the advice of a majority of his committee simply because some sort of a record had to be made and which has since been rescinded, seems to show that the Luckman Committee is tilting at windmills.

Voluntary rationing has never been a success. If it were not for fear of the political reaction, the Administration would return to the sort of food rationing and price ceilings that we had during the war.

And since the Bureau of Engraving is now printing millions of ration books on the quiet, there is a possibility of the same sort of regimentation of our diets may eventually be re-established.

DISOBEYED

The Federal Food Administration of that day made an exhaustive study of the operation of "voluntary food rationing" after World War I when there was no question of politics involved. Here is its conclusion:

"Meatless days have increased consumption, due to the fact that the order was not generally observed and that those who disobeyed it have increased their consumption."

It is the general expectation here that the Luckman committee will soon be disbanded with the usual explanation that it "has accomplished its purpose."

MILITARY

"B.S.F. of Brooklyn asks: 'Do you agree with General Patton's Satopost contention that he could have ended the war more quickly and with less loss of life, if he had been permitted to continue his end run into Germany by Gen. Eisenhower?'"

Answer: What I feel on that subject does not matter because I am no expert on those questions. But military men whom I trust for their honesty and intelligence in their particular field take issue with Gen. Patton.

They argue that he would have extended himself so far and so fast that it would have been impossible to keep him supplied on his limited and constantly narrowing front. They maintain that the Germans, who still had a lack left, would have cut into his flanks from both sides and scalped him from the rest of the Allied forces. Then his unit might have been smashed to pieces.

Gen. Patton apparently depended on planes to safeguard his flanks. But in bad flying weather or in case of a break in the gasoline supply line he would have been dangerously exposed as he progressed into enemy terrain.

SECRET

"Do atomic experts at Washington put any stock in Molotov's recent statement that the A-bomb is no longer a secret? Inquires J. E. of Fall River, Mass."

Answer: Yes, they do but their agreement does not mean that Russia or any other nation can manufacture the kind of missile which destroyed two Japanese cities.

Scientists have known the "se-

cret" of atomic energy for many years and the famous Smythe report, which many military men wanted to withhold from publication, gave many details which had not been known hitherto outside the United States. But knowing the general theory or formulae of an inventor like the A-bomb and being able to manufacture the weapon itself, are two different things.

BOASTING
For instance, any high school student of physics and related sciences knows the "secret" of electricity. But how many can make a simple electric light bulb?

As he has on so many other occasions when he was boasting of Russia's industrial, economic, scientific and military advances, Molotov, who is known as "the hammer" in diplomatic circles (some American representatives to the United Nations think it should be changed to "Yammer") was probably whistling in a graveyard.

COMPARE THE TWO!
The profit motive is the very foundation of our American way of life. We have always encouraged private ownership of farms, stores, manufacturing plants. This is the constitutional way in our country. It has produced more enthusiasm, finer cooperation, and a greater abundance of clothing, food, housing, and transportation than the masses of the people have ever known in any other country.

The other kind of economy, owned and operated by the government, attempts to do away with the profit motive. Actually, it does away with incentives, individual initiative, and efficiency. This kind of economy soon settles down to a "what's-the-use" attitude, offering only the barest necessities to its people. Russia is a good example of this. Russia has attempted to substitute other enthusiasms for those of owning property and making profit, but she has found that wherever industrial output she had to imitate some of the incentives that are so common in America.

ADVANCE AGENTS?
The very concept of freedom of the individual spring from the Bible. Therein you will find the foundation for the freedoms and liberties that America has built upon. Wherever Christian concepts prevail, there you will find the truest freedom and prosperity. I am unable to explain why church leaders are willing to attack the freedom of the individual. There is nothing un-Christian, nor anti-social, in fair and honest buying and selling and trading. One who is against the profit motive is in reality opposed to ownership of property, for when the profit motive is taken away the right to own things must go with it. It is high time for some of our religious people to start thinking through these things. Doing this, perhaps they would refuse to be used as advance agents of socialism and communism.

LOOKING AHEAD

A SPEECH WAS MADE
A letter came to my desk a few weeks ago containing one paragraph that astonished me. It read: "At the church conference held in this southern district a speech was made against the profit motive. That any American group, particularly a religious group, should raise its voice against the profit motive struck me as amazing."

To get rid of the profit motive, you would have to find some substitute for economics in modern civilization. You would have to eliminate all trading and marketing, buying and selling. You would have to get rid of money and other mediums of exchange. You would have to cease bartering and swapping. In fact, you would have to reduce your modern civilization to the level of the individual.

ONLY TWO WAYS
A modern and complicated civilization like our own could not do without trade, exchange, manufacturing, and production. You just have to ask more than it cost you. That is what profit means. And without the profit motive, trade and commerce would die.

There are only two ways that an economy may operate. In America individuals own farms, stores, factories, and run them for the chief purpose of making enough profit to live on. Americans also want to buy some of the products of other people who work. If demand and opportunity are there, these businesses may be expanded and enlarged. The other way is for government to own everything, operating all production merely for the purpose of feeding the people and supplying what it thinks are their needs.

AS SOON AS DUSTER'S ASLEEP, I'LL PUT YOU IN HIS CORRAL AND TAKE EBONY OUT TO HUPP'S RANCH!

I WANT YOU TO KILL DUSTER WHEN HE RIDES UP TOMORROW. HUPP WILL BE BLAMED AND I'LL GET AFRAN AND THE GOLD MINE!

MAYBE I WAS A LITTLE HASTY, FRANK!

BILL WENT AFTER MY MONEY, DAD EVEN BEFORE WE GOT TO YOU STRUCK IT RICH WE WERE TONN OF EACH OTHER!

STAND ON THE BLANKET SO DUST DON'T SETTLE ON THIS PAINT. I WANT YOU TO LOOK LIKE EBONY, DUSTER, HOSS!

WELL, THAT'S THE PROPOSITION! YES, OR NO!

HALF! OH... US A SEC ADELBERT!

AS SOON AS DUSTER'S ASLEEP, I'LL PUT YOU IN HIS CORRAL AND TAKE EBONY OUT TO HUPP'S RANCH!

I WANT YOU TO KILL DUSTER WHEN HE RIDES UP TOMORROW. HUPP WILL BE BLAMED AND I'LL GET AFRAN AND THE GOLD MINE!

MAYBE I WAS A LITTLE HASTY, FRANK!

BILL WENT AFTER MY MONEY, DAD EVEN BEFORE WE GOT TO YOU STRUCK IT RICH WE WERE TONN OF EACH OTHER!

WALLY AND BETH CARTER, NEW TO SLOBOVIA, ARE POSING AS SOUTHERN ARISTOCRATS.

THEIR ACT'S GOING OVER BIG IN SOME QUARTERS.

WHOOEE! THE CARTERS SURE HAVE A BIG YARD!

BETHANY SAYS THAT ON THEIR OLD PLANTATION IT WAS TWO MILES TO THE FRONT DOOR!

OF COURSE THEY HAD A COUPLE OF DOZEN SERVAANTS RUNNING AROUND!

NATCH! GOSH, IT MUST BE RUGGED FOR THEM HERE IN SHADYSIDE, HAVING TO DO THEIR OWN WORK!

BOY, THIS IS THE LIFE! BACK HOME I'D HAVE TO RAKE THOSE LEAVES MYSELF!

OUR SLAVES ARE SLOWING UP— I BETTER GO FEED 'EM A LITTLE GRAMME!

AS soon as my cab driver returned with change from my ten-spot, I put him to work.

I FOUND THESE IN THE CELLAR. WILL THEY DO?

THEY'LL HAVE TO GIVE ME THAT AX!

I'D LIKE TO BET THERE'S SOMETHING PHONY ABOUT THAT CLOCK, BUT THERE'S NO TIME NOW TO INVESTIGATE.

Meanwhile, two thieves were falling out.

YOU DIDN'T THINK WE COULD GO ON THIS WAY FOREVER, DID YOU?

NOW SWALLOW
